We are always anxious to get news items, but criticisms of a neighbor's conduct is not news.

The laying of the one hundred pound rail between Komoka and Sarnia is about completed.

Our stock of Children's Shoes is complete. School shoes made to stand hard use.—P. Dodds & Son.

As school vacation nears its close there is no doubt in the minds of the kiddies that the days are growing shorter.

New Linen Embroidered Collar and Cuffs, also lace fronts for the Tuxedo Sweater coats.—Swift's.

Secure your school shoes at P. Dodds & Son. Good serviceable shoes that will withstand wet weather and rough usage.

About the only difference between a married man in love and a single man in the same condition is the married man's wife.

Let us be thankful for lawyers. Think of what other lawyers would do to us if we couldn't hire one to protect us.

A bachelor is contented for the same reason that people once were content with candles. They didn't know any better.

Mr. Lorenzo Evans, Arkona, is in charge of Mr. Basil Richardson's barber shop during the latter's absence recruiting his health.

P. Dodds has a large stock of good stout school shoes, well made to stand rough usage and keep out the wet. Prices shaved to the closest profit.

Last Sunday, Aug. 20th, Mr. Angus Mitchell completed his fifty-fourth year residence in Watford, he having arrived in town on Aug. 20th, 1868.

The Watford Chautauqua did not quite pay expenses and some of the cash surplus left over from last year will be required to make ends meet.

Mr. Blimp—"Remember, the hand that rocks the cradle rules the world. Don't forget that, dear." Mrs. Blimp—"Then you come right in and rule the world a while. I'm tired."

Special Friday and Saturday—Marshmallows, plain or nut coated, assorted flavors 39 cents per pound at McLaren's.

There are twenty entries in the Canadian National Exhibition band competition this year, against 7 a year ago. The judging will take place on Music Day, Thursday, Aug. 31.

Put personality in your business by carrying a snappy, pushful advertisement in The Guide-Advocate each week. Surely you don't need to be told that "it pays to advertise."

It Pays to wear good clothing, we are showing ready to wear from \$19.00 to \$25.00.—Swift's.

Why not have a dollar day in Watford? In other towns these days prove a big success. It is suggested that a meeting of business men be held to consider the matter.

Over 700,000 invitations to elementary school pupils have been issued for Young Canada's Day at the Canadian National Exhibition. Last year the attendance on this day was 230,000.

One of the "buy out of town" women was heard to remark recently that if the local dealers did not soon get in some coal she would send to Eaton's for hers. Some people have the faith of a little child.

The advice of the Provincial Fuel Controller is as follows: Do not rely on American anthracite. If you can get American bituminous coal, get it, but you will be well advised to look elsewhere for a substitute. Anticipate that you will have to find some substitute for hard coal, at least until well into December, and if buying soft coal, buy from 15 to 20 per cent of your normal year's supply.

Bite off more than you can chew; Then chew it.

Plan for more than you can do, Then do it.

Hitch your wagon to a star, Keep your seat, and there you are.

Piles of new goods open this week at Swift's.

See-saw, Margery Daw, Lizzie shall have a new master. The guy who owned her traded her in. Because all the other cars passed her.

New Fall Coats for women—smart styles, reasonable prices.—A. Brown & Co.

If you have a spar varnish on your hardwood floors you can use warm water and soap on them. Otherwise clean your varnished floors with linseed oil and petroleum in equal parts.

The Tennis Club gave a very enjoyable dance in the Armory after the Chautauqua on Friday night. An Alvinston orchestra furnished excellent music and the Club realized a nice sum from the entertainment.

Report of the awards of the Western University scholarships published Wednesday shows that Gordon H. Johnston of Kerwood took second place in honor matric, in English, Mathematics, physics and one other subject.

Prospective visitors to Toronto during the great Canadian National Exhibition, will be pleased to learn that reduced rates will come into effect on the Grand Trunk Railway for the period of the Fair, the rate being a fare and a third.

There will be a celebration of the holy communion and sermon by the Rev. J. W. H. in Trinity church on Sunday morning next, Sept. 3, also the usual service at 7 p.m. Commencing next Sunday the Sunday school will meet at 2.30 o'clock.

Remember there are two ways of eating green corn—the polite way and the usual way. Imagine Hiram Holler's whiskers after eating a couple of cobs of buttered corn.

W. W. K. and Mrs. Hager expect to be home by Sept. 1st and Mr. Hager will preach at the regular services in the Methodist churches on Sept. 3rd. There will be Communion of the Lord's Supper at morning service in Watford and at afternoon service at Zion.

Wednesday and Thursday, Aug. 16 and 17, were the hottest days of the season, the mercury ascending to 96 in the shade and on Thursday night the lowest reached was 69 degrees. The highest point reached before this was on July 16, when the thermometer reached 89.

Provincial Fuel Controller J. A. Ellis advises all municipalities to cooperate with local dealers in securing coal and urges that immediate action be taken to prevent a shortage of fuel during the coming winter. We hope Watford council is acting on this advice.

In the Congregational church on Sunday the regular service will be resumed. The pastor, the Rev. T. DeCourcy Rayner, will preach at both services, and the Sacrament of the Lord's Supper will follow the morning service. Everybody welcome at each of the services.

Mr. Richard Williamson, who was elected to the honorable position of District Deputy Grand Master of this district at the recent meeting of the Grand Lodge of Masons has appointed as his secretary W. Bro. Orlo Jacklin of Watford; and R. W. Bro. Rev. D. W. Collins of Sarnia as District Chaplain.

Owing to the generosity of a number of Watford's business men the E. L. Fall Fair prize list has been greatly strengthened by a number of liberal special prizes and it is up to the agriculturalists of the district to show their appreciation by competing for these prizes and doing everything possible to make the Fair a success.

The prize lists of the Watford Fair are now ready and copies can be had from the secretary, I. R. McCormick, or at the Guide-Advocate office. The lists this year contain an extensive list of prizes to be given for school children exhibits, which department is an attractive addition to the Fair this year. Three trials of speed with purses totalling \$500, also foot races for old and young will form one of the attraction the second day—Friday, Sept. 22.

When is the municipality of Watford to get the amount due from the Ontario Government on account of the Main street pavement? Other places have received their share and no doubt if the matter is properly presented to the responsible parties the government will not delay paying Watford's claim. Our taxes are high enough without having to pay interest on the amount due from the government.

## BIG DAY OF SPORTS IN WATFORD

Big Baseball Tournament, Band Concert and Street Community Dance

Wednesday next, Aug. 30th, will be a gala day in Watford. Waubuno, Parkhill, Bridgen and Watford baseball teams will try conclusions for \$150 in prizes in Waterworks Park, commencing at 1.30 o'clock. These clubs will be specially strengthened and the three fast games will follow one another. The Parkhill team will secure some star players from other Middlesex clubs, Bridgen with the best men in Oil Springs, Waubuno will be strengthened with Petrolea players. The Watford club lost only one home game and are in excellent shape. The prizes will be divided \$70, \$40, \$20. One admission to the three games. Neutral men will umpire all the games. This will be the biggest day of sport seen in the town for many years.

At 8 p.m. there will be a community dance on the Main street pavement with special music by the Strathroy Military Band, with continuous fun and music until 12 o'clock. This will be an attraction never before given here and will provide amusement for all. Make arrangements to be with us all afternoon and evening.

Early Fall Hats are now on display in the Millinery Department.—A. Brown & Co.

Mr. George C. Haddow, who has just returned to Canada after a year in Oxford University, has been appointed lecturer in English in the University of Manitoba. Mr. Haddow who is an M.A. of Toronto and a B.A. of Oxford, is the son of Rev. Robt. Haddow, formerly minister of the Presbyterian church, Watford.

Men's Work Shirts 98 cents, \$1.25 and \$1.40, light and dark navy.—Swift's.

Owing to the electric melting pot on our linotype falling to perform its proper function, and requiring the services of an expert from Toronto to put it in order, there was no issue of the Guide-Advocate last week. We regret having been compelled to disappoint our readers and hope they will leniently overlook the omission. There will be no issue next Friday.

In connection with the new sales tax on bonds, which went into effect on August 1st, it is pointed out that the tax will be passed on to the purchaser, as is the case at present in the commodity market. People who purchase securities may be prepared to pay this charge of three cents per \$100 in addition to the cost price of their securities. It is to be remembered, of course, that Dominion and Provincial Government bonds are exempt from the impost.

## CHAUTAUQUA'S INTEREST MAINTAINED TO END

The high quality of the programs of the last half of Watford's Chautauqua was fully maintained, and the interest of the large audiences sustained until the concluding number Friday night.

The program on Wednesday afternoon was specially for children, and those who were present will not soon forget the clown Stevens with his illuminated nose and eyes and his musical lunch. Little Alice Shrode is a wonderful whistler and cryer and Mayor Runnells gave a nice talk for the children. At the evening performance Alice Shrode again appeared and Mayor A. E. Runnells gave his illustrated lecture, "Naval Defense & Disarmament," showing pictures of the surrender of the German fleet at Scapa Flow. Although many persons think that the time for war talk is about over yet those present had to admit that the lecture was excellent and exceedingly thrilling.

The last day, Friday, was a fitting climax to the series. The Casford-Reed Violin Girls gave some splendid music and Noah Bellhaz some wonderful impersonations. The evening performance, given to a crowded house, was pronounced one of the best of the group, and a grand success.

Although the Chautauqua gave the best of satisfaction, J. S. Clark the Superintendent failed to get sufficient signatures for a contract for next year, most of the guarantors of this year having some idea of a change of entertainment for next year and wished to delay entering into any contract.

On Monday evening the annual anniversary tea meeting will be held, for which a good program is being prepared.

William Wesley McKeown Bryce, well-known and prosperous farmer of the fourth line, S. E. R., was called by death in the fullness of his manhood on Friday, Aug. 18th, aged 46 years and one day. He had for some time been a sufferer with inflammatory rheumatism which confined him to the house for four weeks previous to his death. He was born in Warwick, being the son of Mr. and Mrs. John Bryce, and lived in the township all his life. He was married to Mary Frances McNaughton, daughter of the late James McNaughton, who survives him. He also leaves nine children, four boys and five girls, and one sister, Mrs. Gordon Hollingsworth of Watford. The funeral was held from the family residence, lot 11, on Monday afternoon to Watford cemetery and was largely attended. Rev. T. DeCourcy Rayner conducted the service and the pallbearers were S. Morris, C. Chambers, A. Bryce, F. Bryce, S. Chambers and James Jones.

#### NOTE AND COMMENT

The German mark takes a drop almost every day. It is like a man who takes frequent drops—altogether unreliable.

Can you remember when the ladies in crossing a muddy walk brazenly lifted their skirts half way up their boot tops.—Portland Express.

Guelph Herald.—Dr. Eidt, a member of the Stratford School Board would have children brought up from infancy on the theory that every misdeed brings its own punishment. This sounds nice, but the fact that such a theory is not generally taught or believed in, is seen by a crowd of jails and reformatories. Some children can be brought up on the Eidt theory, but many others have to be impressed with the fact that there is a higher power than that of the individual that has to be respected, that obedience and respect are essentials in life, and the punishment of a guilty conscience is not the only punishment to be feared in this world.

St. Thomas banks discounted the U. S. dollar last week, the first time since 1914. Not so many months ago a Canadian dollar was worth only 80 cents in New York. Reasons advanced by the bankers for the reversal of conditions are the tremendous falling off in the value of American exports to Canada as a result of tariff legislation and of reduced shipments of coal to this country, and the probability that the immense grain crop ready for the harvest here will give a very great impetus to Canadian trade across the border. The fall in the value of American exports to Canada has been accompanied by a corresponding increase in the value of British imports into this country.

New York Times.—All the inventions credited to Bell, even the telephone, were only mile stones in his life-long search for some device that his wife, deaf from childhood, could enjoy. His supreme ambition in life was to find a way mechanically to register sound waves in such a way that they could be heard by the eye of his wife. The telephone, discovered incidentally in experimental work along this line, did not satisfy the inventor because it was of no use to Mrs. Bell. He continued his studies and eventually worked out the photophone, a device that transmits the human voice along a ray of light. This still is in common use among the deaf, and was adopted in many countries before the coming of wireless telegraphy, to establish communication over short distances between ships and shore. Bell realized fully that the telephone was not perfect. He little dreamed, because of his small knowledge of electricity when he began his experiments, that the voice would some day be carried by radio. But later in life he did not hesitate to predict that eventually men would be able to exchange thoughts by putting connected electric coils about their heads. That, he once said, will be literally talking through one's hat.

#### WHAT SHALL I DO WITH THE MONEY

Many a holder of the Canadian Government bonds maturing December 1, 1922, has been asking this question. The advertisement of the Minister of Finance supplies an answer. The investor, by giving notice to the manager of any one of the branches of a chartered bank, can arrange to get new bonds bearing the same rate of interest, the highest possible security and a liberal rate of interest.

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

#### ITEMS CLIPPED FROM EXCHANGES

Pity our wives can't can some of the surplus heat and save all the worry about coal.—Orillia Packet.

Strange things happen. A woman arrested as a pickpocket claims she has never been married.

As Lucy sauntered down the beach, Her skirt with scarce a hem on, The men declared she was a peach, The women sneered "A lemon."

Ontario sheep owners are being warned against selling their wool to travelling dealers and junk men at prices lower than the regular market prices.

The coal controllers or others who talk about \$20 anthracite are preparing the way for extravagant demands for coal. The public should rise in hot protest against any exaction. There is a Fuel Controller, with power to fix prices, and if these are unfair, the public can fix him.

About eighty vessels have been chartered to carry coal from Britain to this Continent. Britain has about a thousand vessels laid up, and the United States several thousand. The shipping accommodation for importing coal has not been exhausted, by any means.

Attorney-General Raney estimates that the Provincial treasury will be ahead about four millions from race track tax, this year. He says, "The amount wagered last year was upwards of \$56,000,000, and the amount that will come from this taxation (the per diem tax) this year will, it is estimated, amount to upwards of \$2,500,000, so that the total revenue which will be derived by the Province of Ontario from race track tax for 1922 will be somewhere between \$3,600,000 and \$4,000,000."

The result of the investigation of a legislative committee into hotel and tourist bureaus at the inlet and outlet cities of Canada, as recommended at a conference held in Sarnia between the committee and hotel proprietors and heads of Chamber of Commerce. The plan as outlined is to classify and describe the available hotels of the province and provide tourists with the information free of charge. A follow-up system is provided, by which tourists on leaving the country may make complaint or suggestions or express approval of the hotel and tourist service obtained during their stay in Canada.

The 1923 motor license plates in Ontario will be more substantial than those now in use. They will also cost more. The price will be 23 cents per pair, as against 14½ cents a pair this year. A contract for the plates has been given to the Canadian Colorotype Company of Hamilton. They will be of 24 gauge steel, reinforced with a double edging along the top and bottom. The plates in use this year have proved unsatisfactory, rusting easily and becoming illegible. The new plate will have white figures on a dull black ground, and the enamel, it is said, will be of the most durable kind.

### The Farmer's Wife

The farmer's wife who has money to handle should also enjoy the convenience and safety of a Bank Account of her own. She will then be independent should the need for money arise during her husband's absence. She will be able to pay monthly accounts by cheque. Her surplus money will be earning interest.

## To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

### CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, in either of the following classes:

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

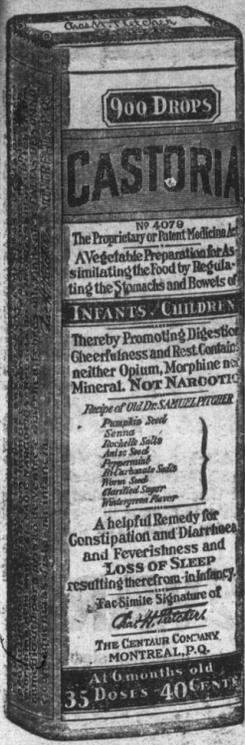

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

**ONE OF ONTARIO'S BEAUTY SPOTS**

The following extract from a letter received from Rev. W. K. Hager, who with Mrs. Hager is enjoying the cool breezes of Georgian Bay at their summer cottage "Rock Crest", Whalen Island, will be read with interest.

"We have had a glorious holiday in this playground of Ontario and are returning home greatly invigorated in body and mind. We are at the north east end of Lake Huron, that is to say Lake Huron is the shape of a large headed tack with the point at Sarnia and Sault Ste Marie one end of the head of the tack and Georgian Bay the other end, the Sault being west from us. In the Georgian Bay there are supposed to be 30,000 islands and beyond those, west, there is the Manitoulin Island group of islands reaching to the Sault. We are near Port McNichol and Midland at the very east end of Georgian Bay. These Georgian Bay islands are really a part of the Muskoka territory called the Highlands of Ontario and while once they were heavily timbered with the finest of Ontario pine they are now covered with a growth of small timber that makes the islands and main land useful only for holiday seekers, as there is not much soil upon the mighty rocks. The islands are mostly, therefore, huge rocks or piles of rocks tied together with very little soil and forming scenery that excels even the far famed 1000 islands.

Thousands of Canadians have summer cottages here and thriving summer resorts cater to many more thousands of Canadians and Americans.

The government at Toronto sells land at \$5 per acre and here we have our 10 acre lot of rocks on one of the prettiest locations possible where we can get blue berries and by going in boat or off your own rocks boat if you want to travel far, unless you can catch all the fine fish you wish. Of course you can go only by boat if you want to travel far unless you get lost in the woods and rocks of the main land of Muskoka. The people here spend their time sight seeing in motor boat or canoe and fish or pick blueberries and build their own cottages and wharves, and lie around and see the finest of sunset and breathe the purest of air and drink the softest of waters and are care free. We go to church on the rocks or on a neighbor's verandah Sunday morning and sleep the soundest of sleep on the ever cool nights. All sorts of birds and animals and fishes common to Ontario are about. Everybody ought to visit at this fair place. Lake Huron is beautiful at the point of Sarnia and beaches, or near it, as Watford people know, but from Georgian Bay at Midland to Sault Ste Marie is the fairest of all."

**RACES AT WESTERN FAIR**

London, Ont., Aug. 23rd, Automobile races, with a half score of internationally known speed kings in competition, will feature the Western Fair at London on Saturday afternoon, September 16, according to Secretary A. M. Hunt who has just completed negotiations for a sanction from the International Motor Contest Association.

Drivers with their high speed mounts, direct from the speedways, will be included among the pilots centred in the seven events competing for the \$2500 purse money. Several of the stars listed to drive in the Canadian National Exhibition events at Toronto will be induced to come here as well as pilots from Detroit, Chicago, San Francisco and Western Canada.

All of the drivers to compete in the races here will be licensed professionals eligible to compete for the world's track championship. The cars will be inspected by officials of the International Motor Contest Association and must conform to the rulings governing the latest type of speed creations.

Because of the exceptional purses offered and the magnitude of the Western Fair speed events, fair officials here believe that one of the greatest gasoline speed festivals ever held in the Dominion will result from the plans they have made to thrill the thousands of spectators who will gather here.

Attention has been turned to the fair grounds track here and a crew of men will begin improvements within the next few days to provide the speed kings with their powerful machines with ideal conditions under which to drive.

**OVERWORKED NERVES**

The Most Successful Treatment is Through the Blood.

The early stages of nervous debility are noted by restlessness and irritability in which the victims seem to be oppressed by their nerves. As the trouble advances, common symptoms are a tired feeling; weakness in the knees and ankles; headaches, backaches and sleeplessness. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete break down.

The nervous system governs the whole body, controlling heart, lungs, digestion and brain, so that it is not surprising that nervous disturbances cause acute distress. For troubles of this kind Dr. Williams' Pink Pills succeed when other treatment fails, for these pills make new blood, enriched with the elements on which the nerves thrive; and in this way reach the root of the trouble. In proof of this is the statement of Mrs. Dockerill, Stratford, Ont., who says—"My daughter, Matilda, was suffering from nervous debility, and the usual remedies did not seem to help her. I was advised by a friend to give Dr. Williams' Pink Pills a trial, and soon we found they were doing her a great deal of good. She complained of pains in the stomach and a severe fluttering of the heart, with a general weakness. Under the use of these pills she continued to gain, and I believe they have saved her from going into a decline."

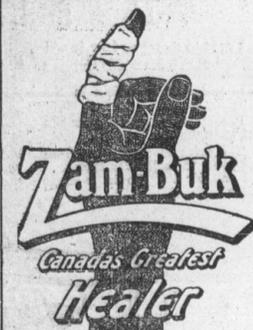

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**SHE GOT IN UNDER THE LIMIT**

If you did not smoke, and had a perfectly good wife that did not smoke, and you sent her to the seashore for a vacation and a rest from household cares, and she returned to you with a little square flat silver case and about her person the sour smell of cigarettes, what would you do? You would? Well, remember that women have had to stand that creosote reek from their husbands a long time, and they have stood it like soldiers. But the minute a man had it to stand he declared he wouldn't and sued his wife for divorce. That is the Kingscote divorce case in England, and it was settled by a sort of compromise. Mr. Kingscote was a gentleman, in the English sense, and his wife had been a lady, but he set up the theory that she had ceased to be a lady when she contracted the nicotine habit. The court had no judicial opinion in the matter, and called in an expert, a man that kept a tobacco shop. He testified that before a lady smoker ceased to be a lady she would have to smoke fifteen cigarettes a day. As Mrs. Kingscote smoked only fourteen, she got in under the limit, and remained a lady. As soon as Mr. Kingscote learned that she was a lady, he saw his mistake. If she were a lady, why, by Jove, he would play the part like a sport, much as he hated the smell. He had his barrister withdraw the complaint. Mrs. Kingscote will continue to burn 'em; but she will never again smell just like a lady should.

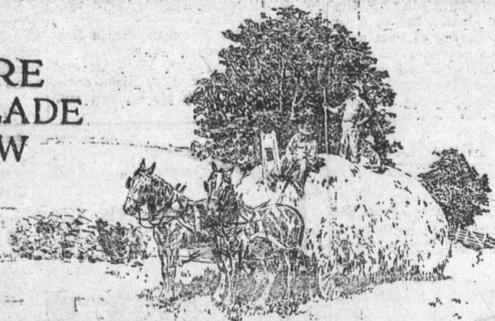

**BABY'S GREAT DANGER DURING HOT WEATHER**

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**WORRIED WOMEN  
NEED RICH BLOOD**  
If the Blood is Not Kept Pure  
Health Will Break Down

It is useless to tell a hard working woman to take life easily and not to worry. To do so is to ask the almost impossible. But, at the same time, it is the duty of every woman to save her strength to meet any unusual demands. It is a duty she owes herself and family, for her future health may depend upon it.

To guard against a complete breakdown in health the blood must be kept rich, red and pure. No other medicine does this so well as Dr. Williams' Pink Pills. This medicine strengthens the nerves, restores the appetite and keeps every organ healthily toned up. Women cannot always rest when they should, but they can keep their strength by the occasional use of Dr. Williams' Pink Pills. Among those who have found benefit from this medicine is Mrs. Corn Conrad, Broad Cove, N.S., who says: "My system was very much run down, and my blood poor and watery. I suffered a great deal from headaches and dizziness; my appetite was poor, and I tired easily. I decided to try Dr. Williams' Pink Pills and have every reason to be glad that I did so. Soon I felt better, and under the continued use of the pills the headaches and dizziness were gone, and my blood seemed in a better condition than before. For this reason I recommend Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**PETROLEA**

Mr. W. G. Fraser, Petrolea's veteran telephone manager, was 82 years old on Saturday. There are few persons now connected with the Bell Telephone Co. who have seen longer service.

Miss Mabel Stark, daughter of Mr. and Mrs. Stark, Dawson Sideroad, had the misfortune to fracture her arm while cranking the family Ford. New rates now in force will give the domestic and commercial consumer of hydro a reduction of about twenty-five per cent. and will save the town a handsome sum yearly in street lighting. The power rates will remain the same.

At St. Patrick's church, London, on Wednesday, August 2nd, by Rev. Fr. Barry, Herbert M. Eccleton, only son of the late Mr. and Mrs. H. Eccleton, of Inverness, Scotland, to Henrietta M. Stapleton, eldest daughter of Mr. and Mrs. John J. Stapleton of Petrolea.

Rev. Mr. Pitts of Bayfield, has accepted the offer of the parish of Petrolea tendered him by His Lordship the Bishop of Huron, and will take charge about the second week in October. The new rector comes to Petrolea with a reputation for boundless energy, and will have a good field in which to work. It is likely he will be tendered a reception either upon his arrival or at the time of his induction.

Mr. Neil Thompson has resigned his position with H. Corey & Son and has succeeded Mr. Barry as express messenger on the local G. T. R. train the Durham-Kincardine run.

The marriage of Miss Florence Beatty, youngest daughter of Mr. and Mrs. Geo. Beatty of this town took place quietly in Toronto on Tuesday, Aug. 15. The happy couple left on a honeymoon trip to Los Angeles and other points in California.

The marriage of Mrs. Adah Knapp Robb, of St. Catharines, formerly of Forest and Warwick, took place Saturday, August 5th, to Mr. Edgar Allen Barber, at St. Catharines. Mr. and Mrs. Barber will reside in Niagara Falls, N. Y.

M. G. Cole received a severe gash in the upper part of his left arm one day last week, while at work in the warehouse of McCahill's flour mill here. Mr. Cole suffered considerable loss of blood but was taken immediately to Dr. Hubbard where he received the necessary medical attention.

On Friday when driving along Queen street, near the Basket Factory, Mr. John Walker met with an unfortunate accident. He was driving a team of horses attached to a buggy when the buggy pole broke, causing the horses to run away. Mr. Walker was thrown out and was rendered unconscious from the fall. He was picked up and taken to the home of his mother, Queen street, and medical attention secured. He was badly cut about the face and head, thirteen stitches being required to close the wounds.

After a long illness Hector Patterson, a well known resident of Forest and a former councillor and reeve died at his home on Union street, Tuesday evening. Mr. Paterson was 74 years of age and is survived by his widow, one daughter, Nettie, at home, and two sons, Fred, manager of the Standard Bank in Calgary, and Will, a druggist in one of the Western states. A funeral service was held at the house Wednesday afternoon and the remains taken to Nairn cemetery in East Williams for burial.

**WYOMING**

The flowers planted last spring by the horticultural society add much to the appearance of the village. Several nice flower beds adorn Broadway. This is the first attempt at beautifying the village in a large way and much credit is due the promoters.

The council recently completed travelling of Broadway from the G. T. R. crossing south as far as the municipal boundary. This principal thoroughfare has never been in such satisfactory condition since the incorporation of the village. It was a source of trouble for many years, during spring and fall, to the travelling public, until the difficulty was overcome by Reeve A. E. Wark. Merchants met the cost of a coat of oil last spring and eliminated the dust nuisance.

The congregation of the Church of the Holy Rosary, under supervision of Rev. Father Campeau, has this summer greatly improved the church property, including Mount Calvary cemetery. A neat, ornamental wire fence, uniform with that of the Protestant cemetery, gives a good appearance. Workmen are also engaged in shingling the church. The adjoining parochial residence has remained unoccupied since the departure of Father Gnam last year.

**SUMMER COMPLAINTS  
KILL LITTLE ONES**

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets or in a few hours he may be beyond aid. These Tablets will prevent summer complaints if given occasionally to the well child and will promptly relieve these troubles if they come on suddenly. Baby's Own Tablets should always be kept in every home where there are young children. There is no other medicine as good and the mother has the guarantee of a government analyst that they are absolutely safe. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**ADELAIDE**

The Garden party held under the auspices of St. Ann's church on the grounds of Mr. and Mrs. George Brooks on Wednesday evening of last week, while not so well attended as those interested desired owing to a number of others held the same night was from the standpoint of the program one of the best ever held in the vicinity. The Sunset Concert Co., of London was much appreciated in the splendid variety of numbers which they rendered in solos, duets and quartets, humorous and otherwise, sustaining well their reputation of being London's Premier Entertainers. The elocutionary selections of Miss Dobbey were heartily applauded as were also the violin numbers of Miss Ruby Stoner. The solos sung by Miss Beatrice Foster showed her to have a voice of rare quality of sweetness. Dr. Jones gave a good deal of pleasure to the audience in his humorous and instructive cartoon sketches. The popular Dempsey orchestra provided sweet music at intervals throughout the program. Rev. Mr. Moorhouse gave a short and interesting address.

**WANSTEAD**

Mrs. Geo. Leach returned from the West Saturday after spending a couple of months with her son, Chester.

The townline Orioles motored over to Bethesda on Thursday, Aug. 17th, and took the Sixth line girls basketball team into camp for a severe white washing, the score being 12-5. The first period the teams appeared to be pretty well on even terms, half time score being 4 all, but after the Orioles were true to their name and appeared to score at will. The game was clean throughout as the sixth line girls wish to keep up the fair name of the road, but like the boys, they lost. The lineup: Orioles—forwards, Mrs. Miller and Mrs. Smith; centre, Dorothy Dennis, Venis Cooper, Ella Alexander; defence, Barbara Smith, Blanche Cooper. Bethesda—forwards, Estelle Acton, Nettie Shea; centre, Audrey King, Mable Bryce, Lena Bryce; defence, Rheta Higgins, Goldie Lucas.

Quite a number from Wanstead attended the field day given by the Mandaamin Athletic Club on Wednesday, Aug. 16th. A splendid program was given of all kinds of sports. The Wanstead basketball team tied with the tenth line in a very exciting game, the score being 17-17.

**Lydia E. Pinkham's Vegetable Compound Often Does That.—Read Mrs. Miner's Testimony**

Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child, as I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take my advice."—Mrs. FRED MINER, Box 102, Churubusco, N. Y.

It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better. Finally they take Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner.

That's the truth of the matter. If you are suffering from any of the troubles women have, you ought to try this medicine. It can be taken in safety by young or old, as it contains no harmful drugs.

**WHAT CAUSES GAS**

**ON THE STOMACH**

It is caused by fermenting, sour waste matter in the intestines. This old, foul matter should be thoroughly cleaned out with simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This acts on BOTH upper and lower bowel, removing old accumulated matter you never thought was in your system. Adler-i-ka relieves ANY CASE of gas on the stomach. EXCELLENT for sour stomach and chronic constipation. Guards against appendicitis. J. W. McLaren, druggist, Watford.

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

**RADIO**

A Weekly Feature of The Guide-Advocate to give our readers a clear explanation of this new popular science.

By Chas. M. Fitzgerald, Watford

We should next centre our attention on the more practical side of wireless, the antenna or aerial.

At the transmitter the antenna provides a means of radiating Hertzian waves. The presence of a high frequency current in the wires or conductor of the aerial causes electro-magnetic waves, having similar characteristics, to be set in motion in the surrounding ether. These waves, on passing over similar tuned antenna connected with proper receiving apparatus, cause a very minute current to be induced in it which is made audible by the receiving station equipment.

The antenna consists of one or more wires or a conductor capable of carrying electricity used in the manner as stated. These wires are generally made up of some metal that is good conductor of electricity such as copper, bronze or aluminum or a wire having a copper jacket over a steel or iron core. The wire may be either solid or made of several small strands bunched together. As the electric current used in radio practice is of a high frequency it travels on the surface of the wire and therefore a wire having a sufficient clean surface should be used. It is immaterial whether a covering (insulation) is used or otherwise but insulation is an advantage if it keeps the surface free from the corrosive effect of the atmosphere or prevent contact with obstacles where leakage of electricity would occur. Insulation, such as glass, porcelain, etc.) should also be used as an interposing medium on the supports where the aerial wires are secured.

One of the most common types of antenna is the overhead type. This type of antenna is a familiar sight wherever radio is known, and is efficient and easily erected. It is merely one or more wires suspended between two points. A lead or connecting wire is brought from the centre of one end to the apparatus. There is also the umbrella type, so named because the arrangement of wires resemble the ribs of an umbrella.

In order to take advantage of the protective qualities of the overhead antenna against lightning, a direct connection to a good ground must be provided, otherwise if this direct connection is omitted or connected to a poor ground, the lightning, when it strikes, which it does whether there is wire present or otherwise, will be

forced to continue its journey by the next easiest path to the ground possibly causing destruction in its wake. Regular lightning rods, which are a proven protection, are installed on buildings for the same purpose, that is to provide a direct guided path for these electric lightning bolts.

Another type of antenna is the underground and it is a wire buried under ground or laid under water. This type although less efficient than the overhead aerial is free from atmospheric electric disturbances especially prevalent during summer weather and also is directive, being able to pick up stations which lie in the plane to and from the direction to which the wire points.

There is also what might be termed freak arials, a tree, bed springs, pipes, etc., can be used in place of the regular overhead antenna. Telephone and electric wiring will also perform the function required of an aerial by having a suitable device interposed between the radio apparatus and the wiring so as to allow only the current used in radio to pass through to the apparatus.

With all the foregoing types of aerial described it is necessary to use a counter aerial or capacity which is termed a "ground." For moving vehicles, such as automobiles, aeroplanes, etc., the metal framework can be used. Stationary radio installation can make use of a second aerial suspended or buried beneath the first or by obtaining good electrical contact by burying metal sheets, pipes, etc., in damp earth thereby making use of the conductivity of the earth for the same purpose.

There is one type of aerial which requires no ground, and this kind is called a "loop" aerial. It is merely one or more turns of wire wound around a boxlike frame or the ends or length of spokes of a wheel shaped structure. In order to hear a station with this "loop" the edge must be turned toward the direction of the transmitting station. Due to the fact that this loop aerial possesses this characteristic it is valuable radio compass work. A receiving station can readily determine the direction of a transmitting station and by having several such receiving stations located at different places a fairly accurate knowledge of the position of a given transmitter can be determined. This is a valuable asset to navigators where other means are doubtful.

Acton's tax rate is 47 mills. Frank Aymer, customs officer at Walkerville is reported missing and it is thought he has been killed by bootleggers and rum runners and his body disposed of.

The home of John Maw, near the Wyoming cemetery, Zone street, was burned to the ground Monday afternoon. The origin of the fire is unknown.

Frank Moore, Bothwell, who has been G.T.R. station agent there for thirty years and in the employ of the company for fifty years, has been superannuated and has gone to Windsor to live.

Over 3,000 musicians will take part in the Music Day program at the Canadian National Exhibition, including twenty-five bands, 1,500 chorists, and a large number of troubadours, pianists and other artists.

A young lady named Larue was driving a horse along the Dillon side-road in Raleigh when the horse ran into a hydro wire which had been blown down. The horse was instantly killed, but the girl was not injured.

The Crawford House, one of Windsor's oldest hotels, was sold Friday by A. Daunani, the proprietor, to a Bothwell hotel man for \$185,000. The new proprietor will renew the place and put it in condition to make a bid for business.

David N. Harrison, died Thursday in the Sarnia hospital, after a long illness, aged 80 years. Mr. Morrison was in the dry goods business for many years and was also treasurer of the school board.

A pretty wedding took place at the home of the bride's parents, Mr. and Mrs. Alex. Chalmers, Mandaunin, at 5.30 p.m. Friday, August 11th, when Mabel Chalmers, became the bride of Hugh Basil Sparing of the Lake Shore, Sarnia Township. The ceremony was performed by Rev. C. Waghorne.

Mrs. Ephrim Ellwood of Train, while working in the garden the other day had the misfortune to cut her hand on a briar bush. The injury has developed into blood poisoning. Latest reports are that she is in a very critical condition.

Last Thursday, fire set by an oil stove, broke out in the rear kitchen of Mrs. W. H. Jones' residence on North street, Amherstburg, and got such a start that it had become a serious blaze before an alarm was rung in. A large crowd gathered and assisted the firemen to remove furniture, but the smoke was so dense that little could be saved. The house was badly wrecked.

James Arnold of Sombra was feeding horses on Wednesday morning with a pair of oats. Some of the other horses came along and became fractious. One horse kicked Mr. Arnold in the back with one foot, and the left side with another, causing a rupture. Mr. Arnold is a married man with two children. He was taken to the Sarnia hospital where an operation was performed for a ruptured spleen.

"IT PAYS TO ADVERTISE"

In a blaze which was caused by the explosion of a spirit lamp and jumped instantaneously to a can of gasoline which it ignited, Dr. C. C. Collins, Sarnia, dentist, was severely burned on the arm shortly after noon Wednesday.

The deceased was 46 years of age and was well known and highly respected in this district. Coroner Dr. Woods of Mt. Brydges was called, but decided that no inquest was necessary.

While Mr. John Maw, Wyoming, was absent from his home his dwelling caught fire from the stove in some way and although every one possible went to the aid of Mrs. Maw the house was burned to the ground. For lack of rain everything was in a parched condition and the fire engine was not in working condition. The upstairs furniture was all destroyed.

"The yield of wheat in Adelaide Township is very poor this year," said a farmer from the north this week, "the returns running all the way from 8 to 20 bushels per acre. The Hessian fly did much damage throughout the district, and I am told that wheat returns from lighter soils are much more disappointing. The other crops, generally, are good, and the farmer will have little reason to complain."

"Hands up" meant the loss of forty-five dollars to Mr. John McPherson, who lives across the road from the Basket Factory, Forest, on Monday evening. He was returning home on Jefferson street and when near H. Patterson's residence, a masked man shoved a revolver in his face and relieved him of his bank-roll, containing forty-five dollars. Mr. McPherson did not report his loss to the authorities until Tuesday morning and consequently the thief was enabled to make a clean get-away.

A wind, hail and rain storm of unusual velocity visited "Euphemia" township, doing thousands of dollars' worth of damage to crops. The corn is shredded, nothing but the stalks remaining, and the buckwheat is cut off close to the ground. The rain fell in clouds and on the low land the upper part of the oats in shock was only visible. The most extensive damage was done north of the Hagerly road, and it is doubtful if any of the late grain will recuperate from the terrible pounding it received. Hundreds of young chicks were killed by the hail.

News of an assault of a rather thrilling nature and attempted robbery comes from Oxley, where on Saturday evening just as night was falling some man entered the home of Wm. Campbell during the absence of all the family except his 18-year-old daughter, and demanded jewelry and money. When the young lady could not or refused to grant the gruff request the intruder seized a pair of scissors and cut off her hair, which was in a braid, within six inches of her head, then roughly knocked her over a chair, leaving her unconscious. The affair has caused quite a stir in the neighborhood.

Fire, which followed an explosion of gasoline, totally destroyed the elevator of United Farmers' Co-Operative Society, Leamington. Alfred Sedrington, manager of the elevator who was in the basement when gasoline leaking from an engine exploded was burned about the head and arms while fighting his way out of the building. Several thousand bushels of wheat and other grain were in the elevator awaiting shipment. One ton of sugar also was destroyed. The damage is estimated at \$25,000. Swelled by heat and water from six streams the grain bulged out the concrete walls until they fell, showering sparks and flaming brands over other buildings. Damage to these was slight.

Bilton Gillanders, 7th concession of Gosfield, had his fine barn, 700 bushels oats, 200 bushels wheat, a quantity of hay and a number of implements destroyed by fire Friday evening. He had just finished threshing about 5 o'clock and the men were cleaning up when fire was noticed at the very top of one of the straw-stacks, which was only a few feet from the barn. The blaze spread with such rapidity that the barn was soon on fire and past saving. The origin of the fire is a mystery. It is claimed that it could not have started from the engine nor from spontaneous combustion as the straw did not have time to heat. As far as is known no one was smoking about the stack. The loss is a heavy one, partially covered by insurance.

SURPRISE KERWOOD MAN ON HIS 85TH BIRTHDAY

On Thursday afternoon, Aug. 17, a very pleasant gathering took place at the home of Mr. and Mrs. John Johnson of the 6th line, Metcalfe. The occasion was the celebration of the 85th birthday of Mr. John Richardson, sen., of Kerwood. Brothers and sisters, children and grandchildren, great-grandchildren and a few intimate friends to the number of 60 were invited.

The occasion was one of complete surprise to Mr. Richardson. It is doubtful if the family record of Mr. Richardson can be duplicated. In a family of eight children, 38 grandchildren and 11 great-grandchildren no death has yet been recorded.

Next March Mr. and Mrs. Richardson will celebrate the sixtieth anniversary of their wedding if still living.

ing. During the afternoon games were indulged in. An interesting game of baseball was played. During the game Mr. Richardson did some batting and playing on the field. He is very remarkable for his physical vitality and activity. He is a very regular attendant of all church services and official meetings. He is greatly admired and loved by all. About forty-five guests sat down to a splendid dinner, at the close of which the Rev. C. J. Moorehouse, pastor of the Methodist church, of which Mr. Richardson is a member, in a brief address congratulated him on behalf of the company and wished him very many happy returns even to the hundredth birthday. The company then sang "For He's a Jolly Good Fellow." Mr. Richardson has spent all his life in Kerwood and vicinity.
