BIG SUCCESS

Social Given at Residence of Mrs. Rispin by Christ Church Senior Guild Was Largely Attended

A most successful and enjoyable musical and social was given at the splendid home of Mrs. W. E. Rispin, last evening, under the auspices of the Christ Church Senior Guild.

An excellent program of music was given, after which dainty refreshments were served. The program was as follows:—

Instrumental—Miss Pratt.

Violin Selection—Mrs. Jex.

Vocal—Miss Thomas.

Selection, Christ Church Male Quartette—Messrs. Angus, Smith, Smith and Wilson.

Vocal—Miss Hope Rankin.

Violin Solo—Mrs. Jex.

Vocal—Mr. Wilfrid Smith.

Vocal—Miss Peate.

Selection—Male Quartette.

Miss Pratt, Miss Peate and John Smith were the accompanists of the evening.

One feature of the program that was especially enjoyable was the violin selections by Mrs. Jex. Mrs. Jex has been a resident of Chatham but a short time, her husband having recently secured a responsible position with The Wm. Gray & Sons Co., and this is her first appearance before a Chatham audience. It is the popular decision, however, that it will by no means be her last.

There was a good attendance at the social, and Mesdames Rispin, Pritchard, Pringle and J. P. Taylor, who had the management of the affair in hand, have reason to feel highly satisfied with the success which crowned their earnest efforts.

At the conclusion of the evening a number of cakes were auctioned off by Geo. S. Heyward. The cakes went well and George made such a success of the auctioneering business that his friends may not be surprised if he runs for M. P. at the next elections.

LITERARY SOCIETY

The students of the Canada Business College assembled last Tuesday evening for the purpose of organizing a Literary Society, and electing the officers for the coming winter, and, as the election was held under the ballot system, a very exciting time ensued.

Before the election took place each candidate nominated was given an opportunity to address the audience, and by the manner in which some of the students conducted themselves on the platform, it may be truly said "Shakespeare and Longfellow were dead, but many of their works live after them." While Messrs. Anderson and Hicks, scrutineers, were counting the ballots Mr. McHardy gave a selection on the piano, which was very much appreciated by the audience. Short addresses were delivered by some of the members of the staff, stating the benefits that may be derived from the society, and by the enthusiasm of the pupils and the talent already shown the society promises to be an elaborate success.

The officers elected were as follows:—

Hon. Pres.—D. McLachlan,

Vice-Pres.—Miss Shortill,

Secretary—A. McFarlan,

Treasurer—J. W. Powers.

Managing Committee—Miss Galoway, Miss James, W. G. Smith, J. E. Richards, G. R. Smith.

The meeting was then closed by the singing of the National Anthem.

THIS MEDICINE IS BREATHED.

That's why it is sure to cure Catarrh. You see it goes direct to the source of the disease—its healing vapor repairs the damage caused by catarrhal inflammation. "Catarrh-ozone" always cures because it goes into those tiny cells and passages that ordinary remedies can't reach, goes where the disease actually is. Impossible for "Catarrh-ozone" to fail as any doctor will tell you. Don't be misled into thinking there is anything as good as Catarrh-ozone—use it and you'll soon say good-by to catarrh.

A. J. Graber, who has been an employee of the Blonde Hardware Co. for several years, has severed his connection with the firm. His many friends will be pleased to hear that he is not going to leave the city.

CHAMBERLAIN'S POLICY

Preferred Before Balfour's by British Conservatives.

Delegates to the British National Union of Conservative Associations Took the Bit in Their Teeth, Owing to Premier's Dilatory Tactics, and Passed Almost Unanimously Chamberlain's Reform for Empire Union.

London, Nov. 15.—(C. A. P.)—Just before the meeting of the British National Union of Conservative Associations, it was announced that Capt. Wells, chairman of the Central Conservative organization, has resigned. The incident is of considerable importance from the fact that it meant the passing of the party organizations under the control of Mr. Chamberlain's supporters. As he had previously captured the Liberal-Unionist organizations, the fiscal reformers are now supreme in both wings of the Unionist party, and are in a favorable position to impress their views still more upon the present Government.

Favor Fiscal Reform. By a practically unanimous vote the conference passed a resolution in favor of closer union within the Empire, and declared that it could best be obtained "by such a readjustment of taxation as will, without increasing the cost of food to the poorer classes of this country, tend to secure fairer treatment of British manufacturers by foreign nations, prevent the practice of dumping and largely increase reciprocal preferenceential trade between the different parts of the British Empire."

This resolution, which is Mr. Chamberlain's policy in succinct form, was carried with only two dissentients.

Balfour Policy Shelved.

An amendment favoring Mr. Balfour's retaliatory policy, as explained in his historic "half sheet of notepaper," received less than a dozen votes.

Balfour For Retaliation.

Newcastle-on-Tyne, England, Nov. 15.—Premier Balfour at the night session of the Conservative Association, urged the Unionists to get together. He said that the Government must be given a free hand to retaliate against unfair foreign competition, and so readjust the fiscal policy of England as to encourage British manufacturers and draw the Empire together by preferential treatment of colonial goods.

In the course of his speech Mr. Balfour declared frankly that he was not afraid of the Opposition, but of his own friends. With great deliberation and emphasis he added:

"I am here to say exactly what I think about the situation, and I mean to say it. There is no use in having a leader unless you mean to follow him. I speak here as your leader for the time being, and my advice is to forget differences which are outside of practical politics of the hour. If you reject my advice disaster will overtake our cause."

London, Nov. 15.—Premier Balfour's unusually candid warning to his followers at the conference of the National Union of Conservative Associations at Newcastle-on-Tyne last night is interpreted in some quarters as a threat to resign the leadership of the Unionist party if dissensions continue with regard to the fiscal policy, and judging by the editorials in this morning's newspapers there is small likelihood of his appeal having the desired effect.

This Rule Seems Hard.

Toronto, Nov. 15.—One of the clauses enacted by the Railway Commission about a month ago is that shippers are only entitled to recover \$5 a package from railway companies for lost packages. On Oct. 17 Charles Buskey of Sault Ste. Marie shipped three packages of household effects, valued at \$55.95 to Whanapitae, Ont., over the C. P. R. In mistake he signed a release of responsibility form instead of a shipping form. The form he signed has a clause to the effect that the company would not hold itself liable for more than \$5 on any package. Yesterday, Justice Teetzel gave judgment for \$15 to Buskey, whose goods were lost in transit.

Most questions that begin with, "How shall I," are answered with, "Through a want ad., of course." Try The Planet!

Mrs. A. Smart, of Detroit, and Mrs. W. F. Rutley, of Toronto, are in the city attending the wedding of their sister Daisy to Mr. Samuel McClellan Smyth, who will be married at the residence of her mother, Mrs. Isaac Oldershaw, on Raleigh street, at 6.30 this evening.

THE DRAMA

The Theatrical Treat of the Season Which Will Appear at The Grand To-Night

During the early half of this week the farcical romance called "The Duke of Killierankie," by Robert Marshall, was played at the Princess Theater for the first time in Toronto, and it is safe to prophesy that those who were fortunate enough to watch the unsmooth course of the Duke's true love will be only too glad to see it a second time. "The Duke of Killierankie" is a draught of vintage rare, "with beaded bubbles winking at the brim." There is not a dreary moment in one of the three acts. The dialogue has a subtle sparkle which is as refreshing as it is unusual, while the swift and spirited action preserves it from being a "talky" play. Miss Rose Coghlan plays the part of Mrs. Mulholland with a vivacity and vigor that show no signs of flagging. Miss Mina Phillips, as Lady Henrietta Addison, plays effectively the part of the "quite contrary" maiden whose heart is to be won by stratagem only. Mr. Lynn Pratt makes a handsome and attractive aristocrat, whose speech is more brisk, and whose movements are more energetic than would fulfil Laura Jean Libbey's idea of so exalted a personage. Mr. Wallace Erskine as Mr. Henry Pitt-Welby is the most amusing of them all, and rises to the height of brilliant stupidity as he endeavors to comply with the caprices of his widowed sweetheart. Long life to His Grace The Duke of Killierankie, for he has brought us enough laughter to last a week.—From Toronto Saturday Night, Nov. 11, 1905.

This attraction plays Chatham to-night and promises to be the theatrical treat of the season.

AT REST

The following account of the funeral of the late Mrs. William H. Baxter is taken from the Detroit Free Press. Mrs. Baxter had very many relatives and friends in this city, who deeply mourn her departure.

Six young men, members of the Phi Epsilon fraternity of the Eastern High school bore the earthly remains of Mrs. William Baxter, wife of Fire Marshal Baxter, to their last resting place in Elmwood Cemetery yesterday afternoon.

Simple funeral services were held by Rev. Dutton Jacobs, of the Memorial Presbyterian Church, at the residence, 215 Joseph Campau avenue. Beautiful floral tributes bespoke the admiration and esteem in which the deceased was held. Large pieces were sent by the Degree of Honor of the A. O. U. W., the Lady Macabees, and the Eastern Star. A large blanket of chrysanthemums and carnations was contributed by the Phi Epsilon fraternity.

A NOBLE WORK

The King's Daughters, a noble band of young women who have formed a society to help relieve the suffering in the Maple City, deserve much commendation for their prompt action in the case of Mrs. Marble. Mrs. Marble appeared in the Police Court and was given two weeks to get out of town. She decided to go but had no proper clothes to wear and no money to take her any place. The King's Daughters provided her with good winter clothing and the ladies of the Home gave her enough money to take her to her daughter's home in Chatham Township. This is only one of many similar cases where these good ladies have done praiseworthy work among the poor and needy in Chatham.

Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is the most successful medicine in the world for bowel complaints, and is the only remedy that will cure chronic diarrhoea. Every bottle is warranted. For sale by all druggists.

FLOWERS OR CREPE?

The Canadian Florist, probably with an eye to business, the Brantford Expositor notes, is appealing to the undertakers of this country to follow the American plan of using flowers instead of crepe as door-hangings for funerals. The age of the deceased is indicated by the flowers used. A small wreath or spray of tiny white flowers is chosen for infants and young children. For persons of middle age a large piece with a mixture of a few light colors is used. In the case of the death of an aged person a wreath or spray of galax leaves, ivy or laurel leaves, or perhaps a sheaf of wheat is seen. In support of its suggestion the Florist says:

"There is something repelling and gruesome in the use of so much crepe at our funerals. Our religion leads us to hope that our friends, at the time of death, pass from this to a better world, and while their death may cause us great grief, we should realize that the change may be a happy one for them. For that reason we should not make a funeral an occasion on which to give out gloomiest thoughts the ascendancy, but should make the ceremony indicate to some extent that we recognize the existence of a better world hereafter."

The unexpected sight of a heavy black streamer hanging on the door of a friend gives a shock which would not be felt to the same degree were a wreath or spray of flowers used instead. In the larger cities of the States the use of these wreaths of late years has become general.

"The sprays may be tied to the door with a white satin ribbon or fastened otherwise, as the taste may fancy. Sometimes, for elderly ladies, a large bunch of English violets, tied with royal purple ribbon, is a pleasing variation. No standard rule or style for such a decoration has been adopted as the price of flowers in season, the circumstances of the purchaser, etc., have to be considered."

The substitution of flowers for crepe at funerals is something which is not unknown in Brantford, says the Expositor, as elsewhere in Canada, and there seems to be no good reason why it should not be more generally done. The use of crepe on such occasions, is, after all, a libel upon Christianity and seems to answer in the negative the all-important question, "Does death end all?"

NOT A "PATENT MEDICINE."

Scott's Emulsion is not a "patent medicine." It has no secret ingredients. Your doctor can, no doubt, tell you as much about it as we could. We have merely perfected the method of blending the Norwegian cod liver oil, hypophosphites of lime and soda and glycerine. As one grocer will blend coffee better than another so we have succeeded in making Scott's Emulsion a little better than any other cod liver oil preparation. There's no "patent" and the only secret is the secret of knowing how, with the perfected mechanical means at hand to do it. Get Scott's and you get the perfect emulsion. It's the greatest thing in the world for regaining strength and flesh lost through wasting.

MRS. TALLOW SHOT.

Fighting a Muskrat With a Clubbed Rifle, She Was Fatally Wounded at Humboldt, Sask.

Humboldt, Sask., Nov. 14.—Mrs. Tallow, wife of a young farmer from Ontario, was almost instantly killed by accidental shooting on Sunday. Her little dog was fighting a muskrat, and she went to its assistance with a 22-calibre rifle. She struck the rat on the head with the butt end of the rifle, and it exploded, the bullet passing through her hand and lodging in her abdomen. She died just as her husband got her back to the house.

Clifford Burgess Killed.
Lindsay, Nov. 14.—A young man named Clifford Burgess, telegraph operator, a son of Rev. Mr. Burgess of Bethany, Ont., was brought to the Ross Memorial Hospital yesterday morning suffering from a gun shot wound, the bullet penetrating the left eye and emerging at the base of the brain. Young Burgess was assistant stationmaster at Kilmount, and Sunday joined several companions in a walk. One of the party had a rifle and began shooting at a mark. When Burgess' turn came he pressed the trigger, but no explosion followed. He then lowered the butt of the gun to the ground and looked into the barrel. Just then the charge went off.

THE STAGE

"All the world's a stage
and all the men
and women merely players."

ANNOUNCEMENTS.

At The Grand—
The Duke of Killarankie—Nov. 15.
Guy Bros' Minstrels—Nov. 17.

(Supplied to The Planet by Press Agents).

London and New York have already given their approval to "The Duke of Killarankie," in which Miss Rose Coghlan will make her appearance at the Grand to-night.

The play is by Captain Robert Marshall, author of "A Royal Family" and "The Second in Command." Mr. Lynn Pratt is Miss Coghlan's leading man and Miss Minna Phillips, a very talented young actress who has supported many stars, is also in the cast. The story told in "The Duke of Killarankie" concerns a young nobleman, who, being unsuccessful in his efforts to win the lady of his heart, decoys her to a lonely castle on the continent. His friend imprisons a rich widow at the same time, in the same place. The women are furious and makes all sorts of plots to escape. Finally the men tell them to go home that they are no longer desired. Then Mrs. Mulholland and daughter Addison suddenly discover that they really do want to marry their lovers after all.

GUY BROS. MINSTRELS.

The Buffalo, N. Y., Courier says: Guy Bros. Minstrels gave a fine performance at the Opera House last evening, and pleased a large audience. The company is a large one, their show is clean, bright, and up-to-date. The first part opened differently from the usual run of minstrels, which have heavy ponderous settings. In the Guy Bros. the scene represents the hunters after a chase. The scenic effects are a revelation. You see the clouds passing the sun, the moon rise and go down, the water rippling over the rocks, something never seen in any other minstrel company, making a grand sight to behold. The usual number of good jokes, and excellent singing by cultured and excellent voices, were appreciated. The Guy Bros. gave a very pleasing performance. They appear at the Opera House Friday night, Nov. 17.

Americans are known as a dyspeptic people. The extent of this disease may be inferred from the multitude of so called "medicines" offered as a remedy. They are often in tablet form and have no value except as palliatives of the immediate effects of dyspepsia. The man who used them may feel better but is surely getting worse. They do not touch the real cause of the disease. Dr. Pierce's Golden Medical Discovery is a medicine specially prepared to cure diseases of the stomach and organs of digestion and nutrition. It is not made to give temporary relief but to effect permanent cure. In ninety-eight cases out of every hundred it cures perfectly and permanently.

It has cost Dr. Pierce \$25,000 to give away in the last year the copies of his People's Common Sense Medical Adviser, which have been applied for. This book of 1008 pages is sent free on receipt of 31 one-cent stamps to pay expense of mailing and customs. Address Dr. R. V. Pierce, Buffalo, N. Y.

PROBABILITIES.

Toronto, Nov. 15.—11 a. m.—Strong winds and gales, milder to-day with a few light falls of snow or rain. Thursday, strong westerly to north-westerly winds, colder.

Local News

The Warren Paving Company have everything in preparation to put the finishing coat on Raleigh street to-day. They will start about two o'clock this afternoon.

Stephen J. Cloonan, Deputy Sheriff of Pontiac, Mich., was a caller at the Police Court yesterday morning. Mr. Cloonan was making inquiries concerning a former Chathamite. The information was wanted by the young man's relatives.

The charming march song, "Liza Anna Brown," with words and music by Dr. L. C. DeCov, of this city, has just issued from the publishers, and will prove a most deservedly popular acquisition to musical libraries. Dr. DeCov is to be congratulated on his work, which already has received the recognition of Emma Myrtle, of the Georgia Minstrels, and other well-known Tunesian artists.

FEAD-DENNIS

A very happy event took place this afternoon at the residence of Mr. and Mrs. S. F. Dennis, Raleigh street, when their daughter, Miss Pearl, was united in marriage to Mr. Lyman E. Fead, of Harriston.

The house was very appropriately decorated for the occasion and a large number of guests were present. The wedding ceremony was performed by Rev. Mr. Rutledge. The presents received by the popular young couple were many, beautiful and costly, testifying to the esteem in which they are held by their many friends.

Miss Dennis is a very popular young Chatham girl and has taken a very active part in the Epworth League work in connection with the Park street Methodist church. She will be greatly missed in Chatham. Mr. Fead is a rising and prosperous young banker, being accountant for the Standard Bank at Harriston. He was recently stationed here.

After their honeymoon the happy young couple will take up their residence in Harriston.

Any person desiring good house with all modern conveniences, heated by good furnace, would do well to call on W. E. Rispin, 115 King St., who has two houses to rent in Riverside Terrace. He also has room, heated by steam, suitable for office, to rent in his office building at 115 King St.

HOCKEY

Bankers Will Form a Local Team—City League Will be Inaugurated

Everything points to a successful hockey season in Chatham this winter. There seems to be no doubt that a representative city team will be formed and, judging from the excellent material now in the city, it should be a winning one.

There is also considerable talk of forming a city league and the bank boys will be the first to take steps towards putting a team into this league. O. K. Lawson, who is greatly interested in hockey, has called a meeting in the Standard Bank rooms for to-morrow night to consider the advisability of forming a bankers' team. It is urgently requested that a full attendance of bank clerks will be present.

Others should also get busy and form their teams, where possible, and enter the city league.

Hockey should boom in Chatham this winter. There is no doubt about its popularity with local lovers of sport and the new skating rink which is being erected by the curlers will afford ample opportunity for ambitious players to show what they can do.

BAD PICTURES

Prisoner Blames City of Sensational Raid Fame, but Court Doubts His Story

Because he was found with naughty pictures in his possession, John Biggar had to pay \$5 into the public coffers at Police Court yesterday morning.

It was drink that did it. At least if Biggar had not been arrested as a drunk he would have escaped detection as easily as some others probably do. As it was, the search at the Police Station revealed everything and led to the laying of a double charge.

Biggar told the Court that he had been handed the pictures in Chatham the other day and that he did not know what they were, but the Court would not accept the explanation. The carrying of such pictures is an offence that the police are out to punish. Biggar is the second offender who has been caught within a couple of weeks.—London Free Press.

SERIOUS ACCIDENT

D. Leanny, superintendent of the Warren Paving Co., met with a serious accident this afternoon about 2 o'clock.

Mr. Leanny was walking around the Warren mixing plant, when his foot slipped and caught in the gearing of the machinery. His foot was so badly crushed that it will be necessary to amputate the first two toes.

NO DOUBT ABOUT ROBT. BOND'S CASE

He Was Cured of Bright's Disease by Dodd's Kidney Pills

Doctors said there was no hope for him but he is a Well Man Now.

Mount Brydges, Ont., Nov. 13.—(Special).—That Dodd's Kidney Pills cure Bright's Disease completely and permanently has been clearly shown in the case of Mr. Robert Bond, a well known resident of this place. Mr. Bond does not hesitate to say he owes his life to Dodd's Kidney Pills.

"My attending physician," Mr. Bond states, "said I was in the last stages of Bright's Disease and that there was no hope for me. I then commenced to use Dodd's Kidney Pills and no other remedy. I used in all about twenty boxes when my doctor pronounced me quite well. I have had no return of the trouble since."

Bright's Disease is Kidney Disease in its worst form. Dodd's Kidney Pills always cure it. They also easily cure milder forms of Kidney Complaint.

Good deeds grow in places where they are looked for the least.

LEFT THE LINEN

Chief Holmes visited Mrs. Howell yesterday and secured useful information which will be of service to him in looking up the thieves who stole a number of garments from that lady's clothes line the other night.

One pair of underwear, two white skirts and two collars were the only articles taken. The thieves left on the line thirty or forty dollars' worth of linen, they evidently having no use for it.

Mrs. Howell says if the thieves will bring back the stolen goods when the clothes have become soiled she will wash them again and never say a word.

The Sudanese Baby.

A Sudanese baby when dressed up in the best clothes is probably the most uncomfortable infant in the world. The most or outer garment which fashion dictates should be worn reaches to the very heels. It is of heavy velvet, hanging in many folds. This, in turn, is adorned with countless buttons and tangles of brass, considerably adding to its weight. Its cap, in turn, is of the same material, similarly decorated and doubtless equally uncomfortable.

The Coconut.

Many pagan people regard the coconut as of divine origin because it is so useful. It supplies almost all their needs. With its trunk they build houses, with its leaves they thatch their roofs, the fiber of its shell they weave into clothes, the hard wood of the nuts they cut into bowls and saucers, its rind is their food, its milk is their drink, and its narcotic root they dry and smoke.

THE DIFFERENCE.

What is the difference between history and fiction? Well, answered the living person, one great difference is that fiction frankly owns up to being largely untrue.

Money talks, even with women, when they give it a chance.

Sport in Ancient Rome.

In the palmy days of Rome the number of lions brought from Africa averaged 400 per year for nine years, and with these were leopards, tigers, hyenas, elephants, buffaloes and serpents almost without number. For several years there were 8,000 men employed in Africa in trapping wild animals to make sport for the people of Rome.

Extreme Curiosity.

The fourteen-year-old son of a respectable Jew in Warsaw hanged himself the other day. He left a note, saying: "I have hanged myself out of mere curiosity. I could not help myself. I had to find out what they were doing in the other world."

Both Took Pains.

Young Wife—I took great pains with that cucumber salad, John, and I hope you enjoyed it. Husband (anxiously)—I'm afraid, my dear, that I took great pains with it too.

Emphatic.

PHYSICAL DEBILITY

The latest Method Treatment is a heaven-sent boon to nervous sufferers. There are scores and hundreds of persons suffering from severe nervous disorders resulting from overwork, hurry, worry, business and domestic cares, bereavements, dissipation, etc. To see a life is one continual round of misery, while peace, comfort and happiness are possible. They suffer from headache, loss of memory, mental depression, strange sensations, dizziness, restlessness, irritability, constant indescribable fear, forebodings, sleeplessness, weakness, trembling, heart palpitation, cold limbs, utter fatigue and exhaustion. In this class of cases almost immediate relief is afforded by my treatment. The use of narcotics and poisonous stupefying drugs is done away with, and permanent cures accomplished.

I Cure Nervous Debility, Varicocele, Stricture, Early Decay and Waste of Power, All Nervous, Chronic, Blood and Skin Diseases.

THE T. H. TAYLOR CO'Y

J. A. McCall IS ORDERED

To Demand Return From Europe of N.Y. Life Lawyer Hamilton.

Insurance Investigating Committee Also Peremptorily Orders High Salary President to Demand an Accounting From Hamilton of the Moneys Expended by Him—Interesting Evidence.

New York, Nov. 14.—John A. McCall, president of the New York Life Insurance Co., was called before the Legislative Insurance Investigation Committee yesterday and peremptorily ordered by the committee to demand the return from Europe to the United States of Andrew Hamilton, the lawyer who has charge of the legislative matter for the New York Life. Mr. McCall was further ordered to demand an accounting from Hamilton of the moneys expended by him, and of the balance which he owes the New York Life. Mr. McCall denied that it was the policy of his company to have Mr. Hamilton remain abroad until after the investigation had been concluded, and said that on the contrary he would very much like to have Mr. Hamilton return.

McCall Will Pay If Hamilton Doesn't. Mr. McCall, replying to Mr. Hughes, counsel for the committee, said he had called the attention of the board of trustees of the company to his testimony before the committee relative to Hamilton and gave Mr. Hughes a copy of his statement, which said that if Hamilton did not return to the New York Life the sum of \$25,000 by Dec. 31, he would himself pay it to the company. Mr. McCall said Mr. Hamilton was either in Paris or Nauheim.

Another interesting line of examination was opened up just before the adjournment for the day when John McGinnis, an employee of the Equitable Life, produced letter books and memoranda showing instructions from former Controller Jordan of the Equitable to A. C. Fields, relative to the killing or assisting the passage of every bill introduced into the Legislature that would effect or help the interests of the insurance company, or any of its officers. This line of examination will be followed out when the sessions are resumed to-day.

Hegeman on Stand.

Other witnesses yesterday were John R. Hegeman, president of the Metropolitan Life, and Vice-President Elske, who were interrogated along the line of agents' salaries, legal expenses of the company, real estate holdings and the methods of acquiring properties.

When Mr. Hegeman resumed the stand the statement of his syndicate participations was read. It covered a period of ten years and witness said the syndicates had netted him about \$15,000. This amount is exclusive of \$16,000 he paid into the treasury of the company in May or June, 1905. This payment was made after consulting counsel, when the Equitable trouble was in the public eye, last spring. Witness said he did this, not because he had done anything wrong, but he did not want to have anyone feel that he was taking advantage of the company or his connection with it.

Got Special Rate.

The low rate of interest at which Mr. Hegeman secured loans and the reason of the rebates of this interest that Mr. Hegeman received from the old firm of Vermilye & Co., was testified to by several members of the stand, which have since gone out of business. The firm was the banker of the Metropolitan, but since March the business has been taken over by Wm. Read & Co. Mr. Read was a witness yesterday, and said that Mr. Hegeman got the loans at a rate below the market because Mr. Hegeman had been a client for a number of years and because of the volume of business he transacted with the firm of Vermilye & Co.

ROWDIES BREAK UP MEETING.

French Presbyterian Evangelist Object of Another Attack.

Montreal, Nov. 14.—Following after the two demonstrations which have been made against Mr. Mage, the French Presbyterian evangelist, who is endeavoring to hold sessions in the east end of the city, another attack was made Sunday evening. On opening the hall, at the corner of St. Catherine and Maisonneuve streets, for the service, it was found that the Bibles and hymn books had been taken, and the electric light bulbs smashed. Not satisfied with this, a party of strong armchair was in a highly volatile state, and when opened by unsuspecting people several were temporarily blinded.

In spite of disarrangements Mr. Mage procured lamps and held his meeting. Crowds gathered outside, but the presence of a considerable police force kept them in fair order. During the meeting a malcontent arose and called upon all good Catholics to leave the place. Two or three followed his example, walking out noisily.

Mr. Mage states that he is teaching "higher Christianity," and he proposes to continue his teachings in spite of the rowdy, discordant mobs, who apparently forget that free speech is one of the pillars of the British Empire.

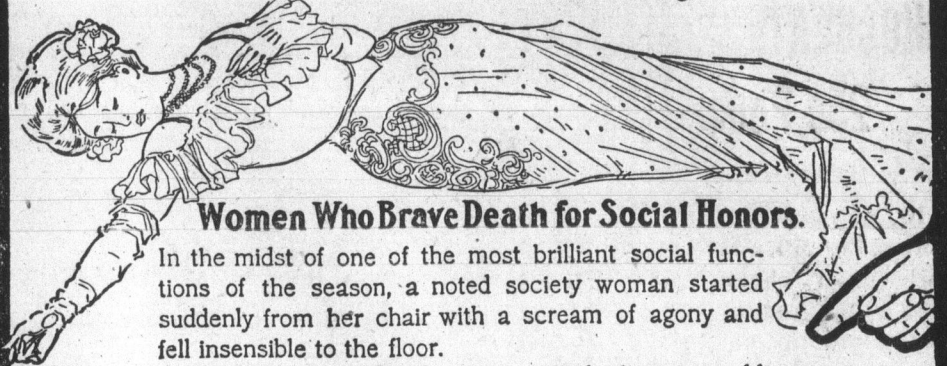

W. C. T. U. Officers.

Hamilton, Nov. 14.—After a spirited contest Mrs. B. B. Wright, London, was elected president of the Dominion W. C. T. U. yesterday. On the final ballot she won out by 56 to 14. The other officers chosen were: Hon. president, Mrs. Annie O. Rutherford, Toronto; corresponding secretary, Mrs. Annie M. Bascom, Toronto; recording secretary, Mrs. E. W. McLaughlin, Montreal; treasurer, Mrs. Sara J. O'Dell, Ottawa; Y. secretary, Miss E. G. Waycott, Westmount, Que.

Fears For Capt. Baird.

Napanee, Nov. 14.—Considerable anxiety is felt here for the welfare of the schooner "Mary" of this port, which vessel left North Fairhaven, N. Y., on Nov. 4, loaded with coal for Napanee, and nothing has been heard from her since. The boat's crew consisted of Capt. Baird, and three other sailors, all married and living here.

Social Tragedy

Women Who Brave Death for Social Honors.

In the midst of one of the most brilliant social functions of the season, a noted society woman started suddenly from her chair with a scream of agony and fell insensible to the floor.

A few hours later the distinguished physician told her anxious husband that she was suffering from an acute case of nervous prostration brought on by female trouble, and hinted at an operation. Fortunately a friend advised her to try

Lydia E. Pinkham's Vegetable Compound

The result was that she escaped the surgeon's knife and to-day is a well woman.

The derangement of the delicate female organism sets every nerve in the body quivering with pain. Headaches, backaches, torturing bearing down pains and dragging sensations make women nervous and hysterical.

Mrs. T. E. Gillis, of Windsor, N. S., writes:

DEAR MRS. PINKHAM:—When I commenced to take Lydia E. Pinkham's Vegetable Compound I was suffering with weakness and womb trouble, headaches, backaches, and that worn-out, tired feeling. I have only taken the Vegetable Compound a few short weeks, and it has made me well, strong and robust. I believe that Lydia E. Pinkham's Vegetable Compound is without equal for female troubles.

Mrs. Laura Emmons, President Loyal Home Workers, Walkerville, Ont., writes:

DEAR MRS. PINKHAM:—I am enjoying such good health that I feel it a duty to write and thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered for more than five years with ovarian troubles, causing an unpleasant discharge and weakness which no amount of medicine, diet or exercise seemed to correct. Your Vegetable Compound, however, reached the root of my trouble, cured me and made me strong, healthy and well. I want to say to every suffering woman, don't dally with medicines you know nothing about, but take Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's advice is free to all. Her address is Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

Slips of Artists.

It is a part of the seeming ill luck belonging to circumstance that an artist may spend time and genius on a piece of work and then fall conspicuously in some detail.

There is a story that one royal academical gave a hand five fingers and a thumb and that another painted a live lobster bright red.

The clever Goodall had been engaged in painting a number of laborers dragging a huge stone across the desert, and a man of science, entering the studio, said to him:

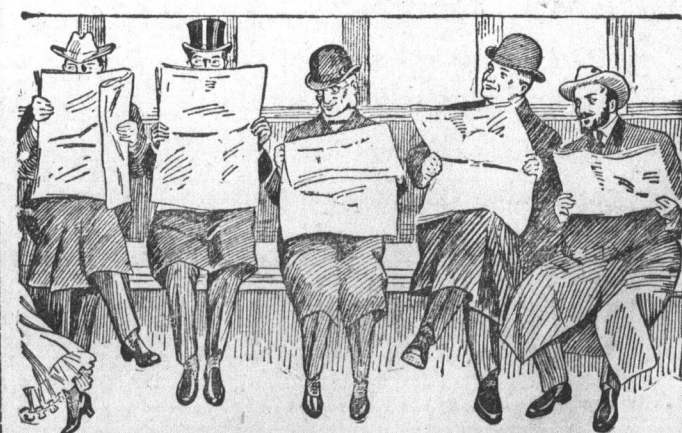

"I say, Goodall, if you want those fellows to pull that stone you must double their number. It would take just twice as many."

But it is not modern painters alone who slip up on points of accuracy. Even Albert Durer, in a scene representing Peter denying Christ, painted one of the Roman soldiers in the act of smoking. Turner put a rainbow beside the sun, and in another picture he got woefully tangled in the ship's rigging.

Incident of the Reign of Terror.

A dramatic incident of the reign of terror in France was the saving of her father's life from the guillotine by Mlle. de Sombreuil. M. de Sombreuil and his daughter were condemned to death at the time of the September massacres and were waiting in the cart, surrounded by the mob, for their turn to mount the scaffold. Mlle. de Sombreuil turned to the crowd and asked what harm a weak old man like her father could do to the nation. Some of the men answered that if she would drink a glass of blood to the nation they would let him go and passed up a glass. She drank it down immediately. The crowd took her and her father from the cart. They escaped and made their way to England. She thought at the time she drank blood, but afterward she concluded that it was red wine, for she saw no one stoop to fill the glass. To her death she was never able, however, to see red wine in a glass without a shudder.

WESTMAN BROS. BIG HARDWARE AND STOVE HOUSE

CALL GENERAL STRIKE

Because Reforms Are Delayed Workmen's Council Acts.

Delegates Decide to Renew Reign of Terror—Story of Death and Destruction From Vladivostok, Where the Mob Rioted Sunday—Warsaw Committee Says Polish Ukase Was a Criminal Move on Part of Government.

St. Petersburg, Nov. 15.—In view of the condemnation to death of many of the sailors who mutinied at Kronstadt, the delay in carrying out the reforms outlined in the Imperial manifesto, the proclamation of martial law in Poland and other repressive acts, the council of workmen's delegates have decided to proclaim a general strike throughout Russia to-day.

Upheaval Travels Far. The upheaval in Russia following the proclamation of the reform manifesto has now reached Vladivostok and Yenselsk and other extreme points of the Empire. Confirmation has been obtained from various sources of the reported uprising at Vladivostok, where affairs were quite critical. Many persons were killed and the foreigners have taken refuge on the ships in the harbor. Many public buildings, stores and houses were pillaged and set fire to by the mob.

The American embassy has received from Consul Greener at Vladivostok details of the outbreak which began Sunday afternoon immediately after the departure of the Russian armored cruisers Gromobol and Rossia. The people who had gathered in great crowds, began to break windows and pillage and in the evening set fire to the theatre, the Golden Horn Hotel, to several blocks of Chinese buildings in the northern part of the city, and to the officers' residences and to other buildings in the eastern quarter. The fires burned all night. Seventy buildings were consumed. Troops were summoned to restore order and fired frequent volleys, killing many persons.

Mr. Greener added that twenty-four merchant vessels in the harbor were now crowded with inhabitants.

A Criminal Move. The despatch sent out by the Warsaw committee yesterday said:

"The official note justifying the proclamation of martial law in Poland as ostensibly for the purpose of frustrating a separatist movement is a criminal manoeuvre of the Government, intended to divide the Polish from the Russian revolutionary movement. We affirm that the revolutionary Polish proletariat, together with the revolutionary Russian proletariat seek common freedom and not separation."

The Letter-Box

THOSE SEWERS.

Editor Planet: Sir,—Why the delay in testing, flushing and cleaning out of the manholes in Sheldon avenue sewer and finding out if perfect? Now those manholes are partly filled with brick-bats, cement, sediment, etc., which should be removed before the flushing takes place and cleaned out after the flushing before accepted. I have seen the manholes, and the water that stands in the sewer indicates that there must be a great quantity of sediment or that hardpan or quick sand have formed and will not permit the water to pass off. Knowing as I do the nature of hardpan and quick sand, if you let it become set in tile it will become almost as hard as the tile itself and will require to be spudded from one manhole to the other and received by each manhole and then taken out. If there is no sediment in the sewer, then the water will tell you or any individual that the sewer is not put down right. Now is the time to find out before the surface water rises in the land. The spring freshet will not clear it, nor the flushing either if lower than Ursuline avenue portion of sewer.

MISSING THREE WEEKS

Southampton, Ont., Nov. 14. The schooner White Oak, of this place, and her crew of six men have not been seen or heard from since the disastrous gale of three weeks ago.

The little schooner was owned by Captain W. D. Spence, of Southampton, who was on board when the boat was last seen.

Relatives and friends of the crew have hoped to hear each day that the schooner was lying in shelter at some point and now that three weeks have passed have become greatly alarmed for the safety of their loved ones.

The little schooner was of 180 tons displacement. She was 211 feet in length and 24 feet beam. She was built in 1887.

UNSANITARY HOUSES

A committee from the Board of Health, consisting of Dr. Bray, Dr. Harteris, W. R. Baxter and Medical Health Officer Dr. Hall, are this afternoon visiting a number of houses in Chatham which are said to be in a very unsanitary condition. There are three houses reported in Chatham which are said to be unfit for people to live in. If this is found to be the case the Board of Health will take immediate steps to have them closed up until such time as they are put in a sanitary condition.

RULERS OF THE WORLD

Meat Eating Nations are the Leaders in Every Branch of Human Achievements.

The ruling nations of the world are meat eaters and history records that they always have been.

Vegetarians and food oranks may explain this in any way they choose, but the facts remain that the Americans, English, French, Russians and Germans are meat-eating nations, and they are also the most energetic and most progressive.

The principal food of the heroic Boer soldier, known as Biltong, is a sort of dried beef, affording a great deal of nutriment in a highly concentrated form.

The weak races of people are the rice-eating Chinese, Hindoos, and Siamese, regarded since the dawn of history as non-progressive, superstitious and inferior physically and mentally to the meat-eating nations who dominate them.

The structure of the teeth plainly indicates that human beings should subsist upon a variety of food, meat, fruit and grains, and it is unhygienic to confine one's diet to any one of those classes to the exclusion of another.

Meat is the most concentrated and most easily digested of foods, but our manner of living is often so unnatural that the digestive organs refuse to properly digest meat, eggs and similar nutritious and wholesome food, but it is not because such food is unwholesome, but the real reason is that the stomach lacks, from disease or weakness, some necessary digestive element; hence, arising indigestion and, later on, chronic dyspepsia.

Nervous people should eat plenty of meat, convalescents should make meat the principal food, hard-working people have to do so, and brain-workers and office men should eat, not so much meat, but at least once a day, and to insure its perfect digestion one or two of Stuart's Dyspepsia Tablets should be taken after each meal, because they supply the pepsines, diastase and fruit acids, lacking in every case of stomach trouble.

Nervous dyspepsia, catarrh of stomach, gastritis, sour stomach, gas and acidity are only different names for indigestion, the failure to digest wholesome food, and the use of Stuart's Dyspepsia Tablets cures them all because, by affording perfect digestion, the stomach has a chance to rest and recover its natural tone and vigor.

Stuart's Dyspepsia Tablets is the real household medicine; it is as safe and pleasant for the stomach ache of the body as it is for the imperfect digestion of its grand sire.

They are not a cathartic, but a digestive, and no pill habit can ever follow their use; the only habit Stuart's Tablets induce is the habit of good digestion and consequently good health.

INVITATION RECEIVED

Dr. T. K. Holmes has received an invitation from the Council of the British Medical Association to accept the office of vice-president of the surgical section at the next annual meeting, to be held in Toronto, Aug. 21st, 1906, and the following three days. This association embraces many of the most distinguished medical men in the world, and it is a compliment to Canada that a meeting of this kind should be held here.
