HENRY FORD'S OWN STATEMENT Exclusive Interview Given to The World

"I WOULD BE WITH ALLIES RATHER THAN THE GERMANS IF FORCED TO TAKE SIDES"

—Henry Ford.

Down With Militarism Is His Chief Motto, and If the Sacrifice of His Whole Fortune Would Stop the War He Would Make It Gladly—Anything He Said About the Anglo-French Commission Was With the Sole Object of Stopping the War.

HENRY FORD

Who gave to a representative of the Toronto World in Detroit on Saturday a personal explanation of his views on the war.

The Toronto World last week received so many enquiries concerning the statements attributed to Henry Ford in the Anglo-French war commission and the war generally, that it made arrangements thru the Canadian Ford Company for an interview with Mr. Ford. On Saturday Mr. Albert E. S. Smythe of The World, one of the best-known newspaper men in Canada, went to Detroit and talked with Mr. Ford for four hours. Mr. Ford saw the report of the interview which he here gives, and gave it his approval. The interview which follows therefore is an official statement from Mr. Ford.

By a Staff Reporter. DETROIT, Oct. 3.—"If the sacrifice of my whole fortune would stop the war I would gladly make it tomorrow. The human sacrifice of life is horrible to me, and I would give all I have, and all I could make for the rest of my life, to end this war and all future war, and the militarism which I believe to be the cause of the war." This statement of Henry Ford of the Ford Motor Company of Detroit, expresses the central opinion and dominant sentiment of the man whose progressive philanthropy and commercial success have given his views on the war as recently reported, or misreported, so much attention. The action of the city council in Toronto in deciding to pass over the Ford products has been an incident of these reports. Mr. Ford accorded an interview to a representative of The Toronto World on Saturday afternoon, and made it quite clear that his abhorrence of war and militarism in the abstract has been confused with some of the special problems presented by the present war. If militarism had any chance of success thru the overthrow of the allies, Mr. Ford's sympathies would not permit him to withhold the assistance that would save the cause of liberty and democracy.

"Yes, sir, I'd be with the allies rather than the Germans if I decided when asked which he would join if he were compelled to take sides, "and simply because Germans are the worst. But I would not be the first to kill. I am always against fighting and slaughter. I'll concede that the military crowd in Germany is worse than anywhere else." His Real Sympathies.—The war, to Mr. Ford, however, is not such a simple matter as taking sides. He is more of an anti-militarist than a peace man, and here, after more analysis than most people are willing to give, may be discovered Mr. Ford's real sympathies. It would perhaps be impossible to convince Mr. Ford that he is a fighter himself, and to that extent imbued with the militarist principle, but opposition to militarism is his dominant motive in all that he says or does concerning the war. It is necessary in order to understand his position to distinguish between the war and what he believes to be the cause of the war. Wherever that cause exists, be it in the United States or Canada, or France or Germany, or elsewhere, he is equally against it. He is most against Germany because militarism has there its greatest manifestation.

"Down with militarism!" This becomes his chief motto, constantly reiterated. With regard to the finance question with which his name has been involved in connection with the statement in which he states he was not correctly reported, his view goes behind the militarist party for a motive, and he finds that motive in money greed.

CANADIAN FEINT CAUSES SEVERE LOSSES TO FOE

Demonstration Carried Out by Divisions With Artillery, Rifles, Machine Guns.

OFFENSIVE DEVELOPS

Fierce Fighting by Allies Amid Brilliant Sunshine and Torrential Rains.

OTTAWA, Oct. 3.—Maj.-Gen Sam Hughes last night received the following cable from Sir Max Aitken, General representative of the minister of militia in France:

"Canadian Headquarters in France, Oct. 3.—During the latter half of the period, Sept. 20-30, a combined British and French offensive has been steadily developing. Fierce fighting has taken place at various points along the allied line in weather alternating brilliant sunshine and torrential rains.

"Progress has been made on our front. Hostile fire has been somewhat heavier than usual and the enemy's artillery has been more aggressive, but with little net results. The enemy's aeroplanes and snipers have been particularly active.

"German Claims False. On the morning of Saturday, Sept. 25, a demonstration was carried out by our divisions. The German trenches were heavily manned and our artillery, machine gun and rifle fire are believed to have caused numerous casualties. The enemy's official communique stated that an attack had been made by us and had been repulsed with heavy loss. This, of course, is false.

"Reports indicate considerable movement of the communication follows: "Between Souchez and the woods of Givenchy the enemy attempted in four hand-grenade assaults to retake some portions of the trenches which he had lost. He was everywhere repulsed.

"In the Champagne a German counter-attack against the positions which we conquered on Oct. 1 to the north of Mesnil was likewise thrown back. The enemy bombarded the rear of our front, particularly in the Valley of the Sulpes, continuously with asphyxiating shells. Our artillery took the opposing batteries to task and reduced a number of them to silence.

"The Belgian official communication reads as follows: "There have been artillery actions on all sides on the Belgian front."

ROME, via Paris, Oct. 3.—The following official statement from the Italian general headquarters was issued today: "In the higher mountain regions where snow is now thickly falling there have been small engagements which ended in our favor at the Lagoscuro Pass (at the head of the Genova valley) and at Pramosto (in Carnia).

"In the Tolmino section Italian troops repulsed an attack directed against positions recently conquered by us on the heights of Santa Maria."

VILLAGES RESPOND TO APPEAL OF GEN. HUGHES

All Men Enlisting Will Be Trained and Quartered at Home.

By a Staff Reporter. OTTAWA, Oct. 3.—Canadian villages are already responding to the intimation of General Hughes, that if they recruited 25 men and upwards these soldiers would be trained and quartered in their villages during the winter.

Hailburton, Ont., was the first to announce that it had recruited the 25 men, and can double this number if necessary. Leask, Sask., comes next with 26 recruits. The men will be quartered there.

ANGLO-FRENCH FORCES TO LAND AT SALONIKI

Expedition Will Cope With Possible Eventualities in Balkans—Proposals of Allies for Concessions in Macedonia to Bulgaria Formally Withdrawn.

PARIS, Oct. 3.—The landing of an Anglo-French expedition at Saloniki, preparatory to meeting possible eventualities in the Balkans, is about to take place, according to The Temps, which adds that Greece has her approval last April to the use of this port.

The Temps states that the quadruple entente powers have notified Greece that their joint proposals, recently submitted to Bulgaria, have been withdrawn. These proposals declared concessions by Serbia, and Bulgaria was asked if these concessions would assure her co-operation with other Balkan states.

"Without replying," The Temps says, "Bulgaria mobilized."

GERMAN ATTEMPTS TO TAKE LOST TRENCHES ARE REPULSED

French Troops Stopped Five Attacks in Givenchy Wood, Threw Back Assaults North of Mesnil, Took a Blockhouse, and Bombed Luxembourg.

PARIS, Oct. 3.—(3.30 p.m.)—The repulse of four German attempts to take lost trenches between Souchez and the woods of Givenchy, and of a similar attack to the north of Mesnil, are reported in the official statement given out by the war office this afternoon. The communication also says that the Germans bombarded the rear of the French lines in the valley of the Sulpes with asphyxiating shells, and that the French artillery on its part reduced several of the enemy's batteries to silence.

Elsewhere the night was calm. The text of the communication follows: "Between Souchez and the woods of Givenchy the enemy attempted in four hand-grenade assaults to retake some portions of the trenches which he had lost. He was everywhere repulsed.

"In the Champagne a German counter-attack against the positions which we conquered on Oct. 1 to the north of Mesnil was likewise thrown back. BRITISH TOOK TWO TRENCHES IN SUCCESSFUL NIGHT FIGHT

Sir John French Reports That His "Objective Was Achieved" Southwest of Fosse.

LONDON, Oct. 3.—The British delivered a counter-attack Friday night on the Teutonic forces southwest of Fosse, France, and achieved their "objective, which was two German trenches," according to a report received from Field Marshal Sir John French, commander-in-chief of the British army in the field.

The field marshal's communication, received under date of 10 p.m., Oct. 2, was given out by the British War Office as follows: "We delivered a counter-attack last night and achieved our objective, which was two German trenches southwest of Fosse, which the enemy had recovered in his counter-attack of the 26th.

"There have been no other events on our front."

GENEVA, Switzerland, via Paris, Oct. 3.—The Swiss Federal Council has ordered several squadrons of cavalry to assemble at Schaffhausen, Zurich and Frauenfeld. This unexpected step has aroused much discussion as the troops will be stationed along the German frontier.

Bulgaria Must Break Completely With Germany and Austria or Russian Minister Will Be Ordered to Leave Sofia--Bulgar Perfidy Strongly Arraigned.

PETROGRAD, via London, Oct. 3. 9.30 p.m.—A semi-official news agency says the Russian minister has been ordered to leave Sofia unless within twenty-four hours the Bulgarian Government openly breaks with Austria and Germany and sends away the Austrian and German military officers now in Bulgaria.

The news agency gives the following note, which the minister at Sofia has been ordered to hand to M. Radostavoff the Bulgarian premier: "The events which are taking place in Bulgaria at this moment give evidence of a definite decision of King Ferdinand's government to place the fate of its country in the hands of Germany.

"The presence of German and Austrian officers at the ministry of war and on the staff of the army, the concentration of troops in the zone bordering Serbia, and the extensive financial support accepted from our enemies by the Sofia cabinet no longer leaves any doubt as to the object of the military preparations of Bulgaria. Bulgaria's Treachery.

"The powers of the entente who have at heart the realization of the aspirations of the Bulgarian people have, on many occasions, warned M. Radostavoff that any hostile act against Serbia would be considered as directed against themselves. The assurances given by the head of the Bulgarian cabinet in reply to these warnings are contradicted by the facts.

"The representative of Russia, which is bound to Bulgaria by the imperishable memory of her liberation from the Turkish yoke, cannot sanction by his presence preparations for fratricidal aggression against a Slav and allied people. The Russian minister, M. Sazonov, has been ordered to leave Bulgaria, with all the staffs of the legation and consulates, if the Bulgarian Government does not within 24 hours break completely with Germany and Austria."

HAMILTON NEWS

AGED MAN INJURED WHEN HIT BY AUTO

Thomas Kirley, Eighty-Four Years Old, in Hospital in Critical Condition.

BUILD NEW CLUB HOUSE

No More Than One Battalion Will Winter in Hamilton, Despite Protests.

By a Staff Reporter.

HAMILTON, Ont., Monday, Oct. 4.—Word has been received from military headquarters at Niagara camp to the effect that Major G. H. Williams, formerly pastor of Centenary Methodist Church of this city, who is a chaplain at Niagara camp, has been appointed inspector of recruiting stations in No. 2 division area.

Will Build New Club House.

Steps will be taken immediately to make arrangements for the erection of a new club house for the Royal Hamilton Yacht Club at the Beach. At a meeting of the members held in the Board of Trade rooms Saturday evening it was decided to start operations as soon as the arrangements had been made and a site secured. It was decided to erect the new club house as near as possible to the site of the old building, which will probably be north of the breakwater about 200 feet from the shore.

Old Man Injured by Auto.

Thomas Kirley, aged 94 years, who is an inmate of the House of Refuge, was knocked down by auto No. 38708 in front of the General Hospital on Barton street east, early last evening and sustained injuries which probably prove fatal. He suffered a fractured skull, dislocated collar bone and a fractured arm. It is thought he has also sustained internal injuries.

W. M. C. A. Campaign.

Arrangements have been completed for a three days' campaign to raise \$2000 for the purpose of remodeling Association Hall, at the corner of James and Jackson streets, so that it can be used as a dormitory in connection with the Central Y. M. C. A.

This evening at 8:15 all the teams will line up full strength at the Y. M. C. A. for a big opening campaign to raise \$2000.

burton, secretary of the Metropolitan Y. M. C. A., Toronto, will be the guest of the evening, and will deliver the opening address.

On Tuesday, Wednesday and Thursday the teams will go out in pairs and present the claims of the Young Men's Christian Association to the Democracy.

Held Recruiting Meeting.

An enthusiastic and well-attended recruiting meeting was held at Gore Park Saturday evening, when addresses were delivered by a number of returned soldiers who told of life on the firing line. Other speakers were: Col. Gwyn of Dundas, Kirwin, Martin, Ald. R. M. Roy and J. W. Sutherland.

Will Visit Body.

The local police believe that the body of the woman found near the Don in Toronto on Friday is that of Mrs. Jean Hatherly, formerly in this city. A son and daughter, who reside here, will go to Toronto this morning for the purpose of viewing the body.

Reinforce Battalion.

Lieut.-Col. Wainlow is in the city on Saturday looking for recruits for the Hamilton Machine Gun Battalion. From the ranks of the Thirtieth and Ninety-First quotas he selected about 50 men who will be in the city this day morning. In addition the local depot battalion will send to Niagara 125 of its men. The Eighty-First Battalion, commanded by Lieut.-Col. W. T. Stewart, These are the men selected by Captain McCurdy and Major W. L. Ross from the ranks of the 2nd Dragons, which has been posted to the mountains for the past couple of weeks.

One Battalion For Home.

The 8th Machine Gun Battalion will be the only unit to camp in Hamilton this winter. The men of the battalion the major brought back with him from the front. They are now being equipped at the 30th, 31st and 40th Batteries, but the commanding officers of these units insisted upon going to Toronto, where, it was stated, conditions were more advanced and where better results would accrue.

Guerrin For Berlin.

Word was received from the central fire station yesterday that Capt. Guerrin of the central fire chief of the City of Berlin, Captain Guerrin is well-known in this city, and the loss will be felt by the local department.

Hallina For Home.

L. P. Scarrone, the Italian consul in this city, stated on Saturday that before the end of October the first of two hundred more Italians would go home from Hampton, one from each country. There are still large numbers of Italians of a fighting age in this city, and many of them are anxious to get to the front.

Big Crowd Attended the Fair Yesterday Despite Downpour.

Special to The Toronto World.

GALT, Ont., Oct. 1.—"A" Company, of the 34th Battalion, with Col. A. G. Oliver and Capt. MacRae, and accompanied by three bands, stretcher bearers and a machine gun section, visited this city today to stimulate recruiting.

CAPT. E. W. HALLAM OF LONDON KILLED IN ACTION

LONDON, Ont., Oct. 1.—Capt. E. W. Hallam, the first officer of the second Canadian division to be killed in action, was local manager of the Continental Life Insurance Co., coming here from Port Arthur a few months before the outbreak of war. He was for a time located at Hamilton. He had seen service in Egypt. Two brothers were killed in action early in the war while serving with a British regiment. Capt. Hallam was 35 years of age. He was an officer in the 7th Fusiliers here and was formerly connected with the 95th Regiment, Port Arthur. His wife resides here.

WHEAT CONDITIONS PUZZLE TO TRADE

Almost Everybody in Chicago Seeks Cash Grain.

RECEIPTS IMMENSE Stocks Increase Only Moderately at Big Milling Centres.

CHICAGO, Oct. 3.—Conditions surrounding the wheat market at Chicago are still very unusual, and the trade is plainly at sea.

The heavy movement of spring wheat has materialized, but its effect on the market has not been depressing to any great extent, and it is clearly demonstrated that cash wheat is wanted by most everybody. Millers need to fill the big four elevators they have looked ahead; elevator people want it, while the quantities are going into exporters' hands.

Weather Conditions Bad.

Weather conditions in the Canadian northwest during the past few days have been unfavorable, considerable rain falling in Manitoba and Saskatchewan and promising a check in threshing and in the movement of wheat. The yields here, as well as in the American spring wheat country, have been phenomenal, and many believe that this will result in an upward revision of crop estimates.

Broomball reports that foreign reserves of wheat are light, and that the native, as well as imported, offerings have been disappointing.

Millers in Italy are feeling the pinch and are appealing to their government for relief, while France is disarmed with the rule requiring a flour permit and will import more wheat.

The wheat crop of France is officially estimated at 240,000,000 bushels, about 45,000,000 bushels less than last year, and their import requirements this season are estimated at about 100,000,000 bushels.

Buy Australian Crops.

Great Britain has perfected arrangements whereby sufficient freight room has been secured for the Australian wheat crop. Interest in the oats market has not been very great of late, and prices have been inclined to follow the general weather has done much to delay threshing and injure the quality of the oats, and the movement has not been correspondingly light, however, and there has been some increase in stocks. Broomball reports that the English and French crops of oats are smaller than expected, while the quality is good.

The efficient management of every department has placed the Hotel Teck at the top of the list of the best men who patronize it. Excellent dining-room service.

MAYOR OF MONTREAL CAUSED EDITOR'S ARREST

MONTREAL, Oct. 3.—Julius Fourrier, editor of the French weekly of this city, (Action), was arrested Saturday in the opinion of the business men who patronize it. Excellent dining-room service.

FIRE THREATENED TO WIPE OUT CANVAS CITY

Special to The Toronto World, KINGSTON, Ont., Oct. 1.—Fire from an unknown origin started in a tent occupied by the 1st Canadian Trench Battalion at Barrfield camp at an early hour this morning and Lieut. McCrager was terribly burned before he was brought to the General Hospital. Soldiers fought the fire. A stiff wind was blowing at the time, and it was feared it would have been dangerous for the big canvas city.

ANNUAL GIFT

FREE DISTRIBUTION

Munyon's Famous Rheumatism Remedy And Munyon's Paw-Paw Fruit Pills

10,000 VIALS

Starting Tuesday, 5th of October, from the following well-known drug stores through the courtesy of Mr. G. Tamblin.

- 232 YONGE ST., OPPOSITE SHUTER ST. 133 YONGE ST. (CORNER ARCADE). COR. QUEEN ST. AND LEE AVE. CORNER COLLEGE ST. AND BRUNSWICK AVE. CORNER YONGE AND CARLTON STS. CORNER QUEEN ST. AND MACDONNELL AVE. CORNER BLOOR ST. AND LANSDOWNE AVE. CORNER DUNDAS AND KEELE STS. CORNER BROADVIEW AVE. AND GERRARD ST. CORNER BLOOR AND YONGE STS. 287 AVENUE ROAD, OPPOSITE DUPONT. 252 BLOOR ST. WEST, NEAR DOVERCOURT.

In order that everyone may try his remedies before buying, Professor Munyon has arranged for a series of free distributions throughout Canada. NOT A PENNY WILL BE ACCEPTED. EVERYONE WILL BE WELCOME TO A VIAL.

It is especially desirous that every rheumatic, no matter how chronic the case may be, gets a bottle of his Rheumatism Remedy. These little pellets as a rule immerse or swollen and stiff joints, and take away sharp shooting pains before one vial has been finished. Munyon's Rheumatism Remedy has probably relieved more cases of rheumatism than any other remedy ever compounded. They relieve quickly because they neutralize the uric acid and drive out all rheumatic poisons from the system. He asks every person who considers their case incurable, to test this remedy.

He also calls special attention to Munyon's Paw-Paw Fruit Laxative Pills that are proving to be such a wonderful relief to the liver, stomach and nerves. Paw-Paw Fruit Pills are unlike any other Laxative. They stimulate the liver into activity, they strengthen weakened and debilitated stomachs, and are almost an infallible remedy for constipation. He wants every person that suffers with indigestion in any form, and all those who are bilious, whose food sours and don't take away sharp shooting pains before one vial has been finished. Munyon's Blood Remedy is proving a blessing to humanity. Carry a bottle of his Cold Remedy in your pocket and take a dose as soon as you begin to sneeze or have a chill. These little pellets are wonder-workers.

Munyon's Blood Remedy is having a tremendous sale. Professor Munyon is very anxious that every person suffering from neuralgia should begin taking his Neuralgia Remedy at once. It will take the pain away from the face, back and sides, in a most magical way. Munyon's Headache Tablets generally bring relief in from three to five minutes—they are so efficacious that one cured person spreads the glad tidings to others, and they soon find a big demand.

Munyon's Pile Ointment, put up in his special appliance, gives almost instant relief. One tube is often enough to correct the most aggravated case of piles. No matter whether they are protruding, blind or bleeding, this remedy will prove a blessing, and probably prevent in many cases the use of a knife or surgical operation. It costs only twenty-five cents, but is really worth as many thousand.

The above is only a partial list of the remedies manufactured by the Munyon Company. No matter what your ailment is, come and get a "Guide to Health," which is given away absolutely free.

Remember, this great Free Distribution of Munyon's Rheumatism Remedy and Munyon's Paw-Paw Fruit Laxative Pills starts Tuesday, October 5th, from all of Tamblin's Drug Stores. You can purchase Munyon's Remedies from any up-to-date drug store throughout the world.

NEWS OF SPECIAL INTEREST TO WOMEN

FADS AND FANCIES IN NEW JEWELRY

Newest Features of the Season Reflect Styles of Years Ago.

THE "PLATINUM CRAZE"

Illustrated in Unique Pins, Dainty Necklaces and Bracelets.

Jewelry for evening and day time wear, like the frocks it will adorn, reflects the styles of earlier periods, chief among which are the early Victorian and Louis Philippe. There is a tendency for all that is unique in the dainty for all that is unique in the bracelet, the pendant and the ring which adorn the arm, the throat and the fingers of the fair devotee; the quaint old designs which distinguished the treasures donned by our great grandmothers on the rarest days of ceremony or festival appear in the ornaments for the 1915 woman.

Green gold is featured in dainty flexible-sectional bracelets and slender chains and pendants. Pearls will be extensively worn in old-fashioned settings and combined with diamonds or amethysts. American settings are favored in necklaces and the newest lavallieres, while platinum flexible bracelets set with numbers of tiny diamonds flash at the wrist or above the elbow of the dance enthusiast. Diamonds are favored extensively for all formal evening functions, and are occasionally set with sapphires or emeralds and quite frequently with the glorious pigeon blood ruby.

In jewelry for the youthful wearer, simple little gold bangles—machine turned rather than carved, as in precious stones—are set with pretty semi-precious stones or diamond chip and very small pearls. Charming little friendship bracelets are also a fad, consisting at first of velvet ribbon and

a single silver link carved with the initial of the giver and gradually being added to with other links till the bracelet is complete.

The vogue of the moonstone is illustrated in a number of dainty necklets and pins. A very appropriate ornament for the afternoon reception frock is a platinum brooch mounted with diamonds, which cluster effectively round the central moonstone.

The effect is very pretty. The novelty girlies, which appear on some of the most exclusive dinner gowns, give an explanation for the handsome "daggers" pins of platinum-set diamonds now being shown.

LARGE CONGREGATIONS AT HARVEST SERVICES

St. John's Church, York Mills, Nicely Decorated and Choir Wore Surplices.

There were large congregations at the various harvest services at St. John's Church, York Mills, yesterday. The church was decorated with fruit, flowers, grain and garden produce, and two unusual features marked the service, namely the introduction of a surplice choir of sixteen members; the unveiling of a tablet containing the names of twenty odd members of the congregation who came under the title of "For King and Country" and who have gone to the front, including three colonels and others in various ranks of the service, all members of the congregation.

For a small parish there is no better roll probably in Canada.

Another feature will shortly be added in the use of electric light in this one of the most venerable churches in the Toronto diocese.

LADIES' MUSICAL CLUB.

The Ladies' Musical Club of Victoria, B.C., have recently purchased a beautiful semi-grand piano from Ye Olde Firme of Heintzman & Co., Limited. The wonderful tone of this instrument was the deciding factor in the choice of this famous piano.

LIFE OF SERVICE IS CHRISTIAN AIM

Rev. John MacNeill Opened University Series at Convocation Hall.

RELATION TO SOCIETY

Problems of Existence and Their Solutions Interpreted to Students.

"We do not thank anyone to come here and to give us honors and then tell us that Britain was equally to blame with Germany for this war," said Rev. John MacNeill of Walmer Road Baptist Church, in the course of his sermon at Convocation Hall yesterday morning, opening the series of university sermons, in the absence of President Falconer, who was unable to perform this function on account of ill-health. The minister's statement aroused loud applause from the audience of nearly 1200 people within the hall.

Touching on Britain's unpreparedness to engage in such a struggle as compared with the Teuton preparation of 40 years for just such a happening, Rev. Mr. MacNeill said that Britain was making one of the greatest sacrifices of the ages in undertaking to enter the hellish business of war, to render to the nations the things that were the smaller nations, and to God the things that were God's.

The questions relating to character, conduct and destiny which were asked of Jesus on the Tuesday before the crucifixion formed the subject of the sermon, treated from the standpoint of a man's relation to society, and the entire meaning of life itself. Conduct was always the outgrowth of character, said the preacher, and destiny was an outgrowth of both. While the asking of questions by either individuals or nations was often a sign that nothing great could be expected of them, the spirit of questioning was also characteristic of youth, and particularly so of students.

"Some of the cardinal questions that are bound to throng the gateway to the soul are those that were addressed to Jesus. They were great questions put by small men in a small way," said Mr. MacNeill. "The three queries were whether it was lawful to give tribute to Caesar, whether there was always the outgrowth of the great commandment was. These questions struck to the very depths of the problem of the human mind has to face, he declared. "Seen was His penetration, so vast and comprehensive were His words that they did not dare to question Him any further."

"This was because He had fathomed all the mysteries that puzzle men and because He had laid bare all the quivering centres of life.

"What is after all the key to our life and what is its hidden meaning?" was in effect the question which Jesus set himself to answer," said Rev. Mr. MacNeill. "The total inadequacy of wealth, learning, greatness and pleasure to satisfy the longing of man was impressed upon the congregation. "Mere learning will leave life's chamber lone and cold and unlighted," he said. "Life must rest upon the eternal love of God to be permanent and satisfying. There has been no age in the world that the problem of Caesar has not confronted men. This question represents the question of our relation to the organized life of society. We are bound by great obligations to society, and no man can live unto himself."

"What relation will I be to society of which I am a great and component part?" was the question that the individual was asking of himself. "There were three attitudes that could be taken—that of the tyrant who sought to get and not to give, that of the parasite, either of the idle rich or the idle poor, and finally the attitude taken by Jesus who lived not to be ministered unto but to minister. It was the spirit of service," Mr. MacNeill declared, "that had inspired hundreds of students to go out to fight on the battlefields of France, and it was a like spirit that had made women give up what was dearer to them than life itself in allowing their husbands and sons to go, with the risk of enduring a living death during the rest of their existence. It was the spirit of service that had inspired Britain to enter the war, to establish the rights of small nations and their relation to the rest of the world."

To the Sadducees Jesus said that He was the God of Abraham, Isaac and Jacob, and said that He was the God of the living and not of the dead. "Does

service terminate in a cul de sac, and does life end in a blind alley?" enquired Rev. Mr. MacNeill. "The future is certain. Beyond that word of His there is no need that we should ask Him any further questions. Let us yield ourselves to His lordship," concluded Mr. MacNeill, "and we shall partake with Him in that life of the soul where all questions shall be put to rest."

ANSWERING APPEAL TO HELP RED CROSS

Women for Patriotic Service Decide to Devote Share of Opera Profits to Society.

The sub-committee of women for patriotic service, under whose auspices the forthcoming engagement of the Boston Grand Opera Company and the Pavlova Ballet Russe is to be held at the Arena, has decided to devote its share of the production of "The Dumb Girl of Portici," on Oct. 21 (Trafalgar Day), to the Red Cross. This action was decided on as a result of the appeal calling on the empire to make generous donations to the Red Cross on the anniversary of Nelson's death.

The women's committee has the duty of designating what disposition shall be made of the funds donated by the Boston Grand Opera, and has made the above decision. It has also been decided that prior to the raising of the curtain on the opera, on Oct. 21, there will be a patriotic demonstration by the company appropriate to the anniversary.

FRENCH AEROPLANE SQUADRON BOMBARDS AVIATION GROUNDS

More Than Three Hundred Shells Were Dropped on Objects Aimed at—German Batteries at Westende Bombaraded.

PARIS, Oct. 2.—A squadron of 65 French aeroplanes today bombarded the railway station at Vouziers and the aviation grounds near Chalange, according to the official statement issued tonight by the French War Office.

The test follows: The heavy artillery has co-operated with the British fleet in the bombardment of the German batteries at Westende, Belgium. An intense bombardment by both sides has occurred to the north of the Choleira farm, and to the south, in the direction of Sasignoul.

Enemy Thrown Back Across Niemen Near Lubetch—Flee Before Cossacks.

PETROGRAD, Oct. 31.—(Via London.)—The following official communication from general headquarters was issued tonight:

A German offensive near Dvinsk, in the region of the railways, southwest of Minsk, was repulsed by our fire. On the line Lakes Darnovo, Drietliar and Boginskole there has been an artillery action.

In the district of Greenstahl, north of Lake Drietliar, the Germans, after having been cannonaded by our artillery, fled, evacuating the Village of Tyja. An attempt by the enemy to cross the River Drietliar, between the Villages of Paliar and Koripheki, south of Lake Obolo, failed. Our cavalry expelled the Germans from the Village of Borosoud.

THIS WEEK AT THE THEATRES

Famous Picture Still Playing

Commencing what looks like another week of capacity business, "The Birth of a Nation," the extraordinary photo-spectacle, now playing at the Alexandra, inaugurates the third week of its record-breaking run with a matinee this afternoon.

Tonight's Night Coming

With dainty and charming melodies by Paul A. Rubens, composer of "The Sunshine Girl" and "The Girl from Utah," with such fascinating favorites as Rena Parker, Audrey Maple, Dorothy Maynard, Alice Gordon and Ethel Maude, as its sirens of song and comedy, with such fun-makers and vocalists as Cyril Chadwick, Alfred Hemming, Stewart Baird, Wilfred Seagram and Cecil Ovelly in its masculine ranks.

Thurston at the Grand

Thurston, the magician, who will appear at the Grand this week, is presenting a new program of features this season that demand an exercise of gray matter that should entitle its possessor to a very high seat in the councils of the highbrows.

THURSTON, THE MAGICIAN. At the Grand this week.

Julian Eltinge Coming

"A bewitching circus of fun and fashion" is the enthusiastic description given to Julian Eltinge's newest musical comedy, "Cousin Lucy," written for him by that famous dramatist, Charles Klein, who went down on the ill-fated Lusitania. His company this season includes such stars as Dallas Welford, Jane Oaker and Mrs. Stuart Robson.

MOLLIE WILLIAMS. With Manchester's Burlesque Co. at the Gayety Theatre.

Gabriel at Hippodrome

The clever juvenile comedian, Master Gabriel, and his talented company, will present a great children's offering at the Hippodrome this week, entitled "Little Kick." The theme of the feature serial, "Neal of the Navy," is so different from the usual adventure pictures that it is doubly fascinating.

THANKSGIVING CONCERT.

It would be difficult to conceive a finer combination of artists for a patriotic concert than the group engaged by Mr. Campbell for his annual Thanksgiving concert, in Massey Hall, on Monday evening, Oct. 11, and it would scarcely be possible to construct a finer or more appropriate program than has been arranged for that occasion.

LILLIAN GISH as Elsie Stoneman, in "The Birth of a Nation," at the Alexandra this week.

"Cabra" at Strand

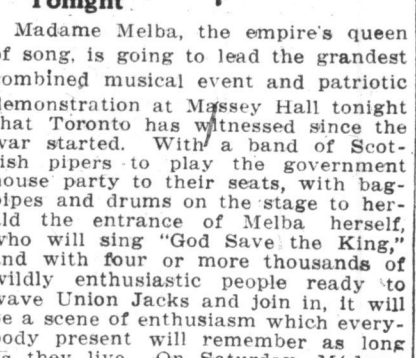

For the whole of this week, "Cabra," for which the claim is made that it is the most marvelous spectacular production ever filmed, will be presented at the Strand Theatre.

Hermine Shone at Shea's

Edgar Allan Woolf's sly playlet, "The Last of the Quakers," with that clever actress, Hermine Shone, and an all-star cast, will headline the bill at Shea's this week.

Fun at Loew's Theatre

Fun in large quantities and in satisfying variety will dominate the new bill at Loew's Theatre this week. It has been a long time since the management has had the pleasure of announcing so much laugh material in one vaudeville bill.

A PRECARIOUS SEAT

A Revolution in Canadian Banking Now Unfolding

During the past few months, our banks have been subjected to a galling fire of criticism, especially in the west. Premier Scott of Saskatchewan, and Premier Scott of Saskatchewan, and Premier Scott of Saskatchewan...

From another issue of The Bulletin we read: Premier Scott struck a note that will reach throughout Canada when, at the luncheon of the Industrial Association, he spoke of the need of such revision of the banking law as will break the monopoly that now holds the commerce and industry of the country in a relentless grip...

Whether the banks in their anxiety to prevent national currency getting into circulation will themselves assume the burden of advancing \$100,000,000 to the western farmers on wheat as collateral remains to be seen. But they will have to either find or cut bait. They cannot stand off the farmer or hold up the situation. If the banks refuse to put into operation the machinery furnished by the Dominion Government in 1914, then the Dominion Government will do so.

The Calgary News-Telegram also deals editorially with the subject in the course of an article entitled "Trouble Ahead of the Banks." The News-Telegram says: The explanation of some of the local banks of their discrimination in favor of the rich against the poor. Why do they charge the man with an account of less than \$200 the sum of fifty cents a month, while they allow the man with the account of more than \$200 to escape this charge?

The Peterboro Review, which is credited with reflecting the views of Mr. J. H. Burnham, M.P., resumes the recent statement given to the press by Finance Minister White in regard to financing the western crop. That statement shows that the banks are in an exceedingly strong position, but according to The Review they are not giving the necessary accommodations to the manufacturers and business men of Ontario and we are told:

Hon. Mr. White's statement is evidence that the banks have been in an exceptionally strong position for some time. They have also held an abundance of capital. In spite of this strong position, they continue to refuse to legitimate business which is doing the country, particularly in eastern Canada. It is in eastern Canada where wages are not paid regularly and where cash is

required; yet the banks, having ample for the country's needs, use the western grain crop as an excuse for withholding credit and crippling business. Hon. Mr. White should investigate a few farmers and see whether the banks are supporting Canadian credit in these critical times as the banks in duty bound should do.

A good deal of the foregoing criticism is merely destructive. The situation cannot be dealt with by amending the Bank Act and leaving the Currency Act unchanged. Nothing will answer except the creation of an up-to-date banking and currency system for Canada. No amending of the Bank Act could have solved the problem presented by 150,000,000 bushels of wheat ready for export with no ships to take them. No amendment of the Bank Act can deal with the situation, which disables us from getting our full share of war orders because we are not able to finance the same. Mr. White, however, by using the national credit and by an issue of national currency will take care of the wheat. How can the war orders be financed? In our opinion they can be financed by an issue of national currency. Let the British and French Governments deposit in London for example gold and other securities for the account of the Dominion Government. That will give them a credit in this country, which can be financed by an issue of national currency.

HEAVY BOMBARDMENT ALONG ISONZO FRONT

Italians Report Austrians Wasted Great Deal of Ammunition Without Attacking.

ROME, Oct. 3, via Paris.—The following official communication from general headquarters was issued tonight: Along the entire Isonzo front, from Mont Rombon to Carso, the enemy yesterday wasted a large amount of heavy gun and rifle ammunition; in several districts the action was so precipitate that large shells from distant batteries fell on the most advanced Austrian trenches. However, the enemy's infantry made no effort to advance on any part of the front. Only on the slopes of Mont Rombon did enemy detachments try to approach our lines, but they were promptly repulsed by a well directed fire.

permanently plan we hope to see adopted is the one proposed by Mr. Maclean and often advocated by The World. It may be briefly summarized as follows:

- 1. To deprive the banks of their present power to issue circulation.
2. To create a national bank to be known as the Bank of Canada, in which all the chartered banks would be stockholders, but over which the government would have supreme control.
3. To issue national currency up to \$500,000,000 with a percentage of gold reserve adequate for ordinary purposes of redemption and secured by other collateral, including commercial paper redemptions for the banks.
4. To issue to all the chartered banks, at a merely nominal interest charge, national currency to the amount of their present authorized circulation.
5. To further issue by way of loan to the chartered banks, at reasonable rates of interest, additional national currency, and to freely rediscount, with national currency, commercial paper and other securities discounted by the banks.
6. The Bank of Canada to fix the rate of discount and be the leader in the banking business of the country. No money to be issued, either coin or paper, except by the Dominion Government.

FRENCH AIRSHIP ALSACE DESTROYED BY GERMANS Big Dirigible Brought Down in Rethel District and Crew Captured.

ROME, Oct. 3, via Paris.—The following official communication from general headquarters was issued tonight: Along the entire Isonzo front, from Mont Rombon to Carso, the enemy yesterday wasted a large amount of heavy gun and rifle ammunition; in several districts the action was so precipitate that large shells from distant batteries fell on the most advanced Austrian trenches. However, the enemy's infantry made no effort to advance on any part of the front. Only on the slopes of Mont Rombon did enemy detachments try to approach our lines, but they were promptly repulsed by a well directed fire.

WESTON WON FINAL FROM ORANGEVILLE

ORANGEVILLE, Oct. 2.—The final game in the O.A.L.A. intermediate championship, played here this afternoon, between the Dufferins and Weston, was won by the latter club in a strenuous contest by a score of 4 to 2. There was a record attendance, estimated at two thousand. Play started at 2:30, the first game being scored by Weston in some rapid combination work, Ramshaw doing the trick. Ewing of the Dufferins and Riley of Weston kept up some shadow-checking and were sent to the fence for their com-ming play. J. Coulter scoring. The quarter ended with some unexpect-edly heavy body-checking by Weston, with 2 to 0 in their favor.

The next quarter was noticeable for the fine work of little Chapman of the Dufferins at cover-point. Chapman was right on his check, Gordon Coulter, thro-ugh the game, playing stellar lacrosse, and was frequently second to none in the mix-up and was off for five minutes dur-ing Weston's aggressive play. Ewing, who was pushing check Dicker today, and so closely and hard the Weston man re-sisted, he had played when he made an ex-celent play. Cushing and Scott were also off in this quarter, when Weston scored two more goals. Dicker went down from a severe body-check from Cushing, and both players were subsequently penalized for too vigorous attentions to each other. This quarter was of whirlwind variety, and some of the play assumed a rough ten-dency at times, and hard checking con-tinued. The visitors showed signs of fatigue and were unable to exert the best Dufferins when they secured the two Weston players again. In this quarter the Dufferins assumed a rough ten-dency towards Bythe Brown, and at-tempted to play when he made an ex-celent try for a score, and the Orangeville players resented this, and their sportsmanship on the field. The quarter was withdrawn and the play proceeded. The score does not indicate the play, as Dufferins had much the better of the play in the last half, when the Weston goal training under attack. The Weston team is much heavier and more ex-perienced players. The Dufferins put up a very good game, and are confident a goal is entitled to the honors on the ground. The locals are all young players, and good lacrosse players. The line-up: Weston (4)—Goal, Rowntree; point, Holly; cover, McEwen; inside, Dick; side, J. Coulter.

Orangeville (2)—Goal, Booth; point, Cushing; cover, Chapman; inside, Cran-son; Scott; centre, Stevenson; home, Weston; O. B. Brown; J. B. Brown; out-side, O. B. Brown.

Referee—Frank Doyle.

Successful Tryout For Dunlop Trophy

Forty-one riders started in the free-for-all 15-mile handicap race of the Bicycle Riders' Association, held on Satur-day afternoon, at Danforth and Pape ave-nues.

The scratch men displayed great form and made good time against big handi-caps. The event was a try-out for the Dunlop Trophy race, which will be held Saturday, Oct. 3, at Exhibition Grounds.

C. Coleough, who had a four-minute limit, finished first in 42 minutes. He was closely followed by B. Dods of the Clas-sic Bicycle Club. H. Andrews of the same club was a strong third. Of the second lot, G. McKellan was awarded the time prize. F. McCarthy was the winner of the second time prize, and H. Martin third. Gordon McKellan was the first scratch man to finish.

Time prizes: R. Brady (2 min. hon), time 41:45; G. Gordon McKellan (scratch), time 41:55; F. McCarthy (scratch), time 41:55. First man to finish—C. Coleough, time 42 min.; 2. R. Dods, 45:15; 3. H. Andrews, 46:00.

BETHLEHEM STEEL PASSES RECORDS

General Motors, Too, Kept Pace on New York Stock Exchange.
PETROLEUMS ALSO UP
American Woolens, U.S. Cast Iron Pipe, Pressed Steel Car Favorites.

NEW YORK, Oct. 3.—Today's session at the stock exchange furnished a fitting close to one of the most active weeks in the history of that institution. At the outset there were signs that the movement in the specialties had run its course, temporarily, at least, but before the end of the first hour heavy trading was again in full swing. The second hour was even more active, the short market recording a turnover of about 10,000 shares.
Of this amount Westinghouse contributed about 25 per cent, and U. S. Steel and American Car and Foundry the rest. Westinghouse was the all-absorbing feature for a time, adding a total of almost seven per cent to yesterday's substantial gain at the maximum of 1 1/2%. American Woolens, U. S. Steel and American Car and Foundry also made greatest stride shortly before the close, the equity for this stock sending the price up by least five points to 35 1/2. American Woolens, U. S. Steel and American Car and Foundry also made greatest stride shortly before the close, the equity for this stock sending the price up by least five points to 35 1/2. American Woolens, U. S. Steel and American Car and Foundry also made greatest stride shortly before the close, the equity for this stock sending the price up by least five points to 35 1/2.

WHEAT ADVANCED ON SHARP DEMAND

Official Announcement of Poor French Crops Stimulates Trading.
HIGH FREIGHT OFFSET
Rains in Canada and Forecast of General Showers Also Stiffened Prices.

CHICAGO, Oct. 3.—Official announcement of a big falling off in the volume of the French crop gave considerable strength today to wheat prices here. The market closed strong, 1 1/2 to 1 3/4 net higher, with December at 84 1/2 to 86 1/2, and May at 85c. Corn finished 1/2 to 1/4 under last night, unchanged, and provisions at an advance of 1/16 to 1/8.
Buying impetus in the wheat pit became the most apparent after the attention of traders had been directed to the prospect of greatly increased imports being needed in France. The inference was drawn by a leading Chicago authority that as much as 150,000,000 bushels would have to be shipped from other countries to meet French requirements. It was further asserted that even the German forces in France were evened out by the fact that the French zone was not saved for the civilians of that area. In this connection, however, the fact that freight rates on the Atlantic had reached the highest point ever known exercised somewhat of a restraining influence on the bulls.
Rains lifted prices. A forecast of general showers over the entire domestic area, and the fact that the market had most from a number of speculators were free sellers on the advance, no pronounced bearish result was at any time noticed, and the close was at virtually the same level of the previous day.
Corn weakened enough to touch the lowest prices so far this season, the favorable weather acted as a stimulus to the sellers, but covering by shorts was at times sufficient to bring it back to higher prices in the morning.
Oats remained almost stationary. Corn higher prices in the morning, but no abatement in the export demand for cured meats.

OVERCROWDING ON ST. LAWRENCE YET

Wagon Section Too Small to Handle Business and Some Stay Out.
NOT MANY POTATOES
Continued Wet Weather Has Had Bad Effect Upon Ontario Crop.

Notwithstanding the fact that it rained heavily Friday night, making the country roads very bad, the farmers and market gardeners of the St. Lawrence Valley section of the St. Lawrence Market Saturday—quite a few wagons having to line the street Market street. Get busy Mr. Commissioner and solve the overcrowding problem.
Potatoes were noted for their absence; most of the crops having been ruined by the continued wet weather. The few necessary vegetables have again advanced on the wholesale, selling at \$1.15 per bag on Saturday, an advance from 35c to 45c per bag in a little over a week, and they are expected to go still higher; some of the authorities expect they will reach the \$2 per bag mark very shortly.

THE POINTS ADVANCE IN DOMINION BRIDGE

Flight in Montreal Stock Market Gave Occasion for Spectacular Trading.

MONTREAL, Oct. 2.—A nine-point rise in Dominion Bridge during the morning of Saturday morning furnished the local market with the most spectacular trading witnessed in several weeks. Upwards of 4500 shares changed hands, and the stock advanced from 144 1/2 at the close on Friday to 153 1/2 in the final deal on Saturday. The close was at the new high, 153 1/2, bid for more stock, and no offerings under 154. The advance continued thru the morning with the market showing a long period into renewed life, was based on circumstantial reports as to the growing volume of business which the company is handling in its war munition department.

DEAL SAID TO BE ON FOR PETERSON LAKE

H. B. Mills, in his weekly letter, says: "The balance of the market attracted but little attention. Iron was a shade firmer at 47 1/2, and Scotia firm at 88. Car sold as high as 110 for broken lots. Steel of Canada was down 1/2 to 3/4. Carriage gained 1/2 to 3/4. Shawinigan was 1/2 lower at 128 1/2. Total sales 7048 shares, 1000 mining shares.

TRADING ON SATURDAY WAS THAT OF THE USUAL WEEK END CHARACTER.

The usual Saturday's amount of business was transacted on the Standard Exchange at the week-end. Prices advanced during the session were not material, and only in a few instances as shared an actual demand were there any advances. Most of the dealing was among the room traders, who sought to even up their books. The market was devoid of any special feature, and dealings were made on the technical position of speculative accounts.
