

THE ACADIAN.

WOLFVILLE, N. S., JULY 5, 1895.

One of our most successful fruit-growers informed us this week that the present indications are that our apple crop this year will be a good one and the fruit of a most superior quality.

Rev. O. B. Pitblado, in an eloquent sermon preached lately in Winnipeg, said: "Our birthright is one of world-wide sympathies. Britain is world-wide omnipresent. She controls the steamships and very largely the highways of transportation of the world, keeps the gateways of all the great channels of commerce."

The appointment of Hon. Joseph Chamberlain, as Secretary of State for the Colonies, is taken as an indication of the growing importance of the colonies in the eyes of the Home Government.

The St. John Exhibition Association are arranging for many special attractions at their Fair, which opens on Sept. 24th. Among them are included: Military Display, Eight to Ten Bands of Music, Concerts and other Hall entertainments, toys, Brigade and Children's Days, Procession of Societies marching to the grounds with Music, Displays within the Ring, including Horses and Cattle, Indoor and Outdoor sports for children and adults, etc., etc.

A foreman in the Rochester gas and electric works accidentally received a shock of 3,000 volts. A doctor who was summoned, set to work to resuscitate the patient. The patient recovered his strength quite rapidly, and will soon be entirely well.

The eminent scientist, Professor Huxley, died at London, Saturday afternoon last, in the 71st year of his age. His health began to fail about three months ago after a severe attack of influenza, followed by bronchitis. His wife and daughter were present with him at the time of his death, but his son arrived too late to see his father alive.

The District Correspondent.

From an Exchange.

District correspondence in a newspaper can be made a valuable feature, and of special interest to a large proportion of readers. How wide is the circle of interest, is barely appreciated by the uninitiated. It is not many days since a subscriber writing from the United States asked that the district correspondent of a well known locality be given a nudge.

Town Council.

The monthly meeting of the town council was held on Tuesday evening. There were present: the Mayor, Councillors, Borden and Collins, and the Recorder. The following accounts were read and ordered paid: Valley Telephone Co., \$3.50; L. W. Sleep, 9.55; Town Clerk, 2.95; Rockwell & Co., 23.85.

Dairying in Nova Scotia.

As an index of the development of dairy farming in Nova Scotia, the attendance at and interest in the annual meeting of our Farmers' and Dairywomen's Association have most clearly shown that year by year our farmers are becoming more and more convinced that dairying is one of the most profitable branches of farming in which they can engage.

At present prices can only be sold at a serious loss. With every promise so far of an abundant yield of grass this present season, the outlook for the farmer who depends upon the selling of hay for his income, is, to say the least, not very encouraging.

Having decided to engage in the Coal and Lumber Business in Wolfville, I would respectfully solicit a share of patronage. A Full Supply of Superior Coals, will be kept on hand and sold at reasonable prices.

Personal Mention. (Contributions to this department will be gladly received.) Hon. M. H. Goudge, of Windsor, was in town on Wednesday.

Dr Buchanan's last night, (Sunday) was a restless one. He seemed to be on the point of nervous collapse. After his wife left he retired to his couch where he pitched and tossed in nervous wakefulness until 2 a. m., when he fell into a restless sleep.

At three o'clock his sleep became somewhat sounder and continued broken until six o'clock when he awoke and prepared for the day. He inquired anxiously for any hopeful news, but there was none to give him.

Mrs Buchanan had journeyed during the night to Ellerslie, the country residence of Governor Morton, and made one more attempt to save her husband. Her trip was fruitless, for before ten o'clock a telegram from her was received saying the governor had absolutely refused to interfere.

At 11 o'clock the fatal procession to the death chamber began. All the witnesses for the state were present. Dr Buchanan, wonderfully calm, was strapped to the electric chair. At 11.20 the current was turned on and the story of a wrecked life closed.

The Congress Concert Co. gave an excellent entertainment in College Hall on Tuesday evening. They were welcomed by a very small house, but those who were present were well repaid. The programme was a varied one and lasted over two hours. The company has undergone some changes since its last appearance here and those who heard it then pronounce it greatly improved.

London Shrub—the latest drink, 5c a glass, at the Drugstore.

The new yacht Nymph was launched on Saturday afternoon. A large number of people assembled to witness the launch, showing the interest taken by our people in the new craft. She is a beauty and was much admired. Owing to a mistake in the quality of gasoline sent, the promoters will have to await the arrival of a quantity from Boston before they will be able to enjoy a sail. We await with interest a test of her sailing capabilities.

The Dominion Atlantic Railway company's steamer Prince Rupert met with an accident Wednesday afternoon, which will probably hang her up for some time.

She made her first regular trip to Digby in the morning and reached St. John's again on time. Just as she started to swing out from the pier again for Digby, her high pressure cylinder cracked. The cause of the accident it is said is due to some cold water being in the cylinder, which on encountering the steam caused the crack.

The strawberry and ice-cream festival given by the ladies of the Methodist church on Monday evening was an enjoyable and successful affair. Owing to the rain of the morning the festival was held in the vestry instead of on the grounds. The refreshments provided were of a most tempting nature and were in good demand. A pleasant feature of the occasion was the rendering of several selections of vocal music by Mrs. H. H. Vaughn, of Boston, who is visiting in Wolfville. Mrs. Vaughn has a charming voice and her singing was much enjoyed by all. The festival realized something like \$20 to the church.

The opening of "Evangeline Beach," Long Island, on Wednesday evening was a most successful affair. There was a large gathering of people from Wolfville, Grand Pre, Horton Landing and other places. Mr. W. J. Balcom furnished teams and drove a large number from here. It is estimated that between 300 and 400 persons were at the beach. The Wolfville band furnished a good programme of music which was greatly enjoyed. The restaurant did a rushing business in strawberries, ice-cream and other refreshments. The whole affair was a most pleasing one, and the public will look eagerly forward to a repetition which we understand is planned to be held in a few weeks' time.

Coming Attraction.

The Women's Aid Society of Chalmers church, Lower Horton, has made arrangements for the appearance of Miss Elsie Hest at Acadia Villa Hall on Monday evening, July 16th. This talented elocutionist is looked upon as one of Canada's foremost entertainers, and as she will not appear in Wolfville there will likely be a good attendance of Wolfville people. The admittance fee will be 25c and 50c. Following are a few press notices:

Moncton Leader:—"The school room of the Presbyterian church was well filled last evening to hear Miss Elsie Hest, the charming elocutionist. Her selections were all well taken and received the hearty applause of the audience. The statuesque posing in Greek costume was much admired; the passions, love, hate, etc., being portrayed as if under the usual naturally trying circumstances."

Chatham World:—"The audience in Masonic Hall, Tuesday evening, was delighted with the recitations and posing of this accomplished lady. The hall should have been full. Several of the ladies were trying the poses on the very house, seeking to emulate the fair and shapely artist."

Northern Enterprise, Campbellton, N. B.:—"Everyone who attended the entertainment given by Miss Elsie Hest felt thoroughly repaid, it being one of the most enjoyable evenings of the season. Miss Hest's manner on the stage was graceful and attractive, and her rendition of the various selections was exceptionally good."

Evangeline Beach, Long Island, IS NOW OPEN TO THE PUBLIC. Every convenience for Bathing, Boating, etc. Ice Cream, Fruits and Refreshments of all kinds, at restaurant on grounds.

Among the departments of work done by the W. C. T. U. is that of Social Purity.

The White Ribbon badge worn by the W. C. T. U. means purity, Parity of thought, word and deed.

A recent writer has said: "One city in any part of the earth whose citizens from the greatest to the humblest lived in the spirit of Christ, whose religion had overflowed the churches, and poured into the streets, inundating every home and workshop, and permeating the whole social life, one such city would seal the redemption of the world."

Looking out into the world, we find that the awful, inexcusable sin of impurity, unchastity, is doing a deadly work. It has penetrated all nations.

And America—let it be said to her shame, is as guilty in this respect as England; read—"A New Movement for Licensed Prostitution in New York."

Looking at other parts of the Bible we find the condemnation of this crime just as strong. In the Book of Job he says "It is a heinous crime; it is a fire that consumes to destruction."

Habit eats so deeply into man's humanity that instead of constituting no more than his second nature, it expels the first, usurping the sovereignty.

A story told to the current among the students in Aberdeen which showed that up to a comparatively recent date ancient prejudices were retained by the old-fashioned Scotch professors.

"Principal and Mrs Pirie present their compliments to Prof. T., and hope he is well. Principal and Mrs Pirie will be 'at home' on Thursday evening at eight o'clock."

This was something which evidently required an answer, but the recipient of it was equal to the occasion. He wrote:

"Prof. T.—returns the compliments of Principal and Mrs Pirie and informs them that he is very well. Prof. T. is glad to hear that Principal and Mrs Pirie will be at home Thursday evening at 8 o'clock. Prof. T.—will also be at home."

Battling the Mosquito. The time of the year is arriving when many people are keenly interested in any measure that will lead to the extermination of the pestilent mosquito.

An American agriculturist expert finds that a film of kerosene oil on the water tanks near his house has rid it of mosquitoes. Kerosene, smeared on the face and hands is quite effective in keeping the insects at bay.

When young people go into an engagement for life as carelessly as they go to a picnic, they must expect to pay for their folly with their bitter experiences.

Verboosity is the besetting sin of all official correspondence, so that a laconic despatch is refreshing. The secretary of the Treasury wrote to the collector at the port of Mobile:
