## GENEROUS RESPONSE FROM MANY SUBSCRIBERS

Great has been the response of our recent subscription campaign and there are few who have not taken advantage of the offer made in our circular of Jan. 15, that we hereby extend the offer up to and including Jan. 24. Some of the circulars were not mailed until Jan. 7, and there has not yet been sufficient time for responses to come in.

During the past week The Observer sent out more than 1400 subscription accounts. An offer was made that all in arrears for the past could pay up and for any number of years for the future at the rate of \$1.00 per year, provided the remittance arrived at this office before Jan. 15—today.

The response to these statements has been one of the most gratifying experiences in the manager's life-time. Twice a year, or oftener, bills have similarly been sent out, and while the response was always good, there were scores who would decide that they wanted the paper no longer. This was, of course, disappointing. Nevertheless, there were more new subscribers coming all the time, so that the growth of the paper's circulation has been continuous in the right direction.

During the past week hundreds have remitted the amount due, and for another year. This week more than 300 subscriptions have been received in four days. The fact that we received the money is not our only cause of jubilation. The money was coming to us, honestly earned. What gives us cheer and encouragement is the good will manifest in the great number of those who have paid up. There has not been one word of criticism but many words of appreciation. Not ten of our subscribers have dropped out while many old subscribers in remitting, sent also a subscription for a friend. So far from cutting down our list, the result of the present sharp circulation campaign has resulted in a net increase of 50 copies during the past week.

Four times in The Observer's ten years of life it has been necessary to move into larger quarters. Twenty months ago we came into the present premises, gaining twice the space we had in the former building. Already greater enlargement is necessary, and early spring will find The Observer branching out still further. It will be necessary to install a linotype, that most ingenious and complicated machine the human mind has ever devised and we must have more room for our work people.

There are 13 names on our weekly pay roll and at present when our hands are speeded up, there is little enough elbow room amongst the various machines, racks, stands and piles of stock.

The question of where next year's supply of newsprint is coming from is a serious one. It cannot be bought in the open market and so far The Observer has not been able to secure a mill that will consent to supply the eight tons we will need for next year. Many weeklies have been forced to the wall on this account and dailies in Winnipeg and the west have been forced to suspend. The reason that Canadian publishers can only get a small fraction of the Canadian output of paper is because they have been selling their papers at less than the normal cost of white paper.

There never was a time when a newspaper could be printed and sold at a profit at \$1. per year. It has always been a losing game. Publishers are awakening and the day of the dollar weekly is past. The Observer raised its price to \$1.50 in October, 1918. Its nearest competitors preferred to keep on losing money and did not increase their price until Jan. 1, this year. Because they did not raise their price sooner The Observer has continued to accept \$1. for subscriptions, provided it was paid in advance. But hereafter all subscribers must pay \$1.50 in advance, and \$2. if not paid within the year.

We decided, however, to give a few days notice of the intended strict enforcement of our rate and to give all an opportunity to pay up at the old price. There are so few who have not taken the advantage to settle at \$1. a year that we will extend the period until Jan. 24. After that date no subscriptions will be received for The Observer except at the full price of \$1.50 per year.

Customers of Henry Ginson are requested to have their milk bottles placed where he can get them.

## NEW COUNCIL NOW IN OFFICE

Mayor and Aldermen Elected by Acclamation—Mayor and Two Aldermen Remain from Old Board

Hartland's Town Council now consists of—

W. D. Keith, Mayor  
E. C. Morgan,  
A. G. Baker,  
Alderman Ward 1  
F. R. Kelly,  
G. O. Brittain,  
Alderman Ward 2  
F. A. Aiton,  
C. R. DeWitt,  
Alderman Ward 3

On Friday a ticket, fully approved by the old Board, was made up of Alderman Hagerman and Morgan for Ward 1, Kelly and Ald. Brittain for Ward 2, Aiton and Ald. MacIntosh for Ward 3. This ticket was filed with the town clerk at an early hour on Friday, but just before 6 o'clock another ticket was filed and for a time it looked certain that an election would be necessary. The names on the second ticket were A. G. Baker, H. H. Hatfield, O. I. Clark and C. R. DeWitt. On Saturday there was a getting together of the interested parties and Hatfield, Clark, Hagerman and MacIntosh withdrew and the residue of candidates took office unopposed. There was at the last no question of Mayor Keith's return.

The Observer would have liked the excitement of an election, for it is unalterably opposed to "arranging" in caucus a matter that is of general public interest, and consiving to cheat the rate-payers out of the opportunity to exercise their franchise, whether the "arranging" is done in M. L. Hayward's back office as it was last year, or in Fred H. Steven's office as it was this year. There are vast British possessions but none more precious than the Britishers' right to elect by popular vote their own parliamentarians. To discuss this point, however, would be "small potatoes" and the six men selected are doubtless as good a choice as could be made and they will do as well in office as any other six.

It would seem advisable that at each election one half, at least, of the Board should be made up of men with previous experience in office.

One of the most important duties of the new Board is to send a delegation to ask the local government for a considerable concession. Needless to say, this job requires "the right man."

Following is the report of the police committee, 1919:

## LIKE THROWING MONEY AWAY

Postmaster Of Cardiff Could Get Nothing To Help His Wife Until He Gave Her Tanlac

"You can tell them that Tanlac has helped my wife, too, and of all the people who have made statements about being benefited I believe we have the most cause to be thankful," was the statement made by J. Kuyper, post master of Cardiff, Alberta, while at the Owl Drug Store in Edmonton recently.

"For the past five years," he continued, "my wife has been so crippled up with sciatic rheumatism that she could hardly get about and while I have spent lots of money for treatment and medicines it was just like throwing it away, for nothing was the least bit of help to her until she began using Tanlac. Since she has been taking this medicine, however, she has been steadily improving all the time. Aside from the fact that she has almost gotten rid of the rheumatism, her general health has improved wonderfully, and her weight has increased from less than one hundred pounds to one hundred and ten.

"Her condition, before taking Tanlac, seemed almost hopeless and was very discouraging. She had continual pains across the small of her back and her right hip and limb were so stiff and painful she was barely able to get around. She was so weak and was so easily exhausted and would have to lie down three or four times a day. Her nerves were badly shattered and this, together with her awful pain, made sleep almost impossible for her. Her stomach was also out of order in some way, for her food seemed to do her no good and in place of gaining strength she was losing all the time. Her appetite was poor and altogether her condition was serious, and regardless of the best care and attention she kept getting worse.

"After reading so much about Tanlac, and, knowing of the good results others in our community had gotten from it, my wife began taking it and gradually improving from the very start. She was in such a bad shape that we could not expect complete recovery without time and patient use of the medicine. So she has stuck right to the treatment and it certainly has paid well, for the results have been nothing less than wonderful. She has taken twelve bottles now, eats three hearty meals every day, sleeps eight hours or more every night, and says she hardly feels the rheumatism any more. In fact, her entire system has been toned up and she is now about as strong as ever she was. Tanlac is the only medicine we have ever found that we could depend upon for results and it is so good that we feel it our duty to tell others about it."

Tanlac is sold in Hartland by Stey & Curtis Co., in Bristol by Dr. G. W. Somerville, in Centreville by Stevens Bros., in Woodstock by E. W. Mair, in Beniton by W. E. Porter, in River depute by Daniel B. Baird, and in Florenceville by A. B. Lovely and in Bath by Bath Drug Co.

### In Appreciation of S. Hayden Shaw

I would like to give a short account of the Observer with reference to the life of our late brother and citizen of this town, Deacon S. Hayden Shaw. He was the youngest and last survivor of his generation. His parents were the late Elijah Shaw and Nancy Ackerson; his brothers were Rufus, Amos, Odub and Nathaniel Shaw; his sisters were Mrs. Moses Boyer, Mrs. Haney and Mrs. Emery. He was born in Feb. 1840 at Victoria, Ontario; was married in 1866 to Miss Elsie Boyer who survives him. She was the oldest daughter of the late J. J. Boyer. They moved to Hartland in 1867 and resided here until two years ago

when his health failed, since which they have made their home with their daughter, Mrs. G. R. Nixon, who with her husband have done all that love could to make their lives pleasant.

Mrs. Shaw has one brother, H. N. Boyer, two sisters, Mrs. Adelia Tracey of San Diego, Calif., and Mrs. Anetta Tracey of Massachusetts, and four nephews: Dr. W. L. Tracey, Hayden and Wendell of U.S.A., and Leighton returned missionary from India; and two nieces, Mrs. (Rev.) W. E. Smith of Somerville, Mass., and a Mrs. Smith in the west.

Bro. Shaw in his time rescued four men from drowning. The last was Mr. Sanborn in the St. John river in front of this town. He was the first man to own and use a pevie on the Baccagumic, driving logs; was a tanner by trade and noted for his sterling honesty and Christian integrity. He was converted when 24 years old at Victoria Corner under the labours of Rev's Yerxa White and others and lived a true Christian life, and in 1882 was sanctified under the labours of Rev's Aaron Hart, G. W. McDonald and others, and lived until a break in that experience till his death. I will add my own personal knowledge of him by saying I was acquainted with him for more than 65 years and in closest church fellowship for fifty years without a jar. Servants of God well done. Praise be thy new employ. And while eternal ages roll Rest in thy Masters joy

G. G. GRAY

[Mr. Gray is around 82 years of age, hearty and well. It is his custom to make The Observer a New Year's call and the welcome presence of this saintly old man is a benediction that lasts throughout the year.]

### Generous Prizes for Schools

On Friday afternoon Hartland school was honored by a visitor in the person of A. R. Rigby. He has certainly shown himself to be a champion of education, the occasion of his visit being the presentation of thrift cards and stamps offered by him for last term's work. Mr. Rigby then presented a new proposition to the scholars for the present term, as follows:

"Subject to the agreement of the teachers, we have made arrangement for a monthly competition for each Grade, for the present term, also an inter-grade competition which takes in your teachers, and is so arranged that the winning of the intergrade prize depends on the loyalty of the students to their teachers, although the prize itself goes to the teacher I may say that this is only a small start in stimulating educational competition and love of study by the pupils that in a few years will make the scholars of the Hartland School the keenest, intellectually in the land. Each month there is a "thrift stamp" for each grade, the pupil making the highest average marks on examination papers, being the winner for that month. In Grades 9, 10, and 11 the

## BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous

MADAME ARTHUR BEAUCHER  
805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years, I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache, or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

## New Treatment That Knocks Rheumatism

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid, and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish. The treatment first introduced by Mr. Delano is so good that its discoverer wants everybody who suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will if you have never previously tried the treatment, send you a full size 75c package free if you will send your name and address with 10 cents to help pay the postage and distribution expense to me personally."

F. H. DELANO, 1652 Griffin Square Bldg., Syracuse, N. Y. I can send only one free package to an address.

**Cause of Early Old Age**

The celebrated Dr. Michenhoff, an authority on early old age, says that it is "caused by poisons generated in the intestine."

When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

## TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Miss Catherine Larlee went to Fredericton on Saturday to visit friends for a few days.

Misses Pauline and Melba Price spent the week-end with relatives at Aroostook Jet.

Mrs. Geo. Edwards pleasantly entertained the Women's Institute on Wednesday evening. The Institute will in future meet twice a month instead of once and the next meeting will be on Wednesday evening, Jan 21, at the home of Mrs. R. W. Estabrooks.

The many friends of George Morehouse regret to learn that he is suffering from the effect of a frozen toe which had at first been badly cut.

Miss Dorothy Green is visiting friends in Woodstock for a short time.

Hadah Tompkins was on a business trip to Plaster Rock during the week.

Considerable interest was shown at the evening meetings in the U.B. church last week.

Mrs. A. D. Campbell of Arthurette with her guest Miss Ethel Kees of St. John and niece, Miss Natica Sherr were in the village on Tuesday en route to Fort Fairfield to visit Mrs. Campbell's sister, Mrs. H. M. Robertson. They returned home the following day. Miss Kees left for her home in St. John on Saturday.

Mr. and Mrs. Allan Sisson are living with their son, Percy Sisson and family on the terrace this winter, as Mr. Sisson's health was not very good. He is much improved now however.

Many friends here of Brakeman Edward Gallagher of one of the express trains were sorry to learn of his accident on Friday afternoon. He was taken to Woodstock Hospital to have his injuries attended to. We all sincerely hope they may not be of a serious nature and that he may quickly recover.

The sewing circle met at the home of Mrs. Percy Sisson on Thursday afternoon and a nice lot of work was done. Next meeting will be with Mrs. J. R. Tompkins.

## TROUBLES OF THE PUBLISHER

"Swamped with copy" is the heading of a paragraph in the Digby Courier, which says:

This issue finds the Courier literally swamped with "copy"—far more matter than our limited staff, even with a little extra help, could handle. We have received from outside sources and written in the office enough for two papers and haven't help enough to properly fill one. Most of our country correspondence is crowded out and as it deals largely with Christmas it will probably be too old before next issue. We try to do the best we can with our correspondents and we hope they will overlook the crowding out of their items this time.

The Observer has exactly the same difficulty as its Nova Scotia contemporary. We employ four compositors regularly, but would require 20 or more if we printed all we are asked to print. The methods of this paper, however, are different from those of the Courier, which unblushingly admits that it leaves out the news to accommodate other matters. Looking over the paper we find the "other matter" is made up largely of long-winded "contributions" over fictitious names—stuff which the modern public cares nothing for and will not read. Observer readers want the news of Carleton-Victoria, and that is what we contract to give every subscriber who pays his one-fifty. We steal from him if we leave it out. A paid correspondent is employed in five of the most central points in our territory and their good work really makes the paper. The great bulk of the copy that comes in, however, is from the unasked contributor, and far the most of it goes into the waste-basket. We welcome signed communications on topics of general local interest if they are not more than half a column in length. In future no "letters" will be published except over the name of the writer.

## THE "NEW NATIONAL POLICY"

The New National Policy is the title given by the farmers to their political platform. This was decided yesterday at Winnipeg by farmers' representatives from four provinces. It was also decided to elect as many representatives as possible to parliament, to bring the policy into effect. The resolutions adopted declare that the farmers' platform is in no sense a vocational class platform, but in the interests of all the people, and an appeal is made for the support of all citizens who believe in the principles enunciated.

That the farmers mean to have a lower tariff is clear from the name chosen for their policy. The National Policy was high protection. The New National Policy would abolish high protection and its sponsors claim that it "is based upon the principle of the greatest good to the greatest number of people living in the Dominion, without regard to race, creed or occupation, and is in no sense a demand for special legislation to benefit the few at the expense of the many."

Here is a distinct challenge to the high tariff party. The reader of the resolutions printed in today's Times-Star will observe that the framers of them are by no means novices in the art of forceful expression. The die is cast. There are to be four parties in the coming federal elections. The United Farmers will not unite their forces with Liberal or Conservative or Labor, but support only those candidates pledged to support their policy. In the interim, before the federal elections, they will extend and perfect their organization, so that they may make a strong bid for the control of the government of Canada. In every province their organizers will be at work, with the prestige of recent victories in Ontario and in by-elections to commend them. The old parties must look to their fences.—St. John Times.

## NO SOLDIERS' CANDIDATE YET

Yesterday's Convention Failed to Bring Forth a Candidate but Chance is One May Later be Nominated

An orderly, earnest assembly of more than 100 returned soldiers met at the Vogue Theatre at Woodstock yesterday for the purpose of selecting a candidate for the legislature, to fill the vacancy in the Carleton representation and particularly to put in the Legislature a representative of the Soldiers' interest. Lt. Col. W. W. Melville was chairman of the convention.

Maj. Connell, seconded by A. H. Morrison moved that the convention nominate a candidate for the vacant seat in Carleton. The motion was lost by majority vote. Then it was moved by Lieut. Fred Kelly, seconded by A. R. Rigby that a committee be appointed to investigate the advisability of placing a returned soldier candidate in the field. This motion carried. The members were: E. A. Britton, chairman, S. G. Barter, sec. Col. Kennedy, Maj. Armstrong, Harry Cowan, A. R. Rigby, A. H. Morrison, A. R. Currie and W. B. Nixon.

The committee met immediately after the convention and appointed a committee of three and the secretary of the foregoing named committee to interview the three political parties in the field, and to ask them to name three delegates to meet the soldier's three delegates in committee on Jan. 24, and then and there to name the soldier candidate that would be acceptable to all.

The name of Lt. Col. Melville has been mentioned as a possible candidate for the vacancy; but before the war he was an active Conservative, and in the last Federal contest led the Tory banner to the most ignominious defeat it has ever suffered in Canada.

The Observer has learned that the Farmers, who unquestionably have the power in their hands, are quite willing to stand aside and let almost any really capable soldier candidate have the seat.

## New Council Now in Office

(Continued from first page)

Plummer as Town Marshall and General Manager, it was considered necessary to have an assistant in the work, so that the Town might have a proper measure of police protection.

We were instructed to secure a suitable man for the work and succeeded in procuring John Murdoch, in our opinion, a very suitable man for the work, at a salary of \$275. His work also consists of attending all public gatherings, where needed, also to serve all papers in town business for same pay.

It also was a part of our duty to buy, build or rent some place to be used for a lockup. We wrote Hon. F. B. Carvell to allow us the use of the basement of the post office. This he thought best not to do. We then asked him the privilege of building one on the post office lot next the River, and this in his judgment was not the best thing to do. While we did not differ much with the Hon. Gentleman as to use of the basement, yet we do differ with his opinion as to allowing us to build on the same lot, next to the River. We suggest that the new council take this matter up with the present member and press the matter with him.

We also say there was a pressing need of some place to park autos evenings, and in that case we saw there was one place that might be used, and that was under the bridge of the St. John River.

We intend to have a ball in the master's house, and we intend to say that he is not as

soon as the new bridge was completed he would clean everything out from there and we might have the place. Mr. Campbell was very courteous in the matter and was pleased to acquiesce.

Referring again to the appointment of a policeman for the Town. We found that by doing so, it made it possible for the town manager to take over the duties of collector and treasurer thereby making a saving to the Town of more than the salary of the policeman. In all of the matters coming under our work we have at all times acted in the best interests of the town, as far as we know at the time.

Police Com.  
Your fire and water committee begs leave to submit the following report for the year ending Dec. 31.

Your committee took up the work after the old Water Works Board laid it down by going out of office which was July 1919. So our report will begin about then.

Some of the work done by your committee consists of the laying of some 300 ft. of water pipe on Hill Crest, for the use of water takers, adding about 5, more to the present number at an expenditure of about \$273.

On examination we found the reservoir, and catch basins in an unclean, and unkept condition, this is not saying too much, and it is said for the purpose of calling the attention of the Town Council, of having this inspected often, so that the water needs may feel quite sure that the water is not running from impurities.

We had these cleaned out impurities, and repaired so as to do for present purpose. Also did some small repair to Hydrants.

We also found the engine in the pumping station not working well, and it was thought at one time to be necessary to buy a new one, but on further examination it was decided to try some repairs, consisting of one new set of piston rings, and this made it work quite satisfactory for the present.

We cannot give you an itemized report of the financial side of our work, but this is in the General Manager's report, amounting in all to about \$762.67.

In closing our report we would call the attention of incoming council to some matters that we have not had the opportunity of getting done, because of the short time we have been in office.

1st. In our opinion it will be necessary during 1920 to do extensive repairs, or additions to the present water system, including either an extension of the present reservoir, or a new one also an extension of the present pumping station, with a larger pump.

Some work of this nature we believe is necessary to give adequate fire protection to the portion of the Town on the higher ground.

Your committee recommend that this matter be taken up by the incoming council at an early date, so as to provide proper funds to finance the work.

2nd. During the last fire in the town your committee had the privilege of noticing the very great need of providing our town firemen with rubber coats and hats to be used at fires only. We think it quite absurd that men will be expected to stand out in biting frosts and cold winds and handle the hose and water properly without some protection in the form of coats and hats.

Geo. O. Britton  
A. A. Nevers  
A. F. Campbell  
Fire & Water Com.

Following are some suggestions made by the outgoing Board:

The new aldermen for the Town should have in mind the necessity of not increasing the taxes to any great extent.

Within the next two years the retiring of the water debentures of about \$12000.

An engineer should be employed to report upon the conditions of the present reservoir and the probable cost of repair.

The extension of the water in from Faulkner's to the corner of the Rockland Road.

There should be at least an appropriation of at least \$2000 for roads.

I would favor a delegation from the Town Council and at least three of their leading citizens and several more from the Parish of Brighton to wait upon the government at their next session with a view of getting them to complete the road from Morgan's Hill to the rear of the River lot, as was their recommendation two years ago be-

fore the town was incorporated. That Farmers' Telephones be placed in the pumping station and at the residence of the town manager and the town marshal at the expense of the town.

## Tuesdays' Races

The races Tuesday were very exciting and were tried out on the river at Hartland.

There were no entries in class A.

In class B. the score was:  
Cassie W. 1211  
Molly Wood 2122

Class C.  
H. Sawyer 112  
H. Kennedy 224

A large number of outsiders were present to witness the fun and a greater number are invited to come next Tuesday afternoon.

The Observer Cup has been ordered from the world-famous firm of Henry Birks & Son and is expected to arrive any day. It will be displayed in the corner window of B. B. Dykeman.

## Hanged Himself

On Saturday Earl Marston hanged himself in his barn at Sisson Ridge. He leaves a young wife and family.

## Missionary Meeting

A public Missionary meeting will be held in the Reformed Baptist church Tues., Jan. 20, at 7.30. Mrs. I. F. Kierstead, returned missionary, will be the chief speaker. She is an interesting speaker and well worth hearing.

A good meeting is expected; come and enjoy the meeting.

# Listen!

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

HOW YOU CAN TELL  
GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations.

Genuine "Bayer Tablets of Aspirin" have been prescribed by physicians for nineteen years and proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis.

Handy in boxes of 12 tablets—also larger "Bayer" packages, can be had at any drug store. Made in Canada.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monaceticacidester of Salicylicacid.

While it is well known to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

### END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapain" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diapain from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children, of all ages and for grown-ups.

### 10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

### BRIDGE OVER RIVER AT EDMUNDSTON

Structure Costing \$200,000, Will be Erected This Year

It is expected that a substantial highway bridge, to cost probably \$200,000, will be built over the St. John river between Edmundston and Madawaska (Me.), this year. The new structure will connect new modern highways recently built in Quebec province, New Brunswick and Maine, and will thus open an important new through trunk line for automobilists, as well as assisting trade between the provinces named and Maine. The nearest bridge over the St. John from Edmundston, a rapidly growing industrial centre, is twenty-five miles below, between St. Leonard's, in the southern part of the county, and Van Buren.

A meeting has been called in Edmundston this week by Pius Michaud, M. P., to consider the bridge question further, Ottawa, having requested the residents of the thriving town to put their views in writing.

The federal government has appropriated \$25,000 towards the bridge fund and it is expected that a further grant will be made at the coming session of parliament. The state of Maine has agreed to pay half of the cost of the bridge, as it did in the construction of the St. Leonard's-Van Buren bridge. As the proposed structure will be an international bridge, the New Brunswick government will not be directly interested.

For several years there has been considerable travel across the St. John river at Edmundston by cable ferry, which carries teams, automobiles and individuals in the season of navigation, and over the ice in winter, but the ferry has largely outgrown its usefulness and traveling is hazardous in the spring, when the ice weakens.

John M. Stevens, of Edmundston, said that he thought preliminary work on the foundation might be begun this winter and that efforts would be made to have the structure completed by next fall. He said that highways throughout that section had been

### "BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

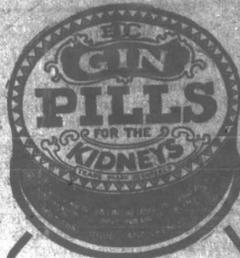

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.

greatly improved and modernized and that the new structure would be of great importance to motorists.

### Former Carleton Co. Woman Dies in B. C.

Mrs. Francis S. Phillips, wife of C. H. Phillips, died at her home, at Cranbrook, B. C. The deceased was 59 years of age and was the last of a family of eight children. She was the daughter of Alonzo Taylor of East Florenceville, and went to Cranbrook seven years ago with her youngest boy, Sperry. During the period of her residence there she won her way into the hearts of all who were fortunate enough to meet her, and her death comes as a distinct shock to her hosts of friends.

Mrs. Phillips had been suffering

from bronchitis for the past two years, but no dangerous symptoms appeared until the death of Eugene Phillips, her eldest son, who was killed at Valenciennes, France, just one year ago Wednesday. Eugene was twenty-two years of age when he made the supreme sacrifice and was acting captain at brigade headquarters. He won the Military Cross, which Mrs. Phillips received from the Prince of Wales on the occasion of his recent visit to Nelson. Her son, Sperry, was only seventeen when he enlisted and lost his left leg two years later at the front. He is now at the B. C. University at Vancouver. Besides the husband and son, Mrs. Phillips is survived by her daughter, Mrs. T. O. Phillips of this city.

By the death of Mrs. Phillips the Grim Reaper is responsible for taking from our midst one of the noblest and sweetest characters in Cranbrook, one who strove to do a kind turn for others even in her weakest moments. The sympathy of the entire community goes out to the saddened home, and all will deeply deplore their distinct loss.

### Seeking High Tariff Against Our Potatoes

Subscriptions are being taken among the potato purchasers and shippers of Arcoostook county for the purpose of carrying on a campaign for a high tariff against Canadian potatoes, which, it is said, can be raised at less cost on this side of the border than in Maine. Congress is now in session at Washington, but it is doubtful if anything can be done there this session towards erecting the proposed trade barrier.

It is expected that much opposition will be made by the larger cities, where potatoes now

### NO PROFITEERING WITH ZAM-BUK

Before the war, Zam-Buk was 50c. a box. All during the war, when the cost of production was rapidly advancing, the price of Zam-Buk to the consumer remained the same. Now, with the war over, while some prices continue to soar, Zam-Buk is still 50c. a box. Not only so, but the same high standard of quality has been maintained throughout.

There has been no profiteering in regard to Zam-Buk. For every box you have bought, you have been asked to pay fair value only.

Is this method of doing business not worthy of recognition? Answer this question by continuing to recommend, to appreciate, and to use Zam-Buk—the greatest household healer of modern times.

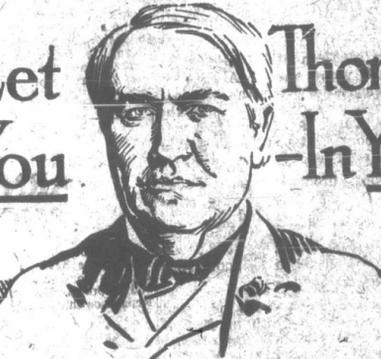

Use it for all skin troubles, eczema, ringworm, abscesses, ulcers, boils, pimples, piles, blood-poisoning, chapped hands, cold sores, cuts, bruises, burns, scalds, etc.

All Dealers, 50c. Box.

are very high, and which desire the Canadian product. The Democratic leaders in the United States have said repeatedly that a tariff on potatoes and other necessities meant that prices would be higher to the consumer and would assist any group or groups of men who desire to do so to corner the supply. Should a high tariff clause as to potatoes be railroaded through Congress, it is possible, if not probable, that President Wilson will place his veto to it.

## Will You Let Thomas A. Edison Entertain You In Your Home?

That is what happens when an Amberola comes into your home. The wizardry of Edison—the Master Product of his Master Mind—furnishes you with years and years of entertainment—all the best music of all the world—reproduced in a superior way that none but Edison could accomplish.

## EDISON'S NEW DIAMOND AMBEROLA

Among the large number of phonographs and "talking machines" on the market, the genius of Edison makes the Amberola stand out as the one perfect instrument for your home.

Thousands of families in Canada have purchased phonographs hastily, without careful comparison—and as a result they are repenting their choice at leisure.

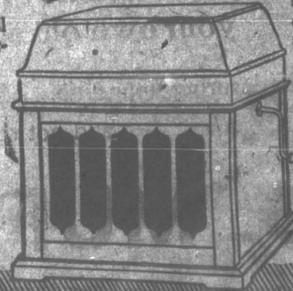

You can safely trust the phonograph that has been perfected by the greatest inventor of the age. Choose the Amberola, and you will never regret your selection. The longer you possess an Amberola, the more you will appreciate its marked superiority over ordinary phonographs and "talking machines."

Its marvelous, pure tone will afford perpetual delight to your

**FREE TRIAL In Your Home**

We will place an Amberola in your home for a 3 Days' Trial which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.

self, your family, your friends. No metallic sound or shrillness—common phonograph faults—nothing but pure melody in every note from your Amberola.

No needles to change, with constant bother and expense. The genuine Diamond Point Reproducer of the Amberola is permanent.

And the wonderful Amberol Records are practically unbreakable and everlasting. You can handle them quickly, carelessly—yes, drop them—without fear. (You know how easily other phonograph records are broken.) And on these Amberol Records you have all the world's best music—the greatest singers, the latest songs and dances—to select from.

We will gladly demonstrate the superiority of the Amberola to you at any time. Come in today, tomorrow—bring the family along,

### Kent Case Decided

Friday Justice Barry gave judgment in the following case tried before him without a jury at the recent Carleton County Circuit.

Florence L. Sullivan vs. The Trustees of School District No. 11, in the Parish of Kent. This is an action for the trover and conversion of a mare, claimed to be the property of the plaintiff, which the defendants seized and sold in June, 1917, under an execution for school taxes against Daniel Sullivan, the plaintiff's husband.

Judgment and verdict for the plaintiff for \$225, with the costs of the action. F. C. Squires and M. L. Hayward for the plaintiff; J. C. Hartley, K. C., for the defendants.

### Potato-Houses Burn

William W. Boyer's potato-house on his farm on the boundary-line road, Fort Fairfield, was burned about 5:00 o'clock Monday morning from a fire that is thought to have started from a defective flue. With the potato-house were burned 3,000 barrels of potatoes and some other goods. The total loss is estimated at about \$16,000.

The potatoes were not insured, but some insurance was carried on the other property destroyed.

Review  
A large potato warehouse, containing 4,000 barrels of potatoes, owned by W. S. York, at Mars Hill Aroostook, was burned with contents on Friday. A quantity of grain and flour was also burned. The loss is \$40,000.

## ARE YOU WEAK AND RUN DOWN?

In This Condition Only a Tonic Medicine Can Renew your Health.

The condition of being "run down" is one that doctors do not recognize as a disease. The physician of to-day who gets his training in a hospital where only severe disorders are encountered knows little about it. But those who are run down in health know that it is not a fanciful affliction.

The expression "run down," applied to health, means a condition in which all the bodily functions are enfeebled. Appetite fails, the digestion is impaired, the nerves are impoverished, the complexion becomes pale or waxy, there is no animation, but rather worry and mental depression. Fatigue is a constant symptom.

No particular organ being affected, you must look for relief to the blood. As it circulates through every part of the body, any improvement in the condition of the blood is quickly felt throughout the entire system. As a restorer of the blood and builder of weak nerves Dr. Williams' Pink Pills stand at the head of all tonic medicines. Every dose of these pills helps to enrich the blood and strengthen the nerves, and thus the various organs regain their tone and the body recovers its full vigor. Ample proof of this is given in the statement of Mr. William Devine, Gerrard street east, Toronto, who says: "Two years ago while employed as a conductor on the Toronto Street Railway, I became much run down. I consulted a doctor who gave me medicine, but it proved fruitless as I was constantly growing weaker. My appetite completely failed and I fell away in weight until I only weighed 125 pounds. I was sometimes taken with fainting spells, and finally felt compelled to resign my position. I tried what I thought was lighter work, but with no better results. I was growing weaker and weaker. One day a chum urged me to try Dr. Williams' Pink Pills, but by this time I was heartily tired of medicine, as nothing I had taken did me any good. Finally he bought me a box of the pills, and I could no longer refuse to try them. After a time I felt they were helping me and then I gladly continued their use, with the result that I was finally enabled to go back to my old position fully restored to health. I owe this splendid condition to Dr. Williams' Pink Pills, and can strongly recommend them to any one suffering as I did."
