REPRESENTATIVES IN GREAT BRITAIN AND THE UNITED STATES

lggers nee By Lloyd Buchinski

The Digger House, closed down to give its overworked volunteer staff a break from the seven days a week routine, will reopen on the 24th of October to start off its winter program. At least one of the major problems facing the treatment of speed freaks will be solved by using the Digger House only for speed problems and sending transients somewhere else. "The only people who can get along with speed freaks are other speed freaks," claimed an ex- "freak", now worker, and, in the past, work was hampered by conflicting priorities between the two groups.

One problem that will remain unsolved is the shortage of money. All but four of the staff are volunteer workers and most of the funds are donations. The government does not seem to realize the seriousness or the extent of amphetimine addiction, and is not supplying enough money either for treatment or for research.

As yet, there is no proven formula for curing speed addiction and additional problems often develop. For example, part of the treatment procedure used by the Merry-go-Round involves supplying tranquilizers to help speeders come down from a trip without the usual unpleasant experiences, and then trying to get them to quit the habit. Unfortunately, many of the speeders are abusing this treatment by using tranquilizers to come down on and then going back up on speed. The Merry-go-Round often results in a roller coaster ride, adding a dependency on tranquilizers to speed addiction.

Since so little research has been done with speed, the people who know most about it are the people who have used it, and in this respect the digger house has a very experienced staff. This creates a more genuine atmosphere for the speeder. He realizes that the staff members have been through everything he has and are trying to help him because they know speed kills and not because of some hypocritical anti-drugideal that many social workers seem to operate on. The staff at the Digger House is fully aware of every benefit drugs can offer as well as the dangers, and have based their decision to help people guit on this knowledge rather than on up in the air ideals.

Some of the problems resulting form speed are hepatitus, syphilis, and gonorrhea, (all spread by needles) malnutrition and a breakdown of resistence to infection caused by malnutrition. There is also a speed psychosis that results in an unreasoning fear; fear of police, fear of being busted even though he is clean, or a fear that people in general are out to get him.

Devils advocates in Paradise Cops crash residence

Many people have been previous week. attracted to Paradise Lands this year, and the police department has been no exception. In fact, they have been rather frequent visitors, entering the residence in the early morning hours three times in the past few weeks.

The latest incident took place October 12, when two residents were awakened at 4 a.m. by two of Halifax's finest, standing in their doorway, shining a light around their room. The police had no search warrant, but wanted to know what the place was. They claimed they thought the building was a hospital, although two pairs

them that the building was a refused this information, and Dalhousie residence, the cops, now four in number, said that the house was not registered. (Before being turned into a Dal residence, the building served as an army barracks.)

Once informed that the building had been registered, and an occupancy permit obtained several months previous, two of the officers departed, while the two remaining made an attempt to check out the rest of the building.

When the residents who were awake at the time made of their comrades had been in vehement protests, the cops to inquire the same thing the settled for asking the names

when the students told around. They were also after a bit more polite conversation a Dalhousie professor living in the building gave them the names of Dalhousie officials in charge of housing, and suggested that they might pick a better hour for their visits.

> This ended the episode for the evening, but several days later a Dal sociology professor was stopped as he was entering the building, and asked his name, what his business was there, and what the place was.

> The residents have sent off a letter to the City Police, asking for an explanation of these events, but at present time had not received an answer. Dalhousie Legal Aid Service is also looking into the matter.

Who knows where terrorism will strike next?

Concerts look good

Music and mime, opera and ballet will be presented this year as part of the Dalhousie University Concert series, which will initiate the new Arts Centre.

The series provides something for everyone, with a wide variety of musical groups presenting music from medieval to modern times. Many of the concerts are free, the costs for the others are minimal. Student tickets for all events are half price.

The highlights of the series include The Ensemble Syntagma Musicum, with a program of medieval music played on original instruments. The selection of secular and sacred music dates from 1050 to 1650. A Beethovan Festival, featuring the Vaghy String Quartet, the Atlantic Symphony Orchestra, the New York Chamber Orchestra, pianist Abbey Simon and a chorale concert with the Dal Chorale and the Atlantic Symphony will be presented from the 19 - 29 of November. Later in the season, the Canadian Mime Theatre, now in its second season, will give two shows. The Mozart Opera, "Cosi Fan Tutte" and Grands Ballets Les Canadiens are also on the agenda, as well as other soloists and groups. A complete list of events, and prices can be obtained from the Central Box office at Dal., or by phoning 424 - 2298. The next event in the series will be the Ensemble Syntagma Musicum conducted by Kees Otten. The concert November 8 at 3 pm. Admission is free.

dal photo

Dr. Varma caught tweaking Dr. Hicks' carotid artery in an unguarded moment. dal photo

The Count Dracula Society, devoted to a serious study of Gothic literature and films, presented Dr. Varma with the Radcliffe Award in 1968 and the Horace Walpole Gold Medal in 1970 for his outstanding contributions in the field.

Much of Gothic literature dwells on the world of unseen phantoms and supernatural beings. Varma feels that too much emphasis has been placed on the productions of "Frankenstein" and "Count Dracula" themes while some of the great masterpieces of Gothic literature have been ignored. What better way to bring these works to public awareness than through the silver screen?

Discussion is often the best method to solve problems. (the students have found.) No extreme problems have developed yet. "I don't think there need be confrontation between students and faculty," stated Yeadon.

The course union is aiming for equal representation. When it comes is dependent will be held Sunday, on student turnout and support.

by Howard MacDonald

On March 31st., through to April 11th, 285 trawler crew members and inshore fishermen in Mulgrave, Petit deGrat and Canso walked off their boats as they landed and went on strike. Indirectly involved, because they have not crossed union picket lines, are 800 members of the Canadian Seafood Workers Union who work in shore plants in the three communities. The ensuing battle has been one of the most vicious in the history of the labour struggle in Nova Scotia.

The fishermen are on strike to attain the basic rights of labour: the right to the union of their choice, collective bargaining with their employer and to strike for decent living standards and working conditions. At present the fishermen make trips out to sea of from 10 to 12 days, work 16 hours a day with only two days between trips. The boats, owned by the company, are badly in need of safety inspection, unsanitary and have no medical supplies on board : e.g., one fisherman had three fingers cut off while working and had only a dirty rag to wrap his hand in until the boat reached port, 16 hours later. When the boats do land the fishermen are cheated on the weight and grade of the fish. The company refuses to give settlement slips, to show proper earnings per trip, to pay one half of the Canadian Pension Plan as other employers do and to deduct income tax at the source. As a result, the fishermen are hit with large income tax bills and are forced to borrow from the company which gladly lends and thus keeps the fishermen in human bondage. If they have a bad trip the fishermen come in owing the company money helping to perpetuate their bondage. Fishermen have no paid vacations or holidays and have inadequate time inshore to lead any sort of a social life.

The companies involved are owned by large and powerful corporations of the U.S. and England. They are Acadia Fisheries Ltd., Mulgrave, N.S.; Acadia Fisheries Ltd., Canso, N.S.; and Booth Fisheries Ltd., Petite de Grat, N.S.

Booth Fisheries is 100 percent owned by Consolidated Foods Corporation of the U.S.A. and Consolidated owns 62 percent of Monarch Fine Foods which is connected with Lever Brothers Ltd. In 1968, Consolidated Foods had assets of \$365,000,000 and made net profits of \$87,000,000.

Acadia Fisheries is 98.4 percent owned by Universal Motor Fisheries which is, in turn, 100 percent owned by Boston Deep Sea-Fisheries Ltd., of England which is, in turn, owned by the Grimsby Group of England with unknown assets.

These two foreign owned Goliaths have received massive loans, concessions and outright gifts of public funds. Acadia received a \$9,000,000 loan to build its plant in Canso but hasn't bothered to pay it back, and to date, is \$186,000 behind in interest payments. Acadia also received \$3,639,000 as an outright gift to subsidize the building up of its trawler fleet. Booth received a subsidity of \$1,837,000 for building new trawlers. The federal government also built a "public" wharf inside the Booth plant.

The government position has not changed much since 1949. In the mid-forties the government allowed ed the Canadia be crushed into oblivion and their leaders black-listed by the fish companies and then allowed a Supreme Court decision to be passed - classifying fishermen as "co-adventurers" and not employees, there-by denying them the right to a union.

The strike proceeded without incident until May, with 24 hour picketing of the three plants and with all written requests by the union to begin talks aimed at settling the strike ignored by both companies. On May 11th and 12th Acadia Fisheries ordered trucks through the picket lines of Canso under the protection of a force of 25-30 man contingent of RCMP primarily to creat an "incident" on which to base court injunctions and ensuing contempt of court proceedings against the fishermen. Five striking fishermen were arrested on charges of illegal parking, mischief and obstruction. On May 29th, Judge Green, the one man appointed inquiry commission, submitted an interim report recommending that the fishermen go back to work without a union and without a contract, which is exactly what the companies wanted.

On June 4th, Judge Green was wired telling him that the union fishermen had rejected his report by a majority of 99.4 percent. On the same day the companies obtained a sweeping "exparte" injunction against all forms of picketing. The fishermen held fast to their position and maintained their picket lines. On June 10-11 the companies, with the aid of the RCMP and Sheriff read the injunctions at the picket lines. On the weekend of June 13th Attorney- General Donahue and his staff worked overtime preparing contempt actions against 45 of the fishermen of the three communities. In court on July 19th, thirteen fishermen from Mulgrave were sentenced from 20-30 days in jail. Three days later, during which fishermen stood unmoved on their picket lines, the court decided what was needed was an example to show the fishermen their place in society. Therefore, Everett Richardson of Canso, was sentenced to a prison term of nine months for daring to question the right of powerful foreign owned corporations to keep Canadian citizen's wages at a starvation level and to exploit them unmercifully under inhuman working conditions.

The one factor which the companies and government underestimated and had to reckon with: the average worker of the province. Enraged, 7,500 workers throughout the province walked off their jobs tying up over \$300,000,000 of construction. Four days later the courts released all imprisoned fishermen and refered their cases until October when things have perhaps cooled down.

The major stumbling block is the fact that the fishermen have been classified as co-adventurers and not employees. This can only be undone by legislature but the government has been stalling on the issue. The Attorney-General declares that the Provincial Secretary will refer "jurisdiction" to the Appeal Court to decide who will handle this legislature. Only until this has been clarified can the issue come up before legislature.

During July, the union and the Nova Scotia Federation of Labour, demanded that Premier Smith, Federal Minister of Labour Mackassey, Provincial Minister of Labour MacKeough, and Attorney-General Donahue, take action to bring the companies to bargain in good faith with the union of the fishermen's'

choice. On July 14th MacKeough called Acadia, Booth and the union in. The companies refused to meet unless fishermen attend without elected union representatives.

Strike! Strike!

Parades and protest demonstrations were carried on during August by the Nova Scotia Federation of Labour in support of the fishermen. Green's final report was submitted but it differed only slightly from his first report and was rejected again by the fishermen. All attempts to bring the companies to the table, without giving up the strike, failed.

The union the fishermen have chosen as the one to represent them is the United Fishermen and Allied Workers Union (U.F.A.W.U.) The big fish companies hate strong, militant unions. Why? Because unity of fishermen and plant workers is a threat to company dictatorship and control. Control means super profit, absolute authority, graft, rape of resources and smooth means of syphoning money from the public purse to fatten the dividends of foreign investors. The U.F.A.W.U. is a strong and capable union with able officers who will not be moved through bribes, threats and other forms of intimidation. Mr. Stevens, national president of the union, has recently served eleven months in prison for his struggles in obtaining rights for fishermen against other foreign owned corporations on the west coast and is prepared to do so again if necessary. It is no wonder that Booth and Acadia hate this union which is attempting to take some of their profits and give it back to the workers who made the profit for the companies, or that these companies have waged such a slanderous and malicious campaign against the U.F.A.W.U.

During the course of the six months strike the fishermen have been receiving strike pay of \$10 a week for a single man, \$15 for a married man and an additional \$1 for each child up to a maximum of \$20 a week. The total cost per week is roughly \$4,500 most of which has come from donations of other unions, individuals, etc. (\$350,000) and from U.F.A.W.U members on the west coast \$25,000.

On Sept. 23rd, on the sixth floor of Nicholson Hall,

Strike!

Strike!

negotiations have finally begun but at what price? The

fishermen have had to accede to unusual and farreaching demands on the part of the company: (1) union officers and organizers to be kept out of direct meetings; (2) they demand that the inshore fishermen and clergymen elected as advisors be kept out of direct meetings; (3) picket lines must be removed with the opening of talks; (4) freedom to remove fish and fishmeal from their plants. All these were agreed to by the fishermen to entice the companies to the negotiating

table. The negotiating team for the fishermen is an "ad hoc" committee, consisting of four fishermen from each of the three communities. The committee has the right to take time out from talks to consult with their advisors in a separate room.

The strike has lasted six months and is far from over. The fishermen, have reserved the right to resume picketing if any violations of the ground rules occur or if the ten day period set for negotiations fail to settle the dispute. The companies were stalling and attempting to prolong settlement until after the provincial elections, when they hoped public opinion could not force the government into pressuring the companies into settlement.

In summary, the fishermen's strike reflects the general attitude of both governments and companies that persist throughout the country. It is another example of where the basic rights of free Canadians to jointly withdraw their labour to achieve better wages and conditions is now at stake!

At Dalhousie October 28

We mean it.

sign up for an interview.

Come in and rehearse.

Do it on a company whose very life depends on its ability to come face to face with strangers.

You won't waste our time. We have a number of surprises about the insurance business in general and ours in particular. So if there's a latent response in you, we're confident we can trigger it. Besides, we're perfectly willing to take the risk.

If you can't make an interview, take a look at

"How to separate yourself from the herd." An Even if you have no idea of coming with us, eight page booklet on how to go to an interview on your terms. What to do about nervousness. About money. How to turn an interview around. When to get up and walk out. Things like that.

Our booklet is tucked into the new Employment Opportunities Handbook. The handbook is yours for the asking at the placement office.

"How to separate yourself from the herd" won't change the world for you.

But it just might help.

The Divine Right of Kings

TO BE SIGNED BY ALL STUDENTS OF THE UNIVERSITY OF KING'S COLLEGE, HALIFAX NOVA SCOTIA

Number II of the 1968 Revised Regulations of the University of King's College states

STANDARDS OF CONDUCT

'No member of the College shall be guilty of immoral or unseemly conduct, and all members are reminded that this is a Christian College of Anglican Foundation, dedicated to the maintenance of high moral and intellectual standards.

The College Board has ruled that (see Regulations #13 and 14) the interpretation of regulation #II means not less than the following

(1) Visitors in the Men's Residence will be restricted to the hours of 9:00 a.m. - 3:00 a.m. The only exceptions will be male visitors who have the gazette . . . consent of the Residence Councillor or the Don of the Bay.

(2) The use of College premises, including student rooms, for sexual canada, possessing the intercourse by unmarried couples will not be tolerated.

(3) Drunkenness and disorderly conduct will not be tolerated on the campus

(4) The possession or use of drugs contrary to the laws of the Province of Nova Scotia will not be tolerated on the campus.

(5) Infractions of the regulations of Alexandra Hall by the male students, or infractions of Bay rules by females will not be tolerated.

(6) The phrase "will not be tolerated" means that offenders may be expelled from the residence.

I, acknowledge receipt of a copy of the REGULATIONS of the University of King's College (revised 1968), including the above interpretation of regulation #II; and do solemnly declare that I will observe such regulations and the above interpretation to the best of my ability. Signature of Student

personal feelings about this?

physical limitations imposed in trying to reach over 300 students?

. well yes. the

ground by implementing the old christian principles. for instance, we are encouraged to involve ourselves in the democratic processes and yet prevented from falling into any of the pitfalls that have confronted some of our contemporaries.

when the moral direction of the student body was called into question the college board was quick to grab the reins of decision - despite the pressure of exams on all of us, and make a set of rules which would prevent us from being guilty of immoral or unseemly conduct. these rules encompassed many modern problems and pressing social issues such as drunkenness, disorderly contact, the possession and use of drugs, pre-marital intercourse and residence visiting hours.

. what is the gazette . . purpose of this philosophy that the college board has adopted with regard to the student body?

harding . . . well, it has many functions. one might surmise that it's all part of a christian depopulation theory to combat the population explosion or something like that, but i have a different view as to the purpose of this programme? i think, given the observation that so many young people are showing a marked failure to adapt to society and the responsibility that it entails, that the king's college board is implementing this far-reaching philosophy to avoid this problem. i mean, if mayor tom cambell had implemented this philosophy in vancouver he wouldn't have had such a problem with all those long-haired hippies, yippies and far out, stoned up freaks.

RULE& REVOLUTIO

People in modern society have both rights and responsibilities. Are we stressing rights at the expense of responsibilities? Is society moving toward law and order or chaos and anarchy? A program of investigative broadcast journalism with host BARBARA FRUM. Tonight, Suicide: Who Owns My life? We kill through war, starvation, stupidity, yet taking one's own life is taboo. Is suicide the ulti-

mate civil liberty? October 28, 6:30 pm edt, pdt; 7:30 adt, cdt, Sask., mst; 7:00 ndt.

you we are not left out of the assistance of faculty memgoverning process, oh no, three students on the eight man board are given the enlightening opportunity to emulate their experience in christian living.

gazette . . . do you consider this fair?

harding . . . oh, yes - i most certainly do, it was to our great fortune, when we neglected to consider the perversity and lasciviousness of children as students that the college board interceded and made rules against the

bers, administrators, and the dean of women. these people take an active, almost daily, interest in us.

gazette . . . mr. harding, do you think king's is a viable institution in our modern, chaotic, and sacreligiously materialistic world?

harding ... yes, of course! in this age when so many young becoming people are degenerate anarchistic rabble-rousers under the guise of improving the world, we at king's are breaking new

gazette . . . thank you, mr. harding.

harding . . . amen.

Cohen: Veni, Vidi, Vici

After complicated and extensive analysis, the Gazette has found that individuals claiming that they cannot, have not and probably never will be able to write news stories, sports stories, or layout pages are the stuff that gazette staffers are made of.

So you too are eligible (and indeed much wanted) for the Gazette staff. Join us soon, on the third floor of the SUB.

Erika Munk "Politics and the Theatre" 4:00 p.m. Killam Lib.

Dance - Men's Residence

by Lorne Abramson

The Capitol Theatre-built in 1930-reproduction of an olde castle-tales of chivalry and knighthood- romance -love-LEONARD COHEN-a perfect match.

On Friday, Oct. 16, Leonard Cohen was here. Veni, vidi, vici, as they say. Amidst this beautiful theatre of outer and inner courtyards, knight's armor, drawbridge, flags, coats of arms, and with walls covered with Early Canadian murals, Leonard Cohen was a smashing success. He, in the complete sense of the word, wooed his packed audience of over 1900, with songs of love and life.

Leonard Cohen is a poet. The lyrics he writes gives life force to the images they convey. "Listen to the pictures flow, across the room, into your head, they go." -Gord Lightfoot. "They" are images of Us. Images of the things that make it worth living out 65 or 70 years on earth. This is what Cohen creates.

We sit there waiting for the genius to appear-a packed house getting restless - it's getting hot in here-band is setting up, adjusting mikes etc.-suddenly he appearspoet, writer, composer, singer-all blend beautifully French into Leonard Cohen .- "I've tried to be free", "So long Marianne'', dedicated to a woman with whom he once lived--"You know who I am," he sings, accompanied by "The Army"

Probably the one detracblind! Personally, I have seen tion song which was highly Leonard Cohen perform unenjoyable.

several times now, and I honestly question why he took on any accompaniment. Although "The Army" did show quite well at times, he would be better off without them. However, he did say himself, "I'm substituting poetry for Vaudeville!"

"Drugs may be the way to salvation. I wrote this song after an amphetamine in- audience reception has vestigation. We didn't take become extremely drugs in those days, we only teresting to me lately. Being investigated." The song, from Montreal, and having "Thin, green, candle" is one just taken up residence here, of Cohen's most beautiful I can still be fairly objective pieces and it was interesting about Halifax's entertainto see him make light of it. He then dedicated a beautiful entertainment column last ballad "The Marriage of Joan of Arc", to our recently departed giant, Janis Joplin. number of entertainment containing the number of entertainment containing the year at University of Mont-real and got to speak to a number of entertainment containing the speak to a He then went to intermission One of their main comwith a real rollicking, un-Cohen-like number in which they all were enjoying themselves tremendously on stage. The audience clapped along-it was a good change of pace.

from a seemingly entertainment-starved dience.

After intermission they came out and sang a song by Gilles Vigneault with a verse. Cohen questioned whether the manifesto (F.L.Q.) was the solution to problems. Cohen showed good showmanship with a very suggestive poem which he then explained as being about "The Sisters of Mercy." The audience ting feature of Cohen's liked it . . . they were performance is his two really digging him; he did these two flowingly-dressed leave the theatre! He then groupies, as his "Cohenet- came out with an antites". At least Ray Charles is Women's Lib, anti-abor-

Besides this, Cohen was fantastic. After his finale, "Suzanne", the audience gave him a standing ovation. He seemed surprised by the audience reaction. Perhaps he had heard about the sometimes staid Halifax audiences. He came back for Cohen, himself, is real. He a lovely encore and then left doesn't pretend on stage, the stage with another tremendous ovation.

The whole subject of inment problems. I wrote an plaints about Halifax was the reception they received. They were never really sure of the kind of house they would get and many of them complained about the lack of audience He received a good ovation enthusiasm. This they considered to be Halifax's outau- standing fault.

Some questions in my mind are: Why is such a beautiful theatre such as the Capitol Theatre not used more to bring in performers to Halifax?--Is Halifax afraid that they aren't sophisticated enough to fill a theatre?--Are there no richer people willing to sponsor good en-tertainment? - - Dalhousie students, and members of the other universities in the city, if you want big city enadoring disgustingly female a great job of that song of be willing to fully support it, admits his male chauvinistic Won't You Be Naked For admits his male chauvinistic Won't You Be Naked For demanding more and better character, by referring to Me?" - All prudes, please quality Halifax let's get with quality. Halifax, let's get with it !!

> (Thanks to Mr. MacMillan, manager of the Capitol theatre.

DEPARTMENT OF MANPOWER AND IMMIGRATION

CANADA MANPOWER CENTRE 4th Floor, Student Union Building Dalhousie University Halifax, Nova Scotia October 1970

Dear Graduating Student:

There are a number of facts concerning you and your future that we at your University Canada Manpower Centre would like to bring to your attention :

(1) Your Canada Manpower Centre offers a free student service, for all students

"Killer Egg" - 9:00 p.m.

Saturday, Oct. 24 - Alumni Assoc. Annual Coffee Party & Sale. 10:30 a.m. Shirreff Hall.

Sunday, Oct. 25 - Folk Mass. SUB. 7:30 p.m. -Concert series. Cohn Syntagma Musicum of Amsterdam.

and counselling concerning career opportunities as well as assistance in locating part-time and summer employment.

(2) Each year, commencing on October 15, national firms visit the campus to interview graduating students and to offer them employment.

(3) Many students fail to take advantage of the recruiting season, wait until too late to decide upon a choice of careers, and as a result find themselves unemployed upon graduation.

(4) The majority of business firms who recruit graduates at this university are on campus during the period October 15 through to the end of November.

(5) Most employers who interview students on campus do not expect the students to commit themselves in any way until quite late in the year.

(6) This year graduate schools were unable to accommodate the large number of students who applied for admission. Even if you plan to attend graduate school it may be an idea to call on your Canada Manpower Centre.

We bring these facts to your attention in the hope that we may be able to help you. We're on the 4th floor of the Student Union Building. Yours very truly T.W. O'Connell Manager
