POLES OBJECT TO CURZON LINE AS A BOUNDARY

Claim That It Would Be Tamamount to Third Partition of Poland.

REFUSE IT AS BASIS

Minsk, Soviet Russia, Aug. 25.—(From Associated Press staff correspondent with Armistice Commission—via Soviet Wireless to Moscow).—The Polish armistice delegates are not satisfied with the Bolshevik terms which make reference to the boundary line proposed by Earl Curzon, British minister of foreign affairs.

In submitting their reply to the Bolshevik delegates, the Polish representatives stated that by agreeing to this Curzon line, the Soviets were seeking to retain territory wrongfully taken from Poland by the Russians.

A note attached to the above despatch states that the Polish senators refused to pass a reference to the Curzon boundary line, so that the foregoing was sent via Soviet Wireless to Moscow and London.

ENGLISH TRIAL FOR IRISH PRISONERS

Sinn Fein Organ Cites Action of U.S., in 1775, as Parallel.

Dublin, Aug. 25.—Young Ireland, organ of the Sinn Fein, will announce in this week's issue that the Dublin Castle authorities, after consultation with the premier's office in London, have decided that Irish political prisoners are to be taken to England and tried before an English judge and an English jury.

CORK'S LORD MAYOR COLLAPSES IN JAIL

His Wife Has Been Urgently Summoned to Brixton Prison.

Cork, Aug. 25.—A message from Lord Mayor MacSweeney's sister says that Mr. MacSweeney had collapsed this afternoon and that his wife had been urgently summoned to Brixton Prison, London, where he is on a hunger strike, was read at a meeting of the Cork corporation tonight.

Compares Case of MacSweeney To Burgomaster of Brussels

Dublin, Aug. 25.—Arthur Griffith, acting president of the Irish republic, has sent the following cablegram to President Wilson and the heads of all the governments: "I inform you that the lord mayor of Cork and duly elected deputy for the county of Cork, Ireland, was recently seized by the armed forces of England, arraigned before English military officers and forcibly deported from this country in an English war vessel and he is now in imminent danger of death in Brixton Prison, London. I recall to your excellency the declaration made by the heads of the allied and neutral states when the burgomaster of Brussels was treated with a lesser indignity and harshness."

Prayed for His Release. Dundalk, Ireland, Aug. 25.—A thousand men employed in the railway works here laid down their tools today and marched to the cathedral to pray for the release of the lord mayor of Cork. The church was crowded, many kneeling outside the edifice. When the service was concluded the men resumed their work.

Constable Killed. Bantry, Ireland, Aug. 25.—A constable was shot and killed and another was critically wounded last night in the village of Glangarret. They were attacked by four masked men.

POLES HAVE EFFECTED COMPLETE DESTRUCTION OF BOLSHEVIK ARMIES

Of Host Which Swept Down on Warsaw Only 30,000 Fugitives Remain—Industries Cannot Replace Equipment Lost Even if Men Are Found.

Paris, Aug. 25.—The destruction of the Bolshevik armies now may be considered complete, according to advices received here. Of the host which swept down on Warsaw nothing is left but 30,000 fugitives. The Poles have taken 80,000 prisoners thus far; but what is more important they have captured great quantities of guns and materials.

It is considered probable that the Soviets employed all their available resources, and in their present condition Russian industries will take a long time to replace them. Consequently if the Soviets are able to find effective with which to seek to restore the fortunes of their army, lack of equipment will make them without military value.

During the past three days there has been heavy fighting in the marshy valley of Narew, between Ostroleka and Lomza, where the Reds sought to break thru in the direction of Bialystok. The losses have been heavy on both sides. On August 23 the Poles carried all the passages of the river. At this juncture two other Polish armies, pursuing the Reds from the west, came up and consummated their defeat.

Brilliant Success. The Prussian frontier as far as Myszynek is now occupied by the Poles. All the Red troops west of the line of Ostroleka-Myszynek have been captured. The peasants continue daily to discover and hand over to the military fugitive Red detachments. The exact number of cannon abandoned is not yet known.

HYDRO ENEMIES ARE ENROLLED IN INFORMATION ASSOCIATION

List of Officers Includes Many Who Have Opposed Beck and Hydro Development on Platform and in the Press in Many Parts of Ontario.

At last it is known who are the prime movers in the newly-formed Ontario Hydro Information Association, which has opened an office at 51 St. George street, Toronto. It will be remembered that this organization was recently announced as organized for the purpose of bringing into public light information about the Ontario Hydro and its work. It was to be a so-called neutral agency for the dissemination of Hydro information that would show neither the biased favoritism that enemies to the Hydro claim characterizes the reports of the Hydro Commission nor the unfriendliness of the avowed open opponents of public ownership.

The letter head carries a list of the prime movers in the new association and those who know state it includes an overwhelming number of men who have been out and out opponents of Sir Adam Beck and the Hydro. The president of the association is Lieutenant J. Z. Fraser of Burford who is understood to be one of the men interested in the Farmers' Sun. An incomplete list of vice-presidents includes Mayor R. H. Hall, M.P.A., of Parry Sound; Mayor J. R. Eden, of Kitchener; Reeve F. L. Mason, ex-Mayor of Oshawa; Ross Baker, of Darlington; A. C. Garden of Hamilton, who fought against the Hydro when the by-laws were submitted to the people in that city a short time ago, and

J. M. Elson, ex-mayor of St. Catharines, and who was publisher of the now defunct St. Catharines Journal, whose stand against Hydro was responsible for his defeat when he last ran for office. The executive consists of Senator Robert Beath, Bowmanville; A. A. Powers, president of the United Farmers' Cooperative Co.; J. J. Morrison, secretary of the U.F.O.; F. H. McGuigan, a contractor; F. G. H. Pattison, Winona, who was one of those responsible for the defeat of the Hydro radial bylaw in that district; Arthur Hawkes; G. D. Conant, ex-Mayor of Oshawa, who has fought the Ontario and eastern Hydro project; J. W. Willis, ex-mayor of Whitby, and manager of the Bell Telephone Company; and others who have fought against the bylaw and H. Nash, ex-aiderman of St. Catharines, who stood with ex-Mayor Elson in his opposition to the Hydro expansion. The inclusion of this executive, largely made up of anti-Hydro men, of the names of Hugh Blain and Dr. Doolittle, is a matter of considerable interest to most people. Neither gentleman could be seen last night. J. M. Elson is secretary of the association.

RUSH OF PILGRIMS TO MIRACLE HOME

Lodging and Food Insufficient for Visitors to Irish Town.

Templemore, Ireland, Aug. 25.—An incessant stream of pilgrims from all parts of Ireland continues to pour into Templemore, to visit the home of Thomas Divan, where it was claimed miraculous cures were being effected thru the medium of sacred statues which Divan declared began to bleed mysteriously last week.

Lodgings and hotel accommodations are insufficient for even a fourth of the visitors, and the town's food stocks are virtually exhausted. Not only Templemore is overcrowded, but the neighboring villages and towns are overflowing with people who are unable to get into Templemore. The pilgrims are being looked after by a corps of volunteers who are going thru the surrounding country commandeering food, for which, however, payments are being made. Further remarkable cures were claimed today.

WANTS TRIBUNAL FIT TO SECURE ORDER FOR WORLD

Viscount Cave, at St. Louis, Makes Plea for International Court.

DENIAL BY GEDDES

St. Louis, Mo., Aug. 25.—A plea for an international tribunal of justice to secure world order, freedom and peace was made by Viscount Cave, in an address tonight before the colonization of the American Bar Association. "It is surely time," the viscount asserted, "that all civilized nations should combine to set up a court of international law. There can be no effective international law until there is some tribunal composed of men of outstanding ability and judicial temper who have the confidence of the civilized world and are authorized, on the application of any nation, to interpret and administer the law."

"I hope that I am not too sanguine in believing that the foundations of such a tribunal would be laid and truly laid on the 24th day of July last at the Hague. I am in no way concerned today with a question over which as I gather, Americans are not at this moment in perfect harmony—I mean the league of nations. Let there be more of that league, but let us not leaving that question aside I think there are questions by which the principles of international law may be elucidated and its sanctions increased."

Warning against radicalism, Viscount Cave declared revolutionary trouble threatened England, but predicted England would "pull thru." Sir Auckland Geddes, British ambassador to the United States, who in an address tonight pictured the Bolsheviks as enemies of democracy, departed tonight for Toronto. He faced his address with a denial of charges of Congressman Britton of New York that Geddes had appropriated approximately \$7,000 to be used in this country for "entertainment purposes" to further the Democratic presidential campaign.

ENTERS LION'S CAGE

Member of Carnival Troup Also Enters Toronto Store, and is Charged With Theft.

Pearl Burton and Agnes McGillis, who are members of a carnival troupe about to open in Toronto for two weeks, were arrested by Detective Elliott yesterday afternoon on charges of shoplifting in a downtown store. Pearl Burton claims to come from South Africa. During an act in the show, she told the police, she entered the lion's cage.

Agnes McGillis claims to work with a magician in a trunk disappearing act. The police charge that both prisoners stole a silk blouse, some stockings and a cap.

MEIGHEN WEAK IN WEST, SAYS PREMIER MARTIN

Kitchener, Ont., Aug. 25.—(Special.)—In an interview here today Premier Martin of Saskatchewan declared that the new Meighen government has few friends in his province and none among the grain growers. He declared the antipathy of the west for the present government at Ottawa is becoming pronounced. The premier was satisfied that Hon. W. L. M. King would find the west faithful to the successor of Sir Wilfrid.

MUNICIPALITIES TO JOIN IN PHONE RATES FIGHT

Executive of Canadian Union Sends Out Campaign Call to All Cities and Towns in Ontario and Quebec—Will Secure Services of Experts to Direct Campaign Against Increases.

Montreal, Aug. 25.—(By Canadian Press).—An initial meeting of the executive committee appointed by the national Canadian Municipalities to fight the proposed schedule of increased rates by the Bell Telephone Company was held this afternoon.

The municipalities represented on the committee of five are Montreal, Toronto, Quebec, Ottawa and Hamilton. "Appoint Advisory Body. It was further decided that an advisory committee representing all the municipalities in the union should be appointed, with each municipality appointing its own member, such members not to sit on the executive committee, but to work in an advisory capacity with the main committee, so that each municipality would be represented in the fight. Other municipalities are to take their share of the expense on a pro-rata basis, and have their proper representation in the work. A. D. Shibley, secretary of the Union of Canadian Municipalities, was made secretary of the special committee, whose meetings shall be held at the city hall here.

Ramsden Acts in Toronto. E. R. Decary, chairman of the Montreal administrative commission, was elected chairman of the executive committee and A. D. Shibley was confirmed as permanent secretary. In addition, there were present Controller J. G. Ramsden, for Toronto; City Solicitor Proctor for Ottawa; Mayor Samson for Quebec. The Hamilton representative will be chosen later.

FORMER TORONTO MAN HELD AS SUSPECT IN "TRUNK MURDER" CASE

Morris Fox, Arrested at Rio Janeiro, is Suspected by Police of Being LeRoy, Wanted in Connection With Killing of Mrs. Jackson.

Rio Janeiro, Aug. 25.—When the British steamer Dryden arrived here yesterday from New York, one of the crew was placed under arrest at the request of the United States authorities. He is suspected of being Eugene LeRoy, wanted by the police of Detroit, Michigan, in connection with the murder of Mrs. Katharine Lou Jackson, who is said to have been his wife, and whose mutilated body was found in a trunk in an unclaimed baggage warehouse in New York several weeks ago. The suspect is confined in a steel cell aboard the vessel and is guarded by four maritime police. He had shipped aboard the Dryden under the name of Morris Fox, ordinary seaman. Today he said: "I know absolutely nothing about the death of Mrs. Jackson in Detroit. I have never been in that city."

Fox is tall and well built; he is about thirty years of age, with regular features, light brown eyes and dark hair brushed straight back. He speaks good English, without noticeable foreign accent. He seemed more concerned at his close confinement than over the charges made against him. He has not the appearance of a sailor and declared that he had shipped on the Dryden solely because he was without money and had many debts.

Home in Toronto. "I know absolutely nothing about the death of Mrs. Jackson in Detroit. I have never been in that city." Fox is tall and well built; he is about thirty years of age, with regular features, light brown eyes and dark hair brushed straight back. He speaks good English, without noticeable foreign accent. He seemed more concerned at his close confinement than over the charges made against him. He has not the appearance of a sailor and declared that he had shipped on the Dryden solely because he was without money and had many debts.

When interviewed by The World at 235 Augusta avenue, where she resided with her husband and two daughters, Mrs. Gillie Fox admitted that she had a son, Morris, until recently, had lived in New York. The description of Fox as given in the Rio Janeiro despatch answers that of her son with the exception of the age. Her son, she said, was only 19 years of age, also he would be taken to be much younger than she was not aware of her son being married.

Mrs. Fox stated that her son left for New York shortly before last Easter, after a not prolonged visit at home. During his stay in this city he was employed in a garment factory with the T. Eaton Co. Since his departure she had received letters from him regularly each week all the time he was in New York. She wrote to Dr. Max Dashowitz, surgeon, 139 Columbia St., New York City, who has staying with Fox at 235 West 25th St., New York.

Decided on Voyage. The World reporter was permitted to read the letter she received in reply, and (Continued on Page 2, Column 5.)

HERE'S NEW FORM OF YELLOW PERIL

Alleged to have been caught in the act of trying to pick the pocket of a policeman in a Yonge street theatre last evening, Mark Wing was arrested on a charge of attempted theft. Policeman Knox was enjoying an afternoon off in one of the theatres when he suddenly felt a hand in his pocket. Turning hurriedly to one side he alleges he found Wing going about his pocket. According to the police, the Chinaman made two other attempts at picking pockets in the theatre before he came in contact with Knox. Constable Knox walked the man to headquarters where the charge was made.

DRURY IS DOUBTFUL OF RADIAL PROJECT WEST OF TORONTO

To Enforce O.T.A. With More Police—Speaks in Brant County.

SCORES NEWSPAPERS

Brantford, Aug. 25.—(Special.)—The presence of a gathering of farmers from the rural riding of Brant in the federal house, held at Lucka Farm today, a mass gathering for speech bearing, drew Premier Drury again to Brant today. The premier took advantage of the occasion to elucidate the Hydro radial stand of the government which was to take up no radial propositions not sound, and to declare that the O. T. A. would be enforced by a strengthened provincial police force.

One Toronto-Hamilton project took in a territory now served excellently by steam roads. As for the Guelph railway this had not been paying the city and the government believed that it would be the greatest hurt to public ownership to link up an unbound proposition with a good one. An unbiased commission had been appointed and it might be some time before the government took action definitely in the matter. In concluding Premier Drury declared that the O.T.A. would be enforced.

Hits the Toronto Press. He commended the press, particularly the Toronto press, for its condemnation of the government and "The Farmers' Sun" for its praise.

W. C. Good, U.F.O. candidate for the mayor of Brantford, the federal policy of the next federal election would be the most momentous the country had ever witnessed.

Premier Drury stated the northern Ontario lumber dealers were looking into for in some cases the lumber men had sold as much as 1300 per cent. more than they had paid for. A public ownership of the government favored it strongly, with reservations. The speaker believed that public services should be owned and run for the people. The great water powers already harnessed were a fitting tribute to public ownership. The hydro radial project was another matter altogether. It had nothing to do with Hydro power development. It would provide competition between several governments. Provincial roads would be competing with municipal and federal owned lines and more railroads would not by any means bring better service. Competition did not lower rates, as proven by the fact that three transcontinental lines were now raising rates.

The Toronto eastern radial projects might be good, but the district west of Toronto was now well served by steam roads, two of which were operated by the federal government. If the provincial road developed much patronage it would cut the throat of the Dominion-owned lines. The Toronto-Guelph project had its "jokers" and was hardly a business proposition from any standpoint.

IRISHMEN OF QUEBEC WIRE LLOYD GEORGE

Will Hold Premier and Cabinet Responsible, if MacSweeney Dies.

Montreal, Aug. 25.—The self-determination for Ireland League of Canada has been increased immensely by a cablegram to Premier Lloyd George stating that "speaking for the Irish population of the province of Quebec" it "protest against action of your cabinet in refusing to release Terence MacSweeney, lord mayor of Cork, from prison, and will hold you and your cabinet personally responsible for the crime of murder if he is permitted to die."

This is signed H. J. Stafford, provincial secretary. Delegates were also elected at the meeting to attend the Quebec provincial convention which opens at Quebec on Saturday.

LABOR FEDERATION URGES INSPECTIONS

Convention Advocates Double Number of Provincial Officials.

Hamilton, Aug. 25.—The afternoon session of the convention of the Canadian Federation of Labor in Forest, N.S. Chambers was devoted entirely to preliminaries to the annual election of officers. There was also some discussion as to the city in which the 1921 convention should be held, but definite action was deferred.

Some amendments to the constitution were adopted. The convention has found much fault with the provincial department of labor for not having more than eleven factory inspectors to see that the provisions of the factory act are carried out. It was stated that there are over 8,000 buildings which come under the act and which should be inspected and that it would be impossible for a staff twice the size to attend to the work in the course of a year. It was decided to request the provincial government to greatly increase the staff of inspectors at an early date.

Discuss Radicals. A discussion took place over the Drury government's stand on the Hydro radial matter, a motion being offered that the government should go ahead with the acquiring and building of such roads. However, in view of the opposition that was shown, the resolution was withdrawn. Many of the members expressed the opinion that the new government should be given a chance to get all possible information on big financial matters before committing itself.

STARTLING REPORT ON WINDSOR TRAFFIC

Shows Since April First Seventy Thousand Cases of Liquor Seized.

Windsor, Ont., Aug. 25.—Some idea of the vast proportions of the liquor traffic along this frontier may be had from the published figures, which show that since April 1, 70,000 cases of liquor with a Canadian valuation of \$225,000 and a "boot-legging" value of four times that sum, have been confiscated by the local license inspectors' office. Fines amounting to \$215,000 have been collected during the same period.

Today one carload of confiscated liquor was shipped to the provincial government at Toronto. The car contained 800 cases. Efforts to clean up rum have authorized the confiscation of liquor amounting to 2,000 cases in that town by the license inspectors.

KING CONSIDERS APPEAL FOR HUNGER STRIKERS

London, August 25.—King George has replied to the appeal of Redmond Howard, nephew of the late John Redmond, urging clemency for the Irish hunger strikers, saying that the appeal will receive immediate and careful attention. The King's reply, signed by Baron Stamfordham, secretary to the King, says: "I am commanded to express his majesty's appreciation of your assurance of hopefulness that, in spite of the very grave condition of affairs in Ireland, the work of reconciliation between the two races will yet be accomplished. The King fully realizes the services rendered and the sacrifices made by your family in this cause, and regards with all the more consideration your appeal, which will receive immediate and careful consideration."

NO SHORTAGE OF TEACHERS. Winnipeg, Aug. 25.—There will be no shortage of school teachers in Manitoba this winter, according to the department of education. It is estimated that 330 teachers will be required and practically all this number has been obtained.

HAS STARTED TO SWIM THE ENGLISH CHANNEL

Dover, England, Aug. 25.—Henry Sullivan, Lowell, Mass., started at 8.40 o'clock this evening in an attempt to swim the English Channel from Dover to Calais. This is the first attempt since the outbreak of war to swim the channel. Sullivan came to England in 1913 for the purpose of swimming the channel. In August of that year he started from South Foreland, but only succeeded in getting within six miles of France.

Sullivan again came here last July and has been practicing for the present attempt.

CANADIAN VETERANS ADRIPT IN LONDON

Hon. J. A. Calder, Now Overseas, Sends a Cable—Says, "No Work in England."

Ottawa, Aug. 25.—Hon. J. A. Calder, minister of immigration and president of the privy council, who is in England, has cabled the department of immigration to the effect that there are now 500 Canadian ex-soldiers in London who are unable to get employment and who have no means of returning to Canada. Following their discharge, the majority of these men returned to England under the impression that they would be able to obtain employment at good wages. Conditions in England had altered, however, and with the return of that country to a peace basis every available position was snapped up.

Mr. Calder, who is in England looking over the Canadian immigration service with the object of reorganization, emphasizes the point that there is no work to be had in England, and that unemployed men had better stay away from the mother country.

CHOOSE COL LECKIE FOR GREAT PLANE TRIP

Ottawa, Aug. 25.—(Canadian Press)—While no definite choice has been made, it is practically certain that the first trans-Canada flight, to be attempted next month under the auspices of the Canadian Air Board, will present superintending the certificate branch of the C.A.F., as pilot. Col. Leckie has already made several noteworthy flights both by airplane and seaplane.

It is also understood that the first half of the trip, as far as Winnipeg, will be made by seaplane; and the latter, the prairie metropolis to the coast, by airplane.

PARIS TO PURCHASE CATTLE IN CANADA

Ottawa, Aug. 25.—(Canadian Press)—About 2,000 head of Canadian cattle arrived at Antwerp a few days ago, according to reports received here. The city of Paris, which is expected to complete a contract for the purchase of cattle in Canada, has two representatives on hand to examine the quality of the animals sent to Belgium, their condition on arrival, and the requirements for receiving such cargo.

UNITED STATES GUNBOAT ORDERED TO HONDURAS

Washington, Aug. 25.—The United States gunboat Sacramento has been ordered to LaCebta, Honduras, to protect United States interests in the event of an expected revolutionary outbreak there.

In both Honduras and Guatemala, it is reported, the domestic situation is critical.

MODERATES MEET IRISH EXECUTIVE

Communicate the Resolutions Adopted by Dublin Peace Conference.

Dublin, Aug. 25.—The leaders of the Dublin peace conference saw General Macready, commander of the military forces, and other members of the Irish executive here today for the purpose of communicating the resolutions adopted by the conference to the government.

Arthur Griffith, founder of the Sinn Fein, discussing the meeting of the Irish moderates, at which was adopted a resolution looking to full national self-government for Ireland, said:

"The former Unionists, who chiefly composed the meeting, have taken longer steps in abandoning Unionism for legislative autonomy than they will need to take from legislative autonomy to full acceptance of a republic. Britishism as a political force is dead; the Sinn Fein in Ireland has been killed, and the terrorism that England commands will never resurrect it. She may slay some of our Irish leaders, but they have made it secure that she will never prevail against the Irish nation."

STRIKE WILL TIE UP 400 BOATS ON LAKE

Buffalo, N.Y., Aug. 25.—Union leaders tonight declared that the 400 boats operated under the control of the Lake Carriers' Association would be tied up by a strike of cooks and stewards ordered for midnight. The men are demanding a 30 per cent increase in wages and additions to the working forces which will make possible shorter hours.

While no action will be taken for the present by the Seamen's or Firemen's Unions, union heads predicted tonight that many of these men would quit work individually. "We don't need sympathetic strikes to tie up the boats," said J. M. Secord, executive secretary of the Stewards' Union, "when the cooks quit, the boats will stop running. It will be impossible to get men to fill the places of the strikers."

CARVELL TO ATTEND BELL CO. HEARING

Ottawa, Aug. 25.—(By Canadian Press)—"You can say that I will be on the bench when the application of the Bell Telephone Company for increased rates comes up for hearing," said Hon. Frank Carvell, chief of the board of railway commissioners, to The Canadian Press this morning.

The attention of the chief commissioner was drawn to newspaper reports which intimated that he might not be eligible to hear the Bell Telephone application because of his connection with the New Brunswick Telephone Co. He explained that it was all a question of whether a company was operating under a Dominion or provincial charter. "I know the law in the matter, and if I am alive and well when the application of the Bell company comes before the board I will be on the bench to hear it."

SQUADRON OF DRAGOONS RETURNS TO TORONTO

Ottawa, Aug. 25.—The Royal Canadian Dragoons, who are now in camp at Petawawa, will break up camp on Sept. 2nd next, and go into quarters for the winter, one squadron to Toronto, and the other to St. John's.

SPANISH FORCES INFLECT HEAVY LOSSES ON TRIBES

Madrid, Aug. 25.—Spanish troops yesterday occupied the positions of Keviera, Affuris and Hambra, and now command Beni-Hamar Pass, south of Tetuan, Morocco, according to an official despatch from the latter city today. Heavy losses were inflicted on the enemy by the Spanish forces, whose casualties were two white and four native soldiers killed and two officers and eighteen men wounded.

TRAGIC SEQUENCE IN MC CLEMONT CASE

Father of Young Man Charged With Theft Tries to End His Life.

Hamilton, Aug. 25.—(Special)—A tragic sequence to the arrest of Robert McClemont, 235 Grosvenor avenue, on a charge of theft, was enacted tonight when the young man's father, John McClemont, slashed his throat with a razor. Discoveries in a pool of blood by members of his family, he was rushed to the General Hospital, but at a late hour physicians in attendance held out but scant hope of his recovery. The police declared that worry over his boy's arrest prompted the rash act.

Boy Went to Races. Young McClemont, Wm. Meeks, 699 East Barton street, Phyllis LaForm and Dolly Burns motored out of Hamilton late on Monday night to attend the Windsor races. They were detained by Guepish police, when noticed acting suspiciously, and the local authorities were notified. The police connected them with the theft of \$40 and a quantity of cigars from the barber shop of Daley and Bridges, 450 East Barton street. In court this morning, McClemont pleaded not guilty and elected to be tried at the high court. They were allowed out on bail tonight, a short time before McClemont's father attempted his life.

FURTHER RIOTING NEAR BRIXTON JAIL

London, Aug. 25.—A meeting which was attended by thousands, was held tonight in the vicinity of Brixton jail to protest against the treatment of Lord Mayor MacSwiney, of Cork. Speeches were made by Sinn Feiners and Laborites.

At the close of the meeting a section of the crowd, with Sinn Fein flags at their head, marched down Brixton Hill where they engaged in a free fight with the police, at whom stones were thrown. One policeman was knocked insensible and another also was injured. The crowd was dispersed by a charge of mounted police with drawn batons. Several arrests were made.

TWO DIE IN N. ONTARIO IN SHOOTING TRAGEDY

Fort Frances, Ont., Aug. 25.—James Masters, 38, and Anna Melin, 11, are dead as the result of a shocking tragedy at the home of Andrew Melin, farmer in Doble township, Magdalen, shot the Melin girl thru the head with a rifle and then killed himself with the law in the matter, and if I am alive and well when the application of the Bell company comes before the board I will be on the bench to hear it."

High Commissioner at Danzig Permits Unloading of Vessel

Danzig, Aug. 25.—Sir Reginald Tower, allied high commissioner of Danzig, has authorized the unloading of ammunition from the French cruiser Gueydon.

COMBAT FARES WITH BUSES

Winnipeg, Aug. 25.—Municipal buses to connect the increased fares on the Winnipeg electric railway will be suggested by aldermen at a special meeting of the civic transportation committee to be held this afternoon. The abolition of workmen's tickets promises material for some warm discussion.

GREENWOOD TO SEE PREMIER.

London, Aug. 25.—The Lucerne correspondent of The Times says that Sir Hamar Greenwood, chief secretary for Ireland, will reach Lucerne tomorrow, when the Irish question will engage the close attention of the premier.

NEW MILK PRICES.

Winnipeg, Aug. 25.—The price of pasteurized milk to consumers in Winnipeg will be advanced one cent per bottle, effective Sept. 1; 16 cents will be charged for quarts and nine cents for pints.

STILL HUNT FOR BANDIT.

Lethbridge, Alta., Aug. 25.—Although police forces have relaxed somewhat in their hunt for Alex. Arelhoff, the third of the Crow's Nest Pass train bandits, Canadian Pacific Railway special police are still making determined efforts to locate him.

HUGE LIQUOR SEIZURE BY POLICE IN WEST

Prince Rupert, B.C., Aug. 25.—Over twenty thousand bottles of liquor, said to be valued at close on \$300,000, have been seized here by police officers, and the police have taken charge of the warehouses of Jack Miller and Elter Besner. About twelve persons are declared to be implicated.

VOTES OF MINERS FAVOR A STRIKE

Doubts Whether Other British Unions Will Countenance One.

London, Aug. 25.—The balloting of the coal miners, which has been proceeding throughout the country today, is going largely in favor of a strike. The voting in many places has been three to one in favor of the miners laying down their picks. The Welsh miners are virtually unanimous for a strike, it is said.

The Miners' Federation met today and discussed the question if it should permit steps to be taken to prevent the flooding of the mines in the event the men cease work, but no decision was reached.

There seems to be a general belief that the other trades unions will refuse to countenance a miners' strike, it is said.

FRENCH LABOR MEN DENOUNCE BOLSHEVIK

Paris, Aug. 25.—A statement made by Leon Jouhaux, president of the General Federation of Labor, at a meeting of the national committee of that body yesterday, caused a profound impression. He said: "Up to the present we have neither in the general federation of labor nor in the international federation desired to take a position with regard to the third internationale, but the proclamation signed by Zinovieff (associate of the international federation) in the name of the whole world, is a declaration of war against our organization, as clearly shown by the statements made at the recent congress of the third internationale. We can no longer keep silence, notwithstanding all the sympathy we feel for the Russian revolution."

FORECAST ON SUGAR IS TERMED NONSENSE

Halifax, N.S., Aug. 25.—Halifax sugar authorities characterized as nonsense, today, the Ottawa statement that the price of sugar would drop to 10c per pound in the near future. They said that most of the Canadian refineries were doing business today on the basis of a raw sugar price of anywhere between fifteen and twenty cents per pound. This condition would obtain, they said, for two months more at least, and as a result there was no immediate prospect of a natural decline in the price of sugar to the consumer.

TWO FEDERAL MINISTERS GOING TO EAST ELGIN

Ottawa, Aug. 25.—It is expected that Sir George Foster, minister of trade and commerce, and Hon. S. F. Tolmie will go to East Elgin constituency at the end of this week to take part in some of the bye-election campaign meetings there. The nomination of the government candidate is to take place at Aylmer, Ont., on Monday of next week, and the two ministers are expected to address a meeting in that town on nomination day. Nothing definite has yet been learned as to who will be the choice of the government supporters in the riding.

FORMER TORONTO MAN IS ARRESTED

It was to the effect that her son had decided to hitch on a vessel to earn some money, as he was in sore need of it and had many debts. He had left his trunk and personal belongings with Dr. Dushowitz, but the latter was not aware of his whereabouts.

The reporter also read two other letters which were subsequently received by Mrs. Fox, but these were practically to the same effect, except that the sub-geon stated in his last letter that detectives had called on him asking her whereabouts of Fox, but that, not knowing it, he was unable to tell them.

Unfortunately, Mrs. Fox said she had destroyed all of her son's letters but one, and she said that she kept only the one she last received some time ago. This she said, bore the Coney Island address. She said she had been called by a man who came to her home on Sunday.

"They asked me a thousand times if Morris had ever been in Detroit or Cleveland," she said. "I said, 'No,' because I had heard from him every week since he left home and always the letters were from New York. They asked me if I had a picture of her son, and I gave them one. I have only one left—a large picture that hangs in my bedroom." Whereupon she conducted the reporter into the room and showed him the picture of her son.

"He doesn't look much like a murderer, does he?" asked one of his sisters, and the reporter was forced to admit that he did not.

Mrs. Morris stated that in his letters her son had frequently asked for loans of money and she had sent it to him on more than one occasion. He had stated that he was in debt, to his friends, and had also made loans to him. Several of the letters she had received from him some time back were dated, Erie, Pa., 65th East 11th street, New York at the time in the despatch as having said he lived.

A STRIKING RESEMBLANCE.

New York, Aug. 25.—Morris Fox, underworld agent in Rio Janeiro, bears a striking resemblance to Eugene Leroy, sought for the murder of Mrs. Katherine Lou Jackson, according to Harry Pinkus, a reporter. Pinkus said he noticed the resemblance when he saw the picture of Leroy printed in a newspaper. Pinkus declared that Fox and four other young men hired a room from him for the season last April at 2553 West 26th street, Coney Island. Fox, he said, disappeared about a month ago.

The Hoxie murder, with which the police connect Leroy's name, was the slaying of a young woman, Constance Hoxie, a 17-year-old singer, at her home here on Feb. 2 last by a man who is supposed to have sought a furnished room at the place.

The Telephone Army!

Helping them meet the H. C. L.

THE BELL TELEPHONE ARMY is over thirteen thousand strong; an organization with high moral and a keen sense of its duties and responsibilities.

They are neighbours, friends, customers, and clients of yours. Their prosperity is reflected in your prosperity.

The advanced cost of living affected this army as it affected everyone else, and The Bell Telephone Company increased the average wage since 1915 by 95.1%.

The scale of wages now in effect would exceed by more than \$3,845,000 a year, the amount payable on the scale in force November 30th, 1918, when our last application for rate increase was made.

Almost 65 cents out of every dollar of revenue goes to our employees.

This increased, and increasing pay roll is another reason for the advance in telephone rates.

TIMBER INQUIRY AGAIN ADJOURNED

Crown Counsel Breaks His Arm—All Is Not Harmony Among Lawyers.

The timber inquiry was adjourned yesterday until September 7 owing to Crown Counsellor Harding breaking his arm. He was picking apples at the time at his farm in Clarkston and fell from the tree. The commissioners, while demurring at the delay, recognized it was unavoidable. They had, at inconvenience to themselves, arranged to sit all this week. However, when the hearing was recommenced it was intimated that it would have to proceed expeditiously. Beyond the fact already announced that a difference of opinion as to the conduct of the inquiry existed between Mr. R. T. Harding, crown counsel, and J. M. McEvoy, who was also acting for the crown, but has since withdrawn, members of the government still refuse to make any statement. Hon. Beniah Bowman, minister of lands and forests, who was at his office in the parliament buildings yesterday, declined to make a comment whatever. He also declined to say whether there were members of the cabinet who were opposed to R. T. Harding's conduct of the inquiry. The premier was likewise silent.

SERVICE BY AIR

Trip by Airplane Reveals North Ontario's Immense Spruce Reserve.

"There is no doubt about it now, Northern Ontario has what is probably the finest reserve of spruce pulpwood in the world. Our trip settled that point beyond all question."

This was the statement of Irwin Proctor, president of the Canadian Aero Film Co. Limited, who has just returned from the first airplane flight to Hudson Bay.

The airplane was an American navy seaplane, which carried the five passengers and their equipment with the greatest ease. The party, in addition to Mr. Proctor, included F. H. Blake, editor of the Provincial Motion Picture Bureau; Roy Tash, the camera man; W. R. Maxwell, pilot; Geo. Doan, mechanic, and E. Ireson, provincial government engineer. The entire trip from Toronto to Hudson Bay, by way of Algonquin Park and the Ottawa Valley, a distance of some 800 or 900 miles, was made in a little over eight hours' flying time.

LABOR ENDORSES PUBLIC OWNERSHIP

Find No Basis to Justify Increased Rates Asked by Telephone Company.

Officials prominent in the organized labor movement made statements yesterday in which they declared themselves as voicing the opinion of local labor in urging that the provincial authorities acquire the Bell Telephone Company and operate it as a public utility. They expressed themselves as unable to find a basis of justification for the rates demanded and give as their belief that labor men generally will not for one moment accede to the proposed rise. James Simpson, secretary of the Labor Temple Company, Limited, declared that first and foremost organized labor desired the public ownership of the telephone system. He wished, however, at the same time, he stated, to pay tribute to the fairness of the attitude assumed in recent years by the Bell Telephone Company towards its employees. It had increased their wages and bettered their working conditions to an extent, he said, that must have immeasurably increased their expenditure and organized labor would concur in no treatment of the Bell Company which should prejudice the interests of its employees. "At the same time," he pointed out,

"we will not accede to any rate schedule which proposes to exploit the public."

Mr. Simpson was of the opinion that the company was entitled to make application for an increase and held that the matter should be thoroughly investigated by a competent commission and that the finding should be based strictly upon the evidence and upon facts which should be revealed regarding the financial condition of the company.

Controller Gibbons of the Street Railwaymen's Union, declared that the government should either take over the present system or construct its own. "Profiteering is no longer a business, it is a disease," he stated, adding that he did not consider the Bell Company more blameworthy in their desire for increased earnings than the interests which kept up the price of boots when hides had fallen from 60 to 15 cents, and of clothing when wool had fallen to 18 cents per pound.

John Cottam, secretary of the Carpenters' Brotherhood, and in close touch with the building trades, characterized the advanced rates as entirely unnecessary. The Bell Company was, he declared, already handling a capacity business and evidencing every sign of prosperity. He believed that higher profits, if desired, should be made from the sale of additional equipment.

The Painters' and Decorators' Union at a capacity meeting in Musicians' Temple, approved in its entirety the wage agreement proposed by their executive for 1921 and submitted to them. It was decided to forward the agreement to the Building Trades Council for their approval

and also to the international headquarters at Lafayette, Indiana. The meeting took up a substantial collection for the Simpson defence fund and enrolled many new subscribers for the stock of the Farmer-Labor co-operative store.

Peterboro is still requesting local carpenters' unions to forward men for work upon the bridge which is being constructed across the Ottonabee River.

The Painters' and Decorators' Union has declared a fine of one dollar to be imposed on all members failing to turn out for the Labor Day parade.

Roland Palmer, organizer of the Farmer-Labor co-operative store, reports that the month of September will probably see the launching of the project. He is particularly anxious to secure the co-operation of all labor men in the home stretch of the campaign for initial members.

BUILD NEW VESSEL FOR LAKE SERVICE

J. W. Norcross, the president of the Canada Steamship Lines, Limited, announced yesterday that the plans and specifications for a giant steamer for the Niagara line have been completed, and the steel ordered for immediate construction. It is the intention of the company to have the steel vessel ready for the summer season of 1921. The principal dimensions will be 410 feet long by a width of 70 feet over the guards, will carry 4,000 passengers and will have a moving picture theatre.

NOTED FILM STARS

Mildred Harris Chaplin and Montague Love Coming for the Opening of Pantages.

Mildred Harris Chaplin, accompanied by her mother and some friends from New York, and Montague Love, will reach Toronto Saturday morning for the purpose of attending the opening of the new Pantages Theatre Saturday evening. The noted film stars will be met at the station and will be escorted to the city hall, where Mayor Church and the civic reception committee will extend the hospitality of the city. Motion pictures will be made of the scenes at the city hall.

In the afternoon the party will be the guests of the Canadian National Exhibition, and will make a trip of inspection through the grounds and buildings. Mrs. Chaplin and Mr. Love will be introduced to Toronto formally during the program at the Pantages and later will be entertained as the guests of honor at a reception to be given in the King Edward Hotel.

HAD UNJUST MEASURES.

In the police court yesterday Jacob Sanizer was fined \$10 and costs for having in his possession an unjust peck and half-peck vegetable measure.

JAIL TERM FOR THIEF.

In the police court yesterday sentence of thirty days in jail with hard labor was imposed on Emil Hammell, of Montreal, for the theft of a sum of money from Percy Fitzsimmons.

PAYS TRIBUTE TO PROFESSOR ELLIS

Man of Scientific Accuracy, Says President Falconer — Funeral Today.

The funeral of Professor W. W. Ellis, late dean of faculty of applied science, takes place at 2.30 p.m. today, and will be of a public character. Service will be at St. James' Cathedral, with interment in St. James' Cemetery. Rev. F. J. Moore will officiate with Canon Flumpe, if the latter is in the city. Sir Robert Falconer will be among the pallbearers. Sir Robert Falconer, president of the University of Toronto, came back to the city yesterday in order to attend the funeral of Dr. Ellis. Sir Robert paid the following tribute: "It was with great regret that I learned of the death of Dr. Ellis. He was a close personal friend of mine and one of the most lovable characters I have known. He was also a man of great accomplishments, a man who combined thorough scientific accuracy and training with a very fine literary taste and general culture. He had a fine fund of humor, and was surrounded with friends. I never heard of Dr. Ellis having enemies."

Placing guilty to keeping a common betting house at the Island, George Cruden was, in yesterday's police court, fined \$200 and costs.

The Toronto World

Founded 1890
A morning newspaper published every day in the year by the World Newspaper Company of Toronto, Limited.

THURSDAY MORNING, AUGUST 26.

First the C. P. Shareholders Were Exploited—Now the Public.

The C. P. R. lawyer, in closing argument for higher railway rates, said they had to have them so as to pay ten per cent. dividends on the stock!

But he suppressed any information as to how thirty-five millions of original capital stock grew into eight times that amount. It was the result of wizardry in high finance by which dozens of millions were cut among shareholders, and to find an excuse therefor, the subterfuge was used of retiring all bond and fixed debenture stock (at four per cent. annual charge) and substituting ten per cent. common stock.

Then shareholders got their new stock much below the market price; eventually this stock was carried above 100. Later it came below 120, and millions of money has been lost to shareholders who suffered from these financial adventures of the wizard-directors.

And yet parliament, who warned of the danger to the investor, to the public who find the money for dividends on the company's commitments, and of the danger of the control passing out of Canada, permitted this high financing to go thru.

Next to them the ones who suffered most are the investors in a security that ought to command a hundred per cent. premium.

Few people take time to think that the railway most quoted for management and business gave its own shareholders the roughest treatment.

What parliament should do is to compel the company to restore its bond issue; better still, to absolutely order the retirement of two-thirds of its stock at the present market price out of its "extraneous assets."

There is no exploitation of private individuals, of the public, of shareholders, by high financiers where the principle of public ownership prevails.

The Bolsheviks and Their Army.

The public are gradually getting posted as to the methods of the Bolsheviks, say of the soviet government in Russia.

It may be a party of reform, it may be a party of revolution, it may be seeking to cure the piled-up injustices of times before the war. But it is certainly a government that employs an army of butchers; that robs and confiscates; that murders innocent men and women by the thousands; that absolutely denies public discussion, public printing; that declares against any rights in property; that takes no stock in either morals or religion.

It is a government of invasion, say into the newly-created state of Poland; it would subdue the Poles, make them subjects of another race.

No one has yet been able to yet any accurate account of the slaughter, the robberies, the destruction of property, of railways in Russia.

The soviet has, thru its leaders, boldly preached the doctrine that the destruction of all existing states and governments is the only way that it can follow. It looks as if it were the worst of all tyrannies, the tyranny of ignorance and brutality.

But more menacing than even the Bolsheviks, and it is the problem for the English-speaking world, is that a section of the citizens of Britain, the United States of Canada, are because of their own grievances, real or im-

agined, willing to sympathize with the program of the soviet.

The world has in many respects to be set right—the great war has proved that—but the Bolsheviks are not quite the parties to undertake the readjustment.

The Farmers and Farm Help.

The farmers say they cannot get help to work their farms; that the attractions of the cities draw the workers away from the farm. What is the farmer doing to hold the workers in the country?

Can a married man and family get steady work on the farm with a decent house to live in? Can he get fuel and light?

Can the hired man count on a steady job, comfortable sleeping quarters, on the farm?

Is the farmer making his sons and daughters partners in the working of the farm; or, failing that, are they in receipt of regular wages for what they do? Young people will not stop on the farm if they can get wages and better conditions in the city.

Are there farmers who will not even set up their sons in farming on their own account?

The first thing the farmer must do is to try and keep his own family on home by some kind of partnership.

Next he must improve the conditions of those who work on the farm.

If working on a farm is to be occasional rather than permanent, the time has come to revise the methods.

If the workers go to the cities and the work on the farm is to be occasional, has it ever struck the farmer that radial railways like Adam Beck proposes will provide quick transportation to the farms from the towns? Labor will flow to the farm as well as to the city when the farmer insists on better transportation. Help the workers to get to the farmers from the towns, especially if the work is to be occasional.

The capitalists who oppose public ownership of radials, who want big rates for telephone companies, and who would like the distribution of power and light made a public monopoly, have a lot to do with sending people to the towns. And the farmer has to blame himself for a part of the trouble.

The conditions as between town and country must be equal to keep people in the country, even the farmer's own family, let alone hired labor!

Reduce Exorbitant Profits First.

To the war must be credited the greater and keener interest of all humanity in the welfare of the community. Theories are being advanced by well intentioned but misinformed individuals that are thought to be a panacea for all the ills that flesh is heir to.

These theories are not new, and the advocates, if they look into history, will find they are simply revamping the arguments that have done duty since creation. A communism even among the Apostles went astray because of the selfishness of one individual. It has been so since the beginning and will so remain as long as human nature exists. The extreme radical elements of the Labor party are preaching a doctrine most acceptable to those who see the enormous profits made by many because of the credit inflation. Revolutionary methods in taxation to restore these profits to the people may be requisite. But to get down the high cost of living it is necessary for the worker to redouble his energies so that there may be real competition and not scarcity. The lot of the artisan is one of steady improvement. His living conditions should and must continue to grow better as economic education is advanced. But the process is a gradual one and nothing should be put in the way of individually asserting itself. To the government properly constituted belongs the duty of rectifying the profiteering which has been and is so flagrant in Canada, and which is largely responsible for the dissatisfied public mind.

Remarked in Passing.

Glimpses at one or two of the shows that are opening the season here seem to indicate that while the war shortage of chorus men is to some extent overcome, the scarcity of stockings is still with us. Some say it would be easy to get along without the men.

An Ottawa government sugar expert prophesies sugar at ten cents a pound in the near future. A lot of people have prophesied the coming of the millennium, but there is no sign of it yet.

The Turkish sultan is not in favor of personally heading an expedition against the Nationalists. His reply to the proposal, freely translated from the Turkish, is: "Let George do it."

Mayor Church might test the strength of The Telegram's loyalty by declaring publicly that "Oh Canada" is better suited for the Canadian national anthem than "The Maple Leaf."

Talk about meeting trouble half way, Charlie Haysburg is butting right into it. Hungary wants a king and Charles says he is willing to take a chance on the job. Some people never know when they are well off.

The wife of England's premier has been awarded the Grand Cross of the British Empire and may now style herself Dame Lloyd George. But somehow there is something about that title that will fall to recommend itself to any woman who has not reached the age and dignity of grandmotherhood. Try it on your wife and see.

The word "martyr" is about as appli-

Owing to the fact that you're getting used to it, we're raising our prices.

able to Lord Mayor MacSweeney of Cork, who is liberating himself in Exton Jail, as it was in the case of the one woman who, when asked about her husband, replied that he was a terrible martyr to gelatin tremens.

In England they are fighting Russian soviet methods and the Sinn Fein hunger strikers, who will not repudiate assassination of policemen.

Mr. Drury seems to have to take charge of the many commissions he has created. Let him put in good men and instruct competent lawyers to present the facts, regardless of the consequences. That's enough for him. There's a look of friction about his proceedings; and that a kind of "grand jury work" devolves on the ministers.

Where is the Chamber of Commerce? What is it doing about the price of sugar? Ten cents for a cup of coffee in Toronto restaurants is rather due to 25-cent sugar!

And why should a war tax of five cents on a five-cent box of matches justify the Eddys asking fifteen cents for it? The public find it hard to keep their temper. In the States, coal, sugar, grain, cotton, hogs of things are falling in price. All we get here is higher telephone and sleeping car rates. Cabbages are the only cheap things in Canada!

The Farmers' Sun is out for hard cider on the back concessions as the only way to get the city folks on the land again.

Col. Mulloy has diagnosed the Bell Telephone's object: it would toll every telephone call in a hotel. Make hotel extravaganzas and hotel over-charges the principle that should govern prices of what ought only to be a public service.

FIGHT PHONE RATES TO HIGHEST COURT

(Continued From Page 1)

regarded as ample, considering the fact that they had a monopoly with investment secured. If the shareholders were not satisfied with eight per cent, he believes they could not readily accept such an investment.

"We hear," said Mr. Marriott, "a great deal about the surplus fund, but very little about the depreciation fund. If the company should decide to capitalize this surplus they would then draw more than eight per cent on their investment. In fact they could not invest these funds, take up the whole capitalization of \$75,000,000 permitted them, also only \$55,000,000 has been put in the concern."

Toronto business houses, said the speaker, should for a week or more keep a record of returned men who would know exactly what the phone service under the proposed rate would cost them.

The basic charge of assessing rates as regards business phones, Mr. Marriott thought, should be strongly resisted. The Bell Co. had no right to exploit the business interests. Toronto would demand a full and complete investigation of the Bell Company's revenue and insist that they receive no more than they are entitled to.

Retain Counsel to Fight. W. C. Miller, of the Retail Merchants' Association, said counsel had been retained to assist in fighting the proposed increase, and Dr. John Hunter and W. D. Dineen of the board of education said the board would support the fight against the Bell company's demands.

The rate increase, said a representative of the G.W.V.A., would severely hit the hundreds of returned men who were in business in a small way.

SERBIAN STATEMENT ABOUT COL. BURNHAM

Consul-General Declares Canadian Officer Not Asked to Leave Montenegro.

Montreal, Aug. 25.—"There is no truth in the statement that Serbia has requested a Canadian doctor, Col. W. F. Burnham, to leave Montenegro," said Capt. A. V. Seferatovich, consul general of the kingdom of the Serbs, Croats and Slavs, this morning.

"This statement, which has appeared in the press, is credited with having been given out by the Montenegrin minister of foreign affairs in London. Since the signing of the peace treaty there has been no Montenegro as a separate state, for then it became part of Jugoslavia. Today I received word from my government, in Belgrade, that there was absolutely no foundation for the rumor. The cable stated that Col. Burnham left Montenegro, he had done so of his own free will and desire."

A. ECREMENT, EX-M.P., IS SENT UP FOR TRIAL

Montreal, Que., Aug. 25.—Arthur Ecrement, notary at Montreal, and former member of parliament, was sent up for trial on three charges of raise pretences by Judge Casson in the enquete court today.

Captain Oliver Patenaude, the complainant, testified to having given Ecrement \$5,200 to invest for him. He had not received a deed for the money, but had been paid interest irregularly.

FIGURES ILLUSTRATE REVIVAL OF BELGIUM

Ottawa, Aug. 25 (by Canadian Press).—Striking testimony to the rehabilitation of Belgian commerce and industry is afforded by figures made public by the Belgian consul-general here. They show that during the first five months of the present year Belgian imports rose to 4,719,737,000 francs, whereas during the corresponding months in 1919 they only amounted to 1,276,033,000 francs. Exports for the first five months of the present year amounted to 3,307,263,000 francs as compared with 212,744,000 francs in 1919. These figures are regarded by the consul-general as "the surest sign of the revival of Belgian economic life."

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 15 Minutes to Answer This. No. 282.

Brown and his wife opened their savings box, where they kept the loose change, and found they had between one and two dollars, which Brown proceeded to divide in the proportion of 3 to 5. To this arrangement the wife readily agreed, but when he was not looking she jokingly slipped three coins of the same denomination from his to her pile which still left the two piles in the ratio of 3 to 5. How much money had each?

Answer to No. 281. GERMAN minus R minus MAN plus PORCE minus F leaves GEORGE. (Copyright, 1919, by Sam Loyd.)

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XVII. (Continued.)

From this ridge, finding an open crest, she stood looking out over the world. Mile after mile of mountain and canon and cliff fell away on every side. She sought eagerly for a landmark: to see yonder in the distance Old Baldy or Copper Mountain or Three Fools' Peak, any one of the mountains or ridges known to her. And in the end she could only shake her head and sigh wearily and slip down where she was to fall asleep, thanking God that she was free, asking God to lead her aright in the morning.

The stars watched over her, a pale, worn-out girl sleeping alone in the heart of the wilderness; the night breeze sang thru the century-old tree-tops; and Judith, having striven to the uttermost, slept in heavy dreamlessness.

With the cool dawn she awoke shivering and hungry. Her hair had tumbled about her face, and sitting up she braided it with numb, sore fingers. She looked at her hands; they were stained with blood from many cuts. Her skirt was torn and soiled; her stockings were in strips; her knees were bruised. But as she rose to her feet and once more searched the riddle of a crag-broken world, her heart was light with thankfulness.

Last night the one friend she had with her was the north star. Today she would seek to push on to the west. In that direction she believed the Blue Lake Ranch lay, tho at best it was a guess. But going westward she could follow the course of the bigger streams, and soon or late, if her strength held, she would come to some open valley where men ran stock. Now, she would go down the little meadow lying a mile away yonder and seek to find something to eat. If she could but dig a few wild onions, wild potatoes, they would keep her alive. West she would go, if for no other reason than because thus she would be further back squarely upon the cavern where Quinlon and Ruth were.

The sun rolled into a clear blue sky and warmed her. She made her way down the long flank of the mountains and into the tiny meadow. For upward of two hours she remained there, nibbling at roots which she dug up with a broken stick, seeking edible growths which she knew, finding little, but enough to keep life in her, the heart warm in her breast. Then she went on over a ridge again, and down into a canon and along the stream—which rose here and flowed westward.

By noon she was faint and sick and had to stop often to rest her legs shaking under her. Again she made a scant meal. She had stumbled on a tiny field of wild potatoes and ate what she could of them, thinking longingly of a match for a fire. The match which Ruth had dropped she still had, but she carefully reserved it now, thinking how perhaps a trout, caught in a pool, might save her life.

In her already half-starved condition and with the demons continually upon her strength, she would grow weaker and weaker if help did not soon come. But she was still filled with the glory of freedom.

It was a heart-weary, trembling her that her fire was safe; she rose swiftly and went in search of the tree she meant to burn. She found a giant pine, pitch-coated, standing in a rocky open space, where there was little danger of the fire spreading. Fagged out and eager as she was, she had not come to the point of forgetting what a great forest fire meant. She went back to her burning log, for a blazing dry branch which she carried swiftly to the tree. Then she piled dry grass and dead twigs logs, brush, the flames licked at the tree, ran up it, seemed to fall away, sprang at it again, crackled, licked, as the long tongue of the fire went crackling high up along the side of the tree. Judith went back to a spot where, in a ring of boulders, there was another grassy plot, threw herself down and lay staring at the tongues of fire which were climbing higher and higher.

Size 6 x 6 feet. Sale price, each 18.50

Imported Down Comforters

Never have we had such a remarkable showing of exclusive Down Comforters. Splendidly filled with soft fluffy down and beautifully covered with cambric and sateen.

Every imaginable color combination and design is represented. Some of the patterns have been borrowed from the old-fashioned Paisley designs, others are from the eastern countries of Abyssinia and Bagdad, while still others show a preference for the old English chintzes. There are colors of lavender, rose, green, blue, pink, heliotrope, brown, and the ultra-fashionable black. They are all ventilated and some are trimmed with plain satin panels. Priced at \$18.50 to \$90.00.
