CROOKED VIADUCT NOW STRAIGHT ONE LATER ON

Civic Guild at Conference Anxious to Impose Pet Scheme on People—Com- mittee Will Arrange to Present Project Soon as Possible.

After two hours' discussion of the viaduct question in general, a representative meeting, which was called by Mayor Geary for that purpose yesterday afternoon, decided to leave the matter in the hands of a committee consisting of: H. R. Frankland, chairman; W. F. Maclean, M.P. Dr. Charles B. Sneath, J. M. Lyall, C. H. Beavis, Strachan Johnston, and J. B. O'Brien. The committee will meet within a few days and decide upon which course to adopt.

Each of the four schemes presented has an advocate on the committee and in that way a good percentage of the friction will be done away with and the best scheme adopted. It was decided that a straight viaduct will eventually be built even if one of the other plans is adopted now. The guild's representative's remarks suggested that that organization realized that some day a straight viaduct must come, but that they hoped to sidetrack it by their "Roseale first" proposal.

There was no objection raised regarding the erection of the proposed bridge spanning the Don and connecting Danforth-road with Dale-avenue. The plans all provided for a viaduct at this point, the discussion being confined to the advisability of a straight, diagonal or curved highway from there westward. The majority of those present favored the straight viaduct and as this scheme was defeated on January first, by a small vote, Mayor Geary thought it best to make some provision for educating the people further on the matter and having it brought to a head rather than letting the matter linger on until near the end of the year. It is the desire of the mayor that if a viaduct is to be built it be commenced as soon as possible.

Four Plans Suggested.
The first plan submitted provided for the span connecting Dale and Danforth-avenues. The cost was estimated as follows:
Concrete structure, \$1,270,000; steel trestle, \$228,000; steel arch, \$1,116,000.
The second plan was the straight viaduct and provided for a thru thoroughfare from Bloor-street to Danforth-road. The cost estimate was:
Concrete, \$1,400,000; steel trestle, \$384,000; steel arch, \$1,750,000.
The third plan was proposed by J. M. Lyall and was practically the same as one submitted by Engineer Rust some years ago. It provided for an east bridge and connected Bloor-street by means of a boulevard to the north of Howard-street. This boulevard would be 34 feet wide and according to the proposer it would be more picturesque than the other plans. The cost would be:
Concrete, \$1,200,000; steel trestle, \$220,000; steel arch, \$688,000.
The fourth scheme was that advocated by the Civic Guild and provided for a bridge connecting Howard-street with Parliament-street. The estimated cost:
Concrete, \$222,000; steel trestle, \$517,000; steel arch, \$750,000.
In speaking for the Civic Guild J. B. O'Brien said that it appeared as if his association had been fighting against the viaduct, while it was really favoring a viaduct scheme, but could not see eye to eye with those advocating the straight road. He thought that to build a bridge connecting at the north end of Parliament-street would be all that is necessary for the next decade and possibly for all time. "If at some future date a viaduct can then be built, but for the present a bridge connecting with Howard and Parliament-streets, is sufficient," said Mr. O'Brien.

"The Flag That Braved"

OTTAWA, Jan. 18.—(Special.)—Hon. H. R. Emmerson arose in the house this afternoon with a sort of "the-Lord-hath-delivered-mine-enemy-into-mine-hand" twinkle in his eye, when E. H. Bradbury (Selkirk) introduced a bill to prevent the defacement of the national flag for advertising purposes. But before he finished the laugh was rather on the other side.

"The Union Jack has been put to baser uses than those mentioned by my hon. friend," he began. "I think there should be some provision to prevent the defilement of the flag for political purposes. A card was distributed thruout Canada during the late election which bore on its face the Union Jack and the Stars and Stripes, and underneath the inscription: 'Under Which Flag?' (Loud government applause.)

"My hon. friends seem to gloat over the flag being put to such base uses," he continued. "We should have one flag for all parties. (Renewed Conservative cheers.)

"Those who attempt to reserve the monopoly of the flag to one political party should be made to suffer penalties which I will not at this present moment attempt to characterize." (Laughter.)

CIVIL SERVICE PROBE WORRIES OPPOSITION

Emmerson and Guthrie Profess Fear Partizanship—Crothers Scores on Interrogators.

OTTAWA, Jan. 18.—(Special.)—The opposition again got mightily worked up to-day over the bill of Hon. C. J. Doherty to amend the Inquiries Act by authorizing the delegation of the powers of commissioners to various experts "and other qualified persons."

To the philippic of Hon. H. R. Emmerson, or what he described as the peridy of the government, Hon. T. W. Crothers replied that he forgot that a provision had been on the statute books for 25 years, providing for such delegation of authority in a departmental enquiry. The present bill extended this to all investigations.

"The government has been wasting many millions. I speak of course, of the late government. The new government has not had time (opposition laughter). When this government is making an honest effort to constitute a commission with absolutely necessary powers honorable gentlemen opposite from the leader of the opposition down are absolutely opposed to the very principle of it."

Called Commission Partisan.
Hugh Guthrie (St. Wellington) described the Motion commission as "a highly partisan tribunal." It was a very different matter, he said, for a minister in a merely departmental enquiry to depute his powers, and to ap-

FRANCE MAY STOP WAR IN TRIPOLI

Annoyance Over Seizure by Italians of Mail Steamer Containing Aeroplanes Prompts Action.

PARIS, Jan. 18.—(Can. Press.)—France is beginning to show considerable annoyance concerning the seizure of the steamship Carthage by Italian war vessels. It is asserted with emphasis that the arrest of the vessel was entirely unjustified in the first place, because aeroplanes were not mentioned in the list of contraband articles furnished to France by the Italian Government at the outbreak of the war between Italy and Turkey. In the second place the conference of London, in 1909, declared that aeroplanes were only conditional contraband and were not liable to seizure, when found on board a neutral vessel, unless it was proved they were intended for the enemy.

The aeroplanes which was found on board the Carthage was purely for exhibition flights in Tunis, Egypt, and Greece, while the portions of an aeroplane also seized were for purposes of repair.

The third point raised is that the Carthage was a mail steamer, the seizure of which was a violation of The Hague agreement of 1907. The French parliamentary group for the promotion of international arbitration, at a meeting to-day, presided over by Baron d'Estournelles de Constant, voted that incidents like the Carthage affair establish the necessity for bringing the Turco-Italian war to an end. The meetings passed a resolution to ask the French Government to intervene in order to put a stop to the conflict.

CAN'T SCARE CHURCHILL

Belfast Meeting Will Be Held Despite Preparations of Anti-Irish Riots

LONDON, Jan. 18.—(Can. Press.)—It has been ascertained in official quarters that Winston Spencer Churchill, first lord of the admiralty, declines to modify his plans, and will fulfill his engagement to speak at Belfast on the question of home rule, notwithstanding the threats made against him. Preparations for the meeting, which is to be held on Feb. 8, continue. John Redmond is to speak at the same meeting, and the Unionists promise that steps will be taken to prevent the meeting from being held.

The Right Hon. Walter Hume, president of the board of agriculture, speaking at Newcastle to-night, said that Lord Londonderry, ex-viceroy of Ireland, was at the head of a conspiracy to prevent free speech at Belfast. If, indeed, he realized, he declared, the responsibility would be London's.

RUBBED IT IN BY AIRSHIP.

TRIPOLI, Jan. 18.—(Can. Press.)—An aeroplane sent out from the Italian quarter dropped a manifesto into the Arab camp to-day, announcing the Italian victory in the Red Sea, near the Bay of Kufayda, when Italian warships sank several Turkish gunboats.

TOBRUK, Jan. 18.—The Turks appeared in force several times yesterday, but remained at a distance from the Italian line. They were dispersed with shells from the batteries.

WOULD PARDON M. LOPUKINE.

ST. PETERSBURG, Jan. 18.—(Can. Press.)—The press is urging a revision of the trial of M. Lopukine, a former director of police, who was sentenced in May, 1909, to five years' imprisonment at hard labor on a technical charge that he was a member of the revolutionary organization.

PEACE OR WAR WITH MINERS?

BIRMINGHAM, Eng., Jan. 18.—(Can. Press.)—At a brief meeting of delegates of the miners' federation to-day the chairman, Enoch Edwards, M.P. for Hanley, spoke in favor of conciliation and avoidance of a strike, but the federation executive, which remained in secret session until late to-night, reported that it was unable to agree on what policy to recommend, and adjourned until to-morrow.

MONGOLIA NOT ON MARKET.

ST. PETERSBURG, Jan. 18.—(Can. Press.)—The rumor that China has offered to cede Mongolia to Russia in return for a loan of 100,000,000 taels, is officially denied.

A LITTLE OUT OF SEASON.

The rain yesterday almost suggested the coming of the good old summer time, but that splendid season is away off just the same. There's a zero blast on the way now, so the weather men say, and the Dipen's clearing sale of furs should appeal to you, because of the wonderfully low prices and the quality of the goods offered.

WHERE HE GETS HIS BUMPS.

PARTY WITH UMBRELLA: Stop it!

Washington Hears of Ontario's Cheap Power

Distribution by Government Cuts Rates as Compared With New York State Says Gen. Greene—Want Unlimited Importation of Power From Canada.

WASHINGTON, Jan. 18.—(Can. Press.)—Representatives of the Niagara Falls Electric Power Companies were heard here to-day by the house foreign affairs committee, upon the proposed regulations for future use of water for generating electricity.

The cheapness of power in Canada was emphasized by Gen. Francis V. Greene of the Ontario Power Co. Gen. Greene's company sells power to the hydro-electric commission of Ontario for \$8.40 per horsepower, while the same power is retailed by the company at \$25 in Rochester, N. Y.

The cheap Canadian power was made possible by the governmental distribution, he said. The power manufacturer declared that power distribution must be a "legalized monopoly" and urged regulations that would permit the development of the full extent of power and the importation of Canadian power under proper regulations.

Can. Ruin Cataract.
Rome G. Brown, attorney for a Niagara company, stated that the owners of power rights were legally entitled to exercise waterpower rights to their full extent, even though it took all the water from the Falls. Representative Barthold of Missouri retorted that the people were more interested in saving the Falls, than in considering rights of power companies.

The foreign affairs committee is considering prospective legislation under

international treaty to succeed the Burton law, which will expire March 1. O. E. Fleming of Windsor, representing a power company, said that the Canadians believe the treaty itself, as the supreme law, would permit the unlimited importation of Canadian power. The Burton law limits the importation of 100,000 horsepower.

Policy of \$5,000,000 Lasts Three Hours

Will Guarantee Bank Against Inroads of Robbers While Securities Are Under Removal.

NEW YORK, Jan. 18.—(Can. Press.)—A \$5,000,000 insurance policy, the life of which is three hours, was issued to-day to guarantee a New York banking house against loss by highwaymen during the transfer from the burned Equitable building of a fortune in cash and securities which must be carried for six blocks thru the streets. Although the surety company which issued the policy takes the risk of loss during the three hours which, it is estimated, will be required for the transfer, the actual work of protection devolves upon the city, for a squad of police will be the only guards. The surety company called the policy a "hold-up and robbery policy," and receives \$500 for the risk.

LOOK HERE, CITY FATHERS!

The gentlemen who are opposed to Sunday tobogganing and who motored out to the slides recently, most of them with hired chauffeurs, on the Sabbath, are said to have some friends in the city council. It will interest the people to know just who these adherents that oppose Sunday tobogganing are.

The average Toronto man is getting very tired of the attempts of certain busy-bodies to interfere with his personal liberty, and it is likely that any members of the city governing body who show any disposition to curtail the rights of the citizens in the use of the parks for clean sport on Sunday will eventually be made sorry for it.

It is this kind of religious intolerance that does more harm to true Christianity and the work of the churches than anything else.

Innocent Sunday sport in the public parks of Toronto must not be interfered with.

MANCHUS URGED TO SUPPORT EMPEROR

Foreign Residents Fear Reign of Blood in Peking To-day When Abdication is to Take Place — Premier Yuan Charged With Leaning to Republican Side.

PEKING, Jan. 18.—(Can. Press.)—The foreign legations are preparing for trouble in Peking to-morrow. The question of the abdication of the throne will be discussed by the emperor dowager and the princes, but it is not thought that Yuan Shi Kai will take part in the conference. A rising in the capital has been looked for many times in the last four months and precautions have been taken in anticipation of it—needlessly, however, and the outbreak may not occur to-morrow.

But it has been long expected that the Manchu irreconcilables would unite in a measure when all hope for the administration had vanished. A placard posted to-night indicated that the Manchu throne may be fulfilled. It calls upon all loyal Manchus and Chinese to resist the abdication of the emperor to the death.

The street near the office of the Chinese Foreign Board, at which Yuan Shi Kai resides, is heavily guarded by the premier's own men, of whom it is said there are 300. Many Chinese who have not yet deserted the city are preparing for flight to-morrow and prominent followers of Yuan Shi Kai are taking refuge outside their own homes to-night, hoping that in the event of a massacre they will not be found.

Think Premier Deceitful.
The charges that Yuan Shi Kai has been disloyal to the Manchus, although pretending to support them, are attracting the attention of foreigners as well as the Manchus and Chinese. Some of the revolutionaries have long been saying that he was working for the overthrow not the salvation of the dynasty. But it has been thought that the charge was designed to discredit the premier with the Manchus. Others charge Yuan Shi Kai with working for his own interests, and that he intended to become dictator, if he did not assume the throne.

The imperialists, who distrust him, point out that he has persistently withdrawn his army, although the trained imperialist troops could easily disperse the untrained rebel volunteers. It is also said that the withdrawal of the army from Nanking was at Yuan Shi Kai's orders.

Was it Manchu Plot?
Whether the suspicions against the premier are false or true, they are given sufficient credence to cause the organization of anti-abdication bodies, against which Yuan Shi Kai has been compelled to act. The movement is said to be a Manchu faction.

So complex, indeed, is the situation, that the foreign ministers no longer attempt to elucidate it for their governments.

HAMILTON HAPPENINGS

WATERS EXONERATED IN MANSLAUGHTER CASE

Motorist's Friends Eager to Extend Congratulations—Fight on Behalf of Chilmann.

HAMILTON, Jan. 18.—(Special).—After two hours' deliberation, a verdict of "not guilty" was returned in the Waters manslaughter case this afternoon. A continuous five-hour session of the court was held in the fore part of the day to finish up the case, which went to the jury a few minutes past 3 o'clock this afternoon.

E. F. B. Johnston, K.C., counsel for the defence, addressed the jury in his vigorous manner for an hour and 45 minutes. Edward Smith, he said, wanted to see the prisoner convicted. The address of the crown prosecutor, H. D. Gamble, K.C., was comparatively brief, and strikingly fair. Justice Tetzels's summing up of the case was considered slightly favorable to the prisoner.

Rush of Congratulations.
Waters was not in the court room when the jurors filed in to deliver their verdict. The decision was quickly communicated to him, however, and a moment later he smilingly entered the court room, and took his seat in the prisoner's dock. When the verdict had been recorded, Justice Tetzels looked pleasantly towards the prisoner, and said simply, "You are discharged, Mr. Waters." Waters had hardly left the prisoner's pen when he was surrounded by a crowd of admirers who congratulated him upon his acquittal. He was kept busy for half an hour afterwards shaking hands with his friends.

Asked Chilmann's Discharge.
When J. D. Chilmann appeared for sentence before Justice Tetzels this afternoon George Lynch-Staunton, K.C., moved that the prisoner be discharged. The decision was taken from the jury on the charge on which Chilmann was convicted, namely, that he received the sum of \$3,732.44, knowing it to have been stolen from the Canad Express Company. Mr. Staunton argued that the money had been stolen by some other person. Counsel cited numerous cases in support of his contention. In case his lordship did not agree with his motion, Mr. Staunton asked that a stated case be granted on this point.

Grounds for Appeal.
Reserve cases were also asked for on the following matter: That his lordship, in instructing the jury, was in error in stating that Chilmann knew of the presence in the express office of the money which was stolen; that the fact that Chilmann had more money than other people could account for, was no evidence that had been stolen; that this train, make it second to none on the continent. The compartment cars have a style all their own, being the latest in construction and appointment. They are electric lighted throughout; absolute privacy is assured; individual toilet requisites, etc.

Will Inspect Toronto.
Social conditions are to be investigated by a World's Purify Commission of which Rev. T. Albert Mine, Rev. Dr. Shearer, Rev. W. A. Atkins of this city and Rev. W. L. Clark, Leamington, are Canadian representatives. They will start with inspection of conditions in Louisville Ky. Investigations are to be made in all the leading Canadian cities.

See the groups of skaters on the Little Victoria Rink reproduced in this week's Sunday World.

Toronto Public School Teachers—Toronto to Chicago and Return, via Canadian Pacific and Washab Rail-roads.
Mr. Jas. L. Hughes, chief inspector, board of education, Toronto, has closed for the Toronto teachers' eastern tour. The party, consisting of Chicago and return via the Canadian Pacific and Washab short line. In all probability a fast day run will be made leaving Toronto about 7:30 a.m. and reaching Chicago 7:30 p.m., Central (Chicago City) time same evening. This time can be made on account of Canadian Pacific short mileage. All tickets and arrangements will be in the hands of Mr. Hughes.

HAMILTON IS GROWING

The Ontario Railway Board yesterday afternoon approved of the annexation of part of Barton Township to the City of Hamilton. On another application to amend a former proclamation, to settle a financial difficulty between the two parties, the board decided that they had no jurisdiction.

BRANTFORD'S POLICE RECORD.
BRANTFORD, Jan. 18.—(Special).—The annual report of Chief of Police Fleming, submitted to the police commissioners here to-day, showed an absence of serious crimes in Brantford during the past year. There were 1815 cases charged during the year, chiefly of a minor nature. The foreign born population was given at 2466, of which fifty were charged during the year. During the year, over \$8000 worth of property was recovered by the department.

ACME OF SERVICE.
Taking into consideration the magnificent equipment supplied by the Canadian Pacific, even at full tariff rates, every day is a bargain day for the travelling public.

Safe for Food Utensils

Old Dutch Cleanser

—is a pure, hygienic, cleanser entirely free from acids, caustics and alkali. Avoid dangerous chemical cleansers—Old Dutch is a mechanical cleanser. Its fine particles quickly loosen and remove all "grease and burn" without leaving a scratch on the surface. Use it on the floors, wood-work and metal work all over the house.

SOCIETY

The opening of the provincial legislature takes place on Feb. 7.

Those wishing tickets for the rose ball, to take place at the King Edward, on Feb. 23, are requested to make their application early, as the number is to be strictly limited.

Lady Walker is giving a fancy dress masquerade this evening at her house on St. George-street.

The Toronto Canoe Club annual dance will take place at McConkey's at 8:30 this afternoon.

The third annual meeting of the West End Crochets will be held at 4 o'clock this evening.

Mrs. Charles E. Good, St. George-street, is giving a dance this evening for her guest, Miss Alice Hennings, Morristown, N.J., and Mr. Lawrence Good.

A surprise party was given last night at the residence of Commander Thomas Law, in honor of Mr. Adrian Law, who has recently returned to Toronto.

The Misses Hagarly return to-day from a visit to Lowell, Mass.

Mr. Moore Cosgrave was in town from R. M. C. Kingston, for his brother's wedding yesterday.

The officers and members of Aura Ice Club are giving a small dance on Wednesday, Feb. 7, at their clubhouse, Avenue-road.

Miss Henrietta Crossman is at the King Edward.

Mrs. O. B. Sheppard gave her annual ball in aid of the Children's Shelter last night, in the Temple ballroom, which was decorated with palms for the occasion. The Princess Theatre orchestra, providing the music after 11 o'clock, in addition to the regular one in attendance. A buffet supper was served from 8 to 11 o'clock, and a most becoming gown of pale blue and silver, with diamond ornaments and bouquet of violets, and roses, her niece, Miss Jordan (Vancouver), assisting her and looking very pretty in burnt orange satin veiled with gold. A few of the notable people present were: The Misses Gibson, Mr. Fellowes, A.D.C., the mayor of Toronto and Mrs. Geary, the Misses Mortimer Clark, Mr. and Mrs. Joseph Oliver, Mr. and Mrs. Hanson, Mrs. Houston, Dr. Sproule, Mr. and Mrs. Leadley, the Misses Beemer, Mr. James Bealey, Mrs. Bonner, Mr. L. Howard, Mr. and Mrs. Bell, Mrs. Eyre, Mrs. Buchart, Mrs. Gallagher, Miss Cartwright, Mrs. Cox, Mrs. Simpson, Dr. and Mrs. Harley Smith, the Earpenses, Mrs. Jephcott, Mrs. O'Regan, Mr. and Mrs. Dalton, Mrs. Rogers, Mr. Jim Murrick, Dr. and Mrs. Goldsmith, Mr. and Mrs. Eastmure, Dr. Richardson and many others.

Miss Gertrude Atherton, the well-known writer, is in Toronto.

Mr. and Mrs. Michael Healy and their daughter are leaving to-day for Southern California, where they will spend the remainder of the winter.

Miss Hilda Borland, Pittsburg, Pa., arrived yesterday to spend a month with Miss Marie Mitchell of Avenue-road, who is giving a tea on Jan. 24 in her honor.

Mr. C. D. Massey will be the toastmaster at the exhibition of foreign pictures at the new galleries this afternoon.

The marriage of Miss Kathleen Maxwell Lyon, daughter of Mr. and Mrs. George S. Lyon, to Mrs. James Forbes Cosgrave, son of Mr. and Mrs. Law-

The Daily Hint From Paris

Black Velvet With Lace.

This is one of the most effective gowns of the season. The velvet skirt, which is attached to a sleeveless waist of white satin, is cut with a seam at each side and very little flare. Its lower edge is trimmed with a band of Irish lace.

Over the satin waist is a jacket of silver lace in rich cream color, and over this a surprise effect of black chiffon, tucked and finished with a wide hem. The edges of the neck and sleeves are finished with black folds and hand stitching. The bust is covered with Irish crochet and a black satin grid with a beaded ornament in white and gold are the finishing touches.

Receptions.

Mrs. R. G. Hunter (nee Ward) post-nuptial, 6 Hampton Court, Avenue-road.

Mrs. Grayson Smith, Hampton Court, to-day.

Mrs. Stuart Macfarland, Hampton Court, to-day.

Mrs. Julius Miles, 120 Cottingham-st., to-day.

Mrs. T. J. Clark, Walmer-rd., not again this season.

Mrs. and Miss Sankey, to-day, at 100 Spadina-rd.

Mrs. W. J. Gage, Barr Air, Bloor-st., to-day.

Mrs. Grey, 31 Brunwick-ave., third Friday in February.

Mrs. Newbold Jones, 111 Spadina-rd., to-day.

Mrs. Robert King, 10 Walmer-rd., to-day.

Mrs. J. K. McCutcheon, Lowther-ave., will receive the first and third Fridays in February, and not again this season.

Mrs. Fred W. Burrows, 77 Walker-ave., will receive on Friday, 19th.

Mrs. Bowman, 608 Palmerston-boulevard, will receive on Wednesday, Jan. 24, afterwards third Friday.

Mrs. C. N. Bastedo, 355 Clinton-st., the first and third Friday until the end of March.

Nickolls—Care.

The home of Mr. and Mrs. Thos. Care, Withrow-ave., was the scene of a very pretty wedding on the evening of the 17th inst., when their daughter, Ethel, became the wife of Mr. Frank M. Nickolls.

University Saturday Lecture.

The second lecture of the university Saturday afternoon course will be delivered to-morrow by Prof. G. I. H. Lloyd of the department of political economy of the University of Toronto, on "Recent Labor Disputes in England." The lecture will be in the physics building, and will begin at 3 p.m.

Old Dutch Cleanser

—is a pure, hygienic, cleanser entirely free from acids, caustics and alkali. Avoid dangerous chemical cleansers—Old Dutch is a mechanical cleanser. Its fine particles quickly loosen and remove all "grease and burn" without leaving a scratch on the surface. Use it on the floors, wood-work and metal work all over the house.

WILSON'S INVALIDS' PORT

(A la Quina du Pérou)

postpones indefinitely the encroaching frigidity of advancing years and makes the enjoyment of life possible. It is prepared as a vitalizing tonic as it is a blend of nourishing, building, bracing, palatable ingredients.

The most conclusive evidence that there is no better tonic than Wilson's Invalids' Port is the fact that the leading Canadian Physicians endorse and recommend it to their patients.

It will give you buoyancy of spirit, the firm step of an athlete and make you feel young again.

Dr. D. GILLIESPIE, Cameron St. West, Cannington, Ont., says: "I prescribed 'Wilson's Invalids' Port' for an invalid lady, one 75 years of age, after a long illness from bronchitis and pleurisy, and have pleasure in stating that it was a grand tonic and convalescence, as the lady is now able to be out in the air, and to enjoy the comforts of home life. I consider it an excellent tonic and up-builder."

CRACKED VIADUCT NOW STRAIGHT ONE LATER ON

Continued From Page 1.

convinced that time would look after the straight viaduct, he advocated going on with the eastern bridge at once, there being no objection raised to this, but on the other hand, all plans call for its erection. He advocated going to the legislature immediately and securing the right to issue debentures for the main stem. What the people of the east want in connection with the centre of the city without going down to Queen-street. Mr. Maclean thought the Lyall proposal was a good one in some ways, but that it would not find favor with the Parliament-street people.

Get Started at Once.

There are 400 members of the Riverdale Ratepayers' Association, and only one is against the straight viaduct, and he is a member of the Civic Guild, said Dr. Sneath. He pointed out that a straight viaduct looks better than a crooked one. He also advocated going ahead with the first plan, and then fighting for the rest. "Get started" was his final word.

Ald. Chisholm declared that the viaduct was lost by the efforts of the Civic Guild, and that if the people were schooled a little more on the necessity of the straight viaduct it would carry with a large majority.

The idea of C. H. Beavis, president of ward two association, was to learn a lesson from the past, and build for the future. He cited Wilton-avenue bridge and reminded the meeting that the bridge was made small for the sake of saving money, and that already it had either to be torn down to make place for a bigger one or else enlarged itself. Such was the manner in which the people are going into the viaduct it is a disgraceful thing.

Boulevard Fine for Rosedale.

Strachan Johnston represented Rosedale, and said that while the residents of his district opposed the straight viaduct, they favored the scheme as advanced by Mr. Lyall and would support it. He thought that when the city is going into a scheme of this kind it should aim at beauty and usefulness, and he thought that the boulevard plan would be very artistic.

The straight viaduct has been defeated three times, Ald. Hilton has not become discouraged, but feels sure that when it is put to the people again it will carry. A straight viaduct with proper architecture will not spoil Rosedale, but add to the beauty of that section of the city.

Richard Wallace, Ald. Saunderson, Angus Sinclair and J. Langton also spoke. Messrs. Wallace and Saunderson thought that as the west had always had what it wanted the east should now have some consideration.

The committee appointed will hold a meeting in the city hall in a few days, at which the city engineer will be in attendance to render any information desired as to estimates, and so forth.

Debate at De La Salle.

The De La Salle ex-pupils debate to-night at 8 1/2 o'clock, with St. Joseph's C. L. & A. A. in the Institute Hall, 28 Duke-street. The resolution: "British Settlements have accomplished more for Great Britain than her Army and Navy" will be sustained by Messrs. W. M. Strogan and W. L. Maloney.

University Saturday Lecture.

The second lecture of the university Saturday afternoon course will be delivered to-morrow by Prof. G. I. H. Lloyd of the department of political economy of the University of Toronto, on "Recent Labor Disputes in England." The lecture will be in the physics building, and will begin at 3 p.m.

EARLS COURT BAPTISTS

At the annual meeting of the Earls Court Baptist Church, Rev. J. L. MacLeod, pastor, held recently, the following were selected to hold the office for the ensuing year: Church clerk, Wm. Newman; treasurer, Wm. Lutton; secretary, Messrs. Jones, Newman, Smith, Lutton, Granger, and Smith. The work in the church for 1911 shows considerable gain over 1910. The Sunday school is active and progressive, and the E.Y.F.U. has a membership of thirty-five and the boys' club sixty. The gross income from all sources was about \$600.

QUEBEC LEGISLATURE LINEUP.

QUEBEC, Jan. 18.—(Can. Press).—After a debate lasting eight days, the speech from the throne was adopted by the house this afternoon, the non-confidence amendment of the opposition being rejected by a strict party vote of 56 to 12.

Fire in Rosedale Home.

Fire caused by a defective furnace pipe in the three-story brick residence of R. G. O'Brien at 14 Chestnut Park-road, at 9 o'clock last night, damaged that building and contents to the extent of \$600. The loss was fully insured.

The popular slides at Riverdale Park, thronged with happy young people, are pictured in a series of views in this week's Sunday World.

FRIDAY MORNING, JAN. 19, 1912

A TRAFFIC EXPERT.

Motor buses are the latest method of eking out the deficiencies of the street railway company. They would be operated also in conjunction with the new city lines. There are a dozen other transportation problems now before the city.

The trouble with the whole question is that the man who is supposed to settle these matters does not himself suffer personally from the conditions, and, therefore, do not realize the evil state of affairs that exists.

It is a traffic expert, who will represent the city interests, who will handle the problem as a whole, who will detect the weaknesses and supply the deficiencies, and who will unify the means at hand so as to get the best results out of them.

If the city hall is not working in this way, then a man should be appointed to conceive such a policy and carry it out.

of an ocean canal system with a 35-foot depth, giving access to the head of the lakes. The harbor in Toronto must be constructed on a similar scale.

If Toronto had the energy and enterprise of Chicago this would now be an ocean port. The men on the harbor board, we believe, are big enough to understand that Toronto must be an ocean port. That means we must have an ocean harbor.

What is the use of going to Baltimore or St. Petersburg for a man to be park commissioner in Toronto, who has no better reputation where he belongs and perhaps no good, than the man who fills a similar position here at home?

Mr. Gagnon of New York thinks he could find as good a man in Toronto as elsewhere. If the proposal is to go to New York or Chicago and hire the biggest man in the burgh at \$20,000 a year, well and good. But if the idea is to get a subordinate, no better than Charles Chambers, and put him over the local man because he comes from somewhere else, it is a poor idea.

If we hear he has done his work for some years he would be expected to do in future. As there are no other candidates in sight, the local press should not find it difficult to get the facts and be just to the native-born.

It looks like a warm fight on the toboggan question," says The Star. Well, something warm is needed on a toboggan.

The Star is out knocking the harbor commission constructed under the advice and assistance of the late lamented Laurier government.

The Telegram facts about a Belt Line railway suburban service on page 22 last night, do not harmonize with Telegram theories on page 10. So much the worse for the facts, of course.

Liberal newspaper men and some liberal politicians in view of the absence of any live issues are doing their best to resurrect that very dead corpse—reciprocity. Joseph Fels laid another stone on the cairn when he said: "Between Canada and the United States that reciprocity treaty was a fraud on Canada."

It seems clear that the United States brand of Irishman has lost his sense of humor. G. B. Shaw never invented anything so paradoxical or more ludicrous than the opposition to J. M. Synge's comedy, "The Playboy of the Western World" in New York and Philadelphia. It is true some Dublin men took similar action, but they had local reasons.

Editor World: May I be allowed to say a few words with regard to the running of the street railway cars. I walked on the 8th of this month at Queen and Dundas-streets, from 7.25 o'clock till 7.50 o'clock for a car going east on Queen-street, but the trouble is, I would point out to you, why don't the said company employ a man, who would or should understand his work in these times of trouble and send the driver of the empty cars back into the city? There is a "by" at this point and a car could turn there and go back into the city if there was only someone there to give the men instructions. I am sorry for the passengers who were with me waiting. I wanted to get into the city by eight o'clock so I took a Dovercourt car up Dundas-street to College, a long way to go round to get to the corner of Queen and Simcoe-streets, but the trouble is all of the old men are leaving the said company or getting discharged. For what? For the men instructions. They get a new man on the job for 20 cents an hour, instead of paying a good man, who understands his work and has been doing this for one who put five years in the company's employ.

PRUDENT PREPARATION IN YEARS OF PROSPERITY

"In your prosperity-to-day remember that 100 years must come."—Monetary Times.

The prudent man prepares for the lean years by depositing his surplus during the years of plenty. The easiest, simplest and safest way to do this is to deposit his surplus in a permanent fund like the Canada Permanent, where it will be earning interest. Or, all your receipts may be deposited in the account with compound interest.

CIVIL SERVICE PROBE WORRIES OPPOSITION

Continued From Page 1.

ply it to a "roving or general commission." He wanted the words "or any qualified person" struck out.

Hon. C. J. Doherty replied that in the section of the act dealing with departmental investigations, the word "person" was not even qualified by the word "qualified." If the words complained of were struck out they would be tied down to the services of certain classes of experts mentioned.

Mr. Guthrie evidently looked on the bill as providing means to harass people. Every measure, proposed to discover if wrong had been done, might be regarded by wrong doers as "means to harass." The bill, he insisted, merely provided for persons going into the offices of the government to enquire into the business of the people as being carried on.

Not Scandal Hunting. Hon. R. L. Borden called the attention of the house to the fact that the commission under discussion was founded largely on the terms of one issued some years ago by the late government.

It was not for the purpose of making charges against anyone, or investigating anyone, except in so far as his or their conduct might be impugned in the course of the investigation. The government might have the right to delegate their powers in the manner complained of, but the commission in the public interest.

Wm. German (Welland) thought that while a sub-commissioner might be partisan and at the same time competent, he was certain to be biased. He saw a dark plot in the wording of the bill "to take into consideration" a sub-commissioner might enquire without taking evidence.

He had acted on the expert advice of persons whose conduct was liable to be called into question. The work of the commission should be done by the commission itself.

Hon. H. R. Emmerson suggested that where one of these expert sub-commissioners discovered what he thought to be wrongdoing, another person entirely should be appointed to enquire into the conduct of the person under suspicion. The man who made the discovery would be interested in substantiating his own conclusions.

Hon. C. J. Doherty pointed out that no expert was to be appointed. His duty was to report to the commission who would report to the governor-in-council.

Hon. R. L. Borden: "The ultimate responsibility is with the governor-in-council." The bill was reported with minor amendments.

Correspondents Dismissed. In answer to a question by Alphonse Verreille (Malouneuve), Hon. T. W. Crothers announced that a number of the correspondents of The Labor Gazette had been reported to him as either incompetent or inattentive to duty and had been dismissed without reference to party.

F. P. Fardeau (W. Lambton) will, on Monday next, move for a copy of all correspondence, etc., relating to the proposed winter harbor at Sarvis also with regard to the erection of an armory in the same town.

Alphonse Verreille (Malouneuve) introduced the question of dismissal of correspondents of The Labor Gazette, on the motion to go into committee. He thought the labor men of the country were entitled to know their names and who succeeded them.

W. P. Carroll (Cape Breton) had a lamp turned on him when Hon. T. W. Crothers replied to his enquiry about the correspondent at Cape Breton that he was reported as a good fellow, but not dismissed. He also told of a correspondent who wrote in shortly after the election saying that he expected to be hired, and tendering his resignation.

Right Hon. R. L. Borden exhorted J. H. Sinclair to cheer up. The County of Guysboro, N. S., would be a justice to in spite of the fact that he represented it. Mr. Sinclair had complained of the omission of a vote for the Guysboro railway from the estimates. Hon. Frank Cochrane explained that further surveys were necessary.

Stirred Cochrane's ire. E. M. MacDonald (Picton) stirred Hon. Frank Cochrane to wrath by the statement that his political friends regarded the Maritime provinces as an incubus on the Dominion.

"You've no right to say that," interjected the minister. Cries of "Order" from the opposition.

"I'm only telling the hon. gentleman what his friends in Nova Scotia have been saying," retorted Mr. MacDonald. The premier he thundered, had absolutely falsified his promises to the people of Nova Scotia with regard to transportation.

The house then went into supply. T. W. Crothers scored again when E. M. MacDonald (Picton) enquired why a correspondent of The Labor Gazette named Hay had been dismissed.

"The gentleman in question still holds office." A. Verreille (Malouneuve) expressed the hope that the correspondents re-

WINTER'S CHILL UPSET KIDNEYS

Pains in Back Tell of Congestion Caused by Cold.

You Can Prevent Serious Complications by Using DR. CHASE'S KIDNER-LIVER PILLS

When the surface of the body is suddenly chilled the millions of pores in the skin are quickly closed. Under ordinary circumstances these pores are of enormous assistance to the kidneys in removing poisons from the system. Their failure means greatly increased strain on the kidneys, and frequently congestion, which leads to serious disease.

This explains why kidney troubles are so frequent at this season of the year, and why you require something to quicken the action of the kidneys and keep them in healthful working condition.

Dr. Chase's Kidner-Liver Pills are particularly effective under these conditions, because of their combined action on the kidneys, liver and bowels. The whole filtering and excretory systems are thoroughly cleansed and invigorated, the poisons are removed from the blood and you feel like a different person.

The digestive system does not have half a chance when these other organs are clogged with waste matter and sluggish in action. But once you get the liver and kidneys in right condition, food being digested more quickly through the alimentary canal, your appetite improves, digestion is good and life is worth living.

Dr. Chase's Kidner-Liver Pills, one pill a dose, 25c a box, at all dealers or Edmondson, Bates & Co., Limited, Toronto.

Before Falconbridge, C.J. Britton, J.; Latchford, J. Stone Limited, v. Atkinson Brothers—F. E. Hodgins, K.C., for defendants. J. G. Smith for plaintiff. An appeal by defendants from the judgment of the County Court of York of 9th October, 1911. An action by plaintiffs, designers and lithographers of Toronto, against defendants, importers and manufacturers of fancy goods, Toronto, for recovery of the price of 2500 sheets posters designed by plaintiffs and furnished or offered to be furnished by defendants. Judgment was awarded plaintiffs for \$40 and costs.

Judgment Appeal dismissed with costs. Britton, J., dissenting and thinking the appeal should be allowed and the action dismissed, except as to the amount paid into court, and both with costs.

Before Clute, J. Latchford, J.; Middleton, J. Holman v. Knox—E. D. Armour, K.C., for defendant. W. N. Tilley and R. H. Parmenter for plaintiffs. An appeal by defendants and a cross-appeal by plaintiffs from the judgment of Sutherland, J., of 24th October, 1911. Argument of appeal resumed from

yesterday and concluded. Judgment reserved.

Walters v. Whyte—I. F. Hellmuth, K.C., for defendant. M. J. O'Reilly, K.C., for plaintiff. An appeal by defendant from the judgment of Britton, J., of Nov. 1, 1911. An action for possession of a house and lot in Gimsby Camp grounds, leased by defendant to plaintiff, but which plaintiff alleges were forcibly taken possession of by defendant and that he refuses to give up possession to plaintiff. Defendant alleged that, believing plaintiff was keeping a disorderly house, he was justified in turning her out of possession. At the trial judgment was given plaintiff for possession and damages assessed at \$225, with costs.

Judgment: The 13th section of the act respecting landlord and tenant is applied to this case. The notice, exhibit 4, is clearly not a notice under the statute. There has been no conversion of the goods and the plaintiff ought to be at liberty to take them and the damages should be reduced to \$75. No costs of appeal.

Court of Appeal. Before Moss, C. J. O. Garrow, J. A.; Maclean, J. A.; Meredith, J. A.; Magee, J. A. Ward v. McBride—M. K. Cowan, K.C., for plaintiff. R. McKay for defendant. An appeal by plaintiff from the judgment of a divisional court reversing the judgment at the trial for plaintiff's breach of contract. The judgment at the trial was reversed and judgment reserved.

TEACH MASSES OF CITY DWELLERS TO LIFT THEMSELVES

Dr. John L. Elliott, Noted Social Betterment Worker, Propounds Doctrines of Self-Help—Does Not Believe in Charity.

A heartfelt, inspiring and highly informative address was given by Dr. John L. Elliott, to the Canadian Club Wednesday, on "Human Conservation."

"I bring out of my youth no memory brighter than that of the year spent with him in that work in New York," said Dr. Elliott of Sanford Evans, who operated on religious lines and the university and Central Neighborhood Houses, one in West Adelaide-street, and one at 84 West Gerrard-street.

"Let the women and the work-minds do the philanthropy and the charity," he said. His method is to develop the humanity, the people and to train them to help themselves.

"You do not regard people as human, you see a letter carrier walking down the street. You think of him as a machine for delivering letters. You never think of him getting a letter himself and opening and reading it."

"The American desert itself was not more dreary or more unlovely than the stretches of New York City with its desert humanity. The single workers could do nothing there any more than a farmer with a bucket could irrigate his quarter section."

"When he looked at the human scrap heap he sometimes saw at their heads the fragments that nothing but the stick of the pluperfect is a broken reed to lean upon in time of trouble."

"They spent \$36,000.00 in New York on their school system and most of it was wasted. He heard a teacher trying to teach a little side by side the sign of the pluperfect."

"The greatest undeveloped power in the world is in the masses of the people." These ideas were loudly applauded.

Mining Market Gets Back Into Normal Status---Undertone Firm

Wheat Market Closes on Decline After Early Surge in Prices

Influence of Fullish Argentine News Offset by Disappointing Domestic Developments---Corn and Oats Lower.

CHICAGO, Jan. 18.—Nebraska farmers selling out their wheat to elevators caught the attention to-day of the speculative trade. As a result prices here slid off and the close was easy 1/4 to 1/2 cent under last night. Other leading staples, too, all showed a decided decline—corn 1/4 to 1/2 cent to 1/4 to 1/2 cent, and provisions 2 1/2 to 10c.

The turning point of the day in the wheat pit came on receipt of news from Omaha that elevators had been buying more wheat in the rural districts than for a long time, and that dealers were looking for much increased movement. This enlargement of marketings struck many traders as decidedly significant and prices which before had given no evidence of a lack of strength, displayed a sagging tendency afterwards through the session.

A sudden halt was witnessed in the bull campaign on corn. Profit taking formed an undoubted part of the reason for the setback, but it was also true that eastern buyers had dropped out of the cash market as a result of yesterday's bulge. Besides there seemed every prospect that the long predicted movement to the various central wheat pools would be in full swing, fluctuating between 80c and 85c, closing easy, 1/4 to 1/2 cent lower at 85c. Cash grades were firm.

Northwest Receipts.
Receipts of wheat in cars at primary centers were as follows:
Chicago, To-day, 460,000; Week ago, 450,000.
Duluth, To-day, 100,000; Week ago, 100,000.
Minneapolis, To-day, 100,000; Week ago, 100,000.
Winnipeg, To-day, 100,000; Week ago, 100,000.

European Markets.
The Liverpool market closed to-day on wheat 1/2 cent higher than yesterday, and corn 1/2 cent higher. Paris wheat closed 1/2 cent higher, and Berlin 1/2 cent higher.

Winnipeg Inspection.
Winnipeg receipts of wheat to-day graded as follows: No. 1, 100,000; No. 2, 100,000; No. 3, 100,000; No. 4, 100,000; No. 5, 100,000; No. 6, 100,000; No. 7, 100,000; No. 8, 100,000; No. 9, 100,000; No. 10, 100,000.

ST. LAWRENCE MARKET.
Receipts of farm produce were 200 bushels of grain and 100 bushels of hay. Receipts of wheat were 100 bushels and of hay 100 bushels.

Ontario Grains Hold At Higher Prices

Recent Advances in Domestic Market Easily Maintained—Deliveries Decidedly Restricted.

Ontario grains held decidedly firm in the domestic grain market yesterday, but there were no further changes in the quotations. Small deliveries from country points were reported, and as little business was done, offer very little business was done.

The last week has seen some decided changes in the range of quotations for the produce of the Ontario farmer, and until a material rise movement of market is under way, it is not unlikely that a further reduction in ruling prices, Ontario wheat is firm at 80c to 82c, delivered at outside points, and the incoming of a demand of any consequence might easily raise the quotation still higher. In specific instances where liquidation was most pronounced, values showed a tendency to sag, but these were too limited in range to be accepted as characteristic of the whole list.

Compared with the violent fluctuations of the past few days, such changes as were made were almost negligible. Hollinger was off to 41 1/2, and Praeger, which dropped to 41, but recovered a portion of its loss later in the day.

The little progress shown by the market was not due to any material progress either way. Dome Extension sold between 38 and 40, and closed at 38 1/2, a gain of about a point from its 37 1/2. Wipond was up a point at 47; Pearl Lake was a strong spot with a 2-point gain shown at 28. Forcypine Central sold up to 32 1/2, an advance of 12 points, and Forcypine Northern was also higher.

The weak features of the list were Forcypine, which sagged off to a new low record at 24, a loss of 6 points for the day. West Dome, which was off to 40, and Praeger, which dropped to 41, the lowest price at which the stock ever sold.

The Cobalt was quiet and outside demand no appreciable change. The market in the main showed a more responsive character than was evidenced recently, and generally demonstrated the inherent strength of the speculative position which was being maintained by reason of the drastic adjustment in prices under way during the past week.

In their weekly letter dated Jan. 6, Messrs. Samuel Montague & Co., silver brokers, London, Eng., comment on the present position of the silver market.

The month of December proved as abnormal as November. The cash and forward prices for silver have been part of the month divorced from their natural relation, to the real value of silver and to each other, in consequence of the action of the market which spent itself on the 13th ultimo. The highest price for cash silver during the month was 25 1/2-16d, and the lowest 25 1/2-16d.

The new year opens not unfavorably. The market has a broader aspect, some of the demand has been met, and the pressure on the price suggestive of a steady undertone.

The fact that Shanghai imported 22,147,710 ounces of bar silver in 1911, and very substantial amounts of British dollars were taken by Hongkong, shows that the demand for silver is of special interest to the silver market.

Consignments of bar silver were on the water this week both from the United States and from the West Indies. On Tuesday 280,000 was shipped to that country, and to-day 150,000 was received from the same quarter. The total in Bombay is reduced by 400 to 12,800 bars, that in Shanghai is also less by the equivalent of about 11 bars of the output in Bombay.

A shipment of 120,000 bars has been made from San Francisco to Hongkong.

Hollinger Directors Meet.
A meeting of the directors of the company will be held at the office of the company at the mine in Porcupine to-day, when, it is understood, the report on the operations for the year will be presented.

Speculation Dwindles Away But Market Shows Steadier Tone

Forcypine Issues Make Slight Show of Strength and Maintain General Buoyancy—Some Indications of Weakness.

World Office, Thursday Evening, Jan. 18. Trading in the Porcupine securities divided down to a smaller volume in to-day's session of the mining exchange, and co-incident with the lessening volume of transactions, prices adopted a steadier attitude throughout the whole list.

In the Porcupine market displayed a more responsible undertone than has been current recently, quotations for the usually active issues of the firm levels. In specific instances where liquidation was most pronounced, values showed a tendency to sag, but these were too limited in range to be accepted as characteristic of the whole list.

Compared with the violent fluctuations of the past few days, such changes as were made were almost negligible. Hollinger was off to 41 1/2, and Praeger, which dropped to 41, but recovered a portion of its loss later in the day.

The little progress shown by the market was not due to any material progress either way. Dome Extension sold between 38 and 40, and closed at 38 1/2, a gain of about a point from its 37 1/2. Wipond was up a point at 47; Pearl Lake was a strong spot with a 2-point gain shown at 28.

Forcypine Central sold up to 32 1/2, an advance of 12 points, and Forcypine Northern was also higher.

The weak features of the list were Forcypine, which sagged off to a new low record at 24, a loss of 6 points for the day. West Dome, which was off to 40, and Praeger, which dropped to 41, the lowest price at which the stock ever sold.

The Cobalt was quiet and outside demand no appreciable change. The market in the main showed a more responsive character than was evidenced recently, and generally demonstrated the inherent strength of the speculative position which was being maintained by reason of the drastic adjustment in prices under way during the past week.

In their weekly letter dated Jan. 6, Messrs. Samuel Montague & Co., silver brokers, London, Eng., comment on the present position of the silver market.

The month of December proved as abnormal as November. The cash and forward prices for silver have been part of the month divorced from their natural relation, to the real value of silver and to each other, in consequence of the action of the market which spent itself on the 13th ultimo. The highest price for cash silver during the month was 25 1/2-16d, and the lowest 25 1/2-16d.

The new year opens not unfavorably. The market has a broader aspect, some of the demand has been met, and the pressure on the price suggestive of a steady undertone.

The fact that Shanghai imported 22,147,710 ounces of bar silver in 1911, and very substantial amounts of British dollars were taken by Hongkong, shows that the demand for silver is of special interest to the silver market.

Consignments of bar silver were on the water this week both from the United States and from the West Indies. On Tuesday 280,000 was shipped to that country, and to-day 150,000 was received from the same quarter. The total in Bombay is reduced by 400 to 12,800 bars, that in Shanghai is also less by the equivalent of about 11 bars of the output in Bombay.

A shipment of 120,000 bars has been made from San Francisco to Hongkong.

Canada Permanent Issues Its Report

Prominent Financial Institution Enjoyed a Good Year—Profits Show Good Increase.

The annual report of the Canada Permanent Mortgage Corporation, being for the twelve months ending Dec. 31 last, was issued yesterday. It shows that the corporation has enjoyed a prosperous year, and the big increase in the net profits for the period under review will be regarded favorably by the stockholders.

The net profits for the year, after making the usual deductions for interest on the mortgage portfolio, amounted to \$77,459, an increase of \$31,892 over the figures for 1910. From the net profits the account for quarterly dividends amounting to \$480,000 have been paid, and \$250,000 transferred to reserve fund, leaving \$59,233 to be carried forward to next year.

This compares with \$41,788 a year ago. The deposits with the institution fell off to the extent of about \$100,000 during the year, but the debenture and debenture stock issued increased by nearly that amount. The reserve fund stands now at \$1,000,000, and the total capital of \$6,000,000, an addition of \$250,000 having been made to the reserve accounts at the end of the financial year.

Mortgages on real estate show an increase of about \$400,000, but loans on bonds and stocks are lessened to about a like extent. The cash on hand in banks has increased from \$392,538 to \$1,255,976 and the total assets from \$29,782,942 to \$30,048,583.

MONTREAL, Jan. 18.—After two days of relatively quiet trading, generally moving upward, the trading slowed down on the stock exchange to-day. The volume of business was lighter and prices moved irregularly, gains in one direction being to some extent offset by losses in another. General conditions were dull and uninteresting.

The general market had the appearance of beating time after the strong recovery marked up pretty well through the list on the two preceding days. The Cement issues and Steel Company of Canada were again active and on the strong side.

Rio came back into the active list and scored the largest net gain of the day, opening at 114 and touching 114 1/2. Five hundred shares of the stock changed hands and 2381 rights were sold at 1/2 and 1/4.

Canada Pacific was quiet and easier, the only sale, 35 shares, being at 230 1/2, nearly a point lower than the last sale yesterday. On the other hand, Soo common was active and strong and made a gain of 1/4 to 123 3/4. After nearly a week of activity, Canadian Power was comparatively quiet and steady around 192.

Quebec Railway developed into a weak spot on the market in the afternoon, selling down to 50, a decline of 8 points on renewed talk of dividend possibilities.

To Obviate Gold Surplus.
NEW YORK, Jan. 18.—It is reported in international banking circles that the accumulation of gold and funds in this centre will soon be checked by large transfers to-morrow of the yellow metal from New York at the request of Paris and London. This is expected to go to South American ports for the most part.

AT THE NORTH DOME
President Cartwright of Timiskaming Reports Satisfactory Development.
President Burr E. Cartwright of the Timiskaming has returned from a trip north where he inspected the North Dome property, in which the Timiskaming has taken a big interest. Development of a rosy report from the manager, also, need not say, Mr. Robbins' report will be read with great interest.

Ontario Mining Deal.
The Observer and Star of Dresden, Ont., announces that an English syndicate have bought the Good Luck property, consisting of 89 acres, in Van Horne Township, for \$15,000, and have already begun to develop the property, which has fine surface showings of free gold.

Dome Extension

We learned from an authentic source yesterday that developments of a startling nature had occurred on the Dome Extension Mine within the past few days. Capt. H. C. Anchor, the mine manager, left this city last night for Porcupine, and will reach the property late this afternoon.

We are pledged to keep the specific news of this ONE OF THE MOST IMPORTANT DISCOVERIES YET MADE IN THE PORCUPINE CAMP—a secret.

The management will issue an official statement dealing with this discovery, also with the result of development work in the cross-cut from the main shaft at a depth of 300 feet, and the result of the assays from both places. This will probably be issued next week.

We received this information in absolute confidence, and while we will not mislead the public, we can with a high degree of assurance recommend the immediate purchase of Dome Extension.

Based on our opinion on this inside information, we firmly believe this stock is selling far below demonstrated mine values. When the official announcement is made, the investing public will quickly realize that Dome Extension has successfully passed the prospect stage, and can now be classed as a proven gold mine.

The market in this issue has shown a decidedly strong undertone during the past twenty-four hours, and we anticipate that materially higher prices will prevail following the issuance of this statement. Our unqualified advice is—BUY DOME EXTENSION AT ONCE. Further delay will likely prove costly. DO NOT WAIT FOR NEWS GENERAL. Be wise and get in before the big rise comes.

We will be glad to execute orders for the purchase of this stock, either for cash or on a marginal basis of 33 1/3 per cent, and will accept certificates when properly endorsed as collateral margin against such purchases.

Bullion Shipments From Cobalt Camp
Fifty-four bars of bullion containing 79,771.88 fine ounces and valued at \$42,840.40, left Cobalt this week for London, Eng. The shipments were made by the Crown Reserve and the Nova Scotia.

SUNDAY SCHOOL VISITORS.
Among the prominent delegates to the International Sunday School Council held here next week will be: Dr. Mair, McFarland and Downed of the Methodist Episcopal Church North; Dr. B. H. Winchester, Congregational, Boston; Dr. William Walter Smith, Protestant Episcopal, New York; Dr. Black and Rev. Mr. Webb (formerly of Toronto), Baptist publications, Philadelphia; Dr. Phillips and Rev. R. B. McGill, Presbyterian Church South; D. M. Smith and Dr. Chappell, Southern Methodist; Dr. Frost and Van Ness, Southern Baptist; the Bishop of Toronto; President Falconer, Archbishop Conroy, Dr. Stevenson (St. Louis), Clayton S. Cooper (one of the Norman Temple Y.M.C.A.'s), and Prof. Norman E. Richardson (Boston, Mass.).

January Bond List

We have just issued a new debenture list giving full particulars of a number of high-grade securities yielding from 4 per cent to 5 per cent. A copy will be mailed on request.

Wood, Gundy & Co.

LONDON, England TORONTO, Canada

Wall St. Given Over To Apathy

Stock Market Makes No Progress

New York Exchange Duplicates Lethargic Motion of Recent Sessions—Slump in Prices Late in Day.

NEW YORK, Jan. 18.—In its apathy and narrowness the stock market of today duplicated the motion of the preceding days of the week. Traders said the market was waiting for something to happen. Nothing did happen and the leading stocks stood still most of the day. Five minutes before the session ended, the bears attacked the list, concentrating on the three market leaders. Union Pacific fell to a point below yesterday's close, but Reading and United States Steel held to within small fractions of their previous prices. The general market showed the effect of the movement, but losses were small and the range of prices at the close showed only insignificant changes in most instances. Some of the specialties broke away from the remainder of the list and made good gains.

RIO AND SAO PAULO LEAD WHOLE MARKET

South American Traction Issues the Feature Here—Bank Stocks Are More Quiescent.

World Office, Thursday Evening, January 18. Interest in the Toronto Stock Market to-day shifted from the bank stocks and purely investment issues to the speculative department. Rio and Sao Paulo were the prominent features and it was only in these two securities that any material interest was shown. The movement in the South American traction stocks during the last two days has to all accounts been engineered from London. The old country market has been a good buyer in both Rio and Sao Paulo, during the last few days, and it reports to be credited, sentiment across the water in this respect since a few days ago. Rio to-day sold a shade above 144, a gain over a point, but the close was somewhat lower than this. The rights were strong, getting up above 50, against yesterday's high. Rio bonds sold at par, a fractional advance over the last previous sale.

A two point advance in Sao Paulo which was up to 180 3/4 was the most outstanding instance of strength in the list. The price got back below 180 before the close, however, and at the last call the best bid was 180 3/4, an advance over a point from yesterday.

There was less vivacity shown in the bank securities, the advance in the last few days having pretty well exhausted the demand for the time being. There was no selling of any account in the market, however, at the highest over a point, but the recent losses in every instance.

The market through was characterized by rather apathetic speculation, but on the whole gave a good account of itself. Any increase in the public participation might easily carry prices higher as the market undoubtedly pretty well cleaned up stock.

Bank Rate Unchanged.

LONDON, Jan. 18.—The rate of discount of the Bank of England remained unchanged at 4 per cent. to-day.

C. P. R. 4 1/2 Steel.

PITTSBURGH, Jan. 18.—Carnegie Steel Co. has an order which calls for some 200 tons structural steel for new railroad shops at Calgary, Alta., for Canadian Pacific. This steel is to be fabricated by Canadian bridge concerns, but is being rolled in Homestead Mills.

Banker Morse's Condition.

WASHINGTON, Jan. 18.—James J. Finch, attorney in charge of pardons for department of justice, called at the White House and brought a report on condition of Charles W. Morse. The report, it is understood, shows Mr. Morse's condition critical and that he is rapidly losing strength. It is believed the president will commute the imprisoned banker's sentence to-day.

Tractions in London.

The southern traction issues were quoted as follows on the London market (Toronto equivalent):

Jan. 17.	Jan. 18.	
Bid. Ask. Bid. Ask.	Bid. Ask. Bid. Ask.	
Sao Paulo	175 1/2 176 1/2	175 1/2 176 1/2
Rio de Jan.	111 1/2 112 1/2	111 1/2 112 1/2
Mexican Power	88 1/2 89 1/2	88 1/2 89 1/2
Mex. P. Bonds	90 1/2 91 1/2	90 1/2 91 1/2
Mex. P. Bonds	90 1/2 91 1/2	90 1/2 91 1/2

John D. and the Gramophone Craze

NEW YORK, Jan. 18.—It is not generally believed that John D. Rockefeller has any interest in the gramophone trust, but he has lately taken a keen interest in the machine. His daughter's estate enjoys sovereignty, which the old magnate takes great pleasure in operating personally, and employees passing the house report a steady stream of the popular operas, to say nothing of operettas and ballads. An employe is sent daily to New York to buy the latest records, and his purchases run from \$50 to \$75 weekly.

EX-AUTO SHOW.

NEW YORK, Jan. 18.—Watching the ticker during the first and second hour of trading a member of one of the leading houses that has recently underwritten considerable local traction reorganization securities remarked that prevailing prices would indicate that the market is "ex-auto show."

"If I were called upon to express an opinion as to which had the most effect," remarked this banker, "I think I would give the auto show the loss in preference to the three trust investigations pending in Washington this week. People are finding money for autos but none for investment."

Offers \$7,500,000 For Trust Co.

Equitable Trust Would Take Over Sister Institution—Combined Deposits Thirty-six Millions.

NEW YORK, Jan. 18.—Further details of the proposed change in the local trust company situation indicate that on behalf of the Equitable Trust Co. President Alvin W. Kreech has made an offer to purchase all the stock of the Trust Co. of America for \$7,500,000. The offer is open until Feb. 15. If accepted, it would provide a new home for the Equitable Trust Co. The total cost of the 20,000 shares of the Trust Co. of America stock at \$375 a share would be \$7,500,000. The taking over of the Trust Co. of America by the Equitable Trust Co. if carried thru, would give the latter aggregate deposits of about \$60,000,000. The Trust Co. of America has a capital of \$2,000,000 and Equitable Trust of \$3,000,000.

ON WALL STREET.

Erickson Perkins & Co. had the following: Stocks were clearly marking time to-day. Most of the fluctuations were due to the fact that the market was selling pressure and that investors would not sell. Approve of the St. Paul circuitous meeting. It was stated that nothing would be done on out-to-day regarding the dividend.
