BLIZZARD IS FOUR Heavy Loss by Fires—Communication Gradually Being Restored

Columbus, Ohio, Nov. 11—Details of the damage done by the blizzard which held Ohio in its grip for more than twenty-four hours on Sunday and Monday, are slowly coming in as telephone and telegraph communications are re-established. As far as known, four persons lost their lives and scores were injured in the state. Loss due to fires, which, in many places, burned themselves out, will be heavy...

COUNCIL THIS AFTERNOON

A special meeting of the Common Council will be held at three o'clock this afternoon to authorize the issue of city bonds to cover the expenditures for permanent street pavements. The council will also deal with the protests made by residents of the district against the establishment of a laundry at the corner of Union and Pitt streets which is under construction for Robert J. Armstrong. Mr. Armstrong was asked for permission to present his side of the case and he will be heard this afternoon.

PUTS HUERTA IN A POSITION WHERE HE MUST LEAVE STAGE

United States Policy is 'Hands Off' By Other Nations

Washington, Nov. 11—Indications were that the American policy toward Mexico, which it was hoped the nations of the world generally would follow still was "hands off." The general interpretation of the situation was that the United States, by giving foreign powers detailed information of its own determination to refuse to recognize the acts of the new Mexican congress, had indicated a desire that the powers generally refrain from financial dealings with the Huerta government...

At midnight he was taken to his apartment in the night in the superintendent's house...

GIVE UP BRIDGEPORT AS LOST

Think Steamer Bound From Sydney to Montreal Split in Two and Sank With 41 Men

Montreal, Nov. 11—All hopes for the safety of the Dominion Coal Company's collier, Bridgeport, which was now being on up shipping men of Montreal, who are of the opinion that the vessel was so heavily loaded, she has split in half, and founderd with all on board, eight officers and a Chinese crew of thirty-three. One Chinaman in Montreal, Hun Lung, was said to have sailed on board the vessel, but was imprisoned for deserting his ship. The Bridgeport sailed from Sydney and was due to arrive at Montreal last week. It is now quite evident that the collier never entered the River St. Lawrence, after sailing from Sydney. Until Saturday morning it was hoped that a two-masted steamer, inward-bound, reported from Cape Hooper might be the Bridgeport, but the signal service identified that steamer as the Kanawaca.

The Courtenay Bay Work—Messrs. Warren and Stewart Also in City

J. Norton Griffiths, M.P., who arrived in the city last evening spent this morning inspecting the work at Courtenay Bay which his company is carrying on for the government. He was accompanied to the city by P. R. Warren, chief engineer for the company, and today was joined by W. Burton Stewart of Montreal, the company's general manager in Canada. In an interview Mr. Griffiths said that in addition to the two self-propelling hopper scoops which are on their way here, he has arranged to bring to St. John a suction dredge of the largest and most efficient type, which will be capable of dredging 2,000 tons of material an hour. The material raised by the suction dredge will be used to fill in the land they are to reclaim around the dry dock and also behind the two piers which they are to build on the western side of the east harbor. He urged that the government should provide for the construction of two more berths in Courtenay Bay as they could be built more economically and without any further waste of time if undertaken at the same time as the others.

LIKE FATHER LIKE SON

The Late Major Leckie's Two Boys, As Well as Himself, Rose to Prominence

Major Leckie, whose death was announced in the Times yesterday, was named in the obituary notice of St. John during the period when he was connected with the coal and iron business in Nova Scotia. It is interesting to note that both of his sons are engineers, and also actively identified with the mill industry. The elder, Lieut.-Col. R. G. E. Leckie, was educated at Bishop's College in Lunenburg and at King's College in Windsor. He surveyed and superintended the construction of the Torbrook branch railway, and was for a time managing director of the Torbrook Iron Company. He located the water works system for Grandville Ferry, was a promoter of the Valley Telephone Company, conducted coal and other mining operations in Nova Brunswick, was a consulting engineer for several mines in British Columbia, undertook an expedition into Somaliland in South Africa, and served in the South African war in command of (A) squadron, 2nd Canadian Mounted Rifles. He lives in Vancouver.

STEAMER TURNS TURTLE

In Lake Storm; All On Board Likely Drowned

Port Huron, Mich., Nov. 11—No doubt has occurred in Lake Huron, as a result of a terrible gale which prevailed all Sunday night. About eight miles north of here, a big steel freighter named the Steel, of the Lakeside life-saving station, and it is believed that every member of her crew has gone to the bottom. Just what boat it is is not known at present. It was sighted yesterday by Captain Plough, of the Lakeside life-saving station, and he reported to the Reid Working Company. The latter concern, by direction of President William Livingstone of the Lake Carriers' Association, dispatched the tug Sarna City to the scene and that staunch little craft is today lying by its stern in the water, and doing all that is possible under the circumstances. The vessel is a steel freighter, one of the modern type, about 600 feet long, and is painted black on the bottom. Her stern is submerged, and about a foot forward end protrudes eighteen feet in the air and is visible from the shore, but aside from this nothing can be learned. (Continued on page 3, fifth column.)

HERE'S A SMART MANUFACTURER

After five years experiment he has evolved a certain article that he believes to be the best of its kind in the world. He has tested it and feels sure of it, but he wants a great sum of money before he will put it out to the public. He has arranged for complete distribution in a group of cities near a metropolis and is going to begin a campaign of newspaper advertising in the territory. He is going to tell the public, what he has, and why it is better. The local dealers are getting to show his goods. He is not spending a great sum of money but when he is through he will know what he can do. Then if it is the success he anticipated, he is going to launch a co-operative newspaper campaign all over the country.

WONDERFUL TURBINES TO DRIVE GREAT CUNARDER

New York, Nov. 11—A cable from London to the Tribune says: Wonderful turbines will drive the mammoth Cunarder Aquitania which is now having its engines installed at Clyde Bank. They have a total weight of 1,600 tons, and enable them to be lowered into the hull of the ship, one of the four great funnels has not yet been placed in position. There are more than a million turbine blades, the combined length of which is more than 140 miles. The blades vary in length from one and a half to twenty inches. These turbines are absolutely the latest production of marine engineering. Thousands of pounds have been spent in experimenting and their use has been made of the great experience gained by the Cunard company in the construction and running of their other turbine ships, the Carmania, the Lusitania and the Mauritania.

DEATH TOLL OF YEAR HEAVY ONE

Excess is 133 Over The Local Record of 1912

TWELVE MONTHS TOTAL, 817

Tuberculosis Cause of Death in Most Cases, Seventy Nine—Greatest Number of Deaths Was of Babies Under One Year

This was a heavy year in the death toll in St. John. The annual report of Thomas M. Burns, secretary of the board of health presented to the meeting of that body this afternoon showed a total of 817 as compared with 684 last year for the year ended with October. Of the number this year 684 were Canadians, 131 foreigners, and two not stated, while last year there were 540 Canadians, 107 foreigners, and one not stated. The death of more married men occurred in both years. This year the report shows the death of 417 married men to 399 single men, while last year 384 married men died to 319 single. Last year the females outnumbered the males by two, the figures being 328 to 326, while this year the males show the greater number of deaths, 422 to 395. Most from White Plague

The white plague was responsible in its various forms for the greatest number of deaths, a total of seventy-nine from all kinds of tuberculosis being recorded. Of these sixty-three cases were pulmonary. Scenic debility was a close second with a total of seventy-six, while from various diseases of infancy seventy-three little ones passed away. Organic diseases of the heart claimed seventy-one and pneumonia fifty-seven. The next highest in the death list is congestion and cerebral hemorrhage with thirty-one, followed by other infamable diseases with twenty-nine, simple meningitis twenty-one, acute bronchitis eighteen, general paralysis nineteen, accidents, wounds fifteen, dysentery twelve, Bright's disease twelve, diphtheria and typhoid eleven each, until there is a drop by the more uncommon diseases when the figures range from one to three or four.

JOSEPH CAPLES BURIED

The funeral of Joseph Caples who was accidentally shot while playing on the golf course on Sunday morning, was held at three o'clock this afternoon from the residence of his father, Michael Caples, O'Brien road. The body was taken to St. John's church where the burial service was read by Rev. A. J. O'Neill. Many sympathizing friends attended.

THEFT CHARGED

Walter Jonah, aged 21 years, was taken into custody last night by Detective Killen on a warrant charging him with stealing a coat and pair of trousers from a West Side man. He was remanded this morning in the police court.

ISAAC SHERWOOD DEAD

Isaac Sherwood, formerly a prominent lumber contractor at Musquash, died yesterday at the home of his daughter, Mrs. Frank Cochrane, Dipper Harbor. Mr. Sherwood was eighty-seven years of age, and leaves two sons—Alexander of Fairville, who is employed with T. S. Simms & Co., and David, of Musquash. He also leaves three daughters, Mrs. William Wells of Fairville; Mrs. Cochrane, of Chance Harbor, and Mrs. Cochrane. The funeral will take place on Wednesday afternoon.

Earl Grey Ill

London, Nov. 11—Earl Grey is suffering from nervous breakdown, and all his engagements, extending over a considerable period, have been cancelled.

IS SAFE IN PORT

Hamburg, Nov. 11—The Hamburg-American Steamship Company says its vessel, the Rheanus, reported in distress of the Spanish coast with 300 German soldiers on board, ran into port at Coruna, Spain, yesterday for repairs. She had encountered very severe weather, during which her pumps became clogged.

THE PRICES HERE AND IN MONTREAL

Former St. John Woman Now in Metropolis Makes Some Comparisons

In the course of an investigation into the cost of living, the Montreal Daily Mail quotes a former St. John woman who makes some interesting comparisons between prices in Montreal and St. John. Her husband earns \$23 a week and, while they manage to live fairly comfortably the housewife reports that they can save nothing. Their rent is \$15 a month and regarding expenditures for food the woman interviewed says: "Food is rather dear. Yet it is not so very much higher than in St. John, where I came from. The chief difference is that fish is so much dearer here and not so fresh. Salmon, for instance, is fully five cents a pound cheaper in St. John. A nice lobster at twenty cents is fair in St. John, but I have not had one since I came here. Other fish is about three cents a pound dearer here and we use less of it, because we cannot get it so fresh.

"There is not much difference in meat prices between the two places, perhaps, it is a cent a pound less in St. John. Milk is eight cents a quart the year round there, and here it rises to ten in the late fall and winter months. One thing we find cheaper in Montreal is white wheat, but that is about the only thing. Clothes cost as much in one place as in the other. Clothes become quite a consideration with a growing family—the family consists of two children, one three and the other two years old.

"Asked if dearer food made any difference in the quality used, the housewife answered, "No, indeed, we like the best cuts and the nice roasts, and we must have good vegetables. I bake once a week, because we prefer home baking to baker's bread, and we usually have pie, but seldom cakes, but we buy no confectionery. The boy likes fruit for breakfast, and he has his orange every day and any other fruit that is in the market, and I always buy the best fruit.

No Doctor's Bills As a Drag

"We have not had any sickness in the family and no big doctor's bills to look after. Fortunately we are all healthy.

"I think we are paying too much for food, but we must have good food and I think it is well worth while buying the best. We would not like the other kind."

Asked if the slim margin between revenue and expenditure made any difference in entertainment, she said: "Well, we have not done much going about. Of course with a growing family there is not much time to do so, and the theatre is rather expensive amusement. I would like to go to an entertainment once in a while, but after all I am quite happy without it.

The interviewer was questioned as to the cause of high meat costs and in answering his loss he said that it had been attributed to the invasion of United States buyers in Canadian markets. "Well we ought not to let them take it away," she answered firmly, and that terminated the interview.

BABY BRINGS THE MOTHER \$25,000

Trust Fund Left For Her When She Was Child to Be Paid When 25 if She Had Babe

Paterson, N. J., Nov. 10—Mrs. Elizabeth Rittenhouse, wife of Dr. O. N. Rittenhouse of 420 Van Houten street, has come into the possession of \$25,000 because she is twenty-five years old and has a baby.

The money was in a trust fund left by her grandfather, Cornelius Terhune, and the will imposing the conditions was made by the testator when Mrs. Rittenhouse was eight years old.

The fund originally was \$8,000. Terhune bequeathed the income to his widow and provided in his will that the fund should go to his granddaughter when she became twenty-five years old, provided she had a child. Joseph McDonald, executor of the estate, went before Judge Klemert in the Orphans' Court and applied for permission to turn the fund over to Mrs. Rittenhouse. The judge signs the order.

HELD UP WOMAN VOTE

Calgary Proposal Off For Present—Change in Choosing of Aldermen

Calgary, Alberta, Nov. 11—The legislature of Alberta has decided that it will not permit the city council of Calgary to inaugurate the extensive franchise changes which it was intended to make this year. These called for the granting of the voting franchise to every person over the age of twenty-one, male or female, who could read the English language. As it is at present only women who are property owners or heads of families may vote in municipal elections.

The legislature decided to leave the matter in abeyance for another year, the members of the provincial executive apparently thinking that the matter was too important to be decided hastily.

An important charter amendment which the legislature permitted to go through was that abolishing the ward system in municipal elections. Calgary is divided into four wards, each of which is represented by three aldermen. Now the twelve aldermen will have to be elected "at large" as well as a commissioner and a mayor who are also elected "at large."

WHAT SAY THEY NOW?

(Grain Growers' Guide)

We are sorry to announce that Canada will very shortly be a state of the American Union. It will not be more than a year before the Union Jack comes down and the Stars and Stripes floats over our land. This greatly calamity will be brought about by action of congress and President Wilson in removing or lowering the duty on Canadian farm produce and manufactured goods. Let us enjoy the sight of the Union Jack during the few short months it is permitted to float above us; let us prepare ourselves to become citizens of the American Republic. It gives us pain to make this solemn and serious announcement, but we know it to be true, and we consider our duty to give you the Canadian people make ready. We say it not on our own authority, but on the authority of such reliable sources of national information as Zebulon A. Lash, Sir Edmund Walker, the Canadian Manufacturers' Association, the Times and News, the Winnipeg Telegram, Sir William Van Home, Hon. Clifford Sirton, Sir Thomas Shaughnessy, and scores of other "pocket-book patriots," who denounced the people two years ago.

HARRY LAUDER MAKES NEW RECORD SALARY

Glasgow Will Pay Him \$5,625 for One Week's Performance

London, Nov. 11—Harry Lauder has entered into an engagement with the management of the Glasgow Pavilion to make his first appearance after the end of the world tour, which he is now conducting.

He will draw the unprecedented salary of \$5,625 for one week's performance.

The Daily Express' commenting on the engagement sees the possibility of ever increasing salaries for popular entertainers, thus making the running of entertainments a commercial impossibility.

Sugar Drop Cakes

One cup sugar, one tablespoonful butter creamed together, one egg (two are better if you have plenty), 3-4 cup milk, little salt, teaspoon baking powder, lemon extract, and flour enough to make a stiff batter that will not run. Drop by spoonfuls on greased tin. Sprinkle with coconut, or put raisins on top of each. Bake in quick oven.

Quick Way to Make Ugly Hairs Vanish

(The Modern Beauty)

Here is a quick and very effective treatment for banishing objectionable hairs or fuzz: Mix a stiff paste with a little powdered delatone and water and apply to the hairy surface for about 2 or 3 minutes, then rub off and with it will come every trace of hair. Washing the skin to remove the remaining paste leaves it firm and free from blemish. Rarely is more than one application required, but results are more positive when the delatone is purchased in an original package.

GUARANTEED UNSHRINKABLE CEETEE PURE WOOL

Old Country Knitters

are acknowledged to be the best, all the world over. For this reason we employ them to make "CEETEE" Undershocking.

"CEETEE" Undershocking is knitted on special machines entirely different in every way from ordinary machines.

It is the only Undershocking made on this scale of machines in Canada.

All "CEETEE" Undershocking is made from the finest Australian Merino Wool only. This wool is put through a thorough treatment of scouring and sorting, that removes every particle of foreign matter and leaves every strand as soft and clean as humanly possible.

"CEETEE" Undershocking is so soft that it will not irritate even an infant's skin. All pieces are knitted together (not sewn) making each garment practically one piece. It has no rough seams. Every garment is finished automatically during the knitting in the best form, thus rendering it washable, easy to wear, and perfect fitting.

These are the reasons why "CEETEE" Undershocking is a class by itself, and is worn by the Best People. Sold by the Best Dealers.

How Brown Learned How.

There is a man who makes shoes for children—and sells them to stores all over Canada But he is only just learning how people buy.

It was this way: His wife—let us call her Mrs. Brown—phoned to him and asked him to buy some underwear for little Brown.

Picture Brown now among the throng of mothers at the "Children's Underwear" counter. He asks for Underwear for a child of six. He looks it over helplessly. What on earth does he know about Children's Underwear? For lack of anything better to say he asks: "Is this good quality?" The answer is short and quite conclusive: "It's Blank's"—naming a well-advertised line. That short word says everything. Brown pays his money and goes home, quite satisfied with his purchase.

Now what bothers Brown—a manufacturer of shoes, is this: How would it affect the purchase of a child's shoes if the salesman said "They're Brown's"?

Nobody knows Brown's shoes. Brown doesn't advertise.

The name Brown signifies nothing when used in connection with children's shoes. The salesman must use all his persuasive wiles to induce people to buy them.

The point is—If the name Brown was as synonymous with Children's Shoes as "Blank's" is with Underwear, wouldn't Brown sell more shoes with less effort?

F. W. DANIEL & CO., LTD. One of Bryan's Best Stories. In the year after coming to Nebraska, in 1888, I delivered fifty speeches against the republican candidates for governor, and in each one made it clear why he should not be elected.

On the following St. Patrick's Day I was to make a speech at the Hotel Thayer (whom I had tried to defeat) presided. It was a varied programme, consisting of songs and recitations and vaudeville numbers. It was the first time I had been in the presence of the governor and I wondered whether he felt any resentment toward me for all the work I had done against him.

He said any man who stepped toward me, smiled, and extended his hand, he would be arrested and taken to the jail. He said I was a scoundrel and a traitor, and he said he would not shake hands with me, and he said he would not speak to me, and he said he would not even look at me. He had never even heard of me—Collier's Weekly.

CHILD HAD BRONCHITIS. Once people get acquainted with the wonderful control which Dr. Chase's Syrup of Limes and Turpentine exerts over bronchitis, whooping cough, croup and colds it is not easy to persuade them that anything else is "just as good." This is why the imitators never get very far.

In 1902, Mrs. Eugene Her, King street, Truro, N. S., wrote as follows: "I was troubled with bronchitis, and the least cold would aggravate the trouble. We could not get anything to help him, and were often greatly alarmed. Hearing of Dr. Chase's Syrup of Limes and Turpentine as a treatment for bronchitis, we used it, and are glad to state that it effected a complete cure. If any of the children take a cold or cough I give this medicine, and have never known it to fail. I can truly say that it has since proven this medicine to be a cure for whooping cough, and would not be without it in the house."

STEAMER TURNS TURTLE IN THE LAKE STORM

(Continued from page 1) The gale of Sunday reduced the Port Huron life saving boat house to wreckage and with it went all of the lifeboats in service here. For this reason Captain Plough could not man a boat this morning to go to the assistance of the vessel.

"I have no doubt that every man aboard the vessel is drowned," said Captain Thomas Reid. "My men have reported that the steamer is a total wreck that she is turned turtle, and that her stern is completely submerged."

Searching parties from Sarnia are proceeding up the lake shore to a point near where the wreckage was sighted. The vessel lies in about sixty feet of water. On Lake Superior, Too

Calumet, Mich., Nov. 11.—In the face of a fifty mile gale, shifting from north to northwest, on Lake Superior last night, fear was expressed for the safety of the crew of twenty-three men aboard a steamer stranded, Gull Rock off Manitowish Island. The life saving crew after a three hours' battle with the heavy sea, a stiff wind on shore and a snow storm, failed to get to the steamer last night, principally because they are not all equipped with power boats. Another effort will be made today.

Sault Ste Marie, Mich., Nov. 11.—Down Salt Lake river to arrive heavily laden after the fierce storm which is sweeping over the lakes. The Superior City steamer left Sault Ste Marie last evening for the lakes. The Superior steamer sank off Gross Cape Point. Another big steamer still unidentified reported aground on Point Iroquois last night.

Alpena, Mich., Nov. 11.—The steamer Acacia, a 200-foot steel freighter, owned by the Merchants Mutual Line of Toronto, went hard aground on reef in Thunder Bay seven miles off this port on Sunday. Captain Robert McIntyre and his crew are believed to be safe aboard.

The wind last night had decreased considerably, and the sea was moderately calm. The tug Sarnia City returned this morning. The tug Sarnia City returned this morning. The tug Sarnia City returned this morning.

Port Huron, Mich., Nov. 11.—When the tug Sarnia City returned this morning, she brought no additional information as to the identity of the vessel. The name remains far from the water, and the waves are still rolling high.

Thirty or Forty Drowned. Captain Reid of the tug returned more firm than ever in his belief that more than thirty or forty members of the crew must have been drowned.

Another Disaster. Buffalo, N. Y., Nov. 11.—Lightship No. 82 carrying a crew of eight persons, and stationed in Lake Erie, off Point Abino, fifteen miles west of this city, is reported lost by incoming vessel, and is believed to have foundered during the recent storm.

CANADA CLASSIFIED WITH SPAIN IN MATTER OF PRISON REFORM

Kingston, Ont., Nov. 11.—Dr. W. Bruce Smith, inspector of prisons and charities for Ontario, gave interesting evidence before the commission appointed to investigate conditions at the Kingston penitentiary.

According to him, Canada today is classed with Spain in the matter of prison reform owing to the indifference displayed in the matter of classification of prisoners. All other countries recognize the necessity of keeping first offenders separate and distinct from the more hardened criminals.

Punishment is what has been aimed at instead of reformation. The mistake here, some one has for years been clogging the wheels of progress in prison reform at Ottawa. The parole system as carried out in Canada is farcical and should be remodelled to comply with the probation system which have in other countries proved so helpful in reformatory work.

WHAT DOES THIS MEAN?

As far as the season of 1913-14 is concerned, the Emperess are gone. The above amazing statement appears in today's Standard. On what authority is it made? Has the Standard known all along that the government would delay sending the Gutelius agreement to the railway commission, and that no action would be taken until it was too late to make any change this year?

BIRTHDAYS OF NOTABILITIES

TUESDAY, NOVEMBER 11. Adam Carr Hill, prominent citizen New Glasgow, N. S., and for a time identified with the public life of the province, is sixty-six years of age today. He was provincial treasurer in the Thompson administration and later leader of the Conservative opposition, while he represented Pictou at Ottawa for a term.

LIGHTER VERIN

The Right Rev. W. C. Pinkham, Anglican Bishop of Calgary, was born in St. John's Nfld., Nov. 11, 1844. He was ordained in 1869 and for several years was superintendent of education in Manitoba. In 1887 he was appointed Bishop of Saskatchewan and the following year became Bishop of Calgary.

PERNICIOUS PICTURES

The Times has no apology to offer to the St. John Standard or to the proprietor of any moving picture show for its protest against that class of pictures which anybody with a grain of common sense knows have a pernicious influence upon the boy mind. It has no apology to make to one censor or four censors who may have passed as eminently proper such pictures as those of the wild west type to which this paper referred last evening.

NICE INCREASE IN SALARIES GRANTED TO SCHOOL TEACHERS

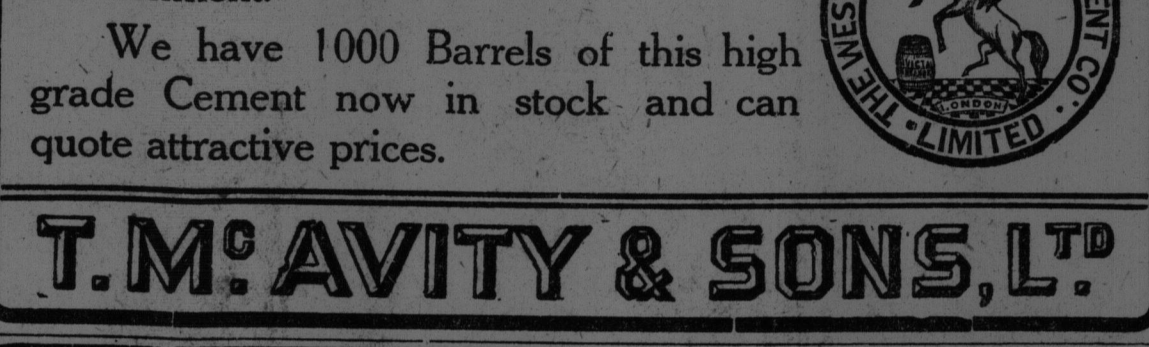

The school trustees have taken action in the matter of increasing the teachers' salaries. At a meeting of the teachers' committee of the school board last night a resolution was passed recommending that every school teacher in the city who has a grade receive an increase in salary of \$100, with the exception of W. J. S. Miles, principal of the St. John High school, who it is recommended, shall receive \$200 increase. Reserve teachers will get an increase of \$50.

NERVOUS ENERGY IS LIMITED

There is only so much energy in the human body. A few people have an abundance, but more have not enough. Hence the necessity of conserving vitality. I was weary of mode of living, disease or worry there must be a reckoning, and trouble is sure to come. It may be head-aches and weak, aching eyes; it may be nervous indigestion, or it may be merely lack of energy and ambition, and feelings of fatigue or helplessness. Of course, sooner or later exhaustion of the nerves leads to prostration, paralysis or locomotor ataxia, but there is no need to let the trouble develop that far.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if
Back Hurts or Bladder Bothers

If you must have meat every day,
eat it, but flush your kidneys with salts
occasionally, says a noted authority who
tells us that most forms of acid which
almost paralyzes the kidneys in their ef-
forts to expel it from the blood. They
become sluggish and weaken, then you
suffer with a dull misery in the kidney
region, sharp pains in the back or sick
headache, dizziness, your stomach sour,
tongue is coated and when the weather
is bad you have rheumatic twinges. The
urine gets cloudy, full of sediment,
channels often get sore and irritated,
obliging you to seek relief two or three
times during the night.

To neutralize these irritating acids,
to cleanse the kidneys and flush off the
body's urinous waste get four ounces of
Jad Salts from any pharmacy here; take
a tablespoonful in a glass of water be-
fore breakfast for a few days and your
kidneys will then act fine. This famous
salt is made from the acid of grapes,
and has been used for generations to
flush and stimulate sluggish kidneys, also
to neutralize the acids in urine, so it no
longer irritates, thus ending bladder
weakness.

Jad Salts is inexpensive; cannot in-
jure, and makes a delightful effervescent
lithia-water drink.

A QUEEN AND HER BOY

A charming photograph showing the domestic side of royalty. Queen Victoria-Eugenie of Spain holding in her arms her youngest infant, the little Prince Louis, born last June. At first glance this photograph seems to show just a good mother in the ordinary walk of life, but this queen, the grand-daughter of Queen Victoria of England, inheriting the love for the domestic life that her loved queen, who ever reigned, finds that all the pomp and the glory and all the power are mere empty shells in comparison to the glory of her motherhood and the love of her children.

BISLEY CHANGES ARE ANNOUNCED
London, Nov. 11.—Colonel Crose of the National Rifle Association announces that the next Bisley meeting has been fixed to open on July 13, and that the following new regulations as to sighting shots have been made:

WHAT A GOOD MARKET DOES
Frederick Mall.—The demand for potatoes in the American market is making lots of business for the stover stakers. A few days ago the Victoria farm produce ever handled by a river boat. This morning the Harpoonstead brought to the city from points in Queens and Sunbury counties two hundred bags of potatoes. They were consigned to A. J. Boyce and will be shipped to the American market. The Harpoonstead has handled upwards of a thousand bags of potatoes during the last few weeks.

QUEBEC GOVERNMENT AGAIN SHOWS SURPLUS

Legislature Opened Today—Liquor Problem to Receive Attention

Quebec, Nov. 11.—The provincial legislature was opened this afternoon by Sir Francois Langelier, the lieutenant governor. The session is expected to last until Christmas and matters dealing with the liquor trade are expected to occupy a large part of it. The report of the liquor commission which investigated the liquor traffic will also be presented.

CLEVELAND FACES SERIOUS SITUATION

Food Famine Threatens Because of Storm—No Milk For The Babies

Cleveland, Ohio, Nov. 11.—Cleveland today is still practically paralyzed by the worst storm in its history, and the forty-eight hours of snow, preceded by rain and sleet, traffic still crippled, business is at a standstill, and there is no hope of recovery for many hours.

NEARLY TWO MILLIONS RAISED IN FIRST DAY

Rockefeller Gives \$350,000 Towards Fund of \$4,000,000

New York, Nov. 11.—At a dinner last night, attended by members of a volunteer committee of one thousand men, the Rockefeller fund for the Young Men's and Young Women's Christian Associations of Greater New York, it was announced that pledges made in the first day of the fund raised nearly two millions.

The speaker of the evening was Rev. W. F. Gaetz, who gave a very interesting address on "Christian Citizenship." Rev. W. R. Robinson spoke briefly. After the serving of refreshments the meeting closed with the singing of "Best Be the Tie that Binds."

IMPERIAL OPENS THE WEEK WITH REFINED AND BRIGHT PROGRAMME

J.W. Myers Wins Great Applause and a Hearty Welcome— Pictures Attractive and New Specialty Taking Oae

The Imperial commenced another week yesterday with a programme refined and original. The fancy of the large audience seemed to be taken up chiefly by the singing of John W. Myers, "The man who made Edison records famous." Mr. Myers rendered the new British war song, "England, My England," with stirring effect as the motion picture machine rolled off an interesting review of the British navy, some pictures of their majesties and a parade of their fleet.

The awakening of a man. This was the story of a discouraged manufacturer whose factory had been destroyed by fire. At the point of distraction, visitors of his ancestors came before him and the strenuous deeds that build the family fortune were re-enacted during the evening. Thus emboldened by the deeds of his forebears, the young man went forth and surmounted his great difficulties.

COMMON COUNCIL

The Matter of a New Laundry—Statement of City Finances

At the meeting of the common council yesterday, the Granite Street Construction Co. were given a lease of a lot in Prince William street at an annual rental of \$80. On motion it was decided to call for tenders for the erection of an additional warehouse on the Pottershill wharf. It was decided to allow G. and F. McDermott, stewards, the use of another shed on the pier at the same rental as they now paid, until May 1 next.

The commissioner of finance and public affairs submitted a cash statement for the month of October, showing \$197,010.23 balance on hand September 30, with receipts during October of \$58,487.91 from assessments, bank interest and other sources of revenue, making a total of \$255,498.14. The expenditure for the past month was as follows:

Department of public affairs \$ 57,980.41 Dept. of water and sewerage 10,949.80 Dept. of public safety 30,028.18 Dept. of harbors and ferries 10,780.28 Dept. of public works 51,683.28 Total \$110,429.84 Balance on hand Oct. 31, \$185,068.30

Standing fund account, cash in Bank of Nova Scotia September 30 \$189,410.69 Deposited during October 8,372.61 Cash in Bank of Nova Scotia October 31 \$197,783.30 Atlantic Sugar Refinery account—Cash in Bank of Nova Scotia, September 30, \$80,142.14 Less current payment 10,000.00 Cash in Bank of Nova Scotia, October 31 \$147,142.14

In view of questions asked relative to the time of the next issue of debentures, the mayor said no bonds would be floated this year, and that whatever issue was made after the beginning of next year might be disposed of entirely in small sums. The mayor said it was likely that the 4-1/2 per cent debentures would be sold at 90 or thereabouts. Commissioner Agar suggested that if people were anxious to buy city bonds it might be a good plan to float some of the school board debentures which had not yet been placed on the market.

WHAT MR. BAXTER SAID

From the speech of J. B. M. Baxter, at the first public meeting in Keith's theatre, on Oct. 6: "We are all united on the question of the Empress sailings and we may already assume that the question will settle itself. It must or (and here the speaker advanced to the footlights with an impressive gesture) there will be a mighty big split in the Conservative party in the maritime provinces." (Cheers)

ago signed by nearly all the owners of property in the vicinity, and protesting against the erection of the laundry in that neighborhood, as a nuisance. Commissioner McCallan said the matter had received the attention of the council, and that he had strongly opposed the granting of the building permit to Mr. Armstrong. The building inspector had been notified and requested not to issue a permit for the construction of the laundry, but through some mistake the permit had been issued and the building had been started within the last few days.

Calgary's Municipal Milk Dispensary a Boom to Mother and Babe

Calgary, Alta., Nov. 11.—Calgary's municipal milk dispensary, which is just closing after its most successful first season's work, has fully justified the expectation of the medical health department which inaugurated it early in the year. During the warm weather a large quantity of specially tested milk was sold or given gratis to mothers for their infants. A special nurse was in charge of the depot and she kept a record of the progress of all infants whose parents secured milk there.

Magical Effect of New Face Peeler

(Woman's National Journal.) To maintain a clear, rosy, youthful complexion, there's nothing so simple to use and yet so effective as ordinary mercantile wax, which you can get at any drugstore. Just apply the wax at night as you would cold cream; in the morning wash it off with warm water. If you've never tried it you can't imagine the magical effect of this harmless home treatment. The wax causes the worn-out skin to come off in minute particles, a little at a time, and soon you have entirely shed the offensive cuticle. The fresh young under-skin now in evidence is so healthy and girlish looking, so free from any appearance of artificiality, you wish you had heard of this marvelous complexion-renewing secret long ago.

Peeps What are they?

Peeps is the name bestowed upon a new scientific preparation put into tablet or pill form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles. Did it never occur to you as peculiar that when you have a cough or a cold, or any chest trouble, you should apply medicine—not to your stomach, but to your stomach?

Look at it the other way round. Suppose you suffered from some stomach complaint—indigestion or ulceration. How strange you would think it if you were asked to take a medicine which had to be breathed in, and which went—not to your stomach, but to your lungs and breathing passages?

FREE TRIAL

Out out this article, write across it the name of this paper, and send it to Peeps, 1000 St. John Street, Toronto, or 52 Princess Street, Winnipeg, enclosing 1 cent and a free trial packet of Peeps will be mailed you by return of post.

HALIFAX CHEERFUL OVER BUILDING OPERATIONS

October Shows Gain Over Same Month in 1912—Some of the Work

(Halifax Echo) Building operations began last month in Halifax were away ahead of those of October, 1912, and the year 1913 so far leads the same two months of 1912 in total value of construction work for which permits were issued by over \$200,000. Permits are not required to issue for department operations do not figure in the totals given. The value of construction work for which permits were issued last month was \$168,200, as against \$88,745 during October last year, and the total for 1913 up to the end of October was \$766,350, against \$600,000 for the same ten months last year.

WHITE SISTER SHOWS STOCK COMPANY WELL

Audience in Opera House Applauds Performers For Clever Work in Difficult Roles

The White Sister, a dramatization of E. Marion Crawford's well known novel, was presented last evening at the Opera House by the Thompson-Woods Company before a large audience. The play, dealing as it does with a religious subject and showing the conflict between the discipline of the church and the inclinations of individuals, is one which requires delicate handling. The treatment of the subject was such as to satisfy the most critical and, while it was noticed that the applause for different portions of the lines came from different parts of the house at times, the climaxes were given with equal favor by the whole audience.

Jack Nuttall's Return

Jack Nuttall, son of John Nuttall of Charles street, came home to visit his folks after a five years' absence one day last week and is now happily engaged in the drumming department of the Imperial Theatre orchestra. Before leaving St. John, however, he did some drumming, and the wanderlust coming upon him he joined a big road show. Under Jack's trap and drum work underwent a thorough polishing process. The Imperial manager invited him to "sit in" one forenoon at rehearsal, and that settled it. It is pleasant for Mr. Nuttall's family to have him home again and his friends are glad to go.

Satisfactory Settlement of 'Longshore Wages Matter Here Has Been Reached

The citizens of St. John will be very greatly gratified to learn that a satisfactory settlement of the dispute between the Longshoremen's Association and the stevedores concerning wages has been arrived at, as a result of the reference to a board of conciliation.

The board has completed its work and sent in its report. While the terms of the settlement cannot at present be given out, it is understood they are satisfactory to both parties.

In the arbitration proceedings, John E. Moore represented the Shipping Federation, J. E. Tighe the longshoremen and Walter E. Foster was chairman.

RECEIVE WORD THAT ALL HAVE PASSED

Result of Law Examinations Held Recently

The results of the examinations held in Fredericton a few weeks ago for admission as students-at-law were announced at a meeting of the Bar Association executive there last evening, and received in the city today. Five students tried the examinations, Gregory Peasey and G. M. McKee of Fredericton, E. W. MacIver of Petford, and C. M. Wilkinson and J. B. Dever of St. John, and word was received from Fredericton today that they had passed successfully. There were ten papers in all and they were begun on October 21 in the parliament buildings at the capital, continuing for a week. E. A. MacKay, deputy clerk of common pleas, presided at the sessions.

The King's College Law School will be opened this evening at 8 o'clock, Dr. Silas Alward, K. C., dean of the school, will deliver an address on "The Evolution of Chancery" at eight o'clock. There are quite a number of new students this year. The regular lectures will be begun tomorrow.

THIS IS TORY TAG DAY

Drumming up a Crowd For Banquet Tomorrow Night—Scouts Abroad on Every Hand

This has been a busy day for quite a group of leaders, professed leaders, alleged leaders, and prospective leaders in the Conservative camp. Each of them had a pocketful of tickets for the Hazen-Rogers banquet, and these must be disposed of whether the Emperesses went to Halifax or not.

It was regular tory tag-day, "Let no guilty man escape," was the motto.

"Hey, there! Buy one of these tickets," said one of the eager henchmen to another tory who passed in Prince William street this morning.

"No, but I'll sell you one," said the other pulling a bunch from his own pocket.

At one time street traffic was said to be almost blocked, when six or eight of the faithful gathered in a group in front of the Standard office to compare notes, and extract from each other, if possible, some little crumb of encouragement. This is said to have been given by one who suggested that as a last resort tickets could be distributed free, as it would be much better to spend a few hundreds of dollars in that way and get a crowd than to have the Grits going about chuckling over the woes of the tory party.

"Take it from me," one influential member of the machine is said to have declared. "There will be a crowd tomorrow night, and as much enthusiasm as the law allows, if it should cost five hundred bucks. We've just got to put up a huller or Hazen is a dead one."

CHARGE McANDREWS WITH SMASHING HYDRANT

Harry McAndrews, aged twenty-four years, was arraigned before Judge Ritchie this morning in the police court on the charge of wilfully damaging city property, smashing a fire hydrant in Dock street last night. He said this morning that he had been on his way home with a stranger and when he was passing into Market Square at the corner of Dock he picked up a sledge which was lying nearby but it slipped and came down heavily upon the hydrant.

His Honor called this a "cock and bull story" after hearing the evidence of Night Detective Lucas, who said he had seen McAndrews deliberately take the sledge from inside the fence where the work on the new bank building was in progress, and swinging it in the air, bringing it down forcibly upon the hydrant. He broke off a part of the top, McAndrews was remanded.

CARS RUNNING TO KANE'S CORNER

Service on Extension of Line Was Begun Today

ROUND TRIP TEN MINUTES

First Trip at Ten Minutes To Seven; Last One at Ten O'Clock—The Plans For the Loop

The street car line from Haymarket Square to Kane's corner at the junction of the Loch Lomond road, Red Head road, Thorne avenue and Russell street, is in operation today. This is an important step in the extension of the St. John Railway Company's lines in the eastern district and will be greatly appreciated by those residing or doing business in that section.

The line commences at the foot of Brussels and Waterloo streets, connecting there with the white car loop and runs along the southern side of Haymarket Square and out Thorne Avenue to Kane's corner.

At present the service is being operated with one car which makes the round trip over the line in ten minutes, thus connecting with every white car on the main line.

The first car leaves the square at ten minutes to seven in the morning and the last car at ten o'clock at night.

This service is a temporary arrangement and will continue only until the rest of the new loop around Russell street and in Rothesay avenue is completed.

On the uncompleted section workmen strung the wires, this work having been delayed until the first of the month, is declared, owing to lack of instructions regarding the location of the poles. Another cause of delay was the breaking of a macadam machine bending the rails for the curve at the corner. Another machine is being secured from Toronto and it is expected here in a day or two. When it arrives the rail laying will be continued and the track should be completed by the time the poles and wires are in place.

When the line is completed the cars will be operated around the loop making a circular trip. Until the new line is ready for operation and tests of the line are made the cars will be operated on the branch from the square to Kane's corner. There can be no announcement regarding the actual details of the service but it is expected that the car on the branch will be run so as to connect with every second white car on the main line and the hours of operation will be the same as at present on the Kane's corner extension.

PROBING MYSTERY OF COWARDLY ATTACK ON ITALIAN TONY ROSE

Hospital Doctors Now Say He Has Chance to Recover

Tony Rose, an Italian who was the victim of a cowardly attack in North street last night when he was struck with a stone by some unknown person is still in a precarious condition in the hospital although there is now some hope that he will recover.

The mystery surrounding the whole affair is still unexplained as Rose in his conscious moments will only say that he had been with five others of his fellow countrymen during the evening but professes to be unable to tell who threw the stone at him. He seems to be anxious to tell all he knows of the wound on his face it is said that the stone must have been thrown from some person almost directly in front of him or he may have been beaten with it.

The injured man was first seen by J. Kane, who is the landlord of the Murphy house in George street. Mr. Kane told Mr. Murphy and they carried the unfortunate man into the house and notified Policeman Gibbs. The ambulance was sent for and the man was taken to the hospital.

Rose, who was employed with George Moses, an excavator, had been boarding with Thomas Murphy for more than a year. He seemed fairly quiet and did not often drink to excess. Until a few weeks ago another Italian had also been boarding but he moved to Fairville. The two had always seemed to be on good terms.

Policeman Gibbs said that the man had signs of liquor upon him last night. If there were five men on the corner when the affair took place, they must have speedily disappeared for people say there was no one in the vicinity who might have been guilty of the miserable work. The stone with which poor Rose was struck weighs about a pound and a half and as a rough edge. It was now in the possession of the police.

Rose was struck a heavy blow in the face. It is believed that had it been two inches either way it would have killed him.

TAKEN BACK

Aubrey Fraser, charged with the theft of an overcoat in Newcastle and arrested here on Saturday, had been released by Colonel Milby of that place, was today taken back to stand trial. Deputy Sheriff Irving arrived in the city this morning and left at noon with him.

A Plain Talk About Men and the Clothing They Buy

The hope of all that is worth while in the world of business and merchandise is the man whose buying motto is—I want a good article, I will pay a fair and just price for it—but let there be no mistake—I want a good article.

It is only because there are still so many men of this kind around that good things continue to be made.

If you are a man who believes in wearing a good suit of clothes and paying a just and fair price for it—a suit in which you will be glad to look at yourself in a mirror, and in which you can look the world in the face, a suit that was made to be a good suit in the belief that there are more men who want good suits than bad—the Oak Hall Clothing Store is ready to serve you today with a Winter stock in which there is neither snare nor flaw from the first stitch to the last. And being manufacturers we save you the middleman's profit by selling to you direct.

- Men's Suits \$ 6.00 to \$35.00
- Men's Overcoats 10.00 to 40.00
