

Britain Will Pay Off Her Financial Debts To the United States As They May Fall Due

Niagara Peninsula Fruitgrowers Do Not Want Vineland Experiment Station Taken Over By Dominion

Will Ask the Ontario Minister of Agriculture to Improve It Rather—Interesting Address on the Raising of Strawberries—Resolutions Passed By the Association.

The Niagara Peninsula Fruitgrowers Association closed a profitable series of meetings at Queen's Hall last evening. The two sessions have been productive of much valuable information to the growers of fruit. The attendance of growers has been large and the men who grow the bulk of the fruit used in Canada have listened with interest to the various speakers.

At yesterday afternoon's session the chair was occupied by the President, F. A. J. Sheppard, and the main item on the program was an interesting address on strawberry raising by E. L. McConnell, of Port Burwell. Mr. McConnell stated that strawberries were considered the most important fruit grown by many. They are profitable if handled properly and are three essentials in the profitable growing of the luscious berry, viz., character of the plant, cultivation and care of these.

Preparation of a field for strawberries should commence a year ahead and Mr. McConnell. A crop of potatoes might be grown on the soil first. Many make a mistake in preparing the land. Plowing is not the first importance. In England cultivation or stirring up the soil with manure is the best process. After this plowing comes and the top half of the furrow has been already cultivated. The bottom half of the furrow feeds the plant.

Planting a crop of potatoes then if well looked after, a profitable crop is obtained.

Preserving the moisture is absolutely essential for good returns.

After the potatoes are taken out a little manure may be applied, not too much as it clogs the earth. About ten loads to the acre is sufficient, well cultivating it in with the soil. Good fresh plants, freshly dug should be used. The plants should be well sprayed and the grower is insured success if the plants are properly handled by taking off surplus leaves and shortening roots. The plant should never be allowed to get dry.

Many set plants too deep. The crown should be set just below the surface of the soil, about half an inch. When rain comes the soil settles just right. If the crown is an inch below the surface it makes it hard for the young plant to shoot out. On the other hand if too shallow when the rain comes the plant shoots out on stilts.

In choosing varieties of plants local conditions must be considered.

"This adds to the interest in growing strawberries because no fruit growing is more enthusiastic inspiring than growing of strawberries," said Mr. McConnell, explaining the reason in that the watching of growth and development of the plants is a most interesting thing.

At the conclusion of his address, he answered a volley of questions fired at him by the growers.

Rows twelve to fifteen inches wide with plants three and a half feet apart is about right for planting strawberries, Mr. McConnell stated.

He said strawberry growing required work, it is no lazy man's job. A man must get on his knees to grow strawberries.

Gilt Maury and Williams are good varieties of strawberries to grow he said. A new variety to experiment with is Dr. Barill's. A grower should not be satisfied with less than 5,000 boxes from an acre of land.

In the spring the rows should be cleaned out and the surface of the land scratched to keep it loose and easy.

Prof. J. W. Crow of the O. A. C. spoke on some fruit problems. He dealt with the future of the fruit growing industry. He held rather pessimistic view regard the fruitgrowing industry in Niagara District and the province generally. In the past five years the fruit growing industry in this province has suffered severely.

"If the fruitgrowing industry is

REPORT ON CANADA RACETRACKS SLAMS AMERICAN OWNERS

OTTAWA, March 12.—Some Canadian racetracks in which American capital is heavily invested "are not being operated to the best interests of the public," according to an exhaustive report on Dominion racing conditions submitted to-day to parliament by Dr. J. G. Rutherford, a special commissioner for the government.

This report, which is expected to serve as a basis for legislation governing racing, makes no definite recommendations, but devotes considerable space to the question of eliminating certain tracks and banning "touts," railbirds and purveyors of supposedly secret or stolen information.

Fleet Wasn't Kept Ready For Service

ADMIRAL SIMMS CONTINUES HIS CRITICISM OF SECRETARY DANIELS

WASHINGTON, D. C., March 12.—Charges that the Atlantic fleet was not kept in readiness for battle during the war was added by Rear Admiral Sims to his criticism of the navy department policy in testimony today before the senate investigating committee. He told the committee that frequent pleas for American warships were disregarded and month after month ships were lost in dispatching a squadron of battleships to join the British grand fleet. When the squadron finally was ordered abroad he said it was composed of four ships of different types, evidence that other ships to form a homogeneous unit were "not ready for sea service." He read also a message from the navy department showing that after the four were selected, it was necessary to dock them before they could proceed, a delay of another two or three weeks.

Amateur Minstrels Put on a Most Enjoyable Show

The Minstrel Concert given last night by the St. Paul Street Church Athletic Association was an unqualified success and a large audience crowded into the Sunday School room to enjoy the fun and music.

The black face comedians and singers left nothing to be desired. Everything was entertaining, the music and the local grips being thoroughly enjoyed.

The playlet, "In the Wrong House" was a scream from beginning to end, the boys excelling themselves in the different parts. The cast for the playlet was: R. N. Pencock, A. J. Whitlock, C. J. Harris, V. C. Jones, H. Byrne, and W. Newman.

The musical numbers by the Plumley trio were especially enjoyed.

GEORGES DISPENSES IDOLATROUS CROWD

PARIS, March 12.—An announcement that the religious marriage ceremony for Georges Carpentier, the heavyweight pugilist and Mile. Georgette Laurentia Elasse would be celebrated at a Paris church Tuesday, proved to be an error.

Crowds appeared before the church blocking the street, and finally the police requested Carpentier and his bride, whose civil marriage took place in the city hall Monday, to appear and disperse the throng. They did. Later Carpentier said the date for the church wedding had not been had from

Shoe Prices Not Likely to Drop Just Yet

The hopeful consumer who saw in the decided drop in hide prices bright prospects for securing a pair of shoes at a price within the means of the average well-to-do person will have his expectations dashed to pieces if he converses with almost any shoe man, be he retailer, wholesaler or manufacturer.

"Will the much weaker hide market have any immediate effect in lowering shoe prices?" was a query referred to a shoe dealer to-day.

"Not for some time," was the answer. "The shoes being sold this spring were contracted for last fall, so that conditions existing now cannot possibly have any effect. Eventually, if hide prices remain down, shoes will certainly come down too but there is no immediate prospect of lower prices."

"Will they be cheaper next fall?" he was asked.

"No, not next fall. We are paying more for the leather than we used to. It's up to the tanners. They are holding us up."

It was stated that all kinds of leather could be obtained in Canada with the exception of goat. This was purchased in the United States, and used to cost \$1.25 a foot, three months ago. The present price is \$2.50 a foot.

Tremendous amounts of orders and no concessions from the tanners are conditions which make a combination not favorable to appreciable decreases in shoe prices. The only hope appears to be the big stocks with which tanners are said to be loaded up at present. Increasing stocks was stated may have the effect of weakening and leathers, owing to the existing off of the export business in hides and leathers, owing to the exchange situation which makes it impossible for Europe to pay the prices now may further tend to shade prices. The big stocks which are accumulating all the time, on account of the cessation of export will eventually have the effect of shading prices considerably. And the decreases in cost of material should be reflected in the price a consumer will have to pay for a pair of shoes.

Just how long this change will take to become a welcome fact nobody cared to guess. It was said however, that it would take at least six months for the lower priced hides, which are a feature of the tanneries at present to get to the manufacturers to be made up into the goods which should sell below present excessive figures. Whether shoe prices will drop within this year appears to be a disputed point, certain manufacturers declaring that this will be the case while others emphatically say no.

Keep Embargo On Sugar and Save For Canucks

The Niagara Peninsula Fruitgrowers Association has decided to petition the Canadian Government not to remove the embargo on sugar just yet, as the stocks in this country are only sufficient for the needs of Canadians during the coming canning season.

Last year the fruit industry suffered greatly because the shortage of sugar made it impossible for the housewives to do their usual amount of fruit preserving and the factories of this district were likewise handicapped.

TENDERS

SEALED TENDERS addressed to the undersigned will be received up to March 18th by the Board of Education for the city of St. Catharines for School supplies. Specifications may be had from

C. T. McBRIDE, Ccty. Treas.
March 12, 13.

Funeral of the Young Daughter Of A. E. Coombs

The funeral of the late Alice Frances, eldest daughter of Principal and Mrs. A. E. Coombs was held yesterday afternoon from the family residence 197 Church street to Victoria Lawn Cemetery. The house was filled with sympathizing friends who had gathered to pay their last respects to one who they had held in very high esteem. Rev. Dr. Martin conducted the services and spoke comforting words to the family and friends in their great loss and also of the beautiful life led by the deceased young lady. The floral offerings were very numerous being taken to the cemetery in a special conveyance, and placed around the grave. Clarence Colton, Leo Bradt, Jas Olds, Hugh Zumstien, Henry Parkhouse and Herb Smith acted as bearers.

"Listen Lester" Makes Great Hit At the Grand

"Listen Lester," the new musical piece completely captivated one of the largest audiences of the season at the Grand last night and quite rightly as it was one of the best things in musical comedy seen here in some time.

A lot of novelty is introduced in connection with the fun-making and the catchy music, and there is never a dull moment during the whole rollicking affair.

This is principally due to the effort of Gus Shy who is a whole show in himself. His eccentric comedy and dancing brought down the house.

Virginia Watson captivated every body with her vivacious interpretation of "Mary Dodge," and in the handling of the part left nothing to be desired.

Able support is given by Mayme Gehrue as "Miss Quilty," Jean Thomas, the charming widow, Joseph Mack as "Lester" the porter, Irving Brooks as "Colonel Dodge," Cecil Williams and others of the cast.

There is a good singing chorus and the whole show has a wealth of dance about it which finishes it off just right.

CONGRESS REFUSES TO MAKE PERSHING CHIEF OF STAFF

WASHINGTON, March 12.—With out a record vote the house yesterday refused to amend the army reorganization bill so as to make Gen. Pershing the permanent Chief of Staff. In doing so it approved the section permitting the secretary of war to make the selection.

The firemen had a run to George street last night, but it was a false alarm.

A government Hydro-electric development scheme is announced in the Speech from the Throne in the New Brunswick Legislature.

This Will Indicate a Spirit of Economy and Lesson to Business Men—Will Not Ask Republic For Time in Paying Obligations As They Fall Due.

LONDON, March 12.—The British Government has decided upon a policy of wiping out all of its debt in America and to the United States Government as soon as possible. While there has never been any doubt, in the minds of the authorities here, as to eventual payments this decision came as a big surprise to Americans because while nothing official was known it was expected that Great Britain and the other allies would follow a different policy—one of waiting—to see what developments would come in the next few years before deciding to pay their war debts.

The British Government has decided however, that from economic as well as political and moral standpoints the best policy is to repay its debt as soon as possible.

Meet Obligations When Due

This does not mean that Britain can or will anticipate the maturity of its loans but that the Government will meet each obligation as it becomes due. It is further explained that repayment is not a matter of one or even five years, but that this decision is on a policy which is to be followed from now on, by the British Government.

This information came from an absolutely reliable source and after extensive questioning and investigation I am able fully to confirm the fact that this policy has been officially decided upon by the Government, and that it will be followed by the Treasury Department.

To Pay All Promptly

When I made the first inquiries in British circles, officials were frankly astonished, replying that obviously England expected to repay its indebtedness to America, but when I pointed out that recent interest due the United States Treasury was funded, that there was an impression that the allied governments would make no attempt to repay their war debts for considerable period of years they admitted just as candidly that the British Government's policy now was to pay all obligations in America promptly. They explained, furthermore, that the decision to meet the Anglo-French loan was based upon this new policy of government in England.

Will Have Good Effect

Americans with whom I discussed the question were astonished, even the bankers expressed surprise, but all

Will Not Lift Ban Till One at Border is Lified

The Board of Health yesterday afternoon decided not to remove the vaccination ban on the public schools in view of the fact that the ban has not yet been lifted at the border.

This it is expected will be done next week, in which case the Board will then take action.

Dr. Curry expressed the view that as the parents of 1500 children had obeyed the order of vaccination these should be protected and considered as against the 150 who refused.

Hay Disappeared And Theft Charge Is the Outcome

James G. Harris appeared in police court today on a charge of stealing a quantity of hay from Kenneth McIntee. Crown Attorney Brennan prosecuted and Terence McCarron defended Harris.

McIntee stated that about January 1st, a third of a ton and a half of hay which he had in Grantham disappeared. Sleigh tracks led to Welland Ave. in the city. A lad named Hipwell, who lives with Harris, stated that he had got about two wheel barrows of hay from the McIntee place because his brother had told him he could have it. The boy said bedding was needed at Harris' place and he had told Harris about the McIntee scrapings and Harris told him to go and get it.

As another witness was needed the case was adjourned till tomorrow morning.

Young Girl Accused of Forgery Is Given a Further Remand of Seven Days This Morning

Mrs. Leola Greenwood, the 20 year old girl who is held on a charge of forgery in connection with bogus cheques, was arraigned in police court this morning and pleaded not guilty. She is being defended by Terence McCarron while Crown Attorney Brennan appeared for the crown.

Mr. Brennan asked for a remand to allow him time to get an order from the Judge to bring Stanley West the woman's accomplice, here to testify. West received a three-year sentence at Niagara on Monday.

Mr. McCarron protested that his client had been in jail a week and

Young Couple Passed Away Within A Few Minutes of Each Other When Stricken With Pneumonia

The death occurred yesterday of Business Albert Robins of 12 1/2 Thorold Road, aged 29 years, at the General and Marine Hospital, after an illness of one week from pneumonia.

A few minutes later his wife, Lela Pearl, aged 28 years passed away at the Welland Hospital, after an illness of the same disease. When the young couple were attacked with the prevailing epidemic, efforts were made to have them placed in the same room in the same hospital, but owing to the overcrowded conditions this was impossible.

Mr. Robins was born in Gainsboro Township, later moving to Fonhill, where he resided for a short time before coming to St. Catharines about six months ago, where he took a position with the Whitman & Barnes Company.

Besides his father, Orlando Robins of Silverdale, he is survived by two sons, Clarence C. of Welland, Ont., and Clarence C. of Welland, Ont., and Mrs. Robins was also born in Gainsboro Township. She is survived by her parents, Mr. and Mrs. George Moore, who reside on their farm at Elcho, in Gainsboro Township, and one brother, Adam Moore, who have many friends in St. Catharines, who extend to them their heartfelt sympathy in their hour of double trouble.

Mr. and Mrs. Robins were regular attendants at the Methodist C.C. Church and took an active part in church work. The funeral will be held on Sunday afternoon from Grobb Bros. chapel, when the young couple will be buried together in the Fonthill cemetery. Funeral services will be held at 1:30 on Sunday March 14th at Grobb Bros. Chapel.

A Woman's Trouble

Stratford, Ont.—"I do think Dr. Pierce's Favorite Prescription one of the best medicines I have ever known for the ailments of women. I had for quite a long time been having woman's trouble which caused me to become all run-down, weak and nervous. I doctored but nothing seemed to give me relief until I began taking Favorite Prescription. This medicine gave me such wonderful relief that I am glad to recommend it to others."—MRS. A. GODWIN, 50 Brant St.

NERVOUS AND RUN-DOWN

Brampton, Ont.—"A few years ago I was in a nervous and run-down condition and felt greatly in need of a tonic. A friend who was being helped by Dr. Pierce's Golden Medical Discovery advised me to try it. It helped me from the very start and eventually restored me to perfect health. I feel in a position to praise the 'Golden Medical Discovery' very highly and to recommend it to all those who are at all nervous, weak or run-down."—MRS. ESTHER PEARSON.

Dr. Pierce's medicines are made of vegetable growths that nature surely intended for backache, headache, pains, irregularities, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root, Oregon grape root and Viburnum. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it in liquid or tablet form. It is without alcohol.

There's a home for little children

NOT an orphanage or an institution—a home. THE children there are not all total orphans. Some have fathers; some have mothers. IT'S a heart-warming sight to see fathers come there on Saturdays and Sundays to spend happy hours with their motherless bairns. EQUALLY comforting is the appreciation of widows whose little ones are well taken care of while they are at work. MANY totally orphaned little ones are very early placed in good homes where they may renew the love of father and mother. TO preserve the atmosphere of home; that's the guiding spirit of the Orphan Children's work of the Salvation Army.

SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause Indescribable Suffering in Eastern Europe.

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once according to Lieutenant Shelton Wright of the American Red Cross Commission to Poland, recently returned to the United States after months of relief work in eastern Europe.

He painted a vivid picture of this half-starved people, clad in rags, who are now creeping back toward their devastated homes after months of pelting wandering, and dying of starvation and typhus along the roads, as they go.

"Outside starvation, numerous diseases, attributed to malnutrition and typhus have killed men and women and children like flies," he said. "I remember a family trying to live under an over-turned wagon by the roadside. The mother was dead under a tree a few yards away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the wagon were two little children, but under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind."

Many of the people are driven to making "bread" out of leaves and bark and "soup" out of grass and water. Lieutenant Wright reported. There was unpeppable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Danzig and other ports. In spite of the fact that the American Jewish Relief agencies are spending almost \$2,000,000 a month now on their relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

"Every box of relief supplies returning to their homes has in it those who die along the way, and those who have contracted typhus," Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease caused by relief supplies."

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding from Canada and the United States reach them before the cold weather sets in.

MOBS OF CHILDREN CRAVING FOR BREAD

Gaze Into Bakeshop Windows for Hours at a Time, Hoping for Something to Eat.

"The saddest thing in all Eastern Europe at the present moment—worse than all the other instances of starvation and even of death and disease on every hand—are the child-mobs one sees outside of the few bakeries that are able to keep going in Warsaw," Shalom Ach, the famous Yiddish playwright and poet reported to the American Jewish Relief Committee upon his return from Eastern Europe, where he went as a commissioner of the Joint Distribution Committee of American Funds for Jewish Sufferers from the War.

"In the bakery windows are a few loaves of bread, and sometimes cakes, that are sold at a simply prohibitive price," he explained, "and even if these were as cheap as in Canada and the United States, their taste would still be unknown to the hungry Jewish children, who live on the cup of soup a day they get from American Jewish relief agencies. But the youngsters tantalize themselves with the sight of food, when they cannot get the taste of it."

"They press up to the window, and at first merely stare respectfully at the bread, an uncanny little crew of gaunt small folk with old faces and suffering unchildish eyes. Perhaps it is raining, or the wind is blowing coldly through the tatters that they wear, that little barefoot army, but they huddle together for warmth, and do not stir. The sight of the bread has fascinated them, it is so rarely seen."

"A customer comes out, leaving the door ajar for a moment, and the warm fragrance of the bake-shop drifts out to the little ragamuffins, maddening them. They press closer to the window, their thin little faces against the glass. Those in front put out their tongues and lick the glass, as if, by so doing, they could taste the bread behind it. No poet could ever write into words the wistfulness of their faces as they do it."

"One of the men from the bakery comes out and drives them away every few minutes, else they would break the glass. They are afraid of him, and for a few minutes they stand at a distance, their eyes still upon the bread. Then hunger overcomes their fear, and they press up to the bakery window again. Soon they are eagerly licking the glass once more. And this goes on all day every day in front of the bakery window."

More money is needed to help feed these children, and an appeal soon is to be made in Canada for that purpose.

The New York market was professional in character. Trading was dull and prices tended easy.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

CANUCK CURLERS FOR SCOTLAND

TORONTO, March 11—Secretary G. S. Pearcey, of the Ontario Curling Association, has received a communication from A. Davidson Smith, of Edinburgh, secretary of Royal Caledonian Curling Club, regarding the proposed trip of the Canadian curlers to Scotland next year.

Mr. Smith suggests that the tour be made so that the games can be played next January and that the team of six rinks be chosen from the various associations throughout Canada and be as representative as possible of each district. Mr. Pearcey is requested to communicate with the secretaries of the Canadian (Quebec) Manitoba and Nova Scotia branches regarding sending representatives. When the last trip was made in 1909, Manitoba and the west sent two rinks, Ontario two rinks, Quebec one rink, and Nova Scotia and the east one rink. Each of the six rinks also carried an extra man.

The Canadian curlers were to have sent a rink over in 1914 but owing to the war the trip was canceled.

Secretary Pearcey will sometime before the fall send out circulars to each member of the O. C. A., asking that they nominate a candidate for the trip, and from the various nominations the O. C. A. executive will make the selection for Ontario. One man from each association will represent that association on the team.

Grimsbey's last livery passed out of existence Wednesday afternoon when the Lawrie outfit of horses, vehicles and rigs were disposed of at good prices. The site will be occupied by the Chevrolet agency.

PREMIER DRURY TO MAKE THE O. T. ACT EFFECTIVE

TORONTO, MARCH 11—Several hundred delegates from the provincial prohibition convention descended upon Hon. Mr. Drury and his ministers at Queen's Park to make a "demonstration in force." The deputation presented a memorial but the visit to the parliament buildings was more in the nature of a declaration of support of the requests already made to the government by the executive of the referendum committee and the Ontario alliance for restrictive legislation.

The memorial expressed the satisfaction of temperance forces with the declared sympathy of the government toward the cause of temperance, and urged that the government bring in such legislation as will further minimize the evils of the liquor traffic.

A definite request was made that the government apply itself to clearing up constitutional doubts that stand in the way of further advanced steps by the province against the traffic that still thrives.

"It is our sincere desire to make the Ontario Temperance Act effective and to enforce it in such a way that there will be no reaction for we must not jeopardise the permanent cause of temperance in the province. We are as anxious as you to make the act effective, and we will move to that end as swiftly as possible, but with due deliberation."

Such was the assurance given by Premier Drury to the deputation.

WAGE INCREASES OF \$1,000,000,000

WASHINGTON, March 11—Rail Director Hines today meets representatives of railroad managers and workers in joint conference to urge prompt settlement of demand of the workmen for wage increases totaling \$1,000,000,000 a year.

Hines is expected to present an appeal from President Wilson.

GIRL TRIES TO HURL CHAIR AT MAGISTRATE

WINDSOR, March 11—Margaret Crews, known as "the worst girl in Michigan," is again under arrest here. She was arrested yesterday. When arraigned in police court she first refused to speak, and then attempted to hurl a chair at Magistrate Miers. She later bit the hand of Patrolman Blair, who took her to the county jail at Sandwich. Margaret will serve six months in the Ontario Reformatory.

ALLIES TO OCCUPY TURKISH CAPITAL

LONDON, March 11—The Daily Chronicle's Peace Conference representative writes:

"The disciplinary occupation of Constantinople as it may be called to distinguish it from the ordinary occupation which followed the conclusion of the armistice, has been definitely ordered by the allied powers, and will be carried out at once. For the present it will consist of posting allied contingents at strategic points of the city on both sides of the Golden Horn. For this purpose there are troops enough on the spot, and more can be brought up in a few days."

"Any question of further measures will be answered according as this sensational demonstration is or is not effective in bringing home to the Turkish Government the determination of the allies that the provincial disorders shall cease and that the terms of the Peace Treaty shall be executed scrupulously."

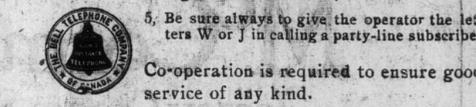

Party-Line Consideration

Two-party line is a single circuit, shared in common by two subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a two-party line it is impossible for both users to try to talk out on the same circuit at the same time. There is also the liability of both being wanted at the same time to receive incoming calls.

Therefore, there are special considerations which we urge a party-liner user to keep in mind:

1. Long conversations prevent the use of the line by the other subscriber, therefore party-line talks should be as brief as possible.
2. Whenever another party-line subscriber requests the use of the line for an emergency, courtesy should be prompt, the first user temporarily to give up the use of the line.
3. Whenever a party-line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.
4. At the end of a conversation the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.
5. Be sure always to give the operator the letters W or J in calling a party-line subscriber.

The Bell Telephone Company OF CANADA

Co-operation is required to ensure good service of any kind.

Ford

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, "First Come, First Served."

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.

Over Southern Mountains Now on Canadian Road

A Typical Cross-Continent Scene in the Testing of the Overland "4"

'Tis a far cry from the sagebrush of Arizona and the mountain trails of California to the prairies of Western Canada and the town and country roads of all the other provinces between British Columbia and Prince Edward Island. Yet automobile tests of the severest kind ever attempted over mountains and through streams and the roughest of American country—had much to do with a car that is now being made in Canada, by Canadians and for Canadians.

The car in question is the Overland 4, which had 250,000 miles of that kind of testing before the factory at Toronto sold a single car. Since the Canadian factory reached a basis of quantity production, hundreds of the same car have been subjected to rigorous tests on the roughest Canadian roads—with the same result. The car has shown its strength and has proved a sensation from the standpoint of riding comfort. The explanation given by the manufacturers is that its

Triplex Springs, an entirely new invention—give it all the comfort of a long wheelbase car while retaining the economical and other advantages of a car of short wheelbase.

The Overland 4 is now being sold in every province in Canada.

CONVALESCING FROM INFLUENZA

The bracing atmosphere found in Algonquin Park is just what is needed for those convalescing from influenza or those who are in need of a rest and recuperation. The Highland Inn offers comfortable accommodation at reasonable rates. Apply any Grand Trunk Agent for descriptive booklet or write Mr. N. T. Clarke, Manager, Highland Inn, Algonquin Park Station, Ont.

At its annual meeting the Toronto and York Patriotic Association announced its determination to husband the fund so that soldier's dependants may in future be well provided for.

GIANTS A FAMILY HEIRLOOM SAYS CHAS. STONEHAM

HAVANA, March 11—When Charles A. Stoneham purchased the New York National league baseball team, it was done primarily for the purpose of handing down the club as a legacy to his son. Mr. Stoneham made

this statement to-night to set at rest rumors which he said were current in the States and Cuba that the Giants were for sale. I would not part with the Giants for several million dollars," he said adding that he hoped New York would be given a championship team this year or in the near future.

The Right Time to Invest is Now. The Right Place to Invest Your Money is in

Great State Petroleum Co.,

Of Texas, Incorporated

Copy of the Statutory
Prospectus

NOW PAYING 2% DIVIDEND MONTHLY

Of Great State Petroleum Company of Texas (Inc.) filed with the Provincial Secretary of Ontario, Canada, and dated 30th September, 1919.

The Company is incorporated under the laws of the State of Delaware, with an authorized capital of \$15,000,000, the par value of shares being \$10.00, all common stock. Its head office is at Room 205, 320 Fifth Avenue, New York City.

The original incorporators, each of whom subscribed for five shares for the purpose of incorporation, are: Issadore M. Katz, attorney, and Richard L. Cunningham, stenographer, both of No. 32 Liberty street; Walter H. Marshall, clerk, 111 Broadway; Martin A. Purnell, salesman, 43 W. 33rd street, all of New York City; Percival K. Frowert, President of Percival K. Frowert Company, Inc. New York City; Albert C. Rick, oil operator, Dallas, Texas; Martin A. Purnell, salesman, 43 W. 33rd street New York City. Further directors up to fifteen, the number fixed in the bylaws are to be appointed.

By contract dated Sept. 26, 1919, between them and the Company, Albert E. Shahan and Harry A. Hurt, dealers in oil properties, Dallas, Texas, acting for themselves, and Albert C. Rick and W. F. Sims, oil land dealer, Hillboro, Texas, sold to the Company ten groups of oil and gas leases in Texas, consisting of 11,277.33 acres, for \$643,360.00 par value of stock (64,336 shares); by another contract dated September 26, 1919, between the same parties and the Company, they have sold to it twenty four other oil and gas leases, covering in all 69,380 acres, all in Texas, except 200 acres in Oklahoma, and a 3-13ths interest in the production of other producing oil wells, at prices fixed for each property and totalling \$3,803,362.00. This property is to be paid for by the Company in stock of the Company at par value, the Company having the right to investigate titles and to refuse to complete purchase of any property, the price of which is not approved by appraisers, one of which is to be selected by the Company and one by the vendors, and they to select a third in the event of disagreement, and the Company having the right to take any one of the individual properties at the stipulated price in shares of the Company at par. The vendors agreeing to furnish an abstract of title to the respective pieces of property within ample time for the Company to have same examined in order that the Company may proceed with the appraisal heretofore referred to; all appraisements made are to be made to the Company in writing, without unnecessary delay.

Another contract dated September 26, 1919, has been made between the same parties, giving Hurt and Shahan an option on all of the stock of the company, except 300,000 shares, which is reserved by the company for the purpose of acquiring more oil leases or personal property, and except 64,336 shares and 380,336 shares above referred to, which has been set aside for exchange for properties on the terms therein set out, a copy of which is filed with this prospectus and which may be inspected at the office of the Provincial Secretary of Ontario, where also the other contracts may be inspected. Copies of all of the above contracts may also be inspected during any business day at the office of the Company. The law of Delaware, not calling for any minimum allotment, the contracts are now binding. Shares are not sold subject to call, but fully paid and non assessable, and certificates will only be issued upon payment being made in full, but there is power to sell on 80 per cent. being paid in cash and the balance in thirty, sixty and ninety days, with interest at 6 per cent. per annum from date of contract, and subject to forfeiture for failure to pay any balance.

The by-laws provide that any shareholder is qualified to be a Director, and do not allow Directors to receive salary for being Directors, but the officials, President, Vice President, General Manager, Secretary and Treasurer, will be entitled to salaries as such.

The preliminary expenses are estimated at under \$5,000.00, the expenses of procuring the properties being borne by the vendors, and the Company paying no part of any expense of Hurt and Shahan in selling the stock optioned to them.

Dated 30th September, 1919.

ALBERT C. RICK,
PERCIVAL K. FROWERT,
MARTIN A. PURNELL,
WALTER H. MARSHALL,

Being all of the Directors of Great State Petroleum Company of Texas (Inc.)

This young Company is a consolidation of the independent oil companies of Texas and Oklahoma. The people affected by this consolidation have all received shares at par in payment of their holdings, and therefore only receive returns as dividends are paid.

We believe that investments in the **THE GREAT STATE PETROLEUM COMPANY OF TEXAS, Inc.**, will be a source of pleasure to the investors, for the reason that the Company is to-day beyond a mere speculation, as it is a decided success. The shares of all well managed oil companies are considered the most profitable class of investment in the world to-day. Successful oil companies require three things, viz: Capable and successful business men to manage and direct its affairs. Experienced and successful oil men to manage and develop its properties. Properties in Proven Oil District. The Company already has the first three, and we are rapidly adding a fourth requirement, which is very essential to successful oil companies, and this is further capital.

The property owned by this Company is so advantageously located that it is our opinion that the Company will result into one of the leading oil companies of to-day. Considering the fact that the management is unexcelled, we know of no reason why the Company's success should not be extraordinarily rapid. The Company earns at the rate of \$800,000.00 per month, or a total of more than 50 per cent. on the entire capitalization, of which less than one-third is outstanding.

Around April of this year stock of this Company will be selling on the New York market for a great deal above par and we would not be surprised if it were selling for at least \$50.00 per share, as the dividends and earnings the company has and will have by then will justify such a value.

Since issuing the prospectus, the Company has increased the production from its oil lands to 10,000 barrels per day, and an added acreage which now makes the entire acreage leased or controlled by this company 95,000 acres. Additional assets added consist of a 5,000 barrel refinery, 200 tank cars and a 45 mile pipe line running from the Burkburnett Field in Wichita County, Texas, to the refinery at Lawton, Okla., together with all pumping stations, loading racks, switching tracks, etc. The line alone is earning the Company \$2,500.00 per day.

Dividends at the rate of 2 per cent. monthly have been declared and paid. Next dividend March 1st.

We would suggest that you make the fullest investigation of this Company and the Board of Directors, and it will be our pleasure to give you any further particulars you may desire. We confidently assure you from the success that has attended this Company in the past, purchasers of this stock, in my opinion, will receive very large returns within the next twelve months.

PRICE UPON APPLICATION

GREAT STATE PETROLEUM CO. Of Texas, Inc.

The Managing Director of this Company, Mr. A. C. PARKER, is also interested in these big successful concerns:

President Park Oil and Refining Co.; Director Sunshine State Refining Co.; Director American National Bank, Wichita Falls; Director Wichita State Bank, Wichita Falls, and there are twelve other big financial and business men behind Great State Petroleum Co., of Texas, Inc.

NOBBY TREAD

A DOMINION Tire

A Bit of Advice

Don't wait until you are ready to drive your car before ordering new Dominion Tires.

Go to your dealer NOW and select the "Royal Cord," "Nobby," "Chain," "Dominion," "Grooved" or "Plain" Tread you will need so everything will be ready for the first spin.

Thousands of motorists will re-equip their cars this year with Dominion Tires because they know by experience that Dominion Tires mean the certainty of satisfactory service under all conditions of road and weather and the first signs of Spring will bring an avalanche of orders for Dominion Tires. Get ahead of the rush. Order your tires NOW.

DOMINION INNER TUBES

When you go to the trouble of getting the tires best suited to your car, get also the Inner Tubes made expressly for these Tires. Order Dominion Inner Tubes and thus ensure perfectly balanced tires.

DOMINION TIRE ACCESSORIES

It pays to care for your tires—pays in the saving of time, trouble and mileage, so keep a supply of these prolongers of tire life.

SPRING CALF FEEDING

How to Feed and Handle the Young Arrival.

The Dam's Milk the Best First Food
—Skim-milk Should Gradually Replace Whole Milk — Grass or Stable for Calves?

(Contributed by Ontario Department of Agriculture, Toronto.)
THE calf that comes in the spring, comes just at a time when everybody is so busy getting the "spring work" done that he is very liable to be neglected to a certain extent. Young calves are very susceptible to disease—come on to young cattle and a little lack of attention to spring calves is liable to cause serious trouble to them.

There are two menaces to calves in spring and summer, and those are extreme heat and flies, and one is on a par with the other. Arrangements should be made whereby the calves are kept in during the day and allowed to run out in a paddock at night. By this means they are afforded a liberal amount of exercise and good pure fresh air, and also they are allowed to get some of the nice juicy green grass, which is the nearest thing to a complete and balanced ration that can be found outside of milk.

When the calf is dropped it may be well to leave it with the dam for a few hours in order that it may get the first milk (or colostrum) which is so necessary on account of its actions on the digestive tract. When the calf has received sufficient colostrum to set up the necessary action it should be removed from its mother into a separate stall, or it may be put into a stall with other calves of the same age or nearly so. If, by any chance, the cow's udder is inflamed, the calf may be left for a few days because of the beneficial effect that the calf's punching has upon it.

For a few days the calf should be fed whole milk, but when it is two to four weeks old a change should be made, skim-milk gradually replacing the whole milk, from eight to ten days taken for the change. When the whole milk is totally replaced the milk may be increased to eighteen or twenty pounds per day for a calf six weeks old. The best kind of skim-milk for calves is warm, just when it leaves the farm separator. However, everybody may not have a separator, and then this is not possible. In any event the system started with the calf should be followed as nearly as possible at all times, because radical changes in diet are sure to cause severe digestive troubles. This and all feeding utensils should be kept very clean to eliminate any danger of disease from bacteria that might be lurking within. Skim-milk feeding may be continued on through the winter, if desirable, up to eight or ten months old. Good thrifty calves may be weaned as early as three months old, providing good substitutes for the milk are used.

The most frequent trouble in raising calves is indigestion or common scours. This trouble is usually caused by overfeeding, feeding milk too cold, feeding milk heavily laden with the disease germs, or by keeping the calves in a dark, dirty, poorly ventilated quarter. The calves should be watched carefully, and if they show signs of scours immediate steps should be taken to effect a cure. The ration should be reduced and a little lime water put in the milk. If immediate action is needed, about one-half cupful of strong black tea or some castor oil should be given. As for meal for the calves, rolled oats are good, and if they are getting no whole milk a little linseed oil cake should be added. The oil cake has a laxative property as well as supplying a little fat to the ration. A good meal for calves: 100 lbs. of ground oats, 50 lbs. bran and oil cake (nutted) 25 lbs. Good clover hay is essential at all times, giving enough to allow the calves to pick out the nice succulent parts, and still not be wasteful.—J. C. McBeath, O. A. College, Guelph.

Should Calves Go Out to Grass or Remain in the Stable?
Generally speaking, calves are better kept in the stable during the first summer, except where stable conditions are not good, and where there is not enough labor to look after them and keep them dry and clean. The only other exception is in the case of calves dropped in the early winter and which have had three to six months of milk, more or less dry feed. Such calves may be all right, if turned out to grass as soon as the pasture is good and the weather warm and pleasant. Particularly in this case where milk and other feed is scarce on the farm.

The chief advantages of keeping calves in the stable, the first summer are:
1. They can be fed milk and other feed as required, which is often neglected when calves run with the cows, or are pasturing some distance from the barn.
2. Calves in a clean, well-ventilated stable are protected from the hot sun, storms and flies, which often prevent good growth which is essential for a well-nourished thrifty calf.
3. If allowed to run with the herd, the older animals are likely to "boss" the calves and may injure them, or deprive them of their proper share of feed.
4. Cases of sickness, such as indigestion or "scours" are more likely to be noticed, and properly treated, if the calves are inside where they are seen frequently.

5. As a result of this better care and feed, better cows are more likely to be reared, which means larger returns to the owners of cows.—Prof. H. H. Dean, O. A. College, Guelph.

John Allan was fined \$2 in police court this morning for allowing his dog to run at large.

PLEBISCITE ON BONE DRY LEGISLATION WILL BE DEMANDED BY COMMITTEE

Open war with the Ontario branch of the Dominion Alliance in convention at Massey Hall, Toronto, was declared last night by Dr. A. S. Grant Chairman of the Ontario Referendum Committee. Whatever the decision of the Provincial Prohibition Convention at Massey Hall, Dr. Grant declared that his organization would go on with the plebiscite on "bone dry" prohibition. The present convention he characterized as one "without policy or program."

"The position yesterday," said Dr. Grant, "was that they wanted to meet with the referendum body, and we met in conference with them. We stated our position and we practically came to an agreement in a committee of fifty in which the majority were Alliance men, that they would ask for a vote." But apparently when they went into convention they altered that, as they did not ask for that but asked for amendments to the Ontario Temperance Act, such as the committee asked for before and were refused. So the convention has put themselves in the position of the Referendum Committee.

MOTHER SERIOUSLY BURNED

RESULT OF CHILD'S PLAY

SARNIA, March 11—Mrs. Ernest Parr of 161 N. College avenue is in a serious condition as a result of a gas stove explosion, in which she was the unfortunate victim of a playful child turning on stove gas jets unknown to its mother. The child in the absence of its mother from the kitchen shut an oven door on unit but open gas jets, and later when Mrs. Parr opened the door of the stove and applied a match, not knowing the gas had been turned on, the rush of flames caused painful burns about the face, neck, arms and hands.

NEW BUSINESS TAX?

OTTAWA, March 11—The decision of the Government on the question of re-enacting the excess business profit war tax will not be made known until the Budget is brought down, it was intimated by Sir Henry Drayton in the House this afternoon.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. It is every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.
There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, dependent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Man affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.
Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attached by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man

BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.

James Stoddart, Frederick Pawaon, Percy Edward Fairbank and others have been incorporated under an Ontario charter to carry on a general motor business under the name of County Motors Limited. The company is capitalized at \$40,000 and the head office is at Grimsby.

At the convention of the County Road Superintendents and Engineers in Toronto, Hon. F. C. Bivens stated last the Government proposed to build Provincial Highways right through villages of 1500 population or less without asking that village to contribute one cent to the expense of building that portion of road.

The Clinton & Louth Agricultural Society at their meeting last week decided to make the speed purses better and offer more inducement to horsemen his coming fall. By making the races better they expect to increase th attendance and the gate receipts. It has been decided by the associations in the Niagara District to make the admission for adults fifty cents this coming fall.

The death occurred at Eric, Pa., March 5th, at the home of her son, of Barbara Louise Vosburgh, relict of the late Rev. James Mackie, in her 78th year. The deceased was the last of a family of fourteen. About fifty-one years ago she was married to the late Rev. Jas. Mackie a former Baptist minister of Beamsville. She resided for a short time in Flamboro Boston, Brampton, Port Colborne and Guelph, but for the last thirty years she has lived in Beamsville.

While confined in a cell at Thorold awaiting transfer to the Industrial Home in Welland, Henry Marshall attempted suicide. Marshall had been in the cells about an hour when Chief Campbell went to obtain necessary information to have him removed to the institution. The Chief found him with the main artery of his left arm above the elbow severed. Dr. Campbell called and immediately stopped the flow of blood. The manufacturer's ambulance was called and the man was removed to the General and Marine Hospital, St. Catharines.

DURABILITY IN A PIANO
It is by no means the whole test of a piano that will last. Yet it is important that having invested several hundred dollars in a piano you should get one that is, aside from its musical value, built to last. This you will always be assured of in the piano made by Ye Olde Firme of Heintzman and Co., Limited, 68 St. Paul street, St. Catharines, Ont.
