WEATHER BULLETIN

Toronto, April 10.—The high over the Atlantic coast disturbance is dispersing over North Carolina and Virginia.

GIVENCHY ENTERED BY FOE BUT RECAPTURED BY BRITISH GOVT. PROMISES TO TAKE OVER DOVER HARBOR FROM G.T.R. Policy of Conscription For Ireland May Provoke Crisis

CONSCRIPTION FOR IRELAND WAS A BOMBHELL IN THE BRITISH HOUSE

Lloyd George Emphasized the Fact That it Was an Injustice to Make Heavy Demands on the Men of England and Scotland and Leave Those of the Emerald Isle Alone—Interruptions From Irish Members

London, April 10.—A political bombshell was thrown in the House of Commons yesterday by David Lloyd George, the premier, when he announced that conscription would be extended to Ireland and that the government intended to extend the home rule to Ireland.

Not Justified Any Longer Premier Lloyd George said the exclusion of Ireland could not be justified any longer and the character of the war was as much Irish as English.

CATHOLIC BISHOPS ARE ALL AGAINST CONSCRIPTION Say That Move Will Create More Trouble in Ireland

The Archbishop of Dublin, Ireland has been profoundly moved by the spectacle of the heroism and sufferings of Belgium. The other day in London I met Cardinal Mercier and I took the liberty of promising him then that Ireland would be the same.

Irish in States The fact that America is in this war is the best proof. There are more Irishmen in the United States than there are in Ireland. They are all subject to conscription.

FORECASTS. Strong, northeast winds, fair and cold to-day and on Thursday.

POINTS OF NEW PROPOSALS

Introduction of man power bill sanctioned by vote of 299 to 80. Ireland will be included under it in conscription scheme.

GIVENCHY ENTERED BY FOE BUT RETAKEN

Germans Forced Their Way Into Town in Course of Their New Attack North of Somme, But British Recaptured Site Later—U.S. Reinforcements in Fifth

London, April 10.—In their new attack on the front north of the Somme battlefield, the Germans yesterday forced their way into Givenchy, but the British recaptured the town, the war office announces.

Pierce fighting continued during last night on the front north of La Bassée canal. The British troops are standing on the line of the Rivers Lawe and Lys and are engaged in heavy fighting with the Germans at the river crossings at Estaires and Bac St. Maur.

The German front of attack is extending to-day. Early this morning a bombardment was begun of the British positions from the Armentieres region as far north as the Ypres-Comines canal. On the southern part of this front infantry fighting is reported to have begun.

Paris, April 10.—German troops last night delivered a heavy attack on the French lines near Hangard-en-Santerre, which was met by a French counter-attack, preventing the Germans from gaining any advantage, the war office announces.

West of Castel and west of Noyon, German efforts to advance failed.

AMERICAN REINFORCEMENTS London, April 10.—American reinforcements have appeared in the British battle zone says a despatch from British headquarters in France to Reuters Limited. Their presence in the fighting line, the correspondent adds, should soon be felt.

SECTOR ENDED

With the British Forces in France, April 10.—(By the Associated Press)—The Germans this morning extended the sector of yesterday's attack to the northward by launching a drive against the British between Armentieres and Messines.

Once yesterday and again last evening the Germans gained ground at Givenchy, but each time the British threw themselves so fiercely on the invaders that the latter were forced to withdraw, the last time leaving upwards of 800 prisoners behind them.

ANOTHER BRANTFORD BOY Gives His Life for the Empire and Human Liberty Capt. Joseph Stratford Called Home—Five Brothers in Khaki

The sad intelligence was received in the city today of the death of the front of Captain Joseph Stratford, killed in action, April 2nd. He was an old Brantford boy, the third son of the late Mr. Joseph Stratford and Mrs. Joseph Stratford, now resident in Toronto.

Delegation From Brantford and Other Municipalities Heard by the Minister of Public Works at Ottawa Yesterday—G. T. R. Through Policy of Inaction Has Forfeited Right to Possession of Harbor

Ottawa, April 9.—(By a Staff Reporter).—Promise that the Port Dover harbor would be taken over by the Government from its present owners, the Grand Trunk Railway System, was made by the Hon. F. B. Carvell, Minister of Public Works, to a delegation of fifty, which waited upon him this afternoon, representing all the municipalities along the route of the L. E. and N. Railway.

The hearing was given the deputation on the upper floor of the Victoria Museum, where Parliament is now in session, and at the close of the hearing most of those present repaired to the visitors' gallery, where they heard the Hon. C. J. Delaney, Minister of Justice, clash swords with Sir Wilfrid Laurier and other members of the French-Canadian side of the House.

The delegation was introduced by Mr. F. S. Scott, M.P. of South Waterloo, who pointed out the representation of the best centres of Ontario in the persons of those present.

Mr. Carvell, who laid stress on the fact that all towns and cities located in the Grand River valley were represented. He outlined the route covered by the Lake Erie & Northern Railway from Wellington county to Lake Erie, thus touching industrial centres of considerable magnitude.

Some years ago, continued Mr. Carvell, the Grand Trunk Railway had offered to give the harbor back to the Government. The latter accordingly made certain repairs, but the company changed its mind and decided to retain the harbor.

Major MacBride. "Brantford is affected mainly from the standpoint of transportation," was the opening statement of Major MacBride. He pointed out how his city was dependent upon the United States for fuel and other supplies, entering Canada at Buffalo. Brantford was at the present time a centre of agricultural implements, and it was essential that the proper transportation facilities should be afforded.

Mr. Carvell: "How long has the L. E. and N. been in operation?" Major MacBride: "About six years, I believe." He was corrected by several, who pointed out that it was rather less than three years. "The line had been built originally and awarded for the transportation of fuel, continued His Worship, the Stratford, seventy-five industries were depending upon the United States for supplies; the present deputation was present in the hope that it might give expression to the feeling of all the people of the district concerned, and to point out the imperative necessity of the Government's considering and remedying the transportation facilities of the Port, if Western Ontario were to 'carry on' as it should both now and after the war.

John S. Martin, president of the Galt Board of Trade and secretary of the Joint deputation followed. He submitted statistics to show that a saving of \$50,000 annually could be effected by the reduction in freight rates which would follow the harbor extension. No less than 6,831 cars of coal would come by water to Dover annually, and 2,515 cars of general merchandise, a total of 10,440 cars, which would follow the harbor extension. No less than 6,831 cars of coal would come by water to Dover annually, and 2,515 cars of general merchandise, a total of 10,440 cars, which would follow the harbor extension.

# NEWS FROM NORFOLK COUNTY

## THE BOARD OF TRADE REVIVES Representative Meeting Held Last Night

Simcoe, April 10.—(From Our Own Correspondent).—The organization meeting of the Board of Trade was held last night. There were present about thirty active downtown citizens, and by stretching the constitution and by-laws of the former organization, in the time and manner of election and the qualification of voters, an apparently good organization was effected.

**Officers Elected.**  
President—D. F. Aiken.  
Vice-President—Grover C. Murdoch.  
Secretary—Wm. G. Jackson.  
Treasurer—M. M. Smith.

The other members of Council were named by a committee chosen for the purpose. The names of the above named officers and Messrs. G. W. Luscombe and Geo. J. McKie. The names are:

H. S. Falls, Dr. Wm. M. McGuire, H. B. Donly, Chas. E. Innes, Chas. Martin, Bruce Johnston, Messrs. Luscombe and McKie.

Although the organization has been defined for some time, the former days, occupied the chairmanship, the resignation of the chair, Mr. J. B. Jackson, vice-president in former days, occupied the chair, and at the outset made a plea for younger men in the front ranks. This was supported by Mr. McKie and others of the veterans.

The members of the board were unanimously hoisted from \$2 to \$4 as a war-time necessity.

Something to Do.  
Alderman Calder, chairman of the Industrial Committee of the Board of Council, expressed his readiness to hand over to the Board of Trade a communication from a large American firm, asking for prospects and facilities for the opening of a branch factory here, and there followed an informal discussion of the industrial extension of the corporation.

The Vital Issue.  
Mr. J. B. Jackson, the vital note when he said that the only way to secure industries was to invest local money on a small scale at first, and develop gradually, and the discussion which followed indicated that the local capital is available and waiting for the genius with the idea.

The Charter.  
The charter dates back to 1888 and at least four of the charter members were present. Membership is limited to citizens of Simcoe, who are or have been up to stated previous period, in business as merchants, traders, brokers, mechanics, manufacturers, managers of banks or insurance agents. But the lines have not been followed rigidly.

In past time the business of the board has been conducted almost exclusively by the Council. The general meetings have been held quarterly and from what we have been able to gather it appears that the paucity of general meetings has been the cause of the frequent decline of the organization. There is prospect for a live board provided general meetings are held monthly for at least ten months of the year.

Other citizens out last night were: Fred Brooks, J. E. Johnston, Wm. N. McKay, L. F. Aiken, Dr. Chrysler, Harry Pursell, Geo. Lea, I. D. Lawson, H. A. Carter, Arthur Edmonds, Roy W. Wallace, E. F. Neff and the inevitable reporters.

Odd Ends of News.  
S. Alway withdrew his charge against a couple of destructive youths who destroyed a portion of his concrete blocks just for fun. The youths—or their parents—paying the costs of the court.

The magistrate's court has been busy for the past three days with sundry matters. The sons of a resident who unslipped his rudder last week and landed in the jail because he refused to tell where he got the bottles, continued after twenty-four hours of confinement at the county jail and a warning from his wife that she would advise the au-

thorities if he refused and leave him in the cell. The confession incriminated a West street citizen, formerly from Jarvis, Huff, by name. He was in court yesterday morning, several cases of the forbidden bliss having been found in his dwelling. Some five bottles hidden in a boiler had escaped the police, but the wife here came to the rescue and smashed the precious bottles against the fence. There were evidently two disgusted and indignant women on the warpath.

In court Huff claimed against contradictory evidence that the disabled ship had acted the pirate, and had stolen the goods. He claimed that the considerable shipment was received by him and that other citizens had not warned him of his arrival and asked him to receive it, pay the express, and put it in safe-keeping. Warrants were at once issued for still two more men and last night the circle was widening. In fact, there are probably half a dozen special detectives on the job by this time.

Magistrate, County Constable L. Barber, not yesterday issued a warrant to examine the premises of one Lyman Carr, junior resident, one mile west of Jericho Church, Charlotteville, in search of stolen chickens. The warrant was issued by Magistrate Gunton at the instance of Mrs. Jane Dougherty of the 7th concession of Charlotteville, who missed chickens on or about April 8th. The remains of the late Emerson Shelly, and of his victim, C. Shoup, are interred in the Jericho churchyard, and the revival of alleged theft in the neighborhood with the name Lyman Carr again bobbing up, recalls the whole story of the cold-blooded murder which took place three Mays ago.

Let us hope that the local police force will be able to get in on some of these liquor informations, if citizens are going to be spoken we should try and keep the lines in town.

There is not yet much evidence of hydrophobia in town.

Mr. Frank Reid stated yesterday morning that the early closing bylaw was drawn by Mr. Reid with the date left blank, and Council refused to entertain a suggestion of referring it to the town solicitor before the third reading. A new bylaw was drawn by Mr. Reid with the date left blank, and Council refused to entertain a suggestion of referring it to the town solicitor before the third reading.

Personally we would like to have the street watering by law restricted.

The Board of Works spent yesterday trying out the new tractor, and expect to go out again to-day. There has developed considerable citizen opposition to the policy, some claiming that teams could have been purchased for the sum of \$1000 and sold in autumn at less cost in the long run.

## MORE FLAX NEWS

### In Connection With the New Propaganda

(From our own Correspondent)  
Simcoe, April 10.—The following information regarding the flax-propaganda has reached us.

Seed is loaned  
Seed for Ontario will be distributed from Toronto, farmers paying freight only. The seed is returned to stores at Montreal or other seaport after threshing, along with the remainder of the yield. No other flax is to be sown on the same farm.

farmers' clubs are requested to assist in the movement whenever possible. All such service is active fighting against the Prussian. Reliable farmers only are sought for the business of growing this flax.

Sown to Seed  
The crop is to be sown for its crop of seed. If the seed is not harvest-

## Promise Govt. Will Take Over Harbor

Continued from Page One  
of over \$6,000 would benefit by the system.

To-day, to all intents, the L. E. and N. was controlled by the C.P.R., and formed one line with the Galt, Preston and Hespeler Railway. The delegation was asking the Government to acquire the harbor and the ferry slip at Dover, under an order-in-council passed years ago, whereby the Grand Trunk forfeited their title to the works because the latter had been left unused.

If the present ship could be improved in such a manner as to permit of more complete arrangements at a later date, the difficulties of the past few years would be obviated.

"I think the demands made by the delegation are exceedingly modest," was the comment of W. A. Charlton, M.P. for Norfolk. The Port Dover district had been held in the year 1668 as "the Celestial paradise of Canada," he declared, censuring the "dog-in-the-manger" attitude of the G.T.R. in hindering any progress on a line which he assayed in that district. Personally, he considered that the Government should acquire complete control of every-thing pertaining to the Port Dover harbor.

"Just what do you want the government to do, and by what authority?" inquired Mr. Carvell.

"I wish you to confiscate the harbor as you are authorized to do by an order in council of the year 1877," replied Mr. Charlton.

"How do you estimate as to the cost of repairing the ferry slip alone?"

Mr. Charlton—"I believe not present. But as soon as the financial condition of the government will permit, we ask that the harbor be enlarged as recommended by your engineers, at a cost of some \$140,000 odd."

Port Dover, he continued, was a natural site for a harbor, protected from south-west winds by Long Point, the shortest haul across Lake Erie, and other natural advantages.

"As a business proposition," stated Mayor MacBride, in reply to a query from Mr. Carvell, "the L. E. and N. would start a ferry service to and from Dover, if the improvements were made at the harbor."

Mr. D. Detweiler of Kitchener, former M.P. for North Waterloo, pointed out that the sum of \$50,000 had been set aside before the war for investigation of Port Dover harbor. Our problem today was transportation, and our difficulties, congestion.

Mr. D. Detweiler of Kitchener believed that the resulting saving in freight rates would cover the cost of restoring the harbor. He thought the government should not hesitate in acting in the matter.

Mr. Carvell replied "I have been much impressed by the manner in which you have presented your case gentlemen," said Mr. Carvell, in reply, apologizing for having been unable to hear the deputations in the morning, as had first been planned.

He admitted that nothing was of more primary importance than transportation. He expressed satisfaction that all which had been said against the G.T.R. was justified, and thought that the harbor could be reclaimed by the government, providing that all necessary in this regard would be done.

"As for the larger scheme gentlemen," Mr. Carvell continued, "I would assent to it, too, without hesitation under normal conditions. But when I assumed office in the union government, I pledged myself to reduce wherever possible the expenditure of my department, and to this end, my first official act was to refuse to ratify a million dollar breakwater scheme at St. John, in the city. Economy, to my mind, begins at home."

The present situation, he admitted, was placed upon a different basis by the fact that the Port Dover harbor could be put to no use until repaired.

He expressed a desire for further information as to what the railway companies would do in connection with establishing a ferry system to Dover in the event of the harbor being put in order. He promised to consult with other ministers of the government as well as to visit the Dover district in person to gain a more accurate insight into the situation.

The L. E. and N. has already promised, stated Mr. Hancock, of Bank to run its ferry on alternate days to Port Barwell and Dover until another ferry can be bought.

The meeting was brought to a close by the usual handshaking and mutual felicitations.

The Brantford delegation included W. F. Cockshutt, M.P., Mayor MacBride, Ald. Baird and Kelly, and C. G. Ellis and W. B. Preston of the Board of Trade. Senator Fisher, John Harold, M.P., J. M. Patterson and C. A. Walker of Paris were also present.

Two men held up the staff of the Royal Bank branch at Côte des Neiges, Montreal, and escaped with \$5,000 in notes.

## WEAK ANAEMIC GIRLS

Bloodlessness is the trouble of many girls who ought to be full of life and good spirits. Instead they are pale, their lips have no color, they have no appetites, their digestion is poor, and if they walk fast, either in the street or going up stairs they are so tired and out of breath that their hearts beat as if to burst. Almost always such girls are thin, flat-chested, and sallow, with nothing attractive about them. If they do not get better they will have a cough in the winter, and then, not unlikely, consumptive, the most hopeless of all diseases will develop.

No girl should be like this. She should be plump, rosy-cheeked and full of life, able to walk fast and stand exertion without being breathless and palpitating. To be in this healthy, happy condition she must have plenty of good, rich, red blood in her system. The best way to get the body can be healthy, and the best medicine that will keep the blood supply rich and red and pure is Dr. Williams' Pink Pills. Their effect upon the pale, weak girl who gives them a fair trial is wonderful. They improve the appetite, backaches and headaches disappear, the glow of health returns, the cheeks, the eyes sparkle, and the step comes light and elastic. Thousands of girls throughout Canada owe their health and attractive appearance to Dr. Williams' Pink Pills and do not hesitate to say so.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

## ARMENIERS MAY FALL

By Courier Leased Wire  
London, April 10.—"On the Messines front the enemy's attack to-day was repulsed," Major-General F. B. Maurice, chief director of military operations of the War Office, announced this afternoon.

"The enemy has obtained no footing on the high ground anywhere."

"Armenieres," General Maurice went on, "is now little more than a heap of ruins and its loss would not be a vital matter. It is not lost yet and we hope it will not be, but it may be."

With the British forces in France April 10.—The British this morning were holding strongly along the new battle line south of Armenieres after a night of bitter fighting which was most intense about the all-important Givenchy Hill, on the right wing.

On the extreme north a vigorous counter-attack during the night forced the enemy to relinquish half the ground he won yesterday between Croix de Sae and Bac St. Maur.

A noted Cincinnati authority discovered a new ether compound and called it frezone and a quarter ounce of it now can be had for a few cents at any drug store.

You simply apply a few drops of this magic frezone upon a tender corn of painful callus and instantly the soreness disappears, almost as if you will find the corn or callus loose that you can lift it off with the fingers.

You feel no pain, not a particle of soreness, either when applied frezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off as easy. It is wonderful! It works like a charm. Try it!

Women should keep it on their dressers and never let a corn ache twice.

HON. C. J. DOHERTY, whose resignation as Minister of Justice is reported to be in Premier Borden's hands.

Are you Selling your Soul for the Lure of the City? An Announcement Addressed Particularly to Single Men—and Their Employers

NOTE—In listing the following classes of labour from which farm help may be reasonably drawn, we respectfully exclude all returned soldiers engaged in these occupations. They have already DONE THEIR NATIONAL SERVICE. Shoe Shiners, Soda Fountain Dispensers, Jewelry Salesmen, Shoe Salesmen, Men's Wear Salesmen, Women's Wear Salesmen, Florist's Salesmen, And every other class that can be included under the heading of Store Clerks or Store Salesmen. Commercial Travellers, Lunch Counter Waiters, Hotel Waiters, Bell Boys, Restaurant Clerks, Book-Keepers, Typists, General Office Assistants, Theatre Ushers, Grocers' Assistants, Hardware Assistants, Drug Store Assistants, Messenger and Delivery Boys, Shipping Clerks, Warehousemen, Music Store Salesmen, Chauffeurs, Carters, Street Car Conductors, Elevator Operators, All General Labourers who can reasonably be spared, House to House Canvassers of all Classes and Grades.

Get away for a moment from the clamour of the street; go into your room, at once, or to-night if you are not now at home, and ask yourself this question: "Have I actually done anything that could count as National Service for my country during the forty bloody months of her suffering?" Put down in hours the actual time that you have worked. Then, if before your conscience you can say, fearlessly, that you have done a man's service to your country, well and good—we know that you will do even more. But if there is the thought drumming through your mind that all—everything—that you have done, is a mere nothing, just a sop to conscience, then as you are worthy of your manhood, make a speedy decision to devote the next few months of your life to National Service. Outside of our armed forces only one kind of civilian labour ranks as National Service for men. That is Service on a farm. That is why the Government in all seriousness exempted the farmer and the farmer's helper from military service. If you are not quite sure whether your work could be done by a woman consult the list of occupations. These do not include all occupations. There are many others. Sheer necessity urges that many men in these occupations should give place immediately to women, while they, the men, take up farm work temporarily. This applies particularly to single men who can move with little or no inconvenience. Positions can also be found for married men who wish to move their families to the country.

Organized Labour Endorses This Crusade—Remember That! In a memorandum to members they specifically, as a matter of national necessity, agree to: (a) The exemption from compulsory military service of all farm help. (b) The substitution of female for male help in order that certain classes of male help may be released for essential National Labour Service, that is, Farm Labour. (c) The stipulation that women who temporarily replace men who go upon the farm shall receive the same pay for service equal to the man replaced, so that the rates of wages for men shall not be lowered. Farm Wages are Good At present farm wages with board are in many cases equal to, if not better, than city wages without board. So that the handicap of wages should not be magnified. A day of reckoning is coming; a day when that irresistible force, Public Opinion, will judge a man by his work, and will judge employers by the work they are retaining men to do. Men and women will look hard at the clerks in stores, offices, warehouses and factories. We are down to elementals to-day, and our people will not tolerate the thought that while so many of our sons are perishing in

the bloody struggle in France, so many men are doing work that can easily and efficiently be done by women without sacrifice to their womanhood or health. Remember Your Effort is Voluntary The production of food is the paramount work of Canada to-day. In going to work upon a farm, the farm is actually your channel of National Service. That is the attitude you should take towards the matter. We owe it to our nationhood and to our Allies, who stand with us through the Ordeal by Battle to see that no effort is spared to insure to them a sufficient food supply. Don't dismiss this matter from your mind. Enroll for service quickly. Send your application to the District Representative of the Department of Agriculture in your County, or apply at the local public employment bureau or fill out the coupon below and mail it to the address given. DR. W. A. RIDDELL, Chairman, Labour Committee, Organization of Resources Committee, 15 Queen's Park, Toronto. Sir: As a matter of National Service I am willing to work upon a farm. (State if you have had farm experience. If so for how long?) I am willing to work for... months. My present occupation is... My age is... Married?..... Single?..... Full Name..... Address..... Telephone No., if any.....

A Day of Reckoning is Coming—The Battle Line Must Not Lack Food

BIBLE CONFERENCE

Is Successfully Opened at Park Baptist Church

Mr. Chafer a Most Eloquent Speaker

The Bible Conference was opened yesterday in the Park Baptist Church by an address by Rev. Lewis Sperry Chafer of New York. Mr. Chafer is to speak at each session throughout the conference and, as announced yesterday, will follow a connected line of teaching in the afternoons and another connected line in the evenings. At each evening service there will be a second speaker as well. Last night the second speaker was Rev. P. W. Hollinrake, pastor of the Barton Street Methodist Church, Hamilton. Mr. Hollinrake spoke on "The Return of Christ to the Earth as Taught in the Scriptures." He pointed out that such an event is expected by all true believers as indicated in their creeds, their burial services and in the very Scriptures used at the Sacrament of the Lord's

Supper. "There is disagreement," he went on to say, "as to when and how He is to return; but about this the Bible is clear. It is not revealed as to when He will return. It is a great error to attempt to fix dates. It is equally as great an error to say, 'My Lord delay' His coming." As to how He will return, the Bible states that it will be suddenly, visibly, bodily and as He went in the clouds of heaven. The greatest evangelists and missionaries and soul-winners are looking for His return. It is not a doctrine that hinders their true service of the Christian; it is the greatest incentive for real activity. Mr. Chafer is teaching in the afternoon on "The Keeping Power of God," and in the evening on prophetic themes. He spoke last night on the Bible teaching concerning the real church which is the body of Christ. In this connection he stated: "The word church is used in two places. This is the outward, or visible church. Such was Israel in the wilderness and such was even the church at Ephesus. This use of the word should never be confused with the deeper meaning. There is a company of people being called out and

baptized into one body by the Spirit of God; it includes every Christian from Pentecost until He comes for His own. This is what Jesus said He would 'build' and against which the gates of hell should not prevail. To this company 'the Lord was adding daily' on, and after, the day of Pentecost and long before any human organization was formed to which members might join. It is 'God visiting Gentiles to take out of them a people for his name.' The last goes on to say that 'after this, I will return, and build the tabernacle of David, which is fallen down.' This is the work of God and when this present work is done, He will return to the Jewish promises and covenants which are sworn to by the oath of Jehovah. Mr. Chafer will speak to-night on 'The formation of the body of Christ,' and to-morrow night on 'The fore-told promises.' Friday night he will speak on 'The signs of the Times.' The second speaker to-night will be Rev. A. W. Wolfe, of Toronto. To-morrow night, Rev. T. R. Dear of Toronto, and Friday night, Rev. T. Ford Barker, a missionary from Armenia.

In time of need

Every woman should know the comfort and experience the relief of a reliable remedy that can be depended upon to right conditions which cause headache, dizziness, languor, nausea and constipation. At such times, nothing is so safe, so sure and speedy as

BEICHAWS PILLS

During the past few years, millions of women have found them most helpful in calming and strengthening the system, and for relieving the stomach, liver and bowels. Over 300 Names in Latest List at Ottawa

These From Western Ontario Districts

By Courier Lensed Wire

Ottawa, April 10.—Last night's casualty list of 309 names reports 12 killed in action, 17 died of wounds, three died, one missing, 225 wounded, 45 gassed and six ill. The names for western Ontario follow:

**Infantry.**  
Died of Wounds: 928,677, L. W. Young, Fergus; 845,269, A. I. Small, Arthur.

Wounded—612,602, P. Heath, Tiverton; 112,120, J. Campbell, 353 Dundas street, London; 945,036, G. D. Nihnam, Muncie; 213,421, G. Lamb, Windsor; Lieut. J. S. Reaume, Windsor; 685,515, M. W. Brooks, Nilestown; 784,874, W. McLean, Winona; Lieut. E. Walker, Collingswood; 651,784, H. B. Anderson, Southampton; 235,396, W. D. Moody, Niagara Falls.

Gassed—681,270, J. Brie, Welland.

Ill—6,882, W. Cordrey, 204 Adelaide street, London.

**Medical Services.**  
Ill—Captain John Carmichael, Collingswood.

**Cavalry**  
Wounded—550,078, R. Mitchellson, Niagara Falls.  
Machine Gun Company.  
Killed in Action—174,221, O. J. Begin, 24 Kensington avenue, Hamilton; 226,113, J. Harding, 82 Glenwood Avenue, London.

Wounded—130,216, R. Brooks, Aylmer; 171,033, C. Parsons, Vine Mount; 174,927, J. Sheran, 55 Alkinn avenue, Hamilton; 751,089, C. Rohdenberg, Bridgeport; 796,711, W. W. Anderson, Simcoe.

AMIENS. THE IMMEDIATE OBJECTIVE OF THE GERMAN DRIVE. This remarkable aeroplane photograph gives a birds-eye view of the city of Amiens, one of the objectives of the German drive. The railroad lines that connect the British end of the line with the French centre here, so if it should fall to the Germans, communications between the allied armies would be cut temporarily.

**OFFICERS ELECTED**

At a Meeting of Independent Labor Party

Women Are Anxious to Join the Organization

H. C. Fenn was last night at the annual meeting of the Independent Labor party of this city elected president of the body for the coming year. Though nominated for the office, Alan Rose, past president, and Geo. J. W. Stinchcombe, president of the T. and L. Council, both withdrew in favor of Mr. Fenn, who, therefore, was elected by acclamation.

Besides the election of officers an important discussion on the feasibility of having both men and women in the organization took place. The officers elected were:

President—H. C. Fenn (acclamation).

First Vice-President—Frank Sterne.

Second Vice-President—Geo. J. W. Stinchcombe.

Third Vice-President—Robt. Symonds.

Fourth Vice-President—Tom Macon.

Fifth Vice-President—Yernon Betts.

Secretary—Harry F. Harupp.  
Assistant Secretary—H. Lumley.  
Financial Secretary—J. McGrattan.

Treasurer—A. G. Brown.

It appeared to be an undecided question regarding whether or not there should be five vice-presidents. A motion was finally adopted endorsing the procedure as having five vice-presidents, from which number three auditors and the two trustees will be appointed.

Considering the fact that numerous women are anxious to become affiliated with organized labor, a working committee composed of the general executive, was appointed to hold a special meeting with the purpose of organizing the women workers interested. A delegation from the women labor leaders of Hamilton will be invited to address the meeting.

Other committees reported progress with organization. Alan Rose, president and chairman of the I. L. P. delegation to the recent Labor convention in Toronto, gave a short report on the proceedings at sessions. The original motion which compose the constitution of the local I. L. P. were endorsed by members of the convention.

**A SATISFACTORY YEAR**

For The Cavalry Baptist Church

Membership and Finances Are in Good Shape

A large representation of the members of Cavalry Baptist Church assembled in annual meeting last evening. The pastor, Rev. W. E. Bowyer, occupied the chair after the adoption of the minutes of the last Annual Meeting, the pastor gave his report of the years work in a very clear and interesting manner. His report showed that he had put in a very strenuous year, not only in his own pastorate but in various church and charitable organizations throughout the city and county.

The report of the Church Clerk, Mr. F. J. Bullock was an interesting one. Despite the adverse working conditions the membership of the Church had not decreased during the year, 345 being on the roll at the present time.

The report of the Church Treasurer, Mr. Geo. Cowie, showed that the church had not decreased during the year, 345 being on the roll at the present time. A small balance remained on hand after paying all existing accounts to date. The church was gratified to learn that the offerings for the year showed a substantial increase over and above those of last year.

An excellent report of the Sunday School work was presented by the Secretary-Treasurer, Miss Mabel Yule. Offerings for the year were \$243.42 in addition to which the sum of \$95.66 was raised in special offerings for a piano fund. During the past few months the Sunday School has undertaken a definite missionary object, that of raising funds to help support the building built under the direction of Rev. J. B. McLaurin.

Good reports were given of the various organized classes of the Sunday School. Especial praise was given to the Builders' class under the able leadership of Mrs. Bowyer, and to the Girl's Friendly Class taught by Miss Annie Howden (President of the Girl's Conference of Brantford).

These two classes have been instrumental in raising quite large sums for the Renovation Fund of the Church.

All organizations of the Church have prospered during the past year. The auditors' report showed that the various Treasurers of the church organizations had their books in excellent condition.

A vote of thanks was tendered to the choir for their services.

The church accepted a plan of renovation to the church edifice which work will be proceeded with at once. The interior of the building is to be painted and decorated in a first class manner and the funds for the same are pretty well in sight already. The church auditorium will be finished before the end of May.

The pastor and people are joined as one in a spirit of unity prevailing throughout the Church, and are looking forward with the hope of a successful year and God's blessing on the work.

The following officers were elected:

Church Clerk—Mr. F. J. Bullock.  
Treasurer—Mr. Geo. Cowie.  
Mr. L. C. Schmidt and Mr. R. L. Simmons were appointed auditors.  
Mr. Cephas Hartley was added to the Deacons Board.

The meeting then adjourned, and was followed by a social gathering of the members.

**OBITUARY**

The death occurred this morning of Mr. James Clawsey, 23 Drummond St. Deceased was sixty years of age and had been ailing for some time, but the end came unexpectedly. Besides his sorrowing widow he leaves to mourn his loss, four sons, John of Preston, James, Charles and William at home and five daughters Mrs. W. P. Waghorne of Brantford, Mrs. Arthur Murphy of Preston, Beatrice Goldie and Rita at home, also one brother, John, of this city. Funeral will take place on Friday morning to St. Mary's Church and thence to St. Joseph's cemetery.

**MRS. B. BAILEY**

The many friends will regret to learn of the untimely death of Mrs. Beecher Bailey, 23 Princess street, who passed to rest at her mother's residence early Tuesday morning, in her twenty-ninth year.

She leaves to mourn her loss her husband and tiny son, La Vern; her widowed mother, five sisters and two brothers, Mrs. Harry Hagey, Mrs. Geo. Montgomery, Mrs. Charlie Cummings, of this city, Mr. J. Benj. Cronk of Toronto, Wellington, Gertrude and Marjorie at home. The funeral takes place from the mother's residence, 54 Pearl street, Thursday, 2.30 to Mt. Hope cemetery.

**R. R. COPELAND**

Many friends will regret to hear of the death in Detroit of Reg. R. Copeland, whose funeral is taking place this afternoon in Detroit. Mr. Copeland was formerly an employee of the Waterous Engine Works here, and at the time of his death was a foreman in the Ford plant, in Detroit. He leaves behind a widow and two young daughters, his father and mother, Mr. and Mrs. C. Copeland, and two sisters, of Detroit.

**EAT CABBAGE, FISH SAUSAGE, NEW BREAD**

No indigestion, Gas, Sourness or Upset Stomach if you'll take "Pape's Diapepsin"—Try This!

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause sick, sour, gassy stomach? Now, Mr. or Mrs. Dyppepsin, get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates badly your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructation of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

**EX-HUN MINISTER MAY FACE TREASON CHARGE**

A German imperial tribune has ruled that it is possible to try Prince Lichnowsky, who was German Ambassador to Great Britain when the war broke out, has written a series of memoirs in which he intimated that Germany, and not Great Britain was responsible for the war.

**GONE MAD**

Dublin, April 10.—"The Government has gone mad," says the Freeman's Journal, in commenting upon the proposal to extend conscription to Ireland. "Lloyd George, the quondam Boer champion, has announced the decision to carry the war into Ireland. Everyone in Ireland knows what the result will be. The only supporters in Ireland of forcible conscription of Irishmen for the war, are those who want to see Ireland reduced to a welter of confusion in order that their own reactionary views may prevail."

### MEETING OF HOSPITAL BOARD

#### Various Tenders Are Awarded But Prices Higher

Cost of Food Supplies Will be Much Higher Than Last Year.

The regular meeting of the Hospital Board took place yesterday. Present, C. H. Waterous (President), W. A. Pitts, A. K. Bunnell, Dr. Secord, R. Sanderson, H. Symons, Geo. Watt, F. D. Reville.

A long time was spent in considering tenders for the coming year. On the lowest prices quoted it was estimated that the cost of supplies would be some \$10,000 more this year than last. Some were awarded as follows: Meat, Minter; groceries, Ford; bread, Elliott, Eagle Place; drugs, Tabcoot.

It was decided to purchase fruits and vegetables in the open market as heretofore.

The members of the Parks Board will be approached to ascertain on what basis they would undertake the upkeep of the grounds.

Mr. Bunnell verbally reported the new arrangement with the county and it was regarded as satisfactory. It was decided to buy a large quantity of coal as same is offered at the present time at a reasonable price.

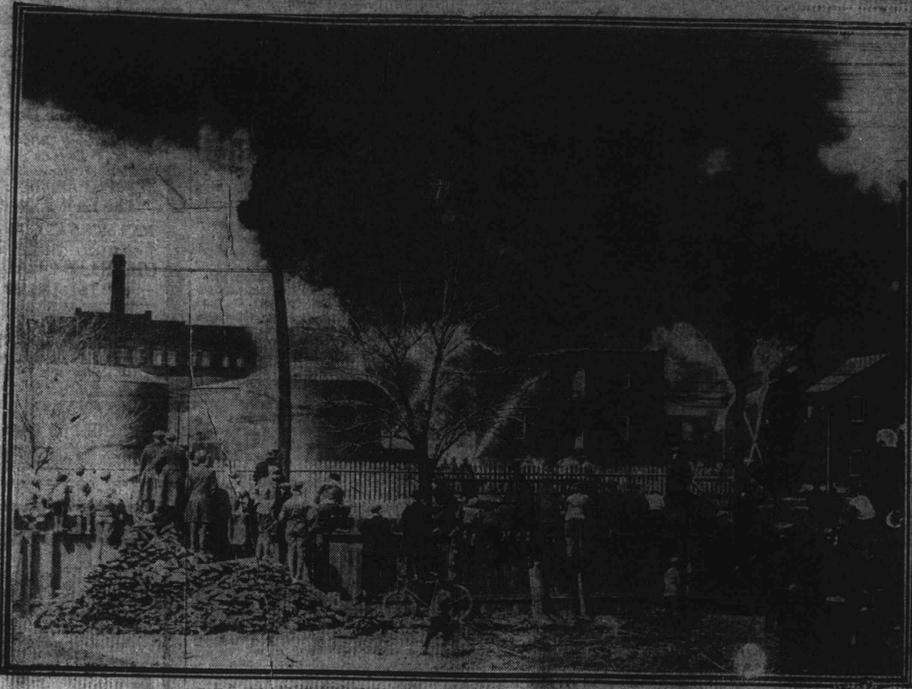

#### Extracts From Monthly Report of Superintendent

Admissions, 165; discharges, 142; births, 8; deaths, 13; operations, 73; isolation, 9 (scarlet fever 7, diphtheria 2); patients in residence, 120.

#### New Kitchen Equipment

We report our kitchen all but completed; the steam cooker, cereal boiler and soup kettle have been in use for the past two weeks, and even in this short time we wonder how we managed without them. The cook's heavy, substantial table, with a small sink let in at one end with hot and cold water attachment, has proved a great convenience. The removal of the huge, black canopy covering the range, the inverted stove pipes, the latter running underneath the floor, tends to make the kitchen decidedly brighter. The walls, which have been such an "eye sore," are now a pale grey, the lower part of the wall to a height of four feet being covered with tiles, making a clear blue and white finished with an oak moulding. The latter has yet to be put on. An unavoidable delay has also occurred in filling in places where partitions, etc., was removed. The Holstein sent was defective, and had to be returned.

The steam table installed in pantry of the nurses' dining room, and from which their meals are served has proved not only a saving

### FIRE AND SMOKE SHROUD DESTROYED OIL PLANT

This picture of the Galena Signal Oil Co's plant, Toronto, taken last Saturday afternoon while the fire was raging, shows the spectacular nature of the blaze which caused a loss of \$300,000 and licked up 200,000 gallons of oil. The lives of a score of firemen were endangered by the collapse of the walls of the plant and some had narrow escapes from injury.

of the mald's steps, but does away with a great deal of confusion in the kitchen.

The ice cream freezer, ice crusher and vegetable peeler installed in the basement and run by motor, cause little or no annoyance from noise when in use. The vegetable peeler is a joy forever. It does not peel, but scrapes the potatoes so close there is a minimum of waste. It will be a sad and sorry day for those particular animals we hear so much about, if they depend on our vegetable peelings for a good meal.

Some slight adjustments incidental to installing steam apparatus have yet to be made before it is taken over as complete.

#### Chief Lewis of the City Fire Department kindly came up and made a thorough investigation of our fire protection. The chemical fire extinguishers have all been put in order, and he advises the re-filling every three months. Two chemical extinguishers, which Chief Lewis deemed unnecessary as the boiler room, were placed on each floor of the public wards, as no provision has been made for them in regard to fire protection.

The visitors for the month from the Hospital Aid were Mrs. Ed. Howwood and Mrs. Milton Robertson, who came weekly with magazines, and provided ice cream for all public ward patients, isolation and nurses, also beautiful plants and Easter cards. We thank them also for supplying eight window shades for the nurses' residence, and twelve bedside bags.

The visiting governors for the month were Mr. E. Sanderson and Mr. A. K. Bunnell.

The visiting physician for the month, Dr. Wacey.

It was decided to ask Chief Lewis to prepare a report with regard to any improvements he would recommend for the successful handling of a contagious disease.

#### COMPENSATION ACT.

For Courier Leased Wire.

Edmonton, April 9.—The Workmen's Compensation Act, which was read a second time in the Alberta legislature Monday afternoon will apply to all the industries and all the businesses in the province, with the temporary exception of railway companies. The act will be operative in respect to mines beginning in August of the present year and in respect to the other industries on January 1, 1919. Meantime negotiations would be undertaken. Premier Stewart informed the House, with a view to having a uniform compensation law for the three prairie provinces and probably British Columbia.

Death occurred in Seattle of Rev. E. N. English, formerly principal of the old Helmsuth College, London, Ont.

### BRITISH HOUSE GREATLY STIRRED

#### By The Momentous Speech of Lloyd George

#### Inclusion of Ireland in the Act, Caused Loud Cheers

London, April 9.—Great Britain was asked this afternoon to place at the disposal of the Government the services of every able-bodied man up to 50 years, and even in certain cases up to 55. This announcement was made that day by the Premier, Lloyd George, in a speech which was greeted with loud cheers.

Crowds gathered at the approach of the House of Commons, and the benches of the Commons were closely packed with members, who showed deep interest in the questions and the Premier's method of presenting the prime importance of the issues involved. There were no fireworks in his speech, but an earnest insistence on the peril of the moment, and the necessity of taking every possible measure to meet it.

The House at question time had shown itself full of life. It rose to every controversial point, and it sent up a deep cheer of welcome as Captain Redmond took the oath on his re-election to his father's old seat. As Mr. Lloyd George began his speech it settled down to listen, and resented merely interruptions from pacifist members.

#### Aroused House's Enthusiasm.

The Premier seemed at first to be restrained by the gravity of the moment. "We have now entered the most critical phase of this terrible war," he began, and he spoke slowly and with constant consultation of his notes. For nearly an hour he reviewed the military situation, and though he expressed his entire confidence in the army and paid a high tribute to the courage, endurance and skill of soldiers and generals alike, it was clear that he was impressed by the vastness of the forces against the allies and the reality of their danger.

Not until the speech of General Carey and his brilliant achievement in stopping the German advance with a scratch corps of signal men, engineers and labor battalions did he arouse the enthusiasm of the House in a round of deep cheers.

As the Premier came to discuss the appointment of Birch as Generalissimo it was clear that he felt himself to be on delicate ground. He spoke with something like his old animation, smote the box on the table, and looked the House squarely in the face. He was prepared for criticism and got applause, but it was not very cordial.

#### Forecasts Were Accurate

Once again, as Lloyd George replied to the critics of the subsidiary expeditions in Saloniki, Palestine and Mesopotamia, he spoke with vigor, but the House was not inclined to show much interest in these matters when it was full of anxiety about the Government's man-power proposals.

At last, Lloyd George reached these, and in the main they did not create surprise. They had been forecast fairly accurately in the newspapers, and the House received quietly the news that men up to fifty might be called up that essential industries were to be combed out again, and that ministers of religion would be subject to non-combatant service.

The real surprise came when the Premier announced shortly and decidedly: "As to Ireland, it is not possible any longer to justify her exclusion from the act."

#### Protests From Irish

Cheers burst forth in a great volume from all parts of the House except the Irish benches, and they answered with cries of protest. The Premier tried to continue his quiet, dispassionate speech, but Irish members were wound up to fierce excitement. Their quarter of the House was rocked with anger. Lines of members swayed to and fro like a field of wheat swept by gusts of wind. Sharp interruptions burst out. Lloyd George appealed to the United States, more Irish than Ireland, he called it, where all were subject to conscription.

"But not by the English!" came back a retort by a member, shouted with a stentorian voice.

Quietly the Premier read out what Irish leaders like the late John Redmond had said of the justice of the war, and brought John Dillon, the new leader, to his feet in explanation of words he had used in 1914.

#### War of Small Nations

But what especially roused the Irish to bitter anger was the Premier's insistence that this was a war in the interest of small nations. They flung back the words in his teeth, and stirred the rest of the House to angry reply; but the Premier with only one protest, that he be permitted to speak, went quietly on to his peroration.

#### Asquith's Advice

John Devlin wished to move an adjournment to permit the Government to consider the report of the Irish Convention, but gave way to ex-Premier Asquith.

Mr. Asquith spoke calmly and coolly, dwelling on the reality of the crisis. He reserved the right to criticize the Government bill to a time when he had an opportunity to consider its details, and then obtained a sympathetic cheer from the House as he told of the heroism of the British soldiers, as he had just learned it from a letter from a relative, in fact one of my own sons.

As an old Parliamentarian, he advised the Premier not to rush the new bill, but to permit the House plenty of time to digest it.

### INVENTION OF NEW INSTRUMENT

#### Has Enabled French Map Makers to Locate Accurately Any Object

French Front, April 10.—(Correspondence of The Associated Press)—Accuracy and efficiency have been made possible for the French artillery by the invention of an instrument that enables French map-makers to locate almost exactly an object within the enemy lines which has been photographed from an airplane. In transferring to a map the photographed object, such as an enemy battery or ammunition dump, the margin of error is limited to less than five yards.

This permits the French artillery to pour its shells with almost certain aim on to German emplacements, trench positions, cross-roads, cantonments, railroad lines, aviation camps and other enemy organizations. It is unnecessary for the gunner to have even a distant view of the object he is firing at.

To take a photograph of the enemy lines from a French airplane is an easy matter, but to transfer the objects photographed to their exact location on a map was for a time extremely difficult. This was due to the varying heights and angles from which the airplane observations were made. By the invention of one of the officers attached to the Geographical Section, this difficulty has been almost eliminated.

Not only the aerial observation service but other methods of spotting German positions—more especially cannon and machine gun emplacements—are utilized as aids to the work of the military map-maker. The flashes of guns as they are fired from the German side form one valuable adjunct to his work, but the most important of all is the calculation of the speed of the sound of the firing charge of the German shells. This has been brought to a basis of such perfection that the guns can now be located with almost absolute accuracy. In fact a recent operations it has proved that the system of observation by sound has given satisfactory results in over 80 per cent of instances.

In every army there is a branch of the Geographical Section and each is furnished with a complete lithographic and zingographic printing plant and skilled workers, photographers and mathematicians. In a very few hours after the receipt of the day's observations from all the various sources, dozens of copies of the corrected maps are ready for issue to all the staffs of corps, divisions and brigades comprised within the army concerned.

Nothing is omitted from the maps—every church, house, chimney, mill, bridge, road, railroad, group of trees is marked as well as every turn and twist of an enemy trench or system of barbed wire entanglements, every stream, ditch, bridge, ford, every path used by supply parties, every point of resistance, organized shell water, look-out post is shown on the maps. Maps on a very large scale are given when an attack is about to be carried out, so that each officer and man participating may know exactly what is in front of him and what he may expect to encounter during his advance.

### Rippling Rhymes

#### THE HELPFUL AUTO.

"You ought to cut out riding round in your upholstered boat; for thus you're wasting many a pound, and many a bone and groat. The coin you blow for gasoline, as o'er the roads you run, might sink a German submarine, or spike a German gun." My neighbors sometimes heed to me such lectures, stern and sour; when I've been searching o'er the sea, at forty miles an hour. "But nowadays the loyal lad should keep in proper form, to earn the shining silver road, to keep his strumbox warm, so he can always buy his food, or help a Red Cross fund, who hates I grow tired of labor's pangs, I take my four-wheeled car, and scoot some nineteen parassons, out where the haywheels are; I rush along, and never stop, through valleys sweet and cool, and sometimes meet a rustic cop, again run down a mule. And when my little spin is done, I homeward jog along, and I feel fit to write a ton of red-hot, deathless song. And when I've put the car away, and changed the busted tire, I then proceed to knock the whey from my immortal lye. Don't dodge all kinds of play and glee while you pursue the rooks; he is not wise who tries to be a brother to the ox.

MEETING OF HOSPITAL BOARD

Various Tenders Are Awarded But Prices Higher

Cost of Food Supplies Will be Much Higher Than Last Year.

The regular meeting of the Hospital Board took place yesterday. Present: C. H. Waterhouse (President), Warden Pitts, A. K. Bunnell, Dr. Secord, R. Sanderson, H. Symons, Geo. Watt, F. D. Revell.

A long time was spent in considering tenders for the ensuing year. On the lowest prices quoted it was estimated that the cost for supplies would be some \$10,000 more this year than last.

Meat, Mince, groceries, Forde; bread, Elliott, Eagle Place; drugs, Tabcoit.

It was decided to purchase fruits and vegetables in the open market as heretofore.

The members of the Parks Board will be approached to ascertain on what basis they would undertake the upkeep of the grounds.

Mr. Bunnell verbally reported the new arrangement with the county, and it was regarded as satisfactory.

It was decided to buy a large quantity of coal as same is offering at the present time at a reasonable price.

Extracts From Monthly Report of Superintendent.

Admissions, 165; discharges, 142; births, 8; deaths, 13; operations, 721; isolation, 9 (scarlet fever 7, diphtheria 2); patients in residence, 100.

New Kitchen Equipment.

We report our kitchen all but completed; the steam cooker, cereal boiler and soup kettle have been in use for the past two weeks, and even in this short time we wonder how we managed without them.

The cook's heavy, substantial table, with a small sink let in at one end with hot and cold water attachment, has proved a great convenience.

The removal of the huge, black canopy covering the range, the inverted stove pipes, the latter running underneath the floor, tends to make the kitchen decidedly brighter.

The walls, which have been such an "eye sore," are now a pale grey, the lower part of the wall to a height of four feet being covered with Sanitas in a clear blue and white finished with an oak moulding.

The latter has yet to be put on. An unavoidable delay has also occurred in filling in places where partitions, etc., was removed. The Hnoileum seat was defective, and had to be returned.

The steam table installed in pantry off the nurses' meals are served has proved not only a saving of the maids' steps, but does away with a great deal of confusion in the kitchen.

The ice cream freezer, ice crusher, and vegetable peeler installed in the basement and run by motor, cause little or no annoyance from noise when in use.

The vegetable peeler is a joy forever. It does not peel, but scrapes the potatoes so close there is a minimum of waste. It will be a sad and sorry day for those particular animals we hear so much about, if they depend on our vegetable peelings for a good meal.

Some slight adjustments incidental to installing steam apparatus have yet to be made before it is taken over as complete.

Fire Inspection.

Chief Lewis of the City Fire Department kindly came up and made a thorough investigation of our fire protection. The chemical fire extinguishers have all been put in order, and he advises the re-filling every three months.

Two chemical extinguishers, which Chief Lewis deemed unnecessary for this boiler room, were placed, one on each floor of the public wards, as no provision has been made for them in regard to fire protection.

The visitors for the month from the Hospital Aid were Mrs. Ed. Henwood and Mrs. Milton Robertson, who came weekly with magazines, and provided ice cream for all public ward patients. Isolation and nurses, also beautiful plants and Easter cards. We thank them also for supplying eight window shades for the nurses' residence, and twelve bedside rugs.

The visiting governors for the month were Mr. R. Sanderson and Mr. A. K. Bunnell.

The visiting physician for the month, Dr. Wiley.

It was decided to ask Chief Lewis to prepare a report with regard to any improvements he would recommend for the successful handling of a conflagration.

A number of accounts were passed.

COMPENSATION ACT.

By Courier Leased Wire.

Edmonton, April 9.—The Workmen's Compensation Act, which was read a second time in the Alberta legislature Monday afternoon will apply to all the industries and all the businesses in the province, with the temporary exception of railway companies.

The act will be operative in respect to mines beginning in August of the present year and in respect to the other industries on January 1, 1919. Meantime negotiations would be undertaken Premier Stewart informed the House, with a view to having a uniform compensation law for the three prairie provinces and probably British Columbia.

Death occurred in Seattle of Rev. E. N. English, formerly principal of the old Helmut College, London, Ont.

FIRE AND SMOKE SHROUD DESTROYED OIL PLANT. This picture of the Galena Signal Oil Co.'s plant, Toronto, taken last Saturday afternoon while the fire was raging, shows the spectacular nature of the blaze which caused a loss of \$300,000 and licked up 200,000 gallons of oil. The lives of a score of firemen were endangered by the collapse of the walls of the plant and some had narrow escapes from injury.

BRITISH HOUSE GREATLY STIRRED

By The Momentous Speech of Lloyd George

Inclusion of Ireland in the Act, Caused Loud Cheers

Once again, as Lloyd George replied to the critics of the subsidiary expeditions in Saloniki, Palestine and Mesopotamia, he spoke with vigor, but the House was not inclined to show much interest in these matters when it was full of anxiety about the Government's man-power proposals.

At last, Lloyd George reached these and in the main they did not create surprise. They had been forecast fairly accurately in the newspapers, and the House received quietly the news that men up to fifty might be called up that essential industries were to be combed out again, and that ministers of religion would be subject to non-combatant service.

The real surprise came when the Premier announced shortly and decidedly: "As to Ireland, it is not possible any longer to justify her exclusion from the act."

Cheers burst out in a great volume from all parts of the House except the Irish benches, and they answered with cries of protest. The Premier tried to continue his quiet, dispassionate speech, but Irish members were wound up to fierce excitement. Their quarter of the House was rocked with anger. Lines of members swayed to and fro like a field of wheat, swept by gusts of wind. Sharp interruptions burst out. Lloyd George appealed to the United States, more Irish than Ireland, he called it, where all were subject to conscription.

"But not by the English!" came back to a member, shouted with a stentorian voice.

Quietly the Premier read out what Irish leaders like the late John Redmond had said of the justice of the war, and brought John Dillon, the new leader, to his feet in explanation of words he had used in 1914.

War of Small Nations.

But what especially roused the Irish to bitter anger was the Premier's insistence that this was a war in the interest of small nations. They flung back the words in his face, and stirred the rest of the House to angry reply, but the Premier with only one protest, that he be permitted to speak, went quietly on to his peroration.

Asquith's Advice.

John Devlin wished to move an adjournment to permit the Government to consider the report of the Irish Convention, but gave way to ex-Premier Asquith.

Mr. Asquith spoke calmly and coolly, dwelling on the reality of the crisis. He reserved the right to criticize the Government bill to a time when he had an opportunity to consider its details, and then obtained a sympathetic cheer from the House as he told of the heroism of the British soldiers, as he had just learned it from a letter from "a relative, in fact one of my own sons."

As an old Parliamentarian, he advised the Premier not to rush the new bill, but to permit the House plenty of time to digest it.

FORECASTS WERE ACCURATE

Once again, as Lloyd George replied to the critics of the subsidiary expeditions in Saloniki, Palestine and Mesopotamia, he spoke with vigor, but the House was not inclined to show much interest in these matters when it was full of anxiety about the Government's man-power proposals.

At last, Lloyd George reached these and in the main they did not create surprise. They had been forecast fairly accurately in the newspapers, and the House received quietly the news that men up to fifty might be called up that essential industries were to be combed out again, and that ministers of religion would be subject to non-combatant service.

The real surprise came when the Premier announced shortly and decidedly: "As to Ireland, it is not possible any longer to justify her exclusion from the act."

Cheers burst out in a great volume from all parts of the House except the Irish benches, and they answered with cries of protest. The Premier tried to continue his quiet, dispassionate speech, but Irish members were wound up to fierce excitement. Their quarter of the House was rocked with anger. Lines of members swayed to and fro like a field of wheat, swept by gusts of wind. Sharp interruptions burst out. Lloyd George appealed to the United States, more Irish than Ireland, he called it, where all were subject to conscription.

"But not by the English!" came back to a member, shouted with a stentorian voice.

Quietly the Premier read out what Irish leaders like the late John Redmond had said of the justice of the war, and brought John Dillon, the new leader, to his feet in explanation of words he had used in 1914.

War of Small Nations.

But what especially roused the Irish to bitter anger was the Premier's insistence that this was a war in the interest of small nations. They flung back the words in his face, and stirred the rest of the House to angry reply, but the Premier with only one protest, that he be permitted to speak, went quietly on to his peroration.

Asquith's Advice.

John Devlin wished to move an adjournment to permit the Government to consider the report of the Irish Convention, but gave way to ex-Premier Asquith.

Mr. Asquith spoke calmly and coolly, dwelling on the reality of the crisis. He reserved the right to criticize the Government bill to a time when he had an opportunity to consider its details, and then obtained a sympathetic cheer from the House as he told of the heroism of the British soldiers, as he had just learned it from a letter from "a relative, in fact one of my own sons."

As an old Parliamentarian, he advised the Premier not to rush the new bill, but to permit the House plenty of time to digest it.

FATAL MISHAP.

By Courier Leased Wire.

Kitchener, Ont., April 9.—John Kuntz, an employe of the Park Commission, aged 50, died at Waterloo Hospital this morning as the result of a fracture of the skull sustained by falling off a truck on Weber street last evening.

He was standing on the back of a wagon handling furniture and fell backwards onto the pavement. He never regained consciousness.

WOMEN'S INSTITUTE.

A meeting of Cansville Women's Institute was held at the home of Mrs. H. E. Foulger on Tuesday afternoon April 2nd. The meeting opened by singing "Help Somebody To-day," followed by prayer. A solo by Miss Heath of Brantford. Addressed by Mrs. J. Clark in which she urged our Institute to unite with other institutes in asking for medical inspection in our schools. Mr. Clark also suggested a "Community Gleaning Centre" for canning chickens, pickles and fruits for Red Cross hospital aid.

Mrs. H. E. Sumler read an interesting paper on "Criticism." We were again favored by a solo by Miss Heath. The district president, Mrs. Wood, of Moyie-Tranquility, was present and our members were pleased to have Mrs. Wood address us for a few minutes, after which Captain Oke of Brantford gave a very interesting sketch of Y.M.C.A. and chaplains' work at the front, and care of the wounded. Miss Eleanor Fox rendered a piano solo. The meeting closed by singing "God Save the King."

Hon. H. M. Howell, Chief Justice of Manitoba, died at age seventy-five. He was born in Thurlow township, Hastings county, Ont.

INVENTION OF NEW INSTRUMENT

Has Enabled French Map Makers to Locate Accurately Any Object

French Front, April 10.—(Correspondence of The Associated Press)—Accuracy and efficiency have been made possible for the French artillery by the invention of an instrument that enables French map-makers to locate almost exactly an object within the enemy lines which has been photographed from an airplane.

In transferring to a map the photographed object, such as an enemy battery or ammunition dump, the margin of error is limited to less than five yards.

This permits the French artillery to pour its shells with almost certainty on to German emplacements, trench positions, cross-roads, communications, railroad lines, aviation camps and other enemy organizations. It is unnecessary for the gunner to have even a distant view of the object he is firing at.

To take a photograph of the enemy lines from a French airplane is an easy matter, but to transfer the objects photographed to their exact location on a map was for a time extremely difficult. This was due to the varying heights and angles from which the airplane observers made their photographs. By the invention of one of the officers attached to the Geographical Section this difficulty has been almost eliminated.

Not only the aerial observation service but other methods of spotting German positions—more especially cannon and machine gun emplacements—are utilized as aids to the work of the military map-maker. The flashes of guns as they are fired from the German side form one valuable adjunct to his work, but the most important of all is the calculation of the speed of the sound of the firing charge of the German shells. This has been brought to a basis of such perfection that the guns can now be located with almost absolute accuracy. In fact in recent operations it has proved that the system of observation by sound has given successful results in over 90 per cent of instances.

In every army there is a branch of the Geographical Section and each is furnished with a complete lithographic and sinographic printing plant and skilled workers, photographers and mathematicians. In a very few hours after the receipt of the day's observations from all the various sources, dozens of copies of the corrected maps are ready for issue to all the staffs of corps, divisions and brigades comprised within the army concerned.

Nothing is omitted from the maps—every church, house, chimney, mill, bridge, road, railroad, group of trees is marked as well as every turn and twist of an enemy trench or system of barbed wire entanglements, every stream, ditch, bridge, ford, every path used by supply parties, every point of resistance, or any other feature that might be of value to the army.

Maps, as a very large scale are given when an attack is about to be carried out, so that each officer and man participating may know exactly what is in front of him and what he may expect to encounter during his advance.

Rippling Rhymes

THE HELPFUL AUTO.

"You ought to cut out riding round in your upholstered boat; for thus you're wasting many a pound, and many a bone and great. The coin you blow for gasoline, as o'er the roads you run, might sink a German submarine, or spike a German gun."

My neighbors sometimes hand to me such lectures, stern and sour; when I've been scorching o'er the sea, at forty miles an hour. "But nowadays the royal lad should keep in proper form; to learn his silver scud, to keep his strongbox warm, so he can always buy a bond, or help a Red Cross fund, has he not?"

He has pawed his Sunday comberbund. And if he would be at his best, and make each mome, he has to have his hours of rest his little slice of play. When I grow tired of labor's pangs, I take my four-wheeled car, and scoot some nineteen parasangs, out where the haystacks are; I rush along, and never stop, through valleys sweet and cool, and sometimes maim a rustic ox, again run down a mule. And when my little spin is done, I headward jog along, and I feel fit to write a ton of red-hot deathless song. And when I've put the car away, and changed the busted tire, I then proceed to knock the wher from my immortal tyre. Don't dodge all kinds of play and glee while you pursue the rocks; he is not wise who tries to be a brother to the ox.

HAVE PURE BLOOD

Hood's Sarsaparilla Makes Rich, Red Blood.

Your heart works night and day without a pause. It is the principal organ of the circulation of your blood. It is of the utmost importance that it should do its work well.

The quality and quantity of your blood have much to do with its action. If this fluid is pure and abundant, your heart and other vital organs act with more energy than when it is defective in quality or deficient in quantity.

Hood's Sarsaparilla makes the blood pure and abundant. It is the one old reliable medicine, that has been sold for forty years, for purifying the blood.

Be sure your druggist gives you Hood's, for nothing else can possibly benefit you as much and nothing else can take its place. Get it today.

DAYLIGHT SAVING AS VIEWED BY UNITED STATES

By setting the clock ahead, Americans will be able to open offices, churches and factories an hour earlier. But the Moon, the tide and the Sun will persist in following their original schedules.

Our consuls to the South lost one hour of sleep on the night of March 30-31, which if they adhere strictly to the daylight saving plan, will not be made up until the clocks will be turned back again.

Two hundred and ten hours of light will be saved by the plan, one hour each day between March 30 and October 27.

It is recalled that humorous objections were made to daylight saving in Spain when proposed there, after adoption by Germany, Britain and France. Spanish papers flew into a rage, and conjured up horrible pictures of calamity should the plan be adopted in Spain.

One paper prophesied that thousands of babies would die because of it. Why? Porsooth, because cows which have been accustomed to giving their milk at certain hours all their lives would refuse to do so at any other.

They also predicted that Spanish land owners would work their labor to death under daylight saving conditions.

"They always work their men until dark, anyway, and if they get them up an hour earlier they will squeeze an extra hour's work out of them every day," they said.

The fact that Spanish time largely kept by old-fashioned clocks prevented another obstacle. These clocks are for the most part of the striking variety and it was predicted that if any attempt was ever made to turn them back past the hour they would all go to smash.

Other papers said that the whole scheme was obviously wicked, because it was plainly an attempt to change a law of God. They said that it would only be considered in revolutionary countries like Portugal, for whom the Spanish have a profound contempt.

In France, on the other hand, the plan was accepted with glee. The Parisians, fond of their outdoor cafes, found that they could sit out of doors in the summer until nearly 9 o'clock. That was enough to recommend the plan to them.

The advantages of daylight saving are thus enumerated by an American paper:

1. One hour or more for outdoor recreation. Recreation is a national asset, an immense force for health and moral well-being.

2. Working mothers and fathers obtain an extra hour for outdoor play with their children, both summer and winter.

3. One hour less for bad lights in tenements.

4. Lessened eye-strain for workers and school children due to the use of artificial light.

5. Small risk of accident in industrial establishments, because there will be a light hour instead of a dark one at the end of the working day at the time of greatest fatigue and most frequent accidents.

6. Lessened risk of accident due to transportation and traffic conditions, because the afternoon rush will fall in daylight instead of in darkness.

8. Our last hour of sleep will be sounder and more beneficial than it is under present conditions, because

FIFTY MILLION DOLLARS To Be Spent by Dominion Government In Connection With Railway Equipment

Ottawa, April 10.—Parliament last night passed a resolution stating that it is expedient to provide that during the present fiscal year the Minister of Railways, with the approval of the Governor in Council, may acquire railway rolling stock, equipment and materials to an amount not exceeding \$50,000,000.

As originally introduced, the resolution provided contentions, and it was not until the Minister had made two important concessions that the motion was allowed to pass.

The resolution was vigorously attacked from both sides of the House, the critics including Laurier Liberals, Liberal Unionists, Conservative Unionists and Independents.

Hon. W. S. Fielding and Mr. Cahill maintained that if the resolution were adopted in its original form it would be giving the Government a "blank cheque." Hon. Dr. Reid met this by moving an amendment to limit the expenditure to \$50,000,000.

The second amendment, proposed a time limit. Instead of \$50,000,000 "every year for the duration of the war and one year thereafter," the House favored a change of wording making the resolution effective "for the present fiscal year only."

At the Railway Budget Canada's railway budget for this year approaches the whole total expenditure of the country for all domestic purposes, only a few years ago.

The statements given in the Commons last night by Hon. Dr. Reid, Minister of Railways, with regard to the Government's arrangements for purchasing new railway equipment showed that already equipment ordered aggregated \$32,956,515, not including several millions more of steel rails recently contracted for with the Dominion Iron and Steel Company.

Whether complete nationalization of railways materializes or not this year, the Government, at any rate, is standing behind the financing of all roads but the Canadian Pacific, and even in connection with that road new equipment and rails are being secured through the medium of the Government.

Total Will Exceed 80 Millions. Taking into consideration the loan of \$25,000,000 that is being provided for the Canadian Northern system this year, and the \$5,000,000 for the Grand Trunk Pacific, to say nothing of perhaps \$10,000,000 to be paid by the Government for the Canadian Northern stock, it will be apparent that the total expenditures for railway transportation to be voted by Parliament this year will run over \$80,000,000.

Equipment Contracts Placed. Details of the equipment orders recently placed by the Minister of Railways were given to Parliament last night. The big business department of the Government is now handling the following contracts:

Canada Car and Foundry Company, 5,000 forty-ton steel trams box cars, \$12,750,000; National Steel Car Company, 1,040 cars, \$2,750,000; Eastern Car Company, 750 forty-ton flat cars, \$1,777,800; Eastern Car Company, 650 fifty-ton coal cars, \$2,066,875; Hart-Otis Car Company 250 side-dump cars, \$625,000; Pressed Steel Car Company, 25 general service tanks, \$134,956; Pressed Steel Car Company, 25 water service tanks, \$123,593; Canada Car and Foundry Company, 250

WOMEN FARMING AT WARRINGTON, ENGLAND.

there will be less light. 1. General efficiency will, of course, be increased by an improvement in the health, morals and social welfare of the workers and others.

2. In summer a cool hour in the morning is substituted for a hot one in the afternoon.

3. In winter a light hour at the end of the day is substituted for a dark one. This is especially valuable, coming as it does at the time of greatest fatigue, and is pecuniarily valuable in some industries where accurate eyesight is essential.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When cross, feverish and sick give "California Syrup of Figs."

Children love this "fruit laxative" and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, won't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach ache or diarrhoea.

Best Mother. See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuses any other kind with contempt.

refrigerator cars, \$1,024,250; Pullman Car Company, sleeping cars, \$502,460; Pullman Car Company, dining cars, \$288,700; Montreal Locomotive Works and Canada Locomotive Company, 50 second-hand freight engines, \$2,900,000; 10 switching engines, \$405,000; 30 Pacific type engines, \$1,300,000; Po Mikado type engines, \$3,720,000; Canada Locomotive Company, six switching engines, \$245,000; four narrow gauge engines, \$136,089. Total cost of all equipment ordered, \$32,956,515. This does not include 100,000 tons of rails recently purchased.

Ploughs and More Cars. In reply to a question, Dr. Reid said he might yet have to purchase ten or fifteen snow ploughs at a cost of \$100,000, while the National Railway Association has offered to supply him to buy 100 tourist cars for carrying troops. He might also have to purchase 19 baggage cars.

HEALTHY CHILDREN

It is natural for little ones to be well, and with care every baby can be kept well. The main thing towards keeping little ones is to keep their little stomach sweet and their bowels regular. Baby's Own Tablets will do this. Thousands of mothers keep the Tablets in the house as they find them an efficient guard against illness.

Concerning them Mrs. Elling, Desmarais, St. Joseph de Sorel, Que., writes: "I believe Baby's Own Tablets are the best medicine in the world for children. My baby was terribly constipated, but the Tablets promptly cured him and made him a big healthy child." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brookline, Mass.

KEEP ON BOMBING

Until Germany Cries Enough

This is the View of an Army Officer

(Associated Press.) Liverpool, March 16.—"The way to win the war is to keep on bombing Germany until she cries enough," writes a Liverpool army officer from the front in a letter to his home newspaper.

"You at home," he adds, "do not realize how great is the air superiority of the Allies on the West front. The means of finishing the campaign is to create such a feeling in the German towns that the population will rise and demand the ending of the war. I know Germany well, and the bullets are real cowards-at-home. I believe that most of the German soldiers are sick of fighting and when they find out how much more effectively we are at air-raiding than they, then will come the finish."

"I notice that in a raid on London recently 16 bombs were dropped. Do you realize that in our air report on Tuesday night it was stated that we had dropped over 700 bombs? England has been slow in starting, but she is going to be terribly effective in the air, and from what I hear, the Americans are presently going to give us all a wonderful demonstration of how air-raiding should be done."

"Ruthlessness is the only thing a German appreciates and fears, and the Americans are planning to show it to him."

Tilsonburg Town Council has granted two more pool licenses. License fee for cigarettes was also reduced from \$100 to \$25.

The Middlesex County Council voted \$30,000 towards the work of the Y.M.C.A. among the troops in Canada, England and France.

GIRL'S ONE PIECE SUIT. By Anabel Worthington. The simple straight lines of this practical little dress are sure to be becoming to the growing girl. The little girl will look well in the dress as shown in the large view whereas her older sister will require a belt to cut the length. The front and also the back of the dress are folded in shallow panels, giving the effect of a double panel. The dress opens all the way down the centre back, and the broad pointed collar is in two sections. Either the long sleeve gathered into a cuff or the short, straight sleeve may be used. The large pockets stitched at the sides will be a great convenience to the school girl. The girl's one piece dress pattern No. 8521 is cut in four sizes—8 to 14 years. The 8 year size requires 3 1/2 yards 36 inch, or 2 1/2 yards 44 inch, with 1/2 yard 27 inch contrasting interlier.

Children Cry for Fletcher's CASTORIA The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend. GENUINE CASTORIA ALWAYS Bears the Signature of Dr. J. C. Fletcher's In Use For Over 30 Years The Kind You Have Always Bought THE CENTAUR COMPANY, NEW YORK CITY.

AN AERO'S BACK BROKEN. A wonderful escape of a British aviator who had to make an enforced landing owing to engine trouble, the occupant escaped with slight bruises, although, as is seen, the machine has had a break.

# FATHER AND SON GATHERINGS IN THIS CITY A GREAT SUCCESS

## Number of Churches Taking Part Was Fourteen and the Total Attendances Reached Over Five Hundred

Number of churches participating, 14.  
Number of District meetings, five.  
Places—North district, at Brant Ave. Methodist church; West Brantford, at Oxford St. Methodist; centre, at Zion Presbyterian; Terrace Hill, at Sydney St. Methodist; Colborne St. Church.

About 425 fathers and sons in attendance at the various centres.

The above synopsis constitutes the record of this remarkably successful event which took place in this city last evening. The spirit manifested was throughout of the most notable nature, and all concerned deserve to be heartily congratulated upon the outcome.

**Programs**  
West Brantford: Chairman, Rev. D. L. Campbell.  
Opening: Prayer, Rev. W. Smith and National Anthem; solo, Mr. Tomlin; address, R. M. Atkins, National Council, Y. M. C. A., on "That Boy"; solo, Mrs. Greenwood; address, Mr. Ponton, "An Ideal Son"; Mandolin selections, M. P. Horner; address, Mr. Tucker; instrumental, Albert Amos; addresses, Mr. Lundy; Baden Powell on Lloyd George; Gordon Brown, "What a community owes its boys"; Jas. Duncan, "The Navy"; Recitation, Mr. Naylor.

A feature of the evening was the rendering of "Old Black Joe," by Miss Raynor's class of boys colored for the occasion.

Before going to Oxford Street Church, Balfour St. Church led with a brief program. Addresses by Mr. Foreman, a veteran, "Qualities of a good Soldier"; John Dewar, Jr., Messrs. McCormick, Smithson, Wilde and Robertson, and musical selections by Messrs. Ponton and Amos.

Chairman, J. W. Gordon.  
Silent prayer; sing songs, A. Chrysler; C. Cook, "Thrill"; song, Harold McCauley; yells, by boys; R. M. Atkins, address; Frank Wallace, greeting; C. Groop; Harry Guenther; "What a town owes its boys"; Stanley Perry, "Ideal Dad"; Harry Jones "Ideal Son."

**East**  
In the East district, a war-time supper, the menu being made up of fish, potatoes and Johnny cake and maple syrup. At the meeting of the churches of East ward held afterward, Rev. C. E. Logan acted as chairman. After the boys had led the gathering in a hearty sing song, the program proper was commenced and ran as follows:

Toast, The King, responded to by the National Anthem; address, Showing your colors at Home, by W. H. Vaughan, assistant national boy work secretary; toast, "Our Dads Overseas"; Cecil Chapman, greeting from Marlboro St. church given by Geo. Felton; toast, "Our Dads, our Chums"; Gordon Hutton; address, "What the Church Owe its Sons"; Dr. Amos; address, "The part a boy can play in this world's crisis"; Andrew Wilson; toast, "Our Sons Overseas"; proposed by Mr. Yates and responded to by C. F. Verity, W. J. Charlton, G. H. Williamson, H. V. Hutton and Fred Thomson.

**Central**  
The central division encountered difficulties at the start when it was found that through some unfortunate error, the pastor of Congregational church, where the meeting was to be held, had not been informed, and it was found necessary to hold the gathering in Zion church. Though the gathering lacked the large numbers present at some of the other meetings, it made up the deficiency through the enthusiasm of those present. Mr. R. P. Hoag acted as chairman. The meeting opened with a prayer and the National Anthem. The program was really very excellent, and ran as follows: Solo, Walter Carpenter; address, Dr. Henderson. "The kind of boy I'd like my son to be"; address,

"An Ideal Father," Harry Standing; instrumental solo, D. L. Wright; address, "Living for God and our Country," Leslie Watt; greetings from North district; solo, Dr. Hart; address, W. H. Vaughan, District No. 3.  
(Under charge of Rev. J. M. H. Mills.) Banquet was dispensed with, and meeting held in Sydenham St. church. There was a good attendance, Rev. Mr. Mills presiding.  
Rev. Mr. Smythe conducted the opening exercises, and Mr. Lang spoke on the community's greatest asset, pointing out that a man with a highly developed Christian character constituted the same.  
Clarke Johnston, a boy about 15 years of age, gave a splendid address on "Our Fathers."

Rev. Mr. Slimon, pastor of Shenstone Memorial church, spoke on the "Threefold Challenge"—to produce, to sacrifice and to live for God and country.

Between these speeches, there were musical numbers contributed by a male quartet; solo, Mr. Suffolk, duet by Mr. Nutt and brother.

### FINE OF ONE DOLLAR

#### In Keeping With "Dollar Day" Imposed Upon a Woodstock Newspaper

(Woodstock Sentinel-Review)  
Judge Wallace gave judgment on Saturday in the case against the Sentinel-Review for publishing Dollar Day advertising. He found the Sentinel-Review guilty of an offense under the Criminal Code, and he imposed a fine of one dollar and costs, which he fixed at \$2.20. The text of the judgment is as follows:

This is an indictment under section 236 of the Criminal Code, which is as follows:

"236. Lotteries. Every one is guilty of an indictable offense and liable to two years' imprisonment and to a fine not exceeding two thousand dollars, who—  
(a) Makes, prints, advertises, or publishes or causes or procures to be made, printed, advertised or published any proposal, scheme or plan for advancing, lending, giving, selling, or in any way disposing of any property, by lots, cards, tickets or any mode of chance whatsoever; or  
(b) Sells, barter, exchanges or otherwise disposes of or causes or procures or aids or assists in the sale, barter, exchange or other disposal of, or offers for sale, barter or exchange, any lot, card, ticket, or other means, or device, for advancing, lending, giving, selling or otherwise disposing of any property, by lots, tickets, or any mode of chance whatsoever; or  
(c) Conducts or manages any scheme, contrivance or operation of any kind for the purpose of determining who, or the holders of what lots, tickets, or chances, are the winners of any property so proposed to be advanced, loaned, given, sold or disposed of."

Every sale, loan, gift, barter or exchange of any property, by any lottery, ticket, card, or other mode of chance, depending upon, or to be determined by chance or lot, is void, and all property so sold, lent, given, bartered or exchanged, is liable to be forfeited to any person who sues for the same by action or information in any court of competent jurisdiction.

I find the Woodstock Sentinel-Review Company, Limited, is guilty of an infringement of this section, and I impose a fine of one dollar and costs, which I fix at \$2.20.  
J. G. WALLACE,  
Judge, County of Oxford.

### CANADIAN WOOL

By Courier Leased Wire  
Ottawa, Ont., April 9.—With a view to the utilization of larger quantities of Canadian wool in Canada, a conference will be held here shortly between the Canadian Wool Commission representative of the Canadian wool growers and wool manufacturers. At the same time the question will be discussed of a reciprocal arrangement with the United States under which American short wools, blacks, etc., might be shipped to Canada in return for shipments of long Canadian grown wools. In this connection the suggestion is made that Canadian wools should have free access to American markets instead of being shipped in under import regulations which give the United States Government an option to purchase all imported wools at a fixed price.

Two London girls were found in a Chinese laundry at St. Thomas. The Chinaman was warned that he must not let a woman pass behind the counter. Another was fined \$5 and costs on a charge of having prepared white girls for immoral purposes.

Major the Rev. Dr. Chas. W. Gordon ("Ralph Connor"), speaking to two thousand people at Brockville, said while he was no pessimist he was not fool enough to say that the illness could not be beaten. This year was the year for the supreme sacrifice—next year it may be too late.

Major the Rev. Dr. Chas. W. Gordon ("Ralph Connor"), speaking to two thousand people at Brockville, said while he was no pessimist he was not fool enough to say that the illness could not be beaten. This year was the year for the supreme sacrifice—next year it may be too late.

Robt. Seavitz is suffering from several nasty gashes in the head and face, inflicted with a butcher knife by Alvin York, a farmer, near St. Thomas.

Canadian Seed-purchasing Commission has in transit for distribution in Eastern Canada, 300,000 bushels of high-grade imported seed oats, to be sold at net cost.

Government has provided \$400,000 for a plant to produce fuel from the lignite of Eastern Saskatchewan and has taken steps towards developing the best boxes of Ontario.

Frank Sherbo asked and received permission from the parents of Vilda Vidavra to make her his wife, and the charge of abduction laid against him by Mrs. Wadman after he had run off with her daughter in a Transcona jitney has been withdrawn.

# ROBERTSON'S ONE CENT SALE

**The Plan**  
You pay the regular price for one article and we give you another of the same article for One Cent

**Example**  
Buy one tin of Yucca Talcum at the regular price of 25c and we will give you another tin for One Cent or 2 for 26c

This ONE CENT SALE plan was originated by the REXALL STORES. The Rexall Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Rubber Goods and Drug Sundries in the world and this is an advertising plan of which they bear most of the expense. Instead of advertising by means of free samples, etc., it is their desire that we place in your hands full size packages, giving you an opportunity to judge the real value of the goods, the cost of which they charge to advertising.

We ourselves could not run this sale without the backing of this huge company and neither can other stores who try to imitate it. We can not afford to charge or deliver goods during this sale. These prices do not include War Tax.

## NEWS NOTES

That "spotters" as they were called were employed by the Winnipeg police to enforce the early closing by-law, was admitted by Mayor Davidson.

Winnipeg Electric street railway company has assured the city that it has placed contracts for material and new rolling stock aggregating \$317,000.

North Bay Presbyterian nominated Rev. John Somerville, D.D., treasurer of the Presbyterian Church, for the moderatorship of the General Assembly.

Colonel C. Dean, formerly of Kingston, has been appointed chief transport officer at Halifax, in substitution for Lt.-Col. H. S. Lindsay who will take over the management of the pilots at Halifax.

**JOINT MINISTER.**  
Moscow, April 9.—(By the Associated Press).—Leon Trotsky, former foreign minister, has been appointed joint minister of war and marine. He has been acting as minister of war since the Government was removed to Moscow.

Santford, Manitoba, lost its oldest settler when death claimed Walter Burns, 77, who had lived there for 44 years. He went from Lemark county, Ontario, and was the first man to settle in Santford.

Colonel C. Dean, formerly of Kingston, has been appointed chief transport officer at Halifax, in substitution for Lt.-Col. H. S. Lindsay who will take over the management of the pilots at Halifax.

**Summer Time is Talcum Time**  
You will save money by getting your stock for the summer at these One Cent Sale Prices. YUCCA TALCUM, HARMONY ROSE TALCUM, REXALL BABY TALCUM, REXALL VIOLET TALCUM.  
2 for 26c

**Hood's Pills**  
Constipation, biliousness and all liver ills. Do not skip or irritate. 25c.

**DAYLIGHT SAVING FOR DOMINION**  
Canada's Daylight Saving Bill will go into effect on Monday, April 15. The bill, which is now before the Senate, will be put through its various stages this week and assented to. The necessary proclamation to bring the bill into effect will probably appear in the Canada Gazette on Saturday, and the clocks will be advanced an hour at midnight on Sunday.

**SHE SUFFERED FIVE YEARS**  
Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Key West, Fla.—"For five years I suffered from irregularities, with terrible weakness in my back. The doctor gave me different medicines but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it." Mrs. J. M. CAHUS, 726 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound. Just as Mrs. Cahus found it helped her after suffering for years and trying everything else in vain.

If you have any annoying symptoms you fall to mention, write Lydia E. Pinkham, Medicine Co., Lynn, Mass. The results of their 40 years experience in advising women on this subject is at your service.

## UNBROKEN HORSES

**Eight Hundred of Them Caused a Big Time**

Associated Press  
Bombay, April 10.—Eight hundred unbroken horses ran wild recently in a paddock at the Bvulla Racing Club here, smashed down the fences and spread all over Bombay, causing considerable panic in the native quarters, and dislocating railway and street traffic for the entire day.

Large numbers of the animals got onto the railway lines, where several of them were killed. Six of them fell into a large sewage culvert. Horses from the race track spent the whole day and the following night in pursuit of the animals. Only 450 horses were finally recovered, the remainder having either been killed or escaped into the countryside.

Only one man was seriously injured in the Bazaar district by being trampled by a herd, while in a main street a motor car was wrecked by the horses rushing madly over it.

## NEW GERMAN WAR BOOTS

**Are Clumsy and Will Only Last a Short While**

Associated Press  
Amsterdam, April 10.—The new German war boots and shoes which have recently been on display at a public exhibition in Berlin, are thus described by Vorwaerts:

"Heavy clumsy boots, made out of all sorts of substitute materials with paper uppers and wooden soles several centimeters in thickness, the weight and bulk of them is increased by huge nails and protectors with which they are studded. The price for these monstrosities is enormously high. While in peace times, good durable leather boots could be purchased at about 12 marks, this war-footwear for children costs 17 marks, for women 22 marks, and for men 24 marks.

"Moreover the purchaser is warned that the soles of the war boots will only last seven or eight weeks. As each wooden sole costs from 6 to 6 marks to replace, each pair of men's boots will cost the wearer at least 40 marks every six months. Whether the paper will keep out the cold and wet is more than doubtful."

## UNBROKEN HORSES

**Eight Hundred of Them Caused a Big Time**

Associated Press  
Bombay, April 10.—Eight hundred unbroken horses ran wild recently in a paddock at the Byaulia Racing Club here, smashed down the fences and spread all over Bombay, causing considerable panic in the native quarters, and dislocating railway and street traffic for the entire day.

Large numbers of the animals got onto the railway lines, where several of them were killed. Six of them fell into a large sewage culvert. Horsemen from the race track spent the whole day and the following night in pursuit of the animals. Only 460 horses were finally recovered, the remainder having either been killed or escaped into the countryside.

Only one man was seriously injured in the Bazaar district by being trampled by a herd, while in a main street a motor car was wrecked by the horses rushing madly over it.

## NEW GERMAN WAR BOOTS

**Are Clumsy and Will Only Last a Short While**

Associated Press  
Amsterdam, April 10.—The new German war boots and shoes which have recently been on display at a public exhibition in Berlin, are thus described by Vorwärts:

"Heavy clumsy boots, made out of all sorts of substitute materials with paper uppers and wooden soles several centimeters in thickness, the weight and bulk of them is increased by huge nails and protectors with which they are studded. The price for these monstrosities is enormous. It takes to replace, each pair of durable leather boots could be purchased at about 12 marks, this war-footwear for children costs 17 marks, for women 22 marks, and for men 24 marks."

"Moreover the purchaser is warned that the soles of the war boots will only last seven or eight weeks. As each wooden sole costs from 5 to 6 marks to replace, each pair of men's boots will cost the wearer at least 40 marks every six months. Whether the paper will keep out the cold and wet is more than doubtful."
