

The Northern Hotel. About eighty-five delegates were present. The session is secret, and will continue three or four days.

BURGAL SHOT.
Bill Williams, a noted thief and burglar, was shot and fatally wounded yesterday morning while attempting to escape from an officer who had arrested him while committing burglary.

COAL SALES.
Fifty thousand tons of Scranton coal were sold yesterday at the following quotations: steamboat, 85.10 to 8.15; grate, 5.15 to 5.20; egg, 5.45 to 5.47; stove, 5.92; chestnut, 4.75 to 4.82. The above is an advance of 10 to 15 cents per ton over last month's sale.

FIGHTING WITH THE INDIANS.
Specials from Fort Sill, Idaho, report fighting between the Government troops and the Comanche Indians at the Wichita Agency, last Saturday, during which three soldiers were killed and a large number of Indians. Big Red Foot, one of the Comanche chiefs, took refuge in the agency with 50 of his band, and after a parley with Gen. Davidson, agreed to go to the agency with his band, and while the Indians were being disarmed, some of them turned and fired on the troops and the soldiers followed, and a running fire was kept up with the above result. During the fight Comanche lodges and camps were burned. More troops are being forwarded to the Agency. Four citizens are reported killed by the Indians. The fighting commenced at noon, and lasted all day. Despatches from Ofley, commanding at Fort Sully, dated Aug. 26, speak of Gen. Custer as in camp at Cowpens, in the Black Hills, and of the hostilities at Big Horn. The chiefs and head men were harassing the camp, and a detachment was sent to attack Custer. It is said he could raise four thousand warriors for that purpose.

A WIFE CHEATED.
A two o'clock yesterday morning, fire broke out in a house occupied by Andrew Glover and David Robinson, at Exeter, Massachusetts. Mr. Glover, after trying vainly to subdue the flames, started with his wife to rescue his children sleeping in the upper story. He says he carried the children out, and thinks his wife must have been suffocated in the chamber, as he himself escaped with great difficulty. Mrs. Glover passed two minutes. Houses were rocked, producing panic. No casualties are yet reported.

NEW YORK, Aug. 28, p. m.
Money tight.
President Grant to-day is visiting Nantucket, also Cape Cod, where he is received with the greatest honors. The Norwegian bark *Urn*, from Boston for London, was burned to the water edge soon after leaving port. Crew saved.
Washington dispatches report wide spread apprehension of Indian depredations along the western frontier settlements, and the War Department is receiving urgent appeals for establishment of military posts at new points.
A cable despatch says disabled steamer *Wesphalia*, was today towed into Quezontown.

NEW YORK, Aug. 29, p. m.
A CONSUL ATTACKED AND HOBBLED.
Otto Meyer, Austrian Consul at Havana, was the victim of a brutal attack last night, and is in a critical condition from his injuries.

THE CUBANS BEATEN.
From Cuba is reported a battle between the Insurgents and the Spanish troops, in which the former suffered severely.

THE FLYING WHEELS COMMITTEE.
Made its report last night, fully exonerating Becker. Moulton interrupted the proceedings, and the feeling against him was so strong that the police were obliged to interfere for his protection.

THE WAR OF BACCHUS—PLANS FOR THE WHITE PEOPLE.
Despatches from Nashville, Tenn., say that a number of the members of the Ku Klux Klan, threatened riot last Saturday and Sunday on account of the Ku Klux Klan having suppressed wrong done, and manifested a disposition to kill two or three citizens and fire on the Ku Klux Klan. On Tuesday sixteen of the ringleaders were arrested, taken to Trenton and placed in jail for safe keeping. About one o'clock next morning, between 75 and 100 masked men entered the town, and riding up to jail compelled the sheriff to deliver up the keys thereof. They then took the 100 persons from prison, and after killing four and mortally wounding two on the confines of the town, rode off with the remaining 10, and are supposed to have killed them, as nothing has been heard of the party since. Considerable excitement exists among the negroes, and the whites are taking steps to defend themselves in case of an outbreak. Armed men are pouring in from the country. The scouts say they cannot find an armed negro. At Blacksville the citizens are resting on their arms.

NEW YORK, Aug. 29, p. m.
The chief editor of the *El Cronista* is in receipt of a telegram dated this morning at Riohacha, stating that *Don Jose Perier De Conte* is so far improving from wounds lately received that he was able to sit up yesterday to receive visits of friends.

NEW YORK, Aug. 31.
ADVICES FROM CUBA report another attack of Spanish troops on the insurgents, in which twelve Spaniards were killed, and 1000 taken.

GOLD 109, now 109.

LONDON, Aug. 24.
An explosion occurred in a colliery near Hanley, Staffordshire, this morning, killing eight miners.
By the burning of Mosley's Stocking Factory at Nottingham, 500 persons were thrown out of employment. Loss \$600,000.
A fire broke out about midnight on the docks in Southampton and raged violently several hours. All shipping in danger was removed, and the flames were confined to workshops of the Royal Steamship Line, which were destroyed. Many workmen are deprived of situations, and a large number lost their tools.
Spain is dead.
Spain has contracted for 130,000 Remington rifles.

LONDON, Aug. 25.
IMMIGRATION OF LABORERS.
Two hundred laborers of the English Agricultural Union have England for Canada to-day.
A MINISTERIAL CRISIS.
The Ministers of Madrid and Sagasta and Caceres are expected to quit the Cabinet.
REBELLION IN SPAIN.
The inhabitants of Madrid refuse to submit to a fresh conscription, and disturbances are imminent.
NEWS COMES FROM CARLIST SOURCES that Puyecorda is in danger.
PARISHING THE COAST.
The Carlists have extinguished the lights on the Spanish coast between San Sebastian and Bilbao.
REBELLION FOR CONTRADICTION.
In consequence of the contradiction of the property of Carlists by the Spanish Government Prince Alfonso, brother of Don Carlos, has issued an order announcing that retaliatory measures will be taken.

LONDON, Aug. 25.
ADVICES FROM MADRID report the conscription law through Spain is being enforced without opposition.
The latest estimates in regard to the extent and effects of the famine show that 8,000,000 of natives are dependent on charitable relief. Further distress is threatened in Thiroth, where the weather is excessively dry, and unless rain falls soon the harvest will prove a failure.
LONDON, Aug. 25.
The *Mark Lane Express* says that the bulk of the wheat crop is now safe. Another week of fine weather and the fields will be clear. The damp state of some samples shows that we had a narrow escape. Prices are now receding in consequence of the belief that the crop is fully up to the average. Prices are very low in France, and English wheat is still being reshipped from there.
The German Government has formally notified the powers that it will not interfere in the internal affairs of Spain.
RETURNED TO BELGIUM.
The Prince and Princess Imperial of Germany have returned to Berlin.
RUSSIA AND SPAIN.
The Brussels *Le Nord* says would be a bad precedent for Russia to ask a Government founded on a coup d'etat, and wholly without legal sanction. When Russia's Government completely fulfills the promises of an established power Russia will hasten to recognize it.

LONDON, Aug. 26.
A member of the Merchants' Club, at Manchester, while in the club room yesterday, shot another member named Alexander McLean, killing him instantly. The murderer then killed himself. The book was stolen from the merchant. The reason of the tragedy is a mystery.
THE PRINCE OF WALES.
Has arrived at Brussels on his way to Berlin.
Russia has again informed Germany that she has no excuse to modify her objections on the Spanish question.
ALL SPAIN.
The *Provincial* correspondence of Berlin declares that the friendship and good understanding of the three empires are unimpeded.
AN EARTHQUAKE.
There was an earthquake this morning at yesterday's morning at Paris. Houses were rocked, producing panic. No casualties are yet reported.
A CRANBERRY GATE.
Before the Portland Police Magistrate, Mary Ann and Elizabeth Burrell, two young girls, are charged with wilfully committing damage upon the property of Richard Burrell, by picking, trampling down, and carrying away cranberries. The parties all live in Bristol, Parson of Lancaster. The defendants deny the right to the land, and claim that it is a common right of letting it remain in a morning, claiming that \$12.50 worth of berries had been removed and damaged. R. B. Veldon, Esq., appeared for the prosecutor. Silas Howard, Esq., defended the girls. The father of the defendants swore that the land where the berries were picked did not belong to him, but was a common. The case was adjourned until 2 o'clock.

THE CARLISTS AGAIN REPULSED.
The Carlists made another attack on Puyecorda, and the feeling against him was so strong that the police were obliged to interfere for his protection.

THE WAR OF BACCHUS—PLANS FOR THE WHITE PEOPLE.
Despatches from Nashville, Tenn., say that a number of the members of the Ku Klux Klan, threatened riot last Saturday and Sunday on account of the Ku Klux Klan having suppressed wrong done, and manifested a disposition to kill two or three citizens and fire on the Ku Klux Klan. On Tuesday sixteen of the ringleaders were arrested, taken to Trenton and placed in jail for safe keeping. About one o'clock next morning, between 75 and 100 masked men entered the town, and riding up to jail compelled the sheriff to deliver up the keys thereof. They then took the 100 persons from prison, and after killing four and mortally wounding two on the confines of the town, rode off with the remaining 10, and are supposed to have killed them, as nothing has been heard of the party since. Considerable excitement exists among the negroes, and the whites are taking steps to defend themselves in case of an outbreak. Armed men are pouring in from the country. The scouts say they cannot find an armed negro. At Blacksville the citizens are resting on their arms.

THE INTERNATIONAL CONGRESS.
The final sitting of the International Congress of Brussels is being held at the Hotel de Ville. The protocol has been signed by all but the English and Turkish delegates.

PROHIBITED PAPERS.
The French authorities have prohibited the sale of the London papers containing Baseline's letter.

THE CZAR'S REASON.
Russia refuses to recognize the Spanish Government on the ground that it is unrecognized in its own country.

OVER 200 CARLISTS WERE KILLED in the siege of Puyecorda and on one of their battles was destroyed by the French forces entering their territory.

Gen. Lopez Dominguez is marching to the relief of Puyecorda.

The Carlists have made a night attack on Puyecorda, and have again been driven back with heavy loss. They have buried their dead, and appear preparing to leave. It is reported that the Carlists suffered heavily in an engagement near Ripoll.

Shipping Notes.
Lancha at Rockville.—On Saturday Mr. Clifford Atkinson launched from his shipyard at Woodpoint, Nantuxet, a well built bank of 700 tons capacity. This vessel was built under the inspection of Lloyd's, to class A for 7 years, and compares favorably with any vessel built in Westerland Co. After being launched the Antwerp was taken to the yard for St. John, there to be rigged. The owners are Messrs. Oliver Emery & Co., Senator Botsford, the builder, and others. The Antwerp arrived here Sunday in tow of the tug *Arcturion*. Her dimensions are: length of keel 187 feet, breadth of beam 31 1/2 feet; depth of hold 16 feet; and she registers about 600 tons. Her cabins will be finished by John Parria and Co. She is chartered by A. Olson to load deals for Barrow at 80¢.

Theater. Anna Lara, which went ashore at Jeddah on the passage from St. John, N. B., to Queenstown, was sold, and has been got off, and arrived at Halifax 25th inst. by the *Arcturion*.
Barb Brothers' Pride, launched at North Sydney from Newport, G. B., with a cargo of railway iron, reports having experienced heavy gales of wind from 31st July to 3d August; had to throw overboard about 50 tons.
Dart. Flying Cloud.—Messrs. McLeod and McEwen, to whom the contract for repairing the bark *Flying Cloud* was awarded, have thrown it up. The *Cloud* was floated by the Navy Yard by them and placed alongside the Perry Wharf, Charlottetown, where she has been for some time having her cargo discharged, to be lightened and sent on to the north; but it has been found that only one side, on that side she lies against a mud bank. The keeping of the vessel in this position for so long a time, and the discharging of her cargo, instead of letting it remain as is to buoy her up when full of water, was an unwise proceeding. The managing of the bark ever since has been the ground at St. John has been bad.

A Cranberry Gate.
Before the Portland Police Magistrate, Mary Ann and Elizabeth Burrell, two young girls, are charged with wilfully committing damage upon the property of Richard Burrell, by picking, trampling down, and carrying away cranberries. The parties all live in Bristol, Parson of Lancaster. The defendants deny the right to the land, and claim that it is a common right of letting it remain in a morning, claiming that \$12.50 worth of berries had been removed and damaged. R. B. Veldon, Esq., appeared for the prosecutor. Silas Howard, Esq., defended the girls. The father of the defendants swore that the land where the berries were picked did not belong to him, but was a common. The case was adjourned until 2 o'clock.

Fire at Pettedocia.
Mr. J. A. Killam's house, at Pettedocia, was destroyed by fire on Saturday morning about 10 o'clock. The house was a new one, and finished throughout. There was an insurance in the Scottish Imperial office of \$2,000, so that the loss will not be very severe.

The Orangemen of the county of St. John are to hold a picnic at Oak Point. The picnic is to be held on the 31st of August. Some minor salt has taken place on the glass in McCredy's fancy store, King's Square. Some purses, &c., in the window were examined, but, not appearing valuable, were left on the window. There were no shatters on the window. The following gentlemen are to represent the St. John Y. M. C. A. in Fredericton at the convention to open on Thursday Rev. Dr. Waters, Rev. Mr. Pope, and Messrs. Wm. Welch, H. J. White, S. B. Peterson, D. M. Stearns, H. J. Thorne, James A. White, Joshua Clawson, A. D. Robertson, E. T. C. Knowles, J. McE. Hutchings, and H. P. Kern.

THE HORSE BELONGING TO MAGTALY'S Circus, which was injured by the breaking of the bridge at Musquash, was purchased by Mr. John Keatley. It is a first rate horse, and is intended to have a record of 2.45 in the States, and may be expected to take part in some of the races at Mooseport before long.

The humane and religious feelings of some St. John gentlemen were outraged by the sale of a dog named "Jack" by some boys, tossing a drunken squaw, near Kane's, Lock Lomond road.

CURRENT COIN.
It is whispered that Mr. Whalley intends to ask the Home Secretary if he has any objection to the Museum whether it is true that the library contains the complete works of A. Pope. It is reported that the British Museum whether it is true that the library contains the complete works of A. Pope. It is reported that the British Museum whether it is true that the library contains the complete works of A. Pope.

Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
Sulphuric dregs, per cubic foot. .01
Nitric dregs, per cubic foot. .01
Phosphoric dregs, per cubic foot. .01
Sulphuric sediment, per cubic foot. .01
Nitric sediment, per cubic foot. .01
Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
Sulphuric dregs, per cubic foot. .01
Nitric dregs, per cubic foot. .01
Phosphoric dregs, per cubic foot. .01
Sulphuric sediment, per cubic foot. .01
Nitric sediment, per cubic foot. .01
Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
Sulphuric dregs, per cubic foot. .01
Nitric dregs, per cubic foot. .01
Phosphoric dregs, per cubic foot. .01
Sulphuric sediment, per cubic foot. .01
Nitric sediment, per cubic foot. .01
Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
Sulphuric dregs, per cubic foot. .01
Nitric dregs, per cubic foot. .01
Phosphoric dregs, per cubic foot. .01
Sulphuric sediment, per cubic foot. .01
Nitric sediment, per cubic foot. .01
Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
Sulphuric dregs, per cubic foot. .01
Nitric dregs, per cubic foot. .01
Phosphoric dregs, per cubic foot. .01
Sulphuric sediment, per cubic foot. .01
Nitric sediment, per cubic foot. .01
Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
Sulphuric dregs, per cubic foot. .01
Nitric dregs, per cubic foot. .01
Phosphoric dregs, per cubic foot. .01
Sulphuric sediment, per cubic foot. .01
Nitric sediment, per cubic foot. .01
Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
Sulphuric dregs, per cubic foot. .01
Nitric dregs, per cubic foot. .01
Phosphoric dregs, per cubic foot. .01
Sulphuric sediment, per cubic foot. .01
Nitric sediment, per cubic foot. .01
Phosphoric sediment, per cubic foot. .01
Sulphuric residue, per cubic foot. .01
Nitric residue, per cubic foot. .01
Phosphoric residue, per cubic foot. .01
Sulphuric refuse, per cubic foot. .01
Nitric refuse, per cubic foot. .01
Phosphoric refuse, per cubic foot. .01
Sulphuric waste, per cubic foot. .01
Nitric waste, per cubic foot. .01
Phosphoric waste, per cubic foot. .01
Sulphuric scrap, per cubic foot. .01
Nitric scrap, per cubic foot. .01
Phosphoric scrap, per cubic foot. .01
