## Brantford Beaten In Opener at Hamilton

### Red Sox Could Not Hit Donahue—Athletics Turned Them Back With Four Double Plays—Features of the Contest.

It begins to look as if the peevishness of Brantford fans over the weak hitting proclivities of the Red Sox was about justified. At any rate, the Sox were again tied up in knots by Hamilton pitching yesterday, although for the first time in the series the Athletics outbit the Brantford team. The score was 4-0, and there-by hangs a tale.

It was opening day in Hamilton, and about 2,600 people witnessed the fiasco. Mayor Allen did the pitching, Mayor Spence the catching, R. T. Steel the hitting and Adam Brown the umpiring. Sir John Gibson was also on hand. The opening ceremonies were short, Mayor Allen informing the crowd that Mayor Spence, having given Hamilton a beating a week ago, had come to Hamilton prepared to take some of that kind of medicine himself.

Doc Yates relied upon Billy Donahue to do his twirling, and Donahue responded by holding Brantford to two hits. Whether it was weak hitting which gave Donahue his good record, is what is bothering Brantford. In only one inning did the Sox appear to have a chance, and a little bit of bad base running quickly put the kibosh on things, and made a shut out seem inevitable. On the

other hand, Deneau brought out Chase, the Red Sox pitcher, who uncovered a lot of speed, but was as wild as a March hare. Chase did admirably for three innings, but in the fourth he struck a snag when he filled the bases and forced the run over the plate by another base on balls. After that a scratch hit past third base scored two more, and Gero was called in to the rescue.

At that it looked as if Chase would have weathered the fourth, and had umpiring contributed largely to his downfall. Dudley, the first man up, bled to centre, and then Sheppard walked. Jack White, usually troublesome, hit for two bases, Sheppard going to third. With Red Fisher up, things looked dangerous, but Fisher fled out to Chase, making two down. It was then that the big pitcher proceeded to walk with Dolan and Eunich, and it remained for Barrows to bat one down past third which scored White and Dolan. Hamilton got another in the eighth, when Fisher singled and advanced on Sandusky's error and scored on a single by Barrows.

Brantford's attack seemed to be shot to pieces, and inability to hunt again was prominent. In this connection, Rickart fell down on two occasions, when Biddy Burns had reached first, and two double plays resulted. In fact Hamilton turned Brantford back with no less than four double plays, and this feature doubtless contributed to Donahue's two hit record. The doubles which Rickart figured in were avoidable and were due to Rickart's inability to carry out his end of the play at the plate.

In the field the Sox played pretty fair ball. The feature play of the day was by Roth, the new second baseman, who fielded a sharp hit over second in beautiful style and cut off the runner. Roth looked like a good ball player, who will greatly strengthen the Sox.

Umpire Riley, who officiated, looked awful. The umpiring was what spoiled what otherwise would have been a beautiful contest. From either a Hamilton or Brantford viewpoint, umpiring such as Riley's, was unsatisfactory, and if that is what the league is going to get at the hands of President Fitzgerald, there will be no league left in a short time. In calling balls and strikes, a poorer exhibition has never been witnessed on the Canadian circuit than that given by Riley. His work in London also brought forth criticism. A riot is predicted in Hamilton before the week is out.

### Help! Help!! Help!!!

Umpire Riley, who officiated at Hamilton yesterday, gave positively the worst exhibition of umpiring ever witnessed in the Canadian League. His continued presence on this live-wire circuit will without a doubt bring about riots and all other kinds of disorders which injure good sport. An umpire who goes through a game trying to make things even for previous mistakes precipitates himself into the rankest pithole of inefficiency and makes matters a thousand times worse. On yesterday's form a course at the O. S. B. would do Riley good, and some kind of a strengthening for the spinal column would help some.

### Notes of the Game

We are still cheerful.  
 Can't win a game on two hits.  
 Connell will pitch to-day against the Hams.  
 This is our last offence. "Chase was chased."  
 Infielder Roth looked a pretty nifty ball player.  
 The official scorer at Hamilton ought to be a popular fellow with

his own players. Anytime the ball is hit, it's a hit.  
 Ground rules prevailed at Peterboro yesterday.  
 We have only taken one out of four from Hamilton.  
 There was little chance for any Brantford cheering.  
 Quite a number of Brantford fans accompanied the team.  
 This pitcher, Donahue, is real good anytime against Brantford.  
 The Peterboro team seems to be getting off to a bad start.  
 Mayor Spence actually caught the ball pitched by Mayor Allan.  
 Erie scored five runs in the ninth and gave St. Thomas a scare.  
 Gero showed good stuff for 4 1-3 innings, the time he was in pitching.  
 With 2,600 people present, the Hamilton park was filled to capacity.  
 Pinch hitters Lamond and Taylor both failed—but Taylor was robbed at the plate.  
 Sandusky dropped a fly in the 8th, but the Hamilton scorers generously gave Eunich a hit on it.  
 Deneau frankly admits his worries are not over, but is confident the team will get going right.  
 Knotty Lee apparently has a good bunch representing Toronto. Beating Ottawa is no easy trick.  
 LaCroix contributed a two base hit, which was a well-timed smash to left. Roth got the only other bingle, a sharp one over second.

Twice Biddy Burns got to first on a base on balls, and twice the man next up failed to sacrifice him.  
 Ottawa claims to have had 5,500 people at the opening, but that figure can be pretty well discounted.  
 Sandusky's efforts at the bat yesterday consisted of weak grounders for the most part to the pitcher.  
 President Nelson was heartily congratulated yesterday from his escape the night previous from getting shot.  
 Hamilton didn't beat Brantford's opening day crowd. In fact they fell over 500 short of the Dykeville gathering.  
 Hamilton scribes in their new press box, did some splendid rooting. Some scribes; some rooters; some press box.  
 Gabby Ivers went hitless. Gabby declares that he will not hit at the first ball pitched again this season. For him, he says the habit is a bad one.  
 Harry Lacroix continues to show up so well that he makes other catchers look like deuces in the hole. Ad-die Richardson, the famous Hamilton baseball tott, said he sent away seven wires on LaCroix last night.  
 LeCroix scored in Brantford's seventh, but by a freak of the game, the run did not count. Dudley made an error, but recovered the ball and tagged Gero on the line going from second to third. Before Gero was tagged LaCroix crossed the plate, but the umpire did not see it. Deneau kicked vigorously for the run, but the Umps couldn't give a decision. Gero's bad base-running was responsible for the mix-up, also the loss of the run.

### Some Changes On the Team

Manager Deneau will have a change in his line-up to-day. Roth, the new man, will replace Rickart at third base, and Wagner will go to second. Rickart fell down yesterday, and may be released even before Johnny Nelson gets here. Deneau has a new man coming on Saturday, but refuses to say for what position the new player is required, nor will the Rube say anything about him until he gets here. Pitcher Worfel will also be along, although it is doubtful if he will be able to pitch for some time.

### Penology To-day.

Mother (to conciliate little girl who has been whipped): Was she a nasty cruel mother then?  
 Modern Child: Oh, no; I deserved it.—Punch.

### Line-Ups of the Various Teams for Tomorrow's Fixtures—Some Good Games Are Carded.

Now, that the teams in the Brantford and Paris Football League have settled down to their game to some extent the results will perhaps reflect more correctly the strength of the teams. On Saturday there will be some good fast games but the match which will cause most interest will be the meeting of the Scots and Cockshtuts.

The Scotchmen have the advantage of playing on their own ground and will put a strong team into the field. If their form of last week is kept up when they defeated Holmedale they should make a great battle for honors with the ex-champions.

**Wanderers New Men.**

Two new men for defence work will be seen in Wanderers team that journey's to Paris to-morrow. They are Wallace and Johnson, one of whom will strengthen the back and the other the half back division. The principal weakness of Wanderers is in the forwards ranks, however, and if they get more practice this will improve. They have not yet got going and have been able to have very little

night work so that they cannot be expected to beat the league yet. "Wait until we come back," they say. Paris enjoyed a rest last week and put in a good solid practice during the interval and a keen game at the "French" capital will come off.

#### Tutela v. P.S.A.

Tutela, one of this year's comers, are visiting the P.S.A. and the latter will have to go some to keep them down. They are for a new team, showing good work and will improve them to two goals. Tutela are not interfering much with the composition of their team and they are beginning to combine nicely and ought to win on Saturday.

The remaining fixture is a very uncertain one for the Sons of England are at home to the Duffs. The riflemen were defeated last week and the Sons were victorious and both teams have already tasted the ups and downs of this season's campaign. They are two very evenly matched teams and the winner will only come through after a tough encounter and both are enthusiastic and hard-trying teams.

#### Scots v. Cockshtuts.

Cockshtuts team is asked to be on hand at 5.30 at Agricultural park. The line-up is as follows:

Goal, H. Carey; backs, S. Howell, C. Stubbs; half backs, A. Maich, F. Clark and J. Molloy; forwards, R. Plant, T. Howell, R. Richardson, S. Hutchinson, R. Charlton; reserves, R. Richards, H. Harlett. Kick off at 6 p.m.

#### S. O. E. v. Duffs.

The following will represent the Duffs in their league fixture on Saturday next when they play the S. O. E. at Tutela Park; kick off at 6 p.m.; Goal, Knowles; backs, Holland and Alexander; halves, Palmer, Williamson, Biggs; forwards Coate, Humphries, Drake, Blower, Keighley; reserves, Evans Taylor McLaren, Kerecree Mr. Smith. All players are requested to report at the Armories not later than 5 p.m.

#### Wanderers Line-up.

Wanderers Football team vs. Paris at Paris on Saturday, May 16th.

The Wanderers will line up as follows: Goal, Whelan; backs, Johnson, Charlick; half backs, Wallace, Little and McDonald; forwards, Hutchings, Mears, Bonner, Duddon and Haes; Reserves, Mockford and C. Chambers. The team will leave on the 5 o'clock car, and every man, including reserves is expected to be present.

#### P. S. A. Enthusiastic.

The P.S.A. Football club held a very enthusiastic meeting last evening, about thirty members being present and President E. Maynard in the chair. Although they have only won one game up to the present the boys are just as enthusiastic and mean to have a good team shortly. Amongst the many items of business transacted it was decided that this team should play the Simcoe United Football team on Monday, May 25th at Recreation Park. Everything in connection with this matter has been arranged and they are only waiting for the sanction of the league. More particulars will be announced later, but they hope to have some good support on that day. The team picked to play the Tutela boys on Saturday in Recreation Park is as follows: Goal, G. Giles; backs, A. Hilsley, Myring; halves, F. Westcott, W. Cartwright, G. Richards; forwards, F. Leman, F. Riches, F. Knowles, W. Holder, E. Duval; reserves, W. Stephens, T. Blackburn and J. Maich. All players will be required on the field at 5.30.

#### S.O.E. Team.

The S. O. E. Football team held a practice match on Tutela park last night and had a good turn out. The team was selected to play the Dufferin Rifles on Saturday, as follows: Goal, W. Short; backs, T. Lawton, J. Smith; half backs, W. Mitchell, H. Estlake, J. Mathias; forwards, W. Budd, W. Smith, W. Grover, A. Baker, A. Johnson, captain; reserves,

## Are the Federals Up to the Major League Standard? If Hitting Goes For Anything They Are Above It

**P. S. A. v. Tutela.**

The above teams will battle for league points on Saturday at Recreation Park. The following will represent Tutela and are requested to meet at dressing room, 231 Nelson street, not later than 5.30 p.m.; Stanley, goal; Mason and Burns, backs; N. McLeod, Capt.; E. Roberts and P. McLeod, half backs; Hamilton, J. Flingley, Gore, Clarke and Fisher, forwards; Reserves, Cassells, Vining and H. Flingley.

Scots United team to play Cockshtuts on Saturday at Agricultural Park; Magill, goal; Cook, Another, Harrington, Morrow, Archdeacon, Williams, Marshall, Linn Morrison, Richardson, Reserves—Vipond, Scott, Ramsay, Little. Referee, Mr. Clark. All players are requested to be on the field not later than 5.30.

#### BEAVERS WIN.

OTTAWA May 15—With the duke of Connaught and Princess Patricia and 5,500 fans, the Toronto Beavers opened up the season here with Ottawa, the Beavers winning out 2 to 1. A walk and two singles gave Ottawa a run in the second. Schneider and Trout's two-baggers evened it up in the seventh. Ort's single followed by Bullock's error, let in the winning run in the ninth.

The duke took a keen interest in the game.

## SAGE AND SULPHUR DARKENS GRAY HAIR

Brush This Through Faded, Lifeless Locks and They Become Dark, Glossy, Youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Agent, T. George Bowles.

## Are the Federals Up to the Major League Standard? If Hitting Goes For Anything They Are Above It

**BL FRANK G. MENKE**

NEW YORK, May 15—The Federal League seems to be pretty well cluttered up with sluggers of the Jackson, Cobb, Speaker and Lajoie type, if the available dope on the batting averages is correct.

Just at the present time about a dozen Feds are clubbing over or around .400—a terrific clip—while nearly 30 are swatting over .300, with a number of others within hailing distance of that mark.

Some folks may think that this clubbing is due to weak pitching, but that hazard seems discounted by the

fact that Joe Tinker, who batted .317 last year with Cincinnati, is hitting for only a trifle over .200 in the new organization. Otto Knabe, a .263 batter last year is under .200, while Mickey Doolan is something like 100 points below his clubbing average for last year.

If the Fed pitchers were something of a pie counter proposition it seems that this trio would be among those present at the moments when the pie is being distributed.

Every so often some persons, quite prejudiced toward the new organization, rush into print with a frantic

query about: "Who've them Feds got for pitchers anyway, I'd like to know. Nuthin' but a buncha dubs, that's all."

Oh, very well, they can have it their way. But don't you think that any league that possesses such pitchers as Tom Seaton, Fred Falkenburg, Earl Moore, Mordecai Brown, Nick Cullip, George Packard, Cy Barger, Howard Camnitz, Claude Hendrix, George Mullin, Ad Brennan, Bobby Groom, George Suggs, Elmer Kneizer, Maxwell Willett, Laaf Mosley, Gene Krap, Doc Crand, Quinn and a few other former stars of the American and National League is just a little other than "weak."

Winnipeg Public School board has been asked by the trustees of St. Mary's Catholic school to take charge of it under the terms of the public schools act.

**BURNED, BUT WRONG WAY.**

LOUISVILLE, Ky., May 14—More than 1,000 hogheads of tobacco were burned here last night by a fire that destroyed a large warehouse of the Louisville Tobacco Warehouse Company. The loss will reach a quarter of a million dollars. One fireman was killed by an electric shock and another perhaps fatally crushed under a falling wall.

Cataract is an excessive secretion, accompanied with chronic inflammation, from the mucous membrane of the eye. It is caused by the blood, reduces inflammation, establishes healthy action, and radically cures all cases of cataract.

#### Races in Big Leagues Thus Far Look a Lot Like Those in 1909

Frederick L. Lieb writes in New York Press:

Will the season of 1914 be a repetition of 1909 in baseball history? In 1909 Frank Chance's Cubs, winners of the National League pennant of 1906, 1907 and 1908, were carded to win their fourth straight banner and break a hoodoo, which has ruled the parent organization since its inception in 1876, as well as its younger rival, the American League.

But did Chance break it? No, he fell a victim to the hoodoo, which had previously baffled Capt. Anson, New Hanlon, Frank Selee and Fred Clarke. It was the Pittsburgh Pirates of 1909 which broke Chance's streak. They bobbed up just one year and won a world's pennant and then fell by the wayside again.

In the spring of 1909 it looked almost certain that the Cubs would repeat, especially after their easy victory in the 1908 World's Series. It was expected the Giants and Pirates who pushed them to the wire in 1908, might make things interesting, but the Cubs looked best by a big margin. However, the Pirates jumped up in front early in 1909 and were never headed. The Cubs had several chances to cut down the lead early in the season, but they never took advantage of their opportunities. All along people said, "Wait till the Cubs get started; they will catch Pittsburgh on the final stretch."

They never did. By mid-August it became almost a certainty that the Pirates would never be headed and early in September they had their flag practically clinched. Their percentage was 724, one of the greatest ever made in the National League, and they beat the Cubs by 64 points.

Almost the same situation prevails in the National League to-day as in the spring of 1909. Only this time it is the Giants, flag winners of 1911, 1912 and 1913, who are shooting for their fourth pennant and trying to cut down an early lead which the Pirates have hung up. Will history repeat itself? Perhaps after the Giants and Pirates muss each other up this week

we might be able to give a better guess.

Another similarity between the present situation in the Giants ranks and the Cub situation in 1909 is that both teams started for their fourth flag, weakened by the retirement of a recognized star. In 1909, Johnny Kling, the Cubs' great catcher, was a hold-out and refused to report all season.

This year, Art Shafer, the Giants' crack third baseman retired, and for ever, the retirement of both Kling and Shafer helped to bring to the front two most promising ball players. When Kling refused to report to the Cubs, Chance used Pat Moran for his regular catcher for about two weeks, when he sent Jimmy Archer, a Detroit cast-off, for relief duty.

After Jimmy had been used two or three times Moran caught few games for Chance. Archer proved one of the greatest catchers of all times, and a catcher who shares with Kling the honor of being the greatest of the present decade. Many critics regard Archer higher than Kling when Johnny was at his best.

For a while it looked as though Shafer's retirement would seriously hurt the Giants, but the desertion of the temperamental Californian now looks like a blessing. Milton Stock is playing a game around third base that equals anything that Shafer ever showed, and is hitting better than the other Giant regulars. Only in base running does Shafer excel Stock. Of course Stock may not go so well all season, but at present he looks like a star of the first magnitude.

In the American League race of 1909 Detroit and the Athletics were the contestants, the Tigers winning in the last two weeks of the season. The Tigers were generally recognized as the best club before the season started, and the Athletics one of the poorest. The Mackmen made their worst American League showing in 1908, finishing sixth.

In 1914 we have a parallel situation. The Tigers, who finished sixth in 1913 and were not acknowledged to have a look-in, are doing the unexpected, and are at the top of the heap by a good margin. No one expected them to do much better than fifth or sixth, yet they must prove the club Mack must beat, as the Tigers had to beat the Athletics in 1909.

The addition of Collins, Berry and Baker to the Athletics infield of 1909 changed the Athletics from a second division team in 1908 to a strong pennant contender in 1909. The addition of Infielder Burns and Kavanaugh to the Tigers is said to be the reason Detroit is now in front.

Forgetting the 1909 comparison for a few moments, it should be added that Connie Mack may have his hands full to beat the Yankees this year, and the Highland legion may make more trouble for the White Elephant than Detroit. With the pitching Chance is getting now, he will make trouble for any club.

#### Canadian League Notes

##### Senators Beat the Pistol.

The Ottawa baseball team, twice champions of the Canadian League, beat the barrier, so to speak, by taking both games of a double header from St. Thomas on Saturday, and are squared away in front with a clear lead over all the other clubs. First place has always been a congenial spot for the Senators, though in past seasons it has been customary for them to drop the opening game on the road. The superstitious might look upon this as a bad omen, but in baseball every victory counts and where each club is called upon to play 116 or 120 games during the season, the more won early in the fray, the wider margin there is to work upon later on the general appearance of the 1914 squad in training camp was most encouraging, and Saturday's double win over a strong aggregation like St. Thomas gives out the impression the team is quite up to the press notices and will be a first division club from the very outset. It is a long road from now until Sept. 7th, the closing day, and Shaughnessy's men will encounter many ups and downs, but it is a safe bet they will give a good account of themselves as they have a fighting leader and you can't win in any line of endeavor in this modern era without battling. The twin victory of Ottawa on Saturday was gained with two new twirlers on the mound in Sam Hall, the Cleveland American product, and Urban Shocker, secured from Fort Wayne. It was a very exhilarating start here two years ago. Renfer was to have arrived every day for a week before he finally landed. He was sent out to pitch his first game before a mammoth Saturday crowd at Lansdowne Park, Guelph being the opposing team. It was none other than Ira "Slats" Davis who announced the batteries, and, incidentally, introduced "Mr. Renfer" to the crowd. Eld started off in thrilling style by fanning the first three men to face him. On returning to the bench he was given one of the most riotous receptions ever accorded a ball player in this city. In the succeeding round Renfer lost his bearings completely, walked six men, hit a couple and had a wild pitch, six runs being scored before Fred Herbert relieved him. The fans told him to go back to Fort Wayne, but Ren had lots of sand and batted next to McManus that season as the league's best pitcher.—Ottawa Free Press.

### Leach Cross Tells How Wall Street Handed Him A Knock-out Punch And Grabbed His Hard Earned Bank Roll

NEW YORK, May 15.—Leach Cross, the pugilistic New York dentist, has performed a very creditable "come-back" in a financial way ever since he was knocked down for the full count by Wall street three years ago.

Leach, by practising frugality and by holding up fight promoters for the near-limit of their bankrolls, managed to gather about \$30,000 unto himself by the year A.D. 1910. And then some "friend" got an audience with Leach and told him how easy it would be for him to take that \$30,000 down to Wall street, leave it linger there for a few months, and then bring it back with anywhere from \$100,000 to \$1,000,000 in addition.

"And, like a boob, I went," says Leach. "I stuck around Wall street for a few months while those fellows monkeyed with my money, and when I decided it was time that I got back my \$30,000 and the profits, I was told that there wasn't any profits, and that the \$30,000 had evaporated."

"Gee, that was a wallop—the hardest I ever got in my life. It took all the courage and ambition out of me for a time and I didn't care what came or went. It seemed pretty tough to

have a bunch of crooks take away all the money you've spent many years in saving. And the worst of it just at the time I felt pretty poor physically. It seemed doubtful if I could ever make good in the ring again."

But Cross has "made good" since. He's "come back" with a vengeance and shown himself to be a better fighter and a bigger drawing card than he was six or seven years ago. In the last two years he has grabbed off matches with the top-notchers and in each and every one of these matches he has collected a big purse.

When Cross turned in his income tax blank some months ago he gave \$28,000 as the figure for his annual earnings during the year previous.

Of course, a few thousand of this was made through his side issue business of plugging the other fellows. "I guess I've got about \$50,000 laid aside now," said Cross some months ago. "And you can take it from me that it's laid aside—those Wall street Wolves won't get it. They don't play fair—they don't play a man's game. They lure you into their net like a spider does a fly, and then they choke every dollar out of you."

# "Give the Value and You'll Get the Business"

Our motto since we opened our first store, some years ago, has been "give the value and you'll get the business." That we have lived up to our motto is shown by the way our business has grown.

TORONTO, HAMILTON, EDMONTON and now BRANTFORD—all have Tip Top Tailor Stores, and each store is giving the value and getting the business, growing and increasing every day.

## Nowhere in the Dominion of Canada Can You Get Clothes to Equal Our Suits and Overcoats at

Ours is a mill-to-man proposition. We buy the woolens for five branches at once, and our order is large enough to get mill prices. We do not own any mills in the Old Country (and want to say right here that neither does any tailoring firm in Canada). We get as near the mill-to-man idea as it is possible for any tailoring store to get. This, of course, enables us to give the woolens in our clothes for \$14.00 that other tailors have to charge from \$5 to \$15 more for.

The beautiful way in which our clothes fit, the style and character with which they are finished, is the result of years of conscientious specialization. We only think one price, make one price, sell at one price—our entire thought and effort from one year's end to the other is to turn out the best clothes in the world at \$14.00 made-to-measure.

We only attempt one thing, and we do that thing right. If you have been paying more than \$14.00 for your clothes—you do not need to. Just come and see our materials and let us show you the made-up models we have in the store, how our clothes are cut, tailored and finished. Put the other \$5, \$10 or \$15 in the bank.

All Suits or Overcoats Ordered SATURDAY or MONDAY Will be Finished and Delivered Before the 24th of May!

All our clothes are made by skilled Union workmen, under sanitary and healthful conditions, who give us their conscientious efforts to producing the best clothes in the world for \$14.

# SCOTIA LESS INTELLECTUAL?

### Result of Diet—Men Fed on Oatmeal Were National Type.

London—"Scotland is less intellectual than she was." This plain statement appears in the London Times. The intellectual retrogression of the Scot, it seems, must be attributed to a change of diet.

The International Congress of Surgery is responsible for the statement that germs are capable of being altered in character by the foodstuffs supplied to them by the bacteriologist.

"Feed them on one diet and they will develop the power of causing one kind of disease; change their diet and soon another propensity will manifest itself and a new disease be wrought. The really interesting question which emerges and which is worth consideration, is whether character is determined—and if so, to what extent—by diet."

The question is then argued thus: "Brushing aside the obvious fact the heavy, indiscriminate eating tends surely to produce a dull, lethargic intellect—except perhaps when accompanied by very great exertion—and the equally certain ill effects of starvation, it is broadly speaking, true that to live very well is to sacrifice intellectual acumen. Human capacity being limited, it is not possible to digest and think at the same time. The philosopher who allows himself to be seduced by the pleasure of the table goes to waste like Hannibal's army in Capua."

"This fact is testified to by the records of frugal peoples like the Scots. In Scotland oatmeal was the staple article of diet during many generations, meat being regarded as a luxury. The national type was produced on this fare; the great intellectual reputation of the country was undoubtedly won as the result of a grim policy of plain living and high thinking."

"What then of the modern beef fed Scot? Has his character changed with his diet, or survived in spite of the new bill of fare? One need not hesitate to reply at once that it has undoubtedly changed and is undoubtedly changing."

LAUNCHING OF THE RESOLUTE

MISS GRACE VANDERBILT  
Photo by Underwood & Underwood

The New York Yacht Club's yacht Resolute, a candidate for the honor of defending the America's Cup, was launched at the Herreshoff's yard at Bristol, R. I. Miss Grace Vanderbilt, daughter of Cornelius Vanderbilt, christened her. Many of those who saw the Resolute for the first time, as she plunged into the water with a great splash, were greatly surprised at her appearance. She is much smaller looking than it was generally believed she would be, but while small and bluff looking, superficially, the cunning of the Wizard of Bristol becomes more apparent the longer one studies her lines. Those lines of least resistance which at one and the same time betoken speed and power are greatly magnified by continued study of the latest Herreshoff creation, and, while she resembles the "fifties" to a marked extent, she gives evidence of many refinements not noticeable in their design.

## Less Intellectual

"Scotland is less intellectual than she was. On the other hand she has acquired new qualities of enterprise and commercialism. The immense industrial expansion of the country within recent years is undoubtedly one of the results as it is also one of the causes of altered diet."

"A visit to the average industrial school or reformatory will convince most people that a perfectly 'sane' diet produces a characteristic facial expression. A stroll through the West End during the season will to some extent at any rate confirm this belief. It would be hazardous however, to conjecture that an exchange of diet between these extremes would accomplish an exchange of characters, no matter at how early an age this might be accomplished."

"On the other hand the effects of a good table on a man accustomed to a poor one is usually to produce a more opinionative and self-assured

## Big Men of Nation Go to Church. Get the Habit! Join the Procession!

It is deplorable, but nevertheless true, that there are men who think it savors of effeminacy to be seen often in church. These men should awaken to the error of their ways.

The really strong men, the men of the nation, are constant churchgoers. They rarely miss a Sunday. The story is told of a great composer who on one occasion was accorded a magnificent ovation. The audience cheered him for fully five minutes. It was a tribute calculated to turn any man's head. Then there came cries for a speech. The composer faced the great multitude of his admirers and said:

"WHAT DOETH IT PROFIT A MAN TO GAIN THE WHOLE WORLD AND LOSE HIS OWN SOUL?"

THAT WAS ALL. THE AUDIENCE WAS ELECTRIFIED. THEY KNEW THE DEEP RELIGION OF THE MAN AND GRASPED THE SIGNIFICANCE OF HIS REMARKS. THE OVATION THAT WENT BEFORE WAS AS NOTHING COMPARED TO THAT WHICH FOLLOVED. THAT GREAT AUDIENCE DIDN'T THINK THIS MAN EFFEMINATE. HE WAS BIG ENOUGH TO PROCLAIM PUBLICLY HIS FAITH IN GOD AND A HEREAFTER. IT IS THE WEAK RATHER THAN THE STRONG MAN WHO, WHILE PROFESSING A BELIEF IN GOD, REMAINS AWAY FROM CHURCH. IF YOU BELIEVE IN GOD, PRACTICE YOUR BELIEF BY GOING TO CHURCH. GOD DOESN'T ASK MUCH OF YOUR TIME.

Don't delay GOING TO CHURCH. Start in next Sunday. Get the habit. You'll find it is not a hard task. Join the procession. By going to church you set a good example to your neighbor. It will set him thinking. You will please your wife, your mother, your sister. It will fill them with happiness to see that you are on the road to righteousness. And be honest with yourself. Don't you know you are a lot happier after an hour with God? GO TO CHURCH!

## Hadleigh Hall Fine Old Tudor Manor House is Put Up at Auction.

[By Special Wire to the Courier] MONTREAL, May 14.—(Montreal Daily Mail cable)—Hadleigh Hall, a fine Tudor Manor house in the market town of Hadleigh in Suffolk, prominent in King Alfred's reign, was offered for sale at auction yesterday. The hall nestles between the shade of the Church of St. Mary, an ancient edifice in the early English style and the rectory house, whose tower was erected by Wykeham in 1495. In 1544 Dr. Rowland Taylor, one of the most eminent sufferers during Queen Mary's reign, was presented to this living, and next year he was imprisoned for ten months by Bishop Gardiner in London, subsequently being conducted back through Hadleigh to Aldham Common, two miles from his rectory, there to be burned at the stake. There was a small attendance at the sale and only two bidders. The reserve price of \$15,000, and as the best bid was \$10,500, the property was unsold.

## SEVEN BOYS HELD BY POLICE AT GALT

Must Stand Trial for Entering and Ransacking Residence—Two More Wanted.

GALT, May 14.—Miss Dickson's residence, which in the absence of the mistress abroad has been left in charge of a servant, was entered by burglars and ransacked from cellar to garret. Every room was visited. The drawers of bureaus, sideboards, desks and other articles of furniture were opened and their contents strewn over the floor. Closets and trunks were emptied, and a general search of the interior made of valuables. The housekeeper discovered the raid and notified Chief of Police Gorman, who found a clue which led to the rounding up yesterday of seven boys, the oldest 15, suspected of the crime. Two more are wanted, but have disappeared. Just how much loot was secured is not known, but a considerable quantity of the stolen stuff has been recovered. Two boys were remanded till Saturday to allow the police time for additional work on the case.

TWO BILLS INTRODUCED OTTAWA, May 14.—In the Commons yesterday Hon. Arthur Meighen introduced the co-operative credit societies bill, and Hon. The post-office estimates were under discussion throughout the morning.

A night letter forwarded to the premier's office tells of their fervent thanks for his life being spared and congratulates him on a return to public life duties. In returning his thanks Sir James said: "It is indeed a great satisfaction to me to know that the Conservatives of Temiskaming endorse the good work done by the Ontario Government, and also a matter of great satisfaction to realize the very kindly and friendly feeling which they have expressed with relation to myself."

## TURNED IT DOWN

Rev. Campbell Says Church Cannot Effect Reduction in Armaments.

LONDON, May 14.—(Montreal Daily Mail cable)—Rev. R. J. Campbell, pastor of the City Temple in a speech yesterday in that church, said that his suggestion, made on peace Sunday, that the Pope should head a combination of the churches in an appeal for the reduction of armaments had been "turned down" by Rome. "I highly placed ecclesiastic," dissenting the matter with him at Rome, said that the nations would not listen, modern civilization not being founded on any moral principle, but being purely utilitarian. "The church," said this ecclesiastic, no longer possesses the authority it once had in the matter. A papal manifesto, backed by all the Protestant communions would not effect any change for the better."

WILLIAM PENN, Pa., May 14.—When supper threatened to end in one giant gulp of the ground under their home, the family of Mrs. Mary Kerns, decided flight was preferable to satisfying hunger, and made a hasty exit, thinking the Sicilian earthquake had crossed the Atlantic. Old workings of the William Penn colliery had caved in the front portion of their home and front yard to a depth of 75 feet and 50 feet across, pulling the house from its foundations and leaving it on the brink of the yawning breach. Pictures were shaken from the walls and dishes broken on the table.

## PANIC WHEN PEOPLE CROWD TO SEE REMAINS

Wild Scenes at Lying in State of Body of Chicago Boy Killed at Vera Cruz.

[By Special Wire to the Courier] CHICAGO, May 14.—The return of the body of Samuel Meisenberg, the Chicago boy, who was among the first of the American marines to lose his life in the occupation of Vera Cruz, was marked by a panic in the city hall, where the body lay in state for three hours yesterday.

So great was the crush to view the catalaque in the rotunda of the municipal building that scores of women fainted, while men caught in the smothering press cried for air. Only the names of two women who succumbed were obtained by the police, but among these were Mrs. Meisenberg, mother of the dead hero.

Cool-headed elevator men did much to avert disaster. They opened the doors of their cages and carried those nearest them to the upper floors, while the police sought to quiet those in the corridors and others at the entrance fought to restrain the thousands who blocked the streets outside, and who ignorant of the situation inside, made desperate efforts to crowd within the doors.

Finally the crush became so great that Police Lieutenant James Conroy sent in a riot call and the reinforcements succeeded in restoring order. A photographer who exploded a flashlight powder is said to have contributed largely to the disorder.

HOSPITAL SHIP ARRIVES NEW YORK, May 14.—The naval hospital ship, Solace, which reached quarantine early this morning, docked at the Brooklyn navy yard today with 107 patients aboard from Vera Cruz. The ship also brought the bodies of Henry Pulliam and Clarence R. Harshberger, the navy men who died of wounds received incident to the occupation of the Mexican city. There were on board the vessel 31 wounded; the remainder were suffering from disease contracted in Mexico. Of the latter, however, many were convalescent. They will be sent back to Mexico.

## WEBBER TELLS ROSENTHAL AND AFTER

Becker's Counsel Says Mission That He Not Told Tr

NEW YORK, May 14.—(Montreal Daily Mail cable)—Charles Becker, lieutenant, on trial for the murder of Herman Rosenthal, secured today Webber, described as a backed up the plot, the killing of Rosenthal that he had had to do. Commissioner Daugherty things during his arrest earlier in the day that he first time Becker was of life, and had sworn to the swore today were false. Rev. Campbell Says Church Cannot Effect Reduction in Armaments.

LONDON, May 14.—(Montreal Daily Mail cable)—Rev. R. J. Campbell, pastor of the City Temple in a speech yesterday in that church, said that his suggestion, made on peace Sunday, that the Pope should lead a combination of the churches in an appeal for the reduction of armaments had been "turned down" by Rome. "The church," said this ecclesiastic, "no longer possesses the authority it once had in the matter. A papal manifesto, backed by all the Protestant communions would not effect any change for the better."

Old workings of the William Penn colliery had caved in the front portion of their home and front yard to a depth of 75 feet and 50 feet across, pulling the house from its foundations and leaving it on the brink of the yawning breach. Pictures were shaken from the walls and dishes broken on the table.

## WEBBER TELLS OF ROSENTHAL DEATH AND AFTERWARDS

Becker's Counsel Secures Admission That He Has Not Told Truth.

NEW YORK, May 15.—Counsel for Charles Becker, the former police lieutenant, on trial charged with the murder of Herman Rosenthal, the gambler, secured to-day from Bridge Webber, described as the financial backed of the plot that resulted in the killing of Rosenthal, admissions that he had lied to Deputy Police Commissioner Dougherty, had said things during his direct examination earlier in the day that he omitted the first time Becker was on trial for his life, and had sworn to affidavits that he swore today were false.

Under the fire of cross-examination Webber trembled, his mouth quivered and then curled into a smile. At times he seemed to defy Martin T. Manton, of Becker's counsel, to draw any contradictory statements from him. At other times he appeared to give way in despair. Twice he admitted that he was remorseful for the part he had taken in the crime.

Almost in Tears. Mention of the death of the four gunmen in the electric chair affected the witness almost to the point of tears. But he gripped the arms of the witness chair, regained control of himself, and went on with his testimony.

In its essential points the story he told of the murder conspiracy and its result remained unchanged by cross-examination. Attorneys for the defence, however, expressed themselves as gratified they had made Webber admit he had lied.

When court reopened Bald Jack Rose was called again, and for the first time the graft phase of the case was touched upon when Mr Whitman

asked the witness whether it was true that he had given as well as received money from Becker.

"At 124th street and 7th avenue, shortly before the murder," said Rose "I gave Becker \$500 I had collected for him. The same night Becker gave me \$500 back."

From Last Trial

Martin Manton read from the records of this and the last trial, selecting passages not dwelt upon yesterday during Rose's cross-examination, in an endeavor to show that Rose really had testified to matters at this trial which he thought he had omitted at the first trial.

Mr Whitman read from the records again took the witness in hand. He asked Rose where he went last night after leaving the stand. Rose said he went to Assistant District Attorney Grobel's office to get his overcoat.

He denied that anybody there had asked him questions. When witness was asked whether he had been coached to answer the district attorney's questions this morning, the district attorney objected and was sustained. Rose then left the stand. He was accompanied from the courtroom by detectives from the district attorney's office assigned to protect him.

When Rose left the stand it was the general opinion that his narrative in the main had not been shaken. "Bridge" Webber was then called by the prosecution to tell of the part played in the murder plot and of the gathering of the gunmen, now all dead, at his poker rooms.

Collected Graft. Webber said he collected graft from gambling houses for Jack Rose, and had met Becker through Rose in four of his (Webber's) poker rooms at 42nd street and Sixth avenue. He backed up Rose in the assertion that he (Webber) was present at the alleged conference in Harlem during June, 1912, where the plot to murder Rosenthal was discussed. This is the confession that the Court of Appeals styled the "heart of a conspiracy."

Webber said Becker told him of Rosenthal's threat to "squeal" to the district attorney, then told him he wanted him to "get the boys to croak that — Rosenthal."

"I asked him if he meant to murder him. Becker said he did. I said there would be a lot of trouble if that was done and Becker replied: 'I'll fix everything; there'll be no trouble. I'll see to that.' So I agreed to have Rosenthal croaked."

Cold Blooded Work. Webber said he met Becker a few days later and that he asked, "Why the delay about croaking Rosenthal?" Webber assured him, he said, that it would be done soon.

The witness described how the gunmen, Rose, "Dollar John" Langer, Wallon and other gamblers gathered in his poker rooms the night of the murder. The four gunmen came together. Then, Webber said, he went out and succeeded in finding Rosenthal in the Metropole Hotel. A little later Rosenthal was shot down. Not long after he said, he and Rose met Becker.

"Becker," said the witness, "congratulated Rose and then borrowed \$1,000 from me to get the gunmen out of town."

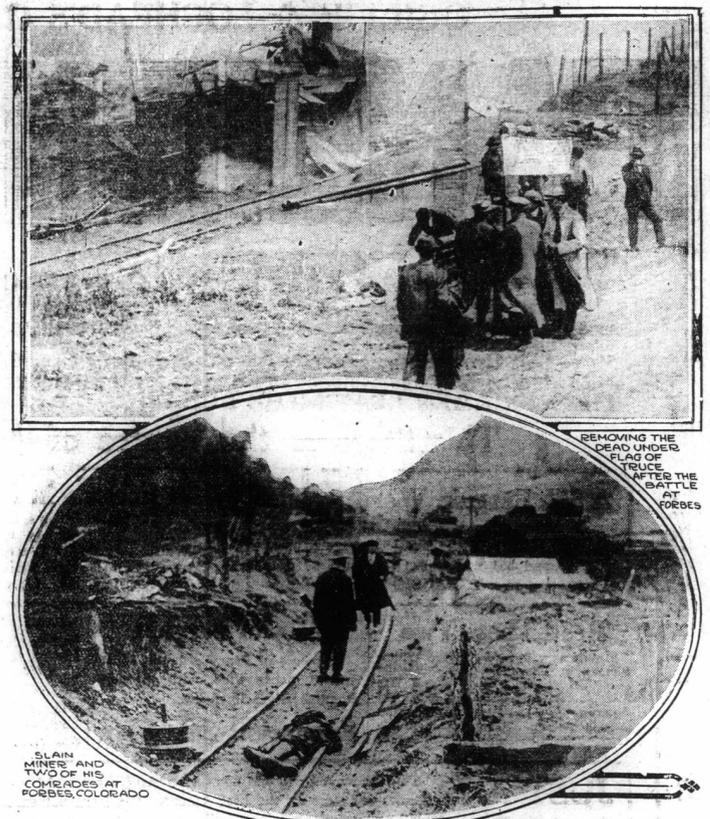

After his arrest Webber said, his counsel was H. T. Marshall, now one of Becker's counsel. He identified Marshall, who was sitting at the counsel table next to Becker.

Webber was cross-examined then by Mr. Manton. He denied that he had ever been convicted of any crime but admitted having conducted an opium den and various gambling places.

As to Appearances. "So you are a Chicago policeman?" "Yes."

"Plain clothes?" "Well, they must be plainer than I am used to, but they are very becoming."—Washington Star.

### CAINSVILLE

(From our own correspondent.)

On Friday evening "The Gleaners," an organized Sunday School Class, met in the schoolroom and held a social. Each member of the club was privileged to invite three of her friends. A very enjoyable program was rendered. Miss Mary Edmondson gave a reading which delighted the audience. Recitations were given by Vera Clark, Ruth Sumler and Mary Keil. A solo by Miss Pearl Day was much appreciated. A selection on the auto harp by Miss Winnie Turvey received a hearty encore. Miss Vera Graham, Miss Ada Edmondson and the teacher of the class, Miss Hawley, rendered very pleasing piano solos.

Rev. Mr. Morrow and the Superintendent, Mr. Fred Sumler, each gave a very interesting address. At the close of this excellent program a contest was heartily entered into, after which guests to the number of thirty enjoyed a dainty luncheon. A very enjoyable evening was brought to a close by singing the National Anthem.

Dr. Maxwell Morrow, accompanied by his wife and little George, of Hamilton, motored to the parsonage on Saturday evening and returned to their home Sunday morning.

We regret to report Miss Marion McCann seriously ill with typhoid fever.

Mrs. Ford Papple returned on Saturday after having spent a month at the home of her parents near Napanee.

A number of our young people attended the concert at Alexandra Church on Monday evening.

Mother's day was fittingly observed in the Methodist church last Sabbath Rev. Mr. Morrow preached a very appropriate and touching sermon in the morning. Rev. Mr. Cook delivered a very fine discourse in the evening.

Mrs. Wilson and Mrs. Carmody attended the dedication services of First Methodist Church, Hamilton, last Sunday and were guests at the home of the former's sister, Mrs. Jerome.

League was held on Monday evening. Mr. Herb Sumler filling the chair very capably. Mr. Ira D. Scruton, of Brantford, gave a very enthusiastic and instructive address on Citizenship League members were delighted with Mr. Scruton's address and a hearty vote of appreciation was tendered him.

## "THE PLAYERS" AT THE GRAND

Very Pleasing and Clever Performance by Local Talent.

Before a large house at the Grand Theatre last evening The Players, under the direction of Miss M. E. Squire M. O., presented a roaring three-act farce comedy entitled "The Sisterhood of Bridget." To say the least, it was a success. The efforts of the various actors and actresses were all deserving of special praise. Mr. Fred Trumper as Edward Mason, a wealthy stock-broker, was exceedingly good. Mr. Trumper went through his part like a professional in a clear voice, and free and easy manner which won much applause. Lord Curton, who is in search of a wife with money, was ably and excellently taken by Neil R. McLeod. Mr. McLeod's acting was splendid and his decidedly English manner caused much excitement.

The part of Ward Leighton, a lieutenant of the 76th Regiment, was performed to the King's taste by Mr. Percy Unsworth. Mr. Unsworth had a very difficult part to play and acquitted himself admirably. Mrs. Mason, a Socialist and Aesthete, who has extreme views, was admirably taken by Miss Nellie Cooper. Her interpretation of the plot was splendid and her manner charming. Miss Christina L. Piddie cleverly took the part of Eleanor Mason who was very much in love with Lieut. Leighton, much against her parents' wishes.

The star of the evening was Gertrude Warner in the part of Bridget, the cook, who was made mistress of the house for one night, when she gave a party to her friends. Mike McShane (Fred J. Hollier) Timothy

Rouke (Walter Taylor) Johnny McRae (Jack Unsworth) Josie Riley (Beatrice Burr) Emma Hone (Willow Burr) and Mary McRae (Ethel Irwin) All the guests played their parts exceptionally well and won great applause, especially in the scene of the dinner party. Robert Cook made a typical butler in the part of William. His acting was very good and his discovery of Lord Curton's real character at the close, was very good indeed.

The plot hinged around Mrs. Mason who was a Socialist, who decided in the absence of her husband to have Bridget, her cook, give a dinner party to the servants, while she and her daughter Eleanor did the cooking and serving thereby giving the servants equal rights. The dinner party is held and Lieut. Leighton, in a disguise, is present as a nephew of Bridget's who decides to help Leighton and Eleanor get married. At the dinner party, Mrs. Mason suspects Leighton, but does not say anything. Mr. Mason arrives home and finds his house all upset and Lord Curton just arrived. He hits upon a plan for a joke, which terminates in a very ludicrous way. Needless to say, Leighton and Eleanor get their father's consent and are married.

As a play the performance was very good. The players evidenced a desire to prolong the play sometime, especially in the dinner party, but outside of that, everything worked out splendidly. Much credit of the success of the play is due to Miss Squire, who spent a great amount of time and energy getting it up.

### Music and Drama

The four musical Kluses who head the bill at the Brant Theatre this week are indeed a group of expert musicians, the junior members of

which are also versatile and introduce a vein of undefined humor. Besides delighting the audience with airs on brass instruments, they also displayed great skill with the string and bow, and they were heartily applauded.

Pianologues have sprung into fashion on the stage, and that given by Gene and Arthur is one of the best. They have a refined and captivating act, and responded to an encore which shows their merit.

Acrobatic feats, intermingled with good wholesome comedy, makes the performance of the Brant Trio distinctly successful. They are neat and clean cut in all their work, and merited their applause.

Frank de Groot sings in a deep basso voice, and his selections are choice, and from the beginning there is no doubt of his success. Encore was demanded.

Adding to these fine attractions are photo plays of intense interest including Family Ties, a story of a drunken man and how his sins are visited upon him. Full house will be the rule this week.

At the Colonial.

Manager Symons of the Colonial theatre again presents a splendid bill for the latter part of this week. Every act is in itself a feature and judging from the applause of the large attendance at both performances yesterday it made a hit. Morton and Addison present a comedy, singing and talking act which is very good indeed. This is the feature act and their work was excellent. Harry Frizzo, the comedy illusionist presents a very clever act which is greatly appreciated. His work is of an extra variety and very clever. Sim Bourdon in his singing and talking act is also very clever. He possesses a good voice and a lively disposition. Ford and Price present a novelty act which is very clever and provides ample entertainment for the audience. The bill is a good one and coupled with four reels of the best moving

pictures should draw like wild fire for the rest of the week.

The Colonial pony will be along in a few days and the kiddies are watching with interest for his appearance.

LONDON, May 14.—In the Commons yesterday Premier Asquith, answering questions, admitted that Col. Seely, who resigned the War Sec-

"Surely," said the Marquis of Tullibardine, who had raised the matter, "it is not sound principle that one who has lost the Cabinet's confidence should remain on the committee."

Mr. Asquith, replying—Col. Seely

has not lost the Cabinet's confidence.

The Marquis retorted—Then why is he not still in office.

No answer was returned.

### ALL NORTHERN MEXICO HELD BY THE REBELS

Quiet Has Been Restored at Tampico--Latest News From South.

[By Special Wire to The Courier] WASHINGTON, May 15.—While two of the South American envoys were on their way to-day to Niagara Falls, Ontario, where they will complete arrangements for peace negotiations, and with the third mediator and the American mission preparing to leave here to-morrow, immediate interest in the Mexican situation centered in the Constitutionalists' administration of their new prize—the port of Tampico—and plans for their campaign against Saltillo and San Luis Potosi.

Reports to the navy department early to-day from Rear Admiral Mayo stated that General Gonzales, the Carranza commander at Tampico, had assured United States Consul Miller that complete protection would be given to American and other foreign property about the seaport, including the immense oil interests there.

News that the Federal mission was speeding northward to-day from Key West relieved all anxiety over the possibility that the Mexican delegates would not reach Niagara Falls in time for the beginning of the conference.

The first intimation of the scope of their powers was revealed in a statement by Senator Rodriguez, spokesman for the party, who declared:

"We have full power to act, we carry no formula and we shall decide according to our conscience, always hearing in mind the national honor."

That applied, however, to issues between the Huerta Government and the United States. The Mexican delegates, Senator Rodriguez said, would deal only with external issues of the situation, because of the attitude of Carranza, that an attempt to compose internal affairs in Mexico would be beyond the bounds of diplomatic activity.

News of Huerta's setbacks at Tampico had put out to sea, temporarily relieved the possibility of a complex situation growing out of a blockade of the port. While officials here declined to discuss what might result from an attempt by Huerta to halt supplies and ammunition for the Constitutionalists outside Tampico, yet naval experts agreed that if the Federal commanders were able to establish a fairly effective blockade it would have to be respected by foreign shipping. Whether the Federal gunboats would attempt to return was eagerly discussed. To repel an effective blockade, it was declared would not involve political recognition of either combatant.

Details of the final assault on Tampico, after months of siege, which came through slowly to-day, indicated:

### BROTHERS HELD IN MURDER CASE

Two Settlers on Island in Georgian Bay Arrested on Suspicion.

MIDLAND, May 15.—Andrew and Peter Moreau, two young French settlers, were arrested yesterday at Honey Harbor on suspicion of complicity in the murder of Robert Hayde, grocer, who disappeared from Tomahawk Point, in the Georgian Bay, on March 27, and whose body was found in a manure heap in that vicinity on April 7.

The island whereon Honey Harbor is situated in the Muskoka District but the inquest on Hayde's body was held here by Coroner Dr. Raikes. Since the conclusion of the inquest Crown Attorney Thomas Johnston of Muskoka, has been investigating the case. The two men arrested were brought here last night and lodged in jail for safe-keeping. They will be removed to-day however to Bracebridge in order that their hearing may be before a Muskoka magistrate.

Little information concerning the two suspects who are brothers, or their connection with the murder was available last night. It is said that they have in the past made only a precarious living as fishermen and farmers in a small way but that during the last few weeks they have been spending money very freely. They live within a couple of miles of Hayde's place. The dead man was supposed to have at least \$50 in currency on his person when he disappeared but there was no money on the body when it was recovered ten days after the crime.

### Exclusion Must Be Indefinite

[By Special Wire to The Courier] MONTREAL, May 15.—The most significant development in the Irish situation, says a London cable to the Daily Mail, is an editorial in the British Weekly, in which Sir Robertson Nicoll deliberately asserts that the exclusion of Ulster must be indefinite. This is considered a declaration by the organ of the Nonconformists, who are the Government's strongest backers, and is interpreted as throwing down the gauntlet to John Redmond.

### A SENSATION IN CIVIL SERVICE

Huge Deficit in an English Benevolent Society Has Been Reported.

[By Special Wire to The Courier] NEW YORK, May 15.—A cable to The Tribune from London says:

One of the greatest sensations in the history of the British civil service has been provided by the discovery of a huge deficit in the funds of the United Kingdom postal telegraph and general civil service benevolent society, familiarly termed the Northampton Society founded in 1875, and with a membership roll of 30,000 names.

A deficiency is reported of close to \$4,500,000 in the funds necessary to pay the benefits which had been promised. There is no question of any fraud, but there has been a colossal miscalculation, and the meeting of the members which has been called for Tuesday next to consider the situation is likely to be a stormy one. One thing certain is that unless the members consent to an increase in contributions or to a large reduction in the promised benefits, the society is hopelessly insolvent.

### ONE MONTH FOR MILITANTS WAS SENTENCE

And Flora Drummond Raised a Big Row in Court Room.

[By Special Wire to The Courier] LONDON, May 15.—Sentence of a month's imprisonment each were pronounced to-day on "General" Mrs. Flora Drummond and Mrs. Darcie Fox, two militant suffragette leaders when they were brought before the magistrate and charged with disturbing the peace by camping on the door steps of Sir Edward Carson and Lord Lansdowne.

The accused refused to give sureties that they would keep the peace for 6 months. They turned the court proceedings into a farce by interrupting the evidence, and continuing to talk and jeer at the magistrate while he was pronouncing sentence.

When ordered to be taken to the cells, the women became so violent that it was necessary to call in four policemen to remove each of the prisoners to the enclosure. They were eventually taken out of court screaming and shrieking.

**Arson Squads**  
LONDON, May 15.—Arson squads of militant suffragettes to-day set fire and destroyed costly grand stands at the county cricket grounds in Birmingham and London.

**THREE WERE KILLED.**  
ST. LOUIS, May 15.—Three persons were killed at Kaimann, Ill., to-day, when an automobile in which they were riding was struck by a train.

**A Bernard Shaw Witticism**  
New York World.  
Dr. Stanton Colt of London, who has been visiting friends in New York, tells this story on himself:

"At a reception in London a young woman was persisting that I should dance with her. I explained that I hadn't danced for years. But, said she, I do so want to say I've danced with the head of the Ethical society in London. So I consented on condition that we dance in a room off to the side, where my awkwardness would not be so conspicuous. As I was hopping about perspiring I became conscious that I was under observation. I looked up. In the doorway stood Bernard Shaw, with a smile of devilish delight. "Ah," said Shaw, "it's the ethical movement, I perceive."

### ARMY SCANDAL BEING PROBED AT OLD BAILEY

Extensive Operations Said to Have Been Conducted by the Liptons.

[By Special Wire to The Courier] MONTREAL, May 15.—The trial opened at the Old Bailey, London, yesterday of the men alleged to have been implicated in the great "canteen scandal" who had been committed after a long magisterial investigation on charges of conspiracy to offer or to accept bribes, says a London cable to The Daily Mail.

The crown were that Lipton's carried on an extensive system of bribery in connection with their army canteen contracts. The principal witness is E. S. Sawyer, a former employee of Liptons, who is now employed by the canteen and mess society, limited, a co-operative society contracting for army canteens, but not working for a profit. The details show that Liptons engaged him, Minto instructed him as to the necessity for paying quartermasters and sergeant majors who supervised the canteens. Minto stated that Lipton's had a large business with military people and that class of people all wanted money.

The ostensible object of the bribes was to prevent military men making frivolous complaints and so preventing renewal of contracts. Minto told Sawyer that Lipton's had tried to carry on the business without bribes and in consequence had lost heavily to other contractors. Minto added that the firm did not recognize the payments, for which he implied Sawyer would be responsible. Canfield made out the orders for payment in accordance with Sawyer's lists which grew larger as time went on.

There is much documentary evidence in support of Sawyer's testimony, and it is alleged that the annual payments amounted to thousands of pounds.

The civilians were put on trial first. The attorney-general, Sir John Simon, occupied the whole day in outlining the case for the crown.

The trials are expected to last a fortnight.

### A MYSTERY HOW HE GOT HURT IN YARD

Fred Robinson Was Found Unconscious at the Grand Trunk.

Fred Robinson a young man of twenty three, of medium build, was found among the tracks in the yard of the Grand Trunk station late last night in an unconscious condition. He was taken to the hospital where he was attended by Dr. Hanna, who found him very badly bruised and shaken up. There were no bones broken and the young fellow has suffered more from shock than anything else. He is probably injured internally and has, as yet, been able to make no statement of what happened. This morning his condition, although serious, is hopeful and he may recover.

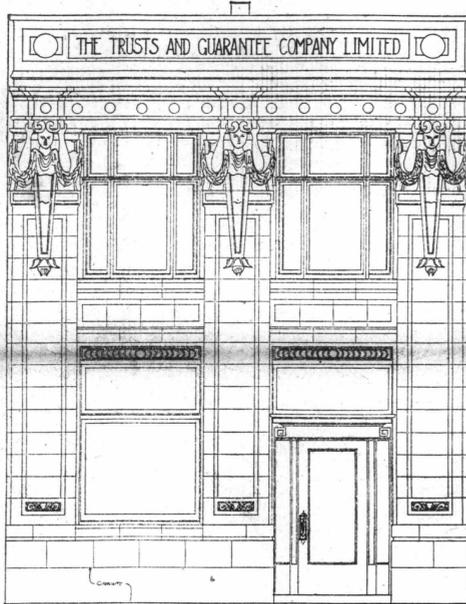

### ELEVEN KILLED

Terrible Explosion in the City of Detroit To-day.

DETROIT, Mich. May 15.—It was known this afternoon that eleven men were killed, two other bodies were said to be still buried in the wreckage, another man was dying and three more were thought to be fatally injured, as the result of a terrific explosion which wrecked the plant of the Mexican Crude Rubber Company, in the western part of the city before noon. The direct cause of the explosion may never be known.

At first it was reported gasoline was responsible for the accident. Later it was said that sulphuric acid was probably the cause. The coroner shared the latter opinion.

**Riverdale Church Bazaar.**  
The bazaar held at the home of Mrs. J. B. Willis, 136 Chestnut avenue, has proved entirely successful, and has resulted in a contribution of \$110 towards the funds for building a new church for the Riverdale Baptist congregation. The house presented an inviting appearance with its tastefully decorated stalls and booths. There were on sale all kinds of articles and much to choose from. The candy stall and the ice cream sales were especially good.

Elaborate design of the new offices in course of erection for The Trusts and Guarantee Company, Limited, on Dalhousie Street, opposite the market. This imposing structure will be the first building in this city to be finished in English terra cotta. The interior finish will be in mahogany. The architects are Barber & Tilley and the contractor A. J. Cromar.

### LITTLE VIOLET QUITE PROUD OF HER EXPLOIT

Wandering Children Returned to the City From Montreal This Morning.

Little Violet Smith and her brother Victor, arrived back in Brantford this morning at ten o'clock. Their mother with some friends was waiting to welcome them and her face lit up as she saw her children alight from the big passenger train. The little girl looked at her mother with an unguessed smile, already sure of her reception, and she had not judged wrongly. Mother, daughter and son were locked in an embrace, which spoke much of the family love, and the grief the poor mother must have endured when the missed her offspring. Tim Boylan, truant officer, was also there, but he respectfully remained in the background and later spoke to the wanderers.

"I don't like it out there," she pearly exclaimed, "it's so queer." She just knows that she followed a man from one train to another and separated from her brother until the train got started.

The little miss to-day was in charge of her mother's small store and she was the cynosure of curious little eyes which peered through the shop window. "What boat did you catch?" shouted a little fellow as he gazed in admiration upon his heroine and she answered, "The Laurentic."

### FAST TIME

Aviator in Hydro-Plane Made Trip From Toronto to Hamilton.

TORONTO, May 15.—Mr. W. A. Dean's hydroplane "Sunfish" made its long expected trip to Hamilton this morning, starting from its foot of Bathurst street at 8:27:40.

Aviator McCutley was in charge and Lou E. Marsh, a member of the sporting department of The Toronto Star, was a passenger.

On starting the boat flew low over the water until the western gap had been passed when she rose high in the air and pointed her nose towards Hamilton.

### BRITISHERS NOW PREPARE FOR A REAL FIGHT

They Concentrate With Other Foreigners in Mexico City.

[By Special Wire to The Courier] BERA CRUZ, May 15.—Word has reached here foreboding the approaching of a critical moment in the capital. British subjects from the interior, it is stated, have been gathered in the concentration districts in the foreign residential quarters of Mexico City, where it was determined long ago they would protect themselves against whatever arose. More British nationals are reported arriving by every train, while others are hastening towards the coast.

The British subjects are simply supplied with arms and ammunition, despite earlier rumors that weapons had been taken from the legation and from residents by order of General Huerta.

The German and Austrian defence organization is also ready to stand a siege and those nationals, according to report are being gathered.

Apparently the feeling is general among all foreigners that the next few days will see a tumult of revolt in the capital since a movement into the districts was planned to occur only when the situation became critical and the adoption of a method of self-protection was an absolute necessity.

### DECLARED HE WAS INNOCENT

Two Prisoners Were Hanged on Friday at Vancouver.

[By Special Wire to The Courier] VANCOUVER, B. C., May 15.—"As God is my judge, Clark did the killing," these were the only words ever approximating confession made by Frank Davis this morning, just before he and Herman Clark were executed by Executioner Ellis at New Westminister jail for the murder on May 28 last year of Police Constable Archibald of Vancouver.

Each man has consistently blamed the other for the crime ever since both were arrested within a few hours after the murder. The two men were pronounced dead thirteen minutes after the trap was sprung. Clark turned and sneered at Davis as the two walked to the scaffold. Davis did not touch any food all day yesterday nor this morning. Clark, when the guard brought in his breakfast of ham and eggs and coffee, declared with an oath that it was the same old thing and declined to eat.

Davis will be buried here. His parents are said to be respected people of Toronto. Clark had escaped from San Quentin penitentiary in California, before he came to Vancouver.

### English Aviators Killed Today

[By Special Wire to The Courier] NORTH ALLERTON, Eng., May 15.—Two more British army aviators were killed to-day near here during a combined flight by a squadron of military aeroplanes from Scotland to Salisbury Plain. The victims, were Lieut. J. Empson of the Royal Fusiliers and Sergt. Dudmore, who was acting as mechanic.

The accident occurred while the aviators were trying to land in a dense fog. The machine struck the ground sharply and overturned, the two occupants being killed instantly by the motor falling on them.

### NEW WITNESSES FOR THE STATE CALLED TODAY

Becker Trial Proceeds—The Prisoner Will Probably Take Stand.

[By Special Wire to The Courier] NEW YORK, May 15.—New witnesses for the state were waiting today to be called to testify at the second trial of Charles Becker, former police lieutenant on charges of having instigated the murder of Herman Rosenthal, the gambler, who it is alleged, he feared was preparing to accuse him of receiving graft in return for protection to gambling houses.

With the conclusion of the testimony of Harry Vallon to-day, it was expected that District Attorney Whitman would call several witnesses who did not testify at the first Becker trial. Vallon is the last of the three principal witnesses and the prosecution probably will complete its case on Monday or Tuesday of next week when the defense will open.

From the line of cross examination followed by Martin T. Manton chief counsel for the defense, close observers of the case to-day believed that Becker would take the stand in a final effort to convince the jury of his innocence.

Vallon's direct testimony was nearly completed at adjournment yesterday and his cross-examination was not expected to continue beyond the morning session to-day.

### RUMORS AROUND ABOUT THE LOCAL CUSTOMS STAFF

It was rumored on the street today that two members of the local Customs Department have been suspended following a visit here by Inspector Ross. No official announcement could be secured, however, in connection with the matter.

**ARRESTED YOUNG GIRL**  
MONTREAL, May 15.—Detective Foucault this morning placed under arrest a fourteen year old girl wanted as a witness in a white slave case in Ottawa in connection with which a man has been taken into custody.

The girl was arrested at the Place Viger station as she was boarding a Juebec train. Though only fourteen, she is said to have been an inmate of a disorderly house in Ottawa, and she was given money to get out of town. The arrest was made at the instance of the Montreal police.

**INSTANTLY KILLED**  
SAULT STE. MARIE, Ont., May 15.—Wilbur Decmers, aged 50, while putting ice on the Glenellah at the docks here was instantly killed when he lost his footing and fell into the lock chamber. His head struck on the fender guard of the steamer. The body was recovered. He leaves a widow and large family.

**GAVE BIRTH TO FIVE**  
MONTREAL, May 15.—A cable to The Herald-Telegraph to-day from Palermo, Italy, says that yesterday a woman named Rosa Salemi, aged 40, who already is the mother of a large family, gave birth to two boys and three girls. The mother and her five new borns are doing well.

**DAN RICHARDS DEAD.**  
WOODSTOCK, Ont., May 15.—Daniel Richards, founder of the Richards Pure Soap Company of this city, died this morning. Mr. Richards was in his 82nd year and resided in Woodstock since 1854. He was a native of Bingham, England.

### HON. F. D. MONK DIED TO-DAY AT MONTREAL CITY

He Had Been Ill for Some Time—Splendid Career is Closed.

[By Special Wire to The Courier] MONTREAL, May 15.—Hon. F. D. Monk, former Minister of Public Works, in the Dominion cabinet, died here this morning.

The late statesman had been suffering from hardening of the arteries. It was noticed last night by his physicians that he was sinking and the last rites of the Roman Catholic church, to which he belonged, were administered by Rev. Father Troie, a personal friend.

The end came about 3:25, the daughter and his two brothers, F. A. and J. D. Monk being present. Mr. was conscious to the last.

Among the earliest callers on the bereaved family, was Henri Bourassa, a very old friend of the dead former minister.

Mr. Monk resigned his seat for Jacques Cartier on March 3 last owing to the continuance of his ill health. He had been absent from parliament since his resignation of the portfolio of Public Works on October 22, 1912, hoping against hope that he would recover sufficiently to attend to his parliamentary duties.

The public career of Mr. Monk can be briefly summarized as follows:  
Born, Montreal, April 6, 1856.  
Conservative M.P., for Jacques Cartier, 1896-1914.

Minister of Public Works in the Borden ministry, October 19, 1911 to Oct. 22, 1912, when he resigned, being out of sympathy with the naval contribution proposals of his colleagues.  
Resigned as M.P. for Jacques Cartier, March 3, 1914.

### ENTIRE CROP FOR A DOLLAR

Failure of the Peach Yield in the Niagara District.

[By Special Wire to The Courier] ST. CATHARINES, May 15.—The past two weeks have confirmed the repeated early predictions that the peach crop in the Niagara district will be the poorest in many years, notwithstanding the large acreage of young trees that this year should reach the bearing stage for the first time.

Such well-known and prominent growers as Maj. Hiscott, Jas. Onslow, Salm Muir, and Jas. Brady of Niagara township unhesitatingly say that the peach crop is practically ruined, and that there will not be five hundred baskets of peaches marketed in the vicinity of Virgil and Niagara-on-the-lake. Major Hiscott avers that instead of the usual thousands of baskets that he and many neighbors usually ship growers will not have enough for their own use. Messrs. Onslow, Bernard, James, Aikens and a few others along the lake road say they cannot find a single bud in their orchards. Mr. James Usher claims that unless a steady season of bright, warm weather sets in the sweet, choice crop will be small.

While the failure of the peach crop will be felt heavily by commission men and transportation companies, the blow will fall the most heavily upon the young farmers who have bought portions of farms at high figures with little capital behind them and have devoted all their land and energy to growing peaches instead of a mixed crop.

Japanese plums, too, will be scarce but a fair crop of standard variety of plums and pears is promised, providing a few warm days are experienced. The smaller fruits, such as strawberries and raspberries, promise well.

**A. W. McCubin, Dominion Plant Pathologist, in investigating the condition west of St. Catharines, along the lake shore, found a grower with a peach orchard of from eight to ten acres, who offered to take one dollar for his entire crop.**

**NEXT WEEK.**  
A Replica of Prominent Exhibit, At the Ghent, Belgium, 1913 Exposition.

Of wonderful interest to every lady will be an exhibition in Brantford next week, of one of the lines of manufacture that evoked more than any other, the attention and admiration of the thousands of visitors from all over the world, who attended the great World's exhibition, that was held during the summer of 1913 in Ghent, Belgium. Full details regarding it will be given at an early date in the columns of the Courier.

## DISCOVERY REAL, ROOSEVELT SAYS

Answers Chaffing By Declaring that the Existing Maps of Brazil's Interior Wrong

BRIDGETOWN, Barbadoes, May 14.—Colonel Theodore Roosevelt today replied to Sir Clements Markham's criticism of his discovery of an unknown river in Brazil, by saying that the British geographer had unconsciously paid the greatest possible tribute to what he had done. He declared the best existing maps to be utterly wrong in regard to all this part of South America, and said that

they made mistakes as to the courses of the Gyparana and Juruenia affluents.

The lower part of the river he had explored, said the colonel, had long been known to rubber gatherers under the name of the Arponan and the upper part as the Castanho, but it had not been mapped, while the existence of the river he had described was not hinted at in Bartholomew's map.

MARKET REPORTS

CHICAGO, May 14. — Despite an opinion of one of the best known crop experts that Hessian fly is no more prevalent now than is the case every year, damage reports from Illinois and Missouri today swing the wheat market away from the bears. There was a nervous close at 1-4c to 1/2c net advance. Other speculative articles, too, all scored a gain—corn 1/2c to 3-4c, oats 1/2c to 1c, and provisions 7 1/2c to 2 1/2c.

TENDERS FOR COAL AND WOOD. Sealed tenders, endorsed "Tender for Coal and Wood," addressed to the undersigned, will be received at this Department up to and including the 20th day of May, 1914, for the supply and delivery of the Coal and Wood required for Government House, Parliament Buildings, Osgoode Hall, Normal and Model Schools, Toronto, and for the Normal Schools at Ottawa, London, Peterboro, Hamilton, Stratford, North Bay, the Institution for the Blind, Brantford, for the twelve months ending 30th June, 1915. Forms of tender, conditions of contract, with quantities required, will be supplied on application to the Department. The Department will not be bound to accept the lowest or any tender.

AN INTERESTING EVENT SATURDAY AT ECHO PLACE. Corner Stone Will Be Laid For New Church To-morrow.

An interesting event will be held to-morrow afternoon at the Elm Avenue Methodist Church, when the corner stone of the new church will be laid, accompanied by impressive services by a number of the high officials of the Methodist church. This church has had a remarkable career, and at present is in a flourishing condition. The church first started this year in rooms over the post office at Echo Place, with a membership of 51 people. To-day there are 139 enrolled, which is an excellent showing for five months. Since last November, when the church was first discussed, and a ladies aid was formed through the efforts of Mr. J. L. Barnes, who fathered the church from its infancy the ladies have raised over \$500 towards the building fund. Since the canvassing for funds for the new building started, the Brantford Methodist Union kindly receiving the new church with a donation of \$1,000.

A Short History. The trustee board of Elm Avenue Methodist Church was appointed by the trustee board of Colborne Street Methodist Church early in January of this year. The first meeting of the board was held on Jan. 27, at the home of J. L. Barnes. Since then the plans for the new church have been completed, the contract let, and the work started. The corner stone of the new building will be laid to-morrow afternoon at 3 o'clock by Mrs. J. W. Grummett, who, with her husband, donated the lot on which the building is erected. The new building will be erected at a cost of \$7,000 when completed. Of this amount \$2,288 has been raised by subscription. The building is erected in the form of a half circle, planned by G. W. Haw, and is constructed of brick and stone. The interior is to be made the present structure may be used. It is constructed of Hamilton pressed brick on a stone foundation. The wood work on the inside will be Georgia pine and metal ceiling. It is expected that the building will be completed ready for worship on July 1st.

With the City Police.

H. Morrison, a swarthy umbrella mender, went to the house of Mrs. Miller and pleaded so earnestly for a job that she out of compassion gave him an umbrella to be repaired at a cost of 75 cents. He fixed the article and wanted to charge Mrs. Miller \$1.25, and she refused to pay. He took the case to the police, alleging that he made the arrangement with her for \$1.25, and was told that as she would not pay, to take his cover from the umbrella. Stewart Holyden was allowed to go with a warning for furiously driving a pony. Defendant said it was his son who had driven the pony, which was young and fresh, but the case was allowed to go through. On April 25th, a lively scene occurred at the door of the American Hotel and to-day Barney Lake and John Longbottom were charged upon remain with being concerned in it. The magistrate decided the evidence was not strong enough to commit, and he dismissed the case.

FOOTBALL EXECUTIVE DOWN TO BUSINESS. Important Business Meeting Was Held Wednesday Night—Courier Cup Dates.

The executive of the Brantford and Paris League met on Wednesday night in the Y.M.C.A. when much business was transacted, and the Expositor trophy was presented to the league. The league expressed their heartfelt thanks to the donor, Mr. T. H. Preston and assured him of sincere gratitude. Replying, Mr. Preston said football was a manly sport and he would do all in his power to promote it. The Courier Cup, a preliminary of which was played off resulted in \$14 being handed in. With regard to the Sunday school league, only two entries have been so far received. These were Echo Place Athletic and Tutela Tabernacle and further clubs are looked for. The draw for the first round of the Courier Cup resulted as follows: W. Wanderers v. Holmdale, S.O.E. v. Paris, Scots v. P.S.A., Tutela v. Cockshuts, W. Johnson of the S.O.E. was suspended a week for misconduct. Thomas Forgie and W. Lord, were reported for fighting at the Holmdale and Scots United match, and both expressing penitence were let off easily with two weeks' suspension. W. Scott cannot play in the league for a month owing to his signing two forms, one for Cockshuts and one for the Duffs.

The matter of Clark who also committed a like offence, will be looked into at the next meeting. Referees Groatley, Smith, Farnsworth and Darlington, will be asked to officiate in the league this year, although they belong to the Referees' Association, which is not recognized by the league.

New players for several of the clubs were made eligible. They were S. O. E.—F. Ellis, T. Lawton, G. Short, T. Clay. Tutela—F. Burns. Wanderers—A. T. Wallace, W. Johnson and C. Chambers. Paris—John Riley, Holmdale—D. Richardson, Paris—C. Ball. P.S.A.—H. Arthur, F. Richards, J. Maich and G. Sharp.

With the City Police.

SAINTS HIT WITH MEN ON; ERIE MAKES ERRORS. ERIE, Pa., May 14.—After a three-day lay-off, due to rain, Erie played pool ball here yesterday and was defeated by St. Thomas 10 to 8. Schaffer hit a home run in the ninth with two on. SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Drill Hall, Napanee, Ont.," will be received at this office until 4:00 P.M. on Friday, June 5, 1914, for the above mentioned drill hall at Napanee, Ont., and at this Department. Plans, specification and form of contract can be seen and forms of tender obtained at the Post Office, Napanee, Ont., and at this Department. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given. Each tender must be accompanied by a certified cheque in full payment of the amount of the tender, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 per cent.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender. By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, May 14, 1914. Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—60712.

AN AMUSING ORGAN.

The natural life of the present Legislature has still two-and-a-half years to run but this fact counts for nothing.

The Conservative party wants to make an unfair use of the prestige of Sir J. P. Whitney for partisan ends, and consequently all considerations of decency or fair play are cast aside.

The above extract is from an editorial in the local Grit organ.

Said paper for some time past has been declaring almost daily that all the Liberals wanted was a chance to get at the Whitney outfit, the sooner the better, yet now that an early election is talked of it makes the squeal of unfair play!

Our amusing contemporary therefore puts itself in this position.

It does not really believe that the Rowletttes have a ghost of a chance.

2-If it does believe they have, it is, nevertheless, anxious that the Whitney Government should remain in office for at least two years longer.

As a matter of fact there is far more reason on the basis of a redistribution bill for Sir James to go to the people than there was for Sir Wilfrid Laurier after about two years to suddenly plunge the entire Dominion into a Federal contest.

The Expositor thought that to be an admirable move, but then, of course, Sir Wilfrid happens to be a Grit and our large-minded contemporary is of the apparent opinion that no one of that type can do or think anything wrong.

THE COLD STORAGE BILL

The importance of cold storage as a factor in the cost of living is given official recognition by the Cold Storage Bill introduced into Parliament by Hon. Martin Burrell, Minister of Agriculture.

Whether or not the cold storage men abuse their privileges, as is alleged, the fact that they are in a position to increase the cost of many of the greatest necessities of life makes it essential that there should be some government control of this industry.

Cold storage has developed into one of the most important of public utilities.

As Mr. Burrell pointed out in his speech in Parliament, the cold storage industry of Canada to-day is in its infancy. There is but 20,000,000 cubic feet of cold storage space in the country. Now is the time, therefore to regulate it and to train it up in the way it should go.

The proposal of Mr. Bradbury to have all goods entered in cold storage stamped with the date on entry appears to be reasonable, and might be incorporated in the present Bill.

It is an easy and effective way of keeping watch on the storage of goods and of preventing abuses since it gives the consumer an opportunity to judge for himself the condition of the goods he buys. The proposal to forbid the removal of goods from cold storage except for immediate sale is more drastic and might easily prove to be an undesirable handicap to the growth of an industry which has much potential public value.

To regulate without undue interference should be the aim of cold storage legislation in Canada at the present time. It is easy to blame the cold storage business for abuses to which it does not give rise. Mr. Bradbury contends that in the matter of eggs for instance, if there were no cold storage houses, the housewife would store the eggs herself. That is a question. The modern tendency seems to be to let somebody else do the storing and to pay so much extra for it. If the housewives were storing eggs themselves, why has the cold storage business grown up?

An Objection

(From the Kingston Standard)

We regret very much to see British immigrants here writing in such terms as, "if you want to live like a dog, work like a horse, be ordered about like a slave, and finally end your days in the poor house, then by all means go out on a farm."

The writers of such stuff should live on "home" where they can sponge and live on charity. A real farm hand has chances in Canada to become an independent farmer which he has not in the Motherland.

THE LATE MR. WAINWRIGHT—A REMINISCENCE.

The death of Mr. William Wainwright, senior Vice-President of the Grand Trunk Railway, removes a man very well known to old-time Brantfordites. He was the last of the old guard in control of the company when the late Sir Henry Tyler was President, and the late Sir Joseph Hickson the manager. Sir Henry, before the car works were removed from this city to London, used to visit this city upon his annual tours, and Wainwright was always along with him. The then President used to wear knickerbockers, always had over night near some body of water so that he could take his morning plunge, and on Sundays used to offer his services to read the lessons in any Anglican church which was within his environment. It was on one of his visits here that during a luncheon at the Kerby House, the late Henry Yates, in urging that the main line should be brought through this city, made the complaint that as matters stood, he "spent half of his time in barber shops and at Harrisburg."

Mr. Wainwright's strong point was his skill as a parliamentary lobbyist. The possessor of a very attractive personality, he was liked by everyone, and generally exhibited excellent judgment. However he made one faux pas in the latter regard on one occasion when he was in Brantford. Messrs R. Henry, G. H. Wilkes, J. J. Hawkins, the late Sheriff Scarie, the late H. Mc K. Wilson, and the late T. Elliott, were local men endeavoring to get a bonus for a line to connect with the Michigan Central at Waterford, with a terminus on the outskirts of West Brantford. The project looked dubious, but G. T. R. officials came here and had posters issued in red ink, stating that if the by-law carried the Grand Trunk car shops would be taken elsewhere. That did the trick for the promoters, who, by the way, never made a cent out of the project. It was known as "The Brantford, Waterloo and Lake Erie Railway." Later, Mr. J. N. Young, of Chicago, took hold and extended the line, which is now known as the "T. H. & B." to Hamilton. Young, owing to unexpected difficulties, failed to get the rails into the Ambitious City at the specified time, and Brantford repudiated a \$25,000 bonus which he had practically, although not technically, earned barring a few days. This, without doubt was an exceedingly mean act. Young was ruined, and became so broken down physically that he finally succumbed. So much for the circumstances surrounding the attainment of the first independent railway competition in this city—a competition which eventually led to the Grand Trunk main line and also opened up what is now known as "the factory district."

Mr. Wainwright was a most likeable man, and the last time the writer had a chat with him, he jokingly referred to that poster in red ink, and its far reaching results.

NOTES AND COMMENTS

Another "world's greatest ship" has started on a maiden voyage. Pretty soon all that a traveller will have to do, is to board a vessel on this side and be trolied through it to the other end and step-on shore there.

John Bull has issued the edict that reparation must be made in connection with the murder of William S. Denton in Mexico. And when John Bull makes up his mind in such a regard, somebody has to deliver the goods.

The Toronto Globe keeps yelling against what Mackenzie and Mann have received from the country and are about to get. The organ should at least be fair enough to admit that it was under Liberal rule that they secured most favors, and that the Laurierites never attempted to tie them down to any such extent as that proposed by the Borden Administration.

The death of the Hon. Mr Monk removes a man of high purpose and outstanding ability. He was more of a scholar than a public man, in the accepted sense of that term, and he showed his character when he resigned from the Dominion Government as Minister of Public Works, because he could not see eye to eye with his colleagues with reference to the navy proposals. He represented the constituency of Jacques Cartier, Quebec, which he carried last time by 1340 majority.

Conservative Association of the South Riding of Brant

A meeting of the Conservatives of the South Riding of Brant will be held at Conservative headquarters, corner of Dalhousie and King Streets, in the City of Brant, on Thursday, May 21st, 1914, at 8 p.m., for the purpose of nominating a candidate for the Provincial Legislature of the Province of Ontario.

All Conservatives invited. Only those will be entitled to vote who are duly elected delegates.

W. M. CHARLTON, President. GOD SAVE THE KING

The ANNUAL MEETING of the Conservative Association of the North Riding of Brant will be held in the Conservative Club Room Paris at 3 o'clock, on Saturday, May 23 for the election of officers and general business.

Nominating Convention

A nominating convention to select a candidate for the Provincial Legislature will be held immediately afterwards. Some members of the Government, together with the local representatives and others, will be present and address the meeting.

Everybody Welcome GOD SAVE THE KING Dr. F. H. Johnston, L. A. LaPierre, Sec.

Lloyd's News, a British weekly newspaper with a circulation of about one and a half millions, recently got up a voting contest on "the greatest living man." The favorite proved to be neither King George nor Premier Asquith, but Mr. Lloyd George, who led the procession by 19 points. The best of it is that there is no "unearned increment" about the chancellor's popularity; it is all of his own making.—Expositor.

What about the "unearned increment" in connection with Marconi shares?

Birthdays of Note

FRIDAY, MAY FIFTEENTH

Angus MacMurehy, K.C., C. P. R. solicitor, Toronto, celebrates his fifty-fourth birthday on this date. Mr. MacMurehy, who is the eldest son of the late Dr. Archibald MacMurehy, Rector of the Toronto Grammar School, is one of the most widely known lawyers in Canada. On being called to the Bar in 1885, he entered the office of the late Hon. R. M. Wells, then C.P.R. solicitor, and in 1900 succeeded him in that position. As an authority on railway law he has few equals and for several years has been editor of "Canadian Railway Cases." He takes a keen interest in Imperial affairs, has travelled extensively and is well read on many topics, especially Canadian history. To him must also be accorded credit for assisting to establish the Penny Bank and inculcating habits of thrift in the school children of the country.

MISFITS.

So many men now wield the pen, who should be herding cattle! So many shirks who should be clerks now make the yelkin rattle! So many skates are finning dates as Hamlet or Othello, who ought to rush and get a brush and paint a cowshed yellow! I go to church and take my perch where I can hear the speaking, and then the priest knocks galley east, my comfort with his squeaking. I concerts seek, say twice a week to hear some music charming; then tuneless jays a discord raise—they should be busy farming. And there are dames who jar our frames, with their "dramatic readings;" we wish they'd quit, and sew and knit, but they resist our pleadings. Of eleven men it seems that ten to wrong trades are committed; we seldom find a man whose grind is that for which he's fitted. Thus knights and peers are auctioneers and blacksmiths are musicians, and gifted birds are spading yards, and grocers are physicians. Yet let's be gay, the livelong day, and dance and sing and frolic; it will not help to kick or yelp, or have eight kinds of colic.

Don't Forget the Weeds (From the Farmer's Advocate)

Declare war on weeds early in the season. They are much more easily destroyed while young than after a widespread root system entrenches them firmly.

The Mexican "constitutionalists" are more intent upon conquest than peace. Their wretched troops consist of bandits and ignorant peons, who do not understand peace.

In a trial in Toronto a man said he began to have trouble with his wife when he refused to let her tickle him. The judge took a long time to consider the evidence, as he considered it rather a ticklish question.

It is respectfully suggested that Col. Teddy's next expedition abroad be to explore the mysteries of the Whiskey surplus and to demonstrate the mathematical ineptitude of the Lucas theory that two and two added together make 22.

Good Philosophy. (Galt Reporter)

The old English adage: "A penny saved is a penny gained," is very true. When the pinch comes and a man needs a little extra cash the best haven is the bank account. Dickens said that the man who earned a pound a week and spent nineteen shillings could be accounted happy, but he who earned a pound a week and spent twenty-one shillings was sure to meet misery. Such philosophy cannot be gainsaid.

An M. P.'s Stories. London Express.

Many good stories were told by Dr. Macnamara, M.P., recently, when he gave some of his "Reminiscences and Reflections" at the Herne Hill Congregational church, with Sir Albert Spicer in the chair.

Among the unconscious witticisms of children (for which he did not vouch) he narrated that a small boy defines "Mediator" as "a chap who says hit me instead." Another boy, whose home lesson sums were all wrong, told his teacher: "I knew they would be; father would help me." An alleged answer to the question, "What does 'etc.' mean?" was "A sign to make believe you know more than you do."

His platform anecdotes were in

several cases told against himself. Last year, speaking in a marquee at Brisington in torrential rain, he said: "I'm afraid I've kept you too long," when a voice in the rear replied: "Go on, it's still raining."

GROWTH OF THE TRUSTS AND GUARANTEE BUSINESS HERE.

On another page of this issue will be found a cut of the new offices of The Trusts and Guarantee Company, Limited, as they will appear when completed. This handsome structure, which will be ready for occupation about the end of this month, will be an addition to the handsome buildings in Brantford and one which the citizens will have every reason to be proud of a departure has been made from the usual form of construction and the front of the building is being finished in English Terra Cotta with an interior finish in mahogany. Ample accommodation is being provided for the public and clients of the Company for the transaction of their business.

Since the Company opened its offices in this city about six years ago, the volume of business, has increased to such an extent as to necessitate the erection of new and larger premises. A large estates and savings business has been developed and a large amount of money loaned in this district on first mortgages.

Trust Companies are recognized as being the safest and most economical medium for handling estates. In years gone by, private trustees generally performed the functions which Trust Companies are now doing, and losses, in many cases, were inadvertently made not only from want of time but from lack of skill in looking after the financial transactions. To-day this has been overcome. Trust Companies with skilled men at the head of the various departments not only devote all their time but the knowledge gained by years of experience to the affairs of their clients. In this way the public is better served and at less expense than could possibly be the case with private trustees. Private administration of trust estates will soon be a thing of the past.

The Manager, Mr. T. H. Miller, will be pleased to welcome all the old as well as new friends and clients of the Company, and to have them inspect the new offices when completed.

The Kaiser has now ordered that prayers be said for German aviators, and you must admit they often need em.

C. P. R. SETS HIGH STANDARD FOR POLICE.

Realizing that the police force of the Canadian Pacific was not high enough in standard to correspond with the general high standard of the officers of the company, Mr. Geo. Bury, vice-president of the Western lines, decided that he would raise the standard accordingly. But how to do it was the question. He must have a company of men who would rank equal to the police force of the cities where the company operates. It would have to be composed of a type of men above reproach in sobriety, morality and discipline. There were only two places to get such a body of men; from the Imperial army or from the Royal Northwest Mounted Police. Another and equally important object would be attained at the same time. It would foster the imperial idea and, as the Canadian Pacific is the Imperial Highway so would the guardians of that highway be an Imperial police force.

So the task was started, and the standard was set. To-day the company has a body of gatemen and policemen of stations and grounds that is a credit to the company and is a direct link of Imperial unity. Only men having an honorable discharge from either the Imperial army or from the Royal Northwest Mounted Police are eligible.

Standing always on dress parade these men have become the recognized authority of the station grounds and the men who never get impatient. They are always ready to supplement the work of city or provincial officers where possible, and to protect the public is their main object.

When His Royal Highness the Governor General of Canada visited the west two years ago he complimented the management on the excellence of their police force, and he recognized several men on the force by having seen them in the Imperial army. It is really an Imperial police force, men schooled in rendering all the help in their power for the preservation of peace and could be easily solidified into a unit of Imperial defence. The uniform, including the cap, is of special design, passed upon by the vice-president, and many requests have been received from other railways for the pattern. The Canadian Pacific force is now one of the great outstanding features of that great railway.

**Mr. H. K. Jordan Gave Farewell at Brant Avenue Church.**

Brant Ave. Methodist church was full of overflowing last night when a concert was given, the principals of which were Mr. Redferne Hollinshead, Mr. Henri Jordan and the Brant Ave. choir. The programme included some of the choicest gems of the best composers. Selections from Mendelssohn, Gade, Gounod, Rossini, Handel, Brahms and Dethier were rendered in a manner which will not be soon forgotten by those who had the pleasure of listening to the perfect tones of Mr. Hollinshead's tenor voice; to the delicate notes of the great organ played by the master hand of Mr. Jordan and to the excellent harmony of the choir.

So greatly appreciated were Mr. Hollinshead's contributions that by special request at the conclusion of the programme he gave an extra song for the benefit of his admirers. It was "Farewell" words by Kingsley and music by Schubert. With a voice of magnificent tone and splendid range he sang, "The Sorrows of Death" (Hymn of Traiss) (Mendelssohn); "Cujus Animam," (Sabat Mater) Rossini; "Onaway, Awake Beloved," (Hiawatha's Wedding Feast) Coleridge-Taylor.

The delightful touch and exquisite organ playing of Mr. Jordan need no comment here, suffice it to say that he rendered in his usual style the following: Prayer in E. flat, Two Amies, Funeral March, Hymn of Seraphs (Guilmant); Three Dances (From Henry VIII) (German); Morceau de Concert (Hollins); Christmas (Dethier).

**PAINTER'S STRIKE**

**Men Are Taking Business Themselves—No Change in Situation.**

A new development in the Painters strike has set in. It is simply that the men still out of work, have commenced to do business for themselves. The masters still stand firm, and do not intend to budge. It is said they have asked the men to go back at the old wage, but no confirmation is forthcoming, and that the men refused to consider the proposals. They now say that if the masters remain resolute they will be undetermined, for already a considerable amount of work has been carried through by the strikers, who have started business on their own hook. There is, they claim, no reason why they should not, as the men on strike are the most skilled in the city and capable of any kind of work, from the best to the cheapest. One notable feature of the strike is the absence of floaters, upon whom the masters were to some extent depending. Floaters are men in the trade who travel from town to city taking on temporary jobs. The men are pleased over the aspect of the strike, and are sure they will win out yet.

**Colonel Howard Receives a Letter from His Worship Mayor Spence.**

The splendid turn out of the 38th Dufferin Rifles at the celebration of the visit of the Royal visitors, was appreciated by the Mayor on behalf of the reception committee, in a letter which Lieut. Col. Howard has received. It is as follows:

Brantford, May 11, 1914.

Lt.-Colonel Howard,  
38th Dufferin Rifles,  
City.

Dear Colonel,—On behalf of the reception committee as well as myself, I desire to express to you personally our sincere appreciation of your efforts in making the reception to I. R. H., the Duke of Connaught, governor-General of Canada and H. R. H. Princess Patricia such a success on Saturday last, May 9th, and, in order, I would appreciate it, if you would convey to Capt. Colquhoun, his officers and members of the guard of honor, our appreciation of the fine appearance that the guard of honor made on the occasion of the visit. They were certainly a credit to your regiment, as well as a credit to the City of Brantford.

Again thanking you, on behalf of the committee, I have the honor to remain,

Yours truly,  
JOHN H. SPENCE,  
Mayor.

**DID GOOD WORK**

**P. C. Cox Smelt Smoke and Discovered a Fire on Water Street.**

Fire last night did considerable damage to the frame, metal clad barn on Water street belonging to Frank Merrill of Toronto, and occupied by the Rathburn Mineral Water Co. There were four horses in the barn when Policeman Cox, who was on his regular rounds shortly after 9 p.m., smelled smoke in the vicinity. On going around to investigate no traces of the fire could be seen but when he got back on Colborne St. again the odor of burning wood again came to him and he made another investigation. This time the flames were just breaking through the roof, and Cox immediately turned in an alarm from Box 62 at King and Colborne streets. The firemen made a splendid run and two lines of hose were laid. The horses were first removed. Three were gotten out without any trouble, but the fourth balked at the flames; however, the firemen assisted other by willing hands and clubs, succeeded in forcing it out.

The fire was confined to the upper storey at the east end of the barn, and the firemen did not take long in extinguishing it. Chief Lewis this morning paid particular praise to the prompt work of P. C. Cox. The constable showed that he is on to his job all the time, and but for his persistent watchfulness, a more serious fire might have resulted. It is thought a tramp started the fire as many "Weary Wilies" have been known to rest here over night. The damage will amount to between \$200 and \$300.

Last night's softball game at Recreation Park broke up in the sixth innings when one of Dufferin Rifles team got nasty and called a member of the Clerk's team a few bad names with the result that he was severely chastised for his carelessness. Up to the sixth innings the Duffs were leading by 6 to 2, but in the sixth the Clerks started a batting rally and coupled with Sears' wild heave from third six runs were scored. It was over a disputed decision of the umpire that the fight started. After that had been finished Allan of the Duffs refused to play and the game was called with the score 8 to 6 in favor of the clerks. Hanley's home run in the second was the feature. Score by innings:

# MOYES NOT AT HOTEL WHEN "TEC" ARRIVES

### Provincial Officer Greer Must Now Start a Hunt.

TORONTO, May 15.—That J. W. Moyes, a warrant for whose arrest was issued, following the findings of the Railway board regarding his operations as promoter of the Ontario West Shore Railway, is recuperating somewhere in Algonquin Park, is now regarded as extremely doubtful.

Provincial Detective Greer, who was sent to arrest Moyes failed to find him registered at the hotel where it was understood he was staying and left for some point west. So far no one has been discovered who has seen or heard anything of Moyes in the Algonquin district.

### Across the Border.

The authorities are inclined to think that he has escaped across the border and the warrant has been made out charging theft in order to facilitate possible extradition proceedings.

Should Moyes have escaped across the border the chase will be continued until his capture. The experience of the police in losing men who have escaped via the Soo has led to extraordinary precautions along this line and the police of Michigan and Wisconsin are at all times in close touch with Ontario Officers. This is particularly so in the Moyes' case, as it was expected that he would be wanted.

The charge of theft against him was made last night for one reason, among others that it would be easier to extradite him should he leave the country.

### A SILLY TRICK

#### Some One Yelled Fire at Colonial Theatre Last Night, Causing Small Panic.

A silly trick almost resulted in a panic last night at the Colonial Theatre. About nine o'clock when the entire hall was clothed in darkness, some one at the back of the hall yelled fire, and instantly there was a commotion, which was happily suppressed by earnest assurances on the part of the management, that there was not a vestige of truth in the shout. During the interval, however the man who made the false alarm was able to get clear of the theatre and has not been located since. It is thought that it was the result of a drunken freak.

# "NORONIC" IS BEAUTIFUL BOAT

### Initial Trip From Sarnia June 3—A Canadian Creation.

When the S. S. "Noronic" swings out from Sarnia on June 3rd for its initial trip over the Lake Superior route for the Northern Navigation Company, all Canada can point to it and say a "Canadian Creation" from its mammoth keel to its towering mast heads.

Not only is the "Noronic" the masterpiece of Canadian hands and minds, but it is "Canadian owned." The Dominion has just cause to be mighty proud of this "giant of the inland seas, for it marks a big advance in the science of modern steamship navigation. The "Noronic" has been called the nal word in the art of naval architecture.

When the greatest craftsmen of Canada, at the Port Arthur ship yards had expended their energies on the Noronic, it was sent down to Sarnia for its final grooming by educated Dominion hands.

In this Ontario city the Noronic took on its final tasty interior touches, while the great commercial cities of Canada supplied the mammoth liner with its utensils. From Montreal, Toronto, Ottawa came the Empire's finest furnishings. The exquisite white linen which adorns the Noronic dining tables, the silverware, all the rich furnishings of the parlor cabins, the staterooms and in fact everything on this great liner benefited Canadian bank accounts.

And of what value is this great ship to Canada and its people you ask? It will bring two flourishing sections of the great Canadian Empire into the safest and swiftest communication with each other and will bind closer that tie which exists between the United States and the Dominion.

The great resources of the Canadian Northwest and rich trade centres of Eastern Canada are brought closer together, with the coming of the Noronic. Also another earth's dividends of the American Northwest are opened up to all Canada.

Commerce is the backbone of the nations of the world. The Noronic will build with the greatest possible safety this muscle and fiber of national industrial wealth. It will also pour in the vast Northwest settlers and moneyed interest of the east. Its work is that of pioneer in one long battle with forces of the sea to promote civilization.

The Noronic has been designed for the purpose of carrying people and freight from "the gateway to Eastern Canada," Sarnia to the "gateways to the great Northwest," Port Arthur and Fort William, without regard to anything. Canadian hands and Canadian brains have made possible this Canadian construction.

# EXPLANATIONS FROM THE MAYOR

### Reason Why Brant Dragoons Were Not Called Out on Saturday Last.

The following letter of appreciation has been received by Colonel Muir, from Mayor Spence, referring to the matter of the Dragoons Body Guard, which, owing to some hitch, was unable to officiate at the recent visit of the Duke of Connaught and the Princess. It is self explanatory:

Brantford, Ont., May 11, 1914  
Lieut.-Col. M. F. Muir,  
25th. Brant Dragoons, City.

Dear Sir,—On behalf of the Reception Committee, and myself, I desire to express to you our thanks and appreciation for your assistance in connection with the visit of H. R. H. the Duke of Connaught, Governor-General of Canada, and H. R. H. Princess Patricia, in endeavoring to have your Regiment turn out as a Body Guard, and as you are aware the trouble in this case was owing to the fact, that it seems the necessary request for a Body Guard to turn out, should come from H. R. H. himself, and as he had apparently, unknown to anyone, refused to have a Body Guard in other towns, it was rather a difficult matter to finally accede to our special request to have the 25th. Brant Dragoons turn out. It was only Friday evening at five o'clock that we finally succeeded in getting permission from H. R. H. to have the Body Guard turn out from the 25th Brant Dragoons, unfortunately however when his Military Secretary Col. Faulkner wired Ottawa, the office was closed and they did not get his message until Saturday morning, and unfortunately, it was eleven o'clock Saturday morning when the word reached you, thus leaving it too late to get your men together.

We regret exceedingly this little mixup and mishap so far as the 25th Brant Dragoons were concerned. We know that the men were more than anxious to turn out and we were equally as anxious to have them turn out, so as to form a Body Guard to the Royal party.  
We wish you would express to the officers and men, my hearty appreciation of their efforts to get things in shape so as to turn out on this occasion, also express our sincere regret that orders did not reach you in time, but so far as Mr. W. F. Cookshutt, Mr. J. H. Fisher, Mr. W. S. Brewster and the writer were concerned, every effort was made to get the orders here in time and get this matter straightened up.  
Again regretting the occurrence, and thanking you for the efforts you made, I have the honor to remain,  
Yours truly,  
J. N. O. H. SPENCE,  
Mayor.

### No Reliance to be Placed on Heads of the C.N.R. System

With Regard Either to Their Statements of Past Performances, Returns of Financial Operations or Undertakings for the Future, Declares R. B. Bennett, Conservative M.P. for Calgary, in Opposing the Bond Guarantee.

OTTAWA, May 15.—R. B. Bennett, of Calgary, the second Conservative member to oppose the Canadian Northern guarantee agreement, denounced the Government's proposals yesterday in a four-hour speech. The bone of his objection was a refusal to rely upon the present heads of the Canadian Northern Railway with regard either to their statements of past performances, their returns of financial operations, or their undertakings for the future.

Mr. Bennett's speech was cheered at intervals by the Opposition, but less heartily than might have been expected in view of the Laurier declaration that the duty of the Opposition would be to oppose the resolutions, as they stand, from first to last. This was perhaps due to the fact that in the Calgary member's recital of the history of the Canadian Northern enterprise little credit was given to the late Administration. The situation which has arisen in Parliament is peculiar and unusual. The Liberal declaration of opposition to the Government proposals has to do with the terms of the guarantee alone, the necessity of completing the Canadian Northern Transcontinental being admitted by the Liberal leader. In other words the Opposition takes issue with the Government as to details and only as to details. On the other hand, the hostility within the party, as voiced by Mr. Bennett yesterday, goes much further, the need of a third transcontinental railway being denied. Messrs. Bennett and Nickle will vote as they have spoken, but there is no indication that any other Conservative member will vote with the guarantee alone, the necessity of completing the Canadian Northern Transcontinental being denied. Messrs. Bennett and Nickle will vote as they have spoken, but there is no indication that any other Conservative member will vote with the guarantee alone, the necessity of completing the Canadian Northern Transcontinental being denied.

### THE RETURN OF TARZAN

By EDGAR RICE BURROUGHS

Copyright 1913 by W. G. Chapman.

Presently his reminiscences were broken in upon by the stopping of the car. They were at their destination. Tarzan's mind returned to the affairs of the moment. He knew that he was about to die, but there was no fear of death in him. To a denizen of the cruel jungle death is a commonplace. The first law of nature compels them to cling tenaciously to life—to fight for it—but it does not teach them to fear death.

D'Arnot and Tarzan were first upon the field of honor. A moment later De Coude, M. Flaubert and a third gentleman arrived. The last was introduced to D'Arnot and Tarzan. He was a physician.

D'Arnot and M. Flaubert spoke together in whispers for a brief time. The Count de Coude and Tarzan stood apart at opposite sides of the field. D'Arnot and M. Flaubert had examined both pistols. The two men who were to face each other a moment later stood silently while M. Flaubert recited the conditions that they were to observe.

They were to stand back to back. At a signal from M. Flaubert they were to walk in opposite directions, their pistols hanging by their sides. When each had proceeded ten paces D'Arnot was to give the first signal—then they were to turn and fire at will until one fell or each had expended the three shots allowed.

While M. Flaubert spoke Tarzan selected a cigarette from his case and lit it. De Coude was the personification of coolness—was not he the best shot in France?

Presently M. Flaubert nodded to D'Arnot and each man placed his principal in position.

"Are you quite ready, gentlemen?" asked M. Flaubert.

"Quite," replied De Coude. Tarzan nodded. M. Flaubert gave the signal. He and D'Arnot stepped back a few paces to be out of the line of fire as the men paced slowly apart. Six! Seven! Eight! There were tears in D'Arnot's eyes. He loved Tarzan very much. Nine! Another pace and the poor lieutenant gave the signal he so hated to give. To him it sounded the doom of his best friend.

very pure woman. She loves only you. The fault that you saw was all mine. The thing that brought me there was no fault of either the Countess de Coude or myself. Here is a paper which will quite positively demonstrate that." And Tarzan drew from his pocket the statement Rokoof had written and signed.

"Shoot, monsieur!" he screamed. strange ending of a strange duel. None spoke until De Coude had quite finished, then he looked up at Tarzan.

"You are a very brave and chivalrous gentleman," he said. "I thank God that I did not kill you." De Coude was a Frenchman. Frenchmen are impulsive. He threw his arms about Tarzan and embraced him. M. Flaubert embraced D'Arnot. There was no one to embrace the doctor. So possibly it was pique which prompted him to interfere and demand that he be permitted to dress Tarzan's wounds.

### ALL NORTHERN MEXICO HELD

(Continued from Page 1)

ated that reinforcements of artillery enabled General Gonzales to drive the Federal gunboats from their positions, then under cover, of firing from large guns, the Constitutionalists charged into the town, the conflict ending with desperate fighting in the plaza. Lightning interruptions of wireless communication between Rear Admiral Mayo at Tampico and the fleet at Vera Cruz delayed detailed reports of the end of the siege. News that reached northern points by an overland wire, stated General Gonzales mentioned a "bloody engagement." The fate of the Federals who fled from Tampico was in doubt to-day. In some quarters belief was expressed that they would be cut to pieces by interception Constitutionalists long before they could hope to reach their own lines south of San Luis Potosi. Fears that they might attempt reprisals by setting fire to the huge tanks of oil inland from the port, were not realized.

Order rapidly is being restored in Tampico, reports to-day indicate, and Rear Admiral Mayo with the Des Moines and Dolphin, has resumed a position in the river in front of the town. It was known that practically all foreigners had left Tampico before its evacuation by the Federals, and no reports of damage to foreign property in the final fighting had been received.

With practically all northern Mexico in control of the Constitutionalists, plans for their next movement excited much interest to-day. Villa was preparing to lead the assault against Saltillo. His army had been provisioned for a 30 days campaign and it was said that apparently there were plenty of arms and ammunition for the siege. Constitutional strategists were believed to have figured that if they took Saltillo, the Federal garrison there would concentrate at San Luis Potosi, leaving that city as one of the points where Huerta

### William Wainwright's Death Removes Grand Trunk Pioneer

Vice-President of G.T.R. and G. T. P. Passed Away at Atlantic City After Month's Illness.

MONTREAL, May 15.—Word was received here last night of the death earlier in the evening, at Atlantic City, N.J., of William Wainwright, sr., vice-president of the G. T. R. and G. T. P. Mr. Wainwright who was 74 years of age, had been critically ill for a month from neuralgia in the head and complications. He had gone to the New Jersey resort to recuperate. Although not much improvement was seen in his condition, arrangements had been made to bring him home to-day. Several of his relatives were with him at the end.

Mr. Wainwright had been with the G.T.R. practically from its inception, and being popular with men of all parties at Ottawa, he was entrusted with the road's interests in matters that came before parliament.

would make a final stand against the Constitutional campaign aimed at Mexico City.

His Career William Wainwright was born in Manchester, England, in 1840. He embarked upon his railway career at the age of 18, when he became a junior clerk in the service of the Manchester, Sheffield and Lincolnshire Railway, subsequently becoming secretary to the general manager. He resigned at the solicitation of Sir E. Watkin, Bart., then chairman of the M.S. and L. Railway, and superintending commissioner of the Grand Trunk, and came to Canada in 1862, at the age of 22, as senior clerk to the chief accountant of the G. T. R. at Montreal. He rose rapidly and after filling the positions of general passenger agent, assistant manager and assistant general manager, he became in 1896 general assistant of the entire system. His appointment as vice-president was made within recent years.

Mr. Wainwright was from time to time on the directorates of other companies including the Guarantee Co., of North America, Montreal Telegraph Co., and R. and O. Navigation Co.

### FRATERNAL VISIT

Hamilton Masons Came Up Last Night to Brantford to Confer Degree.

Some twenty-five members of the Hamilton lodge, A. F. and A. M., paid a visit to Reba Lodge, of this city last night. Rt. Wor. Bro. C. S. Kilgour, D. D. G. M., of Hamilton, inspected the local lodge and one candidate was put through the first degree. Geo. McCormack, the youngest of the Worshipful Master of the local lodge was the candidate. After the inspection, Rt. Wor. Bro. Kilgour spoke a few words of congratulation, after which a splendid banquet was given at which all the usual toasts were drunk. The toast to the Grand Lodge was proposed by Wor. Bro. Inglis and responded to by Rt. Wor. Bro. Kilgour, Rt. Wor. Bro. Dickson, G. S. W., Wor. Bro. Dr. Hanna.

The toast to the Hamilton brethren was proposed by Wor. Bro. Russell and responded to by Bro. Canon Howit, Wor. Bro. Perry, D. S. and Bro. Rev. Tighe. Bro. T. J. Kirkby proposed the toast to the sister lodges and Wor. Bro. Pro. Racret responded for Brantford. Wor. Bro. E. C. Burnet, Doric Lodge and Wor. Bro. Wilby for Ozias lodge. The toast to the new candidate was proposed by Bro. G. K. Wedlake and responded to by the candidate himself.

During the evening songs were sung by Prof. Johnson and Chas. Herald of Hamilton and Bert Scott of this city. The banquet broke up at an early hour.

### LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to Flush Kidneys if Bladder Bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
