INTRODUCTION.

In presenting their Annual Report the Missionary Board would devoutly acknowledge the Divine favor manifested during the past year. The lives of the missionaries have been preserved; they have been permitted to continue in their work; have found favor with the people and success in their labors. Souls have been converted, and the institutions of the Church built up. The people on our work have manifested increased liberality in their missionary subscriptions; churches and parsonages have been built, and prosperity has been enjoyed. The Society is still in debt, which, to a certain extent, cripples the energies of our missionaries and hinders, in a measure, their usefulness. We feel thankful, however, to chronicle the fact that during the past year the debt was considerably reduced, and we entertain the hope that the spirit of liberality will become more widely extended, and this incubus speedily removed.

A Church that is not missionary in its spirit, tendencies and doings is evidently behind this progressive age; and in order to make this enterprise interesting to all, let not only your prayers ascend to God in its behalf, but contribute liberally of the means at your disposal for its furtherance, and enter heartily into the work.

We recommend that the children should not only be encouraged to collect for but give to this God-honored cause. During the past year a large amount has been collected by juveniles, and we trust the work thus commenced will be vigorously prosecuted.

There is a large number of missions receiving aid from the Society, a short description of which we give below.

OMEMEE AND MINDEN.

Extending from Omemece 30 miles north of Port Hope, to Haliburton 75 miles, is at present in a state of comparative prosperity. A good number of conversions, the taking up of new appointments, and increasing interest in the means of grace are reported.

CLARKE

Reports 11 conversions, \$50 raised for missionary purposes, 4 congregations, and general prosperity.

MUSKOKA

Reports appointments in Muskoka, Morrison, Draper, McAuley and Watt; 1 local preacher, a membership of 49, a regularly constituted Quarterly Board, and two churches in course of erection. The prospects financially and spiritually are encouraging.

UXBRIDGE

Was set apart as a separate charge last year, and will require much labor ere it become self-sustaining.

ELMA

Has eight appointments in Elma, Maryboro and Wallace. We have a parsonage and three respectable churches. Spiritually the cause is at present low.

KINCARDINE

Is situated in a good section of the country; has 72 members, and is in a good condition, though serious obstacles have hindered the work in the past. There have been 16 conversions during the year.

TEESWATER,

In Culcross and Kinloss, has passed through a year of prosperity. Conversions, 45; membership, 103; missionary money raised, \$104. All claims met. This work will soon be classed amongst self-sustaining circuits.

MELANCTHON

Contains 6 appointments and 75 members. There are two churches and a parsonage. It is just now in a state when it is more important than ever before that it should be efficiently supplied. Whereas in the past the residents have been, with few exceptions, transient ones, it is now being occupied by land owners, so that what is gained now may be kept, not being so liable to remove.

QUEENSVILLE

Has appointments in Gwillimsbury and amongst the Indians on Georgiana Island. It has a membership of 75 among the whites and 23 amongst the Indians. The progress of Methodism is slow owing to the overrunning of the country by Unitarian principles.

COLLINGWOOD

Reports 6 appointments and 5 classes, members 55. The mission contains some of the excellent of the earth, and bids fair to become a fine circuit.

HANOVER.

On this charge are 7 appointments. More than 80 have been converted during the year, of whom 60 have united with our Society. This is a promising field. Missionary money raised during the year, \$75.33.

CREEMORE

Has a membership of 85. One new appointment has been taken up during the year. God has blessed the labors of the missionary with a gracious revival; converted 45. Prosperity is beginning to dawn on this field.

MT. FOREST

Has a parsonage and 5 churches. Conversions during the year, 5; missionary money raised during the year, \$48.

INVERMAY

Is in a measurably prosperous state. One parsonage and 2 churches.

WOLF ISLAND,

Although still continued on the list of missions, is more than self-sustaining.

GANANOQUE

Is a prosperous field. The want so long mourned is now being met. A parsonage has been purchased and the body of a respectable church erected. The friends have nobly met all financial claims. Several additions have been made to the church, and a growing influence manifested in the various departments of the work.

TAMWORTH

Mission is in a good healthy condition temporally and spiritually. A great interest has been manifested in the Sabbath School enterprise during the past year. Other fields would do well to copy their example in this particular.

HINCHINBROOK

Mission is not as easy a field of toil as some others. They have not recovered from the effect produced by the setting off a part of the work to Camden, resulting in the loss of their parsonage as well as some of their best members. Some advancement during the past year is manifest, 35 being added to the Church. It will require time and vigorous effort to make the field self-sustaining.

SHERBROOKE

Is a new field opened up last year. It is composed of the townships of South Sherbrooke, Oso, and parts of Dalhousie, Bathurst and Bedford. There are now 15 regular appointments with some occasional ones. There are 5 classes, composed of 55 members, 4 local preachers and 1 exhorter. An extensive field lies before us. Let us go up and till the soil.

DENBIGH AND MISSISSIPPI

Is a field now occupied 5 years, composed of parts of 8 townships. It has one church and prospects for the erection of a second. Considerable attention is paid to Sabbath Schools. Congregations increasing, and altogether there is no cause of complaint.

KENNEBEC

Mission is situated in the townships of Kennebec and Olden. There are ten appointments, a full Board of Stewards, 3 local preachers, 2 exhorters, 3 Sabbath schools.

HUNGERFORD AND KALADAR

Mission includes a part of 4 townships. There has been a numerical increase during the past year. Prospects encouraging.

INKERMAN,

Set off last year in a separate field of labor, is in a prosperous condition.— New appointments have been taken up; still the work is not large. With the blessing of the Lord the membership has increased the past year almost one hundred per cent. One new class has been formed of 27 members. With continued prosperity it must soon become self-sustaining.

ARNPRIOR

Mission is situated on the east end of South Renfrew. It comprises the village and three country appointments. A delightful Sabbath School is held in the village. Some of the country appointments are difficult of access; still good has been done, and the mission is growing.

BUNTLY

Mission has changed its boundaries during the past year, having taken an appointment in the rising village of Almont, which bids fair for a very promising position in the future. The mission has increased financially, a parsonage having been built and other improvements made. The field is promising.

WESTMEATH

Embraces the townships of Ross, Westmeath and Stafford; has 9 appointments, 4 classes, with a membership of 98. The missionary writes: "I have travelled during the past year 2250, miles and preached 190 times. The mission has a good church and is in a growing condition."

RICEVILLE.

The missionary, Rev. W. Johnson, says: "This field still retains its boundaries, character, membership and relative position. Some financial improvement during the past year. Religious interest somewhat on the increase. Still a hard field to cultivate, and will probably be mission ground for some time to come."

ROXBORO

Has improved rapidly during the past year. Two churches have been dedicated to God, about free from debt. Spiritual interest good.

TREASURER'S REPORT
