

Good Things Coming to Theatres of St. John Opera House Has Banner Offerings

SNOOZER, THE DOG WHICH KNOWS THINGS, AT THE OPERA HOUSE TOMORROW AFTERNOON.

Last times tonight at the Opera House for Wells, Virginia and West, that snappy trio of step and eccentric dancers; Harry Mehan, the happy tramp in songs and witty stories; Field Sisters, two little girls from musical comedy who can sing and do dances; Audley Tobin in a roasting stunt on the revolving globe; Page and Greene in a laughable knockabout, acrobatic act; and the serial drama "The Tiger's Trail" with Nath Roland. This evening at 7:30 and 9.

The regular change of bill opening tomorrow afternoon offers "Ratan's Song Bird," with Siamese Burrows, the biggest little star in vaudeville; Standard Comedy Trip in a variety novelty act; Dave Mauley, monologist, in a fun skit "His Honor the Mayor"; Meredith and Sooner, introducing the famous intellectual bull dog, Geo. and Nettie Fox, in a sensational cartoon act, with up to date songs and dances as well; and the serial, "The Man of Might" tomorrow afternoon at 2:30—tonight at 7:30 and 9.

It has been some months since Imperial Theatre has shown the charming story, Norma Talmadge in one of her splendid productions, therefore her appearance tonight and tomorrow will please her many admirers. The story is George Scarborough's widely-read fiction, "The Heart of Wetona," a tale of a college-bred Indian girl, her still unmediated Indian people; Tom McLaughlin as the government reserve officer and Gladys unfaithful lover. This picture is exquisitely beautiful from the scenic viewpoint and intensely gripping in its adventure and love interest. At times the flashes of old Indian warfare set the blood of the Imperial will also have the usual news weeklies and Mutt and Jeff.

"The Romance of Tarzan," sequel to "Tarzan of the Apes," which deals with the semi-wild man's trip to English society to claim his father's estate, will be shown.

SETTLEMENT OF ORIGINAL STRIKE

Prospect of Ending Metal Trades Trouble in Winnipeg

STATEMENTS ISSUED

Several Strikes Begun in Montreal—Toronto Street Railwaymen Defer Action—The Telegraphers in the States

Winnipeg, June 16.—"Daylight is in sight" said Mayor Gray last night after a conference with Senator Robertson, minister of labor. He would not say anything more, but he led it to be understood that the settlement of the dispute in the metal trades, the original cause of the general strike, the mayor also said that the street cars would soon be running again.

Major Joly of the special police force had as visitors during the evening James Wanning and B. Buswell, two of the inner circle of the strike committee. Nothing would be disclosed as to the nature of the interview.

Winnipeg, June 16.—In a lengthy statement to the public the metal trades employers today outlined their policy on the question of collective bargaining which is endorsed by the mediation committee of the railroad-brotherhood officials as "being in principle and effect the same as that enjoyed by these (road) organizations."

Senator G. D. Robertson, minister of labor, after reading the declaration by the companies, said: "The policy outlined is a full and complete recognition of collective bargaining as generally interpreted and applied, and is entirely in accord with the established practice on our Canadian railways. It should, in my opinion, be accepted as satisfactory to labor."

E. C. Coleman of the C. P. R., A. E. Warren of the C. N. R., and W. P. Hinton of the G. T. P., also endorsed the policy contained in the statement. The policy outlined provides no discrimination in regard to union men or non-union men, employees to have right to negotiate, a covering hour and wages and working conditions; employees to have right to elect representatives from among employees of firm involved. In the case of disputes, if any agreement cannot be reached by methods outlined, the daily accredited international officers of the metal trades organizations shall be called upon to assist in effecting a settlement.

Toronto Street Railway. Toronto, June 16.—Sentiment in favor of an immediate strike of the employees of the Toronto Street Railway Company was strong at a meeting of the men yesterday, but the matter was postponed for a week. In the meantime it is hoped negotiations may result in a satisfactory settlement. The men demand 25 cents an hour, an eight-hour day. The company states that it cannot pay the increased wage and allow the shorter day.

Two in Montreal. Montreal, June 16.—Four thousand employees of the Dominion Trust Company today struck to demand higher wages and shorter hours.

A strike which may spread to the whole of the building trades here was started this morning by electrical workers. Four hundred men are affected.

One thousand two hundred employees of packing houses, some of whom are branches of Toronto firms, struck this morning. They returned to work at eight o'clock on Saturday, but demand a forty-eight hour week instead of sixty hours a week; same wages for forty-eight hours a week, and an increase of six cents an hour, making a wage of sixty-eight and one-half cents an hour for butchers and forty-seven and one-half cents an hour for others.

Cobalt, Ont., June 16.—There will be no immediate strike in the Cobalt camp. At a meeting of the miners' union yesterday.

It was decided to abide by the action of the executive committee of the union of labor to take no action until all possibilities of settling the differences by negotiation had been exhausted.

The Telegraphers. Atlantic City, N. J., June 16.—Frank Morrison, secretary of the American Federation of Labor, announced to national convention delegates here last night that he had promised to give orders which would result in conferences between representatives of the striking commercial telegraphers of the Western Union and Postal companies and representatives of the companies. At these conferences, he said, machinery for settling difficulties would be arranged.

Chicago, June 16.—Both sides in the strike of telegraphers today awaited confirmation of a statement made at Atlantic City last night by Frank Morrison relative to Mr. Burleson's promise.

The proposed strike of electric workers here today in which some 100,000 persons were to be involved, did not take place, having been called off after Postmaster-General Burleson granted the demands for collective bargaining and adjustment of wages.

OSTEOPATH WINS. Montreal, June 16.—A disagreement between osteopaths and the doctors of medicine, which resulted in the suspension of a bill at Quebec to incorporate the osteopaths at the last session, is settled in a judgment rendered by Judge Luss on Saturday in the police court, holding that Evan D. Lewis, against whom a prosecution had been directed on behalf of the college of physicians for having assumed the title of doctor of medicine, could not be prosecuted for practicing medicine. The action was dismissed.

COMMISSIONER FISHER COMMENTS ON TIMES ARTICLE

"The few citizens who are upholding local taxes for street paving in this city are making a mistake, and as far as they are responsible for the division which exists in the common council are delaying the city's progress, as it is necessary for the council to vote unanimously for the bond issue required for paving."

This statement was made this morning by Commissioner Fisher, in commenting on an article in the Times on Saturday on civic debt and local improvements, the apparent purpose of which, he said, was to advocate the taxing of abutting property for a portion of the cost of paving streets.

The commissioner said that the article referred to contained information upon which he had no basis, and that it was as shown that St. John, as compared with other cities, could afford to improve its business and through traffic streets without either imposing local taxes or having a higher tax rate than other cities, with respect to its bonded indebtedness.

For example, he said, St. John could add more than one-fifth to its debt of \$400,000 before having a debt equal to that of Halifax or two-fifths before having a debt equal to the general debt of London, Ont., a city slightly larger than St. John. The general debt of Calgary and Edmonton, with about the same population each as St. John, were respectively three and four times as large as the debt of St. John.

MRS. AVERY SWEENEY. The death of Mrs. Ada Sweeney, wife of Avery Sweeney of Portland, Me., occurred in Portland on June 15. She was aged twenty-six years and was a daughter of Mr. and Mrs. John E. Parlee of 288 Brussels street. Besides her parents, she is survived by her husband, a son five days old, six brothers and three sisters. The body will be brought to St. John on Tuesday and the funeral interment will take place at Head of Millstream on Wednesday morning at 11 o'clock, daylight time.

Friends of Miss O'Neill, Main street, will be pleased to hear that she has recovered sufficiently from her long illness to be around again.

### THE PUBLIC HEALTH.

That excellent publication Conservation of Life, discussing the federal department of health, forcibly asserts that federal, provincial and municipal authorities may no longer content themselves with delegating their responsibilities to various organizations and aiding them by charitable grants. The state must recognize and accept its responsibility. We quote:

"The nation and the body corporate have a duty to perform towards each citizen, be he rich or poor, in so far as his or her health is concerned, and they cannot avoid the responsibility by simply giving financial aid to the many excellent associations and institutions which have sprung up over the length and breadth of the country, and are now exerted on by an army of devoted and philanthropic citizens. If government and municipal authorities had but risen to their high responsibilities in regard to health, in a manner equal to those organizations now voluntarily working in such spheres as child-welfare, motherhood, mental defectives, and social welfare, they would simply have been discharging what is clearly their duty and for which they are responsible. They cannot avoid or shirk what are clearly health problems, in the manner they have in the past, and public opinion must be so directed to claim from the state and the municipal authorities public action in place of charitable assistance. We have today a better understanding of what the word health means; and, what is more, we realize better than we ever did that each citizen, even the poorest and the youngest amongst us, has the right to claim from these authorities that concern of the state. The individual has the right to demand that this protection shall extend from the pre-natal period all through life, until death shall terminate the responsibilities of the citizen to meet the ever increasing demands of taxation made upon him."

How many members of federal, provincial and municipal bodies realize that the preservation of health—physical and mental—should be the first concern of the state? And yet it lies at the very base of national development. New Brunswick has taken a great forward step, but there is a vast field for educational work and for legislative action to remove stumbling blocks from the path of public health development.

Dr. Hastings, health officer of Toronto, insists that Canada should have a system of state health insurance. They have it in England. Its adoption is simply an application of the principle of charitable assistance. When the wage-earner is stricken down and a family is without funds it is either a case of charity or public action. Under present conditions it is charity. Dr. Hastings would change the conditions and make the state do its duty. The Toronto Globe, in supporting Dr. Hastings, makes these observations:

"The principle underlying the proposition is quite simple. If a man is sick it is to the interest of the state, his employer, and himself that he recover in the minimum time. The state and his employer therefore combine with him while he is well to provide a fund upon which he can draw in time of sickness for medical expenses; he becomes entitled to the attendance of a physician and other benefits not as a charity, but as a right, because he has been a contributor to the fund out of which these are furnished him. The time has not yet come when physicians, as a class, are paid by the state to prevent or cure sickness wherever they find it threatened or existing. But the state could surely go so far as to institute a scheme of health insurance which would put an end to present conditions under which a wage-earner who takes ill is confronted at one and the same time by cessation of income and increase of expenses. Lack of adequate medical attendance, plus the worry which such circumstances entail, means that recovery is postponed. In a percentage of cases worse happens. The disease becomes chronic, and the victim of the state's inertia becomes a permanent burden upon the state."

### GETTING AFTER THE PARENTS.

A section of the Consolidated Act for the Protection of Children in this province reads as follows:

"Any person who, having the care, control or charge of a boy or a girl under the age of sixteen years, ill-treats, neglects, within the meaning of a neglected child under this act, abandons or exposes in a manner likely to cause such child unnecessary suffering or serious injury to his health shall be guilty of an offence under this act, and upon conviction before a judge shall incur a penalty not exceeding one hundred dollars or a term of imprisonment not to exceed one year, or to both fine and imprisonment in the discretion of the judge."

When St. John has a properly constituted juvenile court with probation officer it will be possible to improve the living conditions of many children by invoking this section of the law. In far too many cases parents are guilty of neglect and should be brought up with a sharp rebuke. They have an even bet-

Some 400 Men Join in St. John Baptist Church at Successful Close of Mission

The seven days' mission which was held for the men of the parish of St. John Baptist church, Broad street, was brought to a most edifying close last evening when some 400 men were received in to the new Holy Name Society by Rev. John Coghlan, C. S. R., and the pastor, Rev. F. J. McMurray. The mission has been one of the most successful ever given in the parish and it was most gratifying indeed to note the number of men who received Holy Communion during the week and especially yesterday morning.

Rev. Joseph McLaughlin, C. S. R., and Rev. John Coghlan, C. S. R., conducted the mission and were assisted by Rev. F. J. McMurray. On Saturday evening a shrine was dedicated to Our Blessed Lady and with the offerings of candles and flowers which decorated the altar a most beautiful spectacle. The mission fathers as well as the pastor expressed themselves as well pleased with the success of the parish who made the mission.

Father McLaughlin preached the closing sermon last evening, dwelling forcibly on the duty the men owed to their Creator and Saviour by attending mass and frequenting the sacraments. After the sermon he imparted the three-fold blessing to those present, to those who were unable to attend and to the souls of all the faithful departed of the parish and also their deceased friends and relatives by one of the mission priests. A large congregation attended. The mission priests will leave soon for Toronto and from there will be sent on other missions.

### WOULD HAVE GOVERNMENT OPERATE FOOD WAREHOUSES

Washington, June 16.—Construction by the government of a federal fish and food warehouse at Boston which would be the first of a series to be built in all the large cities of the country is proposed in a bill introduced by Representative Fitzgerald, Democrat, of Massachusetts. The cost of the warehouse was estimated at \$2,000,000.

Establishment of such government operated warehouses, Mr. Fitzgerald declared, "would bring a solution to the present high price of food. Great quantities of perishable goods are being thrown away daily which could be saved if there were places to store it until the demand for it became greater."

### Sat Up in Bed To Get Her Breath

Palpitation of the heart, shortage of breath, inability to lie on the left side, feelings as if something opposed her, was the chest, dizziness and faint spells, tired, weak, worn out feeling, hiccups, burping, twitches of the muscles, headache, vertigo, etc., all point to the fact that either the heart or nerves, or both, are not what they should be. Any of these conditions, however, should be remedied so as to avoid a complete breakdown of the whole system.

Mrs. William Steves, Chemical Road, N. B., writes: "I have been a great sufferer from these troubles and palpitation of the heart, which was so bad I had to sit straight up in bed to get my breath. I could not lie on my left side at all. I tried doctor after doctor, also several different remedies, but got no help from them. My mother told me of one trying Milburn's Heart and Nerve Pills. By the time I had used one box, I was feeling very much better. I took in all three boxes, and now I am in perfect health and can enjoy a good sound sleep, and can lie on my left side without any trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### KILLED BY TRAIN AT JACQUET RIVER

Newcastle, June 15.—The funeral of Allan McKenzie, who while on a railway speedily at Jacquet River was struck and killed on Saturday evening by the second section of the Ocean Limited running as a troop train, will be held this afternoon at St. Mark's Anglican church, Newcastle. Mr. McKenzie lived at Upper Nelson. He was thirty-seven years old and leaves his parents, Mr. and Mrs. James McKenzie of the same place. His wife, formerly Miss Mary McDermid, and one son, Murdoch, aged one year.

### TWO WORLD RECORD PRICES PAID FOR AYRSHIRES

Two world records in prices paid for Ayrshire cattle were broken at Springfield, Mass., on last Thursday when Lotus Joan Armour, owned by W. P. Schanck, president of the Ayrshire association, was sold to C. F. Everett of Waterloo, Iowa, for \$8,100, and an average of \$1,830 a head for a herd of fifty was realized at the association sale on the Eastern States Exposition grounds. A total of \$78,240 changed hands during the afternoon.

### ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

The reason Burdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. Geo. Monek, Arden, Ont., writes: "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since."

### It Took Years To Learn

That in Dr. Chase's Ointment There is Positive Cure for Piles or Hemorrhoids.

Reports come to us almost daily from persons who have suffered 10, 20, 30 years or more from piles or hemorrhoids before finding out that Dr. Chase's Ointment affords immediate relief and ultimate cure for this annoying and distressing ailment.

This is not a trouble about which people care to speak, but if you ask your friends about Dr. Chase's Ointment you will be surprised to hear how many have been cured of piles by its use. It is the one treatment for piles on which you can depend absolutely for prompt relief.

Mr. B. E. Tracy, Mississauga, Ont., writes: "For about thirty-five years I was troubled with itching piles, which kept me from sleep until I was completely worn out. Then at length I would drop off to sleep and rub myself raw. I tried every kind of ointment made without any permanent good. I also tried a homeopathic doctor, but only had momentary relief from his treatments. Three years ago I tried Dr. Chase's Ointment, and about half a box completely cured me. I have never been troubled with piles since, and can heartily recommend Dr. Chase's Ointment to anyone suffering from this terrible agony or from any other skin disease."

"(This is to certify that the above statement is correct in every particular.)"—Rev. H. Berry, pastor Methodist church.

Mr. H. B. MacDonald, Walkerton, Ont., writes: "Having suffered from piles for some time, I finally tried Dr. Chase's Ointment, which afforded almost instant relief, and in time, cure. I have great faith in Dr. Chase's Ointment, and think it superior to any ointment on the market. I would advise anyone suffering from piles to give it a trial."

Many continue to suffer from piles in the belief that a surgical operation is the only cure. Fortunately, Dr. Chase's Ointment is available, and has saved many thousands from the risk and expense of the doctor's knife, 60 cents a box, all dealers, or by mail postpaid, from Edmondson, Bates & Co., Limited, Toronto.

### RECENT DEATHS

John McDougald. Ottawa, June 15.—Word was received here today of the death in Halifax, Saturday evening, of John McDougald, Dominion commissioner of customs. He had been ill only a week, being seized with a stroke two months ago. His widow and only son, Bryson, are accompanying the remains to Ottawa where the funeral will take place on Wednesday afternoon.

The Late Capt. Wm. Sprague. Captain William Sprague, master mariner, who died recently in Vancouver, is before announced, was a seafaring man known in almost every port in the world. It is about fifteen years since he gave up going to sea, except for occasional trips when he relieved a brother captain. In December of last year his wife died and he then took up residence with his daughter-in-law, Mrs. W. C. Sprague, Vancouver, where he expected to spend the remainder of his life. He was brought by month to welcome his son, Captain W. C. Sprague, who has been overseas with the Canadian forces. His military duties have kept Captain Sprague still overseas.

Captain Sprague was seventy-five years of age. He was born in Port Egan, N. S., and followed a seafaring life from his boyhood. His father was a sea captain before him. Early in the seventies Captain Sprague had the distinction of taking charge of the first vessel that brought steel rails across the Atlantic for the intercolonial then being constructed from Paines to Halifax. He carried supplies to Admiral Dewey during the Spanish-American war.

Captain Sprague married Miss Wry of Sackville and had two sons, one of whom lived in New York five years ago. He was a seafaring man, the "old captain" as he was called, was a great reader, of a strong religious faith of mind, and excelled in the playing of chess.

Beautiful Women of Society, during the past seventy years have relied upon it for their distinguished appearance. The soft, refined, healthy white complexion it renders instantly, is always the source of flattering comment.

### There's no reason why a merchant should worry about his store records

THE average storekeeper who uses a bank check book and an up-to-date National Cash Register can get the figures which tell him how his business stands every day.

- From his check book and bills: He can get the cost of running his store, cost of merchandise bought, and a record of payments made.
- From his National Cash Register: He can get a record of his store transactions: Cash Sales, Received on Account, Charge Sales, Petty Cash Paid Out. These store transactions total sixty per cent to ninety per cent of the details occupying his time and clerical labor. They must be made rapidly during the rush of selling. They are hard to get, hard to keep, impossible to verify, and expensive to record unless he uses a modern National Cash Register.

National Cash Register figures are the foundation for accounting systems in stores all over the world. A post card or phone call will bring you full information about the way a modern N.C.R. System will keep your store records by machinery.

Y.M.C.I. BOWLING SEASON CLOSED  
Alleys Silent Until September 1—Season Good One—The League Scores

The Y. M. C. I. bowling alleys were closed for the summer last Saturday night after a most successful season. The prize for the most successful season, the prize for the best bowler was won by Thomas Cosgrove with a score of 146.

For the greater part of the season the alleys were in charge of William Smith, who proved a popular, obliging and competent official and his many friends are hoping to see him in charge again when the alleys are re-opened on September 1.

The league during the winter months was keenly contested and held the interest of a large number of bowling enthusiasts. The high average for the league was made by Thomas Cosgrove who led 92-3. Joseph Harrington made the highest single string when he toppled over 148 pins, and Edgar Logan made the highest three strings when he ran up a total of 880. Jimmy Smith, captain of the Amberst team, made the highest string of the season during the tournament for the Brunswick-Balke-Clendinning trophy, when he knocked down 153 pins. This is the alley record. The scores in the Y. M. C. I. league for the completion of which the Times is indebted to Thomas Cosgrove, are as follows:

ROTHESAY COLLEGE WINS CHAMPIONSHIP  
St. John High School Defeated in Inter-Scholastic Sports on Saturday—The Results

The Rothersey Collegiate school won from the St. John High school at the inter-scholastic sports on Saturday afternoon by a total of 54-2-8 to 38-1-3 points. Although the High school team was in fairly good condition and put up a strong fight, the Rothersey boys proved to be too strong for them, and won out with a considerable majority. For while the local boys kept in the lead, but as the sports progressed their majority gradually dwindled until their opponents took the lead so far as to make their defeat inevitable. Much credit is due, however, to the High school boys for the splendid fight that they put up from start to finish and in the true sportsmanlike manner in which they accepted their defeat, but it is felt by them that if they had the same or equal opportunities as the Rothersey students they undoubtedly would have made a better showing.

The result of the sports is as follows: 100 yards dash—1st, Knight, S. J. H. S.; 2nd, Douglas, R. C. S. Time, 11-1-5 seconds.

Second heat—1st, Pugsley, R. C. S.; 2nd, Thomas, S. J. H. S. Time, 11-2-9 seconds.

Final—1st, Pugsley, R. C. S.; 2nd, Knight, S. J. H. S.; 3rd, Douglas, R. C. S. Time, 10-4-5 seconds.

Running high jump—Coster and Malcolm.

Running broad jump—Coster and Malcolm.

NEW HEAD OF WOOLWORTH STORES

H. T. Parson was elected president of F. W. Woolworth & Co. last week at an organization meeting of the directors, to succeed the late Frank W. Woolworth, founder of the system of five and ten cent stores. Mr. Parson has been acting president of the company since the death of Mr. Woolworth. C. S. Woolworth, a brother of the founder of the company, was elected chairman of the board, an office created at the recent annual meeting. The new president of the company was born in Toronto in 1878 and first became associated with the company in 1892 as an auditor in the main office. At that time the stores in the chain numbered only fourteen. Since then Mr. Parson has been identified with the executive department of the company, and in 1918 was made vice president and general manager. In discussing the future course to be pursued by the company, Mr. Parson said: "The policy of the company will remain unchanged, keeping strictly to our price of five and ten cent goods east of the Missouri River, and five, ten and fifteen cent goods west of the Missouri and in Canada, due the freight charges and duties. Our programme of expansion will be continued. At present we have 1,056 stores operating, seventeen of these having been opened this year. We also have thirty-two additional sites under lease to be opened this year."

CHARGES MEAT PACKERS WITH HOLDING PRICES UP

Charges that Chicago meat packers are unlawfully maintaining present high prices in cold storage were made in the House at Washington on last Thursday by Rep. Fess, Republican, of Ohio, who declared that Congress should pass "a persuasive" resolution which would make the packers understand that the people no longer would tolerate such "high handed practices."

The Patient's Condition.

At a certain hospital they are having a good laugh at the expense of a certain physician who had sent a patient home as convalescent. He instructed the man's wife to call on him next morning at the hospital and report. In due time she called up and said: "He has been feeling very badly. I do everything I can to please him, but nothing seems to satisfy him." "But you wouldn't say his condition was critical, would you?" demanded the doctor. To which the woman replied: "It's worse than critical, it's abusive."

NEW TANLAC PLANT HAS DAILY CAPACITY OF 36,000 BOTTLES

Magnificent New Laboratory at Dayton, Ohio, Occupies Sixty Thousand Square Feet of Floor Space.

What is said to be one of the largest pharmaceutical laboratories in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac, the well-known medicine, which according to recent reports is now having the largest sale of any medicine of its kind in the world.

The erection of the new plant was made necessary by the rapid growth of the business, as the older plant in Dayton, Ohio, was found to be wholly inadequate to supply the ever-increasing demand which at the present rate of sale will amount to more than five million bottles for the present year alone.

The interior throughout is finished in spotless white, and all of the large force of employees wear white uniforms which they are required to change daily.

The entire process of manufacture is conducted under absolutely sanitary conditions. Even the bottles made expressly to contain Tanlac are washed and sterilized electrically by the ultra violet ray process.

When Tanlac was introduced into Canada history repeated itself, and the demand which had been created in the United States was quickly duplicated in the Dominion Provinces.

While the manufacture is necessarily working for capacity production, it is a fundamental rule of the Tanlac Laboratories that the quality of the medicine shall never be sacrificed to secure quantity output.

Uniform quality is guaranteed by a series of careful inspections by expert chemists, from the time the roots, herbs, and bark are received in their rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes.

The finished medicine is then bottled, and shipped out to the tens of thousands of druggists throughout the United States and Canada, to supply a demand never before equalled for this or any other medicine.

The executive sales offices are located in Atlanta, Georgia, and occupy almost an entire floor of the Fourth National Bank Building of that city.

Tanlac is sold in St. John by Ross Drug Company and F. W. Murray under the personal direction of a special Tanlac representative.

More than 500,000 cats were collected by one man in London at the request of the British War Department and shipped abroad for service in the trenches.

D. S. O. AWARDED TO MAJOR L. W. BARKER

Another St. John man is listed among those who received the D. S. O. in the king's birthday honors. Word has been received in the city that Major Louis W. Barker has been so honored and in view of his long and distinguished career at the front, the award will be recognized as one which was well deserved.

Major Barker, who had been a battery commander in the old 8th C.G.A., returned from Montreal where he had been located for several years to organize and take command of the 4th Siege Battery which went overseas in 1916.

Major Barker had the distinction of being the only officer to command a siege battery continuously through its period of service from the time of organization to the time of demobilization.

It was decided that the next district meeting should be held at Nepesin, July. During the afternoon a picnic was held by the lodges and baseball games enjoyed. It was one of the best sessions held in several years.

At yesterday's sittings of the Court of Appeal in Fredericton, two overseas men, both graduates of Dalhousie Law School, were admitted as barristers. They are Frank O'Neill, of Fredericton, and Arthur J. Cyr, of Edmundston.

Mr. O'Neill had been admitted an attorney prior to moving to the province for more than five years it became necessary to readmit him to practice in this province. He joined the 202nd Infantry Battalion in April, 1916, and since then, besides exclusively military duty was engaged temporarily in work in connection with the Estates Branch of the O. M. F. C. in London. Mr. O'Neill brought home an English bride, and has resumed his residence in Fredericton where he will practice his profession.

NEW OUTBREAK AT WHITLEY CAMP

Some Canadian Soldiers Wreak Destruction in Protest Against Delay in Getting Home

London, June 16—Late on Saturday night a demonstration took place at Whitley Camp, where Canadian soldiers gathered in a mass meeting against delayed repatriation. A dozen shops, the garbion theatre and the Salvation Army hut were burned. Only a small proportion of the men participated in the outrage.

General Richard Turner visited the camp yesterday and addressed the men and said all wanted to get back to Canada but they must have patience. There is sufficient shipping to take them back in a fortnight, but obstacles such as strikes arose, for which the authorities could not be held responsible.

The destruction done at the camp was heart-breaking. The men around him had won renown in France but disgrace was being brought on Canada by a few blackguards.

The matter of a memorial tablet commemorating the service of the forty-six units which went from New Brunswick to the front, which is to be taken up at a meeting of the executive of the Women's Canadian Club on Friday afternoon. The tablet, which is to be made of solid bronze, is now being made in Montreal by Henry Birks & Sons, designers. A cluster of Allied flags in colored enamel will be at the top of the tablet and immediately below it the arms of the province in colors surrounded by a laurel wreath. On the body of the tablet will be recorded the names of all the units which left the province for overseas and surrounding them will be the recognized badges of the various branches of the service which they represented.

At the meeting the matter of the raising of the funds for the memorial was dealt with and 900 members of the club were communicated with in this regard. It was also decided to hold a garden party. Mrs. R. T. Hayes has offered the use of the grounds at her residence for the purpose.

St. Peter's Split Double-Header

St. Peter's baseball nine went to Mon-  
ton last Saturday and played a double-  
header with a picked team from the rail-  
way town. They lost the afternoon  
game by a score of 7 to 6, but won the  
evening contest 8 to 2. Both games were  
loosely contested and were witnessed by  
a large gathering of fans.

Toledo, June 15—Less Willard and  
Jack Dempsey will meet in their world's  
heavyweight championship contest here  
July 4 in a 20-foot ring instead of the  
regulation 24-foot enclosure. This an-  
nouncement was made by Tex Rickard,  
promoter of the contest tonight after he  
had obtained the consent of both men.  
Rickard said that reducing the size of the

### Sidelights On Sport

Several changes have taken place in  
the standing of the various clubs in the  
major leagues during the last two days.

The New York Yankees were ousted  
out of first place and the White Sox  
again jumped into the lead. Cleveland  
gained on the leaders and is only a couple  
of games behind in the National League.

The Giants gave the Chicago Cubs' cham-  
pionship aspirations a severe jolt and  
forced them out of third position. Pitts-  
burg has been making a good showing  
during the last few weeks and is now  
running in third place, while Brooklyn  
and Philadelphia are down in the sec-  
ond division after putting up a great  
fight for many weeks.

In the International League, Baltimore  
has stepped out in front and is a half  
game ahead of Toronto. Hubbel, who  
was picked as Toronto's star pitcher this  
season, has been losing the majority of  
his games, while Jones and Heck have  
been going strong.

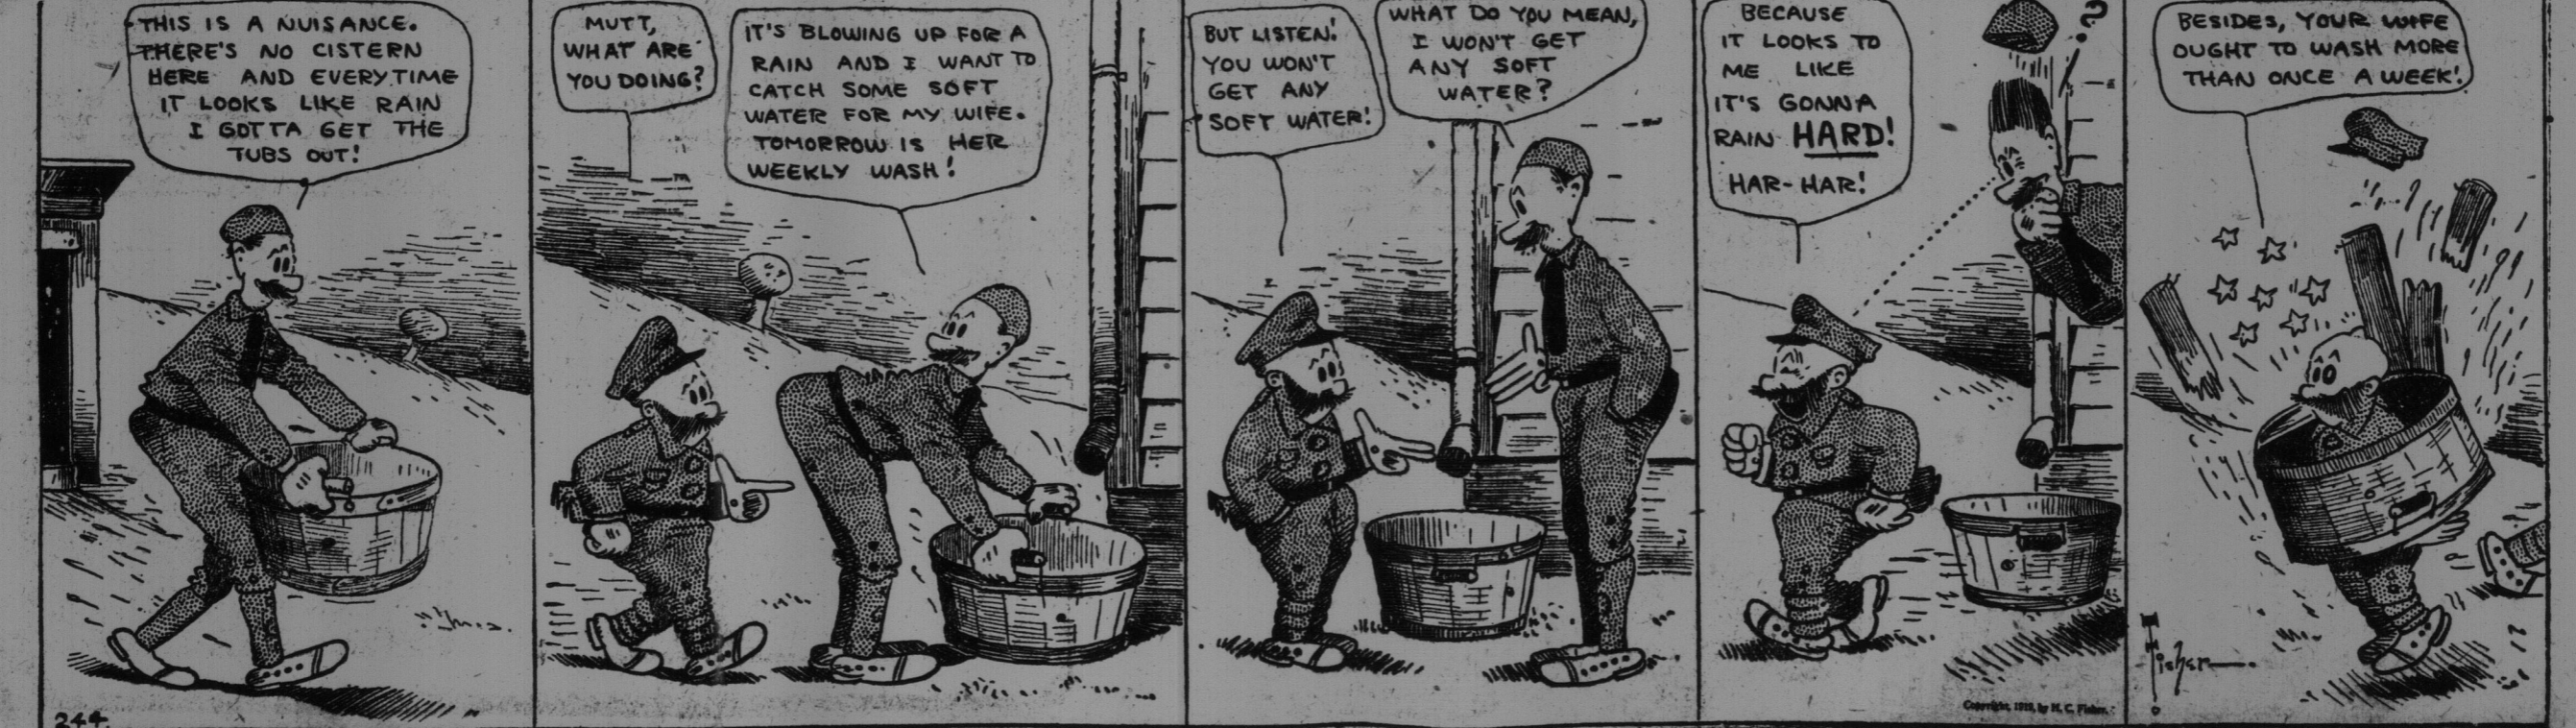

In the St. John League the schedule  
for the week will be as follows: Tonight,  
Y. M. C. I. vs. Carleton; Tuesday, St.  
Peter's vs. Fairville; Thursday, St.  
Peter's vs. Carleton; Friday, Y. M. C. I.  
vs. Fairville.

The members of the St. John High  
School track team have every reason to  
be proud of their showing in the inter-  
scholastic championship meet held at  
Rothsay on last Saturday. Handicap-  
ped as they are for lack of grounds to  
train and equipment of any sort, they  
did exceptionally well. The runners  
made several trips to Moosepath Park  
and got in some work, but this advan-  
tage was lost when Abe Knight, their  
star sprinter, was injured at the meet.

A youthful snaphoot artist was respon-  
sible for the accident when he collided  
with Knight and caused him to fall and  
hurt his knee.

Hank Gowley, star catcher for the  
Boston Braves, was quite badly injured a  
few days ago when a pane of glass blew  
in at the club house in St. Louis and  
glass struck him in the face and neck.

Large bouquets of garden flowers, lilacs, dahlias and other wild flowers were carried by passengers. Roses are in bloom at Public Landing. There is need of showers now to bring the crops along but the country is wonderfully lovely. Men were working on the Valley Railway near Public Landing yesterday, the contractors being evidently determined to complete their work by August. The Ocoee had a large passenger list this morning.

**STEPHENSON-LAMB**  
A wedding of interest took place at noon today when Harry M. Stephenson, a popular member of the Imperial Theatre orchestra and Miss Sarah A. Lamb, daughter of Charles J. Lamb of this city, were united in marriage. The ceremony took place in St. Luke's church in the presence of relatives and friends. The bride, who was given away by her brother, C. Murray Lamb, wore a becoming tailored traveling suit of blue with hat to match and carried a bridal bouquet of roses. She was unattended. Following the ceremony, which was performed by Rev. R. P. McKim, Mr. and Mrs. Stephenson left on a honeymoon trip by motor through the provinces. The popular young people were the recipients of a large number of magnificent presents, among which was a beautiful mission wood writing desk from the orchestra and staff of the Imperial Theatre. The groom is a son of Mr. and Mrs. John T. Stephenson, 58 Wintestreet.

**BOY LOSTS HIS LIFE IN RIVER**

Harry Burke, 16 Years Old, Drowned at Wilmot's Wharf, Near Oranmoco

(Special to Times.)  
Fredericton, June 15.—Harry Burke, aged sixteen years, son of Mr. and Mrs. Thaddeus Burke of Fredericton, lost his life by drowning last night at Wilmot's Wharf, about one mile west of Oranmoco. With Leonard Toner and Clark Curtis, boys about his own age, young Burke cycled to Wilmot's Wharf on Sunday evening. They went in bathing, although none could swim except Burke, who could swim a few strokes. The boys went beyond his depth. His companions saw him go down and come to the surface and heard him call for help but not being able to swim they were helpless. One story is that the two boys attempted to hold a passing motor but it would not stop. Young Burke went down three times. His companions took their time and returned to Fredericton, where they notified the father of the drowned boy. Mr. Burke communicated with Charles Street, who has recovered a large number of bodies of drowned persons from the St. John river and Mr. Fleet went to the scene of the drowning by motor boat. He located the body. The victim of the accident was a Western Union messenger, as is young Curtis.
