Winnipeg, May 17.-The strike situation in Winnipeg was complicated another terrific attack by the Germans is imminent. It is indicated that the British expect the new attack to be on as great a scale as that of March 21, when the fighting was begun over a front of fifty miles. The hast in the German assault has given the Teutons a chance to reform their shattered divisions, it is admitted, but it has also allowed the allies to strengthon their lines. The arrival of American troops, which are coming to the battlefield in large numbers, is another factor in favor of the entente allies, it is pointed out.

further today by the walkout of cartiver age teamsters, about 200 in number, in sympathy with the striking civic employes. With a number of other unions threatening a walkout, and the street railway employes taking a strike vote Saturday, solution of the problem confronting the people of Winnipeg seems further off than ever. The federal government has anounced that it has no power to force the civic employes to bring their differences to arbitration, which was demanded by the city council as the only solution of the dispute they would recognize.

Minor clashes between strikers and citizens are reported. The fire halls' further today by the walkout of cart-

citizens are reported. The fire halls and fire alarm boxes are said to have been tampered with, but no arrests have been made.

Rome, May 17.—The war office communication issued today says:

"Effective artillery firing occurred along the portions of the front where the enemy was more active, at Tonale, in the Val Lagarina, at Val Arsa, in the Asiago Basin and along the Plave.
The Italians dispersed hostile detachments, while Italian and British patrols had brisk encounters with enemy patrols on the Asiago Plateau and other districts."

Four men drove up to fire hall No. 14 at midnight dast night and attacked Thomas Baird, who was then in charge of the hall. On his calling for help, however, the attackers returned to their auto, and rushed off. Germany Has Received Less Than One-fiftieth of What Was Expected. Amsterdam, May 17.—"Only 1,852 tons of grain have arrived in Germany from the Ukraine," says The Koelnische Volkszeitung, a copy of

Air Fighting Favors Allies.

"The air fighting during the past week has been heavily in the allies' favor. Between' the ninth and the 15th we downed 71 enemy planes, to 19 of our own missing. This shows a situation infinitely better than twelve months ago.

"The allies' aerial success has been a large factor in bringing the first stage of the German offensive to a standstill.

"The situation on the west front today is much as it has been before. The German command, finding that the momentum of the first rush has been expended, has tried smaller attacks, but finds that they do not pay. Our experiences in the past have been similar. It is clear that an initial success is the cheapest and that the further one goes without pause the more costly attacks become, until the ratio of loss to profit becomes prohibitive. So now the Germans are preparing for another really big move.

Chain on Germans.

"But the more time they take in preparation the more time they take in preparation the more time we have for defensive plans.

"In the meanwhile there is great strain and wastage to the German troops in the line from shell fire, gas, and other causes. The longer the enemy waits the better becomes our defenses and the more perfect our counter-plans.

"Regarding the war situation as a "Regarding the war situation as a whole, we urge the importance of the public retaining the proper sense of proportion. We have got a long row to hoe, and for the whole summer the situation must continue to be an anxious one. It is not the loss of this or that ridge or position which counts, but the effect of the operations as a whole and the problem of the replacement of man-power. In the long run man-power will be the vital factor."

* WAR SUMMARY *

THE DAY'S EVENTS REVIEWED

Two British raids of sufficient importance to appear in the bulletin line of the River Playe. Italian and from general headquarters, marked British patrols on the Asiago plateau the operations yesterday on the battlefront. The scene of one was near Beaumont-Hamel, where by night, they took a few prisoners and the scene of the other was at a point scene of the other was at a point north of Merris, where they rushed a German post and killed or drove out its garrison. The usual intense artillery firing and counter-firing out its garrison. The usual intense artillery firing and counter-firing

prevailed.

The allied operations in the Balkans have subsided to artillery duels, patrol encounters and aviation raids. If the allies intend a big offensive in this refrom striking their expected Their long wait has deprived first offensive of its driving to make another powerful Their tired men are resting if they wait long enough they back from striking their expected power; but they are massing their forces to make another powerful and, if they wait long enough, they will be able to launch as powerful assault as at the beginning; but as against this increase in German strength, the allies are gaining strength, too. so that their resistance will be much stronger than it was in April. Each side has been measuring the capacity of the other and in the last analysis it is a fight of brains and nerves. Foch, with nerves of steel, has so far shown that he has brain-power of a high order. The Germans, it is thought, are striving to increase their mobilized brain-power by the addition of Von Mackenand, if they wait long enough, they

West Toronto Branch Entertained by Street Women.

The West Toronto branch of the Great War Neterans' Association was given a banquet Thursday evening by the women of Bloor Street Presbyterian Church in the church hall. Seventy-five men sat down to high tea and afterwards heard addresses from Rev. A. Logan Geggie and Sergt. Major Gustor. Rev. Dr. Wallace, the minister, also spoke briefly, and a toast to "The King" was drunk. Music was supplied by the St. Julien Glee Club and Mrs, Eileen Graham, violiniste,

country on the battlefields of Europe. As the names of those who have been killed or who have died in the King's service were read, the great audigice which taxed the hall to capacity, stood in reverent acknowledgment. Their sacrifice was not allowed to pass on such an occasion, and reference was made to it by the speakers. This spirit of gratitude was exemplified again when candidates for degrees, who had see enservice overseas, came forward for they were enthusiastically applauded. Those who are now on active service and unable to personally join in the ceremonies were applauded in like manner when their names were read.

If Russia reasserted herself it would be largely due to the insuration received in the evening. largely due to the inspiration received

Replying later, Hon. Mr. Root made a stirring address. He was tired of listening to talk, but prepared to see men act. "I hope, I believe, the half million men of the United States now in France, the million and a half who will surely be there before the close of the year, the many millions more." of the year, the many millions more who will be ready to increase their numbers—with the wealth, industry and devotion of 100,000,000 people behind, that we will stand with your men across the waters, with the men of England, Scotland and Wales, aye, and the men of Ireland, in the battle for common liberty, until by force of arms victory will be won with the downfall of the German beast of au-

tocracy," he said. The alliance between Canada and the United States was not an alliance for the protection of property, but rather for the protection of ideals, the principles of liberty and surety of justice. The reason differences between Canada and the United States had been settled without war was because two democracies were negotiating, each free of suspicion of the other's motives. "The world can not be half free and the other half Prustian "Democratic with the burning, stinging humor; at times it becomes almost unbearable, and in desperation you could tear the skin to pieces. Smokers, Attention!

Supplementing our last week's announcement in which we told you that for an indefinite period the "UNITED" would withhold advances on our own manufactured brands of cigars, we again wish to remind you of this fact, and submit herewith a partial list of these lines which at present prices are proving a very great bargain. These prices will only prevail for a very short time, and we would advise you to stock up as much as possible.

Blackstone Cigars

We have had a very large run on this brand, and can highly recommend it to the most exacting smoker. An all-Havana filler, and Sumatra wrapper.

3 for 25c.

Havana Brown Cigars

This Cigar, as we have told you before, is equally as good as the "Blackstone," but somewhat milder. The Havana filler is a secret blend, which makes it a most delightful and enjoyable smoke.

Suddenly I was very cool. I shook my head at Merton. He had been about to speak, to explain. I knew that was in his mind, by the way he glanced toward the window.

"Yes, I think you are right." I said coldly, remembering how pleased Mrs. Sexton had been when I had come out ahead of Julia Collins once before, by keeping cool. "And you surely, should know: Celeste told me she had a friend who worked for you as private maid. And, you know, French maids talk to each other."

Merton turned away to hide the smile trembling on his lips, and Mrs. Loring broke in:

"What are you two scrapping about? I can fairly see your claws, Julia?"

"Oh, pardon me!" I exclaimed, "but I so want you to meet my brother. David!" I called, "Come and meet some of George's friends. My brother, Loring," I purposely spoke of him first, instead of following the correct manner of presentation. "And Evelyn, come out from behind those curtains! You know both ladies. Organization is Doing Big Work Among Those With Relatives at War.

Members of the Associated Kin of the C.E.F., to the number of 75, answered the call to attend a general meeting at the Central Y.M.C.A. last night, for the purpose of devising ways and means for more progressive action. Gordon Wright, Dominion president, addressed the meeting. He said that because there was not a whole column in the newspaper every day about the Associated Kin, the people should not think they were not doing anything. They were, but he thought it a pity that such an organization was necessary. He thought the government should be doing the work done by the Associated Kin. He suggested that the city be divided into districts, with local committees to look after the interest of the members. local committees to look after the in-terests of the members. Mr. Wright estimated that there were at least 1000 mothers in Toronto that had lost sons at the "ront, that should be honored with decorations. So far only about 100 had been nominated for decoration. He spoke of the great work done by the Associated Kin in other countries, especially Australia; and the unity of thought that any good suggestions were passed all round the world. Bi-nesia Stops Stomach Trouble Or Money Back

INSTANT RELIEF GUARANTEED.

Recently a writer on the treatment of stomach troubles, who has claimed that practically all stomach trouble is due to acidity, decided to put his theory to the test. Every sufferer from stomach trouble was told to take a teaspoonful of pure Bi-nesia, or 2 or 3 of the 5-grain tablets, in a little water, immediately after eating, or whenever pain was felt. The test completely vindicated his theory, for immediate relief was indicated in nearly every one of the first hundred reports received, showing conclusively that the trouble had been due to stomach acid, which, as is well known, is instantly neutralized by Bi-nesia. Since making this test, the well-known manufacturing chemists who have specialized in preparing pure Bi-nesia exclusively for stomach use have arranged to place in every package of genuine Bi-nesia, either tablet or powder form, a binding guarantee contract of satisfaction or money back, proof positive of their belief that nearly every so-called dyspeptic is really suffering from acidity, and their confidence that genuine Bi-nesia will instantly neutralize stomach acid, stop food fermentation and thus relieve the troubles caused thereby.

Ida Discusses Who Was to Blame for Leafs Becoming Stranded at Border.

Sy ids L, Webster.

"Game called off, as the Toronto Club is detained at the border," is the message which was sent out from baseball headquarters, but it must not be supposed that the reason the club was detained at the Suspension Bridge was merely a matter of over-zealbusness on the part of the United States military authorities, because such was not the case. It was a matter of boneheadedness on the part of the executive of the Toronto Club. These worthles, from their form to date, should be handling the notion counter in some general store.

Over a week ago a law went into effect whereby all men who were in the U. S. A. draft, and who desired to leave the country, were forced to get a permit from their local exemption board. Every newspaper in both countries made mention of this new law, and it would be only natural to imagine that every man ho was interested in any way in the war would have read this article. It might oe remarked that, evidently, ball players, like actors, look only for their own names in the papers, and such small matters as government laws and regulations are not worthy of their attention.

But, at that, had the executive of the Toronto Ball Club been on the job, they would have seen to it that the players got these permits from their local boards. We understand that one member of the press even went to the trouble of reminding the precident of this, but it was apparently kindness wasted, as is usually the case, because there was nething whatsoever done in the matter. It merely being another proof, if one is needed, that one-half meddlezome fools. There can be no excuse for goods neglisence, and no alibi. The deferring of the opening game yesterday was a fitting climax to the efforts which have been put forth in the form of the club, itself. There is one thing in avery country which can be neither bluffed nor fooled, and that is the government, and, in this case, the United States military authorities did perfectly right when they refused to permit the Toronto ball players to enter Canad

Was discovered that there were neither balls nor bats in the city. We do not know just what the official excuse is, if there is one, but it would in all probability be both extremely boring, and extremely futile, The fact remains that in a city of a half a million people the opening baseball game of a class AA league must needs be called off because the home club has not ball players.

Dan Howley deserves the sympathy of the English-speaking world, and undoubtedly he will get it. If ever a man jumped from the frying pan into the fire, it is he, and the season is only starting. With Dan it is going to be "a great life if you have endurance." The lighting spirit for which he is so famous was almost broken yesterday, and the old smile came with an effort, but then it is marvelous that he had ambition enough to make the effort. It must be clearly understood that Howley is in no way responsible for the "non-appearance" of the players. He is the playing manager, and is not supposed to have anything whatever to do with the transportation or any other executive work connected with the club. One may easily imagine his feelings when the men were taken off the train, and particularly on such a day, but he was perfectly helpless, and all the persuading in the world would not have made their entrance to this country possible under the conditions.

Double-Header Today,

Word has been given out that there will be a double-header today, but so far there is not any authoritative reason for believing that the eight players who were refused entry will be able to cross until they receive the necessary papers from their own boards. It will be readily seen that would mean some delay, as the players come from all states in the union, and exemption boards as a usual thing are not speed artists. There is a possibility that President Farrell might be able to come in, but this also would take time, and in the meanwhile the Binghamton Club is here waiting to take a smash at the Leafs.

Chick Hartmann, manager of the Bingos, in speaking of their entrance into Canada said: "We had been warned beforehand to get the necessary papers from the boards, and, as we had them and a dozen others, stating that all the men on the club were properly registered, we had no difficulty in getting in. I was sorry to hear of the trouble the Toronto boys met with, and certainly hope 'hat they fix it O.K. by today." Mr. Hartmann has had the m

tory.

One thing is certain—if it is humanly possible, the belated players will be rushed in this morning and two games played this afternoon. So keep your phone busy and be ready to hop a boat for the ball park.

MANY IMPORTANT SOCCER FIXTURES

On the Card Today-Two Games at Varsity Stadium -The List.

The soccer games scheduled today are.

Anglo-Scots v. Linfield, at Dovercourt Anglo-Scots v. Linfield, at Dovercourt Park.
Linfield Rovers v. Davisville, at Frankland School, 2.45 p.m.
St. David's v. Parkdale Rangers, at Earl Grey School, 2 p.m.
Beaver v. St. Cyprian's.
Provincial League.
Davenport Athion v. Hamilton, at Varsity Stadium, 4 p.m.
Wychwood v. War Veterans, at Appleton avenue, 3 p.m.
Royal Air Service v. Toronto Scottish, at Jesse Ketchum, 3 p.m.

One of the most interesting features of the soccer program for this afternoon will be staged at the Victoria College Athletic Field, Charles street, where the T.S.R. and Baracas hitch up in a double-header with the "Invalids" from the Bace Hospital and the newly-organized Royal Canadian Dragoons. The T.S.R. promises to produce a much stronger team than they had last week, and will do their utmost to lower the proud record of the undefeated "Invalids."

The second game should prove most interesting, for while the Baracas have yet to break their duck they are certainly putting up an excellent brand of football. The R.C.D. are more or less of an unknown quality, but as they have drawn some of the best talent from both the T. & D, and Provincial Leagues, it is certain that they will be well remembered, and the game should be a battle royal. The following Baracas players are asked to be on the field at 3.45 promptly: Vanderberg, Thornton, Shaw, Hunter, Cowan, Stevenson, Saits Gray, Knights, Nevin, Proctor, Burton, Turrell, Stewart, Hyde, Griffith.

It is requested that all soccer players wear a black arm-band today out of re-spect for Leslie Adgey.

Today Parkdaie Rangers F.C. meet St. David's F.C. at Earl Grey School grounds. Kick-off lat 3 p.m. sharp. The following players of the Rangers are requested to be on hand: Baird. Brigaitis, McCaske'll. Bell, McCutcheon, Fleming, Barkey, Todd (captaia), Mason, Hunt, Taylor, King, Davies, Silk and Park.

Wychwood team to play War Veterans today picked from Smith, Anderson, Williams, Duff, Finney, Elliott, Macdonald, Thomas, George Drummond, Bartholomew, David. Players please note. Kickoff at 3 o'clock sharp at Appleton avenue.

Sons of England and Ulster will play a senior T. & D. game at Dunlop Field this afternoon,

\$2.70.

2. Brother MacLean, 109 (Gentry), \$11.70, \$5.90.

3. Iwiniwin, 108 (Metcalf), \$4.90.

Time .55. First Pullet, Linden, Misse Proctor, Effic Randell and Monarch also ran.

SEVENTH RACE—Claiming, purse \$800. 3-year-olds and up, 1 mile and 70

\$2.70.

A good game should be witnessed at Jesse Ketchum School grounds on Davenport road this afternoon between Royal Air Force and Toronto Scottish. The "Angels" have never been able to route the Scottish, but Trainer Newman tells us they are out to collect two points \$400.

Willys-Overland will play C.A.G.S. at
Lambton Athletic Grounds today. Kickoff at 3.15. The following Overland players have been selected to carry their team
to victory: Smith. Herring. Dierdon.
Sullivan, Worrell, MacDonald, Hunt.
Hassan, Oakley. Ballile, Brooks. Reserves: Baker, Tuppling, Neish.

Duniops and Old Country will meet at
Varsity Stadium today at 2.15. As neither team has been defeated this season,
e. a good game should result. Duniop team
will be selected from the following: C.
st. Coombes, Richardson, Yeates, Edwards,
Peden, Cooper, E. Coombes, W. Hamilton, J. Lowe, McChristle, Crawley, Sturlation, J. Lowe, McChristle, Crawley, Sturgiss, McKay, J. Hamilton and E. Wilkes. Siss, McKay, J. Hamilton and E. Wilkes. A fast game is anticipated when Baracas and the Royal Canadian Dragoons meet today at 4.15, at the Victoria College grounds, West Charles street. This is the first game for the Dragoons this season, and if the play shown at practice is repeated Baracas will be kept at full stretch all the way. These old opponents always furnish an attractive game, and they may be depended upon to again display excellent football. A visit to the ground will be amply repaid. The following players are requested to be at the ground at 2.30; Galbraith, McEwen, Whiteman, Brown, Laird, Thompson, Blackett, McCallun, Fairbanks, Wilson, Green and Caddick.

BAN QUICKLY ANSWERS

Chicago, May 17.—President Ban Johnson of the American League of baseball clubs, announced tonight that in response to an appeal of the Red Cross for baseball equipment for the use of hospital units overseas, his organization had appropriated \$5000 for the purpose, and that shipment of paraphernalia will start tomorrow for France. The shipment will include 2000 balls, 500 hundred bats, 50 first-basemen's mitts, 50 catchers' gloves, 150 fielders' mitts, 100 chest protectors and 50 masks.

Montreal, May 15,—Jack G. Kent and
E. S. Keily, two local athletes, left tonight for Toronto to join the camp of
the Royal Air Force at Long Branch.
Jack Kent is one of Montreal's most
promising golfers and an allround athlete. He held the office of secretary
of the Whitlock Golf Club for two years
and resigned only a short time ago to
join the Royal Air Force.
E. S. Keily became prominent at akiing last winter when he won the event
in class B at the championships given
by the Montreal Ski Club at their jumps
on Cote Des Neiges Road. Keily is also
an aquatic polo player, having played
with the Montreal Amateur Athletic Association for some time.

Both enlisted and were accepted at the same time, and were accepted for service nearly a week ago. They were given a send-off at the station tonight by their many friends.

The chairman, on behalf of the board of trustees, paid tribute to the "unobtrusive faithfulness of Miss Gunn and the women who serve with her in the training school," the sentiment meeting with such applause from the nurses and audience that it was some minutes before Miss Gunn got a chance to read her report which stated that in the 36 years of its existence the institution had turned out 857 nurses, 52 of whom are dead, 136 not in touch with their alma mater, 261 married, 408 engaged in various phases of nursing, 83 on active service overseas and 32 in the military hospitals of Carada, six having won the Royal Red Cross of recognition for service. The address to the graduates was made by Mrs. Plumptre, who said that three elements entered into the life of the nurse—religion, science and service. The speaker referred to the early ages when the care of the sick was in the hands of the orders, men and women. Referring to Florence Nightingale, she said she had raised nursing to a profession, and that her example was an impiration to all nurses since her time.

Short addresses were also made by Drs. Marlow, McCollium, McIllwraith and C. K. Clarke. The work of Miss Kelly, the head nurse of the Burnzide, was referred to in glowing terms and brought emphatic endorsement from the audience. Lady Hearst presented the pins and diplomas. HOSTESS HOUSE READY.

The new Hostess House for the men The new Hostess House for the men in khaki, which was opened yesterday at 76 West King street, is ready to-day for the men for whose comfort an denjoyment it is intended. It is comfortably and brightly furnished, and in addition to the countless gifts from private individuals and firms, the sum of something over a hundred dollars a month is guaranteed for its upkeep.

COLONEL IN RESERVES.

Miss Colin H. Campbell, of Winni-Miss Colin H. Campbell, of Winnipeg, who is well known in Toronto, has accepted the hon. colonelcy of the Winnipeg Women's Volunteer Reserve. The newly-appointed officer has given support to the "new offensive" of the corps in training a large body for increased war service behind the lines in France. Miss Campbell will be in Toronto next week with the National Chapter, IO.D.E.

PLAYS PICTURES AND MUSIC,

Marie Cahill Returns.

The appearance Monday evening of Marie Cahill at the Princess Theatre, takes on something of an event, since it marks that popular and likeable singing comedienne's return to the stage after an absence of a few seasons. No player in her amusing field endeared herself more strongly to lovers of clean fun and lilting songs than did Miss Cahill in her series of earlier successes and her return from that even short retirement is a matter on which theatregoers are to be congratulated. Here in Toronto she is assured of a most hearty reception, congratulated. Here in Toronto she is assured of a most hearty reception, for her following here has always been generous in numbers and sincere in enthusiasm. Miss Cahill's appearance is brought about in a new comedy by George V. Hobart and Merbert Hall Wins.ow, entitled, "Just Around the Corner." The actress portrays a charming woman with a generous sense of the ridiculous, who finds herself suddenly called upon to assume numerous business responsibilities and the larger part of the fun in the comedy lies in the methods adopted by Miss Cahill when attacking present-day business problems. adopted by Miss Cahill when attacking present-day business problems. Additional promise is found in the announcement that during the course of the comedy Miss Cahill will sing a group of new songs. A distinguished company containing several favorite players surrounds Miss Cahill Important roles are in the capable hands of such well-known actors as Ethel Strickland, Eugenie Blair, Hazel Turney, Carol Lloyd, Eileen Wilson, Robert Conness, Joseph Conyers, Freeman Wood, Ralph Dean, Lorin Raker, Phillip Lord, Eugene Keith, Mann E. rheumatism, sciatica or neuralgia. Poor blood is the forerunner of nearly every ailment to which mankind is subject, and you can only enjoy ro-bust health by keeping the blood rich, red and pure. To keep the blood in this condition no medicine yet dis-covered can equal Dr. Williams' Pink Pills. Every dose helps to make new, rich blood which carries new health and new strength to every part of the body. When one becomes weak and pale, Dr. Williams' Pink Pills restore the blood, bring the glow of health to the cheek, and make weak, ailing people energetic and strong. Mrs. Stephen H. Williams, Kitchener, Ont., says:—"Some years ago." Ont., says:—"Some years ago my health started to fail. The doctor said my blood was thin and watery, but good. My joints and limbs would ache and swell, until it was almost impossible for me to get up and down, and no one knows how much I suffered or how discouraged I was. Reading of Dr. Williams' Pink Pills one day I decided to try them. I got a couple of boxes, and by the time I had taken them, felt an improvement. I then got six boxes more and before I had taken them all, felt like a new woman in every way. I could do my housework without feeling tired, and in fact I was enjoying better health than I had done for years. You may the medicine I took did not do me any than I had done for years. You may be sure I will always strongly re-commend Dr. Williams' Pink Pills to all other sufferers."

Garden. Mr. Farnum, famous for his interpretation of rugged roles, is seen as "Jean Valjean." a character in which he has infused a vibrant spirit and personality, and a power which even the distinguished author never dreamed. Mr. Farnum is supported by an unusual cast, including beautiful Jewel Carmen as "Cosette." "A Variety of Varieties," presented by Nat Nazarro and his combination of clever performers, will head the vaudeville attractions. Joe Darcy's American Comedy Four, vaudeville's 'unniest quartet, will be seen in polite harmony and hilarity. Another special feature is the Doris Lester Trio, offering an original skit, "A Breeze That Blew," described as a gale of laughter. Hubert Dyer, assisted by Ben Coyne, have an entertaining piece called "A Laugh a Second." brimming over with merriment. Broughton and Turner will offer among their melodies some new song successes from the Emerald Isle. Bernard and Merritt are classy entertainers of merit. The fourth instalment of the "Mutt and Jeff" animated cartoons and Loew's Universal topic pictures' complete the bill.

1917. This official publication states that:

"Canada's contribution during the last year had been very striking. Fifteen per cents of the total expenditure of the ministry of munitions in the last six months of the fear was incurred in that country. She has manufactured nearly every type of shell from the 18 pr. to the 9.2.

"In the case of the 18 pr. no less than 55 per cent. of the output of shrapnel shells in the last six months came from Canada, and most of these were complete rounds of ammunition which went direct to France. Canada also contributed 42 per cent. of the total 4.5 inch shells, 27 per cent. of the 6 inch, and 20 per cent. of the 6 inch and 16 per cent. of the 9.2 inch. In addition, Canada has supplied shell forgings, ammunition components, propellants, acetone, T.N.T., aluminum, nickel, nickel matte, airplane parts, agricultural machinery and timber, besides quantities of railway materials, including no less than 450 miles of rails torn up from Canadian railways, which were shipped direct to France." dian railways, which were shipped direct to France."

During the present year the call has been largely for 6-inch H.E. shells, and Canadian plants are responding with an output which represents over 40 per cent. of the British program for this sized shell.

ARBITRATION BOARD IN WINNIPEG STRIKE

Ottawa, May 17.—A board of arbitration to deal with the dispute between 250 members of the civic employes' federation and the City of Winnipeg has been appointed by Hon. T. W. Crothers, minister of labor. The city will be represented by James Auld, barrister; and the employes by Roland Macwilliams. These two representatives will select the third member of the board, who will act as chairman. If they are unable to agree, the chairman will be appointed by the minister of labor.

This arbitration board will not deal with the employes who are members of other unions and are now on strike, such as the firemen, electrical workers, waterworks employes, teamsters and chauffeurs. The minister of labor has no authority to appoint an arbitration board in the case of civic disputes unless both sides agree. An application for a board has been received from the city, but the striking employes have not asked for one.

SAARBRUCKEN RAIDED

BY BRITISH AVIATORS

London, May 17 .- In spite of determined opposition by German air-planes British aviators on Thursday dropped bombs on factories and the railway station at Saarbrucken, in German Lorraine, starting a fire on the railway. After bombing the town, the Britishers turned on the enemy, and, in aerial fighting, says an offiand, in aerial righting, says an offi-cial statement on aerial activities is-sued last midnight, destroyed five of the enemy machines. One of the British airplanes was lost.

In intense aerial fighting on the western front Wednesday 37 German airplanes were accounted for by British aviators, while 11 British machines are reported missing.

ENEMY MUST BREAK BRITISH OR BE BEATEN

With the British Army in France, May 17.—If the Germans fail to achieve their aim in the new offensive —and all along this front there is confidence that they will—the defending forces will feel easy once more for they believe that if the enemy cannot break thru this time he will have played his last high trump. If he is held again it will be the beginning of the end for the central powers, milifar there is no clue to the slayer.

It is felt that with steadily growing man-power of the ailies will be able to resume the offensive and reclaim the land overrun by the invaders.

French Endive Will Mature in Cellar After Summer Growth.

MAKES TASTY SALAD

How to Grow Salsify and Parsley for Best Results.

Witloof chicory, French endive or Barbe de Capucín, makes a delightful Barbe de Capucin, makes a delightful winter salad, and its culture is very easy. It is just within the past few years that this fine vegetable has been grown to any extent in America. Previously it was imported from France and Belgium, and as it was quite expensive it was used almost exclusively in high-elass restaurants and hotels. However, we can grow the roots in our own back yards during the summer, states The Country Gentleman, and force them, to secure the erisp white tops, in our cellars in winter.

wister.

It makes a delicious salad. Fresh and crisp, with a rich nutty flavor all its own, the slight tang of bitterness which accompanies it lends an appetizing flavor which calls for more.

French endive will make good roots in any rich, deeply cultivated soil. The roots are long and tapering, somewhat resembling the parsnip the not so thick at the shoulder. In growing this fine vegetable we aim to secure large heavy roots; the stronger the root the better will be the tops we get during the winter. Therefore, a little special preparation of the soil will be well repaid later.

the winter. Therefore, a little special preparation of the soil will be well repaid later.

Turn the soil over to a depth of iwelve inches, working plenty of good old manure into the bottom, adding some bone meal in the top six inches at the rate of about two ounces to each yard of row. Rake the surface until a fine seed bed is prepared and sow the seed half an inch deep, afterward treading or) firming with the back of the spade or with a board unless the soil is on the "wet side," when it will be better simply to cover to the depth stated. Rows should be fifteen to eighteen inches apart.

Keep the Plants Moving.

Should the weather continue dry after sowing, keep the soil moist so that germination may be hurried; a regular stand of plants will follow. Ail that is now necessary is to keep the soil stirred at least once a week, and some time in July to give another top dressing of the manure or nitrate. Along in October or early November, when the first frost has stopped all growth, the roots are carefully lifted and the leaves cut off an inch or so above the roots. The roots may be stored in a perfectly cool outhouse until required for forcing, but be careful not to damage them in any way. Market growers force French endive in trenches in the open, but this method requires large quantities of fresh hot manure. By forcing them in a heated cellar—the part in which the furnace is located—no manure is required. You need only suitable boxes and good garden soil.

WEEDS.

It is a mistake to assume that cultivation stops when once the seeds are in the ground. As a matter of fact, the ground needs continuous attention and after rain it should always be gone over with the Dutch hoe, rake or hand cultivator.

For the amateur gardener weeds are really a blessing in disguise. They make him cultivate continually by hoeing or stirring up the soil and cultivation is more valuable than fertilizer.

tion is more valuable than fertilizer.

The beginner is not always
quite sure which is the weed
and which the plant. Young
omions, for instance, look very
much like grass and amateurs
have been known to pull up
the whole crop in their zeal for
getting rid of "weeds." The
best guide for the amateur,
perhaps, is to look across the
fence at his neighbor's patch
or consult with someone who
has been in the gardening campaign before.

has been in the gardening campaign before.

Persistent cultivation is one of the best ways to kill weeds and to allow air into the soil. Weeds rob the soil of plant food. They afford a haven of refuge to countless numbers of insect enemies and plant discases. They cost the country thousands of dollars a year. They are enemies that must be assiduously fought and it does not do for the amateur gardener to give them any leeway. They multiply fast and propagate their kind.

in a malformed manner, thus destroying much of their value for the table. A light sandy loam which was well manured the previous year, such as celery ground, is to be preferred. The seed should be sown in early May, covering not more than half an inch, and in rows 18 inches apart; the little plants should be thinned out to four inches apart.

Further cultivation is in all ways similar to that advised for French en-dive.

dive.

The roots are perfectly hardy and may remain in the ground to be used as required, tho on account of hard freezing it is a better plan to lift and store as you would carrots, beets or turnips. The best variety is Sandwich Island Mammoth.

Parsley is an indispensable plant in the home garden, its aromatic leaves being in regular request for garnishing and seasoning. It will flourish in any good well-tilled and enriched soil. As the seed is rather slow in germinating it should be soaked in warm water for at least twelve hours just before sowing. Mix the seed with double its bulk of pure dry sand to facilitate sowing.

Fine Flavored Parsley.

Fine Flavored Parsley. Parsley is a deep-rooting plant, therefore the ground must be dug to a depth of nine to twelve inches. After preparing a fine seed bed, sow thinly in shallow drills, covering the seed not more than half an inch. If the soil is naturally of a heavy nature prepare a special composition.

Makes Streaked, Faded or Gray three prepares a special composition. Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach nearly an cunce of waste material must be carried out of the body. If this waste material is not eliminated day by day poissons.

BIRDS PROTECT CROPS AND DESERVE FREEDOM

They Live on Insects Which Destroy Vegetation, Thus Becoming the Best of Insecticides.

Joseph H. Dodson says: "I love birds. Birds have made my life happler, and I want them to exert the same inspiring influence on others as they have on me. Make friends with our native birds. Many who have only a little patch of a city garden have induced song birds to live with them. The blessed little birds make no distinction between rich and poor. "In Evanston (a suburb of Chicago) for a number of years there was a penalty attached to the killing of squirrels. We learned, to our sorrow, that the squirrels were destroying our birds' nests and were causing song birds to leave us. I caused this law protecting squirrels to be repealed, and we soon noticed the increase in the number of our song birds. We know that the birds are worth more than the squirrels."

Song birds and other wild birds save millions of dollars annually by destroying multitudes of insects that destroy crops and trees. No one really knows the total damage done to crops by insects, added to which must be figured the total cost of spraying to destroy insects. Some have set the figure as high as \$800,000,000 yearly for crops in this country destroyed by insects, including fruit, vegetables, grain, flowers and timber. Add to this the cost of all the spray materials used, all the labor spent in spraying and the cost of transportation, and it will increase this figure greatly.

If our native wild birds can be increased the damage by insects will decrease in like ratio.

WITH ALL the talk about war tax or used cars, I did not or have not chang-ed my prices. in HAVE KEPT my cars marked with prices in plain figures, as usual, and in some cases purchasers have paid the "talked of" war tax, others agreed to pay if called on to do so, and to be true, others refused to buy at all. FOR THE INFORMATION of those who have paid I want to say that I will refund same and to those that promised to pay—"nothing doing"—you can "forget it."

THE POINT I want to make clear is that I did not raise prices to include any war tax, and that when I advertise "no excise war tax on used cars offered for sale by Breakey" it does not mean that the prices you may have seen on my cars are in any way altered.

IN OTHER WORDS if you were one who refused to buy from me because I mentioned the necessity of your paying a war tax in addition to the price of car, then I want you to come back and buy without the consideration of war tax at all. PERCY A. BREAKEY, Toronto's first exclusive used car dealer,

THIRTY BOYS ARRESTED FOR DESTROYING THEATRE

St. Thomas, May 17.—About 20 lads will appear before Magistrate Maxwell Monday for destroying the interior of the Grand Opera House, which has been closed up for the past year. The boys gained an entrance during the latter part of the winter and made a playground of the place. They destroyed the scenery, all the electric lights and fixtures and seats. It is believed older boys were implicated. The opera house is the property of A. J. Small.

Weekly Crop Report of Canadian Northern Railway of Reassuring Character.

Reports of probable damage of an extensive character to the growing grain in western Canada do not seem to be borne out in the weekly crop report of the Canadian Northern received here yesterday, bearing upon the developments in the territories served by its lines in Manitoba, Saskatchewan, and Alberta.

Only 18 of the 279 agents reported serious frost, and of these but 5 indicated any damage from it. Only 17 reported real high winds, and but 12 of these indicated any damage, and but 12 of these indicated any damage, and but 6 agents reporting re-seeding on that account in the tributary areas.

It is possible that cool weather not permitting of rapid growth in some localities has been the means of preventing damage from either high winds or frost along the C. N. R. It is certain the rolling, wooded, character of the northern areas served by the company affords a measure of protection.

References are made to the inclusion of two new directors recently and to the possibility of the adoption of the policy which may bring the company more into harmony with the views of the patrons of the line in Toronto. It is worthy of comment that notwithstanding the somewhat pessimistic attitude of many towards this issue, the earnings of the company are being maintained unusually well, as compared with those of many other street railway concerns.

OUTLOOK IS FAVORABLE

The outlook for the next Canadian war loan, which it is expected will be floated some time in the fall, is considered to be of the best in local financial circles. It is pointed out that the Victory Loan has been well absorbed, and it is reported that at present the demand for these bonds is better than the supply. The committee formed to handle sales of the looks after the close of the campaign report that their work is now much lighter, owing to good conditions prevailing. It is pointed out that many large corporations and institutions which subscribed freely to the last loan have been able to lighten their holdings, and are in a position to give material aid in the forthcoming loan.

G.T.R., \$1,480,903 increase \$124,257.

NEW YORK CURB. Hamilton B. Wills received the following at the close of the New York curb: The opening was characterized by an insistent demand for stocks, which gave the market splendid strength, with prices registering substantial fractional gains. The professionals, however, could not resist the temptation to include in some profit-taking, and this resulted in a profit-taking, and this resulted in a slight irregular tendency around the noon hour. There are indications, however, that public buying has just begun and that stocks are headed for much higher prices, with activity broadening to the copper, silvers, oils and mining groups.

The wide-awake, aggressive boy of today demands "good clothes" --clothes that express the best that is in him and give him individuality.

Many boys, however, think that clothes of the better sort are beyond the reach of mothers' pocketbook. If you are one of these, Simpson clothes will open your eyes---they'll give you style, appearance, comfort and long wear in fullest measure, at much less than mother has often paid for equal qualities in your suits before.

Simpson suits for boys are free from every suggestion of the "faddish" or the "extreme" in style and pattern. Here are some good ones you should ask to see.

Splendid Choosing in Boys' Suits at \$9.00, \$9.50 and \$10.00

The Simpson policy assures things you usually have to take on faith---absolutely reliable woolens, first-class trimmings and workmanship, permanent shape, satisfactory wear and service. Thus your investment is protected before you spend a cent.

Style and workmanship are fully up to the standard set by the Simpson store. The styles are determined by a corps of expert designers in touch with the world's fashion centres and developed by master tailors who produce workmanship that would not otherwise be obtainable at the price.
