The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Library
Canadian History Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Library
Canadian History Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The Ontario Mutual Life

has paid the largest ratio of cash profits to policy-holders of any Life company doing business in Canada.

The Ontario Mutual Life

is a HOME COMPANY, so that while we support it we support the country that supports ourselves. Its funds remain in the hands of our own people, and are not exported to enter into the commerce of any foreign country.

Toronto Street Railway.

The franchise and plant of the Toronto Street Railway was acquired in the summer of 1891 by The Kiley, Everett Co., and at once the service began to improve. Cheaper tickets were issued during the hours of the early morning and at the close of the day; transfers were granted from one line to another; the routes were remodelled and improved; more cars were put on; and to add to the comfort of the passengers, stoves were placed in the cars when the cold weather arrived. Electric motor promises soon to take the place of the horses now used, and in the near future Toronto will have one of the best street railway services in the country.

The following are the remodelled lines:

The Population of Toronto in 1891.

The most accurate census of the city that has ever been taken was the enumeration by the police on November 1st, 1891. To secure the most accurate results a card was left at each house, upon which the inmates marked the number of "persons who slept in the house" on the night of November 1. These cards were then collected and the figures counted, showing the population of the city to be 188,942.
