BIG GUNS ACTIVE ON SOMME

HUN LOSSES HEAVY IN COUNTER ATTACKS

Driven Back by British Leaving Many Dead and Wounded—Big Guns do Greater Part of Work Yesterday—French Take Small Wood—British Reach Bursuk in Macedonia

The big guns of both sides on the Somme front in France did the greater part of the work Monday. To the south of the river, however, a small wood between German and British troops and 110 prisoners and 3 guns fell into the hands of the French. A violent counter-attack by the Germans east of Berry-Es-Santerre was repulsed by the French.

On the Macedonian front the British troops have reached the village of Bursuk, eight miles southwest of Demir-Hissar. Along the Cerna river and north of Njole mountain, forces of the Entente Allied troops attacked the Teutonic Allies, but were repulsed.

French Strengthen Positions. Paris, via London, Oct. 16.—The official communication issued by the war office tonight reads: "There was great reciprocal artillery activity along the entire Somme front.

"To the north we consolidated ourselves in the captured portion of Sully-Sailly, despite a lively enemy bombardment. To the south we repulsed a violent counter-attack east of Berry-Es-Santerre. We captured a small wood, with two guns of 210 millimetres and one of 77 millimetres, between German and British troops.

"During these actions we took 110 prisoners, including four officers. "In the sector of Lassigny a German aeroplane, hit by our artillery, fell in flames in the German lines. On the remainder of the front nothing of importance occurred.

"Eastern army: Nothing of importance has been reported. "British inflict Heavy Losses. London, Oct. 16.—The official communication from British headquarters in France, issued tonight, reads: "It is confirmed that the losses incurred by the enemy in last night's attacks upon our positions at Schwaben redoubt were exceedingly heavy. Sixty-eight prisoners, including one officer, were left in our hands. Our losses were very light.

"In the neighborhood of Neuville St. Vaast our heavy artillery and trench mortars carried out an organized bombardment on the enemy's lines. Good results seemed to be obtained.

"Much successful work was carried out by our aeroplanes yesterday, in conjunction with our artillery. One hostile battery position was completely destroyed, and many others severely damaged. Bombs were dropped on an enemy railway station, and upon transport moving behind the enemy's lines with excellent effect."

COMMISSION BRINGS IN REPORT ON THE SKEFFINGTON CASE

London, Oct. 16.—The commission which was appointed to inquire into the shooting of F. Sheehy Skeffington during the rebellion in Ireland last spring has reported there was no good ground for complaints against the action of Lieut. Morris, who caused Skeffington to be detained and sent to the barracks. Sir John Simon is chairman of the commission, which describes the action of Captain Bowen-Colthurst, who took Skeffington from the barracks into the street as a hostage, as "remarkable, almost meaningless."

None of the evidence offered it, the commission reports, afforded any justification for the shooting of the boy Coade. Concerning the execution of Skeffington the report says: "It is a delusion to suppose that the proclamation of martial law confers upon an officer any right to take human life in circumstances where this would not be justifiable without such proclamation, and this delusion had tragic consequences in the present case."

The commission reported that it was satisfied that the seriousness of the irregularity committed by Captain Bowen-Colthurst was not fully realized by those under whose command he was supposed to be acting. Either because of the lateness of the hour, or the strain of anxiety caused by

THREE MORE MEN FROM N. B. MEET SOLDIER'S DEATH

Ottawa, Oct. 16.—Infantry. Killed in action—W. P. Bourne, Petticoe, N. B. E. Forest, Arichat, N. S. L. N. King, Oxford, N. S. Wounded—C. Parent, Lower Dumfries, N. B. Floyd J. Silver, Halifax, N. S. Killed in action—W. Tracey, 15 Woodhill street, Halifax, N. S. Died of wounds—H. Ash, Newfoundland. Corporal L. Bell, Grand Falls, N. B.

J. D. A. Dowling, North Sydney, N. S. A. Halliday, New Aberdeen, N. S. Died—Ernest Ingalls, Grand Harbor, Grand Manan, N. B. Previously reported prisoner of war, wounded, now officially reported died—J. J. McDonald, New Waterford, N. S.

Missing—Lieut. N. Murray, Tower Road, Halifax, N. S. Lieut. E. H. Simpson, Kentville, N. S. G. B. Williams, 62 Brunswick street, Halifax, N. S. Wounded—Charles Clergy, Eastern Petpewich, N. S.

Died of wounds—O. St. John, Fort La Towe, N. S. Wounded and missing—Lieut. E. C. Bryson, Hilden, N. S. Previously reported missing, now returned to duty—James Gear, Salmon Cove, Nfld. Wounded—R. Anderson, Plaster Rock, N. B. Captain Hugh P. Bell, 40 Bronte street, Halifax, N. S.

PREMIER SCOTT OF SASKATCHEWAN RESIGNS

Regina, Sask., Oct. 16.—Hon. Walter Scott has resigned the premiership of Saskatchewan on account of ill health.

CULBRA ISLAND NAVAL STATION WIPED OUT BY HURRICANE

Washington, Oct. 16.—The Culbra Island naval station, off the Porto Rican coast, was almost completely destroyed last week by the hurricane which swept that vicinity. The station has been practically abandoned by the navy, and only a few houses and supplies, used by the marines who practice advance base manoeuvres there, were left. A despatch to the navy department today said these properties had been blown to pieces.

events outside the barracks, Captain Bowen-Colthurst was not reprimanded effectively, and the civilians detained were not rendered more secure by the result, the report says, that Bowen-Colthurst was at his next morning to override or disregard the officer of the guard and deal with civilian prisoners as he pleased.

The commission found also that Captain Bowen-Colthurst added to the documents found on Skeffington's body, in an endeavor to excuse his action, a document entitled "secret order" to the military, which the commission found was forged from beginning to end.

Apart from the defense of insanity, the commissioners state: "There can be no excuse or palliation for Captain Bowen-Colthurst's conduct, from first to last." In addition to F. Sheehy Skeffington, Fred McIntyre and Thomas Dickson were put to death at the orders of Captain Bowen-Colthurst. The captain later was court-martialed and found guilty, but declared insane.

GERMANS CALLED ON TO GIVE GOLD ORNAMENTS TO BE MELTED INTO COIN

Amsterdam, Oct. 16, via London (1.25 p. m.)—The Norddeutsche Allgemeine Zeitung, a semi-official newspaper of Berlin, today published a full page appeal in large type signed among others by Chancellor Von Bethmann-Hollweg and Rudolph Havenstein, president of the German Imperial Bank, in behalf of the committee formed under the presidency of Crown Prince Frederick William for the collection of gold ornaments to be melted into coin. The appeal says: "The sacrifice demanded from you is light compared to the sacrifices of blood our heroes at the front continue to make. Out, therefore, with all the superfluous gold ornaments and objects from the trunks and cupboards. Help the imperial Bank fill with golden weapons the armory of German economic force."

EXPLOSION ON ITALIAN BATTLESHIP?

Overseas News Agency Says British and French Warships Collide in Messina Channel and Shell Each Other.

Berlin, Oct. 16, via wireless to Sayville.—"A British and an Italian warship, in consequence of a fog, collided in the Messina Channel (between the mainland of Italy and the Island of Sicily) Amsterdam reports," says an item given out by the Overseas News Agency. "The ships shelled each other, and one was damaged heavily. A British armored cruiser was towed to Naples. Details are yet unavailable."

Berlin, Oct. 16, by wireless to Sayville.—The Az Est. reports that an explosion occurred on the Italian battleship Regina Margherita while she was in port at Spezia, Italy, says the Overseas News Agency.

CANADIAN FISH LIKELY IMPORTANT ITEM SOON ON ENGLISH MENU

Fish Diet Being Encouraged Among Civil Population—Big Order for Canadian Fish for Soldiers.

Ottawa, Oct. 16.—The militia department received an order today for a million and a half pounds of fresh frozen fish weekly for the British soldiers.

"A fish diet is being introduced and encouraged amongst the civilian citizens of England also," said General Hughes, commenting upon the large order received. "While in England General Hughes took up with the British Board of Trade the question of supplying of Canadian fish to the soldiers and he suggested that the fish purchases made should be through the war purchasing commission. He anticipates that within a short time the export of fish to the Allied countries will amount to one million dollars every week, that is apart from the fish sent for the Canadian soldiers. Plans are being made to supply Canadian fish also to the soldiers at the front, but these will have to be canned. Even with that expense, however, fish will be

Entente's Recognition For Provisional Gov't Set Up By Venezilos

Allied Governments Formally Approve of Administration Established at Crete by Former Greek Premier—Official London Has No Word of Entente's Attitude Towards New Cabinet at Athens.

London, Oct. 16, 2.32 p. m.—The Entente Allies have formally recognized the provisional government of Greece in the island of Crete, set up by former Premier Venezilos. The Entente consuls at Crete, the capital of Crete, have been instructed to act in union in this matter. An official statement issued here today says it is only in Crete that the question of official recognition has yet arisen. Official circles in London have received no word in regard to recognition of the new cabinet at Athens by the Entente.

Want An Unrestricted Submarine Warfare

Berlin, Oct. 16, via London.—A largely attended meeting of "The Independent Committee for German Peace," one of the organizations conducting an agitation for a ruthless submarine warfare, was held here yesterday. Deputy Furmann, national Liberal leader in the Prussian Diet, acted as chairman. According to the Tagblatt's report, the meeting insisted that an unrestricted submarine war must and should begin immediately. Count Von Reventlow, editorial writer on the Tages Zeitung, who was one of the prominent speakers, added Dr. Karl Helfferich, secretary of the interior, for the list of undesirable. He declared that Dr. Helfferich was more dangerous than the imperial chancellor, Dr. Von Bethmann-Hollweg.

98 PER CENT. HEAD OF C.M.S. C.P.R. TRAINMEN IN ENGLAND ON FAVOR STRIKE WAY TO CANADA

Winnipeg, Oct. 16.—According to the Evening Free Press here, ninety-eight per cent. of ballots recently cast by trainmen of the Canadian Pacific Railway are in support of the recommendation of their committee favoring a strike, such information being given today by officials of the Order of Railway Conductors and the Brotherhood of Railway Trainmen who are counting the ballots.

NATIVE GOV'T IN PHILIPPINES

Pres. Wilson Sends Greetings to First Legislature Composed Entirely of Filipinos Convened Yesterday.

Washington, Oct. 16.—President Wilson and Secretary of War Baker today called Governor-General Harrison of the Philippines, asking him to convey their greetings to the Filipino people on the occasion of the convening of the first Philippine legislature, composed entirely of natives.

TWO CENT LETTER RATE BETWEEN U. S. AND NEW ZEALAND

Washington, Oct. 16.—Conclusion of a convention for a two cent letter rate between the United States and New Zealand was announced today by the post office department. New Zealand is approximately 7,000 miles from the eastern coast of the United States.

ROUMANIANS DRIVE ENEMY FROM STRONG POSITIONS

TEUTONIC ARMIES FORCED TO YIELD GROUND AT SEVERAL POINTS IN THE ALT RIVER REGION—WITHDRAW LINE IN DOBRUDJA TO THE SOUTH OF DOBRUSH.

Stalemate in Galicia Although Both Sides are Furiously Attacking—Hard Fighting from West of Lutsk to the Carpathians.

While both the Vienna and Berlin war offices announce merely a continuation of the fighting on the Transylvanian front between the Austro-German forces and the Rumanians, the Rumanian army headquarters reports that in the Alt river region the Teutonic Allies. On all the other sectors of this front, according to Bucharest, attacks were repulsed by the Rumanians, except in the Burzen Valley where the Rumanians were compelled to withdraw slightly further south.

Hard fighting is going on from the west of Lutsk, through Galicia to the Carpathian mountains. In Volhynia, despite fierce attacks by both sides, there seemingly is a stalemate. Petrograd reports that neither the Austro-Germans nor the Russians have been able to gain an advantage in Galicia, where battles have taken place along the Tarnopol-Kraime railway east of Lemberg and to the north of Stanislaw.

Several small successes for the Austro-Germans have been attained in the Carpathian mountains. Teutons Withdraw Line. London, Oct. 16, 5 p. m.—A wireless message from Petrograd today states that the Teutonic lines in Dobrudja have been withdrawn to the vicinity of Dobrich (Bazardjik) in the southern portion of the province. King Ferdinand of Rumania has visited Dobrudja, where the situation, the message declares, is excellent.

"I Pray God May Ever Bless Canada and Its People," Is H.R.H.'s Farewell Message

Ottawa, Oct. 16.—The following farewell communication passed between Sir Robert Borden and the Duke of Connaught on the occasion of the governor-general's departure. The premier wrote His Royal Highness: "It has been my agreeable duty recently, on more than one occasion, to give public expression to the respect, with which the people of Canada have learned of Your Royal Highness' intention shortly to relinquish the post of governor-general and return to England. As the departure of Your Royal Highness draws near, may I be permitted to add the assurance that this feeling, which animates all classes of the community, is nowhere more heartfelt and earnest than among those whose privilege it is to occupy towards Your Royal Highness the relation of constitutional advisers of the crown."

"It is a great satisfaction to us that these relations have uniformly been of the most cordial character. We are very sensible of the fact that in the conduct of public affairs during the eventful period of Your Royal Highness' administration we have had in fullest measure the sincerest and most effective co-operation of Your Royal Highness in all things, great and small, which had for their object the good of the people of Canada.

Particularly is this true of all matters relating to the war, in which we have enjoyed the inestimable advantage of Your Royal Highness' ripe experience and wide knowledge of military affairs.

Takes Away Best Wishes of Canadian People. "It is with the deepest appreciation of your eminent services to this country that my colleagues and I bid Your Royal Highness farewell. You will carry back with you, Sir, the wishes of the Canadian people that the success which Your Royal Highness has achieved among them may attend, in equal measure, your further labors on behalf of our beloved sovereign and his world-wide Empire. We venture to hope that when your official connection with this country shall have ceased, Canada may continue to retain some measure of the sympathy and interest in her affairs, which Your Royal Highness has so abundantly manifested during the whole period of your administration of its government.

"May I beg that Your Royal Highness will convey to Their Royal Highnesses the Duchess of Connaught and the Princess Patricia my best wishes, and those of my wife, for a safe and enjoyable voyage to England.

"With renewed assurances of my profound respect and regard, I have the honor to be, Sir, Your Royal Highness' faithful servant. R. L. BORDEN."

His Highness' Reply. The governor-general replied: "I cannot leave the shores of Canada without assuring you, as its prime minister, of the very deep regret with which I sever my official connection with the Dominion. It will always remain to be a source of great pride that during a period of five years I held the proud position of His Majesty's representative in Canada. I shall, at all times, continue to take the greatest interest in all that affects the welfare and happiness of all sections of the Canadian people, and will ever remember, with the deepest gratitude, all the kindness I, the Duchess and our daughter, have received in every part and province of your great Dominion.

"In bidding farewell, I pray that God may ever bless Canada and its people. (Signed) ARTHUR."

GALLANT AIRMAN GETS CROSS OF LEGION OF HONOR ON DEATH-BED

Wounded in Head Kept Enemy from Attacking French Air Squadron—Died of his Injuries.

Paris, Oct. 16.—The Cross of the Legion of Honor was pinned on the breast of Norman Prince, the young American aviator, as he lay on his death bed in the hospital at Gerardmer, in the Vosges. Prince had taken part in a great aerial raid, which had been followed by a stirring fight in the air between the Allied aeroplanes and German machines. He suffered injuries to the head, which apparently were the direct cause of his death.

Though wounded in the aerial duel the American pilot kept his gun going warding off hostile craft which had ascended to attack the French bombarding squadron. He remained long in the air coolly facing the fire of the German machine guns. Finally, in attempting to land, he struck an aerial cable, the mischance, it is thought, being due to the injuries that he had received in the fight. He was picked up in an unconscious condition and died apparently without suffering.

Comrades of the Franco-American aviation corps, accompanied by several French pilots arrived at the Gerardmer Hospital this afternoon to make arrangements for the funeral. Charles Prince, an uncle, received a special permit from General Joffre, the French commander-in-chief, to proceed to Gerardmer, but arrived after the aviator had died.

ST. JOHN CO. GAVE MORE THAN HALF

Of 77 Soldiers Recruited in New Brunswick Last Week 44 Came from St. John City and County.

Four-sevenths of the total enlistment in the province last week was contributed by St. John county. The total number of recruits for the week ending October 14th was 77. Gloucester county is again on the list as "nil." The return for last week is not as good as the week previously when eighty-six men enlisted. The tabulated list follows:

CAPT. P. E. MAY,
Chief Recruiting Officer for N. B.

MARRIAGES.

Keane-Pratt
Yesterday morning, in the Church of the Assumption, West End, Rev. J. J. O'Donovan united in marriage Francis Leonard Keane and Mary Beatrice Pratt. The bride was crowned in a suit of grey poplin and wore a black velvet hat trimmed with white osprey. She carried a white prayer book, Miss Genevieve Pratt, her sister, who was attendant, wore a brown velvet suit with black picture hat trimmed with ermine fur and carried a bouquet of carnations. After the ceremony the wedding party drove to the home of the Misses Hanson, City Line, where a tempting breakfast was served. Mr. and Mrs. Keane will spend their honeymoon in American cities and on their return will reside at 18 Delhi street. They received many beautiful and useful presents.

Whalen-Cusack
Yesterday morning, in the Cathedral of the Immaculate Conception, William P. Whalen, of Sussex, and Miss Julia Elizabeth, second daughter of Mrs. Mary and the late Edward Cusack, of this city, were united in matrimony, the ceremony being performed by Rev. Wm. M. Duke, rector, who also celebrated nuptial mass. The bride wore a travelling suit of brown cloth, with brown and gold hat, and a corsage bouquet of yellow roses. She was attended by her sister, Miss Catherine A., who wore a suit of cream serge with a large black and pink hat. She carried a bouquet of pink sweet peas. Edward Cusack, the bride's brother, discharged the duties of best man. After leaving the church the bridal party repaired to the home of the bride's mother, 202 Waterloo street, where a dainty breakfast was served. The large number of beautiful presents bore ample testimony of the popularity of the happy couple, who left in the noon train for their new home in Sussex.

Get "King Cole"

when you buy the Tea. You remember, Dad, how we liked the flavor, just as the advertisements said. Besides, KING COLE is guaranteed and I feel I can depend on its quality.

"You'll like the flavor"

MUCH LOCAL MONEY SENT TO WAR LOAN

\$2,000,000 of Issue Subscribed for in This City—More Than \$1,000,000 Paid Yesterday.

That there is money in the city of St. John was amply demonstrated yesterday when the second payment on the war loan became due and a large number of the investors instead of taking advantage of the opportunity to make a third payment settled in full for the issue which they had been allotted. J. M. Robinson said that he thought a conservative estimate of the amount of war loan subscribed for in St. John would be \$2,000,000; of this amount 20 per cent. had been paid on allotment or \$400,000; this would leave still to be paid \$1,600,000.

He said that as far as he could gather the larger number of those who had been allotted the bonds had paid in full. The banks elicited the same information, and the consensus of opinion seemed to be that about 75 per cent. paid in full.

If this estimate is correct there was paid into the banks in St. John yesterday over \$1,000,000; if only 50 per cent. paid in full the amount paid would be \$800,000.

PERSONAL.

Miss Bertha McCafferty of Winslow street, West End, left yesterday morning by steamer North Star for Boston to spend her vacation.

Mrs. J. Roy Mills and her little son, Master H. Vernon, left yesterday morning by boat for Boston. While away they will be guests of Mr. and Mrs. B. Urquhart, West Somerville, Mass.

Harold Cunningham of Vancouver is visiting his home town after an absence of several years. He is accompanied by his wife and child.

Mrs. Frances M. Proud of Station Island, New York, is visiting her daughter, Mrs. Geo. C. Amland, in her new home, 107 Mecklenburg St.

Miss Mary Johnston, who has been visiting her sister, Mrs. Thomas Wran, during the summer months, returned this week to meet her brother, Capt. G. M. Johnston.

Lieut. R. Fraser Armstrong, who left here with the 85th Battery, was a caller at the New Brunswick office in London recently.

OBITUARY.

Miss Margaret J. Frauley.
Many friends of Miss Margaret J. Frauley, of Point Lepreau, will be grieved to learn of her death which took place last evening after a short illness. The deceased was only twenty-one years of age, and the eldest daughter of Frank Frauley, the keeper of the Point Lepreau light and for alarm. She was a young lady of lovable disposition, with a host of friends, and up to a short time ago was studying nursing in the St. John Infirmary. Besides her parents she leaves three brothers and five younger sisters to mourn. Her brothers are Frank, who is attending college at St. Francis Xavier in Antigonish, with Henry and Joseph at home. The sisters are all young, and are at home. The funeral will take place tomorrow morning at 8:45 o'clock, from Fitzpatrick Brothers rooms, Waterloo street, to the Cathedral for requiem high mass.

Daniel M. Henderson.
The death occurred Sunday noon of Daniel M. Henderson, aged 37 years at the General Public Hospital. Deceased leaves besides his wife, two small children and parents, three brothers—Arthur and Alfred, of Belleisle. He also leaves three sisters—Mrs. M. Gillis, Keene, N. H.; Mrs. G. Gillis, Springfield, Mass. and Mrs. J. Lague, Shannon, Queens county. He was a bridge constructor by trade and was a member of the Masons and Oddfellows. The funeral will take place tomorrow morning from Chamberlain's undertaking rooms to the 7:15 train.

On Inspection Trip.
P. W. Sumner of Moncton and Thomas Cosentino of the N. B. Construction Company, were in the city yesterday. They left at noon for a trip of inspection over the Valley Railway line.

R. S. WILSON ADDED TO ROLL OF WAR HEROES

Young Man Well Known in North End Killed in Action in France—Letter from Officers Bring News.

Mrs. Wilson, wife of Pte. Rudolph S. Wilson, who was killed in action on the 25th of September, has received two letters from members of the unit which he was in. Both letters which are herewith published speak of the gallant soldier in the highest terms, not only as a soldier of the king but as a man and comrade. Besides a wife and two small children Pte. Wilson leaves a mother and father, two brothers, Charles and Barrie, to mourn.

Pte. Wilson, who was employed in the real estate business with the Kenora Townsite Company, enlisted in the 55th Battalion but was later transferred to the 15th Battalion, and it was while engaged in this unit that he lost his life. The first letter, written by the officer commanding the machine gun section of the battalion, reads as follows:

Sept. 23rd, 1916.
Dear Mrs. Wilson,
Before this note reaches you, you will probably have been advised officially of Mr. Wilson's death. He was killed in action the night of the 25th, while in support. I was not with the crew but have been assured by those that were with him that his death was instantaneous.

The tour was not the regular "carry on" work, but an attack was launched the following noon. The action was an important one, most successful and probably in conjunction with the main attack, the finest yet achieved on this front. It must serve as some comfort to you in your loss to know that your husband filled an important post in this engagement.

Burying, to the time we left the area was impossible, I am sorry to say, but the field is ours and will be cleared by another regiment and you may be perfectly confident that your husband's body will be properly buried, and with a service if at all possible. All that I have written sounds hard and sordid but I have given only facts and you must please take this into consideration and excuse me on these grounds.

With my sincerest sympathy,
G. S. WINNIFRITH,
Machine Gun Officer,
4th Highlanders.

The following letter, written by a member of the machine gun section, shows the spirit of brotherly love which is shown among the Canadians at the front:

October 1st, 1916.
Dear Mrs. Wilson,
Being a friend of Rudolph, I thought I had better inform you that he has paid the supreme sacrifice. I can assure you that all the boys in the machine gun section greatly sympathize with you in your grief. Everyone here thought a great lot of him. I am sure, I don't know as there is anything else I can say, so I will remain, Yours sincerely,
L. CORP. F. MARCHINGTON,
404883, M. G. S.,
15th Battalion,
Canadians, France.

CANADIAN PATRIOTIC FUND.

Single—Mrs. H. H. Wilcox, 8 Birch Hill Road, Newtonville, Mass., \$100; Mr. J. H. Mulholland, Montreal \$5.
Monthly—F. W. Munro (3 months), \$15; The McClary Mfg. Co., \$10; C. N. Huggard (6 months), \$5; Miss Maud Tennant, New York, \$2.50.

Protecting Their Good Name.
A couple of young soldiers were given a surprise last night on the corner of Sydney and Duke streets when a military policeman caused them to leave the company of a drunk woman whom they were escorting. The woman is an old offender and well known in police circles, having been arrested on many occasions. The M. P. of the regiment stopped the soldiers near the Victoria school ordered them to barracks and left the intoxicated woman to stagger her way along the street. Speaking of the affair, the M. P. said that his regiment bore a good name and were going to keep it, and the sight of two soldiers walking with a drunken woman could not be tolerated for an instant. The woman in question was only liberated from jail a few weeks ago and is a disreputable character.

HALIFAX MAN MEETS TRUGS ON TRIP TO HUB

Isaac Meyers in City Yesterday Tells of Being Held Up and Robbed of Money, Diamond Ring and Gold Watch.

Isaac Meyers, a well known merchant of Halifax, was held up at the point of a revolver in Boston on Saturday night and relieved of fifty dollars, a valuable gold watch, and a diamond ring. Mr. Meyers was in St. John yesterday and in conversation with a Standard reporter related his experience with the hold-up men on a street running off Washington.

Mr. Meyers said he arrived in the Hub on Saturday night, after spending a few days in New York on a buying trip, and after securing local accommodation started on a short walk through some of the nearby streets. He was walking along Washington street and on approaching the street on which the robbery took place a rather rough individual approached him and asked him for a match. Mr. Meyers replied he did not have one. They were then at the corner of a dark side street and it was here that the hold-up took place. A revolver was placed against Mr. Meyers' side and he was told to empty his pockets. In the meantime a second bandit jumped from a door-way close at hand and seized him. After relieving him of his property the two men made good their escape. Mr. Meyers immediately notified the police but it was impossible to pursue the crooks as they had had time, darkness and speed in their favor. "Judging by the way they took the ring off my finger these men are old hands at the game," said he. Mr. Meyers left last night for Halifax.

WILL BUY 10,000 TONS OF HAY IN NEW BRUNSWICK

Federal Department of Agriculture to Buy in Province—Pressing Plant at Woodstock.

Special to The Standard.
Fredericton, N. B., Oct. 16.—The federal department of agriculture is arranging to purchase 10,000 tons of hay in New Brunswick this season. Hay will be secured in Carleton and Victoria counties where it is held in the quality best meets requirements, and price will be eight dollars per ton loose delivered. A hay pressing plant will be located at Woodstock and the business of purchasing, pressing and shipping will be under direct supervision of officials of the federal department.

The price to be used was that which did service in various parts of the province last year and will be forwarded to Woodstock without delay so that it may be set up and in readiness for operation at the earliest possible moment.

The price offered by the department this year is considerably lower than last year's figure. This is the case in all of the provinces where the crop is larger than usual, demand not so great, and market value therefore less. Last season Mr. F. B. Smith paid farmers \$12, and in some instances \$14 per ton, his contract, conditions of market, and persistent demand for hay, having permitted him to offer that figure.

To Meet in New Glasgow.

A general meeting of the Maritime Branch of the Canadian Manufacturers' Association will be held in New Glasgow on Wednesday and Thursday of this week. Representatives from the parent organization will be present and a number of valuable papers will be read by representative maritime business men on such subjects as "Wooden Shipbuilding," "Steel Shipbuilding in the Maritime Provinces," "Manufacturing and Cheaper Power for the Maritime Provinces." An opportunity will be afforded the visitors to inspect the various industrial plants at New Glasgow if they so desire.

East Indians in Canada.
At an interesting and profitable meeting of the Young People's Society of St. John's Presbyterian church last evening Miss Edith Cummings lectured on "A Study of the East Indians in Canada," giving glimpses of these people as they are in their homeland, as well as in British Columbia, and sketching the problems, social, industrial, political and religious which their migration to Canada creates. Miss Cummings pointed out that Rev. Dr. K. J. Grant and Rev. W. L. McRae, formerly missionaries to the East Indians in Trinidad, are at present engaged in missionary work among the East Indians in Vancouver and Victoria, B. C., respectively.

MAYOR HAYES TO VISIT OTTAWA

He will Represent St. John on the Delegation which will Interview Premier Borden on the Regulation of Food Prices.

At yesterday's committee meeting of the Common Council it was decided to send the Mayor to Ottawa to represent St. John on the delegation to interview the Premier on the high cost of living and the proposal to regulate by legislation the price of food products in war time. It was also decided to recommend a grant of \$500 to the Natural History Society and to consider the other deferred grants at the Thursday meeting.

Messrs. W. F. Burditt, A. Gordon Leavitt, R. B. Emerson, F. A. Dykeman, Wm. Brodie, Dr. Matthew, Wm. McIntosh and A. M. Belding represented the Natural History Society and the president, W. F. Burditt and Curator McIntosh told something of the work the society was doing.

The commissioners expressed themselves as in favor of the grant and it was unanimously passed.

The Mayor read a letter from Mayor Church of Toronto, requesting the cooperation of St. John in the campaign for an investigation into the cost of high living and government control of food prices. The commissioners all felt the importance of this matter and it was decided to send the Mayor to Ottawa to represent this city.

The letter from Mayor Church follows: "Sir Robert Borden has advised me that the Federal Cabinet will hear a deputation of municipalities regarding the high cost of living and proposed legislation to regulate the price of food products in war time on Friday next, October 20, at noon, in Ottawa. I will be glad if you will appoint a deputation to join the deputations from the city of Toronto and other municipalities to wait on the government and so oblige.

T. L. CHURCH,
Mayor of Toronto.

Employment of Returned Soldiers.
At the European War Veterans' Association last evening several resolutions were passed protesting against the employment of men who are physically fit where the positions could be filled by returned soldiers. Bud Tippitt occupied the chair. Besides the returned soldiers, the secretary of the returned soldiers' organization, Charles Robinson, was also present. A resolution was read and a copy ordered to be forwarded to the mayor and commissioners protesting against the employment of men at the West Side as watchmen where the position could be filled by returned men. A resolution was also forwarded to the Hon. J. D. Hazen requesting that no new men be employed in the civil service and public work departments permanently but that the positions be held open for men who are capable of filling them until they return from the front. The rooms of the association have been furnished and are to be opened for the use of the members.

FILMING "SUDDEN JIM."

Clarence Budington Kelland's "Sudden Jim", the serial which has been attracting wide attention in the Saturday Evening Post, is to be visualized at the Triangle-Kay-Bee studios. The story deals with the strenuous and red-blooded life of the lumber country of the Northwest.

The following are c. i. f. prices on a number of articles of interest to Canadian shippers:
Lumber (spruce), \$34 to \$38 per M.
Lumber (pine), \$36 to \$40 per M.
Potatoes, \$4.25 to \$4.50 per sack, 180 lbs.
Hay—\$28 to \$40 per ton.
Oats—55 cents to 60 cents per bus.
Flour—\$7.50 to \$9.50 sack of 200 lbs.
Codfish, \$9.00 to \$11.00 per cwt.
Haddock, \$7.00 to \$8.00 per cwt.
Onions, 3c. to 3 1/2c. per lb.
Butter, (Danish), 40c. to 45c. per lb.
Cheese, (Danish), 30c. to 35c. per lb.
Condensed milk, \$5.50 to \$6.50 per 4 doz. case.
Eggs, \$6.50 to \$7.50 per 30 doz. case.
Cuban News of General Interest.
Doctor Raimondo Manocal has been appointed head of the sanitary department of Cuba, taking the place of Enrique Munoz, who died recently in New York City, where he had gone to make a study of infantile paralysis.

Corns Applied in 5 Seconds Cured Quick

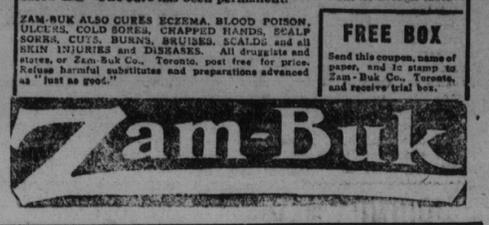

Sore, blistering feet from corn-placed toes can be cured by Putnam's Extractor in 24 hours. "Putnam's" soothes away that drawing pain, eases instantly, makes the feet feel good at once. Get a 25c. bottle of "Putnam's" today.

ZAM-BUK

Nothing known to science is better for this painful ailment than Zam-Buk. It reduces inflammation, stops bleeding, ends the agony. Easily applied and cleanly. Why go on suffering? Why not try it? Read the following cures.

Mrs. C. Hanson, Poplar, B.C., says: "I suffered for years with bleeding piles. The pain was often so bad I could hardly walk. I tried remedy after remedy, and finally underwent an operation, but only got temporary relief. At last I tried Zam-Buk. Perseverance with this remedy completely cured me, and there has been no return of the trouble."

Mr. W. J. Donovan, of New Edinburgh, Ont., writes: "For two years I suffered with bleeding piles. The pain was most intense. I tried one after another of the so-called remedies, but without effect. At last I decided to try Zam-Buk. This gave quick relief from the dull, gnawing pain, and perseverance with Zam-Buk cured me. The cure has been permanent."

CUBAN POTATO MARKET IS HOLDING FIRM

2,488 Sacks from New Brunswick Recently Arrived and Sold at \$4 to \$4.50 c. i. f. Havana.

Writing on Cuban market conditions, J. C. Manzer, New Brunswick representative in Cuba, says: "Lumber—Owing to lack of transportation facilities, stocks of lumber are being considerably reduced, and prices are holding firm, most of the supplies coming from Gulf of Mexico ports and Jacksonville, but considerable quantities are arriving weekly in car lots from Florida and Georgia by ferry from Key West."

Hay—Prices on low grades of hay are lower but better grades are still firm in price.

Oats—New crop oats are arriving from the middle west in abundance and prices are easier.

Potatoes—About 15,000 barrels and sacks of potatoes arrived in Havana this week. Of these 7,262 were from Canada. These were made up of 4,774 barrels from Nova Scotia and 2,488 sacks from New Brunswick. They were sold at from \$4.00 to \$4.25 c. i. f. Havana. No seed stock has yet arrived here but sales have been made of "Early Rose" potatoes for October delivery at from \$5.00 to \$5.25 per barrel of 165 lbs. Potato planting commences in Cuba about the middle of October and extends till the middle of November. New crop Cuban potatoes are on the market about the first of March. The potato market is holding very firm. Sales have been made slightly in advance of last week's prices.

FROM GUNNER WINFIELD.

A card received in the city from Gunner George Winfield of the No. 4 Siege Battery, states that he is well. Prior to enlisting Gunner Winfield was employed at the Dufferin Hotel.

Fractured Collarbone.
John McKenzie of Westmorland county was admitted to the hospital last evening suffering from a fractured collarbone.

WANTED—An experienced Monotype operator at once. Steady employment. Wages \$26 a week. Maritime Publishing Company, Sussex.

BORN.

MORRIS—To Mr. and Mrs. Chas. O. Morris, Lancaster Heights, city, on the 15th instant, a son.

DIED.

FRAULEY—On October 16th, Margaret J., daughter of Mr. and Mrs. Frank Frauley, leaving her parents, three brothers and five sisters to mourn. Funeral on Wednesday morning at 8:45 from Fitzpatrick Bros. rooms to the Cathedral for requiem high mass. Friends invited.

HENDERSON—In this city on October 16, Daniel M. Henderson, aged 37 years, leaving a wife and two small children. Funeral Wednesday morning from Chamberlain's undertaking rooms to the 7:15 train. (New York papers please copy.)

Gin Pills FOR THE KIDNEYS MARTYR TO PAINS IN THE BACK

Halifax, N.S., Jan. 15, 1916.
About eight months ago I read your advertisement in one of the Halifax papers. Offering a free sample of Gin Pills for the Kidneys, I had been a martyr for years to intense pains across the back and decided to try Gin Pills. Before I had finished the third box I found myself free from pain. Yours sincerely,
Mrs. (Jane) Percy.
All druggists sell Gin Pills at 10c. per box. 6 boxes for \$5.00. Sample free if you write to NATIONAL DRUGS & CHEMICAL CO. OF CANADA, LIMITED, Toronto, Ont.

Peace Must Be Real And Lasting, Not Mere Truce Italian Statesman Says

Deadly Germ of War Can Only Be Killed by Destroying Austria as State and Depriving Germany of Every Illusion of World Domination.

New York, Oct. 16.—A news agency despatch from Rome, published here today, says: Austria must be destroyed as a state and Germany deprived of every thought of dominating the world before the war can end, Signor Bisolati, civil commissioner for war, Socialist leader, said today, one of the most powerful figures in the Italian cabinet, said today. "I am convinced that War Secretary Lloyd George's statement, and Premier Asquith's words in the House of Commons, exactly interpret the thoughts and express the firm resolve of the Allies," said the Italian cabinet member. "The peace to which the whole world aspires, after so many horrors and sacrifices, must be real and lasting, not a mere truce. Civil-

MEN FROM GERMAN FRONT TO SPEED UP MUNITIONS OUTPUT

Skilled Workmen Being Recalled from Firing Line to Krupp Works—20,000 Men to Join Factory's Forces.

New York, Oct. 16.—According to a news agency despatch from Essen, Germany, published here today, twenty thousand men already employed in the great Krupp gun works in the gigantic task of turning out shells and guns for the German armies. The addition of this force is one step in the course Germany's renewed efforts to win the war are taking under the direction of Field Marshal Von Hindenburg, new chief of staff. Many skilled workmen are being recalled from the front to aid in speeding up the production of war supplies, and barracks are being built to house them.

N. S. VESSELS LAUNCHED.

One of the finest sailing vessels ever put afloat took the water at Shelburne on Thursday, when the Sunset Glow was launched from the Joseph McGill yard. The schooner was built for Harvey & Co., Ltd., of St. John's, Nfld., for their fish carrying trade. She is three-masted rig, and registers 297 tons. Her construction and outfit are

of the highest standard, and she is classed A1 for twelve years.

The new 400-ton schooner Perce, launched last week from the shipyard in Bristol, Queens county, N. S., is now lying at Hendry's wharf, Liverpool, being sparred and made ready to deliver to her owners, Messrs. Robin, Jones & Co., Halifax. This vessel's dimensions are: Length of keel, 113 feet; depth, 12 feet; breadth, 33 feet and measures 365 tons gross. She has a full set of iron knees and is equipped with all the most modern gear, all of which was manufactured in Liverpool. She is classed in Bureau Veritas for 12 years. The Perce will be placed in the fish trade between Newfoundland and Brazil.

SCHOONERS CHARTERED.

Sch Bertha L. Downes, St. Anna, C. B. to Chester, Pa, plaster, p. t.
Sch Myrtle now on her way to Yarmouth, will load lumber at Yarmouth for Havana.

WRECK NEAR SANDY HOOK.

New York, Oct 16—The schooner J. R. Bodwell, Captain Stout, from Rockland, Maine, for Philadelphia, with a cargo of paving stones, ran ashore on False Hook, outside of Sandy Hook early today. The vessel filled with water and is expected to be a total loss. The Bodwell was of 1774 tons, built in Stockton, Maine, in 1874, and hailed from Rockland.

STEAMER FLOATED.

Salt Ste Marie, Mich, Oct 16—The steamer Howard M. Hanna, Jr, which went aground in St. Mary's River here, Saturday, was released Sunday, after her cargo of ore had been lightered and three tugs had worked on her for several hours.
The vessel, of steel construction, 664 feet long, is owned in Cleveland.

NEGROES LYNCHED BY MOB AND THEIR BODIES BURNED

Paducah, Ky., Oct. 16.—Two negroes were lynched by a mob here today and their bodies burned. One, taken from the county jail was charged with attacking a white woman, and the other, seized on the street, was accused of voicing approval of the former's action.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores, in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs. Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, snore, constipation, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of its inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

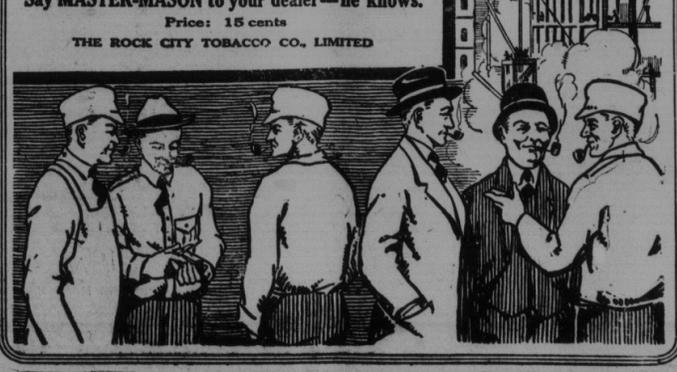

SEE HOW THEY ALL GET TOGETHER

to discuss the merits of Master-Mason Plug Tobacco—the tobacco made to suit a real man's idea of a comfortable smoke. Get in line to-day and

Just cut a pipe-load, fresh from the plug, with all the natural moisture and fragrance of the choicest tobacco retained, rub it in the palm of your hand—pack it—not too tight in your pipe, light it, and, from the very first whiff you will realize that you have a real good tobacco.
Equal by test to the very best. Much better than all the rest.

Say MASTER-MASON to your dealer—he knows.

THOSE "WAR GRAFT" CHARGES.

Public speakers and newspaper editors whose political prejudices and hatreds outweigh their judgment, are returning to the charge that there is graft in Canada's military expenditures. For a brief space, after the publication of the report of the Meredith-Duff Commission, these gentlemen maintained a discreet silence as they saw the mountain of slander and insinuation so industriously created by Carvell and Kyte, crumble away before the test of truth and justice. Now, however, convalescent after that whipping, they deem it safe to return to the old game.

The Telegraph is one of the most persistent offenders in this sort of dirty work and in an article dealing with the campaign in England to punish profiteers and prevent further loss to the nation, says: "Canadian war grafters escape the punishment which is handed out to the English offenders. Here the vultures have an easier time and take less risk."

The sole purpose of that sentence is to say, by implication, that war graft is common in Canada, that the country has been severely bled by profiteers and that, when such cases are unearthed, there is no effort at punishment. The statement is absolutely without foundation, for there are many men in this country who have had an opportunity to compare war business here with that in the Motherland and some of these men, speaking through the medium of newspaper interviews, have declared that Canada's record is highly creditable and that such vicious criticisms as indulged in by Liberal papers is not only uncalled for and untrue but absolutely slanderous.

The Borden Government has never hesitated to unearth cases of war profiteering. The Davidson Commission, in its establishment and scope, was positively unique in Canadian history. That commission probed every case brought before it and openly and fearlessly examined all evidence. The result showed that time after time what the opposition had sought to invent with the dignity of charges supportable by evidence, were, in reality, mere slanders.

Declarations were made by prominent, though odorous, Liberals, that Ministers of the Crown had profited by the making of fuses. The Fuse Commission showed such charges to be baseless. Two members of Parliament who had profited from small contracts were forced to retire and to make restitution of their ill-gotten gains. Such a course was never suggested by Laurier or any of his lieutenants although the record of the South African war shows that in some lines profiteers charged the country higher prices than have been asked during the present war for similar goods. Yet Laurier never had a thought of asking restitution. From the very beginning Sir Robert Borden and his colleagues have fought the war grafters, while faced by the dos

blunt and other frauds back in the South African war days Laurier did not even exhibit so much as the tremor of an eye-lash let alone attempt to investigate the graft and punish the grafters.

The Borden Government is absolutely clean. Its war record is one on which it can successfully seek the endorsement of the public at any time, and the only "vultures" allowed free wing in Canada are those editorial hirelings and platform wind jammers—Grits for revenue only—who feast on the heap of scandal and misrepresentation collected by their own muck-rakers. Such a campaign would not be tolerated in England and in that regard the Telegraph is correct when it says "here the vultures have an easier time and take less risk."

WAR "NEWS" FROM GERMANY.

It has long been suspected that the war news supplied from German sources has been colored and falsified to suit the views of those in sympathy with the German cause. Striking statements in support of that suspicion are made by D. Thomas Curtin of Boston, writing to the London Times on what he saw and learned during a lengthy stay in Germany. Mr. Curtin declares that the Ger-

man censors will not permit unbiased war news to be sent from Germany to the United States or any other neutral country and that only those correspondents who agree to "color" their statements to meet the German view are permitted facilities for news gathering.

After giving a detailed account of the personality and activities of the two correspondents, Von Wiegand of the New York World, and William Bayard Hale of the International News Service, who, he says, are pampered and given every attention by the German officials, Mr. Curtin says the American correspondents generally are made to cut a humiliating figure, although not all of them realize it.

"It is notorious," he writes, "that they are spied upon day and night and sometimes even ruthlessly snubbed by the German officials. For instance, when the merchant submarine Deutschland returned to Bremen on August 23, the American correspondents were invited to Bremen to see the triumphant arrival after which a luxurious banquet had been provided at the Rathaus for the assembled bigwigs. The Americans saw the arrival of the Deutschland all right, but were excluded from the banquet. Instead they were provided with a separate dinner at a neighboring tavern."

"Several American correspondents, including Messrs. Conger and Powers of the Associated Press, and Cyril Browne, of the New York Times, are honestly trying to practice independent journalism, but it is a difficult, almost a hopeless struggle. They are shackled and controlled all the time and cannot send the unadorned truth to the United States."

"All that they are permitted to report is that portion of the truth which reflects Germany in the light in which it is useful for Germany to appear. Germany has organized the sending of news to neutrals in the most intricate fashion. A certain kind of news is doled out to the United States and a totally different kind to Spain, Switzerland, Brazil and China. The motto of the German War Press bureau is 'all the news we think fit to print.'"

LEST WE FORGET.

The Liberal newspapers are devoting a great deal of space to alleged patriotic speeches by Sir Wilfrid Laurier, made in the interests of recruiting for soldiers to fight the German exponents of kultur and aggression. These newspapers are quite willing to forget some of Sir Wilfrid's earlier opinions concerning the Kaiser, the man more than any other responsible for the flood of blood and tears by which the world has been deluged.

When Sir Wilfrid Laurier was busy blocking attempts by the Conservative Government to give assistance to the mother country at the time before the war when the German menace loomed large to everybody but Sir Wilfrid he made the following statement:

"There is one fact in the situation which I think shows that there is no intention on the part of Germany to attack England, and that fact is the German Emperor. The German Emperor is undoubtedly one of the great men of the present age. By intellect, by CHARACTER, by MORAL FIBRE, he has shown himself wonderfully endowed."

At that time Sir Wilfrid was in possession of the secret information supplied by the British Admiralty to Sir Robert Borden showing that the German menace was only too real, but he would not believe that the Kaiser, "so wonderfully endowed by character and moral fibre," could be guilty of any nefarious designs upon Great Britain.

The Liberal leader was so anxious to defeat the praiseworthy effort of the Conservative Government to assist the Motherland that he was quite willing to eulogise the German Emperor, or as a MAN OF INTELLIGENCE, CHARACTER AND MORAL FIBRE. The Kaiser's moral fibre was shown in the outrages in Belgium and Poland, by the sinking of the Lusitania and by the shameful campaign of murder and rapine he has encouraged his soldiery to carry on against defenseless men and women. Yet the leader of the Liberal party deemed him a fit subject

for eulogy. Laurier's opinion of the Kaiser should be read by every patriotic Liberal in Canada today, even though its personal might detract from the pleasure they would derive from the lip-loyalty expressed by him in constituencies where any other sort of speech would be decidedly unsafe.

"MOVIE" STAR IN NEW ROLE.

It will no doubt be a source of pleasure to the many hundreds of admirers of the inimitable comedian and film star, Charlie Chaplin, to learn that his thoughts rise to the dramatic and spiritual as well as to the theatrical and money making. Many a ripple of laughter has been elicited by his antics on the screen, but it is delightful to know that in addition to this talent for mirth-provoking there is also a more serious side to the man and that at times his mind soars to higher realms and he endeavors to bring a spiritual message.

Yes, Chaplin preaches, at least so the public is informed by the Times, that model of accuracy, so solicitous in the matter of exactness that it must needs see the tiniest note in its neighbor's eye and direct attention to it. Last evening the Times, in one of its headings, informed its readers that "Chaplin Preached." The article following the sensational announcement, however, did not bear out the heading. Is it possible that The Man in The Street could err thus? Possibly he was on another street at the time. The Standard cannot conceive that that hypocritical gentleman would tolerate such inaccuracy were he within hailing distance. Those few lines about "People in glass houses," etc., might very appropriately be called to his notice. Motion picture journals had forth alluring propositions to scenario writers pointing out the expansive field that branch of literature affords to the imaginative, but what better theme could The Man in The Street secure than that suggested by the Times' headline "Chaplin Preached."

ANNUAL MEETING OF ST. JOHN BOY SCOUTS

Farewell Message Received from H.R.H. Duke of Connaught as Chief Scout for Canada.

The annual meeting of the St. John Boy Scout Association was held in the Y. M. C. A. building last evening, the following being present: G. D. Blair, A. H. Ellis, H. McDonald, Thos. Hamm, M. W. Galley, Senator J. W. Daniel, Rev. H. A. Cody, B. C. Waring, R. Dooe, F. Warren McPherson, Basil D. Robertson, Robert J. McPherson, F. W. Thompson and A. C. Skelton. A. C. Skelton occupied the chair, and after matters of general interest had been discussed, the election of officers for the forthcoming year took place. President, A. C. Skelton; vice-president, Rev. H. A. Cody; honorary secretary and treasurer, Percy Gibson; district scoutmaster, B. C. Howard; members of the council, Senator J. W. Daniel, P. J. Legg, H. O. Bonk, F. B. Schofield, H. V. MacKinnon and R. J. McPherson.

That the boy scout movement was gaining steadily in the city, and would progress more rapidly after the conclusion of peace, was the opinion of the chairman, and from the remarks made by many of those present it was gathered that important devel-

Little Benny's Note Book

Me and Ed Wernick was going past the butcher store and there was a lot of corn outside with corn husk growing out of the top of it, and Ed Wernick sed, G, go on in and ask Mr. Smit if we can have that corn husk, we can smook that.

I went in and asked him, saying, I want to ask you about that corn husk on the corn, Mr. Smit. What about it? sed Mr. Smit. Can we have it? I sed, and he sed, Serteny not, I was told not to give any of the boys any corn husk, you want it to smook, thats all you want it for.

And I went out agen, saying to Ed Wernick, He see no. Wat do we care, I got it all now, sed Ed. Wich he had, having a hole pocketfull, and we went around the alley and rolled it up in peeces of newspaper and started to ask for matches, the 7th man we asked giving us one, and we each lit a cigarette, looking more like segars than cigarettes, being so big, and we sat on the curbstone puffing them, and Teddy Merly sed, These woodent make you sick in a million years.

These wood never make you sick, I sed. Why dont you try to inhale? sed Reddy. How? I sed, and Reddy sed, llike this. And he blew some smook thro his nose, looking all rite, and I blew some thro mine, maybe looking all rite but feeling pritty farse, and I cawfied a wile and then started to puff agen, and pritty soon I stood up saying, I guess I'll go in.

Wats the matter, you aint sick, are you? sed Reddy. I shoood say not, I sed. And I dropped wat was left of the corn husk cigarette and went in our back gate and up stairs, and ma was in the set- ting room, saying, Is that you, Benny?

Yes mam, I sed, and ma sed, Wats the matter with you, wy dont you speak up, arent you feeling all rite? Wich is all Im going to tell, out of pullitenis.

opments might be expected. Reports were given of two new troops being formed, and others may be added during the winter.

The following interesting letter was received by the meeting from His Royal Highness the Duke of Connaught: To officers and members of the Boy Scouts' Association throughout Canada:

As the time draws near for my intended departure from Canada, I desire as chief scout of the Boy Scouts' Association of Canada to express my best wishes for the continued success of the movement which is doing so much for Canadian boyhood, and the highest ideals of Dominion citizenship. It has been a great pleasure to me to meet so many of those connected with the work in the different provinces of the Dominion, and as president of the parent association in the United Kingdom, I shall always continue to follow with the greatest interest the future of the Canadian Boy Scouts' Association.

I wish to thank all those who have so liberally contributed their time and means towards the organization and maintenance of troops and local associations, and also to the Canadian general and the several provincial councils.

One outstanding need of the movement at this stage is increased adult support. There is no slackening of interest amongst the boys, but owing to the departure of so many scoutmasters to the front, there has been a serious depletion of qualified officers throughout the Dominion. Any individuals willing to assist in this worthy cause should communicate with the local officers of the association who will be glad to make all possible use of their services.

In bidding farewell to the Boy Scouts of Canada I cannot too strongly impress upon them their watchword—"Be prepared"—for the future as you have been for the present and past.

Rest assured of my continued and

More "Pep" in the day's work

Many a man has secured it when eye strain was removed by properly fitted glasses. Eye strain always slows up the brain, causes bodily ills which cut down efficiency. It may be present when sight is fine, and therefore unsuspected, because the eyes are adjusted without conscious effort.

Sharpe's scientific equipment for testing eyes detects eye strain if it is present. The glasses we provide, being made to order, correct defects in refraction and remove eye strain.

REPORTS SUBMITTED YESTERDAY SHOWED SUCCESSFUL YEAR'S WORK BY THE BAPTIST MISSION BOARDS

Maritime Convention's Third Day Largely Devoted to Hearing Statements in Connection With Home Missions—More Men and Additional Funds the Chief Requisite for the Coming Year—Work of Canadian Bible Society Told of in Interesting Address—Matters of Importance Considered by the Convention.

Yesterday was the third day of the Baptist convention and all the sessions were largely attended. The addresses by Dr. DeHolis were enjoyed very much by those privileged to hear them. In the morning he spoke on "Treachery to Jesus the Apostasy of Rome," and in the afternoon his subject was "Christ's Programme for the Church of Today."

The evening session was devoted to home mission problems and addresses were delivered by Rev. E. S. Mason, on Local Home Mission Work; Rev. N. A. Harkness and Dr. Whidden on Western Missions, and Mrs. L. A. Therrien on Grand Ligne. The morning session convened at 9.30 and after the devotional exercises the nominating committee reported as follows:

Ministers' Annuity Board (retiring in 1919)—Rev. G. H. Cochrane, Rev. F. G. Francis, Rev. D. J. McPherson, Rev. Dr. W. C. Kiersstead, J. W. Gillespie, B. A. Caldwell, W. A. Fillmore, John Sullivan. Retiring in 1919, in place of Rev. A. F. Newcombe, Rev. H. H. Ferguson. Ministerial Educational Board—Rev. I. B. Oakes, H. T. DeWolfe, M. P. Freeman. United Baptist Historical Society (retiring in 1919)—Dr. A. C. Chute, Dr. J. W. Brown, Rev. G. B. MacDonald, Rev. Z. L. Fash, Rev. R. O. Morse, Rev. F. L. Orchard.

Religious Instruction in the Public Schools—Nova Scotia: Dr. S. Spidle, Rev. J. W. Manning, Rev. F. C. Hartley, Rev. F. E. Bishop, Rev. E. D. King, J. P. Gordon. New Brunswick: Rev. D. J. McPherson, Rev. J. H. James, Rev. D. Hutchinson, Dr. C. C. Jones, Rev. S. S. Poole. Delegate to Social Service Council—Dr. E. D. King, Halifax. Board of Western Missions—Rev. A. J. Vincent, Rev. I. W. Williamson, Rev. A. J. Prosser, J. A. Clark. Grand Ligne Mission—Rev. H. W. Cann, Rev. B. Wallace, Rev. B. H. Thomas, Rev. A. H. Saunders.

Home Mission Reports. The home mission report for N. B. and P. E. I. was presented and the whole was very encouraging. Sixty-seven pastors had been cared for giving an average of 38 weeks to each pastorate. The 67 pastorate represented 123 churches with 185 preaching stations. Thirteen preaching stations had not had any pastoral care during the year. The financial report was as follows:

Table with columns: Received, Paid. General Fund \$11,834.17, Church Edifice Fund 668.56, Trust Funds 692.90, Minimum salary 392.00. Total Received \$13,687.63, Total Paid \$12,393.89. E. A. MASON, Treasurer of Home Mission Board.

The report of the committee on temperance and moral reform for N. B. was presented by Dr. King, Halifax. Reference was made in the report to "sectarian schools," and some objection was made on the ground that the matter belonged to the educational committee. On motion, it was referred back and will be published in the Year Book. The report of the treasurer of the Sunday School Board was presented by Rev. A. S. Lewis, Windsor, and was adopted. The total receipts were \$1,549.97; expenditures, \$1,356.68, balance \$193.29. As there are liabilities of \$234.50, the sum of \$41.21 is unprovided for. Rev. B. H. Thomas, Dorchester, N. B., offered prayer, and the meeting adjourned until the afternoon.

Afternoon Session. After the devotional exercises led by Dr. DeHolis, the president took the chair at 2.30. The first number on the programme was an address by Rev. H. B. Boyer, secretary of the Canadian Bible Society. Mr. Boyer expressed his thanks to the delegates for the splendid support they had afforded him during the year in his work, and that so many of them had announced their intention to observe Bible Society Sunday which came on October 22. Last year in response to the need that had arisen the society had added ten new translations in which the Word had been printed and distributed, which brought the total number of tongues in which the Bible was now being printed to over 500. Over 11,000,000 copies had been disposed of last year.

Payments. New Brunswick Home Missions, \$4,817.41; Nova Scotia and P. E. I. Home Missions, \$16,242.20; Foreign Missions, \$3,758.84; ministerial education, \$941.97; annuity fund, \$2,054.22; Western Missions, \$3,744.96; Grand Ligne Missions, \$3,283.56; Sunday School Board, \$500; year book, \$710.10; secretary of convention, \$50; field secretary's salary, nine months, \$1,125; field secretary's expenses, \$352.60; treasurer's salary, \$400; printing, stationery, postage, etc., \$48.44; war stamps, \$23.40; exchange, \$38.37—\$48,870.01. Recapitulation. Minimum salary fund, \$397; Sunday School Board fund, \$870.09; U. B. Women's Missionary Union, \$20,700.94; mission bands, \$5,217.67; convention funds as above detailed, \$48,801.31. Total for the Maritime Provinces, \$76,055.71. J. Wesley Dimock, treasurer.

On motion the recommendation of the joint meeting of the young peoples and the Sunday school that the present boards be abolished and a new board appointed to be known as the Board of Sunday School and Young People's Work and the general secretary give all his time to the work of the new board, was adopted and the following appointed as members of the new board: Retiring in 1917, Dr. H. T. DeWolfe, Revs. G. Warren, J. E. Wilson, L. E. Ackland, P. C. Reed; 1918, Rev. P. R. Hayward, Ross Bethune, Rev. W. C. Machum, J. W. Grant; 1919, Rev. N. A. Harkness, D. C. Clark, Frank Atherton, Rev. A. S. Lewis and Rev. F. L. Orchard.

Western Missions. The report of the board of western missions was then presented. The work in the west had been somewhat interfered with by the war, but last year had been a very good one. There were signs of better times and the general outlook was encouraging. The educational work at Brandon College was progressing favorably and the receipts for this work had been a little larger than the year before. The following resolution was adopted: "Resolved, That this convention authorize its board of western missions to negotiate with the board of western missions for Ontario and Quebec, looking forward to securing the services of Field Secretary Walter Daniels for two or three months during the year in order that fuller information concerning our missionary work in the west might be brought more directly to our churches."

At Grand Ligne. The report of the Grand Ligne Mission was then read by Rev. E. Bosworth. During the year there have been employed 34 missionaries, teachers, carpenters and Bible women. Their combined labors would equal that of one man for 21 years and 5 months. They have preached 1,272 sermons to congregations aggregating 60,488 persons, they have conducted 789 prayer meetings with an attendance aggregating 22,624. There have been gathered into the Sunday schools an aggregate attendance of 29,273 scholars. One man for the Word of Life has been taught; almost all of the missionaries are actively engaged in Sunday school work, 1,108 copies of the Bible or portions of it, and 15,000 copies or 60,000 pages of religious literature have been distributed by them, they have also entered 9,472 houses to offer the Word of God, have visited 1,935 Catholic and 2,398 Protestant homes, have held 5,120 prolonged religious conversations on personal religion, and have read to Roman Catholics 2,295 chapters from the Holy Scriptures.

There had been received during the year from all sources \$39,825.92, which had also been expended, but they had been able to close the year without any deficit. At this juncture Rev. J. H. A. Anderson was introduced and conveyed the greetings of the Presbyterians of St. John to the convention. The following were appointed a committee on resolutions: Rev. A. S. Lewis, Rev. Z. L. Fash, Rev. M. Gordon, Rev. L. A. Fenwick and J. P. Gordon. J. E. Wilson was appointed to the board of management of the Baptist Young People's Union of America in place of Rev. J. H. McDonald. A motion to discontinue the present plan of providing funds for the minimum salary plan was carried. Denominational Funds. The report of the treasurer for denominational funds was submitted as follows:

Condensed Statement. Receipts. First district, N. B., \$248.93; second district, N. B., \$1,337.12; third district, N. B., \$2,305.22; fourth district, N. B., \$430.26; fifth district, N. B., \$96.41; sixth district, N. B., \$5,398.79; seventh district, N. B., \$1,811.23; eighth district, N. B., \$1,068.58; ninth district, N. B., \$2,037.54; tenth district, N. B., \$535.55; miscellaneous, N. B., \$1,441.28; N. B. Association, \$240; Southern Association, N. S., \$3,629.22; Western Association, N. S., \$4,206.67; Central Association, N. S., \$8,829.01; Eastern Association, N. S., \$2,354.60; Northern Association, N. S., \$4,265.04; African Association, N. S., \$166.09; miscellaneous, N. S., \$400.75; legacies, N. S., \$1,535.00; P. E. I. Association, \$1,411.08; miscellaneous, P. E. I., \$77; legacies, P. E. I., \$1,234.80—\$48,870.01.

The needs of the western field were presented by Rev. N. A. Harkness and Dr. Whidden. Mr. Harkness spoke of the work which was being done among the Scandinavians and Russians and of the splendid results which had been obtained. The west would be a missionary field for many years yet because of the shifting population and the unstable conditions, and if this Canada was to be made the country she ought the church had to get busy and Christianize the millions of immigrants which would be coming to her shores after the war as well as those already here. Dr. Whidden took up the five year programme which has been adopted by the Baptists of the west and told of some of the things which they hope to accomplish in the five years. They aim to double the membership of the churches, to raise at least \$45,000 for missions and to get 50 recruits for the ministry.

Mrs. L. A. Therrien told of the work at Grand Ligne in a most interesting manner. She traced the history of the institution from the time of its inception by Mme. Feller 80 years ago until the present time. Like all other educational institutions in Canada it had been hit by the war and over 129 "old boys" from Feller Institute had joined the king's uniform in this terrible struggle, and some of them had given their lives for the cause, and in this connection she mentioned the name of Major J. L. Duval of this city. The school had increased four fold since it was founded and in the 80 years of its existence had seen the number of converting over 8,000 persons. The singing of the National Anthem brought the sessions of the day to a close. Three sessions will be held today.

REDUCE SIZE OF SUNDAY PAPERS IN UNITED STATES. Washington, Oct. 16.—Reduction in the size of Sunday newspapers as a means of conserving the newsprint paper supply of the country and possibly preventing the suspension of smaller newspapers was recommended in a letter sent today by the federal trade commission to all the publishers of large newspapers in the United States.

BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT

They're fine! Liven your liver and bowels and clear your head. No headache, sour stomach, bad cold or constipation by morning.

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.

Smart Slip-on Top Coats for Fall Wear

The words "Slip-on" suggest ease and comfort, and that's just what our coats of these very classy semi-English models are.

We have a good showing of these in fancy tweed effects and Oxford grey at \$12.50, \$15, \$18, \$20 and \$22.50.

Also Fall Chesterfield Overcoats in Greys and Black at \$12 to \$28.

"Slip in as you pass and slip on a coat."

NEWS AND COMMENT FROM THE FINANCIAL WORLD

SMELTERS TO MAKE ISSUE OF OVER TWO MILLIONS

Money to be Used for Extension of the West Kootenay Light and Power Plant.

Special to The Standard. Montreal, Oct. 16.—The recent strength in Consolidated Smelters is explained by the announcement this afternoon that the company will make an issue of new stock amounting to slightly over \$2,000,000 to shareholders of stock record of October 21 in the ratio of one new share for each four held on that date.

It is announced that the money is to be used for the extension of the West Kootenay Light and Power plant which the company acquired this year, for whose output there is greater demand than the company can supply. The fresh capital will enable the company to make this extension and free it from debt and enable it to extend its operations.

Smelters have made industrial history this year and this fresh indication of its growth will be gratifying to the shareholders who will be entitled to rights on the new issue worth approximately \$4 per share.

The company increased its authorized capital this year from \$7,500,000 to \$15,000,000, and reduced the par value of the shares from \$100 to \$25 each. Then the West Kootenay Power was taken into the company on a favorable basis, and is now deriving a large surplus of revenue from this source.

FINANCIAL PRESS

(McDOUGALL & COWANS). New York, Oct. 16.—Journal of Commerce—"There is reason to believe that Wall street will be able to discount the influence of peace well in advance of any actual agreement to a treaty."

Sun—"There is too much that is good in industrial and money situation to warrant the idea that the investment markets are entering a long period of readjustment to lower levels."

MARKET BROAD AND FULL OF CONFIDENCE

Fresh Buying in Final Hour, Led by U. S. Steel Marines and other Leaders, Forced Up Prices.

New York, Oct. 16.—Events over the week-end, or more likely, the absence of untoward developments, contributed to the confident tone displayed by today's market, which was characterized by unusual breadth. Prices opened at substantial gains in many leading issues, these being forfeited in part during the mid-session, but in the final hour, the most active of the day, fresh buying under lead of United States Steel, Mercantile Marines, coppers and equipments, forced quotations to highest levels and served to further efface the more serious reversals of the preceding week.

Several new records were scored, Norfolk and Western rising 2½ to 17½, General Motors 2½ to 77½, and four for Atlantic, Gulf and West Indies to 97.

Much of the belated advance was made at the expense of a stubborn short interest, which had registered its opposition to bullish revival by persistent pressure upon steel and other leaders. Total transactions were slightly in excess of 1,000,000 shares, the last hour supplying over one-third of the whole, and steel, which made an extreme gain of 4½ points to 113, furnishing about 20 per cent. Bethlehem Steel made a gross advance of 15, with 2 to 5 points in other industrial, equipments and munitions. Mercantile Marines preferred's net gain was eight points, International Paper led the minor specialties at an advance of 9½, and coppers, zinc shares and motors rose irregularly, but substantially.

All the coolers kept pace with Norfolk and Western, strength being most marked in Reading and Chesapeake and Ohio, at gains of 2½ each. The Pacific's were higher by one to almost three points and secondary rails like Rock Island, Western Maryland, Kansas City Southern and Southern Railway participated to a like extent. Bonds, total sales, par value, \$5,370,000.

Canadian officials' estimates make wheat crop 159,123,000 bushels against 176,303,000 in 1915. President Underwood of Erie favors re-election of Wilson. Believes president used best judgment in eight-hour negotiations. Endicott and Johnston (Republicans), world's biggest shoe manufacturers, give 12,000 employees eight-hour day with ten hours' pay, recently announced their intention to support Wilson. Hughes gaining in popularity in west and great improvement is seen in his campaign. Twelve industrial 98.98 up .04. Twenty active railroads up .25. D. J. & CO.

Laurentide Power Company, Limited

FIRST (CLOSED) MORTGAGE 5% SINKING FUND GOLD BONDS

Dated January 1, 1916. Due January 1, 1946. Interest payable January 1 and July 1 at Bank of Montreal in Canada and London, and at Bankers Trust Company, New York, Principal and interest payable in Canadian, United States or British gold coin. Coupon Bonds of \$1,000 denomination, registerable as to principal. Callable as a whole after January 1st, 1920, on three months' notice at 105 and interest. Sinking Fund: 1 per cent. per annum of bonds issued, first payment January 1, 1920.

CAPITALIZATION		
	Authorized	Outstanding
5% First Mortgage Bonds	\$ 7,500,000	\$ 7,500,000
Common Shares	10,500,000	10,500,000

Laurentide Power Company, Limited, owns a modern hydro-electric plant with an installed capacity of 125,000 horsepower at Grand Mere on the St. Maurice River, Province of Quebec. Power is sold to The Laurentide Company, Limited, and to the Shawinigan Water & Power Company which, through its extensive transmission system, serves Montreal, Quebec and the other large industrial centres in the adjacent territory.

- We summarize as follows from a letter of Mr. J. E. Aldred, President of the Company:
1. First (closed) mortgage on a modern hydro-electric plant with installed capacity of 125,000 horsepower.
 2. Bonded debt of \$60 per horsepower is less than that of any similar hydro-electric development.
 3. Sinking Fund provides for redemption of approximately half of entire issue before maturity.
 4. Fifty year contracts (pledged under the mortgage) with the Shawinigan Water & Power Company and The Laurentide Company, Limited (one of the largest and most successful paper manufacturing companies in the world), provide for the sale of 75,000 horsepower.
 5. The net income assured from the above contracts will be nearly twice the interest charges of the extra bond issue, without considering revenue to be derived from sale of the 50,000 additional horsepower under option.
 6. Strength of the two contracting Companies is evidenced by the market value of their capital stocks which exceeds \$35,000,000.
 7. Power is distributed over the transmission system of Shawinigan Water & Power Company, embracing over 700 miles of lines extending west to Montreal and east to Quebec, and also serving a prosperous intervening territory, from which there is a constantly increasing and unusually diversified demand for electric power.
 8. Shawinigan Water & Power Company operates the plant, thus giving the Laurentide Power Company, Limited, the advantage of an experienced organization at nominal cost.

Over two-thirds of these bonds having been sold, we offer the balance subject to prior sale, at: **90 AND INTEREST, YIELDING ABOUT 5.70%**

RUSSELL MOTOR CAR

ANNUAL STATEMENT

Earnings After War Tax Equal to 41.61 p. c. on the \$1,200,000 of Preferred Stock.

Special to The Standard. Montreal, Oct. 16.—The financial statement of the Russell Motor Car Company for the year ending July 31, last, shows a balance at the credit of profit and loss account, of \$499,354, after setting aside an unnamed sum for the war tax. The company entered into the year 1915 with the balance sheet showing a loss of \$703,588 on the operations of the previous two years. As a result of the good year just closed this deficit has been reduced to \$204,000.

The statement shows considerable evidence of the improved position of the company. The item of real estate which at the beginning of the year stood at \$456,252 is reduced to \$67,000. Patents and good will, which are down at \$264,228, has disappeared entirely. The deal with the Willys-Overland, whereby they took the motor factory, meant an investment of \$1,366,915, which now represents the only interest of the Russell Company in the motor industry.

The year's earnings of \$499,354 after war tax, is equal to 41.61 p. c. on the \$1,200,000 of preferred stock up on which 23½ p. c. in dividends will be owing at the end of this month.

Those familiar with the canning business state that contracts have already been made by the different canning companies for delivery of goods far in excess of this season's pack and that advances in the price will be made from time to time in an effort to get retailers to cancel their orders.

ATLANTA'S FIRST GRAND CIRCUIT MEET

Three Events, Good Crowd and Fast Track at Inaugural of Grand Circuit Yesterday.

Atlanta, Ga., Oct. 16.—Atlanta saw its first Grand Circuit racing today, when three events were run. The track was fast and the races drew a good crowd. Of the events two were in the pacing class and one trotting. Each was won in straight heats. In only one were more than three horses entered. Goldie G., a black gelding, piloted by Valentine, won the 2.05 pace. "Foxy" Giers, driving Bonnington, the 2.04% chestnut stallion, took the 2.10 trot. Hal Connor won the 2.15 pace.

Summary:
2.05 Class, Pacing, Three in Five, \$1,000, Three Heats.

AMERICAN BREAKS THE OLYMPIC RECORD

Bob Simpson Wins the 110 Metre Hurdles in 14 8-10 Seconds at Stockholm.

Stockholm, via London, Oct. 16.—Twelve thousand people today witnessed the games in which a group of star American athletes competed in the 1,000 metres run, in which two Swedes, Zander and Bolla, equalled world's record of 3 minutes 31.2-10 seconds, finishing abreast, well ahead of Ted Meredith, the former American quarter-mile champion, who, on Saturday won the 400 metres dash in fast time. Meredith's time today was 2.38 7-10.

Bob Simpson, an American sprinter, won the 110 metre hurdles in 14 8-10 seconds, which surpasses the Olympic record by one-fifth of a second. The American team won the 400 metre relay race in 48 5-10 seconds.

HE DOESN'T RIVAL COBB.

It cost the Giants \$35,000 to discover that Benny Kauff doesn't rival the "Georgia Peach," that the Federal league demon is only a good ball player—not an outstanding star.

Of course, Kauff's admirers claim he has been handicapped this year. They offer alibis, among them (1) McGraw isn't handling him in a way that will bring out the best in him; (2) that Kauff, by his terrible earnestness in trying to make good, has been victimized by nervousness and over-anxiety.

But that doesn't alter the fact that Kauff is not starring this season. He is playing good ball and is major league calibre, but his performances cannot place him in—or anywhere near—the Cobb, Speaker, Jackson, Robertson class.

MAJOR LEAGUE TO BE SLICED

The Expiration of War Time Contracts Means a Heavy Reduction in Pay—Salaries May be Sliced in Halves.

Now that the regular baseball season is quite passed, lots and lots of baseballers are wondering just what's going to happen to them—financially speaking—next season.

The bulk of the wartime contracts expired at the close of play last week. For all but a rare few, whose days extend into 1917, the days of bulky pay envelopes are over.

And now that the magnates are going to have their turn at bat, the players are what you might call apprehensive; they fear that the moguls are going to batter their way out of their wages. Which they are.

Shrieks of pain, anguish and distress will resound in the land just as soon as the time comes for the signing of the 1917 contracts. The players will make these noises. The only ones that will be wadding out will be: "Sign them papers, drat you, or go back to your job of truck driving."

The boys who have become used to \$5,000, \$6,000, \$7,000, \$8,000, \$9,000 and \$10,000 incomes will have to be content with much less. Wouldn't be surprising if the owners, who were "gouged" by the players when warfare existed, would fix \$3,000 or \$4,000 as the maximum for the star performers—and much smaller wages for the ordinary athlete.

G. Herrmann, a Cincinnati gent, "tipped" the mix of the magnates some time ago. He murmured that players in the future who get more than \$3,000 or so must be very good base ballers indeed. Just ordinary athletes who pronged their bosses for from \$1,500 to \$2,000 when the Feds were alive and kicking, will be fortunate if they can shake down their masters for \$1,800 to \$2,400.

More than 75 wartime agreements expired this year; each club owner has cut loose from at least four; some six or seven. The big bulk of the contracts, it will be remembered, were made before the playing season of 1914 began. Because the Feds were signing up the jumping boys for three years the "faithful" ones insisted upon a similar courtesy from the organized folks.

"The payrolls of major league ball clubs in 1917 will be on an average of 45 per cent. smaller than in 1914, 1915 and 1916," one magnate said. "Some clubs will cut the outgo at least 50 per cent. The players had the whip hand for three years. Now the magnates wield it. Turn about is fair play."

They'll Find a Way.
Those Fed documents specifically state that upon expiration of the contract, they can be renewed only by the magnate granting to the player "at least a 5 per cent. increase in the amount named in this contract."

But those magnates will find a way—to avoid not merely the granting of that increase but to cutting the present figure.

THE BOWLING SEASON.

The bowling season was opened in the St. Peter's League last night with a match between the Roses and Michaels. There was a large crowd present, and the league promises to prove exciting during the season, as the teams are all strong. The league games will be played on every Monday, Tuesday, Thursday and Friday nights. There are eight teams competing as follows.—Roses, Shamrocks, Emeralds, Eries, Maples, Thistles, Malineses and Michaels.

The league will be played in three series. The first will finish on Thursday, December 7th. The second series will commence on Monday, December 11th and will finish on Friday, January 26th. The third starts on Monday, January 29th, and finishes Tuesday, March 27th.

The City League will probably start on Black's alleys next week, and will be composed of six or eight teams. Some of the teams who competed in the league last season will be on hand, as well as a couple of new ones. The alleys are in the very best condition, and the bowlers are anxiously awaiting the start.

MODERN DAVID NO NOVELTY NOW

Something About Charley Mitchell's Battle With John L. Sullivan, When Speed and Science Triumphed Over Superior Weight.

The success of medium sized boxers like Jack Dillon, Bob Moha and Battling Levinsky, who have disposed of heavyweights having the advantage of many pounds, seems to have created the impression that the feats of these modern Jack the Giant Killers are unparalleled in the annals of pugilism.

No greater error could be made for the history of the roped square is replete with examples of the "good little man" beating big opponents, some of whom came under the classification of "good big men."

As a matter of fact the achievements of the little fellows, a quarter of a century ago excelled those of the present day Lilliputians in a marked degree. Among the former ringsters who never paid any attention to the question of weight was Charley Mitchell, the British boxer, who has just sailed for home after a visit to New York. Mitchell at his best never scaled more than 160 pounds, but was so skillful a boxer and at the same time so hard a puncher with either hand that he was enabled to baffle many of the giants of the ring and decisively defeat some of them.

Mitchell's Great Feat.
Mitchell's battles with the Boston strong boy, John L. Sullivan, illustrate how science, speed and courage triumphed over superior avoirdupois.

Mitchell's first appearance against Sullivan was in Madison Square Garden on May 14, 1883, and the Englishman put the big fellow flat on his back in the first round for a clean knockdown.

This enraged Sullivan, who began a series of rushes at his smaller opponent with the object of annihilating him, but without doing any special damage. Mitchell came through the second round without much trouble and was holding his own in the third when Chief of Police Williams, a tender-hearted man, who carried a club merely as an ornament, became convinced that Sullivan would slay Mitchell and so he stopped the bout.

The records say that Sullivan won the bout, but how he did so does not appear in the details, which indicate that Mitchell outpointed the American champion during the time they were in the ring.

Mitchell Too Clever For John L.
The fears of Chief Williams appear to have been groundless, as the result of that battle between Mitchell and Sullivan in Chantilly, France, on March 10, 1888, indicated that the larger man had no chance of seriously

MASTER WORKMAN

SMOKING TOBACCO

The Civil Engineer says:—
"When I strike a knotty problem that calls for deep thinking, I want MASTER WORKMAN Smoking Tobacco"

This world-famous Brand can now be obtained for 15c. a cut at all the best stores.

injure his smaller opponent. The American weighed 200 pounds when he entered the ring at Chantilly, while Mitchell, then at his best, scaled 160 pounds. The men fought under London rules, with bare hands and on the turf. Sullivan started the battle with the same rushing, plunging tactics that marked his work in Madison Square Garden, but the agile, clever and brainy Mitchell avoided all the clumsy rushes of Sullivan and at every opening sent in stinging jabs and hooks. Mitchell drew first blood in the eighth round and gradually wore down Sullivan, who exhausted himself in his efforts to land a knockout punch on the Englishman. During the bout a drizzling rain began to fall, and Sullivan blamed his failure to win on the rain, which, he said, chilled him so he could not fight with any vigor. There was, however, no lack of vigor on behalf of the Briton, who certainly was stripped to the waist like Sullivan and was not protected from the rain by a mackintosh.

FOUR CROWN SCOTCH

A GENTLEMAN'S WHISKY

Holds its place today in Canada as it has for nearly half a century.

It appeals to those who know and appreciate a good whisky.

A brand whose quality and purity have never changed.

FOSTER & COMPANY,
ST. JOHN
Sole agents for New Brunswick.

For Use In the Sick Room

Your family physician will tell you that there are times in all our lives when an invigorating tonic is not only desirable but necessary. This is particularly true of persons who are run down or who are recovering from a serious illness.

For this purpose
RED BALL ALE and PORTER
are recommended as excellent tonics.

Luxurious Bigness!

A big roomy car is luxurious—no two ways about it.

But extra inches in an automobile cost hundreds of dollars—as a rule.

It took an investment of millions in facilities for tremendously increased production—

To effect the economies necessary to produce luxurious size at this price—

The wheelbase is 112 inches—

The seats are comfortable and roomy and there's plenty of leg room front and back. And your further luxurious comfort is assured by cantilever springs, big four-inch tires and balanced weight—the gasoline tank is at the rear.

Beautifully finished!—every convenience!
Price \$1115!!!
Model 85-6, six cylinder, 35-40 horsepower, 116-inch wheelbase—\$1295.

ROBERT GORDON (PATHE) No. 2.

His Wife's Good Name.

When this picture was put on at the Imperial in Montreal recently, the Vitagraph Company broke their usual rule and allowed Miss Lucille Lee Stewart to appear in person.

It is a picture full of clever bits of business. The introduction of the hero and heroine in a typical court yard with the windows of different apartments facing one another, with only a few feet of space between, is most amusing, and the restoration of "Mary" by a doctor and a pulmonologist after her attempted suicide is truly realistic.

Such a funny vaudeville act at the Imperial with all sorts of mechanical surprises. The performers juggle with balls and wires, between the rigging of the astonishing features which form the comedy of these few moments of fun.

Tuberculosis Rapidly Increasing Among Children of Belgium and Northern France.

More Food Urgently Needed to Keep up Their Strength

An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany.

Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality.

To overcome this serious danger, the Commission appeals for extra contributions so that a special meal can be served every day in the schools.

This can only be done—Belgium's children can only be saved—if every one of us who can possibly do so will give something toward the fund.

BI-LINGUALISTS WILL NOT SEND PUPILS TO THE PUBLIC SCHOOLS

Have Programme Ready in Event of an Adverse Decision by the Privy Council.

Special to The Standard. Ottawa, Oct. 16.—Preparations are being made by the bilingualists for an adverse decision by the Privy Council.

They will transfer their taxes on the public schools. In addition they will support their own parochial schools, and will not send their children to the public schools.

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It becomes beautifully soft, wavy, abundant and glossy at once.

Save your hair! All dandruff goes and hair stops coming out.

Surely try a "Dandurine Hair Cleanser" if you wish to immediately double the beauty of your hair.

Besides beautifying the hair, one application of Dandurine dissolves every particle of dandruff.

Save your hair! Keep it looking charming and beautiful. You will say this was the best 25 cents you ever spent.

OCTOGENARIAN AT CHANDLER'S WHEEL

Michigan Man and Wife Make an 800-Mile Trip East.

One of the most remarkable touring trips ever made was recently completed by Mr. and Mrs. Allen B. Jones of Flint, Mich.

Save your hair! Keep it looking charming and beautiful. You will say this was the best 25 cents you ever spent.

OBITUARY.

Henry Thompson. Many will regret to hear of the death on Sunday of Henry Thompson at his late residence, Willow Grove.

FUNERALS.

The funeral of Mrs. Eliza Kearns took place yesterday morning from her late residence, 72 Waterloo street, to the Cathedral, where requiem high mass was celebrated by Rev. H. L. Coughlan.

ANOTHER ADVANCE IN BISCUITS.

The biscuit manufacturers have decided to further increase the price of biscuits one-half cent per pound for all kinds.

STRIKE IN STANDARD OIL'S BAYONNE PLANTS STILL UNSETTLED

Committee of Employees to Discuss with Company Plan to Return to Work Under Better Conditions.

Bayonne, N. J., Oct. 16.—Settlement of the strike affecting 12,000 employees of the Standard Oil and other companies here was deferred at a meeting of the strikers today.

RESCUED CREW ARRIVE IN BOSTON

Men from the Peter C. Schultze who Abandoned Vessel in Storm Return Home on Governor Cobb.

Boston, Oct. 16.—The seven members of the crew of the schooner Peter C. Schultze, which was abandoned at sea in a sinking condition a week ago, arrived here today on the steamer Governor Cobb from Yarmouth, N. S.

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and youthful with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe and folks are again using it to keep their hair a good, even color which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Weyth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

AT YOUR STORE

At this time of the year Dr. Wilson's Hair Bitters are especially valuable. The blood is apt to be clogged with impurities which are the cause of dandruff, indigestion and that tired feeling which comes with the spring.

Dr. Wilson's Hair Bitters have stood the test of fifty years and have proved to be a true blood purifier.

THE ONLY MEDICINE THAT HELPED HER

"Fruit-a-lives" Again Proves Its Extraordinary Powers

Rochon, Que., March 2nd, 1916. "I have received the most wonderful benefit from taking 'Fruit-a-lives'. I suffered for years from Rheumatism and changes of life, and I took every remedy obtainable without results. I tried 'Fruit-a-lives' and it was the only medicine that really did me good. Now I am entirely well—the Rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try 'Fruit-a-lives'."

"MADAME ISABE ROCHON." 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Mass: W. A. Carroll, Halifax; J. M. McDonald, R. Curran, New York; Thos. J. Lenehan, Woodstock; F. W. Palmer and wife, Hampstead; W. D. Ross, Halifax; N. T. Catherine, St. George; F. W. Hope, Halifax; J. R. Robertson, Fredericton; M. Boyd, Moncton; A. B. Locke, Halifax; W. T. Donahoe, Boston, Mass.; Frank T. McGuire, Chicago; M. McCurdy, Toronto, Ont.

WOULD ELIMINATE "OBEY" AND "ENDOW" FROM THE MARRIAGE CEREMONY

Committee of Episcopal Church Recommends Using "Amen" only at End of Direct Prayer of Fraise.

St. Louis, Mo., Oct. 16.—Revision of the church hymnal, entailing the elimination of all hymns save those of direct prayer or praise, was recommended to the annual convention of the Protestant Episcopal church today in the report of the commission of hymnal. The revised book would contain 559 hymns, instead of 679, as does the book now in use.

Around the City

Five Drunks Arrested.
The police arrested five men for drunkenness yesterday and they will appear in the Police Court this morning to answer to the charge. One of the number, in addition to being drunk, will be charged with violently resisting Police Constable Jones.

Out Again, In Again.
A young woman named May Hickey, was allowed to go from the Police Court recently, under a suspended sentence of nine months, with the understanding that she would leave the city. She did not go, however, and last night was arrested by Detective Briggs on the charge of being drunk about the city after being warned to leave by the police magistrate.

Runaway Boys Captured.
Chief Constable David W. Simpson of the local police received a wire yesterday from the chief of police in Campbellton to be on the lookout for two boys who had run away from their homes in that town. Detective Briggs took charge of the case and when the Pacific Express arrived he found the boys and placed them under arrest. The youngsters are being held at police headquarters awaiting an officer to arrive from Campbellton to take them back home.

New Dump To Be Opened.
In all probability another dump will be opened for the citizens in this end of the city today. Commissioner Fisher has received permission from J. A. Likely to use a portion of their property on the Marsh Road for the purpose and as soon as the necessary arrangements to look after it have been made the dump will be opened. This will be good news for the merchants and householders in this end of the city as all the dumps which were formerly available had just been closed.

Missionary Rally Service.
The missionary forces of the Portland Methodist church held an interesting rally service last night with Mr. H. P. Breen acting as chairman. Interesting numbers on the program were an address by Rev. W. G. Lane, solo by Mrs. Murray Long, and an exercise by the auxiliary of the Women's Missionary Society, "Giltunes Along the King's Highway." Several reports of the work of the W. M. S. were also heard. Meetings will be held every night this week, each night being in charge of a different department of the church.

Water Service Normal Again.
After a very strenuous week the work of the water department finished their work of repairing the breaks in the 24-inch mains on Saturday night and the service is at normal once more. Commissioner Wilmore said yesterday that he could not find words to express the splendid loyalty of the men in the way they stuck to the job practically without sleep for a solid week, working most of the time in water sometimes up to their waist. The break at the Boys' Industrial Home was a particularly bad one to repair as the whole side of the pipe was blown out for about eight feet. Men are working now on an extension of the 12-inch main on Douglas Avenue where they will lay about 250 feet of pipe to serve some houses which are being erected at that place.

CHILDREN'S CAPE KID GLOVES.
A very scarce article, yet this can be had at P. A. Dykeman's store for boys or girls; unlined at 80 cts per pair, and lined at 97 cts per pair. All sizes in each kind. This glove is made in Canada from a good wearing kid. It will be found comfortable, and while it is not the same finish as the French glove, it is a credit to the maker. This firm is also showing a good range of Ladies' Washable gloves in white, tan, slate and more. Prices run from \$1.19 to \$3.25.

SCHOOL BOARD DEALS WITH FINANCES

Bentley Street School Matters Discussed—Early Issue of Debentures—Corner Stone to be Placed on New Building—Routine Matters

The principal matters dealt with at the adjourned monthly meeting of the Board of School Trustees last night had reference to the new school in Bentley street. Those present were: Trustees R. B. Emerson, chairman; J. V. Russell, G. E. Day, G. H. Green, Mrs. Dever, Mrs. Taylor, E. R. W. Ingraham, Dr. Manning, H. Colby Smith, with Superintendent Bridges and the secretary.

Several communications were read by the chairman, amongst them the following: Miss Marion Carvell wrote asking for an extension of leave of absence from the teaching staff until Christmas. The application was granted. Miss Helen L. Hannah applied for a position as school teacher, her letter being placed with those of other applicants. The boiler inspector sent in reports concerning the condition of the boilers in the Albert and King Edward schools and pointed out certain matters requiring attention. These matters were referred to the visitors' committee, with power to act, after trustee Russell and others had made some comment on the fact that as the last named school is of comparatively recent construction it was not easy to understand why the boiler there should not now be in good condition.

P. Campbell and Co., and James H. Doody wrote asking that their claims for consideration in connection with any work that might be required to be done in the schools might receive due attention. No definite action was taken. The janitor of the High School asked for an increase of salary, the matter being referred to the visitors' committee with instructions to report thereon. An offer to sell to the board a special kind of floor and furniture polish for use in the schools was referred to the buildings committee. Trustee Day presented a report as to the tenders sent in for the erection of the Bentley street school, and pointed out that owing to refusal of the lowest tenderer for the carpentry work to sign the contract, because of a misunderstanding, the next lowest tender had been accepted which necessitated the omission of some of the work, such as a vacuum cleaner and a small portion of excavation work, so that the expenditure should be brought within the total amount of the tenders originally accepted. He pointed out that the total amount of the tenders as now accepted is \$70,940.70. The action of the buildings committee was endorsed.

Mr. Day asked that the committee should be empowered to make minor changes in the contracts, if and when necessary as the work proceeds, calling attention to the fact that one of the contractors was unable to get bluestone, prescribed by the specifications for the front of the building, although he had made every effort to buy it. The fact would necessitate the contractor's use of some other kind of stone, such as redstone, which he was prepared to use although it would cost him more. On motion of Trustee Manning it was agreed that the committee should have power to make changes not involving any addition to the amounts of the contracts.

The chairman said he thought that it would be appropriate, in view of the importance of the undertaking, that a corner stone should be laid and after some discussion he moved that the Masonic Grand Lodge of New Brunswick should be requested to supervise the ceremony. Trustee Colby Smith seconded the motion, it being understood that details of the arrangements to be made with the Grand Lodge should be left with the buildings committee. Mr. Day reported that the work of construction of the building is progressing satisfactorily in all respects, Messrs. Mooney having a large force of men at work. Trustee Russell moved that the finance committee be empowered to issue \$75,000 debentures of \$500 each for 25 years from November 1 next with interest at 5 per cent per annum, payable half-yearly, and that a sinking fund be established for its redemption. This was seconded by Trustee Day and carried unanimously. Some discussion ensued as to the placing of the debentures, some of the members taking the view that local brokers should have a preference in making application for them. It was ultimately agreed that tenders should be called for by advertisement twice in each of the four daily newspapers of the city. It was agreed to take early action with the view of obtaining the consent of the provincial legislature to an increase in the assessment for school purposes. Mr. Russell recommended that the existing sinking fund of \$9,000 should be placed at better interest and he was requested to see to the matter. The secretary called attention to the fact that bonds amounting to \$20,000 would mature on July 1 next. The chairman called attention to the charges for water supply in the schools and said he thought all the water necessary should be supplied free of charge as payment for it by the board was only like taking money out of one pocket and placing it in another. The

EXCITEMENT OVER SUBS ON MAINE COAST

Explosion in Old House in East Machias River Revives Rumors—Was Gustav Hartweg One of the Plotters Concerned?

There is considerable excitement along the coast of Maine, especially on the East Machias River, that many miles from Eastport, because of the belief that in that river the German submarines had been using an old unoccupied house as a base for supplies. The reason for the belief is that at four o'clock Saturday morning last, during a heavy storm, an old house unoccupied at the head of navigation on the East Machias River was blown to atoms, and the explosion shook the village of East Machias and could be heard for ten miles. These facts indicate that the old building had been used secretly as a storehouse for powerful explosives.

Up till yesterday efforts to ascertain the ownership of the explosive were unsuccessful, though the authorities at East Machias place little credence in the suggestion that a hidden cache for German submarines has been revealed. Reports that boats had been heard passing up the river Friday night and early Saturday morning during the storm could not be confirmed and coast guards at Cross Island and from Cutler at the mouth of the river state that no strange craft had been noticed in that locality.

On August 7th the lookout at the Cross Island coast guard station reported sighting two submarines about five miles off shore heading west, and it was believed then that it was the German merchant submarine Bremen with a consort. Because the Bremen had not arrived in a United States port, the report of the lookout was discredited although it was corroborated by Captain Fred E. Sewell in command of the station.

The demolished building was owned by Carroll Dennison of East Machias and was used as a fish stand for a short time each year in catching alewives. It was built in the middle of the river. The owner said he had not visited the place for several months and he had no knowledge that anything was stored there. The weight of the blast indicated that a large quantity of explosive was discharged. The U. S. destroyer flotilla is watching the Maine coast for some sign of a foreign submarine base. The broken coast line along the Maine coast in the region of the place where the explosion occurred and Bar Harbor with its innumerable coves, has long been one of the favorite regions picked by rumor for hidden wireless stations and secret submarine bases and some of the largest and fastest of the U. S. destroyer flotilla are now detailed for duty off that part of the coast.

It will be remembered that some time ago, when the young German, Gustav Hartweg, was arrested in St. John and interned, among the articles found in his possession before he was sent to Amherst, was a set of charts, including one of the coast of Maine. He had also a few large sheets of paper on which he had marked the soundings all along the coast and the positions from point to point marked distinctly. It will also be remembered that only a short time before his arrest a young German, later identified by the picture in The Standard as Hartwig, was rooming at Campbell's Island, Eastport, and other nearby sections, selling kitchen rollers at a very small cost. The amount he was receiving for his wares was not enough to pay his board, and he only left Campbell's when one of the women residents asked him if he was a German and informed him that if he was one, the men on the island if they discovered he would shoot him. A few days after that he was captured in St. John by the local police. He was sent to Amherst, but had not been interned long before he made his escape and reached Calais safely. One of his companions who escaped at the same time is said to have resided for a time near Eastport. It may be possible that these young Germans who had the charts and soundings of the coast from Eastport all along to Portland have been using them to advantage.

Miss Isabelle Mays left yesterday morning for a two weeks' visit in Boston.

XMAS IN THE TRENCHES.

Gundry's can supply you with a nice watch, ring, locket, pen pencil, or leather photoholder. Something for the BOY DOING HIS BIT. Something to brighten Dec. 25th. Something to help to make Canada and home brighter than ever.

matter was left with Mr. Russell. The secretary's report showed the number of pupils enrolled for August, September to be 7,799—boys, 3,757; girls, 4,035. Number of pupils in average daily attendance, 7,135. Percentage of enrollment in daily attendance, 91.56. During the period named the Board of Health reported four cases of diphtheria and two of suspected typhus. Permits to date, October 14, 1,146 for this term, as compared with 1,124 to October 18 last year, and 1,152 to October 18, 1914.

23rd Railway Construction Corps.
George L. Ketchum, Hampton, N. B.
H. H. Hoyt, Hampton, N. B.
S. Haley, Newfoundland.

Another bright page in local recruiting history was unveiled yesterday when nine men entered the office on Prince William street to affix their signatures to the honor roll. Following the week-end return, yesterday's showing is indeed encouraging. The Bank of Montreal was exceptionally busy for a few hours yesterday afternoon cashing the pay checks of the men of the 165th Battalion. This was the first pay parade held by the battalion since its arrival here. The regimental band played the men to the cash box and then back to the barracks.

The band is considering holding a band concert in aid of the regimental fund. Major Legere is making the arrangements for the concert.

Major Boucher arrived from Moncton yesterday. Pte. Jesse Bastarache was taken to the strength of the battalion yesterday. Pte. James A. Chasson has been admitted to the hospital. Pte. Simon LeBlanc of "C" Company has been transferred to the staff and will be employed as shoemaker.

Pte. R. H. Woods of the 165th Battalion has been appointed provisional sergeant. Sergt. P. Forest has been appointed C. Q. M. S. of "B" Company and entered upon his new duties yesterday. The regular routine work will be carried on today with Lt. J. A. LeBlanc as orderly officer. Next for duty Lt. A. A. Legere.

Pte. J. A. Charost of the 165th Battalion has been appointed acting-sergeant.

Pipes For the Kitties.

The first shipment of pipes for the Kitties' regimental band were shipped by Henderson of Glasgow on October 5th and are expected to arrive in Fredericton the latter part of this week. There are a dozen sets of pipes in the first shipment and on their arrival they will take the place of the borrowed pipes that are now being used by the pipers. Mrs. E. Atherton Smith of this city, who undertook the work of collecting the funds to purchase the pipes, has obtained more than two thousand dollars, largely from the various Scottish societies in the province, and the first part of the money was received in Fredericton from Mrs. Smith yesterday. The Kitties now have a pipe band of about fifteen or twenty pipers. Some of these bandmen have learned to play the pipes since joining the regiment. At a later date it is expected that the band will be twenty-five men strong as this number is already in sight. The band turns out every day at the mounting of the guard.

Christmas Gifts for 26th Battalion. Will the friends of the boys of the Fighting 26th Battalion kindly take notice that a special appeal is being made, to provide each boy with a Christmas parcel. All donations may be left at the rooms of the Soldiers' Comfort Association in the C. P. R. building, in care of Mrs. Keeffe not later than Friday, the 24th inst.

Casualties.

Mr. Adam Campbell, Prospect street, Fairville, received a telegram Sunday informing him that his brother Andrew Campbell, had been admitted to the hospital, suffering from shell shock. Pte. Campbell is the son of Mrs. Andrew Campbell, Manawagoush Road, and is twenty-three years of age.

A letter from Major R. F. MacLachlan of the 140th Battalion, in England, to his wife in St. John, says he had heard from Capt. O. A. Dawson of the 26th Battalion that Major W. R. Brown of the 26th had been killed in action. The report is not confirmed, officially or otherwise.

Mr. O. J. Clark, 65 Portland street, received word on Sunday that his son, Corp. Stanley Clark of the Mounted Rifles had been killed in action on October 1st. Corp. Clark was twenty-five years of age and unmarried.

Lieut. Grant Smith is attached to the supply and transportation branch of service at the armory. He recently returned from Ottawa after completing a most successful lieutenant's course.
