DISARMAMENT CONFERENCE CANNOT BE EXPECTED TO ACCOMPLISH EVERYTHING, IS OPINION OF ARTHUR J. BALFOUR

Confident, However, Steps Are Gradually Being Taken to Produce a Better and Improved World, An International World—War Not Over, He Declares, and Conference as Much Concerned With the War as if It Had Taken Place in 1917—Stage All Set for Parley and Eyes Focused on Delegates.

Quebec, Nov. 8.—(By Canadian Press Staff Correspondent)—"I don't believe this disarmament conference at Washington can do everything. I am personally confident it can do much. I am confident that of the steps that are being gradually made to produce a better and improved world—an international world—this step will be of all history the greatest. In that hope I go to Washington." This was the message Arthur J. Balfour, British ex-prime minister, and present leader of the British delegation to Washington, in the absence of Premier Lloyd George, gave to newspapermen who welcomed him this afternoon when he landed from the liner Empress of France which had conveyed him with his suite from Liverpool.

Twenty-One in Party.

Mr. Balfour was accompanied by Lord Cavan, who commanded the British Army in Italy during the war, acting as military adviser to the British delegation, Air Marshal Higgins, Flight Lieutenant Arnold; Sir Maurice Hankey, chief of the Cabinet Secretariat, Commander Moore, Captain Burgess, M. S. Lamson and Sir John Jordan, Chinese authorities, and numerous secretaries and stenographers. The party numbered twenty-one in all. Mr. Balfour was welcomed by Sir Arthur Willert, publicity officer of the British delegation, formerly a correspondent of the London Times in Washington, and Maurice Peterson, Secretary of the British Embassy at Washington, who will act as the Premier's secretary. Lord Cavan was welcomed by Lieut-General Landry and the officers of the fifth (Quebec) military district.

Mr. Balfour, after being photographed, boarded a private car attached to the C. P. R. boat train, which took him and his party to Montreal. It was planned by the delegation to spend the night there and continue on to New York and Washington tomorrow morning. They should reach the United States capital on Thursday morning.

Guarded in Statements

At the outset of his statement to the conference, Mr. Balfour said: "You must understand the situation and perfectly apprehend that a statement made before the conference itself must be of very little value. If it is of any real interest, it would be extremely mischievous. A conference means an exchange of ideas, and, if necessary, the modification of ideas. If I were to express them before the conference it would be likely to render it futile and very likely do more harm than good. I want to see those with whom I am to work, and especially those who are to guide our deliberations. I mean President Harding and Secretary of State Hughes. I want to see them before even formulating my opinion of the conference as a whole. I am, therefore, confined in any remarks I may make to matters which are a little

outside the actual work upon which we shall be engaged."

There Still is War

Continuing Mr. Balfour said: "I cannot help thinking, naturally, in this year 1921, of the visit I paid to this side of the water in 1917 and remembering arriving—not in this St. Lawrence harbor, but at Halifax—and seeing then the late spring snow as I now see the early winter snow on the beautiful hills. The landscape and nature have remained unchanged, but the circumstances in which we find ourselves are very different. Every circumstance of the trip to Halifax on the Olympic was kept a profound secret. The submarine was in 1917 the peril of the hour. The departure and arrival of the ship were kept sedulously secret. There was an atmosphere of war, perhaps of danger, throughout the whole expedition. Circumstances have now changed. But do not let us suppose for one moment that because we have peace, the war is over. In a few hours we are to celebrate the third anniversary of the signing of the armistice. With the signing of that armistice a terrible episode in the history of the world came to an end. This conference is as much concerned with the war as if it had taken place in 1917.

What the world's statesmen have now to do is to try and restore what is admitted to have been a most irreparable breach made in civilization by the events which passed from Aug. 1914 to November 1918. In that task all are concerned. There is no nation, belligerent or neutral, who is not actually suffering from the events that then took place. The conference of President Harding, which is now about to meet to do what lies in its power, not to bring back the world to pre-war conditions, but to make better conditions than those which prevailed before the war, is liable to suffer from two opposite dangers—those who have pitched their expectations of what the conference will accomplish too high, and those who say, with a despairing and cynical spirit, conferences are often called, often meet, but don't do much good. Of the two the cynical and despairing is far more dangerous and the farther removed from the truth than the extravagant hope.

Hylan Re-Elected Mayor of New York By Big Majority

Expected His Plurality Will Be About 413,000—Gets Five Borough Presidencies.

New York, Nov. 8.—Mayor J. F. Hylan, Democrat, was re-elected today by the largest plurality ever given a majority candidate in this city. The vote, with 239 districts out of 2,700 in the city missing, was: Hylan, 665,770; Henry H. Curran, Republican, running on a coalition ticket, 296,032; and Jacob Hanken, Socialist, 75,732. If Hylan's ratio of gain is maintained in the missing districts his plurality will be about 413,000.

Mayor Hylan swept into office with him the Democratic candidates for city comptroller, president of the board of aldermen and the five borough presidencies.

CANADIAN ROTARIANS MADE HIT IN ANTIPODES BY THEIR ENTHUSIASM

Montreal, Nov. 8.—Rotarian Walter Francis told members of that organization at the weekly luncheon here today how James W. Davidson of Calgary and Col. J. L. Ralston of Halifax had gone to Australia and New Zealand and within a few weeks had succeeded in arousing interest to the extent that Rotary Clubs were established at Sydney, Melbourne, Wellington and Auckland.

It is stated that inhabitants of the Antipodes were so impressed by the enthusiasm of the Canadian visitors that they sought a motive for it and a man who was connected with the brewing business in Australia suspected they were prohibition agents. Ultimately, however, even he threw in his lot with the new club.

ONE HUNDRED EIGHTY-FIVE ON CANADIAN RYS. DURING OCTOBER

Ottawa, Nov. 8.—(By Canadian Press)—One hundred and eighty-five accidents on Canadian railways were reported to the Board of Railway Commissioners for the month of October. These resulted in 30 deaths and injury to 197 people.

While no passengers were killed, 23 sustained injuries. Thirteen railway employees were killed and 131 injured. Of other persons, 17 were killed and 4 injured. Accidents at railway crossings accounted for 9 deaths and injury to 30 others. Of the 27 accidents in question, 18 occurred at unprotected crossings.

DISTURBERS ATTEMPTED TO BREAK UP QUEBEC MEETING OF RT. HON. ARTHUR MEIGHEN

Six Thousand People Assembled to Hear Prime Minister's Address—Appreciable Element at First Opposed to Him Which Did Not Hesitate to Make Itself Heard, and Levelled Questions at Speaker—Pointed Answers Soon Quieted Hecklers Who Were Unable to Stand Up Under Premier's Replies.

Quebec, Nov. 8.—(By Canadian Press Staff Correspondent)—Premier Meighen's Quebec meeting tonight proved a stormy one. In the audience of approximately 6,000 people who assembled to hear the prime minister's address, there was an appreciable element which was at first apparently opposed to him. This element did not hesitate to make itself heard, and questions, more or less to the point, were levelled at the Premier.

At one point, when interruptions were coming fast, Mr. Meighen addressed the quiet section of his hearers. "I know that the audience cannot help but be struck by the intelligence of these interruptions," he said with assurance.

Hecklers Subside

The Premier finally succeeded in getting a fair hearing, and the latter part of his speech was received in silence. Mr. Meighen was followed by Hon. L. G. Beley, and the interruptions which had been intermittent when the Premier was speaking, became so constant that the Hon. Postmaster-General had great difficulty in making himself heard. In fact, a large section of the audience failed to catch what he was saying, and he made his remarks very brief.

The meeting was held in the large armory building, which was fairly well filled. Premier Meighen prefaced his speech with a few words in French. He said he was glad to be in Quebec to tell the people there the Government stood on past questions and to advise its regard to the future. "If you will turn your ears for a while from the blarney, reckless voice of calumny to the voice of truth, I

N. Y. Celebrated Election In Much The Same Old Way

Restaurants Thronged With Merry Makers and Election Fun Revived.

New York, Nov. 8.—Prohibition or no prohibition, champagne or ginger ale, New York demonstrated that it could not get away from the habit of celebrating election night. It has been one of the traditions of the city that those who could afford a table—as well as those who could not—should pour into restaurants for lobster or ham and, according to their means. And tonight palaces of the Great White Way reported all chairs filled. And as usual, in one hand to pause on the way to the place of one's choice to poke a neighbor playfully in the face with a tickler or rattle his ear drums with some mechanical racket-producer.

Traditions called also for red fire and bon-fires, and these illumined the city. Seventy fire alarms were sounded within seven hours. That portion of the city's millions that had not crowded into cafes—or had decided to scan returns at breakfast—gosticated and cheered in front of bulletin boards or else scanned the heavens for the shafts of light flashed from towers to proclaim the winner. "So, all in all, police, firemen and street cleaners faced just as heavy a task on election night of 1921 as they did in pre-prohibition days.

DR. PRICE THE CANDIDATE IN WESTMORLAND

STIRRING SPEECHES BY PARTY LEADERS

Mr. P. G. Mahoney Nails Liberal Lie—Col. Black Reviews Record of Party.

Endeavoring To Work The Game In York-Sunbury

Conservative Farmers Refuse to be Handed Over to the Liberal Party.

Fredericton, N. B., Nov. 8.—The same raged elsewhere by the Agrarian-Liberal alliance is coming to the surface in York-Sunbury. Ernest W. Stairs, who took ten days to constitute a nominating committee for the Convention, after thoughtful "consideration," turned it down. Clarence N. Goodspeed, mentioned later as a possible candidate in the field of the Agrarian leaders in this constituency

thought it was about time to announce to an amazed public that there would be no United Farmer candidate in York-Sunbury. That was what was wanted by Hon. T. A. Crerar when in Fredericton some weeks ago, when he practically announced to a little gathering that all he cared about was the defeat of the Meighen Government no matter by whom accomplished.

A little difficulty is appearing, however, the U. F. vote cannot be delivered by those who thought they could. The bulk of the farmers of the two counties for a generation and more have been Conservative and with no farmer in the field they will vote as they used to. This means that York-Sunbury will stay in the Government column December sixth and will return R. B. Hanson, K. C.

The government candidate has done a remarkable lot of campaigning work already, and has reached personally many of the electors of the constituency. The meetings in the interest of the Meighen Government have been well attended and all things point to a repetition of the great victory of May last.

Coal Laden Cars Jump The Rails

Wreckage Piles Up on Line of Cumberland Railway and Coal Company.

Parrsboro, N. S., Nov. 8.—Four coal laden cars attached to the afternoon train of the Cumberland Railway and Coal Company jumped the track at the Margin of Gilbert's Lake, this afternoon and piled up in a jumble of wreckage. The passenger cars held the rails and nobody was hurt. Traffic will be resumed tomorrow.

Running Gun Fight Occurs in New York Over Election

New York, Nov. 8.—A running gun fight in which one man was seriously injured and nearly a score of shots were fired, unprovoked election day at a voting booth in the Eighteenth aldermanic district late this afternoon.

Angelo Marseno, who is said by the police to have begun the fusillade, was shot through the hip by one of two men who gave the names of Samuel Kupferman and John Ryan. A dispute over the merits of rival candidates for alderman preceded the fight. All three participants were charged with felonious assault.

HAPSBURGS MUST BE KEPT OUT OF THE HUNGARIAN ELECTIONS

Budapest, Nov. 8.—Representatives of the Little Entente have delivered a new note to the Hungarian Government declaring that the draft of the dechretement law is unsatisfactory, because it does not bar the return to power of the Hapsburgs on such grounds as free elections. The note was not signed by the representatives of the Allied Powers, who approved the present bill.

Admiral Horthy, the Hungarian regent, has issued a decree granting amnesty to all participants in the recent legitimist movement against the Government, except the leaders.

ROWDY ELEMENTS IN QUEBEC HIRED TO BREAK UP MEETINGS IN THE GOVERNMENT SUPPORT

MURDERS FOLLOW ELECTIONS IN OLD KENTUCKY

Louisville, Ky., Nov. 8.—Known casualties in Kentucky's election tonight stood at ten dead and nine wounded. Nine men were killed and five others were wounded in two affrays in Breathitt county; a man and a woman were wounded in Louisville and one man was killed and two others seriously wounded in Estill county.

Disturbers at Meighen Meeting in Three Rivers Well Organized for Mischief.

RESPECTABLE ELEMENT WERE DISGUSTED

Premier by His Fearlessness Catching the Imagination of the French-Canadian.

Special to The Standard. Montreal, Nov. 8.—The inflammatory race and creed campaign being waged throughout Quebec Province by Ernest Lapointe, Jacques Bureau, Joseph Archambault and other Lieutenants of Mr. King is bearing fruit with organized attempts by paid and other rowdy elements to break up meetings in the Government's support. In Montreal on Monday night this misguided element howled down Hon. Andre Pauleux, Solicitor General, and on the same evening in Three Rivers an organized mob endeavored to prevent a hearing to the Prime Minister himself. At Mr. Pauleux's meeting the disturbers were elaborately organized and acted under the instructions of leaders. At given signs they rang cow bells, hoed, jeered and shouted disrespectful even indecent remarks, much to the disgust and humiliation of the sober elements of French Canadians, who were present in large numbers to hear the new Minister speak.

Disturbers Organized. The disturbers at Mr. Meighen's meeting showed equal signs of organization. They were early into the hall, and ranged themselves at strategic points and in such a manner as to give the impression that they were present in large numbers. In some cases the interruptors were armed with written questions, indicating that they were acting at the instigation of men higher up. Indeed, the belief of many who were present, and who spoke to the Prime Minister and Dr. Normand afterwards, was that the hoodlums were acting upon the direct advice of Mr. Bureau himself.

Bureau, realizing that the tide is running strongly against him, is resorting to desperate tactics. He is charging that the Prime Minister is an enemy of French-Canadians and Catholics, declares that he insulted Sir Wilfrid Laurier in the House, and pictures him nightly as a sort of Lucifer, who in 1917, moved heaven and earth to send French Canadians to the war.

Meighen Appeals to Better Element. Meighen's campaign, while appealing to certain classes and calculated to arouse the passions of the more base of feeling among the more respectable element. This revision was introduced at the Three Rivers meeting, where Mr. Meighen had almost solely with him an audience of Catholics, and as enthusiastic as any ever turned out to hear Sir Wilfrid in the heyday of his power. Mr. Meighen's boyishness, his straightforwardness and his fearlessness are catching the imagination of the French Canadian, a hero-worshipper at heart. His performance, under the rain of interruptions hurled at him, his determination not to be put down by any band of hoodlums, and his courage, clear cut declaration that he had no apology to make for his attitude (a conception made a tremendous impression on the crowd. Many had come expecting to see a fierce, uncompromising, fire-eating orator with a contempt and hatred of French Canadians. Instead, they saw a young Canadian who might be a lawyer of their own race who talked to them with perfect candor and transparent sincerity, and the effect was remarkable.

Turning to Government. And while it is not too early to make anything like a definite prediction, it is safe to say that the Government is assured of from fifteen to twenty seats in Quebec. This will probably sound as an exaggeration in the Maritime Provinces where the Liberals have spread the foolish legend that Quebec would be as solid for no exaggeration. On the contrary, there are at least twenty-five seats in Quebec right now where the Liberals are fighting for their lives, and the Government has an excellent chance for victory.

Quebec, in truth, may furnish the big surprise of the campaign.

Lovington, Maine, Nov. 8.—A telegram from Oxford University today informed the Bates College authorities that it would be impossible to finance a trip of the Oxford debating team to this city for a return debate. The Bates team was sent to Oxford last summer by means of a fund raised largely by public subscription.

DR. PRICE THE CANDIDATE IN WESTMORLAND

(Continued from page 1) Some of his Liberal friends had said he was leaving the Conservative party on account of the recent Senate appointment. In this connection he wished to say that the leading conservative throughout this country and Province favored him, and he took the opportunity of thanking his friends for their support, and for the letters he received on that occasion. The man who was responsible for that appointment was now out of politics and he would not discuss the matter further.

Mr. Mahoney said he understood from the discussion this afternoon that some of the friends favoring going in behind the candidate nominated by the Farmer-Labor party, I cannot converse, said Mr. Mahoney, how a man can support two parties. He does not think we can support the Liberal-Conservative party and the Farmer party at the same time. In one way, the Farmer party is worse for the country than the Liberal party, I think, if I understand the sentiment of this country and of this convention this afternoon, they want a straight Liberal-Conservative nominated today and they would stand for anything else. (applause) I may be accused of many faults, said Mr. Mahoney, but in my twenty years of public life, in private or public, I cannot be said of me that I went back on my party. (applause) I have always stood by the principles of the party we associate by the great statesman Sir John A. Macdonald, and which principles the party stand for down to the present day. It is becoming at this time, said Mr. Mahoney, to nominate a straight candidate to carry the banner of the Liberal-Conservative party. I think there has been no time in the history of the country of Westmorland when the chances were better for success. With the railway policy upon which Premier Meighen has taken his stand, I don't think the time was ever more opportune to effect a straight Liberal-Conservative candidate in this country. (applause)

Disturbers Attempted To Break Up Quebec Meeting of Rt. Hon. Arthur Meighen

(Continued from page 1) Mr. Meighen defended the construction of the Merchant Marine. He was interrupted several times, and remarked: "I am not here to apologize for closure. A little of it would be useful here now."

Exhibition Assn. Annual Meeting

Will Hold Another Exhibition Next Year—Board of Directors Chosen. The annual meeting of the shareholders of the St. John Exhibition Association was held last night at the office of the secretary, H. A. Forter, prince William street. It was presided over by a meeting of the directors who adopted the report drawn up by a sub-committee. An exhibition will be held in 1928 and on the success of that fair will depend whether the St. John show is made a yearly fixture.

Disarmament Conference Cannot Be Expected To Accomplish Everything

(Continued from page 1) Tribute to Sir Robert. "If I find among my colleagues at the Conference the same spirit which animates the government I represent, depend upon it, a success it will be. And nobody will, I am sure, be more glad if this end is achieved than Canada, for one of the greatest problems, the great problem, the central problem is that of the Pacific. In that Canada is immediately interested, not as a member of the Empire, but because it immediately abuts on the Pacific and is deeply concerned in the questions that touch the Pacific problem. Therefore, I know that Canada will not fall behind us and not be less energetically desirous than I am myself that this great business shall be brought to a successful conclusion."

Made Early Morning Call on Resident—Obtained Assistance and Has Disappeared

A resident of King street reported to the police that at an early hour Monday morning a young woman clad and wearing neither hat nor coat came to her home, the direction of Moore street where she said she wished to go to her sister's home. The resident took the young woman in hand and seeing her warmed gave her money to hire a hack, at the same time advising her to spend the night at police headquarters and defer visiting her sister till the next morning.

Steamer Grazes Schooner's Boom

Yarmouth, N. S., Nov. 8.—Reporting that she had narrowly escaped being run down by a big steamer while riding at anchor in a terrific nor'easter gale on Cape Sable bank last Tuesday night, the Yarmouth fishing schooner W. G. Robertson arrived here today. The steamer grazed the schooner's main boom as she passed, skipper Simon Theriault said.

DO YOU SMOKE TOO MUCH

There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep. To counteract this demoralizing influence on the heart and nerves there is no remedy so equal as MILBURN'S HEART AND NERVE PILLS.

Several Arguments Made Before The Court of Appeal

Liquor Case Heard Fully. One of Particular Interest to Province. Fredericton, Nov. 8.—A number of common motions were heard by the Court of Appeal this morning. The Bank of Nova Scotia at Yarmouth, through A. B. Connel, moved to quash an assessment of \$136 for 1920 upon their real and personal estate there on the ground that it was levied on a non-resident. It happened that one of the members of the Appeal Bench, Chief Justice Hazen notified the assessor that the hearing would take place at a later date when two of the judges of the King's Bench Division would take their places, since Chief Justice Hazen was absent on account of the February sitting.

Have You Tried REGAL FLOUR

"It's Wonderful for Bread". At Buckingham Palace. The loss is serious because, although her type was one widely distributed over India, the Indian rhinoceros has been hunted almost as the American bison were hunted and now are only rarely found in the remote jungles of Nepal. The only consolation to soothe authorities is the birth of the first American elk in many years.

Heart and Nerve Pills

They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco. Mr. Frank Lutos, 71 Terrace Hill St., Bradford, Ont., writes: "I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stop on me sometime if I did not quit tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up and my heart would be going, I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 20 pounds in weight."

Several Arguments Made Before The Court of Appeal

Liquor Case Heard Furnishes One of Particular Interest to Province.

Fredericton, Nov. 8.—A number of common motions were heard by the Court of Appeal this morning. The Bank of Nova Scotia at Woodstock, through A. B. Connel, K. C., moved to quash an assessment of \$1,136 for 1920 upon their real and personal estate there on the ground of illegal basis. It happened that two of the members of the Appeal bench were stockholders in the bank, and Chief Justice Hazen notified the counsel that the hearing would have to be at a later date when two of the judges of the Kings Bench Division would take their places. The case will stand till the February sittings.

On motion of Mr. Teed, K. C., in James H. Byrne, plaintiff, vs. James H. McFarland, defendant, title to his estate was extended till the February court. The case was tried before Judge Chandler and an affidavit of H. W. Robertson was read by which it appeared that delay occurred in transmission of stenographic reports. D. Mullin, K. C., moved in George E. Fletcher vs. Annie Barnes, defendant, respondent for title likewise. The case had been tried by Chief Justice Hazen and it had been decided that \$515 of funds in bank were the property of defendant Fletcher, and not of his wife. While proceeding with the motion, Chief Justice Hazen inquired if he had received a letter purporting to be signed by the husband, saying that there was a settlement between the parties. Counsel answered that he had practically left it with his client to do what he might choose. He had received no notification. The matter was left for further inquiry.

In Joseph P. Moran vs. The Hammond Lumber Co., an affidavit of J. F. Michael, M. P. P., was read by P. J. Hughes for plaintiff, who moved for time to appeal a verdict has been awarded defendant on trial before Judge Barry. The court granted till next sittings of court.

The case of particular interest at this court, that of the Canadian Distributing Co. vs. J. B. Hawthorne, Inspector and the Attorney General of New Brunswick, was taken up on motion of F. R. Taylor, K. C. This is the appeal to decide whether under section 14 of the Excise Act, a permit to carry a motor can be used as a common carrier of intoxicating liquor, and counsel moved for an injunction to restrain Inspector Hawthorne from seizing or interfering with intoxicating liquor sold for export to the State of Maine.

All the proceedings before Mr. Justice Gilmmer, who upon application for injunction referred the matter to the Appeal Court, were reviewed by counsel who claims that the license sold by order of Pope McKinnay, of Bangor, and of the value of \$2,620, and seized in his touring car, was kept lawfully for export, sold properly and improperly seized. Affidavits of Roy A. Davidson, solicitor for applicant, as well as Percy H. Hand, McKinnay, were read in support of the appeal. Dr. Wallace, K. C., and William M. Ryan appeared for the defendants and they submitted affidavits of Mr. Ryan (of counsel) and Alex. Crawford. Other affidavits were read, among them one of Jas. B. Dever, solicitor for Percy H. Hand in rejoinder.

Argument in the case of the Canadian Distributing Company vs. John B. Hawthorne, Chief Inspector and the Attorney General of New Brunswick was completed this afternoon. Court considers.

In Workmen's Compensation Board vs. Bathurst Co., Ltd., the first case on the docket, G. Gilbert, K. C., and M. G. Teed, K. C., appeared for the defendant company to support appeal from judgment against the company. For the board W. B. Wallace, K. C., objected to this case being heard on the motion paper. The court decided to hear the case. M. G. Teed, K. C., argued and the case was unfinished when court arose.

Townsend, Keams, young and attractive, dropped to her knees on the floor of the courtroom, and while tears trickled down her pretty cheeks begged her husband, Elsworth Townsend, chief crew despatcher of the New York Central Railroad, to forgive her. And he did.

Clasping her in his arms, Townsend, who had traced his wife from Corning, N. Y., where they were married just eight months ago, to Grove street, Jersey City, and had her arrested and prosecuted, begged Justice James McCarthy to permit him to care for her.

"I love her, and always will," said Townsend, his voice choking with emotion, "and if you permit her to go I shall be responsible for her."

Several jurors were seen to wipe their eyes before they brought in a verdict of guilty, and they asked the court to be lenient.

Mrs. Townsend is twenty-two years old. At Corning, when she was twenty, she was voted the prettiest girl. Many tempting offers were made to have her appear in moving pictures, but her parents steadfastly refused to permit her.

Last March she was married to Townsend and they went to live at 53 Market street, in Corning.

All went well until July, when a carnival was held, at which a special show was given under the management of Harry Keams, a showman from Michigan. Mrs. Townsend's romantic life from the time she met Keams until she was arrested in Jersey City was related by her in court today.

"I was lonesome at night when my husband had to be on duty," said Mrs. Townsend. "When the circus came to town I met Mr. Keams and told him I was single. It's all my fault, for Harry did not know. You moves or go on the stage, and I thought that it was a good chance for me."

"When Harry proposed I accepted him and we eloped to Warren, Pa., where we were married. Harry did not know of it until I was arrested. I don't know if it was a bad girl, but I'm not a bad girl. I love my husband better than ever and if I can go with him I never shall run away from him. I never want to go on the stage."

Keams, who was in court, told his story. He said he was sorry to lose his wife, but it would be better if she went back to her first husband. Keams was relieved from any blame. Mrs. Townsend was paroled in the custody of her husband and both left the court smiling.

Gagetown Didn't Take Kindly To Farmer Perkins

Spoke to Small Audience Who Were More Amused Than Instructed.

Gagetown, N. B., Nov. 4.—The Farmers' party had a honor of firing the first gun in Queens County when on Wednesday evening they held a political meeting in the Temperance Hall, at which G. Harold Perkins, of Norton, the Farmers' candidate for Royal, G. Thompson, a Scotchman recently arrived here from the old country, and Geo. W. Dinges, of Gagetown, were the speakers. The latter, who as Farmers' candidate for Queens in the provincial elections last autumn, was defeated, acted in the dual capacity of speaker and chairman.

The hall was about a third full. Although ladies had been especially requested to attend, only two or three were present at the meeting.

Mr. Perkins, the chief speaker, occupied considerable time reading the constitution of the Farmers' party. He admitted that he had never been much of a farmer himself; but submitted a temporary array of promises to his supporters, including a new cold storage for farmers, and potato ware-houses, to be built in St. John. Some of his hearers, who were practical farmers, were somewhat sceptical of his ability to handle farmers' problems and farmers' money, when he told of killing fifty hogs and taking them to St. John for sale, without previously having arranged for a market for them.

Gagetown audiences are sometimes inclined to be rather apathetic; but on Wednesday evening an unusual amount of banter passed between the platform and the audience, so much so, in fact, that the speakers became so heavy that one of the deputy sheriffs was obliged to ask if the deputy sheriff was in the audience.

The barn owned by Mrs. James E. Coy, of Upper Gagetown, which was burned on the Canning interval last Wednesday evening, contained 15 tons of hay, owned by Bille Randall, also of Upper Gagetown. The barn and hay were a complete loss.

REXTON
Rexton, N. B., Nov. 7.—Miss Ethel Cullen, teacher at Brown's Yard, spent the holiday in Rexton.

Hugh McKay and Wm Sullivan of Main River spent Saturday in Rexton. Rev. Alex. Craige, of Bass River, visited friends in Rexton Friday.

Sch. Devina, Capt. Fraser, has arrived from Charlottetown. P. E. I. Sch. Maude Weston, Capt. William Weston, has returned from Summerside, P. E. I.

Robert Atkinson, of Nelson, N. B., spent Sunday at his home here.

Percy McWilliam, wife and children, of Minnesota, are visiting relatives in Rexton and vicinity.

BULLET REMOVED FROM BRAIN OF PRISON LIFER

Surgeon, Recently Stricken With Paralysis, Performed Operation from Wheelchair

Ossining, N. Y., Nov. 7.—Removal of a bullet which had been imbedded for several years in the brain of Robert Leonardowski, a life prisoner at Sing Sing, was attended by such success that it is expected he will be returned to the prison shortly from Danmore state hospital. He was removed to that institution when he displayed fits of insane violence many months ago. Leonardowski, hospital physicians say, shows marked physical and mental improvement.

The bullet was removed by Dr. William L. Chapman of New York City, who suffered a stroke of paralysis after he had given his promise to operate. In consequence Dr. Chapman performed the delicate operation from a wheelchair, aided by two assistants. The bullet, which hospital physicians believed to have been the primary cause of criminal tendencies in Leonardowski, was found imbedded in the brain tissue.

Leonardowski was convicted of murder.

The Centenary W. M. S. Meeting

Celebrated "Due Day" With Special Programme and Social Hour Following.

The Centenary Women's Missionary Society celebrated "Due Day" yesterday afternoon with a special programme and a social hour following the business and devotional sessions. Mrs. C. F. Sanford presided. There was a large attendance of members.

Mrs. W. H. Barker led the devotional exercises, giving an inspiring talk on "The Master's Power of Endurance." Miss Hea's talk on "Christian Stewardship," entitled "What If?" was most helpful.

Letters were read from missionaries in China, Japan and Canada.

Mrs. Sanford told briefly of incidents occurring at the meeting of the general board of the W. M. S. held at Toronto. Mrs. Sanford is an official of the board.

The social hour at which refreshments were served was much enjoyed.

Suspicious Looking Package Harmless

Berlin, Nov. 8.—The arrival last week of a mysterious registered package at the American commission coupled with a campaign in German radical newspapers to arouse a German protest movement against the sentences of Sacco and Vanzetti in the United States, caused a flutter of excitement among the American diplomats here. The report of Commissioner Drexel, who has just returned from a visit to Paris, of the effects of the bombs on Ambassador Herrick's house aroused suspicions that this might be another internal

Skin Tortured Babies Sleep Mothers Rest After Cuticura

Small text describing the benefits of Cuticura for skin conditions.

Advertisement for Ganong's Chocolates. It features a large illustration of a chocolate bar with a cracked top, showing the cocoa nut inside. The text says: "Still dripping in its own milk, the cocoa nut is grated fine!" and "Ganong's, in order to provide the utmost pleasure, import their own cocoanuts from tropical Trinidad. In their famous candy kitchens at St. Stephen, the ripe nuts are shelled, and the tender meats dripping with luscious milk are grated fine. With their aroma at its fullest, the shreds are blended into exquisite fondants—creamy centres tucked away in 'G. B.' chocolate covering—smooth, mellow, captivating! Ganong Brothers do not trust to other hands the selection of their important ingredients, and so 'G. B.' is confidently stamped on over 130 chocolate confections." The logo 'GB' is also present.

A comic strip titled "PERCY AND FERDIE—A Sporting Chance, but No Takers" by H. A. MacCall. It consists of several panels showing two men, Percy and Ferdie, in a room. In the first panel, Percy says, "I'll see you at the club to-night, HORTENSE?" and Ferdie replies, "FATHER A PLAIN GIRL, THIS HORTENSE?" In the second panel, Percy says, "YES, VERY? BUT HER FACE IS HER FORTUNE NEVERTHELESS." In the third panel, Percy says, "I CAN'T IMAGINE HER PAYING A VERY HEAVY INCOME TAX ON IT." In the fourth panel, Percy says, "ANYWAY, AT OUR CHARITY BAZAAR, SHE OFFERED FIVE KISSES AND ANY GENTLEMAN WHO REFUSED THE OFFER HAD TO PAY A PENALTY." In the fifth panel, Percy says, "THE TOTAL RECEIPTS AT HER BOOTH AMOUNTED TO \$875.00—20 L-O-U-S AND 10 LIBERTY BONDS. DOESN'T THAT PROVE MY ASSERTION?"

Vertical advertisements on the left edge of the page. From top to bottom: "Aspirin—say 'Bayer'", "Voice Records", "Quality", "Mark", "Every", "LLAN", "Maritime", "P. Q.", "& Music", "John, N. B."

HISTORY REPEATS ITSELF.
The following is an extract from a speech delivered by Sir John A. Macdonald in 1876. It shows that from that day to this from Macdonald to Meighen the Conservative Party has not changed in its tariff policy.

PUT THE BLAME WHERE IT BELONGS.
The Times declares that "the people do not forget that the Government which pretends to fear the machinations of the Yankos, has purchased a thousand miles or so of railroads in the United States."

WHAT OTHERS SAY
Sometime Liberal Opinion
"Whatever our American friends may have intended by their trade policy, there is one thing they certainly have done, they have made Canadians more independent and self-reliant, and have caused them to look more steadily than before to their home market."

TARIFF IS THE ONE VITAL ISSUE.
It is rather amusing to notice how some politicians, when crowded into a corner over the weakness of their tariff stand, shout out that the tariff is not the main issue. They would be more truthful if they said they wish it were not the one vital issue.

MEASURES, NOT MEN.
At this crisis in the country's history, it is pitiful to hear some men express the cynical view that, although Premier and King talk Free Trade and lower Tariff, they would not put either in operation if they got into office.

In selecting Dr. O. B. Price as their candidate in Westmorland instead of Col. Boyd Anderson, who for personal reasons found it impossible to go into the campaign, the Conservative party in that County have made about the best selection possible.

When I got home to supper last night, I found Pop very busy hiding the Globe. So I said, "What's the big idea, Pop?" "My boy," said Pop, "there's a piece in it where it says that a Toronto court says that a wife may be the head of the home, and if your man sees it, then you and me'll have to go out and board." "Right o'," says I, "lets burn it." Which we did.

Words having as many as ten different meanings are said to be common in the Chinese language, which perhaps is the reason why one's laundry check doesn't always insure the return of one's own laundry.

What has gone down in price here, but I suppose the grocers will say that it is the cost of the bags and barrels that keeps the price of flour up.

I see in the paper where Judge Slipp gave some fellows a couple of years in the pen, for stealing some Hart's fowls. This sets you guessing what the fellows would have got if they had pinched anything of any value.

HOW ADEQUATE PROTECTION HELPS WHOLE COMMUNITY

By Building Up Industrial and Manufacturing Plants, It Draws Increased Population and Thus Provides Profitable Markets for All the Produce the Farmers Can Raise.

The little city of St. John's, Quebec, had a population of 4,200 in 1904, with 10 manufacturing plants. Today it has no less than 17 manufacturing plants. Its population is 8,200 and its City Attorney came before the Tariff Committee at Montreal to explain just what its industrial development had meant to the community.

Mr. Cartier: They are doing splendidly. They are more than paying the mortgages on their farms. They are putting money into the bank; the deposits in the banks are increasing in a way that is really extraordinary.

Mr. Cartier: Ten or twelve years ago lots of farms were mortgaged to secure the balance of the sale price. These mortgages have been paid and they are putting money in the bank. They are the largest depositors. I know one bank in the city of St. John's which has actually more than \$1,000,000 in deposits, practically all from farmers.

Mr. Cartier: Farm lands have greatly increased in value. Sales at from \$2,000 to \$8,000, and sometimes \$10,000, and more than that are of daily occurrence.

Mr. Cartier: There has been a forty per cent. increase, if not more.

The sisters are Mrs. Thomas Brown of Rexton and Mrs. Captain Nickerson of Ste. Anne's. The funeral was held on Saturday morning from his late residence to the Roman Catholic church, Ste. Anne's, where requiem high Mass was celebrated by Rev. John Gaudet. Interment was in the adjoining cemetery.

U. S. Senate Asks Publicity of Conference Doings

Washington, Nov. 8.—The United States delegation to the Armament Conference was requested in a resolution offered by Senator Harrison, Democrat, Mississippi, and adopted today.

Commissioner Frink moved the request of Messrs. Morrison and Newlands for a return of the \$200 cheque filed by them when they were given the contract for granite curbing and the sum of \$772.12 held back by the city, being ten per cent, on the amount of curbing which they had delivered, a total of \$772.12 be taken from the table and the request granted. The commissioner explained that this was a legacy left by his predecessor in office. The motion was lost. He then moved that the ten per cent withheld by the city be returned to them and this passed. The net result is that the firm lose their deposit of \$200.

Retaining Wall Commissioner Frink said he had a number of urgency to introduce. There had been complaints about a retaining wall on Prince Edward street, in front of a building owned by the Nugent estate and he had asked the road engineer to report on the matter. That official had reported and recommended the building of a retaining wall 25 feet long and 15 feet deep, the wall to be of concrete and done by contract, payment to be made by a bond issue. In this connection the commissioner stated he thought it would take almost as much to build the necessary retaining walls on the southern side of this street as it had to pave it.

After some discussion it was decided to lay the matter over until the Thursday meeting, in the meantime the city engineer, road engineer, building inspector and members of the council were to inspect the site. by the Senate, to use its influence for the making public of the record of Conference proceedings, and for admission of newspapermen to all meetings of the full Conference. The resolution recited hopes for success of the Conference, and stated that the Senate "believes that the greatest publicity to which, in reasonable consideration of the questions for which the conference is called will admit, will tend towards the success of the Conference."

Common Council Regular Meeting

Bond Issue Increased for Paving—Contractors Lose Deposit.

Commissioner Frink threw a scare into the members of the common council at yesterday's meeting when he announced that it would take nearly as much money to build retaining walls on Prince Edward street as it did to pave it. The commissioner of public works was given permission to pay compassionate allowance to Mrs. Margaret Gaudet for injuries received by her daughter, the bond issue for the paving of North Wharf was increased by \$1,600 and the sum of \$772.12 was ordered paid over to Morrison and Newlands, being the balance held by the city on granite curbing supplied.

Mrs. Schofield threatened, and Commissioner Frink was present. Financial Report The Commissioner of Finance and Public Affairs reported payments for the month of October last amounting to \$213,333.84 and recommended the payment of the following departmental accounts for October: Treasury department \$272.97; water and sewerage department, \$5,320.95; public safety department, \$9,217.05; public works department, \$9,213.72; harbors, ferries and public lands, \$2,650.88. Adopted.

Recommendations The committee of the whole recommended that the fee simple in the westerly half of lot No. 139 Guys Ward be sold to Mrs. William Johnson for the sum of \$200; that the communication of the Western Union Telegraph Company with regard to certain poles of theirs be referred to the Commissioner of Public Works; that the Chamberlain be instructed to pay back to D. Colby Smith, or his authorized agent the sum of \$50 and that the building purchased by him remain in possession of the city until otherwise ordered. Adopted.

A communication from the sub-district Board of Health that it was not necessary now to boil city water for drinking purposes but urging the adoption of the measures recommended by the board to protect the water supply and keep it pure was received and ordered filed.

Bond Issue Increased Commissioner Bullock reported that the paving of North Market Wharf had cost \$1,600 more than was estimated. Of this amount, \$1,550.92 was for excess \$21,198.45 for asphalt concrete blocks at the junction of Nelson street and \$171 for work in connection with the laying of a tile drain. The second charge he thought should be borne by the public works department. He moved the bond issue be increased from \$8,700 to \$10,300. Commissioner Thornton thought the matter should have been brought to the attention of the council at the time not after the work. Commissioner Bullock explained that he had not known about it until after the work was done and there was an under expenditure of \$1,800 on the lower part of the wharf and the whole work would be within the original estimate. The motion carried.

Request for Damages Commissioner Frink brought up the matter of the claim of Mrs. Margaret Gaudet for payment of doctor's bill and time lost when her daughter Rose was hurt by falling into a hole on Chapel street and he recommended that as the city solicitor had advised she had no legal claim a compassionate allowance of \$51.50 be made. This was objected to as a dangerous precedent. On motion of Commissioner Thornton the commissioner of public works was given authority to pay a sum, up to \$50, to Mrs. Gaudet.

Loss Deposit Commissioner Frink moved the request of Messrs. Morrison and Newlands for a return of the \$200 cheque filed by them when they were given the contract for granite curbing and the sum of \$772.12 held back by the city, being ten per cent, on the amount of curbing which they had delivered, a total of \$772.12 be taken from the table and the request granted. The commissioner explained that this was a legacy left by his predecessor in office. The motion was lost. He then moved that the ten per cent withheld by the city be returned to them and this passed. The net result is that the firm lose their deposit of \$200.

Many Seizures of Firearms In The Woods

Persons Hunting on Sunday and Without License the Guilty Ones.

Special to The Standard. Fredericton, N. B., Nov. 8.—The seizure of firearms in the woods from violators of the game act continues. They have been very numerous this season. Some seizures are made from persons hunting on Sunday, and others from persons hunting without license. Today Warden John R. Kelly, of Barker's Point, turned in two rifles which he had seized from persons hunting without licenses. Prosecutions on that charge will follow. Chief Game Warden G. F. Burden has returned from an official visit to the North Shore. While there he discovered that two beaver pelts forwarded to him had come from Yarmouth and had been seized by Warden H. B. Anselow, of Campbellton. The latter serves as warden without recompense, being personally interested in the preservation of game. A charge of killing a cow moose and her calf will be tried shortly at Woodville. Warden Bradbury is concerned in the prosecution.

Funerals

The funeral of Mrs. Mary Head Hickson took place yesterday afternoon from the Carlton Methodist Church to Cedar Hill. Rev. J. Heaney, pastor of the church conducted service. Henry W. McEachern, 85 High street, received word yesterday morning that the body of his brother, Archie, who died in Boston, will arrive in the city on Wednesday at noon. The funeral will be held on Thursday afternoon at 2:30 o'clock. John McEachern arrived in the city yesterday from Montreal to attend the funeral.

Creeps Into The System JUST LIKE A SERPENT Like a thief in the night, it steals through the system—that's how Catarrh acts. Don't trifle with such a scourge. Time and experience have proved that Catarrhones is a wonderful remedy for all Catarrhal and bronchial troubles. You don't take any drugs, you just inhale the sweet soothing vapor of Catarrhones which is laden with balsamic essences that heal, relieve and ease the sufferer. To strengthen the throat, to sweeten the breath, to stop nasty discharges, to drive out Catarrh, colds and weakness in the throat, use Catarrhones. Two months treatment one dollar, smaller size 50c all dealers or the Catarrhones Co., Montreal.

"CASCARETS" FOR HEADACHE, COLDS, COSTIVE BOWELS

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold. Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? Cascarets work while you sleep; cleanse the stomach of sour, fermenting food and foul gases; take the excess bile from liver and carry out of the system all the constipated poison in the bowels. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your head clear, your stomach sweet and your liver and bowels regular for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

Sage Advice. Too many men sour on their job because they can't have a mile handicap on every day's race. Land's "who man" it isn't the handicap that brings you through. It is the grit in your heart to take what comes to you, even if it is the modest end.

Weddings

Izard - Kirkpatrick. A pretty wedding took place at 2 1/2 o'clock yesterday morning in Saint Paul's Church at Rothesay, when Rev. Canon Daniel united in marriage Miss Ethel M. Kirkpatrick, daughter of Mr. and Mrs. John Kirkpatrick of Rothesay, to Ernest W. Izard son of Mr. and Mrs. William Izard of Rothesay. After a dainty wedding breakfast, Mr. and Mrs. Izard left on the early train for Moncton where they will reside.

Biggs-Beers. Rexton, N. B., Nov. 6.—At four o'clock Saturday afternoon, October 29th, a pretty wedding was solemnized at the home of Mr. and Mrs. Robert Beers, of Ford's Mills, Kent County, when their daughter, Miss Grace E. Beers was united in marriage to J. Everett Biggs, son of Mr. and Mrs. George Biggs of McKee's Mills, Kent County, in the presence of about forty guests. The ceremony was performed by Rev. Mr. Penwarden. The bride wore a travelling suit of navy blue serge with hat to match and carried a bouquet of bridal roses. She was attended by her cousin, Miss Annie L. Biggs of Moncton, who also wore a suit of navy blue with corresponding hat. After the ceremony, the guests repaired to the dining room where a sumptuous supper was served. Numerous gifts were received. After a short wedding trip the happy couple will reside in McKee's Mills.

"Yes, as soon as the gas attack is over," answered the weary customer.

Canada is at the Cross Roads PAUSE AND THINK !! WHAT is the Great Big Issue before the Canadian People in the coming Election? There is but one—and one only—namely, Free Trade vs. One-man Protection. The People of Canada once more are called upon to decide on the Principle of Protection. Men count but little—but Principles and Policies and the Interests of the People are enduring. Canada is once more at the Cross Roads. The issue has been fought out many times in the past and the People of Canada have always stood firm for Protection. Everybody Knows Just Where Meighen Stands. Meighen stands four square for the Protective Principle—for reasonable, moderate Protection—for a Tariff to protect all Canada's industries, all Canada's workmen and all Canada's homes. He is absolutely opposed to Free Trade, just as the leading statesmen of all other important countries are. He believes in a Tariff merely sufficient to enable Canada to encourage and develop all its industries, to keep our workmen at home, and to induce more men and money to come to the Dominion. MAKE NO MISTAKE The Election issue is quite clear. Whether you work on the farm, or in the mine, among the timbers or in the factory, whether your occupation is on land or sea, when you go to vote think of your home, your wife, your children and the consequences to them. Every Canadian home, large or small, in city or country, needs Protection. THAT IS WHY Canada Needs Meighen The National Liberal and Conservative Party Publicity Committee.

FOR WOMEN

As a Widow Says--

By HELEN ROWLAND

"Next to His Sins, the Thing a Man Enjoys Most in This World is Confessing Them To a Woman."

"I HAVE a confession to make," said the Bachelor penitently, laying a box of long-stemmed roses on the Widow's knee. "Will you forgive me?"

"Don't!" admonished the Widow, burying her face in the roses with a smile of grateful appreciation; "I'll forgive you, anyhow—perhaps. But why should I reward you, by letting you revel in the luxury of CONFESSING to me? That's putting a premium on sin! Next to his sins, the thing a man enjoys most in this world, is confessing them to a woman."

"You don't understand!" persisted the Bachelor, stretching himself in the cushioned chair before the fire, with a sigh of comfort. "I'm just FULL of repentance and contrition and contrition and self-reproach."

"And bright ideas, and clever alibis, and a yearning impulse to talk about your 'sins'?" put in the Widow mockingly. "Confessions are SO exhilarating for the moment—just like wine; but they are apt to leave a bad taste in the mouth, next morning, Mr. Bachelor. Besides, if I let you confess, you'll be almost patronizing, the next time we meet. That's the way of it!" and she dropped the roses in a tall seton vase and stood off to admire the effect.

"But there's something on my mind—" protested the Bachelor. "And now," retorted the Widow sinking gracefully back on the blue velvet divan, "you want to get it off YOUR mind and put it on MY mind—to keep me awake nights. No, thank you!"

"He spotted, and you want to give it a coat of whitewash—at my expense," laughed the Widow.

"What?"

"Oh, when a woman repents," explained the Widow, "she bleaches her conscience, as she bleaches her hair, down to the roots; but a man just covers his with a fresh coat of Blanco, as he would a white canvas shoe—and lo! it is good for another day! He mistakes confession for reform, because it makes him feel so good and pure. It takes his sins right off his conscience—and puts them on the woman's conscience. Besides, he just LOVES to confess, because it gives him the opportunity of revelling in his sins all over again, and enjoying them in retrospect. I have even known men to confess to wild, mad flirtation and cruel heart-breaking acts of which they were not guilty, for the pure enjoyment it gave them to contemplate such things."

"Oh, well," retorted the Bachelor, piqued at last, "I've known a few girls to indulge in that sort of thing, too. No man COULD delight in 'confessions' more than a woman does!"

"Yes," sighed the Widow, "a woman does love to TALK things! No love-affair, no friendship, and no honeymoon is complete in a woman's opinion, unless it just reeks with confessions. But, at least her repentance is sincere. She feels that her sins or her follies have been written down in indelible ink, and must be blotted out with reform. While a man fancies that his has been merely chalked on a slate, and can be washed away with a bar of soap."

"But how is a chap going to reform if you won't LET him confess or repent?" growled the Bachelor from the depths of his chair and his agony. "He is much more likely to reform from the fear of NOT being forgiven," declared the Widow inexorably, "than through gratitude FOR being forgiven. Because, the moment he stops confessing to a woman, he stops worrying about his sins—and the woman begins worrying about them! Besides, a man seldom confesses anything of real importance, anyway, until he is either dead tired or in a dead state of being found out!"

"But I only wanted to confess that I did—" "Stop!" Stop!" cried the Widow putting her hands over her ears. "I don't want to know what you did!"

"What?" exclaimed the Bachelor, "don't you know, already?" "No, no!" protested the Widow.

"Then," said the Bachelor, leaning back in his chair with a sigh of relief, "I didn't DO it!"

"Oh, yes, you did!" retorted the Widow. "Mildred Carter was there, and saw you. You took the red-headed dairymaid girl to dinner when you told me that you had just spoken with your Mother. But I forgive you!" and she beamed magnanimously upon the Bachelor.

"You—you DO?" stammered the Bachelor.

"Yes," said the Widow, patting his hand with a long-stemmed rose. "I'll forgive you for anything on earth—except making me your Mother. Confessor. Besides, I think you've suffered enough!"

WAS TROUBLED WITH HER STOMACH FOR FIVE YEARS

Mrs. Samuel Ward, Millersdale, Sask. writes:—"I feel that I must write to you before another day passes I am so happy and so grateful to your splendid medicine, Burdock Blood Bitters, for after an illness of five years I am better."

I had stomach trouble so bad, I could not bear the smell or taste of food of any kind, and got so thin and weak I could not work. I had four doctors attend me, but they did me no good. I was in no pain, but felt so ill, at times, I thought I would die. In fact, all my friends were sure I could not live many weeks.

This time last year I saw where a man was relieved of stomach trouble by Burdock Blood Bitters, so my husband got me two bottles, but I had no faith in it after all the different medicines I had taken, however he insisted, and after the first two days I must say I began to feel better, and after the first bottle I felt so much better I went out a little every day, but could not go alone I was so weak, but I soon got so I could walk and eat, and soon got quite stout.

I am, nearly seventy years of age, and I feel better than I have for years, and can now do all my household work. You may make use of this letter if you wish, as it may be the means of making others as well and as happy as I am.

Extravaganza Was Most Pleasing

Large Audience at Imperial Delighted With Performance by Children Yesterday

Those responsible for the training of the children of the Free Playground for yesterday afternoon's performance at the Imperial Theatre must have been made gratified at the excellent results which were the result of the large audience present. The Extravaganza was indeed most charming, and splendid numbers were given by the small children and by those of more years.

Miss E. Heffer was the director and deserves much credit for her faithfulness and the amount of time she gave, as well as teaching the children. Miss Heffer made many of the costumes worn by the performers. In this work she was assisted by the teachers of the Free Playground.

Miss Elizabeth Good compiled the programme which contained much original poetry and which was favorably commented upon.

Dances and drills were well carried out. A very pretty dance by the young ladies of the Y.W.C.A. was introduced in the Court Scene of Cinderella.

Dainty costumes and graceful dancing were seen both in Cinderella and in the Fantasy Spring and Summer. Miss Elizabeth Good and Miss Veta Roberts each received beautiful bouquets.

Miss Julia Pirie acted most acceptably as accompanist.

The following was the programme: I. English Peasant Dance. Dancers:—Yvonne Campbell, Yvonne Johnston, Alma and Emma Bean, Marjorie Stewart, Helen and Florence Nugent, Ethel Causton, Nansene Sawaya, Veronica Steel, Helen Belding, Eva Hart, Genevieve Owen, Evelyn Sprague, Edith Blizard, Edith Trocartin, Lillian Donohoe, Nansene Sawaya.

Benny's Note Book

BY LEE PAPE

Ma made a lemmin merrang pie this morning, being my favorite kind of pie including cakes, and this afternoon I was on my way out to the kitchen to get a drink of water and was on the sideboard in the dining room but the lemmin merrang pie, reminding me of it, and I stood there a while watching it and wondering if it tasted as good as what I looked, thinking, Well, the only way to settle the argument is taste it and find out.

With I did, cutting out a skinny slice with a dining room knife and eating it, tasting even better than what I looked and settling the argument, me thinking, G, it certainly made a big looking hole for such a skinny piece, G, I could cut out another skinny piece without making the hole look much bigger.

With I tried it to see and it made the hole look twice as big, and I ate the 2nd skinny piece and went out and got the glass of water and on my way back I looked at the hole again and it looked so big I took 3 more skinny pieces to give it something to resty look big about, and then I went up to ma's room and ma was embroidering embroidery, me saying, Hello ma, was the news?

Ma not saying wat it was, and I eed, Hay ma, I tasted that lemmin merrang pie, G ma, that's the sweetest lemmin merrang pie you ever made, gosh ma, its swell, O boy, is it all rite for me to of tasted 't, ma? I eed.

O well, I suppose so, considering that your report is so complimentary, eed ma.

And shee keep on embroidering embroidery and pritty soon I eed, I certainly tasted it, ma, I bet I tasted it for about 10 minutes.

You go and bring up that pie immedity till I take a look at it, eed ma. With I did, almost dropping it twice but catching it just in time both times, and the neerer it got to ma's room the bigger the hole looked, and ma gave me a fearsome crack and told me not to dare to ask for any pie for diszeit.

With I dident and nobody offered me any.

Fordney Bill Drags Heavily

Permanent Tariff Revision May Not be Enacted Before February 1st.

Washington, Nov. 8.—Doubt exists whether Congress can enact the permanent tariff revision bill by February 1, Senator McCumber, Republican, North Dakota, told the Senate today in calling up the House bill to extend the Fordney emergency law until that date. Because of prospective delay, Senator McCumber presented an amendment to continue the Fordney bill indefinitely until the new law is enacted.

The House secretary reported that each member of the chapter has the magazine of the Order in her home. Appreciation of the magazine was expressed. A report from the "Lost War" committee stated that substantial aid had been given a soldier's family. A ton of coal was voted for a needy case.

It was announced that on Poppy Day the chapter will assist with the refreshments. All members were asked to go to Fort on Poppy Day at eleven o'clock to be present at the memorial ceremony there. The chapter was asked to attend the service to be held at Trinity church at four o'clock that afternoon.

One new member, Mrs. Hart, was welcomed at the meeting.

In addition to this handsome total, the sum of \$438,303.00 came to New Brunswick in the last three years under the Highways Act for the building of permanent roads. Altogether not a bad record when, on the whole, the ordinary expenditure of the country has increased but THREE PER CENT. since 1911.

Dalhousie Won From St. Francis

Intercollegiate Football Game at Antigonish Yesterday Resulted in Score of 6-0.

Antigonish, N. S., Nov. 8.—Dalhousie defeated St. Francis Xavier in the intercollegiate football game yesterday by six to nothing.

Despite adverse conditions the game was a brilliant exhibition of snappy football. Mud puddles made footing insecure and the ball greasy, but both sides staged spectacular runs and set down fumbled. St. Francis Xavier forced the plays from the kick-off and in the first 20 minutes the ball was never outside the visitors' twenty-five yard line. The Dalhousie defense, however, was equal to the situation. Though the honors of the play in the period clearly went to the home team, they failed to break through, while the gold and black went across for a try.

The Dalhousie forwards made themselves felt in the second period. The series had formation well, and warily got the ball out of their own hands. The Dalhousie backs few opportunities of taking the offensive. The play slipped into the hands of the Dalhousie line being threatened several times. Towards the close of the period White broke through the St. Francis defense and planted the ball between the posts. The try was not converted.

The Dalhousie team was heavily and rangle, scuffling in scrimmages and punting. White and Haslam were the most effective. The referee was Dr. J. J. MacDonald, New Glasgow.

Local Labor May Unite With Farmers

Executive Meeting Last Night Considered Proposition from Albert County Farmers.

The executive of the New Brunswick branch of the Independent Labor Party held a meeting yesterday evening in its hall on Church street. President F. S. McMullin presided as chairman.

The chief question which was brought up for discussion was that of the attitude of the Labor party in running one or two candidates in the constituency of St. John's West, and it occupied the attention of the members for three hours or more. Several of the speakers advocated very vigorously any alliance with the Liberal party, and declared that the Laborers should run a candidate from their own ranks. The secretary, Charles Stevens, also read a communication from H. H. Hingray, stating that the farmers of Albert county had arranged for the holding of a local meeting next Saturday evening and intimated that the question of running a farmers' candidate would be considered.

Labor Advocate.

John W. Bruce, Labor candidate for East Toronto, who has been in the Maritime Provinces and Prince Edward Island during the past three weeks in connection with the political activities of his party, was the foremost advocate of the policy of running a Labor candidate in the constituency of a Liberal party. He declared that he strongly favored fusion with the Farmers' party, and the running of one Labor and one Farmers' candidate on a so-called Progressive ticket. The Labor party had to start somewhere, and many who had run as candidates in the last election realized that it would be impossible to defeat the Union government. He believed, however, in the registering of a protest on election day against the old political parties, and said that the Laborers have about sixty-five candidates in the field throughout the Dominion, but voiced his opinion that possibly from ten to fifteen would be successful.

It was finally decided to adjourn the meeting until Friday evening, but, in the meantime, several of the officers of the Labor party will get in touch with a number of the Farmers' party with a view to possibly effecting some arrangement whereby F. A. Campbell, who has been endorsed by the executive, will run with a Farmers' candidate on the same ticket. In view of last night's developments it is now improbable that the Liberal convention will go before the Liberal convention tonight, but, on the other hand, the suggestion above mentioned will be made to the Farmers' party and its decision will be placed before the meeting of the Labor executive on Friday evening. This was the idea which was advanced by John W. Bruce and accepted by those present.

Liberal Party Outlook.

Several street rumors last night mentioned that the name of either H. R. McLellan or Frank W. Hatheway will be placed before tonight's convention of the Liberal Association, and while officers of the party refused to confirm or deny the reports, the indications are that either of the above men will be nominated. In the course of the last few days certain aspirants for the Liberal nomination have supported their claims by stating that they will have the support of the Labor vote, but a very prominent officer of the Labor party emphatically stated that the men in question will receive absolutely no support or endorsement from his party. He also declared that if some intimation were

Underground Causes Which Are Hurting U. S. Shipping

Senate Orders Investigation of Relations Between Foreign Lines and U. S. Rys.

Washington, Nov. 8.—A sweeping investigation by the Senate into alleged relations between foreign shipping lines and United States railroad lines, under which foreign shipping is given preference and the United States Merchant Marine crippled, is in sight. Senator Jones, of Washington, stirred the matter up in the Senate today and got a resolution passed calling for production of contracts between United States roads and foreign shipping lines. He expressed indignation over the situation, as did other Senators, and the prospects are there will be a thorough airing of underground causes which are alleged to have been hurting United States shipping.

British Shipping Policy Censured At Boston Convention

New York, Nov. 8.—The Shipping Board and the American Steamship Owners' Association, which have been trying to obtain for American vessels at least a part of the Egyptian cotton crop purchased for American mills, announced that the National Association of Cotton Manufacturers, in convention in Boston, had taken formal action deprecating the present British monopoly of transportation of its own Alexandria to the United States.

The resolution adopted by the cotton manufacturers and telephoned to Winthrop D. Starke, manager of the American Steamship Owners' Association, follows:

"Resolved: That in view of the considerable purchases of Egyptian cotton for the use of American mills and the future importance of this valuable material for American manufacture, the possession of the United States of the right of shipping of its own cotton is essential to the security of our commerce and vital to the national defense.

R. M. S. P. Chignecto Arrived.

R. M. S. P. Chignecto, from Bermuda and the West Indies, docked at the Pettibone wharf at 8 o'clock yesterday morning. She brought forty-eight passengers, who found the chilly atmosphere of the St. John waterfront a great change from the warm sunlight and balmy breezes they had just left behind. Among those on board were Rev. E. M. Johnson, Rev. E. M. Malone and Lieut. W. B. C. Simpson, R. N. Six Chinese on their passage to the West Indies, who were on board for the time of year, with average, rough weather between Bermuda and here, Sunday in particular being rough. The cargo consisted of sugar, but had a fair-sized general cargo, a considerable portion of which was molasses.

CANADIAN PACIFIC STEAMSHIPS.

Announcement made by Canadian Pacific that service between Canada and Cuba will be inaugurated by the steamer Havana, from St. John, Dec. 12, and from St. John, Dec. 12, and from St. John, Dec. 12.

The Havana is the second ship to be ordered by the Hamburg-American Line in the joint service which it maintains with the United American lines between Hamburg and New York.

The Havana, known before the war as the Deutschland, has accommodations for 2,000 passengers. In adapting her for the present service a limited number of cabins have been retained, but most of the accommodations are devoted to third class passengers.

The Havana is to make calls at Halifax, G. S. Campbell & Company are her agents.

AROUND THE CITY

RECEIVED BAD FALL

It was reported yesterday that an elderly gentleman named Welsh had the misfortune to fall in an alleyway at 625 Main street and receive quite serious injuries.

MEET AT HALIFAX

A meeting of all the Maritime delegates of the Y. M. C. A. will be held at Halifax on Thursday, November 10th, where matters of importance to the Y. M. C. A. branches in the three provinces will be discussed. It is hoped that St. John will be well represented at the meeting.

CIVIC WOOD CUTTING

Arrangements have been made for C. P. H. freight trains to stop at the new siding at Musquash, where wood-cutting operations will be carried on this winter. Preparations are being made to give men work there to lessen the unemployment. Firewood will be cut and shipped to city dealers by the cord.

GENERAL SECRETARY COMING

Harry Ballantyne, acting national general secretary of the Y. M. C. A., is to pay a visit to the Maritime Provinces this week. While in St. John he will doubtless confer with the local board of governors as to the work being carried out by the association both locally, and in the national zone.

ADMITTED ATTORNEYS

Six attorneys were admitted to the bar yesterday morning in Fredericton on the motion of Dr. W. B. Wallace, K. C., of St. John. They are Emile Soucy of Edmundston, John Patrick Barry of Chatham, Arthur Ewart Clair Atkinson of Fredericton, Colin Macleod of Campbellton, Hugh Newton Hermon of Moncton, Kenneth L. G. Bailey and Gerald G. Anglin of St. John.

TUG LORD BEATTY

The burned tug Lord Beatty was towed yesterday from McKays' wharf around to the Market slip, where she now lies. The survey on the craft has not yet been made but will be probably tomorrow. Messrs. Nagle & Wigmore are already in touch with a boat which they expect to be able to purchase to take the place of the boat which was burned on Saturday.

ALLIANCE DISAPPROVES

The Evangelical Alliance at their meeting held yesterday morning at the Y. M. C. A. passed a strong resolution against the practice of raising money by gambling practices, and especially directed against the recent fair held to raise funds for the Protestant Orphan Home, and a copy was ordered sent to the directors of the Home. A. N. Stephen addressed the meeting on the work of the Berardo Home.

CUBAN POTATO MARKET

The semi-weekly trade bulletin issued by the Acosta Company, of Havana, Cuba, says that 16,916 bags, 2,710 barrels, and 600 crates of potatoes were shipped to that country from Canada during the fortnight ended October 29. Of this amount 9,600 bags and 510 barrels were shipped from New Brunswick through the port of Saint John. It was recommended that a medium sized product be shipped as far as possible in these stoves the journey in best condition. The price quoted during the period mentioned was \$8.50 per 100 pound barrel, but on November 1 it had risen to \$4.50 per 100 pound barrel.

BOARD OF TRADE NOTES

The department of Trade and Commerce has sent to the secretary of the Board of Trade a proof of a booklet which they promise to issue concerning the principal ports of Canada. They have requested that the secretary make any correction necessary in the section dealing with the port of St. John.

The Department of Naval Service has asked the secretary of the Board of Trade for full information regarding facilities for obtaining coal, fuel oil and provisions at this port.

A Quebec concern has written to the secretary of the Board of Trade asking for the names of merchants and manufacturers of building materials in this city.

Meighen Policies Best For Maritime

Captain Masters, Champion of Maritime Union, Strongly Favors Gov't Ry. Plan.

Capt. J. E. Masters, prominent in the business life of Moncton, was in the city yesterday on business. The captain is a former president of the Maritime Board of Trade and is now one of its vice-presidents. He has overtaken a leading part in boosting all things that meant the bettering of conditions in the sea provinces. He is one of the stalwart champions of maritime union, and along with Hon. Dr. Baxter, H. J. Logan and Hon. Fred. Magee, has made speeches in its interest.

Captain Masters is greatly pleased with the railway policy laid down by Premier Meighen, and sponsored by Hon. Dr. Baxter and Hon. F. B. McCurdy. A railway unit for the maritime provinces, with headquarters at Moncton, will prove one of the solutions of a vexed railway problem. It is gratifying to Captain Masters that the premier is advocating just such a policy as was embodied in a resolution presented to the Maritime Board of Trade in 1919, by him. This resolution then received the able support of H. J. Logan and F. E. Donahue.

Captain Masters says he finds the nebulous theories of Mackenzie King on railway questions. The Liberal leader, he says, is handicapped because of the division in his party on the railway question. King honestly believes in public ownership, but the Quebec wing of his party does not, and the leader dare not antagonize them.

"The Meighen policies are the safe ones to follow," he says, "and I find right thinking men, wherever I go, are swinging into line for the government."

Submit Questions To City Council

If Answered in Affirmative City Can Go Ahead With Repairs to Ferry Wing.

Commissioner Bullock reported at the council meeting yesterday that on Nov. 5 the ferry steamer Ludlow had been taken off the route on account of the high wind prevailing and the Governor Carleton put on. About 10 o'clock that evening in entering the east side slip she hit the wing on the north side of the approach and broke away about twenty-five feet of guard rail and piled doing damage to the extent of about \$500.

In this connection he submitted a list of questions which had been sent to him by the solicitor for Hon. W. H. Thorne and stated if these were answered in the affirmative Mr. Thorne was willing to let the city go ahead with the repairs to the wing. He was not ready to report on the matter yet, as he had not taken it up with the acting city solicitor.

The questions submitted are: To what extent has the city infringed on the property of Hon. W. H. Thorne? Were they willing to pay a fair compensation for the use of the property? Were they willing to bind themselves to accept the award of arbitrators in the matter?

Members To Support Sir Robert Borden

It was stated at yesterday's meeting of the W. C. T. U. that the ministers of the churches in New Scotia had asked all members to support Sir Robert Borden, Canada's representative at the Limitation of Armaments Conference. This action was endorsed by the local Union yesterday.

Mrs. David Hyslop presided and read a portion of Scripture. Mrs. Haasepacher led the devotions. A collection was taken for missions. Three cards for membership were handed in and Mrs. Seymour and Mrs. Hoar asked to visit these ladies named and bring them to the meetings.

Mrs. Seymour read a selection entitled "Where Prohibition is to blame." One of the points made in this reading was that doctors now find it difficult to obtain dead bodies for scientific purposes because, since prohibition, men have money enough to leave for a decent burial.

It was decided to have a pantry sale to secure funds for relief work. Mrs. Hurd and Mrs. Ellsworth Scott were appointed a committee to make arrangements for the sale.

The coming to St. John of Mrs. Whitmore was discussed and members urged to attend her meetings, bringing others with them. Mrs. Whitmore will address the Union next week. The District Missionary worker in St. John was referred to and members asked to support her efforts for good and to show her hospitality.

ST. JAMES' BRANCH WOMEN'S AUXILIARY

An evening of interesting subscription study was held by the St. James' Branch of the Women's Auxiliary at their meeting last evening. The program was in the hands of Mr. H. A. Cody, assisted by Mrs. C. M. Leonard, Mrs. J. C. Kee and Mrs. C. E. Dixon. Subjects taken up in papers were the Diocese of Maritime Rivers, Yukon, Athabasca and Moosehide and Indian Schools in the North and West.

Mrs. C. H. Dixon, president, presided. A social half hour was enjoyed at the close of the mission study program.

MASQUERADE BALL

The masquerade ball on Monday evening at the G. W. V. A. was one of the most successful functions ever held in that hall. Over 150 were present and enjoyed the dance and box social. W. B. Stearns made a most efficient floor manager. The prize winners were: Grace Miller "Britannia," first prize; Freda Arthur "Canada," second prize; Lena McGrath "Gypsy," third prize; four consolation prizes were won by Litchie, Catherine Conway, Benah Lim and M. Jones.

REGULAR PROTECTIONIST

"Pedro, the Italian," a regular protectionist, was the only inmate of the cells at police headquarters up to an early hour this morning.

Anti-Tuberculosis Society Meeting

Record Shows 161 Patients on Register—Ask G. P. H. for Room to Hold Clinics.

A meeting was held yesterday of the St. John Anti-Tuberculosis Society in the dispensary, with J. A. Lively in the chair. The record showed 161 patients on the register. The number of clinics held was eleven. The number of patients visiting the clinics twenty-three. Seventeen prescriptions were filled, 103 patients were under observation, and two were receiving milk.

It was decided to ask the General Public Hospital for a room to hold the clinics.

The need of money and workers was emphasized during a discussion. The report of Miss Marshall of the National Anti-Tuberculosis Society was read and considered. It recommended cleaner streets and the prohibition of expectorating.

Proposed By-Law Was Withdrawn

Mayor Shows That Magistrate Has Necessary Power to Deal With Parades.

Mayor Schofield yesterday withdrew the proposed by-law to provide for the holding of parades only on the permission of the mayor as he understood the law now gave the magistrate all the powers necessary to deal with this matter.

The section which he referred to is as follows:

Section 87.

An unlawful assembly is an assembly of three or more persons who, with intent to carry out any common purpose, assemble in such a manner or so conduct themselves when assembled as to cause persons in the neighborhood to fear, on reasonable grounds, that the persons so assembled will disturb the peace tumultuously, or will by such assembly needlessly and without any reasonable occasion provoke other persons to disturb the peace tumultuously.

Persons lawfully assembled may become an unlawful assembly if they conduct themselves with a common purpose in such a manner as would have made their assembling unlawful if they had assembled in that manner for that purpose.

Lively Blaze In North End

Fire last night destroyed a Dodge car belonging to Eldon Wilson, the garage on Sheriff street in which it was housed, and did some slight damage to a house on Murray street owned by the St. John Real Estate Co. and occupied by Archie Tebo and Mr. Reynolds.

About eight o'clock an alarm from box 144 called out the North End firemen and on responding it was found the fire was in the rear of 27 Sheriff street, in a garage owned and used by Eldon Wilson. The flames were bursting out through the roof and lighted up the heavens and many made their way to the fire under the impression that a big blaze was in progress. The water was quickly turned on and the blaze doused out, not, however, before the car in the building had been destroyed.

The house at the back was burned somewhat and a hole was chipped in the roof to get at the flames in the walk. One bedroom and the bath room will not be usable for a few days as a result of the blaze.

Dodge Car Owned by Eldon Wilson and Garage Destroyed

No further witnesses were examined and Mr. Dever made an application for bail for his clients. Magistrate Ritchie refused the application. He said the two prisoners were charged with an indictable offense, and it could not be too strongly impressed upon all the seriousness of interfering with a railway. The law made the penalty one of five years for any one interfering in any way with the safe use of the railway. The case was postponed for further hearing to Friday, at 2:30 in the afternoon.

Victorian Order of Nurses Board

Hon. Dr. Roberts Addressed Members, Telling of Recent Visit to Central Council.

At last evening's meeting of the Victorian Order of Nurses Board Hon. Dr. Roberts addressed the members telling of his recent visit to the Central Council at Ottawa and of the work of the Order there. Judge Forbes presided. Nearly all members of the Board were present.

Miss Cohen, Superintendent in her report told of the excellent work done by the eight nurses of the Order in their visits to homes. Visits made were 1423, Child Welfare visits 263, Tables brought to the Clinic, which is held Mondays and Tuesdays, 139. A clinic is held twice a month at East St. John.

Social Gathering At St. George's

Large Attendance of Congregation Enjoyed Addresses and Musical Programme.

The social gathering of the congregation of St. George's church in connection with the Centennial celebration was a marked success. Nearly all the adult members being present. The rector, Rev. W. H. Sampson, acted as chairman. Music was provided by an orchestra under the direction of Joseph Maxwell.

In the course of his address the rector drew the attention of the gathering to the wooden fish on the platform, it having been taken from the first tower of the church. He reminded them that the fish was a Christian emblem, the Greek word meaning Jesus Christ, the Saviour.

J. L. Robertson gave a reading and Mrs. Harrison rendered a solo with pleasing effect. Miss M. Bestrey presided at the piano.

Rev. W. P. Dunham, rector of the daughter church in Fairville, brought greetings from the congregation of the Church of the Good Shepherd, it having been built by the third rector of St. George's, Rev. Dr. Dowling, who was afterward Archbishop of Jerusalem.

Dr. Dowling passed to rest only about twelve months ago.

Rev. J. H. A. Holmes, rector of the daughter church of St. Jude's assured the gathering that the people of St. Jude's wished them good luck in all their activities.

Refreshments were served by the ladies of the church and the meeting dispersed after a very pleasant and successful evening.

Obstructions On Street Car Tracks

Charge Preferred Against John McShane and Leonard Craig.

A case charging the placing of obstructions on the tracks of the N. B. Power Co. at the corner of Ludlow and Prince streets, W. B., was preferred against John McShane and Leonard Craig in the police court yesterday. Both of the accused pleaded not guilty. They were defended by J. B. Dever, and the case for the Power Co. was conducted by H. H. McLean, Jr.

George Brittain.

In the morning George Brittain swore that about several minutes past 11:30 on the night of the 2nd inst., he saw two men on the car tracks, one short, the other tall. The shorter of the latter stooped down as though placing something on the rails, and on going to the spot, found a nut there. This he caused the Police Sergeant O'Neil, Mr. Brittain was positive that the taller man was McShane, but could not identify Craig as his companion.

Sergeant O'Neil.

Sergeant O'Neil was called when the case was resumed in the afternoon and told of receiving the nut from Mr. Brittain. The Sergeant said number six nuts had run off of the track in the vicinity of Prince and Ludlow streets of late.

To Mr. Dever he said it might be possible for paintmen from the Military Hospital to be in the vicinity, but that they rarely came to Carleton Motorman Rowley.

J. A. Rowley, a motorman of the N. B. Power Co., said that he used his car to place another street car on the track which ran off at Fairville Corner on the night of November 8th. He found three nuts on the curb. These nuts had been placed on the track, mostly at the corner of King and Ludlow. He said he had seen McShane in the vicinity of Rodney street several times but could not say if he had seen him on the night in question.

George Wilson.

George Wilson, another motorman, has an over several nuts just after reaching the Fairville end of the bridge. He said he had several run-offs at the corner of King and Ludlow which were being placed on the track.

Harold Howe.

Harold Howe, another motorman, said that on the night of the 2nd inst. he ran off at the corner of Ludlow and King, caused by nuts being placed on the track. On the return trip he noticed six nuts had been laid in a row on the rails and got out and picked them up.

He had a number of run-offs, most of them at the corner of King and Ludlow and on the night in question noticed McShane amongst the crowd who gathered round while he was replacing the car. Both the accused looked like a pair he had seen in the vicinity of the corner of Wilson and Prince street a week previous when five windows in his car had been broken by flying rocks.

Refused Bail.
