Steps Have Been Taken at Ottawa to Offset Depression

HOW GREATLY THE MIGHTY HAVE FALLEN, TO BE SURE

Ex Crown Prince Goes to His New Home in an Antiquated Cab—Former Emperor Takes Walk Followed by Rural Police

By Courier Leased Wire. Amsterdam, Friday, Nov. 22.—The tug bearing the former German crown prince to the Island of Weiringen was unable to make the harbor there last night, owing to the fog. It turned back and spent the night at Medemblick. When the fog lifted during this morning it started once more and arrived at Weiringen Island this afternoon. The crown prince was given an icy reception by the stolid islanders. Burgomaster Beereboom, who is also the chief of the local police, and will exercise direct supervision over the person of the former crown prince, conducted him to an ancient cab, in which he was driven to the Costerland parsonage, his place of refuge. He will have the companionship of Majors Maller and White. The officers have taken quarters at a small hotel nearby at Hipolitshoef. Frederick William is not supposed to leave the island except by special permission by the home office at The Hague. He gets food cards the same as an ordinary citizen. In a bible class room adjoining the parsonage hangs the picture of the prodigal son.

By Courier Leased Wire. AMERONGEN, Holland, Wednesday, Nov. 20.—By the Associated Press.—William Hohenzollern's entourage has been asked by the Associated Press if the former emperor has any message to send to the American people. The following reply was received today: "His Majesty's suite regrets that it is unable to submit this demand to His Majesty." This morning the former emperor, accompanied by his host, Count von Bentinck and preceded and followed by a guard of rural police, walked to the Rhine, which is a half hour's walk from the castle. He spent some time viewing the count's property there. Herr Hohenzollern is in constant communication with the German legation at The Hague.

SENSATIONAL RUMOR. AMSTERDAM, Nov. 26.—General von Der Marwitz, the former aide de camp to Emperor William, and later commander of German forces on the Verdun front, has arrived at Treves with a big army, and appears to be preparing for a counter-revolution, according to a sensational dispatch from Berlin, filed there on November 21.

Steps to Avert Depression

Program is Now Being Formulated at Ottawa

For Employment of Returned Soldiers and Munition Workers

By Courier Leased Wire. Ottawa, Nov. 27.—To avert acute depression in Canada despite the cessation of war orders, Hon. A. K. MacLean is co-operating with the Canadian Association of Building Industries in formulating a program that will result in the employment of returned soldiers and of munition workers. Speaking yesterday at a meeting of the association, Mr. MacLean said that the municipalities alone in Canada are probably nearly a billion dollars behind in construction due to postponements of work on account of the war. This figure does not include large sums that will be spent by the Dominion and provincial governments, the railways and private corporations, nor does it include huge orders for reconstructions that have been promised to Canada by various European nations.

WEATHER BULLETIN

Toronto, Nov. 27.—Pressure is quite low to the northward of Manitoba and highest in the north Pacific States. Fair weather prevails in Canada with rising temperature in most localities. Forecasts. Moderate to fresh west to south winds, fair and milder. Thursday. Fresh to strong south to southwest winds, fair and mild.

Resolutions Adopted by the German Federal Conference

It is Absolutely Necessary That Banks and Other Credit Institutions Continue Upon the Same Basis as Hitherto.

By Courier Leased Wire. Berlin, Nov. 26.—Via Copenhagen.—The German federal conference has adopted the following resolutions. There is absolute necessity for all German tribes to act in unison for the maintenance of Germany's unity and to fight all the separatist movements. The proposal for a speedy summoning of the National Assembly meets general approbation. Until the meeting of the National Assembly the soldiers and workmen's councils will represent the people's will. The administration of the empire is requested to work for the securing of a preliminary peace with the utmost speed. Dr. August Mueller, minister of economy gave warning against unauthorized encroachments on the money and credit systems by complicated governmental machinery. A resolution was then unanimously adopted: "It is absolutely necessary that banks and other credit institutions work on the same basis and in the same form as hitherto to maintain Germany's economic affairs, secure for the country supplies of provisions and raw materials and to obtain credit abroad for the German republic."

Among the various speakers was Kurt Eisner, Socialist leader of the revolution in Munich, who warned the conference against any attempt to establish a pure Socialistic state while disorder was reigning. He said the department of foreign affairs must have a staff of men of unimpeachable conduct, and that a president must be elected soon for Germany, as a whole, might be able to negotiate with the Entente Powers. Philipp Scheidemann, who resigned as minister of finance recently, insisted that it was impossible to create a Socialistic

Winston Churchill Makes an Address on This Subject

John Bull Has Held the Same in Trust for All

By Courier Leased Wire. London, Tuesday, Nov. 26.—Speaking at Dundee to-night, Winston Spencer Churchill, Minister of Munitions, said, while he would do everything in his power to make a league of nations a practical and powerful reality, that it would be no substitute for the supremacy of the British fleet. In reference to the freedom of the seas, he said: "From the battle of Trafalgar to the end of the 19th century, we were absolutely free at sea. We were the only nation whose ports were open to the world, whose markets were unrestricted by any tariff and whose coastwise trade was not held as a national monopoly. Even our kith and kin from the United States, whose affection and aid have been so dear to us, never practiced that broad, liberal policy which we, for a century of unchallenged supremacy have shown upon the sea. Let us be careful not to catch the infection of German ideas at the moment we have defeated the German army. If other nations of the world are content to allow us to keep the supremacy of the seas without demur, it will be because we hold it as a trust for all."

CAR LEFT THE TRACK

Traffic Held up on Brantford and Hamilton Radial

Shortly after six-thirty this morning, while traveling at a moderately fast rate of speed at a point about two miles east of Langford, the first car out of Hamilton jumped the track. Before the car was brought to a standstill several yards of track were torn up, and as a result, up to noon to-day the track was not clear. The rear of the car was thrown over a slight embankment and was left in a precarious position. No one was injured in the wreck, the passengers escaping with severe shelling-ups. No information was given out regarding the accident, and many rumors were prevalent in the city concerning a large number being injured, because it was known that no tickets were being sold for Hamilton, and that the cars did not arrive in the city. Service has, however, been established, a L. E. and N. car making a trip to the scene of the accident and returning with passengers brought out by a special car from Hamilton.

LONDON PAPERS DEVOTE SPACE TO DISCLOSURES

All Agree That the Guilt of Germany and Austria Has Been Proved up to the Hilt—Ex Kaiser Thought Allies off Guard

By Courier Leased Wire. LONDON, Tuesday, Nov. 26.—British wireless service. Newspapers here devote much space to discussions of the revelations made by Bavaria in publishing official telegrams which passed between Berlin and Munich just before the war broke out in 1914. They agree that the guilt of Germany and Austria, persistently denied during the past four years, has been proved by the Bavarian government. "Germany has been challenged again and again to produce the whole correspondence between Berlin and Vienna during July 1914," says The Times. "She has never dared produce it. Will the new government dare—just to show the gulf between it and its predecessors? Bavaria has proved she was an accomplice of Berlin and Vienna. She supported them until they lost, and now she shall whiten her character in the eyes of the allies by blackening the records of her confederates." "The Kaiser after taking every possible step to throw the allies off their guard, struck, expecting in a few weeks to have the world at his feet," says The Mail. "The revelations made by Bavaria will not surprise the allies nor dispassionate historians in neutral countries."

Many Matters of Interest

Came Before Joint Meeting of Women's Societies of This City

The co-ordinate societies, Local Council of Women, Women's Patriotic League, and Canadian Red Cross Society, held a well attended meeting in the Y.M.C.A. on Tuesday afternoon. Mrs. Livingston presided. The work room report showed that in addition to the immense volume of sewing done for the Emergency Hospital during October and November, the following supplies were shipped overseas: 15 sweaters, 11 scarves, 1 pair wristlets, 220 socks, two large boxes of clothing for the Secours Nationale, 1,433 Christmas stockings filled. Miss Gilchrist, a most valued worker, submitted a special report showing that she herself has done in the past twenty months. This energetic lady has personally made 768 articles for the Red Cross in that time and has also prepared thousands of pairs of socks for shipping. A vote of thanks and appreciation was tendered her, on motion of Mrs. Sutherland, seconded by Mrs. Ott. Postcards and letters of thanks were read from overseas. Mrs. Stanley sent a substantial cheque for Red Cross and at her suggestion it was decided to hold a women's thanksgiving meeting in the Assembly Room of the Y.M.C.A. on Wednesday next at 4 o'clock. Mrs. Geo. Watt reported the Women's Patriotic League state in the Emergency Hospital for the last two months, \$2,100, for which the society will be reimbursed by the city. It was decided to vote \$100 to the Ministerial Alliance Fund for the influenza sufferers. Mayor MacBride addressed the meeting, advocating the establishment of day nurseries in Brantford. He also said that present police quarters in Brantford were inadequate and that a police station should be appointed to deal with female prisoners and attend court sessions where women are present as witnesses or prisoners. His sentiments were heartily applauded and he was complimented on such steps had already been advocated by the Local Council of Women.

STRONG DEPUTATION REGARDING PROVINCIAL HIGHWAY

Waits On Ontario Government -- Mr. W. S. Brewster Presents the Case for the Route in Which Brantford and Brant County Are Interested

By Courier Staff Reporter. Toronto, Nov. 27.—Immediate designation of the central route for the provincial highway was urged on the Ontario Government here this afternoon by a delegation of 300 representing Brantford, Hamilton, Woodstock, Ingersoll, Tillsonburg, London and other municipalities concerned. The delegation was introduced to Premier Hearst and the Hon. F. G. McDiarmid, Minister of Public Works by V. Sinclair, M.P.P., of Tillsonburg. W. S. Brewster, of Brantford, was the principal speaker. He said what the Government no doubt desires is a highway that will serve the greatest number of people and will best accommodate the traffic over it, and which will be in every sense an international highway. Through Brantford answers these requirements better than any other suggested route. Take the population in the country as about equal for both the northern and middle route. The population of the cities on the middle route is at least four times that of the cities and towns on the northern route, and if we take in London, which is with this delegation, there is a population of five times the population of the northern route. In Hamilton alone there is a population exceeding all the population of the cities and towns on the northern route. In manufacturing industries there are no cities that at all compare with Hamilton and Brantford in that respect. The only manufacturing city on the northern route is Kitchener and its manufacturers will not be more than one-half those of Brantford alone. The Middle Route is the natural route. It was used by the Indians long before the white man came to this province. It is the old stage coach route and was used, as such, for many years. Afterwards when automobiles came in vogue it be-

William Will Have to Leave

If His Presence in Holland Becomes Perilous to the Country

By Courier Leased Wire. London, Nov. 27.—William Hohenzollern will have to leave Holland if his presence there becomes perilous to that country. Premier Ruijs de Beerenbrouck is quoted by the Amsterdam correspondent of The Daily Express as declaring in the second chamber of the Dutch parliament on November 26. "The Kaiser is in Holland as a private person," said the premier as quoted by the correspondent. The hospitality of the country is extended in accordance with a century's old tradition. But it goes without saying if his sojourn becomes a danger to the state he will have to leave. We believe the Kaiser and those with him understand the position and will act according to their interests."

AFRICAN CONTRIBUTION

Cape Town, Nov. 27.—(Canadian Press despatch from Reuters' Limited).—Thanksgiving services throughout the Union, some held partly in English and partly in Dutch, emphasize the fact that in all war operations in Africa and overseas the Union gave the services of nearly 150,000 men, of whom 513 officers and 6,320 men were killed in action, 11,861 of all ranks were wounded, 1,344 taken prisoner, and 293 missing.

NORFOLK NEWS

INDIA NEVER SO LOYAL AS NOW

Says Woman Missionary in Simcoe - Spoke at St. Paul

OTHER SIMCOE NEWS

Simcoe, Nov. 27.—Miss Herdman missionary to India, while in town yesterday to address the W. M. S. at St. Paul's and give an illustrated public lecture in the evening. In an interview regarding conditions, stated that the eastern empire was never so loyal to the British Crown as at present.

The lecturer observed that though the missionary work in India had wrought wonders, all the money contributed to missions by Canada last year would have been sufficient to carry on the great war for the short space of 15 minutes.

Rev. Dr. Waters, missionary, home on furlough from India arrived in town from Toronto last night to accompany to the sick children's hospital, Toronto, Master Walter Anderson, whose father is a missionary in India, and who has become a victim of inflammatory rheumatism.

Mrs. Jamieson was making a home for the lad in the absence of his parents.

Beloved in Life, Honored in Death.
The funeral of the late Mrs. John R. Guntion was held yesterday. The service at the church gave an opportunity for a wide circle of relatives and friends to gather about the bier of one beloved, and evidence that the deceased had not lived in vain, nor receded from the circle drawn about her during a long life of consistent Christian living.

Fiscal tributes were in evidence from the G. W. V. A. in recognition of Capt. D. D. Guntion, a son overseas; from the young Ladies and Bethany classes of the Sunday School; and from many friends.

The bearers were Messrs M. Beaupre, N. Clellan, A. Baldwin, J. G. Fleming, E. Ramey and Wm. Wark.

Those present from out of town Mr. William Jarvis, Mrs. Grant Jarvis and family, Mr. Walmsley, Jarvis and Mr. Fred Jarvis and family of Brantford; Mrs. W. A. Guntion and son Sgt. Claude Guntion of Toronto; Mrs. E. V. A. in recognition of Mr. and Mrs. Edward Jarvis of Silver Hill; Mr. and Mrs. Edward Buchner, Hespeler; Rev. and Mrs. Lovelady, Oil Springs; Mrs. Wanch and Miss Alice Deceener of Hamilton; Mrs. Bauslaugh, Watford; Mr. and Mrs. Walter Guntion and Mr. J. C. King of Port Dover, Mr. and Mrs. R. Jarvis of Victoria.

Had the deceased had till yesterday it would have been the advent of her 78th year.

Mr. W. J. Trinder, of Woodhouse, and Mrs. Nettie Dentinger, of Queen st., North Simcoe, were united in matrimony at the residence by Rev. H. C. Newcombe, pastor of the Baptist Church here at 10 o'clock this morning, and left at 2 p.m. for Rochester for their honeymoon. Returning they will reside in Simcoe.

The contracting parties were accompanied to the altar by Mrs. Thos. Adams, of Brantford, daughter of the bride and Mr. Alvin Maboe of Mt. Elgin, who is at present visiting in town. Mr. Trinder is prominent among the poultry frat-

erinity of Norfolk and a host of friends will wish the contracting parties a happy future.

Court of Revision on Voters' List.
His Honor Judge Boies presided at the court held at 11 o'clock yesterday at the Court of Revision of the voters' list. Nothing of a contentious nature arose during the session and 109 appeals were considered.

Twenty-one names were added, viz. Mrs. Alex. Markie, Mrs. Charlton Sebring, Lewis Walsh, Miss M. A. Wark, Jas. A. Andrews, F. G. Cox, Jas. Knowlton, Walter Tisdale, Edwin Cox, W. E. Maudie, Alfred Fow R. Symonds, Chas. Terhune, Ernest Carter, Mrs. David, Crook, D. A. Wark, Jas. D. Thomas, Andrew Cranford, James Egan, Mabel Smith, Albert Shaver. There were 10 appeals against typographical and other errors in listing, and sixty names were struck from the lists. This number included names of all dead, those not assessed sufficiently high, and those who have disposed of their interests and have left town. The greater part of the list was prepared by the clerk. Deputy R. eve Langford allowed his name to be used as nominal complainant. Only one man receiving notice appeared personally.

Looking for Coal?
During the past six months there has been reported an unusually large number of cases of petty burglary. Entrance by the cellar door or window is almost invariably the rule. And the occupants of the houses entered, seem apparently rather backward about reporting the cases to the police. So that one begins to wonder whether it is "cases of burglary" or "burglary of cases."

Press Photographs
Mr. Arthur Roberts arrived from the Saskatchewan wheat fields on Saturday evening.

Mrs. R. E. Guntion left for Stratford this morning to attend the funeral of her niece, Miss Alice Nettleton, who died in North Alberta from influenza. The type of the disease out there was so deadly that the authorities demurred bringing the body east from Winnipeg, and the lady coming east by the same train with the remains was directed to return West.

Pay your arrears of subscription before this date. We do not want to pass in a score of accounts for collection. And we are not going to the expense of time and money to render statements to be thrown in the waste basket. There's another method.

Odd Ends of News.
A well filled coal bunk at a time like this should dispel a groan of say six months' standing, over the loss of a few cases of '75.

The robe stolen from the Baptist church shed on Sunday evening was found on the gravel road a couple of miles from town by Harry Culver, and was returned to the owner at the Women's Missionary Society meeting at St. Paul's church yesterday afternoon three life membership certificates were presented. The society presented one to Mrs. Robert Hoeg, and the president, Mrs. J. P. Jackson, one each to Mrs. L. C. Gibson and Mrs. McKelvie. Each of

ADMIRAL KOLCHAK
Who became dictator of the All-Russian fleet and soldiers by a coup at Omak.

ONTARIO'S WINTER RAILWAY PROBLEMS

Train Movement Through Ontario to be Supervised by Special Committee

Montreal, Nov. 26.—Ontario's winter railway problems were the subject of a special session of the Canadian Railway War Board this afternoon. A special committee of six railroad men was appointed by the Board to supervise the movement of traffic through the necks of the bottle in the big industrial province. The new body will be known as the Ontario operating committee and will consist of the following members:—C. G. Bowker, general superintendent, Grand Trunk Railway; Toronto; H. T. Malcolmson, superintendent, Toronto, Hamilton and Buffalo Railway; J. Balkwill, superintendent, Michigan Central Railway, St. Thomas; W. R. Davidson, general superintendent, G. T. R.; D. Crombie, general superintendent, C.N.R., Toronto, and Allan Purvis, general superintendent, C. P. R., Toronto.

HUNS TO BUILT FOR ALLIES.

By Courier Leased Wire
London, Nov. 26.—The German Government has adopted the program framed by the late Albert Ballin, director of the Hamburg-American line and the Shipowners' Union, binding Germany to build ships exclusively for the Allies at fixed prices in return for which Germany will retain her merchant fleet.

HUNS WANT RESPIRE.

By Courier Leased Wire
Paris, Nov. 26.—(Havas Agency.)—German delegates at the mixed conference at Spa, have protested against the rejection of their request that they be granted a delay of two weeks in evacuating Luxembourg, Lorraine and the Saar region. General Nidant, one of the French conferees, stated that he considered this protest wholly groundless.

AMERICAN POSITION.

By Courier Leased Wire
Washington, Nov. 24.—(By the Associated Press).—American forces are standing on the west side of the Moselle River to-night. The extreme left of the line is at the frontier village of Vallerort, on the Sauer River. From this point it follows the Sauer to its confluence with the Moselle and extends along the latter river as far south as Garach.

TWO KINGSTON TEAMS

By Courier Leased Wire
Kingston, Ont., Nov. 26.—The Kingston Junior hockey club definitely decided to enter two teams in the O. H. A. this season, one in the intermediate series, and one in the junior series. The club's prospects are bright for a successful season, several players having returned from overseas.

CHILE ACCEPTS PERU'S PLEDGE

Danger of War Between the South American Republics at an End

SAYS MISINFORMED No Real Reason Existed for Withdrawal of the Consuls

New York, Nov. 26.—Difficulties between Peru and Chile which resulted yesterday in recall of consular representatives by each nation from the principal cities of its neighbor, have been overcome by an apology on the part of the Peruvian Government. Carlos Castro Ruiz, Consul-General of Chile, announced here to-night.

The message the Consul asserted, authorized him to announce that the Peruvian officials admitted that in making public reports of outbreaks against their citizens in Iquique and Antofagasta, Chile, they had acted on misinformation. This was furnished, he said, by the Peruvian Consul at Iquique, whose authority had been canceled for this reason by the Chilean Government.

The apology sent from Lima, Mr. Ruiz added, was wholly satisfactory to the Chilean officials and brought the misunderstanding to an end.

No Real Reason.

Santiago, Chile, Nov. 26.—The newspapers in discussing the withdrawal of the Peruvian Consuls from Chile and the Chilean Consuls from Peru, declare that the withdrawals were made in order to avoid more serious difficulties, the manifestations which caused the withdrawals, they said, were without any reason in either country. The Government of both countries are advised by the newspapers to proceed quickly to the carrying out of the treaty of 1883 and to solve the open question of the definite possession of the Province of Tacna and Arica.

Luis Bolognon, the new Foreign Minister, is urged by the majority party in the Chilean Parliament to propose a quick way of solving definitely the questions between Peru and Chile.

The Peruvian question was brought up in the Chilean Chamber of Deputies last night and a stormy session resulted.

Senor Cardenas, the second Vice-President of the Chamber, suggested that the question be settled peacefully. The members of the new Chilean Cabinet, who were present, withdrew as a protest, and the President and the first Vice-President of the Chamber announced they had

resigned. The session then had to be adjourned to prevent violence.

FRENCH HONORS FOR ALLIES.
By Courier Leased Wire
Paris, Nov. 26.—Italian and British military and naval leaders have been cited in general army orders of General Foa, the French commander-in-chief, and will receive the French war cross with palm. The Italians include General Cadorna, former commander-in-chief. The British officers cited are Lieut-General Sir Hubert De La Poer, former commander of the British Fifth Army, and Major-General Ivor Morse, commander of the 18th Corps.

Ambassador Gerard Says:

"The German Armies were held only a few days, yet the delay of those few days changed the fortunes of the whole world."

The Belgian soldiers who held on those few days, died fighting. Their children are dying of slow starvation. It would be well to digest these two statements.

If we grasp what this situation means, we can SAVE Belgium—not by the sword, but by paying our debt in part.

A contribution of a few dollars, administered by the Canadian Bureau in Brussels, will restore health and strength to a little Belgian, now in the grip of pitiless starvation. Oh, it is hard to write calmly and sanely about a horror that is positively ghastly...

Growing children struggling along on a bowl of soup and two pieces of bread a day, furnished by United States loans to the Belgian Government. Poor little mites, what hope is there in such a ration of building flesh and bone? No wonder Consumption and Rickets stalk through the stricken land.

Through the Belgian Relief Fund, YOU can help to alleviate this horror for at least one little sufferer. You needn't forego your three good meals a day to do it. Send in your contribution. Mark it "For the Belgian Children". And whatever you give, give quickly!

Make cheques payable and send contributions to

Belgian Relief Fund

(Registered under the War Charities Act) 114

(Registered under the War Charities Act), or to Geo. Hately, secretary, Local Committee, Brantford, to Courier Office, or to Headquarters, 59 St. Peter street, Montreal.

To Subscribers in Arrears

Paper Controller Orders Cutting Off of Unpaid Subscriptions!

Mr. R. A. Pringle, K. C., the Paper Controller of Canada, has issued an order, effective January 1, 1919, which says:

"2. Discontinue sending paper within three months after date of expiration of subscription, unless the subscription is renewed and paid for."

There are many other restrictions imposed, but this one is the most important. Therefore, between now and the end of the year The Courier's subscription list must be overhauled and put on a paid-in-advance basis, in order to comply with a governmental order.

Accounts have already been sent out to those in arrears, but subscribers do not need to wait for a "due" to spur them to action. The date on the label affixed to the paper sent to non-subscribers tells the story. City subscribers can learn how their subscription stands by referring to their last receipt.

The reason for this regulation of the Paper Controller is that it is the practice of some publishers to send their newspaper until ordered stopped, and this practice frequently means a failure to collect anything for subscriptions in arrears, in which case there is a virtual waste of paper. It is to prevent paper waste that the new regulation has been decided on.

The manufacture of paper consumes labor, wood, coal, chemicals and transportation facilities, and every ton of paper saved means just so much labor, raw materials, chemicals, fuel and transportation available for urgent war needs. For these reasons the Government insists that paper shall be saved, and proposes that only those who pay for their publications shall receive them.

Under these regulations The Courier will have no choice in the matter of dealing with subscriptions in arrears for over three months.

Send in your subscription at once. Do not delay the collectors call regularly on city subscribers. Keep your account up-to-date.

COAL

Civic Fuel Office

will be open in OLD POST OFFICE BLDG., from 9 to 12 a.m. from 1 to 5.30 p.m., from 7 to 8 p.m. This arrangement has been made in order that all may have an opportunity to secure coal or wood. There is a good supply of pea, stove and egg coal in the city yards. It is hoped that people will realize the impossibility of supplying all with chestnut.

The American government has treated Canada very liberally, but chestnut has been used largely for war purposes, and consequently cannot be secured in large quantities.

GERMANY AND DEMOCRATIC FREEDOM

It is well to bear in mind that there has never been any hard or stern struggle for democracy: freedom in the history of Prussia or of the German Empire. True, in 1848, there was an outbreak of liberalism in Prussia, in response to, and occasioned by, the outbreak of democratic forces elsewhere in Europe. The liberals among them—Karl Schlegel, and many other able men—were forced to flee to America, where they played a great role in the fight for freedom in 1848. Since that day, however, democracy has made little or no progress in the several German States, or in the Empire as a whole. True, some brave German voices have been heard in Germany and in neutral countries since the outbreak of hostilities, expressing abhorrence of Prussianism and all its works—among these that of Leibknecht, Dr. Muelhon, the author of "J. Accuse," and sundry others. But the millions composing the proletariat have gone their accustomed way. How long will it last asks Mr. W. W. Stanson, in an article in the Montreal Journal of Commerce.

It is interesting to observe the strength of the anti-monarchical movement in Germany in the days preceding the war. It manifested itself in the Socialists withdrawing themselves from the Reichstag when cheers were given for the Emperor; in their refusal to support the annual budget; in their non-appearance at state functions. These were gestures, however and nothing more. What is more significant is that the Socialists played a big part on the main committees of Parliament; and that they gave brilliant and prominent leaders to municipal life. They were indeed, members of His Majesty's "Loyal Opposition." They appeared on school commissions, formulated industrial and social legislation, and made their influence felt in a conservative and constructive way everywhere.

What they have stood for and what they have demanded appears moderate enough to the democracies of Canada and the United States. They have advocated ministerial responsibility to Parliament; suffrage reforms in Prussia; redistribution of the electoral districts for the Reichstag where the one man, one vote, policy might be made real; the disestablishment of the Lutheran Church; national free schools; the displacement of the army by the militia system; the introduction and extension of direct taxation; and a large control of national industries by labor. Aside from this debatable last point the average Canadian or American would find nothing verging upon the revolutionary, either in the ideas or the objects of the German Socialists.

It must be remembered, however, that it was the effort to "write the objects enumerated from a dictatorial monarchy which led to what must be regarded as a modest program. Before the war the supreme executive was vested in the Kaiser, who controlled the combined administration and organization of all the German states. That era has passed and the aspirations of democracy can now have fuller play than its most ardent adherents ever anticipated. The great danger of course will be going to the extreme of Bolshevism; a movement based upon a spurious and menacing foundation with anarchism and murder as the handmaidens.

THE ENGLISH SPEAKING UNION

One of the important movements of the day in English-speaking circles is known in Great Britain as "The English-Speaking Union"—an organization designed to draw together in the bond of comradeship the English-speaking peoples of the world. Its birthday was July 4th of this year.

As to its aims, it may be explained that it seeks to increase the knowledge of one another possessed by the English-speaking peoples. The Union wants no formal alliances; it has nothing to do with governments. It is merely in the field to promote good fellowship among the democracies of the world within the prescribed circle.

In their common language, common sympathies, common traditions and common ideals, it is pointed out, the English-speaking peoples possess a great common heritage, which nothing can alter. The 2,000 miles of unarmed frontier existing between the United States and Canada is an outward symbol of the relationship

NEWS FROM PARIS

Meeting of the Town Council — \$1,700 Collected for the Red Cross

Paris, Nov. 26. — At the regular meeting of the town council the following business was transacted.

On motion of Messrs. Walker and Stewart, that Major Robinson, Senator Fisher, John Harold, M.P., Scott Davidson, M.P., John M. Patterson, president of the Board of Trade, and A. D. Fraser, president of the Great War Veterans' were appointed to interview the governments in regard to obtaining war trophies for the town of Paris.

A letter was received from Mrs. William Dicknell captured the following prizes at the Brantford Poultry show in his single comb Buff Lehighs, winning 4 firsts, 1 second, 2 thirds, and 1 special in best pullet, out of 8 birds.

On motion of Messrs. Paine and Woolley, a resolution was passed, "that in the interest of public health and better sanitation, the board of health's attention be called to the existence of sanitary pits and sanitary boxes wheresoever they are located within the limits of the municipality be abolished forthwith, and that galvanized iron containers with separate lids be submitted in lieu thereof."

The finance committee recommended Mr. George Lee to the vacancy with a salary of \$1,200 a year. On motion of Councillors Blake and McKay that the remuneration be adopted, Councillor Woolley and Deputy Reeve Stewart moved an amendment that the report be referred back to the committee for further consideration. A vote was then taken and six of the aldermen were in favor of the amendment and the original motion was lost.

The council then adjourned to the clerk's office, when the applications for the clerk's office were reconsidered, the outcome being that Mr. C. B.

NOTES AND COMMENTS

The remarks of the Hon. Mr. Justice Lennox in recently passing sentence at the Brantford Court House upon a man charged with having sedition in his possession, are reproduced in full in this issue because of the excellent manner in which he brought home the lesson that the splendid liberty enjoyed by all under the Union Jack, must not be wantonly abused.

The Courier quite agrees with a statement made at the city council last night that the department of the City Engineer has hitherto been undermanned. Mr. Jones has made an honorable and painstaking official, and he should have all the help that is necessary with regard to the important undertakings of his department.

From hacking away at the Allies, the crown prince recently had to ride in an old hack. Quite a fall is there my countrymen.

Peru has apologized to Chile. In other words, the Peruvian bark has proved worse than the expected bit.

Children Cry FOR FLETCHER'S CASTORIA

Buller Bros.
 116-118 Colborne Street

Barker was the unanimous choice of the members.
 Mr. William Marshall has purchased the property of Mrs. A. C. Robinson, Charlotte street.
 Word has been received in town of the death of a former Parisian, in the person of Miss Jane Murray, daughter of the late Rev. George Murray, which occurred at New Westminster, B.C. Eleven years ago the deceased left Paris to make her home at Vancouver, B.C. The late Miss Murray was in her 71st year, and was well known to many of the older residents in town, who will regret to learn of her demise.

Yesterday the final returns of the Red Cross society showed that \$1,700 had been collected, which will be spent on Christmas parcels for overseas and Red Cross work.

The Red Cross workers of the Methodist church held a very successful rummage sale on Saturday, and about \$140 was realized which will help the ladies carry on their work for the winter months.

The Paris Red Cross and Patriotic league acknowledge with thanks the following donations from the Falkland Women's Institute: 13 flannel shirts, 5 dozen towels, 14 suits of pyjamas and \$5.00 from Mr. Webber.

The funeral of the late Bessie Murty, beloved wife of P. Pigeon, of Chicago, Ill., took place this morning to the B.C. cemetery, from the G.I.R. station. The late Mrs. Pigeon will be remembered by the older residents of town, as in her younger days she was a very talented singer. Death was due to pneumonia.

Mrs. William Dicknell captured the following prizes at the Brantford Poultry show in his single comb Buff Lehighs, winning 4 firsts, 1 second, 2 thirds, and 1 special in best pullet, out of 8 birds.

Mrs. Leroy of Detroit is visiting her daughter, Mrs. Chas. Walker. Mrs. Ed. Midgley has been spending a few days with her brothers in Hamilton.

Your Problems Solved??

By Rev. T. S. Linscott, D.D.
 (All rights reserved.)

Dr. Linscott in this column will help you solve your heart problems, religious, marital, social, financial and every other anxious care that oppresses you. If a personal answer is required, enclose a five cent stamp. No names will be published. If you prefer, sign your initials only, or use a pseudonym.

The Vibration Theory—"A School Boy" wants to know about "The Vibration Theory." Scientists tell us that seemingly "motionless" and "inert" matter is alive and every particle of it is in a state of intense vibration. The Atom of former times is now a little universe with numberless "ions" or "points of force" moving with great velocity. "Ions," "atoms," "corpuscles" all vibrate with varying velocities. A knowledge of these facts and the relation of particles and "organisms" vibrating at different velocities to each other, and the resultant attraction and repulsion, has a very direct bearing upon health, happiness and success.

The Problem of Happiness—"A Philosopher" inquires, "Are rich people happier than their poorer neighbors?" They are not one whit happier except they are also rich in faith and in good works. Riches cannot bring happiness. I am intimately acquainted with some who have been both rich and poor and their testimony bears out my present statement. There are a host of people now rich, who enjoy much less happiness than when they were poor.

SURVIVORS LAND

By Courier Leased Wire.
 London, Tuesday, Nov. 26.—Thirty-five members of the crew and three passengers from the Steamer Caspasia which foundered off Newfoundland on November 17, have landed at Falmouth.

A St. Johns dispatch on November 17, stated that a radio message had been received there from the Caspasia, stating that she was in a sinking condition off Cape Race. No further particulars were given, but it is thought that the ship had been damaged in a terrific storm which swept the Nova Scotia and Newfoundland

land coasts on November 16 and 17. The Caspasia was owned by the Federal line.

FIFTH WAR LOAN

By Courier Leased Wire
 Washington, Nov. 27.—In preparation for the fifth war loan, the Treasury announced to-day the issuance of \$600,000,000 or more of certificates of indebtedness, payable May 15, 1919, and paying a 1-4 per cent interest. The subscription period will run from December 5 to 19. The maturity date of the issue indicates that the fifth loan will be floated in April.

COURIER COMICS

Can't Be Done.
"It is indeed hard," said the melancholy gentleman, "to lose one's relatives."
"Hard," snorted the gentleman of wealth—"hard! It is impossible!"
Still in Servitude.
A northern man traveling through Alabama was much interested in Uncle Ned.
"So you were once a slave, eh?" said the man.
"Yes, sah," said Uncle Ned.
"How thrilling!" said the gentleman. "And after the war you got your freedom, eh?"
"No, sah," said Ned, gloomily. "I didn't git mah freedom, sah. After de war I done got married."

Easily Remedied.
Diner—I can hardly find this beefsteak on my plate.
Waiter—I'll bring you a smaller plate, sir.
Flattery That Failed.
"Your daughter has a beautiful voice."
"That ain't my daughter singing now. That's the windmill outside, squeaking. I told pa to grease that thing a week ago."

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.
Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.
When listless, pale, feverish, full of cold, breath bad, throat sore, does not eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels, and you have a well and playful child again. Children love this harmless fruit laxative, and mothers can rest easy after giving it because it never fails to make their little "insides" clean and sweet.
Keep it handy, mother! A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children, of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.
In Port Arthur and Fort William the publicly owned railway is losing about a hundred thousand dollars a year.

VICTIMS OF BRAMPTON LEVEL CROSSING TRAGEDY.
These are the four victims who were killed in the collision between an automobile and Grand Trunk express on Saturday afternoon at Brampton. On the top line, reading from left to right, are: Miss Pearl Bellas, Brampton; Miss Edith M. S. awdon, Britannia, and Miss Ethel Gwilt, Churchville. The lower picture is of James Sawdon, who died while being taken to hospital.

REORGANIZE DEPARTMENT OF ENGINEER

City Will Undertake Construction of the Morrell Street Sewer

CONTRACT IS VETOED Board of Works to Secure Labor and Pay Necessary Wages

In a two-hour special session last night, the City Council declared itself opposed to the contract system for the construction of public works in the city, vetoed the agreement whereby D. O. Johnson undertook the construction of the Morrell street storm sewer at a cost of \$22,000, and requested the Works Department to proceed with the undertaking, and to procure the necessary help and pay the necessary wages. The greater part of the meeting was given over to a discussion of the affairs of the Engineer's department. Mayor MacBride, again advocating a reorganization of the department. T. Harry Jones, city engineer, replied that the internal organization of the department was satisfactory, but that the question of securing labor was the big problem to-day. He declared that the city was not paying its workmen high enough wages. The result was the action outlined above.
The Council was called to meet at half past seven, but it was twenty minutes after eight before a quorum was obtained. That quorum was composed of the Mayor and Ald. English, Kelly, Bragg, Symons, Simpson, Burrows, Clement and Baird.
Ald. English introduced a by-law to ratify the contract with D. O. Johnson, and the Council went into committee of the whole to consider the by-law and the agreement attached. The Mayor called on the city engineer to give information on the subject.
The total sum involved in the contract will be about \$22,000, exclusive of extras, Mr. Jones stated in reply to a query from the Mayor. Of this sum, \$2,400 would be borne by the ratepayers, under the present local improvement rate, but this might be increased.
The Mayor submitted that a storm sewer should first be constructed along West Mill street, where the residents had suffered in the past from spring time floods.
Ald. English admitted that there was need of a sewer where His Worship pointed out.
Opposes Contract System.
The Mayor further contended that the city should undertake and conduct the construction of its own sewers. There were men seeking employment, and there could be more in the near future, therefore His Worship objected to the contract being let to an outside contractor. The chief fault of Brampton's sewer system was that too much of it had been constructed on the contract system. The speaker favored the construction of the proposed sewer, as well as that along West Mill street, under the supervision of the city engineer's department. The time had come when the Homebased district should be properly drained.
Ald. Kelly asked the city engineer if it would not be more satisfactory to have the sewer built by the city, when proper construction could be assured.
Short of Labor.
Mr. Jones in reply stated that he would be glad to carry on the work if the necessary labor could be obtained. He had always favored the city's doing its own sewer construction.
"Do you consider that we are not in a position to do the work at present?" asked Ald. Kelly.
"We are not," replied Mr. Jones. The reason was that higher wages were being paid everywhere else throughout the city.
Ald. Simpson inquired as to the result if the sewer were not constructed.
"The results would be very serious unless we made some temporary arrangement. The Board of Works expressed the opinion that the city treasurer should be present at the discussion."
Ald. English stated that Mr. Bunnell could raise the money if necessary, but preferred that the Board of Works should finance the undertaking.
If the city engineer could not get help, Ald. Bragg felt that tenders for the construction of the sewer should be called for.
Ald. Symons believed that labor could be obtained, by the city as easily as it had been for the paving of Erie Avenue. If the help could not be secured, then the speaker agreed with Ald. Bragg, that a call should be made for tenders.
Ald. English substantiated the remarks of the city engineer on the shortage of labor. The Board of Works was trying to keep expenditures down during wartime. The contract awarded D. O. Johnson would cost only \$2,400 more than the estimated cost under city construction. The speaker wished that the city could undertake the work, but did not believe that it could.
Ald. Baird inquired whether the men who had been laid off at several local factories recently, could be put to work on the sewer construction.
The mayor replied that he believed they could.
To Reorganize Department.
At this juncture the committee rose and reported progress, after which the mayor, seconded by Ald. Symons, introduced the following resolution:
"Whereas the city engineer has stated that his department is not in shape to proceed with the construction of necessary sewers; that the council is of the opinion that the department should at once be reorganized and manned as will enable the city to undertake and carry to a successful completion all works of a public nature; and that this council is at this time opposed to entering into contract with D. O. Johnson for the construction of a sewer, costing \$22,000, of which Landsdowne Park, but is of opinion

that not only this sewer but also all other works of a necessary nature should be proceeded with under the Board of Works."
Speaking to the motion, the mayor urged that he was putting a question of policy up to the council. Even if it were necessary to construct the sewer in question under the present contract, the engineer's department should be reorganized for the future.
Ald. Kelly felt that Mr. Jones had been subjected to considerable unjust criticism, and that he should be given the necessary help for his department.
Ald. Burrows declared that labor could be secured if sufficiently high salaries were paid.
Ald. Clement was in favor of the mayor's motion, agreeing with Ald. Kelly that the city engineer was a much abused man.
The mayor inquired as to the total value of contracts let during the year.
Mr. Jones declared that there was no contract work in progress in his department, but only of securing additional outside help. There was not another city in Ontario which had gone so much of its own work as Brantford; the contract system prevailed elsewhere.
What Help is Required.
Ald. Kelly asked what help Mr. Jones required. The mayor supported him in the query. Ald. Kelly went on to declare that it was not fair to the city engineer to ask him to continue with the inadequate staff now at his disposal.
"It is a policy of penny wise and pound foolish. If we do not spend the necessary money to reorganize the department," declared the mayor.
"The sooner we get down to business the better," declared Ald. English. He was in favor of the city's proceeding with the work if the council deemed it advisable.
In reply to Ald. Kelly, Mr. Jones stated that he needed an office assistant for the winter. Mr. E. J. McLaren, assistant city engineer, now overseas, would likely be returning home before long, and could then resume his position. Mr. Jones was willing to work overtime in order to keep Mr. McLaren's position open for him. If he were authorized to pay the necessary wages—he had not always been in the past—Mr. Jones was prepared to undertake the work now under discussion.
"Will yourself, Mr. McLaren and Mr. Unger be able to handle all the civic work?" inquired the mayor.
"All the work at present in sight" replied Mr. Jones.
The mayor believed that an assis-

tant should be appointed to take sole charge of the sewers system. Mr. Jones concurred in this, if extensive sewer work were contemplated in the future.
Ald. Kelly felt that Mr. Jones should be empowered to engage whatever assistants he needed.
Ald. English, while favoring the principle outlined in the mayor's resolution, declared that he could not vote for that motion, which opposed the letting of the contract to D. O. Johnson after he himself (Ald. English) had introduced the by-law to confirm that contract.
The mayor offered to support the Johnson contract if Mr. Johnson undertook to do the work at the engineer's estimate, \$2400, lower than the figure set. He also amended his motion by striking out the reference to the Johnson contract, the motion therefore declaring the city opposed to the granting of future contracts for public work. The motion, as amended, carried.
Ald. English, seconded by Ald. Kelly, then moved:
That the city engineer be instructed to construct the Morrell street sewer with our own staff, the work to be commenced at once, the engineer and the Board of Works to decide on extra help and wages.
The motion carried, and the council then adjourned.

DEMAND THAT WILHELM BE EXTRADITED

British Law Officers Say Holland can be Compelled to Surrender ex-Kaiser

London, Nov. 26.—It is understood that the question of the extradition of the former German Emperor is being considered by British law officers of the Crown, who are working in close co-operation with the French authorities. Action in the premises was taken immediately after the flight of the former emperor to Holland.
The Evening News says it understands the law officers have concluded that the allies are entitled to demand the extradition of the former Emperor, and that this decision applies also to individuals who have committed or given instructions for the commission of extraditable crimes.
It is added that Holland takes the view that she has not the power to surrender such persons without the consent of Germany.
The French premier, M. Clemenceau, recently requested Charles Lyon-Caen, dean of the faculty of law of the University of Paris, an opinion on the possibility of the extradition of William Hohenzollern, M. Lyon-Caen asked to be given time to prepare a decision.
The former Emperor has been indicted three times for murder in England in connection with the sinking of the Lusitania, German aerial raids, and the shelling by warships of unfortified east coast towns.
Sir Thomas White has sent a message of appreciation to W. G. McAdoo, the retiring Secretary of the United States Treasury, in recognition of his friendly attitude to Canada in all negotiations.

WILL TOLERATE NO REVOLUTIONISTS

Judgment Given by Hon. Mr. Justice Lennox in Russian Case

DEFENDANT FINED

Following is the official record of the judgment given by Honorable Mr. Justice Lennox in the Supreme Court two weeks ago, against Alex. Barrell, charged with having seditious literature in his possession.

The King vs. Barrell. Charges: Having in possession objectionable matter in the way of newspapers, etc. And having the same on his premises.

Before Honorable Mr. Justice Lennox at Brantford, July and non-Jury Assize, November 12th, 1918. Mr. Davidson, K.C. Crown Prosecutor; Mr. O'Donnoghue for accused.

Accused is arraigned through Russian interpreter and through his counsel pleads guilty. Mr. Davidson—The prisoner having pleaded guilty I move for sentence of the Court upon him. Mr. O'Donnoghue—Your Lordship allow me to say a few words on the prisoner's behalf. There is no Empire under the sun that is more closely identified with the rights of the individual than the British Empire. The exigencies of the then situation necessitated the passing of these Orders in Council, and must certainly not come into conflict with the rights and liberties of the citizens of the country. There are certain organizations formed by various people, in many cases from selfish motives and with a narrow outlook—men who think only of themselves. These societies are formed and those responsible try to subordinate the rights of other people to their imagined rights. This cannot be permitted. At this important time in the history of this country and of the British Empire and of the allied countries as well, it will be necessary to check the growth of institutions such as some of these people are endeavoring to propagate and at the same time by granting and to give privileges to get these people to realize their true interests, with the Government and not against the Government of the country. This prisoner will realize in time, assuming him to be a very intelligent man, that he is pursuing an unwise course, even as regards his own advancement, and the punishment I shall inflict upon him will be with the hope and the expectation that he will be benefited by the leniency of the Court and the Crown, and in the end, if he remains here, that he will become a good citizen of the Dominion of Canada. It must not be imagined that the Crown is powerless against these people. The Crown is all powerful and the Crown could crush these organizations very easily if it desired to do so. But they do not desire to accomplish the desired end by drastic means. It will have to be understood and realized that these people must be law-abiding if they desire to remain in this country. That applies with greater force now than ever before. Each man

AD. MONTAGUE BROWNING
The British officer who will command the squadron which will go to Kiel and Wilhelmshaven to see that German vessels in those ports are properly disarmed.

principles under which the country is governed greater than would be obtained by more rigid means. It is the same with us. We welcome to this country almost every class of person. I think perhaps we have welcomed them to a greater extent than was judicious. That is a matter of policy. But those who come to this country must obey its laws and must certainly not come into conflict with the rights and liberties of the citizens of the country. There are certain organizations formed by various people, in many cases from selfish motives and with a narrow outlook—men who think only of themselves. These societies are formed and those responsible try to subordinate the rights of other people to their imagined rights. This cannot be permitted. At this important time in the history of this country and of the British Empire and of the allied countries as well, it will be necessary to check the growth of institutions such as some of these people are endeavoring to propagate and at the same time by granting and to give privileges to get these people to realize their true interests, with the Government and not against the Government of the country. This prisoner will realize in time, assuming him to be a very intelligent man, that he is pursuing an unwise course, even as regards his own advancement, and the punishment I shall inflict upon him will be with the hope and the expectation that he will be benefited by the leniency of the Court and the Crown, and in the end, if he remains here, that he will become a good citizen of the Dominion of Canada. It must not be imagined that the Crown is powerless against these people. The Crown is all powerful and the Crown could crush these organizations very easily if it desired to do so. But they do not desire to accomplish the desired end by drastic means. It will have to be understood and realized that these people must be law-abiding if they desire to remain in this country. That applies with greater force now than ever before. Each man

must work for the general good of the country. Of course he must work for his own individual ends but must subordinate his personal interests to the well-being of the community at large. This prisoner has been indicted for having in his possession certain documents which should not have and which are contrary to the good government and safety of the people of this country. The documents are before you and are also charged with having these newspapers and so on upon his premises. These papers are imported from the United States. I think I may say that I will not make that a feature of the punishment I shall mete out because I am in hopes that the people of Great Britain and the United States and the people of Canada and the United States will come to understand each other now better than they have ever before and, bound together by a common cause, will in the future live upon terms of actual and continuous good will such as has never existed between the United States and the people of the same institutions and the same traditions. They inherit the same language and to a very great extent the same laws. Even the democracy of the people of the United States are so proud of a large extent and almost in the habit of referring to their Mother country. So I expect we shall see as a result of this war, among other things, a greater degree of good-will and harmonious working out of a common cause than ever before. I am pointed to one of the mottoes of working signs of this institution which the prisoner belonged. Translated it reads this way: "Brantford group of Russian Social Revolutionists. In struggling to obtain your rights, workers of the world, unite."

Mr. Davidson—One comes from the United States and one is printed in Toronto. His Lordship—The prisoner is fortunate in that respect. A feeling of harmony and unity exists between the United States and this country such as never existed before. If this charge had been made several years ago, the fact that some of these documents had been imported from the United States would have counted against him as good deal more than they will count now. In fact I may say that I will not make that a feature of the punishment I shall mete out because I am in hopes that the people of Great Britain and the United States and the people of Canada and the United States will come to understand each other now better than they have ever before and, bound together by a common cause, will in the future live upon terms of actual and continuous good will such as has never existed between the United States and the people of the same institutions and the same traditions. They inherit the same language and to a very great extent the same laws. Even the democracy of the people of the United States are so proud of a large extent and almost in the habit of referring to their Mother country. So I expect we shall see as a result of this war, among other things, a greater degree of good-will and harmonious working out of a common cause than ever before. I am pointed to one of the mottoes of working signs of this institution which the prisoner belonged. Translated it reads this way: "Brantford group of Russian Social Revolutionists. In struggling to obtain your rights, workers of the world, unite."

What we do not want and we will not tolerate is any degree of toleration for whatever revolutionists in this country. These people may work in our shops, they may buy, build or sell houses, and they may assist in performing the duties and labors of the country from day to day, but we do not want them under the conditions suggested here and we will not give them the privilege of classing themselves with intelligent men. In consideration of the fact that we are now looking for peace on this earth and good will to all men—we have around the necessary cooperation that we must exact from those who have transgressed every human law—I am impelled to pass a more merciful sentence in this case. There will be some people who will say it is too lenient, and there will be some who will say it is a great deal too much. Judges do not sit for the purpose of trying to please people. You cannot please everybody. One who tries to please everybody generally pleases nobody. The sentence of the Court will be that a fine of \$500 will be imposed, payable within two weeks. It is satisfactory to the Crown?

Mr. Davidson—Yes, My Lord. His Lordship—If the fine is not paid within two weeks the prisoner will remain in jail for the period thereafter of six months. He must remain in custody until the fine is paid. I have taken into consideration the fact that he has been in jail for 54 days. Prisoner, through Russian interpreter is arraigned on the charge of being a member of an unlawful society and, through his counsel, pleads not guilty. Mr. Davidson—The Crown does not intend to press this charge. The jury at present sitting in the jury box hearing a civil case can be sworn. Jury already in jury box is sworn. Mr. Davidson—The prisoner having been sentenced upon other charges, to which he pleaded guilty, the Crown does not propose offering any evidence in this case.

His Lordship—Gentlemen of the Jury: In this case the prisoner at the bar has already pleaded guilty to certain other charges. It is charged now that he is a member of an unlawful society or association. The Crown does not think it right under the circumstances to offer any evidence in this case. It is charged now that he is a member of an unlawful society or association. The Crown does not think it right under the circumstances to offer any evidence in this case. It is charged now that he is a member of an unlawful society or association. The Crown does not think it right under the circumstances to offer any evidence in this case.

Good Aids for the Bee.
That been figured out is a common belief in some quarters, but investigations recently carried out in Italy prove it to be without foundation. Bees cannot perform the work of fruit, and the damage attributed to them is really done by birds, wasps, hornets, wasps and certain other insects. Bees are, in fact, of much benefit to the orchardist, because they effect the cross-pollination of fruit trees.—Popular Science Monthly.

Why He Would Not Build.
It is in a Jewish legend that Methuselah declined at the age of six hundred or so to go to the trouble of building a house because the Lord answered his question as to how much longer he had to live, and the patriarch decided that three hundred years was too short a time to spend in building the structure. Undoubtedly Methuselah preferred his tent and was ready to grasp at any excuse for sticking to it.

Adds Life to Railroad Ties.
Railroad ties last about eight years under normal conditions, when they have to be renewed, which costs a good deal of money and calls for a large force of labor, says Popular Science Monthly. It is estimated that treated ties which are first kiln-dried and then immersed in hot creosote until saturated, last twice as long. They are absolutely waterproof and impervious to rot.

Clears the Head.
Many colds in the head are relieved, particularly that heavy, dull feeling, when breathing through the nose is impossible, by employing as a throat and nasal douche half a teaspoonful of baking soda to a glass of warm water. Fill the passages with as much of the liquid as possible; this will clear the passages of obstruction and in a little while breathing through the nose is possible.

Short Life in Prospect.
A girl in Riverside City, a Muncie suburb, was singing loudly one evening. "I Would Not Live Always." A woman next door, trying to pass the baby to sleep, sent the following note by her six-year-old son to the young singer: "If you don't stop that noise on receipt of this, you won't even live a few minutes."

Road of Frights.
In the central part of China there is a very strange road, which leads to the famous Ming tombs. On each side of the avenue are huge figures of elephants, camels and giraffes, lions, etc. Each animal is carved out of a solid piece of stone. They are probably more than 500 years old.

Old Idea of the "Far West."
The citizens of Albany, N. Y., experienced a thrill in February 28, 1795, when 500 emigrants sleighs passed through that city on their way to the distant and little-known Genesee country of western New York. The Genesee valley was then considered the "far West."

Carbolic Acid for Carbuncles.
In an article in the New York Medical Journal Dr. Edward H. Oschner reported very favorable results in the treatment of carbuncles by injections of carbolic acid. The infection gives immediate relief from pain and the sore heals rapidly.

The Summer Solstice.
June 21 is the day of the year when the sun is directly over the equator, and for several days about that time there is no observable difference on his position, or his hours of rising and setting. It is the longest day of the year.

Getting There.
Miss Lucy says she can't get to the office in time for her appointment. She says she'll try to get there by the next train.

Violating Armistice.
By Courier Leased Wire.
Rome, Nov. 21.—Austria-Hungary is violating the armistices by releasing the Italian prisoners without food and poorly clothed says an official note issued through the Staff Agency. The Italians also are being set free all at once instead of successive sections. The note adds: "The enemy's last attempt to trouble the natural development of our operations and exacerbate the population of the liberated regions has succeeded only in prolonging the sufferings of the prisoners without shaking their faith in their country."

Big Haul in Montreal.
By Courier Leased Wire.
Montreal, Nov. 26.—Thirty disorderly houses were raided last night by the police, netting 284 prisoners and over 1,000 bottles of beer and other liquor. The raid was the largest ever made in the city, and an extensive portion of the "red light" district was cleared up. The prisoners were taken to headquarters and lodged in the cells, crowding them to overflowing.

Carburettor is an excessive secretion, accompanied by chronic inflammation, from the mucous membrane. Hood's Sarsaparilla acts on the mucous membrane through the blood, reduces inflammation, establishes healthy action, and radically cures all cases of carburettor.

Digests Meal When Stomach Won't

Eat without fear of indigestion, gas or acidity. No dyspepsia or any stomach distress. Millions know the magic of Pape's Diapepsin for dyspepsia, indigestion and stomach trouble. When your meal don't digest, but turns into gases and acids or lays like a lump of lead, you can have instant relief. Don't stay a dyspeptic! Upset stomachs feel fine! Costs so little at drug stores.

LADY'S AND MISS' ONE PIECE BATHING SUIT.

The girl who swims will like this sensible bathing suit, for it is so simple that it will look well for a long time. The dress, No. 8848, slips on over the head, so there are no fastenings to rust. There is no underbody included in this pattern, but the dress should be worn over a one-piece swimming suit of jersey. Wide bands of the material over the shoulders hold the suit in place. A belt of medium width is worn with the suit. Soft satin, taffeta or mohair may be used for making. The lady's and miss' one-piece bathing suit pattern No. 8848 is out in five sizes—16, 18 years and 20, 40 and 44 inches bust measure. The 16-year size requires 2 1/2 yards 36-inch or 2 yards 54-inch material and 3/4 yards head.

War-Savings Stamps

On Monday, December 2nd, 1918, will be offered the First Issue of Canadian Government War-Savings Stamps. The first issue will be offered from December, 1918, to December 31st, 1919, and each War-Savings Stamp of this issue constitutes the Government's promise to pay the sum of Five Dollars on January First, 1924.

Price, \$4.00 and Interest \$4.00 Grows to \$5.00. During December, 1918, and January, 1919, the price of a War-Savings Stamp is \$4.00. In February, 1919, the price is \$4.01, and it increases one cent each month until in December, 1919, the price is \$4.11—the extra cents representing interest earned.

Registration Against Loss. A certificate with one or more W.S.S. thereon will be registered for you without charge by the Post Master at any Money Order Post Office. This protects the owner in case such certificate is lost, stolen or destroyed. By applying at the Post Office where your certificate was registered, you can have your money refunded.

In order to make it easier to acquire War-Savings Stamps, THRIFT STAMPS are issued at 25 cents each. These do not bear interest, but 1% of them affixed to a Thrift Card will be exchanged for a W.S.S. Issued under Authorization of National War-Savings Committee. Sir HERBERT AMES, Chairman.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, your passages of your head will clear and you can breathe freely. No more sneezing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head soothing and healing the cold or inflamed mucous membrane, giving you instant relief. Head cold and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

STEAMER DISABLED

By Courier Leased Wire

Halifax, N.S., Nov. 26.—The government steamer Arammore was on her way to this port from Newfoundland with the disabled Canadian Naval Schooner Pinta in tow. During the recent gale on the Newfoundland coast her bowsprit was blown away and the Arammore, which was then at Trepassy Bay on light-house service, was ordered to take her to tow on her return to Halifax.

Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Really done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex (16 cents worth) pour in two 16-oz. bottles and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made, and saves easily \$2. Dates pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membrane so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough while for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give complete satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Rippling Rhymes

PEACETIME PRICES.

When doves of peace are soaring round, and eagles quit their yapping, will things cost just as much per pound as when the hosts were scrapping? The prices rise "without a break," the snowed-out summits striking; no effort does it seem to take to keep the blamed things hiking. The news is flashed across the sea that some one's goat is taken; up goes the price of prunes and tea, and succotash and bacon. A bunch of kings have soaked their crowns, we read in late dispatches; up goes the price of handkerchiefs, and pointer pups and matches. Some heartwick rulers vainly try to smile while taking bitter; up goes the price of whiskers, eyes, of applejack and fritters. It's a easy turning "reasons" loose, most any fake suffices, the punkiest sort of cheap excuse will do its action, prone weeks ago in deep crawl into their den, convinced that war is cheesey, will bringing prices down again, think you; be quite so easy? Will links, the grocer, blither, say, "You've had good news from Sweden so I cut out the price to-day on all the things you're needin'?" Will Grimes, the clothier, say, "It's nice to know that Russia's better, so I will now reduce the price of that star cap you're wantin'?" Let's hope such things will come to pass, when doves of peace are soaring, and meanwhile, as we dig the brass, cut out the useless roaring.

HER IMPROVEMENT AMAZES FRIENDS

Looking After Sixty-Two Room House no Task to Mrs. La Plant Now

"All my friends know and can tell you that for a long time I was almost a nervous wreck, and this Tania has made such a wonderful change in my condition that they are simply amazed at my improvement," said Mrs. E. La Plant, who conducts a large rooming house at 1 Puyallup avenue, Tacoma, Washington, U.S.A., the other day.

"For the last twelve years," she continued, "I had been in a terribly rundown condition and during that whole time hardly a day passed that I didn't suffer from awful headaches. I had no appetite at all and what little I forced down would ferment in my stomach and distress me for hours. My kidneys were out of order and worried me night and day and my nerves were so unstrung that, after going to bed, any little sound, even the rustling of a newspaper, would wake me with a start and it would be some time before I could drop off to sleep again. I had a very large house to look after and I was so weak and miserable that a couple of hours' work would exhaust me so that I'd just have to quit for the rest of the day. The fact is, loss of sleep and lack of nourishment had undermined my nervous system and I was just wearing myself out.

"I spent all the money I had on medicines and treatments that did me no good, and I had about given up hope of ever getting well, when I began to read about the good Tania was doing others and I thought I might as well try it. Well, sir, the way I began to pick up right after starting on it, surprised even me. After experience with other medicines I did not expect such quick results. My appetite is just fine—too fine, the way prices are now—for I feel hungry most all the time. My kidneys don't worry me at all now, and I am rid of that terrible headache at last. Those awful headaches are all gone, too, which is a grand relief, besides, I sleep all night like a child and feel so strong and rested when I get up in the mornings, that I don't mind at all the work I have to do in looking after a sixty-two room house full of people. My father is now taking Tania and says he is just feeling fine."

Tania is sold in Brantford by Robertson's Drug Store, in Paris by Apps Ltd., in Mt. Vernon by A. Yeomans, in Middleport by William Peddie, in Onondaga by Nell McPhadden.

CHATTED FREELY WITH REPORTERS

The Former German Crown Prince Shows No Sign of Depression

London, Nov. 26.—The correspondent of the London Daily News at Rotterdam telegraphs the following: "The German ex-Crown Prince appears to have chatted freely to a number of Dutch journalists who at Amsterdam boarded the train conveying him toward the place of his incarceration on the island of Wieringen.

"He wore a brown suit, with a soft collar and a green tie, brown leather leggings and boots, and, according to one, looked like an English sportsman. One of the journalists was impressed by the fact that neither his appearance nor in his manner did he show any trace of hardship or of depression.

"Do you know how long you will be at Wieringen?" he was asked.

"No," he replied.

"Do you think of going back to Germany?"

"That depends on what may happen there."

"Have you seen your father?"

"No, nor heard from him, either for some weeks."

"Is your wife going to join you at Wieringen?"

"No, she will stay in Germany."

Music and Drama

OVERSEAS FOLLIES.

The Overseas Follies will make their first appearance in Brantford at the Grand Opera House on Friday night. This company, which consists of returned soldiers, assisted by ladies who have also returned from overseas, where they have been entertaining the troops in camps and hospitals. These are the boys who form the characters depicted by Balfanzathar and the fact that they are veterans of battles such as Ypres, Somme and Arras combined with musical comedy talent should crowd the Opera House to its doors. The company is shortly to tour the Antipodes, so turn out, Brantford, and give them a great reception. The leading man has a smile that gets you going. It sprays from ear to ear and lasts all night. Four years campaigning has failed to remove it. Their tenor singer is an aviator and is a singer of New York fame in pre-war days. He is worth going miles to hear. The program is a varied one and full of pep and vigor. Booking has opened, so get a good seat at a popular price.

RELEASE STRAMBUCCI'S

By Courier Leased Wire

Vancouver, B.C., Nov. 26.—The Canadian Pacific steaming ship Empress of Russia and Empress of Asia will again be placed on the Trans-Pacific run at an early date, according to word received here late last night from Hon. G. C. Balfanzathar, Minister of Marine and Fisheries at Ottawa, who advised that the British Admiralty is about to release the vessels.

COMMISSION DEFENDS ACTION.

By Courier Leased Wire

Ottawa, Nov. 26.—The International Joint Commission in an opinion which has been placed in the hands of the Government, defends its action, some weeks ago in approving the application of the St. Lawrence Power Company for permission to construct a submerged weir in the Long Sault channel of the St. Lawrence. It will be recalled that the application was vigorously opposed by the Dominion Government, which was represented at the hearings by Hon. Hugh Guthrie, Solicitor-General.

The opinion was prepared by Commissioner Mignault, now Mr. Justice Mignault of the Supreme Court bench, who points out that the principle which dominates the order for approval of the application is that the construction of the submerged weir is approved merely for a term of five years, or until the termination of the war. The question remains an open one and no right of any government or individual to object to the weir as a permanent structure is affected by the order of approval.

\$2500.00 GRAND PRIZES

Value \$935.00

First Prize \$935.00

Which of these World-Famous Proverbs fits this Picture?

The hypocrite's hopes shall perish. Heavy clothes have hidden faults. He that sows indignity shall reap sorrow. Peace begins where submission ceases. Where rivalry goes before, respect follows after. Foes come at last to the furrier. Big heads have big aches. Who takes up the sword shall perish by the sword. Punishment follows close on the heels of crime. To the wicked, misfortune comes aplomb. Peace has never done right. The wicked shall not inherit the earth. The triumphant shall be in the crime. Evil conduct is the root of misery. It breeds hell on this soil.

FREE Our fine 48-page book of Humorous Proverbs is the result of 12 years' research and is the most complete and authoritative collection of the world's greatest monthly magazine has ever published. Therefore, contestants are assured of its absolute fairness and squareness. In order to give an equal chance to every competitor they have published a list of the most valuable prizes represented by the series of twelve pictures. Answer to the first picture will be mailed to you free. With it you will receive the complete set of twelve proverb pictures which complete the contest. Thus, there will be no waiting or other delay. All the prizes will be awarded by Postal note and you can set to work to find the answers that can win you your share of these wonderful prizes.

WAR PROVED EDITOR, CONTINENTAL PUBLISHING CO. LTD., 300 KING ST. W., TORONTO, ONT.

NOTICE

Increase in Subscription Rates Commencing Dec. 1, 1918

The subscription rates of the Brantford Daily Courier and the Brantford Daily Expositor, commencing December 1st, 1918, will be as follows:

Delivered in Brantford and Vicinity, 45c. per month

By the year, Paid in Advance, \$5.00 per annum

By Mail, " " " " 4.00 per annum

Single Copies, 2c.

After publication of this notice, payments in advance on subscriptions will only be accepted to December 1st at the old rate, after that at the new rate.

This advance in subscription rates has been made necessary by the tremendous increase in the cost of white paper, the price of which has recently been fixed by the Paper Controller at Ottawa. By this one item alone thousands of dollars are added to our annual cost of production, and in addition, labor, presses, stereotype supplies, type and all other items of expense have enormously advanced in price during the last few years.

Even at the new rates the Brantford papers are only now charging prices which have been in force for some time back on almost all the other daily newspapers published in this section of the Dominion. In many cities the subscription rates are very much higher.

(Signed) **THE EXPOSITOR.**

THE COURIER.

November 1st, 1918.
