

THE N. AND J. R. RAILWAY BILL GOES THROUGH COMMITTEE.

The Company Not Bound to Build Ten Miles of the Road This Year—The Huron and Ontario Railway Charter—Ottawa Canal Project—Toronto's Old Garrison Artillery Corps.

Ottawa, Feb. 18.—(Special.)—In Col. Tisdale, who is one of the best posted Toronto civic dignitaries, the Opposition benches were just 17 members present. The Speaker's attention being called to the fact that there was no quorum, he directed division bells to be set ringing, which brought in a few wandering ones, and thereby reconstituted a quorum.

It is interesting to note that only one of the members of the Opposition, viz., on June 14, 1889, has the House been counted out.

THE ESCAPE OF A CHICAGO MAN AND A WOMAN.

London, Feb. 18.—Farmer Quirk of Cleator Township arrived from Hamilton this morning, and at noon he was taken to the station by the Hamilton and Toronto Railway.

The bill to incorporate the Huron and Ontario Railway Company, a proposed electric road, tapping many towns in Western Ontario, was passed with certain amendments. It was provided that the road should run from (a) Port Perry to Kincardine, touching at Mount Albert, Newmarket, Bradford, Beeton, Shelburne, Pricerville, Durham and Walkerton; (b) from Pricerville through Owen Sound, Southampton, Port Elgin, and Tiverton to Kincardine; (c) from Walkerton through Midway, Tescawater and Lucknow to Godfrey; (d) from Godfrey through Lucknow and Kincardine. The bill said "at or near" these places, but the terms were taken out. The bonding power was limited to \$100,000 per mile for single track, and \$150,000 for double track.

SIXTY MINERS MET DEATH.

BY AN EXPLOSION IN THE VULCAN MINE AT NEWCASTLE, COL.

With the Exception of a Few Bosses the Dead are Italians—The Town Shaken as if by an Earthquake—Wild Scene of Confusion at the Mouth of the Shaft.

Newcastle, Col., Feb. 18.—The Vulcan coal mine, located just below here, was completely wrecked and set on fire by a terrific gas explosion after 11 o'clock to-day. About 50 men, including firemen and coal operators, were in the several rooms along the slopes when the explosion occurred, and so great was the detonation that not a single man could have survived the shock, to say nothing of the gas or the fire which immediately ensued.

THE DEAD MOSTLY ITALIANS.

With the exception of a few bosses, the killed are Italians, for in this district and excitement it is impossible at this time to obtain a complete list of the names of the victims.

THE TOWN OF NEWCASTLE WAS SHAKEN AS IF BY AN EARTHQUAKE.

The town of Newcastle was shaken as if by an earthquake by the explosion, and a dense black cloud billowed from the site of the Vulcan mine and workings, indicating plainly what had occurred.

THE HONEY PAID OVER TO HIM BY FIRMS BOSS SENECALE WITH THE PRINTING BUREAU—MONTREAL TOPICS.

Montreal, Feb. 18.—(Special.)—The memory of the great printing bureau scandal at Ottawa was revived to-day by a very important judgment delivered by Judge Mathieu, who has been re-elected to the Government Printing Office. He has accepted certain sums of money from persons supplying presses and other articles. Sir John Thompson, Minister of Justice, took action against Senecale through Messrs. Harris and Gilmour for the recovery of \$12,500, and today the case was given in favor of the plaintiff. The Government Printing Office received the following amounts: \$1400 from the Typographic Union, \$1500 from the National Typographic Company, \$4700 from the Miller-Edwards Type Foundry, \$200 from the Typographic Union, \$1500 from G. B. Blackwell, \$1700 from G. Beauchemin and \$2000 from Barber, Gilm & Co. His Honor held that the Dominion Government was not bound to pay as Senecale was the agent of the Government, and that the sums were the commissions to the department.

PRICES UNDER PROTECTION AND FREE TRADE.

In his last annual report President Eliot of Harvard University discussed the rather commonplace subject of students' board. In the course of his remarks he made a comparison between the price of provisions during 1874 and 1875. The comparison is interesting, showing the wonderful fall in prices that has taken place during this epoch. The records of Harvard Dining Hall Association show that prices in these two years compare as follows:

Table with 2 columns: Item and Price. Items include Beef (rump and loin), Mutton (loin and legs), Lamb, Turkey, Ham, Haddock, Oysters, Flour, Sugar, Eggs, Coffee, Tea, Milk.

The only articles of provision on this list that have risen in price are mutton and fish, which show only a small increase per pound. Every other article has decreased in price, and in such articles of necessity as beef, flour, sugar, potatoes and butter being marked. The total cost of the sixteen articles in the first column is \$13.19 1/2, and the cost of the same articles in the second column is \$10.12 1/2.

This fall in prices has not been confined to Cambridge alone, but applies to all the rest of the United States and to Canada as well. The price of flour, sugar, eggs, potatoes and all other standard articles remains relatively constant in the two countries from year to year. As far as Canada is concerned the first year of the present fairly represents prices under a free trade regime and the second column prices as they stood after seventeen years of protection. While the cost of provisions has been reduced by nearly one-half under a protection policy, the workingman has been getting larger returns for his labor. It should be borne in mind, too, that the decrease in prices is even more marked when we come to compare clothing, furniture and household goods generally.

THE BRITISH ASSOCIATION.

Interest seems to be aroused already in England over the Toronto meeting of the British Association. This augurs well for the success of the gathering. Toronto has no rival as a city for conventions, and will show the British scientists that they selected the proper meeting place. The association is accustomed to cordial greetings wherever it goes, and there are every year invitations from various places in the general community to come from. If a meeting in Canada lacks the historic attractions which are to be found in Old World cities, the members will find ample compensation in the personal inspection of the mineral resources and geographical features of this, the richer half of the North American continent. It looks, too, as if the Toronto meeting would have as its president some person of great distinction, either a royal prince or a public man of the first rank. In this connection the cable report mentions the names of Mr. Balfour and Mr. Charles Oxford, professor of history, who is added to his fame by the discovery of a new constituent in the atmosphere, presided over the first Canadian meeting in 1884. Sir Douglas Galton presides at the Liverpool meeting this year, which opens in September. The president for the Toronto meeting will be elected then, and the choice will fall upon some eminent man whose presence will vastly add to the interest and importance of the gathering.

THE BUILDING SHOULD BE COMPLETED AT ONCE.

Whatever sum of money is required to finish the city building should be secured at once and applied to the completion of the structure. The immense amount of capital already invested in the building is unproductive and will continue so until the building is ready for occupation. The money must be raised in any event, and it is better to submit a bill to the people. The Legislature will no doubt give the city authority to issue debentures, and thereby enable us to complete the edifice early next year. The city is badly in need of better quarters for the accommodation of the civil officials and the convenience of the public. If it was had postponed to part to erect so expensive a structure, the mistake was made years ago and it cannot be rectified now. Only one course is open to us, and that is to proceed with the work until the mistake is made. A second mistake will not be made. A second mistake will not be made. A second mistake will not be made.

CANADA PERMANENT LOAN & SAVINGS COMPANY. ANNUAL MEETING.

The Forty-first Annual General Meeting of Shareholders of this Company was held on Monday, the 17th inst. in the Company's Office Building, Toronto-street, the President, J. Herbert Mason, Esq., in the chair.

The report of the Directors for the year 1895 is as follows: The Directors of the Canada Permanent Loan and Savings Company have the pleasure to present a statement of the business of the Company for the year 1895, duly certified by the Auditors.

After defraying all charges, consisting of cost of management, and commission on money advanced and invested; provided for interest on borrowed capital; and after writing off the accumulated losses, there remained a net revenue of \$249,048.85, a sum sufficient to enable the Board to pay a dividend of 10 per cent. on the paid up stock, and to pay the Shareholders' Income Tax of \$12,000. The remaining sum of \$137,048.85 was added to the Contingent Account, and the Reserve Fund remained at \$1,450,000. The Directors note with pleasure that the receipts for principal and interest from Mortgages were considerably in excess of those for the previous year.

From the same causes as were referred to in last year's report, the demand for money on the security of the Board together, amounting to \$238,612.70. The remaining sum of \$10,436.15 was added to the Contingent Account, and the Reserve Fund remained at \$1,450,000. The Directors note with pleasure that the receipts for principal and interest from Mortgages were considerably in excess of those for the previous year.

For several years this has been the policy of the Company to restrict the volume of business, to decline to accept offers of additional working capital, and to devote special attention to the Company's investments and securities, which, in consequence of the decline in the selling value of all classes of Real Estate, have required more frequent and careful revision than formerly. It is a regrettable fact that the results of last year's business to be eminently satisfactory, and the Company will strive to maintain a large and remunerative revenue earning power.

JOSEPH LUCAS, Acting Secretary.

We, the undersigned, beg to report that we have made the usual thorough examination of the Books of the Canada Permanent Loan and Savings Company for the year ending 31st December, 1895, and hereby certify that the above statements are strictly correct and in accordance therewith. J. E. BERKELEY SMITH, HENRY BARBER, F.C.A., Auditors.

The Liberals could stop the row over Sir Charles Tupper's resignation by adopting the more prudent and conservative course of reducing the dividend. All who hold stock in a Land Mortgage Company such as ours know that its business consists in obtaining capital at low rates in the open market, together with the paid-up Stock and Reserve Funds of the Shareholders, on the security of real estate, or heritable property. Subject to wise and efficient management, one prosperously engaged in the business of the company is being able to obtain a rate of interest for the money he lends at a cost of not more than 4 per cent. of the amount advanced, and to pay a dividend of 10 per cent. on the paid-up stock, and to pay the Shareholders' Income Tax of \$12,000. The remaining sum of \$137,048.85 was added to the Contingent Account, and the Reserve Fund remained at \$1,450,000.

Guinane Brothers. "WHAT provoking weather."

But the community has been reading and heeding our recent remarks concerning shoes and their prices, and now that Old Probs prophecies milder weather the rush will make these present busy times seem quiet. There have been large daily sales in our store, but not large enough. We want to lose our stock quick—easier to lose money quickly, because our store expenses each day mount up.

100,000 Pairs of Ladies' Shoes. Slippers, Boots to go in this clearance sale at just half price. It is the Retiring Sale of Guinane's Shoe Stock at Half Price.

There are some good things in Men's Shoes to-day that we can't tell about, but we have good things in Women's Shoes that we must tell about. At \$2.50, Shoes Worth \$5.00. At \$2.00, Shoes Worth \$4.00. At \$1.50, Shoes Worth \$3.00.

Shoes Like This \$1.00. Are they new? Yes, and the best that we could buy from the manufacturers. Some by Trimby & Brewster, some by George T. Slater & Sons, and all by the best makers in Canada and the United States.

On Saturday you should have seen the rush for those 5c. German Felt Slippers. Inside of a few hours every one of the 200 pairs left had been sold. Some equally good bargains all over the biggest shoe store in Canada.

side the value of these properties. From the time they have been in default, they have not been on the interest charged against these defaulting mortgages. The policy of this Company has always been a merciful one. The Company likes to deal indulgently with those who are in default, and borrowers like to come back to us again. I have much pleasure in seconding the resolution, as follows: Mr. President—As one of the latest additions to the board I may be excused for making a few remarks at this stage of the proceedings.

I have only been a few months on the board, but I do not think it can be said that I am new to the company's business. More than 25 years ago you did me the honor of appointing me an appraiser in the County of Carleton, near Ottawa. I occupied that position for several years and did a considerable and profitable business for the Company there, and was shortly afterwards promoted to the position of inspector. I acted in that capacity for about twenty years, and during that time I was very much interested in the company, and I have been a member of the board for the last few years. Although low rates of interest have prevailed, the company has been enabled to make a satisfactory exhibit, and as the President says in his address to the directors, "the statement shows must give much cause for congratulation." President Mason's address is both exhaustive and to the point, and deals in a thoroughly practical manner with the affairs of the company. In the course of his address he says: "Personally, I much regret that a reduction in the dividend of 10 per cent. is not to be regarded as a failure, but as a necessary step to the office of President and Vice-President.

A BIG EXHIBITION IN 1897

THE INDUSTRIAL ASSOCIATION CONCLUDES TO ATTEMPT IT.

The Regular Annual Show Will Consolidate With the Historical Society's Celebration and Whop 'er Up for a Whole Month—What the Financial Statement of the Exhibition Association Shows.

The annual meeting of the members of the Industrial Exhibition Association of Toronto was held in the Council Chamber at the City Hall yesterday afternoon.

Those present were: The City Treasurer, Ald. J. W. Brown, Ald. J. K. Leslie, Ald. J. B. Boustead, Ald. J. G. Crane, Ald. Dr. G. W. B. Sheppard, representing the City Council; George Wain, J. Withrow, Walter S. Boucher, Saunders, James Crocker, Mr. Christie, Capt. W. F. McMaster, S. E. Zinger, F. G. Chase, Robert D. Baker, R. J. Score, and Park Commissioner Chambers, from the Toronto electoral district; Dr. J. O. Orr, Thomas Manly, Toronto Horticultural Association; Joseph Oliver, W. B. Hamilton, D. Gunn, Toronto Board of Trade and Corn Exchange; J. Slater (Warden); Queen and East of Birch-avenue, below the proposed site of the new building, and the other members of the Industrial Exhibition Association.

A Joint Exhibition Next Year.

President J. Withrow was chairman of the meeting. He referred to the exhibition which the Historical Society proposed to hold in 1897. He thought it would be a certain advantage to have the industrial, although the sum of \$25,000 mentioned by Hon. Mr. Ross of the Historical Society, he thought would be sufficient to provide a show of any dimensions.

The New Officers Chosen.

City Auditors, Messrs. Brown and Jones were appointed auditors. The following directors were re-elected: J. J. Withrow, A. Smith, W. Christie, W. B. Hamilton, R. B. Lee, Hon. John Dryden, R. Davies, P. C. Chase, W. E. Robinson, James G. Crocker, George Booth, S. E. Zinger, Ald. B. Saunders, J. W. Elliot, Joseph Dilworth, R. G. S. McLaughlin, Ald. J. O. Orr, and Dr. J. O. Orr.

The Association's Finances.

The annual report of the association has been in business 17 years, and had on hand on Dec. 31, 1895, the sum of \$23,750. During the year the receipts were \$1,049,680. The assets total \$211,247 and the liabilities \$94,147. A surplus of \$117,100 was reported.

Asking the Government for Reforms in the Exhibition.

A number of gentlemen representing the Provincial Constables' Association of Ontario Monday afternoon waited upon the Governor in Council, and presented a draft of the much discussed legislation desired by them. Sir Oliver Mowat, president of the Association, and Ross received the deputation, which included: Detective Wason, president of the Ontario Constables' Association; W. H. Walker, G. G. Pearce, Owen South, James Hodge, Toronto; Wesley Grey, Cheshley, ex-Chief Constable of Hamilton, and William Boyd, Toronto.

For the Relief of Farmers.

The Liberal-Conservative Club had a meeting Monday night. It was held at the Hotel St. Charles. The subject was "The Relief of Farmers." The speaker was Mr. W. R. Harris, secretary of the class since its organization in 1891, with a handsome speech in which he held by the class. The meeting was held in the hall of the Liberal-Conservative Club.

What Mr. Davin Would Do.

The Ottawa correspondent of the Winnipeg press has been devoting great attention to Mr. Davin this session. Mr. Davin is working for a Cabinet seat. We place little confidence in the report. It is a certain fact that Mr. Davin would accept a portfolio, no Cabinet pledged to Remedial Legislation.

THE HOUSE OF INDUSTRY. ONLY A SLIGHT INCREASE.

A Strong Opposition to Its Continuance—How the Board Views the Arrangement.

For a long time past the ladies interested in the charitable organizations of the city have been trying to bring about the abolition of the House of Industry. It is probable that the question of its continuance as a corporation charity will come to an issue shortly.

McLeod Stewart will head the delegation.

President Heath and some other members of the Big East River Improvement Company interviewed Mr. McLeod Stewart yesterday to have the tolls confirmed. Mr. Pepler of Barrie, for the Whaley Lumber Company, and Mr. St. John of the Glenora Lumber Company, appeared to object to the confirmation sought.

Another Batch of Petitions.

Two bills to amend the Municipal Act, one by Dr. McKay (Oxford) and one by Mr. Stratton, were introduced and received a first reading.

The Ladies' Organizations of the City.

The ladies' organizations of the city, however, have long been jealous of the large sums handed to the House of Industry. They are doing their best to bring pressure to bear to prevent this in the future.

Improvement in the East.

The fresh air and low taxes are rapidly drawing the people of the city to the suburbs. The new streets and buildings are being erected in the East.

Another Batch of Petitions.

The question of Ryde, asking that township councils be given the same powers as the councils of cities, towns and villages, was referred to the committee on the subject.

The Town of Walkerton asked for the ratification of a by-law granting a loan of \$2000 to the Walkerton Fair.

Albert Phenis, broker, New York; L. J. Phenis, M.D., St. Catharines; George E. Patterson, M.D., St. Catharines; J. S. Campbell, barrister, St. Catharines; and Henry A. Kitch, Toronto, petitioned for a private bill to incorporate the Lincoln Radial Electric Railway Company.

The Town of Alliston petitioned for the issue of a by-law authorizing the issue of a loan of \$10,000 to the town.

The Wingham Town Council petitioned for an amendment to the Drainage Act, which would allow the payment of a loan made to a drainage company, which had suffered from a fire.

The Council of the United Counties of Stormont, Dundas and Glengarry petitioned for an amendment to the Drainage Act.

The only return brought down was a statement of the superintendent of the Electric Light and Power Co. for the year ending Feb. 15, 1896.

Mr. O'Keefe (Thursday next)—Bill to amend the Assessment Act; also bill to amend the Ontario Voters' Lists Act.

The Attorney-General (Thursday next)—Bill for further revising the Statute in force.

Mr. Stratton (Thursday next)—Bill to amend the Municipal Act.

Mr. McKay (Oxford, Thursday next)—Bill respecting building societies; also Bill respecting corporations; also Bill respecting disputes concerning boundaries.

Mr. Garrow (Thursday next)—Bill to amend the Municipal Act.

Mr. Stratton (Thursday next)—Bill to amend the Municipal Act.

Mr. McNish (Order of the House, Friday next)—For an order of the House to refer to the committee on the subject of the G.T.R.

The estimate of the expenditure for the year 1896, according to the statement submitted, is \$3,482,362.90, an increase of \$1,000,000 over the estimate of last year.

HENCE GOODYEAR WELTED SHOES AT HALF PRICE.

What's noteworthy in the Big Shoe Sale now going on here is that it embraces the finest class of goods.

The thousand cases of Boots and Shoes bought at about half factory prices a week ago contain hundreds of fine Goodyear Welled Men's and Women's Shoes—best American makes.

The goods, to pay us, must be sold quickly—no money in letting them drag. What does it mean, then? Just this: Ladies' fine \$4.50 Goodyear Welled Shoes, with the patent Jellerson Elk Tan Insoles, for \$2.

These prices are for the present, not the future.

A BATTLE WITH ALLIGATORS.

How a Florida Man Lost His Horse and Killed Himself. Bartow, Fla., Feb. 18.—In a frightful battle with alligators, J. B. Lovring lost his horse and was himself killed. The alligators swarmed about him, and he was unable to get away. He was killed by a single bite on the neck. The alligators were seen to be very numerous in the area. The man was seen to be in a desperate struggle with the animals. The scene was a chaotic one, with the man and his horse being surrounded by the alligators. The man was seen to be in a state of panic, and he was unable to do anything to save himself. The alligators were seen to be very aggressive, and they were attacking the man and his horse with great force. The man was seen to be in a state of shock, and he was unable to do anything to save himself.
