Col. John Gunn Boosts for Beer at Military Y.M.C.A.

WEEKLY CONCERT

Local Artists Give Voluntary Service to Entertain Soldiers.

Col. John Gunn, general officer commanding Toronto military district, dropped in at the weekly concert at the Red Triangle Club last night, and asked the men who crowded the large hall there what their opinion was on the question of "triumphal arches" as a medium of expressing the good will and kind wishes of the people of Toronto.

"How does that suit you?" he asked. "Fine," replied a chorus. "But no arches," answered several others. "Any other suggestions?" asked the colonel.

"Beer on the table," said a voice, which was much applauded. "Two per cent," asked the genial John.

"Not much," called back the organizer of the brilliant idea. "Well, boys, I'm inclined to agree with you," said Col. Gunn, "My tongue has been hanging out often since I came back."

Further suggestions from the men were for certificates of honor, help for the widows and orphans of the men who would not come back, uniforms used by all the men when the overalls were coming back, a better return out by the people when they returned, etc.

After the red braids and brass buttons had disappeared, the men settled down to the enjoyment of the Friday night concert which was well coming very popular at the Red Triangle Club.

But Henry was sent down for a year on two charges of selling liquor, charges which he had brought on himself by testifying regarding the confederate bills, while Harry was given a sentence of six months for one deal. There were fines imposed as an alternative, but Harry and Henry took the time. Tony Boraki was charged with selling liquor also, but was able to come across with \$200. James Richards, taxi driver, explained that a good chauffeur never knew what his customers were doing. He was let go. TEN CONVERSATIONS OVER TWO PAIR OF WIRES

Washington, Dec. 12.—Postmaster-General Hurston made public today a letter from Theodore N. Fall, president of the American Telegraph and Telephone Company.

By this system it is claimed ten simultaneous telephone conversations may be held over two pairs of wires, which formerly could be used for only three simultaneous telephone conversations.

In telegraphy, as well as in telephony, sensational results have been attained by the new system. A pair of wires will be available either for five simultaneous telegraph conversations or for 40 simultaneous telegraph messages, or partly for one and partly for the other.

BAVARIAN LEADER IS AN IDEALIST

Thinks Germany, in Time, Will Be Most Democratic Country in World.

NO FEAR OF ALLIES Premier Does Not Think a Counter-Revolution in Bavaria Probable.

Munich, Dec. 13.—"If democracy spreads to all classes, as I believe probable, Germany will become the most democratic country in the world," said Kurt Eisner, the Bavarian premier, in concluding an informal call the correspondent made today.

The premier explained his idealism by saying that some persons were willing to take a chance with Bolshevism, knowing that it would be temporary, and that they would support Bolshevism, "because they were afraid of the Bolsheviki might come and feared the present regime anyway."

Favor Deliberate Course. Unrest, the premier continued, would manifest itself occasionally. The people of Bavaria were peace-loving and quiet, but had been stirred up by suspicious elements. The Bavarians were unanimously in favor of a deliberate course rather than a policy of force.

The premier explained that in opposition to the definite naming of an election day for members of parliament was because he believed the women could not be trusted in a vote intelligently. He gave it finally, he added, because he was a socialist and had always favored woman suffrage.

Disapproves Woman Franchise. The premier stated that in opposition to the definite naming of an election day for members of parliament was because he believed the women could not be trusted in a vote intelligently. SWITZERLAND REFUSED EX-KAISER ASYLUM

The Hague, Dec. 13.—Switzerland refused to admit the former German emperor when he fled from Germany, and Holland ought to have followed the example of the republic, declared M. Ravenstein, a revolutionary socialist, in the lower house, of the Dutch parliament yesterday.

The former emperor, he continued, should not be handed over to the allies, but should be sent to Germany for trial by a people's tribunal. The Dutch workers will oppose every attempt to drag Holland into a war on the question of the former emperor.

M. Groenendaal, a socialist, denied the charge that he favored the annexation by Belgium of the former emperor Limburg. He said he had spoken jestingly on that subject, but, he added, he knew why his home had been searched by the authorities.

Issue New Regulations on Fair Price Probes. Revise Methods by Which Municipalities May Investigate Cost of Necessaries of Life.

Ottawa, Dec. 13.—Regulations governing local fair-price committees are changed. Under the order-in-council of Oct. 3 the council of any municipality empowered to appoint a committee of two or more of its officers to be known as the fair price committee. Both the constitution of the fair price committee and the procedure to be adopted have now been placed on a different basis.

The method to be adopted in holding an inquiry will be as follows: 1. A municipal council will appoint a committee of three resident taxpayers to be known as the fair price inquiry committee. This committee will make a preliminary inquiry into the cost of any necessary article specified by the municipal council and the price at which the necessity is held for sale. Evidence may be taken under oath and the inquiry is to be held in camera.

2. The fair price inquiry committee will report to the municipal council whether further inquiry should be held. Labor Represented. 3. Should the fair price inquiry committee recommend further investigation, the municipal council is empowered to appoint a commission of three members. One is to be a judge of the county or district court of the county or district in which the municipality is situated. He will act as chairman. Another member will represent labor and the third member will represent the trade dealing in the necessary article under investigation. The commission will report its findings to the municipal council. They will also be published in the press of the district concerned.

ATTACK ON UNIONISTS BY HON. W. R. MOTHERWELL. Regina, Sask., Dec. 13.—A two-handed attack on the Union government could be expected today in a letter to Premier Martin, resigned from the Saskatchewan Government, of which he has been minister of agriculture since 1915. The announcement of Mr. Martin from his seat in the assembly yesterday justly warranted the attention of Mr. Motherwell had offered his resignation and that it had been accepted, outside the cabinet circles.

The premier stated that Hon. G. F. Langley, minister of municipal affairs, might be prepared to resign his position as minister of agriculture during the session and that afterwards there would be a rearrangement of portfolios. The government would continue for the present with seven members, instead of eight.

Two Reasons for Resigning. His letters, to Premier Martin, which were read in the legislature, gave as the reasons for resigning two: it understood the government to take action against Union government, which he severely criticized for its failure to repeal the War of 1914 Act; and the return to the western provinces their natural resources, and to evolve a practical scheme of land settlement for soldiers.

The proposed measure of Hon. J. A. Calder, he characterized as impossible, and a telegram to show that if even no fewer than 10,000 men were settled in Saskatchewan under the proposed plan, the province would be saddled with a financial responsibility so vast that its dependence on the federal government in this regard would seriously menace the right of self-government.

THE TORONTO POWER COMPANY CAMOUFLAGE

The Toronto Power Company Advertises Publicly

Sir Adam Beck's Camouflage

The Chairman of the Hydro-Electric Commission states publicly;

"TORONTO ELECTRIC LIGHT COMPANY has picked its customers to the detriment of Hydro."

"Hydro was left to take care of munition plants."

The Facts Are:

Hydro evidence before Royal Commissioner was that total of munition requirements on HYDRO AND ONTARIO POWER SYSTEMS was 169,638 H.P. TORONTO POWER COMPANY, including Toronto Electric Light system, supplied 35,000 H.P. of this, leaving 134,638 H.P. served by HYDRO AND ONTARIO POWER COMPANY.

Toronto Power Company total of loads to plants manufacturing munitions WAS 147,500 H.P., including power supplied Hydro and Ontario Power customers.

---ACTUAL RESULTS---

	Total	Munitions	Per Cent.
Hydro	210,000	134,638	64
Toronto Power	173,000	147,500	85

The Toronto Power Company, Ltd.

It is not the policy of the Hydro-Electric Power Commission of Ontario to waste its energy in public controversy with its unfair critics, but the subjoined advertisement recently published by the Toronto Power Company is such a flagrant misrepresentation that the Commission must, in justice to itself and the co-operating Municipalities, publish the facts.

THE FACTS ARE:

Toronto Power Co. advertises total available supply of power 173,000 h.p.
 Toronto Power Co. advertises power supplied to munitions 147,500 h.p.

On the basis of the above figures, the power supplied by the Toronto Power Company for purposes other than munitions, is 25,500 h.p.

BUT--The Toronto Power Company in sworn evidence before the Royal Commissioner (Exhibit No. 3, Page 43) testified that its sale of power to customers, other than munition manufacturers, is 84,007 h.p.

Hereunder is the list of customers as set forth in the above exhibit:

Toronto Railway Co.	32,000 h.p.	Off Peak Customers other than munitions:	
Toronto Electric Light Co.	20,500 h.p.	Peerless Pulp Co., Thorold	1,800 h.p.
Ontario Power Co. (old contract)	13,500 h.p.	Ontario Paper Co., Thorold	3,500 h.p.
Niagara, St. Catharines and Toronto Railway	4,000 h.p.	Customers below 100 h.p. demand	57 h.p.
Riordon Pulp and Paper Co.	650 h.p.		
Toronto and York Radial	6,000 h.p.		
Toronto Suburban Railway	2,000 h.p.		
		Making a total of	84,007 h.p.

If, having 173,000 H.P. available, the Toronto Power Company sells 84,007 H.P. to customers other than munition manufacturers, it follows that the power sold FOR MUNITION PURPOSES IS ONLY 88,993 H.P.

Summarizing the above, the following results will show:—

Total power available as advertised 173,000 H.P.
 Total power sold for purposes other than munitions, as per sworn evidence, 84,007 H.P.

On the above basis the conclusion is that the Toronto Power Company sells for munition purposes 88,993 H.P. and not 147,500 H.P.

Alleged Comparative Figures as Advertised by the Toronto Power Company

	Hydro.	Toronto Power Co.
Total available power	210,000 h.p.	173,000 h.p.
Supplied for munition purposes	134,638 h.p.	147,500 h.p.
Percentage for munition purposes	64 p.c.	85 p.c.

True Comparison Based on Sworn Evidence

	Hydro.	Toronto Power Co.
Total available power	210,000 h.p.	173,000 h.p.
Supplied for munition purposes	134,638 h.p.	88,993 h.p.
Percentage for munition purposes	64 p.c.	51 p.c.

D.O.C. APPROVES BRANT HOSPITAL

Col. Gunn Pays Tribute to Gen. Fotheringham and C.A.M.C.

"If a large part of the staff are allowed to go back into civil life imagine what a job we would have in getting personnel when the call comes." Is what an authority at headquarters yesterday said when questioned regarding the complaints which have been made that the staff at Brant Hospital is larger than is absolutely necessary to meet the present requirements.

Speaking of the conditions at Brant Hospital, Col. Gunn, D.S.O., the district officer commanding, said that the hospital was not condemned, but that certain repairs had to be made after taking it over, and that when these are completed the hospital would be an efficient organization.

Major Church announced yesterday while opening the harbor bond tenders that he will not run again for mayor after the next election, but as he said a few months ago that he would have quit long ago if the war had been over, officials in the city hall are not banking too much on his statement.

ROYAL GEORGE, L.O.L., INSTAL PAST-MASTERS

Royal George, L.O.L. 2340, held their regular meeting on Wednesday, Dec. 11, in the lodge-room, St. Julian's Hall, West Bloor street, when D. Finlayson was initiated into the mysteries and secrets of the Orange degree.

The following officers were installed by Wor. Bro. Staples, D.M., assisted by Wor. Bros. Soady, McMullen, S. Knowles, and Sawyer; Bro. G. Nichol, W.M.; Bro. H. Butler, D.M.; J. Foley, chaplain; F. Wray, rec.-sec.; Bro. Levens, 1st. lect.; Bro. J. E. Hobbs, 2nd lect.; Bro. Barron, 1st. com.

SALESMAN CONVICTED.

Twenty days at the jail farm was the sentence meted out yesterday by Judge Winchester to Ralph Dowling, salesman, convicted of the theft of \$20, the protest of T. C. Robinette, K.C., Dowling's counsel, that there was a law for the rich and another for others being of no avail.

Major Church announced yesterday while opening the harbor bond tenders that he will not run again for mayor after the next election, but as he said a few months ago that he would have quit long ago if the war had been over, officials in the city hall are not banking too much on his statement.

FOUR NEW PUBLIC SCHOOLS NEEDED

Unless War-Time Embargo is Lifted, Toronto May Lose Grant.

Four new public schools, at an approximate cost of \$750,000 for sites and buildings, will have to be started next spring to cope with the increase of the school population.

SURRENDER OF GERMAN FLEET.

The Universal Film Mfg. Company secured what is considered one of the greatest scoops in the history of the news pictorial, that is, in securing moving pictures of the surrender of the German fleet.

Newspaper Advertising Sells Bonds

BEFORE the war, bond buyers were "marked men." In number they were 40,000 in March, 1917—this is shown by the number of purchasers of the Government War Loan of that date. But in the autumn of the same year, their number increased twenty times—to 820,000! This was the number purchasing the Victory Loan, 1917. Last month—November, 1918—over 1,000,000 persons purchased the Victory Loan, 1918!

These wonderful results were accomplished by Newspaper Advertising. Before the war one-half of one per cent. of our people bought bonds. Now quite twelve and one-half per cent. of our people are bond buyers!

By means of the printed word, through the medium of advertisements in the newspapers of our country, the Canadian people were made to know what bonds are, the nature of their security, their attractiveness as an investment, and why the Government had to sell bonds.

I KNOW A WOMAN'S SUFFERINGS

I am a woman. What I have suffered is a far better guide than any MAN'S experience gained second-hand. I know your need for sympathy and health. And the treatment that gave me health and strength, new interest in life, I want to pass on to you, that you, too, may enjoy the priceless boon of health.

Read My FREE Offer: To Mothers of Daughters, I will explain a simple home treatment which speeds and effectually dispels the green-sickness (chlorosis), irregularities, headaches and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give my method of home treatment a complete ten days trial, and if you wish to continue, it costs only a few cents a week to do so. It does not interfere with one's daily work. Is health worth asking for? Write for the free treatment suited to your needs, and I will send it in plain wrapper by return mail. Cut out this offer, mark the places that tell your feelings, and return it to me. Write and ask for the free treatment today, as you may not see this offer again. Address: Mrs. J. H. Gundy, 1111 St. George Street, Toronto, Ont.

PLAYS, PICTURES AND MUSIC.

At the Alexandra.
"Oh, Look!" the season's one distinct musical success, with the Dolly Sisters, Harry Fox and the entire original cast, chorus and production will come to the Royal Alexandra for a week's engagement, beginning Monday evening. The coming of this attraction promises much laughter and gaiety, as well as sheer delight for Toronto playgoers. "Oh, Look!" is guaranteed to be one of the most exquisite musical comedies staged in recent years. With a record of many months on Broadway and a run which promised to break all records in Chicago, it will come here with not a detail missing and with not one girl changed from the original ensemble.

"Half Past Eight" at Princess.
The famous City Jazz band is one of the features of "Half Past Eight," the new venue at the Princess Christmas week. This is a whole attraction in itself, and consists of 25 expert syncopators—all spades—who have created a reputation as the greatest dance orchestra in New York. George Hines, the trap drummer, is the champion adept of that art in America, and his antics are most eccentric. These entertainers also render many vocal selections, the most popular of which is a quaint melody called "Liza Jane." The seat sale opens Thursday.

Irish Comedy at Grand.
"The Daughter of Mother Machree," the brilliant Irish comedy drama by Edward E. Rose, author of "The Rosary" and other popular successes, is one of the really big productions to be seen here this season, and it will be presented for the first time in Canada at the Grand Opera House next week, with matinees on Wednesday and Saturday. Every once in a while, like the big apple year and kindred events of uncertain timing, along comes a play that is really worth while, and in "The Daughter of Mother Machree" is one of the ablest demonstrations of this. It is new and bright, and carries a convincing amount of common sense that places it beyond the limit too often set by aspiring playwrights and producers. There's a story of unfeeling charm in this latest of Irish plays, depicting, as it does, a wide variety of characters. "The Daughter of Mother Machree" is one of the most popular of the season's output, and bids fair to become a national success for many months to come. It is sweet and clean and possesses a story of enduring charm. It lacks the sex theme and offers no problem bringing out the promise of rare good entertainment of Irish wit, humor and songs.

Shea's Theatre—Vaudeville.
At Shea's next week of all-star acts will be given, George White with four clever girls, Ida Mae Chadwick and her "dad," Jack Wyatt and his Scotch lads and lassies are the special extra attraction. Walker and Texas present a comedy knock-out offering, Ed and Mae Ernie are always favorites. One Ernie is a monopode, who does many things with his one leg. Bob Hall is a welcome diversion on the bill. He is called "The Extremoporeous Chap," and as he goes along he picks lyrics from every corner of the house.

At the Hippodrome.
Earle Williams, popular Vitagraph star, will be featured at Shea's Hippodrome next week in his newest release, "The Man Who Would Not Tell." The story deals with the adventure of a British secret service agent in America just prior to the country's entry into the war. Fern and Howell are blackface funsters with plenty of original laugh-provoking material. The Whiteside Sisters have a sparkling dancing offering with new and eccentric dances. Arthur and Leah Bell have a bright variety offering with some new feats, while Harris and Lyman present a clever comedy sketch. Carroll Keating and Saye, in a new dramatic sketch; the Flying Mayos, in sensational aerial feats, and the Ethel News and comedy complete an excellent bill.

At the Strand.
Today will be last day for witnessing at popular prices of 10c, 15c and 20c "Intolerance." For Monday, Tuesday and Wednesday of next week the feature will be "His Picture," the feature featuring Douglas Fairbanks. Of this picture it can safely be said that it is the best, the funniest and the most spectacular of all the pictures shown by Douglas Fairbanks.

The Fleet Surrender.
The management of the Allen Theatre has secured a special attraction for next week which is considered one of the greatest scoops in the history of the News Pictorial, the moving pictures of the complete surrender of the German fleet.

Warfare is to be witnessed. Nothing like it has ever taken place in the annals of the British navy. This picture is absolutely authentic. The picture is the German officers, the look of the British, French and American officers, the hauling down of the flag that for four years has meant piracy, the murdering of women and little children—the thing which civilization quaked brought down in dishonor, all these are seen.

Surrender of German Navy.
The management of the Strand have arranged to show all next week the first authentic picture of the surrender of the German navy. Everybody will want to see these eloquent records of one of the most significant and momentous events in the history of the world.

Chaplin at Madison.
For the whole of next week Charlie Chaplin in "Shoulder Arms" will be shown at the Madison Theatre. This is the photoplay that has set the whole continent screaming and laughing for the first time since the noted Japanese actor, who also is presented, the Madison should be thronged.

SOCIETY

General Sir Sam Hughes arrived at the King Edward yesterday from Washington. Lady Hughes who came to town to meet him returned to Lindsay last night.

The Toronto Skating Club will hold its first meetings at the Arena on Tuesday and Thursday from 2 to 4 o'clock.

Mrs. Arthur Peuchen who has been in France for some time, has lately been in London, recuperating after influenza, but she was only allowed a short holiday on condition that she returned to the Canadian Hospital at Rouses before Christmas. The members of the Q. O. R. Chapter, of which she was formerly regent, can realize her unfeeling thought for others and her unselfishness has endeared her to the men with whom she has been brought in contact. She has been paying a short visit to her daughter, Mrs. Frank Jeffrey, Eastbourne, Sussex, before returning to France.

The Dreadnought Chapter, I.O.D.E., gave a most successful afternoon tea yesterday, in the Murray-Kay tearoom, which was very attractive with palms and Christmas decorations. Every table was filled and music added to the attractions of a good tea. Miss Agnes Dunlop, sang several songs, which were loudly applauded. Miss O'Connor and Mr. Holman also contributed to the program. The waitresses were extremely smart in white frocks with aprons and Alsatian caps of black and white striped paper, which were most becoming to the pretty wearers. The regent, Mrs. Parkyn Murray, who was present, looked extremely well in white patterned black panne, with a smart hat to match. A great many of the members of the chapter gave the program. Some beautiful children, notably Mrs. Philip Toller's little girl, who is just like a lovely little French doll, sold the most gorgeous Christmas stockings trimmed with vandykes and re-tipped with gold bells.

Captain Stanford Warrington who has lately returned from overseas, has been appointed A.D.C. to Colonel Gunn, G.O.C., in Toronto.

Justice Meredith of London, Ont., and Mrs. Meredith and their family look of the King Edward, and will be there for some time.

TEACH THE KIDDIES TO CHEW

Children fed on mushy, denatured foods that require little chewing are apt to have defective teeth and unhealthy gums. You cannot eat Shredded Wheat without chewing it. The crispness of the shreds of baked whole wheat induce thorough mastication and that means good digestion. If you serve wheat food be sure it is whole wheat in a crisp digestible form—Shredded Wheat is the whole wheat ready-cooked and ready-to-serve. It requires no sugar—simply milk and a little salt.

OF INTEREST TO NURSES.

MUST A SOLDIER BE A CITIZEN?

Application Submitted to Release Vigo From Burwash Jail.

The question of the citizenship of Angelo Vigo was the point at issue yesterday in the application submitted at Osgoode Hall by Frank Arnold, K.C., for an order to release Vigo from Burwash on bail.

The prisoner was recently discharged from Burwash by special means, and it was later said that he had enlisted. On application of the immigration authorities he was discharged and handed over to them and lodged in Toronto Jail. Mr. Arnold argues that when his client enlisted he took an oath of allegiance which was tantamount to his becoming a British subject and Canadian citizen, and as such he ought to be allowed to remain in Canada.

The immigration authorities held that he should not have been allowed to enter Canada in the first place, as he was an undesirable. Mr. Justice Mastron, who is hearing the case, enlarged it for one week in order to allow of enquiries being made as to the reason for which he was released from Burwash.

THE CIVIC CAMPAIGN

The rumor still persists about town that a dark horse will be elected mayor at the eleventh hour.

Mayor Church has not definitely announced yet whether he will be a candidate or not. He does say, however, that he will not run a year from next January.

The date for nominating candidates for the mayor and of control and board of education is Dec. 23 noon in the city hall. The aldermanic nominations will be held on the same day and at the same time in the various wards at places to be announced later.

At Thursday night's meeting of ratepayers in Rose Avenue School out of an audience of about 70 fully 60 were the women, and they took a lively part in the proceedings.

A. S. Stubbings, in addition to those already mentioned in the World, is a candidate for alderman in ward one. He ran and was defeated last year.

Ex-Controller Cameron's name was inadvertently omitted from the list published yesterday of candidates for the board of control.

The cleaning up of the Metropolitan Railway question and the pavement of upper Yonge will be live topics during the campaign in the wards interested.

William Williamson, lumber merchant, 605 Woodbine avenue, and W. M. Miskelly, Pine crescent, are probable candidates for aldermanic honors in ward eight at next election, in addition to those already mentioned.

The boundary lines of the new ward eight are: Western, the centre line of Greenwood avenue, centre line of East Queen street, and centre line of Knox avenue, and eastern, the city limits.

Women as members of the city council are a possibility in the near future. There is a movement on foot now to seek legislation permitting them to become candidates.

PUBLIC LIBRARY BOARD SEEK OTHER PREMISES

The monthly meeting of the Public Library Board was held yesterday afternoon. A report was submitted which showed \$490 books having been drawn each day for the month as compared with 4,000 in the corresponding month of last year. In order that the people living in East Toronto may not be deprived of a library, it was decided to take over the building which has been loaned to the board by the Y.M.C.A., but who had decided to close it up. The board have also taken over Dr. Hastings' health clinic.

The advisability of closing the Church street branch was discussed, as there are five other branches of the library in the city with larger circulations than this one, and it is thought if the old city registry office on Richmond street could be secured, considerable saving in fuel and gas could be effected. Negotiations with the city to this effect were authorized.

CENTENARIAN DIES.

The death of Mrs. Esther Robb, who had attained her 100th year, took place at the Aged Women's Home, Belmont street. The deceased, who was of Irish birth, came to Canada sixty years ago. For the past six years she had been confined to bed, her death being merely due to old age. She is survived by three daughters and many grandchildren and great-grandchildren.

COMPARING WAGES.

Mayor Meredit of Montreal kept in constant touch with Mayor Church all day yesterday and requested him to send him the rates of pay to Toronto firemen and policemen and to compare them with the wages received by those departments in that city. Toronto rates are said to be generally higher than Montreal's.

CITY TO PAY.

The official arbitrator has decided that the city must pay E. H. Hitchcock \$125 damages on account of injury done to his property at the southeast corner of Bathurst street and Hilton avenue, by the grading of Bathurst street. The city cut down the hill and erected a stone wall in front of the claimant's property. The claim was for \$2,500.

The Freedom of the Seas

WHAN IT MEANS IN AMERICA, ENGLAND AND FRANCE

There is a very interesting article in this week's LITERARY DIGEST—December 14th—bearing upon the most vital topic likely to be discussed at the great peace conference—the Freedom of the Seas.

While Lieutenant-Colonel Repington, the famous British Military Expert, remarks that "I have not the slightest idea what freedom of the seas means, nor have I met anyone who can tell me," London and French newspapers have quite definite ideas as to its meaning.

Much of the comment in the London and Paris papers emphasizes the fact that President Wilson has not yet defined what he means by freedom of the seas, but most of the French journals agree with the Paris Matin when it says, "If this doctrine means any diminution of the power of the British navy, France will reject it."

CROWN ATTORNEY WINS SUIT AGAINST COUNTY

Judgment was delivered at Osgoode Hall yesterday by Mr. Justice Latchford in favor of the plaintiff in the action whereby county attorney for the County of Peterborough, sought reimbursement for the expense incurred in providing fuel, light, stationery and furniture for the office in which he transacted the county's business. He further sought for a mandatory order directing defendants to provide him in future with proper offices and the other requisites for its maintenance. The judgment found that plaintiff was entitled to reimbursement for the expense incurred and ordered the defendants to provide him with proper offices. If the other necessities are not provided, the county attorney will have an appropriate remedy in an action for damages.

RAILWAY BOARD OPEN NEW OFFICE AT UNION

The Railway Board, which was appointed by the Canadian War Board some time ago, has now opened an office in the Union depot, with Mr. C. Hudson as secretary. Mr. Hudson is an experienced car service man and he will be able to give any help to the shippers that is possible. Mr. C. G. Bowker is chairman of the board, and all the other railways in Ontario are represented by their general superintendents.

The object of the board is to make such disposition of freight that the lines which are heavily loaded will be able to transfer some of the cars to other lines on which the traffic is lighter. In this way one road will not be required to carry with it much freight as another, but the systems will be averaged up.

The present mild weather is giving the railways an excellent opportunity to keep up with their work, and it is not expected that the lines will be tied up so seriously this winter as last.

THE BROADWAY BROTHERHOOD.

A new and neighborly men's association was formed last night at Broadway Methodist Tabernacle, with Mr. M. A. Sorselle as temporary president. The election of officers will take place early in January. The purpose of the organization is to knit the men of the church and community closer together. Meetings will be held semi-monthly. Over 50 were present last night, and enjoyed a rousing address, "With Our Boys in France," delivered by Rev. R. N. Burns, who has just been appointed temporary superintendent of the Methodist Church in Canada, during the absence overseas of Dr. Chozen. He told of some very interesting experiences. E. L. Crawford, baritone, and Courtie Brown, tenor, entertained with songs, and after refreshments were served the meeting adjourned.

FEDERATED MISSION FUND.

Toronto will be represented at the conference which will open on Monday at New York by church, by the M.C.A. and W.C.T.U. delegates. The Toronto delegation will comprise Rev. Dr. Endicott, Rev. J. H. Arnold, Rev. Dr. R. P. McKay and J. H. Gundy. A federated mission fund campaign is to be organized by the conference.

TOWNSHIP CANNOT TAX A CEMETERY

Sir William Mulock, in the appellate court yesterday, upheld the appeal of the defendants and dismissed the action in the case of the Municipal Corporation of Eastview v. the Roman Catholic Episcopal Corporation of Ottawa.

The defendants, who own Notre Dame Cemetery adjoining the township and certain lots in the vicinity, recently applied for a permit from the corporation to close streets leading to the lots, with a consideration that they pay \$200 annually in lieu of taxes previously collected on the property.

When the first payment was made, the defendants refused to pay, and plaintiffs took action to recover, the county judgment on the appeal found that the plaintiffs had acted ultra vires and that by contracting out of legislative provision they had not the power to make any consideration which would be construed as an assessment purporting when the ground was being used for a cemetery.

FINES FOR SPEEDERS.

At the Toronto-Hamilton Highway court yesterday, some forty-six speeders were summoned. Of those who appeared a few adjournments were effected, but no one got off. There was very little dispute among the offenders.

CANADA'S SHIPPING PARTLY RESTORED

Agreement on a Number of Important Points Has Been Reached.

CONTROL OF RATES

North Atlantic Freight Service Likely to Remain Under Maritime Transport.

By John W. Dufos.

London, Dec. 12.—Some progress has been made in the work of restoring Canada's shipping facilities to a pre-war basis. Sir George Scott, who has been dealing with the question in conference with the British ministry of shipping and an agreement on a number of important points has been reached.

Freight and passenger service between Canada and the orient is to be re-established. The steamingers Asia and Russia, which have been employed in European waters in transport work, will be sent back with cargoes to Vancouver and Australia, and then be released to their owners. The six freight steamers formerly plying between Vancouver and Australia were acquired by the admiralty, and five of these were lost. It is arranged that these are to be replaced as rapidly as possible, and a beginning in the freight service will be made at once.

Service between Halifax and the West Indies has already been re-established. The former shipping service between Canada and South America was one ship per month. The British shipping ministry promises to re-establish this service in May, and thereafter a resumption of the old service.

Control of Rates. In all the services private control of rates will be resumed as soon as re-established. The North Atlantic freight service is likely, however, to remain under considerable time under the control of the international maritime transport council, which has been co-ordinating the shipping resources of the allied nations. Rates and conditions of the allied nations will remain in control of this body, but the amount of space allocated to private commercial business, which was limited last year to two to five per cent. of the cargo capacity, is being considerably increased.

The consent of the shipping control to imports into England will be required, and it is thought the disposition will be to encourage the return of private trading in goods required here, so far as exigencies of the exchange situation will permit.

License to import requires the endorsement of the treasury, and this may not be forthcoming in cases where the greatest disadvantages to the position of England with respect to exchange would be accentuated. But the shipping ministry and facilities for private trading between Canada and Great Britain will steadily increase from this time forward. It is expected that the United States representative on the international maritime transport council, probably Lloyd Harris.

EATING "FLU" GERMS IMPROVED APPETITES

Boston, Dec. 13.—Experiments undertaken by the navy department at the navy public health service hospital on Gallipoli Island, to ascertain the cause and spread of influenza, have had more negative results, according to a report given out today.

One hundred volunteers who have been placed under observation for several weeks have had influenza germs placed in their nostrils and throats and have eaten them with their food, and some have been inoculated with the virus. None of the disease have developed thus far. Increased appetite and more vigorous health have been the only noticeable effects in the experiment, according to the physicians.

FUTURE AIRSHIP WILL BE DE LUXE

Have Ample Saloons, State-rooms and Even a Roof Garden.

London, Dec. 13.—The civil aerial transport committee states that the ship of the future will be a great advantage over the airplane, particularly concerning passengers, where comfort and ease of disposal are vital considerations. Airships now exist with a range of over 4000 miles and which can travel at a speed of 75 miles an hour. By running their engine slower a maximum range of 8000 miles can be attained.

On first speed Capetown is today, aerially, only a little over three days from Southampton, while this ship could fly across the Atlantic and return without stopping. The committee points out that the future airship will be a great advantage over the airplane, particularly concerning passengers, where comfort and ease of disposal are vital considerations.
