INCREASE IN PHONE RATES OPPOSED BY EDUCATION BOARD

Chairman Characterizes Ac-
tion of the Bell Company
as an Outrage.

FAVOR CIVIC SYSTEM

The board of education lined up last
night in strenuous opposition to the
increase of rates proposed by the Bell
Telephone Company. Dr. John Noble,
chairman, characterized the attempt
to raise the rates as an outrage, and
expressed the view that the city would
pursue a wise policy in the establish-
ment of a municipal telephone system.

"Outside of the city council," Dr.
Noble added, "the board of education
was the largest user of telephones in
Toronto, and to raise the rates would
mean an increase of thousands of dol-
lars to the expenses of the board."

A committee was appointed to draft
a protest and to co-operate with the
city council in opposing the applica-
tion of the Bell Telephone Company.
Hot words over coal and coal dust
were fired across the room by deputa-
tion speakers and trustees. Resolu-
tions of the board securing an ade-
quate supply of coal for the winter
months, and to co-operate with the
city council in opposing the applica-
tion of the Bell Telephone Company.

were fired across the room by deputa-
tion speakers and trustees. Resolu-
tions of the board securing an ade-
quate supply of coal for the winter
months, and to co-operate with the
city council in opposing the applica-
tion of the Bell Telephone Company.

DR. NOBLE VIGOROUSLY PROTESTED

Against any obstacle being placed in
the way of the board securing an ade-
quate supply of coal for the winter
months, and to co-operate with the
city council in opposing the applica-
tion of the Bell Telephone Company.
Hot words over coal and coal dust
were fired across the room by deputa-
tion speakers and trustees. Resolu-
tions of the board securing an ade-
quate supply of coal for the winter
months, and to co-operate with the
city council in opposing the applica-
tion of the Bell Telephone Company.

TRUSTEE LAXTON DECLARED THAT HE WOULD CONSIDER HIMSELF LUCKY TO HAVE A BIG SUPPLY OF COAL STORED AROUND HIS HOME.

He considered it the duty of
citizens to support the efforts of the
trustees to secure sufficient coal.
Administrator Pearce was instructed
to minimize the annoyance as much
as possible.

TRUSTEE BELL SECURED AN EXTENSION OF THE SCHOOL HOLIDAYS UNTIL SEPTEMBER FIRST.

The chairman of the board
considered it was only one pupil in
100 who was absent from the city at
Muskego or other summer resorts
after September 1.

USE OF SCHOOL PROPERTY.

Dr. John Hunter's motion to pro-
hibit the granting of any school prop-
erty to any association wishing to
charge an admission fee, was re-
sisted by the other trustees to be
too drastic, and the duty of the
property committee for modification.

A COMMITTEE WAS APPOINTED ON MOTION OF MRS. GROVES TO CONSIDER THE QUESTION OF A WIDER USE OF THE CITY SCHOOL PLANT.

Mrs. Groves said that almost one
thousand pupils attended the volun-
tary summer school conducted by
the board of education. The motion
was carried by a vote of 10 to 2.

A GRANT OF \$229 WAS VOTED FOR MEDICAL CARE IN THE CASE OF JACK ARCHIBALD, WHOSE EYESIGHT WAS INJURED BY AN ACCIDENT AT PAPE SCHOOL.

A committee was appointed to con-
sider a public education campaign with
respect to the operation next year of
the adolescent act.

WOMAN AGED 74 IS KILLED BY AUTO

Driver Arrested by the Police
and Faces Charge of
Manslaughter.

Mrs. Annie Kearns, aged 74, 70 Shan-
ley street, is dead, and Ernest A. Ruth,
15 Southview avenue, is under arrest
on a charge of manslaughter as a re-
sult of an auto accident which
occurred at the corner of Southview
and Shanley streets at 4:45 p.m. yes-
terday afternoon. The body of Mrs.
Kearns was removed to the morgue,
where an inquest will be held tonight.

PANAMAS DOWN IN PRICE.

Paying one hundred dollars for a
Panama hat five or six years ago was
the only way in which you could
get a "real" Panama. Since that time,
however, the South American natives
have been working overtime, and the
market has dropped with the large
production. Panamas now are within
easy reach of every man with a five
dollar bill. Dimeon, the big hat store,
corner of Yonge and Temperance
streets, found that the "hot" spot in
the big clearing-out sale
Panamas, for the special lines are
being offered at \$3.75. These can-
not be duplicated at the price
anywhere. They are reasonable to-
day and will be ultra fashionable for
two seasons to come.

LABOR COUNCIL SHOWS SYMPATHY FOR SOVIET

Majority Also Claim Right of Ireland for Self-Determina-
tion—Resolutions for Windsor Congress Provide for
Social and Economic Advancement of Working Classes.

The right of self-determination of
Russia and Ireland and various pro-
visions for the social and economic ad-
vancement of the working classes were
urged in the resolutions formulated
for the Trades and Labor Congress
in Windsor and presented last night
for the approval of the Toronto Dis-
trict Labor Council.

All resolutions were confirmed with
practical unanimity, the expression of
sympathy for soviet Russia being re-
ceived with particular enthusiasm.
The same question, when applied to
Ireland, excited considerable contro-
versy, but a considerable majority
finally championed Erin's right to
similar freedom.

"We have enough to do to legislate
in the interests of labor. Let us stick
to it and not turn to political fleg-
ing in foreign countries," declared De-
legate Cox, before the resolution had
been approved.

Upon the declaration of a delegate
that the problem might never be solved,
Delegate John Macdonald declared:
"I don't believe they'll solve it so long
as they have the diabolical force of
the British empire over them."

"I think that this body should take
up this question and decide it one
way or the other. Personally I am in
favor of home rule," rejoined De-
legate McGarry.

"Hear! Hear!"
"Home rule does not mean separa-
tion," remarked another delegate.
Delegate Ryder stated that the Irish
question was, in his opinion, a religious
question, and therefore, beyond
the province of the council in framing
a resolution.

James Simpson, in his comment
on the resolution advocating pro-
tection for use instead of for profit
demanded whether or not the Cana-
dian worker was to continue to bury
his head in the sand and have his
body go round in a circle, seeking
wage increases and having the pro-
fiteers boost the price of living and
production necessities to a summit
which offset the advantage gained.

The resolutions as presented to the
council, followed:

Armed Intervention.
Resolved, that this trade congress
representing the organized Canadian
labor movement, view with disgust
the policy of armed intervention
against a people desirous of govern-
ing themselves according to their
own ideas. And further, that we
pledge ourselves to resist to the ut-
most with all the means in our
power any attempt of the Dominion
government to support intervention in
Russia, and that we pledge ourselves
to do all in our power to assist the
soviet government in Russia against
the designs of the imperialist gov-
ernments of the world.

Resolved, that this Trades and
Labor Congress express its sympathy
with the Irish people in their effort
to attain self-determination and that
we go on record as being in favor of
this same principle being extended to
all peoples, whether they be under
the domination of Great Britain, the
United States, or any other great
power.

"Whereas the exigencies of the day
prove that in all countries the work-
ers are being exploited, and are being
deprived of their economic power in
order to wield their economic power in
politics."

FIERCE FOREST FIRE NORTH OF KAMLOOPS DANGER TO SETTLERS

Relief Train Brings Injured
From Thompson River—
Several Deaths Likely.

Kamloops, B.C., Aug. 19.—(By Cana-
dian Press)—A relief train bringing
injured persons from a great forest
fire along the north Thompson
River, has arrived here. The fire is
supposed to have started on August
11 from lightning and was fanned into
a great flame by a wind early this
week.

First news of the seriousness of the
fire came about a week ago, when
a fire on the C.N.R. ran into a sea of
flames about ten miles from Avola
station. They rescued several men
and a number of horses and then beat
a hasty retreat down the railway line.
Kamloops Doctor is Injured.

Dr. Curry, of Kamloops, and another
man, were found badly burned. Dr.
Curry may not recover. Ten other
persons saved their lives only by wad-
ing into the river up to their necks,
and waiting until the flames sub-
sided.

Dr. M. G. Archibald and seven
nurses were sent out on a relief train
from Kamloops Wednesday morning.
At the same time a special was sent
from Blue River station to rescue the
people on the north side of the fire.
The body of one rancher, Frank Smith,
was discovered.

BATHER HAS NARROW DROWNING ESCAPE

Jack Treason of Heintzman avenue
had a narrow escape from drowning
while bathing at the Centre Island
shores at 8:15 o'clock last night. He
was in the lake, off Manitowish road,
when he got beyond his depth, where
the undercurrent was very strong. He
was able to shout for aid. Patrolman
McKay heard his cries and brought
him safely to shore. Treason was un-
able to swim.

STAND BY POLICY OR RESIGN STAFFORD'S ADVICE TO FRENCH Sinn Fein Paper Publishes Letter in Which Vice- roy Is Accused of Adopting Views of Colleagues.

Dublin, Aug. 19.—The Sinn Fein Bulletin today publishes the text of
a personal letter addressed to Viscount French, the lord lieutenant of
Ireland, by Sir Thomas Stafford, when Sir Thomas asked permission to
publish his letter resigning his membership in the viceroy's advisory
council on August 10. The letter says:
"I believe your excellency's policy is on precisely the same lines I
advocated, but your loyalty to the cabinet, and your desire to please
your colleagues, rather than your own. If I may humbly say so, I think
this is a mistaken sense of loyalty and that for your own sake and the
sake of the country you would be better advised to insist upon your own
views or resign."

A despatch from Dublin, August 10, said Sir Thomas Stafford had
resigned because he declared the premier "refused to take the only
step giving a chance for peace, namely, to offer a firm and immediate offer
of a form of dominion government," for Ireland.

TRY TO WIND UP RATE CASE HEARING DURING THIS WEEK

Evidence All in Argument
Starts Today—Maritimes
Protest Rise.

Ottawa, Aug. 19.—(By Canadian
Press)—All the evidence, having been
put in, argument in the railway rates
case will be commenced tomorrow
morning. It is expected that the var-
ious counsel will get thru not later
than noon on Saturday, and an effort
may be made to wind up the hearing
on Friday morning.

Shortly before adjournment this af-
ternoon, Chief Commissioner Carvell
again stated that it would be neces-
sary for him to leave for Nova Scotia
on Saturday afternoon on business in
connection with the coal situation.
He said he had no desire whatever to
occupy that time, but suggested that
the possibility of the lawyers dining
up the time so that the case could be
concluded this week. He added that
if this were not possible, he would
postpone his visit to the east.

W. N. Tilley, K.C., expressed the
view that counsel would be able to di-
vide up the time as suggested.
The last evidence submitted today
was put in by E. M. MacDonald, who
represented more particularly mari-
time provinces before the board. He
made a long and detailed statement
of the New Brunswick government, who
attended the opening sitting of the
board.

Different from the United States.
Mr. MacDonald said that, in the
opinion of the people of the maritime
provinces, railway increases in the
United States, authorized by the
McAdoo award or by some designing
politicians, should not be adopted by
this country without consideration be-
ing given to the difference in popula-
tion and general conditions in Cana-
da as compared with the United States.

Chief Commissioner Carvell inter-
rupted the speaker, saying he had re-
ceived no intimation from the rail-
ways of their intention to adopt the
new United States award.

The transportation of troops, Mr. Moulie
assistant controller of statistics of
the C.P.R., occupied practically the
entire sitting up to the time Mr. Mac-
Donald spoke.

In answer to a question by Mr. J. B.
Coyne, representing western board of
trade, Mr. Moulie stated that the C.P.R.
had derived about \$6,000,000 revenue
last year from the transportation of
troops and Chinese coolies. The rail-
way would not, of course, receive this
revenue this year.

Mr. Coyne asked him if a consid-
erable proportion of the business of the
Canadian Pacific was international.
Mr. Moulie replied that the C.P.R. did
a considerable international business.
Assuming that the international
business per cent of the whole,
Mr. Coyne then asked if it was not a
fact that the decision of the railway
commission granting an increase in
rates a month to the C.P.R.

Mr. Moulie agreed to this without
accepting Mr. Coyne's assumption of
traffic proportion being correct.
He was not sure that it was correct.
He agreed that the international traf-
fic was increasing.

TENSION IN KATTOVITZ; NEW OUTBREAKS LIKELY

Berlin, Aug. 19.—Advices received
from Kattowitz up to 3 o'clock this
afternoon indicate that the tension of
the German population on the one side
and of the French troops and Polish
elements on the other is not relaxing,
and that fresh outbreaks are likely.
Two thousand Italian troops have ar-
rived in Kattowitz.

The advices say that desultory fir-
ing is in progress in various parts of
the city, which is lynced by the se-
rious police, and that lynch law is
freely being resorted to by the en-
raged German workers.

TWO-YEAR SENTENCE FOR CORK LORD MAYOR

Cork, Aug. 19.—The court martial
which recently tried Terence Mac-
Sweeney, lord mayor of Cork, on a
charge of having under his control the
secret police cipher, and sedition, sen-
tenced him to two years' imprison-
ment.

Treated First to Bulets And Later to Cup of Tea

Tralee, Ireland, Aug. 19.—Thirteen
fully armed soldiers returning last
night to Tralee in a military lorry,
were ambushed. After sharp fir-
ing from both sides the soldiers were
forced to surrender and were dis-
armed by civilians. Four of the sol-
diers were wounded. They were
rushed to a nearby hospital. The re-
mains were taken to a farmers'
house and treated to tea by their cap-
tors. Later they were driven a short
distance outside the town of Dingle
and released.

patch received here tonight reports
the death of Senator J. M. Douglas of
his country home at Tanulation, Sask.

PILSUDSKI STRIKES HAMMERLIKE BLOWS AT BOLSHEVIK ARMY

Two Forces Have United and
Are Within 18 Miles of
Brest-Litovsk.

Paris, Aug. 19.—Polish forces are
advancing with undiminished speed
along the line running from north of
Warsaw to Wlodakawa, about 110
miles southeast of Warsaw. Principal
interest, however, attaches to the ad-
vance of General Elzabinski's
forces. Massed reserves which he had
concentrated at Ivangorod,
southwest of the capital, have ad-
vanced 60 miles in three days and ef-
fected a junction with another army
operating from Cholm. United, these
armies were within 18 miles of
Brest-Litovsk, 120 miles east of
Warsaw, at noon Wed-
nesday, and have now probably re-
occupied that important centre of
communications, which the Reds late
Wednesday night were reported to be
hurdled by.

The initial tactical aim of this
manoeuvre, say military experts, is
already more than attained, as the
left wing of the Bolsheviki army,
based on Brest-Litovsk, has become
separated. The Red centre is being
held before the forts of Warsaw, and
on the right they are reported in an
critical situation.

According to the latest news, the
Poles have almost reached their next
objective—the course of the middle
Bug below Brest-Litovsk. Once this
is attained, it is believed, the retreat
of the Bolsheviki, concentrated in the
Siedlece region, will be cut off and
they will be left only one way to re-
treat—the Warsaw-Bialystok high road.

North of the Narew River, the Pol-
ish advance is continuing to ad-
vance and is now well up in the
between the Narew and Bug Rivers,
making a converging attack on the
Pultusk bridgehead. In the centre
the Poles are rapidly driving the Reds
back on the upper Bug, between
Chiechanow and Broklyzyn.

In the region of Thorn, in the
Danzig corridor northeast of War-
saw, fresh troops have appeared on
the scene. They surround the Red
stronghold and removed all com-
munication between Warsaw
and Danzig by the Vistula and also
cleared the railroad from Danzig to
Siedlece.

Polish Delegates Refuse To Accept Peace Condition

London, Aug. 19.—The Polish dele-
gates at the Minsk conference have
refused to accept a peace condition
advanced by the soviet for the dis-
armament of the Polish army unless
the Russians themselves disarm.
A wireless despatch from Berlin,
quoting a report received from Minsk.

MOTOR-CAR DRIVER HELD AFTER ACCIDENT

Struck by an auto at Davisville
avenue and Yonge street at 8:30 last
night, John T. Tuddell, 1890 Yonge
street, sustained several broken ribs,
and was removed to the Davisville
military hospital, Harry Johnson, 24
Isabella street, the driver of the car,
was placed under arrest on a charge
of criminal negligence.

walking across Davisville avenue when
he was struck by the motor car, which

PRICE OF OATS

A year ago the Toronto Board of
Trade quoted No. 3 oats 90c to 95c a
bushel, while the quotation this year
ranges from 80c to 85c a bushel. Last
year's oat crop was a partial failure
and at some points in Ontario the
price paid for domestic consumption
ran as high as \$1.50 a bushel. The
reverse seems to be the case this year
when the crop in some places is said
to be as high as 80 to 100 bushels to
the acre. With this large crop in
view Toronto grain men expect oats to
sell probably as low as 75 cents a
bushel.

GERMAN SHIPYARDS CLOSED.

Hamburg, Aug. 19.—Labor troubles
have caused the Blohm Voss ship-
yards to shut down indefinitely.

LIKENS GRAIN FIELDS TO "CLOTH OF GOLD"

Calgary, Alta., Aug. 19.—"The
field of the cloth of gold," is how
one delegate to the Imperial Press
Conference describes western Cana-
da. B. H. Dodd, editor of the
East London (South Africa) Daily
Despatch, spoke with enthusiasm
of his trip thru the grain fields of
the west. "The endless vista of
crops, reaped and ready for reap-
ing, the level nature of the fields,
the richness and depth of the
soil, are the abiding impressions of
our tour thru this vast granary of
the world," he added.

POLES PRESS ADVANCE CITIES ARE RETAKEN TROOPS SURRENDER

Ten Thousand Prisoners and
Much War Material Cap-
tured—Tares Bolsheviki
Divisions Wiped Out—
Cavalry Charge Smashes
Brigade—Red Detachments
Cut Off From Main
Forces.

Warsaw, Aug. 19.—The Polish of-
fensive is now in full swing. More
than 10,000 prisoners, 20 cannon, 200
machine guns and thousands of supply
carts have been captured from the
Bolsheviki.

The Poles have occupied Ploensk,
Pultusk and Wyskow, thru which the
Reds drove in their sweep towards the
capital.

Owing to the Polish pressure from
the northeast it is reported that the
Bolsheviki are withdrawing their
forces, which reached the Vistula,
south of the Prussian border, and to
the northwest of Warsaw.

The Warsaw sector is rapidly being
cleared of the Bolsheviki. North and
northeast of the capital the Reds are
being shoved back by the Poles, who
are following them up all along the
front, using artillery in such quanti-
ties as to cause great confusion among
the invaders, who now are on the run.

To the east the Bolsheviki are re-
ported by making their way across
the Bug at various points.
Siedlece was taken by the Poles early
Wednesday.

Division Annihilated.
The 57th, 58th and 5th Bolsheviki
divisions on the Warsaw front have
been annihilated and thousands of
soviet soldiers made prisoners, last
night's official statement says.

The Russians lost their bearings in
trying to meet attacks on all sides
from the Polish columns on their
flanks, the statement says. The
Poles, continuing their advance, have
occupied Kaleszyn, 35 miles east of
Warsaw, Siedlece, 57 miles east of the
capital, Milyzere, 10 miles south-
east of Siedlece; Wlodawa, on the
Bug River, 125 miles southeast of
Warsaw.

The Poles are reported to be re-
grouping before Lemberg for a coun-
ter stroke against the Bolsheviki,
who are less than thirty kilometres
from the city.

In the region of Thorn, about 105
miles northwest of Warsaw, the com-
munist says the Poles have launch-
ed a counter attack, adding that
of Brodnica, which still is occupied
by the Bolsheviki forces. In the re-
gion of Lippno, about 25 miles south-
west of Thorn and at the mouth of
the Vistula, the Bolsheviki have started
an eastward movement, aviators report.

Red Forces Dislodged.
North of the fortress of Geo-
gievsk, the Red forces were dislodged
after stubborn resistance, a Pol-
ish cavalry charge smashing a Pol-
ish brigade. The Bolsheviki pres-
ent, Pultusk, 30 miles north of War-
saw, took with them the town war-
fare, and all of the clergy as hostages.
From the communist states, adding that
1,500 prisoners were gathered in this
engagement alone.

General Pilsudski has been with the
troops east of Warsaw, and under
shell-fire, but escaped uninjured. On
various parts of the front, where the
Poles are advancing, Bolsheviki troops
are reported to have been cut off from
their main forces in great numbers,
thousands surrendering daily, when
they realize they have been cut off.

Heavy Fighting Along Bug.
Along the Bug, the Bolsheviki, Leo-
Lissou-Polish war.

It is asserted by the correspondent
that German volunteers from East
Prussia are forming an army again,
Vilna to march ostensibly as a revolu-
tionary army into East Prussia and
bring about joint action by East Prus-
ians and the soviet against Poland.

Floods in Japanese Islands Wipe Out Towns and Villages

Honolulu, Aug. 19.—Tremendous
floods are sweeping portions of the
islands of Kyushu and Shikoku, south-
west of Honshu, the principal island
of the Japanese group, overwhelming
towns and villages with an enormous
loss of life reported, according to
cable advices to Nippon Jiji, Japanese
language newspaper.

Ottawa to Save \$10,000 Yearly By the Abolition of Two Posts

Parliamentary Secretaryships Held by J. H. Keefe,
M.P., and Col. Hugh Clark, M.P., to Be Eliminated
—Perley Likely to Continue in London Office.

Ottawa, Aug. 19.—(Special)—The
federal executive under the new pro-
gram has been reduced by two par-
liamentary secretaryships for external
affairs and parliamentary secretary
for militia and defence. When Sir
Robert Borden resigned these posi-
tions were automatically vacated, and
it is not proposed to fill them again.
The former position was held by F.
H. Keefe, M.P., Port Arthur, and
the latter by Colonel Hugh Clark,
M.P., North Bruce. The salary at-
tached to these positions was \$5,000
annually and sessional indemnity. It
is very improbable, now that the
stress of war is passed, and in con-
formity with the government's policy
of retrenchment, if there will be

a revival of the office of parliament-
ary secretary for some years at
least.

Sir George Perley's return to Can-
ada has again revived the story of
his retirement to remain in London
as commissioner. The government
has no definite information of Sir
George Perley's intentions. He has
desired to be relieved of his office
some time, but has remained at his
post at the request of the govern-
ment. It is very probable that he will
be requested to remain in London
office for another year. There has
been no appointment made or even
considered for the Washington high
commissioner's position, but it is
likely there will be until after the presiden-
tial election.

ELWOOD CLEARED OF ALL SUSPICION

Warrant is Withdrawn After
Identification Fails—Consid-
ers Action for Loss.

Dewitt C. Elwood, who came to this city voluntarily from Miami, Florida, to clear himself of being implicated in the Rosenthal jewelry robbery, was yesterday vindicated of all suspicion and the warrant which was laid against him withdrawn by Crown Attorney Corley. Elwood, his attorney and two friends, prosecuting attorney of Pine County, Florida, appeared at police headquarters at 10 o'clock yesterday morning when the last suspicion against the young man was cleared. Elwood himself made the suggestion that the Salvation Army tunic and hat, worn by one of the robbers and which were recovered by the police, be produced so that he could try them on. His request was complied with and neither of the two articles of wearing apparel fitted the young man. This fact was sufficient to satisfy Inspector Guthrie and Rosenthal, and the charge was withdrawn, which was done. Rosenthal, Edward Crowe, Rosenthal's watchmaker, and several others who saw the robbers, failed to identify Elwood as being one of them.

In order to clear his name Elwood has gone to considerable expense. He estimated that this would be close upon \$4500, and he is considering taking action against Mr. Rosenthal and the local police to seek reimbursement for his expenditure.

Elwood's statement.

"This attack on my character and the warrant causing my arrest in Miami, has been a big injustice to me," stated Mr. Elwood, after leaving police headquarters yesterday. "It is a serious thing to me to be accused of a crime when

CALGARY RIFLEMEN WINNERS AT OTTAWA

Capture MacDonald Brier
Shield—Next Match Likely
at Connaught.

Ottawa, Aug. 19.—(By Canadian Press).—Two matches were finished at the D.R.A. meeting at the Rockcliffe ranges today, the first stage of the governor-general's and the Coates' team aggregate scores, these being the Kirkpatrick Cup, won by the British Columbia team, who also carried off the Gillespie Challenge Cup, both by a good score of 753.

The Macdonald "Brier" team competition saw the Calgary Rifle Association in first place and winners of the handsome shield for the first time.

The Gordon Highlanders' Trophy, another team competition, fell to the governor-general's Foot Guards, with a good score of 753. There were five teams in the Coates team match, and the 103rd (Calgary), were the winners.

Major-General Wilson, president of the D.R.A., entertained the association and the officers of the association to luncheon today. General Newburn minister of militia, announced that in all likelihood the next D.R.A. matches would be shot on the Connaught ranges.

HAMILTON

HAMILTON, Aug. 19.—Rev. J. M. Eagle of Hamilton and Rev. E. A. Beall were elected traveling elders for the ensuing year by the Free Methodist conference in session here this morning. The preacher at the afternoon session was Rev. A. Sines of Toronto.

BRITISH PREMIER TO MEET ITALIAN

Lloyd George, at Lucerne,
Says That is Only Official
Meeting Arranged.

Lucerne, Switzerland, Aug. 19.—Mr. David Lloyd George, the British prime minister, arrived in Lucerne this afternoon. To the correspondent of the Associated Press he said that up to the present the only official meeting that had been arranged was one with Signor Giolitti, the Italian premier. This would probably take place next Monday. No visits from Dr. Walter Simons, the German chancellor of Prince Faisal, King of Syria, had as yet been arranged, he added.

The private secretary of Mr. Lloyd George asserted today that there was no truth in the report that the premier intended to visit the United States and Canada in October. He said, however, that the premier hoped to make a visit there next year if the political situation is improved.

RIVERDALE VETS STRONG FOR UNITY

Balancing Factor at the Next General Elections, Comrade Turley Declares.

Riverdale G.W.V.A. last night endorsed a resolution for the unification of all veterans' associations.

"The provincial command of the G.W.V.A. in Ontario has been interested in this question of unity of the returned men in Canada for many months," said Comrade W. E. Turley, provincial secretary, to Riverdale G.W.V.A. at Broadview Hall last night, before a large gathering.

Continuing, the provincial secretary cautioned the membership to consider the matter of amalgamation with any organization very carefully. "What is good politics for one province," he said, "may not be good for another; what is good business for one branch of our association may not be good for another. There is no doubt that returned men will prove the balancing factor at the next general elections, and I would suggest that, rather than ally yourselves with any specific political party, you open your doors to every man worthy of political consideration. We have said little about ourselves as a political factor in Ontario, but I may tell you that it was the G.W.V.A. which decided the issue of staying the referendum vote until next April. The Liberty League and other organizations used their influence, but it was not until we put the weight of our influence into the breach that the government decided to postpone the referendum another six months.

To Express Convictions.

"We did so," Mr. Turley continued, "not because of any love for the Dominion Alliance, but because we were anxious to have every returned man placed in a position to express his convictions by the ballot; in short, give time to have his name placed on the ballot lists of the ridings. It is a practical certainty that if the soldiers unite politically under any single banner all the other political elements in the province will be lined up against them. We may rest assured that when it comes to a showdown as affecting the widows, the orphans and the disabled comrades, every returned man will discard politics and study those studying matters immediately affecting those he loves. In this case a soldier returned to the house would champion the cause of his comrades, no matter under which banner he won his way in."

In conclusion Comrade Turley expressed the opinion that unity should be possible with every one of the united organizations retaining its autonomy and name.

Following much discussion pro and con, the meeting unanimously endorsed the following resolution passed by East Toronto G.W.V.A.: "That the provincial command take steps to further the cause of unity with other veterans' organizations; also that the command recommend the formation of a council of executives from all veterans' organizations so that united action can be shown for all returned men and their dependents before municipal and parliamentary committees."

WILL OCCUPY OFFICES IN NEW UNION STATION

Officials of the Grand Trunk announced yesterday that the railway offices would be removed from the present location in the old union station to their quarters in the new station on Sept. 15. It is expected that the C.N.R. and C.P.R. will also move a little later.

H. C. Groat of the C.P.R. is anticipating instructions to move the offices of the company into the new station. According to Mr. Groat, the moving of the executive offices of the various roads into the new building signifies that the present office accommodations in the old station are too cramped.

Sixty Thousand Homeless Girls In Toronto "the City of Homes"

In the city of Toronto, with a population of over half a million, are 87,000 private homes. Most of Toronto's people live in private homes as distinguished from hotels, boarding-houses and flats.

In Toronto, however, are 60,000 employed girls away from home, girls living in rooming-places and boarding-houses. Many of these places are unsuitable, to say the least.

We have been overwhelmed by applications of young business girls without homes, who are obliged to undertake making their own living in Toronto, for admission to Willard Hall.

Willard Hall, which was erected and equipped as a supervised residence for younger girls during their first three years in the city, while they were getting their start, is filled now to overflowing. A larger building is imperatively needed.

Help Us Enlarge Willard Hall

This work for young girls' welfare is as important as any social work that is being attempted. Every agency to that end should be encouraged. The W. C. T. U. wants your support in the work of enlarging Willard Hall as a Christian home for junior business girls. Help us.

When our canvassers call be generous.

BABY SHOW ENTRIES BEAT ALL RECORDS

Hard Task for Exhibition Judges—Mother of Seven Asks for Medal.

"Dear sir," writes a boastful Weston road mother to General Manager J. G. Kent of the Exhibition, "enclosed you will find entry form for baby show for my baby boy, who is the youngest of four children, two sons and two daughters, born since the war started. I have seven children altogether. I think I should get a medal myself."

Mr. Kent is under the same impression and is seeking suggestions broadcast as to the form the medal commemorating such a notable event should take. Perhaps the readers of The World can help him out.

There are over 200 entries already in for the Labor Day baby show, which is quite the largest number ever recorded this early. Boy babies largely predominate, a phenomena which has been noticed at the Exhibition baby shows since 1915, bearing out the belief that boy babies always outnumber the girls in the birth rate during war periods. There are six entries in the class for twins, but none have yet been received in the special class for triplets.

WILL KEEP OUT OF ADOLESCENT ACT

Mayor Church said yesterday that the city would not go into the adolescent school attendance act. "The citizens are already paying eleven mills on the dollar for school purposes," he said. "To get the small grant of \$60,000 from the government we have to spend millions."

NOTES OF LABOR

Herb Wright, secretary of the Shipbuilders and Machinists' Union, has returned from a short holiday to Buffalo.

Members of the International Association of Machinists are to discuss at an unofficial meeting to be held on Monday next, a proposal to unite with the Amalgamated Society of Engineers. The project is one which has been prominent with the two organizations for the past twenty years.

Secretary John Cottam of the Simpson defence fund announced that regular meetings of the canvassers will be held on the first and third Fridays in the month. Approximately 75 locals are now said to be engaged in collection work. Efforts at present are being concentrated upon the canvass to be made on Labor Day.

SUBURBAN NOTES

St. John's Parish Church, Norway, is still holding its record for marriages, according to the rector, Rev. W. L. Baynes-Reed, D.S.O.

President L. W. Mullen, Riverdale Ratepayers' Association, has sent out a special call to the executive committee to discuss the Bell Telephone Company's proposal to increase their rates, and to organize a public meeting of protest at an early date.

Pape Avenue Baptist young people held an enjoyable basket picnic at Scarborough Heights Park, when games and sports were carried out under the directions of Miss Sieman, superintendent. There was a good attendance.

A warning has been issued by the life-saving station to people unable to swim to avoid bathing in the lake for the next day or two, until the heavy surf abates. Several narrow escapes from drowning were reported during the last few days.

A community social and dance was held on Mr. Pew's grounds, Edgewood avenue, under the auspices of St. Aidan's Parochial Association, last evening, when a large number attended. A local orchestra furnished the dance music and refreshments were served. The proceeds will be devoted to the new memorial hall fund, which is to cost about \$75,000.
