Eleven Co-eds cre missing this week. The explanation however is simple since the Basketball team is away. Some of the girls left last Saturday while the rest went Sunday by bus. They were accompanied, of course, by Mrs. Miles Gibson, without whom the trip would be incomplete. Manager Frances Mac-Lean informed us that the team will be away till Thursday night. They are stopping at Acadia where they play Tuesday night. Wednesday they continue to Halifax where they play Dalhousie. Best of luck girls. Have a good crip and bring home a couple of victories.

We also feel proud that this Univer- Lawrence. Surprises galore have umn. Sorry, people, but we'll see sity is going to have a rink that will be the best in this province, if not in Eastern Canada.

The reason we feel so sure of all this is because the recently appointed committee for the rink has shown such enthusium Basket-Ball. The title is apt, and any cced knows it means Co-ed and has presented plans with a great deal of foresight. After viewing the new constutution we wish to congratulate the originators of the plan and all those who have helped to lay the foundation.

With such a long term proposition as the building of a rink, basketball team the airmen at Scouresults do not show well at first. Years will undoubtably pass before the first sod is turned and the cement is mixed. Present students will be a memory before the first hockey game is played in the new Arena and unfortunately, the college will be a memory for the greater portion of the present students.

One of the major drawbacks of a college is the lack of con tinuity among the student body. Faces and dispositions change. Marg Vince and Scoop Gammond Interests vary from year to year and from class to class. The need for a rink may become confused with some other need which will seem important to students on the campus.

With such a situation a liability, the students of today will have to keep in close touch with the students of tomorrow if their ambition is to be the success it promises to be. The life executive of the present Senior Class will have to regard their positions, not as sinecures but as jobs with a real purpose. The graduating classes for the next few years will have to be in close contact with each other and with the college. The positive will have to be accentuated

Friday evening found him at the Co-ed dance which he later described as delightful.

On Surday evening, in observance of the World Day of Prayer for students, a service was held in St. Andrew's Presbyterian Church. Dr. de Merten and the Glee Club were in attendance and added much to the musical portion of the service. Ai Cameron conducted the service. and Mr. Ransom preached the sermon. In his theme, "The Responsibilities of Students as Members of the World Community," Mr. Ransom stressed the necessity of applying Christian principles to every-day life and to world affairs. A brief survey of the work being done by the World Student Christian Feder ation was given.

After the service, Mac recounted some of his interesting and varied experiences to the members of the S. C. M. at the meeting in St. Andrew's Kirk Hall, while the kitchen stove smoked, and Al. hunted for the "Keys of the Kingdom,"

It was decided to hold a social in the Ladies' Reading Room on Thursday. February 22, at 3:30 P.M. At Creighton used specific, often local, the close of the meeting refreshments were served and "Abigail Byron" a new penny bank, resplendent in its transparency was presented to the S.C.M. PROPOSED PLAN OF THE RINK COMMITTEE.

The policy of the committee concerning the raising of money, construction of the rink and its operation shall beas follows

The best rink financially posible is to be erected as a recreational centre by the University and and the Students, for the University and the students and any other people that this body shall deem advisable. In no case is its construction or operation to be used as a profit-making scheme for cutside groups. The control of the raising of the money, the operation of the rink is to remain in the hands of the permanent and senior committees. The organization will consist

BEST FORMA

Undoubtedly about the finest dance of the year was held Friday night in the Beaverbrook Residence. Uffe Anderson and his committee of Stan Spicer and Blake O'Brien deserve a great deal of credit for the way they lavishly did the Residence One of the highlights was the use of an amplifier in the pool room piping the music in from the dining room. Around the sides of the pool were chairs and sofas and the use of colored lighting completed perfect setting. In the pool itself was a float on which a rabbit was perched. Originally there were three rabbits but due to unforseen difficulties the number had to be

reduced to one. "Be here on time", HE had said, so promptly at 8.30 p. m. the inmates of the Bunn, Hatch started filing in, as was ordered. On hand greet the couples were Papa David son and his partner and the chaper ones Prof. and Mrs. A. Boone, Prof. W. G. Jones, Prof. L. Thompson and our own inimitable little Howie.

the opposition that had cropped up to the plan of obtaining a covered rink. Namely, that Mr. Sears a Sec'y Treas, of the Alumni Societ and Dr. Gregg as chairman of the Senate, could not sit on the perman ent rink committee without the consent of the respective groups The other objection put forth was that the Senate had planned to turn dent body, and that the mone needed for this conversion, was to b obtained in the same way as the rink fund, namely by appeal to the Alumni As to the first objection surely Mr Sears could obtain per mission from the Alumni. If he couldn't it would be good-bye rink because if they didn't have enough interest for that, they would hardly have enough to respond to the finan-cial appeal that we intend to send to them. Dr. Gregg should be able to get permission from the Senate since it involves no monetary los on their part. Concerning the second objection, the council feels and, I am sure the student body feels, that a covered rink of the pro Continued on Page Seven
