It would be remiss not to say that the staff of teachers are deserving of highest praise and the gratitude of the parents and the townspeople as a whole for their manifest excellent work, their tireless effort to do their duty by the pupils, and the great amount of work that was represented in the preparation of the closing exercises, which will be an outstanding event in the lives of the young people who were graduated.

AGED CITIZEN MEETS SHOCKING DEATH

Allen Bradley, one of the Towns Oldest and Best Known Dies From Effects of Driving Accident

Allen Bradley, one of the oldest and best known residents of the town, died a tragic death yesterday afternoon consequent upon injuries received when he was thrown from a wagon on Friday. Mr. Bradley was driving toward Coldstream and when descending the Cross Creek hill a shaft dropped out, the horse became frightened and running away threw Mr. Bradley heavily to the road and while no bones were broken he suffered severe bruises and tremendous shock. Owing to his advanced age he could not survive the catastrophe which befell him and, as stated, he passed away yesterday at the home of his nephew, W. F. McMullin.

Mr. Bradley was born at Hartland eighty-two years ago and has lived here all his life time. He never married. For years he conducted a blacksmith and woodworking shop and has been one of the best known figures in the history of the town. He was closely identified with the installation of the town water system thirty years ago and served many years as commissioner and superintendent of the water system. He was closely identified with the town's earliest affairs and was possessed of keen intelligence and with integrity.

The shocking manner in which one of the oldest citizens met his death has created profound sorrow and pity. He is survived by two brothers, Henry and Frank, both of this town. His last surviving sister, Mrs. Stephen McMullin, died less than a year ago. There are many other relatives in this vicinity.

On Friday night after the graduating exercises were over Miss Kingston was asked to come down to her S. S. class room. She was presented with an ivory jewel case and two gold lingerie clasps. She was greatly surprised and pleased. The presentation was made by Alice Keswick. The address follows:

YOUNG DAUGHTER MADE WELL

Mother Tells How Her Daughter Suffered and Was Made Well by Lydia E. Pinkham's Vegetable Compound

Vancouver, B.C.—"My daughter is a young girl who has been having severe pains and weak and dizzy feelings for some time and had lost her appetite. Through an older daughter who had heard of a woman who was taking it for the same trouble, we were told of Lydia E. Pinkham's Vegetable Compound. My daughter has been taking it for several months and is quite all right now. It has done all it was represented to do and we have told a number of friends about it. I am never without a bottle of it in the house, for I myself take it for that weak, tired, worn-out feeling which sometimes comes to us all. I find it is building me up and I strongly recommend it to women who are suffering as I and my daughter have."—Mrs. J. McDonald, 2947 28th Ave. East, Vancouver, B.C.

From the age of twelve a girl needs all the care a thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time. If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, make life easier for her. Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions.

EDMUNDSTON

(Edmundston Observer)

Madawaska was settled first of all by the Acadian French in 1785, who found a refuge here after the victory of the British. The first settler, an ancestor of many of our residents at this time, Joseph Daigle, erected a cross, on his arrival. At that time, of course, both sides of the river were under the rule of the British. Farms were planned and made prosperous, villages came into being and the population grew.

In 1842 the Ashburton Treaty was signed and the St. John River became the boundary between what is now known as The State of Maine and New Brunswick. But on both sides of the river people bear the same names and belong to common families and the relationship has always been kept up, and the friendship kept alive.

Previous to the coming of the French, the Indians encamped here, and just outside of the town there is an Indian settlement still.

Edmundston gets its name from the Christian name of a Governor of New Brunswick, Sir Edmund Walker Head, who visited this place in 1856 when he was in the person of Frank Murchie.

Edmundston was incorporated as a town in 1905, Mr. S. E. Burpee, now with the Fraser Companies, Ltd., being the first mayor.

In 1910-1912 the Water and Electric Light System was installed and in 1917 the Sewer system was commenced.

Edmundston was chosen as the Divisional Headquarters of the Canadian Transcontinental Railroad, and this helped to build up the town. The great growth of Edmundston is due to the coming here within the past few years of The Fraser Companies, Ltd. The building of their great pulp mill, employing hundreds of men, and the locating of the head offices of this firm at Edmundston, with their branch mills, and timber limits stretching all over the Province and beyond.

During the past year the new school building has been finished and this school with its Vocational wing is acknowledged to be the finest school in the province.

There are three churches, the Church of the Immaculate Conception (Catholic), the Rev. Father Conway and Lynch, priests; the Anglican Church of St. John Baptist, with Rev. N. Franchetti rector, and St. Paul's Presbyterian church, Rev. John Hardwick, minister.

The population is nearly 5000, the great majority being French. There is a Council here of the Knights of Columbus, and a Chapter and Lodge of Freemasons. There are three banks, numerous wholesale houses, and several industries. At St. Basil there is a good hospital, carried on under the direction of the Catholic church, and in this institution of mercy, Catholics and Protestants alike, are welcomed and given the greatest care, by the good sisters in charge.

At Edmundston too, we have a convent of the Grey Nuns, where a private school is conducted by them with great satisfaction. There are about nine hundred school children in the town and the progress educationally, the past year, has been phenomenal under the leadership of Principal Savole and his faculty of teachers.

There are two weekly newspapers, one in French, Le Madawaska, with an up-to-date printing establishment in connection, and an English weekly, The Edmundston Observer.

When the late King Edward was here, over fifty years ago, he was taken on a canoe ride by one who only in recent years passed away.

The Edmundston Board of Trade has as its president, Dr. P. H. LaPorte, and as its secretary, C. W. Beggs. Our local members are Pius Michaud, who so ably represents us in Ottawa, and Hon. J. E. Michaud, member of the Provincial Legislature, who is always endeavoring to help the town and the people he represents.

The present Mayor is Max D. Cormier, who was reelected this year by acclamation.

Two churches (are to be built in the immediate future. A magnificent structure is being planned for the Catholic inhabitants, and the congregation of that church have rallied around their Pastor, Rev. Father Conway, in a way which shows the affection they have for him; and the Presbyterians are planning for a new edifice on the site of the present structure.

Edmundston, situated as it is, on the upper waters of the St. John River, or at the junction of the Madawaska River, bordered by the Province of Quebec on the north and west, and on the south by the United States, the home of great forest resources, with three railroads—the Canadian National, Canadian Pacific and Temiscouata—is bound to progress in the future at a greater rate than it has done in the past. If nature has anything to do with it, Edmundston must grow.

We trust that before their Excellencies, Lord and Lady Byng, go from Edmundston, that they will be shown the magnificent bridge joining the United States and Canada, opened last year, with representatives of both countries present at the ceremonies.

(The above facts have been gathered on the occasion of the visit here of their Excellencies, Lord and Lady Byng, of Vimy, and arrangements have been made so that copies of the paper will go forward to them before they arrive in Edmundston, in order that they may know a little concerning the town before they get here. We are indebted to Le Madawaska's Souvenir Album published last year, for a great deal of the information so roughly given in this account, and we acknowledge our debt to it. We are sure too, that a great many of our readers scattered through the Dominion and the United States, and British overseas, will be glad of this information.—Editor.)

Jacques, an old resident of that town and beloved by all.

J. B. Michaud, Police Magistrate and insurance man, who tempers justice with mercy.

High Sheriff Daigle, ex-member of the local legislature, who knows the country from end corner to another.

Chief Savage of the Police and Fire Departments, who never sleeps, and yet is always awake.

Superintendent Griffin of the Canadian National Railway, who has brought to his division the latest word in efficiency.

Major C. M. Rideout, station and freight agent at the Canadian National Railway, distinguished in the war, and distinguishing himself every day in railroad circles.

R. B. Owens of the Canadian Pacific Railroad, the courteous and efficient station agent of that road here.

Dr. P. H. LaPorte, president of the Board of Trade, and physician.

Canada Confident of the Future

CANADA is endeavoring to regain her after-the-war stride in the midst of many difficulties—debt, deflation and depression being some of them.

Quick remedies and academic theories beat her path on every side. Some suggest that our debt worries can best be eased by going further into debt. Others preach blue ruin, decry their own country and indulge in mischievous propaganda generally, while still others look for a new social order or some miraculous sign to indicate a better coming day—all this in apparent forgetfulness of the fact that just as there was no royal road to win the war, there is now no royal road to pay for it or regain our former buoyancy, vigor and confidence.

Some are leaving Canada hoping to escape taxation, only to find there is no escape anywhere. In seeking for easy remedies too many of us overlook the fact that the greatest remedy is honest, hard work faithfully and intelligently performed, accompanied by old-fashioned thrift.

It takes time, it takes patience, it takes grit. But every Canadian knows in his heart that Canada is coming through all right.

Our Experience Proves It

Look back over the path Canada has trod. The French Colonists, cut off from civilization by 3,000 miles of sea, faced a continent—a wilderness—without the aid of

even a blazed trail. They had to fight savages, frosts, scurvy, loneliness and starvation.

The United Empire Loyalists subdued an unbroken forest in one generation, growing their first wheat amid the stumps and snags of the new clearing.

The Selkirk settlers came to Manitoba when the prairie was a buffalo pasture, and grew wheat where none had grown before and where those who knew the country best at that time said wheat would never grow. Today the Canadian prairies grow the finest wheat in the world.

In proportion to population Canada stands to-day among the wealthiest nations in the world, with savings on deposit per family of \$800. Canada's foreign trade per head of population stands amongst the highest of the commercial nations, being \$192 per capita in 1922-23, as compared with \$125 in 1913-14, the "peak" year before the war.

New Opportunities for Canada

In Canada, although prices in the world markets fall below our level, our farmers' crops last autumn the largest grain crop in Canadian history, and Canada became the world's largest exporter of wheat, thus in large measure making up for lower prices.

Last year, Great Britain, after an agitation extending over thirty years, removed the embargo on Canadian cattle, and a profitable and practically unlimited trade is opening up for Canadian stockers and feeders.

"The 20th Century belongs to Canada"—if Canadians keep faith.

The next article will suggest practical opportunities for profit making on our Canadian farms.

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

LOCAL AND PERSONAL ITEMS

"Clean O'Dawn" featuring John Gilbert and Barbara Bedford, proved most interesting on Wednesday evening. A son, late an orphan, on the death of his mother, who had been deserted by the husband; the accidental meeting of father and son later, the latter having grown to manhood; their life's adventures in the Canadian "wilds"; the exposure of their real relationship by a witless violinist, who had once been suitor to the dead mother, and a love idyl between our hero and a foster sister all helped to make a stirring story. To give patrons their full money's worth, there was added a Fox News reel and a two reel comedy "The Landlord."

On Saturday evening "Married People," a sort of comparison story to "Blind Wives," was shown, featuring Mabel Ballin and Percy Mermont. The picture was most interesting and embodied a most poignant moral. A Pathe News was added for good measure. Notice particularly the picture coming to Centreville in the immediate future, as per Observer advertisement.

Centreville was given a rude awakening on Tuesday night at 1.30 by a couple of thunder-bolts in quick succession. People were on the prowl immediately and lights flashed up all over town. After a brief inspection of property, everyone sought their humble cot and Morpheus once more. Morning however revealed the real proximity of the lightning and its work. The spire of the Anglican church was virtually torn away from the crest at the top to the very base. The tower, hexagonal in shape, was split throughout the entire length and each of the six divisions were standing up separately. The force of the bolt blew windows, shutters and shingles off and cast them thirty feet away from the building. Debris littered the church yard and adjacent lots for an area of an acre or more. The electric wiring was completely burned out. The interior of the church suffered some minor bit of destruction. The church building was insured, and work of rebuilding will be begun as soon as convenient. One farmer at Bridgewater lost three large barns the same night.

On Thursday evening commencement

ment exercises were held in the Opera House before a capacity audience. The first part of the evening was devoted to a delightful programme given by the primary department, followed by the presentation of graduation certificates and laudatory essays by several of the graduating class. The school will begin the ensuing year with an entirely new staff of teachers.

Burt Hawkins of Houlton spent Sunday at his home here.

The work of the road patrol squads is beginning to give results and a marked improvement is shown on most of the highway over which they have jurisdiction. The little bumps and pitch holes which were more numerous than the sands of the sea shore are becoming progressively decreased and with another month's labor will begin to make the joy rider sing a new song.

GRAND FALLS NOTES

Taylor's, W. S. McCluskey's and F. W. Pirie's residences, out near Robert McCluskey's, down Chapel street to the School, along School street to Sheriff street, up Sheriff street to Main street, along Main street to Broadway, down Broadway to the flat, where addresses are presented."

Friends of Charles J. McCluskey are very sorry to learn that he met with a painful accident last week. He has been employed at the new bridge being built there, and was unfortunately enough to get a piece of steel in his eye. He is now in the Fisher Memorial Hospital at Woodstock and fears are entertained for the sight of the injured eye.

PERTH NOTES

Mr. and Mrs. Frank White and Mr. and Mrs. H. D. White of Fort Fairfield passed through here on Sunday on their way up to Quebec.

Mrs. M. I. F. Carvell of the Canadian Life Assurance Company was in town during the week.

Harold Anderson, of the C. P. R. Co., Arrostook Jet, spent Sunday in town. The closing exercises of our school took place on Thursday afternoon when a very pleasing programme was carried out. A large number of visitors were present.

Mr. and Mrs. Wm. Anderson of Fort Fairfield were the guests of the latter's parents, Mr. and Mrs. John Larlee of Tobique Narrows on Sunday.

Mrs. Burton Kelly and little son of Plaster Rock, were guests of the former's mother, Mrs. Nellie Anderson on Tuesday.

Miss Lillian Larlee is the guest of Mrs. G. S. Larlee of Bath.

Mrs. Nellie Anderson and three young sons, left on Saturday for Salisbury, where they will remain indefinitely. They will be much missed here by their many friends.

Miss Jessie Clark, a former principal of our school, was the guest of Mrs. F. Sloat last week. She returned to her home in Fredericton on Saturday accompanied by Miss M. Edgar, teacher of the intermediate department of our school.

Mrs. James McNair of Wapke was in town on Wednesday.

Mrs. Carolyn Armstrong, accompanied her grand daughter, Miss Margaret Lorne, to her home in Artibonque on Saturday, where they will spend a few days.

Mrs. Albina Baird, one of our most highly respected ladies, entered into rest on Monday night, after nearly a year's illness of Bright's disease. Her age was 59 years. Although not unexpected, her death came as a great shock to her many friends. The late Mrs. Baird was a daughter of the late Elijah and Mary Larlee, and is survived by one brother and sister. One brother, J. B. Larlee, died several years ago, and two others, A. H. and D. W. Larlee, within the past five years. She is also survived by one son, B. R. Baird with whom she lived, and four grand children. The deceased was a registered nurse, and practised her profession in New York and Boston for many years, after which she returned to her native land, where she has made it easier for many a sufferer, even when feeling well herself. She was very unselfish and patient, thinking only of the comfort of others, and her many kind deeds will be long remembered. Possessed of a very fine voice, and charming personality in her younger days she was naturally much sought after in social circles. The funeral took place at the Larlee Creek church on Wednesday afternoon, when Rev. O. C. Howlett spoke words of comfort to the mourners. The floral display was very beautiful, including large pillar candles, carnations, sweet peas, and carnations, family, spray, roses and ferns, Mr. and Mrs. Frank Gibson, Presque Isle; spray, lilies, Mrs. Bertie Baird; flat bouquet, Mrs. B. B. McLaughlin; spray roses, Mrs. B. C. Palmer, besides many others. A choir composed of Mrs. M. L. Wright, Mrs. Clement Dionne, C. L. Olmstead and C. W. Lewis, with Miss Louise Blakeslee as organist, rendered the following hymns: "My Mother's Hands," "Gathering Home," "Beautiful Isle of Somewhere" and "The Last Mile of the Way," and as the casket was being lowered in the grave the choir sang "Shall We Meet Beyond the River." E. W. Larlee, Franklin Larlee, J. W. Craig and E. W. Cox, were pall bearers. Mrs. Baird will be sadly missed not only in the home circle, but in the neighborhood. The family have the sympathy of all in their sorrow. Among those coming from a distance to attend the funeral were, Mr. and Mrs. Frank Gibson of Presque Isle.

A very pretty wedding was solemnized on Wednesday morning at the home of Mr. and Mrs. Ross of Andover, when Miss Eva Myrtle Millin, eldest daughter of Mr. D. F. Millin of this town, became the bride of Wm. Smith of Toronto. The bride looked very winsome in a handsome traveling suit of grey pique, with hat to match, and carried a bouquet of bride's roses. Rev. O. C. Howlett performed the ceremony, after which the young couple left by auto for Fort Fairfield, where they will reside. The bride, who is one of our much liked and popular young ladies was tendered a shower by her friends at the home of Mrs. Sisson of Andover, a few nights previous. The groom is a well known mechanic. The best wishes of all go with Mr. and Mrs. Smith for a long life full of happiness.

Mrs. Hugh Smith is visiting Mrs. Clayton Willett of Caribou.

The game of tennis played between Andover and Fort Fairfield Wednesday afternoon at the Andover courts was highly interesting to the players as well as a goodly number of visitors. The games were well played and the Andoverites were the winners. Owing to the rain that came near the close of the afternoon, supper was served at the pleasant home of Miss Janet Curry, instead of on the tennis grounds as had been intended.

The setting of the June Court, was in session in the Andover Court House during the past week. Judge Carleton of Woodstock presiding.

Mrs. W. Lawson, formerly of the Tobique, but recently of California, was a guest of Mrs. Alexander Henderson, during the past week.

Many friends are glad to welcome James E. Porter to Andover, again.

Mr. Porter went some two years ago and is now making his home in Regina. He is the guest of his parents, Mr. and Mrs. James Porter.

Miss Eva Millen of Perth and Mr. William A. Smith of Toronto were married at the home of Mr. and Mrs. Ross of Andover, Wednesday, at ten o'clock, the ceremony being performed by Rev. O. C. Howlett. Miss Daisy Millen acted as bridesmaid and Mr. Traford as the groom's best man.

Mr. and Mrs. Smith left that afternoon for Toronto where they will reside. Many friends wish the happy young couple much joy and happiness through life.

Rev. Charles Flemington and family are leaving this Tuesday for their new home in Point de L'Esperance. The best and heartiest of good wishes are extended to them for their future happiness.

The closing exercises of the Andover Grammar School were held in the specialty Friday evening. The large hall was packed to the doors. A pleasing programme was nicely rendered, showing that the teachers have spared neither time or work in their efforts to make the evening a success, and they should feel well repaid to know that the evening was one of the most pleasant spent in this village for some time. Those graduating were, Misses Hazel Turner, Justine Rogers, Sadie Palmer, Mary McPhail, Hazel Grant, Genevieve Armstrong, Adelaide McLaughlin; Paul Lewis and Donald Dickinson.

**CHAMPLAIN, DE
MONTS AND CANADA**

An interesting Account of Canada's
Early Days—St. John River
Name of the John
the Baptist

To those of us who are privileged in
living near the beautiful St. John
River, the festival of St. John the Ba-
ptist has a particular significance, for
it was on this day, three hundred and
thirteen years ago, June 24, 1609,
that the adventurous fur trader, Sieur
de Monts and that intrepid voyager
and far-seeing visionary, Samuel de
Champlain, first saw the noble Quin-
sondy and remained. St. John the
Baptist day is well known to us in
these times to refresh our memories
with bits of history and to call to
mind the daring and self-sacrifice of
the early explorers, who faced un-
told hardships that the little colonies,
which have grown into the great Can-
ada of today, might live.

Sieur de Monts was a gentleman of
the court of King Henry IV of France,
who made him Lieutenant-General of
the colony of Acadie, the bounds of
which were not definitely marked,
but were supposed to extend from
Cape Breton halfway to Florida. He
was given the feudal lordship over
this country with the sole right to the
fur trade of that vast region, includ-
ing Newfoundland and the mouth of
the St. Lawrence. In return, de
Monts agreed to colonize, till the soil
and convert the heathen.

With de Monts came Samuel de
Champlain, the man who is known as
the "Father and Founder of Canada,"
whom every Canadian, whether of
English, Scotch, Irish or French ex-
traction, should delight to honor. He
was born at Brouage, France, in 1574,
and was trained to the sea from his
earliest years. He had made, voy-
age to the St. Lawrence in 1603. Fear-
less of danger, patient, wise, prudent
and self-controlled, Champlain had
the qualities of a discoverer and a
founder of colonies. His chief aim
was to found a new colony and to
convert the Indians, especially the la-
ter. "To save one soul," he said, "is
of more importance than to found an
empire." In his dealings with the
Indians, he was fair and open, always
treating them kindly, and wishing to
persuade them to become Christians.
He had none of the greed of the tra-
der, and he freely forgave those who
wronged him. In his later years, he
governed Canada, wisely, guiding it
wisely through its first years, when
settlers were few, and when danger
and hardship, which he willingly
shared, were the common lot. He died
on Christmas Day, 1635, at his be-
loved Quebec.

Champlain was appointed by the
King, "geographer of the expedition,"
and was charged to write a faithful
account of all he saw. They left
France on April 7, 1604, and reached
Sable Island on May 1. Cape La
Have was the first point of the main-
land sighted. They explored with
care the coast of Nova Scotia, map-
ping the coast line, and giving names
to the places they saw. On June 16,
they entered Digby Basin, which they
named Port Royal. They explored
the shores of the Bay of Fundy to its
head, Cumberland Basin and Ches-
necto Bay. They then sailed west-
ward, past the mouth of Quaco River
and Quaco Head. Champlain reported
finding mines at Quaco and farther
west, being deceived by the red
color of the rocks. Champlain thus
describes their coming to the St. John
River: "Four leagues farther on, is
a fine bay running up into the main
land, at the extremity of which there
are three islands and a rock, two of
which are a league from the cape to-
wards the west, and the other is at
the mouth of the largest and deepest
river we had yet seen, which we
named the River St. John, because it
was on this saint's day that we ar-
rived there."

The river was not explored farther
than the falls; but the Sieur de Monts
four years afterwards, sent men up
the river, who found it beautiful,
large and extensive, with many mea-
dows and fine trees, as oaks, beeches,
walnut-trees and also wild grape
vines.

On Navy Island, at the mouth of the
river, Champlain found an Indian long
house. This was called in their lan-
guage Outagouy and Champlain
thought this was the name of the riv-
er. Here lived the Indian Chief Se-
condun. Marc Lescarbot, who came
in 1606, describes Secondun as a man
of noble mien and great influence,
who loved the French and admired
their civilization. He described his
country as "a great enclosure upon
a rising ground, enclosed with tall
and slender trees tied one against the
other. Within the enclosure were
several cabins, great and small, one
of which was as large as a market
hall, wherein several families resided."

The rugged, natural features of St.
John have changed but little in three
centuries. The rocky heights and the
distant hills clad with evergreen,
still greet the traveller as they greet-
ed the early explorers. Did Cham-
plain's visionary mind see a busy
city, with numerous factories and
varied industries, and a harbor teem-
ing with shipping from all parts of
the world? One wonders when they
had seen so many desirable
spots, they should choose to settle on
a lonely little island up the little St.
Croix River, where they endured un-
told hardships and half their little
colony died before spring.

It was on June 24, 1607, that John
and Sebastian Cabot, the first Eng-
lish explorers, sighted land, after be-
ing at sea for many weeks. So the
24th of June is a day memorable in
Canadian History.

Mrs. William Willett, who has been
quite ill for several days, entered the
hospital on Tuesday and will under-
go an operation.

Mrs. Hamilton, who has been a guest
at the home of Mr. and Mrs. J. L.
White for some weeks, returned to
her home in Moore's Mills on Monday.

Mrs. W. B. Ester, Miss Gertrude
Olson and Margaret Taylor, who were
in Moncton last week attending the
Presbyterian, came home on Friday.

Carl McCluskey returned on Friday
to Campbellton. He was called here
early last week on account of the ser-
ious illness of his mother, who, we
are glad to report, is greatly im-
proved.

Messrs. R. T. Moseley, F. W. Ker-
son, Thomas Corey, F. W. Wilson, E.
L. Dixon, C. A. Ester, W. H. Graham,
K. Kerton motored to Woodstock
on Thursday to attend a degree meet-
ing of the Masonic Lodge.

Robert Carvell, of Lakeville, spent
the week-end in town, the guest of
Mr. and Mrs. O. B. Davis. On Sun-
day Mr. and Mrs. Davis, Mr. and Mrs.
Douglas Hooper, Mrs. W. W. Winesack,
Miss Thelma Winesack and Mr.
Carvell went on a motor trip to Green
River, where they spent the day.

Dr. and Mrs. B. A. Paddington re-
turned on Friday from St. John and
Rothsay, where they attended the
closing exercises of the Rotheray
Collegiate School. They were accom-
panied by their son, Master Jack Pad-
dington, and his friend, Master Eric
Snow, both of whom have been stu-
dents at the school.

We wish to correct an error in the
article on New Denmark, published
in last week's "Observer." The captain
was Capt. S. S. Heller, not Deller, as
published, and for some time after its
founding, the colony was known as
"Hellerup." Your correspondent
takes the entire blame for the error
and trusts it will be excused.

Miss Martina McCluskey arrived
home on Monday. Miss McCluskey
recently graduated in nursing from
the Greenville, Me., hospital. It was
expected that she would have charge
of the hospital for a month during the
absence of the matron, but she was
completely tired out with the long
strain of her training and is obliged
to take a rest.

Miss Gertrude Glenn is to be con-
gratulated on the honor shown her
while attending the Presbyterian at
Moncton last week. One person was
chosen at the Presbyterian to attend
the Inter-Denominational Summer
School for Sunday School workers,
to be held in Wolfville, N. S., during
July. The course lasts ten days.
Among all the number in attendance,
Miss Glenn was chosen to attend this
year and we feel that our town has
been honored by their choice.

F. W. Kerton returned recently
from a very pleasant trip to Provi-
dence, and other American cities. He
regretted very much that he was not
able to attend the Shriner's conven-
tion in Washington. But the weather
was extremely hot and Mr. Kerton's
health forbids undue excitement. Mr.
Kerton has the honor of being one of
the oldest attorneys in the province.
He was sworn in as attorney forty-
six years ago, on June 30, 1876, the
day of the great St. John fire. He is
chosen at the Presbyterian and a devoted
member of the Masonic order, which he joined
when young. Mr. Kerton is still ac-
tive in his profession and takes a keen
interest in all public and national af-
fairs.

Mrs. Whitehouse, Miss Velma and
Ocell Whitehouse, of Knowltonville,
and Mr. and Mrs. Ernest Glenn, of
Florenceville, were guests on Sunday
of Mr. and Mrs. H. C. Glenn.

EDMUNDSTON SCHOOL CLOSING

(Edmundston Observer)

The exercises in connection with the closing of the High School were held in the High School Assembly Hall on Wednesday evening last. Seated on the platform besides Principal Saviole and his assistant, Miss Young, were the school trustees, J. B. Richards, J. P. Leau, J. B. Michaud, M. P. P. Hon. L. A. Dugal, Rev. Father Conway, Rev. N. Franchetti, His Worship the Mayor Max D. Cormier, Martin Theriault, and Rev. John Hardwick.

The students of the High School made their entrance to the tune of a march, and the audience which entirely filled the auditorium stood until they were all placed. Our space is too limited to give a full and a worthy report of the whole proceedings, but in all of the many closing exercises which the Editor has attended, in the United States and Canada, he cannot remember ever being to one, where everything was conducted as smoothly as the one on Wednesday evening.

The beautiful Assembly Room of the splendid new school is an ideal place for exercises of this kind. And more and more the citizens of Edmundston will realize what a benefit this school will be to the rising generation. Principal Saviole gave an address of welcome in French and English pointing out that the education of the young was a matter of co-operation between the school authorities and parents and the pupils. He also made an appeal for Compulsory School Attendance during the year that many boys and girls this year did not attend because of too numerous absences from their studies during the winter. An orchestra played during the evening at different intervals and delighted the audience with their selections.

There were two essays, those were of splendid quality showing the care with which they were prepared. The first one in English was read by Miss Julia Rice and was entitled "Education" and the second one in French, entitled "The Ideal" was given by Miss Aline Cyr. The Rev. N. Franchetti gave the address to the graduates, the graduates being Martin Hall and Miss Carolyn Elizabeth Rideout. He stressed the fact of education being a means to prepare one's self for life.

to be grounded in the things worth while, to get an estimate of character and to "aim for the mark," the highest marks in life. He spoke of education being a lifelong task, and emphasized the fact that in graduating from High School, they were only really commencing their education.

The speeches made at the presentation of diplomas and prizes were of a high order, the counsel given to the students was of the best, and nearly every speaker mentioned that the benefits we should gain from the new school building, were immense, and that the work done by Principal Saviole, his assistant, Miss Young, and the corps of teachers, was phenomenal.

Rev. Mr. Franchetti in his address said that Mr. Saviole had done a remarkable work, and his thought was echoed by every speaker afterwards, and each speaker emphasized the fact that it was incumbent upon all to give the utmost encouragement to the new Principal in his work. Mr. Saviole was visibly embarrassed by the praise and dismounted it at every opportunity, saying that he could not have accomplished what has been accomplished, unless he had able assistance, both from the teachers and the scholars.

A piano duet was beautifully rendered by the Misses Viva Armbruster and Dorothy Hall, and Miss Julia Rice brought an encore with her Cello Solo. English and one in French, and their efforts in this direction showed at what pains they were trained. The valedictory was a masterpiece of workmanship and was given by Miss Rideout, the class history was briefly given, tributes of esteem to the faculty, and the obligations to the school, and hopes for the future of the school expressed.

The Prize List is as follows:

CABANO, QUE.

The Cabano base ball team went to Ste Rose on Sunday and trimmed the Ste Rose team to the tune of nineteen to eleven, and the Cabano team played very inferior ball at that, in fact in the last four innings they did not play at all. In the other two matches the team has played this year, one with Notre Dame du Lac and one with Blue River, they have had easy victories. We would like to see them go up against a real ball team—preferably Edmundston or Riviere de Loup—and have to work some or get beaten.

A very large crowd attended the christening of the new ferry boat here Sunday, seven priests were present. Rev. Mr. Gagnon of Notre Dame performed the ceremony. After the christening about one hundred people went to Notre Dame du Lac for a boat ride on the new vessel.

We understand that Frank Rossignol has sold his pacing mare to Edmundston parties. We wonder if she is the one spoken of in last week's Observer as a full sister to Tom B. And where does the Observer get its authority for calling Tom B. unbeaten? If the editor will look up the records of the Quebec Exhibition races and the Woodstock races of 1922, he will see that Tom B. took second money at both places, and that he is a mighty good horse, and an honest one, and we know of him bringing back two thousand dollars from Clair's on July 4.

Mr. and Mrs. George Birnie of Baker Brook were in town last week, the guest of Mr. and Mrs. Thomas Bell.

Mr. S. Anderson made a trip to Douglastown last week, called there by the illness of Mrs. Anderson, who is visiting Mr. Anderson's parents. We are pleased to hear she is much better.

Mrs. Robert England and Miss Helen and Master Andrew England of Blue River were the guests over the weekend of Mr. and Mrs. Melton Brown.

Burton Anderson of Edmundston is visiting his brother, H. S. Anderson, for a few days.

Mr. and Mrs. Geo. Birnie and Mrs. Thos. Bell motored to Riviere de Loup last Monday.

Mr. and Mrs. Louis Bragdon and little daughter Isabelle spent last week-end in town the guests of Mr. and Mrs. V. E. Jackson.

Mr. Harold Porter who has recently went through a serious operation on his throat and nose in Montreal, has returned looking much better.

Miss Jean Sprague of Woodstock spent Sunday with her sister, Mrs. E. W. Ross here.

J. B. McFadden of Edmundston spent the week-end with his parents, Mr. and Mrs. A. A. McFadden.

Dr. Edme Lalonde, a recent graduate of Laval, has returned to his home here and is going to open an office in town.

Mr. Huckle, the Presbyterian student here, has gone to Woodstock and vicinity for a two week's vacation. He went by car as far as Edmundston with Jack McFadden Monday morning.

Mr. and Mrs. Roy Craig and little daughter are visiting Mr. and Mrs. Herman Lovely. They came to Edmundston Monday by C. P. R. and were met there by Mr. Lovely with his car.

Alex Dunbar and family motored from Edmundston Sunday afternoon and spent a short time with Mr. and Mrs. Geo. Dunbar.

Andrew Mann is building a garage to house his newly acquired car.

Spring-time Revelry in Garden City

1—Mrs. Walter Nichol, placing the commemorative wreath.
2—Parliament buildings at Victoria as seen from veranda of Empress Hotel.
3—Queen of the Maytime Frolic at Victoria B.C. in her royal coach.
4—Queen Dora Hollis enthroned at the entrance to the Parliament Buildings.

THIS year the citizens of Victoria B.C. celebrated the eightieth birthday of this garden city and for three days beginning with the twenty-fourth of May the city frolicked. During the previous week the May Queen had been chosen and with her maids of honor had travelled to neighboring cities inviting her sisters and brothers from Nanaimo, Vancouver and New West-Portland to join in a three day frolic in her delightful gardens. The neighboring cities responded to her bidding to the extent of sending their Mayors and hundreds of their populace to take part in the spring-time revelry.

The initial ceremony of the three day fete was performed when Mrs. Walter C. Nichol, wife of the Lieutenant Governor of the province of British Columbia placed a beautiful floral wreath on the handsome bronze statue of Queen Victoria which stands before the parliament buildings, in the name of the Imperial Order Daughters of the Empire. The landing of the May Queens from H.M.C.S. Patricia followed the broad stone steps leading directly to the parliament buildings. Here they were given the freedom of the city by Mayor Maynard and were crowned by His Honor the Lieutenant Governor of British Columbia entered into by almost every automobile in the city and participated in by

every public spirited firm and individual of Victoria. Bellingham Wash., Nanaimo, and Esquimalt sent picturesque floats and the recently inaugurated Canadian Pacific motor ferry plying between Vancouver Island and the former city gave hundreds of Americans an opportunity to enjoy a real twenty fourth of May celebration.

During the three days many sports events were arranged and on the Thursday and Friday evenings elaborate balls were given in the armoured and at the Empress Hotel. Amid the historical surroundings of Beacon Hill, where as the name implies beacon fires were built in the early days for the guidance of sailors off the Island coast, the picturesque Frolic Pageant was staged on Friday. The Passing of the Possimist was the title given this much heralded event which portrayed the indictment and reformation of many types of civic grouches.

Saturday, as other days, witnessed band concerts given throughout the city streets from early morning until late at night. A home-made circus and regatta and provided matinee entertainment at the Gorge and the picturesque night attack by Indians staged in these natural surroundings recalled very vividly the pioneer days of Vancouver Island and brought to a close a civic carnival of brilliant splendour when the Queen of the Pacific Cities paid homage to the memory of her royal name sake, Victoria the Good.

"King Cole" Preferred

A growing preference is expressed for KING COLE TEA. What other explanation could there be for its persistently increasing sale? Every year of the twelve that it has been before the public has marked its strong steady advance. A good long testing time—long enough to prove the merits or reveal the weakness of any article. Public confidence has been demonstrated in no uncertain way. The testing stage has been passed with honour.
