RAILWAY BOARD OPENS FREIGHT RATE HEARING

BESCO CLAIMS PRESENTED AT FIRST SESSION Discrimination in Rates On Coal, Steel Products Protested

ASK REDUCTION Commissioners Welcomed By Moncton Mayor and Board of Trade

By F. X. JENNINGS. Staff Correspondent Times-Star.

MONCTON, April 6.—Submissions of the British Empire Steel Corporation regarding alleged discrimination against the Maritimes in the matter of freight rates on coal, coke and steel products occupied the whole of the first session of the hearing of the Board of Railway Commissioners, which opened here this morning.

The submission of the case for the Maritime transportation rights committee regarding the all-rail class rate structure of the Maritimes, which was the first item on the agenda, was postponed until later in the session.

The hearing which was held in the K. of P. Hall was presided over by Hon. H. A. McKewen, chairman of the commission. Other commissioners sitting were Hon. Frank Oliver and Dr. S. B. McLean.

MARITIME CASE HELD. Although the first item on the agenda was that of submissions of the Maritime transportation rights committee regarding the all-rail class rate structure of the Maritime Provinces, at the consent of Col. J. L. Rankin, of Halifax, who was to present the Maritime case, this matter was allowed to stand until after the submission of the British Empire Steel Corporation.

A hearty welcome was extended to the President of the Board of Trade and hoped that its deliberations would be of great benefit to the Maritime Provinces.

The chief commissioner responding, said he hoped this report of the committee which was now evident on all sides would extend to Moncton. He hoped, too, that the members of the Board not only the Maritime Provinces but the whole of Canada would benefit.

The British Empire Steel Corporation was represented by J. R. McIsaac, general traffic transportation manager, and Hugh Ross, K. C., both of Sydney.

ADJUSTMENT OF RATES. Mr. Ross in opening the case first took up the application regarding the adjustment of freight rates on coal and coke from coal mining centres in Nova Scotia to points on the D. A. R. in Nova Scotia and to points on the C. P. R. in New Brunswick and the State of Maine.

He said that the company was far from its chief home markets and most of its transportation was arranged by head by water. He said if a fuel policy could be arranged it would give the miners of Nova Scotia a steady market. Most of the freight movement in Canada, he said, was eastward and therefore there was a considerable number of trains returning empty and men returning off duty. He presented the results of two tests on the actual cost of moving coal from Nova Scotia to central Canada. Extra costs were between coal loaded and empty trains he figured at the rate of 12 1/2 cents a ton from Springhill to Moncton.

He said if there was a question of empty cars from the Maritime Provinces this could be solved if the great quantities of grain now going through U. S. ports were to be brought by the Canadian railways through Canadian ports. He also said that if this business was brought through Canadian ports other trade would follow. He also termed as unfair the practice of purchasing coal for Canadian railways in the U. S.

Turning to coke, he said that as oak and wheat were carried at the same rate by the railways, so also the same rates should be applied to coke as rates in the case of bituminous coal.

WOULD AID PROSPERITY. The mines of the corporations worked only about six months a year. The royal commission which investigated coal matters in Nova Scotia, he said, declared that Besco were paying higher wages than their business warranted. If coke or coal were moved as suggested, Mr. Ross felt that the prosperity of the Maritimes would be hastened and eastern and central Canada would be brought closer together.

He declared the Maritime Provinces were in a state of mind where they were demanding that their rights be protected, and predicted that some day an embargo on U. S. coal coming into Canada was possible. Therefore he urged that everything possible be done to develop the fuel wealth of Canada.

Claims Discrimination. Taking up cases previously submitted to the board, he said reductions in

Dramatic Plea By Chapman Vain; Slayer Pays Extreme Penalty

Spare Not Those Little Adenoids If You Would Be Good London Expert Says Operations Have Proved "Lightning Cure" For Crime

Special to The Times-Star LONDON, April 6.—"I look forward to the time when no one will be released from prison until he is fit to go out into society again. At present it is known practically for certain that some criminals will commit further crimes and will return to prison within a very short time. This should not be."

This statement was made during a lecture by Dr. W. A. Potts, on "Crime and Delinquency," given under the auspices of the People's League of Health.

DR. POTTS insisted that, in conducting mental examinations, there must be concentration on juvenile delinquents. After the age of twenty-one cases were much more difficult to handle. Young offenders should always be medically examined before entering a period of probation. Severe punishment was not the panacea of crime. Treatment rather than punishment was required, and individual examination only would show what treatment was necessary. Discipline was essential, but that must not be repression through fear.

MENTAL DEFECTIVE, he continued, represented three to five per cent of the prison population, while the insane or mentally diseased accounted for not more than half per cent. Another section comprised those suffering from some deformity or inferiority, which affected their attitude towards life, and produced a "mental conflict." Yet another group comprised the definitely physically diseased, and it had been often found that an operation for adenoids, or tonsils had proved a "lightning cure" for crime.

He deprecated fixed sentences. "First of all," he said, "we must be concerned regardless of whether an offender is better or not, is ridiculous."

CANADIAN COW SETS NEW WORLD RECORD

Quebec Ayrshire Produces 979 Pounds of Butter Fat in 12 Months

OTTAWA, Ont., April 6.—The Ayrshire cow Briery Lass, 85707, owned and developed by the director, experimental farms at Ste. Anne de la Pocatiere, Quebec, has just completed a 12-month record under the rules of the Ayrshire record book, which constitutes a Canadian and world's record for the breed for butter fat production, producing 22,985 pounds of milk and 979 pounds of fat, average per cent fat 4.44, the department of agriculture announces. The former world's record butter fat producer was a United States cow, Lily of Willowmoore, 22229, with a record of 22,598 pounds milk and 955.56 pounds of fat. The former Canadian record butter fat producer was Nellie Osborne of Elmshad 18th, 71910, owned by W. C. Wylie, Howick, Quebec, with a record of 22,466 pounds of milk and 901 pounds of fat. Briery Lass displaces both of these cows for butter fat production by quite comfortable margins.

MOTHER REBUKED. KANSAS CITY, April 6.—Scorned when she bobbed her hair, and wore bright clothes, by her Mennonite children, Mrs. Leona Benedict was told by the court when she sought custody of her six children, "that she should be proud to have children with such ideals."

NEW PONZI SCHEME. JACKSONVILLE, Fla., April 6.—Charles Ponzi, financial wizard, recently convicted of violation of the Florida land laws, intends to bring 25,000 Italian farmers to work the lands of the states. He began his latest scheme when out on \$5,000 bail.

AUSTRIAN JURIST DEAD. VIENNA, April 6.—Dr. Franz Klein, international jurist and former Austrian Minister of Justice, died today, aged 71. He was one of the Austrian delegates to the St. Germain peace conference in 1919.

Russian Emigres Would Drive Bolshevism From Native Land

PARIS, April 6.—The Russian emigres who are holding a congress here, with the hope of driving bolshevism eventually out of Russia, elected as their president a man who claims to have been Nikolai Lenin's teacher of all the radicalism the Red leader ever knew, and who once was called "the father of Russian marxism."

Professor Peter Struve, another professor, M. Tregubov, a former

criminal lawyer, was named as secretary-general. The down-trodden peasants of the great Russian estates are now looked to by their former masters as the only hope of ever re-establishing the monarchy. This is set forth in a report by Secretary-General Semenov, of the Russian National Committee, which was adopted by the congress after a debate that extended throughout the

This Woman Lives 5 Years Without Eating

Special to The Times-Star BARCELONA, Spain, April 6.—The remarkable case of a woman who has eaten nothing for five years is being treated in a nursing home at Saragossa.

The patient is Amalia Baranda Ruiz, who in a town near Burgos suffered a hysterical attack, accompanied by brain disturbance, in 1920. Up to February, 1921, she lived on a milk diet, but the treatment had to be abandoned owing to an ulcer perforating the stomach.

Since that time she has lived entirely on daily injections of a reconstituted tonic. At the beginning of her illness she weighed 172 pounds, but now weighs only 73 pounds.

RAISE PORTSMOUTH TO DIGNITY OF CITY

Premier British Naval Port Promoted After Fifteen Years' Agitation

LONDON, April 6.—After 15 years agitation the inhabitants of Portsmouth possess a population of close upon a quarter of a million, but in this country the question of whether or not a place is classed as a city, the conferment of such a title is granted by His Majesty on the advice of the Home Office. Communita, however, received no encouragement at a conference of the national union of allied workers which has just been meeting at Scarborough. At this conference the proposal to buy shares in the "Sunday Worker" was thrown out by a large majority. This is a Sunday labor paper and the grounds of the rejection of the proposal were that it was uncommunita. Little place in Somerset, with a gloriously objective before. We can effectively aid his ally. Artillery firing was heard from the south this morning.

LANGUAGE IS TOPIC AT EDUCATION MEET

Sir John Adams Addresses National Conference at Montreal Today

MONTRÉAL, April 6.—The third triennial conference of the National Council of Education and Citizenship in convention here, resumes its sessions this morning, with addresses by Sir John Adams, late of London University, and Monsieur Schlarly, rector of the University of Strasbourg. The subject will be "The National Importance of Language in Education."

M. Edouard Mon Petit will be chairman of this meeting.

BUSINESS MEN TO BE HEARD AT PROBE

Montreal Board of Trade Plans Delegation to Give Views on Smuggling

OTTAWA, April 6.—Next week will be business men's week in the customs probe. Commencing April 12, the committee which is investigating the conduct of the department of customs and excise will hear a number of business men from different parts of Canada on the question of smuggling and sale of contraband goods.

The Montreal Board of Trade will send a delegation. In addition, individuals representing the jewellers, the textile business, the tobacco trade and the department stores will be heard. Of these representatives there will be seven from Montreal, four from Toronto, one from St. Catharines, one from Drummondville, Que., and one from Winnipeg. There may be additional to the list. The Canadian Manufacturers' Association also will send a representative.

Policeman Shoots At Auto, Kills Woman

PHILADELPHIA, April 6.—Mrs. Laura Hansell, mother of 14 children, was shot and killed by Policeman William Hoar when the latter was firing at the tires of an automobile driven by Charles Wolfert. The car is alleged to have been stolen. Wolfert jumped from the car and escaped. Hoar has been exonerated.

NIGHT SESSIONS OF HOUSE NOW LIKELY

Grand Falls Legislation Expected Ready By End of Budget Debate

FREDERICTON, N. B., April 6.—It is likely that night sessions will be the rule in the legislature until the debate has been disposed of, but it will probably be next week before the House comes down to, first the opposition amendment to increase the rate of stumpage on lumber cut upon the crown lands of the province to 84, as a means of averting direct taxation, and then the government motion for the time the debate on the budget is finished. The government will have its Grand Falls legislation ready for introduction.

The Corporations Committee is set to meet tomorrow morning to take up several bills, including those to incorporate the Nepsiguit Storage Company, and the Nepsiguit Power Company. In the Municipalities Committee, on Thursday, Saint John county and Fredericton bills are to be taken up.

POWERS DEMAND CHINA PREVENT PEKING BATTLE

Major Fight Imminent For Control of Capital

WARNING GIVEN China Will Be Held Responsible For Injury To Foreigners

United Press. PEKING, April 6.—The foreign powers today protested to the Chinese Foreign Office against the imminent major battle for the control of Peking. There are indications that the fighting may begin tomorrow.

Lives and property of foreigners in Peking would be seriously jeopardized by the prospective hostilities, the diplomats said in their note. While they are determined to maintain an attitude of strict neutrality, they consider themselves justified in reminding the government of its responsibility to friendly powers.

QUEBEC FIDDLER IS FIRST IN CONTEST

John Bovin Wins Way to Finals at the Lewiston Trials

LEWISTON, Me., April 6.—John Bovin, of St. George, Quebec, qualified for the finals in the 100-yard dash tonight by winning the first lap in the world-wide "elites" contest which opened at the Lewiston armory last night. The winner in the finals will receive a silver cup containing \$1,000 in gold.

This was Canadian night of the contest and the decorations were in keeping with the occasion. A big crowd preceded the contest and the fiddlers were welcomed by Mayor Robert J. Wiseman, former speaker of the House of Representatives.

Wreckage Believed To Be Ill-Fated Launch

WINDSOR, Ont., April 6.—Fishermen at Bar Point, five miles below Amherstburg, are convinced that the wreckage and land yesterday was that of the launch Vivian, which is thought to have broken up in a heavy gale at the mouth of the Detroit river. Three residents of Toledo, Ohio, are believed to have been drowned.

No Redistribution Of Alberta Seats

EDMONTON, Alta., April 6.—There will be no redistribution of provincial seats before the next Alberta general election, which is expected to take place within the next two or three months. This was made certain last night when the committee on redistribution appointed at the last session presented a report and announced that it had been impossible to find an unanimous basis for redistribution, and that no recommendations could be made.

BULGARIAN CRISIS

Distressing Industrial and Financial Conditions Reported By Sofia

SOFIA, Bulgaria, April 6.—Bulgaria is in the throes of a serious economic crisis. Reports from all over the country reveal distressing industrial and financial conditions, and many failures. The unemployed number about 600,000. The Bulgarian National Bank is taking heroic measures in an endeavor to stem the fall of the leva.

Frances Heenan, another blonde, is the newest protégée—and may be bride of Edward W. Browning, who attempted to adopt Mary Louise Spava last fall as a "step-cinderella." Wedding bells may sound in June, when Frances turns 16.

MAKES PERSONAL PLEA

CHAPMAN paid the extreme penalty for his crime at the end of a day which never before, in all Connecticut's legal or criminal history, in the opinion of many, had been approached for equality. He had personally appeared before the Board of Pardons over convicts Governor John H. Trumbull had presided, to make his own plea for mercy to the extent of commutation of sentence to life imprisonment. He spoke 92 minutes, following argument for him by his chief counsel Frederick J. Groehl, of New York, and an invective aimed at the state's attorney and those who had fought him in the courts. He did not spare the judiciary and, standing almost motionless, his eyes roaming at times, to bring within their ken, those against whom he had bitterness in his heart, he demanded more time in which to obtain "justice" and to offer new witnesses and new evidence of his innocence.

ACTRESS TO TAKE GIRL FROM MOTHER

S. P. C. C. Seeks Custody of Reported "Bride-to-Be" of Edward Browning

NEW YORK, April 6.—Frances Heenan, who recently said she will marry Edward W. Browning, wealthy real estate operator, after her sixteenth birthday next June, may be taken from the custody of her mother, Mrs. Mary Heenan.

Maine Lumber Camp Destroyed By Fire

QUEBEC, Que., April 6.—The destruction by fire on Saturday night of a lumber camp at Clayton Lake, near the Maine boundary, became known here last night when Thomas Fortin was admitted to the hospital here. Fortin was suffering from burns received while he, in conjunction with 100 other lumbermen, was fighting the flames. The camp was the property of Edouard Lacroix, M. P. for Beauce.

PETER LALONDE DEAD

CORNWALL, Ont., April 6.—Peter Lalonde, aged 79 years, died at his home here this morning. He was the father of Edward C. (Newry) Lalonde, well known athlete.

Railway Service Between England and Russia Planned

STOCKHOLM, April 6.—A definite project for through railway service between England and Russia, in which huge steam ferries would be used to carry trains across the North Sea, and the Gulf of Finland, has been submitted to the Swedish government, after several years of preliminary investigation.

Swedish passenger trains already are carried across the Baltic from Sweden to Germany on such ferries, without disturbing the passengers. Under the English to Russia project, trains would be ferried across the North Sea, taken across Sweden on the Swedish railways and ferried again to Finland.

SCORES BENCH New Prison Machine Quickly Ends Life of Murderer and Robber

WETHERSFIELD PRISON, Conn., April 6.—Gerald Chapman, notorious for 20 years of sensational crimes, ended his life on the gallows of the Connecticut State Prison, as a murderer, at 12:04 o'clock this morning.

Calm, and showing little emotion, he stepped under the nose of Connecticut's new hanging machine, and paid the penalty for the murder of Policeman James Skelley of New Britain, in a department store robbery, October 12, 1924.

Seven minutes and five seconds later prison physicians pronounced him dead before, after a life of crime that began when he was 16, led him through jails and penitentiaries, made his name a byword in every police station in the country, and brought him to his death at the hands of the law at the age of 38.

REAL NAME CHARTERS

As Chapman, whose real name was George Charters, started for the execution chamber at one minute after midnight the prison chaplain, Rev. Father Michael P. Barry, took his place at the condemned man's side. The clergyman carried no crucifix, and Chapman was without the consolation that its sight might have brought, had he desired it.

Father Barry has claimed the robber's body and burial will be held today.

A sensational \$1,484,000 mail truck robbery in New York and his equally sensational escape from Atlanta penitentiary, to which he had been sentenced for the crime, were high spots in his criminal career.

Three times had Chapman been reprieved in last minute efforts of his counsel to save his life. His last reprieve expired last night at midnight, a minute later he began his march to death.

In Australia some anxiety is being felt at the growing power of the reds in the Australian labor conference. The victory of Beasley, the red leader cooperating with Bailey, the head of the Australian workers' union, has resulted in barring Tyrill and McGrath, who formed the executive of the labor party from holding any executive office. On the grounds that they were ineligible as members of the legislative council of New South Wales, and Beasley himself secured the nomination for the vice-presidency.

NO LOCAL BEEF ON THE EASTER MARKET

For the first time, probably, in the history of the Saint John market there was no local beef offered for sale for Easter consumption. Such a state of affairs had never before been heard of, it was said today by men with many years' experience.

When asked as to the cause for the lack of local beef in the market, persons in the market said that packing houses were under-selling the local farmers, and the latter could not compete. One prominent butcher here said that whereas a few years ago one could buy several car loads of steers between here and Sussex, at the present time he did not know of one pair of steers feeding in Kings county.

SAYS VISIT HERE OF PRIVATE NATURE

Donald Fraser, of Fraser Ltd., president of the New Brunswick Temperance Alliance, who is at the Admiral Healey Hotel, said this morning that business of a private nature had brought him here and that his visit was not connected with temperance matters. Questioned regarding the plans of his company for a new pulp and paper mill which is expected to be erected at or near Campbellton as a result of the Grand Falls development, Mr. Fraser said that he had nothing of a definite nature to give out on this matter yet.

MRS. WM. DOBSON-DEAD

The death of Mrs. William Dobson occurred on Monday at her residence, 78 Prince Edward street, leaving her husband, four sons and four daughters to mourn. The sons are Corham, Hartley, James and Ralph; the daughters are Mrs. Parlee, Mrs. William Melvin, Mrs. Charles Campbell and Mrs. James Melvin. The funeral will be held on Wednesday afternoon. Mrs. Dobson had been ill but a short time. Her death will be regretted by many friends.

Mr. and Mrs. W. Roy McKenzie wish to thank their friends for kind and sympathetic help for their bereavement.

CALCUTTA RIOTING ON WANE; BUSINESS AND TRAFFIC IS RESUMED

CALCUTTA, April 6.—With the exception of troops, who are still patrolling the streets of the city, there was little evidence this morning of the inter-communal rioting and bloodshed of the past few days, when 23 persons are said to have been killed, and many wounded. Train cars and buses were running on normal schedule, and business was in full swing.

Hon. F. Magee Here On Way From U. S.

Hon. Fred Magee, member of the late government, and Mrs. Magee, of Port Hope, passed through the city at noon today on route home from New York, where they had been spending a month. They report bright, warm weather in the U. S. metropolis but a decline of the mercury as the train proceeded east. However, New York state was said to be behindhand in its weather too.

Referring to the present session of the local legislature, Hon. Mr. Magee said he had been reading The Telegraph-Journal daily in New York and noted with keen interest the budget policy of the new government. The results of it, he thought, were very problematical.

BESCOGLAMS PRESENTED AT RY. BOARD MEET

rail rates had been made in the western provinces, but there had been practically no changes in the basic rates from the Maritime Provinces. He thought the same differential should apply to the whole of Canada. He claimed discriminations existed in the matter of the difference in the freight rates between coal and coke. He thought equal rates with grain rates in western Canada should apply. He asked that rates out of Montreal be reduced to bring them to a level with the charges on U. S. coal from Buffalo. He said there was a market in Ontario for a million tons of N. S. coal but the rate out of Montreal was adjusted.

Mr. Ross also quoted where in New Brunswick the rates in American coal rates gave a preference to American coal.

SEEKS EQUAL PRIVILEGES

He cancelled the board to re-establish the equal rights of wire fencing and on mixed shipments of fencing and nails, which cancellation Mr. Ross said militated against customers in Montreal and Moncton. The corporation also asked for a rate permitting the shipment of cars where parts of a shipment is manufactured in Sydney and Trenton. He said the same privileges should be granted here as are given to grain moving eastward.

He contended that the railways were not justified in maintaining the rates as the figures to which they were raised in 1916. He said industry was suffering and employment falling off. Business where the combat was taking place over those in the sparsely settled regions such as the Maritimes, he contended, was suffering.

CHARGES BIG RAILWAY LOSS

He charged that the railways lost \$100,000 in earnings by not carrying Toronto, and in sympathy with Besco, which now go back empty. He submitted that the reduction of the C. N. rates in 1916 was a mistake and that the earnings and reduction of rates was not in the interest of the people of the Maritimes.

DUKE-PRICE POWER CO. SOLD, REPORT

Shawinigan Co. and Aluminum Corporation Acquire Quebec Plant, Says Paper. Canadian Press. MONTREAL, April 6.—The Montreal Herald, in its news column today, says:

"From a quarter which has generally proven reliable it has been learned that the Shawinigan Water and Power Co. and the Aluminum Corporation of America has purchased from the Duke and Price estates their interest in the Duke-Price Power Company."

In this connection it will be recalled that the Duke-Price Power Company at Maligne, on the Saguenay River, installed and brought into operation 300,000 horsepower last year. An extension to 400,000 horsepower is proceeding and is expected to be completed in the near future.

City Boy Scouts Find Missing Lad

The value of Scout training was demonstrated yesterday afternoon when a straying boy was found and restored to his home in less than an hour after the alarm that he was missing had been sent out.

The lad, Billy Hoyt, seven years old, is visiting at the home of his uncle, G. Tharber, Spring street. When word reached Commissioner F. Choppin, at Scout headquarters that the lad was taken by District Secretary I. L. Johnson, to the Imperial and Unique theatres and read, the Scouts in the audience being requested to look out for him.

James Bishop and George Wry, of St. Andrew's troop, with a friend, Gerald Van Doren, who were in the Imperial remembered seeing a boy answering the description, and a few minutes later they had found him in Winter street, and he was taken home, to the great joy of his relatives.

S. J. Jamieson. Mrs. P. N. Fox, of Fredericton, has received word of the death of Millinocket, Me., on Saturday night of her brother-in-law, Solomon J. Jamieson, in the 98th year of his age. He was born at Middle Southampton, N. B., and is survived by his wife and one brother, Alexander, of Canterbury.

Mrs. Mary E. MacFarlane. The death of Mrs. Mary E. MacFarlane, of 70 Dorchester street, this city (formerly of Pettitville), occurred at the home of her daughter, Mrs. Frank Dixon, Somerville, Mass. She leaves to mourn the loss of a kind and loving mother, six sons, William of Somerville, Robert of Moncton, Jack of Moncton, James of this city, Raymond of Jamaica Plain and Edw. of New York; also three daughters, Mrs. Frank Dixon, Somerville, Mass., and Helen and Fannie, at home; also four brothers, Sigs. Jas. W. and Geo. W. Brooks, both of the Boston police force, John of the Western States, and Joe of Lynn, Mass.; and two sisters, Miss Susie Brooks of Dorchester, Mass., and Mrs. Emma Coleman of Boston.

Funerals

Mrs. S. Russell. The funeral of Mrs. Stephen Russell was held this afternoon from her late home, Chisley street. Service was conducted by Rev. E. E. Styles and interment was in the Methodist burying ground.

Mrs. Mary Almon. The funeral of Mrs. Mary Almon was held this afternoon from her late home, Little River. Service was conducted by Rev. J. V. Young and interment was in the Methodist burying ground.

J. H. Flewelling. The funeral of John H. Flewelling was held this afternoon from his late residence, 44 Bellevue avenue. Service was conducted by Rev. E. R. MacWilliam and interment was in the Methodist burying ground.

Lawrence O. Tubbs. The funeral of Lawrence O. Tubbs, only child of Mr. and Mrs. Philip Tubbs, was held this afternoon from his parents' residence, 325 Prince Edward street. Service was conducted by Rev. A. L. Telford and interment was in the Methodist burying ground.

Chose W. M. Clark As Chief At Capital

FREDERICTON, April 6.—At a committee meeting of the common council last evening William M. Clark was chosen as fire chief and Arthur W. Blackmore assistant chief. The position of city engineer, declared vacant some time ago, was not filled. The regular meeting of the council is to be held this evening and it is expected the session will be a lively one over the appointments.

To the Electors of the City of Saint John:

In asking you for your support for the office of Mayor of our city, my career as a hardware merchant in the North End for thirty-eight years is well known, and I will endeavor to give to the city the best that is in me for the welfare and economic furtherance of the city's interest, and I will do my best to bring manufacturing industries to us, as that will bring employment into our city and build up growth so as to bring up our valuations and reduce the burden of our taxpayers already here. There is no doubt in my mind that can be done if proper means are taken by our city government. A vote for A. M. Rowan will certainly help along the furtherance of your and the city's interests. Truly yours, A. M. ROWAN.

To the Electors of the City of Saint John:

Ladies and Gentlemen: At the request of a large number of citizens, I will be a candidate for the office of Mayor in the election to be held on the 12th inst. Time will not permit my making a general personal canvass, and I take this opportunity of respectfully soliciting your support. A service of four years has familiarized me with the duties of the Chief Magistracy, and if again honored with your confidence I will discharge them to the best of my ability. Faithfully yours, WALTER W. WHITE.

To the Electors of the City of Saint John:

Ladies and Gentlemen: I will be a candidate for the position of Mayor in the coming election, April 12th, and I respectfully ask your support. If elected I shall work for a reduction of taxes. Half the people in Saint John have not paid them, which would be a relief to the heavy tax during the prevailing depression. The citizens have been obliged to retrench, and the city should not be burdened with an increase of taxes. I will endeavor to give good service to all parts of the city and county. Sincerely yours, GEO. CARVILL.

To the Electors of the City of Saint John:

Ladies and Gentlemen: On April 12th I will again be a candidate for the position of Commissioner. I have always avoided sectionalism in the conduct of civic affairs and have striven to give good service to all parts of the city and county. I desire to express my thankfulness to the electors of the city for the splendid support they have always given to me, particularly to the people of the North End, where I was born. I have endeavored to represent them in a manner that would be worthy of the confidence that they have bestowed upon me. My record is before you, and if my efforts to serve you have met with your approval I would respectfully solicit your support and vote on Monday, April 12th. Yours sincerely, RUPERT W. WIGMORE.

WESTFIELD CHURCH ENGAGES CRUSADER FOR PARISH WORK

Capt. Atkinson, of England,
Coming; Anglicans Hold
Annual Meeting

WESTFIELD, April 5.—The annual Easter meeting of the Westfield Anglican church took place in the parish rooms, Woodman's Point, this evening with a good attendance. Rev. Arthur J. Tatone, rector was in the chair. The rector in his address spoke especially of the celebration of the 130th anniversary of the establishment of the parish which will take place this year. Captain Atkinson, who led a party of Church Army Crusaders last year in the United States, had been engaged for the work in the Land's End section of the parish for the coming summer, he said. Captain Atkinson is the son of a clergyman in the Old Country and comes to Westfield highly recommended as a fine speaker and possessed of an attractive personality.

All reports given at the meeting were satisfactory. Generally speaking the work had progressed. As soon as spring weather permits it is hoped to organize a branch of the laymen's movement in the parish. Usual votes of thanks were tendered.

The election of officers resulted as follows: Church wardens, E. W. Finley and Charles Parker; wardens of St. James' Chapel of Ease, Stephen L. Moore and J. G. Kirtley; vestrymen, P. W. C. Nane, Robert Parker, Dr. C. Malin, B. G. Nane, L. H. Belyea, Murray Banks, George Walsh, George Wood, Arthur Baxter, Parker Craig, Percy Parker and Frank Kempster; delegates to the synod, Dr. Malin and E. W. Finley; substitutes, E. G. Nane and George Walsh; vestry clerk, P. G. Nane; secretary, Miss Nettie Nane; auditors, J. Arthur Coster; delegates to the laymen's movement, Robert J. Dibblee and G. W. Finley.

HAS HER SON JAILED FOR THEFT OF GEMS

Mother's Rings Pawned By Boy
of 18 so He Could Marry
Show Girl, He Admits

NEW YORK, April 6.—Accused by his mother, Mrs. Lillian Anderson Stuart of the theft of three diamond rings, valued at \$4,000, from her apartment on March 10, Robert Stuart, 18 years old, was held in the Tombs in default of \$2,000 bail to await the action of the Grand Jury.

When arraigned before Magistrate Moses H. Hyttenberg in West Side Court, the boy admitted the theft. Assistant District Attorney Louis Wasser told the court that Stuart had taken the jewels so that he might marry Edna Marsh, a showgirl, 30 years old, of 2,282 Broadway. Young Stuart, the District Attorney said, believed himself the father of Miss Marsh's four-and-a-half-year-old daughter, Dorothy. Stuart said that he had pawned the jewels for \$700. Last Monday, he said, he took Miss Marsh to Union City, N. J., where they were married by "the Rev. Mr. Peterson." No clergyman of that name could be found last night. Miss Marsh, at her apartment last night, sent out word by a man who said he was her brother, that the clergyman's name was "Spencer," but no such clergyman could be located. Efforts to see Miss Marsh were fruitless, and she refused further information about herself over her telephone.

Makes Linoleum Spotless

So cheerful and so spick and span—thanks to the Congoleum Rug!

The attractiveness of every kitchen depends largely on the floor-covering. That is one of the reasons why the many beautiful patterns in Congoleum Gold Seal Rugs are so popular.

On the floor of this cheery kitchen is shown the "Kashmir" design, Congoleum Rug No. 562. It has a moire field of warm buff with contrasting border and floral figures. If you should prefer a conventional pattern you can select from neat tile and mosaic reproductions. And for the dining, living and bedrooms there are many Oriental and other elaborate motifs.

Exceptional Quality

And you're sure of getting full value for your money when you choose a Congoleum Gold Seal Rug. All the materials are carefully selected—every step in the process of manufacture closely inspected.

Result: a waterproof, rot-proof floor-covering with a wearing surface that retains its beauty through long service.

THE MIDDLE WAY

MANY persons' ideals can be described by some lines of Lowell's (in Biglow Papers).

"I don't believe in a principle. But, oh! I do in interest."

"None of us can be too sure we do not belong to this category. We are often told that we can build no super-structure without unstable principles."

Samuel Butler contended there are no such principles.

"If there be any," he said, "they are beyond our reach—we cannot fashion them; therefore, they have no existence."

"There is one thing certain, namely, that we can have nothing that is therefore it is not certain that we have nothing certain."

"We are as men who will insist on looking over the brink of a precipice; some few can gaze into the abyss below without losing their heads, but we go and peek it together, love?"

"Dearie, dearie, the day's sport ended. You shall pick it, and I will hold the ladder."

ONE day about noon Jones called up a friend and said:

"I understand that Brown was at your house last night and not in A-1 condition."

"He heard right," admitted the friend. "He was here, and very much intoxicated."

"Terrible, terrible!" ejaculated Jones. "By the way, was I there, too?"

POEMS I LOVE

"TO CELIA," BY BEN JOHNSON.

"THE perfect lyric" this well-known poem has been called. It is as fragrant today as in the hour when it was written. It would be impossible to weary of it. Repetition simply strengthens one's conviction that it contains all the elements of great poetry.

The Elizabethan flavor is in it, of course. The lover who haunted the Mermaid Tavern the fiery fellow who once killed a man, the witty playwright and actor—it is all of these who help to make this single song so individual. "Yes," she snapped; "the boss is."

The seventh line of the first stanza, written of course, to rhyme with the third line, is forever misquoted. Nine people out of ten will sing it "sip."

But here it is, as it should be refrained: Drink to me only with thine eyes, And I will pledge with mine; Or leave a kiss but in the cup, And I'll not ask for wine. The thirst that from the soul doth rise, Doth ask a drink divine: But might I Jove's nectar sup, I would not change for thine.

I sent thee late a rosy wreath, Not so much honoring thee, As giving it a hope that there It could not wither'd be. But thou thereon didst only breathe, And sent'st it back to me: Since when it grows, and smells, I swear, Not of itself, but thee.

WHOS WHO

GEORGE F. BAKER.

ONE of the five richest men in the United States, George F. Baker, of New York, is now beginning his eighty-seventh year. He is a year younger than John D. Rockefeller.

Baker, dean of American bankers, is chairman of the board of the First National Bank of New York City. He is still active in the institution's affairs and plays golf regularly.

George Fisher Baker was born in Troy, N. Y., March 27, 1840. When he was eight his parents moved to Brooklyn and his father engaged in the shoe business in Maiden Lane, Manhattan.

At 15 he left school. At 23 he was a clerk in the New York state banking department at Albany at a salary of \$200 a year.

In the Civil war, in 1863, when Salmon P. Chase conceived the idea of selling bonds through the banks and a national banking system was evolved, Baker was given a position in one of these banks in New York. The details of his rise are largely lacking, because he rarely allows himself to be interviewed, and then only about impersonal matters.

In later years he has been a great giver. He has been president of the Metropolitan Opera House Association. He has made many gifts to the Metropolitan Museum. To the Red Cross he gave \$2,000,000 during the war. He has given a student dormitory and an observatory to Cornell; Baker field, the 30 acres for athletic purposes, to Columbia, and \$5,000,000 for the Graduate School of Business Administration of Harvard, which bears the name of the George F. Baker Foundation.

The Very Idea!

By Ed. Cochran

LIFE

JUST what are we striving for, here on this earth? Why is it we all love to live? Are things that we're getting, from day to day, worth as much as the things that we give?

Take selfishness, hatred and envy and such—what happiness comes from their lot? You know very well that they'll never bring you much of whatever the cheer that you've got.

But love and real friendship, and all things akin, keep spirit, that's bright and outstanding. Their part of our living lets real sunshine in—the thing that we're all after.

The love of all life is the brotherly brand, and we come whenever we forsake it. It will better the world when we all understand that happiness lives as we make it.

After looking over a flock of youngsters' waists—now we know where all the buttons come from.

SKIZ THE WIFE: "I simply can't go—cause I haven't a thing to wear."

A man gives his wife money to buy dress clothes—and then she goes and invests in the latest styles.

NOW, HONESTLY—

We're all entitled to wonder as we see fit—so I wonder if it really is a good idea to throw out an argument with a child, with a thrashing.

In other words, do a few good whacks, in the proper place, convince a youngster that a wrong is a wrong—and make him want to do right the next time?

If the answer is "yes"—then the child does right the next time because he's afraid to do wrong. And what have you gained? Made a coward out of him.

It's a good rule that works both ways. Why not try laying the rule aside—and explaining why wrong is wrong, and why right is right.

But you'll get farther!

TEACHER: Never say, "I ain't going to the party." Always say, "I am not going." (And to impress her point, at her throat because she is not going. They are not going. Now do you understand?)

SCHOLAR—Sure! The party's a failure.

INTERESTING

Dorothy Dix

The First Year of Marriage is a Time of Peril, and the Only Way Parents and Friends Can Help a Bride and Groom is to Keep Hands Off and Refrain From Giving Advice and Suggestions.

ACCORDING to the newspaper dispatches, an organization, sponsored by prominent educators and religious leaders, has been formed for the purpose of promoting domestic harmony between newlyweds. It is called the "First Year Club" and its object is to devote itself especially to pouring oil upon the troubled waters of the first lap of the matrimonial voyage.

No one will deny that the first year of married life is a time of great danger for every young couple. No two persons of different sex, of different blood, brought up in different environments, with different tastes and habits and points of view, can possibly adjust themselves to each other without endless friction, endless rasping of nerves and tender, endless disillusion and regrets.

DOUBTLESS it is a season when they need help, when they need advice and direction, but the trouble is that nobody can give it, and nobody can let them work their own salvation, alone and unaided by advice and suggestions from meddling relatives and friends.

It is literally true that every husband and wife must fight out their battles alone. They must make their own compromises and settle their own peace terms, and any outsider who tries to interfere between them is likely apt to make fresh trouble, instead of signing them up in a peace pact.

Indeed, the only way that any one can help a bride and groom through the perilous first year is by standing aside and keeping hands off, and letting them work their own salvation, alone and unaided by advice and suggestions from meddling relatives and friends.

This is why it is so vitally important for every bride and groom to set up their own household as soon as they are married and to go off by themselves, with no third party to interfere between them. That is why the presence of a mother-in-law in the home of the honeymooners is as hazardous to have as a ton of dynamite planted under the hearthstone.

FOR the young Benedicts are sure to have a thousand scraps over a thousand trifles. Let alone, with no one to see or hear the things they do and say in their anger, Mamma would dissolve in tears and admit that she was silly and wrong and sob it out on John's breast; and John would caress her, and she would kiss and make up and all would be forgiven and forgotten.

But, with mother on the scene, continually calling Mamma's attention to John's faults and imputing suspicions in her mind and urging her to stand up for her rights, or with John's mother continually poisoning John's mind against Mamma by acid criticisms of Mamma's extravagance and gadding and all warning him not to be heedless, but to be the master, his own quarrel begins that by and by will live in the story, and the petty quarrel begins that by and by will live in the story, and the petty quarrel begins that by and by will live in the story.

THIS is no mere theory. The Judges who preside over the Domestic Relations Court are unanimous in saying that when a young couple start their life together alone and make a mistake, but that the presence of any third party in the house is almost invariably the forerunner of trouble. Later on, after the husband and wife have adjusted themselves to each other, there is far less danger in the presence of an outsider in the family circle, but in the first year of marriage it is a peril that only the foolhardy should dare.

So it seems to me that the work of the "First Year Club" should be devoted largely to propaganda. It will do great mischief any way if it can induce parents to give their children a fair start and when they marry make them set up nests of their own instead of inviting them to come and live in the home nest or thrusting themselves in the new nests the youngsters are trying to build.

IT will also perform a great service if it can impress on the minds of parents the fact that, when their children are grown and married and have set up homes of their own, they have a right to run them in their own way without advice or suggestions from their fathers and mothers.

Of course, parents are in the habit of thinking of their children as just being parts of themselves that it is hard for them to realize that the sons and daughters have a distinct entity of their own and a right to their own ways of doing things. Still more, that their sons-in-law and daughters-in-law should not be bound by their preferences.

Hall of the family quarrels are based on mother feeling that she has a perfect right to tell her daughter-in-law what color she should have her drawing-room curtains, or getting after her about using her best china every day, or raising a ruction about her son-in-law smoking in his own house or playing golf on Sunday.

So if the "First Year Club" can induce mother-in-law to keep her fingers out of her children's pies it will have done a lot of sabotage to the divorce market.

AND another valuable piece of propaganda the "First Year Club" can disseminate is the wisdom of trying to make one's children satisfied with his matrimonial bargain they have made, instead of calling their attention to the way they have been gold-bricked.

Nine times out of ten it is mother who first calls Mamma's attention to John's little faults and weaknesses, and puts John wise to Mamma's shortcomings. Mother doesn't intend this when she is always picking on her in-laws, but it works out in making Mamma and John critical and dissatisfied.

BUT here's wishing the "First Year Club" great success. For the first year of marriage is a time of peril, and if a young couple get through that safely their chances of escaping the divorce mill are good.

Easy To Gain Weight With Yeast and Iron

New Combination of Yeast With Vegetable Iron Quick Way to Build Up Weight

Thin, run-down and underweight men, women and children can now improve their health, increase their energy and regain normal weight in a surprisingly short time.

A new combination of yeast vitamins with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and supplies the system with the vitamins that build up weight.

For years yeast has been known as a rich vitamin food, but not until we perfected "Ironized Yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "Iron" when combined with yeast is quite easy to digest, therefore better for the system. And "Yeast" when ironized, becomes just twice as beneficial as fresh or cake yeast.

"Ironized Yeast" tablets are composed of concentrated food elements, therefore they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "Ironized Yeast" tablets will pick you right up, and if they fail, you get your money back.

Sold by druggists, at \$1.00 for a large 60-tablet package. Harold E. Ritchie & Co., Ltd., Toronto, Canada.

Modern Girl's Clothes Are No Bar To Activity

By MME. LISBETH, Central Press Fashion Authority

WHATEVER may be said for and against the modern woman's clothes—and much has been said both pro and con—they cannot be described as cumbersome. In fact, that has been constituted part of the fault found with them—they are too scant and unbecoming, the said.

Women thought they were going pretty far when they adopted knickerbockers, but knickerbockers not only failed to shock society—they did not register at all—only for the most practical of sports and business purposes—because they were not becoming.

Now we have the trousered ensemble (trousers), the skirt cut like wide, short, athletic trousers and worn with a smart jacket collared with high for choice. The material is broadcloth. It allows perfect freedom of motion and is much more feminine in appearance and becoming than the tight knickerbockers. It comes from Paris.

Another practical little costume of a very different type is the walking dress (centre). It is developed in a checked crepe, a white cream and orange. The frock may be made in two-piece style or in the simulated two-piece that is in reality a one-piece. The skirt is sufficiently full for comfort and fits both the collar and the low set belt.

If you prefer the very new spring suit with the mannish air you may choose the up-to-date suit of tan broadcloth (right). It has a straight-cut skirt with a stitched pleat, a coat that is slightly cut away in front, like a man's sack coat, a white, double-breasted vest, turned-down collar and string tie. It is developed in a checked crepe, a white cream and orange. The frock may be made in two-piece style or in the simulated two-piece that is in reality a one-piece. The skirt is sufficiently full for comfort and fits both the collar and the low set belt.

Behind the Screen

By GILBERT PICKARD

WILL Gloria Swanson again attain the heights she achieved in "The Humming Bird" and "Man-Handed" or will she turn her back on the stage and go to Hollywood? That's what critics are wondering as she is preparing to leave Famous Players and begin work at the United Artists studios.

When Gloria was graduated from Sennett slapstick comedies everyone predicted great things for her. Others predicted that she would be a flop. She has slipped and it remains to be seen whether United Artists can make her a winner again.

After nine years' absence, Marshall Neilan, director-husband of Blanche Sweet, is returning to the Paramount fold. In the old days under their banner he directed "Dixie" and "The Thieving Magpie." Well, that "man" was Miss Comont. She has a part in "Puppies," a First National production.

Universal is planning to bring to the screen the history of the old south. Frederick Arnold Kummer has been commissioned to write the story. The picture will be called "Dixie." It is a modern story of the south, showing its growth during the last few decades. The part will be used as an historical background for the present.

Mattie Comont is one screen actress who cares not whether she is given a male or feminine role. Remember the first trial of Douglas Fairbanks in "The Thief of Bagdad." Well, that "man" was Miss Comont. She has a part in "Puppies," a First National production.

A stunning spring sport outfit is this green jersey case ensemble. The jumper follows the rounded waistcoat lines and is embellished with a row of laces down each side from the neck to the pockets. The cape ties on under the flare collar. Jade buttons fasten the jumper. The skirt is pleated on a bodice and may be worn with an overblouse.

The "Princess of Wales" hat is of soft felt, matching the jersey, and is trimmed with a narrow band of matching grosgrain ribbon.

RESTORED TO GOOD HEALTH

Mother of Eleven Children Praises Lydia E. Pinkham's Vegetable Compound

Her Interesting Experience

Buckingham, Quebec.—"I am the mother of eleven living children, and my baby is five months old. I am only 38 years old and I have taken Lydia E. Pinkham's Vegetable Compound for weakness and my nerves. I knew of it from my sister, Dame Edmond Bellefeuille of Ramsayville. For five years I was in misery and was always ready to cry. Now I am so happy to have good health. My daughter, who is 18 years old, has also taken it and will be happy to recommend it to all young girls. —Dame WILLIAM PARKER, Box 414, Buckingham, Quebec.

Why suffer for years with backache, nervousness and other ailments common to women from early life to middle age when Lydia E. Pinkham's Vegetable Compound will give you relief?

BOMB PEOPLE OUGHT TO MARCH SOONER AND TURN OVER SOME NEW LEAVES.

APRIL 6—You are much for good reading and for clever friends. The light heart of conversation does not interest you, but you are an excellent conversationalist when you can converse with people who are interested along the lines your reading takes. Your tastes are domestic, but you live very much within yourself. Listen to the opinions of others, and travel when you get the chance. Your marriage will be a very happy one.

Your birth-stone is a diamond, which means innocence.

Your flower is a daisy.

Your lucky colors are red and yellow.

IN NEW YORK SEE SAWING UP and DOWN BROADWAY

WHENEVER a "purity wave" sweeps along Broadway, it is invariably pointed out that chief supporters of the "naughty shows" are visitors from the four corners of the nation.

A check-up of ticket agency representatives at big hotels proves, alas, that this is not only true, but that the average visitor will have none but the "very naughty."

Did he come all the way from Savannah Center just to see a show such as his might see 20 miles from home? He did not. What is more, he is willing to pay the high price rate for them.

Just for the fun of it a friend of mine stopped at the box office at three o'clock on Broadway to see what the ticket prices were for the "very naughty." He didn't get them. The tickets were all blocked out to agencies for "very naughty."

About the only chance a New Yorker has of seeing one of the widely discussed "naughty" shows is to go before the "naughty" reputation spreads beyond the city's gates or to wait until the rush of visitors is over. Of course he can pay the stiff prices of the visitor, but he hesitates at doing this.

And so, whenever I get a letter from the "west" telling how lucky are we New Yorkers who can "see all the best shows" I get a large laugh. I'll wager my last winter's goodness that the average visitor in Broadway to day in town sees more shows than an average New York dweller does in a season.

SPAKING of this "transient" army that makes up Broadway's throng, one of the big movie theatres showing a "super-feature" decided to use the good old mouth-to-mouth medium of advertising. During an intermission the audience. It was requested that a card be sent to some friend. Naturally, the card to be of any particular value to the theatre, the cards would have to be sent to persons in New York or its vicinity. It was filled in the cards for mailing, all but 30 had been addressed to someone in apparently most of the recipients of the cards were from out of town.

Menus for the Family

RENEE ADORE, French movie actress, suffered a lot during the World War, but she says she has one thing to be thankful for: If there hadn't been a war there wouldn't have been a "Big Parade" and if there hadn't been a "Big Parade" she probably wouldn't not be a Hollywood sensation today.

When Renee came over here six years ago she was just a cute, nice-looking French girl. Plenty of Hollywood dwellers were much more beautiful and she had to content herself with roles in smaller pictures. Then King Vidor gave her a part in his masterpiece of the war, and Renee "came through."

She's playing now in "In Praise of James Carleton," an M. G. M. production.

Is this your BIRTHDAY

Vegetable Salad—Take three cups finely shredded cabbage, one cup grated raw carrot, one cup celery cut in small pieces, one medium sized onion, chopped. Soak cabbage, carrots and celery in cold water one-half hour. Drain, then drain thoroughly and add onion, molten with French dressing. Arrange on crisp lettuce leaves and serve with or without mayonnaise.

Today's Recipes

Scotch Porridge—Take one cup rolled oats, two cups of water, two cups of milk and teaspoon salt. Mix the oats, water and milk. Cover and let stand over night. In the morning heat to boiling point, stirring constantly, and cook the porridge for 10 or 15 minutes, or cook in double boiler 30 minutes.

Vegetable Salad

Cream of Corn Soup—Two cups canned corn, one-half diced celery, two tablespoons grated onion, one quart boiling water, one pint milk, one teaspoonful sugar, one tablespoon butter, two eggs, one cup cream, salt, pepper. To corn add celery, onion and water and simmer gently one hour. Put through a sieve. Add to hot milk, sugar and butter. Beat eggs slightly and combine with cream. Add to the soup just before serving.

Caramel Apples—Six apples, one cup sugar (white), one cup water, one teaspoonful gelatin, one cup sugar (brown), one-quarter tablespoon butter, one cup chopped nuts, whipped cream. Boil white sugar and water 10 minutes. Cook the pared and cored apples in it until tender. Soak the gelatin in a little cold water and add to the hot syrup. Cook the brown sugar, milk and butter to the soft ball stage and add the nuts. Arrange the apples in a serving dish, fill the centre with the caramel mixture and pour the syrup around them. Chill and serve with whipped cream.

Do you think it's too much work—or too much worry? What's the reason? Maybe it's just a sluggish liver—try 15 to 20 drops of Seigel's Syrup in a glass of water. Safely and quickly brings you back. At any drugstore—try it tonight.

ADVENTURES of the TWINS

BILLY BEAVER AND THE GAZOOKUMES

"I know somebody who needs spring it. What everyone did know was that cleaning very much indeed," said the March Hare to the Twins when Marky Muskrat was out of the way at last. "Who?" said Nancy and Nick together.

"Billy Beaver," said the March Hare. "His name is Builder, you know, but he's called Billy for short."

"Why, he lives in the water," said Nick. "How could he need to be spring cleaned?"

"Just like Marky Muskrat," said the March Hare. "He gets full of mud, and besides after living in his underground house all winter, he is all tangled up. Yes, Billy Beaver certainly needs to be spring-cleaned. Come on. Let's get him."

So off went the three of them to the place on Ripple Creek where Billy and his relatives had made a dam of mud and logs across the water, causing the creek to back up into a sort of little lake.

And there on the edge of the bank sat Billy himself. "Hello!" he called. "Are you coming to see me? Mom and Pop aren't home. They're gone on a trip into the woods to hunt some new birch trees. I'm just playing a game with my friends, the Gazookumes."

For the first time the visitors noticed three very tiny little boys with long sharp ears, sitting on the bank beside Billy Beaver.

The March Hare frowned and looked very much upset, for everyone knew that wherever Gazookumes are, there is trouble also. The worst thing about Gazookumes is, you never know what they are going to do next. The next worst thing is that they always go about in threes and it is very hard to get ahead of them.

When Billy mentioned them, the three Gazookumes got right up and tipped their hats and bowed very politely, saying: "We are very much pleased and delighted and obliged to meet you, we're sure."

But everyone knew they weren't mean.

"What was it?" asked the March Hare.

"It was a game called 'Jumble,' Jumble, who's got the hump!" said Billy. "You play it with stones."

"How?" asked the March Hare sharply.

"Why the three little Gazookumes sit in a row," said Billy. "Then they put their hands behind their backs, and then they take a pink stone and pass it along from one to the other. Then I guess who has the stone. If I guess right I win and if I guess wrong I lose."

"I see," said the March Hare, looking at the Twins as much as to say: "There is crooked work here. We will see this thing out."

Then he turned to Billy. "I suppose you haven't won much yet, have you?"

"No," said Billy. "I've been losing—I've lost my ears and my tail."

United Missionary Societies Urge Action Relative To Wages of Female Workers

One Speaker Claims Some Girls Working For \$4.50 and \$5 a Week—Asks if It is Any Wonder They Fall

A RESOLUTION, asking the Women's Council to take action in an endeavor to have a minimum wage law for women employed in the city, was passed at the largely attended meeting of the United Women's Missionary Societies of the city, held yesterday afternoon in Knox Church Hall, with Mrs. Alfred Morrissey, president, in the chair.

The resolution was moved by Mrs. W. H. Barker and seconded by Mrs. N. C. Scott and carried by a very large majority. The matter was first brought up by Mrs. W. J. Johnston, who in speaking of the low salaries paid to girls in the city, said that she knew of girls who were working for \$4.50 and \$5 a week and that they could not possibly support themselves on such low wages.

ASKS POINTED QUESTION. Mrs. Johnston pointed out that liking for pretty things was a natural instinct for the girl and said that on the pittance they received the girls who could not have pretty things longed for, but could not manage to keep body and soul together. She asked if it was any wonder that girls fell when they were expected to exist on such wages.

Mrs. Johnston said that she felt that it was the responsibility of the women of the city to urge the passage of a minimum wage legislation to protect these girls from exploitation. Where she had lived in Western Canada this legislation was in force.

When it was suggested that the meeting should ask the Women's Council to urge steps to have minimum wage laws enacted for Saint John, Miss Edith Magee pointed out that it might be well to give the matter some consideration before taking any hasty action. She spoke of girls of low mentality who obtained employment but were quite incapable of giving sufficient service to be worthy a full wage.

URGES CONSIDERATION. Miss Magee asked the members to consider that there were men of high educational qualifications, who had

Social Notes of Interest

The annual Rose Ball under the auspices of the Valcartier Chapter, I. O. E., was held in the Georgian Ball room of the Admiral Beatty hotel last evening and proved to be one of the most successful functions of the social season, more than 450 guests attending and about 100 other applicants having to be refused tickets. The entrance hall was artistically decorated with palms and flowering plants and at the ball room door an abundance of pink roses and pussy willows entwining a green lattice arch added much to the charming effect. The ball room lights were softly shaded in pink and large green baskets of pale pink roses and pussy willows adorned the windowsills and orchestral platform. Over the orchestra in gilt letters "Valcartier" stood out from a pink background. Excellent music was furnished by the Beatty orchestra for the program of 18 dances and about midnight a delicious buffet supper was served in the private salon of the ball room. For those who preferred cards to dancing bridge tables were arranged in the reception room. The guests were received by Mrs. Frederick R. Taylor, regent.

onstrate practical Christianity and the glory of faithful service in their lines were stressed by Mrs. W. H. Barker, who led the devotions. Mrs. W. J. Johnston offered prayer.

REV. MR. FULLER HEARD.

Rev. W. E. Fuller spoke of the great privilege he esteemed it to address so large a gathering of women who played so great a part in missionary enterprise. He spoke of the missionary aspect of Easter and then turned to discuss home missionary work which he described as more difficult than foreign missions, as there were adverse forces such as the liquor traffic to combat and, in the case of white settlers, the gospel was in the hands of the people.

He said he had spent two years in an extended missionary territory of over 400 miles in Northern Ontario, where he had 15 preaching places. Mr. Fuller said Miss Mary H. Morrison had built one church in his territory and to clear off the debt on two churches, built by his predecessors. At one of these centres a \$3,000 rectory had been erected and Rev. C. P. Heaven, former curate of St. Luke's church, was now carrying on the work there as first rector and, with his wife, was occupying the rectory.

Of work among the white settlers in Canada, Mr. Fuller said, that in this the Roman Catholic church had the bigger opportunity, as the majority of these settlers were of that faith, and that it was essential that the communists they would found should be based on Christian principles. A practical demonstration of Christianity, he said, would make a bigger appeal than any words.

WORK AMONG JEWS.

Coming to speak of work among Jews, Mr. Fuller stated that the Jews largely held the control of the stage and photoplays, the high finance of the world, and wielded a tremendous influence therein. He recalled that recently the world had had a vision of the contentment in which the Jews held the crucified Christ. He told of his own experience in working for two years in Toronto with Rev. J. Gibson in Jewish missions, and said it was a most discouraging task. Here again Christians could best make an impression for missionary work by practical Christianity of kindness and courtesy, he said. He appealed for prayer and support for Jewish missions, and pointed out that the task was not hopeless as there were now 400 Anglican clergymen who were converted Jews and were numbered Mendelssohn, Barnard and Edidish.

GIVEN VOTE OF THANKS.

Heartly thanks were extended to Mr. Fuller by Mrs. Morrissey and he received warm applause. Miss E. Moore, girls' work secretary of the Y. W. C. A., expressed her interest and prayers for the Y. W. C. A. and work for the girls of the city showing that it was essentially home missionary work and doubly necessary at the present time when girls are faced with far greater temptations than they have ever faced. Heartly thanks were extended to Miss Moore by Mrs. W. W. C. A. work in Saint John.

MANY WILL GO TO CHICAGO FOR EUCHARISTIC CONGRESS. Largest Special Passenger Traffic Movement in History of Canadian Railroads is Looked For.

According to advices received by Passenger Traffic Officials of the Canadian National Railway, the largest special passenger traffic movement in the history of Canadian railroading will take place June next in connection with the Eucharistic Congress at Chicago.

Preparations are being made in Chicago for the reception of more than a million pilgrims during the Congress, which will be held from June 20 to June 24, and the problem of transport for this multitude is already engaging the close attention of both American and Canadian Railroad Officials.

The Canadian delegates will, of necessity, be a very large one, and will be thoroughly representative of the whole Dominion, and in the Maritime Provinces as far West as Alberta.

These special trains will be operated from Quebec and Ontario, but already enough travel is assured from the Maritimes for a special train to leave Moncton at about 2:30 p. m. on Friday, June 18.

This train will reach Chicago early Sunday morning. The train equipment will be of the very best, and standard C. N. R. diners will serve meals en route.

Reservations on the special train should be made to Reverend J. E. Brown, Secretary of the Congress Pilgrimage, care Bishop's Palace, Saint John, N. B.

CARDS IN WEST SIDE. A pleasant card party was enjoyed in St. Patrick's Hall, West Saint John, last night when 85 tables were used in play.

DOG KILLED. A dog was struck by a car on Main street yesterday and killed. Police constable notified the street department and the animal was removed.

Estimates Will Possibly Come Up For Discussion in House

SENATE EXPECTED TO GRANT SUPPLIES

Budget Looked For Soon and Tax Reductions Are Forecast

OTTAWA, April 5—Parliament resumes tomorrow after the Easter recess, with members of both the house of commons and the senate in attendance.

Government business, legislation already on the order paper and possibly estimates, will occupy the attention of the members of the House of Commons.

The government, it is expected, will bring down the budget with a little delay as possible now that the Easter holiday is over.

BUDGET EXPECTED SOON

The government, it is expected, will bring down the budget with a little delay as possible now that the Easter holiday is over.

STATEMENT EXPECTED

Tomorrow's sitting of the House of Commons will be featured by a statement from D. M. Kennedy, progressive member for Peace River, in regard to the contention that he should resign his seat because of irregularities during the election in his constituency.

ARCADIA LADY DIES IN VANCOUVER, B. C.

YARMOUTH, April 5—The news has been received here of the death of Mary, widow of Captain John Boyd, of Arcadia, who took place at the home of her daughter, Mrs. F. A. Lowry, Vancouver, B. C.

265th Anniversary of the "Cup that Cheers"

It is 265 years since Samuel Pepys of London, England, said in his diary that he had just had his first "dish of tea."

While undoubtedly it came to Canada early in the 18th Century, one of the first printed references to it was in the Saint John "Gazette," founded by the Loyalists.

In Pepys' time people paid as high as \$50 for a pound of tea. In 1783 the price was around \$5. Nowadays you can buy far better made, nicer flavored tea at a fraction of the cost to our access-

tors, milk and sugar included. Just remember to ask for RED ROSE TEA, and if you would like what judges declare is the very best, ask, by its full name, for RED ROSE ORANGE PEKOE TEA. It is always sold in sealed packages which preserve its freshness and fragrance.

The name "RED ROSE" has been a guarantee of quality for over 30 years. And our personal guarantee is that if ever a package of RED ROSE TEA fails to please you the price you paid will be refunded. Will you try it? It is sure to prove its quality to you.

GIRLS' SCHOOL BUILT BY CANADIAN WOMEN TO OPEN IN PALESTINE

Founded by Lady Zionists and Will Be First Organization of Kind in Far East and Formally Start Thursday

OTTAWA, April 5—An event of the deepest interest to thousands of women Zionists of Canada belonging to the Hadassah organization will take place in far-off Palestine on Thursday of this week, in the formal opening of a girls' agricultural and domestic science school, founded with money raised by the women of Canada during the past three years.

Mrs. A. J. Freeman, Ottawa, Dominion president of the organization, has received notification that the inaugural ceremonies will be performed by Lady Beatrice Herbert, wife of Sir Samuel Herbert, who was Palestine's first high commissioner. The presiding officer of the occasion will be Dr. Chaim Weizman, president of the Zionist organization. The school is situated at Nahalal and occupies more than 100 acres of ground, which was provided by the Jewish national fund.

CAPACITY OF SCHOOL

The number of students at present accommodated is 40, but when a second building has been made ready, the capacity of the school will be increased to 70 pupils. They will be taught the science of agriculture, horticulture and the care of their homes. They will particularly study poultry-raising, beekeeping and other small farming pursuits.

FIRST OF KIND IN EAST

The school is the first of its kind not only in Palestine but also in the East. The cost of the undertaking, when complete, will have been approximately \$80,000 with an annual maintenance charge of \$12,000, all of which the women Zionists of Canada will provide.

Funds have been furnished for the school by Hadassah chapters in every city and important town in Canada, from coast to coast.

Deaths

Frank E. Hayward After an illness of about four weeks, Frank Boyd Hayward died at his residence, 164 Leinster street, on April 5, 1926, and his death will be greatly mourned by a wide circle of friends.

Mr. Hayward was a life-long resident of Saint John, and for 42 years was in the employ of Vassie and Co., Ltd., in this city. He was held in high esteem by his associates and his members of the firm. He entered the employ of the firm when a boy and received steady promotion, working his way up from warehouse boy to department manager. He was industrious, conscientious and hard working and his faithful services were well appreciated by the firm.

He had enjoyed good health as a rule but about four weeks ago was stricken by a paralytic stroke while at his home. He was taken to his home. He did not rally and passed away yesterday. Besides his wife he is survived by one daughter, Mrs. Bruce Calvin, of Pampenee, and two sons, Frank F., of Toronto, and William B., of Saint John.

The funeral will take place from his late residence on Wednesday afternoon at 2:30 o'clock.

Mrs. E. McAvoy In the 88th year of her age, Mrs. Elizabeth McAvoy, widow of Daniel McAvoy, passed away yesterday at her residence, 180 Erin street. She was widely known and was held in high regard throughout the community. Mr. and Mrs. McAvoy were for many years proprietors of the Three Mile House at Colubrook and their house enjoyed large patronage. Mrs. McAvoy is survived by one daughter, Miss Sarah McAvoy, at home, and one son, A. F. McAvoy, in New York. The funeral will take place from Fitzpatrick's undertaking parlors on Wednesday morning to the Cathedral.

FRANCE PREPARED FOR PEACE OR WAR

PARIS, April 5.—The French Government is ready for either peace or war in Morocco, and while its leaders have made known their preference for peace they are counting about equally on the chances of peace or war.

However, reports of progress toward cessation of the war came from Morocco. The persistent efforts of Abd-el-Krim, leader of the insurgent Rifians, to get into negotiations with the French finally have come to a point where it is likely that his emissaries will soon meet representatives of the Sultan and the French protectorate at Rabat. In official circles here, however, it is pointed out that it is in the Spanish zone that peace must be made and that the Rifians continue to insist on terms which the Spaniards reject. How to begin negotiations is the first question to be settled. French spokesmen say that if the Rifian leader's peace intentions are serious there should be contact between his representatives and those of the Sultan and the French within a day or two.

There is some skepticism here, however, regarding Abd-el-Krim's desire for peace.

ST. GEORGE'S Y.P.S. IN MASQUERADE PARTY

The Y. P. S. of St. George's church held its regular meeting last night in their hall, West Saint John. The members enjoyed a masquerade party and there was a large attendance. Games and music were enjoyed under the direction of the efficient committee composed of Mrs. Leonard Brittain, Mrs. Alvin Currie and Miss Theo. McKel. Refreshments were served under the convership of Mrs. Parker Mitchell. The prize for ladies' costumes was won by Miss Kathleen Day and honorable mention was given the costumes of Mrs. Fred Hillman and Miss Elizabeth Paris. The gentlemen's prize was won by F. T. Belyea. Prizes for the games were won as follows: Ladies' first, Mrs. McBay; consolation, Miss Muriel Brennan; gentlemen's first, Alvin Currie; consolation, Gordon Donohoe. The evening closed with the singing of the National Anthem and the pronouncement of the benediction by the rector, Rev. John Unsworth.

3 CARS DERAILED ON C. N. COLONIST TRAIN

WETHERSFIELD PRISON, Conn., April 6.—Gerald Chapman, murderer and mail robber, was hanged here early today.

Actual Business of Justice Takes Only Few Minutes in Connecticut

The actual business of final justice required but a few minutes. The hour of midnight having passed and the murderer's last reprieve having expired with the day, prison officials, accompanied by newspapermen and physicians, walked through a high-vaulted echoing passage to the death chamber. The door leading to the death cell opened and Chapman, preceded by Rev. Father Barry, who held a crucifix aloft, and guarded on either side stepped into the room. A guard passed a strap around Chapman's legs, above the knees and with an almost imperceptible snap over his head. The noose was adjusted. The warder, standing as a foot pressed a release in a corner of the room, the slack of the rope whipped up once and again, and the murderer had paid the extreme penalty.

6TH ANNIVERSARY IS WELL OBSERVED

Carleton Tower Lodge Has Celebration in Masonic Hall, West Side

The sixth anniversary celebration of Carleton Tower Lodge, Knights of Pythias, held last night in the Masonic Hall, West Saint John, was a most enjoyable event. There were about 200 present and the evening was spent in dancing. Black's orchestra provided excellent music for the program of dances and three extras, each being heartily endorsed. The hall was very nicely decorated for the occasion.

F. H. Gardiner was chairman of the dancing committee and was assisted by George Henderson, chancellor commander, F. Fullerton, C. Willis, S. Scott, F. Spence and C. Coser. The tickets were in charge of W. Edwards. The captain and officers of the Montclair were among the invited guests as well as all the chancellor commanders and officers of the city lodges and members of the Pythian Sisters' Temple.

The degree team of the Martello Temple served refreshments with Mrs. B. Edwards as convener of the committee in charge, assisted by Mrs. Walter Moore, Mrs. William Lowe, Mrs. James Galbraith, Mrs. Maxwell and Mrs. Fred Perry.

Is Your Back The Weak Point

Then get your kidneys right by using Dr. Chase's Kidney-Liver Pills

Very few people are in perfect health. There is a weak spot somewhere. When you get tired or your system gets a little run down you feel the effects at your weak spot.

If your weak spot is your back, then you may suspect that your kidneys are not in perfect order. The back aches or is weak and sore; you may have headaches; there will be dryness of the skin, pains in the limbs and disorders of the bladder.

The quickest way to regulate the kidneys is by using Dr. Chase's Kidney-Liver Pills. They are bound to be effective because they arouse the action of the kidneys, liver and bowels and thereby ensure the elimination of poisons from the system.

Very few people are in perfect health. There is a weak spot somewhere. When you get tired or your system gets a little run down you feel the effects at your weak spot.

Liquor Profit Of \$6,000,000 Seen in Quebec

QUEBEC, April 5.—An operating profit of no less than \$6,000,000 is expected by the Liquor Commission out of its operations for the fiscal year 1925-26.

The first preliminary statement of the fifth annual report of the commission should be ready by end of this month, and while it is not yet possible to obtain any figures as to the amount of the sales and other revenue nor those of the expenditures of the commission during the year, the forecast of the huge profit is based on several strong grounds.

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion of sour, acid, gassy stomach, and relief will come instantly.

BETTER THAN SODA For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

VISION Canadian Hydro Plants Captivate the Imagination of the World. Illustration of a woman holding a globe with a cityscape, surrounded by industrial scenes like a power plant and a dam.

FEW people realize the speed with which Canada is leaping forward into the new electrical era.

Among the numerous hydro-electric developments under way in Canada, two, by their magnitude, have captivated the imagination of the world.

One is at Queenstown on the Niagara River, where the Ontario Hydro-Electric Power Commission is completing the installation of a plant totalling over 500,000 h.p. The other, at the head of the Saguenay River, will have an ultimate capacity of 1,280,000 h.p., of which a large amount will be used in a new industry to be established there—the manufacture of aluminum.

The mighty force of Niagara everybody knows, but few realize the force of the Saguenay. This river in northeastern Quebec is the single outlet of five large and many smaller rivers which run into Lake St. John. This mighty flood pours through the tumultuous Grand Discharge, rushing down over 300 feet to sea level—equal to the drop at Niagara—and flowing a thousand feet deep for sixty miles to the St. Lawrence, to be lifted bodily out of its bed by great engineering works that harness its powers.

This work means the establishment in Canada of another centre of hydro-electric energy comparable to that of Niagara! For thirty-five years it has been the function of the Northern Electric Company to manufacture and make available the means of transmitting and distributing electrical energy in every form. In the Canada of the future we look forward to an opportunity for even greater service to the public.

Northern Electric COMPANY LIMITED Equipment for transmitting Sound and Power

Information Hydro-electric development in Canada represents a total investment estimated at \$767,000,000. At present rate of progress this total will reach \$1,770,000,000 by 1940.

This is number 15 of a series of advertisements issued in the interest of Canada's electrical development.

Brokers' Loans Cut Has Bullish Effect in Wall Street

Canadian Press NEW YORK, April 6.—Stock prices moved irregularly higher at opening of today's market. The reduction of over \$500,000,000 in stock exchange brokers' loans last month had a bullish effect on sentiment, but buying was of a cautious character. General Electric Commercial Solvents B. and Allied Chemical recorded initial gains of 1/4 to 2 points. Marine preferred showed initial loss of 2 1/2 points on the denial of reports that English interests were seeking control of the company.

MONTRÉAL MARKET

MONTRÉAL, April 6.—Trading on the local market at the opening this morning, was confined mostly to Power and Stellers. Power opened at 219 1/2 for a gain of 1/2 point and sold later at 221 1/4, while Stellers was irregular, opening at 207 1/2 for a gain of one point and selling at 207, 206 1/2 and 208 at short intervals.

Brazilian opened at 80 1/2 for a gain of 1/2 point, in small trading. Other changes were: Steamships, up a fraction at 20 1/2; Breweries, off 1/2 at 60 and Asbestos up a half at 65.

FOR HALF HOUR MAKES SPEECH TO PARDON BOARD

Continued from Page 1

Chapman ate a hearty supper in the death cell to which he had been moved after the decision against him had been made. He had clothed himself in dark clothes, the garments which the state gave him, as he had no clothing of a citizen. His worldly possessions, so far as the prison records showed, were two collar buttons, and a book of synonyms, the latter a gift from prison officers.

MACHINE DOES WORK. There was no faltering on Chapman's part, an official swung open the doors through which he walked into the chamber, where on the floor, a small blue chalked circle marked the spot on the wall the nose in a new hempen rope, which was thrown over his head. An instant later, the head of Connecticut's automatic hanging machine had jerked before the man high into the air with two distinct motions, and Chapman had passed out of the world which to him, had been full of trouble.

As the body made a half spin in the air, there were convulsive motions particularly noticeable in the twitching of the feet and then, at the end of the long rope, swung the inert body, its momentum being checked by the hand of a guard on either side, who could just reach the ankles in New York.

In the death chamber all was in absolute stillness. The interval from the time Chapman with his guards and the priest had entered the room, was so brief that the witnesses who had entered but two or three moments before, had had hardly time enough to settle back on the bench before the execution was over.

ALL OVER QUEBEC. It was observed in those few seconds of time, that Chapman's face had a slight flush. He piercingly glanced to the right and then to the left, sweeping the audience with his brilliant eyes. His last look before the black cap shut out the light, was towards the corner at his right, in which are the head and weight of the hanging machine.

When it was seen Father Barry bowed and stood apart from the man, it was evident that Chapman had not asked the priest to give him the parting of the church. It had been said that Chapman served on the altar in his boyhood days in New York.

While Chapman was being taken to his death, 50 newspapermen were sending their stories the entrance and last hours from the very room in which he had appealed to the Board of Pardons. Twelve of their number were those who were permissive witnesses under the law which establishes the procedure at hangings in New York.

Last evening and well after midnight, hundreds of persons were in the street opposite the entrance and many vehicles passed through it. The institutional grounds were heavily patrolled.

Priests crossed were burned at several places in the country last night but the authorities said these had nothing to do with the execution of Chapman.

POOR DOCUMENT MAY 20 1935

THE EVENING TIMES-STAR, SAINT JOHN, N. B., TUESDAY, APRIL 6, 1935

WILL KNOW TONIGHT WHICH TEAM WILL MEET TROJANS HERE

MONTREAL DEFEATED TORONTO BY A ONE-POINT MARGIN WITH FINAL ON TONIGHT

Saint John Residents of Toronto Preparing to Root For the Trojan Rovers in Game There on Wednesday Night

LOCAL basketball fans have their eyes centred on Montreal tonight, where a match important to the Trojans is taking place. At Montreal, the second and final game of the series between Montreal A. A. A. and Toronto Broadview Y. M. C. A. is taking place, with the trip to Saint John this week-end for the eastern title at the prize. Last night, M. A. A. established a one-point lead, taking the decision, 19 to 18, in a thrilling game. Tonight, at Toronto, the Trojan Rovers are due and a despatch this morning from there was to the effect there would be a big turnout of former Saint Johners to root for the local girls in their game tomorrow night against the Lakesides.

Writing about the M. A. A. A. team, the Montreal Star says:

"The Winged Wheelers have in Atchison and Gronau two sound defense men. Atchison is not particularly flashy, but when put to guard a star forward man, that star has been effectively stopped. Also Atchison is a good long shot, the real forte of a good basketball guard. Gronau is nearly as good at defensive work as Atchison, but his previous experience as a centre man and forward finds him mixing in the offense with greater abandon than Atchison. Melville until this year was always considered a shooting centre, but this year has developed into one of the strongest egos in the defence, as witness his guarding of Don Young in the game against the Dominion champions of last year, the Rideaus.

"In the forward line for the Winged Wheelers, Howie Lamb is effective on the defence. Dick Sanders is aggressive in this department. Besides the above named forwards, there are three good guards among the spares, Freddie Day, Arch. Small, and Bert Adams, all having turned in good games this year.

ARE WORKING HARD.

The Orange and Black are preparing hard in preparation for the coming ordeal. The series is regarded by the Association as the most important event in the history of the game in Canada to date, and the home crowd will be determined to be at the highest pitch of efficiency for the contests.

Under the coaching of Rogers, the boys are doing greatly improved work over last season, and while in view of what has happened in the past, they lost out to the Rideaus after two thrilling games, they are not disposed to say much. They are confident that they will pull through on the long end of the score.

While the visiting team will have the advantage of experience against stiff opposition, the local boys think that the home floor and the home crowd will more than offset this.

GOING GOOD.

Easily moving road work has been dispensed with in the absence of the week as the team is in first class physical shape. A work-out was held last night and the team went through it drill against a speedy picked quintette like clockwork.

Definite announcement as to the referees has not yet been made. If the Broadview Y. M. C. A. of Toronto win the Upper Canadian series now being played, Ronald Shaw will referee both games, as the Toronto boys prefer to have the expenses of an extra member of the squad paid to Saint John, rather than to bring a referee with them. If the Montreal A. A. A. come east they will bring a referee from Upper Canada who will handle one game, Mr. Shaw taking the other.

Renault Has Signed To Fight Wills 15 Rds.

NEW YORK, April 5.—Jack Renault, Canadian heavy-weight champion, was inserted in Tex Rickard's 1935 heavy-weight program today when Jas. McMahon, Madison Square Garden match-maker, obtained McMahon's signature to a contract calling for a 15-round match with Harry Wills at the Yankee Stadium late in June.

Freddy Mullins, Wills' manager, with held discussion of the match until after a conference with McMahon tomorrow. McMahon said he had an attractive proposition to offer Wills which will open the way to future matches for the negro heavy-weight.

Tied up by a contract with Floyd Fitzsimmons for a match with Dempsey which makes it impossible to discuss another match until the contract is satisfied or abrogated April 15, Mullins is expected to assume a silent attitude toward McMahon's offer. He did say, however, that he would consider the proposition and make a decision after April 15.

ST. F. X. BEATEN

SYDNEY, N. S., April 6.—St. Francis Xavier College basketball team lost to Sydney last night 44-29 in an exhibition match.

Lipton Tells Plan To Seek America Cup

NEW YORK, April 5.—Sir Thomas Lipton arrived today on the Levantian, with the intention of purpose to file his fifth challenge for the America Cup, international yachting trophy.

Although efforts to obtain definite statements regarding the Irish yachtman's plans were submerged in the ripple of good natured repartee which crossed the Atlantic with the genial challenger, the visiting sportsman admitted that he had the finest collection of cups in the world.

"But I'd give them all for the America Cup," he said.

Sir Thomas said he did not intend formally to file his challenge until October, thus providing the requisite three months for the New York Club, holder of the cup, to prepare for an international race.

The final score, coming after France had led by one goal after the first half, was 5 to 3 in favor of Wales.

The French fielded what was perhaps the flashiest line-up of some years. Their three-quarters, led by the reliable Jarrogy, veteran of an international tussle, unleashed an offensive combination that took the Welsh by surprise, while in the many-headed heart of things the French forwards packed well and heeled with spirit. It was largely due to the pack that the scoring was kept down. At fullback, Destrac stopped many Welsh rushes and his fine record in the game was marred only by the slip that brought in the Welshmen their scrambling try near the end.

The game witnessed France's fourth straight defeat and their second at the Columbus Stadium this year. It also marked the windup of the rugby international series.

The windup of the season sees Scotland in the lead, beating Ireland out by a fractional margin in scoring averages. The games ended as follows:

P	W	D	L	Pts
Scotland	4	3	0	42
Ireland	4	3	0	41
Wales	4	2	1	28
England	4	1	2	28
France	4	0	4	11

Team records were:

Scotland 20, France 6, at Paris
Scotland 8, Wales 6, at Edinburgh
Scotland 17, England 9, at Twickenham
Ireland 3, Scotland 0, at Edinburgh
Ireland 11, France 0, at Belfast
Ireland 19, England 15, at Dublin
Wales 11, Ireland 8, at Swansea
Wales 7, France 5, at Paris
Wales 8, England 3, at Cardiff
England 11, France 0, at Twickenham

N. Y. BOUTS

NEW YORK, April 6.—In lights here last night Ray Miller, Chicago feather-weight, knocked out Joe Snyder, New York, in second round of ten-round bout.

Ernie Jarvis, British flyweight, won the decision in ten rounds with Jimmy Wolfe of New York. Sammy Haker, Mitchell Field, outpointed Tommy Jordan of New York, in ten rounds.

CHAMPIONS SAME

The Water Department, champions of the Maritime Provinces, are looking forward to a great year and have practically the same line-up as last year. They lost Sparks, their regular catcher, but have picked up Latham, an outfielder, and young Ed Snodgrass, a promising intermediate recruit, will be with the team regularly this year. Trojans have several new men as have the Saint Johns. The Royals are almost sure to be out this year and the only uncertainty exists in regard to the Saint John Baptist team.

Monday night, all the teams should know pretty well where they stand. J. J. Dunlop, president of the league, has intimated he will not stand again this year and the name of A. W. Covey is mentioned for the presidency.

SOUTH END MEETS

The annual meeting of the South End Improvement League is being held this evening when election of officers will take place. The matter of getting the grounds in shape for the coming season also will be discussed.

Hartnett Defeats Hunt At Halifax

HALIFAX, April 6.—Joe Hartnett, of Halifax, won by a technical knockout in the tenth round over Dick Hunt, also of Halifax, in a ten-round bout here tonight for the Maritime welterweight title. Hunt weighed 147, and Hartnett 147. Hunt was knocked down in the ninth round, but was saved by the bell. He failed to come up for the last round.

PRESENTS TROPHY.

The presentation of the Walter Brindle Boy Scout football trophy to the Sunrise Troop, No. 4, East Saint John, winners in 1934, took place last evening when L. J. Johnson, district secretary, visited the troop and made the presentation. The Sunrise Troop will hold the cup for the present year and won it in 1925 from the Edith Avenue Troop in East Saint John, having to compete with both the Edith Avenue Troop and the Knox Troop in the soccer trophy series.

Crowd Shouts "Fake" At Firpo-Shalla Bout Recently

Luis Firpo, the so-called "Wild Bull of the Pampas," did not add much to his reputation by his fight recently with Spalla, the Italian champion. Even his compatriots cried "Jongo," meaning "fake."

Of all Firpo's victories, that over Spalla is declared to have been the most unpopular. From the start of the fight says "La Nación" critic, Firpo showed marked transformation in style, and it was soon evident that if he had made progress in tactics he had deteriorated as a fighter.

This writer observes that Firpo used his left frequently and recalls that his failure to do this in previous fights had brought much reproach upon him in boxing circles in the United States. The same writer adds:

"But these left blows were ineffective, and, if anything, tended to slow up the Argentine in other forms of offense."

This was not the worst. His new style apparently had perceptibly weakened his famous right jab and these carried none of the old-time force that had won him so many victories. His efforts to land telling blows with his right at times were simply deplorable.

If Firpo has improved in scientific boxing, the general opinion of the writer is that he has not advanced as an all-around pugilist and that his old fighting instinct is missing.

Another critic, commenting on the frequent use of his left points out that it was a mistake because it impaired his natural method of attack.

Referring to Spalla, one writer says: "He was well conditioned, but badly outclassed in weight and even if he put up a creditable fight, his exhibition as a whole would put him among the fourth-raters in the United States."

INTER-LEAGUE SERIES

The C. N. R. team bowlers smashed four of the records of the games in the inter-league championship last night when they rolled against the Post Office team in the championship game on Black's alleys and took three points, the Post Office's one point. The C. N. R. team total of 435, equipped that of the Post Office, who had had the high mark of 1,226. The team single string of 551 of C. N. R. surpassed that of the Knights of Pythias, which had held the honors and which was 538.

Lavson, of the C. N. R., made the high single string of 125, also made the high three-string total of 387, capturing from Fosdy, of the McAvity team, the honor of leading in the championship play. Fosdy's total had been 325 and that total was equalled last night by McCaw, of the Post Office. Tonight the James Pender and McAvity teams will roll. The scores were as follows last night:

Post Office	Total	Avg.	
Roberts	84	91	282

CITY LEAGUE

The city league game on Black's alleys tonight will be between the Lions and the Pirates.

The Edmonton Grads Defeat Chicago Team

CHICAGO, Ills., April 6.—The Edmonton Grads of Alberta, Canada, claimants of the girls' world basketball championship, successfully defended their title here tonight against the Chicago Tri-Chis, winning 19 to 17. The Tri-Chis are Central States A. A. U. champions. The Canadian overcame an early lead to win although the score was tied at 15 all a few minutes before the final.

WESTERN RULES GOVERN TITLE GAME TONIGHT

Another 10,000 Crowd Expected At Maroons-Victoria Struggle

MONTREAL, April 6.—Capacity crowds have been the order in the Stanley cup series between the Montreal Maroons and the Victoria Cougars at the Forum in the past week, and a fourth bumper gathering of over ten thousand, is assured for the game on the western rink tonight.

The race has changed from one in which it appeared that Montreal would romp through in three straight games, to one which is now causing considerable speculation. With the game tonight under the westerners' code, Victoria is conceded a fair chance of tying the series at two wins each, and forcing a fifth game on Thursday to decide the honors.

Three days rest should prove a boon to the local players, who have been selling through a heavy schedule for the past five weeks.

The Maroons are ready to call it a season. Their plans have all been made and only await the decision of the cup game.

Victory's first Stanley cup game, on Thursday night, was a close contest. The Cougars, who had his leg broken in the first Stanley cup game, were caught flat Saturday night with his bag packed in the dressing room and commutation reserved for a hasty departure to Toronto, which had to be cancelled for the time being.

Siebert's slight south to the Reading baseball camp was similarly checked, as was Bill Phillips departure to the North country. The players will make another bid this evening to settle matters with the Cougars, and will enter the rink with the full knowledge that they will have to open out to the limit to win.

MONTREAL, April 6.—Ernie Anderson, substitute player of the Victoria Cougars, who had his leg broken in the first Stanley cup game, was caught flat Saturday night with his bag packed in the dressing room and commutation reserved for a hasty departure to Toronto, which had to be cancelled for the time being.

NOTABLE STARS ON SCREEN AT UNIQUE

Norma Shearer and Lon Chaney Superb in "Tower of Lies"

Lon Chaney and Norma Shearer were starred last night at the Unique Theatre in Metro-Goldwyn-Mayer's "The Tower of Lies."

The fair Norma takes full advantage in the role of "Goldy," heroine of Selma Lagerlof's novel. The story opens with Norma as a child and closes with her as a woman near 80, but at no time would you think of her of a different age than the exact number of years she was portraying in that particular scene.

Norma went into pictures about three years ago with no experience of consequence. Mr. Mayer thought he saw possibilities in her and gave her the great opportunity. And Norma made good every time she appeared in a picture. So good that she has now attained stardom with your assistance.

And then there is Lon Chaney, the greatest character actor the screen has ever known. You have seen him in his grotesque roles and thrilled at his vil-

PREMIER WILL LIKELY CLOSE BUDGET DEBATE

Concluding Speech Not Looked For In Legislature Till Next Week

COMMITTEES TO RESUME TOMORROW

Fire Insurance Men To Meet Government On Protest of Tax Increase

Premier Baxter will quite likely take part in the debate on the budget which will be resumed in the Legislature tomorrow afternoon with an address by J. Andre Doucet, Opposition member for Gloucester, who had not concluded his remarks when the House adjourned last Thursday.

There will be a Government speaker following Mr. Doucet but just how it will be known yet. It is likely to be E. C. Atkinson, member for Sunbury, or P. J. Veniot, leader of the Opposition, is expected to adjourn the debate tomorrow and will commence his speech on Thursday afternoon.

The former Premier is expected to take up the afternoon, confining his remarks mainly to the financial situation of the province. It is known that he will devote some time to the Masquash development.

When Hon. Mr. Veniot concludes, it is possible that A. A. Dyrart, Opposition member for Kent, who has been ill, may be in his place and take part in the debate. Premier Baxter said this morning it was quite probable he would conclude the debate. Just at present it looks as though the Premier will not speak until next week.

COMMITTEE WORK.

Following the Easter recess and the ball to be given this evening at Fredericton by His Honor Lieutenant Governor Todd and Mrs. Todd in the Parliament building, the House committees will buckle down tomorrow morning to committee work and it is expected that by the end of this week, the budget will be practically over with the checks cleared for the cross-file and action that usually accompany consideration of the estimates to be voted. This will take up the major portion of next week, the Premier said this morning.

Only three members of the Government so far have made addresses in the House, they being Premier Baxter, Hon. L. P. D. Tilley, K. C. and Hon. Antoine J. Leger, and the House awaits with interest the address from the treasury bench of Hon. Mr. Stewart, Hon. Lewis Smith, Hon. C. D. Richards, Hon. Dr. Taylor and Hon. Mr. Reilly. They will probably speak during the consideration of supply.

Tomorrow morning, the Government will give a hearing to a delegation of fire insurance men who will protest the increase in the tax on their business from 2 to 3 per cent. on the gross business done within the province by them. Last week the Government listened to a delegation of life insurance men who protested an increase, the Government's reply being that these measures were only of a temporary nature and were needed to help the financial situation.

GIFTS AT FAREWELL

Presentation to Mrs. D. Brunstrom on Leaving to Join Husband in Montreal

Mrs. Dudley Brunstrom and her son Tom, who have been guests of Mrs. Charles Watters, 83 Prince street, for a week, left on Monday to join Mr. Brunstrom in Montreal, where they will reside. Mr. Brunstrom has been transferred in the C. P. R. service to that city. Mrs. Brunstrom, who has endeared herself to many on the West Side, has been a guest at several social functions during the last week. Among those who entertained in her honor were Mrs. L. O. Beatty, Mrs. S. Irons, Mrs. Richard Rettick and Mrs. J. Shoups. At each function Mrs. Brunstrom was made the recipient of gifts.

The Willing Helpers Mission Band of Carleton United church, of which she was leader, presented gifts in china. She has been soprano in the Exmouth street church during the winter months, and will be much missed in musical circles. A large number of friends were at the station to bid her farewell.

Entertainments For Bride-To-Be

Miss Eugene Cormier, of West Saint John, entertained at four tables of bridge in honor of Miss Florence Casey, whose marriage will take place soon. Daffodils and Easter novelties made an effective decoration and dainty baskets of sweets were presented to the guests. The prize winners were Miss T. Ready and Edmund Fitzgerald. A silver basket, surmounted by a miniature bridge, made of handkerchiefs, was presented to the guest of the evening. The hostess was assisted in serving by Miss Beatrice Farren and Miss Geraldine Ready. Miss Beatrice Farren also entertained at a novelty shower in honor of Miss Casey, and many dainty and useful gifts were presented in a gaily decorated basket. Games and music were enjoyed and the hostess served dainty refreshments.

DORCAS MEETING

The Women's Auxiliary of St. George's church held their Dorcas meeting on Monday evening, with Mrs. Corey Green presiding. Much sewing was accomplished. Next Monday the meeting will be held in the afternoon to allow the members to attend a lecture by Rev. A. L. Fleming.

HER BIRTHDAY. Mrs. Walter King, 179 Wentworth street, entertained yesterday afternoon in honor of the third birthday of her young daughter, Halcyon King, and the small guests spent a most enjoyable afternoon. Refreshments were served. The guest of honor received many beautiful gifts. Mrs. King was assisted by Mrs. Walter Peterson.

CARLETON V. P. S. The Y. P. S. of the Carleton United church met last evening in the schoolroom, with the president, Arthur Long, in the chair. Miss Laura Mason gave the current events. Rev. P. T. Bertram continued his lecture course, taking for his subject, 'The People's Missionary.' Barrett was the pianist of the evening. The meeting was largely attended.

AT STELLA MARIS HALL. The first forty-five tournament after Lent was held last evening, there being 75 tables. Special prizes were won by Mrs. F. Burgess and Isaac Hahn. The ladies' regular first prize was won by Mrs. D. A. Gullivan, while the second went to Miss E. Macle. The gentlemen's first prize was taken by P. I. Jennings, and the second by Thomas Long. The special prize for ladies was a silver coffee calculator and for men, a case of pipes.

CLUB BAG PRESENTED. About 25 or 30 friends gathered at the home of Mr. and Mrs. M. E. Rice, 274 Main street, and Mrs. F. E. Rice, on behalf of the assembly, presented to Mr. Ricker a handsome club bag, fully equipped, on the eve of his departure for Boston, where he will reside. A delightful musical evening was spent, and delicious refreshments were served by the hostess. Mr. Ricker was accompanied to Boston by A. Jones, Victoria street.

CASE DISMISSED. An assault case against Edward Day was dismissed by Magistrate Henderson in the Police Court this morning. Evidence had been given by Mrs. Maude Vandenberg, Mrs. Earle and the defendant. A dispute arose over some land. Mrs. Vandenberg contended that Mr. Day had struck her and had been violent. The magistrate accepted Mr. Day's explanation and dismissed the case.

SUIT WITHDRAWN

In connection with an action brought by James Watters against Fred Cole, parties of Red Head, for the recovery of \$20 damages for injury to crops allegedly caused by the defendant's cattle, W. M. Ryan, on behalf of the plaintiff, announced in the city court this morning that the claim had been paid, and the suit had been accordingly withdrawn. Earle Logan appeared for the defendant.

DOUBLE BIRTHDAY

The Golden Rule class of Pleasant Point Sunday school, and several friends, assembled last evening at the home of Mrs. Ernest Arbo, Pleasant Point, to extend greetings and present gifts to Mr. and Mrs. Arbo in observance of their joint birthdays. On behalf of those present James Ewart, presented pieces of several valuable books. A pleasant evening was spent in games and music. Miss Sylvia Hamm assisted the hostess in serving dainty refreshments.

BIBLES GIFTS AT COBURG ST. CHURCH

Presentation to Youngest in Attendance; Others to Heads of Largest Families

At the evening service in Coburg street Christian church on Sunday evening the Prudential Son in the story and song was rendered. The soloists were Mrs. H. Keyes, Donald Stockford, Ernest Izard and F. Fitzgerald. Pleading diet was sung by Miss G. Dayley and Miss L. Hoyt. The minister, Rev. W. J. Johnston, presented a new testament to the youngest child in attendance, Dary C. Lovett Sprague Peaser, age nine months, and a family Bible to Mr. and Mrs. E. B. Sprague, the parents of one of four of the largest families in the congregation. The three other families of similar size will receive family Bibles at the service on next Sunday evening. They are Mr. and Mrs. Joseph Arthur and family, Mr. and Mrs. F. Munford and family, and Mr. and Mrs. W. Izard and family.

A pleasing feature of the after meeting was the presentation of an address of appreciation to Mr. and Mrs. James S. Flaglor, by R. J. Currie, on the eve of their fiftieth wedding anniversary. Miss L. Hoyt, on behalf of the congregation, presented a gold fountain pen and pencil each to Mr. and Mrs. Flaglor. Mr. Flaglor feelingly responded on behalf of himself and Mrs. Flaglor, for the gifts and the kind thoughts that prompted them.
