Indian, Who is Mentally Defective, Says He Killed Charlie Dawson to Cover Up Another Crime-Thought Kid Would "Squeal," His Statement.

Blood on Clothing.

BRANTFORD. Ont. Sept. 10,— It is only during the past year that the police court this morning, Taylor pleaded guilty to the charge of murpleaded guilty to the charge of murdering Charlie Dawson and on the other charge pleaded not guilty waived an examination and was sent up for trial at the next session for both charges.

The little court room was crowded this morning when Taylor stood up in the prisoner's bench to answer the

in the prisoner's bench to answer the away. in the prisoner's bench to answer the charge. His long black hair was thickly matted above his sloping forehead, and his dark brown face was hieldly coated with grime. Altho he thickly coated with grime. Altho he disanced idly about the court room nodding to acquaintances here and nodding to acquaintances here and there, he began to shake and his teeth chattered audibly when the magistrate read the charge, "Have you engaged counsel?" en"Have you engaged counsel?" en"Have you engaged counsel?" the charge. His long black hair was thickly matted above his sloping forehead, and his dark brown face was thickly coated with grime. Altho he glanced idly about the court room nodding to sequaintances here and there, he began to shake and his teeth chattered audibly when the magistrate read the charge,

"Have you engaged counsel?" enquired the magistrate, "Well, the folks at the livery stable said they would send me a lawyer," responded Taylor.

folks at the livery stable said they would send me a lawyer." responded Taylor.

Taylor. "When there is no one here. Whom do you want?" "Oh. I don't care. I don't know nuy person. Any of them will do, I guess," replied Taylor. Mr. Woodyatt consented to act in the prisoner's behalf, and without any consultation the pleas to both charges were entered.

Slood on Clothing.

After Taylor's arrest the officers went to his boarding house and looked over his clothes. They discovered that the suit which Taylor had worn on Monday night had blood stains upon upon it. On the trousers leg were stains, and also on the sleeve, and they were unmistakable. The clothes were brought to the station.

The officers have also found out

were entered.

Taylor's Confession.

Taylor confessed early this morning to being guilty of the crime.

"Why did you kill him, Jim?" asked Sergeant Wallace.

"I did it because I thought the kid would squea' on me." replied Taylor.

Taylor related the story of the crime. His first slash was at the boy's throat when he almost severed the head from the head. I had dull the head from the head. I had a fight. The sponge that he had used in wiping his hands was thrown away and was missed by the stable man afterwards. "Why did you kill him. Jim?" asked Sergeant Wallace.
"I did it because I thought the kid would squea? on me," replied Taylor. Taylor related the story of the crime. His first slash was at the boy's throat when he almost severed the head from the body. In a dull monotonous tone, the half-breed described how he had hacked and carved the boy until he became tired of his flendish work. He stated that he was twenty minutes completing the bar-

OVER A MILLION WAS CITY'S SHARE

Street Railway Earnings Amounted to Nearly Six Millions Last Year.

THREE MILLIONS LEFT

After Operating Charges Are Paid to Be Divided Among Dividends, Etc.

The city auditor has reported to Mayor Hocken that the revenues of the Toing August 31, 1913, are \$5,880,548.12, and the commission and mileage paid to the city amount to \$1,007,082.82. For the preceding year, the revenues

were \$5,176,170.87, and the commission and mileage \$863,563.67. The increase received by the city this year is \$143,519.15, which is nearly all from traffic, the average mileage of track being 113,724, as against 113.50 last year,

an increase of less than a quarter of

the city at the rate of 8 per cent, on the first million earned, 10 per cent. on the next million, 12 per cent. on the next half nillion, 15 per cent. on the next million and 20 per cent. on the balance. amounts this year to \$916,109.62. Added to that is \$800 per mile of track, and this amounts to \$90,973.20, making the total of \$1.007,082.82.

The feature of the report is that the earnings of the company are close upon six millions per year, and the yield to the city is over a million. As the operating expense of the road is 55 per cent., there are nearly three millions left for other charges, dividends and melon cutting.

Revenues to the company from tickets and cash fares during the year were as follows: amounts this year to \$916,109.62. Added

TORONTO STUDENT SHOT AND KILLED

John Sullivan Lost Life While Duck Hunting Near

LINDSAY, Sept. 10.—John Sullivan, aged 16, a Toronto student who has been spending his vacation at his home in Victoria road, was accidentally killed yesterday morning while out duck-hunting. Sullivan, along with a friend called Harris, were in a boat together, and when Sullivan noticed a flock of ducks coming their way he pulled the gun out of the boat, the hammer catching in the seat. The discharge entered Sullivan's left shoulder, penetrating the lung.

Hamilton KANSAS GERMANS FOR SASKATCHEWAN

Masse and Buy Farms in Battleford District.

Word has been received here that a large migration of Germans from the state of Kansas is to take place to North Battleford district, and that a party of these people are now proceeding by way of the C.N.R. to that district, where they are anxious to secure land to settle on.

The party numbers twenty-five heads of families, and is led by George Schledema, and forms the advance guard of a large German colony from Kansas. Mr. Schledema states that the eyes of the big German colony settled in the State of Kansas have been turned towards Canada by the report sent home by four families who moved into the North Battleford district last spring, and who found conditions far superior to those they had experienced in Kansas.

It is practically impossible to secure any land in Kansas at less than \$50 per acre, and much of the land is held at \$100 an acre. Coming to Canada at this time, the party is only anxious to secure land, and will return to Canada with their families to settle permanently in the spring.

Mr. and Mrs. George Dalby Have Lived All Married Life in Toronto.

FIFTIETH CELEBRATION

Of Their Wedding Attended by Unbroken Circle of Sons and Daughters.

A three day's festivity is being held honor of the golden jubilee of Mr. nd Mrs. George E. Dalby of 323 Augusta avenue. Just fifty years ago in 1863 the marriage tok place in Holy Trinity Church, Toronto, the officiating clergyman being the Rev. Mr.

Man Attempted to Force His Daughter Into a Convent.

POLICE FORGOT NAMES

Girl Went Back to Convent While Her Father Disappeared.

Struggling desperately with her father, and at the same time loudly calling for help, a 15-year-old girl created a sensation outside the gates of the Good Shepherd Convent on West Lodge avenue, Parkdale, late yesterday afternoon. A great crowd of people was attracted by the excitement, and it soon became evident that the man was attempting to force the girl within the portals of the convent. The police took a hand, and both the man and girl were removed to the police station.

From what the police have learned of the case, it appears that a man walked up West Lodge avenue yesterday afternoon towards the convent gates with a girl. A few minutes later the residents of the street were startled by cries from the girl. It was then seen that she was fighting to free herself from the grasp of her male companion.

male companion.

Pedestrians would have interfered but the man is said to have shouted that he was a detective. Failing to get the girl in the gate, the stranger took her to a drygoods store on the corner of West Lodge and Queen. He ordered the storekeeper to phone for another constable. It is alleged that he again claimed to be a detective.

He Deserted Her.

The girl cried out that he was her father in name, but in name only. She said he had deserted her when she was eight years old, and she had shifted for herself ever since. The man replied that she had been running around at nights, and he wanted to get her in

at nights, and he wanted to get her in the convent until he could get another place for her. He turned his atten-tion to the phone in Linder Bros.' store,

tion to the phone in Linder Bros, store, next door.

While the man was gone the girl ran out the rear door of the drygoods store, and, jumping over two fences, sped down the lane at the rear. The father followed and caught her. A battle took place and at last the girl was led back to West Lodge avenue. The patrol wagon had arrived, but the driver refused to take the girl in, stating that the man had no authority to hold her as he was not a policeman. Shortly after a policeman came The patrol wagon had arrived, but the driver refused to take the girl in, stating that the man had no authority to hold her as he was not a policeman. Shortly after a policeman came along and the party proceeded to Cowan avenue station. What arrangements were made is not known, but residents saw the girl being taken into the convent last evening. The police at Cowan avenue could not remember the names last night.

Was:

"A marked feature of the present scientific era is the discovery of and interest in various kinds of atomism, so that continuity seems in danger of being lost sight of.

"Another tendency is toward comprehensive negative generalizations from a limited point of view.

"Another is to take refuge in rather vague forms of statement and to shrink from closer examination of the puzzling and the obscure.

Within a rew minutes after Thaw had been hurried from Coaticook toward the Vermont border by the Canadian immigration authorities, the Associated Press representative, accommodile. The immigration officer's car was soon overtaken, and when Thaw was set free the two newstands and Thaw was set free the two newstands and Thaw was permitted Montreal newspaper man left the Party at West Stewarton, N.H.

Thaw's indignation at the action of the canadian authorities of the Thaw family and his afternoon issued this statement:

ORGANIC UNION IS NOT FAVORED

Presbyterians Think Pressure Should Cease Before Damage is Done.

DOCUMENT IS PREPARED

It Has Been Eagerly Awaited by All Churches in Canada.

In June last, when the Presbyterian general assembly by a majority vote union as speedily as possible, despite the fact that only thirty-seven per cent. of the members had voted for it, who were present at the assembly and congress, who were resolved to stand for the defence and continuance of the Presbyterian Church in Canada.

The meeting was very representative of the church thruout Canada and, after earnest conference, committees were appointed to issue a statement for the people to go on with organization thruout the Dominion. These committees met in Toronto on Thursday and Friday last with a good attendance of members from different parts.

tendance of members from different parts.

The chair was occupied by Rev. R. G. MacBeth and Dr. Wardlaw Taylor of Toronto was secretary. The first business was the preparation of the statement for which many suggestions had been received in the meantime, and as a basis for which several drafts had been prepared by different members. All these were carefully considered and a document worthy of the importance of the case was settled upon unanimously. This document will be issued thru the press in a few days. It will be eagerly awaited not only by Presbyterians, but by many in all the churches and is sure of a wide circulation. It will be available later in leaflet form for use in the further work of organization.

crowd of 9000 people visited the great
South Ontario Exhibition this afternoon, breaking all previous records for a fall fair in this part of the country. Better weather for a fair could not be imagined and from 11 o'clock in the morning the farmers from many miles out began to arrive. The attendance just doubled that of the previous day and every exhibit on the grounds, including the cattle and horse judging rings, the stables and Midway was an object of interest.

Aside from this, the excellent racing for which the fair is noted, was the feature of the day, and long before the races started every seat in the grand stand was taken and all the fences lined with spectators.

W. E. N. Sinclair, secretary of the

stand was taken and all the fences lined with spectators.

W. E. N. Sinclair, secretary of the association, said the finances were in healthy condition, adding: "For years we have had an uphill struggle to get the fair to what it is, but next year Oshawa will have one of the finest of fairs. Next spring will see the commencement of a new main building and up-to-date stables for the stock and race horses.

up-to-date stables for the stock and race horses.

Prize Winners Parade.

After all the judging was finished with the cattle and horses, an interesting feature of the afternoon was the march of the prize winners past the grand stand, something after the style of the yearly performance of the Canadian National Exhibition. Altho there were not a great many varieties of grand stand, something after the style of the yearly performance of the Canadian National Exhibition. Altho there were not a great many varieties of cattle and horses, the animals were in first-class condition and showed up well before the many onlookers. In all there were about 75 prize winners on the race course.

FATALLY INJURED GALT COLLEGIATE

Tilman Shantz Meets Death Defeat of Gymnasium Bylaw by

In this deen considered and the fugitive had been deported forthwith.

Asked as to how this action of his could be reconciled with the court order for Thaw's production in Montreal on Monday, Mr. Doherty said:

"There has been no order or any thing purporting to be an order restraining the minister from the exercise of his functions. The order was to officers of the immigration department, then in custody of Thaw. By my orders he has been taken in charge of other officers and taken across the border. I saw absolutely no reason for refraining to do my duty and carry. On the law, merely because counsel for Mr. Thaw questioned the constitutionality of the act. Of its constitutionality of the act. Of its constitutionality of the act. Of its constitutionality I have no doubt. We will be able to justify before the courts the action which we have taken."

BOARD IN DILEMMA People Ties the Trustees'

BERLIN, Ont., Sept. 10.—(Special.)—
While Tilman Shantz, one of the best drivers and most successful farmers in Waterloo County, was driving a team of horses attached to a threshing engine this forenoon, the animals became unmanageable, and ran away. Shantz being thrown beneath them and crushed so severely that his death resulted an hour later. Deceased, who was 64 years of age, was a former member of the county council, having been warden in 1992. For many years he was connected with the executive of the North Waterloo Liberal Association. He is survived by a widow, seven sons and two daughters.

GALT. Sept. 10.—(Special.)—When the ratepayers recently turned down the bylaw submitted, providing \$15,000 for a new gymnasium at the collegiate institute, the vote was taken on the rull understanding that the education department had intimated that failure to provide the equipment ordered by the inspector would result in the degrading of the school. The trustees are awaiting fulfilment of the threat, helpless to obey the department in face of adverse public opinion. They feel that to degrade theschool would be a calamity. At a meeting of the board tiss afternoon, as a last resort it was decided to appeal to the Gepartment, representing the unique/position of Gait Collegiate Institute in respect to facilities for athletic exercise.

DISTRICT MAN TO RESIGN

SARNIA. Sept. 10.—(Special.)—It has been announced that W. H. Porter, district representative of the department of agriculture for Lambton County, with headquarters in Petrolea, will leave the government to join a farming paper. Mr. Porter has been in Lambton about a year, following Mr. Todd, who resigned to take a position with the public charities of Ontario.

marked the meeting of the Woman's forehead. "I'm happy when mother is Auxiliary of Catholic Church Exten- happy and I'm blue when niother is sion, held in St. Philip Neri Hostel impatient and cross," a girl confessed last evening. The gathering was the to me one day. She continued—"I Is Prediction of Sir Frederick first of the season and the first gen- seem to be a victim of my mother's Hoskin the president, was in the chair. Reports from the different sub-councils were read, showing that scores of pieces of altar linen and vestments had been made during the holiday season, also that visits had been made to the different eity hospitals, where flowers and free rature were distributed to the patients; and entertainments had been undertaken for the purpase of adding to the funds for the work of the missions of the west.

One item alone will give an idea of the work of the extensive manner in which the work is carried on. During the month of August, thirty-five boxes, each containing one hundred toys, thirty-five hundred in all, had been packed and sent out to the western missions in order to be in time for the Christmas of the children in the far distant parts.

Miss Hoskin announced that at the desire of His Grace, Archbishop Mc-

had been made during, the sheliday from that everlasing eminding of the season, also that visits had been made to the directed style and the s

continental congress of Extension to be held in Boston from the 19th to the 22nd of October and as many as pos-sible were urged to attend. Others in-

sible were urged to attend. Others interested, even the not members, are invited to be of the party.

Rev. Dr. Burke, president of Extension gave an account of the first consiens, held in Chicago, and said that the new feature to be added this year, that of the presence of the Woman's Auxiliary, would be largely due to the action of the women of Canada, whose organization is more perfect than that elsewhere. He added to the invitation of Miss Hoskin that as many as possible attend the congress, which would be headed by the apostolic delegate of the United States and to which those interested would come in large num-

given a list of suitable bulbs, naming certain varieties.

A few ordinary large-trumpet narcissus; emperor, deep, golden yellow, with darker trumpet; empress, white with golden trumpet; princeps, sulp'ur and gold. Van Sion, double, very deep yellow.

Plant these in the same manner you planted your hyacinth the other day, and do not bring these up until the week before Christmas. These will follow closely upon the white Italian and should be ready next in order.

This applies to the large trumpet narcissus, and jonquijs. These last, jonguils, while not much account for display, on account of spindly growth, and small flowers, should not be forgotten for their perfume. A few pans and pots filled with them will fill the whole house with fragrance.

Campernelle rugulosus is the fargest of all. In these days of great wealth, many oung couples beginning housekeeping think themselves very fortunate in hav-ing homes made ready for them. They

photographic art of a picture by an old master?

Where the desired things are accumulated slowly, gradually; where economy is practised in one direction, perhaps, in order to supply something very much wished for and chosen after careful deliberation, there is pleasure unknown to those who toll not for their treasures. There is joy in a home which is dependent on the energy, skill and wisdom of the young husband and wife which more than compensates for the efforts they may make. Keep salt bags for storing seeds from your garden. They are the bachelors of St. Louis who in the past handlest things to use for that purpose, or for storing bulbs, says The Ladies' Home Journal. After the bag is emptled of salt noil it carefully and dry it. Hem the top and insert a drawstring of cord or tape and baste this tape on the bag. Any number of bags may be hung on one nail, in some convenient corner and no one will throw them away by accident, as so often happens when seeds are put in envelopes.

Corn a la Southern.

Chop one can corn and add two eggs sightly beaten, one teaspoonful sait, one-eightly teaspoonful sightly teaspoonful sightly teaspoonful sightly teaspoonful sightly teaspoonful sightly teaspoonful sait, one-eightly teaspoonful sightly teaspoonf SEED BAGS.

PLUMS COOKED AND CANDIED Good Ways of Preparing the Fruit.

When plums are not as ripe and as juicy and as sweet as they can possibly be they are better cooked than raw. The cooking process and the addition of sugar gives them flavor and palatability which they do not possess naturally, says The Chicago Record-Herald. Doris: Your wrinkles can be quickly.

Jane: Electric treatments for removing heavy and seldom and party surface. Apolicy growths are expensive and seldom satisfactory. Try this simple method: Is a vegetable proparation which will not spow hair where used and is easily made at home at small cost. From your druggist get one ounce almozoin and dissolvely and in two or three minutes rub off and with it comes every trace of hair. Washing leaves the skin soft and clear. No danger results with the delatone its testing leaves the skin soft and clear. No danger results with the delatone the treatment.

Ida: Your letter leads me to believe that to remove the yellowness of neck and chin all you need its a good blood tonic. Here is a fine one that will brace you up and clear your completen, and dilke everything I recommend) is easily inade at home at sight cost. Mix tongether by cup sugar, by pint alcohol (not whiskly) and one once kardene. Add enough hot water to make a full quart, and take a tablespoonful before each whiskly) and one once kardene. Add enough hot water to make a full quart, and lake a tablespoonful before each meal. I know nothing better for the gentral run-down condition.

Doris: Your weinkles can be quickly.

Bulbs For Christmas Bloom.

POT THEM NOW.

Continuing from yesterday we had given a list of suitable bulbs, nam-

care of har treasures, or in trying to live up to them. With magnificent silver, rare china and glass of too great value and splendor to be used in a simple home, there is often nothing to do but store away much of the silver and put the ostiy and breakable plates out of the with and handling of a carcless scream. Friends and relations who are thoughted may well sive consideration in the election of gifts suitable to a bride's circumstances. A fare plees of managany urniture is never out of place, a table, writing desk, corner cablest or book case. The beginning of a well-chosen library, in choice editions of the best authors, should be part of the very foundation of a home. If a friend has the taste and I nowledge necessary for the selection of a water-color painting, by an artist of merit, what could give such lasting pleasure as this, or a beautiful example in photographic art of a picture by an old master?

Where the desired things are accumu-

When troubled with fall rashes, eczema, or any skin disease apply Zam-Buk! Surprising how quickly it eases the smarting and stinging! Also cures cuts, burns, sores and piles. Zam-Buk is made from pure her; bal essences. No animal fats—no mineral poisons. Finest healer !

Cleaning Walls and Wall Papers

HOUSE decorators claim that it is becoming customary to repaper in the spring of the year and renovate or clean walls and ceilings in the fall. Upon consideration, this seems a sensible policy, for it is a pleasure to have fresh, new paper and paint thru the summer months when the house is open to acquaintances and friends.

Even steam heat or a gas furnace makes some grime, while coal and wood fires quickly destroy the beauty of new wall paper.

Painted walls are best cleaned with warm water containing enough ammonia to soften it and remove the dirt. Dampen a fiannel cloth with it and gently wipe the painted surface. If the dirt is sticky, make a suds of soap, water and ammonia; add a little borax. Do not scrub, but wipe with smooth, downward strokes in one direction

To clean wall paper: Remove all the dust first with a wall brush or a cloth tied over a broom. If there are any grease spots they should be removed by holding a hot flatiron against a piece of blotting paper placed over them. If this does not draw the oil out, try moistening a little Fuller's earth and plastering it oper the spots; it will absorb the grease and may be

brushed off when dry. Bread is the best paper cleaner, but it must be used properly; select a loaf that is not very fresh and not well done. Cut off the crust at one end and pull out a handful of the crumb. Rub the paper with this in one direction, commencing at the top and working down. Never rub backward and forward, but in single, long strokes. When the bread crumb becomes very dirty, throw it away and take a fresh piece. Go over the entire surface to be cleaned, and then return and rub out any streaks, or missed places.

to be cleaned, and then return and rub out any streaks, or missed place Clean, dry wheat bran may also be used with good results, but if the is furniture in the room it is difficult to keep the bran from blowing. Use a flat sponge or a cloth, and put a handful of the bran on it, then query it and the bran on it. ly turn it against the wall and rub it down gently and carefully. D use the same bran twice.

Canton flannel, with the nap outside, will also remove dust and The progressive housekeeper now has her home fitted from kitche attic with washable wall coverings. These save their initial cost in a seasons and may be kept immaculately clean at no expense. I will give send directions for making a wall varnish, that may be easily applied any papered wall to make it waterproof and washable, to any reader will send stamped, addressed envelope to me in care of this paper. Please write your city's name out in full. A few weeks ago I was on package of requests for mosquito fumigants was in Christmas display.

Crocus give a cunning little patch of bloom so spring-like; stick the bulbs in here and there wherever there is a speck of room for them. Or plant some flat boxes for the window sills. Yellow crocus bloom first, then the purple, the white being as a rule the last to bloom.

Tulips should be treated as the

PEACH RECIPES

act planning it is quite possible for every houseleeper to have bloom for the table, or to brighten the windows all thru the winter.

gagement will begin. The distinguished actress, who has been absent from Toronto for nearly two years, has a sirong and loyal local following, and there is always less interest in what she is o play than in the fact that she is coming. This time, however, the interest in her visit is doubly keen, for enough is known of her play, "The High Road," to make its production an event of prime importance. Reports of its strength as a play and its unusual qualities as a vehicle for the display of Mrs. Fiske's incomporable art, reached Toronto from time to time last year, and now that we are to have an opportunity to pass our to have an opportunity to pass our own judgment upon its merits, a fine week should be in store for the Prin-

The Story of "Kindling." Theft is the theme Charles Kenyon has used in his remarkable play, "Kindling," which is to be presented at the Grand next week, but the mothe Grand hext week, but the mo-tive is not the old one of a woman stealing because of a desire to keep up appearance. Maggie Schultz steals to save her child from being born amid the squalor of the slums. Maggie mees babies—weak, unhealthy little mites of humanity—fighting for life in sunless rooms and filthy streets. Her husband, in ignorance, flings the danger of motherhood in her face. Tenement workers warn her, and the broad plains of the west loom up as a haven of strength for her expected offspring. It is thus that she listens to temptation and consents to help rob the owner of the tenements around her. Her reward is funds enough to

tart west in time.
The crims committed, the gradual discovery of her part in it by her husband leads up to the great scene of the play. It is in this that he drags from her, word by word, her confession; breaks down her weak fabric of lies and, overwhelmed with love, torn by shame leaving he is to become by shame, learns he is to become a father. Then, with elemental instinct, he becomes the shielder. The victim of the robbery has yet to be appeared. the robbery has yet to be appeased. Maggie's part in the crime transpires, and this victim, a woman of society, be brought face to face with the temptation of struggling motherhood. In sight of the weeping woman the veneer of the drawing room is cracked by the swelling heart beneath. Sarah Paddon, who will be seen in the role of Maggie, is said to give a remarkably true picture of a woman who suffered because of her environment.

COUNTY TAX RATE IS RATHER HIGH

Says Oakville Mayor, But No Foundation for Report of Withdrawal From County.

A report has been current during the past few days that the residents of Oakville were dissatisfied with the county rates and that a movement was afoot to separate the town from the county. In conversation with a World reporter yesterday, Mayor Manton said that there had been a suggestion made to that effect, but he did not think it was being seriously considered by anyone.

the county rates and that a movement to said that there had been a suggestion made to that effect, but he did not think it was being seriously considered by anyone.

"We have been dissatisfied with our county taxes because Oakville is assessed much higner than many other towns in the county and has naturally to contribute a larger share of the taxes on that account. We don't think our assessment is too high, but because all our property is rated higher by the assessor we have to pay a larger amount in taxes to the county than we would if the assessor took a more conservative view of land values."

Little Margaret Robertson, 35 Holly street, North Toronto, got badly hurt about 5 o'clock last evening. THURSDAY MORNING, SEPT. 11.

NOT WELL POSTED. The Toronto Globe and The Toronto News have been discussing the banking and currency situation, and each of these journals seems to be ignorant

or misinformed as to elementary

The Globe keeps talking about the government having \$90,000.000 of idle gold" at Ottawa against which there might be issued several hundred million dollars of Dominion notes. As a matter of fact the total gold in the Of this \$7,500.000 constitutes the other progressive Republicans are twenty-five per cent. gold reserve which supports the one, two and five dollar Dominion notes aggregating about \$30.000.000. Most of the rest of the gold held by the government, and it is much the largest part of its store, is gold deposited by the banks | the nineteenth century. At that time for which they have taken out (a) their equivalent held by the banks. Is ernment to emit a big issue of national is in reality the property of the banks led the party to battle under the banand against which the government ner of progressive reform. has already issued bank legal tenders

News labors under a delusion, which notes to be issued under the central gold reserve provisions of the new tagonist. Bank Act are to be "gold certificates." And emphasizes this point by saying that such notes will be analogous to the Bank of England notes over and above a certain sum, for which pound for pound is protected by specified

ther it has been issued by virtue of a license and otherwise. and all note holders will stand on Exchange. the real estate upon which the bank's time. office was located.

Is this debate between The Globe and News being conducted seriously? They have not acquired the facts or if they represent anyone they are either not well briefed or have, misunder stood instructions. If they are both in good faith, posing as financial experts and antagonists, a somewhat bizarre spectacle is presented.

THE MAN OF THE HOUR.

Scarcely six months ago Woodrow Wilson became president of the United States. He would not have been greatly criticized had he spent his first six months as president in distributing patronage and traveling about the country. He is therefore to be commended because he has crowded into this brief period so much of high endeavor and notable achieve-

rency laws of the country, so as to bank or other trusts supreme. Many would be strong enough to redeem its

The new president, however, at once lled congress, and for the first time a century the head of the nation oke face to face with the representatives of the people. He urged sweep- matter, ing and substantial reductions in the tariff duties upon the necessaries of the poor to the wealthy and well to have been largely anticipated with

Banking to Europe by the way of Hudson's There may be a struggle for delay, of this outlet was largely engineered much talking over details, but con- by the interests that dreaded any ingress at this session will establish the great principle that the government, and the government alone, must emit the currency of the country, regulate its volume, and by means of a national currency loan the credit of the ration to the people. The bank in the United States will hereafter be the handmaiden of the country.

Praise must be given to the senators and representatives who have endured the sickening heat of Washington all summer in order to carry out the pledges of the Democratic party and what they believed to be the will of the people. Such devotion, such discipline, such statesmanship was not ession, repudiation, flat money, free silver and anti-imperialism; ruled by Tammany and Wall street in the east and by reactionary Bourbons in the south; unable at the last election. which it could not help but win, to muster even as many votes as it did in 1896, was ever a political party apparently so unflited to rule the state? But Mr. Wilson has transformed ar unorganized crowć into a well disciplined corps; he has formed a party. and a party which stands for something. The Democratic party is now hands of the receiver-general and his the progressive party. Lafollette deputies amounts only to \$96,000,000 jumped in time, but Cummins and

marooned Canada has two political parties today, one of which is utterly disorganized and discouraged. Its leader is a English Whig of the middle period of bank legal tenders used by them in Whias and the Tories, and Sir Wilfrid clearing house exchanges, and (b) Laurier probably sizes up his attitude large Dominion notes. This gold, say toward present day questions correcteighty per cent of all that the gov- ly when he says in effect that he views ernment Eas in its possession, is them as they would have been viewed practically ear-marked for the re- sixty or seventy years ago. The ing the race tracks of Canada, robbing gold there deposited would be no more the people, discrediting racing and specially ear-marked for note holders' demoralizing the communities wherein security than would be for example they are unworthy residents for the Thaw.

OBSTINACY PLUS.

The Canadian Engineer has taken up the question of the change of route in in automobiles. Hamilton for the T. H. & B. Railway. and having in view the belief that the city will double its population in 25 years, thinks that the present is the time to straighten out the tracks. Level crossings, everyone is agreed, are juite out of date anywhere, and in a great city they are intolerable, not only to the citizens, but to the railways as well. There can be no rapid transit without unobstructed trackage. Failing their diversion, The Canadian Engineer insists that the depression of the tracks is imperative.

There are many grave reasons why the T. H. & B. should consent to the city plan of concentration in the north end of the city, and the cost will cerainly not be as great for the railway as the cost of depressing the tracks. power pledged to reduce the tariff The advantage of position is not one and to reform the banking and cur- which will count so much in years to come as at present it is believed to domake the government and not the The future growth of Hamilton will not add so much to the advantages of hoped but few believed that the party a central station as it will to the adto east. The plans have been preway board, but the T. H. & B. has developed obstinacy in excess on this

We are not sorry to be rid at last ESKIMO SAVAGERY of Mr. Thaw, even the a certain violence, which according to Burke always accompanies indecision, marked the final scene. Possibly the deportation might have been accomplished, if Arctic Club Unable to Undernot with more dignity, at least with

more despatch. The immigration law seems to have stood the test, and will always be usefully employed in rejecting the undeof the crown to exclude from Canada political refugees and others who might be welcome. Had it been enforced before the civil war, no fugitive slave could have remained in

asylum for the victims of tyrannical a fleeing patriot made his way in disguise thru the United States to this country, public opinion might not sustain the minister in sending him back to the United States to fall into the lands of the authorities there. lands of the authorities there

So far as Thaw is concerned, how ever, the government has done what should have been done, in our opinion,

If Canadian farmers fail to secure the best results in the conduct of the various branches of their industry it is not due to lack of effort on the part of government experts to provide them with information based on expert experiment. A recent bulletin, No. 72 of the regular series of bulletins of the Dominion experimental farms, deals exhaustively with milk production in Canada. Its author, Mr. J. H. Grisdale, director of the farms, has made milk production a matter of special study for many years and has included, among the subjects; treated, crop rotations. dairy barns, breeding dairy cattle and feeding, care and management of milch cows. These divisions show that milk production involves many factors, and it has been the author's endeavor to treat of these as fully, clearly and simply as possible so that the bulletin may be of value to the general farming community. The volume is profusely illustrated, and is now being issued to the experimental farms' mailing list. Those not on the list who desire a copy may obtain it on application to the 'publications branch, department of agriculture,

Says Rev. J. S. Fotheringham
in Stirring Address to the
Delegates. Liverpool than is Montreal, and the resources of modern transportation ought to be able easily to overcome obstacles that appeared insurmountexpected from the party, which since the civil war, by common consent, has had a braying donkey for its emblem. Tied up in the past with slavery, securified on in waters that are even less moons might wax and wane, that many mention of the name of Thaw. For many, many weary years he was the matter of fact trade is today being carried on in waters that are even less moons might wax and wane, that many navigable than Hudson's Bay was ever reputed to be. The bay itself is a prolific fishing ground, and this also will be an inestimable boon to the western provinces.

moons might wax and wait, that many suns might rise and set ere we should see his name again, but we must view it still more yet! No wonder that we weep and wail, and call fate's handout mighty raw; but all our tears will not avail—we'll ne'er be thru with the western provinces.

CREATES SURPRISE

stand Reported Killing of White Men.

NEW YORK, Sept. 10 .- (Can. Press). Members of the Arctic Club here are surprised at the report of the murder of H V. Radford of New York, and George Street of Ottawa, by Eskimos

There arrived at a newspaper office yesterday a letter written by Rad-ford on June 5, 1912, the day he is reported to have been killed. This etter was forwarded from Bathurs

cess of his mission and announced that he and Street were starting for the Mackenzie Delta. He said he believed that he and Street were the only whites who had entered Bathurst In-let since Franklin's expedition. Radford said that he hoped to complete his inspection and mapping of the last unexplored, to make complete and con inuous the coast line of North Amer-

on City Commission.

R. C. Black, for ten years the superintendent and chief engineer of the Toronto Electric Light Company, has been appointed by the provincial government to the vacancy in the Toronto Hydro Commission. The vacancy was created by the appointment of former Mayor Geary to the position of corporation counsel. The commission, as now constituted, is P. W. Ellis, chairman; Mayor Hocken and R. C. Black.

Before Mr. Black went to the T.E.L., he was five years with the Montreal Light, Heat and Power Co. His first training was with the Westinghouse people.

During the meeting in the local hydro offices, some months ago, Mr. Black was engaged by the commissioner to take charge of the system. He remained in charge three months, until Manager Cozens arrived from England to assume his duties.

"Mr. Black's appointment is much in tendent and chief engineer of the Toronto Hydro Commondation Will Be Provided in Queen Alexandra and Annette Street Schools.

The property committee of the board of education will be requested by the advisory committee to have three rooms prepared in both Annette Street and Queen Alexandra Schools for the use of the evening commercial classes, if the recommendation of the advisory committee is passed by the board.

Another recommendation was made that scholarships be granted to Gilbert Forster, Fercy Crysdale, J. Ludwig, R. Langstaffe and Harold Coo, pupils in the commercial courses of last year, who passed at the head of their respective proposed and the provided in Queen Alexandra and Annette Street Schools.

The property committee of the board of education will be requested by the advisory committee to have three rooms prepared in both Annette Street and Queen Alexandra Schools for the use of the evening commercial classes, if the recommendation of the advisory committee is passed by the board.

FRIGHTFUL TOLL OF TORONTO'S STREETS

Referred to by Coroner Mason in Opening Inquest Into Death of Mrs. Jennie Stain.

An inquest was opened at the morgue last night before Coroner Meson into the death of Jennie Stain, of Erie, Penn., who, on August 28 last, was struck- and killed by a south bound Dupont street car at the corner of Avenue road and Boswell avenue.

Coroner Mason, in charge of the jury, commented on the number of fatalities of a similar nature with which coroner's juries had to deal with recoroner's juries had to deal with recently. He referred to the toll of life from street accidents as "frightful, and he was a well-known and familiar fig-

appalling."
The body was identified and the inquest adjourned till the 15th.

FEW CASES FOR THE AFTERNOON COURT

For not having his automobile lights burning on the night of September 6. Walter Bonny had to pay a fine of five dollars without costs. on his pleading guilty in police court yesterday afternoon. No excuse was offered by the defendant, and he paid his fine without demur. Sam Shun and Myers Shector, two Hebrews, were charged with baking bread on the Lord's day. Both men pleaded not guilty, and the cases against them were enlarged until Friday.

Charged with operating a laundry without possessing the required licenses, Charlie Wah, a Toronto laundryman, produced the necessary documents, and of course the case against him was dropped.

Prescott and Return \$10.00. Including Meals and Berth.

The Richelieu & Ontario Navigation Company on Saturday, Sept. 13. will run an attractive week-end outing via steamer Toronto at 2.30 p.m. to Prescott and return. Tickets will include meals and berth for the complete round trip. The Thousand Islands and St. Lawrence River district is now most attractive. Tickets and full information can be obtained at licket office, 46 Venge street, corner Wellington street. Wellington street.

TAFT IS ARDENT

bration of Perry's Victory -Marble Shaft Erected.

PUT-IN-BAY, Ohio, Sept. 10 .- A towcommemoration of Commodore Oliver Hazard Perry's victory in the battle of Lake Erie, and the one hundred years of peace between the United States and Great Britain, was formally dedicated to-day by former President William Howard Taft. Inaugurating the dedication ceremonles, cannon boomed at the hour of the firing of the opening gun of the battle, fought one hundred years ago today, within view of the Put-in-Bay shore.

"In the retrospection of one hundred years we can weigh the significance," said the former president. "Nothing has developed in these years to diminish the courage, patriotism and skill of the commander and his men as they appeared to their contemporaries; but the consequence of the battle and the war of which it was one of the few bright spots in a field of gloom, were critisingly beneficent, and promises to grow even more so in the second century, upon which we are now entering.

"We celebrate the centennial of this

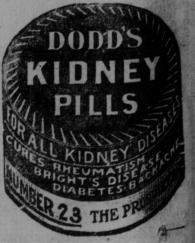

"We celebrate the centennial of this battle, not in the spirit of a triumphal victory of arms, but in the deep gratitude that one hundred years has not seen its repetition."

Rev. J. A. Macdonald spoke as a representative of Canada.

POWELL LANDS TWO WINNERS AT OSHAWA

Clara C. the Mixed Race in Straight Heats, and Mannella Free-for-All in Five.

OSHAWA, Sept. 10.—(Staff Special.)—
The largest attendance ever was the word passed from one director to another today, the final of the great South Ontario Exhibition.

The association had two first-class races on the card. Every heat was fought out from wire to wire, and the veteran driver and owner, Geo. I owell, of Belleville, was the winner of each.

The 2.25 class was somewhat easy, but in the free-for-all Gordon Knowles gave him an argument with Geo. Gray's Adrian Pointer, mat stepped the first two heats in 2.14½ and 2.14¾, the track record, and the fastest ever seen here.

At four o'clock there was a parade of all the prize stock, which did credit to South Ontario.

Possibly never at a county fair was there such a grand display. The classes in each were well represented and of the best. The show of single drivers excelled anything heretofore shown in Oshawa. The directors are delighted, and promise a year of expansion for 1514. The genial Van Woodruff was a busy man with the race horses and had everything on time, and all passed off without a single hitch. The summary:

2.25 trot and pace, purse \$200:

Clara C. b.m.; Geo. Powell,

Belleville (Powell) 1 1 1

Miss Alcyone, blk.m.; G. Culverwell, Sulton (Culverwell) 2 2 2

FELL TO DEATH

Balloon Ascended Suddenly at Leipsic-Two Soldiers Dashed to Earth.

LEIPSIC, Sept. 10.—(Can. Press.)

The dirigible Z-5 had just returned from the German imperial army manoeuvres in Silesia and an attempt was being made to get the vessel into the balloon ball when a sharp gust of wind suddenly dragged the airship from the hands or the soldiers holdfrom the hands of the soldiers holding the ropes. The motors were started barely in time to prevent disaster. Four soldiers who became entangled in the lines were carried up. One man extricated himself and another was hauled into the gondola. The two other men fell to the ground from a height of 500 feet and were instantly killed.

How to Keep Face Young and Attractive

(National Hygienic Review) (National Hygienic Review)

The way to ward off old age is not to fear it, not to allow one's self to be oppressed by the dread of advancing years. Use only legitimate preventives and avoid trying experiments with preparations not indorsed by physicians. An entirely safe and very effective way to keep the complexion young-looking and beautiful is to apply ordinary mercolized wax at bedime, using it like cold cream, washing it off in the morning. This gradually absorbs the withered, faded cuticle, which is replaced by the more youthful, pinktinted underskin. One ounce of this wax, to be had at any drug store, is enough to oppexion.

plexion.

Crow's feet and other wrinkles, the first signs of advancing age, may be removed by a simple, harmless preparation made by dissolving an ounce of powdered saxolite in a half pint witch hazel. It is used as a face bath.

Mr. Barnard, who has been spending the summer at the Queen's Royal, is expected home from Niagara at the end of the week.

At 8.15 o'clock yesterday morning, Old St. Andrew's was the scene of a spector.

Maugh, the chief inspector of public and separate schools.

A perusal of the new regulations will show that the claims urged by the deputations from troubled districts last year have not gone without consideration. The personnel of the inspectors has not been changed, however. There will be three English-speaking and three French-speaking, as pefore, and the status of all will be the same. The continued on the advice of the inspector.

Further, whereas one hour a day was ordained for instruction in French on a school timetable, this stil stands except where the time may be lengthened on the suggestion of the chief inspectors of public and separate schools.

A perusal of the new regulations will show that the claims urged by the deputations from troubled districts last year have not gone without consideration. The personnel of the inspectors has not been changed however. There will be three English-speaking and three French-speaking, as pefore, and the status of all will be the same. The changes provide that whereas before French was to be used generally only to the end of Form 1, it may now be continued on the advice of the inspector.

Further, whereas one hour a day was ordained for instruction in French on a school timetable, this still stands except where the time may be length. At 8.15 o'clock yesterday morning. Old St. Andrew's was the scene of a quiet wedding, when the marriage was solemnized of Miss Florence Sheridan, daughter of the late Mr. J. T. Sheridan, Lowther avenue, to Dr. George Maitland Biggs, son of the late Hon. S. C. Biggs, the Rev. Prof. Law officiating. The bride, who was unattended, was in gray satin with oriental coat of gray and purple, and black velvet hat with ostrich plumes, and she carried a bouquet of lilles, mignonette and forget-me-nots. The groom's gift to her was an amethyst necklace set in platinum. Dr. and Mrs. Biggs drove to the station after the ceremony and left for New York en route to Vienna, where they will spend a year.

spector.

The minister states that the system of inspection has been altered in order to give the control of the situation to Dr. Waugh, who as a provincial officer is directly responsible to the depart-

Tentative Rule Amended. In reference to the use of French, the regulation of last year was as fol-

Where necessary in the case of French-speaking pupils, French may be used as the language of instruction and communication; but such use of French shall not be continued beyond Form I, excepting during the school year of

1912-13, when it may also be used as the language of instruction and communication in the case of pu-pils beyond Form I who, owing to previous defective training, are unable to speak and understand the English language.

"As this provision was tentative," said Dr. Pyne "a year's experience of its working has led to its being amended as follows:

where necessary in the case of French-speaking pupils French may be used as the language of instruction and communication: but such use of French shall not be continued beyond Form I, excepting that, on approval of the chief inspector, it may also be used as the language of instruction and communication in the case of pupils beyond Form I, who are unable to speak and understand the English language.

language. "This alteration" he continued "provides for the continuance of the provision of the previous clause in cases where the chief inspector considers it necessary. In reference to the teaching of French as a subject of study the former provision was that "instruction in French shall not interfere with the adequacy of the instruction struction in French shall not interfere with the adequacy of the instruction in English, and the provision for such instruction in French in the timetable of the school shall be subject to the approval and direction of the supervising inspector, and shall not in any way exceed one hour in each class room." The new provision, as amended, provides that "such instruction in French in the time-table of the school shall be subject to the approval and direction of the chief inspector and shall not in any day exceed one hour in each class room, except where the time is increased upon the order of the chief inspector."

All the provisions, as those of last year also, embody and carry into effect the terms of the resolution unanimously adopted by the legislature in 1911.

FURTHER CHARGES

The engagement is announced of Edna May, only daughter of Mr. and Mrs. Joseph Phair, Streetsville, to Mr. Hugh Q. Burns, son of the late Mr. Hugh Q. Burns, Belfast, Ireland, and Mrs. H. Burns, Toronto. The marriage will take place on Sept. 17, at Trinity Church, Streetsville. Ald. Burgess Presses for Wide Investigation of His Charges of Inefficiency.

Mr. G. T. Somers and Miss Elsie Somers sailed from Quebec last week for England, by the Empress of Bri-tain, where the latter will attend And His Vote Decides Character of the Inquiry to Be Recommended to Council.

City Solicitor Johnston was instructed by the board of control yesterday to prepare a resolution in accordance with the charges by Ald. Burgess of Miss Mabel Cantelon, Clinton, Ont., and Miss Fay Floody, Detroit, have re-turned to their homes, after spending a fortnight with their cousin, Miss Olive Floody, Parkdale. inefficient fire protection, and the acquiescence by the board in the demand of Controllers Foster and Church for a judicial investigation of the charges, the resolution so prepared to be dealt

the resolution so prepared to be dealt with on Friday, so that it may go to the council next Monday. This action was the result of Ald. Burgess demanding a wide open investigation by Judge Denton into not only his original charges of inefficient fire protection, but also into further charges affecting the departments concepned.

Mayor Hocken. Controller McCarthy and Controller O'Neill held steadily to their previous opinion that the board of control is responsible for the efficiency of fire protection and should therefore investigate Ald. Burgess' charges and bring about any betterments that might be deemed advisable after the investigation would be completed.

Controller Foster did not the section of the controller foster of the controller foster of the completed.

Iution which would be sent on to the council next Monday. This suggestion was adopted.

T. L. Church Prophesies.

Controller Church ran into another cul de sac in his scouting for a tenable position upon the proposed municipalization of the rapid transit and electric light and power services. "We should give a bus service in the districts that have no street cars," he said, "and we should build more car lines."

Canadian that he was arranging a date.

City Clerk Littlejohn reported that \$10,000 would be required to carry out the policy of installing sanitary conveniences under the local improvement plan. Legislation is to be asked.

Commissioner Harris reported that \$2000 would improve the bake Shore road sufficiently for next winter. The report was adopted.

The government will be asked to appoint Mr. Ellis, who is a justice of the peace in North Toronto, a police magistrate. He will relieve the congestion in the police court work.

CANADIAN OFFICER

"Where should be build more car lines?" Mayor Hocken asked.
"In West Toronto." Controller Church

and Miss Nell McAstocker, Mount Morris, N.Y., are visiting Mrs. Ben. Oldfield, Grenville Apartments.

T. L. CHURCH SUPPORTS

"In West Toronto," Controller Church replied "We couldn't," Mayor Hocken corrected. "West Toronto is tied up with

It was decided to ask Commissioner Harris for a report upon the widening of the corners, and to afterwards have a conference with Deputy Treasurer Patterson.

"We should have a parks commis-sion, without salary," Controller Church said. "I move that we apply for legislation."

Controller McCarthy put thru a resolution that the city contribute the civic property overlooking the Don class hotel, Box 52, World.

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol, and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear, and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Your druggist has it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given ex-cellent results in overcoming nervous drepepsia and general stomach troubles, it should not be taken by those who do not wish to gain ten pounds or more.

ravine at Danforth avenue, for a hospital for the east end, providing the promoters of the hospital raise \$100,000 for buildings, and also that the city councist is represented on the board of governors.

Commissioner Wilson asked for more office room, his engineer and staff on incinerator construction going on duty on Oct. 1. This raised the question of congestion in the hall.

"All the court rooms should be taken out," Mayor Hocken said.

"Some of the court rooms are not used for six months at a time," Controller Church declared.

The matter was referred to a subcommittee.

committee.
Chief Thompson reported that 50 new hydrants, with hose supply, had been installed at the island.

Mayor Hocken announced that a group of citizens had asked for a conference with the board upon the matter of the appointment of a city architect, and that he was arranging a date.

City Clark Littleighn reported that

CANADIAN OFFICER **CAPTURES HONORS**

"We couldn't," Mayor Hocken corrected. "West Toronto is tied up with a franchise."

"We could at least run bus lines," Controller Church contended, and added, "Trolley lines will be obsolete in eight years."

"Why do you specify eight years?" Mayor Hocken asked. "Eight years is a singularly definite period."

There was a general smile. The Toronto Railway Co. franchise expires in eight years.

Half a Million for Corners.

Commissioner Forman reported that the rounding of the street corners at Bay. Teraulay, James and Queen would cost \$585,000, of which amount \$285,000 would be returned to the city by the sale of the purchased property when the new frontage was established. He stated he would need \$650,000 to commence the work.

"Why not be satisfied with rounding the northeast corner of Teraulay and Queen?" Controller Foster asked. "That would widen the Teraulay-Bay route sufficiently."

"Do the job well or not at all." Mayor Hocken said. "We could forbid the view of the city hall would not be obstructed. I don't know where we will get the \$650,000, but we can have a conference with Deputy Treasurer Patterson."

"The road in front of the city hall is gongested." Controller O'Neill said. "It should be widened as far as the terrace."

It was decided to ask Commissioner Harris for a report user the missioner Harris for a repo

French Motorboat Wins

By Only Sixteen Seconds

LONDON. Sept 10. — The French motorboat Despections II. today won the first race of the international motorboat trophy series in Caborne Bay. The winner finished the course of 32.4 miles in 41 minutes and 24 seconds.

The Maple Leaf I. a British entry was second, and Ankle Deep, America's charmion motorboat, owned by Count Casimir S. Mankowski of Lake George, duiched third. for legislation."

"I am absolutely with you in favoring a parks commission." said Mayor Hocken. "The statutes aiready make provision for it."

Controller Church changed his motion to one favoring a parks commission, and it was adopted.

Commissioner Chisholm reported that he had purchased 29 heifers at 5½ cents per pound for the Industrial Farm. This was approved.

Aid For New Hospital.

Controller McCarthy put thru a re-

Tournament Games Near Semi-Finals

Rugby Senior Squads Get to Work

Races Three Running and Two Harness Tracks

JUST TEN REMAIN IN OPEN SINGLES

Nearing Semi-Finals in Ontario Tennis Tourney-Summary and Entries.

ideal weather conditions, combined with spiendid courts, yesterday accelerated the progress in the Ontario championships, with the result that the semi-finals are near in some of the important events. In the mixed doubles, Miss Browne and Burns had quite a good match against Mrs. Cooper and Purkis, the first set going to 9-7, but the second was not as close, and went to the former pair, as did the first. Mrs. Williams and Baird displayed splendid combination, and will certainly make a great fight for the first honors: they disposed of Miss Best and E. Bickle in a clean, hard-hitting contest. Mrs. Bickle leaves tonight for Cleveland to de-end her title, but will return in time for the finals here on Saturday. Fellowes and E. Bickle succeeded in getting a set from Burns and Ross in the doubles, but darkness intervened with the score one set each. A return match will be played on Friday afternoon between Miss Browne and Mrs. Williams v. Meldrum and Glassco, with every prospect of a most interesting exhibition. In today's matches the Baird-Parton singles match should prove of special interest, as both are hard hitters and keen exponents of the game. Mrs. Williams will very l'kely meet Mrs. Bickle in the laddies' singles this afternoon, and when these old rivals meet excellent tennis is assured.

Today's Program.

—Men's Championship Singles—

1 p.m.—Spanner v. Dineen (to finish).

4 p.m.—J. M. Macdonald v. Hall, Burns v. winner of Spanner and Dineen.

4.30 p.m.—C. D. Macdonell v. Laing, Parton v. Baird.

—Men's Championship Doubles—

1.20 p.m.—Chipman and Gouinlock v. Calder and Dawson.

5 p.m.—Witchall and Ramsden v. Spanner and Mattheysz, Hall and Goldstein v. Bovd and O'Grady.

5.20 p.m.—Baird and Glassco v. winner Hall-Goldstein and Boyd-O'Grady, Macdonell and Bertram v. winners Chipman-Gouinlock and Calder-Dawson, Laing and Laing v. Chambers and Trotter, Burns and Ross v. E. Bickle and Fellowes (to finish).

—Mixed Doubles—

3.30 p.m.—Mrs. Williams and Baird v.

Macdonald and Mrs. McLean.

Ladies' Doubles—

2.30 p.m.—Miss Summerhayes and Mrs. Rooke v. Miss Andras and Miss Cuming. Mrs. Bickle and Best v. Miss Toogue and Miss Mackenzie, Miss Davidzon and Miss Sawyer and Miss Evans v. Miss Sawyer and Miss Evans v. Miss Barry and Miss Evans v. Mrs. Cooper and Miss Hedley.

5.30 p.m.—Miss Barry and Miss Evans v. Miss Barry and Miss Evans v. Miss Barry and Miss Sawyer v. Miss Kerr. Miss Benfield v. Mrs. Rooke.

2.30 p.m.—Miss Benfield v. Mrs. Rooke.

3.30 p.m.—Miss Benfield v. Mrs. Rooke.

3.30 p.m.—Miss Benfield v. Mrs. Rooke.

The Summary.

--Men's Championship Singles.

Laing defeated Purkis, 6-4, 12-11.

Burns defeated Calder, 6-2, 6-1.

Parton defeated Mackenzie, 6-1, 6-2.

C. D. Macdonell defeated Grant, 6-3,

THE DON ROWING CLUB ELECT OFFICERS FOR RUGBY SECTION

Argonauts Have Two Dozen Men Out at First Practice-Seniors and Juniors Getting Ready for the Autumn Gridiron Battles.

Great enthusiasm was displayed at the Don Rowing Cab last night, when the Pon Rowing Cab last night, when the Don Rowing Cab last night when the Wester Cab last night at Rowing Cab last night at Rosedale and about twenty players donned thir uniforms. Honorary Coach Binkley and at the ownered Captain Jack O'Connor put the men thru a thore workout, both in kicking the ball and running and passing it up and down the field. MacFarlane, the two hundred pounder who played inside wing for the Figers last year and who is attending lecture at Osgoode Hall, put in an appearance and impressed the critics favorably with his size and weight. He is a good spiral kicker. Leckie, the sensational punter of the Alerts, was also out and he will be a welcome addition to half line. Some of the other no players, warrener, of Capitals, and McBachren. Others of last year T. of R. and McBachren. Others of last year and who were out were Jarvis, Ross, Heuther. Sinciair, Knight, Lockhart, Murray and Newton. Jerry Laffamme was around, but did not don his playing togs. Becher Gale knows how to round up the boys. Smirile Lawson was out kicking the ball in his street clothes, and it would not surprise anyone to see him in his moleskins at the next playing togs. Becher Gale knows how to round up the boys. Smirile Lawson was out kicking the ball in his street clothes, and it would not surprise anyone to see him in his moleskins at the next playing togs. Becher Gale knows how to round up the boys. Smirile Lawson was out kicking the ball in his street clothes, and it would not surprise anyone to see him in his moleskins at the next playing togs. Becher Gale knows how to round up the boys. Smirile Lawson was out kicking the ball in his street clothes, and it would not surprise anyone to see him in his moleskins at the next playing togs. Becher Gale knows how to such min the department tonight at 80 o'cloc

Another practice will be ned on Friday.

Balmy Beach Canoe Club got down to real work last night at Scarboro Beach, and forty aspirants for the team did some fast signal practice. Among the notable new-comers were Broderick, the sensational kicking half-back for St. Michael's last year; Punk Degruchy of last year's Varsity III., and Nixon, an international player, who created quite an impression. Several T.R. & A.A. Juniors were also on hand. The next practice will be held on Friday at 6 p.m., and it is expected that lights will have been installed by that time.

Enrons defeated Calder, 6-2, 6-1, 6-2, 6-1.

Parton defeated Mickenzie, 6-1, 6-2, 6-1.

Parton defeated Mickenzie, 6-1, 6-2, 6-1.

C. D. Macdoneil defeated N. Macdonell, 6-1, 6-3, 6-1.

C. D. Macdoneil defeated N. Macdonell, 6-1, 6-3, 6-1.

Macdonaid defeated Fulton, 6-0, 8-6.

Men's Open Doubles.

Laing and Lains defeated O'Hara and Rennie, 3-6, 6-1, 6-1.

Hall and Goldstein defeated MicRuer and Mattheysz defeated Cumming and Spier, 6-1, 6-1.

Hall and Goldstein defeated Cumming and Spier, 6-1, 6-1.

Chambers and Trotter defeated Berning and Bephardil, by default.

Baird and Goldstein defeated Chrity and Macdonell, 6-1, 6-2.

Bickle and Fellowes defeated Chrity and Michell, 6-2.

Bickle and Fellowes defeated Dyke and West, by default.

Baird and Goldstein defeated Dyke and Dincen, by default.

Chambers and Trotter defeated Dyke and Dincen, by default.

Landy Landsberg, who was formerly the mainstay of the Judean, but for the back division of the Ottawa University team.

Final Game for Eastmure Cup and Championship of the C. and M.

The final game for the Eastmure Cup and the championship of the Church and Mercantile Cricket League will be played on Saturday next, commencing at 10 a.m., Mercantile Cricket League will be played on Saturday next, commencing at 10 a.m., on the grounds of the St. Alban's Club, placed at the disperat of the executive of the league by that club. The con-

The season's record of the play of these two clubs shows them to be very evenly matched, and it would be an extremely difficult matter to predict the winner. The game will likely be the keenest and probably the closest championship contest in the history of the league, and well worth watching.

Both clubs will be entertained at lunch as the guests of the St. Alban's C. C., the members of which are doing all in their power to make the game an enjoyable one, played on a perfect wicket, amid ideal surroundings. The kindness and true sporting spirit displayed by the St. Alban's C. C is very keenly appreciated by the C. & M. executive and clubs.

The St. Alban's grounds are easily reached by taking the Avenue road cars to St. Clair avenue and the St. Clair avenue and the St. Clair avenue cars 40 Christie street or Bracondale, or the Bathurst street cars to the terminus.

1. Yankee Lady, 116 (Levee), 3 to 1, even and 1, 10, 2, 2. True Step. 113 (H. Watts), 4 to 1, 2 to 1, and even.

3. John Bowman, 111 (Knight), 3 to 1, even and 1 to 2. Time 1,03,25, Con Carne, Doctor Hol-

1 to 2.
2. Golliwogg, 111 (Moore), 2 to 1, even, and 1 to 2.
3. Susan, 109 (Allex), 2 to 1, even and \$1 to 2.
Time 1 02 2-5. Farchette, Isabelle Casse, John Marrs and Jennie Wells also ran.

Messrs. A. F. Webster & Son, general steamship agents and money brokers, who have occupied the northeast corner of King and Yonge streets for so many years, are now located in their new office building at 53 Yonge street, east side, near Wellington street.

ment's Finish Were the Features at Blue Bonnets.

Halsey won two races yesterday at Dufferin Park, while the other six went to different jockeys. Laura in the first race was the colly favorite to win. Tackle, in the fifth, at 10 to 1, was the longest shot of the day to finish in front. Summary:

FIRST RACE—Purse \$300, for two-year-olds, about 5 furlongs:

1. Laura, 104 (Carter), 2 to 1, even, and 1 to 2.

2. Rummage, 107 (Halsey), 5 to 1, 2 to 1 and even.

3. Shippegan, 109 (McIntyre), 4 to 1, 2 to 1, and even.

Time 1.03 2-5. Hopdes, Ratigan, Littlest Rebel, Oddcross, Mary Pickford also ran.

SECOND RACE—Purse \$300, for three-year-olds and up, about 5 furlongs:

1. Spirells, 111 (McCarthy), 3 to 1, even and 1 to 2.

2. Booby, 116 (Warrington), 6 to 1, 2 to 1, and even.

Time 1.03 3-5. Etta Ray, Mrs. Lally, Ponkatasset, Belle Chilton, Mon Ami, and Dorothy Webb also ran.

THIRD RACE—Purse \$300, for three-year-olds, about 5 furlongs:

1. Bavell Lutz, 106 (Halsey), 6 to 1, 2 to 1, and even.

Time 1.03 and the first race. The second race was a runaway one for Merion Galety, which finished three lengths ahead of the field. There was a sensation, ass usual, in the steeplechase, and four jockeys was runaway one for Merion Galety, which finished three lengths ahead of the field. There was a sensation, as usual, in the steeplechase, and four jockeys were thrown—Bowser on Racewell, Pemberton on Noble, Kermath on Octopus and Beamish on Ju Jitsu. The latter horse was remounted by Jockey Higgins and finished the race. The accident occurred at the twelfth barrier, and none of the jockeys was hurt. Summary:

FIRST RACE—For two-year-olds, food of the field. There was a sensation, assual, in the steeplechase, and four jockeys were thrown—Bowser on Racewell, Pemberton on Noble, Kermath on Octopus and finished the race. ten boats daily."

Thus does N. N. Jorpland, manager of the Canadian Northern Coal Docks, describe the fuel situation for the west. He stated that 1,200,000 tons of anthracite and bituminous coal would be handled at the Canadian Northern docks this season.

KINGSTON Enginess men.

CORNER OF DUPONT AND CHRISTIE SOLD

Site for Six Storey Reinforced Concrete Factory.

After negotiating for some time to secure a suitable site for their new factory the Ford Motor Car Company of Canada, Limited, purchased the northwest corner of Dupont and Christic streets. The property has a frontage of 200 feet on Dupont street and runs 206 feet along Christic street to the C.P.R. tracks. The purchase price was at the rate of \$300 per foot, or \$60,000 cash. The sale was put thru by Enoch Thompson, Limited.

The purchasers intend to erect a The purchasers intend to erect a six-storey reinforced concrete building on the site at a cost of \$250,000.

of Bowmanville fair. Judging of
live stock begins at 1 p.m. Randow
Bros. Trio and Japanese Troupe will give a performance in the afternoon before the grand stand which has Winter's Supply is Pouring in Rapidly in Advance of Close of Navigation.

"For the first time in years the west is to be free of coal shortage troubles. The different docks along the harbor at the head of the lakes are filled to capacity, and at the present time fuel is_being brought to the Twin Cities by the all-water route at the rate of from eight to ten boats daily."

Thus does N. N. Jorpland, manager

before the grand stand which has been enlarged to meet the demands. A good concert in the opera house will be given in the evening. Contests in the horse ring will be better than ever. Fruit, vegetables, domestic science, fine art, and ladies fancy work departments promise to be fully equal, if not better, than any former year. Arrange to attend and meet your friends. Single fare on all rail-ways. J. S. Moorcraft, secretary, Ebwmanville.

KINGSTONIANS ON HOLIDAY.

KINGSTON, Sept. 10.—(Special.)— Business men of the city had an ex-cursion among the Thousand Islands son.

"Already there has been 700,000 tons unloaded from the freighters," he said, "and, we are going to keep the 'black diamonds' moving until the ice comes."

Mr. Jerpland further stated that the company would handle approximately 50,000 tons more than last year.

Business men of the city had an excursion among the Thousand Islands today and in meeting discussed civil problems and talked optimistically of Kingston's future. Senator Taylor's island home was hailed and cheers and congratulations extended.

Wheels of Society

E VER since the beginning of time aristocracy has rid-

It never made any difference what the prevailing method of travel was, chariot, ox cart, sled, or carriage, aristocracy was, on the inside. And the multitude always had to scurry to the curb to keep from being run It's the same today. Aristocracy whizzes by in auto-

mobiles, casting dust into the eyes of the pedestrians. If you want to be in the procession you'll have to have an automobile. It doesn't make any difference what kind you get, but you'll have to have one of some kind. . All, over the country literally thousands of cars are

being bought and sold every day. It is certainly unneccessary to say that these are not all new cars. And yet somebody is using every one of these cars: somebody is getting pleasure out of them. And many people are paying just about one-third or one-fourth what

these cars originally sold for. You probably thought that you couldn't afford a car, But if you only knew how little some of your friends have paid for their cars, you would get that idea out of your head mighty soon.

Over in the Want Ad columns of this paper, under the heading of Automobiles you will find very quickly that you can afford a machine as well as the rest.

A few hundred dollars and a few gallons of paint, and away you go whizzing across the country, enjoying every minute of the day.

Now turn to these Want Ad columns immediately. Begin looking for the car that fits your pocket beok. Begin getting in touch with these people who are trying to sell. And before you know it you will be in the parade, not watch-

And mention this paper please when you answer these Ads.

IMPRESSIVE RISE IN LOCAL SECURITIES

Complete Reversal of Form in Activity in Stock Inspired So Toronto Market Inspires Enthusiasm.

SHARP RISE IN PRICES

Barcelona Traction a New Face in the Security List.

There was a complete reversal of form in the Toronto Stock Exchange with a Canadian charter, the directo yesterday, a sharp upturn in security in any sense of the term, but offerings co and were scant y,and traders who had buying orders to fill found it neces-

setback of Tuesday as one of the inpany every upward swing of any importance, cited the recovery as a justification of their views. It was pointed out that since the inception of the rally after the low point of July 9, stocks had made up at least one-half of the loss since the first of the year, which is to say that the gain in two months had wiped out over half of the downturn which was strung over half a year. There has has been pretty gradual, but it has embraced practically the whole list, and as such has cheered sentiment considerably.

Improved Feeling.

The improved feeling yesterday was more impressive than anything which had occurred in some time. Toronto Rallway was up a full three points to 143, its highest since May, when 145 5-8 was reached, ince when the quotation has gone as low at 135½. There appears to be an accumulation of these shares under way, presumably in anticipation of the deal with the city. Mackay was up a large fraction to 83 7-8, and Consumers' Gas gaintermediate recessions which accom-

in anticipation of the deal with the city. Mackay was up a large fraction to 83 7-8, and Consumers' Gas gained over a point to 179½, representing buying for investment. Porto Rico, at 61, was at its highest in four months, the rise being inspired by more favorable reports regarding the position of the company. In July the shares sold as low as 50. B. C. Packers, which has gone aeroplaning several times vorable reports regarding the position of the company. In July the shares sold as low as 50. B.C. Packers, which has gone aeroplaning several times of late, rose another three points to 140, comparing with 124½ a little over a month ago. Despite rather discouraging reports from the west, it is said that this company has enjoyed an excellent season. Duluth Superior and Dominion Steel were other strong points, the latter moving up a couple of points to 49, doubtless due to short covering. Montreal advices state that the bears had overstepped themselves on the recent raid. Spanish

Reorganization Plan for First-Second National Which Failed Recently.

PITTSBURG, Sept. 10 .-- A proposition was submitted at a meeting of the larger depositors of the closed First-Second National Bank yesterday whereby the bank may be able to reopen within a short time. Only depositors with balances of \$25,000 or more sitors with balances of \$25,000 or more were in attendance. It is understood that the plan calls for entirely new management. The institution was closed by order of the comptroller of the-currency a couple of month ago.

The proposed plan, which was submitted by a committee of the stockholders, provides that the capital be reduced from \$3,400,000 to \$850,000 and the surplus to \$170,000, that immediatethereafter the capital be increased

Income Fell Below Last Year, But Decline Was Not Indicative.

WASHINGTON, Sept. 10 .- During

The operating income during the month increased \$64.52 over what it was the same month of the year previous, and the operating expenses increased \$65.75. However, the statement of the commission shows that the decrease in operating income of the roads during June, 1913, was not as great as the increase in the same tien during. he increase in the same item during June, 1912, by at least \$1.15 per mile road operated.

MAXIMUM INTEREST IS PAID ON BONDS

The Lake Superior Corporation will pay the full 5 per cent, interest Oct. 1 on its \$3,000,000 non-cumulative income gold bonds, the same rate as was disbursed in 1912. These bonds are dated May 21, 1904. It is required that they shall pay interest of not less than per cent and not more than 5 per cent. The rate of interest depends upon the earnings of the company, and the maximum rate was paid last year.

"BARCELONA" MAY BE MARKET LEADER

as to Make Active Market Here.

A good deal of interest was taken yesterday in the active dealings in Barcelona Traction shares in the Toronto stock market. This security is only sparsely held in Canada, and up to the present time has been dealt in rather sparing ly in London, where the bulk of the stock is believed to be concentrated The company is a Pearson enterprise

with a Canadian charter, the directorate including Dr. F. S. Pearson (president), R. C. Brown, Miller Lash, Walter Gow and E. R. Wood of Toronto, as well as London, Paris, Mexico and Barcelona interests. The capitalization is \$30,000,000 in common stock, \$5,000,000 of which was authorized a couple of months ago, and £7,500,000 in 5 per cent. first mortgage bonds. The company has been modernizing the traction plant at Barcelona, and while no dividends have been paid on the common as yet, it is understood that earnings are highly satisfactory.

General List Responded Activity and Strength in New York.

that the bears had overstepped themselves on the recent raid. Spanish River was higher in the morning, but it lots its advance before the close. Macdonald and Cement wound up at small declines, and Twin City was also lower, dipping below 107 again. Barcelona Traction appeared in the list for the first time in its history, tho the shares have been listed for years. They sold between 33 5-8 and 34 1-4.

PITTSBURG BANK MAY

REOPEN ITS DOORS

Recorganization Plan for Firstand closed with a net gain of 1 3-4. while the latter, after reacting to 33 3-4, recovered to 34 1-4 and finished the day only 1-8 lower than on Tues-

ion Bridge all showed gains. Total business: 6901 shares. 1083 mining shares, 1235 rights and \$12.100 bonds.

MEXICAN GOVT. WILL MEET OBLIGATION

Full Interest on National Rail-

ly thereafter the capital be increased to \$5,000,000 and the surplus to \$1,000.000, that present stockholders be allowed to subscribe for the new stock for ten days after its authorization, and that the unsubscribed stock thereafter be offered to the public. All balances in savings account and other credits of less than \$2000 will be released and placed on the same footing as before the suspension.

That larger creditors will have placed to their credit and subject to cheque 50 per cent. of amount of claim.

JUNE REPORT ON

Hallways of Mexico yesterday it was learned that afficial advices had been received from Mexico City stating that the government had agreed to provide whatever ment had agreed to provide whatever money might be necessary to meet the company's Oct. 1 interest obligations, the total of which is approximately \$1,500,000 United States currency.

The fact that the government is able to make good on Oct. 1 whatever part of its guarantee on the general mort-gage 4 per cent, bonds that may prove to be necessary, is taken as conclusive proving. Before another interest period of the National Railways of Mexico comes around it is quite possible that RAILWAY EARNINGS comes around it is quite possible that general conditions in Mexico will improve sufficiently to enable the company to earn its fixed charges.

EXTRA DIVIDEND ON U. PACIFIC RUMORED

WASHINGTON, Sept. 10.—During June, 1912, the operating income of all large railroads of the United States was \$63.827.071, according to a state-commission. The operating income per mile of road operated was \$287.19 during June, which was a decrease of, \$5.43 from the operating income in June, 1912.

The operating income in June, 1912, The operating income of all Erickson Perkins & Co. (J. G. Beaty) wired: After the small reaction after midday, the market developed a strong tone and ended at the best prices of the day. Most of the news favored a raily, the decrease in unfilling the control of the contro Erickson Perkins & Co. (J. G. UNION PACIFIC IN CENTRE OF STAGE

Belief That Melon is Ripening Inspired Brisk Demand for Shares.

GAINS WERE GENERAL

Removal of Uncertainty as to Tariff and Crops Cheers Bulls.

NEW YORK, Sept. 10 .- Stocks mov ed upward today with Union Pacific in the forefront. It was largely around this leader that the market revolved. Altho several influences contributed to the strength of the list. apeculative activity on the long side.

The rise in that stock of four points.

The rise in that stock of four points. issues, was much in excess of the gain achieved by the other active shares It was the direct outcome of reports that a cash bonus would be distrite Union Pacific stockholders.

Since the sale by Union Pacific of its holdings of Southern Pacific, various unofficial reports have been circulated in the street as to the probable disposition of the proceeds. The able disposition of the proceeds. Tumor that a cash distribution wou umor that a cash distribution would e ordered was repeated today in mor-ircumstantial fashion, and alth-ticking official confirmation, was the rincipal cause of the advance in the of the road, declined either to con-firm or deny the report. Shorts found the floating supply of the stock scant, and their efforts to cover together with buying for the long account, ran up the price sandly.

price rapidly.
Uncertain Factors Eliminated. The buoyant movement in Union Pacific influenced the rest of the list which turned strong after an irregular opening. Bullish operations were facilitated by the fact that the passage by the senate of the tariff bill and publication of the government's crop report yesterday virtually put an end to the uncertainty felt regarding report yesterday virtually put an end to the uncertainty felt regarding these two factors. It was held that the worst was now known concerning damage to the corn crop, and that Wall street and the business world now had definite knowledge of what was to be expected in the way of tariff changes.

The decrease of 175,000 tons reported in the monthly statement of U.S. Steel, while showing another failing

Steel, while showing another falling off, was interpreted as a favorable development, at least negatively, for a considerably larger shrinkage had been predicted.

Bonds were irregular with narrow

NEW HIGH RECORD IN MINING DIVIDENDS

Over Sixty Million Dollars Has Been Paid so Far This Year.

Disbursements by Canadian and United States mines and metallurgical companies for the first eight months of the year were the highest ever on record for that period, according to the compilation of The Mining World. The dividend payments of 144 concerns totaled \$67,211,409 from Jan 1 to Aug. 31, which brought the total payments gives every extensive of the corporations. since organization of the corporations up to \$882,488,572. As/the combined mining enterprises have a capital of \$790,659,824, this means that dividends have amounted to \$92.828.748 in excess of that figure. No less than 65 of the 144 companies have redeemed their capitalization.

The record does not include the dividend payments of such large concerns as the Amalgamated Copper Co., American Securities Corporation, Copper Range, the Guggenheims and Phelps Dodge syndicates, whose revenue is derived from their holdings of mining NEW YORK. Sept. 10.—Upon enquiry at the local office of the National Railways of Mexico yesterday it was learned that afficial advices had been received.

Mexico City.

M

CHEERFUL TENDENCY

which started in American snares and copper stocks, extended to the other sactions, even home rails participating and closing higher. Better labor news helped gold mines, but Japanese bonds eased off.

American securities opened steady.

American securities opened steady.

The syndicate in which Mr. Sutherland is interested has invested over a million dollars in the venture already, which promises to develop into one of the big copper mining enter-

with prices around parity. Union Pacific was the feature of the trading. prises on this continent. The stock advanced a point during the forenoon and later jumped two more on New York buying.

MUST BE PREMATURE

NEW YORK, Sept. 10 .- New York pankers know nothing of negotiations for a \$10,000,000 Turkish loan reported in Constantinople dispatches. In houses which would know if such a loan is being arranged with American bankers been secured from private individuals,

The despatch referred to was to the offect that Turkey had arranged with a syndicate of United States bankers for a loan of \$10,000,000.

BANK CLEARINGS OF THE CONTINENT

Winnipeg Drops Back Further in Scale-Toronto in Tenth Place.

exception of Winnipeg, held their usual positions in point of bank clearings last week, the report for the United States and Canada, which is slightly delayed, containing little of interest. Montreal in eighth and Toronto in tenth place were urchanged, tho the fact that the eastern centre did not regain any of its lost ground of the previous week, when it dropped from sixth to eighth place, occasioned some disappointment. Winnipeg took another slump from fifteenth to sixteenth that being the lowest rank it has occupied in a long time, and comparing with a standing of twelfth only a couple of weeks ago.

STEEL REPORT SHOWS A SMALL ADVANCE

Fifth Consecutive Reduction in Unfilled Tonnage-Poorest Record in Years.

NEW YORK, Sept. 10.—Unfilled orders on the books of the United States Steel Corporation on August 31 totalled 5.223, 428 tons. The decrease in unfilled orders for August was only 175.888 tons, improving business having resulted from a reduction in prices. In July there was a decrease of 408.000 tons; during June a decrease of 417.005 tons; during April a decrease of 496.194 tons, and during March an increase of 490.194 tons. The present total of 5.223.428 tons unfilled tonnage compares with 7.468.956 tons on March 31, 1912, and 6.163,376 tons on August 31, 1912.

A comparison of the showing of unfilled orders follows:

August 31, 1911...... 3,695,985 August 31, 1910...... 3,537,128

GERMAN BANKERS ARE MOVING CAUTIOUSLY

New Capital Issues for Year to Date Smallest in Long Time.

LONDON. Sept. 10.—The unfavorable monetary situation in Europe is being reflected by the repression of new security offerings in various countries. Now comes the report of new capital demands in Germany, which shows that the investment in new enterprises and increases of capital for the second quarter of 1913, was only \$70,747,000, the lowest figure for that period since 1909. Since the record of the first quarter was the smallest since the American panic of 1907, the effect of the unfavorable money market conditions, political complications and uncertain business situation is plainly manifest.

The record is as follows:

TORONTO BROKER IN BRITISH SYNDICATE

IN LONDON MARKET

Mr. Hugh H. Sutherland of F. C. Sutherland & Co., brokers, Royal Bank Building, left for the west this week in company with a party of British capitalists, to inspect a copper mining proposition on Vancouver Island in which they are interested. The party buying and bear covering. The rally which started in American shares and copper stocks, extended to the other sections, even home rails participating.

Mr. Hugh H. Sutherland of F. C. Sutherland & Co., brokers, Royal Bank Building, left for the west this week in company with a party of British capitalists, to inspect a copper mining proposition on Vancouver Island in which they are interested. The party included Hon. Sir James Sivewright, K.C.M.G.; the Earl of Denbigh, Major Frank Jonson, M.P.; H. G. Latilla and Lady Marjorie Fleiding.

BIG MINING STOCKS LEAD THE MARKET

Dividend Payers Are in Sustained Demand for Investment Purposes.

NEW RECORD ATTAINED

Pearl Lake and Timiskaming Under Pressure—General List About Steady.

The most significant feature of the mining exchanges these days is the entinued investment demand for the the dividends on Crown Reserve and McKinley-Darragh, this action might be viewed as somewhat of a surprise, but it is just another indication of the public confidence in the Cobalt

Despite the report from New York that rumors of an extra dividend to be declared by the Nipissing were absolutely unfounded, there were persons yesterday who were bidding for the stock, and who wanted it badly enough to raise the quotation tenpoints, to \$9.13, which was a new high record since last April. The company pays 20 per cent. per annum in dividends, and at the current level offers a return of about 16 per cent, on the investment. There 16 per cent. on the investment. This a surplus of about \$1,500,000 hand, and as a large portion of the property has not been even explored many shareholders expect that the directors will soon decide to do bet-

for the shareholders.

Dividend Yields Attractive. Kerr Lake was the other bright pot of the big stocks, gaining ten coints at \$3.55, which was its best inder the top for the year recorde 20 per cent, per year, and the return 20 per cent. per year, and the return about 28 per cent. on the present price, which is considerably more than most of the other big mines offer. Buffalo was up to \$2.65, a new high record in months.

Outside of the movement in these securities interest was centred in the Control of the con

Cartwright stocks, Timiskaming and Pearl lake, both of which turned weak. The former was off a coupl of points, to 23, duplicating the recen low record, and Pearl was lowered nearly 3 cents, to 301-4, which wiped out practically all the recent advance Current gossip was to the effect the the bear interest was active in both instances. Jupiter recovered a point of its recent loss, Beaver was also improved, and Crown Reserve made up 5 points of its decline, rallying to \$1.55. Trading in all these issues was dull however and the errette price. dull, however, and the erratic price swings did not attract any particular attention. Poscupine Crown made a new high record at \$1.32.

WETTLAUFER MAY PAY DIVIDEND SOON

Shareholders' Ratified Bylaw at Special Meeting-Donsiderable Money on Hand.

At a special meeting of the stockholders of the Wettlaufer Lorrain Silver Mines, Limited, in New York, yesterday, the proposition to accept by-law No. 20, which was passed by to declare and pay dividends out of the funds of the company derived from its operation notwithstanding that the value of net assets of the company may be thereby reduced to less than the par value of its issued H. H. Sutherland Will Pilot Noblemen to Big Copper Proposition in B. C.

We have by Sutherland of F. C.

He stand the par value of its issued capital stock, and that the directors be empowered from time to time to declare and pay such dividends.

The adoption of the by-law was to enable the company to conform with the Canadian laws. The company has approximately \$200,000 cash and quick approximately \$200,000

No Deal for Control Under Consideration - President Cartwright Rapidly Recovering.

RUMOR IS DENIED

The report appearing in a New York paper the other day to the effect that important New York interests are dickering for control of the Pearl Lake Gold Mines Co., was given an absolute denial last night by Mr. H. L. Kramer, vice-president of the company, who stated to The World that the present controlling interest had no intention of parting with their holding, and that propositions submitted g, and that propositions submitted them had been turned down some

The same paper published a story that the weakness of Pearl Lake and Timiskaming might be due to the fact that Mr. Burr E. Cartwright, president of the two companies, had recently suffered a paralytic stroke. Mr. Cartwright has been ailing for some time, but the stroke in question afflicted him some time ago, and he has now almost completely recovered.

He was in Toronto only a few days ago and expressed himself as rapidly regaining his accustomed health, and as having a god many years of fighting still ahead of him.

Algonquin Park in September.

In the Algonquin National Park of Ontario the month of September is one of the most beautiful of the year. The "Highland Inn," situated on Cache Lake, 2000 feet above sea level. offers all the comferts one may desire at reasonable rates. The region is a natural playground of over 2.500.000 acres, only 168 miles west of Ottawa and 200 miles north of Toronto, and those who love nature and the wild things that live in her confines can enjoy themselves there to their heart's content. For anyone whose nerves are troub'esome or through overwork needs a rest, or whose Lealth is run down, there is not a more beneficial place in America.

Write to J. E. Colson, manager, "Highland Inn." Algonquin Park Ontofor all part'enlars and illustrated booklet.
