EXISTENCE OF RUM ROW OFF THE WOLVES TOLD OF BY C. B. LOCKHART

Lemieux Accepts Explanation by William Duff Over Alleged Statements; Probe Will Not Return to Halifax

SAYS REPORTER'S AFFIDAVIT IS 'VAGUE'

Local Customs Collector Advocates Reduction of \$2 in Duty on Spirits and Also Changes in Act; Inspector Hoyt Tells of Organization in Province

EXISTENCE of a "rum row" off the Wolves Islands, near the Maine border, was disclosed in the testimony this morning of C. B. Lockhart, Collector of Customs at Saint John, before the Royal Commission to investigate the customs service, which held its first hearing today in the Court House with Sir Francois Lemieux, Chief Justice of Quebec, presiding.

Laying off the Wolves, the rum runners were in a favorable position, Mr. Lockhart, said in reply to R. L. Calder, K. C., of Montreal, counsel for the commission, to land cargoes either in New Brunswick or in the United States. He added he had recommended a patrol for the southern coast of New Brunswick. Included in other recommendations by Mr. Lockhart to improve the efficiency of preventing smuggling of liquor, was an amendment in the law regarding burden of proof, and a reduction of \$2 on the duty for spirits.

An appeal for the "powerful and moral" support of the press of Canada to aid the customs Royal Commission in preparing a profitable and effective report for submission to Parliament to make changes in the personnel or for new legislation was made by Sir Francois Lemieux, this morning.

Sir Francois declared that he had received many requests from all parts of Canada to investigate matters at those points and that during the turmoil of an election there might be a tendency to use the Commission for political purposes. He strongly commended any such tactics and said he would not have accepted a gratuitous and honorary task he thought the character of the inquiry would be other than national in scope.

C. B. LOCKHART, Collector of Customs, here, who told of smuggling along New Brunswick's southern coast at the opening hearing of the customs probe today in the Saint John Court House.

On The Stand

The text of Sir Francois' public statement is as follows:

It was decided by the Parliament of Canada to make an investigation in the whole of the Dominion on the actual and past administration of the Customs. And the desire of the Parliament was that this investigation be made by a Judge chosen by the Judges of the Exchequer Court of Canada.

I accepted to conduct this investigation, because an eminent man in public life, Sir Henry Deynton, was of opinion that this investigation should not be held for political ends but should have a national character and be made in the public interest, in order to prevent frauds committed in the administration of the customs. I would not have accepted the gratuitous and

New Zealand and Australia Satisfied With Empire Conditions, Say Premiers

By HERBERT BAILEY
British United Press
LONDON, Sept. 2.—Notable prominence is given in the London press today to the reports of speeches made by Premier Coates of New Zealand and Premier Bruce of Australia on the eve of their departure for the Imperial Conference.

Zealand House on Imperial affairs yesterday, Mr. Coates is reported as saying: "New Zealand recognizes that in questions of foreign policy it is not always possible to give effect to separate views from all the Dominions, and conditions will arise where it is necessary that New Zealand shall leave the ultimate decision with the Imperial government."

Imperial Conference no spirit of carping criticism and no desire to gain advantages for herself or whether to embarrass the Imperial Government, which is already sorely harassed with domestic and Imperial problems. It is my opinion that New Zealand is entirely satisfied with existing conditions and that this Dominion has ample scope within its present limits for freedom and the attainment of full nationhood within the Empire."

Premier Bruce, speaking in the House of Representatives in a similar connection, declared yesterday that the most important feature of his policy at the Imperial Conference would be that Australia should remain always an integral part of the world-wide British nation, of which he was proud to be a member.

Opening the debate in the New Zealand House on Imperial affairs yesterday, Mr. Coates is reported as saying: "New Zealand recognizes that in questions of foreign policy it is not always possible to give effect to separate views from all the Dominions, and conditions will arise where it is necessary that New Zealand shall leave the ultimate decision with the Imperial government."

Bank Clearings

Saint John bank clearings for the week ending today were \$2,515,487. In the week last year they were \$2,348,191 and in 1924 were \$4,210,650. Halifax clearings this week were \$2,642,542; Moncton's, \$764,164.

out accepting its responsibilities as such.
Referring to the League of Nations, he said that its achievements had not been inconsiderable in view of the chaos which ruled in Europe after the war. He thought the greatest benefit to be received from the League would be through the education of the nations around the conference table.

Nothing in legal history, he felt, was comparable to the founding of the Court of International Justice, and he hoped some day all nations would accept its jurisdiction.
Sir Robert warned his hearers against the belief that our civilization was absolutely unperishable and he urged the members to impress the work of the League on the people of the country. Hon. N. W. Powell referred to the fact that the matter of U. S. adherence to the International Court and its reservations to its constitution and adherence, were now being considered at Geneva. He expressed the hope that the U. S. would be able to see its way clear to overcome these reservations and assume her place in International matters.

Hon. Mr. Rowell suggested that the committee look into the matter of territorial limits and report at a subsequent meeting.
REPORT ON EDUCATION.
J. E. Read, K. C., dean of the faculty of Dalhousie Law School, read the report of the committee on legal education, which was, in part, as follows:
Six years ago the province of Nova Scotia was the only one in which divergence between the curricula prescribed by the examining authorities of the different provinces, and an even greater variation between the courses in the Canadian schools. Further, there were marked differences between the preliminary requirements for entering upon the study of law in the different provinces of the Dominion and in different schools. These points of divergence were becoming so acute that they would in all probability have resulted in the breaking down of the reciprocal privileges enjoyed between the different Bars of the Dominion and in the reciprocal privileges enjoyed between the different Bars of the Dominion and in the reciprocal privileges enjoyed between the different Bars of the Dominion.

OTHER PROVINCES.
Ontario was added to the list of common law provinces that have accepted and put into force the Canadian Bar Association standard.
In Saskatchewan the University of Saskatchewan, which conducts the only law school in the province, has accepted the standard of two years in Arts as a preliminary requirement.
In 1925 four of the common law provinces—Manitoba, Nova Scotia, New Brunswick and Alberta—had already accepted the Canadian Bar Association standard of two years in Arts as a preliminary requirement.

SOME PROBLEMS.
There are some important problems that are pressing upon the committee at the present time. The first is the necessity for maintaining a close co-operation between the different law schools of the Dominion and the legal education committees of the various provincial Bars. The committee on legal education endeavored to arrange a preliminary conference to be held on the day preceding the general meeting of this association. The object of this conference was to give time for a careful and thorough discussion of the problems of legal education by representatives of the different provinces, and of the different schools. Unfortunately it was impossible to hold such a conference this year, but the committee proposes to arrange for a conference at the 1927 meeting, to be held along the same lines as the Benchers' Conferences of 1925 and 1926. The most pressing problem in the law schools of the Dominion at the present time is the provision of adequate case books and other teaching material. The student books designed for England are entirely unsuitable to the needs of the Canadian schools. The books produced

INQUIRY REQUESTS.
Requests coming from a number of places in Canada are made to me immediately investigating the administration of the customs at such places. The reasonable public will readily understand that in a vast country as ours it is impossible to yield to all these requests at the same time.
The Commission will sit at all such places in Canada where reliable information can be had against the smuggling of liquor into a business in New Brunswick.
Mr. Lockhart regarding the bonds in connection with the landing certificate case.
"Sir Francis—Whom do you represent, Mr. Forsyth?"
"Mr. Forsyth—Senator Bureau."

RELIES ON PRESS.
I rely upon the moral and powerful help of the press to make a profitable and effective inquiry, which will help me to make to his Excellency the Governor General a report suggesting, if necessary, changes in the personnel of customs or practical new legislation.
READS AFFIDAVIT.
At the opening of the court, Mr. Calder read the affidavit of Reginald McAvoy, Toronto newspaperman, regarding statements made by William Duff, ex-M. P. of Lunenburg concerning the Commission, in support of his application to have the inquiry returned to Halifax and sit on this matter. He read the affidavit, which sets out that the newspaperman met Mr. Duff following a meeting in Lunenburg. He said he asked Mr. Duff if he was going to Halifax to appear before the Commission. "According to the affidavit," Mr. Duff replied as follows, "in words to that effect: 'No, they dropped me. I know too much for them. They would not let me come to Halifax to appear before the Commission. The affidavit said the deponent did not think Mr. Duff knew his occupation at the time.'"
Mr. Calder also read the telegram from Mr. Duff making a full denial of this statement, using the words "absolutely false and untrue." Counsel also read another telegram from Mr. Duff in which he said that what he did say was that if he was dragged before the Commission by his political enemies, he would also require the presence of several other named persons, and were the grounds on which he based his application for return to Halifax, Mr. Calder said.

SITUATION IN U. S.
Dr. Everett Fraser, dean of the faculty of law of the University of Minnesota, who is a native of P. E. I., addressed the conference. He said the law teachers had a high regard for Canadian laws, courts and lawyers. He said one of the problems of the U. S. was the prevalence of crime, and it was his hope that something could be learned from Canada's comparative absence of crime. He compared the appointment of judges and prosecuting attorneys in the two countries. He said the standard of admission to the bar in five states was raised, requiring graduation from a law school, which stipulated for entrance two years in college. The standard in other states was low, he said, in some states high school graduation or less being required. In Louisiana any person of good character, about two-thirds of the 40,000 law students are studying in part-time schools, he said. During the time that great increases had been made in law schools and students, there had been a corresponding decrease in medical school and students.

REPORT ON NEGLIGENCE.
The concluding item on the morning program on contributory and ultimate negligence, prepared by Robert I. Towers, K. C. of Osgoode Hall, Toronto, and read by Mr. McMurchy, of Toronto.
Hon. R. W. Craig, K. C., Attorney-General of Manitoba, presided at the luncheon at 1 o'clock. Hon. Chas. S. Whitman, president of the American Bar Association, and Hon. J. B. M. Baxter, Premier and Attorney-General of New Brunswick, gave addresses.
Mrs. Nelson Able To Leave Hospital
It was learned by long distance telephone this afternoon that the condition of Mrs. Nelson, formerly of this city, injured in an automobile accident recently, was much improved and that she was leaving the Chapman Memorial Hospital at St. Stephen today for her home in Everett, Mass. The condition of Mrs. Lloyd, also injured at the same time, was said to be favorable.

MEIGHEN MAKES 16
SPEECHES IN DAY

Premier Begins Main Lake Meeting at Midnight; Priest-Quits Audience
Canadian Press
LAKE MEGANTIC, Que., Sept. 2.—It was midnight before Premier Meighen was able to address his main meeting here last night. Previously he addressed a gathering of women touching on the constitutional issue raised in the campaign in French.
Mr. Meighen said that if leaders of thought and party leaders in Canada all spoke both official languages well, many of the gravest problems of the country would be settled more easily. He told the men's meeting of the responsibilities which administration of the "Roberts-Bonin" had during the war, "the wounds of the war have now been healed."
CONSERVATIVES UNITED
Mr. Meighen said that for the first time in a number of years, the Conservative party was united from coast to coast.
When Mr. Meighen began to speak in English, his sixteen speech of the day, there were some counter calls of the "Arctics," mentioning the name of the vessel in this case.
Mr. Meighen said he did not, but that information could be obtained at Ottawa.
INSPECTOR HOYT.
Inspector A. L. Hoyt was the next witness. He went into details regarding the organization in New Brunswick of the Department of Marine and Fisheries, in regard to same.
The commission then adjourned until 8 o'clock.

MASKS FOR WORKERS.
HOLLYWOOD, Cal., Sept. 2.—Workmen laying a tennis court here wore gas masks because of a deadly gas generated by the chemicals used in the special patented cement employed. Workmen with masks, however, they could work only in shifts of 20 minutes. The cement for this process must be laid under artificial light, so all the work was done by night.

Montreal Men Ask That Board of Conciliation be Appointed

MONTREAL, Sept. 2.—Under the Industrial Disputes Investigation Act of 1907, approximately 200 steamship checkers, employed on the Montreal docks, have applied to the Department of Labor for a Board of Conciliation to examine into their requests for increased rates of wages from the shipping companies.

The application will follow the regular routine and come up for examination by the Minister of Labor, who has power to order an investigation before recommending that the application should be granted, or to refuse it without giving any particular reason.

The body that has made the application is known as "Steamship Checkers, Local No. 1237," and is one of the local organizations of the International Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, which has its head office in Cincinnati.

The officers of the organization claim that the rates of pay in force here are below those being paid similar classes of labor in any other ocean port. They also declare that the present wages are lower than those of railway employees on the wharf, who are said to perform similar services.

Boys Leg Cut so Badly by Reaping Machine That One is Amputated

MONTREAL, Sept. 2.—Playing in the field near his father's reaper, 8-year-old Charles Edward Hughes of Ste. Anne's Plains, had his right leg nearly amputated and the left one cut to the bone, when he ventured too close to the machine.

His father, who was working the machine, applied tourniquets to check the flow of blood from each of the boy's legs and then took him to a doctor and to hospital here.

The doctors were compelled to complete the amputation of the child's leg and report that owing to loss of blood and shock, his condition is critical.

SAINT JOHN, N. B., SEPTEMBER 2, 1926.

PORT PROSPECTS

The national importance of this, the natural Atlantic winter port of Canada, stands out more prominently than ever as a result of the hearings before the Duncan Commission in Montreal.

After all, Saint John's strategic position, duly recognized by Sir Henry Thornton and other transportation authorities before the Duncan Commission, must be recognized unless Canada is to persist in hauling freight uphill instead of down.

We must not miss this tide. No clash of opinion locally, no failure on the part of our elected representatives, no lack of resolute action here, no hesitation on the part of the National Railway Commission, no failure on the part of the National Government, can be permitted to result in further erosion and postponement of the equipment of Maritime ports.

CITIZENS PRESENT REQUEST FOR INVESTIGATION AT CITY HALL

PETITION WITH 3,000 NAMES IS HANDED MAYOR

Probe of Administration and Engaging of Expert Asked

BEFORE COUNCIL AT FIRST OPPORTUNITY

His Worship Says It May Be Taken Up Next Tuesday

A delegation consisting of George Carvill, George McArthur and George H. Waterbury waited on Mayor White informally this morning and presented a petition asking that a thorough investigation in civic expenditures be made. It was the desire that expert be engaged to go over the expenditures of the various departments and see where reductions could be made and the cost of administering civic affairs be reduced. The petition contained more than 3,000 names of taxpayers. It was said that more than 1,000 had entered one booth and signed the petition without solicitation. His Worship promised to bring the petition before the council at the meeting on Tuesday. It reads as follows:

TEXT OF PETITION.

To His Worship the Mayor and Commissioners of the City of Saint John:

The petition of the undersigned taxpayers of the City of Saint John humbly sheweth: 1. That, as is well known, there is at the present time prevailing in this community very pronounced and widespread uneasiness and dissatisfaction with the ever-increasing civic burdens and problems, which are a constant source of worry to our citizens, especially the owners of real estate. 2. This condition of affairs is made manifest by the numerous letters and editorials in the public press dealing with the civic debt and inequality of taxation affecting real estate, which is based on a system leading to confiscation. 3. The voicing of these pressing grievances having awakened public opinion, we deem it desirable at this time to ask for some definite action on the part of the Common Council looking to a measure of relief. 4. Your petitioners, therefore, respectfully request that an auditor or firm of auditors, outside of the city, of undoubted experience and recognized standing, be appointed by the Council, but named or approved by a committee of the undersigned, to make a thorough audit and investigation of the city's books and accounts covering all departments, including the assessors, and extending over the past five years, showing all expenditures, the increase from year to year of the bonded indebtedness and the floating liabilities from time to time, with amounts paid for interest on all liabilities, and making such suggestions with a view to improvements in the methods to be pursued as may be deemed desirable, and recommending the adoption of all measures deemed necessary or advisable for effecting economy in the administration of civic affairs and the lessening of the burdens of the taxpayers.

EFFICIENCY EXPERT.

Also that an efficiency expert of outstanding ability and experience be appointed in the same manner as the auditor, with full power to make all inquiries in the several departments, including the assessors, which he may deem necessary or advisable for the purpose of obtaining all information needed or required by him and with fully authority to have free and uninterrupted access to all books, accounts, documents and papers, and to be given all assistance which he may need or request from the heads of departments and all civic officials and from all other persons from whom he may require information concerning civic affairs; and that both auditor and efficiency expert make reports containing such suggestions as they deem useful or advisable with a view to the reduction of civic expenditures and the lessening of the burden of taxation, copies of such reports as made from time to time to be furnished by the auditor and efficiency expert to the press and to the committee on request. Dated August 2, 1926.

Auto Death Toll in States is Thousands

WASHINGTON, Sept. 2.—Automobiles have killed 8,000 people in 78 of the country's large cities since the first of this year. The greatest number of fatalities occurred in the four weeks ending June 19, when 546 were killed, according to figures gathered by the Department of Commerce covering four week periods. For the four weeks ended August 14, this year, the last reported, there were 497 fatalities, an increase over the same period last year, when 467 deaths occurred. From May to December, last year, the total number of automobile fatalities was 4,845, making a total from that time to August 14 this year of 7,948.

RUINS HUNTED IN AZORES FOR MORE QUAKE VICTIMS

Known Losses on Fayal Island Total 11 or 12 Dead and 200 Injured in Horta; Prisoners Released From Half Destroyed Jails and Hundreds Pray HORTA, Azores Islands, Sept. 1.—Relief parties are searching for additional victims of the earthquake which shook Fayal Island Saturday morning while slight tremors continue to terrorize the population. The known casualties early today were 11 or 12 dead and 200 injured in Horta. Prisoners have been released because the jails were half destroyed. Hundreds of persons, clustered in small groups in the parks, were kneeling in prayer and singing hymns. All business was suspended and the banks were closed. The major shock lasted only 12 seconds, going as suddenly as it came on a wonderful cloudless morning. The shock was the climax of a series of preliminary earthquakes lasting three years, of which the heaviest occurred on April 8. Soon after the tremor was felt, scores of people rushed to a small boat which was preparing to sail to Lisbon. The extent of the damage has not yet been ascertained. Horta and its surrounding villages suffered greatly. Flamingoes was totally destroyed.

REMARriage STORY DENIED BY BERLIN

Composer Says no Truth That There is to be Second Ceremony

NEW YORK, Sept. 2.—Positive denial that Irving Berlin and his bride, who was Ellen Mackay, intended to be remarried in a Roman Catholic church to appease her father, Clarence Mackay, are issued from three sources in addition to Mr. Berlin's. Rev. J. Francis A. McIntyre, Secretary to Cardinal Hayes, said no dispensation for the marriage had been issued. Father Superior Gaudin, of the Roman Catholic Church of St. Jean de Baptiste, Lexington avenue and Seventy-sixth street, where it was rumored that the ceremony would be performed, said that there was no truth in the report. Mr. Michael J. Lavelle, rector of St. Patrick's Cathedral, when asked if he was to perform a ceremony for the couple, replied: "I don't know anything about it," and added that no priest on the cathedral staff had any appointment to perform it. Mr. Berlin issued a signed statement from his office. It read: "The report that Mrs. Berlin and I are to go through another ceremony is untrue. I shall deny no more of these false statements." The composer expressed his impatience with the "unnecessary publicity" which he said had followed him since his return to the United States, and asked to be left alone.

PREDICTS VICTORY FOR CONSERVATIVES

"We are confident that our party will carry at least 27 of the 29 seats in the Maritime Provinces," said Hon. George B. Jones, Minister of Labor, who spent a few hours in the city yesterday before leaving for Hamilton, where he addressed a meeting of conservative supporters last night. Hon. Mr. Jones will speak at Gagetown tonight and at Cambridge tomorrow. "I have been in almost every county of New Brunswick recently," Hon. Mr. Jones said, "and have no doubt but that Sept. 14 will see a clear victory for the Conservative party. Our organization committees are functioning perfectly." Hon. Mr. Jones predicted that the Conservative party would on Sept. 14 show gains in Nova Scotia, Quebec, Alberta and Saskatchewan. "We expect from 15 to 20 seats in Quebec, seven or eight more in Ontario than in the last federal election and are confident that we will carry every seat, with one exception, in British Columbia." Hon. Mr. Jones said that while visiting the North Shore he was impressed by the ardent Conservative enthusiasm shown.

VALENTINO ESTATE ESTIMATE MILLION

Stated It Will go to Brother—Still Grows From Picture Receipts

NEW YORK, Sept. 2.—The fortune of Rudolph Valentino, estimated at more than \$1,000,000, will go in full to Albert Guglielmi, brother of his dead star. It was learned today that the estate has been swelled by about \$800,000 since his death through the showing all over the United States of his latest picture, "Son of the Sheik." This amount was realized in the large city, where the demand for a sight of Rhdum's favorite son has been unprecedented, following the announcement of his death. S. George Ullman, manager of Valentino, said the daily income from "The Son of the Sheik" will be from \$25,000 to \$30,000 for an indefinite period.

Weddings

Laporte-Mahony.

The marriage of Miss Elsa Maud Mahony, R. N., daughter of Mr. and Mrs. Fred H. Mahony, Sydney street, Saint John, and David Joseph Laporte, son of Mrs. Mary Laporte, Hartford, Conn., was solemnized on Aug. 28, at the residence of Mr. and Mrs. I. J. Graham, 850 West 178th street, New York, by Rev. I. P. Brown. The bride was most becomingly attired in a gorgette gown of Spanish raiin color with panels of panne velvet. She wore a hat of nigger brown velvet faced with burnt orange. Mr. and Mrs. I. J. Graham supported the bridal pair. Following the ceremony Mr. and Mrs. Laporte left by motor for a wedding tour to New Brunswick. SIR JAMES AND LADY AIKINS ENTERTAIN 300

Brilliant Social Event in Connection With Bar Association Meet

The Georgian ball room of the Admiral Beatty Hotel was the scene of a brilliant social event last evening, when the president of the Canadian Bar Association, Sir James Aikins, and Lady Aikins, entertained at a delightfully arranged dance for the members of the local association and visiting members of the national organization. The guests were received by Sir James and Lady Aikins in the entrance hall of the mezzanine floor, which had been beautifully decorated with palms and roses. Lady Aikins was wearing a beautiful gown of cloth of silver made in train. Her scarf was of tulle. The Admiral Beatty orchestra rendered a program of popular airs for the dancing. Supper was served in salons A, B and C, where ladies in many lovely shades made a pleasing decoration. Upwards of 300 guests were present, including Rt. Hon. Lord Darling, Hon. Chief Justice Martin, Dominion vice-president of the association, and Mrs. Martin, Montreal; Rt. Hon. H. P. Macmillan, N. C. and Mrs. Macmillan, of Edinburgh and London; Mr. and Mrs. Isaac Pittblado, of Winnipeg; Mr. and Mrs. Craig of Winnipeg; Mr. and Mrs. Pierre Beaulac, of Montreal; Mr. Justice Mowat and Mrs. Mowat, of Toronto; Mr. and Mrs. J. Social Notes of Interest

In honor of Miss Frances Cudlip, of Montreal, who is to be one of the brides of next week, Miss Margaret Tilley gave a very enjoyable bridge and shower at "Homeswood," Rothesay on Tuesday afternoon. Sweet peas made an effective decoration in the drawing room and also centered the tea table over which Miss Alice Tilley presided. During the afternoon Miss Cudlip was made the recipient of many useful gifts from her friends present. The guests were Miss Frances Cudlip, Miss Elizabeth Armstrong, Miss Rachel Armstrong, Miss Helen Holmes, Toronto, Miss Florence Puddington, Miss Frances Robinson, Miss Frances Gilbert, Miss Elise Gilbert, Miss Dorothy Ring, Arlington, Mass., Miss Katherine Peters, Miss Margaret Peters, Miss Sybil Frink, Miss Eleanor Day, Miss Margaret Henderson, Miss Helen Allison, Miss Ruth Grainger, Montreal, Miss Betty Thomson, Miss Ruth Harrison, Miss Peggy Jones, Miss Frances Frith, Miss K. Blanchet, Miss B. Stewart, Charlottetown, Miss Barbara Myles, Miss Margaret Page, Miss Louise McLeod, Goshawk, Wisconsin, and Miss Lois Fairweather.

Miss Audrey Rankine entertained at a bridge of four tables and kitchen shower on Tuesday evening at the family residence, King street east, for Miss Isobel Walker, in honor of her approaching marriage. Clusters of marigolds and bachelor buttons decorated the drawing room for the occasion, and in the dining room the supper table had in the center a crystal bowl of sweetpeas and gypsophila. Mrs. D. O. Walker and Mrs. McPherson, of Montreal, presided over the coffee cups and were assisted by Miss Rita Dykeman, Miss Myrtle Paterson and Miss Helen Haycock. The fortunate prize winner at bridge was Miss Edith Mitchell. During the evening Miss Walker was presented with a gaily decorated clothes basket in which were many useful gifts, accompanied by the best wishes of those present. The guests were Miss Isobel Walker, Mrs. C. M. Second, Mrs. Shirley Ellis, Miss Nixon, Miss Dorothy Roach, Miss Clement Fenton, Miss George Springer, Miss Sylvia Ferguson, Miss Frances Hillon, Miss Isabelle Currie, Mrs. Helen Beattie, Miss Hilda Stevens, Miss Anna McPherson, Miss Jean Paterson, Miss Helen Branscombe and Miss K. Branscombe.

Very enjoyable was the drawing room tea given Monday afternoon by Mrs. H. F. MacLeod, Fredericton, in honor of her daughter, Miss A. T. McInerney, and her aunt, Mrs. G. W. Robinson, of Vancouver, B. C., who are visiting in the city. The table was prettily decorated with a gift in china from the hostess. The house was prettily decorated for the occasion with golden glow and sweetpeas and the same garden flowers centred the tea table.

Mrs. Edith Crookshank, who is Assistant Superintendent and Mrs. A. O. I. Crookshank, at Fredericton, have spent a week with her aunt, Mrs. R. M. Fowler, of New York, at her summer camp.

Miss Eileen Ritchie gave a small and very enjoyable bridge at her summer home, Millville, on Tuesday afternoon in honor of Miss Isobel Walker, Miss Rita Dykeman and Miss Alice Walker. The fortunate prize winner at bridge was Miss Hilda Stevens, and the guests of honor were each presented with a gift in china from the hostess. The house was prettily decorated for the occasion with golden glow and sweetpeas and the same garden flowers centred the tea table.

Mrs. Norman L. McGloan, entertained at luncheon, at the Admiral Beatty Hotel on Tuesday for Miss Eileen O'Regan, in honor of her approaching marriage. Covers were laid for eight. The table was centred with an artistic arrangement of pink and mauve asters and sweet peas. Delay cards, and favors in the form of nosegays, marked the places of the guests. Those who enjoyed Mrs. McGloan's hospitality were Miss Eileen O'Regan, Mrs. E. J. O'Neill of St. George, Miss Gertrude O'Neill, Mrs. Charles Conlon, Mrs. F. L. O'Regan, Mrs. D. J. Mullin, and Miss Alice O'Regan.

Mrs. George Hooper, who has been the guest of her parents, Dr. and Mrs. Charles Conlon, Coburg street, for several weeks, returned to her home in Ottawa on Tuesday.

Women Dispose of this new hygienic pad as easily as tissue—no laundry

COUNTLESS women have discarded old-time "sanitary" pads for a new and better way. A way that offers far greater protection. A way, too, that banishes the old-time problem of disposal. Eight in 10 better-class women now use "KOTEX". Discards as easily as a piece of tissue. No laundry. No embarrassment. Five times as absorbent as ordinary cotton pads. Deodorizes, thus ending ALL danger of offending. Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitation. Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.

There was a time when home-baked Bread was far easier to digest than the baker product. Cut open and bite one of the Robinson Health Breads and you soon agree that the story is now the other way around. Seldom if ever do you eat Bread with such an even bake and melting texture as in the Robinson Breads. And decidedly you don't gain the same nourishment—for the Robinson Breads are richer in food and flavor value by reason of their wealth of Milk, Sugar and Shortening. And a new supply is no other effort than including in your next grocery order a demand for one of the Robinson Health Breads.

LORD DARLING INTERESTS AND AMUSES LARGE AUDIENCE

Sketches Growth Of English Law In Brilliant Address

Says People Who Administer Statutes Must Be Wiser Than Makers

There is no such thing as a trial by jury, but rather by judge and jury and I maintain that it is by judge, jury and advocate. A barrister is most essential to a tribunal if justice is to be had.

Georgian ballroom at the Admiral Beatty last evening.

The present-time feeling of national unity and respect between Canada and Great Britain and other world countries owes much of its fostering and maintenance to the Canadian Bar Association, an association founded on a rock—the rock of justice.

HIS LORDSHIP LAUDED The evening session, which was followed by the reception by Sir James and Lady Atkins, was presided over by Hon. Chief Justice Martin.

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

BETTER THAN SODA For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in

The chairman, in his opening remarks, spoke of the distinguished speakers who had addressed the association at their meetings in former years and said that none were of greater fame in popular success than Lord Darling.

Turning his address to the "Administration of Justice in Great Britain," Lord Darling began by saying that even among the wildest of peoples there must be law and the proper and strict enforcement of legal statutes.

EARLY LAW IN ENGLAND Lord Darling dealt briefly with the law in England in early times and spoke on the Norman influence.

Our admirable system of administration of justice began with Henry II, when he ordered the King's judges to travel to all parts of England and sit at assize court hearings.

DUAL LANGUAGES The speaker reminded the audience that the law in Canada is administered partly in French and partly in English and said that, for a long time, French was the official language in the courts of England.

Lord Darling referred to the continuity in the practice of the law of England and cited as an example one trial presided over by himself, in which he referred to an original work of the time of Edward III, a work still authoritative.

The speaker dwelt on the duties of the advocate and said that an advocate was an amicus curia (a friend of the court). It is his duty, Lord Darling continued, to inform the presiding judge of any decision he may know of that might affect the case being heard.

THANKED FOR ADDRESS. "I am very happy to have been called upon to thank Lord Darling," Sir Robert Borden said, "and the distinguished gentleman has inspired us with feelings of deepest appreciation and lived up to the great wishes of the audience to Lord Darling for a highly successful trip across Canada and moved that he be elected to honorary membership in the association."

High Spots In Speech

There is no use having laws unless they are administered by people wiser than those who made them.

"It is true that trade follows the flag, but more important still, law follows the flag and trade follows the law."

"In England no poor fellow can be hanged without being adjudged temporarily insane and, from the nature of things, there is no appeal."

"It is said that Shakespeare lampooned a justice of the peace because Sir Thomas Lucy convicted him of deer stealing—when he was guilty."

"There is no such thing as trial by jury, but rather by judge and jury, I say that it is by judge, jury and advocate."

"A barrister is most essential to a tribunal if justice is to be had."

"I hold that there is no nobler profession than that of the advocate."

"It is useless to have a court of justice without sanctions, which, in the last analysis, is physical force."

"We, in this century, have seen many extraordinary things become commonplace."

WORLD CRIMINAL COURT. Lord Darling spoke of the recent attempt to establish an international criminal court for trial of crimes committed by public men and even by nations.

He concluded his remarks with an admonition to his audience to remember their duties, hearts and homes, and took his chair amid a storm of applause.

THE BALLROOM WAS CROWDED TO capacity for the luncheon by the convention delegates, many of them accompanied by their wives.

THREE REPORTS PUT IN. Three reports were brought to the attention of the meeting. That of the committee on international law, O. M. Biggar, K.C., convener, was submitted by E. LeFleur, K.C., L.L.D., D.C.L., of Montreal, eminent legal authority.

FRANCE SALUTED. At the conclusion of Maitre Chrestell's address Mr. Justice Trueman, of Winnipeg, said that nothing was more significant than the fact that he had come to Canada as a representative of the great bar of Paris.

HIS ELOQUENT WORDS. Hon. Mr. MacMillan referred in glowing terms to Sir Francois and the proud alliance existing between Canada, as a whole, and the Province of Quebec, France in Canada, and Great Britain.

THE LAW OF TORTS TO enable it to cope with present judicial and social problems. "The evolution has come from the courts," he said.

NOVELTY SHOWER. A most enjoyable novelty show was held last evening at the home of Mr. and Mrs. Charles F. Stevens, 636 Main street, in honor of Miss Edith Priddle, whose marriage is to take place this month.

ON HONEYMOON HERE. Mr. and Mrs. David J. Laporte have arrived in the city on their honeymoon trip. Mrs. Laporte was formerly Miss Elsa M. Mahony, of Saint John.

STELLA MARIS FAIR. No fair was held by Stella Maris Parish in East Saint John last night because of the rain.

Never Let Make-up Remain on your skin over night

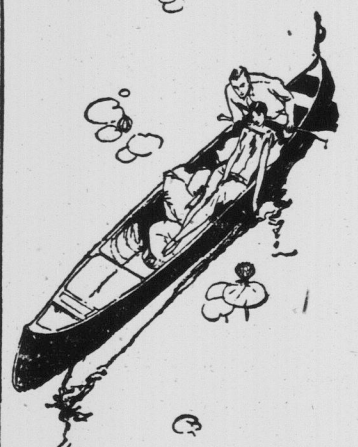

Do this if powder or rouge ever touches your face—note then the great difference that comes

COUNTLESS women make the great mistake of permitting make-up to remain on their faces over night.

Powders, rouge and all cosmetics have a tendency to clog the pores... often to enlarge them. Blackheads and blemishes often follow.

Remove this way. Wash your face gently with Palmolive Soap, massaging it softly into the skin.

Follow this rule. Your skin will be soft and lovely. As the months roll by, you'll need fewer and fewer cosmetics.

BRIDGE ACROSS SAINT JOHN HARBOR IS PLANNED BY C. N. R.

To Have Centre Pier On Navy Island And Carry Other Traffic

MONTREAL, Sept. 1.—Further particulars of the contemplated changes in the development of Saint John harbor were secured here today.

If the proposed plans are adopted they will ensure in the earlier stages further construction on the west side with the eventual use of the eastern side of the harbor as the demands for increased accommodation have to be met. In order to give the Canadian National Railways entry to the west side a low level bridge will be constructed, using navy island for the centre pier. The bridge as contemplated would provide for vehicles and foot passengers as well as for railway traffic. Both the Canadian National and Canadian Pacific Railways would have running rights and the city of Saint John would also be interested. It is felt that the adoption of this plan would save large sums of money and would make Saint John a cheaper port to operate in.

The importance of cheap port accommodation was stressed yesterday before the Maritime Commission by W. L. Smith, manager of the Canadian wheat pool, who professed his desire to use the Canadian ports as outlets for the grain handled by his concern.

COMMISSION FAVORED.

Vice-President Hungerford of the Canadian National railways endorsed the opinion of Sir Henry Thornton that Saint John harbor should be operated by a commission similar to that of Montreal. If this system is adopted it is felt that any new work can be done on the advice of experts and will become part of the general scheme for providing Saint John with adequate shipping facilities.

SESSIONS COMPLETED

MONTREAL, Sept. 1.—The Royal Commission investigating the position of the Maritime Provinces in Confederation completed its public sessions here today. Private sessions will be held tomorrow and perhaps Friday.

Ignorant of Dad's Fate

CRIMLY realizing that he is stepping off the walk of death, the Mexican above trudges along, surrounded by his guard, to face the firing squad that awaits him. His son, ignorant of the fact that his daddy is going to meet such a fate, is happy in the thrill of the ride atop his father's shoulder through the streets of Mexico City.

being studied. He was not impressed with the Bathurst requests. He was in sympathy with the desire for extension of "business," but the fact nevertheless remains that paper is now moving for export from other mills in Canada and presumably the Bathurst mills are attempting to replace the shipments from these other mills, these other mills having the benefit of lower inland rates to Montreal for transportation services and for seven months in the year as against the handicap of the Bathurst Company.

LUMBERMEN HARD HIT.
"I believe the lumber interests are finding it exceedingly difficult to meet competition in New England where they enjoyed a large market," Mr. Weldon said. However, as had previously been pointed out to the Commission, any reductions would be absorbed entirely by the Canadian National. These railways had exhausted every effort to have the lower basis of rates, which was in effect for a short time, continued, but the negotiations with the United States railways had not been successful. "It was only when we found it impossible that we backed away, except to the extent of such points as we served directly, where the lower basis continued," said Mr. Weldon. He said the railways would continue to present their case to the American courts.

BATHURST CO. CASE.
Complaints of the Bathurst Company against present rates to Montreal as compared with those from other points were dealt with.

Vice-President J. E. Dalrymple interposed to say the entire situation was

BESCO SITUATION.
In connection with the brief of R. M. Wolvin, president of the British Empire Steel Corporation, dealing with the coal and steel industries, Mr. Weldon said rates had advanced substantially, as indicated, since 1916. He agreed that the horizontal method of divinement was prejudicial to long haul traffic, and added "you will understand, of course, that the increases were then authorized."

MATTER OF COAL RATE.
Mr. Weldon did not see how the coal rate to Montreal could be reduced to a point where it would be of any advantage. "With regard to steel the

seem if ever haul empties west unless it may be some special car."

FISH RAILS DISCUSSED.
Mr. Weldon's reply to the fish representations was that there was nothing to complain of in the freight rates on fish.

The chairman referred to two similar boxes which had been produced by Arthur Bouillier at Halifax, one packed with fresh and the other with cured fish. They were going on the same train in the same way, but the charge was very much greater in one case than in the other.

The railway's stand, said the witness, was that the cured fish would not deteriorate within a reasonable time in transit. If a car were detained by something beyond the railway's control one might not reach its destination in a marketable condition.

Chairman—"Upon whom would the responsibility fall for sustaining a loss?"
Mr. Weldon—"If the railway was at fault."

Chairman—"But you say beyond your control. You mean within your control?"
Mr. Weldon—"Well, put it that way."

Asked if claims had been experienced from the fish trade in that way, the witness said they had in the past. He thought conditions were getting better all the time.

The witness went into an extended explanation. Some years ago the Nova Scotia shippers asked permission to ship in mixed cars. The request was granted the railway undertaking to protect carload rates on the actual weight of the fish contained in the car, subject to a certain specified minimum.

The understanding at that time and on which we have been working, had been that these mixed cars of fresh fish and smoked fish. Therefore we protected the fresh, frozen and smoked rates. If we are mistaken as to the quality of the fish, that is if Mr. Bouillier's contention is correct, we have been losers, and the sooner we get our house in order the better, because we could never concede the principle that smoked fish and fresh fish were entitled to the same consideration. If applied in one place we would have to apply it in any other.

Chairman—"I suppose that is subject matter on which in any event there is a right of appeal to the Railway Commission?"
Mr. Weldon—"Exactly."

EXPLAINS ACTIONS.
Mr. Weldon was questioned on his authority as traffic manager of the Atlantic Region, from which he had just been promoted. He said generally

Mr. Weldon: "All rates are inter-related."

The witness argued that the change was for the better in linking up the Intercolonial railway with the National interests.

The chairman dwelt further on the elasticity in the fixing of rates than under the Intercolonial regime and after some discussion Mr. Weldon's examination was completed.

Morning Stock Letter
NEW YORK, Sept. 2.—We see no halt in the bullish activities of the stock market. The three day holiday at the week end may bring in some profit, but it is a good bet that any reaction in the near future will be very small and we look for continued higher prices. There is still a good deal of bearishness in the street, and a good many people are short of stocks. The technical position, consequently, is much stronger than it ordinarily is and we expect an advance. In the rail list we expect the dividend payment to continue to work higher, but a good part of speculation should shift to lower prices. In this group, Chicago and Eastern Illinois preferred offers a good speculation at present prices, and we believe New Haven will work higher.

Current Events
NEW YORK, Sept. 2.—General Railways Signal directors scheduled meet at Rochester today.
American Smelters and Refiners met at 11 today, 1,638 shares preferred dividend of \$1.00 per share.
Bank of England re-discounted un-announced 3 per cent. regular quarterly dividend of 40 cents on common and 5 per cent. on preferred.
R. H. May to retire all of preferred stock now outstanding at 115 and accrued dividends; will sell \$7,500,000 securities.
Car loadings weak ended Aug. 21, total 1,087,711, against 1,101,995 same week last year.
Lowsy Co. bought 25,000 bags Cuban raw sugar for late September shipment at 23 cents.
Chas. National Bank declared regular quarterly dividend of 20 cents common and 4 per cent. on preferred.
Chas. Securities Corporation declared a dividend of 1 cent.
Butterick Co. is negotiating for sale of 2,000,000 six and a half cent shares of common stock.
Twenty industrial 182.03, up 1.42; 20-124 122.05, up .45, new year's high.

LEOPOLD AND LOEB CASE IS UNDER REVIEW

Illinois Paroles Official States Possibility of Freedom by 1935
CHICAGO, Sept. 2.—Nathan F. Leopold and Richard Loeb will be eligible for parole just eleven years and three months after they entered prison, Hinton C. Clabaugh, newly appointed supervisor of Paroles, announced today.

And the reason why it appeared that the "intellectuals" who killed the son of Jacob Frank would be eligible to early release was that their sentences, according to the information now available, should run either concurrently or consecutively, Mr. Clabaugh said.

NEW YORK, Sept. 2.—The 99 year sentence was considered the longer they would be eligible at the end of 83 years.

BRITISH SURGEON OPPOSES PUBLICITY

Sir W. A. Lane in Controversy With Medical Association; Resigns
Canadian Press
LONDON, Sept. 2.—Sir William Lane, the eminent surgeon, is involved in a controversy with the British Medical Association over the ethics of publicity. The surgeon who upon his return from the United States last year, organized a health society and advocated that doctors write articles for the daily press, aprising people how to keep fit, has locked horns with the National Association, which is opposed to anything suggestive of self-advertising.

Will We Maritimers Stand These Insults?

HERALDED as the future Leader of the Liberals, and named by Mr. King, as his Minister of Railways, Mr. Dunning lately sneered at our wrongs before his hometown Westerners:—
"There are just four important events in the life of every Maritimer. One is being born, the next is getting married, the third is getting a free ride on the Government Railway, and the last is Death."

ISN'T it handsome? Isn't it promising of the Man Mr. King gave us to look upon as one to right our railway rate wrongs? Small wonder Mr. Dunning left Saint John-Albert out of his speaking tour last week.

RECALLING similar smart remarks from a Liberal Cabinet Minister in the local legislature, Ivan Rand at the Imperial Theatre, and his knocks at Maritimes Rights—we read this week of the Honorable William Duff, Liberal deputy Speaker in Parliament from Nova Scotia—saying there is no such thing as Maritime Rights.

DOUBTLESS Mr. Dunning is elected too far west to see seriously our troubles at such distance—Doubtless this other High placed Liberal, like so many others, is too far "at sea" on matters best known to himself and the Rum Probe to discern the drawbacks of legitimate Maritime business.

VOTERS of Saint John-Albert—these King Men have told you what to expect. You have seen Leader King himself doubting Maritime Rights and beating about the bush when challenged. You have seen the Liberal Party become the Western Party. In perfect contrast, you hear Premier Meighen and all the Conservatives come out straight from the shoulder for Maritime Rights. You see a Maritimer appointed Conservative Minister of Railways. You have before you a contract presented by Premier Meighen to remedy our Freight troubles, both eastbound and westbound. You find the Maritimes solidly Conservative on Maritime Rights. Sign Meighen's contract with a vote for Thomas Bell and Dr. Murray MacLaren. Stand solidly together as Maritimers. Remember the bluff and cunning of Duff and Dunning, the rant of Rand and the cant of King—don't let your vote "go west."

Fight for Your Rights.
Vote Bell and MacLaren.

South End To Have Five Competitors In Moncton Title Events

Along The Sport Trail

By JOHN J. DUNLOP

CHARLIE GORMAN, who is amateur champion skater of the world despite Julian T. Fitzgerald and his pals, picks Jack Dempsey to retain his title in the coming party with Gene Tunney.

WHILE on Mr. Gorman, he pulled a rather funny one when in conversation his critics say he usually is in that state of mind that he is not a fighter.

IT IS encouraging to see the interest taken by Saint John boys in the Maritime track and field-meet at Moncton on Labor Day with no less than 15 entries from the national winter port.

DONOHUE NOT LIKELY TO TAKE PART IN BIG MEET

U. N. B. Star Turns Ankle In Practice For Labor Day Contests.

THE South End will have quite an entry list for the Maritime track and field championships at Moncton on Labor Day and they are expected to get off a few points during the arguments. So far, it is reported that "Bobby" Payne, who has shown masterly skill as a sprinter, Louis Join, who will compete in the bicycle races, Barrett, Jack Kirk, Littlejohn and Geary will be sent. Kirk and Littlejohn will compete in the bicycle races, an event seldom or never carried hereabouts, while Payne will enter the senior 100 yard dash. Barrett will go in the junior century. Geary is the one-armed boy who was a sensation at the West Side meet early this year and he is expected to show up.

DONOHUE NOT GOING

It was reported today that "Burr" Donohue, crack U. N. B. track man, will be unable to make the trip, having turned his ankle in practice. Donohue is U. N. B.'s all-around star and was looked on to secure several points for the local Y. M. C. A. Don Rivers will compete in the sprint along with Errol Skinner, while Morrissey will represent the Y. M. C. A. in the five-mile. George Sprague also will compete in this event against Johnny and others. Keer and Yeomans are not likely to make the trip.

New Series For Soft Ball Championship

A further series of three games will be played by the St. Jude's and eVits teams of the West End Softball League to decide the championship. The first game of the new series will be played on Friday night commencing at 7 o'clock sharp. Last night's play-off game between the two teams was called at the end of the fourth inning because of rain, and then score stood 19 to nothing in favor of St. Jude's.

IMPERIALS TAKE THE FIRST GAME

The Imperials took the first game in the play-off for the championship of the City Intermediate League when last night on the South End grounds, they defeated the Canucks by a score of 3 to 2. The next game will be played on the Nashua Park diamond on Friday night. The winner of the play-off series receives the handsome trophy, the Ellisworth cup. The score by innings last night was as follows:

JUNIOR TITLE

The All-Stars came back last night and captured the second game of a three-game series which it is claimed is for the junior baseball championship of the city. The winners played errorless ball behind the astyric pitching of Corrigan, who allowed only two hits. He and Richards were the batsmen for the All-Stars, while Dwyer and Campbell worked for the losers.

MYSTERY HOUSE IN LONDON IS TRANSFORMED

Left Derelict for 12 Years, Now Being Repainted, Top to Bottom

LONDON, Sept. 2—Long known as the "mystery house of Kensington," one of the dingiest mansions in the West End is being rapidly transformed into one of the smartest.

The house, in Hyde Park-gate, is a large structure of six stories and at least 20 rooms. Its owner and only occupant is Mrs. Jeanette Oliver Vetch, a widow, over 70 years of age, who never receives visitors and goes out once a week only for half an hour or so.

For 12 years until last September the house, sumptuously furnished, had been left derelict.

Through the dim window panes a film of dust could be seen overlying the beautiful carpets and silk fabrics of the interior.

No light appeared in any of the rooms, and nobody was ever seen to enter or leave the front entrance, which were barred with heavy iron doors and padlocked.

TAXES PAID. No well-founded explanation for the house's long desertion was known. Each quarter, however, the rates, amounting to about \$1,000 a year, were punctually paid by a bank acting for Mrs. Vetch.

Above the portico of the mansion a large notice informed passers-by: "This is a private house. No connection with hotel alongside."

After a long stay at Monte Carlo, Mrs. Vetch returned to her house last September. One morning she appeared on the balcony and waved a Union Jack at the curious crowd gathered below.

Soon afterwards the notices disappeared.

appeared, magnificent new curtains of Turkish silk appeared at the windows, and a general air of habitation returned to the mansion.

Now it is being repainted from top to bottom. Soon it will rank as one of the most prosperous-looking residences in London.

HIGH SPEED MILL. WASHINGTON, Sept. 2—A high speed typewriter, the invention of a Washington lawyer, Fred A. Dolph, has 1,100 keys, constituting 40 different alphabets. The inventor, who can write 150 words a minute on an ordinary typewriter, claims he can bang out 283 a minute on his new machine. Each alphabet on the typewriter extends in a single vertical line.

G. T. P. SETTLEMENT TERMS REVEALED

To Start Sinking Fund by July 1, 1927, For Decade and Redeem Bonds

LONDON, Sept. 1—The terms of the settlement that has been reached between the Grand Trunk Pacific four per cent debenture holders and the Canadian National Railways were announced here today.

The Canadian National Railway Company, incorporated by special act of the Parliament of the Dominion of Canada, according to the terms of the settlement shall validly create and issue debentures stock carrying interest as from July 1, 1926, at the rate of two per cent per annum payable half-yearly on January 1 and July 1 each year, the first payment to be made on January 1, 1927, or as soon as possible after this scheme becomes operative, whichever shall be the later date.

The railway company shall before July 1, 1927, and before July 1 in each succeeding year set aside as a sinking fund for the redemption of stock, a sum equal to two per cent upon the total amount of the stock that shall have been issued, whether still outstanding or not, plus a sum equal to the interest that would have been payable on any stock previously redeemed but not been releasing.

The amount so set aside each year shall for the first ten years, from July 1, 1926, be applied to the redemption of the stock by purchase—by tender only—at a price (including a half-year's interest to the next following July 1), of not less than 260 and not more than 2100 of stock. After the expiration of the ten years the stock shall be redeemed by drawings at par only.

CRIPPLE, SPRINTER. BERLIN, Sept. 2—When Dr. Otto Peltzer, of Stettin, was seven years old he suffered inflammation of the hip, joints, and physicians declared he might never be able to walk again.

Now he is being acclaimed as one of the greatest middle-distance runners in the world. Recently he lowered the half-mile mark, set by J. E. Meredith, of the University of Pennsylvania, going the distance in 1.51.6.

SARNIA BOY TAKES PALS ON BOAT RIDE

SARNIA, Ont., Sept. 1—Finding a speedboat tied to a local dock, Junior Shoemaker, who will be six years of age this month, climbed into it, invited three other 10-year-old youngsters to join him, and started up the motor.

After sailing out on the St. Clair River and dodging several freighters, he steered the craft safely back to shore.

LOST FLOWER FOUND. WASHINGTON, Sept. 2—The pink turtlehead, a species of flower which was discovered about 1760 and which was lost thereafter for 175 years, has been re-discovered by two scientists, Dr. E. T. Wherry, of the United States Bureau of Chemistry, and Dr. J. E. Benedict, of the United States Museum.

SHARKS IN NORTH

LONDON, Sept. 2—Man-eating sharks are usually associated with tropical seas, but northern waters, too, are haunted by the ferocious types. Of all the British islands, the Shetlands

probably lead in the number of sea monsters. The Shetlands are well acquainted with the backing shark, which lies on the surface of the water in the sunshine. Its tail can inflict a powerful blow, and fishermen steer clear of the monsters.

MEN OF NOTE QUIT QUEBEC FOR BRITAIN

QUEBEC, Sept. 1—Diplomats, newspaper men, notable travelers and a host of other personages combined to make a heavy list of passengers for the Empress of France, outward bound from Quebec this afternoon.

E. S. Fickles, of Pittsburgh, vice-president of the Aluminum Company of America, was one of the notable passengers en route to Europe on a flying business trip, while DeWitt Clinton Poole, consular attaché to the United States embassy in Berlin, was another prominent traveler.

G. Meunier, son of the proprietor of the Island of Anticosti, is returning to Europe with his family after spending three weeks in Canada, during which time they stayed on the Island of Anticosti. He will take up his abode in Paris for the winter, and will return to Canada next year, he stated.

Beverly Baxter, a native Canadian, who is now managing editor of The London Daily Express, is also returning home to England, after a flying trip of a month throughout Canada, while Mr. and Mrs. L. C. Barrett, prominent society people of San Francisco, are also aboard.

Canada is prominently represented by R. Christie, of Vancouver, manager of the Royal Bank of Canada, and Dr. and Mrs. Watson, of Murray Bay, while London, England, in addition to having Beverly Baxter aboard also has Lt.-Col. Badgerow, C.M.G., and W. G. Edwards of the Topical Press Agency, among its contingent, a number of touring Americans and Canadians completing the liners heavy list.

MAY MAKE SOUTH SIDE OF KING SQ. ONE WAY STREET

Common Council in Committee Takes Up Traffic Problem

PARKING QUESTION AGAIN REFERRED TO

Church Views on Matter of Proposed Garage Asked for

Traffic conditions on the south side of King Square, and a request by George A. Cameron regarding the erection of a garage in Princess street were discussed at a committee meeting of the Common Council this morning.

A communication from Mr. Cameron asking that there be no interference from the council in the erection of the garage was read. The building would cost \$20,000 and employ about 15 men with a yearly pay-roll of \$20,000.

Commissioner Harding said that if a permit was applied for and the laws complied with he would be in favor of the project.

Meyer White said that the junction of Charlotte and Princess streets was a bad corner and if there was any change in the buildings there the city should widen the street and round off the corner.

The by-law regarding the erection of garages was read. It provided that a garage could not be erected within 300 feet of a church unless permission of the church was given.

Commissioner Bullock brought up the matter of traffic at the south side of King Square and said something should be done to remedy conditions. He moved that the commissioner of safety bring in a report on the subject.

Commissioner Harding gave a verbal report that this street was a very hot spot and he had been working for a year in efforts to improve conditions. He had been testing it as a one way street placing a policeman there at certain times to stop traffic from entering from Sydney street. He said that it may be made a one way street.

Commissioner Frink said that if cars continued to increase some provision would have to be made for a parking area where a fee could be collected as the city needed new revenue. The city of Hamilton collected \$11,000 last year in fees from signs.

Commissioner Harding said that he had searched for such parking areas but could find none.

The meeting then adjourned.

TO BEGIN CLASSES FOR "Y" GIRLS OCT. 4

Miss Hazel McCready is Pleas'd to Return to Home City

Miss Hazel McCready of Douglas avenue, who for the last two years has been the chief of the physical culture department of Rupert's Land Ladies' College, Manitoba, and who has been appointed to the staff of the city C. A. here, will begin her classes on October 4.

Miss McCready was urged to remain in the West but she is happy for the opportunity to be at home with her mother.

Furthermore it gives her satisfaction to lend her effort to a homeland effort such as the Y. W. C. A. and employ there her training acquired in two years course at McGill University and put into practice her teaching experience in the Ladies' College in Manitoba.

Miss McCready is highly recommended by the executive and directorate of the Y. W. C. A. who have referred glowing terms to her efficiency as a teacher and her amiable manner. All are specially happy to know she has accepted their offer, because she is a Saint John girl of wide popular acquaintance.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and flows back through the gorges of the Falls, creating a "Falls" running up the river.

At low tide the water in the Bay becomes so much that the fall of water is reversed and flows down river into the Bay.

At half tide, when the level in the Bay and River are about equal, the Falls disappear entirely, and the water fully appreciates the wonder of the world it should be seen at all times.

CHALLENGE ACCEPTED
 St. Peter's Juniors accept the challenge at the East Rovers for a game this evening at 8:45 o'clock on the St. Peter's diamond. They are willing to play a three-game series for the championship.

HORSE RAN AWAY
 About 9:30 last evening a horse owned by Benjamin Robertson, while being unhitched in a yard off Spruce street, ran away. It was caught in King street by Patrick Killen, Sergeant McLeese, who had followed the horse in a car, took it to the head of King street, where he gave it in charge of a boy, who returned it to Mr. Robertson's yard.

GIVEN SHOWER
 An enjoyable novelty shower was held last evening at the home of Mr. and Mrs. Oscar Saunders, Gondola Point, in honor of their daughter, Miss Ella Saunders, who about 75 of her friends gathered to shower her with dainty and useful gifts. The evening was pleasantly spent in games and music. Refreshments were served and good wishes extended to the guest of honor.

WAS IN AUTO ACCIDENT
 Miss Margaret Brown, of Waverly, Mass., is spending her vacation with her mother, Mrs. E. A. Brown, of 229 City Road. Miss Brown had a thrilling experience on her way here. She was driven by an automobile which had driven only about two hours when the car left the road, pinning the occupants beneath it. She is very fortunate in not being seriously hurt. Other occupants of the car went to hospital and she continued to Saint John by train.

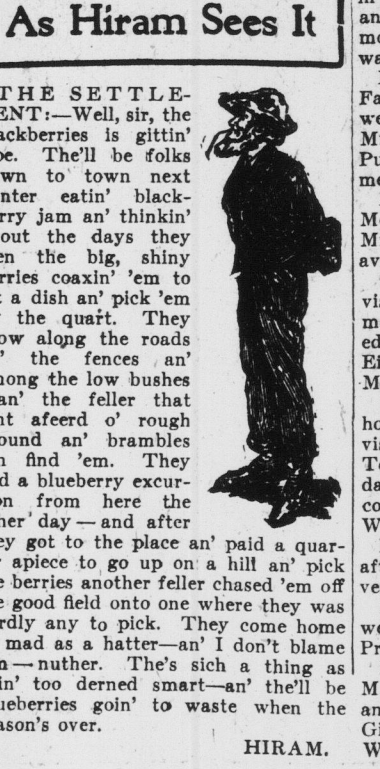

PLEASANT TIME
 Twenty-five friends invaded the home of Mrs. William Cannon, 299 Metcalfe street, on Wednesday and tendered her a very pleasant and enjoyable surprise shower. She received many beautiful and valuable gifts. Mrs. Cannon was formerly Miss Hazel Ellis Saunders, who about 75 of her friends gathered to shower her with dainty and useful gifts. The evening was pleasantly spent in games and music. Refreshments were served and good wishes extended to the guest of honor.

SILVER PRESENTED
 Arnold Ring, service manager of the local branch of the Ford Motor Company of Canada, Ltd., who was recently married, was pleasantly surprised at noon today when he was made the recipient of a beautiful silver service. The presentation was made by G. W. Berry, assistant manager, on behalf of the members of the office staff and employees of Mr. Ring's department. The recipient made an appropriate answer to the address tendered him and thanked all for the beautiful wedding gift.

GOES TO OHIO

Baker, formerly of Fairville, now secretary of the American Religious Educational Board with headquarters in New York city, will leave tonight for Ohio to attend a board meeting of the Christian Church relative to his work. There are 27 schools and 40 colleges in Rev. Dr. Baker's list of secretarial work. He has been visiting friends and relatives in this locality for some weeks, accompanied by his wife and children. Mrs. Baker was formerly Miss Kate Hoppe, daughter of the late Rev. Dr. J. E. Hoppe, Baptist clergyman, editor and educationalist.

As Hiram Sees It

THE SETTLEMENT—Well, sir, the blackberries is gittin' ripe. They be folks down town wearin' winter eatin' black-berry jam an' thinkin' about the days they seen the big, shiny berries coazin' 'em to get a dish an' pick 'em by the quart. They grow along the roads an' the fence an' among the low bushes an' the feller that aint afraid of rough ground an' brambles kin find 'em. They be a blueberry excursion from here the other day—and after they got to the place an' paid a quarter apiece to go up on a hill an' pick the berries another feller chased 'em off the ground onto where there was a hardy one to pick. They come home as mad as a hatter—an' I don't blame 'em. The such a thing as bein' too durned smart—an' the'll be blueberries goin' to waste when the season's over.

MISS H. SMITH AND DR. G. SKINNER WED

Wedding of Much Interest is Solemnized at Westfield This Afternoon

This afternoon, marked by brilliant sunshine, witnessed the wedding of Miss Helen Smith of Westfield, whose marriage to Dr. George Skinner of Saint John took place in the United Church at Hillsdale. The wedding was of much interest, and there was a large gathering of relatives and friends at the church. The bride is the youngest daughter of the late Mr. and Mrs. J. Willard Smith, and the bridegroom is the only son of Mr. and Mrs. Frank Skinner of Saint John. Both families are prominent in the city.

The bride, who was given away by her brother, Willard Roy Smith, of Annapolis Royal, N. S., wore a wedding gown of white tulle and tulle, trimmed with duchess lace and orange blossoms. Her train was of Spanish lace, lined with pink georgette. Her hat, a large one, was of duchess lace, also trimmed with orange blossoms. She carried a shower bouquet of Opheelia roses.

The bridesmaid was Miss Jean Smith, sister of the bride. She wore a gown of gold tulle with brown velvet shoes, and large hat of velvet and metallic lace, brown gloves and carried a bouquet of sunset colored dahlias, with forget-me-nots and gypsophila. Murray Vaughan was groomsmen. Arthur Gregg and Robert Hayes were ushers.

The service was choral. The bride entered the church to the strains of the wedding march. A quartette composed of Mrs. Frederick G. Spencer, Mrs. Le Langley, Elizabeth McLain and Cecil Mersereau sang the hymn "O Perfect Love," whilst the bridal couple, Mrs. Skinner will leave for New York. The officiating ministers were Rev. Dr. B. C. Borden of Annapolis Royal, N. S., and Rev. Robert Smart, pastor of the Westfield charge. The church was effectively embellished with flowers. After the wedding a quiet reception for relatives and intimate friends was held at the home of the bride. The honeymoon will be spent on a motor trip to Woodstock, and a week's canoeing on the Saint John River, after which Dr. and Mrs. Skinner will leave for New York. The bride traveled in a flat-crepe ensemble of ashes of roses, trimmed with velvet, hats, shoes, gloves and hat to match. The presents were large in number, and of great beauty. The church was decorated by friends of the bride, and was very lovely with quantities of golden rod, hydrangeas and white flowers. The house was beautifully decorated with masses of sweet peas and gypsophila.

MILK SITUATION IS SOON ADJUSTED

Dealers and Producers Make Year Contract—Price to Consumer Unchanged

Though the time was short between the ceiling of the King's County milk strike yesterday morning and the settlement of it in the afternoon of the same day as stated in last evening's Times-Star, a stall of shipments that was felt somewhat throughout the day and again this morning was averted. The trouble having been adjusted ensures no further shortage and whatever aint felt was not general.

Tuesday night's shipments and a hurried supply from local resources saved the situation for the space of 24 hours according to J. D. Tully of the Purity Ice Cream Company, in an interview with a Times-Star reporter this morning.

The settlement is that the dealers have the price 20 cents for eight quarts can, same as prevailed last year. The contract is made for a year. Prices to the consumer remain as now.
