TEACHERS OF RESTIGOUCHE IN SESSION

The County Institute, Held in Dalhousie, Proved Helpful—Several Important Subjects were Ably Discussed.

Dalhousie, Oct. 20.—The Restigouche Teachers' Institute closed tonight after two days of most helpful exercises. On Thursday the first hour was spent in visiting the various departments of the Dalhousie Superior school, where lessons were being taught by the staff of the Superior school. Different subjects were taken up in the different departments, giving a variety of subjects for observation. After the school was dismissed the teachers gathered in the principal's room and the institute was called to order by Inspector Geo. W. Mesereau, in the absence of the vice-president, Miss Sarah Duffy, of Campbellton. Mr. Mesereau spoke briefly the work in his department of the educational field, showing how the school had forged ahead for the last 20 years and in his characteristic address, setting forth how he persevered in the good work they have so nobly carried on.

Dr. A. G. Ferguson, chairman of the school board, was called upon and extended a most cordial welcome to the visiting teachers and the educational officials present. Dr. C. C. Jones, chancellor of the University of New Brunswick, followed in a brief address pointing out in a laud manner the relation between the university and the school. Dr. Jones mentioned several men of natural fame who were graduates of the university and who have won eminent positions world-wide, claiming the U. N. B. as their Alma Mater. Dr. Jones' address was replete with encouragement for the teachers.

Dr. Carter, chief superintendent of education, being present, gave a helpful address, setting forth the duties of teachers, encouraging them to make a strong effort to bring about improvement in the relation between the university and the school. Dr. Carter, in his address, pointed out the importance of the teacher's work, and the need of a text book on "Canadian Civics," prescribed by the Board of Education. The doctor spoke of the pension scheme and of a disability act that would enable teachers to have a proportionate pension if by reason of ill health, they were unable to teach the required thirty-five years.

Dr. G. U. Hay followed, briefly expressing his pleasure in being able to attend another institute of the teachers of Restigouche, and of the many pleasing recollections of former days, when he met in the institute with the Restigouche teachers. Dr. Hay presented the subject of teachers taking an educational paper and showed many advantages that the "Educational Review" offers to teachers of the Maritime Provinces, especially New Brunswick.

was spent in criticizing the work done in the departments the first hour in the morning. The teachers satired in to the work, showing what they thought was good and frankly saying where the method might be improved with reasons for the same. On the whole the criticism was highly favorable to the staff of the Superior school.

The last hour was taken up by Dr. C. C. Jones with the subject, "The New Geometry." The address was held in the absence of the vice-president, Miss Sarah Duffy, of Campbellton. Mr. Mesereau spoke briefly the work in his department of the educational field, showing how the school had forged ahead for the last 20 years and in his characteristic address, setting forth how he persevered in the good work they have so nobly carried on.

Dr. A. G. Ferguson, chairman of the school board, was called upon and extended a most cordial welcome to the visiting teachers and the educational officials present. Dr. C. C. fought between the English and French. No doubt this will be carried out next summer.

If a tablet of Jacques Cartier's landing were erected near Inch Arran House where so many men of distinction spend their holidays, it would be of the greatest interest to them.

Ex-Mayor Charles Stewart dropped in to renew old acquaintances and addressed the institute in a brief speech. The first hour of the last session was devoted to a paper by Miss Poirer, entitled "Regular Attendance." Miss Poirer gave valuable reasons why pupils should be in regular attendance, showing how irregularity retards progress, and also what means should be used to overcome this great evil in school life.

Mr. Mesereau followed with helpful remarks on the subject, emphasizing the method of "showing the pupils how to play." The discussion was followed by Dr. Hay and others.

All the papers and talks were so full of valuable suggestions that the time given to each was too short to give all the teachers the time that they would desire.

A vote of thanks was tendered Dr. Hay for his help rendered the institute. A vote of thanks was presented the School Board for the use of the school house.

Inspector Mesereau was tendered a hearty vote of thanks for the way he carried out the programme in the absence of the president.

The institute then adjourned. Work has been begun on the new breakwater connecting the town to Lighthouse Island. Mr. Thomas Charleston of Ottawa has the contract, which calls for the expenditure of a sum in the vicinity of \$2,000. This is a much needed work and was promised by Wm. Pugsley before the campaign of 1908 but miscarried as did the branch road through the town and so many other things tacked on for election pull. There seem to be different parties at work for Dalhousie at present. Jerry LaTourneau is superintendent appointed by the new administration.

E. G. Scott and Charles Scott returned Saturday night from "The Still Water" with a fine moose. Mr. Scott was successful in his hunt. Mr. Scott's son, Daniel McDonald, left Monday evening on the Ocean Limited for Montreal, where he will consult a specialist regarding his eyes. Mr. McDonald accompanied Mrs. McDonald. They intended remaining away about ten days.

J. H. Hubert spent Friday last in town on business.

Mrs. Geo. Haldow, who has been visiting her daughter in Toronto returned home Saturday.

Wm. Gallop spent Monday down the Gaspe coast on a business trip.

ST. STEPHEN'S BIBLE CLASS ORGANIZES FOR WINTER

First Meeting of Season Held Yesterday Afternoon—Officers Elected—Club May Have Basketball Team.

The first annual meeting of the Young Men's Bible Class of St. Stephen's Presbyterian church was held in their rooms yesterday afternoon for the purpose of organization and the election of officers. The following were elected:

President—H. C. Lawton.
Vice-President—Arthur M. Ellis.
Treasurer—James Harrison.
Secretary—J. Arthur Green.
All D. Smith who has led the class for the last two years, will again be the leader.

Yesterday's meeting was most enthusiastic and the attendance was the largest for the opening Sunday in several years.

Plans were discussed for the winter and it is not improbable that the class will have a basketball team as among its members are such well known players as Barton, Latham, Lawton, Ellis, Wilson and several others who are also well known athletes. Several years ago the class won the championship of the church league.

Plans are being made to hold debates on matters of local interest and addresses by well known public men will also be given throughout the winter.

A cordial invitation to all past members and to all others is given to attend these meetings every Sunday afternoon from 2:30 to 3:30.

The class meets in their own rooms in St. Stephen's Sunday school building, Charles street.

Veneer tree protectors made of thin material 1/4 inch thick, 8 inches wide, 24 inches long and costing about \$5 per thousand will last three or four years and afford good protection. The paper and veneer as the case may be, should be removed in the spring, about the middle of April.

Health for Every Woman No More Headaches

From Weakness and Despair Thousands Have Been Restored to Robust Good Health by Dr. Hamilton's Pills.

That sick women are made well by Dr. Hamilton's Pills is proved in the following letter:
"For years I was thin and delicate, lost color and was easily tired; a yellow pallor, pimples and blotches on my face were not only mortifying to my feelings, but because I thought my skin would never look nice again I grew despondent. Then my appetite failed, I grew very weak. Various remedies, pills, tonics and tablets I tried without permanent benefit. A visit to my sister put into my hands a box of Dr. Hamilton's Pills. She placed reliance upon them, and now that they have made me a well woman I would not be without them whatever they might cost. I found Dr. Hamilton's Pills by their mild yet searching action very suitable to the delicate character of a woman's nature. They never once gripped me, yet they established regularity. My appetite grew—my blood red and pure—my heavy rings under my eyes disappeared, and today my skin is as clear and unwarmed as when I was a girl. Dr. Hamilton's Pills did it all."
The above—straightforward letter from Mrs. J. Y. Todd, wife of a well known citizen of Roserville, is proof sufficient that Dr. Hamilton's Pills are a wonderful woman's medicine. Use no other pill but Dr. Hamilton's Pills, per box. All dealers of the "Catharticon Co., Kingston, Ontario."

CONFIRMATION IN HAMPTON.

His Lordship Bishop Casper will leave this morning for Hampton where he will administer confirmation at the Church of St. Athanasius. On Thursday he will administer the same sacrament in the Church of Our Lady of Good Counsel, Rothesay.

SATURDAY'S POLICE COURT.

In the police court on Saturday Mrs. Rebecca Read was arraigned on a charge of stealing toys from Arnold's department store, and after several witnesses had been heard she was allowed to go on suspended sentence. Frank Carter, aged 12, charged with being a truant, was sent to the workhouse to await the arrival of his parents. William Anderson was charged with an attempt to break into the store of J. S. McNeil, and was committed to the workhouse. The case was left over until today. John Sands reported for crossing the L. N. R. tracks at Mill street, when ordered to stop by the gateman, was excused. A commitment was issued against Michael Harnoy for non payment of a fine imposed on Saturday. Gordon Livingston accused of stone throwing, was allowed out on paying \$1.

PROPERTY SALES.

H. J. Anderson has purchased the summer residence and land of Mrs. S. A. Elkin, at Renfrew, also of G. T. Saunders, a piece of land at Quispamish. The residence and property of Maria J. Yandall, at Rothesay, has been sold to James Seaton for \$2000. The St. John Hallway properties which consist of the strip of land on which the power house is built, a 21 acre lot, and the building, were purchased by Mr. McKendrick and family. Considerable interest was shown in the sale of the Mellis properties which were sold at the instance of Mrs. A. H. Hamilton. Some 30 persons were present at the properties sold, the building occupied by Cowie and Ed. McKendrick was purchased by Arthur E. Secord, who has been visiting here for the week to visit her brother-in-law, Mr. J. J. Burt, of West St. John, returned to Fredericton Saturday morning. Winnipeg Free Press, 17th. Mrs. J. E. You'll Sleep More Soundly If You Keep Healthy With Dr. Morse's Indian Root Pills. The man or woman with good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins. Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to become loaded with uric acid, which causes rheumatism, with all its sleep-disturbing tortures. Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headaches disappear, the digestion becomes good again, the blood is purified and perfect health results. Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are in daily use throughout the world. Being purely vegetable they are safe for young and old. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box.

Public Utilities. Sherbrooke Railway & Power Company Bonds

The history of the Public Utility Corporations in Canada has conclusively shown that if bought and held as investment will yield better returns than any other securities that can be purchased. In the case of the Sherbrooke Railway & Power Co., already this year their earnings are 33-1/3 per cent. more than last year for the same period showing the rapid advance the premier town of the Eastern Townships is making.

As a matter of fact, however, we learn from reliable sources that this action is not to be taken in order to comply with the supposed, but somewhat indefinite requirements of the Sherman Anti-Trust Act. Long before the agitation against the Northern Ore lease was made, we have heard, under consideration by the Steel people and practically decided upon, the royalty of 8c per ton with steady annual increase of 3/4 cents, which the Steel Corporation must pay under the Hill lease, is about 41% of the price of the ore.

THE STEEL COMPANY OF CANADA, LIMITED, 6%

New York, Oct. 21.—Today's stock market was narrow and professional of tone and was much less responsive to bullish influences. There was active bidding for Steel Common and one or two of the other active stocks during the first half hour but this was so obviously manipulation that it attracted little attention. Observing this, the professional element showed an inclination to take profits on long lines over the holiday with the result that the market at some quarters reacted smartly. When the supply of stocks from this source was exhausted, however, prices recovered part of the early losses and no feature. Speculative sentiment remains somewhat bullish upon technical grounds although in some quarters it is thought there might be some development in the situation at large during the next fortnight which might stimulate a fair degree of bullish activity. It is said that Transcontinental roads will file increased rate schedules as soon as the commerce court has handed down an opinion on the railway's appeals from the Spokane-Reno rate findings. This hope if realized it would mean a difference of many millions of dollars in gross revenue to the lines affected.

CITY RIFLE CLUB HELD GOOD MATCH St. John Rifle Club held their usual weekly upon match Saturday afternoon on the local rifle range. There was a good attendance, but the afternoon was not the best for the scoring. The following were the winning scores: N. J. Morrison, 1st, 90 P. E. S. Murray, 2nd, 89 P. R. A. C. Brown, 3rd, 85 P. The club will hold a match next Saturday afternoon.

YALE SURE OF VICTORY AT HARVARD New Haven, Oct. 21.—The Yale football eleven is fast rounding into form and the coaches are confident that the wearers of the Blue experience little difficulty in winning all of its practice games. On next Saturday Yale will play Colgate while on the following Sunday, Captain How's men will play against New York University. This time the coaches are confident that the eleven will have rounded the rough edges and will be in shape to meet the big Colgate team. The chances are very bright for Yale victory over Harvard this season. A comparison of the scores of the Yale-Holy Cross and the Harvard-Holy Cross games would lead one to believe that Yale has a far better eleven than the Crimson. Yale defeated Lakins' eleven by a score of 26 to 6, while the best that Harvard could do was to win by the score of 8 to 0.

YALE SURE OF VICTORY AT HARVARD

New Haven, Oct. 21.—The Yale football eleven is fast rounding into top notch form and the coaches are confident that the visitors of the Blue will experience little difficulty in winning all of its practice games.

On next Saturday Yale will play Colgate while on the following Saturday Captain Howe's men will line up against New York University. By the time the coaches are confident that the eleven will have rounded off the rough edges and will be in shape to meet the big colleges.

This year the prospects are very bright for a winning team. There are plenty of seasoned veterans in the lineup and also some likely looking green men who will bear watching. By the time that Yale gets through with Colgate and New York University it will be ready to meet Brown and the other big college teams.

The chances are very bright for a Yale victory over Harvard this season. A comparison of the scores of the Yale-Holy Cross and the Harvard-Holy Cross games would lead one to believe that Yale has a far better eleven than the Crimson. Yale defeated Lak's eleven by a score of 26 to 0, while the best that Harvard could do was to win by the score of 8 to 0.

Old Eli is building up an eleven which looks good both on defence and offence. The men who have been picked for the first squad possess a great deal of speed.

Yale is getting revenge on all of the colleges which humbled its pride last year, and just now it looks as though it would make good.

SCRATCH GOLF MATCH. There was a hard fought scratch match on the St. John Golf Club links on Saturday. President H. B. Schofield and Vice-President J. U. Thomas picked teams and after a fine match the vice-presidents team won with a score of 16 to 14.

FAMOUS AUTOMOBILE DRIVERS WHO HAVE BEEN SELECTED FOR GRAND PRIZE RACE AT SAVANNAH

ST. JOHN FOOTBALL TEAMS WON AND LOST SATURDAY

The U. N. B. Harriers game on Saturday resulted in a victory for U. N. B. by a score of 8-0. The game was hard fought, fast and open, the superior team work of the visitors giving them the lead. The play was rough in spots, LeLachur being ruled off the field for two minutes for a false tackle.

The interscholastic league fixture played between St. John High School and Fredericton High School Saturday afternoon on the Marathon grounds resulted in a win for the former by a score of 64-0. Foley goals over for a try in the first half and another in the second. The game was a hard fought one and the play was close. Tully refereed the first half and Dr. Malcolm the second half.

SATURDAY'S RESULTS IN FOOTBALL

Montreal, Oct. 21.—McGill today sprang a surprise when they defeated the Queen's football team by a score of 36 to 5. McGill supporters had anticipated a victory but few had looked forward to a walkover.

At the Ottawa college football game at the beginning of the season had been considered the weakest team in the intercollegiate league, surprised Toronto Varsity today by winning a hard game, 10 to 8. The locale overcame a one point lead by strong punting in the last quarter. The defeat of Toronto, who last year won the Canadian championship makes the struggle in the intercollegiate league all the more interesting.

The Ottawa fourteen which last week went down to disgraceful defeat before Hamilton Tigers, put up a strong game today and only lost by a score of 7 to 4. Both teams played fast football and the game was one of the most interesting ever witnessed in the intercollegiate league.

A PROPOSITION FOR WORKING MEN'S HOMES

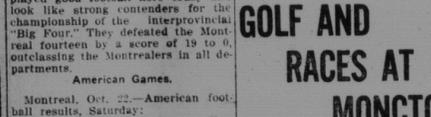

The Project Which Will be Considered by the Safety Board at Its Meeting on Wednesday.

At the Safety Board meeting on Wednesday evening next at City Hall the carpenters, painters, and others are to present their plans for enabling workers to acquire cheap homes.

But other lots along the old Fredericton road (or typist road) would hardly bring over \$50 to \$60 each. The plan is that all of these back lots close to the C. P. R. tracks, should be sold on 5 year terms to intending occupants.

It is claimed it would be unwise for the city to sell any of its lands west of Fairville. We should hold them on easy terms of 5 or even 10 year payments for those who wish to agree to occupy and build on them.

ORVILLE WRIGHT, IN RECORD FLIGHT, BREAKS MACHINE.

Two world startling features were accomplished by Orville Wright in his new biplane at Kill Devil Life Saving Station, N. C., before the final machine was hurled to the ground in a thirty-five mile gale and wrecked. He remained in the air for one minute and fifteen seconds in two flights, breaking the world's gliding record.

After reaching Loch Lomond something went wrong with the automobile and Mr. Baxter, Aid Wilmore and others were compelled to return to the city. The balance of the party who were in the lead continued their journey to St. Martins where they were met by members of Upham and Fairfield lodges and spent a very enjoyable evening. The W. C. in C. Donohue, James Speight of this city and other Knights of St. Martins countered the Royal Scarlet Degree on five candidates, after which all were hospitably entertained by the ladies of St. Martins, who had prepared an excellent repast.

Portland, Me., Oct. 21.—The boxing promoters of this town, three in number, will have to work more in competition for the lid will be put on the ring game. The city is not large enough to have three clubs running and unless something is done to make harmony among them there is sure to be trouble. Barney Connolly, the auditorium promoter, has signed Joe Grim and Bill McKinon of Roxbury, the Forest City Club staves Frank Perron and Terry Martin, while Joe Quinn is about to Nelson to meet George Alger.

WIGLIFE PRINCIPAL IN PULPIT OF STONE CHURCH

Missionary Day Observed Yesterday - Archdeacon Renshaw, Morning Preacher, with Canon O'Meara in Evening.

Sunday was observed as missionary day in St. John's (stone) church and fitting services were held. The pulpit was occupied at the morning and evening services by visiting clergymen.

It is claimed it would be unwise for the city to sell any of its lands west of Fairville. We should hold them on easy terms of 5 or even 10 year payments for those who wish to agree to occupy and build on them.

BUSINESS MEN DINE VISITING Y.M.C.A. MAN

H. G. Doud, of Y. M. C. A. Staff, in India, Guest of Honor at Pleasant Event, Saturday Evening.

A complimentary supper was given in White's restaurant by the business men of the Y. M. C. A. on Saturday night to H. G. Doud, who is one of the Y. M. C. A. travelling secretaries in India. There was a representative body of business men present and Mr. Doud at the close gave an interesting address on the conditions in India. He pointed out the unrest among the people there who wanted self government the same as Canada, but these people are not ready for self government, owing to their lack of principle and their superstition.

The initial appearance of the supplied choir was a pleasing feature of the anniversary festivities. The members of the choir, some thirty in number, gave an added touch of beauty to the service, and sang a special programme of music. St. James' church in its long history has played a prominent part in the religious and social life of the city and has been particularly favored in its history, the first of whom was the late Rev. John Armstrong, all of whom have been earnest and active workers in upbuilding the church. Built in 1851, St. James was destroyed by the disastrous fire which swept St. John in 1857, but through the perseverance and zeal of the Rev. John Armstrong, the church was later restored. Since then the record of the church has been one of earnest and patient endeavor, and the present anniversary marks the 60th anniversary of the church in a prosperous condition. There are two hundred families connected with the church. The Sunday school has an enrollment of over 250. Connected with the church are several societies actively aiding in the church work.

THE 60TH ANNIVERSARY OF ST. JAMES CHURCH

Interesting Services Yesterday Marked 60th Milestone in Journey of Church's Existence.

Special services, the introduction of the supplied choir into the church and masterly sermons by the pastor, Rev. H. A. Cody, marked the 60th anniversary of St. James' church yesterday. Both services were attended by large congregations. The edifice was decorated with potted plants and cut flowers and presented an attractive appearance.

St. James' church in its long history has played a prominent part in the religious and social life of the city and has been particularly favored in its history, the first of whom was the late Rev. John Armstrong, all of whom have been earnest and active workers in upbuilding the church. Built in 1851, St. James was destroyed by the disastrous fire which swept St. John in 1857, but through the perseverance and zeal of the Rev. John Armstrong, the church was later restored. Since then the record of the church has been one of earnest and patient endeavor, and the present anniversary marks the 60th anniversary of the church in a prosperous condition. There are two hundred families connected with the church. The Sunday school has an enrollment of over 250. Connected with the church are several societies actively aiding in the church work.

ARCHDEACON RENISON PREACHED IN TRINITY

Large Congregation Heard Able Sermon from Distinguished Visitor-Mission Work in the Arctic Circle.

Archdeacon Renison preached a very able sermon in Trinity church to a large congregation last evening. He took his text from the eighth verse of the 12th chapter of Genesis: "He pitched his tent and there he built an altar unto the Lord and called upon the name of the Lord." The sermon dealt with the relation between religion and civilization and of the good work of the church of England missions in the newer parts of Canada. Archdeacon Renison in comparing the men of the time of Abraham with the men of the present day said that as our country grew in wealth and population we were more apt to worship the creature than the spirit. He went on to say that the mission field in which he had been laboring was one of the largest in the world, comprising as it does 450,000 square miles of practically unknown country, the population consisting of Eskimo and Indians. He told the life of John Horne who volunteered for missionary work among the Indians in 1855, and who labored with them for 20 years, during the time he and Mrs. Horne had no companions except the natives among whom they lived. During the year 1872 to 1873, Mr. Horne had no companions except the natives among whom they lived. During the year 1872 to 1873, Mr. Horne had no companions except the natives among whom they lived. WAGNER HEADS FIAT GRAND PRIZE TEAM

Louis Wagner, perhaps the equal of any automobile driver in the world, is to have a place in the Fiat team in the Thanksgiving Day. Felice Nazario had been selected to head the team, but he will not drive. It is improbable that he will even be in America for the running of the classic contest.

THE MARKET. The stock market having recorded a decline for moderate profits, is now showing a period of recovery. A continuation of irregular recovery for a time appears probable, furnishing a speculative market, during which some may be taken of purchases of declining stocks, and investment of the better railroad and payers may be bought to put the market on a firm basis. A word to our friends.—We respectfully submit this bill of pictures and music as one of the highest-class merit in any of our particular—a program actually worth half a dollar.

THE LID MAY GO ON TIGHT IN PORTLAND. Portland, Me., Oct. 21.—The boxing promoters of this town, three in number, will have to work more in competition for the lid will be put on the ring game. The city is not large enough to have three clubs running and unless something is done to make harmony among them there is sure to be trouble. Barney Connolly, the auditorium promoter, has signed Joe Grim and Bill McKinon of Roxbury, the Forest City Club staves Frank Perron and Terry Martin, while Joe Quinn is about to Nelson to meet George Alger.

AROUND THE CITY

Stone Church Bible Class. The men's Bible class of St. John's (stone) church will meet this evening at 8 o'clock.

Reported For Fighting. The police have reported John Johnston and George Hicks for fighting on St. Patrick street Monday afternoon last.

Fortnightly Club. The annual meeting of the Fortnightly club will be held this evening at 7.30 at W. F. Hatheway's, 71 St. James street.

A West End Report. Sergeant Finley has reported John McAlbany for allowing the flow of water to run across the St. John street side walk, it being caused by a defective sewer.

Careless Business Men. The police found no less than four business houses open on Saturday night. The doors had been accidentally left open and were secured by the police when found.

Patrol Wagon Busy. The new patrol wagon was kept rather busy Saturday night and yesterday, as it was called out to carry as many as 11 prisoners to the central police station.

New Curate for Trinity. The Rev. P. Coulthurst of England will be the new curate of Trinity Church. The Rev. Mr. Coulthurst is now in Moncton and will assume his duties in Trinity Church in a month's time.

Will Meet Tonight. The B.Y.P.U. of Leinster street Baptist church will hold its monthly meeting tonight. Miss Robb, a returned missionary from Korea, will deliver an address dealing with her work in the mission fields there. All members are invited to attend.

Landed Big Boulder. The Dominion dredge Stonellifer, took out of the channel below the Beacon light last Saturday morning, the largest boulder yet lifted. It is stated that it weighed close to 20 tons. A tug towed the Stonellifer to tow and towed her away outside where she dropped the large rock.

Horses Found Wandering. Saturday afternoon two boy scouts, Harold Hamm and Alex. Gibbs, found a horse wandering around the artificial lake in Rockwood park and notified Policeman Crawford who returned the animal to its owner Richard Phillips, Sandy Point Road. Yesterday morning Policeman McNamee found a horse wandering about Mill street and put it into McCarthy's stable on Simonds street, where the owner can be seen.

Board of Works Investigation. The investigating committee of the Board of Works have decided not to examine any more witnesses. They tried to get Ald. Smith on the stand and sent for him three or four times, but the West Side representative who usually gets what he wants did not respond to their kind invitation to go on the rack. The committee will now go over the typewritten evidence and hope to have a report ready for the next meeting of the common council.

To Hold Supper and Smoker. Friends and supporters of the victorious councillors for the parish of Simonds, will hold a supper and smoker at Mayall's Inn on Wednesday evening, the twenty-fifth instant. Among the speakers will be Hon. Robert Maxwell, M. P., Councillor elect Skillington, Miles E. Agar, John E. Baxter, Councillor elect Stephenson, John E. Wilson, M. P., W. B. Tennant, Councillor elect Carson, Manning W. Doherty, and G. Earle Logan.

To Celebrate Guy Fawkes' Day. A meeting of the St. John District Local Orange Lodge was held Saturday evening, at which arrangements for celebrating Guy Fawkes' Day were discussed. It was decided to attend service at St. George's church on the morning of Sunday, November 3rd, and to invite Dominion Lodge No. 141 of the North End, and True Blue Lodge No. 11, of the West End to attend. Rev. W. H. Sampson, pastor of St. George's church will conduct the service. A committee was appointed to arrange for holding a celebration on the Monday following.

Buried Yesterday. The funeral of the late George Black was held yesterday morning from his residence, 48 Kennedy street and was largely attended. The members of the Alexandra Temple of Honor headed by the Artillery band attended the funeral in a body. The remains were conveyed to the Victoria street church where the funeral service was conducted by the Rev. H. H. Nobles. The regular service was then conducted after which the funeral procession formed up in front of the church and the procession continued to Cedar Hill cemetery where the remains were interred.

An Interesting Lecture. The first lecture of the winter course of the C. M. B. A. was given last evening when a large audience heard Judge J. L. Carleton deliver his lecture, An Evening With John Boyle O'Reilly. The subject was a congenial one, and his eloquent and interesting treatment of the familiar theme gave great pleasure. Portraying in eloquent language, the career of O'Reilly, and interspersing his remarks with excerpts from some of the writings of O'Reilly, he gave his hearers an insight into the character of O'Reilly, the journalist, poet and friend of humanity. Following the lecture a hearty vote of thanks was tendered the judge.

Visited St. David's. Yesterday afternoon on the invitation of Supr. Robert Reid, Rev. Dr. McElfresh, of Chicago, and Fred R. Murray paid a visit to St. David's Sabbath school. After being introduced by the superintendent, Dr. McElfresh who is superintendent of the International Teachers Training Department, in a very pleasing manner presented diplomas for the first year's course of study to Miss Katherine McR. Hunter, Miss Helen C. Hannah, Miss Hazel E. MacMurray, and Miss Annie V. McDonald, pupils of Miss G. Hannah's teaching class. Fred Murray, as president of the New Brunswicks Sunday School Association, delivered a brief address to the school.

COLD STORAGE WILL BE BOON TO FISH DEALERS

Manager of Maritime Fish Company Says There is Great Future for Fishing Industry in Province.

That the cold storage system is paving the way for a revolution in the fishing industry of the Maritime Provinces is the opinion of A. H. Britain, business manager of the Maritime Fish Co., who was at the Royal yesterday. "The cold storage system will make possible a big development of the fishing industry of these provinces," he said to a reporter. "There is a prejudice in some quarters against the cold storage system, but there should not be. It is going to play an important part in the reduction of the cost of living. Anybody who knows anything about cold storage knows that it is unprofitable to keep fish in storage for a long period. But it is a very important factor in eliminating waste and enabling the fish men to keep a steady supply on the market. As a result of the establishment of cold storage depots at a few points along the coast and a fair supply of refrigerator cars, a great improvement has been effected in the conditions under which the fishing industry is carried on, and new markets are being opened in the West. With the introduction of capital and the development of better business organization the fishing industry of the Maritime Provinces will attain an importance hardly dreamed of. Cold storage depots will become to the fish dealer what green houses are to the horticulturist."

Mr. Britain stated that the fishermen of Nova Scotia had made a fair catch during the summer, though the bad weather recently had seriously interfered with their operations. "The dogfish have been a pest this summer," he added, "a problem that should and is engaging attention is that of utilizing the dogfish. The government made some experiments in putting up these fish in different ways and trying to sell them. Quantities of cured dogfish were shipped to Japan and Africa and other places and were readily sold. Some day we will learn how to make a profit out of these fish."

"Our fish dealers are learning to put up fish in new ways, and their products command a ready market at good prices. One thing I do not hesitate to say and that is that the Maritime Provinces are putting up a better class of finnan haddie than any country in the world. The other day a Boston dealer wired his agent; I must have the Digby finnan haddie. In spite of the duty our firm is selling large quantities of fish in the American market and there is a rapidly growing demand there for boneless cod and finnan haddie."

Mr. Britain was met here by H. T. Robinson, manager for the company at Canoe, N. S. He leaves for Digby today to consult with the local manager there.

LONG ON THE DESIRE BUT SHORT ON FUNDS

Socialists Have Political Aspirations, but they are at Present Embarrassed for the Necessary Coin.

At the meeting of the Socialist party held in the hall on Dock street last evening the chairman announced that they intended to raise \$200 by Friday and run F. Hayat as a candidate against the Minister of Marine and Fisheries. The candidate made a speech and promised to do something if elected. He announced that he had a cold, which was rather obvious, and declared that Hon. J. D. Hazen was responsible for the census returns. (Loud applause.) Then Comrade Eastwood made an appeal for money. He said they had to have \$200 by Friday and asked the workmen of St. John to come forward, and put up the money to emancipate themselves.

The ushers started out with the hat, and some of the audience started for the door. After the collection was counted, Comrade Eastwood rose very indignantly. He said they still needed the small sum of \$196.43, and that it was a shame that any workmen should contribute "measly cents" to such a cause. Then he said he would give them another chance to put up the funds necessary to emancipate themselves from the domination of capital.

Again the ushers started out with the hat, and about half of the audience made a break for the door. After the second collection Comrade Eastwood announced that they still needed \$196.43, and that they simply had to raise it before nomination day. The chairman then threw the meeting open for discussion. Whereupon an official of the International Longshoremen's organization wanted to know why the Socialist party had selected a member of an organization which had cut wages on the Old Shipbuilders' Society as a candidate. The candidate said that when he blew into the town he did not know that there were two longshoremen's organizations or that the organization which he joined had cut wages 5 cents an hour.

A heated discussion followed and presently the trade unionists withdrew, declaring that the Socialist party had made an unpardonable mistake in nominating a candidate whom the trade unionists would not vote for.

PERSONAL

HE SOUGHT LIBERTY BY SUICIDE ROUTE

Thomas Connors, Prisoner in County Jail, Cut His Throat with Dual Knife—Will Probably Recover.

Some time early yesterday morning Thomas Connors, a prisoner in the county jail, made an unsuccessful attempt at suicide, by cutting his throat in a horrible manner. On Thursday evening last Police-men Silas Perry and Fred Lucas arrested Connors on the charge of being drunk in the I. C. R. yard off Pond street. The prisoner was adjudged guilty and was sentenced to a fine of \$8 or a term of 30 days in jail. Being without money he was obliged to go to jail. He had stated that he had never before been arrested and that this was his first offence and asked for a chance to leave the city. He had with him a gold watch which was worth about \$30 and he had made application that he would gladly put up the watch for his fine if he could get any person to advance him the eight dollars on the timepiece so that he could get out of prison. There was no person however who would advance the money.

Turnkey Samuel Clifford was on duty on Saturday night in the jail and stated to The Standard last night that he was in conversation with Connors about 11.15 o'clock Saturday night and the man seemed at that time to be all right. There was nothing to indicate to the turnkey that Connors had any idea of trying to kill himself. Yesterday morning about eight o'clock Turnkey Clifford went along the corridors opening the cell doors and the cell which Connors occupied was the last one to be opened. When the door was thrown open the turnkey saw a ghastly sight. Lying on his back on the cell floor was Connors with his neck cut almost from ear to ear. The floor was covered with blood and the man presented the appearance of one who was dead.

The turnkey hastened to the telephone and summoned Dr. James Christie the jail surgeon who, on arrival, ordered that the man be immediately sent to the general public hospital and about a quarter of an hour afterwards the patient was conveyed in the ambulance. He was unconscious and it was feared that he would not live.

At the hospital a thorough examination was made of the wounds inflicted and showed that Connors had made a four inch gash on one side of his throat and on the other side there was a gash six inches long. The smaller veins had been severed but fortunately the wind pipe and the jugular vein had not been cut. The unfortunate man had lost a great amount of blood and during the morning it was thought that his chances of recovering were small, but during the afternoon and evening he was resting more comfortably and although very weak it was stated by the doctors that he would very likely recover unless some complications set in.

The weapon that Connors used in cutting his throat was an old table knife with but half a blade. The dullness of the blade falling to sever the windpipe and the jugular vein.

It is stated that the prisoner in the next cell to that occupied by Connors heard the man walking about his cell about 3 o'clock yesterday morning but thought nothing of the matter. It is believed that the unfortunate man however, has been suffering from the fact that he would have to remain in jail for 30 days and having the old piece of a knife in the cell with him, attempted to end his troubles.

COUNCILLOR JONES IS BY NO MEANS PLEASED

Wants to Know Why He was Not Informed About Prison Farm Committee's Trip to Guelph.

On Saturday Councillor F. M. Cochran and J. King Kelley, the county secretary, left for Guelph, Ont. to inspect the prison farm there, and as it is not clear on whose authority they started out on the trip, trouble is brewing against their return.

At the last meeting of the county council the committee appointed to report on the question of establishing a prison farm near St. John, submitted a provisional report, stating that they were making progress and asking that a delegation be empowered to proceed to Guelph and inspect the Ontario prison farm. The report was adopted, but the council did not specify who should get the privilege of going to Guelph.

Coun. J. B. Jones, when seen last evening said Coun. Cochran and Secretary Kelley had acted in a rather high-handed way in going off to Guelph "Both the mayor and I," he said, "are members of the prison farm committee and neither of us were consulted about the trip to Guelph. I don't see what right the county secretary had to go on such a trip. He is a paid official and should be in the city attending to his duties."

"I shall move for an inquiry at the next meeting of the council to find out by whose authority he went on this trip."
