HUN REGIMENT REFUSES POINT BLANK TO BOARD TRAIN AT COLOGNE FOR WEST FRONT

HUN REGIMENT
Amsterdam, Sept. 11.—A German regiment, the 25th, mutinied at Cologne on Aug. 31, according to the Telegraaf.
An eye-witness says that the soldiers on being ordered to leave Cologne for the western front refused to board a train. Another regiment was then ordered to force the refractory troops to enter the cars, but they refused to fire on their own comrades.
A detachment of the home defence guard, composed of youths, was then ordered to undertake the task, and a fight followed in which eleven boys of the defence guard were killed and many others were wounded.

STILL GAINING; FIGHT STIFFER

British and French Make Progress—Counter Attacks Against Haig's Men Fail Except at One Point Where Enemy Has Taken British Posts

British Army in France, Sept. 11.—(By the Associated Press)—British troops today gained a footing in Pezaisre and Epshy, on the railroad between Rosel and Marcellin.
Paris, Sept. 11.—(Havas Agency)—The village of Travecy, near the southern end of the main Hindenburg line, has been captured by the French, according to reports received here. If the French can hold this town the important enemy position at La Fere, a northerly defence of the St. Gobain Massif, two miles south of Travecy, will be virtually outflanked.

ENEMY GAINS AT ONE POINT
London, Sept. 11.—During last night the British line was advanced slightly in the region of Vermand, southwest of St. Quentin, so Field Marshal Haig reported in his statement today.
The Germans delivered a counter-attack in the region of Ecourt-St. Quentin. It was repulsed in stiff fighting.
There was sharp fighting also at Gouzeaucourt. The Germans were beaten off except at one point, where the British posts remained in enemy possession.

HEAVY FIRING ON AMERICAN FRONT
With the American Troops in France, Sept. 10.—(By the Associated Press, 5 p. m.)—At half past four o'clock this morning the Germans began a heavy artillery action on the American front lines in the Vosges region sending over 200 projectiles from their nine 420-mm. and 1000-heavy calibre shells. At twenty minutes after six the enemy opened up a strong fire on the communication trenches.
Reports from two observation stations were that sixty German shells were entering their own lines with wounded, but no reports from the American front lines had been received at this hour. It seems probable that the raid which developed after the artillery fire was beaten off with casualties to the enemy.

BYRNE-KENT WEDDING
A very pretty wedding was solemnized in the Cathedral at 9 o'clock this morning when Rev. Francis Walker, who was celebrating at nuptial mass, united in marriage Miss Dora B. Kent and James A. Byrne of Milltown, N. B.
The bride, who was given away by her brother, Dennis, looked charming in a gown of Alice blue and carried a large picture hat to match. She also wore a pretty ermine fur and carried a bridal bouquet of American beauty roses. She was attended by Miss Sylvia Hickey, who wore a becoming gown of wine colored silk with hat to match and carried a bouquet of pink carnations. Little Miss Margaret Galbraith, niece of the bride, was flower girl. She wore a pretty dress of pink silk voile and carried a basket of roses. The groom was supported by his brother, Sylvester Byrne.
As the bride and groom were leaving the church the strains of "The Voice That Breathed Our Eden" resounded throughout the edifice. A large number of relatives and friends were present at the ceremony.
The bridal party drove to the home of Mrs. Stephen Olsen, 99 St. Patrick street, where a dainty wedding breakfast was served. Mr. and Mrs. Byrne will leave this evening for Montreal and Toronto and other upper Canadian cities and upon their return will reside in Fredericton. The bride's going away dress was of brown velvet.
They were the recipients of a large number of beautiful presents in cut glass, silver, china and furniture. Among these was a cut glass water set from the manager and staff of the F. W. Woolworth Co., Ltd., where the bride was employed as floor lady. The groom, who was employed as an engineer with Baird & Howie of Fredericton, was made the recipient of a substantial check from the firm. The groom's present to the bride was a beautiful pearl necklace, to the bridesmaid a gold bracelet set with amethysts, to the flower girl a gold bracelet, to the groomsmen a set of gold cuff links, and to the bride's brother a gold stick pin.

REPORT OF MURDER OF CHRISTIANS BY TURKS CONFIRMED
Washington, Sept. 11.—According to an official despatch from France Paris has received news from Tchern, Persia, confirming reports of the murder of Christians by the Turks.
German Socialists Say Food Situation Critical
Copenhagen, Sept. 11.—The German Socialist party and the trade unions sent communication to Chancellor Von Hertling recently pointing out the growing dissatisfaction among the people because of insufficient food. The conditions are characterized as critical.

SAVE GASOLENE

Owners of motor cars all over Canada are asked to join in a movement to save gasolene. They are asked to do it voluntarily and to begin next Sunday by abandoning pleasure rides. A similar request in the United States met with a wonderful response.
St. John owners of cars are earnestly requested to join in a movement that is now continent-wide, and is urged as a patriotic duty.

LOOKING FOR STURDY BLOW BY AMERICANS

British Public Expect Foch To Use Them Soon
ENEMY PEACE OFFENSIVE
Movement in Growing and Enemy's Home Front is Tentering—Rumors of Re-Construction of German Government

London, Sept. 11.—The British public is now speculating with confidence on where and how Marshal Foch will strike his next blow and it is firmly believed that it will not be long before the great American forces will be found taking a more prominent part in the operations. In the meantime all dispatches from Germany and Austria bring evidences of a new and rapid growth of the peace offensive movement and the tottering of the enemy's home front.

There is nothing definite or official in these reports, but should they materialize they will bring to the front new men able to inaugurate new lines of diplomacy especially in the field of negotiations. It is said, but denied by the former Secretary of State, that the new Secretary of State, Mr. Lansing, is about to succeed Imperial Chancellor Von Hertling, and that Count Czernin will return to the Berlin chancellery. TWELVE KILLED AS TRAIN CRASHES INTO ANOTHER
Alliance, Neb., Sept. 11.—Twelve people were killed and eighteen injured when Burlington train No. 48, westbound, was wrecked seven miles west of here yesterday. The passenger train ran head-on into a work train, and the first two cars of the passenger train were telescoped.

TO STUDY FOR PRIESTHOOD
Robert Campbell, son of Mrs. Amelia Campbell of Exmouth street, left last evening for Holy Cross College, Worcester, Mass., on the first stage of his education for the priesthood as a member of the Jesuit Order, a course requiring fifteen years before completion. He has been an altar boy at the Cathedral for some years, is of very fine character and popular with his friends. His fellow altar boys showed their esteem and good will by presenting him a fine sweater, and other gifts and a flood of good wishes also marked his departure. Mrs. Campbell, who accompanied her son, will visit in Boston for a short time.

Haig's Historic Order of Day Marks End of One of Most Critical Periods in History

London Warm in Praise of American Help—Evidence of Hun Withdrawal to Hindenburg Line Accumulates

London, Sept. 10.—Field Marshal Haig's historic order issued today set beside his famous "back to the wall" order of six months ago, pointedly marks the end of one of the most critical periods in British history. The country has triumphantly issued from that dark period is ungrudgingly and gratefully attributed to the timely assistance given by the American nation, not only in the field of arms but also in the economic field.
It is universally felt that Field Marshal Haig's order marks the beginning of a new period in the world struggle to which the nation is able to look forward with hope and confidence. There is growing evidence that the enemy will withdraw to the Hindenburg line and try to make his stand there and begin a new phase of his defensive warfare.

NOT AGREED ON REVISED BOOK OF COMMON PRAYER

Some Would Postpone Action Till After War—Montreal Diocese Offers Resolution on Indissolubility of Marriage

Toronto, Sept. 11.—Anglicans are by no means agreed on the question of the revised book of common prayer, which is the most important matter to come up for consideration at the synod meeting to open here tomorrow.
Three years ago the revised book was tentatively accepted and submitted to the dioceses for consideration. KAISER MAKES A PERSONAL APPEAL TO HIS SOLDIERS TO KEEP UP THE FIGHT
Amsterdam, Sept. 11.—Emperor William, in replying to a message from the German national soldiers' union, is quoted by the Cologne Gazette as saying:—"I am firmly convinced that the members of the German soldiers' union will exert all the powers of their personal influence in support of the home front, and like our glorious comrades in the field, will not in the vicissitudes of war let themselves be turned from their will to victory and steadfastness by the enemy's superior forces and reprehensible methods of combat."
"The military and moral strength and the unanimous determination of the German people must and will succeed with God's help, in breaking the morose and more open manifested will to destruction of the enemy, who is charging upon us from all parts of the earth, and in safeguarding for all time the freedom of our Fatherland."
NEXT WEEK
The case of Mabel Boyne, charged with supplying liquor, which was to have been tried this morning in the police court, was set over for a week. E. S. Ritchie appeared for Mrs. Boyne.

WAR GARDENS EXHIBITION
The War Gardens Exhibition early next month is now a matter of interest. Prize lists have been sent out, and should be filled out and returned to the secretary. They were sent out a week ago and as yet the response is very small. The war gardeners are urged to take an interest in the exhibition and respond at once, so that the committee will know how much space is needed. It is generally believed that the owners of war gardens can make a display that will make old farmers sit up and take notice. Such an exhibition as that proposed would be of great value. It would help to stimulate a movement that has great possibilities.

DEARER MEAT IN ENGLAND IN FEW DAYS
London, Sept. 11.—The food controller announces that the retail price of meat will be increased two pence a pound after September 22. The increase is necessitated chiefly because of the heavier cost of imported meat from the United States and the rise in freight rates.

Petrograd Afire In Many Places

Pillaging, Rioting and Slaughter of Citizens in Bedlam of Disorder—Call for More Troops in North Russia

Washington, Sept. 11.—Word reaching Washington today from an European source is that reports there said Petrograd was in flames in many places and that indiscriminate slaughter of citizens, pillaging and riots were taking place in all parts of the city. According to these reports there was no semblance of law or order or military regulations.
Washington, Sept. 11.—A despatch from the American legation at Petrograd today said reliable information had reached there that Petrograd was burning in twelve different places and that there was indiscriminate massacre of people in the streets.
Amharag, Sept. 11.—(By the Associated Press)—More Allied troops are urgently needed if the Russo-Alled campaign in Northern Russia is to be carried to speedy success, in the opinion of virtually every officer and civilian observer here.
The Russian winter will soon be at hand and before that time it is hoped to reach the hard pressed Czechoslovakia, establish a front against the Germans and open an uninterrupted line of communication from Vladivostok to Archangel through Volozh. The available forces have been sufficient to defeat much superior numbers of Bolsheviks, but it is pointed out that the necessity for more troops is not so much a question of maintaining the front as of impressing the peasants and convincing them that sufficient power is at hand to assure final victory.
Paris, Sept. 10.—(Havas Agency)—The Bolshevik propaganda service announces that twenty-nine famous anti-revolutionists have been executed at Moscow, among them being Alexandrovich, minister of the interior under Emperor Nicholas.

TROOP SHIP IS HIT; ALL SAVED
Americans, 2,800 of Them on Board, Clamber Down Ropes to Destroyers

London, Sept. 11.—A troopship with 2,800 American soldiers on board has been torpedoed. All hands were saved. The troopship was beached.
In order to save time, instead of launching the boats, the men clambered down ropes to destroyers which swarmed around the stricken vessel. The sea was not rough. The troopship was one of a large convoy approaching the English coast. The vessel was torpedoed 200 miles from shore at 8 o'clock on Friday afternoon.
Labor world says the submarine was sunk by the destroyers. Soldiers say they saw the U-boat lifted out of the water by a depth bomb and then disappeared.

SHELL ICE IN RIVER TODAY
The river steamers crews report shell ice in some of the sheltered spots along the river shore early this morning before the sun's rays became real strong. This is the latest record-breaking.

THE MISSANABIE IS TORPEDOED
C. P. R. Ship Well Known Here, Had Some Troops and Passengers

New York, Sept. 11.—The New York Times this morning says:
"It was reported in marine insurance circles yesterday that the Canadian Pacific passenger steamer Missanabie had been torpedoed on Monday, west-bound from an English port, with passengers and crew. She was torpedoed by the British submarine U-107, which carried a crew of about 300 officers and men. No particulars were given as to the loss of life."
It is confirmed.
Montreal, Sept. 11.—The news of the loss of the Missanabie was confirmed this afternoon by the Canadian Pacific Steamship Company. The steamer sailed from a British port on September 8 with fifty-nine soldiers and some passengers. She was torpedoed on September 9. It is believed by the company that none of the passengers was lost.
The news that the Missanabie had fallen a victim of a German submarine was heard with keen regret in this city. Since her maiden voyage to this port in 1915, she was a regular caller during the winter port season and carried large passenger lists and freights to and from here. She was built in 1914 by Barclay, Currie & Co., Ltd., of Glasgow, Scotland. She was 12,469 tons gross, 200 feet, 6 inches long, 44 feet, 2 inches beam and 38 feet hold.

BODIES OF VICTIMS OF MINE DISASTER BEING RECOVERED
Nansimo B. C., Sept. 11.—Up to a late hour yesterday afternoon five bodies had been recovered from the shaft of No. 17 mine, down which a cave dropped with its load of sixteen workmen. All are married men with families. There is very little hope that any men will be brought out alive from the cage.

GOMPERTS CALLS BIG CONFERENCE IN LONDON
London, Sept. 11.—The representatives of all the labor and Socialist organizations of the Allied countries have been requested to meet in London next week in a conference called by Samuel Gompers, president of the American Federation of Labor, to discuss the views of the federation on the war and to ascertain the measure of their agreement with the British labor memorandum on war aims.

THEY MUST MAKE THEMSELVES KNOWN
New York, Sept. 11.—Deep sea and great lakes fishermen were warned by the federal board today that, beginning on September 15, all aliens must be provided with passports and citizens with identification cards before they will be permitted to leave port.

FOR CENTRAL RESEARCH INSTITUTE IN CANADA
Ottawa, Sept. 11.—Approval of a proposal that a central research institute be established in Canada at the earliest possible date is contained in a report of the advisory council for scientific and industrial research of Canada.

ADMIRALTY CHIEF IS CALLED TO HEADQUARTERS
Amsterdam, Sept. 11.—The chief of the German admiralty staff, Admiral Scheer, has gone to stay permanently at main headquarters. The staff of the naval war commander and other heads of admiralty departments will also be located at headquarters.

MOWRY-ROBERTS MARRIAGE
A pretty wedding took place in St. Mary's church at 12 o'clock today when the pastor, Rev. R. Taylor McKim, united in marriage Miss Annie Maude Roberts, daughter of Langley H. Roberts, and Sergt. Lorne L. Mowry, son of the late Captain and Mrs. Herbert Mowry. A large number of relatives and friends were present. The bride, who was given away by her father, wore a becoming navy blue tailored suit with hat to match, and beautiful ermine furs. She was unattended.
Following a wedding luncheon at the home of the bride's parents, Mr. and Mrs. Mowry left on a honeymoon trip to Prince Edward Island. On their return they will reside for the present in Sussex, where the groom is in charge of the ordinance room of the Depot Battalion. They were the recipients of a large number of beautiful presents.

POWER COMPANY MATTER
Mayor Hayes said today that the commission now awaiting the announcement of the city's counsel that they are ready to go ahead. Meanwhile the city's lawyers are checking over the reports of the accountants and appraisers, and are completing the case which they will lay before the commissioners.

THE ARMY HUTS

What They Are, What They Are Doing, What They Want to Do

Charles A. Owens, organizer in the Knights of Columbus Army Huts' campaign, was asked last evening to say something explaining the purpose of the big drive which is to be opened next Monday. He replied: "The association is operating under a dominion charter. As a body corporate the Catholic Army Huts has powers and rights to erect, equip and conduct army huts for Canadian soldiers, which shall serve the two-fold purpose of chapels for all soldiers, irrespective of creed. The huts are under the direction of the military chaplain service. There are no paid officers of the association. Not a cent of profit has been made on any transaction. The books of the association are regularly audited. The work overseas has been in operation slightly more than a year, when funds were first available and the chaplain service regularly organized. The aim of the association is to keep Canadian soldiers clean in soul and body. The huts are for the use of any and every soldier. All are welcome. These huts provide a place where men in khaki, regardless of creed, may assemble for wholesome recreation."

SITUATION IN THE EXPRESS STRIKE

Men Brought Here To Carry On Work of Those Who Have Gone Out

The strike of Dominion Express Company employees took on another phase today when a sleeper filled with strike-breakers came into the eastern area and were distributed from McAdam Junction along the line as far as this city. When the car reached St. John, attached to C. P. R. Atlantic express, about a half dozen or more men stepped off. Others proceeded to more easterly points. So soon as they detrained they were spotted by the assembled strikers, headed by the local president of Division No. 84, Canadian Brotherhood of Railway Trainmen, G. D. Gibbs, and some of them were asked a few questions. There was no attempt at treacherous tactics, the strikers acting quietly and with every courtesy. Supt. J. R. Haycock of the Dominion Express Co. and Local Manager Googe were both at the depot when the men arrived and gave them instructions. These imported workers are clerks, porters, drivers, etc. They are said to belong to the Dominion Express Co's own international organization of workers known as a brotherhood also. President Gibbs of the striking division said that this inner body of Dominion Express Co. employees was purposely recruited to offset the affiliation of the main body of workers with the Canadian Brotherhood of Railway Employees and its membership and activities were almost exclusively confined to western Canada. "It was surprising," Mr. Gibbs contends, "to find our branch of the bigger body."

President Gibbs says that out of 1,400 Dominion Express Co. workers in the strike zone, which embraces the territory between Port Arthur, Ont., and the Sydney, more than 1,000 have walked out in the present difficulty. So far spreading of the strike trouble to other organizations in St. John and elsewhere is concerned, there are no open breaks. The freight handlers are reported to be willing to work if the occasion demands it, and the dining car and Pullman services also are willing to assist.

The Canadian Express Co. is yet operating and is carrying on as possible. On the Maritime Express, which was late in arriving today, great quantities of express matter reached the city, including large supplies of film for picture houses. This matter came round about from Montreal. Already there is considerable dislocation of traffic to Nova Scotia points and a by-product of this is some picture theatres throughout the Annapolis Valley district have been "dark" for a number of days. A large Halifax theatre missed out on its opening film attraction because of shipment by the "wrong" route at this juncture. This kind of trouble is expected in a wider scope if the strike continues. A dining car official told the Times reporter today that the Brotherhood of Railway Employees is seriously supporting the Dominion Express workers as a unit, and all its branches will act if forced to add the weight of their support to the controversy. Even the Teamsters' Union in the city here are declared very emphatic in their adherence to their resolution of assistance. It was said this morning that private teams and public teams were refusing to move Dominion Express matter for individual consignees. President Gibbs, in a statement of the strikers' case today, said in effect that the express workers had been granted a 48 per cent increase in wages, but a bonus amounting to 20 per cent had been taken from them. This left a net increase of only 15 per cent. The workers then submitted a new schedule of wages to the company, which exceeded slightly the value of the net bonus. This the government has been asked for a board of conciliation and adjustment to discuss the men's new schedule. The men also ask recognition of their branch of the C. B. R. E. Upon this latter point the workers are firmly set and the company seems to be equally firm in refusing it. E. J. Puddy, secretary of the Great War Veterans' Association, has issued the following statement to the members of that veteran body: "Members of the association are warned that labor trouble exists with the Dominion Express Company employees and that many of our comrades are in the walk-out. You are hereby asked to keep away from the employ of the Dominion Express Company while this trouble lasts as per resolution passed at a late

THE NEED OF ARMY HUTS

General Turner, Commander of Canadian Troops in England, Urges Their Importance on People of Canada

J. L. Murray, secretary of C. A. H. Inc., is in receipt of the following explanatory telegram from General Turner, officer commanding the Canadian forces in England: "I wish you every success in the effort to increase the scope of the Catholic Army Huts in the areas of the Canadian forces in England. I feel they fill a long felt want, particularly among our Roman Catholic soldiers, in providing for their religious welfare. I hope you contain these additional comforts for the men."

CASES UNDER THE PROHIBITION ACT

M. V. Paddock was in court this morning, charged with selling liquor without having a license to do so. Ernest Kenney of Torryburn, witness for the prosecution, told of getting a prescription from Dr. Peters in Rothesay for alcohol to use in the illness of his mother. He said he took the prescription to Mr. Paddock's drug store and gave it to Clarence Darling, one of the clerks, to fill. Mr. Darling filled the prescription which called for one pint of alcohol and charged Kenney \$2. Darling said that he knew Kenney and also the doctor and knew that the prescription was genuine. Mr. Paddock said that the violation of the law was purely an accident. The case was set over until Friday. Ralph Saunders, charged with having liquor in his possession other than in his private residence, was fined \$200. A few nights ago the inspectors under the prohibition act met the Digby boat, as there had been complaints of travelers bringing liquor into the city. The first traveler they met was held up and his grip searched with the result that the inspectors got two bottles. One bottle had been tapped while the other was intact. L. A. Conlon, representing the Braying Drug Company, charged with selling liquor, was fined \$200. The alleged cause of two men becoming intoxicated, asked that the case be dismissed. As Mr. Conlon had the chief liquor inspector, differed on some points, the magistrate set the hearing over until Friday afternoon.

STREET WORK

The street railway tracks in front of the north end fire station are being raised to conform with the level of the pavement. When this is completed the city will lay asphalt surface between the rails. Asphalt is being laid also at the intersection of Main and Adelaide streets. Repairs are being made to the sidewalks adjoining the new pavement in Main street. In the lower end of Main street a new asphalt surface is being laid over the old wooden blocks. The public works department now is working on the reconstruction of the Ashburn road bridge.

general meeting states that to employ with this firm at present would be strike-breaking. The strike is reported on hard and fast with all members of the C. B. of R. E. at Vancouver, Montreal, Quebec, Sherbrooke, Halifax, North Bay, St. John, Fredericton, Woodstock, Moncton, Turin, the Sydney. The local strikers some time ago forwarded the following resolution to Premier R. L. Borden at Ottawa: "A resolution passed by Local Division No. 84 Canadian Brotherhood Railway Employees requesting you to use your influence and have a board of conciliation appointed in order to avoid a certain strike of Dominion Express Company employees on Tuesday, Sept. 10, at 10 a.m. On account of the tie-up which has occurred, business may be expected to move heavily when operations are resumed, and on this account the officials say the company to the patrons regarding their intentions. Dominion Express Company officials express satisfaction with the way the strike situation is working out. Their attitude is that they are operating a national service of national importance and that it is a duty incumbent upon them to maintain this service at so high a state of efficiency and as consistently as possible and that they are making every effort to do so. In order to continue the service in this territory, employees of the company have been transferred from Toronto. Conditions in the Toronto Express Company are so nearly normal that a large number of men could be spared and forty-four of these employees from the general offices arrived on the noon train today from Montreal to relieve the situation in St. John. Arrangements have been made to cover all runs and the officials hope to have general business conditions up to normal so that they can resume business within a few days."

LOCAL NEWS

NOTE A meeting will be held Thursday, September 12, in Oddfellows' Hall for Teamsters' and Chauffeurs' Union. All members are requested to attend. By order of the president. 9-12.

Wanted, carpenters and laborers. Apply Grant & Horne, McAvity Plant, Marsh road. 9-12.

A LITTLE BETTER The condition of George Hartley Kimball is slightly improved in the General Public Hospital, though still critical.

GIRL RUN OVER A small girl named Quinan, while enroute to school this morning was struck by an automobile while crossing Main street near Sheriff street, and ran over. She was taken to Dr. D. P. Mahoney, who attended her injuries. She was badly bruised, but apparently no bones were broken. She was then driven to the home of her grandmother in Main street.

PERSONALS

Captain L. A. Demers, of Ottawa, is in the city. Mrs. A. R. Duffresne, of Ottawa, wife of the manager of the St. John-Dry Dock & Shipbuilding Co., arrived in the city yesterday. Mrs. T. Her sister, Miss Ella Smith, is enroute to England, where she will take up an important educational position. She is a graduate of Oxford University and was employed last year in Sweet Briar College, Sweet Briar, Virginia. H. C. Groat, general superintendent of the C. P. R. New Brunswick division, returned to the city today from Wausau, Wisconsin, where he was attending the funeral of his father, A. H. Groat, who died suddenly on Thursday, August 29.

COMPLETE UNION

Montreal, Sept. 11.—The Montreal police union is now an accomplished fact, according to a statement of J. L. Bourboniere, a prominent labor man of this city, and secretary of the Tramways Employees Union. The police union has 128 members. It was also said that the Montreal firemen have applied for a union charter and that the reconstruction of the city incineration department have also made application for one.

"I JUST DIDN'T SAVE"

THAT is why I am here. That is why the others are here. In my younger days I made plenty of money. But it was a case of 'easy come, easy go'. If I had only formed the habit of putting something away out of my earnings I would be comfortable and independent today. A pathetic story this, told in bitterness by an inmate of a home for dependent poor—a man, old and penniless because of a bad beginning in life. A few dollars a year saved now—when you can spare the money—and invested in an Imperial Endowment policy will secure a guaranteed monthly pension to support you when you are old. Or, it will provide for your family should death call you early. Just write your name and address on the coupon below and mail it to us. Then we will send you our booklet entitled "Penniless Old Men". It tells all about Imperial Endowment policy.

WONDER WORK OF THE AIRMEN

Amazing Feats of Britishers in Recent Fighting

One Observer Shot Ten Times But Put Two Fokkers Out of Business—Great Destruction in Enemy Lines

With the British Armies in France (Sept. 10.—(By the Associated Press)—Amazing feats by British airmen during the recent fighting may now be mentioned. After driving down in flames one of two enemy two-seaters a British scout had engine failure, which compelled him to spin down. As the machine touched the ground a German trench punctured the gasoline tank. At that moment the engine plied up sufficiently to carry the pilot to the rear of the British lines, where he was forced to fire he removed the gun locks and sights and all his instruments before abandoning the machine, which could not be saved. A pilot and observer, returning after a bombing raid, fell behind their formation because of engine trouble and were attacked by Fokkers. The elevator controls were shot away and the observer was badly wounded, but he continued to fight and shot down one of the Fokkers in flames and saw another crash out of control. By this time all the gasoline tanks had been shot through and the engine was hit in several places. All the instruments on the dashboard were smashed

DR. PERCIVAL BONNELL AND MISS DOWLING WED

A wedding of much social interest took place this afternoon at 4.30 o'clock, when Dr. Percival Bonnell, a prominent young dentist of the city, was united in marriage to Miss Vivian Dowling, daughter of Mr. and Mrs. T. J. Dowling, 74 Duke street. The ceremony was performed by Rev. S. S. Poole, pastor of German street Baptist church, at the residence of the bride's parents. They were unattended. The bride was very becomingly gowned in a dress of white duchess satin with overdress of georgette crepe and carried a shower bouquet of white roses. The house had been very tastefully decorated for the occasion with ferns and flowers. Following the ceremony, a wedding supper was served after which Doctor and Mrs. Bonnell left on the Boston train for Boston and New York on a wedding trip. On their return they will reside in the city.

did or had been murdered, the officials refused to hold an inquest. By this time the government felt that the matter would get out of hand completely unless strong measures were taken and so a leading member of the administration, Garcia Prieto, was sent to Barcelona concerning the matter. The king was reported to have visited Barcelona on a similar mission.

Spain is now stirred by a spy scandal of her own rivaling the recent French Bolo Plaza and Almeraya scandals in complexity and far-reaching effects. With all the attendant circumstances to make it sensational: German gold coming through the German embassy; the imprisonment of the chief of police of the second largest Spanish city on espionage charges; the suicide in prison of a police chief's main assistant; the disclosure of a completely organized German spy system, which has been informing German submarines in the Mediterranean and around Spain of the movements of Spanish and Allied ships entering and leaving Spanish ports, and apparent efforts of the Spanish authorities to shroud the entire case in mystery.

"El Progreso" says: "It is thanks to German influence that the new law has been passed." "This law favors the real spy as it reduces the severe punishment for spies provided in our laws by mere correctional prison and a fine," says Noguea. "El Popular" declares: "We can show in official figures that the new law is of a purely Germanophile character." "El Pais" writes: "Who will profit by the espionage law? All the officials now tried as spies or involved in these trials. Why do these officials profit? First, because the new law diminishes their penalty and saves their lives, and secondly, because it forbids the press to make any attacks in the future on spies, to point out spies, to discover spy systems, manoeuvres, names and intrigues." This law is absolutely German, Boche in the full sense.

Good Newspaper Work. The entire affair first attracted public attention about two months ago when the "Solidaridad Obrera," of Barcelona, came out with sensational charges against the chief of police of the city of Barcelona, Senor D. Bravo Portillo, and a number of others. Among the charges brought against the chief of police by this paper were these: That he was working as a spy for the German consulate, from which he received a regular monthly payment of 2,000 pesetas, in addition to various commissions; that Bravo Portillo was under direct orders of the chief of the German naval espionage system, Baron von Hollan; and through subordinates and a completely organized espionage system he was gathering news about the movements of ships to and from Spanish ports and that he reported a complex chain of spies that furnished his information to German submarines; along the Spanish coast; that by his authority as chief of police he arrested without any justified reason anyone who was dangerous to his activity; that he was working out passports for German spies who were to go to Allied countries.

Government Forces to Act. As next the authorities refused to pay any attention to the charges made by the newspaper, but public feeling was so stirred that a popular movement was established and also his two chief assistants, Royo San Martin and Guillot, were arrested. Shortly afterward Martin died suddenly and mysteriously while in custody, and despite a general suspicion that he had either committed suicide

HOUSEHOLDERS TO BLAME IF SUGAR IS SCARCE

Food Board Says Making Heavy Preserves Not Necessary and Should Stop

(Ottawa Journal.) The Canada food board in a statement issued Friday night places definitely upon householders responsibility for so limiting domestic consumption of sugar, as to ensure a sufficient supply for preserving. The board says that a family of two should not use more than an aggregate of one-quarter of a level cupful of sugar per day for cooking, table use and all other purposes, except preserving, and for other families consumption should be limited to the same proportion. "There will not be sufficient sugar if it is consumed in other ways in the homes to the same extent as in former years, or if people eat up in the homes sugar which has been saved by regulation of manufacturers," statement says—

Householder's Duty. The board adds that has imposed very considerable hardships on manufacturers, for the sake of securing sufficient for the householders, and that it is now the householders' plain duty to discontinue extravagant use of sugar.

"Candy manufacturers have had their allowance of sugar reduced to one-half of the amount used by them last year. Cake and biscuit makers have been placed on a rigorous basis and are now using syrups and other available substitutes to a large extent. Jam manufacturers are even using raw sugar. Bakers are not permitted to use any but yellow or brown sugar in making bread and only a very small amount of white sugar. Glucose is being used extensively as a sugar substitute. No manufacturer can obtain sugar today except on presentation of a sugar certificate and under no circumstances to a greater amount than the allotment made by the food board.

Use Less in Coffee.

But even these far-reaching regulations cannot save sufficient sugar to provide for canning and preserving requirements unless the householders, too, will make some sacrifices. "If all the people of Canada would use only one teaspoonful of sugar in their tea or coffee instead of two, the aggregate annual saving for preserving would be fifty thousand tons, or more than three times the amount of sugar now allowed to all the candy and confectionery manufacturers in the Dominion for one year.

"Public eating places have been put on a ration of two pounds of sugar for ninety meals for all purposes, and it is the duty of householders to observe a similar ration in their homes. There simply is not enough granulated sugar available to meet the present consumption demands and also to provide for canning and preserving. Not only must householders use less sugar, but part of their sugar ration should be brown sugar instead of granulated.

How to Conserve Sugar.

Among the ways in which the public are asked to conserve sugar in addition to observing the sugar ration of not more than two pounds per person per week are the following—

"Use white sugar in part in canning and preserving.

"Use no more than one level teaspoonful of sugar in sweetening any cup of tea, coffee or other beverage.

"Discontinue the making of rich pastries.

"Use no more sugar in canning and preserving than is absolutely necessary.

"The making of preserves and pickles serves is not necessary and should be stopped.

Extravagance Must Stop.

"The greatest waste of sugar does not occur in the manufacture of candy, or in commercial uses, all of which are now under drastic regulation, but in the use of sugar in unnecessary and excessive use in the homes," says the Food Board.

"The time has come when the people of Canada must understand that sugar consumption must be reduced. With reasonable conservation there will be sufficient to take care of preserving requirements, and to meet the necessary demands until the end of the year when the new crop will be available, but this can only be assured by reduced domestic consumption. If extravagance is continued in the homes, shortage is unavoidable and the blame will rest with the householders."

Soldiers In Hiding Were Brutally Slain

German Kill Eleven British and The Man Who Sheltered Them

LONDON, Sept. 11.—Authentic details of a peculiarly infamous case of German brutality have been received by the Daily Express. Eleven British soldiers, finding themselves behind enemy lines in France, managed to evade capture for several weeks by hiding themselves in fields and subsequently taking shelter in a house.

The woman in whose house they found shelter says she and her husband, knowing the soldiers were hiding in a field, took them in and lodged them in an attic. Unfortunately, some outsiders knew they were there and a neighbor denounced them to the German commandant at Guise. He sent troops to arrest the soldiers, who gave themselves up immediately without making resistance.

Three days later they were tried. The eleven soldiers and the husband of the woman who had sheltered them were sentenced to death and were executed on the same day. The woman was sentenced to four years at forced labor, her daughter to two years, and her son to three years, while a woman who had given the soldiers some food was sentenced to ten years at forced labor and her daughter to one year.

MOTHER SLAYS CHILD

Mrs. Clara Neinstadt Chloroforms Two Other Children But Spares Them

Shooting in Detroit Hotel—Brooklyn Woman, Parted From Husband, Said to Have Been in Love With Another Man

Detroit, Mich., Sept. 11.—Crazed over the marriage of the man she loved to another woman, Mrs. Clara Neinstadt, of Brooklyn, N. Y., who is divorced, shot and killed her daughter Zilna, seven years old, in their room at Hotel Pontchartrain here. Realization of her deed overpowered her, the mother forebore to slay her two other children, twelve and nine years old, whom she previously chloroformed and whose lives she had apparently planned to end with her own.

An elevator operator in the Pontchartrain responded to a signal from the eleventh floor. When he opened his door Mrs. Neinstadt, fully dressed, revolver in her hand, stood in the corridor.

"I've killed her," she cried and toppled face downward into the car. Hotel attendants hastened to Mrs. Neinstadt's room. At the foot of the bed, a bullet through her breast lay the body of the slain girl. On the floor beside the bed lay her little son in his crib, and his mother administered. Behind the bathroom door crouched the third child, a girl, who had not been chloroformed, but quite unconscious and she had sprung from bed when the sound of the shot.

Mrs. Neinstadt and the surviving boy and girl were all taken to Receiving Hospital, where the mother professed to remember nothing about the tragedy.

Mrs. Neinstadt is a daughter of Lieut.-Commander Manning, U. S. N., retired. While in Detroit two years ago she obtained a divorce from Bernhard Neinstadt, jr., and returned to Brooklyn, where her children were living with their father's parents.

While here Mrs. Neinstadt made the acquaintance of a business man, and this friendship, at least on her part, ripened into love. She has been in Detroit frequently, but returned to Brooklyn in June, expecting the man either to go to her or send for her. Mrs. Neinstadt came back to Detroit, and reports reached her ears that he was engaged to marry some one else. Last Monday she married a Chicago young woman reputed to be wealthy.

New York, Sept. 11.—Mrs. Neinstadt is the daughter of Lieut.-Commander Manning, U. S. N., retired, recently relieved of active service at the Brooklyn navy yard, and living with a daughter, Miss Anna Manning, at 199 Van Buren street, Brooklyn. Inquirers found the house boarded up, and neighbors said the Mannings were in the country for the summer.

The woman's mother-in-law, Bernard Neinstadt, is a saloonkeeper. He said his son, Benjamin Neinstadt, married Mrs. Manning about fifteen years ago, and that they were parted by divorce last year. After the divorce proceedings, he said, Mrs. Neinstadt went to Detroit, but she returned in May and lived at the Gates avenue address until a week ago, when she went back to Detroit, taking with her the youngest child, Zilna, seven years old, Benjamin, jr., twelve years old, and Clara, nine years old, were left with the father-in-law. Last Thursday Mrs. Neinstadt wired asking that the children be sent on to John her.

Mr. Neinstadt said that his former daughter-in-law mentioned something about being engaged to a Frenchman, George Catavitt, but that he had not pressed her for more on the matter. He added that he did not know the whereabouts of his son, a salesman, nor was he aware of any reason why Mrs. Neinstadt should have killed her child.

FOUNTAIN OF YOUTH

It is not a myth, but a reality and women may find it in perfect functional health. Women who want to grow old gracefully should guard against all organic weakness and derangements, and at the first symptom of such conditions resort to Lydia E. Pinkham's Vegetable Compound, nature's own root and herb remedy, to restore health. For three generations women of America have depended everywhere on this remedy, and have found no other medicine to equal it.

NO ONE THINKS IT WAS SUICIDE

Yet Florence Edwards' Death In Woodstock, Ont., is Hard To Explain

Woodstock, Sept. 11.—No one person here believes that the late Florence Edwards, whose death by arsenic poisoning has given Woodstock a mystery, which has stirred it to the depths, committed suicide. No reason for such an action has been unearthed, and the deceased girl was a great favorite with everyone, and her employer and friends all speak most highly of her. She is described everywhere as a jolly, bright, well-spoken girl and was shortly to have been married to a local business man.

No request has yet been made by Crown Attorney R. N. Ball for the assistance of the provincial police to unravel the mystery, but it is almost an assured fact that this will be done tomorrow as the local authorities incline to the attitude that they have a murder to solve. The evidence at the inquest has been transcribed and will be immediately reviewed by the crown attorney, in whose hands the matter now rests. Crown Attorney Ball said last evening that he would likely ask for the aid of a provincial inspector tomorrow.

Chief of Police Moore is reticent concerning the matter, but it is understood that the authorities have been unable to find the trace of the sale of any arsenic, either in Woodstock or Ingersoll, except to persons who are known.

"Any supposition that the deceased girl committed suicide is discounted by the fact that she had called so much attention to the fact that she was ill at the shop where she worked, and elsewhere. Mother Knows of No Enemy.

Mrs. Charlotte Edwards, mother of the deceased girl, who lives with her daughter, Mrs. Bell, at 608 College avenue, states that no poison of any kind, not even fly poison, had ever been in the house. She says that she had not been down town for two weeks previous to her daughter's death. She is unable to throw any light on the suicide supposition. Her daughter had not been well the previous week, and did not eat very well, but had talked as usual the previous day without signs of worry. She was the best of friends with her brothers and sisters, and the mother did not think she had an enemy in the world.

COURT-MARTIAL FINDS LT.-COL. GRAY GUILTY

He is to Be Severely Reprimanded for Conduct to Prejudice of Discipline.

Winnipeg, Sept. 11.—Following the recent changes which were made in the administration of Military District No. 10, the Militia Department has been conducting an inquiry into the conduct of the affairs of the district previous to the change.

As a result of the inquiry, a militia order was issued by Major N. J. Black, acting administrative officer for this military district, says the Winnipeg Tribune, stating that Lt.-Col. A. C. Gray former acting adjutant-general for this district, had been found by general court-martial guilty of conduct to the prejudice of good order and military discipline.

Col. Gray was "sentenced to be severely reprimanded." Col. Gray was struck off the strength of this military district about a month ago.

The court-martial found Col. Gray not guilty on another charge of "giving false evidence when examined on oath before a court authorized by the army to administer the oath."

"The post of foreign secretary," says the newly appointed von Hintze, "is not a desirable one." True, dear Admiral, but cheer up. It doesn't last long.

BILLIONS OF ARMY SMOKES

Knights of Columbus Now Deliver Free Cigarettes on Battlefield

The Knights of Columbus announced last week in New York that 1,600,000,000 cigarettes have been ordered for free distribution to American soldiers and the men of the Allies. The first consignment of half a billion has already gone overseas and, the organization announces, are being distributed.

The soldiers no longer have to hunt for cigarettes, says the N. Y. Times, for the Knights of Columbus, it is announced, has a fleet of motor trucks and is delivering smokes even to men on the battlefield. The organization is also supplying men in the field with chewing gum, chocolate, soap, towels, and other articles. Beside the motor trucks, it has added to its equipment twenty-five automobile camp kitchens.

In addition to cigarettes, the War Council announces, nearly 6,000,000 cigars have been ordered, and factories are busy turning out 4,000,000 corncob pipes. In addition, the Knights have contracted for 3,000,000 pounds of chewing tobacco.

A meeting of the Ship Carpenters' Union of St. John was held last evening in the Painters' hall in Charlotte street.

William DeLong, the secretary of the union, resigned as he is about to return to the States, and Albert Peterson was appointed to succeed him.

NOT AMENABLE TO DISCIPLINE

(Hamilton Herald). Mme. Botkara, the woman who organized the Russian women's "battalion of death," is candid enough to confess that she was wrong—that women do not make good soldiers, "because they cannot be thoroughly organized and are not amenable to discipline." Perhaps, after a few years, suffrage leaders will be making similar confessions.

THOUSANDS OF OFFICERS WERE HELD PRISONERS

Bolshevik Threats When They Refused to Register

CONDITIONS VERY BAD

Neutrals Protest Caused No Surprise to Travelers From Troubled Russia—Good News Received in Washington

Stockholm, Sept. 9.—(By the Associated Press)—Despatches from Russia announcing that the neutral ministers have protested against the wholesale shooting of political prisoners and threatened to expel the Bolsheviks from their countries if the political executions continue, caused no surprise to travelers who recently returned from Russia. Ten thousand officers of the army who were ordered to register in Moscow were held prisoners for nearly a week without food. Cholera broke out among them, because of the crowded and unsanitary conditions of their quarters. Leon Trotsky, Bolshevik minister of war, wired General Alexieff, commander-in-chief of the anti-Bolshevik forces, that an 8,000 kwk. per month supply of Bolsheviks killed by the Czechs or shot by Alexieff is reported to have been replaced that if officers were shot he would not stop reprisals until every Jew had been massacred.

TEXTILE MARKS BECOME BARER

More Difficulty Being Experienced in Buying Goods in Great Britain

Prices Still Advancing—Scarcity of British Goods Permits of Export of American Lines to England

Purchase of textiles is becoming increasingly difficult in the British markets according to a buyer for a large Toronto wholesaler who has just returned from a trip to the United Kingdom. In an interview with the Toronto Globe he said that buying can be accomplished only in relatively small lots, and that prices have advanced to a marked extent in the last year. In some cases goods are available through wholesale trade channels cheaper than they can be obtained through manufacturers. The character of trade has changed essentially during the last two years. Manufacturers are busy on war contracts in a majority of cases. The obtaining of permits to manufacture or engage in work on civilian trade contracts is difficult, and the prices on goods being manufactured now are almost prohibitive.

NEW BRUNSWICK POWER COMPANY

Interim Order of Commission Appointed Under Provisions of "An Act to Appoint a Commission in the Matter of the New Brunswick Power Company."

It appearing to the commission, in the course of its investigation and inquiry, to be justifiable and necessary for the financial temporary relief of the company to adjust and allow rates of pay for transportation and to fix the maximum price to be charged for gas and the maximum rate for electric current, the commission makes the following interim order of August 27, 1918.

1. That as of the first day of October, 1918, and thereafter until the Commission order of the commission, the maximum lighting rates shall be as follows:

First 50 kwk. per month 15c

Next 100 kwk. per month 10c

Next 250 kwk. per month 10c

Next 500 kwk. per month 8c

Next 1000 kwk. per month 7c

Discounts for prompt payment and provisions for minimum bills to remain as in the existing schedule without change.

2. That as of the said date, and thereafter until the further order of the commission, the maximum power rates shall be as follows:

First 200 kwk. per month 12c

Next 400 kwk. per month 8c

Next 600 kwk. per month 8c

Next 800 kwk. per month 8c

Next 1000 kwk. per month 8c

Over 1000 kwk. per month 7c

Discounts for prompt payment and provisions for minimum bills to remain as in the existing schedule without change.

3. That as of the said date, and thereafter until the further order of the commission, the maximum rate for gas, both fuel and lighting, shall be \$2 per 1,000 feet.

Any provision in existing schedules for discounts or minimum bills to remain unchanged.

4. That as of the said date, and thereafter until the further order of the commission, the street railway fare shall be 6 cents. The Company shall not be required to issue tickets. Transfer privileges shall remain in force without change. Outstanding tickets shall not be valid for fares after said date but shall be redeemed in cash on demand at the Company's option.

The Commission has caused the accounts of the Company to be examined by Messrs. Lebrun and Ross Brown Montgomery, a firm of certified public accountants familiar with public utility accounts. It appears from their report that the Company is not today earning its operating expenses, and nothing of any return on investment. The net operating income has entirely disappeared in the recent past. In an interview with the Toronto Globe our accountants report to us to be at the rate of \$17,000 per annum in the two items of fuel and lighting.

THE ENGLISH IS BAKU. (English Paper)

Baku (so named from the Persian word badcube, meaning "a gust of wind," and expressively named, too) will not look upon its newcomers quite strangely. For before the war it had an English colony of some size, with a church of its own and a school. This latter institution remains of its owners before the Russians conquered it in 1899. In the eighteenth century it was under Russian domination, and from the sixteenth till the nineteenth century it was mostly in Persian hands. Until the oil wells were developed it led a quiet existence. Its population in 1880 was only 15,000. In 1914 it had risen to about 200,000, of which a considerable proportion were Tartars and Armenians. The old Russian regime knew well how to stimulate these traditional enemies against each other, and massacres of Armenians by Tartars, and vice versa, were common.

There are really three towns of Baku, the native "Old Baku," the Russian "New Baku," and the "Black Town," consisting almost entirely of oil factories. From Baku a railway runs via Tiflis to Batumi, on the Black Sea. This latter port was the real distributing centre for the Baku oil, which was carried there by pipes as well as by rail.

A Providence, R. I. paper has the notice of the death of a former Dorchester resident, Captain Stanley Maxwell, in his fifty-fourth year. He was a son of the late Gordon Maxwell, of Rockport. He had resided in Providence for about twelve years, and is survived by his wife and four children—Mrs. John Menzies, Mrs. Edward Scholten, Hasen and Hedley, all of Providence. Two brothers also survive, Edward, of West Sachville, and Alton, of Rockport. There are three surviving sisters—Mrs. Daniel Lockhart, Mrs. Elbert Power, of Rockport, and Mrs. Alice Head, of Mass. Mrs. Maxwell, who survives, is a daughter of Mr. and Mrs. Albert Cook, of Dorchester, and a sister of Mrs. Walter E. Cole, Mrs. Fred Ward, of Dorchester, and Hasen B. Cook, of Providence, R. I.

SECOND TRIAL OF BURKE.
In the County Court this morning the case of the King vs. Burke was taken up. In this case Burke was charged with stealing the sum of \$888 from a man named Padlock. This case was tried last week, and resulted in the jury disagreeing. At the hearing this morning eight jurymen were sworn in and the case was adjourned until 2:30 o'clock. C. H. Ferguson is appearing for the crown and William M. Ryan for the defendant.

GET BIG ONES THERE.
The Island of Grand Manan always an interesting spot for visitors, has an added attraction this year in the splendid fishing which has developed in Zel Brook Lake. The secretary of the New Brunswick Tourist Association in a recent visit to the island landed speckled trout and landlocked salmon weighing 2 1/2 pounds. This seems remarkable, as the lake was stocked by the government only ten years ago, so that the growth seems phenomenal.

MAJOR RAINSFORD WINSLOW DIES OF WOUNDS IN FRANCE

Fredericton, N. B., Sept. 11.—J. F. Winslow has received word that his brother, Major Rainsford W. Winslow, has died of wounds in France. He was overseas in December, 1914, with a battalion recruited in British Columbia, in which he held the rank of lieutenant. He served at the front with a pioneer battalion, and afterwards was employed as instructor at a Canadian Engineers' school in France. Quite recently he returned to the front with a transport company of Canadian engineers and was given the rank of major. He was the youngest son of the late E. Byron Winslow, K.C., and was thirty years of age. He is survived by his wife, whom he married in England two years ago, four brothers and two sisters. They are J. F. Winslow, Fredericton; Wentworth B. Winslow, of New York; F. E. Winslow, of Victoria; Capt. R. N. Winslow, serving overseas with the American Infantry; Mrs. G. D. Irland, of Vancouver and Mrs. E. L. Demondaine of a convalescent hospital, Rothampton, England. Another brother, Capt. J. A. Winslow, died of pneumonia while serving in France last year.
Major Winslow was a graduate in engineering of McGill, and before going overseas was in the employ of the Vancouver Harbor Commission.

PRESENTATION TO FLIGHT LIEUTENANT HERRINGTON

Flight Lieutenant Edward F. Herrington, who was entertained last evening by the members of the Hamilton Dramatic Club, with which he has been prominently identified since its inception, was pleasantly surprised on being made the recipient of a handsome silver ring suitably engraved. The presentation was made, on behalf of the club, by the president, Harold G. Taylor. Lieutenant Herrington made an appropriate reply, expressing his appreciation of the gift and good wishes of the members. The evening was passed pleasantly with much dancing and whist, after which light refreshments were served.

BUSY DAY IN THE BROOKVILLE COURT

Yesterday several cases were disposed of in Magistrate Adams' court at Brookville. A Silver Falls man was fined \$8 and costs for allowing his cattle to run large on the Lech Lombard Road.
Two city people were fined \$10 and costs for speeding on Red Head Road. One man reported for not having a rear light was fined \$5 and costs. The costs were paid and the fine allowed to stand. Too many motorists have been noticed in the county of late without proper car illumination and these are to be watched more closely in future.
The last case to come up involved a quarrel at Colbrook, in which the blocking of a roadway was involved. The evidence was all taken and the magistrate advised those interested to get together and affect an amicable settlement if possible. Proceedings were adjourned one week in order to give them opportunity to adjust things.
In every instance except the quarrel case, information was laid by Police Officer Saunders.

High School Pupils Dismissed; Rooms Cold

Tang in the Air Reminds of Coming Winter.—Heavy Frost in New England and Elsewhere

King Winter had his first forces out last night and this forenoon reconnoitering the situation preparatory to his big drive a few weeks hence. About nine o'clock started howling and by ten o'clock November ferocity and by ten o'clock had amounted almost to a gale. Persons attending theatre and other indoor gatherings were lightly clad in keeping with the earlier part of the evening, were surprised when they stepped into the atmosphere and shivered all the way home.
Suburbanites suffered bitterly, especially those who live in semi-finished homes along the riverfront or shore of the bay, where the wind did its deadliest work from a northerly direction. Extra bedding was at a premium and the family woodpile caught the mischief. For some of these folk sunrise seemed never to come. If this sudden spell of cold weather bids fair to remain there will doubtless be a large return to the city within the week.
So pronounced was today's cold spell that the pupils of the High School were dismissed at the noon hour in mid-forenoon. This building is equipped for all contingencies but nobody ever suspected the necessity of heat so early in September and consequently there were no fires ready for lighting. However if the cold spell continues the school may have to be warmed up.
In the other school buildings around the town pupils were retained as usual except in the Centennial building where it was necessary to dismiss the classes at 10:30 to allow waterworks men to proceed with important connections. Throughout the city the school children felt the chilliness while at their studies but evidently did not complain.
The lady assistant of D. L. Hutchinson, director of the weather bureau, Douglas avenue, told The Times this morning that the temperature on the ground reached as low a point as thirty-four during the chilly spell, or only two points above freezing. In the air the temperature was thirty-six. The "Weather Woman" also reported that the change was fully expected as reports from the west warned us of a cold wave which had been moving from northern Ontario eastward. There are some reports of frost but a twenty-four mile wind prevented its formation generally.

RELATIVES RECEIVE WORD OF DEATH OF LIEUT. WM. E. CROMBIE, M.C., IN WAR

There came to relatives here yesterday the sad news of the death of Flight Lieut. Wm. E. Crombie, M.C., in the war. The news was received in a cable by his father, in Chelsea, Mass., as follows: "Deeply regret to inform you that Lieut. Wm. Crombie, Royal Air Force, is reported to have been killed on August 31. The Air Council express their sympathy."
SEC. AIR MINISTRY.
This brave soldier, a former St. John boy, was reported but a short time ago in papers here for his gallantry in action. After losing a leg at the battle of Courcellette, he was invalided home in July, after being decorated by King George with the military cross.
Returning overseas in August of 1917, he qualified for the Royal Air Force and crossed to France in the early summer, and had been an observer until August 31, when he lost his life.

FORD EMPLOYEES TO GET \$5 A DAY

New Wage Scale For Canadian Company on Eight-Hour Day Basis — Went Into Effect This Week
Approximately 2,500 employees of the Ford Motor Company of Canada benefited by the new \$5 a day wage scale for eight hours which took effect on Monday. Announcement was made at Windsor, Ont., by G. M. McGregor, vice-president and general manager of the Ford plant in Canada, of the new wage scale.
This will affect every employe of the Canadian plants who has been in the service of the company for three months or more, according to Mr. McGregor. The present minimum is fifty cents an hour. Canadian plants are located at Montreal, Toronto, London, Winnipeg, Saskatoon, Calgary, Vancouver and St. John.
"War conditions have compelled the company to cut its staff," said Mr. McGregor, "but we are using all the men possible at the present time. Lack of material is likely to reduce the staff still more," he said.
