

## AREA OF REBELLION IN MEXICO GROWING

### Insurgents Make More Successes in the South and East Coasts.

### CAPTURE OF OIL FIELDS WOULD FILL WAR CHEST

### Northern Provinces of Unhappy Republic Almost Completely Under Rebel Rule—Washington Amazed at Huerta's Inaction.

#### VICTORIA CAPTURED

Brownsville, Texas, Nov. 18.—Every member of the defending garrison of Victoria was killed before constitutionalists finally captured Victoria, capital of the Mexican state of Tamaulipas, today. This report was made to constitutionalist headquarters at Matamoros tonight by General Gonzalez, who commanded the attacking forces. General Gonzalez described the battle as one of the bloodiest of the present revolution.

Washington, D. C., Nov. 18.—Absence of any evidence that fresh instructions had gone forward from Washington to John Lind or Charge O'Shaughnessy was understood in official circles here today to mark the advent of another period of patient waiting for some decisive development in Mexico.

In spite of all the rumors of blockades and intervention coming from Havana and Vera Cruz, there had been no navy or war departments as might be expected to precede adoption of any such radical steps by this administration. Moreover, it has been intimated in official quarters that only by direction of congress would such a step be taken.

Officials still decline to give any information as to what has been accomplished by William Bayard Rust in his conferences at Caranua with General Carranza and his constitutionalist cabinet.

State Department advice made public today indicates that the insurrectionary movement is spreading rapidly, not only in the north of Mexico, but to the south and east. This last development is regarded here as very important, because the success of the constitutionalists in obtaining possession of the rich oil fields in the east and some deep water port on the Gulf coast would enormously strengthen them from a military point of view, the former insuring them a full supply of themselves with munitions of war from Europeans in the West Indies.

The State Department is looking for news of the capture by the insurgents of Victoria, the capital of the State of Tamaulipas, which would complete the rebel control of the northern part of the Mexican states. Consular reports today from Vera Cruz stated that all bridges between Tampico and Victoria had been destroyed, train traffic totally suspended and the tracks to the north and south of Victoria torn up.

The city is about 100 miles northwest of Tampico, and it is understood the safety of a considerable number of foreigners is threatened by the military operations there. The German cruiser Bremen arrived yesterday at Tampico, the nearest port to Victoria, to afford refuge to the Germans in that neighborhood who can succeed in reaching the coast.

On the west coast the German cruiser Nuernberg has been despatched to San Blas to gather up German refugees in that neighborhood who fled from Tepic, capital of the state of that name, before it was captured by the insurgents a few days ago.

At the War Department the strategists are puzzling over the lack of activity by the federal forces in Mexico, who appear to have offered no success in a few days.

## A NOTED CANADIAN MEETS VIOLENT DEATH IN NEW YORK

### Rev. Dr. James Ross, of London, Ontario, Struck by Automobile and Died of Fractured Skull.

New York, Nov. 18.—The Rev. Dr. James Ross, a leading scholar and educator of Canada, was struck and fatally injured by an automobile in a city street late today. He died from a fractured skull, an hour later. He had stepped from behind a trolley car into the path of the automobile. Several women who witnessed the accident tore their dresses into strips and bandaged Dr. Ross' head before the arrival of an ambulance.

Several letters from Andrew Carnegie, found in Dr. Ross' pockets, indicated that the clergyman came here to seek Mr. Carnegie's aid for the public library at London, Ont., Dr. Ross' home.

According to A. O. Jeffery, of London, Ont., who identified the body, he and Dr. Ross came here Monday to buy books for the library in London. They were to have returned to Canada tomorrow.

## HOW LIBERALS WASTED THOUSANDS OF DOLLARS IN ARSENAL AT QUEBEC

### Investigation Just Completed Shows Scandalous Conditions Under Laurier.

### MAJOR LAFFERTY NOW TO TAKE CHARGE OF ARSENAL

### No Account of Stores Had Been Taken for Thirteen Years—Great Waste and Lax Methods Exposed in Every Department.

#### Special to The Standard.

Ottawa, Nov. 18.—The leave of absence of Col. Gaudet, former head of the Quebec arsenal, has expired and he goes to the retired list. Major Lafferty who was placed in charge of the institution last August, will be confirmed to that appointment. While acting superintendent he has received pay only as a major in the Royal Canadian Artillery.

It will be recalled that, as the result of an extended investigation last winter and spring, some ten million rounds of ammunition were found to be defective. Since then new methods have been adopted and the machinery generally has been turned up. The new ammunition was sent to the school of musketry at Halifax and a report has just been received that it is of the highest class in accuracy, strength and uniformity.

#### Imperfect Ammunition.

When the inquiry took place evidence was given to the effect that the gauges used in the arsenal had been made in Woolwich, whereas, on further investigation, it has been found that not a single Woolwich gauge was employed. The inferior kind which were used was responsible largely for the imperfect ammunition turned out. An attempt was made to salvage some of it, but the results were so unsatisfactory, that the inspectors have recommended that it be scrapped. In addition to the twelve million rounds previously condemned, to the scrap heap also will go 160,000 steel clips or chargers for the rifle, which have not having been made according to specifications.

#### Great Waste Shown.

Another conspicuous example of lax methods was furnished in the poor material used in making 1,400,000 cartridge cases. It was necessary to melt them down. Much of the machinery used at the arsenal had been allowed to become so run down that it was impossible to turn out proper ammunition though the manufacture proceeded.

It has been established that there was no stock taking for thirteen years at the arsenal. The shell factory established three years ago, which produced a single shell of correct dimensions and its machinery is in such a condition that the place is practically closed down. An attempt has been made to salvage about 3,000 shells but it is doubtful if this can be done to any degree whatever. In testing one, a \$3,000 quick firing gun was ruined and it is a serious question whether any further attempts at rectification will be made.

#### \$100,000 Loss in Shell Factory.

The monetary loss arising from this side alone of the arsenal will probably exceed \$100,000. The general conduct of the institution under the old regime is regarded as scandalous and steps taken to reform it on the basis of efficiency reflect credit upon the Minister of Militia and the experts whom he has engaged.

Summarizing the discoveries made subsequent to the report of the Harlow Commission last summer, they are:

All the gauges formerly in use in the rifle cartridge factory are proved to have been wrong. Partly as a result of this discovery, six or seven million components have followed the 12,000,000 rounds of completed rifle ammunition to the scrap heap. No less than 100,000 steel clips or chargers for the latest ammunition have had to be scrapped.

Much material in course of manufacture, including 1,500,000 brass cups for making cases, has had to be scrapped or melted down.

The imperfect condition of the machinery which caused the "Blow backs" was due to faults which were discovered and rectified as soon as it was carefully examined.

A \$15,000 discrepancy. Stock taking revealed a discrepancy of nearly \$15,000 between the quantity shown in the store ledgers and those in the stores account in the general ledger. All the artillery ammunition so far made, about 5,000 rounds, is useless, not one properly made shell having been turned out in three years. The 20,000 shells in course of manufacture must be examined for defects.

#### NOTABLES AT DINNER.

London, Nov. 18.—The government entertained the delegates to the international conference on safety at sea at a dinner tonight. The Right Hon. Sydney Buxton, president of the Board of Trade, presided, and the guests included Viscount Haldane, William Marconi, and Prince Louis of Battenberg.

## PICTURESQUE AND BEAUTIFUL N. B.

ST. ANDREWS, N. B.

## SON FOLLOWS DAD'S EXAMPLE

### Quebec Man Shoots Himself—Father Also Died by His Own Hand Years Ago—Cause Unknown.

Quebec, Nov. 18.—Seymour Blanchet shot and killed himself today. He resided with his mother, who is the widow of the late Judge J. P. Blanchet, of the Court of King's Bench. At three o'clock this morning the report of a revolver was heard from his room, arousing the members of his family. Blanchet was found lying on the floor, with part of the back of his head blown off, and a smoking revolver lying beside him.

He died this afternoon, without regaining consciousness. Deceased, who was 32 years of age, was for a number of years in the employ of the Quebec Railway, Light, Heat and Power Company, and secretary of the Quebec Transportation Club. He leaves his mother, a sister and a brother.

The father of the deceased, Judge Blanchet, died by his own hands some years ago.

## NEW MEXICO INDIANS ON THE WARPATH

### General Scott and Troop of Cavalry Sent to Placate Navajos by Peace if Possible

Washington, D. C., Nov. 18.—In the hope that the excited Navajo Indians, who are now defying the government authorities at Beautiful Mountain, New Mexico, may be induced to yield peacefully and surrender the eight renegades whose arrest is sought, the War Department today ordered General Hugh L. Scott, commander of the second cavalry brigade at Fort Bliss, Texas, to proceed in haste to the Navajo agency to confer with the Indian chiefs.

General Scott is singularly influential with the Navajos whose language he speaks. He has always been regarded by them as their best friend, and it is believed that he will be able to placate them.

The General's instructions are to confer with Major McLaughlin, the Indian agent, before beginning his conference. To back his mission with a show of force, orders were also sent to Fort Robinson, Nebraska, to train and despatch to the Navajo agency a full squadron of the 12th cavalry to serve as general Scott's escort.

## FORTUNE ENTOMBED BY EXPLOSION IN MINE

### TO PREVENT GAMBLING IN COTTON NOW

### J. L. McLaurin of South Carolina Proposes Plan in Address to New York Exchange.

#### New York, Nov. 18.—Ex-Senator J. L. McLaurin, of South Carolina, proposed a plan for ending objectionable gambling in cotton futures, in an address today to a committee of the New York Cotton Exchange, which is considering changes in the rules to meet criticisms directed against the present methods.

Mr. McLaurin said that the failure of congress to enact legislation at this session imposing a tax on dealings in cotton options, was due to the fact that no plan had been devised to destroy gambling in contracts which does not also involve the destruction of legitimate business necessary to keep open such channels of trade as could not be closed without disastrous effects.

Mr. McLaurin said the present system was objectionable, because cotton prices made on the New York Exchange were based upon the supply of cotton in New York warehouses. As "this stock of cotton is only a comparatively small part of the total, he said, it was possible for speculators to manipulate prices for gambling in a way which would not otherwise be possible. Under present methods contracts made on the New York exchange call for delivery of warehouse receipts for cotton stored in New York warehouses. Mr. McLaurin suggested that the plan for a tax on cotton options which was considered recently by congress be amended so as to provide for a heavy tax on all contracts made through all exchanges in the United States, provided that cotton delivered in the state in which it is grown is exempt from the tax.

"What would you do then?" he said. "Your New York stock of cotton would be absolutely valueless for the purpose of inflating or depressing prices. You could not afford to deliver cotton except in the south. Why should not the great New York exchange get in the van and lead this progressive movement, instead of being driven by a congressional lash."

#### SMALLPOX HELD ALL PASSENGERS IN CAR

Ottawa, Ont., Nov. 18.—Sixteen persons on board the C. P. R. train on the North Shore, which reached Hull at 10:20 tonight, were held in one of the cars all night owing to the presence of the passengers having been found suffering from smallpox. The people in the car will be looked after by the Ottawa board of health until danger of infection is passed. Dr. Isbell, the Hull medical health officer, notified the Ottawa authorities and the latter acquiesced in the patient being brought to the smallpox hospital here. The patient is from Louisville, Que.

### Acton Coal Mine in Alabama—Scene of Horrible Tragedy.

### SEVEN BODIES ARE ALREADY RECOVERED

### Identified Victims All Married Men and List May Run as High as Forty—Explosion Blocked All Escape from the Colliery.

#### Acton, Ala., Nov. 18.—An explosion in No. 2 mine of the Alabama Fuel and Iron Company here at 3:45 o'clock this afternoon entombed between 25 and 40 miners, according to estimates of company officials. Up to nine o'clock seven bodies had been removed from the mine.

The list of dead: L. L. Patterson, E. Bright, John Langston, Henry Childers, Boss Driver Burns Kittrell, Two unidentified negroes. All except Bright were married. Kittrell went into the mine only five minutes before the explosion took place and some of the rescued are Greks and a number of dead in the mine are thought to be Greks. Of the victims some are white and some are negroes, as the mine employed miners of both races. The normal force of employees is seventy men, but yesterday was pay day at this mine and some did not report for work today. Twenty-three diggers entered the workings this morning and early tonight it was not known how many others reported during the day.

The first rescue party who entered the mine this evening searching for any who might be alive, reported that they had passed several dead bodies lying beside the tramway of the sloping shaft. Mine officials hurried here from Birmingham, twenty-four miles away. They brought State Mine Inspector C. H. Nesbitt and an automobile load of surgeons.

Acton Mine No. 2, which lies in Shelby county on a branch of the Louisville and Nashville Railroad, has been considered one of the best equipped in the district. It has a single track slope and uses an eighteen foot fan with the split air system. So far as ascertained, the mine workings were not much damaged by the explosion, the cause of which has not been determined. It is expected that the work of removing the living, if any, and the dead, will be speedily accomplished.

## LAKE FUNDS NOW \$56,000

### Subscriptions Continue to Pour in for Relief of Great Lakes Storm Sufferers.

Toronto, Nov. 18.—Subscriptions to the Marine Relief Fund continue to pour in, and the total tonight is \$56,316. Following the decision of the Dominion government, which subscribed \$25,000, the Ontario government today contributed \$10,000 and several cheques were received for large amounts. These included a cheque for \$1,000 from the Grand Lodge of the A. F. and A. M., and cheques for similar amounts from the St. Lawrence and Chicago Navigation Co., and the T. Eaton Company, Ltd.

## INSANITY WILL BE SCHMIDT'S DEFENSE

New York, Nov. 18.—Hans Schmidt, the priest, who confessed to killing Annie Amuller, a young German girl he had married by a self-performed ceremony and afterwards dismembering her body and throwing it into the Hudson River, will be placed on trial tomorrow before Judge Foster in General Sessions Court. Insanity will be Schmidt's defense.

## WILL PROBE THE CAUSE OF "TURRET CHIEF'S" STRANDING

### First of Series of Inquiries Into Recent Great Lakes Disaster Will be Opened on Friday by Wreck Commissioner.

Special to The Standard. Ottawa, Nov. 18.—First of a series of inquiries into the recent disaster to Canadian shipping on the Great Lakes will be opened at Kingston on Friday by Captain G. G. Lindsey, Dominion wreck commissioner. The powers vested in Captain Lindsey are sufficient for the widest investigation and no alternative method of inquiry by commission or otherwise, has been considered. The first investigation will be to determine the causes of the stranding of the steamer Turret Chief in Lake Superior. The Turret Chief was an English built vessel. Her crew escaped by wading ashore. Discussing the fact that the wrecked vessel left port despite the showing of storm signals Captain Lindsey said: "If captains stayed in port every time storm signals were displayed they would soon be replaced by others who would not. If a skipper does not know enough to stay in port when his own weather wisdom tells him a storm is coming, he will not stay for storm signals. These have been down at different times for months, but what is needed is someone to tell captains when the storm is going to be the kind last week's were."

# NEW BRUNSWICK SHOWS MUCH PROMISE FOR OIL

Reports Received by Dominion Mines Department Indicate this Province may be Big Producer of Oil and Gas.

Special to The Standard. Ottawa, Nov. 18.—Oil production in Canada is the subject of an inquiry now being made by the Dominion mines branch and a reference to the subject is made in the annual report just issued. It says in part: "While the oil business has very generally been reviewed by the public as a gambling enterprise, and many companies have conducted it as such we are now able to say that the taking of great chances are past."

Regarding the discoveries in Alberta the report says the deposits are considerable but the cost of drilling very high. In the Northern Alberta field it is pointed out it has as yet produced no oil in commercial quantities. Quebec, the report says, gives no indication of petroleum or natural gas. New Brunswick shows considerable promise while in Ontario production is declining and total depletion is approaching.

# LOUIS RIEL MEMORIAL SERVICES

St. Boniface Cathedral, at Winnipeg, Crowded by Followers of Famous Rebel—Visit Grave.

Winnipeg, Nov. 18.—In memorial of the death of Louis Riel, the leader of the insurrections of 1870 and 1885, a solemn requiem high mass was said at the St. Boniface Cathedral this morning.

Many prominent figures of '70 and '85 were present, including Damas "Him" Lapine, first lieutenant and adjutant general in the provisional government, Fort Garry in 1869-1870; Andre Neault, Riel's captain and councillor, now in the nineties; Elie Lagimodiere, councillor, and of the Lagimodiere family of historical fame; also P. Froult and R. Neault, councillors of Riel's government. Those above mentioned fought side by side with the leader and were his advisors in the government established by Riel at Fort Garry in 1869-1870.

# YOUR LAST COAL BILL

Coals Alike in Appearance Only—Vary Greatly in Value. When you paid your last coal bill, how much of it went for ash and clinker? No two coals are alike. They may vary as much as 10 per cent. in the amount of ash they contain. Ten per cent. means 200 lbs. to the ton and the way coal sells nowadays, this is equal to a dollar almost on each ton of coal. This is a vital reason why you should buy only the best coal, the special grade of American anthracite which the Consumers Coal Co. are handling. It is bought and sold on a quality basis. The small amount of ash and absence of clinker are convincing evidence of its value. While it is a special coal, it is sold at regular hard coal prices. A ton of it will give a full ton of satisfaction. Consumers Coal Co., Ltd., 381 Charlotte street, (opposite Broad St.) Phone 31297.

# HOPES U. S. WILL KEEP CANAL OPEN

Representative of Big British Shipping Interests Regards Situation as Breach of Faith.

London, Nov. 18.—"I am voting the opinion of large merchant shipping interests in saying that we rely upon our costly navy to prepare measures to keep the Panama Canal always open to British shipping," declared Charles Stuart Cairns, the representative of extensive Scottish shipping interests when he addressed the Royal United States Service Institution here today.

"It is upon such action alone that it would be possible in the immediate future for the tax payers to maintain the British navy in its high position as a fighting force," Mr. Cairns said, "for despite the Hay-Pauncefote treaty the world is now faced by a fortified Panama canal instead of one directly for the benefit of the commerce of all nations."

"I regard the United States of America as a nation and hope they may accept the term 'all nations' as including themselves. I see nothing to prevent the United States senate from closing the Panama canal to all other ships having equal rights in its use if such a course appeared to them to be in their exclusive interests."

# FIVE MINUTE CURE IF STOMACH IS BAD

"Pape's Dispepsin" is quickest, surest indigestion cure known. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Dispepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in relieving sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over. Keep this perfect stomach doctor in your home—it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Dispepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

# Another "Lucky Strike" Sale OF Winter Overcoats Commences on Friday, Nov. 21

We conducted our last "Lucky Strike" Sale one year ago and it proved to be the biggest Overcoat Event St. John has ever seen. We are going to make this sale, LUCKY STRIKE, No. 2, far greater in every respect.

Our Buyer on his Annual Fall Trip to the Upper Canadian markets, was fortunate enough to get in touch with a large Clothing manufacturer, who had a great quantity of Overcoats on his hands, owing to the slump in business in the West. This manufacturer needed the money much more than the Overcoats, and offered them to us at only a small portion of their regular Factory prices. As this was a cash transaction, and added to our immense Regular Stock, it would give us too many Overcoats. We are going to clear them out, commencing on FRIDAY, November 21st, at PRICES THAT WILL ECHO THROUGHOUT NEW BRUNSWICK.

We want all of our Old Customers to take advantage of these Remarkable Bargains, but we are especially anxious to attract hundreds of New Customers to our Store on this record-breaking occasion; and one thing is sure, these Money-Saving Prices will do it. Every Sale will either make us a New Customer or draw an old one closer.

## MEN'S OVERCOATS

- These Coats from the Cheapest upwards are the Very Newest Styles, including the Double Breasted Button Thro' Model with Belted Back.

## DO NOT FORGET THE PLACE HENDERSON & HUNT 17-19 Charlotte Street St. John, N. B.

**TURNED SOMERSAULTS WITH PASSENGER IN AIR**  
Buc, France, Nov. 18.—Maurice Chevillard, a French aviator, established a new record today for turning somersaults in the air by carrying a passenger in his machine. He accomplished an aerial loop twice in brilliant fashion, going through the performance apparently with as much ease as if he were alone.

**BANK OF N. S. CHANGE**  
Halifax, N. S., Nov. 18.—Horace Fleming, manager of the Bank of Nova Scotia, Toronto, will return to Halifax as manager of the bank's business in this city, in succession to John McKeen, who is retiring. It is likely that C. H. Esson, formerly general manager of the Bank of New Brunswick will succeed Mr. Fleming in Toronto.

**HALIFAX ALSO WILL HAVE FAIR.**  
Halifax, N. S., Nov. 18.—The provincial exhibition commission met tonight and fixed September 9 to 17 as the dates for next year's fair. The deficit on this year's show is \$10,135, which is the lowest for years. In 1910 the deficit was \$14,000 and last year it was over \$80 more than the present year.

**This Simple Recipe Quickly Banishes Hairs**  
(Beauty Topics)  
Here is a simple and inexpensive recipe or formula which is used with excellent results by many beauty specialists for removing hairy growths on the face, neck or arms. Mix a stiff paste with a little delatone and water and spread on hairy surface for two or three minutes, then rub off, wash the skin and it will be entirely free from hair or blemish. Care should be exercised to get the delatone in an original package, otherwise it may use be poor.

**TO BOOM FUR FARMING**  
Toronto, Nov. 18.—In order to build up in Ontario an important fur farming industry, the provincial government has decided to use the Algonquin National Park as a supply ground for any farmers starting fur farms. Arrangements are now being made to this end by the department of forests and mines.

**ANTARCTIC PARTY SAFE**  
Sydney, N. S. W., Nov. 18.—A wireless despatch from the headquarters at Commonwealth Bay of Dr. Douglas Mawson, the Antarctic explorer, says that the party endured the winter successfully, but are anxious to return to Australia.

**CLIP THIS COUPON**  
**FREE COUPON**  
IMPERIAL EMBROIDERY PATTERN OUTFIT PRESENTED BY THE STANDARD  
To indicate you are a regular reader you must present Six Coupons like this one.  
THE IMPERIAL EMBROIDERY OUTFIT is guaranteed to be the greatest collection and biggest bargain in patterns ever offered. The 160 patterns have a retail value of 10 cents each, or more than \$16.00 in all. # The Skin Troubles of Childhood

School Records Show Much Time Lost From Eczema. Chafing and skin irritation, whether from changing temperature, rough winds, strong soap or the action of the clothing, naturally develop eczema, spread over the body and defy ordinary treatments. Most doctors do not give much attention to skin diseases, and consequently, it is necessary for parents to select some treatment which proves a cure for such ailments. Records of cures count for anything then you can turn to Dr. Chase's Ointment with fullest assurance in this you will have one means of controlling itching skin diseases. By affording prompt relief from terrible itching, Dr. Chase's Ointment puts an end to suffering, and removes the cause of scratching. As the eczema dies away the ointment helps up the process of healing, and by about thorough and lasting cure, a treatment for the skin troubles children nothing has ever proven so satisfactory as Dr. Chase's Ointment.

The schooner, while bound from St. John, N. B., for Boston with lumber struck on Otter Island in Mussel Ridge Channel.

NOTICE TO MARINERS. Notice is hereby given that the light on the combined gas and bell buoy replacing the Beacon Light, St. John Harbour, has been reported not burning. Will be relighted soon as possible.

Do you Believe

in going straight to the weak spot in treating disease? If so, you will never use anything but Peps for coughs, colds, bronchitis, and throat and lung troubles. Listen why.

Dr. Gordon Stables says—"If you wish to ease and end a cough, if you desire to loosen tickling phlegm, and clear the throat and the breathing tubes, use Peps. The pine fumes and balsamic fumes, so beneficial in throat and lung trouble, which are liberated when a Pep is put into the mouth, also serve another good purpose. They are strongly germicidal and germs of disease in the mouth, in the palate, in the throat, and in the breathing tubes, are at once destroyed by their action."

WANT GOOD MINISTER

Longneuil Church Pays Compliment to Rev. Thomas Harrison who Comes to Bocabeo Charge.

The Montreal Daily Telegraph of November 12 said: An interesting incident in yesterday's meeting of Presbytery was the appearance of three elders of the Presbyterian Church of Longneuil, who whilst expediting the call of their minister, the Rev. Thomas Harrison, to the Church of Bocabeo, near St. John, New Brunswick, made it the occasion of an earnest appeal individually to the Presbytery to assist them in securing soon another minister of equal ability to Mr. Harrison, as some recompense for the loss the congregation has sustained by his departure.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness.

GENUINE CASTORIA ALWAYS Bears the Signature of

The Kind You Have Always Bought In Use For Over 30 Years THE CENTAUR COMPANY, NEW YORK CITY.

D. D. D. Opens New Era in Cure of Skin Disease

Mr. Corns' case of eczema was known to almost every hospital and physician of reputation throughout the city of Toronto. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription.

members when the Rev. Mr. Harrison came three years ago, and now it had augmented to comfortably fill its interior. His departure would be sadly missed, and the speaker hoped that some effort would be made by the Presbytery to put the best man into his place as the Presbyterian Church of Longneuil was becoming one of the first churches on the south side of Montreal, and its reputation would increase.

The minister, the Rev. Mr. Harrison, is a native of North Ireland, and a graduate of Durham College of Science. He has had much experience as a university coach. He prepared scholars in economics at Belfast—where they numbered as many as 120 in his classroom—for entrance into Ruskin College, Oxford.

For four years he was tutor in the High School of Cairo, Egypt, a commercial academy established by the English students. Mr. Harrison has preached in many churches in the Old Country.

"What does your mother do when things go wrong?" "She just takes it out of Pa." "And what does your sister do?" "She hops onto Pa and Ma both." "And what does your father do?" "He's different, with Pa. He don't dare say much to Ma and Pa and so when he gets mad he just takes it out on the street railway company and the beef trust."

sent for a dollar bottle, also a cake of soap. That is all I used, and I am perfectly well. You are at liberty to use my name for I consider D. D. D. the best remedy in use." I. W. CORNS, 21 Givens St., Toronto, Can.

We offer the first full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent. H. C. Horton, Druggist, care—the Standard Skin Remedy.

## THE SALE OF FIREARMS.

The city of Montreal just now is passing through a wave of violent crime, a condition which occasionally overtakes every large city, yet it is not the fact that cities in this respect profit by the experience of each other. In Montreal's case the record for one week stands as follows:

Sunday, Nov. 9.—Humberto Califormo shot at 247 St. Hubert street. Died last Wednesday.  
Tuesday, Nov. 11.—Giovanni Luno shot and killed under electric light at street corner on St. Antoine street. Murderer escaped.  
Tuesday, Nov. 11.—John Hughes shot at 335 Montcalm street.  
Sunday, Nov. 16.—Bertio Raphael is stabbed and instantly killed in Edward Ward. Murderer escaped.

It will be noticed that, in all cases, the murders were committed either with fire arms or knives, and this fact brings citizens of any city face to face with the question, should strenuous measures not be taken to prohibit and prevent the indiscriminate sale of such weapons? The Minister of Justice, Hon. C. J. Doherty, was interviewed on this point by the Montreal Herald and is quoted as follows:

"The sale of dangerous weapons should, and could be stopped," said Charles J. Doherty, Minister of Justice, when seen at the Windsor this morning.

"Mr. Doherty cited the fact that he proposed a bill which was eventually passed in June this year, and came into effect in September, prohibiting the sale of firearms and other dangerous weapons, which called upon the merchant or salesman to insist upon the purchaser showing a license or permit before making the sale.

"This law, made for the entire Dominion, if put into force properly would put a stop to the great illegal sale of firearms that is now being carried on," concluded the Minister.

There have been occasions even in St. John when tragic accidents brought forcibly to mind the fact that this city is little better than others of its size regarding the sale of firearms. Youths of tender age, to say nothing of irresponsible men, can, probably, if they desire, purchase firearms or large knives without any embarrassing questions being asked. According to Hon. Mr. Doherty there is a Dominion law preventing such sales, but it belongs to the class of laws which no one thinks of enforcing until some incident or accident shows justification for its existence. It would probably be regarded as a hardship by a merchant to be prohibited from selling a firearm to any young man who had the price to pay for it. Perhaps, in St. John, with our limited foreign population, there is little need to prohibit the sale of firearms to men, but the line should certainly be very tightly drawn in the case of boys and youths.

## AFFAIRS AT PORT NELSON

In a letter to the Department of Railways and Canals, Captain Saunders, the representative in America of the London Salvage Association tells of the work and conditions at Port Nelson, Hudson Bay. As he has been on the ground and thoroughly knows conditions his letter should put a quietus on some of the malicious stories of Port Nelson affairs circulated by the Opposition newspapers.

Some of these yarns says the Toronto Mail and Empire have apparently been taken from canards appearing in sensational American newspapers—canards printed with the object of discrediting the Hudson Bay route. Captain Saunders was in charge of the \$250,000 dredge taken from Toronto to Port Nelson, and, as a representative of Lloyd's, was officially interested in the question of the safety of the Hudson Bay route. His testimony flatly contradicts the reports about disaster to the dredge, and points out in detail, and with authority, the nature of the difficulties and the measures taken to overcome them. It must prove to any man of business sense familiar with executive responsibilities that there has been no material mismanagement at the Port Nelson end of the great enterprise.

For fifteen years the Laurier government dangled the Hudson Bay route to development before the western people. It never showed any vigor in pushing ahead with the work. Many of the party leaders were openly sceptical, or hostile, to the new route. The Mephisto-like glee observable in some of the more rankly partisan Opposition newspapers over the loss in Hudson Bay of two vessels sent to Port Nelson with supplies is quite in keeping with the late government's coldness towards the new route. The present government has made the first vigorous attack on what is going to be a tremendous task—the development of a thoroughly useful route. It has exhibited a courage for the accomplishing of things in the northern sea that would have seemed visionary to the dilly-dallying, half-hearted Laurier ministry. Attacks on it for a mishap or two to ships or stores

## DIARY OF EVENTS

### HISTORIC DAYS IN CANADA

Scotland has given Canada many great men, not the least of them was George Brown, statesman and Journalist, who was born in Edinburgh ninety-five years ago today. He was educated in the Edinburgh schools, and at the age of twenty-five he removed to New York, where he was associated with his father in the publication of the British Colonist. In 1846 he came to Canada and settled in Toronto, where he established the Globe and the Canadian Farmer. His ability soon won political recognition, and in 1852 he was elected to Parliament where he soon became known as an able debater and an advocate of many reforms. In 1858 he was called to the office of Premier, but his government continued only three days. He was active in the conference at Charlottetown and Quebec for the confederation of the provinces, and was the spokesman for those who opposed French or Catholic supremacy in the affairs of the new nation. He was called to the Canadian Senate in 1873, and in the following year went to Washington with Sir Edward Thornton to negotiate a commercial treaty with the United States. He was interested in agriculture, he sought to make his Bow Park farm, near Brantford, an object lesson for all Canadian farmers. He was a man of great energy and short by his death, which resulted from a gunshot wound inflicted by a discharged employe, at Toronto in 1890.

**DEATH OF LADY STRATHCONA.**  
The passing of Lady Strathcona removes a link with our past, says the Winnipeg Telegram. The span of her married life far outran the period of Canada's history as a Dominion. It paralleled the period of marvellous growth and development of the west. She married more than sixty years ago, while yet there were no signs of the distinguished future that lay before her husband, and patiently, faithfully, and with wifely companionship and sympathy, with his support and helpmeet in all the noble aims and aspirations that have made his name great in the history of his adopted country.

If Lady Strathcona was little known and seldom heard of, it was not alone because her husband's more illustrious fame outshone her and bedimmed her personality and career. It was because she chose to sink her identity in the life of her noble and distinguished partner. A woman above all things of true womanly attributes, kindly and sympathetic, ever responsive to the calls of charity, Lady Strathcona endeared herself to those who privileged it was to know her. Socially she possessed all the charms and graces that mark the true lady and the ideal hostess, and Canadians whose privilege it has been to share the hospitality of their London house will appreciate the heavy loss the passing of Lady Strathcona entails.

The sympathy of Canadians will go out in unmeasured volume to Lord Strathcona who, in the closing years of his own full and useful life, is robbed of the sharer of his joys and sorrows, the helpmeet and partner of his Imperial aims and aspirations.

The report of the excise branch of the Department of Inland Revenue shows that in the twelve months of 1912-13 the consumption of tobacco in Canada was equal to 3.81 pounds per head of the population. The figure is the largest in a long record, and means that equal to \$1.46 a head of the people was paid to the Government in taxes. The tobacco consumed included 996,000,000 cigarettes, which, in spite of much denunciation, continue to win their way with smokers, old as well as young. That measure to prohibit their use, promised for the next session of Parliament, will mean a great number of enemies in the constituencies for those who vote for it.

Ottawa exchanges record the appearance in the capital city of a lady lecturer whose subject will be "The Dress of Our Ancestors." We are quite prepared to believe that the lecturer will trace the present customs back to the ancient civilizations, but it is ever attempts to traverse the past right back to Mother Eve she will come to a full stop. The conventional idea of the first lady in the land affords no material for a lecture on dress.

A Montreal electric company has been ordered to pay damages to a land owner because its workmen cut the limbs off and applied some trees on his property which leads the Montreal Gazette to remark: "This is a good and wholesome thing. A man's tree should be as sacred as any other property."

**CURRENT COMMENT**  
"The Montessori System"  
(Toronto News)  
"In recent discussions on education speakers have criticized the Montessori system adversely, declaring it to be based on athletic philosophy. This would seem to indicate that the method is not clearly understood. Dottorissa Montessori believes that the business of growing mentally cast not be delegated to another person. As a child's body grows of its own accord, so should its mind grow. But in both cases suitable environment and guidance are of assistance."

**Buying Automobiles**  
(Memphis Scimitar)  
"Booker H. Washington need not be surprised that prosperous people are buying automobiles before they invest in homes. The light colored folk do the same thing, and sometimes when they prudently invest in homes, they imprudently mortgage their homes in order to raise money to purchase automobiles."

**Grape Juins Diplomacy**  
(Boston Transcript)  
The conviction is gradually sinking in that grape juice is one of the most expensive commodities in the world. In moribund foreign policy has ever used.

## IN LIGHTER VEIN

**A Limited Experience.**  
"I say, caddy, did you ever see a worse player than I?"  
"No. But then, sir, I've only been caddy for four years."

**His Opinion.**  
"You must not do any brain work whatever," said the doctor to the author.  
"Not a poem?"  
"Well I didn't say that."

**What Would Happen.**  
A young doctor who had never been able to smoke a cigar without feeling ill once attended a big dinner. When cigars were brought in he refused one. "What, not smoking?" exclaimed his host. "Why, my dear fellow, you lose half your dinner." "Yes, I know I do," meekly replied the doctor, "but if I smoked one I should lose the whole of it."

**A Handle Quicker.**  
When Sir John Millis was painting "Chill October" among the reeds and afternoon a voice from behind a hedge asked, "Man, did you ever try photography?" "No, never," said Sir John, and he continued to paint slowly. "It's a handle quicker," said the voice. "Yes, I suppose so," the painter agreed. "Then the voice said bluntly, "An it's make like the place."

**Up to the Doctor.**  
"I want a nickel's worth o' chaw-kut candy," said the small boy to the clerk in the little corner drug store. When his wants were attended to, the clerk waited expectantly but no payment appeared to be forthcoming. "Where's your nickel?" he demanded. "Why you charge this to Dr. Peters," said the kid, with a show of confidence.

"Nothing doing. Your father said I wasn't to charge anything you bought. You ain't to have anything unless you've got the money with you. Besides, why should I charge it to Dr. Peters?" He asked your pa."  
"Now, that's all right. I had a nickel, but I swallowed it. An I'm goin' right on up to th' doctor's office, an' he'll git it. So you jest charge it to him."

**The East Quail at a Reasonable Price**  
**Gifts of Jewelry For Men**  
It's time now to be making your selections of gifts for Christmas. The useful gift is the one that appeals most to a man. Let your selection be something that he can use, and your gift will be what pleases him most.

The articles of jewelry that a man wears are limited, and that limitation makes it necessary that good taste and compliance with custom should rule in the selection.

You will find among our Watches, Gold Links, Scarf Pins, Fobs, Charms, Vest Chains and Rings ample opportunity to choose according to your own taste, and with the assurance that each article is correct and fashionable. You will find here only the best qualities of jewelry at moderate prices.

**Next To Consumption PNEUMONIA**  
There Are More Deaths Than Any Other Lung Trouble  
Pneumonia is nothing more than what used to be called "inflammation of the Lungs."  
Consumption may be contracted others, but as a rule pneumonia is by exposure to cold and wet weather. It is only one way to prevent pneumonia and that is to cure the cold on its appearance.  
Dr. Wood's Norway Pine Syrup does this for you if you will only take time.  
Mrs. Wm. M. Steves, River N.B., writes—"Please allow me to express my gratitude for the present Dr. Wood's Norway Pine Syrup because, for I believe it saved my boy's life. Three years this fall in the lumber woods, and it was very hard to get a doctor to us, and our little boy got pneumonia, and was very ill only relief he could get was to take Wood's Norway Pine Syrup, and the combined use of the Syrup and British Troop Oil Liniment, he got better, and was around in a couple of weeks. It certainly is a great relief. Price, 25 and 50 cents."  
Be sure and get "Dr. Wood's" you ask for it. Manufactured by Dr. T. Milburn Co., Limited, N. B.

**BEHOLD RECEPTION OF THE SALOON**  
French Women Present Invitation to Chamber of Deputies Intended to Curtail Sale of "Hard" Liquor.

Paris, Nov. 18.—The passage of a law by the Chamber of Deputies of the number of bars, saloons, other refreshment establishments, the sale of spirits in France, was demanded in a petition signed by 672 French women presented to the Chamber of Deputies by the Retnaux and five other deputies. The movement of the women directed against wines and beer against distilled liquors. It appears that the number of selling establishments in France increased from 435,579 in 1900 to 443 in 1911 and although alcoholic liquors are heavily taxed their consumption is increasing.

**MOTHER! IS CHILD'S STOMACH SOUR, SICK**  
If cross, feverish, constipated, give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is sore, is a sure sign its little stomach, and bowels are clogged with waste.  
When listless, pale, feverish, cold, breath bad, throat sore, drowsy, sleep or act naturally has sick-sneezing, indigestion, diarrhoea, a teaspoonful of "California Syrup of Figs," and in a few hours all the waste, the sour bile and fermented food passes out of the bowels, you have a well and playful child again. Children love this harmless "Fruit Laxative," and mothers can't bear to give it, because it fails to make their little "innocent" clean and sweet.  
Keep it handy, Mother! A given today saves a sick child tomorrow, but get the genuine. Ask druggist for a 50-cent bottle of Formin Syrup of Figs," or see directions for babies, children of ages and for grown-ups plainly on bottle. Remember there are no pills sold here, surely look for that you see that yours is made by the famous Fig Syrup Company." Beware with contempt any other syrup.

**OF SALOONS**

French Women Present Petition to Chamber of Deputies Intended to Curtail Sale of "Hard" Liquor.

Paris, Nov. 18.—The passage immediately of an act of parliament to limit the number of bars, saloons, and other refreshment establishments for the sale of spirits in France, was demanded in a petition signed by 222,073 French women presented today to the Chamber of Deputies by Joseph Relnack and five other deputies.

The movement of the women is not directed against wines and beers but against distilled liquors.

It appears that the number of spirit selling establishments in France increased from 438,373 in 1900 to 478,843 in 1911 and although alcoholic liquors are heavily taxed their consumption is increasing.

**MOTHER! IS CHILD'S**  
**STOMACH SOUR, SICK?**

If cross, feverish, constipated, give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if it is not his. It is a sure sign if his stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "Fruit Laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," or if you have directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other Fig syrup.

**AREA OF REBELLION**  
**IN MEXICO GROWING**

Continued from page one.

stantial resistance to the triumphant southward sweep of the insurgents.

Says Huerta Must Go.

Berlin, Nov. 18.—The retirement of General Huerta from the provisional presidency of Mexico is now the surest way to restore order in that country, where German interests are so great, according to an editorial article in the Tagblatt, which heretofore had steadily attacked the policy of the United States in Mexico.

The newspaper greets with sympathy the report that Admiral Von Hintze, German minister to Mexico, has advised General Huerta to accept the American proposals.

The Tagblatt's previous hostility to the United States is explained in the concluding paragraph of the article, in which it speaks of the possibility of the Monroe doctrine, whose political power is now, it says strongly, than ever before, assuming an economic aspect and urges Europe to be on its guard against any attempt to introduce it into the Mexican business field.

SENORA HUERTA TO RECEIVE.

Mexico City, Nov. 18.—The announcement that a diplomatic reception would be given by Senora Emilia De Huerta, the wife of the provisional president, at Chapultepec Castle

**Next To Consumption.**

**There Are More Deaths From PNEUMONIA Than Any Other Lung Trouble.**

Pneumonia is nothing more or less than what used to be called "Inflammation of the Lungs."

Consumption may be contracted from others, but as a rule pneumonia is caused by exposure to cold and wet, and there is only one way to prevent pneumonia, and that is to cure the cold on its first appearance.

Dr. Wood's Norway Pine Syrup will do this for you if you will take it in time.

Mrs. Wm. M. Steves, River Glade, N.B., writes:—"Please allow me to express my gratitude for the presence of Dr. Wood's Norway Pine Syrup in the house, for I believe it saved our little boy's life. Three years this fall we were in the lumber woods, and it was very hard to get a doctor to us, and our little boy got pneumonia, and was very ill. The only relief he could get was to take Dr. Wood's Norway Pine Syrup, and with the combined use of the Syrup, and your British Troop Oil Liniment, he soon got better, and was around in a couple of weeks. It certainly is a great remedy."

Price, 25 and 50 cents.

Be sure and get "Dr. Wood's" when you ask for it. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

**ROMANCE OF A \$10,000 PINK PEARL.**

The romance of a \$10,000 pink pearl, once worn in the royal regalia of an Indian Prince, sold to pay his losses at Monte Carlo, transported to America, stolen in New York and taken to Nevada, thence to China, back to San Francisco, pawned there by a woman to save the life of a San Francisco hospital and finally returned to New York to dazzle society circles and the patrons of the grand opera, was told by witnesses before Justice Donnelly and a jury in the Supreme Court of New York city.

The case is that of Ludwig Nissen & Co., Importing Jewellers, of No. 182 Broadway, against Mrs. Jules Vatable, who was Elizabeth Stokes, of New York and Tuxedo. The jewellers allege that the pearl was stolen from them. Mrs. Vatable replies that she bought it in good faith.

**UNIONS AGREE TO OFFER**  
**OF DOMINION COAL CO.**

Sydney, N. S., Nov. 18.—Since the middle of September negotiations have been in progress between Dominion Coal Company and the Provincial Workmen's Association in connection with the renewal or otherwise of the agreement between these parties, which expires on the last day of this year. Early in the month the delegates of the fourteen P. W. A. lodges at the various mines and pits of the Dominion Coal Company met the management and made a request for a ten per cent. increase to the so-called "common labor" or \$1.60 class in and about the mines. The management of the company were unable to accede to this request, but after hearing the representatives of the P. W. A. delegates they made two offers.

First—Five per cent. increase to the common labor class carrying with it an agreement to renew the contract for two years.

Second—Six per cent. increase to all day paid or hotted men working in and about the mines, whose daily wages are at the present time \$2 per day. In addition to this, the company undertook to give consideration to deserving men rated at \$2 per day and above the wages of the common labor to be granted by the managers and superintendents.

The second offer carried with it a three years' extension of the agreement. The company's offers were reported to the lodges and they immediately agreed to accept the offer of a six per cent. increase to the man earning under \$2 per day and to sign the contract with the company extending the agreement for a further period of three years, or until 31st December 1916.

tomorrow, gave rise to a story that General Huerta today had taken up his residence there. It was explained that Senora Huerta had decided to hold the reception at the castle because of the inadequate accommodations of the private home of the Huerta's in Liverpool street.

**YOUTH AND SPEED, SAYS MGR. MURPHY**

Toronto, Nov. 17.—Manager Jimmy Murphy of the Ontarios, successors to the Tecumseh in the N. H. A., has returned to town after a trip to Montreal, Ottawa and other eastern points. Upon his arrival he found the signed contract of Harry Scott, of Fort William, who will be one of the wearers of the colors of the new local team.

For two years Scott has been the leading goalkeeper of the Maritime league, where he played with New Glasgow and Moncton. He is a youngster, and in his letter which accompanied the contract he said that he was more than confident that he would make good.

When en route east last season Scott practiced with the Tecumsehs and made such a showing that he was much sought after by both Toronto teams, but he preferred going to the Maritime league, where he drew the largest salary ever paid to a hockey player in that country.

Jack McDonald, who jumped to the Pacific Coast league from Quebec, with "Goldie" Rodgers, has been secured by the Ontarios. "We will have a new team," says Manager Murphy, "perhaps the only members of the 1912 team who will be asked to report here are the McNamara brothers. It is our intention to build a team around that strong pair. We will pursue a policy of youth and speed and ought to have a good team before the season is over. The Ontarios are building for the future and high class teams are not made in one season."

**HAIR AND SKIN BEAUTY**

**PRESERVED BY CUTICURA SOAP**

Assisted by occasional use of Cuticura Ointment.

Cuticura Soap and Ointment are sold throughout the world. A liberal sample of each, with 25-cent tin box, sent post-free, Address: Foster Drug & Chem. Corp., Dept. 24, Boston, U. S. A.

**MAILS FOR FAR NORTH**

Dog Team Will Convey Mails from Athabasca Landing to Stefansson Expedition at Herschell Island.

Edmonton, Alta., Nov. 18.—All the mail consigned to Valhjalmar Stefansson and members of his party lies at the Edmonton post office. A dog team will receive the mail at Athabasca Landing and from there convey it to Herschell Island, the farthest point north. There are several packages and they are addressed "The Valhjalmar Stefansson Exploration Party, Herschell Island."

The mail will leave for Athabasca Landing Nov. 28, then if the Athabasca River is sufficiently strong, the dog team will start on its long journey to Herschell. From Athabasca the dog team will go along the trail until Great Slave Lake is reached, then in a northwesterly direction it will go to the mouth of the McKenzie River, down the McKenzie to Fort Smith, thirteen hundred miles to Fort McPherson, then the mounted police will convey it to Herschell, arriving about February 28, 1914.

**LORD STRATHCONA GIVES \$5,000 TO VANCOUVER MISSION**

Vancouver, B. C., Nov. 18.—Lord Strathcona has sent a contribution of \$5,000 to the fund of the Central Mission of Abbot street. This money is the last of a total fund of \$25,000 raised within a year to double the size of the present building, and increase the capacity of the work.

**PASSED WRECKAGE**

Quebec, Nov. 18.—The steamer Balthazar which arrived here today from Sydney, C. E., reports that on the 16th instant, while thirty miles north-west of Bird Rocks, she passed some dark planks, apparently wreckage.

**SPEEDY FINN WHO BROKE MANY RECORDS AND WALKER WHO NEARLY SMASHED ONE**

Hannes Kolehmainen, famous distance runner from Finland, set a new American record for all distances from three and one-half to ten miles in the national ten mile championship race at South Field, New York, which he won by two laps from Harry Smith, last year's champion. Kolehmainen covered the distance in 51m. 3 3/4-5s. The record, held by George Bonhag, was 52m. 34 4/5-5s. Kolehmainen's new record for the first three and one-half miles was 37m. 28 3/4-5s. The old record for this distance was held by Thomas Conner, who set the time at 37m. 42s. This record had stood for twenty-four years.

After a series of reverses this season Fred Kaiser, of the New York Athletic Club, triumphed in the seven mile national walking championship that preceded the ten mile run.

MARKET QUOTATIONS IN STOCKS AND BONDS

DAVY'S SALES ON MONTREAL MARKET

Table with columns for Morning Sales and Afternoon Sales, listing various commodities like cement, steel, and oil with their respective prices.

FIRM UPERTONE PREVAILS; QUOTATIONS ON BEAR LEVEL

New York, Nov. 18.—A firm undertone prevailed throughout today's trading in stocks. It was one of the duller days of the year. After a display of moderate activity in the first hour, during which prices were sent up as much as a point in some cases, the market dropped off into the same somewhat condition as existed yesterday, with a still smaller volume of business. Quotations remained virtually on a dead level, and even the traders on the floor of the exchange were unable to make profits in such a narrow market.

QUOTATIONS FOR NEW YORK AND BOSTON CURB STOCKS

Table listing stock prices for New York and Boston, including companies like Acadia Sugar, Acadia Paper, and various other firms.

Three Different BABY BONDS for \$299

Here is an opportunity for the man or woman with a few hundreds to take a part in the development of three great industries and at the same time get a pre-eminently safe and relatively profitable investment.

CLOSING STOCK LETTER FROM RANDOLPH

New York, Nov. 18.—The market opened quiet but generally higher in response to the better cables from London and advanced further during the first half hour. Canadian Pacific and Union Pacific were the leaders among the active issues, while New Haven was one of the strongest stocks on the list, being bought by shorts who did not like the increase in the amount of premium they were forced to pay for the use of the stock.

NEWS SUMMARY NOON LETTER ON AFFECTING NEW YORK STOCKS

New York, Nov. 18.—Huerta organizes the new congress, putting the finishing touches to his delinquency of the United States. He goes to the fortress of Chapultepec for personal safety. It is rumored that General Blanquet will lead an uprising of the army against him.

BONDS

Daily Investment News  
St. John, Nov. 19, 1913.

Three Different BABY BONDS for \$299

Here is an opportunity for the man or woman with a few hundreds to take a part in the development of three great industries and at the same time at a pre-eminently safe and relatively profitable investment.

This sample investment includes three of the most popular "Baby" or \$100 Bonds, and the premier securities of a great steel and coal company, large industrial concern, and well-known public utility. In each case assets and earnings show a large surplus over the bond issue and interest requirements.

The price is \$299 and accrued interest—the latter being included in the next interest payment. The average yield is 6 3/8—which is relatively high, considering the excellent security afforded.

Payment may be made if preferred on our convenient monthly plan.

If desirous of details just pin this ad to your letter for our immediate and complete reply.

CLOSING LETTER ON MONTREAL EXCHANGE

(F. B. McCURDY & CO.)

Montreal, Nov. 18.—The most important development of the day was the publication of the Bank of Montreal statement for the year ended October 31st. Earnings for that period after deducting charges for management and making full provision for bad and doubtful debts amounted to \$2,848,403, an increase of \$130,000 over the earnings for 1912. The statement was received at great satisfaction by the local street. The year covered by the operations of the bank was made noteworthy by the Balkan wars and the world-wide ensuing financial depression. It is now thought probable that all the larger Canadian banks will be able to report increased profits in their forthcoming annual statements.

Although the local market was unusually dull today, prices were generally firm. Brazilian Traction sold at 85, which was the highest price it touched for a week. The price of this stock has for some weeks been influenced by a persistent report of financial and industrial depression in Brazil and also by a story which was current a fortnight ago to the effect that the directors of the company contemplated some additional financing. The second story is authoritatively denied. As regards conditions in Brazil it is true that the purchasing power of the country has been lessened by the low prices of coffee and rubber, but on the other hand the Brazilian Traction Company continues to show larger earnings than last year. Extensions to the plant which were made during the summer and the installation of new equipment is stated to have considerably reduced operating costs.

Montreal Tramways was strong, selling at 18 1/2, as compared with 104 yesterday. The position of this company will be materially improved if the directors succeed in a forty year franchise with the City of Montreal. That they will succeed in their efforts now appears to be the general view here. The stock of Montreal Tramway and Power which has a controlling interest in the common stock of the Montreal Tram, stock, was unchanged today selling at 40 to 40 1/2.

Ottawa Power was firm at 160 and there was rather more enquiry than usual for the stock. Ottawa Power has come in for more attention since the formation of the Ottawa Traction Company. It is thought that this concern is intended as a holding company for the power company and electric railway.

The higher priced stocks were generally stronger. R. & O. sold at 103 at the opening and with 104 yesterday. Net earnings for the company for the season just ending have established a new high record. Some brokers are of the opinion that even if the plans of the interests identified with the formation of the Canada Steamship Lines should not be brought to completion, the carrying power of the R. & O. Company would justify its present price.

Montreal Power was firm at 209 1/2. It is stated that the first payments on the new issue of Montreal Power stock was due yesterday and that the response was very satisfactory.

WEDDINGS.

Pittman-Taylor.  
Newcastle, Nov. 18.—The marriage of William Pittman of Douglastown, and Miss Essie Taylor of Norden, took place in St. Samuel's church, Douglastown, yesterday morning. Rev. Father Dixon officiating. The couple were attended by Herbert Sullivan and Miss Cella Pittman. The bride was handsomely dressed in blue with fawn and black hat with blue plumes, and the bridesmaid in blue with old rose hat. A reception was held at the home of the groom's parents in the evening. Mr. and Mrs. Pittman will reside in Douglastown.

Mrs. Wm. Harrison has returned from a visit to her aged aunt in Eastport, Me.

Mrs. J. F. R. McMichael has returned from Moncton.

DOW JONES CO'S CLOSING LETTER ON COTTON MARKET

(J. C. MACKINTOSH & CO.)

New York, Nov. 18.—Today's market has been comparatively quiet. Talk of freer Southern spot offerings, full private ginning returns, unfavorable foreign trade advices, have been reflected in quite a good deal of bearish talk around the ring, but offerings have been restricted by expectations of a bullish revision tomorrow, the absence of any important hedge selling, and reports that spinners were again fixing prices on a moderate lull of cotton on this morning's decline. Cables were better than due, and the local market opened steady at an advance of 4 to 7 points. Prices very quickly weakened, scattering liquidation, local and southern selling, however, and active months sold 10 to 12 points under yesterday's closing figures during the morning. Trading then became less active and losses were recovered on scattered covering, although there was no material change in the general character of the news. There has been hardly enough of southern selling here to color the reports of easier interior markets, but it is quite possible that low grades were offered more freely this morning.

VERY SUCCESSFUL CHURCH CONCERT

Central Greenwich Methodist Church Scene of Pleasant Evening—Splendid Programme.

Central Greenwich, N. B., Nov. 17.—The young people of the Methodist church of this place held a very successful concert and pie social in the Foresters' Hall, on Saturday evening the 15th inst. The net receipts were forty-four dollars, which will go towards repairs of the church.

The programme, which was well rendered and greatly enjoyed by a full house, was as follows:  
Opening chorus, Oh come, come away; dialogue, a changed household; Miss Richards, Miss Mildred Bacon, Messrs. Angus Bacon, Kenneth Bacon and Lewis Jones; solo, Trail of the Lonesome Pine, Miss Hovey; dialogue, Mind Your Own Business; six ladies and three gentlemen; solo, History of the World, F. Short; recitation, Why Doesn't He Come? Miss Phebe Hines; male quartette, Tenting Tonight, Messrs. Frank Short, Angus Bacon, Ernest Ingram and George Bacon; recitation, Wanted, a Minister's Wife, by Mrs. C. Harris; dialogue, Bridget's Investment, the Misses Richards and Hines, Master Willie Harris and Messrs. Angus Bacon and George Bacon; recitation, That Auld Scotch Word, "Imph-m," Miss Hovey; quartette, Home Again, Mrs. C. Harris, soprano, Miss Amanada Bacon, alto, Angus Bacon, tenor, George Bacon; bass; recitations were also given by the Misses Clara Burns, Minnie Bacon and Lillian Short; full chorus, At the Battle's Front; closing chorus, God Save the King.

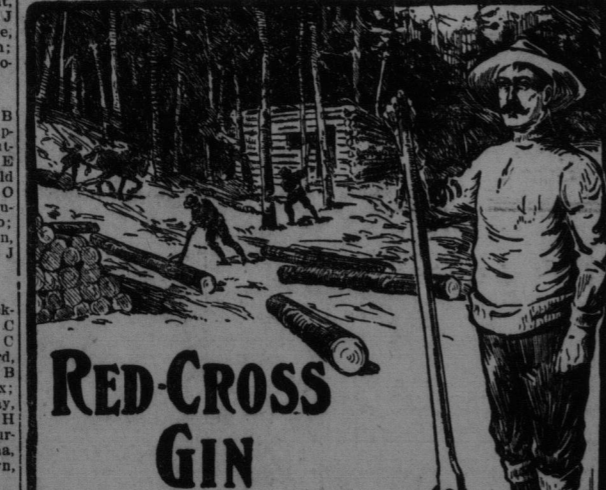

Many thanks are extended to those who immediately connected with the church, who very kindly lent valuable assistance.

NEWCASTLE NOTES

Newcastle, Nov. 16.—Rev. Dr. Cousins in the Baptist church on Sunday night preached a forceful sermon on "Resisting Sin."  
The funeral of the late Mrs. James Copp, who died on Friday at the residence of her daughter, Mrs. Wm. Craig, took place at St. Mary's Roman Catholic cemetery yesterday afternoon. Rev. P. W. Dixon conducting services. Deceased leaves three children, Wm. M. Copp and Mrs. Craig, Newcastle, and one daughter in the west.

After a most successful mission at Dauglastown last week, Rev. Father Pacifico is this week conducting a mission here, in celebration of the 1500th anniversary of the granting of freedom of worship to the Christians of the Roman Empire.

A series of special services begins in the Baptist church at Lower Derby next Sunday and continues for a week. On the 25th instant the 10th district Baptist quarterly meeting convenes at Lower Derby.

RED-CROSS GIN

LUMBERING is an "all-the-year-round" outside job requiring great strength and vitality to withstand the severe conditions to which the "Lumber Jack" is often exposed. Cold damp mornings and raw chilly days will soon sap the strength of the strong and sturdy. In just such cases the famous

RED CROSS GIN

is a helpful and stimulating beverage to the man engaged in hard outdoor work.

The Official Stamp of the Canadian Government is on every bottle of RED CROSS GIN. It's healthy pure.

BOIVIN, WILSON & CO., LIMITED, MONTREAL.

LAIDLAW & CO'S CLOSING STOCK LETTER

(J. C. MACKINTOSH & CO.)

New York, Nov. 18.—There was nothing in today's news to stimulate bullish activity in the stock market but a renewal of efforts to depress prices again failed, attesting to the strong technical position of the list as a whole. The general run of stocks were unaffected by the specific weakness which developed at certain points, notably in the telephone issues, which seemed to be under moderate liquidation pressure. On the other hand the traction stocks and New Haven showed pronounced strength, without definite information in the way of news. There was no disposition in any quarter, however, to take a bullish stand until the Mexican question has been disposed of. It was notable, however, that the less favorable aspect in this situation failed of effect. Accumulating evidences of trade depression, especially in steel, put something of a damper upon the spirits of the street, but the current level of prices discounts a great deal in the nature of business reaction.

LAIDLAW & CO.

PORTAGE VALE NEWS ITEMS

Portage Vale, N. B., Nov. 18.—The beautiful November days have permitted the farmers to gather in their belated harvest of roots.

The breakwater which has been put in at Stockton's by Herbert J. Morey, Springdale, is now finished on Sunday. The work reflects much credit to Mr. Murray, and also to the local government. The breakwater this time will, no doubt, last for years to come.

Frank E. Dunfield, St. John, spent Sunday at his home here.

Mrs. Sadie Dunfield, who has been visiting friends at South Branch has returned.

Miss Steeves, Elgin, was here yesterday on a hunting trip.

Bliss Keith and F. E. Dunfield have opened a new store at Annapolis. They have Mr. Dunfield's brother, Heber N. Dunfield, to run the business for them. Their many friends wish them success in their new venture.

Mr. F. P. Dennison preached in the Baptist church here Sunday morning, and in the evening he held service in the Upper Baptist church at Penobscus.

John Kincaid, Rumford Falls, Maine, has been visiting his uncle, H. D. Kincaid, for the past few weeks.

A Splendid Opportunity for Investment  
THE GULF SHORE SILVER BLACK FOX & FUR CO., LTD.  
having applied for incorporation with a capitalization of FORTY FIVE THOUSAND DOLLARS, have in breeding 2 pair genuine silver black, 2 pair silver grey, 2 pair patch crosses, and nine pups.  
It is proposed to issue 450 shares at par value (One Hundred Dollars each) and owing to the low cost of capitalization this should prove an attractive investment with good returns.  
PROBABLE FINANCIAL RETURNS:  
Figuring an average of 2 1-2 to a litter there should be  
5 Silver Black Pups at \$5,000 each - - \$25,000  
5 Silver Grey Pups at \$2,500 each - - 12,500  
5 Crosses at \$500 each - - - - 2,500  
\$40,500  
As all expenses for the first year are included with the original cost of the foxes, there is practically no expense to be deducted from the very low average of production, so that the probable returns should be in the vicinity of 100% for the first year.  
October auction sales of fox furs (report of C. M. Lamson & Co.'s sale of furs in London.)  
On the 27th, 28th, 29th and 30th of October, 1913:  
SILVER BLACK FURS, 40% Higher Than Last Year.

# TBALL ATHLETICS BOWLING

## MORRIS PAYS HIS RESPECTS TO BOXERS

New York, Nov. 17.—While taking light exercise at the New Polo A. A. in Harlem yesterday Carl Morris of the Oklahoma ring, who in the opinion of many ring followers is the best white heavyweight in the world, paid his respects to Jess Willard and Gusboat Smith, with whom he has been trying to arrange matches.

Morris is fighting in condition with the idea of fighting Willard in the Garden on December 2, provided Willard can obtain reinstatement by the State Boxing Commission.

It is understood that a Buffalo promoter will withdraw his complaint against Willard for running out of a bout with One Round Davis last winter if somebody will hand over \$500 spent in advertising. But Manager Gibson of the Garden A. C. said yesterday that he would not agree to reimburse the Buffalo promoter until Willard had positively agreed to meet Morris here.

"If Willard signs articles to box me in the Garden on Dec. 2, I will be very much surprised," said Morris yesterday. "I don't believe he wants any of my game, for he has known me for years when we were both greenhorns out in Oklahoma. He gets into the ring with me, just say that there isn't the slightest doubt in my mind that I will knock him out before the end of the tenth round. Willard cannot stand punishment such as I am able to give him."

"As for Gusboat Smith I think the sporting public realize now that he is afraid to meet me again. I did not foul him in the first round of our recent Garden bout. He simply quit rather than be put away. Smith jarred me with a left hook, the first blow of the fight, which was followed by a clean right on the other side of the jaw, but I recovered quickly and after that he fought himself out."

"I met Gusboat over in Brooklyn the other night and asked him why he had refused to box me again, especially when knowing that another bout in the Garden would draw at least \$20,000. Smith replied that he had no objection, one with Lanford in Boston tomorrow night, another with Ed Hagen at a local club Thursday night, and a 20-round bout with Pelly in Frisco on New Year's day."

"You beat Willard," Smith told me, "and then I'll make a match with you for some time in February. If this isn't a case of sidestepping, what is it? Lanford, in my opinion, is the greatest fighter in the world now, and if he isn't under wraps Smith will be knocked out cold in a couple of rounds. But I hear that the bout in Boston will go the other way."

Freeman Jim Flynn, who began training at Dal Hawkins' place in Westchester, is anxious to get the Dec. 2 date with Morris. Flynn has no objection to making for his losing battle with Gusboat Smith here last summer except the statement that excessive heat never did agree with him.

"I have come over a good rest," said Flynn yesterday, "and I want another crack at Morris because he is a better man than when we met two years ago. If the Garden doesn't offer a purse, I will agree to take on any other white man at any of the local clubs."

Willie Ritchie, the world's light-weight champion, who left here for San Francisco on Saturday, is receiving credit from Manager Gibson of the Garden A. C. for unusual fairness. When Ritchie made the match with Cross he accepted an offer of 30 per cent. of the gross receipts or a \$10,000 guarantee. The gate amounted to \$21,000 of which Cross's share was 20 per cent. When Ritchie learned that the Garden A. C.'s bit would be comparatively small he supposed the proposition voluntarily wanting the \$10,000 guarantee and accepting the percentage, which amounted to a trifle more than \$6,000.

Hagen, the California heavyweight, who is under the management of Harry Pollok, is training under the supervision of Jim Flynn at Hawkins' place. Hagen made a good record on the Coast and Flynn says he may furnish Gusboat Smith with a genuine surprise when they clash in the Atlantic Garden next Thursday night.

Jeff Smith, the American middle-weight, now in Paris, won a battle on Saturday night, receiving the decision over Bernard, the French middle-weight, in a 20-round bout, which was fought at Luna Park. Smith received a guarantee of \$2,000 for his end. Smith left Paris for England, where he is signed up to meet some good middle-weight at Liverpool on Nov. 27.

**A WORLD SERIES FOR STANLEY CUP?**

Quebec, Nov. 17.—At the next meeting of the National Hockey Association, which will be held at Quebec on Nov. 23, for the purpose of drafting the schedule, it is probable that Messrs. Quinn and Fremont, the Quebec delegates, will make a motion to the effect that the Stanley Cup trustees be approached with a view to making it a trophy in the world series, which is likely to take place after the close of the N. H. A. season between East and West.

## THE ELEVEN WHICH ALL BIG TEAMS FEAR AS GRIDIRON FOE

Carlisle Football Team. Of all the football teams in the country there is none that is deserving of more praise or that annually attracts more general interest than that of the Carlisle Indian School. It is the one eleven that is willing to match its prowess against all comers. It does not "pick" its schedule, but accepts the challenges of both big and small. If all the big teams of the East would give Carlisle a place on their schedules the Indians would gladly accept; in fact, Glenn Warner's warriors would welcome an opportunity to meet all of the big teams. It is said that the Indians are not so strong this year as they usually are, yet they have defeated Cornell and the University of Pennsylvania. They have been cast out of consideration as contenders for the so-called more or less mythical "championship" because they were defeated by the University of Pittsburg.

Reading from left to right, the above picture shows: Bracklin, right half back; Welch, captain and quarter back; Cahnc, full back; Guyon, left half back; Line—Vedernack, right end; Lookaround, right tackle; Busch, right guard; Garow, center; Hall, left guard; Byrnes, left tackle; Pratt, left end.

## NAME MAKES A DIFFERENCE JUST THE SAME

"What's in a name?" Well, for instance, just bill some of our night entertainers under their correct appellations and you will really be surprised.

How does this sound?  
Geary Steffens vs. Louis Wallach. Or this:  
Fred Thomas vs. Willie Breslin. Give this up and down:

Joseph Carroza vs. Joe Rivera. Frankly speaking, you would do so far to see a bunch of unknown duels like them, would you? No, of course not!

But at the same time you wouldn't mind witnessing a few rounds of performing by Willie Ritchie and Leach Cross or Freddie Welsh and Jack Britton or looking over Johnnie Dundee and Joe Rivers.

Oh! that's different. No, it isn't either. They are one and the same. Ritchie is Stephens, Cross is Wallach, Welsh is Thomas, Britton is Breslin, Dundee is Carroza, and Rivers Rivera. And that is not all. There are others—many others.

Probably one of the best known of these was Joseph Youngs, who chose the handle of Tommy Ryan to carry into the ring with him because it was more in harmony with his business.

Kid McCoy, a pupil of Ryan at one time, and who later crossed him, was always married under his own name of Normal Selby, son of the Rev. W. Selby.

During the meeting of the board of supervisors in San Francisco a member is dignifiedly addressed as Mr. John Herger, but earlier in life he was known and famous as Young Mitchell—one of the best middle weights of his day.

You would think a body crazy that would introduce Philadelphus O'Brien to you as Mr. Joseph F. Hagan, yet that would be necessary if you would be properly introduced.

Tommy Burns is known the world over, but few know his real name is Noah Brusso.

That reminds us of old Bill Lanz, one of Tommy's victims. Remember Bill? He was sent over here touted as the greatest boxer in the world—and he never missed a punch while in this country. He always signed his letters home to Australia "William Lanfranchi."

## EMERSON & FISHER TEAM CAPTURE TWO

On Black's alleys last night a double header was played. In the first game Emerson and Fisher team defeated the T. S. Simms bowlers, and in the second game the Emerson and Fisher team again won, this time from the Barnes & Co. aggregation. The scores were:

T. S. Simms & Co.			
Connell	75	80	223 74-13
Push	84	93	84 261 87
Deering	77	68	77 222 74
Knef	75	93	85 259 86-13
Kiley	82	79	76 247 82-13

Tonight in the Commercial League Emerson and Co. will meet the W. H. Thorne and Co. bowlers.			

The City League will open tonight the opposing teams being the Tigers and the Ramblers.

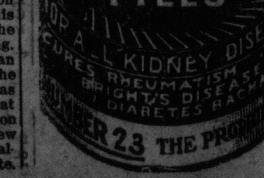

Young Joseph, an excellent European boxer, who is about thirty is Harry Aschel to his folks in London.

The old timers are not the only ones to use aliases. Here are a few everyday fighters that we all know and their truthful patronyms: Meet Ernest Custer Price of Indianapolis. Who? Oh, to be sure, Mr. Price and Jack Dillon are one and the same. Know Paddy Lavin at Patrick Styes, and if we introduce Wilcox Ferns, after the welter title, as Clarence McCubbins, we shall be making no mistake.

When Eddie Camp, the blackhaired little Pricco newboy went to school the teacher who his name as Edward Campus, K. O. Brown's honest-to-Gawd handle is Valentine Braun. And Jack and Charley White, the clever Chicago high lights, left their family name of Anchowitz back in Liverpool, England, where they were born. Harry Lewis is not a brother of Willie Lewis, as he was born Henry Besterman.

George K. O. Brown has the Spartan tag of George Contas.

Oh! there's a lot in names.

## HARVARD AND YALE CLASH ON SATURDAY

With the big contest of the year scheduled for Saturday next and the hopes of Harvard for victory vested mainly in the unerring foot of Charley Brickley and the exceptional speed of Eddie Mahan, the Crimson supporters are wondering, and with due cause, whether their two Crimson stars will ever get the opportunity they need to show their undoubted skill in this last game of the season.

Yale has a great habit of killing off stars and on Saturday next mayhap some 44,000 spectators will be given an illustration of the way in which the Blue tacklers go after and get their men. Yale got Baker Saturday and they put an immediate crimp in the Princeton captain's ambition to show his speed on Yale field. It behooves Harvard to watch out next Saturday afternoon when Brickley, Mahan and other most potent factors in the Harvard attack are extremely liable to be put out of the play at an early hour.

In this crucial game of the year between big teams it is the custom, the necessity of which is continually dinning into the ears of the players of both the Harvard and the Yale eleven, to stop the men who are liable to prove the most dangerous in the way of achieving a score.

While perfectly within the rules in regard to their hard tackling, it is easily possible to throw and down a certain runner in a way that is very liable to take a good deal of his ambition away. Yale teams have been noted for ability in this respect in previous years and it requires no wide stretch of the imagination to see some such a stunt as this pulled off on Saturday.

Yale's line, undoubtedly the superior of the Harvard first defense, is liable to lose some of its great effectiveness through the skill of Mahan at rounding the ends and the ability of Brickley to drop the ball over the goal posts from nearly any angle. The Yale line may withstand the line plunges of the Crimson successfully only to see a wonderful defence made in front of the goal.

Three years ago Harvard's great team failed to defeat Yale at New Haven mainly because Ham Corbett, the man upon whom the Crimson most depended, was tackled so savagely from the very opening of the game that he was unable to do himself anywhere near justice. His fumble was the indirect result of a savage toss that had received a few minutes previously.

It is still remembered how Charlie Kilpatrick got Tal Pendleton of Princeton and how Homelieker got Baker last year, although he was himself put out of the play in accomplishing his purpose. Two years ago it took but one play in the Harvard-Yale game for Ham Fish to get Lilley, the big

## WILL PLAY GAME OVER ON FRIDAY

At a meeting of the committee of the School Boy Athletic movement in the Y. M. C. A. yesterday afternoon it was decided that the protested championship game between Albert and Grade VIII of the High School teams would have to be played again.

The protest was made by the Albert team on the ground of false tackling. At the hearing yesterday the evidence showed that the false tackling in question materially affected the final result, and the game was ordered replayed on Friday afternoon next at four o'clock.

**Unbiased.**  
Hotness (gushingly)—They tell me doctor, you are a perfect lady-killer. Doctor (modestly)—I assure you, my dear madam, I make no distinction whatever between the sexes.—Tatler.

**The insult.**  
Lady (ordering boots for her husband)—Do you keep men's boots? Shopman—No, madame, but we keep up to nine in women's.—London opinion.

Yale tackle. When a man is to be gotten the tacklers generally perform the work laid out for them. Yale team against Princeton last Saturday was as fierce as ever displayed in a big game and the success of the Blue in this direction will probably spur them on to further efforts next Saturday when they remember what Brickley did against Yale last year. Without a doubt they will try to prevent either Brickley or Mahan from repeating.

On the theory that Harvard gives tit for tat it will be interesting to see just how successful the Crimson will be in taking care of Wilson and Alnoworth. Wilson showed Saturday that he is the real power behind the big Blue rush line. White Alnoworth proved the best ground gainer on rushes through the line. If Yale attempts to sidetrack Brickley and Mahan, just watch Harvard dispose of Wilson and Alnoworth.

## REAL ARTICLE IN WRESTLING IS PROMISED

St. John will have a real championship match when Anderson and Young Carpenter come together. Sam Anderson will have to show this time at his best and it will be a finish match at the middle weight. And the belt won by Anderson in the world's tournament in London 1908. Shortly after Anderson left here, the promoter got a letter from Kolim asking for a match. Anderson was communicated with, and the offer he made was that he would come again and take a chance of putting the belt against \$500 with McDonald or any middleweight we could get to wrestle him in St. John. The promoters got a line on Carpenter and he agreed to the proposition, and those who know him feel he will be here with the goods on the 26th of this month.

**Advice for the Snubbed.**  
Mrs. Matchmaker—I know Betty snubbed you, but don't mind that. Follow her up, be persistent and you are sure to win.  
Jack Wyse—No, thanks. I haven't forgotten the advice once given me by an old Southern colonel. "My boy," said he, "never run after a woman or a street cat—there'll be another along pretty soon."

**Figures Won't Balance.**  
Jack Singleton—My fiancée actually keeps count of the kisses I give her.  
Tom Wedderly—All very fine, but if she continues that after marriage you're in for it.

## ROBINSON IS TO MANAGE BROOKLYNS

New York, Nov. 18.—President Charles Ebbetts of the Brooklyn National League Baseball Club, announced today that the Superbas' new manager to succeed Wm. Dahlen would be Wilbert Robinson, until recently a member of the New York Giants. Robinson signed a Brooklyn contract this morning after a talk with Ebbetts and will take immediate charge of the playing end of the club.

**TWO MEN LEAGUE.**  
The results in the two men league on Victoria alleys last night were:  
Stevens— 78 89 106 88 72 433 86-35  
McDonald— 77 93 91 88 86 435 87  
155 182 197 176 168 868

**Gardner.**  
90 68 83 76 78 395 79  
Carleton— 84 73 80 72 103 413 82-35  
174 141 163 149 181 808  
Stevens and McDonald, 4 points; Gardner and Carleton, 2 points.

**Tonight's Matches.**  
Norris and Bissett vs. Davis and Duffy at 8 o'clock.  
Baxter and Evans vs. Davis and Duffy at 9:15 o'clock.

**THE DAILY ROLL-OFF.**  
In the Victoria bowling alleys yesterday A. W. Covey won in the daily roll-off with a total of 117.

## BRASS BEDS

Are you one of those who have always looked upon a first-class brass bed as a luxury, something attainable only by the wealthy? If so, your views will surely be altered when you see the new lot which we have just opened up, and which includes beds at prices to suit every purse. The designs are all new, shown in St. John for the first time, and, furthermore, will not be shown at any other store. By buying largely, we got control of these designs, and, at the same time, are able to offer them at much lower prices than we have ever seen before for articles of equal merit. And, best of all, they are absolutely guaranteed, both as regards perfection of construction and durability of finish. So that you take no risk in making selection from our immense stock. Call and inspect them anyway, while the variety is large. Please note, also, that we sell guaranteed springs and mattresses, "fit for any bed."

## DISCUSSION OF SEED GRAIN AND POTATOES

**AND POTATOES**

Dominion Experimental Farms will send out Best Sorts of Grain and Potatoes to the Farmers.

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter applying to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs.), field oats (4 lbs.), barley (5 lbs.), and field peas (5 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm of Ottawa supplying only the Provinces of Ontario and Quebec. All samples will be sent free by mail.

As the supply of seed is limited farmers are advised to apply early but the applications must not necessarily be filled in the exact order which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

**WANTS DISFIGURE THE MANDRILL**  
But can be painlessly removed twenty-four hours by use of Putnam's Wart and Corn Extractor. Put your name up and still the best. Insist on getting Putnam's Extractor, 25c. at dealers.

**GENERAL BOOTH MEETS HIS BROTHER**  
Chicago, Nov. 18.—General Booth, commander-in-chief of the Salvation Army, and General Bullen, head of the Volunteers of America, will meet in New York, N. Y., on Friday. General Booth was announced here today by Press Telegram from New York. The two have not met since Bullen both separated sixteen years ago from his father, General William Booth, founder of the Salvation Army, and organizer of the Volunteers of America.

**IDENTIFICATION OF VICTIMS OF BLIZZARD**  
Goderich, Ont., Nov. 18.—Further identifications are George Jacobs of Wolverine, Mich., one of the lost crew, and George Thompson of Hamilton, Ont., the seaman from Caruthers on whose arm "J. T." was tattooed.

The Canadian authorities through E. M. Lewis, M. P., have enquired so whether the United States government has instituted the patrol in the neighborhood of Manitowish Lake Superior, where the Leafhead supposed to be lost.

The Ottawa government does wish to overstep its effort. The United States authorities may be made to do so. No reply has been received yet.

**PREPARING TO BUILD A MODERN ARSENAL**

Quebec, Nov. 18.—The militia department has a number of extra work clearing the ground of the Heald estate acquired by the minister of militia on which is to be erected a to-date arsenal for the manufacture of ammunition for the militia force of the Dominion. The projected building will cover four acres and will be the most improved arsenal on the continent of America.

Range for the testing of ammunition, etc. will be added. The plans for the buildings are now being prepared in Montreal.

Under Pressure.  
"Did you tell Charley that you lost his?"  
"Yes. I didn't want to, but he just insisted it out of me."

ROBINSON IS MANAGE BROOKLYNS

DISSEMINATION OF SEED GRAIN AND POTATOES

Dominion Experimental Farms will Send Out Best Sorts of Grain and Potatoes to the Farmers.

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs.), white oats (4 lbs.), barley (5 lbs.), and field peas (5 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the Provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early; but the applications must not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and applications for potatoes) should be addressed to the Dominion Cereals, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

J. H. GRISDALE, Director, Dominion Experimental Farms.

WARTS DISFIGURE THE HANDS

But can be painlessly removed in twenty-four hours by use of Putnam's Wart and Corn Extract. Fifty years in use and still the best. Insist on getting Putnam's Extract, 25c. at all dealers.

GENERAL BOOTH MEETS HIS BROTHER

Chicago, Nov. 18.—General Brantwell Booth, commander-in-chief of the Salvation Army, and General Ballington Booth, head of the Volunteers of America, will meet in New York, it was announced here today by Brantwell Booth. The two have not met since Ballington Booth separated seventeen years ago from his father, General William Booth, founder of the Salvation Army, and organized the Volunteers of America.

IDENTIFICATION OF VICTIMS OF BLIZZARD

Goderich, Ont., Nov. 18.—Further identifications are George Jacobson, of Wolverine, Mich., one of the McLean crew, and James Thompson, Hamilton, Ont., the seaman from the Carruthers on whose arm "J. T." was tattooed.

PREPARING TO BUILD MODERN ARSENAL

Quebec, Nov. 18.—The militia department has announced plans for work clearing the ground of the Hunt estate acquired by the minister of militia on which is to be erected an up-to-date arsenal for the manufacture of ammunition for the militia forces of the Dominion. The projected buildings will cover four acres. The plans for the buildings are now being prepared in Montreal.

City Council Decides To Ask Discussion of West Side Proposals

Commissioners Pass Resolution Requesting Board of Trade to Call Meeting of Citizens to Discuss Dock Question—Would Assist Minister of Public Works to Expedite Work.

At the special meeting of the city council yesterday it was decided to ask the Board of Trade to call a public meeting of citizens to discuss the question of the length of the West Side docks, in order that the Minister of Public Works might speedily implement his promise to build the revetment wall and another pier on the West Side. A contract was let for a new warehouse on the Pettinill wharf.

On motion of the Commissioner of Finance it was decided to appoint John O. Porter as a city constable. The Mayor recommended that the city take half a page of advertising in the souvenir to be issued next year in connection with the convention of the Trades and Labor Congress. On motion of Com. McLellan, the recommendation was adopted.

West Side Improvements

The Mayor referred to the visit of Hon. Robert Rogers, and the resolutions presented to him by the Board of Trade. He pointed out that two of the resolutions presented to Mr. Rogers stood out prominently; these were the resolutions referring to the building of the revetment wall and the extension of the 400 foot neutral strip. In regard to the agreement entered into between the city, the government and the C. P. R., the Minister of Public Works had strongly approved the clause providing for the reservation of a 400 ft. neutral strip, allowing any railway access to the government docks on the West Side.

The Mayor said that when the agreement was made with the government and the C. P. R. in reference to the 400 ft. strip, it was the intention that the business on the harbor front should be handled, as in Montreal, by a harbor commission.

Com. Schofield: "Conditions here are not quite the same as in Montreal." Finally it was decided to ask for an expression of opinion from the citizens, the Board of Trade to take the lead in calling a meeting.

Com. Agar brought up the matter of purchasing 4 lots on Kennedy street at \$200 a lot. He thought it was advisable for the city to purchase as there was a lot of rock there suitable for street work. When the rock was cleared off the lots would be worth more than \$200 a piece. The property is now owned by Mr. Lipsett. It would be a good place for a portable stone crusher to work.

It was decided to purchase the lots. Com. McLellan said he had looked into the matter of installing four fixture lamps in front of the market on Charlotte street, and estimated the cost would be \$125 a lamp. The commissioner was authorized to put up the lamps and charge the cost to the market account.

Com. McLellan said that he expected the revenues from market tolls this year would be \$1,000 or \$1,200 in excess of last year.

HEART WAS SO BAD Could Not Do Her Housework

Many women get run down and are unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung. To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mrs. Thomas Melville, Saltcoats, Sask., writes: "I thought it my duty to write and tell you how much your Heart and Nerve Pills did for me. My heart was so bad I could not sleep, eat nor walk about the house. I could not do any housework at all, and what my husband could not do had to go undone. I had two small children depending on me besides three men to cook for, and I worried me to not be able to do anything. My husband had taken some of your pills some years ago, and insisted on me trying them, so started, and before I had taken them two weeks I was considerably better, and before I had taken two boxes I was doing my own work again. Any one suffering from heart or nerve trouble should just give your pills a trial. If anyone cares to write me I will gladly give them all the information I know concerning your wonderful medicine." Milburn's Heart and Nerve Pills are 50 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SAFE DEFIES ALL EFFORTS

Huge Vault, with \$1,000,000 in Bonds Inside, Refuses to Open—Contract of Sale Broken.

London, Nov. 18.—With over \$1,000,000 city bonds, delivery of which was contracted for last Saturday and with several dollars in cash locked away in its innermost recesses the huge five-ton safe in the office of the city treasurer has defied the efforts of Treasurer Bell, his assistants and a corps of locksmiths to open. For four days a gang of men from the works of the manufacturers have been drilling the burglar proof doors. Sixteen drills have been broken in an effort to open the safe and it still defies the efforts of the mechanics to open.

It was Saturday morning when the combinations of the safe went wrong. Over \$1,000,000 in City of London bonds, purchased by a Toronto bond house, were locked in an inner drawer. The contract for their sale called for delivery Saturday afternoon; naturally this Saturday has not been fulfilled. Saturday and Sunday expert locksmiths attempted to get the "tumblers to work right" without avail. As a last resort the manufacturers were wired and yesterday afternoon a gang of men from the safe works arrived with the necessary drills and tackle.

Do You Pay for It Afterward?

If You Do, Just Garry a Little Stuart's Dyspepsia Tablet in Your Vest Pocket and a Big Meal Will Be Easily Laid Away.

Get away from the foreboding that every time you enjoy yourself heartily and eat a full meal, that you will pay for it afterward. There is no sense in your not enjoying every meal to the utmost. And you can do so without danger from a protesting stomach if you take the precaution always to have Stuart's Dyspepsia Tablets with you. Then if you overeat, or eat something that disagrees with you as the most careful person will sometimes, one or two of these tablets will restore normal conditions in your stomach in a very few minutes.

"I Am Going to Enjoy This Meal For I Have a Stuart's Dyspepsia Tablet in My Vest Pocket."

Stuart's Dyspepsia Tablets are nothing more than a concentrated form of the natural secretions which the stomach makes. They are five cents per tablet. Stuart's Dyspepsia Tablets merely step in when the stomach is too tired or too sluggish to perform its functions properly and supply a sufficient quantity of these digestive ferments to digest completely all food, under either acid or alkaline conditions, in the stomach.

It has long been known that the various digestive ferments could be produced as perfectly in the laboratory as in the stomach, but Stuart's Dyspepsia Tablets are the first attempt outside of certain hospitals, to utilize these discoveries for the benefit of sufferers from indigestion and kindred complaints.

The perfect freedom to eat what you please and as much as you please which Stuart's Dyspepsia Tablets gives, has won it thousands of friends who make it a constant vest pocket companion. Join today the vast army of people who have declared their independence of stomach troubles. You street, and it was decided not to build the wall till spring.

SEVERE SENTENCES FOR HANDBOOK MEN

Toronto, Nov. 18.—Magistrate Kingsford gave the handbook assessors in Toronto a hard blow and severe warning this morning when he imposed sentences on A. J. Allen, Fred White and Clarence Hollivell who were arrested in connection with the case of A. J. Denison, the Massey Harris employee, who was convicted of stealing \$7,000 from the company and which he claimed was lost in betting.

Allen pleaded guilty to the taking of Denison's money although he thought Denison was acting for a syndicate. Allen got a sentence of six months and a fine of \$500 or another six months. White was fined \$100 or six months and Hollivell was given six months and a fine of \$50 or an additional six months.

**AROUND THE CITY**

Pythian Night at Temple Fair. The Temple Committee extend an invitation to all Knights of Pythias to attend the fair on Thursday evening, as they have made provision for this to be a special Pythian evening. Come and enjoy yourself Thursday, November 20.

A Still Alarm. In response to a still alarm after midnight, last evening, No. 1 chemical engine was called to extinguish a blaze in the Park Hotel. Fire had broken out in the rear of the hotel and the blaze was put out with little difficulty by the chemical.

The Temple Fair. Temple Fair received another large attendance last evening and the palm-rose as on previous evenings was most liberal. Band music was furnished while the various attractions were in operation. The hall has been prettily decorated for the occasion and the booths are very attractive.

Fairville Brotherhood. At the regular meeting of the Fairville Methodist Brotherhood last night Rev. Gilbert Earle presided and an interesting address on "Faithfulness" was delivered by Rev. W. P. Dunham. He dwelt upon faithfulness as it applies to the family, between employer and employe, and references to religious duty. At the close of the meeting Rev. Mr. Dunham was elected an honorary member of the Brotherhood. At the next meeting of the Brotherhood the pastor of the church will give a lecture on the West Indies, which will be illustrated by lantern views.

**"UNDER THE PALMS" GAVE MUCH DELIGHT**

Sacred Cantata in Exmouth Street Church, Last Evening, Rendered by Choir of Sixty Voices.

"Under the Palms," a sacred cantata, was rendered in Exmouth street church last night by a mixed choir of sixty voices. The soloists were Mrs. A. E. Logie, soprano; Miss L. Goetz, contralto; J. Arthur Coster, tenor; James W. Griffith, baritone; Miss Clara Leach acted as reader. The conductor was W. H. Bromfield.

The manner in which the cantata was sung was creditable to both singers and conductor, and the piece was thoroughly appreciated by the large audience which filled the auditorium of the church and also a large portion of the gallery. The choir was composed of adults and children and throughout the piece the singers showed careful drilling and an excellent conception of the possibilities of the cantata, the interpretation of the different passages, both by the soloists and by the choir ensembles being such as to bring out to the best advantage the beauties of the piece.

The work of the soloists was of particular merit; the different numbers were splendidly rendered. The work of Mrs. Logie and Miss Goetz gave much pleasure, their interpretation of the roles being of a high order. Messrs. Griffith and Coster also handled their parts to the best advantage and in the quartet were heard with pleasing effect.

The choral work was an exceptionally bright feature of the evening. The performance showed care in preparation. The voices blended most harmoniously; volume was also evident and altogether the work of the choir was remarkably good.

The cantata greatly pleased the audience and the performance reflects much credit on those taking part and on Mr. Bromfield, the conductor.

**EARLY MORNING BLAZE IN KILN**

Charles Miller's Kiln, at Pokiok, Caught Fire and Some Damage was Done.

Fire broke out in the Charles Miller kiln at Pokiok about one o'clock this morning and burned for half an hour. The blaze was extinguished with buckets of water and considerable damage resulted. The kiln is situated on the Pokiok road near Robertson's Point. A party went to the scene of the blaze in a private boat and helped to smother the flames.

**TEACHER DESCRIBES A TRIP TO BRITAIN**

Miss Lyle Kennedy, of "Hands Across the Sea" Party, Tells of Trip in Travel Talk.

"Two Months in the British Isles" was the subject of an interesting and informal travel talk in the St. John Presbyterian church building last evening by Miss Lyle V. Kennedy, who, while travelling with a party organized and personally directed by Fred J. Ney, originator of the "Hands Across the Sea" movement, had the honor of being entertained by the King and Queen at Buckingham Palace.

Miss Kennedy was one of a party of 200 teachers from Canada who spent July and August visiting the picturesque and historic centres of the British Isles. The party under Mr. Ney, of the Educational Department of Winnipeg, was part of the "Hands Across the Sea" movement started by him a few years ago with a view to strengthening the Imperial sentiment among British colonies.

Miss Kennedy gave a most graphic description of the many places visited during the tour, including Edinburgh, Sterling, Dunfermline, Oxford, Stratford-on-Avon, London, the Channel Islands, where they witnessed the famous annual festival known as the "Battle of the Flowers," Dublin, Killybegs and many other famous cities.

At Buckingham Palace 25 representing the party, among them Miss Kennedy, were entertained by the King and Queen.

The lecture last evening was reminiscent of historic and literary associations. It was largely illustrated by reflectoscope views.

During the evening instrumental and vocal music was rendered by Miss Rubins, Miss F. G. Jones and Miss Helen Irvine.

The lecture was under the auspices of the Ladies' Aid Society of the congregation.

**MID-WEEK BARGAINS AT MARR'S.**

**NEWFOUNDLAND LEGISLATURE TELLS OF "THE ANCIENT COLONY" A BIG FAIR NEXT YEAR**

Hon. P. T. McGrath, Passing Through City, Discusses Recent Election and its Result — Newfoundland Prosperous and has no Desire to Unite with Canada.

Hon. P. T. McGrath, of the Newfoundland Legislative Council and editor of the St. John's Evening Herald, arrived in the city yesterday on his way to the United States to recuperate after the strenuous political fight in Newfoundland, which ended in the triumph of the Morris government, of which he is a supporter. He says that the result of the election gives much satisfaction in "The Ancient Colony." The progressive policy of the Morris administration in the past five years commended itself very strongly to the electorate, although a formidable opposition party was created by an amalgamation between the forces of the Liberal party led by Sir Robert Bond, the premier, and the Fishermen's Protective Union, which has sprung into existence during the past four years.

Sir Edward Morris and his men carried the country with a substantial majority—21 seats against 15 for the combined opposition, of which only six are supporters of ex-Premier Bond, and the other nine members of the Fishermen's Union. Mr. McGrath expects that the legislature will meet in the early winter as usual and that the ministry will present a progressive programme along the lines of what it has submitted to parliament annually for the past five years, thus helping to insure a continuance of the prosperity which Newfoundland has enjoyed during that period.

**Conditions are Good.**

Conditions commercially and industrially were never so favorable in Newfoundland as they are today. The fisheries are yielding more remunerative results than ever, and these conditions are bound to be maintained because the new American tariff allows Newfoundland as well as Canadian fisheries free entry to the American markets, and this by affording a new outlet for this product, makes it certain that the price will not drop in the future. As an instance of what free access to the American markets means, he says that within the past few months about twenty-five schooners laden with codfish have sailed from Newfoundland for Gloucester, Mass., and this number will be considerably increased during the winter. The other markets are also demanding dried cod at highly profitable rates, and now Newfoundland fishermen and exporters are looking for an increase in their annual output, which they hope to bring about by the more universal use of the motor-boat as a vehicle for fishing. Hereafter the skills in which the people of the country have fished have been propelled by sails or oars, but the motor-boat is coming into very general use and enables the fisherfolk to go farther and to fish in weather and under conditions not previously possible.

**Rapid Development.**

Of the industries subsidiary to the fisheries, iron mining and paper making are the principal, and both of these are developing at a rapid rate. At Bell Island, near St. John's, where the Dominion and Newfoundland steel companies obtain their supplies of iron ore, the production is increasing every year. The former company will produce 500,000 tons of ore this year, and the latter about 500,000 tons. This ore, it is estimated, yields the com-

**A Tale of Progress.**

So satisfactory has been the progress of the country in this and other industries that the Morris government has been able to undertake the construction of 350 miles of branch railways on the island, serving sections that were not previously reached by the Transinsular Railway, completed about fifteen years ago. The work of building these branches has been undertaken and is being carefully carried out by the Reid Newfoundland Company, composed of the sons of the late Sir Robert Reid, who built the original railway on the island. The Brothers Reid in addition to operating these new branches, are contracting the trunk lines across the country and also the steamship service between Newfoundland and Cape Breton, by means of which and the trains the island now enjoys a daily service with the continent. The Reids also carry on a service of ten coastal steamers serving all ports of the seaboard and likewise the Labrador coast. They also operate a dry dock at St. John's and various other industries, and give employment to some thousands of men in all these various ways. They are also planning extensions of these and other enterprises which will greatly aid to the country's prosperity in the future. The net result of all these conditions is that the revenue increased so greatly the past few years, that the government is effecting large increases in the various grants for public service, the government was able at the last session to remove taxes to which a special or advance duty was brought out in debating the question. At the conclusion of the discussion the matter was put to a popular vote and the decision was given in favor of the affirmative.

The attendance at the gathering last evening was very large, and so successful was the entertainment that it was decided to hold such gatherings each month during the winter.

The early evening was passed with conversation and social intercourse, after which the debate was held. This was followed by a brief musical programme to which a special orchestra in attendance contributed some excellent numbers in popular and classic selections. A solo was beautifully rendered by Fred Irvine. Refreshments were then served and the gathering broke up about half past ten.

**OUR BIRD NEIGHBORS TOLD OF IN LECTURE**

Rev. D. Hutchinson the Lecturer in Natural History Society's Popular Course, Last Evening.

The "popular lecture course" was begun last evening in the rooms of the Natural History Society when a very instructive and interesting lecture was delivered by Rev. David Hutchinson on "Bird Neighbors."

This was the opening of a series of special free lectures which will be given under the auspices of the Natural History Society during the winter season, and the interest attached to last evening's lecture points to a very successful course.

Fifty colored illustrations of common birds of New Brunswick gave increased interest to Dr. Hutchinson's remarks.

In opening his lecture the speaker told of the neighborhood of birds, their benefit to mankind and cited statistics to prove their usefulness, particularly to agriculture. It was a real treat to the speaker pointed out that many beneficial varieties were now nearly extinct, because of the demand for birds for military purposes. He described the habits of many of our most common birds, such as the snow bird, fox sparrow, robin, cat bird and blue bird, explaining their food and nesting habits.

At the close of the lecture discussion was participated in by A. Gordon Leavitt, W. Frank Hathaway, James Estey and others, and a hearty vote of thanks was tendered the lecturer.

Special meeting of all members of C. of E. Institute, Thursday, 8 p. m. in the reading room.

**ST. VINCENT'S ARE STILL THE LEADERS**

Result of Voting for Most Popular Society at the Cathedral High Tea's Second Evening.

The following were the results of last night's vote: St. Joseph's, 133; P. M. A., 109; St. Peter's, 114; Knights of Columbus, 149; A. O. H., 104; C. M. E. A., 139; Children of Mary, 215; St. Vincent's Alumnae, 233; L. L. and B., 107.

The standing of the societies in the contest now is: St. Joseph's, 243; P. M. A., 216; St. Peter's, 220; Knights of Columbus, 259; A. O. H., 205; C. M. E. A., 249; Children of Mary, 319; St. Vincent's, 398; L. L. and B., 209.

Free engraving at Gundry's, 79 King street. Any purchase of \$2 and upwards will be engraved from until December 25, 1913. Best selected stock of gifts in the city. Diamond prices 15 to 20 per cent. below competitors.

Sale starts on Friday morning at 8 o'clock. Head advertisement on page 2. Henderson and Hunt, 17-19 Charlotte street.

**THE EXHIBITION DIRECTORS AGREE UPON ONE TO OPEN ON SEPTEMBER 4TH — R. O'BRIEN PRESIDENT**

At a meeting of the directors of the Exhibition Association, yesterday, officers were elected and the recommendation of the old board of directors, favoring holding a provincial exhibition next year, beginning September 4th, was adopted.

The election of officers resulted in the selection of Richard O'Brien, president; vice-presidents, W. F. Burditt and C. B. Allen; sec-treas., H. A. Porter. The executive is to be composed of the officers and the following who were chosen at yesterday's meeting: E. L. Rising, A. O. Skinner, F. A. Dyke, E. R. Patten, R. B. Emerson, W. H. White and Frank C. Smith.

The recommendation made by the old board of directors to hold an exhibition next fall, beginning on Labor Day, Sept. 4th, was favorably received and adopted by the new directors. The fair will be formally opened on the Saturday night preceding Labor Day and will continue until the following Saturday.

It has been the custom of the federal government in past years to grant \$50,000 to each of the provinces in turn for fair purposes. A movement has originated in the west, however, favoring the distribution of this sum among the different provinces each year, so that instead of a particular province getting the whole grant each year, the entire amount would be divided among the amount every year. At yesterday's meeting a resolution favorable to this plan was adopted.

**ENJOYABLE EVENING IN NORTH END CHURCH**

Young People of Victoria Street Baptist Church Spend Pleasant Time at Social Reunion.

A very entertaining evening was passed last night by the young people of the congregation of the Victoria street Baptist church, when they assembled in the vestry of the church, and with music, song and debate a few social hours were spent.

A portion of the evening's entertainment was devoted to an interesting discussion on the subject: "Recreation and Anticipation of a Greater Pleasure than Realization." Beverley Appleby, George Higgin and Ralph Nobles argued for the affirmative, and the negative was upheld by Walter Hatheway, Gilbert Vincent and Raymond Nobles. The arguments advanced by both sides were strong and good points were brought out in debating the question. At the conclusion of the discussion the matter was put to a popular vote and the decision was given in favor of the affirmative.

The attendance at the gathering last evening was very large, and so successful was the entertainment that it was decided to hold such gatherings each month during the winter.

The early evening was passed with conversation and social intercourse, after which the debate was held. This was followed by a brief musical programme to which a special orchestra in attendance contributed some excellent numbers in popular and classic selections. A solo was beautifully rendered by Fred Irvine. Refreshments were then served and the gathering broke up about half past ten.
