## Revolution Has Failed But a New Danger Threatens

### Radical Uprising in Germany Seems Likely—Kapp Said to Have Fled; Another Report Declares Him Suicidal.

(By the Associated Press.)  
Germany has cast off the governmental regime suddenly set up by the reactionary elements on last Saturday morning, but it is facing another extreme peril in the form of a wave of radicalism. Reports from Berlin say Dr. Wolfgang Kapp, the reactionary chancellor, and his adherents have either fled from the city or contemplate going at once. Rumors that Kapp had committed suicide were received at Amsterdam by telephone from Berlin this morning. Armed forces of the reactionary element are leaving Berlin today, and the presence of Gustav Noske, minister of defence in the Ebert government, who arrived in Berlin last night by airplane from Stuttgart, would seem to indicate that the constitutional government intends to assume control immediately. Gen. von Secht, President Ebert's chief of staff, has been named commander of government forces in Berlin.

### Order Kapp Arrested?

Paris, March 17—Orders for the arrest of Wolfgang Kapp, General Von Luetwitz, his military lieutenant, and other leaders in the reactionary revolt, were issued by Gustav Noske, minister of defence of the Ebert government on Wednesday night, according to a Zurich despatch to the "Petit Parisien."

### Resignation of Kapp Government.

The Hague, March 17—The resignation of the government of Chancellor Kapp in Berlin was announced in a Berlin despatch from the semi-official Wolff Bureau.

### Berlin, March 18—Troops commanded by Gen. von Luetwitz, which have been supporting the reactionary revolt in this city, were left Berlin by tonight at the latest, according to an announcement by Dr. Hirsch, Prussian premier. Security guards and royal regular troops will then take over control of the capital.

### Genoa, March 17. (By the A. P.)—General Von Buelow, commanding the United States of the Bavarian forces, have captured their troops at the disposal of the "Friedrich" according to despatches from Stuttgart.

### Vienna, March 17—Professor Hartmann, Austrian ambassador to Germany, arrived here today to discuss the German leaders. He declared that he feared a revolution in Vienna and Budapest in the event of the success of Chancellor Kapp.

### Copenhagen, March 18—According to a Munich despatch, Kapp has fled from Berlin. Kapp declared himself to be a representative of the people's sovereignty and said he would hold the place for the premier who is to be elected by diet as the result of the next election.

### The various political groups, the despatch continues, declared that executive power had been restored to civil authorities, that the imperial and state constitution would be inviolably respected, and that the full liberty of officials, workers and employers to unite, would be protected.

### The Fighting.

Copenhagen, March 17—Fighting broke out at daybreak in Hagen, Westphalia, between regulars and troops composed of workers, in which the regulars were worsted, losing more than thirty killed and seventy wounded, says a despatch received from that city. The workers had two killed and several wounded.

### A report from Gera, Germany, says the Kapp troops there were defeated and dispersed after sanguinary fighting.

### FEAR RADICAL UPRISING NEXT

Announcement by Doctor Kapp, as well as official statements from the officials of the Ebert government, reflect the fear of a radical uprising in many. In fact, Dr. Kapp's announcement stated he had resigned from the directorship of affairs so that the country might be enabled to fight Bolshevism.

From various cities come reports of uprising workers and advisers from Berlin. It is thought that front got into the hands of Spartacist leaders, are marching on that city. At the Ebert troops have not yet resumed full control, an attack by the Reds is feared.

### Throughout Germany radical elements have in many places taken over direction of affairs, at least temporarily. Protection detachments have been set up at Dortmund, Gera, Halle, Ohliges, Unna and Gelsenkirchen, according to reports while in Leipzig workers have driven government troops from the suburbs of the city and were engaged late yesterday in street fighting.

In the Rhenish and Westphalian industrial districts it is said the workers are ready to follow radical leaders.

### Serious in Leipzig.

Coblenz, March 18—(By the Associated Press)—A telephone message received yesterday from an American at Leipzig, said conditions there are very bad. Fighting in which machine guns were being used, was proceeding. Food was growing short and the water had been cut off. The government troops were still holding their own against the revolutionists. The message said there were many foreigners in the city attending the Leipzig fair, but that there had been no casualties among them.

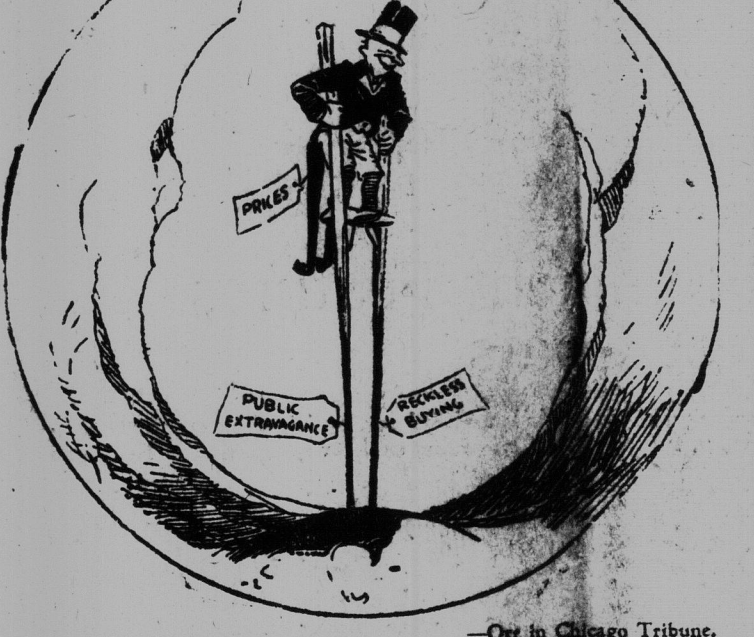

### British Settle Spartacists.

The Hague, March 17—Reports from Herlen, Holland, on the frontier of the still occupied German territory, say the Spartacist have been driven out and disposed the mayors at Halle, Westphalia and Ohliges, Rhenish Prussia, but the British troops have restored order and reinstated the mayors.

### BERLIN CROWDS IN UGLY HUMOR.

Paris, March 18—Official advices from Berlin describing conditions there last

## HOLDING HIM UP

—Over in Chicago Tribune.

## TWO DELEGATIONS HEARD BY COMMON COUNCIL TODAY

### Residents of Lancaster Ask for Section of Townsite as Athletic Field

Lansdowne Avenue Property Owners Want Paving—Abutters Willing to Pay Share—Matter of Street Railway Extension.

Two delegations were before the city commissioners in committee this morning. The first from Fairville, asking for the grant by the city to the Parish of Lancaster of a portion of Park Place, the new townsite, for the purpose of an athletic field; the other from the property owners of Lansdowne avenue, asking the city to take over the avenue and pave it. Both delegations received some satisfaction, as a majority of the council seemed to favor both projects.

### The delegation from Lancaster consisted of Rev. Wm. Townsend, Rev. W. J. Dunham, Rev. Thomas Marshall, W. J. Linton, J. J. O'Rourke, J. A. Barry, S. C. Pickett, Rev. A. S. Bishop and H. M. Stout, Thos. H. McCauley, general manager of the N. B. Power Company was also present.

### Councillor Golding said that eight months ago the Firemen's Park had been turned over to the Town Planning Commission and the delegation were asking for the return of the park to the city.

### Councillor O'Brien said that as the Firemen's Park was being held for public purposes, the proposed site was selected as an alternative. The area is about fifty-four or fifty-five lots situated in a valley about 400 yards from the Manawash road.

### The valuation of the whole town-site was about \$200,000, while the portion asked for was valued at between \$8,000 to \$10,000. On account of being close to the city it was felt that the scheme would help to develop the town-site. He said it was hoped to have the street cars run out to the grounds. He said that the entire parish was behind the scheme and intended going to Fredericton to obtain legislation to allow the board of management to assess for sufficient to carry out the work.

### In reply to Com. Bullock Councillor O'Brien said that it was a good business proposition for the city as it would be held by the residents until the winter season, at which time there was a general rush of orders with a consequent rise in price. They sought to avoid this state of affairs during the coming season by having supplies available for purchase early.

### House wives of Canada are urged to begin now laying in a supply of sugar for the coming season, buying a few pounds extra each week now on.

### AVALANCHE CRUSHES TRAIN; 7 KILLED.

Berne, March 18—A train was overwhelmed yesterday by an avalanche in the Bernese Pass, at an altitude of 10,000 feet. None of the passengers was injured but seven of the crew were killed.

### WOODEN HOUSES IN ENGLAND

The Weekly Bulletin of the Department of Trade and Commerce at Ottawa publishes this picture of a wooden house of such as is being built by a company in England for \$4,425, exclusive of cost of land. It is 42 feet by 38 feet 6 inches and contains modern conveniences.

## As Hiram Sees It

"I read yesterday," said the Times reporter to Mr. Hiram Hornbeam, "that a woman in Maine had entered into an argument with a neighbor woman, illustrating her remarks with a pitchfork."

"Some women," said Hiram, "is like musketeers. They buzz an' they kin hit, too. I Hanner heard me say that I'd let her know she got the best of her sort of on her high boss about women. But she can't deny that she's some 'em kin spread a yarn faster'n any musketeer ever spread yaller fever. If there were women like that in the north, they'd be a good deal better off than they are."

"But he was talking about a certain kind of mosquito," said the reporter, "the kind that spreads yellow fever."

"Yes," said Hiram, "I like musketeers. They buzz an' they kin hit, too. I Hanner heard me say that I'd let her know she got the best of her sort of on her high boss about women. But she can't deny that she's some 'em kin spread a yarn faster'n any musketeer ever spread yaller fever. If there were women like that in the north, they'd be a good deal better off than they are."

## Eleven Days On Ocean In Gales

### Rescue of Bark's Crew as They Were About to Cut Throat of Ship's Puppy to Drink Its Blood

New York, March 18—For eleven days Captain A. Andreassen and eleven members of the crew of the Norwegian bark *Sydnes* were afloat in an open boat in heavy gales, part of the time without water and food. On the morning of March 13, just as the captain was thinking of cutting the throat of the ship's puppy to drink its blood, the tanker *Vaari* noticed the boat's last signal flash and picked up the captain and men. A second boat, containing the mate and the rest of the crew, has not been found.

The survivors were brought here yesterday by the *Vaari*. They were very weak and were suffering from exposure. The *Sydnes* left Montevideo with sand in ballast, and in the storm the sand shifted, making it necessary to abandon the vessel on March 2, about 1,000 miles off the Virginia Cape.

## EASIER FOR GEDDES

### Westminster Gazette on Canadian Representation at the U. S. Capital.

(Canadian Press.)

London, March 18—The Westminster Gazette, Liberal, says that Sir Auckland Geddes, who dropped into the Dogg's training camp on his way from Cuba to the United States through the excellent courtesy of the Canadian government, is an own representative at Washington. Innumerable Canadian questions crop up there which the British ambassador naturally would not always understand thoroughly.

## LATE SPORT NEWS

San Antonio, March 18—The Giant spent St. Patrick's day at the Kelly athletic field for the most part. There they defeated the aviators at baseball, 16 to 6, were entertained at dinner, and indulged in some "high flying." Most of the players went for a spin with the army fliers.

Jacksonville, Fla., March 18—With the assistance of Armando Marsans of the Red Sox, who dropped into the Dodgers' training camp on his way from Cuba to the United States through the excellent courtesy of the Canadian government, is an own representative at Washington. Innumerable Canadian questions crop up there which the British ambassador naturally would not always understand thoroughly.

## GREAT OIL FIRE IN MONTREAL

Montreal, March 18—Four hundred thousand gallons of crude oil at the plant of the Barrett Company, Limited, manufacturing of roofing and paving materials, were destroyed by a fire which started at twelve-twenty last night. The whole fire fighting force of the city was called out and the blaze was successfully isolated to two tanks. The firemen announced that the tanks in the containers would burn itself out. The fire destroyed the works of the C. P. R. Telegraph Company, in Quebec.

## EDMUNDSTON VETERANS ARE PETITIONING

Matter of Status of Civil Service Employees Who Have Been Overseas.

Fredericton, March 18—The G. W. V. A. of Edmundston, N. B., has commenced a movement to petition the government that civil service employees who have been overseas and have successfully passed their examinations be given place and seniority in their departments over those members of the service who did not enter the army and who entered the civil service after the date on which the returned soldier members of that department had enlisted.

## CITY ACCEPTS WRIT OF HABEAS CORPUS

### Matter of Rebate on Assessment Will Likely Go to Court—Portland Rolling Mills Assessment Bill.

At a committee meeting this morning the mayor announced that a bill fixing the assessment on the personal property of the Portland Rolling Mills, in accordance with an old agreement made between the Company and the city, had been prepared, but he understood that there was a possibility of the plant being scrapped. He suggested that, as the taking of the bill to Fredericton would cost the city in the vicinity of \$80, action be delayed until information could be obtained.

## REPORT RIVER OPEN AS FAR AS 'PURDY'S POINT'

That the St. John river will be open for navigation in a short time is the expressed opinion of steamship owners. This morning a report reached the city that the ice in the winter was of a very poor quality, due to the fact that it formed when the water was low in the river and was practically salt water. In addition to this they maintain that the heavy snow fall during the month of January forced the ice down and slush and water collected on top of it. As a result they say it is badly honeycombed, and as soon as the water starts to rise it will break up and quickly run out.

## FRUIT MEN TAKE UP QUESTION OF SUGAR SUPPLY

Ottawa, March 18—(Canadian Press)—A deputation representing the fruit growers of British Columbia met the British Columbia members of parliament yesterday to urge upon the sugar refiners, through government channels, the need for releasing supplies of sugar being taken to impress upon the government that sugar supplies were often held by the refiners until the winter season, at which time there was a general rush of orders with a consequent rise in price. They sought to avoid this state of affairs during the coming season by having supplies available for purchase early.

## WEATHER REPORT

Synopsis—The disturbance which was over the Gulf of St. Lawrence yesterday has moved out to the Atlantic and the weather is now fine in nearly all parts of the dominion. Another moderate disturbance is centred this morning over Nebraska moving northeastward.

## BRAND DENIES STATEMENT MADE BY CAILLIUX

Paris, March 18—Former Premier Brand, testifying yesterday at the trial of Joseph Caillaux, also a former premier of France, who is charged with having had intercourse with the enemy, flatly contradicted a statement made by Caillaux that Caillaux informed Brand that proposals of peace had been conveyed by one Lipscher on behalf of Baron von Der Lancken, German civil governor of Prussia.

## H. OSBORNE OF THE C. P. R. DEAD

Montreal, March 18—H. Osborne, one of the best known railway mechanical officials in the dominion, and late work manager of the C. P. R. Angus, died last night after a brief illness. During the long years of his railway work, Mr. Osborne had trained generations of mechanical men and was known by employees of the C. P. R. from the Atlantic to the Pacific.

## ALLENBY OPENS NO MEETINGS HELD

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MARCH 18, 1920

GOOD THINGS COMING  
TO THEATRES OF  
ST. JOHN

DON'T MISS THE  
MIDGET WONDERS

Clever and Novel Performance  
of Diminutive Acrobats,  
Boxers, etc.—Popular Musical Hit and Pleasing Comedy Playlet at Opera House—New Bill for Friday.

Tonight will be the last opportunity for patrons to see the Three Piccolo Midget Wonders in the Opera House. Their clever acrobatic feats, dancing and burlesque boxing match are a real treat and well worth seeing. In addition Kurt and Edith Kuehan have a very popular musical offering, which has been making a decided hit. Those who enjoy an original comedy skit should not miss the one-act play entitled "The Real Reason," which is cleverly presented by Florence, Henry and Company. There will also be two other good numbers in addition to another episode of "The Black Secret" featuring Pearl White.

The new bill for Friday will be as follows—Ziska and King, in their latest Magt comedy, "Otagasuzulu"; Lou Elliott in a great feature offering which must be seen to be enjoyed; Edson and Doc, "the dog with the human brain"; Moot and White, two classy dancing stars; Fuller and Vance, "The Boob," and the girl with the mirror gone. There will also be another episode of the motion picture serial "The Midnight Man," featuring James J. Corbett.

"THE CONVICT'S SWEETHEART"  
Melodrama of Old-Fashioned Kind, Queen Square Theatre Attraction Friday.

Queen Square Theatre will offer "The Convict's Sweetheart," produced by the Young Adams Co., commencing Friday matinee, for the balance of the week. Real old-fashioned melodrama, the kind that used to thrill father and mother in the days of long ago, is the action of the play. Mr. Young as Eugene O'Moore and Miss Adams as Hazel Randolph, the convict's sweetheart, have the leading roles, while the rest of the company is well cast. The daily matinee continues to be well patronized.

TONIGHT TERMINATES  
"MALE AND FEMALE" RUN.  
Imperial Theatre Still Attracting Thousands With Sir James Barrie's Great Fiction.

The Imperial's run of Sir James Barrie's "The Admirable Crichton," under the film title "Male and Female," will be brought to an end this evening with two shows, starting at 7 and again at 9. Those who have seen the photoplay are its best advertisement. Everybody seems charmed with it. Such splendor and gorgeousness in private living have never been seen as depicted in Lord Loom's home in London, which find sharp contrast in the wild jungle scenes when the wealthy party are so thrillingly shipwrecked on a tropical isle. The film is an artistic triumph from every angle.

HAVE YOU SEEN BLIND HUSBANDS? NOW SHOWING AT THE UNIQUE.

"Blind Husbands" is certainly packing the Unique this week, and sending everyone away happy after witnessing the most thrilling photodrama that has ever been produced. With as many thrills as the most thrilling serial, and as inspiring scenery as the most superb travel comic, "Blind Husbands" will give you a tremendous hour of romance and glorious outdoor settings. So gripping is this story, so perfectly told, that it requires almost no explanatory titles. See it without fail. The picture you will never forget. It is one of the big "specials." Now playing. Matinee for ladies and children, 10c., 15c.; evening for 7, 8, 9, 10c., 25c. Same old prices.

**BEWARE OF TENDER GUMS**  
Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

85c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send to us direct and we will mail tube postpaid.

## The F. A. Dykeman Co. Announce Their Formal Opening of SPRING FASHIONS

Spring is here, and with it hosts of new styles. Most women look forward to this event with eager anticipation. This year the showing will afford them more real delight, for choice and variety know no restrictions. Here one finds modish apparel for every need in almost endless variety of styles, fabrics and colorings. If we can judge from the enthusiasm of past spring exhibits, we predict an unusually large and appreciative attendance here.

### Grace of Line is a Prominent Feature of the Newest Coats

The showing of Spring Coats here is a revelation of the designers' and fabric makers' art, anticipating every requirement of a woman's day. There are Coats for street and travel wear, for motoring, for outing and for sports wear. Each one with a distinctive charm peculiarly its own.

### Many Enchanting Suit Modes Greet Spring Shoppers

Women's Suits are of two distinct classes—those strictly tailored and decidedly smart for street and travel wear, and those most elaborately embroidered exquisite affairs for afternoon and dress occasions.

Of the former, Tricotines, Cabardines, Twills and Serges are mostly favored, trimmed with braids, silk stitching and embroideries.

Dame Fashion particularly approves of Navy Blue.

### Separate Skirts Are the Vogue of Today

Not for many years have Separate Skirts been quite as well accepted as they are this season. With so much assurance as to their smartness, there is every reason why the styles should be more interesting than ever, and a review of our present displays would indicate that this is so.

Satines, Tricotines, Novelty Silks of much richness, and Tricotine are among the varieties this store is showing.

### Frocks to Accentuate Feminine Charm

It must be admitted that frocks were never more popular, the trimness of the Street Dress of Serge or Satin leads to its very general acceptance.

While the exquisite beauty of frocks for afternoon or evening occasions is excuse enough for their being silver embroidery and lace combinations of smart Silks, a general use of Georgette rich with beaded designs, give an idea of their becomingness and charm.

### The New Blouses Are Captivating

Essentials complements of the Suits and Separate Skirts are these new Blouses, so many of which are fashioned of Sheerest Lawns, Exquisite Crepe-de-Chene and Dainty Georgette. Hand embroidery is employed on many of the models.

There is a general concurrence that long sleeves and a modified décolletage at the front are smartest; but there is much variety in these sleeves and delightful charm in the open throat lines.

**A NEED IN NEW BRUNSWICK.**  
To the Editor of the Times:—  
Sir,—A few weeks ago there was an article in one of the St. John daily papers saying that "Dr. Riddle, Deputy Minister of Labor for Ontario, had handed to the government a report on mothers' pensions."  
We understand that a bill is being drafted and there is every hope that it will pass at an early date. This another province will come in line, and we rejoice with high hope that soon this act shall become Dominion wide! But "there is yet much land to be possessed."  
In New Brunswick there has been much agitation in favor of this reform. Many clubs, organizations, and recognized societies, also the Labor party in our province have endorsed its principles, and have forwarded resolutions to the heads of the several departments.  
We have waited, and are waiting for results. Many tired, needy mothers are waiting and struggling with their burdens of care, trying to look after their children and homes, as well as earning that which will feed, clothe and shelter their little ones; and as they wait and work, ever they are hoping that the day may soon come that shall bring to them help and support in the form of government allowance.  
The weeks and months pass, and still they are waiting. The children need careful training, and the mothers need government support as they carry on the work of training and developing future citizens.  
The address delivered by Miss Whitton to the mothers' pensions at the Social Service convention just held in St. John, full of information and rich with suggestions, has given our hopes another uplift. A strong resolution was brought forward by this convention urging the necessity of impressing upon the New Brunswick government the desirability of legislation for mothers' pensions.  
Will the men and women with a vision of life as it ought to be for dependent mothers, work for this reform and bring it before the public, and let delegations wait upon our legislators, and urge them to consider petitions for needy mothers, from an economic as well as from a humane point of view?  
If the latest energies and influences of the men and women of our cities and country districts were exercised to great power regarding this act, soon would our province stand in line with those western provinces which have adopted mothers' pensions.  
A N. B. WOMAN.

**SCHOOL BUILDINGS FOR RELIGIOUS WORK.**  
Evanston, Illinois, March 18.—Arrangements have been completed between the local board of education and the Evanston Council of Religious Education for the use of rooms in public school buildings for the teaching of religion to such school children as wish to receive it prior to the opening of school. The contemplated classes will be held from 8:20 to 8:45, school taking up at 9 a. m. A nominal rent is to be charged. As at present contemplated, four such classes are to be held in each of the buildings.

**SYDNEY WANTS THE EIGHT-HOUR DAY.**  
Sydney, N. S., March 18.—Enactment of the eight-hour work day at the present session of the Nova Scotia legislature is demanded by the Sydney Trade and Labor Council in a resolution forwarded to Premier Murray. The council claims to be the representative body of 4,000 workmen who are behind them in their request.

**RECENT WEDDINGS**

A wedding of interest to many in the province was solemnized at the residence of Mrs. Edward Monteth, 155 Bridge street, last night when her sister, Miss Annie May Nutter, daughter of Mrs. and the late George T. Nutter of Evandale, was united in marriage to I. Chester Pickett, son of William Pickett of Kars, Kings county. The ceremony was performed by Rev. H. A. Cody in the presence of friends and relatives of the bridal pair. The bride, who looked charming in a suit of navy blue with hat to match, was given in marriage by her brother, G. Ernest Nutter of St. John. Both bride and groom were unattended. They received many beautiful and useful presents, testifying to their popularity among a large circle of friends. The groom's gift to the bride was a handsome fur coat. Mr. and Mrs. Pickett leave this morning for Kars where they will make their home. Sincere good wishes for their future happiness is extended to them.

**RECENT DEATHS**

Hillsboro, March 17.—(Special).—Last week the deaths occurred of the infant child of Mr. and Mrs. Harvey Douthright of Hopewell Hill and the child of Mr. and Mrs. Joseph Fenton of Curryville.

The death occurred early yesterday morning of Mrs. Cornelia Sharp, widow of the late Hiram Sharp. Mrs. Sharp had been ill for the last few months and death occurred at the home of her daughter, Mrs. Sterling McBride of 6 Germain street. She was sixty-eight years of age and much esteemed by many friends. She is survived by four daughters—Mrs. George Smith of Lower Millstream; Miss Agnes Sharp of St. John; Mrs. Sterling McBride of St. John and Mrs. John Gamblin of Pearsonville. She is also survived by a half-brother, Henry Martin of Canon City (Col.) and four half-sisters, Mrs. Thomas Scovil of Queensdown; Mrs. Albert Clarke of St. John; Mrs. Horace Folkins of Alberta and Miss Margaret Marvin of Hartford (Conn.). The funeral will take place on Friday morning, the body leaving St. John on the 7:10 train, connecting with the Central at Newton. The interment will be at Belleisle Creek.

Many persons who were in her classes and other friends will regret to hear of the death of Miss Catherine M. Hogan, for forty years a teacher in St. John schools, which occurred yesterday at the Mater Misericordiae Home, of which she had been an inmate for about four years. Miss Hogan was born in County Wexford, Ireland, seventy-eight years ago and came to St. John when she was a young girl. She taught school at St. Malachy's, St. Peter's and other institutions. She entered the Mater Misericordiae Home four years ago. Miss Hogan is survived by a number of nephews and nieces, all of whom reside in St. John.

The death of Mrs. Joseph B. Powers of Grand Falls took place at the Fisher Memorial Hospital in Woodville, last Friday after an illness of two weeks. She was thirty-one years of age and leaves besides her husband, five small children, her parents, five sisters and two brothers.

Dr. W. E. Newcombe, a native of New Brunswick, died of heart failure at his home in North Vancouver, March 9, leaving a wife and three children. He was a medical officer overseas.

The death of John Hurd, father of Adjutant Hurd of the Salvation Army and of Frank Hurd of Montreal, died yesterday afternoon at Montreal at the age of seventy-nine years.

The body of Hugh Whitman, son of Henry Whitman of Round Hill, N. S. and a grandson of Hon. George F. Whitman, member of the legislative assembly of Nova Scotia, was found at Bloody Creek on Tuesday. He lost his life in the flood that swept through the Annapolis Valley Saturday.

**IN THE WRONG SHOP.**

Bonar Law Turns Down Query About U. S. in British Commons.

London, March 18.—Colonel Malone asked the government, in the House of Commons yesterday, whether the supplying of arms and munitions to Poland by the United States government had received approval of the supreme council.

Andrew Bonar Law replied that any action which the United States may have seen fit to take in this matter could not suitably form the subject of a question and answer in the House.

**MASSACHUSETTS ON DAYLIGHT SAVING**

Boston, March 17.—The house of representatives yesterday passed a bill to revive daylight saving. It is expected to pass the senate also.

STORES OPEN 9 A.M., CLOSE 6 P.M. DAILY DURING WINTER MONTHS

Announcing Our Spring Opening of Clothes for Men

WE cordially invite the men of St. John and vicinity to view the new styles tomorrow and following days.

These models for men are first of all authentic. That means they are always in good taste, sensible. They are refined, never extreme, and yet have a distinguished way about them that makes the man who wears them look distinguished.

Hand-tailoring is put into every garment, assuring you of a style that is there to stay until the garment is worn out.

There is nothing better for fit, fabric and workmanship than the clothes we sell. "SOCIETY BRAND" and other well known, reliable makers have contributed their best efforts to this showing.

All our regular customers will be glad to know that we are ready for spring. To those of you who are prospective customers, we call attention to this fact and assure you that our business policy requires that every purchaser must be satisfied.

**SAY HE CONFESSED KILLING OF WIFE**  
Strangled Her With Reins of Son's Hobby Horse

Man Taken to Hospital After Attempt at Suicide—Detectives Report Statement Alleged Made in Delirium.

New Britain, Conn., March 18.—A man taken to Bellevue Hospital yesterday after having attempted suicide in the Park Avenue Hotel is said by the police to have confessed that he is Geo. Evans and that he strangled his wife at their lodgings in New Britain, Conn. He registered at the hotel as Geo. E. Van. Yesterday he was found in bed with his throat cut with a piece of bottle glass. He had also taken poison.

In delirium, two detectives say they heard him admit that he had choked his wife Anna to death with the reins from their child's hobby horse. While on the operating table, the detectives say, the man made a confession, declaring that for the last week he had quarreled with his wife, whom he married when she was fourteen, that on Wednesday morning he had taken her to task for alleged misconduct, and that she had replied with a remark that so enraged him that he strangled her.

"I don't care what happens. I am willing to go to the chair," he is quoted as saying. Physicians say he will recover.

New Britain, Conn., March 17.—The body of Mrs. George Evans, aged twenty, was found by her sister, Mrs. Albert W. Powell, in a trunk in her rooms today. She had been strangled with the reins from a toy horse, belonging to her four year old son. The police are searching for Evans, who has not been seen since yesterday. Mrs. Powell says her sister married Evans at the age of fourteen.

Mary Dolan, daughter of Mr. and Mrs. Philip L. Dolan of Worcester, ten months old, has ten teeth.

**BIG CUT IN THE NAVY ESTIMATES**  
Personnel Lowered From 280,000 to 136,000—Capital Ship the Building Unit—The Dominions' Position.

(Canadian Press.)  
London, March 18.—The navy estimates were in the House of Commons yesterday. They are down nearly one-half the amount voted last year, being a net sum of £84,000,000 sterling as compared to one hundred fifty-seven and a half millions. Provision is made for 136,000 personnel against 280,000. The first item of the admiralty was given full credit in the discussion for his important reductions.

Interesting facts in his explanatory statement are that the capital ship in the opinion of the naval staff remains the unit on which sea power is built and that it is proposed to create a naval air wing. The first lord said that Admiral Jellicoe's report on the dominions' navies would require very critical consideration. The dominions had accepted great responsibilities and made heroic sacrifices and were bearing great burdens. They must not be hurried in these naval developments.

The house finished the discussion on the supplementary estimates which included £2,000,000 sterling for the prince's new tour.

The House of Lords had a general discussion on commercial and industrial policy on the first reading of a bill to give effect to the recommendations of the recent commission.

Engagement Announced.  
Mrs. Fred Ebbett, The Baroness, announces the engagement of her daughter, Susie Daphne, to Roy E. Lawrence Westlock, Alberta. The marriage will take place at an early date.

**COLLAR SOILED, TRIAL POSTPONED**  
Judge Allowed Prisoner Indicted for Murder to Procure Clean Linen Before Continuing Trial.

Montreal, March 18.—Because he could not appear before a jury with a clean collar, Dr. Zeno Malo, indicted on charge of murdering a young woman, asked and obtained through counsel a postponement of his case until the necessary linen was produced for his benefit.

The matter was brought to the attention of Mr. Justice Desy by D. A. Lafortune, crown prosecutor, who had been asked to do it by R. L. Calder, counsel for the prisoner.

His lordship, after hearing the novel plea, said that it was not a matter for justice, but concerned the administration of the prison. "I have many functions to perform, but clothing prisoners is not one of them," said his lordship.

The reasons for the unusual request were furnished by counsel, who informed the court that a friend of the accused had visited the jail with some laundry which the jail authorities refused to accept as it was against prison discipline. Sheriff Lenieux was sent for and promised to deliver to the accused at Bordeaux jail a clean collar for his appearance today.

**VETERANS CALL FOR INSURANCE FOR DISABLED**  
Peterboro, Ont., March 18.—At last evening's session of the G. W. V. A. convention here the meeting adopted a resolution to memorialize the government to introduce a measure to provide federal life insurance for members of the service, both male and female, whose disability, incurred in war service, prevented them from obtaining the regular form of insurance, such insurance to be provided at the lowest possible cost.

Several resolutions on pensions as well as for an increased pension scale were referred back to the resolution committee. The meeting adopted resolution to be submitted to the dominion government asking on behalf of the Indian members of the C. E. F. similar re-establishment conditions to those provided for all other soldiers.

## MC 235

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MARCH 18, 1920

### DR. VINCENT AND PUBLIC HEALTH

Head of Rockefeller Foundation Heard in Excellent Address by Large Audience—Advocates Support of United Movement to Fight Disease.

The importance of establishing a modern and progressive public health programme was impressed on a large audience last evening in the Imperial Theatre by George E. Vincent, Ph. D., L.L.B., chairman of the Rockefeller Foundation. The address was given under the auspices of the local Canadian Club. His Honor Lieutenant-Governor Pugsley presided, and also on the platform were Mrs. W. E. Foster, Mrs. W. H. Shaw, Mrs. L. F. D. Tilley, president of the Women's Canadian Club, Chancellor Jones of the U. S. B., Dr. Borden of Mt. Allison, A. M. Belding and others. Sir Douglas Hazen, chairman of the Canadian Club, moved a vote of thanks and it was seconded by Dr. W. W. White, representing the medical profession. The Imperial orchestra furnished several selections.

Lieutenant-Governor Pugsley in introducing Dr. Vincent spoke of him as representing the greatest public health institution in the world, and said that it was a splendid thing to accumulate wealth to put it to such a noble use in safeguarding the human race. He said the Foundation had given to Canada \$5,000,000 for research work and public health. His Honor referred to the debt which the people of St. John owed to the Women's Canadian Club and its energetic president Mrs. Tilley, for introducing to it the distinguished speaker. Dr. Vincent in the opening part of his address aroused a hearty laugh when he stated that his subject was a league of nations, not the League of Nations, which was unique in that no reservations had been suggested, no question raised

### Never start to smoke without a packet in your pocket

LIFE SAVERS chase that tobacco-taste and leave your breath sweet as a May morn. In so doing, they increase the pleasure of smoking, not alone for you but for those about you.

Our grandfathers carried cloves around in a little snuff-box. Today, we have the convenient CL-O-VE Life Savers, nicely wrapped in tin-foil and with the added pleasure of sugar.

CL-O-VE is just one of the Life Savers Quality Quartet. They are all good, wholesome candies as well as breath-purifiers. Remember—never start to smoke without a packet in your pocket.

THE CANADA STARCH CO. LIMITED MONTREAL

as to voting, and that America was part of the league and American money was being expended. It was a league of South American States to combat yellow fever.

Then in a very amusing manner he described how, forty years ago, a doctor had suggested that a mosquito was responsible for the carrying of yellow

fever, how he had been ridiculed, and how tests had been made to see if clothing carried the infection and had proved that it did not. He described the heridom of those who voluntarily exposed themselves to infection by mosquitoes and died in proving that the infection could be carried by mosquitoes. He related how General Gorgas had

become interested in the extermination of yellow fever and had become the head of a commission under the Rockefeller Foundation, which had made a survey of the districts infected by the disease and had discovered Guayaquil, in Ecuador, to be the most virulent centre. Following this discovery the Foundation sent a Japanese scientist to continue investigations in Guayaquil and he had by diligent search discovered the supposed microbe and made a serum which had proved efficacious. Next a practical man, Dr. Connor, was sent by the Foundation and working from the information already amassed had succeeded with the help of the public authorities in discovering a means of exterminating the mosquito by doing away with all open water where the larvae could be deposited, accomplishing this finally with the aid of fish that ate the larvae. Dr. Connor had succeeded in bringing the cases of yellow fever down from eighty-six in one month to zero, and General Gorgas, seeing as a not impossible vision the total elimination of yellow fever, had planned to fight it in other countries which have received infection.

Dr. Vincent said that this romantic story to him a symbol, not a work of the Foundation and was significant in showing that there was no such thing as the death because of disease and gloom, which brought disease, must affect the whole community. He looked forward, he said, to the time when doctors would be occupied in keeping people well and not in rescuing them from the effects of carelessness, when disease would be prevented not cured. He deplored the general lack of interest and ignorance of public health and said that those he had asked in St. John were not able to give him any information as to the death rate statistics for the city, a matter that should be of real interest and general knowledge.

As public health, he said, was a matter belonging to the whole community and the public was not doing its duty unless it was aiding public health, Dr. Vincent went on to outline a programme for public health in the city. The programme must first control environment through thorough inspection of water and milk, through an efficient system of reporting and quarantine of dangerous disease, and next through inspection, such as the inspection of schools in North Carolina, where expert surgeons are employed and surgical hospital treatment given at the schools. He mentioned also Jacksonville, where every child, rich or poor, is inspected by a municipal health representative, an official welcome, as it were. This inspection was enforced and rigid because no person could be held to himself alone, but since individual health affected general health it was concern for the public. The last aspect of inspection work for the discovery of defects which he spoke of was the work of the visiting nurse.

The next essential to a public health programme he referred to was housing. No matter what the expense Dr. Vincent declared good housing was demanded for public health. Food, exercise and mental attitude were also factors of importance to be dealt with. For remedying the mental attitude which bred disease, public health must include a scheme of community recreation and the providing of playgrounds. Co-operation needed.

Public health was not to be dealt with by separate organizations, it could only be effectively dealt with through the co-operative planning of all the citizens. In making this statement Dr. Vincent said that he understood it was proposed to launch an anti-tuberculosis campaign in St. John. Such a campaign supported by the whole community was essential to care for the sufferers from the disease but the very fact that sanatoria were necessary was in itself a condemnation of the community since tuberculosis was a preventable disease and it had not been prevented.

Speaking of the value of the health centre and the visiting nurse Dr. Vincent said that a health centre was the central dynamo for the new public health work. It would be the means of educating the public and convincing it of the importance of public health measures. The process of interesting the citizens must be slow and painful but it could be made sure and steady. Touching on the part which literature could play in a public health campaign Dr. Vincent told of the beguiling pamphlets that had been devised in the French to aid the Rockefeller foundation in its anti-tuberculosis campaign in France. There, not only had beautifully illustrated and interesting literature been used to create public sympathy, but games and entertainments for the children had been found most useful in spreading information and creating interest.

That war had shown the number of physically defective to be alarmingly great Dr. Vincent said had been the means of bringing a firmer resolve to the people that a strong and efficient programme of public health should be developed with the new community spirit, the betterment of conditions for all and not for the few that all might have the opportunity to lead useful and happy lives. Science which had devised such skill to the destruction of human life was now seeking to advance healing and working to save and not to destroy. It was to work for the good of the nation and the betterment of mankind. Heartly applause and frequent laughter had punctuated Dr. Vincent's address, marking appreciation of his points driven home with keen wit.

At its conclusion Sir Douglas Hazen spoke of the genuine delight and pleasure which the audience had afforded the speaker and said that the marvellous results of the intelligent exercise of preventive medicine in fighting yellow fever must inspire every citizen with the sense of duty to do all in his power by modern methods to aid in the stamping out of disease. Sir Douglas moved that a vote of thanks be given Dr. Vincent. Dr. W. W. White as a member of the medical profession seconded the motion, expressing appreciation of the munificence of the Rockefeller foundation in broadening and deepening the foundation of medical research. He also spoke of the satisfaction felt at the contemplated extension of the fund in work in Canada. Hon. Mr. Pugsley tendered the thanks of the meeting to Dr. Vincent and a standing vote was offered.

CREW ALL SAVED. Early this morning the following cheering dispatch was received from St. John's (Nfld.): "The crew of the British steamer 'Tewksbury,' which was wrecked last night in St. Mary's Bay, has landed safely at Peters River, according to messages received here. The crew, which consisted of forty-one men and two women, left the ship in two lifeboats. The ship was broken up by the heavy seas. Among the crew saved was Frank Christie, brother of Mrs. M. Donovan, of 249 Waterloo street, a wireless operator on board the ship."

IT'S the children who tax the capacity of the CROWN BRAND Syrup than their parents. They eat more of it. Child digestion, child strength, child growth—so easy to explain the constant call for CROWN BRAND Syrup—and it's so reasonably priced. The CROWN BRAND clamour grows louder every day!

### A Comfortable Home

A SOUND, lasting roof, weather-tight and fire-resisting, is what the owner wanted when he built this house in Fredericton, N.B. Investigation of various roofing materials convinced him that for durability, freedom from repairs and positive roofing protection no other roofing equalled

### NEPONSET TWIN SHINGLES

Asphalt Saturation—Slate Surfaced—Fire Safe.

The size and shape of Neponset Twin Shingles permits of them being laid four inches to the weather, making a roof that is three thicknesses. These are the only twin shingles manufactured—two shingles in one. They are quickly and easily laid, require one-third less nails, are laid close together and have the appearance of a slate roof.

Neponset Twin Shingles do not split, curl or dry out, and once laid, form a roof that endures many years. Their attractive color—red or green—gives the roof an artistic appearance that harmonizes with the surroundings. The ideal roofing for Residences, Bungalows, Churches, Schools and Public Buildings.

There is a Neponset dealer in your district. Write us for his name and a copy of our illustrated booklet "Roofing Canada."

Made in Canada by BIRD & SON LIMITED Hamilton, Ont.

"Canadian money, Canadian made, should be spent in Canada for Canadian trade."

A CHAIN OF GROCERIES IN THE DOMINION  
23 Loblaw Stores Purchased by Dominion Stores Limited  
Expansion Planned - Will Operate System Extending From Coast to Coast - 400 in Ontario and Quebec Alone.

Further evidence of the tendency toward broad scale of operations in business is contained in the announcement of the purchase of the chain of grocery stores of the Loblaw Stores, Ltd., Toronto, by the Dominion Stores Limited, which was consummated on Feb. 22 last, when the Dominion company took possession of the twenty-three stores of the Loblaw concern, all operating in Toronto. Complete payment was made in cash, but the amount has not been disclosed. It is the intention of the purchasing company to expand their business and open up grocery stores in the various important centres in Ontario and Quebec, and ultimately, although no definite plans have as yet been completely laid out, to extend the chain from coast to coast. Tentative plans have arranged for a minimum objective of 400 stores in Ontario and Quebec alone.

The Dominion Stores, Limited, is at present operating thirty-five stores in all, only being situated outside the city of Toronto. The firm has had an interest in the Loblaw company since last August when an agreement was entered for the taking over of the company's properties.

Wm. J. Pentland, vice-president and general manager of the purchasing firm, assumed the management of the Loblaw stores in October and opened up a number of new branches. At the time the agreement was made the Loblaw company had nineteen stores in operation but under the management of Mr. Pentland this number was increased to twenty-three.

The Dominion company is incorporated with capital beyond \$350,000. It is understood that arrangements are being completed for the financing of the operations contemplated. Tenders will shortly be called on an issue of \$1,000,000 of preferred stock and the issue will be on the market about April 1.

The directors have already taken up the first issue of preferred, class B stock, which was used to finance the purchase of the Loblaw company assets. The new preferred will bear interest at eight per cent. There are also 20,000 shares of common stock which they desire. It is understood that the new issue of preferred will have first claim on the earnings of the company.

Manager Pentland, who is supervising the undertaking, has been operating in similar work in the United States. He was formerly general superintendent of the Great Atlantic & Pacific Company, operating 4,000 stores. He was with the firm for a period of ten years, and at the time he became a member of the company owned only 255 stores. He worked his way from the bottom to the important post which he finally held and in the course of his experience received a keen insight into the manner of development of a system of chain stores. He came to Canada in April, 1919, to act as manager for the Dominion Stores, Ltd. He is a British subject, his birthplace being Belfast, Ireland.

THE ARRIVAL OF KITTY SCORES A DECIDED HIT  
Clever Production by Amateurs in St. Vincent's Auditorium—Fairville Also Sees a Fine Show - Both On Again Tonight.

If laughter contributes to the cause of obesity, then those already burdened with a superfluity of adiposus had better remain away from, while those desiring to grow fat, should certainly see "The Arrival of Kitty." It is a bright, wholesome comedy, and was clearly and cleverly presented under the auspices of the Y. M. C. of the Inmaculate Conception before a capacity house in St. Vincent's auditorium, Cliff street, last evening. Hearty laughter prevailed throughout the evening. The success attending the piece is especially remarkable, considering that those taking part had but two weeks' rehearsal, probably a record in amateur theatricals in St. John with a new play. The general success of the production, much credit reflects upon Miss Stella F. M. Payne and C. McElridy, who directed the show. The play will be repeated this evening. The proceeds are for the benefit of the orphanage.

While for years past it has been the policy of amateurs to essay the stage through the depths of melodrama, that desire now seems happily abandoned and light refreshing comedies are being produced in many ways. "The Arrival of Kitty" was a most successful example of the latter. But all difficulties were swept aside by the presence of the "Arrival of Kitty" last evening, and when the curtain rang down upon the finale, a large audience left every standpoint.

Miss Elizabeth McElridy was Miss Kitty, a dainty, attractive little mix of an actress who caused much of the entertainment in the unfolding of the comedy, and she became a distinct favorite, handling her part most satisfactorily. The role of Walter, a gay old deceiver, was taken with his usual cleverness by E. J. Hennessy, and his part was for much of the laughter produced. He developed the character most capably. On his first appearance in local theatre, J. Harold Drammic became very popular in the role of Bob Baxter, a youthful and temporary proprietor of a medical office.

Specialties of a high standard of merit were given, and the production was very welcome and pleasing in its entirety. The play was directed by Benjamin Moore, an English adventurer, who was assisted by the presentation of "Rose O' My Heart," a four act Irish drama, written by Walter Bea Hays. The play was a pleasing blending of romance and comedy and the clever interpretations of the members of the cast were the hearty commendation of all present.

While the acting of all was consistent, the work of Miss Stella Malloy, Miss Alma O'Toole, and J. J. O'Toole was deserving of special mention. Miss Malloy in the leading feminine role gave a most pleasing portrayal and added to her laurels already won on the amateur stage. She has a very pretty stage appearance and her acting was natural and pleasing.

Miss Alma O'Toole is a clever character actress and although still in her teens, is making quite a name for herself on the amateur stage. She has a good voice and her interpretation would do credit to a professional. He was responsible for much of the merriment and made a decided hit.

R. L. Rogers, who the juvenile led acted his part in a manner which won much favorable comment. W. J. Quigg also gave a clever portrayal of a difficult part.

Mothers! Never Neglect Whooping Cough  
Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease. Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble. It will clear the clogged-up air passage of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief.

Mrs. Francis Burlingham, New Gate, B. C. writes:—"This spring here of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I bought some right away, and, believe me, I will never forget how it worked. It will always have it in the house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; the white tube the trade mark; price 25c. and 50c. Sold by all druggists. The I. Milburn Co., Limited, Toronto, Ont.

SAY DOMINION SHOULD HAVE BEEN MADE BONE DRY  
Hamilton, Ont., March 18.—At the annual convention of the Dominion Council of the Royal Templars of Temperance here yesterday a committee on prohibition reported that on account of the ruinous policy of not making a country "bone dry," Canada was at a terrible disadvantage in its competition with the great "bone dry" republic to the south, and that even in the matter of immigration from Europe the most desirable immigrants went to the United States, the European countries being left for Canada. The committee report contended that prohibition was necessary during the reconstruction period in this country.

TROPIC RAIN  
As the single pang of the blow, when the metal is mingled well, Rings and lives and resounds in all the bounds of the bell; So the thunder above spoke with a single tongue. So to the heart of the mountain the sound of it rumbled and clung. Sudden the thunder was drowned, quenched was the levin light. And the angel-spirit of rain laughed out loud in the night. Loud as the maddened river raves in the cloven glen, Angels of rain you laughed and leaped on the roofs of men; And the sleepers sprang in your beds and joyed and feared as you fell. You struck, and my cabin quailed; the roof of it roared like a bell. You spoke, and at once the mountain shouted and shook with brooks. You ceased, and the day returned, rosy, with virgin looks. And methought... security and terror are only one, not two. And the world has room for love, and death, and thunder and dew. And all the sinews of hell slumbered in summer air. And the face of God is a rock, but the face of the rock is fair. Beneficent streams of tears flow at the finger of rain; And out of the cloud that smites, beneficent rivers of rain - Robert Louis Stevenson.

Deputy Sheriff John Burke of San Mateo county, California, hunting for a young man charged with murder, learned for the first time two months ago that the fugitive was his own son. He went to the district-attorney and told him he would do everything possible to get the boy, and finding means of getting letters to the fugitive wrote him, urging him to give himself up. The young man has surrendered himself in Los Angeles.

"I don't see why you stick to Dr. Torpor's church," chattered Mrs. Phillip. "He's such a poky old preacher." "He's just that," agreed her friend, Mrs. Fortysome, "but then, you know, the light from that rose window shines right over my nose and makes me look no more than twenty years old."

BIG MANUFACTURER HITS MURRAY SCHEME  
Robert McLaughlin Says It Is Not Based on a Knowledge of Advertising.

Speaking to the Financial Post in relation to the plan of certain members of the Canadian Manufacturers' Association to boycott anti-protectionist papers in the allotting of advertising contracts, Robert McLaughlin, of Oshawa, Ont., founder and head of the McLaughlin vehicle industries, expressed himself as utterly opposed to such an extreme measure.

"Such a senseless movement is bound to fail, because it is extreme and impractical. It is not based on a knowledge of advertising and its relation to a manufacturing organization. In the first place, anyone who attempts such a boycott will find that the really influential newspapers are strong enough to withstand such hollowness," said Mr. McLaughlin.

Another hollowness manufacturer who discussed the scheme started that he would not give it any support. He would advertise in the newspapers that would sell his product for him. He knew that if he attempted to dictate editorial policies, his whole advertising staff would pack their grips and walk out.

Chain of Grocery Stores  
The company proposes to build up a great chain of grocery stores throughout the Dominion. Until the organization has been perfected and carefully trained, efforts will be chiefly directed to the two provinces of Ontario and Quebec. Already a store has been opened in Oshawa, the first outside of Toronto, and, according to present plans, a later two a week. As staffs are trained, it is expected that the work will proceed much more rapidly. The various stores will handle standard lines of groceries. It is not contemplated that the company will adopt any private trade mark and will proceed generally along the lines adopted by the ordinary grocer, with the exception that the stores will possibly be operated under a more definite system.

Twice-A-Month  
Western Canada-Centre of Drug Smuggling  
IS Western Canada the centre of the illicit drug traffic of the continent? Does the underground system, by which the body and soul-destroying narcotics are distributed to the addicts of America begin on Canadian soil?

Official U. S. investigators say so, and in discussing the drug traffic in the March 15th issue of MACLEAN'S, Mrs. Murphy (Janey Canuck) acknowledges that there may be some truth in the statement.

In this article, the second in a series that she is writing after thorough investigation, Mrs. Murphy traces the ramifications of the underground system—how the drugs are smuggled in and the degrading methods by which it is done.

Mrs. Murphy's articles are beginning to stir things up in Canada on the drug question. Ottawa is showing an interest, the police of many cities are displaying unusual zeal, the newspapers are awakening to the menace. Mrs. Murphy will continue her series until she has laid bare the whole truth about this danger that is gripping Canada.

Eight Months Adrift in the Arctic  
By STORKER STORKERSEN  
The remarkable story of how a small party of Canadian explorers, headed by the author, spent eight months adrift on ice floes in the Arctic Ocean and came back safe and sound and with a wealth of scientific data. This story has been written for and appears exclusively in MACLEAN'S.

### LOCAL NEWS

**THE CIVIC ELECTIONS.**  
Hugh H. McEllen informed the Times today that he had decided to accept nomination as a candidate for a commission in the civic elections. Other candidates will be Commissioner Fisher and Commissioner Thornton, Charles T. Nevins and R. J. Logan, with still more possibilities.

**ANDREW BLAKNEY.**  
Friends of Andrew Blakney, son of John Blakney of Enniskillen, will regret to hear of his death which took place this morning at Welsford. Besides his father he leaves four sisters, Gertrude, Rosalie, Alice and Marie, at home. A large circle of friends extend sympathy to the bereaved ones. The funeral will take place tomorrow morning from his father's residence, Enniskillen.

**A NEW BUSINESS.**  
A new building has just been completed in Thorne avenue, which means a new industry for St. John, the manufacture of springs of various kinds, for automobiles. It is being established by a St. John man, Joseph E. Arrowsmith. He has erected the building sixty feet by twenty-five and is equipping it with modern machinery and plans to commence operations in the manufacture of springs their repair and the repair of automobile accessories about the first week in April. Many friends will wish Mr. Arrowsmith success.

**REID-FIELD.**  
Last evening, at the residence of the officiating clergyman, Rev. S. S. Poole, Miss Aletta Myrtle Field, daughter of Mrs. W. M. Field and the late Rev. W. M. Field, of 224 Duke street, was united in marriage to Frederick Reid, son of George Reid of West St. John. The bride was becomingly attired in a suit of navy blue with a taupe hat and ermine tie, and carried a corsage bouquet of red roses. The wedding ceremony was witnessed by the Rev. S. S. Poole, the Rev. W. M. Field, and a number of friends. The bride is a graduate of the General Public Hospital in nursing. The groom is a graduate of the C. P. R. in West St. John. Many beautiful and valuable presents were received by the bride and groom. Mr. and Mrs. Reid will reside in St. John. The good wishes of a large circle of friends for future happiness are extended to them.

### DR. VINCENT'S GUEST OF CITY MEDICAL MEN

Hon. Dr. Roberts Has Conference With Rockefeller Foundation Head.

A very enjoyable luncheon in honor of G. E. Vincent, Ph. D., LL. B., chairman of the Rockefeller Foundation, was given at noon today in the Union Club by the members of the Medical Society. Covers were laid for forty-five. Dr. A. Edward Logie, president of the society, occupied the chair. Addresses were given by the guest of honor, Hon. W. F. Roberts, minister of public health, Dr. W. W. White, Dr. Murray MacLennan and others. The speeches dealt with matters of interest to the medical profession and to public health generally. Dr. Roberts was with Dr. Vincent most of this morning discussing questions pertaining to public health in which both are greatly interested. The minister of health put the interests of the New Brunswick before Dr. Vincent in connection with the distribution of funds from the foundation to the curator of the foundation did not commit himself as to whether a share might be expected by this province for hospital and health development. The fund is more particularly for medical colleges to aid in education.

### NO TRACE OF THE WEALTH SUPPOSED TO BE T. L. REED'S

Some of his friends have been rather mystified concerning the value of the estate of Thomas L. Reed, for many years a post office employee in St. John. He died here a short while ago, and just before his death had some friends who had made a will through one of the local trust companies. A safety deposit box in one of the local banks in which he was supposed to have papers of value was opened by the other day in the presence of his administrator, J. King Kelley, K.C., Judge H. O. McInerney, of the probate court, W. H. Ross and his brother, Charles Reed of New York. It was found to contain only a mortgage held by the late Mr. Reed for about \$450 and a \$5 gold coin. At the trust company's office it was said there was no will and they had no record of its having been drawn. Whether or not he was possessed of the extent of property generally credited to him is now the question. He was credited with having considerable money invested in bonds and other securities, and was owner of a property from which he derived an income besides his salary of \$1,000 at the post office.

### POLICE COURT

In the police court this morning, Fred Mahoney and William Wilson were charged with acting suspiciously in an alley off Charlotte street last night, and not being able to give a satisfactory account of themselves. The arrest was made by Detective Biddlecombe and Policeman Young, who gave evidence to the effect that they had been watching these men and on account of their actions arrested them. The magistrate committed the officers for the diligence shown in the execution of their duty. The accused were remanded until a further investigation can be made. Two men charged with drunkenness were remanded.

### INCREASE THIS WEEK IS LARGE

Bank clearings here this week totalled \$8,545,471; corresponding week last year, \$2,216,845; in 1918, \$2,157,386. Ottawa—The clearings this week were \$8,028,789; Montreal, \$125,018,009.

### IS TEACHER OF UKRANIANS

Mrs. L. M. Wilson Left Here Last Evening for West

Formerly of Woodstock, She Is Devoting Herself to Education of These New-Comers in the Edmonton District.

Mrs. L. M. Wilson, formerly of Woodstock, who has been visiting Mrs. W. C. Good, Carmarthen street, left last evening for the Canadian west, where she will resume her duties as government teacher among the Ukrainians, who have established several colonies there. Mrs. Wilson has spent several years there teaching among those people and although many hardships have to be put up with, she says the work is extremely interesting and also is necessary to teach the foreign cousins the customs of this great country so that they will become naturalized.

She said for the most part they are well-to-do and prosperous; they are great workers and are honest. In order to teach the children, the government has established schools in various districts, each district comprising an area of four miles and for the most part the teacher is the only Canadian in the district. It is in one of these that Mrs. Wilson is doing her work.

There are no churches in the district and where Mrs. Wilson is stationed the nearest church is four miles away, so that during the cold weather it is hardly possible to live a life other than that of a hermit. This district is on the line of the C. N. R. east of Edmonton and in the heart of the farming country; this occupation being the one followed by the Ukrainians. The educational institution is very small and consists of a school house and a small house occupied by the teacher. The teachers have to do all their own house work. The customs of the people she says, are much different than ours and it is only with much difficulty that their ideas can be changed. The women do all the hard work about the farms and go in their bare feet during the greater part of the year except in the coldest weather and then they shut themselves in from the outside world. She says they have no idea of the laws of sanitation and their ideas of humanity are also very different. Children and relatives are not regarded of so much value as the stock on the farms. The death of a child is looked upon as in the natural course of events and the funeral takes more the form of a picnic than that of a funeral. Doctors in that section are very seldom seen as the Ukrainians have no faith in medical care. One of the greatest difficulties to contend with is found in the native religious workers, who go around among the natives selling their just use more they learn of the Canadian customs the less happy they will be and for this reason the teachers are not received as well as they might be, yet as a general rule the people are hospitable.

The children of course cannot speak English, so the teachers and in a good many cases the little ones have to be taught by illustrations rather than words. One boy, aged ten years in writing a composition on "alcohol," wrote "it is a liquid that looks like water but it ain't; you run it on your head for a headache it will cure it but if you take it inside it will give you a headache." Mrs. Wilson says that the greatest need in that section of the country is more workers and she appeals to the public to interest themselves so that more teachers may go out there. The children, she says, are very anxious to learn.

**A. O. H. HONORS PATRON SAINT**  
Enjoyable Evening Spent in Their Rooms—Members of Ladies' Auxiliary Also Present.

A very enjoyable couple of hours was spent last evening when the members of the Ancient Order of Hibernians and the Ladies' Auxiliary gathered in the society's rooms in Union street to celebrate the feast of their patron saint, John C. Ferguson, the president of the order, made the opening address, dealing for a time with the life of St. Patrick and then speaking on the founding of the Hibernian order and its life down to the present day. Mr. Ferguson's address was listened to with the greatest interest and keenly enjoyed by all. The rest of the evening was spent in song and recitation and remarks made by those present. At the close, refreshments were served by an efficient committee.

Those taking part in the programme were F. L. Barrett, Michael Morrissey, Frank O'Keefe, Mrs. J. McFadden and John Duley in solos, and Mrs. William Gillen, John T. Sheehan and Michael Garry in recitations. Short speeches were made by Jas. H. McHugh, John Stanton, F. L. Barrett and J. G. McDermott who were called on for remarks. The county presidents of the two societies, Mrs. William Gillen and James P. McAndrew, made short speeches, dealing with the workings of the organization and promising activity in all their endeavours in the future. Miss Josephine Mullin and John Kelly acted as accompanists during the evening. Miss Winifred McNeil, the president of the Ladies' Auxiliary, and Jas. Hanlon, the president of Division No. 1, A. O. H., Fairville, occupied seats on the platform with the chairman, Mr. Ferguson.

Among the visitors present was Capt. P. J. McDonald of the steamer New Mexico. The captain, who is a native of Dublin, expressed much pleasure at being present and said that he greatly admired St. John and had great faith in its future.

SCOVIL BROS., LIMITED 55-57-59 KING STREET

### Would A 40% Saving Interest You At This Particular Time?

A large Upper Canadian furniture factory of worth recently changed ownership and the new owners found a comparatively large stock of incomplete bedroom suites on hand. Some designs with the bed missing, others a dressing table, etc., and rather than complete them at present costs decided to dispose of the stock at prices which operated months ago—not the present high.

Our buyer was quick to take advantage of this situation and effected an immediate purchase—hence we pass on our good fortune to you. The woods are mahogany, walnut and quartered oak, and designs most acceptable.

But the price will be the chief consideration. For instance, you can get a dresser at \$72, \$76.50, \$79.20 and \$81.00—and chiffoniers and dressing tables at proportionate prices.

These are all high grade in every way and if made today would easily demand at least 40 per cent. more than we are asking.

MANUFACTURERS MEETING TODAY

Workmen's Compensation Act and Eight Hour Day Discussed.

Fredericton, N. B., March 18.—Manufacturers representing practically all the industries of New Brunswick are meeting here today discussing the Workmen's Compensation act and the proposal for a compulsory eight-hour day.

MONCTON-ST. JOHN BASKETBALL GAME

Here is one of those funny things for some deposer to work on. U. N. B. basketball team play and defeat St. John on U. N. B. floor to the pretty tune of 17 to 17; then U. N. B. takes a trip to Halifax and plays Dalhousie and wins them. They also play Halifax and put the coor on them. On Monday home they look along a piece of Moncton bacon by a big score. Then Moncton plays St. John at St. John and ends the game in a tie. Now the road is turned and St. John takes U. N. B. into camp by one point.

Flax Growers' Proposal

London, Ont., March 18.—At the meeting of the flax growers of western Ontario, a motion was carried providing that all Canadian flax be graded as No. 1, with a percentage test of 80, and No. 2 with a test of 85 to 90 per cent. This motion will be presented to the present session of the committee during the present session for approval.

Halifax Bank Clearings

Halifax, N. S., March 18.—Bank clearings, \$4,222,455.44.

Notice of Births, Marriages and Deaths, 50 cents

BIRTHS

PARIS.—To Mr. and Mrs. Alfred A. Paris, 78 Somerset street, on the 17th inst., a daughter.

DEATHS

BLAKELY.—On March 17, 1920, Andrew, only son of John Blakely of Ennisville, leaving his father and four sisters to mourn.

EDUCATE PEOPLE TO BUY CHEAPER CUTS

New York, March 18.—New York wholesale and retail meat dealers will join those of other states in the "save money on meat" campaign from March 22 to 27, so it was decided yesterday.

A REVOLUTION IN SALVADOR THREATENS

Washington, March 18.—Constitutional guarantees have been suspended throughout the republic of Salvador, because of a threatened revolution, according to official advices reaching here yesterday.

SAW LOTS OF GAME

Fredericton, N. B., March 18.—The annual guide returned on Saturday evening after a trip to the head waters of the Tobique. He found about three and a half feet of snow in that section.

CROSS PURPOSES

Fredericton, N. B., March 18.—The St. John St. Lawrence arrived at the conclusion that the farmers' movement is ill advised and will serve no good purpose.

FATALITY IN GOOD SHEPHERD NOVITIATE

Quebec, March 18.—Ovillie Montminy, 29, of the Novitiate of the Good Shepherd Convent here, was killed today when she fell down an elevator shaft at the institution.

End Debate In The Legislature This Afternoon

First Vote Will be on Stumpage Amendment—Labor Law Commission—Manufacturers' Delegation.

(Special to Times) Fredericton, N. B., March 18.—The debate on the reply to the address from the throne will be concluded this afternoon. Hon. Mr. Veniot will finish his speech which was interrupted by the hon. Mr. Carleton, who also addressed the house, and then it is expected the division will be taken. The first vote will be on the amendment moved by the leader of the opposition seeking to fix the stumpage on crown lands at \$7. This is the amendment which two of the opposition members have declared they will oppose. There will be no evening session.

N. B. FARMERS SAY TO LET THE TIME ALONE

Fredericton, N. B., March 18.—The N. B. Farmers' and Dairyman's Association passed a resolution unanimously this morning against daylight saving time, or any other than the present time, upon the grounds that confusion was caused thereby and production would be curtailed. This was the final session of the convention. H. H. Magee of Rothbury was elected president. The report of A. McLeod, superintendent of agricultural statistics showed a total of 154,800 farms in New Brunswick with 10,200 members.

MISS ANNIE HALEY OF MILLTOWN DEAD

Murray Sullivan Taken to Hospital—Shore Line Train Starts for St. John.

(Special to Times) St. Stephen, March 18.—In Milltown, N. B., this morning Miss Annie Haley died at her home Church street. She was about fifty years of age and was the eldest daughter of the late Mr. and Mrs. Daniel Haley of that town. Of a family of nine she was the only one, sister, Katie, survives. The funeral will take place on Saturday morning.

TORPEDO BOAT SENT TO GUARD GROWN PRINCE

Wieringen, Holland, March 18.—(By the Associated Press)—A Dutch torpedo boat, which arrived here on Monday, presumably to guard former Crown Prince Frederick William, left yesterday by order of the Dutch government.

LUMBERMEN MEET IN FREDERICTON TODAY

Fredericton, March 18.—The annual meeting of the New Brunswick Lumbermen's Association is taking place here today. W. B. Snowball of Chatham, the president, said this was merely a coincidence as the date had been fixed some time ago and had nothing whatever to do with the fact that the stumpage question was before the legislature at this time.

NAVIGATION BETWEEN QUEBEC AND THE GULF OPENED

Quebec, March 18.—Navigation is opened between the harbor of Quebec and the Gulf. The steamer Labrador, with passengers, mail and cargo, left port today for North Shore and Gulf north.

THE TELEPHONE MATTER. An informal sitting of the members of the public utilities commission was held yesterday when Mr. Miller, auditor examining into the accounts of the N. B. Telephone Co., Ltd., gave a verbal report. His complete report will not be ready for another while.

LOCAL NEWS

UNDER X-RAY. The condition of George Gillespie, who was injured yesterday by falling down the three-masted schooner, was reported from the General Public Hospital this afternoon to be about the same. The extent of his injuries is not known, but he was put under the X-ray this afternoon and a report will be made tomorrow.

LOCAL NEWS

COMING HOME. Captain William Reicker of 160 1/2 Victoria street, who was master of the three-masted schooner, Isiah J. Stetson, which was wrecked on last Sunday, is en route to his home, according to a message received by his wife. It will be recalled that Captain Reicker and one member of the crew were saved and Captain Reicker will be welcomed by a host of friends in this city after his narrow escape.

LOCAL NEWS

BURIED TODAY. The funeral of Mrs. Ellen McCourt took place this morning from the residence of her son, 118 Harrison street. St. Peter's church, where requiem high mass was celebrated by Rev. Edward Sully, S.S. Rite interment was made in Holy Cross cemetery.

LOCAL NEWS

HIRAM W. PARLEE DEAD. The death of Hiram W. Parlee, which took place at his home, 118 Harrison street, yesterday, caused regret among many friends. He had been ill for several weeks. His wife, Mrs. Parlee, is survived by one son, Gordon Kenneth, and one daughter, Mrs. Harry D. Miller. There are three sisters, Mrs. Cecilia Lawson, 405 Main street; Mrs. Ceilia Stewart, of Portland, Me.; and Mrs. Hiram Hives, of Upper Millstream, Kings county, N. B. The funeral service will be this evening at 8 o'clock in the St. John's church. Interment will be made on Saturday at Upper Millstream.

LOCAL NEWS

HOME TODAY. Friends of St. Albert Skidmore will be interested to know that he will be discharged from hospital in Toronto where he has been undergoing treatment for some time and will arrive in this city this evening. He will be warmly welcomed. Mr. Skidmore was a member of the original 20th battalion and served a share of the cost of the battle under the local improvement act now in Lansdowne Avenue.

LOCAL NEWS

MRS. MARY J. OLTS. The death of Mrs. Mary J. Olts, resident of Indiantown, Mrs. Mary J. Olts, occurred this morning at the home of her daughter, Mrs. W. Cameron, 101 Victoria street, after an illness which had lasted for some time. She was the widow of John L. Olts and was in her eighty-second year. Although well advanced in years, Mrs. Olts enjoyed clear possession of her faculties, and until recently was quite active. She was a member of Main street Baptist church and was active in the work of the church. Beside her daughter, Mrs. Olts, she is survived by two daughters, Jacob H. Colwell and Lemuel C. Colwell, both of this city, and one sister, Mrs. Rebecca Currie, of Cumberland Bay.

TWO DELEGATIONS HEARD BY COMMON COUNCIL TODAY. (Continued from page 1) He said he thought the price of the lots there was too high. He said that the city was the largest property owner in Lancaster and, taking the whole matter into consideration, he was sure that the granting of the land would be of advantage to the city.

It was decided to hear a delegation from the property owners in Lansdowne Avenue with regard to having the street widened. The delegation, which consisted of Messrs. H. Pugh, G. J. Logan, and J. A. Barry, appeared before the committee and stated that the widening of the street would be of great benefit to the city and would be of great advantage to the property owners. The committee will report on the matter to the council on Monday.

BEE-KEEPERS HOLD SESSION

Province's Honey Output More Than Doubled in 1919—Fredericton Weddings.

(Special to The Times) Fredericton, N. B., March 18.—The seventh annual meeting of the N. B. Beekeepers' Association took place on Wednesday night. Officers were elected as follows: President, G. H. Pugh, Nash Mills; 1st vice-president, L. Hoyt, Prince William; 2nd vice-president, T. H. Manser, Aroostook Junction; secretary-treasurer, L. T. Floyd, Fredericton; county directors—Albert, C. W. Steeves, Forest Hill; Carleton, H. G. Miller, Tracey Mills; Charlotte, A. T. Reed, Rolling Dam; Gloucester, Maynard Smith, West Bathurst; Kent, J. B. Vautour, St. Lewis; Kings, P. I. Wetmore, Chatham; Restigouche, Rev. J. H. McLean, Dalhousie; St. John, Barry Armstrong, 40 Summer street; St. John, Sunbury, A. B. Young, Oromocto; Victoria, A. L. Green, Plaster Rock; York, David Hines, Fredericton; Westmorland, Prof. W. G. Watson, Sackville. Mr. Floyd, provincial auditor and secretary of the association, reported that during 1919 the honey crop in New Brunswick had more than doubled and that there was every evidence that beekeeping was the most profitable sideline of farming. Dealing with marketing, he said that honey must be well graded to compete with honey from other sections. He urged that the best suitable packages must be used, and that to build up a market a difference must be maintained between retail and wholesale prices. Mr. Floyd announced that in the province the number of hives had greatly increased. In the North Shore counties little attention had been given to beekeeping but some people in that district had made a beginning. Efforts to establish beekeeping there would be continued. During the year the association had handled supplies to the amount of \$1,422. This had been with a saving to members of ten per cent. On motion the report was accepted, on condition that the association should get the N. B. railway into this section.

Miss Viola Merrithew, daughter of Douglas was married last night at the residence of Mr. and Mrs. Ernest W. Douglas. The groom is a returned soldier, having served in the 38th Highlanders. He is a son of Sergeant N. Jones of the Fredericton police force, and was on the police force himself for some time. He is taking a course with the D. S. C. R. at present. Mr. and Mrs. Douglas attended the young people. Rev. G. C. Warren was the officiating clergyman.

Lee Arnold Barton of The Range, Cooke's Unity, and Peas Village, were married on Wednesday night in the Brunswick street Baptist parsonage by Rev. G. C. Warren. They will make their home at The Range. The groom during the war served at Pettingill with the heavy artillery. The bride has been engaged in school teaching recently.

SENT OUT TO BEG BY THEIR FATHER. Montreal, March 18.—Before the juvenile court yesterday, two girls under sixteen, appeared on begging charges. They had mastered the art of professional beggars who paint themselves to look scared and infirm, and the charge complaint really was that she did not bring enough money home. The father's business was that of breeding fighting cocks, two dozen of which were found in his yard by the police.

SKATERS AWAY FOR RACES IN MONCTON. St. John will be well represented at the inter-city ice skating championships, which are to be held in Moncton this evening. The following local skaters left this afternoon to participate in the various events: Charles Gorman, Frank Garnett, Hilton Belyea, Edward Gibbons, Gordon Logan, E. Keane and Fred Logan. The championship meet will be the first held in Moncton in years and the event is creating considerable interest in the railway town.

THREATENS STRIKE IN TORONTO RESTAURANT. Toronto, March 18.—Richard Russell, business agent of the Waiters' and Cooks' Union, last night threatened that if a certain new restaurant in this city which has not been opened yet, brought chefs or waiters from the United States, every hotel and restaurant in Toronto would be tied up by the union. It was said that expert restaurateur help was being sought in New York by the restaurant in question.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MARCH 18, 1920

### FUTILITY OF WET EFFORTS ASSERTED

Benefits of Prohibition Too Clear to Permit of Nullification by Congress, in Opinion of Counsel for the Anti-Saloon League.

Washington, District of Columbia—The latest attack on national prohibition is to be found in bills memorializing congress to provide for 3 1/2 per cent beer. One of the states in which the liquor interests have been able to obtain action for such national legislation is Maryland. In regard to its attitude Wayne B. Wheeler, general counsel of the Anti-Saloon League, said yesterday that it was useless for the Maryland legislature to ask congress to change a law which it had but recently adopted by a vote of two to one, especially as every vote since that time had indicated that congress had not changed its mind in regard to the value of prohibition. He also pointed out that the decision of the supreme court had said in effect that congress was justified in adopting the one-half of one per cent standard, its decision holding that "it is deemed impossible effectively to enforce prohibition by law or other law regulating the manufacture and sale of intoxicating liquors if liability is made to depend on the issuable fact whether or not the particular liquor made or sold is intoxicating."

**Menace of Liquor in Politics.**  
"A 3 1/2 per cent beer means the retention of the old beer saloon, with its corrupt influence on the community and the policies of the state and nation," said Mr. Wheeler.

"The liquor interests, according to the sworn testimony introduced before the judiciary committee, have been for years the most perfectly organized and corruptly active force in American politics. If state legislatures and all state executive officers, after a federal law is adopted, should use their influence to sustain it, rather than to join an outlawed evil in trying to bring it back to life, it would greatly benefit the community."  
"It has been proven repeatedly that 3 1/2 per cent beer, which the proposed bill sanctions, is intoxicating. It is about the same as ordinary beer that you can drink enough of 4 or 5 per cent beer to produce intoxication. One-third more in quantity of 3 1/2 per cent beer will produce practically the same effect as a 5 per cent beer."

"The remarkable results of prohibition are a complete vindication of the national prohibition code," declared Mr. Wheeler. "Comparing the first six months under national prohibition with the last six months of open saloons, crime has decreased about 50 per cent. The chief of police in Cleveland said that murders have decreased one-half since prohibition went into effect. In many places branches of the criminal court are being abolished because they are not needed. Arrests for drunkenness have decreased nearly 60 per cent. Inebriate Ward Closed.

"The inebriate ward of the General Hospital in Philadelphia closed its doors July 1, 1919. The Daughters State Hospital in Massachusetts has decreased its cases for alcoholism over 60 per cent. Poverty is decreasing rapidly. In Detroit, Wisconsin, the chairman of the board in charge of the poor house announced recently: "Prohibition is robbing the poor house of its tenants." Accidents are decreasing. Mr. Stanley, president of the Cleveland Street Car Company, stated that shutting off of liquor had reduced the underlying cause of lights, labor and the business have been greatly benefited. The president of the Guardian and Trust Company, Cleveland, Ohio, says a record of all banks shows an increase in savings deposits which can be attributed to prohibition.

"In Bloomington, Illinois, the home of brewers and distillers, there are twice as many men under employment as were formerly in the employment of the distillers and brewers. Tramps are going to work and becoming instruments of production because there are no longer free lunches and the saloon stove, says an official of the New York Central Railway Company.

"With decreased crime, misery and poverty, and increased wealth and productive power, the nation will not suffer long from the loss of revenue," Mr. Wheeler concluded.

#### O. R. GOULD'S ELECTION.

While fixing up their policy for provincial matters the Farmers' party has made public the financial particulars of the by-election in Assiniboia last fall, when O. R. Gould, farmer candidate, who was in St. John this week, was elected. There was collected for this one by-election \$6,077. The organization expenses amounted to \$2,292, and the campaign expenses to \$3,600, leaving a balance in the bank of \$108.

### THE MONKEY GLANDS MAN

Robert G. Laws, who has recently arrived in New York from London, England. Mr. Laws is seventy-two years of age, but his youthful appearance is due to Professor Yermoff's discovery of grafting monkey glands into the system.

### KANSAS CLEAN-UP IS NOW UNDER WAY.

Topeka, Kansas, March 17.—The annual Kansas clean-up is now under way. It is said to be the largest and most thorough cleaning undertaken anywhere in this country. Every spring, urged by the Kansas club women and the state fire marshal, Kansas cleans out all the trash, tin cans, old papers, old rags, and other waste, and hauls it all away or burns it. As the flowers stick up their heads they greet a spic and span countryside. For five years now the club women, as part of their city-beautifying and home-beautiful campaigns have put on the clean-up drives.

Mrs. B. F. Cress of Council Grove, chairman of the special committee of the Kansas Federation of Women's Clubs, has her complete district organization already at work and the district chairman are now getting the local clubs under their jurisdiction into action. The actual drive will be made in April, when all back yards, alleys, cellars, and attics are to be cleaned. In the cities arrangements have always been made with the street cleaning departments for the free hauling of all this waste material to some dumping ground. In the villages and country districts the trash is burned.

### THIRTY-SIX DIVORCES.

Bangor Commercial: Thirty-six divorce decrees were signed by Justice Bertram L. Smith at the March term of Superior court which reached a final adjournment Saturday. Of the decrees granted, the action was brought in 29 cases by the wife and in seven by the husband. The causes for the divorce were as follows: Cruel and abusive treatment, 15; desertion, 10; adultery, 6; non-support, 1; gross and confirmed habits of intoxication, 4.

### Unclean! Unclean!

ELEVEN years ago Lepers in Java were in a deplorable condition. The government at that time could not do much for them because ministrations to lepers cannot be made compulsory.

BUT the opportunity for Christian and Humanitarian Service was sought by one Organization. The result is a marvellous improvement in the Social and Spiritual conditions of the lepers.

THE Governor-General has expressed strong hopes that this Christ-like work of the Salvation Army will be extended. It will, its influence for good is incalculable.

### CHARGED WITH MURDER OF HIS BROTHER-IN-LAW

(Canadian Press Despatch)  
Toronto, March 17.—Frank Larson, farmer of Cooksville (Ont.), this afternoon at Cooksville, was charged with the murder of his brother-in-law, James Davidson, on March 8, last, and committed for trial. He was taken back to the jail at Brampton, where he had been in custody since the tragedy. The widow of James Davidson testified at the inquest that, so far as she knew, there was no quarrel between her husband and Frank Larson.

The dance committee of the Lady Roberts chapter of the L. O. D. E. met last evening at the home of Miss Mary Armstrong in Queen square with the regent Miss Helen Wilson, presiding. It was decided to hold the forthcoming dance in the Knights of Columbus Hall and the date was finally fixed.

### A HUSTLER

Commissioner F. J. Gillespie, of South Vancouver, the most populous municipality in Canada, who by novel methods collected more than \$410,000 in tax arrears and sold 1,000 parcels of property.

### MAY FORM FISH AND GAME LEAGUE

The All New Brunswick Tourist, Game and Resources Association at an enthusiastic and largely attended meeting in the association rooms in German street yesterday afternoon received encouraging reports of all branches of its work and decided to go ahead at once with its campaign for a large membership with small fee in order to obtain personal interest and a firm financial backing throughout the province.

The meeting was presided over by N. R. DeBussy. It also took up the matter of entertaining the National Press Association delegation which will visit St. John on June 14 and 15. Sub-committees were appointed to make arrangements for a trip on the river with a supper at some spot along the shore and also to provide for automobile trips around the city. Those who were appointed on the committees were as follows: For the automobile trip, T. P. Regan; providing and serving the supper, J. H. Marr and J. E. Secord; collecting information and making arrangements for the sail on the river and place for holding the supper, H. W. Rising and W. H. C. Mackay. The meeting was strongly in favor of forming a fish and game protective association and decided to take this matter up at the convention to be held in Dalhousie in June.

- NO. 65—EXPERIENCED WEAVER (woolen mill), would go anywhere to suitable position. Is 29 and married.
- NO. 66—EXPERIENCED MARINE engineer would accept suitable position anywhere. He is 40 and single.

### CHURCH AND STATE ISSUE IN FRANCE.

Paris, France, March 18.—The annual representation of France at the Holy See is now regarded as assured. The bill which has been placed before the chamber of deputies, asking for 250,000 francs for this purpose, will probably encounter some opposition, but a majority is almost certain to be obtained. The reasons for the need of this representation, set out in the government's proposal, include the important French interests, "which cannot be defended otherwise."

The government asks, however, that separation of the state and church in France and the idea of secularism in the schools cannot be brought into the question. The present step is said to be purely diplomatic, without other significance.

## WILL TRY TO REVIVE PRO. BALL IN PROVINCES

Plans Call for Teams in Halifax, Amherst, Moncton, Fredericton and St. John.

A despatch to the Montreal Star from Fredericton says: There is a movement on foot to re-store professional baseball in the maritime provinces. The initiative is being taken from Moncton, it is said, and it is declared that Fredericton, as three times winner of the old New Brunswick & Maine League, will be invited to take a franchise in the new organization. The plans of the promoters call for teams in Halifax, Amherst, Moncton, St. John, Fredericton and at least one other place. So far as both Fredericton and St. John are concerned, they are both without suitable or properly equipped baseball grounds but both places have the fitting up of modern plants in prospect. Steps are already being taken to put the New Brunswick Hockey League, which was reorganized this year for the first time since before the war, upon a permanent basis. Flushed by the success of the four club circuit this year the promoters are working on a proposal for six clubs and an alternative of two sections and four clubs each. The schedule is to be extended so the season will open before New Year's day and continue until after March 1. While three new clubs will be in the circuit in all probability, Bathurst, St. Stephen and Marysville are being considered for their teams which will be ready before the snow flies again. Nov. 23, 1920, has been named the date for the annual meeting, when plans for next season will be completed.

## Liver Trouble And Heartburn

All liver diseases of whatever character are diseases of the highest importance and demand close attention. The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile and serve as one of the filters of the body, cleaning it of all impurities and poisons. Therefore when the liver gets out of order it is the starting of trouble in nearly every part of the body. Keep the liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn, constipation, biliousness, sick or bilious headaches, dull yellow eyes, brown blotches, sallow complexion, coated tongue, jaundice, catarrh of the stomach, or the painful protruding internal or bleeding piles. Mrs. John Keady, Chipman, N. B., writes:—"I have used Milburn's Laxa-Liver Pills for some time and can recommend them to any one suffering from heartburn and liver trouble. I received them for a short time. I always recommend Laxa-Liver Pills to all sufferers as I think they are a valuable remedy."

## SIX MONTHS FOR IMPERSONATOR

"She" Removes Wig and Shows Judge Familiar Bald Head of Nathan Bullock.

(Boston Globe.)  
Nathan Bullock was in the municipal court today. To many persons this has no significance, but to the Judge's attaches of the court and to policemen it always means plenty of fun, excitement, and sometimes a rough and tumble fight in the dock.

Nathan Bullock is better known as the champion of all champion colored female impersonators and "her" long criminal records date back just 10 years, showing nine convictions, mostly under the names of Gertrude Simmonds, May Russell and Beattie Wilson.

Always he has appeared in court under the name of Bullock, for the police know him so well they will not allow him to register as "Gertrude Simmonds."

A year and a half ago, however, he did get by two station 5 officers and a lieutenant under the name of Miss Simmonds, but the next day in court, before Judge Brackett, a sensation was sprung when one of the court officers, through a tip given by a Globe reporter, got into a rough and tumble fight in the dock with the result that "Miss" Simmonds, when "her" large black wig fell off, was discovered to be none other than the well known Nathan Bullock.

This morning in the second session of the municipal court, before Judge Sullivan, the courtroom was crowded when Bullock was called to the rail of the pen. Judge Sullivan ordered everybody from the courtroom except the police and witnesses.

"Just a minute, I hear my name spoken. Can't you wait until I arrange my hair," said Bullock. "She" was dressed today in a black suit, wore a long dark coat with a fur collar and fur trimmings. "She" had on the latest style black wig, surmounted by a picture hat, and carried a lady's hand bag. On "her" feet were shoes with "opera heels."

The arrest this time of "Miss Simmonds" in a doorway on Castle street last night by new policeman Daniel B. Fitzpatrick was replete with the usual spectacular features. Bullock, only once, it is said, has been locked up without putting up a fight and that was the last time when he nearly got by as "Miss Simmonds."

Bullock is strong and puts up a savage fight, but in policeman Fitzpatrick he more than met his match, for Fitzpatrick was a corporal in the army and is known as a first-class wrestler.

Sergeant Harshman and living on testified to the repeated and many arrests of "Miss Simmonds" for impersonating a female, and said that "she" was in any other than women's clothes. The officers produced letters to "Miss" Simmonds and most of these were in the name of "Gertrude Simmonds."

"I thought I would have better luck against the new cop by taking that name," said Bullock to officer Fitzpatrick.

"Those clothes are those you have on," said Judge Sullivan, and Bullock replied: "Why, sir, they belong to me, but I only wear them to have some fun, and I have always had it, but Sergeant Livingston and Harshman know me and are always looking to arrest me."

Sergeant Harshman then testified as to the amount of women's clothing, paints, powder, etc. he found in Bullock's room. "Take off the wig, so I can see your head," requested Judge Sullivan, and Bullock removed the wig, revealing a bald head. He replaced it immediately. Judge Sullivan found Bullock guilty of another charge than impersonating a woman, because the testimony concerning the house on Castle street, where he lives, and sentenced him to six months at the House of Correction.

A colored man brought some men's clothes to Bullock to replace the women's garments. As he was being escorted from the courtroom, followed by 150 persons, all laughing, he said to policeman Fitzpatrick: "You get me—you are a new cop; but I will some time perhaps, get you."

Bullock went back to the House of Correction, from which he was discharged a few weeks ago.

**THE DANGERS OF SPIRITISM**  
Rev. Philip H. Burkett, S. J., Talks on Subject in Boston.

(Boston Globe.)  
The members of the Boston Catholic Alumni Association, graduates of Harvard, Boston College, Tufts, Holy Cross and Yale, questioned Rev. Philip H. Burkett, S. J., on the subject of spiritism, following an interesting talk by that well-known lecturer on the "Dangers of Spiritism," delivered yesterday at the monthly meeting of the society.

It was pointed out by the speaker the spiritistic practices lead to the loss of health and mind and in many cases to insanity and suicide. The talk was delivered at the Immaculate Conception Chapel on James street.

"Persons habitually and systematically engaged in the use of the ouija board or any similar device employed to get information regarding the unknown," said Fr. Burkett, "experience after a time a peculiar condition of lassitude and exhaustion. They begin to feel a severe pain at the top of the spine, which gradually spreads over the entire brain. How soon these symptoms will set in depends on the physique of the experimenter and on the frequency of the practice."

"The use of the board is apparently simple and harmless. But, because of its deep fascination, the practice is indulged in more and more frequently until the temptation is irresistible. Like all other passions it gets a firm hold on its victims imperceptibly."

**Explains the Results.**  
"How do you explain these results?" Fr. Burkett was asked. "It seems impossible that so small and innocent-looking toy should produce such effects."

"The explanation," answered the lecturer, "is not far to seek. The evil results to health are established by well-established physiological fact. You see, the experimenters, by a constant effort to produce the movements of the ouija, cause a drain of vital or nerve energy on the organism. The nerve tension that the operator is subject to is greater than people imagine. It is partly hidden from the experimenters themselves by the interest in the revelation of the ouija. Professionals are not immune to these results."

"By and by health fails, a certain inference of character follows. Wear-

## Challenge Cleanable Collars

—have ten times the length of life that other collars have. They are always in shape—never wilt, never fray, and a damp cloth is all the laundry needed to clean them. Try a Challenge Collar next time. The linen finish and stitched effect make it impossible to tell them from linen.

Made in every approved style—ones to suit your requirements.

ness of life itself may set in. The person is unfitted for reliable work. Take of all the precocious victims to it, and if it keeps on we will find practically every demented, semidemented, underdeveloped and precocious case in the country talking with the other world."

The bearing of spiritism on religion was then pointed out. "Believers in spiritism say that it promotes religion. The very opposite is the case. It rolls people who have some religion of what little they have and gives them in its place the top of an illusory consolation these and other spiritistic practices suffer a mental and even a moral collapse. It very often terminates in insanity and suicide."

Fr. Burkett cited an example of a young man engaged as a bookkeeper in an office who, he said, became a victim to the ouija board. While the young man was making an entry in the ledger his hand would suddenly be jerked up and down and sometimes his pen would write matter in the ledger quite foreign to his business. "Of course," suggested the speaker, "he became useless at his work in a short time."

**Spiritism and Religion.**  
"Dr. William J. Hickson, director of the Chicago Psychopathic Laboratory," said very recently: "We've been getting dozens of Spiritualists in here, as well dining hall. Vocal and instrumental music was provided and several of the advertising that Spiritualism has

received is slowly turning the attention of the public to it. The fact is that spiritism cannot point to one single discovery in art, in science, in history, in medicine or in morals which can benefit the human race. They can only point to thousands of human wrecks lying along the shores of the sea."

Following the sodality exercises in the chapel the members repaired to the dining hall. Vocal and instrumental music was provided and several of the sodalists gave brief talks. The meeting

concluded in the form of a social gathering and smoke talk. Rev. Fr. Burkett, S. J., chaplain of the sodality, is professor of philosophy at Boston College.

**DR. VINCENT IN HALIFAX.**  
(Halifax Chronicle.)  
Nova Scotia gave a cordial welcome to Dr. George E. Vincent, the distinguished president of the Rockefeller Foundation, and his associate, Dr. Richard M. Pearce, the director of the medical education division of the foundation. They have been visiting the chief university centres of Canada for the purpose of investigating the work that is being done at the medical schools, and of gaining first-hand information of the situation in each centre with a view to the distribution of the munificent gift which Mr. Rockefeller has allotted for the advancement of medical education in the dominion.

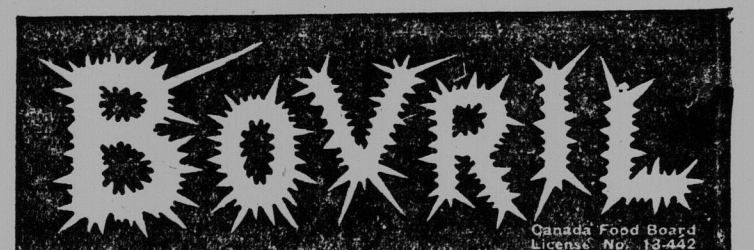

It is particularly gratifying that Dr. Vincent has consented to deliver an address on public health at the Grand Theatre this afternoon, when public and private citizens will have the privilege of hearing so vital a question discussed by an educationist and speaker of international distinction and of expressing informally the appreciation of our people of the visit of Dr. Vincent and Dr. Pearce and of their genuine interest in the development of medical education in Nova Scotia.

## THE WINNIPEG TRIAL

Justice A. J. Andrews, K. C., appearing for the crown in the trial of the seven strike leaders being tried in Winnipeg.

The Blow Has Fallen. (Fredericton Mail.)  
The movement against tobacco which all opponents of prohibition have pro-

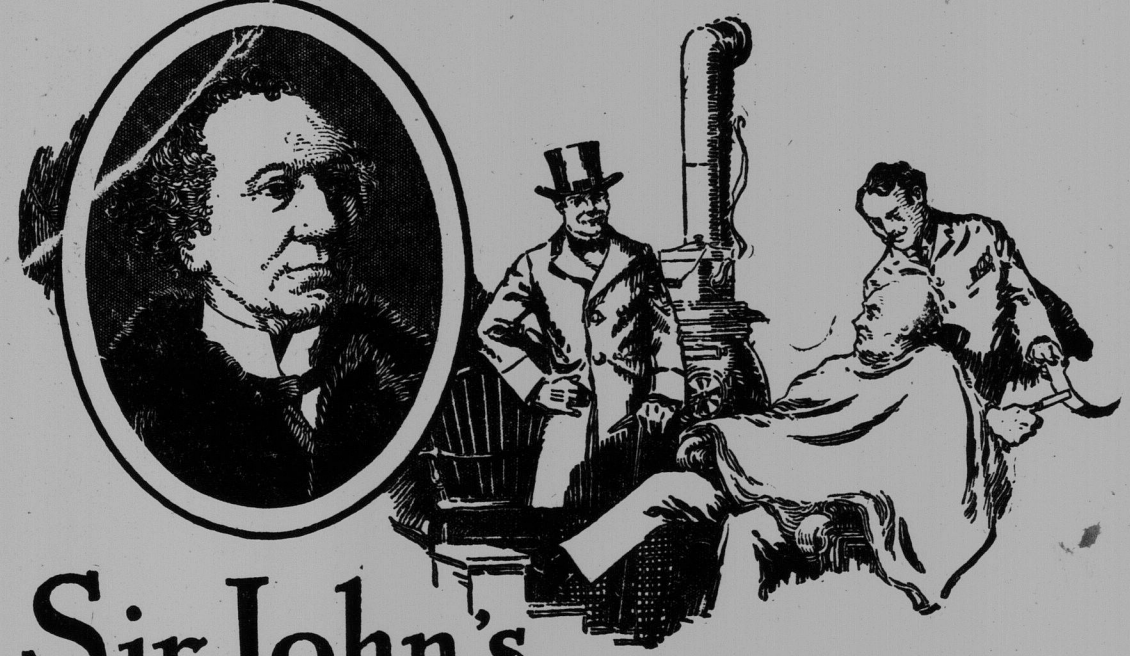

phesied would follow the movement against King Alcohol, evidently has begun in Carleton county. It is a strategic move and from a most unexpected quarter—the United Farmers' Co-operative Company, Limited, Harford branch. A big display advertisement of that particular business contains the following: "Dead and Buried! But not trade at the Farmers' Store as was predicted. The new manager struck a death blow to 'Rum's Twin Brother' and trade driver and 'Man Slaying' TOBACCO, and it is all gone now; so come along ladies. Bring a few eggs and a few pounds of butter and a little cash."

**COMBINED TALENTS.**  
Baptist missionaries are to pursue the wild men of Borneo through the jungles of that far country in automobiles, ac-

ording to a recent announcement. If they would also hire a few Portland delivery car drivers for chauffeurs there would be no doubt about their ability to bury them, whatever difficulties might arise as to baptism.—Oregon Journal.

Monosaccharide of salicylic acid is the chemical name. The Germans named it "ASPIRIN". Canadians Call It ACETOPHEN.

USE The Want Ad Way

## Sir John's Razor

**A FRIEND** once came upon Sir John MacDonald just as a barber was about to shave the great statesman's upper lip. The barber had hold of Sir John's nose.

"I suppose, Sir John," said the friend, "this barber is the only man in Canada that can take you by the nose with impunity."

"Yes, and he has his hands full," came the quick and characteristic response.

Not only his nose, but all of Sir John's features were of generous size. As we look upon their strong rugged lines of character and purpose, we mentally picture the barber using an extra sharp, well-stropped razor to remove the heavy beard that must have gone with them.

Were he alive today, Sir John, on occasions when he shaved himself, would unquestionably take kindly to the

**DURHAM-DUPLEX**  
A Real Razor—made Safe

In its long, friendly blade, lying against his cheek at just the right angle, he would instantly recognize the correct time-tested principles of the model he loved—but, when added to that, he found the extra features of safety and comfort represented by guarded, two-edged and detachable blades, his satisfaction and contentment would be complete.

Your blades last longer. You can substitute a new one at a moment's notice. With the stropping attachment you can strop and hone them.

In short, the Durham-Duplex possesses all that is best in shaving convenience, old and new. Eight million shavers have made it their razor. Make it yours today.

## Wearing RUBBERS in Bad Weather

Keeps Your Shoes like this

Instead of like this

Rubbers are a wise economy. They protect the shoes as well as the health. They prevent the shoes from becoming saturated on wet days—make shoes wear longer and hold their shape better—and enable you to wear old shoes on stormy days, thus saving the new shoes for the fine days to come.

## Dominion Rubber System Rubbers

are made in styles and sizes to perfectly fit the shoes of every member of the family. And their sturdy quality assures long and comfortable wear. You can get dependable Rubbers by asking your dealer for any of the Dominion Rubber System brands.

The best dealers sell Dominion Rubber System Rubbers.

**BASKETBALL**

Dalhousie Wins.  
Halifax, March 17—Dalhousie Uni-  
versity basketball team tonight defeated  
Truro by a score of 36 to 9.

**THE RING**  
At Glace Bay.  
Halifax, March 17—The boxing bout  
at Woodside (N. S.), tonight between  
Johnny McIntyre, of Glace Bay, and  
Wallace Henneberry, of Woodside, was  
a draw. They went the full ten rounds.

Brossseau Again.  
Lewiston, Maine, March 17—Gene  
Brossseau, the Canadian middleweight,  
knocked out Jack Rooney, of Philadel-  
phia, in the second round of a bout here  
tonight.

O'Dowd Victorious.  
St. Paul, Minn., March 18—Mike  
O'Dowd, St. Paul, middleweight cham-  
pion, defeated Ratner of New York  
in a ten-round bout here last night.  
Ratner fought a defensive battle for  
eight rounds and mixed matters in the  
last two rounds, when he made a fairly  
good showing.

Britton Wins.  
Canton, Ohio, March 18—Jack Brit-  
ton, welterweight champion, outpointed  
Jack Perry of Bradford, Pa., in a 12-  
round bout here last night, according to  
newspaper critics.

"Sub" is Victor.  
Detroit, Mich., March 18—Mel Coe-  
gan of Brooklyn, N. Y., substitute  
about Johnny Dundee, outpointed Johnny  
Mendelsohn of Milwaukee, in a 10-round  
bout here last night.

**FOOTBALL**

At Sydney.  
Sydney, N. S., March 17—Tonita C.  
218 1-2 owned by John Hill, of Sydney,  
today defeated Prince Rupert, 2-0 3-4,  
owned by Lemoine Brothers, of North  
Sydney, and became the recognized cham-  
pion of the ice paths in Cape Breton.  
The grey mare earned her victory after  
three heats. The pacers met on the ice  
near Phalen's Beach before upwards of  
2,000 people who braved the inclement  
weather to witness the match. In the  
first heat Tonita C. led from the start  
but finished a head and a few inches  
only in 1:04 1-2.

Better-Not, the mare owned by Bill  
Rutherford, of Sydney, had it all over  
Ashland Belle and was an easy winner in  
straight heats in the other race.
