THE HERALD.

FREDERICTON, MAY 28, 1892.

OUR QUEEN.

Another Queen's birthday has come to us and the readers of THE HERALD have joined with the millions of loyal subjects...

Expressions of sympathy have gone out from many loyal hearts during the year because Her Majesty has suffered a sad blow in the death of a grandson, and has in consequence suffered in health, necessitating a visit to warm climates.

Never, perhaps, in the history of the British empire have the people shown their loyalty to the head of the nation, as in the year that has passed. The death, above recorded, called out expressions of condolence from legislative and all public bodies...

Her Majesty has now completed her seventy-third year. No former sovereign was permitted to see such an extension of territory, such development in the arts of peace and war, such advances in material civilization. No people have had a ruler who in person tended so much to this development.

Her private life has been an example to her subjects; a true wife and a mother devoted to the best interests of her children. Though surrounded by all the evil influences that may beget a throne, yet the members of the royal family have each and all shed a lustre round that sovereignty which at the same time Queen and mother.

No city in the vast empire has a more loyal people than this, the capital of New Brunswick. This loyalty has been tested, it has been proved in the past. Where there was cause, should the unity of the empire be threatened, loyal hearts would be found here ready to dare all for country and Queen.

All citizens of Fredericton join with the millions of the empire in that one universal prayer: God bless the Queen.

THE ASSESSMENT.

Now that the taxes are being levied the assessment comes up for considerable discussion. One rule and only one should guide the assessors in the discharge of their duty, that is, to show no favor to any man but that all property should pay at an equal rate.

A bridge across the St. John river at this point is very much needed. Perhaps there is no point on the whole river where it is needed so much.

On Saturday 22nd May, while arranging some blankets in his boat at Cavanagh, Temiscouata Co., Mr. Coffin received a bad wound in the arm from a pistol bullet, discharged by the fall of a package of blankets. We are glad to hear he had so heart to one of River Du Loup's fair daughters the ensuing week.

UPPER MAGAGUADAVIC.

MAY 24.—The weather for the last few days has been very wet and cold. Yesterday there was a slight fall of snow. Service was held in All Saints Church twice on Sunday when the Rev. Mr. Easton gave very impressive sermons. The congregation, both morning and evening, was large.

A choir is being trained under the leadership of Rev. C. T. Easton, rector, and Miss Minnie McKinley, organist. Sunday school is commencing on Sunday next at half-past two.

We are sorry to report that Mrs. Joseph McCutchen, who has been in poor health for about two months, is still confined to the house.

George Hood has commenced job leading, which makes plenty of work for the men; but if the winds do not prove more favorable than of late, work will have to stop for want of material, as some of the rats have been unable to reach the desired place.

Robert Jamison, who has been residing in Vermont for several years, has returned home. Miss Annie McMullen and Miss Sarah Hood, who have been absent from the place for some time, have returned home. William Henry had a visit from his son, Dr. Henry, of Fredericton, last week. Councillor McMullen has purchased a very fine organ and several more are about to be sent.

G. Hood has had the misfortune to lose a valuable horse. It died this morning. The party at Prince William Station in honor of the Queen's birthday was a grand success. A beautiful supper was served in the guest dining room of W. G. Hatch, after which all repaired to the hall where dancing was indulged in until a late hour. Music was furnished by Harvey musicians.

TEMPERANCE VALE. MAY 26.—Farmers are about done cropping in this section. Our hay crops promise well. J. K. Finner's mill is running full blast, having got a small quantity of his lumber down by the aid of the recent rain.

Some of our young men who crossed the border, have returned failing to find employment. Stay in New Brunswick boys and you'll suffer no loss for the stone that keeps rolling will gather no moss. A very enjoyable evening was spent by our young folks at L. Churchills on Wednesday.

Miss Minnie Blaney, of Maple Ridge, is visiting. Friends here being the guest of John McArthur. Johnnie on the hill is still flourishing among our young ladies. Catch one if you can. Bartlett has purchased a new covered carriage and a three minute horse.

ALLANDALE. MAY 20.—The late splendid weather has enabled the farmers to get their seeding well advanced. Mr. Andrew Adams has already sown 95 bushels of oats. We are glad to see our old friends coming to see us now and then, among others is Mrs. John Simmons of Burton. She is the guest of her brother, L. S. Macleod. Rumour has it that merry bells will be ringing in the near future. Boys get your paper caps ready.

We have long looked for a truthful paper around here. THE HERALD is just the one we have been looking for. It should be sent to every man's house. When we know the truth, the truth will make us wise.

EDMUNDSTON.

MAY 24.—Levite Theriault, M. P. P. arrived here from Montreal where he has been the last few weeks.

The past spring has been most successful for the lumber drive. Murchie will soon have his 5,000,000 all safe. Dr. Main's fine new residence on Church Street is being rapidly finished. Other new residences are soon to be erected on the same new street which was opened up by the new bridge across the Madawaska River last fall.

Dr. Main's fine new residence on Church Street is being rapidly finished. Other new residences are soon to be erected on the same new street which was opened up by the new bridge across the Madawaska River last fall.

Over two dozen new residences were erected here last season and much more than that will be this summer; in fact all of this where the squawkers who have said that Edmundston has stopped growing? What we should have is incorporation. Why was it not done last session?

Large trout from 5 to 10 lbs each are being brought into town by our sportsmen. S. Raymond captured four beauties last Saturday. Miss Mand Kesteven, accompanied by her brother, are visiting friends here.

Geo. Guenette, a most promising young man of this place, was drowned about twenty-five miles above here on the St. John river a few weeks ago. No trace of him has yet been found.

Arbor day was observed on the 13th inst. by our superior schools and three other departments. In the forenoon the playground was cleaned up in fine style and preparations were made for the p.m. sports which opened at two o'clock. Flower beds were made; flowers placed in the boxes and greenings on the walls, and top of decks were washed. About 200 pupils participated in the "sports" which were witnessed by about 400 spectators till five o'clock. Prizes worth \$12 were awarded the twenty-two different sports which were contested with the greatest eagerness and professional ability by even the smallest. At the close about thirty pounds of candy and a like quantity of nuts were passed around by Messrs. Milton Dayton and Maxime Geo. The Kikapoo Show Company, have been here the past three weeks. They gave entertainments in the town hall. A very conservative estimate is made when the amount that they took out of this town during that time is put at \$3,000 cash. The air is full of rumors that the Temiscouata railroad managers should soon be moved from River Du Loup to this place.

Fred LaForest, B. C. L. is making very extensive repairs on the house below his office which he intends to transform into a residence. Samuel H. Napier was here a few days last week. Mr. Napier and brother were the ones who in May 1888 unearthed the great gold nugget in the Bendis District, Annapolis. Said nugget was 146 lbs. 5 oz. 8 dwts and 23 k.

CITY GOVERNMENT.

Fewer Officials Required With Consistent Less Taxation.

TO THE EDITOR OF THE HERALD: Sir—Some twelve years ago, when I took over the duties of city assessor, I became convinced in my own mind that the machinery was entirely too large for such a small place, and should the city be governed by fewer officials and to far better advantage with less friction. Many people may question this. Let us look into it at present. We have some sixteen officials to control a forty thousand dollar assessment at an annual expenditure of \$30,000. There are plenty of men in this city now doing business in the retail trade with even more than that, with only three hands, and some of our first class wholesale houses doing a business of \$100,000 with the same help, three in number, and find no friction whatever. Now, if these retail stores and wholesale houses can do this, why not the city? I can see no reason why. We want the following: Mayor, city clerk, police magistrate, treasurer, sept. water works, and three good men—the mayor, and three men elected every three or four years. The same would apply to the local legislature, only six men and the heads of each department. They can disburse our income as well if not better than the whole legislature now.

TO THE EDITOR OF THE HERALD: Sir—Some twelve years ago, when I took over the duties of city assessor, I became convinced in my own mind that the machinery was entirely too large for such a small place, and should the city be governed by fewer officials and to far better advantage with less friction. Many people may question this. Let us look into it at present. We have some sixteen officials to control a forty thousand dollar assessment at an annual expenditure of \$30,000. There are plenty of men in this city now doing business in the retail trade with even more than that, with only three hands, and some of our first class wholesale houses doing a business of \$100,000 with the same help, three in number, and find no friction whatever. Now, if these retail stores and wholesale houses can do this, why not the city? I can see no reason why. We want the following: Mayor, city clerk, police magistrate, treasurer, sept. water works, and three good men—the mayor, and three men elected every three or four years. The same would apply to the local legislature, only six men and the heads of each department. They can disburse our income as well if not better than the whole legislature now.

AROUND THE WORLD.

NEW ADVERTISEMENTS.

THIRD PAGE. Fishing Privileges for Sale. ...

LOCAL NEWS.

ARRIVED.—Sir Leonard Tilley arrived here on Tuesday and put up at the Barker.

ACQUITT.—Corp. Hegan has been acquitted by court martial for aiding in the escape of private McDougal.

EXAMS.—Written examinations have continued during the week at the U. N. B. The French students at Normal school have also undergone their final examination.

SLIP RUNNING.—Shad has made their appearance in the river, some few having been taken. It is said by old fishermen that the run will be small on account of low water.

THE UP.—One of George Winter's fingers is tied up in consequence of getting into close contact with a mangle machine in Risteen's factory on the 23rd. He got an ugly cut, but escaped well.

SHORT FIRE.—There was a slight fire at the Commercial hotel on Sunday afternoon caused by hot water pipes. The fire was extinguished within five minutes of the firemen, although an alarm was given.

GETTING BETTER.—David Mitchell, of Lincoln, who has been attending the Normal school for grammar class had a severe hemorrhage of the lungs on Friday week, but is recovering from the effects.

KNOCKED DOWN.—On Thursday John Harvey of this city was struck by a buggy on George street, a victim of careless drivers. He is none the worse, but is so ugly, might have been seriously injured.

PLATE GLASS FRONTS.—The fine plate glass fronts in the stores of Kitchen & Shea, C. H. Thomas & Co., and W. G. Carter, were purchased and put in place by J. S. Neill. The glass is of extra quality and very clear from spots.

TOES CUT OFF.—While working in the new shingle mill at Marysville on Monday, Phillip Norreus, put his foot against one of the joints and became minus part of two toes in short order. Dr. Sharp fixed him all right.

REMOVED.—James Hood of Acton Settlement has removed to the Taylor, or Colwell property on the Hanwell road, near this city. He has put up some good buildings and that part of the road has now lost its deserted aspect.

STUCK A COW.—On Thursday last a special on the C. E. Railway struck a cow that was quietly grazing on the track near Hurley Brook. The animal and one car left the track. The cow was killed and now the owner wants damages.

VISITING TEACHERS.—Several of the city teachers took occasion to visit the Queens County institution at Gagetown, going down on Thursday morning, among others were Dr. Inch, Principal Mullin and Jas. M. Palmer of the Grammar school.

NOVEL ADVERTISEMENT.—The window of Oak hall held quite an attraction for passers by in the shape of an advertisement for the Righty water proof coats. Two gold fish were swimming round in a pool of water that was formed on one of the coats.

LOOKING FOR OFFICE.—Monday's Telegraph says that Mr. Temple, M. P. for York, insists that he shall be given either the secretaryship or lieutenant governorship now that all hope of constructing the short line from Harvey Station to Salisbury has been abandoned.

BURGLARY.—Roberts and Wright paid a visit to James Hayes premises, St. Mary's, on Tuesday to investigate a burglary that had taken place there the previous evening. The shop had been entered and some cigars taken. The police had their suspicions and knew the party but nothing was done.

MARION.—Contractor Kitchen has asked Grand Master Walker to let the corner stone of the Woodstock bridge with masonic honors. It is thought that the grand master will accept and there will be a special fee day in Woodstock. Excursions are being talked of from this city.

A SNAKE DANCE.—There was a snake dance at Normal school last week, but it was not held down on the time table. A snake hopped out of a cage while Mr. Brittan was handling some plants and although Mr. B. did not, yet the pupils took his snakebite by an intruder.

FOR THE MINISTRY.—Messrs. J. B. Gough, E. H. Gough, Geo. M. Young, J. B. Young, Leonard J. Watson, G. A. Sellar and S. Howard, candidates for the Methodist ministry, were examined on Tuesday by the Rev. C. H. Paisley, M. A., in the lecture room connected with the church here.

CHILD IMPEACHED.—On Tuesday afternoon the C. E. railway brought to Gibson fifteen children that had arrived at Chatham via the Intercolonial from Halifax, whence they had been brought from Ireland. Father Kirnam met the little wayfarers at the station and took care of them. They will be provided with homes.

A POPULAR TROUPE.—The Josie Mills company completed their season here on Tuesday evening, playing Passion's Slave to a full house. This company during their stay in the city made themselves very popular, Miss Mills on Tuesday evening being the recipient of several handsome bouquets. Their return will be looked for.

SAVING BANK DEPOSITS.—From the dominion savings bank report of April 30th, 1892, the following respecting Fredericton is taken: Balance on hand to credit of depositors, March 31st, 1892, \$40,648.52; deposits for April, \$2,219.00; withdrawal, \$3,301.81, leaving a balance on hand to credit of depositors of \$30,565.71, or over half a million.

ANOTHER EXHIBITION.—District Agricultural Society, No. 34, this county, having had success with their exhibition of last year, have decided to hold another during the first week of October next. The programme will include more and better entries, a finer prize list, better spots and many special features not before introduced. It is the intention of the various committees to make this the greatest exhibition ever held here.

HOLIDAYS.—Summer vacation in the schools will begin on the first day of July, continuing till the 12th of August. In St. John, Fredericton, Moncton and incorporated towns under section 105 of the school law, the vacation will extend to the 21st of August. Incorporated towns not under this section and districts heretofore having six weeks' leave, on application to the chief superintendent, have the time extended to the 26th of August.

A LOVE PRIZE WANTED.—A want has been supplied by W. J. Gage & Co., of Toronto in the Practical Speller, a book that should be placed before all pupils. It is not burdened with obsolete words or those seldom used but has for its object the teaching of the correct way to spell the words that meet us in everyday life. Teachers will appreciate this book. Those not seeing it should address W. J. Gage & Co., Toronto and procure a copy. They will find it of much advantage in their work.

THE NEW MILL.

The Latest Addition to Mr. Gibson's Industries.

The new shingle mill at Marysville has got to work and the many decided improvements in the outfitting of shingles are only beginning to be realized.

But the thoughts of all were on the horse races, for those who do not own a horse expect to do some thing.

The first race was between N. Kierstead's Morris pacer, Chas. White's Columbia, Jos. Kierstead's Lee Robbie and Geo. Gunter's Frank. This was a good race all through.

THE RACES.

How the Twenty-Fourth was Celebrated, - 2nd July.

The bright sunshine of Tuesday morning cleared away the gloom that had settled on the faces of all on account of the mud and rain of the previous day and by seven o'clock the streets were as dry.

But the thoughts of all were on the horse races, for those who do not own a horse expect to do some thing.

The first race was between N. Kierstead's Morris pacer, Chas. White's Columbia, Jos. Kierstead's Lee Robbie and Geo. Gunter's Frank. This was a good race all through.

Best time, 1:20, half mile heats.

James Farrell's pacer, known as the Miller horse, and D. F. George's Allright, then came on the track.

Best time, 1:17, half-mile heats.

The third race was very interesting, especially as it has been claimed that the Keagars are very slow in developing speed.

Best time, 1:17, half-mile heats.

TROUBLES E. EDED.

They Have Passed From Martin's Joys And Sorrows.

A little son of James Crangle died on Friday morning. This is the second child Mr. Crangle has lost in a short time.

At a month of Nashwaak on Wednesday, Mrs. Yeomans, widow of the late Stephen Yeomans, passed away after a prolonged illness from consumption.

A young lady, Miss McGilvie, who was a student at Normal school during the present term took ill on Tuesday last.

Marysville Notes.

Mrs. Moses White is living but unable to speak. No hopes of her recovery are entertained.

Dr. Sharp is rejoicing in a beautiful Oliver Wilkes cut dropped by his mare a few days since.

WHERE'S BILL.

Where's Bill? Yes, o' course I'm glad to see 'th' old town once again; When I turned 'th' bend I had to see 'th' old town once again;...

SELECT STORY. BERYL BRENTANO

THE SAPPHIRE OF THE SOUTH.

CHAPTER XXVIII.

On Saturday the regulations of prison discipline reduced the working hours much below the daily quota, and at two o'clock the ringing of the tower bell announced that the busy convicts were allowed leisure the remainder of the afternoon.

"August Flower"
