HANLAN'S OFFER TO BEACH. [Boston Herald.]

Edward Hanlan writes the Turf, Field ad Farm from Toronto as follows: "If each will come to this country and row

will not be called upon to put up one cent of money."

It Beach comes to this country, Teemer will have the first call on him, as he is champion of America, and has the first claim with Beach. It is not likely that Haulan will offer such terms to it deemer and it is exceedingly doubtful if he would even row a match for the amount he offers to put up for Beach. Teemer will be in this city by the latter part of next week, and it would not be surprising if, while here, a despatch was sent to Beach, offering to row him for \$5,000 provided he came to this country. Hanlan has had two races with Beach, with the same nurzber of defeats, and it is only fair to Teemer that Beach should give him the first race.
