## INDIAN HUNTER WAS EATEN BY WOLVES

Implement Concern Reorganizes  
With \$7,000,000 Capital

Pasture Institute for London—Driving  
Accidents in Upper Canada—Ex-  
plosion in a Beer Tank.

FORT FRANCES, Ont., Feb. 10.—An Indian hunter who disappeared some days ago was evidently devoured by wolves. A skeleton has been found on the ice of the Lake of the Woods where he had been overtaken by the pack. His family is still on the reserve near here.

LONDON, Ont., Feb. 10.—In view of the fact that many persons having been bitten by mad dogs in this district recently, a move is under way to equip the recently built hygienic institutes here for treating hydrophobia so that it would be unnecessary for patients to be put in the great expense and trouble of going to the Pasture Institute in New York.

WOODSTOCK, Ont., Feb. 10.—Albert Arthur, 12 years of age, fell beneath the runners of a sleigh loaded with two tons of wheat while going home from school yesterday afternoon and one leg was cut off at the knee.

QUEBEC, Feb. 10.—While driving across Peter street at the bottom of Mountain Hill yesterday afternoon, One Beauchamp, son of G. Beauchamp, fruit merchant, was knocked off his sleigh by a street car and dragged a distance of about a hundred feet and seriously injured.

FORT WILLIAM, Ont., Feb. 10.—While two men, Joseph Eddy and Fred Windham, were engaged in varnishing the interior of a beer tank at Kaskasa brewery yesterday an explosion occurred in which both men were badly injured. Windham so badly that he cannot recover. The cause of the explosion is not known yet, but it is supposed the men, contrary to the regulations, had introduced a quantity of alcohol in the varnish.

HAMILTON, Ont., Feb. 10.—An announcement is made of the re-organization of Sawyer and Massey, Ltd., farm implement manufacturers. The concern will be capitalized at seven millions. R. Harmer will be president and J. H. Massey, Toronto, will be vice president. The entire interest in the company is held by Mr. Harmer and Mr. Massey.

WINDSOR, Ont., Feb. 10.—A scheme whereby the time-tables for lectures should be so changed as to allow all students to take part in athletics was considered at the meeting of the corporation of McGill University yesterday. It is proposed that the hours after three o'clock for three days a week should be free during the early part of the session. The proposal has been sent down for the consideration of the various faculties and a special meeting of the corporation will deal with the matter later.

Should the plan be adopted it is probable that some of the lectures, particularly in the engineering departments, will be held at night. Until a year or two ago there was in one or two directions a tendency to crowd upon athletic sports of all kinds and the student who missed one or two lectures to enable him to go to football practice found it difficult to get a little consideration. With changes in faculty staff, however, there has come a change which will not interfere with lectures or in any way lower the standards of study while giving time for some physical development as well as the mental.

**K. OF P. ANNIVERSARY  
TO BE OBSERVED FEB. 21**

Preparations are advancing for the Knights of Pythias anniversary, which will be observed on Monday evening, February 21. New Brunswick Lodge No. 1, Union No. 3, and St. John No. 9, will unite in the celebration, which will take place in the new hall of the latter in Temple Building, Main St. The celebration will take the form of a smoker. An excellent musical and literary programme has been arranged and refreshments will be served. Frank A. Kinnear is chairman and J. C. Mitchell is secretary of the joint committee, which has the management of the affair in hand.

The Knights of Pythias were organized in February, 1870, in Washington, New Brunswick Lodge, which was formed in 1870, was the first K. of P. lodge organized in Canada. St. John Lodge was formed in 1874. A feature of the anniversary exercises will be a sketch of the lodge's history.

The St. Andrews match with the Fredericton curlers in McCaffrey cup series, scheduled for today, has been postponed indefinitely. The ice is in a very poor condition at the rink. The Fredericton men have arranged to play the Thistles in the same series tomorrow, but unless cold weather arrives this match will also be postponed.

## NEGRESS DEAD AT AGE OF 116 YEARS

Fire Does \$400,000 Damage  
In Lancaster

Meat is Necessary to Sustain Health Says  
Dr. Wiley—Fire in St. Louis—The  
Seine Still Rising.

DURHAM, N. C., Feb. 10.—Mary Caine, a negress, died today at the age of 116. She had such a clear mind until last year that minute details of the war of 1812 and the part the Orange County soldiers played in it were fresh to her. The old woman lived on a farm miles from Durham.

ST. LOUIS, Feb. 10.—Fire following an explosion destroyed the four story building occupied by the G. W. Miller Wall Paper Company at 1 o'clock this morning. The loss is estimated at \$400,000.

PARIS, Feb. 10.—The river Seine had risen 7 1/2 inches in the 24 hours ending at noon today. A further rise of ten inches by tomorrow noon is predicted. At a cabinet meeting today Premier Briand expressed the opinion that all necessary measures of precaution had been taken and that there was no cause for uneasiness.

BOSTON, Feb. 10.—Meat eating is necessary to the production of health, according to Dr. Harvey Wiley, agricultural chemist of the Department of Agriculture, who talked last night before the Massachusetts Institute of Technology Society of Arts. He asserted that he would eat meat as long as he had the price and that it was criminal neglect to deprive the child of his meat.

LANCASTER, Pa., Feb. 10.—A fire which threatened the business center of Lancaster today caused damage estimated at \$400,000. It started with an explosion of gunpowder in the hardware store of Kelly Bros. and Raab, and this establishment was destroyed as well as a number of other stores.

## EXTENSION OF RAILWAYS BIG ISSUE IN ALBERTA

Great Development and Rapid Progress of  
the Province Commanded on in  
Speech From the Throne.

EDMONTON, Alb., Feb. 10.—The legislature of Alberta was opened yesterday and the Lieut. Governor delivered the speech from the throne. His address was as follows:—  
"Mr. speaker and gentlemen of the legislature assembled—It is with great pleasure that I welcome you to the first session of the second legislative assembly of the Province of Alberta. The year has been marked by a bountiful harvest and the increasing prosperity of the province. The increase in the number of settlers to Alberta has been large and measures are being taken looking to making it still larger. This state of affairs carries with it its own responsibilities. A very large part of the time of my ministers has been taken up by the work of carrying into effect the policy of railway expansion which was authorized by the last assembly. Much work has been done and preparations have been made for a vigorous campaign for the extension of railway facilities as soon as the weather allows operations to be resumed. The work of providing the province with the necessary buildings to accommodate its various and ever increasing activities has been given the highest priority and will be pushed forward still more rapidly this year."

As the chancellor proceeded to defend the present electoral systems he was frequently interrupted by the Socialists. The latter announced today that 33 meetings of protest would be held in Alberta in connection with the election. The police are taking measures to preserve order during these meetings.

## EQUITY COURT

The case of George F. Brennan vs. Charles Henry Brennan was before the Equity Court this morning. His Honor Chief Justice Barker presided. The parties to the suit were partners in a hotel business in Carlton. They managed the Alexander, or better known as the Martello Hotel, which has been leased by the Dominion government as a post hospital. This is an action to straighten out the partnership affairs and the amount of capital each put into the enterprise is in dispute.

After hearing the bill and answer read his honor made an order for references. Mr. Daniel Mullin, K. C. appeared for the plaintiff and Mr. E. A. Power, K. C., and Mr. A. H. Hainington, K. C., for the defendant.

PERSONAL  
Mr. and Mrs. Wm. Vasse returned to the city today after a wedding tour through the Eastern States.  
Dr. P. R. Inches came in on the Boston express today.  
R. S. Ewing reached the city at noon on the Boston express.  
James McDougall, of the staff of the Robert Reford Co., Ltd., returned today after a visit to Montreal.  
Capt. M. N. Gillies returned from Montreal today.  
G. McA. Bissard returned from Fredericton at noon today.  
Rev. W. W. Brower, of Marysville, arrived in the city at noon today.

## LARGER ATTENDANCE AT TODAY'S MEETINGS

Dr. Sykes and Dr. Gray Were  
the Speakers

Eloquent Addresses Heard, and Inspiring  
Music—Enthusiasm at Last  
Night's Services.

The mid-day meetings at both the Unique and Nickel were well crowded today. The attendance, especially at the Nickel, was much larger than yesterday and it was noticeable at the Unique that more of the men stayed for the service than yesterday. The speakers were eloquent and forceful and the solos were very feebly rendered.

The service at the Nickel was conducted by Rev. Dr. Sykes, who has charge of the Centenary group. Evangelist Lamb was the soloist. The speaker took his text from the eleventh chapter of John, 28: "The Master is here; He is calling for you." The speaker gave the history of the text recounting the incident of Martha meeting Christ in the temple and of her taking Him to her home, pointing out the ultimate happiness to the home in consequence of her so doing. He urged his hearers to take Christ home with them as their personal Saviour. It could only result in good to them. He went on to show that Christ tried to correct the opinion of the people of the day, showing them that the resurrection was not something far off but present, saying: "I am the resurrection and the life."

The service at the Unique was led by Rev. Dr. Gray. He took as his text: "Who is on the Lord's side?" He warned the people against joining with the crowd. The voice of the people is not always the voice of God. He cited instances from the Bible where the majority were in the right and made a strong appeal to men to show their faith in the Lord and not be on one side or the other. He said that during the civil war some of the negroes, not knowing what to do, would and were sometimes blue and sometimes grey. If anything is to be accomplished in this campaign the followers of Christ must take a decided stand.

Mr. Naftager of the Centenary group rendered very feebly: "He Lifted Me." The soloist, who was associated with D. L. Moody, sang: "The Ninety and Nine."

Continued on Page 13

## POLICE TO KEEP ORDER IN THE GERMAN HOUSE

Debate on Prussian Election Reform Bill  
Leads to Lively Exchanges—The  
Chancellor Assailed.

BERLIN, Feb. 10.—The debate on the Prussian election bill was begun in the Diet today. When Chancellor Bethmann von Hollweg arose to make his opening speech on the new measure he was received by the Socialist deputies with cries of "Shame."

The chancellor denied the charge that the bill had been brought in only to fulfil the promise in the speech from the throne in 1908 and said that that promise expressed the earnest purpose of the King of Prussia.

## REACTIONARY PARTY RATHER SURPRISED

At King Alfonso's Choice of Premier—  
Evidence of Desire to Govern  
Constitutionally.

MADRID, Feb. 10.—The assumption of the premiership by Jose Canalejas Y Mendiz, the Radical and Anti-Clerical, has caused great surprise among the reactionaries who had assumed that when Moret fell, King Alfonso would institute a more moderate rather than a more radical regime.

The impression prevails that the King has outwitted the intriguers by boldly concurring the government to Canalejas for the purpose of giving to the country a clear proof of his sincerity in the role of a constitutional sovereign.

## LABORER SHOT BY A SON OF HIS EMPLOYER

Auto Mishap in France in  
Which One Man Was Killed

Dock Official, Convicted of Complicity in  
the Sugar Frauds, Sentenced  
to Two Years.

NEW YORK, Feb. 10.—Oriver Spitzer, former dock superintendent of the American Sugar Refining Company's plant at Williamsburg, was today sentenced to two years in the federal penitentiary at Atlanta, Ga., for his part in the recent extensive sugar underweighing frauds.

Spitzer's application for admission to bail pending appeal was denied and arrangements were made to take him later today to Atlanta to begin serving his term.

Spitzer was convicted in the federal courts with four former checkers of the Sugar Company for conspiracy to defraud the government by underweighing sugar imports. The four checkers were sentenced shortly after conviction to one year each in the Blackwell's Island penitentiary here. Sentence upon Spitzer was deferred on account of his physical condition.

NYACK, N. Y., Feb. 10.—A laborer known only as Fritz, employed by ex-Mayor Hoos of Jersey City, was accidentally shot and killed by Mr. Hoos' son, Herbert, at the ex-mayor's summer home in Spring Valley today. Herbert Hoos was shooting at rats in the barn and one of the bullets from his weapon went wild and passing through a partition struck Fritz in the breast, causing his death. No arrests have been made.

BORDEAUX, France, Feb. 10.—While DeMunn, a well known German sportsman, was driving his 120 horse-power racing machine today the steering gear failed him and the car turned a somersault into a ditch. DeMunn was not seriously injured, but a companion, M. Johnson of Copenhagen, was pinned beneath the car and was burned to death.

## CROWDING INTO THE BOARD OF TRADE

New Members are Coming Unsolicited—A  
Marked Change—Larger Staff  
Required.

No better evidence of the increased interest in the future of the city can be seen than is shown in the change of the attitude of the citizens towards the Board of Trade. Last year when a campaign for new members was conducted the members of the committee declared that it was like pulling one's teeth to get a man to sign an application.

During the past few weeks there has been a marked difference in the attitude of those approached. The secretary alone, without going out of his way to do it, has enrolled fifteen new members in the last three weeks and without any solicitation whatever asked to have their names enrolled. This sort of thing is encouraging to those who have faith in the city and are trying to convert others to the same faith.

## DURANT MATTER BEFORE COUNCIL, THIS AFTERNOON

The Common Council is meeting this afternoon in special session to discuss the agreement with F. C. Durant regarding the proposed sugar refinery. Since it was last before the council some changes have been made in the agreement and it will be necessary to decide about these changes before the proposition advances further. It is possible that the changes will arouse considerable discussion.

The lease of the Greenhead lots to the David Craig Co. will probably be taken up also at this afternoon's meeting.

William Garnett, of this city, has gone to Saskatoon, where he will take charge of a large factory.

## BRITISH COLUMBIA TO PROTECT ITS GAME

Heavy License Fees Imposed  
on Non-Residents

Manitoba Anticipates a Lively Session—  
Printers' Strike in Peterboro Ended  
—A Blow at Promoters.

WINNIPEG, Man., Feb. 10.—The legislature will be opened this afternoon by Lieut. Governor McMillan. Hon. Mr. Roblin will be unable to be present having left for the South for the benefit of his health yesterday afternoon. Hon. Mr. Rogers will lead the house in the premier's absence. The address in reply will be moved by T. W. Taylor, of Centre Winnipeg. The session is expected to be one of the most contentious in the history of the province.

VICTORIA, B. C., Feb. 10.—Premier McBride announced in the legislature yesterday that after this session, the government would refuse renewal of any railway charters except for special cause. This decision is the outcome of many complaints received of public interests in various parts of the country being adversely affected by non-completion of projected railways.

PETERBORO, Ont., Feb. 10.—The printers' strike is over, the \$2 a week increase having been granted. The printers to take full effect within two years. The first part of the raise, of \$1.50, being granted this year.

The Morning Times has suspended publication pending re-organization but the other papers are again issuing as usual.

VICTORIA, B. C., Feb. 10.—Provision is made in the game act amendment for protecting provincial game from anticipated invasion by United States sportsmen, during the continuance, especially of the close season in Washington. A general license fee of \$10 to be paid by any one appearing or angling in British Columbia who has not been domiciled within the province at least six months. A special bird shooting license will cost \$25 while a license to angle will be \$5 and will hold good for one year from date issued.

## MR. POTTINGER IS TO FILL A NEW POSITION

Made Assistant Chairman of the Board  
of Management of Government  
Railways.

OTTAWA, Feb. 8.—Hon. Geo. P. Graham has appointed Mr. David Pottinger to the position of assistant chairman of the board of management of government railways.

The position is a new one and will enable Mr. Pottinger to preside at board meetings in Montreal or elsewhere when the chairman, Mr. Campbell, cannot attend.

## MEMBERS OF THE CABINET HELD A SESSION TODAY

Unusual Interest Displayed in the Meeting  
—No Announcement Made.

LONDON, Feb. 10.—The unusual interest attached to today's meeting of the cabinet, was evidenced by the crowd which thronged Downing street to watch the arrival of the ministers at the residence of Premier Asquith. It was necessary to summon a special squad of police to clear the approach to the house, but there was nothing in the nature of a demonstration indicated either of support or opposition to the government.

The ministers attended in force including Herbert John Gladstone, who today took leave of his colleague and preparatory to assuming his new post as Governor General of United States Africa. Today's meeting was not prolonged greatly beyond the ordinary duration, the ministers departing after a two hours conference. The cabinet will meet again tomorrow to complete the re-distribution of the portfolios and to perfect the government program following which it is expected Premier Asquith will submit his proposals to the King at Brighton.

## SIX WERE KILLED

RAY CITY, Mich., Feb. 10.—Six men were killed today by the explosion of a boiler in a saw-mill at Crump.

Friends of Mr. and Mrs. Colborne Lake will regret to hear of the death of their little son, Arthur, of heart failure. The funeral will be held on Friday from 5 o'clock to 7 p. m.

The Atlantic express arriving in two sections today, the second, which was forty-five minutes late, bringing passengers for the Empress of Britain.

MIGHT HELP THE CHURCHES.

The present simultaneous campaign calculated to benefit the people here is one particular in which the Protestant churches of this city can receive just as much benefit as individual members of the congregations. In the past, churches have been regarded with far too much awe. They have been held so sacred that the custom has been to admit worshippers only when this cannot be avoided. They are opened on Sundays, and once in a very long time for other services, but as a rule every meeting that can possibly be held in some of the smaller rooms is kept away from the church. This is no doubt very often a matter of convenience, but it is a matter of inconvenience that the general attitude of the Protestant churches today is to discourage members of the congregations from making use of the churches when they feel like it and from regarding the buildings in the nature of religious homes. In some cities, Protestant churches are open all the time to members of the congregation or to strangers. Very frequently it is found the rule elsewhere that all funerals may, unless otherwise arranged, take place from the church, which is of course the proper plan. Here in St. John, if a person dies permission to have the funeral service in the church is often grudgingly given, and instances have arisen wherein members of the finance and trustee boards have complained of the church through the services, as if deceased persons who have spent their lives in the congregation had not a perfect right to every privilege the church can bestow. It is contended that the majority of people dislike the publicity which would attend a marriage or funeral service in the church, but if these were performed in the sacred edifices as a matter of course, there would be no more publicity nor display nor curiosity on the part of the public than there is now when services are held in the home. Protestant churches in St. John today are far too exclusive. They are hedged about with so many regulations and restrictions that the members of the congregations are as a rule compelled to find religion elsewhere. If the campaign can overcome this condition it will have accomplished something worth while.

MR. FAIRBANKS AND THE POPE. United States papers are endeavoring with only moderate success, to make a sensation of the Fairbanks incident in Rome. It appears that Senator Fairbanks asked to be received by the Pope. He no doubt fully understood the conditions upon which audiences of this nature are granted, yet in defiance of the customary arrangements he subsequently entered into an engagement which made his reception by the Pontiff an impossibility under the Vatican regulations. That's why, and that's why, the intimation was given that if he carried out his intentions the papal audience would not be granted. Whereupon Senator Fairbanks in a spectacular endeavor to impress upon the world the absolute freedom of a United States citizen and his entire independence of and disregard for the Catholic church as well as for its ruler, decided to speak before the Methodist Assembly, which he had promised to do after having secured permission to call upon the Pope. Apparently Mr. Fairbanks entertained the belief that Pope Pius would come running to him with an impassioned appeal not to persist in this determination and to make the dust of Rome from his heels without first honoring the Vatican by his presence. And the fact that this course has not been adopted by the church is a grievous disappointment to Mr. Fairbanks and to those who looked forward to bringing the Pope to his knees. Now the question arises, what will Roosevelt do? The ex-president, whose love for the spectacular is exceeded only by his desire for personal glorification, will seek an audience at the Vatican, and will turn a deaf ear to those less eminent personages who may call upon him for a share of his attention. One thing, which Mr. Roosevelt already knows and which Mr. Fairbanks has found out, is that the Catholic Church is not running after chance visitors no matter how eminent they may believe themselves to be. Whatever differences of opinion may exist as to the attitude of the Catholic Church toward other denominations, it is recognized that the Vatican does not have to support itself by the patronage of United States senators or others.

A NEW COMPETITOR. Is modern science to solve the household problem? At yesterday's meeting of the board of Associated Charities it developed during comment on the monthly report, that there is an oversupply of domestic labor, of those women who depend for a livelihood on the work by the day and of the class more rightly belong to the class

known as maids. In explanation of this it was stated that while the number of persons seeking work of this kind is not larger than usual, there has been a marked decrease in those requiring such help. It is added that this state of affairs has been brought about largely by the introduction of the vacuum cleaner, for although there are now only some seventy or eighty of these appliances in the city they are owned by families who ordinarily employed women by the day to assist with the general work of keeping the house clean. Other modern devices in the way of electrical appliances for various branches of household work are also said to be in some degree responsible for the lessened demand for labor, and it is felt that as these come into more general use, a very serious problem will confront the large number of women now seeking work.

While Kehr Hardie was riding himself a highly inflammatory address at the annual assembly of the labor party in England, demanding the complete abolition of the House of Lords and insisting on socialist control, the Imperial Council of India was passing a bill to curb the revolutionary press supported by Hardie, and was listening to an announcement that the government had decided to pardon those misguided natives who had mistakenly followed the labor leader's advice. It would be an excellent thing for the Empire if Mr. Hardie were to quietly and unobtrusively pass away from heart failure, or some of the other ills to which flesh is heir.

Is Sunday labor a sin? Read the letter from "Longshoreman" in today's Star, and learn the men's side of the case.

"Have you heard that poor Firmin is dead?" "No. He wasn't ill long, surely." "Ah, you see, medicine has made great progress lately."

Farmer's Wife—I hear your son is making money out of his voice at the opera.

That's right, mum.

Farmer's Wife—Where did he learn singing?

By the 'ole, 'e don't sing, mum. 'E calls the carriages.

"How pleasant it must be to sit before a blazing fire while the wind vainly rages outside."

"Yes," answered Farmer Cornsmeal. "It would be right pleasant."

"Why, you ought to know. You live in the country."

"Yes, but I ain't the feller that sits by the fire. I'm the feller that fetches in the wood."

Patroness—You never sing "Home, Sweet Home" now.

Musicalian—No; my doctor said I must have a change of air.

Salesman—Shirt, sir. Will you have a negligee or a stiff bosom?

Customer—Negligee, I guess. The doctor said I must avoid starched things.

A change of tempo has been made in the church choir. Eight-year-old Jessie, returning from the morning service, was anxious to tell the news.

"Oh, mother," she exclaimed, "we have a new terror in the choir!"

Mrs. Youngbride—Mrs. Smith says there is lots of cream on her milk bottles every morning. Why is there never any on yours?

The milkman—I'm too honest, lady. Star, that's why. I fill my bottles so full that there ain't never no room for cream.

English Girl—You American girls have not such healthy complexions as we have. I cannot understand why our noblemen take a fancy to your white faces.

American Girl—It ain't our white faces that attract them, my dear; it's our greenbacks.

Tommy—You treat your doll just as if you was her real mammy, don't you?

Kitty (seriously offended)—Indeed I don't! I never spank her a bit!

The motor-car tourist who had just paid a fine for speeding, stopped at the village blacksmith's to have a spring repaired.

"Can't fix it right away," explained the old smith; "there's a job ahead of you."

"Another machine" asked one of the tourists.

"No, it's the constable's stop watch I've got to tinker with. Hee used it so much today that the blame thing's out of order."

INVEST ONE CENT IN A POST CARD For a Sample of Glin Pills If you have Kidney Trouble—if your Bladder is inflamed and you have to urinate every few minutes—if your back aches—if your hands and feet are sore and swollen—if you are all crippled up with rheumatism—won't you give Glin Pills a chance to show how they can help you? Don't buy them—simply write us for a free sample of Glin Pills—just as Mr. Hamlyn did.

The Evening Chit-Chat

By RUTH CAMERON

If people could only stop wanting to possess things and do things just because other people want them, the world would be a very much simpler and happier place. Tremendous prices were paid for tickets. According to newspaper statements, many single tickets brought \$25, several pairs went for \$100 or \$150, and one man who was particularly anxious to have eight seats together paid \$2,000 for the block.

Well, take the Harvard-Yale football game, for example. Forty thousand people went to that game last fall. Tremendous prices were paid for tickets. According to newspaper statements, many single tickets brought \$25, several pairs went for \$100 or \$150, and one man who was particularly anxious to have eight seats together paid \$2,000 for the block.

Now, do you imagine that all the people who paid these enormous prices for tickets cared \$50 or \$75 or \$250 worth just to see that football game? Indeed they didn't. Some may have paid their money because they were that anxious to see the contest between Harvard and Yale, but I am ready to wager that there were a good many people who would not have gone if they had been free. And I am also pretty certain that at least one-quarter of the women who allowed their husbands or brothers or friends to pay so exorbitantly for their tickets, permitted it not because they were devoted to the game of football, but simply and solely because they knew all their neighbors wanted to go.

If you don't believe that let me tell you what a girl who travelled from Chicago to Boston just to be present at the great occasion said when I asked her if she were extravagantly fond of football.

"Oh, no, I don't care such a great deal about the game. To tell the truth, I don't understand it very well. I seldom go to a game at home. But you know all my girl friends were just crazy to go to this game, so of course when I had the invitation I just jumped at it."

Of course, that is an extreme example, but I don't believe there are many of us whose pleasure in our possessions and opportunities is not to some degree enhanced by knowing that these possessions and opportunities seem desirable to other people.

If you don't believe that, let me ask a few questions. Would the little dry goods clerk enjoy her evening at the opera so much if she could not tell about it the next morning to the other less fortunate clerks?

Would a trip abroad be regarded as quite such a desirable thing if anybody could go at any time?

People say they love diamonds just because they are beautiful, but doesn't it seem probable to you that the fact that so many desire and so few can possess these precious stones adds something to their lustre?

The man who has the courage and independence of mind to doze off SOLIDLY ALL of his pleasures and possessions because he himself takes delight in them, and not in the very least because the desire of the crowd has given them a fictitious value, is the man who will get the most possible happiness out of life.

But where is he? I don't know him. Do you?

Pat Cameron

Coady's Sale

Drawing to a Close

We have our notification. We must vacate store before March 1st. The balance of our stock of

Boots and Shoes

Cash Register, Safe, Mirrors, Leather Covered Settees, Fixtures and Furnace could be sold at once. We can't move them—the people must. Come and get some bargains. To miss getting a share of the bargains we are offering is doing yourself an injustice. Everybody, young and old, wants footwear and here is the chance of the season to get them at prices that is more like giving away than selling.

REMEMBER—The days of this Big Sale are numbered. Come today.

Coady & Co

61 Charlotte Street

THE COUNCIL'S FEE. Sir Edward Carson, who has been telling Britain why he changed from Liberal to Conservative, has had a marvellous career at the bar, and shares with Mr. Rufus Isaacs the distinction of being the most highly paid lawyer. But there was a time when Sir Edward found it difficult to earn half a guinea. On a certain occasion when he was going into court in Ireland a man came up to him and, catching hold of his gown, said, "Look here, counsel, you have a bit of a case for Mickey O'Dwyer, haven't you?" "I have. What about it?" "Well," said the man, with the air of one who is making a very grand offer, "I am Mick O'Dwyer, and if you win that case I will give you five shillings for yourself." Counsel won his case, but, needless to say, he did not claim the five shillings.

CANADA BECOMING A GOOD BORROWER

Mrs. Asquith Launches Australian Warship

Yeggon Use Explosives on G.T.R. Safe—\$200,000 for Toronto Hospital—Killed by Gas Explosion.

LONDON, Feb. 9.—The Financial News observes that nothing could be more eloquent of Canada's high credit than the fact that the recent loan was of such close and stringent conditions should have been so readily subscribed. In the last few years Canada has shown aptness in borrowing which might well be studied by other countries.

LONDON, Feb. 9.—Mrs. Asquith, wife of the premier, launched the first of the Australian navy, the Covan, today with these words: "May you uphold the glorious traditions of the British navy in the Dominion overseas."

A distinguished gathering was present. TORONTO, Feb. 9.—The safe in the Grand Trunk station at Markham was blown open by a terrific force, breaking through the door and scattering the contents. The yeggon got \$25 for his pains and escaped without alarming the town.

TORONTO, Feb. 9.—The board of control today recommended another grant of \$200,000 to the new Toronto general hospital. The city gave \$200,000 some time ago, but since that time the cost of the site and building has greatly increased. The University of Toronto through the Ontario government has increased its grant of \$200,000 to \$300,000.

BRACEBRIDGE, Ont., Feb. 9.—About 10 o'clock last night Thomas McDavitt, eldest son of Wm. McDavitt, proprietor of the Windsor Hotel, was instantly killed. He went to the scullery gas house with a lantern, and opening the door an explosion occurred. The door struck him with terrific force, breaking both arms and fracturing his skull, causing instant death.

The young man was about twenty-three years of age, and was recently married to Miss Fairhall of Belmont Heights, Lake Joseph.

High shoes of white buckskin promise to be very popular the coming spring.

"REGAL" BEEF WINE & IRON

If you are run down or tired out, if you take cold easily, have no appetite or have other evidence of lowered vitality try "Regal" Beef Wine and Iron.

It aids digestion, tones up the system and gives quick and permanent results.

A COLUMN FOR WOMEN

Household Hints

If fancy shaped croutons are used for garnishing, touch the under side with white of egg. They will then stay in place.

An old tooth-brush or nail-brush is excellent for cleaning silver, but the final polishing should be done with chamois skin.

Macaroni, prepared in any of the various ways in combination with cheese, butter and tomatoes, is very nourishing.

Ten stale macaronis, mixed with stiffly whipped cream and sprinkled with pistachio nuts, makes an easily improved dessert.

Meat loaf of chopped veal or beef can be made more moist if three or four tablespoonfuls of cream are added just before baking.

A variety may be secured by baking potatoes with a slice of bacon inside. The bacon is put into a hole made by an apple core.

A French dainty possible from canned goods is sliced French goose liver, served on lettuce, with either French dressing or mayonnaise.

A few tiny pieces of lemon rind added to a cream sauce for oysters, fish or lobster, give a decidedly pleasant and dainty flavor.

Few skins can stand glycerine, and it should never be used without being diluted. Otherwise the skin will become dry and parched.

Washing soda should not be used upon china, as it will take off the gilt. Try clear hot water, but not hot enough to crack the china.

A few drops of paraffin added to the shoe blacking will impart a good polish to damp shoes and also help to preserve the leather.

Fashions and Fads

The cotton-ball fringe, sometimes quite elaborately knotted, is being much used as a finish to table covers, as well as to bed spreads and for window drapery.

The sailor collar of fur has been much favored this winter and it is not surprising that this marine suggestion should be used on many of the newest gowns.

Children's styles are strongly Napoleonic. They, as well as their mothers, are wearing the military coat without the capes, fastened up the side, with heavy gold or brass frogs.

White cotton crepe will be used quite as much this spring and summer as last year. Some waists of this material are now seen, with elaborate designs embroidered in colors.

As a happy medium between the high waist line of the Directoire period and the low line of the modern age, the girle, more attractive than ever, has been placed on many of the newest gowns.

Elaborations have reached the skirts and in place of the long plain draperies which were so plentiful last year, one finds now skirts that are as much masses of needlework of one kind or another as the waists.

Nothing is prettier in the way of hair ornaments than the wired bows and twisted ribbons of metallic tissue, gold, silver and aluminum, shot with different colors and powdered with crystal dew-drops.

Neck ornaments and chains have seldom been more to the fore than at the present time, and they are by no means confined to evening wear, though they are perhaps seen at their best with the decolette dress.

NO TROUBLE AT ALL

"May I trouble you to pass the H. P.?" How many times in one day does this simple request go round the table of those happy people who have been acquainted with H. P. and know all its distinctive and good qualities? It is no trouble at all to pass the H. P., provided that you know it will occur all-over-lace and braiding in brown or antique shades the trimmings, materials which will develop this design successfully are cashmere, silk finished Henrietta, voile, foulard, rajah, summer silk, lawn, gingham, chambray or cotton. The pattern is cut in five sizes—32 to 40 inches bust measure. For 36 bust the dress requires 7 1/2 yards of material. The inches wide, with as shown in the large view, yield of all-over lace 18 inches confined to evening wear, though they are perhaps seen at their best with the decolette dress.

Price of pattern, 10 cents.

Known by Name

Life-long durability is known by the name "BOY ROGERS BROS." On knives, forks, spoons, etc., this is a mark of distinction, superiority and exclusiveness. Best tea sets, dinner, wedding, or any other. MERIDEN BRYLE CO. LARGEST DEALERS "Silver Plate that Wears"

A WEEK OF BLUNDERERS

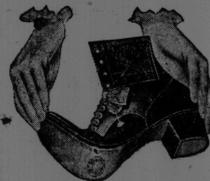

Sir William Harcourt once told us that he had dined out every night for a whole week in advance of his invitation. He discovered his mistake only on the last night, when on going to dine with some people who gave long invitations and large dinners he found them alone. After a very pleasant evening he thanked them for asking him in so friendly a manner, whereupon they explained that the invitation had been for a week later, but that they had been only too delighted at his mistake. On hearing this Sir William looked at his engagement book and discovered that this was the last of a number of invitations which had anticipated by a week—"Memories of Fifty Years," by Lady de Harter.

Eye Trouble!

The best time to stop eye trouble is in childhood. If there is anything wrong, right glasses will correct it. Consult D. HOYANER, Scientific Optician, 25 Dock street. Closed at 6 p.m. Sat. 2.30 p.m.

RED CROSS SHOES FOR WOMEN

Sometimes ordinary shoes feel hot and heavy and seem to draw your feet. There are many causes for this but chief among the reasons is that acids are used to hurry the tanning. The leather in "Red Cross" Shoes is tanned by a special process and takes six months to finish.

"Red Cross" Shoes are especially intended for nurses, teachers and women who are compelled to be much upon their feet.

Heavy Soles but as flexible as a slipper.

Mr. Justice White—The counties of Carleton, Albert and Sunbury.

Mr. Justice Barry—The counties of Queens and Kent.

Mr. Justice McKeown—The city of St. John and the counties of Northumberland and Charlotte.

INVESTIGATION FOLLOWS

TROLLEY SMASH-UP One Passenger Killed and 25 Injured—Two Lines Ordered Closed.

PITTSFIELD, Mass., Feb. 9.—Stimulated to quick action by today's accident, in which a big, double-tracked electric car of the Pittsfield Street Railway Company coasted down slippery rails, on a steep grade in Dalton and then crashed into a railway bridge abutment, killing one passenger and severely injuring 25 others, the Pittsfield Board of Aldermen, at a special meeting tonight, voted to close two branch lines operated by the company. At almost the same time a number of the most prominent manufacturers in Pittsfield and Dalton were discussing the local street railway situation with Charles W. Bishop, a member of the Massachusetts Railroad Commission, who is here to investigate the wreck. Complaints of poor service by the railroad company have been registered repeatedly by those affected, among them United States Senator Crane. These complaints, supplemented by today's wreck, led the aldermen to declare closed "the Country Club" line and the north branch line. There was no change in the condition of the injured tonight.

Let Me Send You A Treatment of My Catarrah Cure Free

ENTIRELY AT MY OWN EXPENSE That It Can Be Cured

I Will Take Any Oase of Catarrah No Matter How Chronic, or What Stage It Is In, and Cure ENTIRELY AT MY OWN EXPENSE That It Can Be Cured

Catarrah has been my business for years, and during this time over one million people have come to me from all over the land for treatment and advice. My method is original. I cure the disease by first curing the cause. Thus my combined treatment cures where all else fails. I can demonstrate to you in just a few days' time that my method is quick, sure and complete because it rids the system of the poisonous germs that cause catarrah. Send your name and address at once to C. E. GAUSS, and he will send you the treatment referred to. Fill out the coupon below.

FREE. This coupon is good for a package of GAUSS COMBINED CATARRH CURE, sent free by mail. Simply fill in name and address on dotted lines below, and mail to C. E. GAUSS, 7098 Main St., Mar. 1, Mich.

PLUMMER REFUSED TO MEET STRIKERS

Implement Factory With Seven Million Capital Winding Curiers Start Trophy Play—Charles Cookshutt Dead in Toronto.

MONTREAL, Feb. 10.—President J. H. Plummer of the Dominion Coal Company positively refused to meet a delegation from the strikers here on Tuesday. The men had come from Cape Breton in the hope of reaching an agreement with Mr. Plummer.

HAMILTON, Feb. 10.—The industrial side of this place welcomes the announcement of the organization of the Sawyer and Massey Implement Manufacturing Co. capital has been placed at seven million dollars and a new equipment has been acquired. The company will control other large manufacturing interests.

WINNIPEG, Feb. 10.—The recent cold spell has permitted the curlers to procure a start in their annual matches. Play in the Dingwall trophy match is keen.

TORONTO, Feb. 10.—Charles Cookshutt of this city passed away yesterday. The deceased was generally well known. He was the eldest son of Ignatius Cookshutt, the founder of the Cookshutt Pile Works.

WHY YOU ARE THIN; HOW TO GET FLESHY

DISCUSSES CAUSES OF THINNESS AND GIVES NEW METHOD OF INCREASING WEIGHT AND ROUNDING OUT THE FORM.

PRESCRIPTION ACCOMPLISHES WONDERS.

A treatment which anyone can prepare cheaply at home, has been found to increase the weight, improve the health, round out scrawny figures, improve the bust, brighten the eyes and put new color into the cheeks and lips of anyone who is too thin and bloodless. It puts flesh in those who have been always thin whether from disease or natural tendency on those who by heavy eating and diet have in vain tried to increase; on those who feel well but can't eat; and on those who have tried every known method in vain. It is a powerful aid to digestion. It assists the blood and nerves to distribute all over the body the flesh elements contained in food, and gives the thin person the same absorbing qualities possessed by the naturally fleshy. Everybody is about the same, but certain elements and organs of blood and nerves are deficient and until this is corrected thin people will stay thin. The nutrition stays in the body after separation by the digestive functions. Instead of passing through unused when this valuable treatment of blended medicines is used. Practically no one can remain thin who uses it, for it supplies the long felt need. Mix in a half-pint bottle, three ounces essence of pepin, and three ounces of syrup of rhubarb. Then add one ounce compound essence cardiol. Shake and let stand two hours. Then add one ounce of tincture cadomens compound (not cardamon). Shake well and take a teaspoonful before and after meals, and when retiring. Weigh before beginning.

GOLD STORAGE EGGS HAVE VANISHED

Oleo Salesman Caught by Woman Detective

Tricks of the Cold Storage Revealed—Probing Relations of Packers and Butchers.

CLEVELAND, Ohio, Feb. 9.—Cold storage eggs have vanished from the Cleveland, Pittsburg, Cincinnati and other adjacent markets. Notwithstanding the price of eggs has dropped from cents a dozen wholesale at the top figure of ten days ago, to 25c cents, tonight's quotations.

Commission men say the cold storage supply is exhausted. Country districts are light but the paucity of the fresh egg supply is counter-balanced, according to the market reports, by the scanty demand.

NEW YORK, Feb. 9.—Mrs. Jennie Jamison, an agent of the State Pure Food Commission, by disguising herself as a scullery maid in a restaurant, discovered that Jesse M. Bowers, was selling colored oleomargarine to the restaurant. Upon her testimony, Bowers, for a second time, was convicted of the oleo crime today and in addition to a fine of \$500, he was sentenced to prison for six months.

NEW YORK, Feb. 9.—Provision dealers denied today that turkeys are ever kept in storage for two years and put on the market when they are mouldy from age, but admitted that poultry is sometimes held from six to nine months and that goat's flesh has been sold for lamb. This testimony was adduced at a public hearing before the committee on laws and legislation of the Board of Aldermen, which has under consideration an ordinance providing that all foods held in cold storage must be tagged with the date at which they go into storage and the date when they come out.

A delegation of dealers defended the cold storage system and fought the proposed ordinance on account of the expense it would entail, which, they say, must ultimately fall on the consumer. The hearing was adjourned a week.

CHICAGO, Ill., Feb. 9.—After a short morning session, during which only two witnesses were taken into the jury room, the Federal Grand Jury is believed to have finished its investigation into the relations between the National Packing Company and the New York Butchers Dressed Beef Association.

In the afternoon session, two employees of Swift and Company and one from Armour and Company were taken before the jury. This session also lasted a short time.

None of the government officials would discuss the report that the jury had reached a decision in regard to the legality of the contract between the National Packing Company and the eastern concern.

Flowers for the new hats are lovely when fashioned from tulle, braid and lace.

THE Famous Rayo Lamp

Once a Rayo user always one

THE RAYO LAMP is a high grade lamp sold at a low price. There are lamps that cost more but there is no better lamp as any price. The Burner, the Wick, the Chimney, Holder—all are vital things in a lamp. These parts in the RAYO LAMP are perfectly constructed and there is nothing known in the art of lamp-making that could add to the value of the RAYO as a light-giving device. Suitable for any room in the house. Every dealer everywhere. If not at yours, write for descriptive circular to the nearest Agent of

The Imperial Oil Company, Limited.

#### THE WEATHER

Maritime—Southwesterly winds and showery, followed tonight and during Friday by strong northwesterly winds, snow flurries and a change to much colder.

#### LOCAL NEWS

A man's cut found by the police on Main street is at the North End station.

Thomas Mullett has been reported for using profane language on the Marsh Road.

Policeman Jones was called into the theatre last night to eject a drunken man.

Why not save \$5 when you order your spring suit—you can do that if you order at Pidgeon's.

Luther Archibald, of Albert County, and Frank O. Porter, of Carleton County, have been appointed provincial constables.

A pair of gold rimmed eye glasses found on the corner of King and Charlotte streets by Walter Howe were handed to the police.

C. P. R. authorities are on the lookout for an agent of a western land concern. The company has been caused much annoyance by the agent's action in placing advertising matter on the sides of cars. It is the intention to make him remove the posters.

Mr. Fred R. Kerkpatrick wishes to thank the members of Local Union No. 519 of Carpenters and Joiners of America for assistance in replacing his tools lost in the Hamilton fire a few days ago.

Albert E. McInerney, Jas. F. Cullinan, Chas. E. Haley, James Ritchie, James King, John Quidey, James Wainwright and George Dow have been reported by Detective Killen for driving slovens without licenses.

William Brockelhurst, a steward on the Empress of Britain, met with painful injuries on the steamer yesterday. His collar bone was broken in a fall to the deck while he was carrying a bag of potatoes. The man was removed to the hospital and is resting easily.

While working on the steamer Shenandoah last night Harry Craig, a longshoreman, fell into the water between the boat and the wharf. His cries attracted the sailors on the wharf and after considerable difficulty he was rescued from the water.

The police are after boys who throw snow balls and have reported the following for breaking the law: Roy Winters, Thos. Murphy, J. Eagles, Robert Coffey, John Hayes, John Cusack, and Wm. Hayes. These young fellows will appear before the magistrate on Saturday morning.

Fred Duncanson of Spruce Lake has raised a fine lot of Scotch collies which should prove prize winners in future shows. The animals were raised from imported stock and dog fanciers say they are the best ever bred in Eastern Canada. The sire was brought here from England, and was carried off a number of prices. The collies are in the price-reduced class.

Seven men from the police department of W. H. Thorne will take part in a special race at the Temple of Honor ice sports. They all claim to be first class performers and an exciting contest is looked for. Long, Hourihan, Stone, Merritt, Davidson, Ramsey and Dyer will be the starters.

John Nickerson, aged 16, Thomas Gallagher aged 16 and Geo. Humphreys aged 15, were before the magistrate this morning charged with stealing ten dollars from A. Sydney Spragg's grocery at 54 Main street. They were remanded and the case will go into this afternoon or tomorrow morning.

#### ST. JOHN COUPLE SEEKING DIVORCE

##### Wm. J. Lemmon Applies for Separation

On the Usual Grounds—Alleges That His Wife Married the Second Time—Case Not Defended.

Another case entered in the divorce court and which will be heard at the session of the court which opens at Fredericton on the 22nd inst., is one from the city of St. John, the plaintiff being William James Lemmon, a carpenter, who seeks divorce from his wife who before her marriage was Lillian Matilda Shaw. The usual statutory offence is alleged.

Mr. Lemmon sets forth that he was married to Miss Shaw in April, 1905 by Rev. Wm. Penna, of the Forward Methodist church, that on the following June they went to Boston, but returned the next January to St. John and lived up to 1905 when they removed to Charlotte county, where in September of that year Mrs. Lemmon left her husband, and the latter alleges that in October of the following year passing herself off as a single woman, she was married by Rev. Samuel Howard to one Frederick Wilson, of St. John, with whom she afterwards lived. Mr. L. P. D. Tilley is appearing for Mr. Lemmon and so far it understood the case has not been defended.

#### MONCTON MEN ARE SEEKING INCORPORATION

##### As Amusement Company With Privilege of Breaking into Light and Power Business.

An amusement company with a light and power business as a side line is seeking incorporation from the Provincial Government under the name of "The Enterprise Amusement Company, Ltd." The capital stock is \$40,000; the head office will be at Moncton and those applying for the charter are: Walter S. Davidson, theatrical manager; George H. Perry, manager; Samuel S. Smith, merchant; Leonard Macdonald, wholesale commission merchant and Clifford W. Robinson, barrister at law.

The objects of incorporation cover a fairly wide scope. A few of the privileges which they seek are: Power to purchase plays and operas, to purchase or build theatres or other places of amusement and to manufacture or develop electricity or gas for light, heat and power for their own purposes and to sell the surplus product subject to the contract of the municipal council.

#### WILL REARRANGE MACHINERY HALL

##### New Ideas Introduced for Placing the Industrial Exhibits of This Nature—Many Applications.

Machinery Hall will be completely revolutionized at the Dominion Exhibition in this city next fall. Even at this early date plans are being thoroughly gone into to bring about a demonstration of the manufacturing activities of the Dominion unexcelled in any Maritime exhibition and unsurpassed in Canada.

Of course to bring about a marked change for the better in this department will mean more ample facilities in the engine and boiler rooms, more machinery for the transmission of power. The management of the show is carefully going into these details. Machinery Hall will be so re-arranged and apportioned that room for all the process shows will, it is thought, be provided.

The national character of the exhibition is inducing manufacturers to make early enquiry as to facilities for exhibits of this character. St. John having not before had experience with a national fair in the literal sense of the word, is unfamiliar with many of the details but Manager Good is bringing his Upper Canadian and western tactics into play to profitable effect.

At present it looks as if the making of boots and shoes, silks and other fabrics, carpet weaving, wood working, foundry demonstrations, candy making, nail making, book binding and printing, etc., etc., will be among the motion exhibits. Numerous other processes will be shown. In order to make this department conveniently appointed for exhibitor and visitor alike such shows as motor boats and other mechanical lines will be placed in more suitable classification such as in the Transportation Section.

#### “Royal Balsam of Canadian White Pine”

Cures the Cough by its soothing, Healing and Warming Nature. Be sure you get the Royal—the BEST. 25 cents bottle.

**The Royal Pharmacy,**  
 47 King Street.

 May 2nd (non-jury)—Mr. Justice Landry.  
 June 21st—Mr. Justice White.  
 August 2nd (non-jury)—Mr. Justice Landry.  
 September 6th—Mr. Justice Landry.  
 October 4th—Mr. Justice Barry.  
 November 2nd—Mr. Justice McKeown.  
 December 6th (non-jury)—Mr. Justice Barry.  
 January 2nd, 1911—Mr. Justice McKeown.  
 February 7th, 1911 (non-jury)—Mr. Justice McKeown.

#### EVERY WORKMAN MAY WIN KING EDWARD'S MEDAL

##### Started as Tribute to Heroism of Miners, But is Now Extended to all Industrial Workers.

In the future any person engaged in an industrial pursuit will be eligible for the King Edward medal. The medal will be awarded to those endangering their own lives in the saving or endeavoring to save the life of others from peril incurred in connection with their employment.

In 1907 His Majesty instituted a new medal which was to be granted to miners and quarrymen in recognition of heroic acts. By a recent proclamation he has extended the scope to all workers who may merit it.

The medal is available as a reward for heroic actions anywhere in the British Empire. When presented otherwise than for acts performed in mines the medal will bear the Royal cypher on the obverse and on the reverse a suitable design with the words “For Courage.”

#### WINTER PORT TRAFFIC.

The Montreal express arrived in two sections, bringing passengers for the steamer Empress of Britain, which sails tomorrow afternoon for Liverpool. A special train will leave the depot tomorrow, carrying the passengers to the steamer. The Empress will take away about 400. She will also carry a very large general cargo.

Head Line steamer Borgore Head is now lying at Long wharf. She will sail over to the I. C. R. pier to load. The latter part of the week the passenger steamer Canada Cape, of the South African line is being loaded at No. 5 berth at Saint John. The steamer will sail on Sunday with a very large cargo. A shipment of 60,000 bags of flour will be made on the Canada Cape.

#### ST. JOHN COUPLE SEEKING DIVORCE
