HAPPY HOUR, THURS'Y, JAN. 8th

YES!
Eric Temple took the Big Chance to win the name and fame that destiny decreed. But there were invisible difficulties that only brave Youth and devoted love could overcome. How a simple melody changed the World and won happiness for two is dramatically unfolded in this newest Tom Moore photoplay.

Annual Sunday School Christmas Treat

The annual Sunday school Christmas Tree and Treat, of St. James' Presbyterian Church, was held in the Kirk Hall, on Friday evening from 7.30 p. m. to 9.30 p. m. Upwards of two hundred pupils including the pupils of the Bute Sunday School were present, as well as a large number of relatives and friends of the children. Each and every pupil was presented with a present and a bag of candy and nuts from the tree, and the following programme was carried out.

Hymn—Who is he in Yonder Hall.

1. Recitation—"Hazel and Santa" Margaret Stables.

2. Recitation—"The Spider's Christmas"—by Elizabeth Stohart.

3. Song—"Won't you buy my pretty flowers" by Marion Stohart.

4. Recitation—"Christmas in Sweden" by Ethelwynne Ferguson.

5. Recitation—"Noah's Ark" by Willis Taylor.

6. Hymn—No. 165

7. Readings—Selected—by Miss Dorothy Nicholson.

Each number was well rendered and heartily encored by the audience. Rev. L. H. MacLean, pastor of St. James' Church, presided and with the assistance of Mr. Blanchard McCurdy, distributed the gifts from the tree to the pupils.

Wendame L. H. MacLean and C. C. Hubbard were in charge of the entertainment and treat, and are deserving of much praise in their untiring efforts to make the annual treat the success which it proved to be. The children were delighted with their presents and the entertainment provided for them, and returned to their homes in a joyful and happy mood.

Report Of Doaktown School

Following is the standing of the pupils making highest marks in both departments of the Doaktown Superior School for the months of November and December.

Grade IX.—Annie McNaughton.

Grade VIII.—Grace Murray 1; Helen Holmes 2; Winston Amos 3.

Grade VII.—Annie Ollivie 1; Eldon Betts 2; Wallace Betts 3.

Grade VI.—Jessie Murray 1; Charlotte Carr 2; Paul Swim 3.

Grade V.—Carrie Amos 1; Norris Chalmers 2; Daisy Morehouse 3.

Grade IV.—Perley Holmes and Leon Mitchell 1; Hilda Miner 2; Dwight Chalmers 3.

Grade I.—Muriel Patstone 1; Isabella Holmes and Verna Brown 2; Bernice Parker 3.

The half yearly public examinations was held on the afternoon of Dec. 18th. The children were examined in reading, spelling, arithmetic, grammar, geography, history, geometry algebra, etc after which both departments combined to hold a short programme of recitations, dialogues and readings which were effectively rendered by the children. About twenty visitors were present, several of whom expressed themselves well pleased with the progress of the scholars.

TOM MOORE ACTS REALISTICALLY AS COMPOSER

It is easy enough for an actor to simulate hunger, says Tom Moore, the Goldwyn star, but it is an entirely different matter to portray that degree of poverty which suggests the lack of food rather than actual starvation. In fact, he goes on to say, the art of acting as it is found in its best estate, is dependent altogether upon the power of suggestion. And suggestion comes from a mental process rather than from the actor's physical aspect.

This is demonstrated in Tom Moore's "Heartsease," recent of his Goldwyn Pictures, which is at the Happy Hour Theatre Thursday and which taught the studious star many valuable lessons while the love drama was being directed by Harry Beaumont.

The role of Eric Temple in "Heartsease" is a character for Tom Moore. It is a part that he has played many times before, but this time he has a new idea of it. He is not only a character, but a man of letters.

I.O.F. Officers Elected

The annual election of officers of Court Blackville No. 1965, Independent Order of Foresters, was held at the Hall on Saturday Eve. Dec. 27th, and resulted as follows:

In the evening Rev. Mr. Poole, addressed an open meeting of the local B. Y. P. U.

War Time Prohibition Removed First of Year

(Canadian Press)

Ottawa Dec. 21—With the first of January Canada practically comes to a peace basis. War time restrictions imposed by order-in-council under the War Measures Act will with some exceptions, be removed and these exceptions the order-in-council terminate at the end of the next session of parliament.

The war time restrictions which will cease to be operative on New Year's Day include those on race, track betting and on importation manufacture and inter-provincial trade in alcoholic liquors. The orders-in-council remaining in force include, pulp and paper control, coal and sugar control, silver coinage; trading with the enemy, operations; greater production in Indian reserves; censorship. Abrogation of the federal orders-in-council regulating liquor does not affect the restrictions of the sale imposed on the various provinces but with the close of the present year there will apparently be no restrictions on the importations for personal use of liquor from one province to the other. At present there is a federal statute which prohibits importation for sale of liquor into a province in which such sale is prohibited.

proved a snare to most players. For Temple is a character that would seem easy to, the average actor. He is a romantic composer, eking out a miserable livelihood by the occasional sale of a ballad. Dreams, difficulties, triumphs both artistic and of the soul—what more would some actors ask? But not so Tom Moore. He set about to make Eric Temple a reality rather than a pleasant dream.

These scenes showing the composer in humble lodgings are not only the center of a great act.

Sudden Death of Mrs. Sutherland

A profound feeling of sadness was cast over the community Saturday morning when it was learned that Mrs. R. A. Sutherland, wife of the manager of the Bank of Nova Scotia in Chatham, had passed away at an early hour in the Hotel Dieu Hospital after a few days illness.

Mr. and Mrs. Sutherland have been residents of Chatham for little over a year, but in that time they made a wide circle of friends from whom the deepest sympathy will be extended to the bereaved husband and family. The deceased is survived by her husband and two children, Gordon and Billy, and also by her parents Mr. and Mrs. William Vanblarcom of Digby N. S., who were also present at her bedside when death ensued. Mrs. Sutherland was but thirty years of age.

The remains were taken from Chatham to St. John yesterday and thence by the Digby boat today to her parents home where burial will take place.

OBITUARY

MRS. ERNEST ROBINSON

Newcastle Dec. 28—The death of Mrs. Ernest Robinson occurred of bronchial pneumonia at the Miramichi Hospital. She was nineteen years of age, and was formerly Miss Catherine A. Hart, daughter of Albert and the late Mrs. Hart, of Millerton. She leaves her husband, a son a few months old, her father, one brother, Gordon, in the United States and one sister, Mrs. John Hackett, of Campbellton.

MRS. BARBARA CRAIG

Newcastle, Jan. 3—The funeral of Mrs. Barbara Craig, widow of John Craig, who died at her home in Douglastown at midnight, on December 30, was held yesterday morning at 9 o'clock at St. Samuel's church, where services were conducted by Rev. Joseph G. Cormier. Interment was made in the family lot in St. Mary's cemetery, Newcastle. The late Mrs. Craig was a native of Douglastown, and was seventy-seven years of age. She had been in failing health for several years. She leaves three sons—Michael and John, at home and James, of Douglastown; and two daughters—Mrs. Michael Breen of Douglastown and Miss Alice, at home. She leaves also, eleven grandchildren and four great-grandchildren.

WILLIAM JOHNSTON

Mr. Wm. Johnston a well known and respected citizen of Halcomb, died last Tuesday at his home, in his seventy fifth year. Deceased was born on the Little South-West Miramichi and lived there all his life. He was one of our most prosperous lumber operators, and for many years carried on large lumber operations for the firm of D. & J. Ritchie & Co. He was the only son of a family of five, the other members of his family being Mrs. Lige Tozer, Mrs. H. Matchett Mrs. R. Holmes and Mrs. Peter Russell. Deceased, first married Miss Eliza Sutherland to whom no children were born, and after her death married Miss Mary Hamilton who with six children survive him. For the past six or seven years, deceased had been in poor health, and suffered greatly from rheumatism. The funeral was held from his late residence to Red Bank on New Year's Day. The widow and family have the heartfelt sympathy of the community in their bereavement.

Advice On Diphtheria And Scarlet Fever

The following special article dealing with diphtheria and scarlet fever, written by Dr. G. G. Melvin, chief health officer of the province, is timely and valuable. Scarlet fever is, perhaps, one of the most contagious diseases known, contractible by means of close personal contact. It may be also conveyed by clothing and, in rare instances, by household domestic animals (such as dogs and cats) especially the latter.

Germany To Sign Treaty January 6th

Paris, Dec. 30—Exchange of ratifications of the treaty of Versailles will take place January 6 at the Quai d'Orsay. Baron von Lerner, head of the German delegation and Paul Dutasta, secretary of the Peace Conference, tonight settled all points in connection with the signature, except that relating to naval material which it is expected will be solved shortly.

Peace Treaty Compromise in United States Nearer

Washington, Dec. 30—Peace treaty compromise talk reached a more formal stage today when Senator McNary, of Oregon, a leader of the mild reservation Republicans, discussed various compromise suggestions with Senator Hitchcock, of Nebraska, the acting Democratic leader. It was said that although no definite agreement can come out of the conference, the conversation took a hopeful turn.

Flour Prices Receive Boost

Wholesale grocers were notified by milling companies that the price of flour has been advanced from date \$2.25 per barrel. This means an advance in the retail price of ordinary flour almost to fifteen dollars per barrel. The price is \$14.90. The increase follows immediately on the decision at the conference between the milling interest and the Wheat Board on Saturday at which the price of wheat was advanced from \$2.30 to \$2.80 per bushel and the millers were allowed to advance flour prices in proportion. The increase will place an added burden on the householders and all others who purchase flour.

Notice To Advertisers

The co-operation of advertising patrons is requested in the direction of getting "copy" into the office on or before 5.30 p. m. on Monday. Very often the receipt of a large advertisement or even regular changes after that hour serves to dislocate the regular work of getting the paper made up in time to catch the mails—and not infrequently such ads. are at the last moment left out. This situation is not of service to either the advertiser or our readers and we, therefore, request that copy be received in the office before 5.30 p. m. on Mondays.

Woodland Farm, Wednesday Morning

Dear Jane, At last I've found a moment to answer your very welcome letter. That's as far as I got, when I heard a terrible noise in the kitchen, and rushing in, found that Bobby had pulled a pan of boiling water off the stove and scalded himself badly. Just imagine!—and I ten miles from the nearest doctor and no one here to help! Thank goodness Tom has always insisted upon keeping Zam-Buk in the house. The poor little chap was in such awful pain it was all I could do to hold him while I plastered the Zam-Buk on his arm and leg. Then I bound them up with strips torn from an old sheet, and now he's actually asleep! Could you believe it? I always knew Zam-Buk was good stuff, but I'd no idea it was so wonderful for ending pain. Whatever should I have done without it! This started out to be a letter, but it sounds more like a testimonial for Zam-Buk! I'll send it off anyway, because I want to ask if you'll please send me half a dozen boxes of Zam-Buk as soon as you get this, as I have only enough for one more dressing. Yours in haste, Mary

Rev. F.E. Boothroyd Speaks In Methodist Church

Rev. F. E. Boothroyd speaks in the Methodist Church.

On Sunday morning Dec. 21st Rev. Mr. Boothroyd, Field Secretary of the Temperance Alliance, for the province of New Brunswick gave a very instructive and inspiring address on the progress and outlook of the temperance cause.

After outlining the function of the New Brunswick Alliance as the co-ordination of all the temperance forces, moral and religious, throughout the province, he dealt with the existing situation under prohibition subject to a referendum vote of the people in the near future. There are certain forces tending to reactionary measures which may in general be grouped under the head of appetite and vested interests, and which easily create and encourage insidious propaganda in which the respectable citizen may often unwittingly be lending strength and currency Mr. Boothroyd went on to speak of many superficial statements which may be heard frequently in the common gossip of communities, for example, that "prohibition does not prohibit," that there is "as much liquor sold under prohibition as under license." After frankly admitting that prohibition does not prohibit absolutely he asked for the naming of any law—all laws are prohibitions—that does. And yet law helps and helps immeasurably. Moral suasion, education, agitation have every one their place but so has law, which is the crystallization of those in a form which the would-be offender most fears.

What has prohibition been doing? With the steady increase of prohibitory law throughout the provinces of the Dominion. There has been a steady and worked decrease in the convictions for drunkness. In five years those have decreased sixty per cent. In the city of St. John under prohibition and when offences for drunkness have been much more strictly dealt with the number of convictions in 1918 was only one third of that in 1916 under licenses and greater leniency to the offender in the matter of arrest. Holiday gatherings in large centres have been almost entirely free from drunkness in contrast with former conditions. Wives whose husbands have been given a chance to be sober will bear their testimony by the score to the effectiveness of prohibition. Throughout

the whole province there is a silent conviction that will register itself when the time comes in favor of prohibition.

The speaker gave the interesting information that in a reply to a questionnaire sent out by the Alliance to the employers of labor throughout the provinces as to results under prohibition and to which a general response was given, the testimony of these employers was unanimous in favor of the charge prohibitory law had wrought. Mr. Boothroyd concluded an advisably reasonable and practical address by noting the general hearty support accorded by the churches and an appeal on behalf of the boy of the rising generation that he may be protected by those who have it in their power to do so.

In the evening, Mr. Boothroyd addressed a large congregation in the Baptist Church, and in the afternoon spoke in the Baptist Church at Lower Perby.

NEGLECTED OPPORTUNITIES

Commenting on the industrial progress in New Brunswick, McLean's Magazine, of Toronto, observes that it would probably be better if the people of the Province were more venturesome in their attitude to native enterprises. It says: "Industrial development in the Maritime Provinces has been largely confined to Nova Scotia and New Brunswick; Prince Edward Island is almost purely agricultural. In New Brunswick it has mainly centred around the large timber resources of the province. Over one-third of the total capital engaged in manufacturing is invested in the lumber industry. About fifty million dollars would cover the total investment in manufacturing and nearly half of this is in forest products. There are over 250 saw mills in the province, and the total deals manufactured would run about half a billion feet yearly, nearly all spruce.

There are, of course, innumerable small industries in very great variety; and in some lines, such as nail making, stove making, fish and lobster canning, soap and confectionery manufacturing, and several others, there are lines manufactured which have a wide reputation; but the great basic industry of the province is in forest products. Why New Brunswick, with its magnificent water power, available almost everywhere, has not developed more manufacturing industries, is hard to understand. The Crown land survey shows, for example, that nearly forty per cent, of the timber in the forests is hardwood, available for utensils and furniture; yet its principal use at present is for firewood. I know the fate that awaits the tourist-critic, and I do not invite it; but it is hard to refrain from a gentle suggestion to Maritime Province capital that it might, with advantage, be a little more venturesome."

THE ARMORY SITE.

Tenders are called for the removal of the Armory on Pleasant St. and many of our citizens are wondering what the Militia Department contemplate doing with the property when the building is removed. This property is a valuable one; it being on one of our principal business streets, and much too valuable for a drill hall or some such building. If this is the intention of the Militia Department. If sold it would realize a good price to the Militia Department, which could readily secure a much cheaper property in the town, and which would meet the requirements of the Department for the erection of a drill hall. It would be a matter of regret if this property were used for such a purpose, when it could be utilized to much better advantage as a business site. Would it not be well for our Town Council to look into this matter, and ascertain the intentions of the Militia Department, and if the building of a hall is intended, they might be successful in having the Department reconsider the advisability of such a move.

Health For The Baby

The baby of to-day is the man or woman of to-morrow. Thus the success of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill-nourished it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the home. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus make baby healthy and strong. Concerning them Mrs. W. Orser, Eginburg, Ont. writes: "I have a fine healthy boy three years old and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think

Like Throwing Money Away

Postmaster of Cardiff Could Get Nothing to Help his Wife Until he Gave Her Tanlac.

"You can tell them that Tanlac has helped my wife, too, and of all the people who have made statements about being benefited I believe we have the most cause to be thankful" was the statement made by J. Kayper, post master of Cardiff, Alberta while at the Owl Drug Store in Edmonton, recently.

"For the past five years," he continued, "my wife has been so crippled up with sciatic rheumatism that she could hardly get about and while I have spent lots of money for treatment and medicines it was just like throwing it away, for nothing was the least bit of help to her until she began using Tanlac. Since she has been taking this medicine, however, she has been steadily improving all the time. Aside from the fact that she has almost gotten rid of the rheumatism, her general health has improved wonderfully and her weight has increased from less than one hundred pounds to one hundred and ten.

"Her condition, before taking Tanlac, seemed almost hopeless and was very discouraging. She had continual pains across the small of her back and her right hip and limb were so stiff and painful she was barely able to get around. She was so weak and was so easily exhausted and would have to lie down three or four times a day. Her nerves were badly shattered and this, together with her awful pain, made sleep almost impossible for her. Her stomach was also out of order in some way, for her food seemed to do her no good and in place of gaining strength she was losing all the time. Her appetite was poor and together her condition was serious, and regardless of the best care and attention she has kept getting worse.

"After reading so much about Tanlac, and knowing of the good results others in our community had gotten from it, my wife began taking it and gradually improving from the very start. She was in such a bad shape that we could not expect complete recovery without time and patient use of the medicine. So she has stuck right to the treatment and is certainly well paid well, for the results have been nothing less than wonderful. She has taken twelve bottles now, eats three hearty meals every day, sleeps eight hours or more every night, and says she hardly feels the rheumatism any more. In fact, her entire system has been toned up and she is now about as strong as she ever was. Tanlac is the only medicine we have ever found that we could depend upon for results and it is so good that we feel it our duty to tell others about it."

Tanlac is sold in Newcastle by E. J. Morris and in Red Bank by Wm. M. Sullivan.

N. B. Board of Commissioners of Public Utilities

In the matter of the Application of the New Brunswick Telephone Company, Limited, for an increase of Rates, and for a Re-classification of Exchanges, and for the Approval of Certain Rules and Regulations.

Notice is hereby given that the petition and application of the New Brunswick Telephone Company, Limited, filed this day with the Board of Commissioners of Public Utilities of the Province of New Brunswick, praying that this Board may declare that the said Company required an additional annual revenue of \$264,000, or such sum as in the opinion of the Board may be necessary, and that this Board may order that the schedule in lieu of those at present in force, and also proposing a reclassification of exchanges and certain rates and regulations to be provided by the Board will be heard on Wednesday the 31st day of January next at the hour of 2:30 of the clock in the afternoon at the Government Rooms, Prince William Street, in the City of Saint John, when and where all parties interested may attend and be heard.

The petition of the said Company is on file in the office of the Clerk of the Board, in the City of Fredericton, where the same may be inspected.

The Facts of The Rutland Case

(Halifax Mail)

Friday The Mail published a full statement regarding the incident in which Miss Annie McLane, a Canadian nurse figured, and which is made by the distorted "flag" episode occurred and which gives the facts in the case. Miss McLane, contrary to some statements which have been made in irresponsible quarters, is a registered nurse, and is a Nova Scotian, Truro being her home town, her parents, however, now living in this city—at 132 Henry Street—so that this community will feel a special interest in the Doctor's statement. Miss McLane is a most capable member of the profession to which she belongs, and she has been the object of many unjust and misleading statements. She took her training course in the usual way and received her diploma on completing it.

To the Editor of The Rutland Herald It seems incredible to me that any one could be found in Rutland who would willingly in any way, do anything to pull down, or defame, an institution that has taken nearly thirty years to build up, and, in that time has striven to the utmost to serve the city and its people in ministering to the sick and disabled.

There is no hidden thing about the management of the Rutland hospital; there is no "secretiveness" about its affairs. Everything connected with it is open and spread annually before the public. There are no ghosts of mistreated patients, neglected duty, or unsympathetic attention of a physician or nurse to haunt its existence, or justify the unfortunate structures that have lately been laid upon it. How could there be with such physicians and surgeons on its attending staff, among whom, for many years, was the late Dr. Charles S. Caverly?

The present distressing notoriety had its origin in an undignified scrap between nurses which really had no actual disloyal significance. The offender in the case made a foolish and bantering remark. Her associates took it up and attempted to discipline her for it. She said she was sorry, meant nothing, and respected the flag and the country. But the matter was not allowed to drop. The nurse was further badgered until the superintendent intervened with a reprimand. Then followed the climax, when two night nurses deserted their posts and said they were through. These joined the other nurses in a "walkout", intended, apparently to cripple the hospital service and compel the superintendent to accede to their demands.

She dealt with the affair as she thought the situation demanded, and, after some parley, the nurses returned to duty. In the opinion of the directors the superintendent was justified in her action. The entire affair, on her part was a case of school discipline, and the scholars rebelled.

Through some means the incident came to a reporter's ears, was written up for and appeared in the Boston Sunday School Globe, newspaper, and was reprinted in the Rutland Evening News on Monday, November 10. From this has risen all the gossip and comment, the bitter and unjust criticism, the careless and cruel charges, that have been current on the street, and uttered in shop, office and council room.

Its corps of nurses for years comprised splendid girls, whose proficiency, loyalty and service have served and received the highest commendation. The good people of Rutland have responded to my appeals for the hospital, in the past, over and over again, and I am deeply grateful for it, and for the gifts, small and large which have made it what it is. It belongs to the people of Rutland, and the directors are but their trustees in their devoted administration of its affairs.

I cannot believe that there is many, if any, in the city or out of it who know its service and efficiency who can be unfriendly to its interests. With unwavering faith in its future usefulness and growth, I am very sincerely yours. HENRY F. FIELD, President Rutland, November 22, 1919.

Ford Industries Announces New Year's Gift

Detroit, Mich., Dec. 31—Henry Ford and his son, Edsel Ford, announced today the distribution of a \$8,000,000 bonus among the 8000 employees of all branches of the Ford interests and the inauguration of an investment plan whereby every worker, from the man who yields a broom to the chief executive, may participate in the profits of the business.

Bonuses, which will be paid in cash today, come in addition to the profit-sharing plan which was inaugurated several years ago and which will be continued. It is the intention of the Ford organization to make the distribution of these bonuses an annual event if the earnings of the company permit.

In cash and in the number of men concerned, and without counting the moral effect on industry as a whole, this act of economic justice surpasses anything in the history of labor.

The lowest award paid goes to men who are receiving the minimum pay of \$6 a day and who have been in the employ of the various companies three months. It amounts to \$50. The highest award goes to the skilled workers who have been with the company five years and who are receiving \$10.80 a day. The bonus received by the latter amounts to \$240.

Employees who receive a salary will also receive bonuses. Ability and length of service will be the standard on which the awards will be based.

In announcing the plan which permits employees to invest up to one-third of their pay in the organization and share in the prosperity of the company, the allied interests of Henry Ford are carrying out the ideal of Mr. Ford that labor has a right to participation in the benefits of the prosperity which it helps to create and, in the words of Henry Ford himself, "should have a share as well as a job."

When the complete ownership of the Ford Motor Company was acquired by Henry Ford and his son last summer, steps were immediately taken to work out the details of the bonus and investment plans announced today. It always has been the Ford policy to discourage big dividends to non-producing stockholders, and to use profits in rewarding labor and in expanding industry. This policy, as Henry Ford regards it means not only good pay and a share in the profits for the workers, but the employment of more and more people as the business grows.

Henry Ford holds, and has repeatedly stated it as his belief, that no man should be permitted to own stock in an industry unless he plays a productive part in the operation of that industry, and the initiation of the investment plan is a practical application of that belief.

Under the investment plan certificates will be issued in the names of employees in denominations of \$100, \$500 and \$1,000. Only persons in actual and active service of the organization will be permitted to buy or hold certificates.

These certificates will bear a guaranteed interest at the rate of six per cent per annum and in addition to this payments will be made semi-annually if the earnings of the company permit, at a rate fixed by the board of directors.

In case of death or disability certificates standing in the name of an employe may continue, at the discretion of the directors, to draw interest and payments for the benefit of his dependents.

Deposits toward the purchase of certificates may be made within three days after an employe receives his pay from the company; the amount deposited, however, is not to exceed one-third of such pay. Deposits made toward the purchase of certificates will draw interest at the rate of three per cent per annum, compounded semi-annually.

Certificates must be paid for out of bonus or pay and no employe will be permitted to draw money from his bank account or other source to make payments.

A significant statement may be found in one of the closing sentences of the company's announcement. It reads: "Other plans for enlarging the income and increasing power of the dollar of our employes are under consideration."

The policy reflected by these announcements is not new with the Ford organization. The history of the company for the last five years shows that its ideal of industrial justice has always been high. In 1914 the Ford Motor Company announced that it was distributing \$100,000,000 in profits to its employes, following this the Ford organization has distributed \$100,000,000 in profits to its employes.

compelled to pay dividends instead of reinvesting earnings and increasing wages as he desired. No sooner was the organization in their complete possession than they began to arrange for an additional distribution of profits with their thousands of workers and the result is the New Year announcement of an \$8,000,000 bonus and the right to share in the prosperity of the industry.

WEDDINGS

MARMBURG—MAJOR
On Tuesday Dec. 30th at St. Andrew's Church, Newcastle, by Rev. W. J. Bate. Mr. Asge Marmberg of Newcastle and formerly of Copenhagen Denmark, to Miss Lucy Major, of Newcastle. The bride was given away by her brother Arthur Major. Some of the bride's friends were present and showered her with rice as she left the church.

SEMORE—MCKINLEY
A very pretty wedding took place at Fredericton Dec. 27th at the Presbyterian Manse when the Rev. Mr. Sutherland united in marriage Daniel Semore and Miss Malinda McKinley. The bride looked lovely in a suit of navy blue serge and blue hat and black fox fur and was attended by Miss Evelyn Owens who also wore a blue suit. The groom was supported by his friend Mr. Eddie Pelley. The groom's present to the bride was a wrist watch, to the bridesmaid a gold pin and to the best man a watch fob. A dainty tea was served at the home of the bride in Marysville. The happy young couple left by the C. P. R. for Moncton where they will reside. The groom is a returned soldier and is taking a course in Moncton. Mr. and Mrs. Semore have the best wishes of a host of friends.

Blow, blow, thou winter wind
Thou art not so unkind
As man's ingratitude;
Thy tooth is not so keen,
Because thou art not seen,

That dost not bite so nigh
As benefits forgot;
Though thou the waters warp,
Thy sting is not so sharp
As friend remembered not.

Can Import Liquor
On And After
Jan. 1st

St. John, Dec. 31— Beginning
on January 1, householders in this
province can import liquor from
other provinces for their own use,
the federal authorities at Ottawa
having lifted the war time ban on
the traffic. Chief Inspector Wil-
son said yesterday that he expect-
ed that the renewal of the operat-
ion of the federal law would fur-
ther complicate the enforcement
of the prohibitory act in New
Brunswick and would entail more
work for his department.

May 1, 1917, to March 1, 1918,
the federal and provincial laws
permitted the importation of li-
quor by house holders from other
provinces, the delivery being made
through express companies usually.
The provincial law provides
that the liquor must be properly
marked and addressed, Christian
and family names must be given
on the address and liquor cannot
be delivered at hotels, boarding
houses or offices. Chief Inspector
Wilson says that no home which
has been convicted of an offense
against the liquor laws may re-
ceive intoxicants.
The Chief Inspector said yester-
day the liquor seized at points
on the Maine boundary came
from Montreal by way of this
province, the C.N.R. bringing it
via Edmundston.

Clean The Furnace
Soot Wastes Heat

Soot has an important bearing
on the conservation of heat.
While much has been said and
written regarding the necessity for
economy of fuel, this question of
soot, equally important from the
householder's standpoint, has been
rather overlooked. Since the coal
supply is limited, it is absolutely
essential that the maximum quan-
tity of heat obtainable from the
fuel be utilised. An examination
of many heating systems shows
that considerable quantities of
soot have been permitted to re-
main deposited on the interior
surfaces of hot-water furnaces,
preventing the heated gases from
the firepot from accomplishing
their duty of imparting the ulti-
mate amount of heat energy to
raise the temperature of the water
in the boiler. The seriousness of
this loss is demonstrated by the
accompanying table:
Loss in Conductivity of Boiler
Plate Due to Difference in Thick-
ness of Soot.
Thickness of Soot. Loss P.C.
Clean 0.0
1 32-inch 9.5
1 16-inch 26.2
1 8-inch 45.2
3 16-inch 69.0
The same applies to stove pipes.

'BUY AT HOME'

Sir Geo. Foster To
Be Acting Premier

Ottawa, Dec. 31— While no offi-
cial statement has yet been made
by Sir Robert Borden naming an
acting premier to take the leader-
ship during his absence, it was
stated this evening that Sir
George Foster would be acting
premier at least until the opening
of the House, and then a House
leader would be chosen by a caucus
of the Unionist members.
During the special session of par-
liament last summer a similar
course was followed. Sir George
Foster was acting premier during
the absence of Sir Robert Borden,
but as he was unable to attend the
night sittings of the Commons reg-
ularly, the Government mem-
bers were led by Hon. C. J. Doherty
during the greater part of the
time.

An Ideal Tonic
For Weak People

Dr. Williams' Pink Pills Act
Directly on the Blood
and Nerves

Food is as important to the sick
person as medicine, more so in most
cases. A badly chosen diet may re-
tard recovery. In health the natural
appetite is the best guide to follow;
in sickness the appetite is often sickle
and depraved.
Proper food and a good tonic will
keep most people in good health. Dr.
Williams' Pink Pills are the most
popular tonic medicine in the world,
harmless and certain in their action
which is to build up the blood and re-
store the vitality to the run-down sys-
tem. For growing girls who become
thin and pale, for pale, tired women
and for old people who fall in strength
Dr. Williams' Pink Pills are an ideal
tonic. Thousands of people have
testified to the health-giving qual-
ities of Dr. Williams' Pink Pills, and
in many homes they are the only medi-
cine used. Among the homes in
which the benefit of this medicine has
been proved is that of Mr. E. A. Un-
derwood, Kingston, Ont. who says:—
'I have used Dr. Williams' Pink Pills
with the most beneficial results. As
the result of hard work I was very
much run down, and my appetite was
very poor. I got a supply of the pills
which I used regularly for some weeks
with the result that they restored me
to my old time strength. They also
proved a blessing to my daughter, who
was in a very anaemic condition, and
who seemed not to get more than
temporary relief from any medicine
until she took Dr. Williams' Pink Pills.
She took the pills for about three
months, and is now enjoying the best
of health. For these reasons I can
strongly recommend Dr. Williams'
Pink Pills.'
At the first sign that the blood is
out of order take Dr. Williams' Pink
Pills, and note the speedy improve-
ment they make in the appetite,
health and spirits. You can get these
pills through any dealer in medicine
or by mail at 50 cents a box or six
boxes for \$2.50 from The Dr. Will-
iams Medicine Co., Brockville, Ont.

The Postmaster received word last evening to the effect that a new issue of War Savings Stamps for 1920, will early be available so that the Public who have been purchasing Thrift Stamps can exchange their Thrift Stamp books for these New War Savings Stamps and need have no further anxiety in their connection.

INCREASE IN BREAD PRICES
No definite time has as yet been set for advancing the price of bread by our local grocers, which is made necessary by the increase in the price of flour, but all agree that bread will have to be increased several cents a loaf soon after the New Year. It is expected an increase of two cents per one and one half pound loaf will be necessary.

SOCIAL FOR RETURNED BOYS
Four young men of Nelson have been home for some time and the young people of St. James' Church thought it nearly time something was done to show them their services were appreciated. On Xmas night a number of people young and old gathered at the home of Mrs. Harry Brown and after singing some favorite patriotic songs the Rev. Mr. Firth was asked to address the young men and present them with a memento of the great war.

The presentation was made to: Johnstone McDiarmid, John Crocker, Thomas Dickson, Robert McLean. The remainder of the evening was spent in games and music and the party broke up before the small hours of the morning.

NORTH SHORE DEATHS
Newcastle, Jan. 1.—Two sad deaths recently occurred up river, Mrs. Millet McCormack of Blackville, died on Christmas day after only three hour illness, having been taken ill when driving from Blackville to her home only three miles distant, Christmas Day. She died at the home of Mrs. James Quinn. She leaves her husband and seven children.

Mrs. John S. Duthie of McKinley, died on Jan. 1st ult., after a three months illness, at the age of 33, leaving her husband, and three children, Kathleen, George and Joseph. Her father in Ireland, and the following brothers and sisters also survive: Patrick Carrigg, of Boston; John Carrigg, of Australia; Mrs. J. G. Gardner, of Pennsylvania; Mrs. Helena Abbott, and Miss Beatrice Kathleen and Anna Josephine Carrigg. The funeral was held to St. Edward's church on the 23rd.

G. W. V. A. HOLDS SMOKER
The first of a series of musical smokers planned by the local G. W. V. A. for their members and all returned men was held Monday night and some hundred of the returned heroes were present.

Capt. A. L. Barry, who went overseas with the gallant 132nd, presided. The Newcastle Citizens' Band furnished excellent music. The programme included an address by the chairman, remarks from a number of others; several selections from the band; a reading from Drummond by George Landry which was encored several times; choruses "I'm blowing bubbles," "Pack up your troubles in your old kit bag and smile," "Smile, Smile!" etc.; cake and coffee; an appeal from Capt. Barry for more members for the G. W. V. A.; and God Save the King.

While most of the men present were Newcastle men, there were a large number present from Nelson, and a few from Chatham and some from elsewhere. Among those who were present were: Capt. A. L. Barry, and a large number of returned men.

MOVING
Mr. Chas. H. Gough is moving his stock of Tobaccos etc. from the Buckley building on Castle St. to the Thos. M. Malby & Sons store, which he has remodelled. Mr. P. J. McEvoy will occupy the Buckley building.

NEW YEARS DAY
New Years Day was very quietly observed in town, and owing to the inclement weather, very little sleigh driving was in evidence. A few of our local horse fanciers enjoyed themselves on the ice by racing a few heats in the afternoon, with their speeders but the weather being so unsatisfactory for this kind of sport, very few assembled to witness the races.

PRESENTATION TO PASTOR
On Tuesday evening Dec. 23rd a number of young people of St. James Presbyterian Church, Nelson drove to the home of their minister Rev. A. Firth, Douglastown, and on behalf of the Christian Endeavor Society and Congregation presented him with a quarter Oak study table and chair. Mr. Harry Brown spoke on behalf of the people that they felt they couldn't let the gift season pass without showing in a small way their appreciation of his untiring services among them. Although taken completely by surprise Mr. Firth replied thanking them for their kind thoughts and appreciated gift. After a very pleasant evening was spent, refreshments were served, and the young people said good night after wishing pastor and family a bright and happy Xmas and New Year.

CATARRH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

WEEK OF PRAYER
Special Services are being held each night this week except Saturday by the different churches.

PAINFULLY INJURED
While removing the safe from his store which was recently burned, Mr. R. M. Fandel, had the misfortune of having his foot crushed on Wednesday afternoon.

ANOTHER FIRE
John Mattatal lost his house, barn and shed by fire early Saturday morning. He was alone in the house and had come in at midnight. The rest of the family had moved away a short time ago for the winter, and there was very little furniture left. There was no insurance.

ENCOURAGE FOWLS TO RANGE
It is not necessary to feed the laying hens in litter during the summer time. Encourage them to range away from the house as much as possible. Provide artificial shade if natural shade is not available. Feed them away from the house rather than at the back door and less trouble will be experienced in having the hens roosting on the doorstep.

THE LATE MRS. E. ROBINSON.
Newcastle, Jan. 1.—The funeral of Mrs. Ernest Robinson was held from the home of her father, Albert Hart, Millerton, on Tuesday afternoon, services at the house and grave were conducted by Rev. H. T. Montgomery in the presence of a large gathering. Interment was made in the Anglican cemetery at Millerton.

WILLIAM H. WESWELL, NATIVE OF NEWCASTLE, DEAD AT HALIFAX
Halifax, Jan. 4.—William H. Weswell, who was for nearly forty years county clerk and treasurer for the municipality of Halifax, died at his home here last night, aged 89 years. Mr. Weswell, who was born at Newcastle, N. B., in 1830 is survived by his widow and one son A. B. Weswell, head of the firm of A. M. Bell Company.

THE WORLD'S INABILITY TO UNDERSTAND
In our issue of Dec. 23rd, we made the following statement:—
"From the evidence adduced at this hearing, no brutality on the part of the inspectors was brought out, and those who were so pronounced in their opinions, before the investigation was asked for, were not nearly so positive when placed on the witness stand. A large number of citizens attended the hearing and the summing up of the evidence so far taken, is that the whole affair is a fiasco, insofar as brutality is concerned on the part of the inspectors."
The Chatham World in its issue of Dec. 27th, asked us "what we meant," and in our issue of Dec. 30th we told the editor of the World, that we meant what we said in our issue of Dec. 23rd. And yet the editor of the World, still claims that he does not know what we mean.

If the above statement does not explain to him what we mean by applying the word "fiasco" to the attempt to prove brutality on the part of the inspectors, then we have been greatly in error as to our esteemed friend's knowledge of the English language.

The Editor of the World knows full well that the pronounced charges made against the inspectors were not substantiated in the evidence adduced. Our esteemed friend, was present at the investigation and it he was unsuccessful in getting the full evidence of the case, he has no one but himself to blame, and he doubtless can obtain an official report of the whole proceedings if he cares to ask for one.

He may then change his opinion as to whether the charges against the inspectors were substantiated and may come to the conclusion that the attempt to prove brutality on the part of the inspectors WAS a fiasco.

TAKES OFF DANDRUFF, HAIR STOPS FALLING
Save your Hair! Get a small bottle of Dandruff right now—also stops itching scalp!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp which if not remedied causes the hair roots to shrink, loosen and loosen the hair, fall out fast. A little Dandruff tonight—no more—any time—will surely save your hair. Get a small bottle of Dandruff right now—also stops itching scalp. You surely can have beautiful hair and lots of it if you will only try a little Dandruff tonight. Buy a small bottle of Dandruff tonight.
