28TH YEAR

COPING STONE ON STAIRWAY OFFICE

George N. Morang Celebrates Completion of "Makers of Canada" Series by Brilliant Gathering of Authors.

"Laying the coping-stone on a splendid literary edifice" was the phrase used by Sir Glenholme Falconbridge in his letter of regret to describe the dinner given last night by Morang & Co. to the authors, editors and advisory committee engaged in the production of the "Makers of Canada" series recently completed in twenty volumes.

Five years ago, on Nov. 16, 1903, the undertaking had been inaugurated at a similar dinner at the firm's offices on Wellington-street. Last night, on the fifth anniversary of the date at the firm's new offices, 63 Bay-street, which were most tastefully fitted up for the occasion, a company, numbering some of the most distinguished men of Canada, assembled to signalize the success of the undertaking.

George N. Morang himself was in the chair, the recipient of many hearty compliments and cordial wishes for further success in his patriotic undertaking. A noble born just across the river from Canada he has allied himself with Canadian nationality, and last night's proceedings were a fitting tribute to a most estimable achievement.

John Reade, the well-known author, writing from Montreal his regrets in being unable to attend, happily expressed the thoughts of many in his letter.

"It must be a source of much satisfaction to your enterprising patriotic company to know that the scholars of both hemispheres have commended your undertaking, which has itself contributed in a signal way to the making of Canada."

"To have united the leading minds of both sections of the Dominion in so illuminating a service is a triumph in the celebration of which it is an honor to be asked to share."

Distinguished Company.

Mr. Morang himself occupied the chair and presided over the proceedings.

Sir Charles Moss, Byron E. Walker, Senator Kerr, Hon. J. J. Foy, G. G. S. Mackenzie, John A. G. Reade, Prof. Adam Shortt, Prof. Mayor, John Lewis, Dr. Pelham Edgar, Col. G. T. Denison, W. F. Maclean, M.P., S. Nordheimer, H. D. Warren, H. F. Dwight, Judge Mac- beth, H. J. Bothwell, W. J. James, Dr. W. Langmuir, A. Pepler, W. L. Mac- cenzell, M.P., H. S. Andrews, Chancellor Burwash, Prof. Alexander, Principal Anderson, C. C. James, Dr. Blackstock, K.C., W. H. Pearson, A. W. Smith, John A. Cooper, Prof. MacGregor Young, H. B. Walker, J. S. H. Guest, W. R. Wright, J. G. Nicholls, C. T. Pearson, Controller Hocken, T. Foster Hise, W. H. Cross, J. F. Ellis, Joseph T. Clarke, Frank Drake, John A. G. Reade, Agas Adams, Allen McGiffin, Stewart Houston, J. C. Grace, J. H. Horsey, J. A. Russell, Richard Brown, Atwell Fleming, John Murray, H. M. Thomson, R. C. Pat- erson, J. M. Whitfield, A. Brock, Dr. J. D. Logan, E. J. Archibald, M. O. Hammond, Albert E. S. Smythe, R. P. Glasgow, Barlow Cumberland, Newton McTavish, C. C. James, Dr. Harper, John C. Saul, Dr. D. J. Gag- gin, F. C. Jemmett, John M. King, K.C.

The royal toast having been honored by the singing of the national anthem in the highest style of art, J. C. Scott read letters of regret from His Excel- lency Lord Grey, Goldwin Smith, L. G. D. Fraser, Sir Glenholme Fal- conbridge, Robert Murray (Halifax), Frank East (Toronto), and others were received from Mrs. Charles P. Coffin (Boston), daughter of Parkman, the historian; John Reade, Sir John Hanbury Williams, Sir Louis St. Laurent, Senator Jeffrey, Senator Cox, Senator David, Prof. J. W. Larned (Buffalo), the lieutenant-governor of the province, Sir Wilfrid Laurier, Wm. Mulock, Justice McCorkie, Sir Wil- liam Van Horn, Sir Thomas Shaugh- nessy, William White, Sir Charles M. Hays, William Mackenzie, J. J. Hill, George P. Brett, (the Macmillan Co., New York), Duncan Campbell Scott, Lady Edgar, Miss Jean Macpherson, Narcisse E. Dionne, Leblond de Bri- moth, Alfred D. De Celles, James Har- way, Hon. J. W. Longley, R. H. C. At- kin, and A. G. Bradley, and Dr. George H. Parkin, both writing from England; Dr. George Bryce.

Some of the letters written were of deep interest, and Mr. Scott's selections were listened to avidly. Mr. Brad- ley's account of the lady in England who could never make an Englishman understand what a United Empire Loy- alist meant, caused much amusement.

"Canada."

George T. Blackstock proposed the toast of "Canada." The embracing amount of geography about the sub- ject, which comprised one-fifteenth of the earth's surface rendered it a serious undertaking. They had the map of the United Kingdom physically that existed in the face of the globe. Nations were judged by the general expression of the civilization and the nature of the soil in such a gathering without feeling gratitude of those who, like Mr. Wal- ker, recommended attention to the development of the literature and art of the country.

Col. Denison responded, expatiating on the marvelous development of the country since Confederation. Nova Scotia was as far from Toronto as Japan is to-day, and Japan was so far away as to be unconceivably distant. He recollected the origin of the "Canada First" party, of which he was one of the five founders. (Applause.) People now had no idea how hard they had to work to save the Northwest, purchased for \$200,000. All the great civilized nations of Europe lay within

CHINA HAS GRIP ON AFFAIRS

Gendarmes Guard Streets, But Nothing More Serious Than Run on Banks—New Ruler Will Reform Laws.

PEKIN, Nov. 16.—China is beginning to realize that the emperor and the dowager empress are dead.

The Chinese had been so accustomed to look upon the dowager as the one person dominating all, that the announcement of her death caused but little change in their unemotional natures and easy going ways during the early hours of the ceremonies attend- ing her passing, but to-day there has come a marked change.

Prince Chun, the regent of the em- pire, in fear of the increasing excite- ment and revolutionary movements, has taken a firm grip on affairs, and has adopted stringent measures that will result in the maintaining of peace for a time at least.

At noon 200 gendarmes guarded the streets, and other military forces were held in readiness for an emergency. The foreign legations are under guard, special detachments of Chinese troops keeping watch at the approaches and in some cases the regular legation guard was augmented by reinforce- ments from other places. Fifty High- landers were added to the British forces.

Serious runs on banks occurred yes- terday, and today and fourteen na- tive banks closed. The crowds were wild with excitement, and toward the close of the day the police intervened and drove them back. It is probable that to-morrow a number of banks will be closed, and it is believed that the government will step in and en- deavor to stop the financial panic among the poorer classes.

As yet the cause of death in the case of the emperor and dowager em- press has not been ascertained. A number of lengthy reports have been written with reference to this, but they are unintelligible to the foreigners here, who have not a despatch appear- ing of anything other than natural cause. It is understood that many reforms will be instituted in the palace by Prince Chun embracing eventually the abolition of lunches and the introduc- tion of a modern system for the con- duct of affairs.

The Chinese Government seemingly has no fear that the conditions now prevailing will be utilized for greater reforms, if precautions now taken at Peking against a sudden insurrection can be made to over-awe the disaf- fected. To-night a large number of the gendarmes are withdrawn, and the streets are patrolled by a few police. The police wore the remaining shreds of color from the shops and vehicles before sundown. The people have adopted a sullen mourning, and all officers are attired in white. The buildings are draped in blue and black.

STOLEN MILLION FORGER ASKS JUSTICE

Prominent Chicago Business Man Sentenced Within Four Hours After Arrest—De- vice for Copying Signatures.

CHICAGO, Nov. 16.—Peter Van Vilsingen, a real estate dealer, for years classed among the first of Chi- cago's prosperous and reputable busi- ness men, to-day confessed to having obtained three forged deeds and notes more than \$700,000, and a few hours after his arrest, on his own urgent ap- peal to be punished, was sentenced to the penitentiary.

The arrest, the indictment, the con- fession and the sentence were work of less than four hours.

Taken in the midst of business from his office desk at 172 Washington-st., shortly after the noon hour, Van Vil- singen appeared before the court and in tears confessed that for from 18 to 20 years he had been securing money thru the sale of forged documents and that he had brought back many of these spurious instruments without de- tection, at least 25 people would lose an aggregate of more than \$700,000 thru the paper which he has not yet redeemed.

In forging the notes he declared he had perfected a unique device. This consisted of a plate glass desk top, so arranged that by an electric light thrown from beneath he could readily trace from originals forged signatures onto worthless paper.

Through his arrest and sentence the prisoner made no effort to defend him- self, but only asked that his punish- ment be speedy. Asked if he had any- thing to say before sentence was im- posed, Van Vilsingen replied, bowing his head: "Only that I believe in my punishment at once."

His term in the penitentiary was fixed as indeterminate, from one to 14 years.

Van Vilsingen, who is about 45 years old, was married Feb. 14, 1907, to Miss Roosevelt, Blend, who was daughter of the late president, and a distant relative of President Roosevelt. The bride was a daughter of Wilson C. Blend. Van Vilsingen had been a bachelor, and was married in the city of Chicago. He was known as being of philanthropic dis- position, giving special attention to the welfare of boys.

LOCAL OPTION IN BRANTFORD

Council Decides to Submit Bylaw in January.

BRANTFORD, Nov. 16.—(Special.)—The city council to-night by a vote of 8 to 7 decided to submit a local option bylaw next January.

The council chamber was crowded with large deputations representing the hotel and temperance parties, and the proceedings were lively. No petition signed by 25 per cent. of the rate- payers was presented to the council, and the matter of submitting a bylaw was entirely optional. The surprise of the meeting was occasioned by Ald. Wood, a leading temperance worker of Brantford for many years, oppos- ing the submission of the bylaw. Mayor Bowby opposed the bylaw and Ald. Hall refused to vote.

Should the bylaw receive the neces- sary three-fourths vote 18 hotels and 4 shops will go out of business here.

JOLY DE LOTBINIERE DEAD.

Was Once Quebec's Premier and Lieut- enant-Governor of British Columbia.

MONTREAL, Nov. 16.—Sir Henri Joly de Lotbiniere, premier of the Province of Quebec in 1878 and 1879, died at his home at Quebec this morning.

Sir Henri was born in France in 1829, was educated in Paris, and came to Canada in 1855. He entered public life in 1871, and in spite of his being a French monarchist, he succeeded in gaining much power and honors.

In 1894 the late queen knighted him for his public services, he being creat- ed a K.C.M.G.

He twice declined a seat in the senate and in 1896 he was called to the Dominion cabinet of Sir Wilfrid Laurier as minister of inland revenue. In 1900 he was appointed lieutenant- governor of British Columbia.

OVATION TO TOGO.

Japanese Admiral Received With Enthu- siasm in Kobe.

KOBE, Nov. 16.—Admiral Togo drove thru the streets of this city to-day amid scenes of tremendous enthusiasm. The emperor sent an imperial mes- sage to the fleet, which consists of 124 vessels anchored three miles from the shore. In his message the emperor ex- orted the officers and men of the Japanese navy to work assiduously to maintain it in a satisfactory condition.

GOOD LUCK

Opposition Pilgrim: Say, I may be superstitious, but them horseshoes certainly do look good to me.

JOSEPH HALLATT IS TAKEN FOR MURDER

Arrested at Request of Winni- peg Police on Charge of Causing Death of Miss Polson Recently.

Joseph E. Hallatt, single, 29 years of age, was arrested at his mother's home at 477 Church-street at 11:30 last night.

The arrest was made at the request of Chief Constable J. C. McRae, whose brief wire to the local police merely named the charge as murder.

From other advices it appears that the charge arises out of the death of a Miss Polson at Winnipeg two weeks ago. The girl was run over by a man driving a light wagon.

When asked by the police here if he cared to say anything, Hallatt said: "Yes, I know about that. I was there and saw the girl. She never regained consciousness. I was not the man who ran her down."

Later, however, he denied this, say- ing that he knew nothing of the mat- ter, save what he had heard.

"I was not out of the house 'til 11 o'clock," he said. "The man was driv- ing a grey horse in a light wagon. Both horse and wagon were like mine, from what I hear."

"I did not know the girl. I knew only two girls in Winnipeg. I left To- ronto in August and came back two days after the accident. My leaving the west had nothing to do with the accident. I came to visit my mother."

Hallatt says that he was collector for a hides and tallow firm at Winni- peg.

He was arrested by Detectives Sock- ett, Archibald, Guthrie, Anderson and Twigg at the place where his mother, Mrs. Allison Hallatt, runs a boarding- house. He was not in when the police called at 10 o'clock, but returning a little more than an hour later, the offi- cers got him. He went quietly with them after Detective Anderson had explained to him why he was wanted. He seemed to treat the matter lightly, and to be sure of his ability to clear himself.

He spent the night in the Court- street station, and will appear in police court to-day. Word of the arrest was sent to the Winnipeg authorities last night.

Miss Kate Polson was a pretty laun- dry employe, aged 20. She was a hotel- ing home to supper and was run over and fatally injured by an unknown de- liverer rig. Police suspicion fell on Hal- latt, who recently sold his outfit and disappeared. He is alleged to have told the purchaser he had to leave Win- nipeg as he was in trouble.

LAURIER TO REST IN FLORIDA.

OTTAWA, Nov. 16.—Sir Wilfrid Laurier has made arrangements for a brief holiday before the meeting of parlia- ment and leaves accordingly at the end of the present week for Florida.

He will be accompanied by his wife, Mrs. Hardy, at Calgary, says he has resigned from the C.P.R. Mechanics' Union.

MONKEYS, SQUIRRELS

DENTISTS IN AFRICA

Fill Each Other's Teeth With a Blue Clay Containing Crocote and Often Kill Nerves.

CHICAGO, Nov. 16.—Monkeys and the large gray squirrels that overrun the jungles of Africa, are their own dentists. They fill each other's teeth with consummate skill and often kill an aching nerve.

At least this is what Dr. L. Frank Derby Pierce of West Roxbury, Mass., says, and he is going to lecture before Chicago dentists on the subject.

Dr. Pierce, who spent several years in the jungles of Africa, says that monkeys and squirrels have discovered a blue clay, much the same in color as that which covers the diamond fields, and in this clay is a large per- centage of crocote. When the animals have the toothache they plaster this clay into the cavity as a remedy.

The crocote often kills the offending nerve.

STANDARD BANK ABSORBS THE WESTERN

Straight Purchase of the Shares of Smaller Institu- tion, Which Was Es- tablished 25 Years Ago.

The trend of events in the financial world was again witnessed yesterday when it was announced that one of the large Toronto banks, the Standard Bank of Canada, was about to absorb one of the smaller sister institutions, the Western Bank of Canada, with headquarters at Oshawa, and which has carried on business for upwards of 25 years.

The Western Bank of Canada was one of the old semi-private financial institutions which served the purpose of the older days of financing. It was started in 1883 to facilitate business in the County of Ontario and surrounding points. The bank has performed this function with profit to itself and with credit to its clients. Present-day financing, however, has necessitated a change, and in the interests of the shareholders of both the banks the wider scope is more in accord with the spirit of the times.

There is to be no interchange of stock in connection with the absorption, the Standard being a straight purchaser of the shares of the Western Bank, the price for which, however, could not be learned.

The Western Bank stock has never been listed on any exchange, but a 7 per cent. dividend was paid to the shareholders last year and after pay- ment of this nearly 9 per cent. on the paid up capital stock of \$550,000 was carried forward. The authorized capital of the Western Bank is \$1,000,000, but of this only \$550,000 has been sub- scribed. The success of the Western is shown by the fact that since its history it has accumulated a rest ac- count of \$300,000.

The Standard Bank of Canada has an authorized capital of \$2,000,000, and of this \$1,537,700 has been subscribed. The amalgamation of the two financial institutions is regarded as an oppor- tunity for the Standard Bank, which the Western Bank being located in an altogether different territory from those of the Standard.

The two institutions have been in very close financial relations for a number of years and it is presumed that the amalgamation will further benefit the larger bank.

The officers of the Standard Bank are: Directors—W. F. Cowan, president; Fred Wyle, vice-president; J. W. Allan, F. W. Stewart, W. R. John- son, Wellington Francis and H. Lan- gford. The general manager is George F. Schofield.

The Western Bank directors are: John Cowan, president; S. J. Brodeur, vice-president; W. F. Cowan, Robert McIntosh, M.D., W. F. Allan, T. Paterson, J. A. Gibson and Robert Mc- Leaud.

A meeting of the shareholders of the Western Bank to ratify the sale will be held on Jan. 6.

SIXTEEN PER CENT INCREASE FOR ENGINEERS

Conciliation Board Arranges Satisfactory Working Schedule for Men—C. N. O. Accepts Finding.

After weeks of intermittent work, the conciliation board appointed by the labor department to arrange a more satisfactory working schedule between the Canadian Northern Rail- way engineers and the company has at last presented its finding.

J. Harvey Hall, representative of the engineers, says it means an increase in wages of 16 per cent. all round, and that the working schedule will be one of the best in existence on any road in Canada.

The settlement has been accepted by the company, but the men have not been heard from. Mr. Hall has no doubt that it will be satisfactory.

The board was composed of F. H. Richardson for the C.N.R.; J. Har- vey Hall for the men, and Judge Gunn of Ottawa as the third man. Its find- ing was unanimous, and affects di- rectly eighty-one and indirectly two hundred and sixty-one engineers.

CALLED POPE ORANGEISTE.

Rufus Poole Compton Takes Action Against Les Depeches.

MONTREAL, Nov. 16.—(Special.)—Rufus Poole, ex-M.P. for Compton, is taking criminal action against Les De- peches, the personal organ of Hon. L. P. Brodeur.

During the recent federal campaign, a special edition of this paper was cir- culated amongst the French-Canadians of Compton County. "Why should Mr. Poole be defended?" was the question asked, and it answered the question as follows: "Because he is an Orange fanatic," and this is why Mr. Poole is bringing the action.

CHANGE FOR LEBLANC.

J. W. Levesque Resigns Seat Owing to Irregularities.

MONTREAL, Nov. 16.—(Special.)—It now looks as if Hon. J. E. LeBlanc, leader of the Conservative opposition at Quebec, who was defeated at the local election in June last, will be again in the house when the legislature meets. J. W. Levesque, who was re- turned in Laval by a majority of four, will vacate the seat to-morrow because of irregularities committed by agents, and the belief is that Mr. LeBlanc will capture back to the county.

MAY PROBE ALL.

Commissioner Casella May Have More Work to Do.

OTTAWA, Nov. 16.—(Special.)—As a result of the revelations of graft in the marine department at Quebec, the government has under consideration the opening of all of the departments to a commission of enquiry.

It is probable that the commissioner will be Judge Casella and the enquiry may begin after the report on the marine enquiry has been made, which it is expected will be completed by Christmas.

SIDEWALKS GETTING SLIPPERY.

When They Start to Throw You Down, It's Cold Enough for a Fur-Lined Overcoat.

Dinen's want gentlemen to come in and see their fur-lined overcoats at from \$50 to \$150, values unequalled any- where. These coats are all Dinean quality, and that means the best coat that can be had for the money. The cold snap that has now asserted itself is here to remind you of the overcoat you will need very soon. Call at Yonge and Temperance-streets and get the best satisfaction that is to be had.

Hamilton Happenings

World subscribers in Hamilton are requested to register complaints as to service as in list delivery at the Hamilton office, room 7, Spectator Building, Phone 368.

CONTRACT IS AWARDED FOR MOUNTAIN SEWER

George F. Webb Will Do the Work for \$26,140—Sporting Editor Goes for Trial.

HAMILTON, Nov. 16.—(Special.)—The sewers committee this evening awarded the contract of installing a sewer system on the mountain to Geo. F. Webb, at \$26,140. The city engineer's estimate of the cost being \$26,800. The work will be started soon as the court of revision fixes the assessments.

Arrests. Ed McCullum, Pictou and McNab Streets, was arrested to-night on the charge of assaulting his sister, and John Carroll, 156 South Catharine street, was run in on a charge of non-support.

M. M. Robinson, sporting editor of The Spectator, was this morning committed for trial on the charge of wilfully libelling F. C. Mills, sporting editor of The Times. Mills was fined \$1,000, and was furnished by C. W. Knapik, news editor of The Spectator. The defence was reserved for the higher court. J. E. Wodell, the editor, Mr. Kirkpatrick, and Frank Klinger, the proofreader of The Spectator, were all called by the prosecution, but they all testified that they did not swear that Mr. Robinson was the writer of the article complained of.

Wife Ran Away. R. Blaisdell Phillips, a retired merchant, who lives at 450 South West-avenue, Buffalo, reported to-day that his wife had left him, and that he suspected that she had run off with a lover. Mr. Phillips admitted that it was thru the influence of the parents of his wife that he was able to marry her. He being old enough to be her father. He says his wife admitted to him that she would have married James M. Cornell, a young Buffalo merchant, had she not married Phillips.

Almost a Seizure. The Hamilton Street Railway had a narrow escape from seizure this morning to satisfy a judgment obtained by H. Henderson in a damage action. The company was only a nominal defendant in an insurance case being the real defendant. The amount was paid over after all arrangements had been made to seize the railway.

May Be a Protest. The leading Liberals of the city refuse to discuss the report that a protest to be filed in West Hamilton. There is a protest, the Conservatives will file a counter petition. C. H. Hines, son and daughter, 20 St. James street, had a narrow escape this morning from asphyxiation by coal gas.

John Warren, 135 East Strachan street, one of those on the "Indian" list, was fined \$25 this morning for being drunk, and was sent to jail until he tells where he got his liquor. A game inspector Kerr has summoned a man named Knott, who is charged with hunting rabbits on the Lord's Day.

Canon Wade, rector of the Church of the Ascension, has returned. Charles Redding, 95 Elgin street, fell 30 feet from a scaffold at the residence of George S. Lynch-Staunton, K.C., this morning, and was very seriously hurt.

Moral Reform Campaign. The Temperance Federation will meet Tuesday evening to make arrangements for a lively moral reform campaign in connection with the municipal elections. Samuel Goldberg was this morning remanded on a charge of assaulting Henry Weinstein.

A burglar was disturbed in his operations at Herbert Green's residence, 150 North High-street, and escaped thru a window. E. A. Hudson and W. Tomlinson were sent down for six months this morning on the charge of larceny.

The New Addition. Now open for visitors. Complete new building, home comforts, very central. Excellent cuisine. Terms \$1.50. Geo. Midwinter. Phone 3422.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS

HOTEL ROYAL. Every room completely renovated and newly carpeted during 1907.

ALD. HALES A CANDIDATE FOR BOARD OF CONTROL

Prime Mover in License Reduction Says He is Out on Straight Temperance Ticket.

Ald. James Hales, father of the license reduction movement in the city council, is to be a candidate for the board of control.

The alderman, when asked concerning the report that he aspired to be an occupant of one of the seats of the board, did not disclaim such soaring ambition.

"I hadn't intended to make a definite statement until to-morrow, but I have the matter under consideration, and it is very likely that I will be a candidate," he said. Questioned as to whether he would seek election on the straight question of license reduction, Ald. Hales replied that he believed the electorate knew his attitude and that he would not be ashamed to run on that platform, but as to his being run on a straight ticket with Controllers Spence, Harrison and Hooker he said that the license reduction committee had not discussed as yet the framing up of a ticket, but that it was quite probable this would be done.

The alderman remarked that he had been told the liquor interests would make a determined effort to defeat him in the second ward, and that, while he had no doubt he could be re-elected there, he would prefer to have the liquor men fight him all over the city. If elected he would abide strictly by the result of the referendum.

Ald. Hales has been in the city council two years. In 1906, when he first offered himself, he was defeated. It is believed that ex-controller Hubbard will be a candidate also. In 1906 Mr. Hubbard opposed license reduction, he heading the poll that year with 15,000 votes.

New Telephone Poles. The Riverside Business Men's Association sent a letter to the city engineer and the city council, urging again that a new fire hydrant be established in Riverside, as there is no fire hall between Bolton-avenue and Bay street. Chief Thompson will report.

An application from the Bell Telephone Co. for permission to erect a number of telephone poles caused Ald. McMurrich to suggest that the company be compelled to lay the lines underground. As the city solicitor has reported, however, that the city has no such power, no action was taken.

A deputation of Symington-avenue residents asked that the permission given a Henry H. Hodge to erect a blacksmith's forge in that vicinity be rescinded. The city solicitor will be asked whether this can be done.

The excavating work on Lansdowne-avenue subway began yesterday, and the city engineer expects it will be completed by the end of the year. The cement work will be the next step, and the subway will be open for traffic next spring.

W. E. Edie, a resident of Binscarth-avenue, has written to the mayor that at a meeting of ratepayers it was decided to take out an injunction against the city and the specifications for the construction of the new paving are varied so as to allow construction by the Constructing and Paving Co. instead of the Warren Bituminous Co.

AMUSEMENTS. PRINCESS TO-NIGHT and WEDNESDAY EV'G. BLANCHE WALSH in her New Play THE TEST By Jules Eckert Goodman

AT THE THEATRES

At the Princess.

Herbert Brettner, E. A. Marburgh, Katharine Bell, Morris Zink, Nicholas Judas, Peggy Thone, Geo. W. Howard, August Brettner, William Travers, Richard Tretman, Sheldon Lewis, Frederick McVernan, Harold Blake, Emma Eltyng, Blanche Walsh.

At the Majestic.

"CUSTER'S LAST FIGHT." Buffalo Bill, an American scout, John E. Mackin, General George Armstrong Custer, Tom Duster, Olaf G. Skavian, Tom Duster, Richard Ogden, Charles Dunn, Carl Jackson, Harold Eastlake, a crushed tragedian, a Frenchman, a Russian, Bounding Elk, a Pawnee, Richard Ogden, Yellow Hand, a Cheyenne chief, Edgar Lewis, Black Ben Jones, Buffalo Bill's valet, Frank Lincoln, Sitting Bull, chief of the Sioux, Tom Morely, Betsy Baker, a brave Indian, Fred Wright, Walkenstien, a medicine man, Louise Ramsey, an eastern belle, Dorey Evans, Genevieve Farmer, Margaret Nelson, Mrs. Mary Cody, Buffalo Bill's daughter, Charlotte Smith, Crystal, Bill's adopted daughter, Lottie Smith, Brave Bear, Yellow Hand's servant, Marko Cook, a lieutenant, Betsy Baker, Buffalo Bill's horse.

At the Alexandra. "The Bohemian Girl," Belle's all-the-year-round opera, this week's attraction at the Royal Alexandra, was given its opening performance Saturday. It is one of the most popular operas that have ever been written. It is suited to Miss Agnes Cain-Brown in many ways, and the charm and animation with which she sings and acts are well rewarded by the hearty applause with which they were received. Miss Louise Le Baron made a spirited queen of the operetta, her style of singing and acting lending itself admirably to the part. In the role of the Count of Arnhem, Harry G'rand repeated the success he has won repeatedly in the past. With his exceptional baritone voice and appearance, his impersonation of the broken-hearted nobleman proving his keen dramatic sense. Carl Haydn won more favor than at any previous time during the season. In his role of the prince and chorus contribute handsomely to the popularity of this piece.

At the Grand. "FIFTY MILES FROM BOSTON." Joe Westcott, Harvard, '05, Nathan Westcott, Joe's father, Dan Brauman, Dave Harrigan, Dan Brauman, Tim Harrigan, Dave's brother, Maurice Brierre, Jr., Fat boy, the Harvard team, Foreman Brookfield, Merrill, Brantford, Frank B. Kay, Sadie Woods, the postmistress, Groyce King, Mrs. Westcott, May Mauring, Mrs. Tilford, everybody, Louise Carver, Nellie Harrigan, Tim Harrigan's daughter, Charlotte Gray, Aunt Katie, Beatrice Harris.

At the Star. There is a race horse sketch in the Star Theatre this week that has "Wild-fire" faded to a slender for excitement. It is a sketch called "Kidding an Actress," received some well-deserved applause. Joseph Hart's bathing girls constitute a feature that is pleasing and well-edged as it is with pretty girls and splendid scenic effects.

At the Shea's. This week's bill at Shea's, for genuine, clever, entertaining features, has the approval of the public. There is not a dull moment from number 1 to the pictures, and that speaks volumes. Willis and Helen have a real act, and the greatest of all equilibrists. Their feats are worth watching, and they do, straight and skillful, combine to execute some exceedingly difficult "stunts." Paul Quinn and Joe Mitchell spruce the old standard, "The Leap Agency," but it never failed to cause much laughter, so its purpose was fulfilled. Robert Henry Hodges has a make-up and character that are well worth seeing. He is positively funny, and the word funny is used advisedly. His actions are rare and create a lot of merriment. Helena Frederick has a wonderfully rich soprano voice, which she uses to good effect in some clever songs. Franco Piper has a handsomely set that is interesting and executed with brilliancy. Johnnie Stanley and Mabel Russell, in a sketch called "Kidding an Actress," received some well-deserved applause. Joseph Hart's bathing girls constitute a feature that is pleasing and well-edged as it is with pretty girls and splendid scenic effects.

Opposite Eaton's Main Entrance. 191 YONGE STREET.

FOR THE UNEMPLOYED. The local council of women has under consideration a scheme whereby those in want of workers may be brought in touch with women who are able and willing to work in the home. That something may thus be done to alleviate the distress among the poor which seems likely to be so great this winter. The plan will be fully discussed at a meeting to be held to-day at 2:30 p.m. in the Canadian Institute, 138 College-street. Bargains in Player Pianos. Heintzman & Co., Limited, 115-117 West King-street, Toronto, have placed on their warehouse floors, for immediate clearing, four player pianos, all in good condition. Prices are very special and terms easy. Mrs. and Miss Mabey will spend the winter in Toronto. Mrs. and Miss Stowe of Dovercourt-road will not receive again until after the new year, owing to illness in the family. Used Steel Knuckles. BRANTFORD, Nov. 16.—(Special.)—The police are looking for Edward O'Connor, who it is alleged, used steel knuckles on Norman Thompson Saturday evening. Thompson did not regain consciousness for several hours. The affair is an echo of the maulers' strike at Buck's, John Judge, O'Connor's partner, was arrested.

ZAM-BUK SAID "CUT OFF" THE ONLY THING I CAN DO NOW IS TO TAKE THE FINGER COMPLETELY OFF. It cannot otherwise be cured. So said one of the leading doctors of Toronto to Mr. W. C. Edwards, P.D.C.R.A.O.F., P.G.M.I.O.O.F., the well-known Friendly Society leader, of Peter Street, Toronto. Almost a year before, Mr. Edwards' ensued. For two months the doctor had been treating him, but no good had resulted, and this was the final decision. A fifty-cent box of Zam-Buk saved Mr. Edwards from life-long mutilation which \$600 would not have compensated him for. He says: "The blood poison from the finger spread up my hand and arm and caused me terrible agony. After months' treatment the doctor said there was no cure, and amputation would have to take place if I intended to save the arm. My hand, at that time, was all swollen up and discolored, and I had to carry it in a sling. I left that doctor and consulted another. After a few weeks' treatment he also told me that operation would be necessary, and the finger would have to be opened so that the bone could be scraped. I went away to consider when I would have the operation performed, and met a friend who advised me to try Zam-Buk. That night I bathed the wound and put on some Zam-Buk. I got a little sleep for the first time in many nights. In the morning the wound began to bleed instead of the foul discharging as in the past. This was a healthy sign so I went on with the Zam-Buk. Well, to cut a long story short, in a few days I put away the sling and in a few weeks the finger was healed completely. To-day that finger is as sound as a bell and I owe it to Zam-Buk." SAVED HIS FINGER. WE OFFER YOU FREE TRIAL BOX. Send this Coupon, Jo stamp and name of this paper to Zam-Buk Co., Toronto, and you will receive free sample.

Football Base Ball Officers Garrison Bowling League Scores

NOTE AND COMMENT

The Public School Athletic Association finished the best season in football history since its inception. Some 48 teams played through with no defaulting games, which shows the hold that the soccer game has on the boys of our schools.

The race for the championship was very close in every section. In some extra games had to be played to decide a winner.

The soccer game appeals strongly to boys, as agility and quickness make them as valuable as the grown ups. Soccer football is probably the best game that could be played in the public schools, as it brings into play all the powers of the youthful athlete.

To different mentors belongs the credit for the success for the most part of the champion teams. J. Irwin, assistant manager of Givens-street, turned out two winners of the finals in the senior major and junior major sections.

J. R. Bulmer, who began the game with Dan Forsyth and the old Berlin Rangers, coached the intermediate and junior champions from Perth-street, and they showed a forward combination worthy of Little York.

L. J. Honeysett of Cottingham-street showed his junior minors as the best in the division. Grace-street and Queen Alexandra finished up a tie, and theirs is the only unfinished game.

The gentlemen responsible for the vitality of the association and to whom much credit cannot be accorded for the propagation of the splendid game among the scholars are President P. G. Mighit, Vice-President and Assistant Secretary J. A. Woodward, and the hustling secretary himself, the white-haired but still youthful, St. Armstrong.

Reference is made to the end of the season.

Procedure at the annual meeting of the American Athletic Union yesterday proves that the institution is run for the benefit of Boss Sullivan and his following men for the good of amateur athletics across the line. It is satisfactory to note that the British rulings are to be ignored, for this is the logical conclusion that the union with its dwarfed ideas should reach.

It is announced that the basketball team of Central Y.M.C.A. have arranged home and home games with Hamilton, who are leaving the amateur ranks. As Hamilton gave out their definite intentions if the game takes place it looks like a case of all leaving the amateur ranks.

Toronto exhibitors were tolerably successful at the New York Horse Show. Joseph Kilgour's candidate networked their owner \$275, while Crow & Murray took down \$150, and George Pepper \$250. Mr. Kilgour was second on the winner in the class for hunters.

This hallwreck will have a plethora of hockey the approaching winter—less than four leagues, viz., the professional with first call on the rink, intercollegiate, O.R. Senators, and now the new interprovincials.

F. Hickey of the Toronto Baseball Club is the champion amateur batsman of the City League. He played with his team before and after figuring with the professionals, but a little thing like that was of minor importance.

For O. H. A. Officers. There was no scramble this year after offices in the Ontario Hockey Association, all the important men going in by acclamation. There is only one change, Dr. A. W. McPherson of Peterboro was the old treasurer. He resigned, and R. A. Moody of Toronto has been elected to the position by acclamation. The members of the executive body leaving are: J. C. Chown of Stratford, A. M. Edwards of Galt, H. F. Housner of Paris, Dr. G. E. Gilliland of Uxbridge. Those standing for the committee are (four to be elected): Chas. Parquerson, Stratford; W. P. Irving, London; Norman Rule, Collingwood; John Hanley, Midland; John Dymont, Barrie; Bert Short, Toronto.

The Chesterfield Overcoat

Most any of the excellent overcoatings we import make up into that most popular of all outer garment styles.

The Chesterfield.

To-day we are showing exceptional values in specially bought wools faultlessly tailored.

Full of character and individuality in design and cut.

25.00 and up.

Public School Soccer Winners Four Champion Teams of Year

Givens Wins Two and Perth Avenue and Cottingham One Each—Grace Street and Queen Alexandra Tie.

For the public school boys and girls yesterday afternoon, beginning at 1 o'clock, all streets led to the Varsity Athletic Field. It was the second annual final association football field day. The winners were there to the extent of 300, and how they did cheer! It snowed, but wet as it was, it could not dampen the spirits of the small boy. He was there to be happy, and root, and he went home satisfied, even if his own team did not win.

The games were played in pairs, east and west, on the same field. The north end of the field Perth, winner in west, won from Queen Alexandra, winner in east, after a hard game, which was won by the former because the boys played their positions to perfection. The first goal was scored by Perth, but Alexandra, but Perth evened up before the first half ended. In the second half the Perth boys did seem to care so much for the Queen Alexandra boys, and by good combination scored four goals in this half, making the final score 4 to 1. Teams: Perth—(Goal, R. Dow; backs, John Eason, Wm. Lewis; half-backs, Joe Green, Art. Leslites, Tom Nesbitt; forwards, Frank Breen, Fred Mitchell; Fred Dierden, Ronald Lloyd, Joe Stephen; Queen Alexandra (Goal, W. Brining; back, J. Mason, H. Nichols; half-backs, J. Wilson, J. Edwards; half-backs, J. Edwards, E. Andrews, W. Lyford, A. Lynn, W. Dick, C. VanWinkle.

Reference is made to the end of the season.

Senior Major League Final. On the south ground, Givens had been taking the measure of the Dufferin boys. Again the combination of the western boys won the game. It was a not game from the start. Givens were a little better on the forwards, while Dufferin's good defence saved the team many times. The westerners won by a score of 2 to 0, getting one in each half. Teams: Givens-street (Goal, W. Duncan; backs, H. Hall, Cooper; half-backs, McNair, Mackie, Bolton; forwards, Wallace, Gilmore, Goddard, Lang, Flannery; Dufferin (Goal, J. Johnston; backs, Creighton, Scott; half-backs, Hammill, Bain, Babcock; forwards, Craig, Deacon, Hope, Cattle, Dancy; Referee—H. P. Carr.

Senior Intermediate Final. The Grace winners of the semi-finals, with Lansdowne, played Queen Alexandra, winners of the eastern series, on the north ground. The Grace boys were heavier than the Queen Alexandras, and started in the clubbers. They kept the first and kept the ball around the eastern boys' goal, but those eastern boys woke up, and played fine football. They tied the score, but Grace came back, and scored in the second half. The final score was 3 to 2. The game will probably be replayed on Saturday. Teams: Grace (Goal, W. Johnson; backs, W. Deavitt, P. Ramsey; half-backs, S. Spryng, Johnson, W. Blandford, H. Staines, S. Lane, S. Thom, K. Leriche, W. Bunting, A. Price; Queen Alexandra (Goal, R. Buckner; backs, J. Beemish, H. Nichols; half-backs, A. Dick, G. Smith; forwards, G. Staines, H. Crane; half-backs, J. Reid, F. Froud, H. Geering; forwards, E. W. Foster, E. Butler, W. Cameron, H. Mundy, H. Thompson; Referee—J. A. Woodward.

Junior Minor Final. The final game of the day, between Givens and Bolton, was played north and south, and was a good exhibition. Both teams had a good forward line, but the playing of Hinder, centre for Bolton, was the key to the game. Givens had a heavy, strong defence, which kept out the light Bolton line. At half-time the score was: Givens 3, Bolton 1. In the second half the eastern team played down-grade, but scored only one goal, while Givens added three more, making the final score 4 to 2 for the western school. The ball was very slippery, which accounts for the large number of goals scored. Teams: Givens (Goal, Toms; backs, F. Hall, Cooper; half-backs, T. Hall, Draper, Mackie, forward, Collins, Gilmore, Mackenzie, Harvey, Johnson; Bolton (Goal, Jones; backs, Linton, Anderson; half-backs, Smith, Henderson, Pollock; forwards, Galdwell, Johnston, Patterson, Laidler, Hinder; Referee—W. D. Hamerton.

City Amateur League. The City Amateur League battling averages for the season just closed show F. Hickey of the Park Nine to be at the top for six games. George Graham of the Wellingtons hit 321 for 23 games, and he also wins the Doll Cup, which was awarded to Mr. H. H. H. of the H. H. Love Company to the player having the best average in at least 12 games. Graham's hitting throughout the season was very consistent. In the first fifteen games in which he played he hit safely seven times, he then slumped for the next four games, but came strong towards the finish, and his timely batting in the final games helped a lot to land the Mack Cup for his club, Harry Engler of the St. Marys was the leading run-getter, and also stole the most bases. The St. Marys and Rodden of the Wellingtons were the leading sacrifice hitters, with seven each.

In team batting the Park Nine led the championship Wellingtons by 12 points with St. Marys third. The St. Marys scored the most stolen bases, with Wellingtons second, while Park Nine had the most sacrifice hits, with Wellingtons second.

Standings of the League. The official standing of the City Amateur League at the conclusion of the season was as follows: Won. Lost. Pct. Wellingtons 15 9 640 St. Marys 15 10 600 Park Nine 14 11 560 Royal Oaks 3 18 145

Big Baseball Minors Will Have Warfare Or Representation

NEW YORK, Nov. 16.—The Eastern League and American Association are preparing to press their issues to the limit. It developed yesterday that President O'Brien of the association has another string to his bow, and that he and Patsy Powers will either force recognition or precipitate trouble. The big minors are to apply for representation on the national commission board, the offices of which have up to this time been kept to the exclusion of all but big league moguls. The circumstance appears to outline the idea that these minor leagues have abandoned all thought of aiding by base-court league, and that they will apply for representation on the National commission strengthens the rumor that that an effort will be made to have a third major league in the field. It lends great color to the talk of war. No one can know better than either O'Brien or Powers that the National commission will not be expected to give a suggestion. The triumvirate which now forms that august body—Harry Pulliam, Ben B. Johnson and Harry Fennell—are looking for no conditions. Truth is, it's sort of soft, don't you know. The National commission in its fatherly office can scarcely be expected to give a suggestion. The factions and their followers held a meeting in Buffalo on Wednesday.

RUGBY NEWS AND GOSSIP.

Tigers and T. A. C. Play Saturday—Tiger-Ottawa Aftermath. The Dominion Rugby Union sub-committee met last night and talked over the coming championship, but it was found that the intercollegiate, intermediate and juniors were the only ones ready to play. The senior semifinals and finals have been ordered as follows:

Saturday, Nov. 21—Toronto A.A.C. (O.R.F.U. champions) at Hamilton (interprovincial champions), 7:30 p.m.; Toronto A.A.C. v. Hamilton, game on the grounds of the winner of the Intercollegiate Union championship, either Varsity or Queen's.

Ottawa seems to have the coming team. The players are a much younger lot than the Tigers, and are showing big improvement, while the Tigers appear to be going back, notwithstanding that they have the red rag in their eye. Topes are not the great backs of two years ago, Biggs cannot be compared to Southern, and Simpson seems to be the only one who has improved. They are playing up to his best form. The schoolmaster is still without a peer as a left half, as resourceful as he is skillful.—Montreal Gazette.

"A really great game," said Chaucer Elliott, the Montreal coach, in speaking of the Tiger-Ottawa contest. "The boys certainly did boot that ball. I don't think I ever saw such good kicking by two back divisions. You can't count on the potting—wooly too evenly matched. It was all up to the backs and they played wonderful football."

Ben Simpson, the sterling half-back of the Tigers, is out of the game with a splintered chest bone.

Said King Clancy, the Ottawa coach, who has put all his brains and his best into the Tiger-Ottawa contest, "It was a team of to-day. It was at least as great a game as that played by the same teams in Ottawa last Saturday, and that I consider the finest football I ever witnessed. It is difficult to say, but I really think to-day's game was a shade better." Clancy, with his usual candour, put in a word, but not offer any comment on the work of the officials, merely remarking: "We lost 60 yards in the first half on penalties, but we were not to be on hand early."

The opening game of the Mulock Cup series was played yesterday, when Junior S.P.S. defeated Cent. by 12 to 2.

Young Toronto Smoker. Turley and Murphy have agreed to clash at the Young Toronto entertainment at the Mutual-Sky rink on Saturday next. Six bouts, with the best talent of the city, and a wind-up with a battle royal. Seven boys have been put in the ring together, and the last one up takes the special prize. Bert Harvey will entertain the evening.

The following is the program: 11:15-b. class—Foster v. Lane, 12:15-b. class—Jelly v. Lovell, 12:15-b. class—Pleaton v. Rilly. Special—Turley v. Murphy. This is one of the best card parties put on by the Young Toronto Athletic Association. All bouts are for a decision, and are sanctioned by the C.A.A.

Kodak in O. H. A. Canadian Kodak Hockey Club held an enthusiastic meeting at their office, West King-street, yesterday evening, and decided to enter a team in the Intermediate O. H. A. The prospects are very bright for a first team. The following officers were elected: President—R. F. Punnett, Secretary—W. J. Dunlop, Treasurer—Jas. W. Spence, Manager—Ernest Smith, Sherbourne-street, sixth house south of Gerrard-street, Toronto. 246 ft.

Garrison Indoor Ball 32 Teams Will Play Officers Are Elected

The Garrison Indoor Baseball League was reorganized last night at an enthusiastic meeting in the armories. A letter from Brigadier-General Cotton, stating that he wished success to the league, and that he hoped they would have the success of former years, was received. Officers were elected as follows: Hon. president—Brig. General Cotton, Hon. vice-president—Major Currie, M.P., President—Sergt. Duguid, 48th High, Vice-president—Color-Sergt. Cook, Secretary—Sergt. Major Ems, G.G.E.G. The committee will comprise two members from each company in the Garrison. An special meeting will be held Nov. 25, when the schedule will be adopted. All the 32 teams of last year will enter again, and probably one or two more. Practice games will be played until after Christmas, when the championship contests will begin the first of the year.

In the Class C City League, last night Royal Logans won three from Sunnyside, Royal Riverdales three from Ironquios, Westerns three from Waverleys and Aquatics two from West Ends. D. Logan 544 was high. Scores: Royal Logans—200 158 159-544; D. Logan—141 167 175-453; C. Logan—142 167 175-453; F. West—174 142 158-456; J. Logan—149 170 156-475.

LABATT'S ALE

Is not artificially charged with gas (carbonated) as are some ales, but is allowed to mature in the natural way. Not pasteurized, it retains the delicate flavor and aroma of the hops and malt. Taken before meals, it stimulates the appetite and prevents constipation.

PURE WHOLESOME PALATABLE BEVERAGE

RICORD'S SPECIFIC

The only home cure for permanent gonorrhea. It cures Gonorrhoea, Gleet, Stricture, etc. No matter how long standing, two bottles cure the worst case. My signature on every bottle. Other remedies without avail will not be dispensed in this 31 per bottle. Sole agency, RICORD'S DRUG STORES, 125 ELM STREET, COR. TRAVELLY, TORONTO.

BLOOD DISEASES.

Affecting throat, mouth and skin through curable, involuntary losses, impure, unnatural discharges and all diseases of the nerves, and semi-chronic organs, a specialty. It makes no difference who has failed to cure you. Call or write. Consultation free. Medicines sent to any address. Hours, 9 a.m. to 9 p.m. Sundays, 3 to 9 p.m. Dr. J. Reeve, 236 Sherbourne-st., sixth house south of Gerrard-street, Toronto. 246 ft.

THE EXCLUSIVE SKATE

Six to Twelve Ounces Lighter Than Any Other Made—and Stronger

Ever strike you as being strange that while nearly every other modern article has been improved, the ice skate has remained just where it was ten years ago?

The dead-lock is broken at last with this new idea—the "Automobile Skate"—it adds a twentieth century improvement to the history of skates.

The "Automobile Skate" has an aluminum alloy top and a blade of nickel steel—the greatest combination yet discovered for lightness and strength.

Because it's light in weight, it permits one to skate further with more ease and less fatigue than on any other blade. Because of the fine strength of the nickel steel, it defies hard usage and continual wear.

If you're buying skates this year it's positively your duty to investigate the exclusive features of this new skate.

Write for new book of hockey rules and catalogue. See our display of superb skating shoes for men, women, boys, and girls.

Canada Cycle & Motor Co., Limited

151 Bay St., Toronto.

Forward all communications to the circulation department, The World Office, 88 Yonge Street, Toronto.

GREATER TORONTO

Now is the time for the city to approach the question of annexation on broad, liberal lines, and, having settled on these lines, to let the subject take rest for a few years.

East Toronto is already admitted, West Toronto is ready to come in, North Toronto is also ready, and the portion of the township between the city and East Toronto, adjoining Danforth-avenue, is also willing to enter.

Should the city not make one transaction of the whole business and close everything up so that Greater Toronto may come into being on the first of the New Year if possible? When this is done, the city will have sufficient territory for some years to come, and a general plan could be outlined for the gradual improvement of the new districts, for the extension of streets and police protection, and, perhaps, accomplish this in whole or in part by an issue of bonds, based on the enlarged assessment.

This has got to be faced some day. It can be done cheaper and better to-day than at any later time, and, that being the case, let it be done at once on a sufficiently generous scale to allow the city to take a rest—until the next movement for enlargement is due.

BRITISH NAVAL POLICY

Not for the first nor the last time had the stern logic of fact and circumstance prevailed over sentiment and the counsels of theoretical perfection, as it has again done in the case of British naval policy.

The result of the last general election in the United Kingdom was hailed as a wonderful triumph for the cause of peace and of retrenchment in the military and naval expenditure of the country.

Radical enthusiasts had denounced, not once, but many times, the determination to maintain a navy at least equal in strength to the combined navies of the two powers next in strength to Britain.

The conclusion of the numerous arbitration treaties, the sentiment of kinship between the United Kingdom and the United States, the entente cordiale with France and the later rapprochement between Britain and Russia were all advanced as arguments for the abandonment of the two-power standard.

With the particular object in view, all believers in the higher civilization will heartily sympathize. It is certain enough that the late Sir Henry Campbell-Bannerman and his cabinet were sincerely desirous to lead Europe into the new and better way, and there is no reason to doubt that the same spirit originally actuated the reconstructed government, and is still paramount within it.

An effort was indeed made to secure a general reduction of naval armaments, but it proved abortive, and since its failure events have steadily compelled a reversion to the previously accepted policy, if that expression can be used, concerning a maximum never officially abandoned. And it would be futile to deny that the chief difficulty lay in the attitude of Germany and in its undeniable determination to create a navy that will be on a par with its army on land.

Nor is this determination less menacing by the prevalence, among an influential official section, both military and civil, of the belief that the one barrier to German supremacy is the British fleet, and that "the great day" must come when the German flag will rule the waves. It may be a dream, but it is out of dreams of this kind that trouble comes.

So Britain, desiring peace, but remains convinced that readiness for war is the best way to prevent war. And he would be a reckless minister of state that would imperil the future of his country on the strength of a theory, however lofty, and of a faith in foreign goodwill, both of which have yet to be justified by works.

SECRET SECURITIES. That is a sound rule and in the public interest which requires all security deeds whether affecting real or personal property to be entered in a public register in order to validation. But in Ontario, according to a recent decision, it is quite possible to have an operative and preferential right over movables under a writing which need not be made matter of public knowledge until it is acted upon to the prejudice of any party possibly of an innocent third party buying or trading on the strength of reputed ownership. This is not just or reasonable, and if the judgment correctly interprets the law then the law should be amended in the general interest.

For it is the general interest that should prevail in cases of this kind.

and not the particular reasons which may prompt the granting of a secret security or other obligation restricting the maker's freedom to transact with its subject matter.

N. H. Hurd is entitled in requiring a deed of this character to be registered or at least an entry made in an open record directing attention to its nature and effect. If the parties agree or the party holding the security chooses to dispense with registration or notification, he should accept the risk of defeat and should bear the consequences of default, not the third party, who conforms to the ordinary course of business.

THE POLICE CENSUS. The police yesterday commenced to take a census of the city, and those portions of the Township of York which it is proposed to annex.

This census is being taken for the sole purpose of ascertaining the population of the city and adjacent territory, and the information so obtained will be used for no other purpose.

Citizens are requested to preserve carefully the cards distributed by the police during this week, and on Monday morning, the 23rd inst., mark in figures on the cards the number of persons who spent the night of Sunday, Nov. 22, in the house, then place the card in a convenient place so that there may be no unnecessary delay when the police call for it.

In marking the card the figures should include every person who spent the night in the house, whether members of the household or not, but must not include members of the family who were absent.

Citizens are requested to facilitate the efforts of the police, as the accuracy of the figures obtained will be largely in proportion to the extent to which they interest themselves in the matter.

CHURCH OF ENGLAND SUFFERERS BY FIERCE FIRE. Editor World: May I beg the use of your columns to make an appeal to the members of the Church of England throughout Canada, on behalf of their fellow members in Fernie, B.C., who have lost their homes and their church in the recent disastrous fire.

My appeal is for the replacing of the church and furniture, as this must be done thru outside assistance, the unfortunate people having all they can do to rebuild their homes.

The rector, Rev. R. S. Wilkinson, feels much discouraged at the isolation in which he finds himself from the great body of sympathizers who would come to his relief if they could be reached. This is pre-eminently a case in which the strong are called to come to the relief of the weak.

If the body if one member suffers all the members suffer with it. Mr. Wilkinson states the loss incurred by the church property as follows: Value of church, \$3940; furniture, etc., in church, \$2000; value of rectory, \$2800; total, \$12,740; value of insurance, \$6000; balance, \$7740; mortgage on rectory and other debts, \$1300; total, \$9440.

At the time of writing he had received the sum of \$388.25. In making this appeal to all the dioceses, my hope is that a very large number will gladly send small subscriptions. The total sum of \$9000 will meet all the necessities of the case and provide a building of non-combustible materials. A cement basement with reinforced concrete floor is already being proceeded with. A speedy and general response, even in small sums, will extricate this suffering and helpless member of our body out of all its spiritual distress.

W. L. Ballen of Synod Office, Toronto, has kindly consented to act as treasurer for the Diocese of Toronto, and will receive and acknowledge all contributions.

Arthur Toronto, Primate of All Canada.

WHY SHOULD THERE BE A TAG DAY?

Editor World: It is sometime since business men have begun to realize that the better the conditions which surround their working people the better will be the work which the working people will do, and so it is not very far from this statement to the knowledge of the fact that every man who has the interest of his business at heart is doing his level best to improve the conditions of his working people.

To our mind this is what is being done in rather a general manner by the Young Women's Christian Guild, 100 McGill-street. They have there what might be called the best example of co-operative enterprise for self-betterment which our political economy at all events has to show.

The girls who form this co-operative society are the girls "worth while." They manage their own affairs, elect their own officers, pay their own money, and run their own establishment in accordance with their own ideas of what a girl's club should be.

Naturally, a club run on these principles attracts a large crowd of members, and as a consequence the accommodation becomes limited, and these businesslike girls with a view to extending their accommodation.

YOU MANUFACTURE FAT? If it were not for the fact that you add to your fat every day, you would soon get back to a decent figure. Each day's activities consume some of your excess. But it is "off with the old" on with the new, with you every twenty-four hours, so that the fat balance remains unchanged.

Now, people who take Marmola Prescription Tablets really get thin, and harmlessly so, and a hint as to the reason is given below. They eat and formerly with undisturbed delight as they eat, and yet they lose, many of them, a pound a day. The reason is Marmola causes the body to stop manufacturing useless fat; hence the body it is introduced into gets thinner as a matter of course.

Check up results from this point of view and you can readily understand why Marmola Prescription Tablets cause no ill effects or wrinkles, but, on the contrary, help the stomach and the appearance. They are nature's allies, not her competitors. This comes from the fact that they are safe; and since they reduce one or more cases by mail by sending the price, 75 cents, direct to Marmola Company, Detroit, Mich.

moderation to those who wish to come in are getting up what is called a "Tag Day."

Now, we are not so sure that some people would not look upon this scheme as being just a trifle extraordinary. If you will but think a moment, you will realize that it is an extremely businesslike way of securing the cooperation of a whole host of friends, who might not wish to subscribe to a regular fund, but who are very glad to contribute the small amount they are asked to by this novel manner.

We hope the business men will look at it in this way. Just business proposition by girls who want to make their institution a little larger to accommodate more business girls and who are going about getting assistance in a very enterprising manner. We hope they will get it.

R. A. Donald.

POSTOFFICE INSURANCE

Suggestions for Extending the Business in Britain.

LONDON, Nov. 16.—Many suggestions for increasing the insurance business in Britain are made in the report of the special committee appointed by Sydney Buxton to consider the subject, which has been published in the form of a blue book.

The committee emphatically asserts that it is desirable that the postoffice should continue to carry on its life insurance business, as there are many small insurers who seek government security, but they point out that it is desirable that it should be in a healthy state of expansion.

Also the postoffice is under the disadvantage of being limited to particular securities for its investing funds. It has many special advantages for conducting an insurance system adapted to the needs of the small insured at the minimum of cost and the maximum of efficiency.

At present the maximum amount of insurance is £100, and the committee suggests that this should be raised to £300, and that provision should be made for the payment of premiums at frequent intervals. For example, instead of, as under the present system, being deducted annually from the insurer's savings bank account.

Particular stress is laid by the committee on the need for the advertisement of the system, which, it is alleged, is unknown to the large majority of the working classes.

While the appointment of paid canvassers is deprecated, it is proposed that postoffice servants who are paid a fixed salary for their insurance business should be encouraged in the work. At the present time, it is asserted, there is an impression abroad in the service that any activity in getting business would be unfavorably regarded at headquarters.

PURVEYORS OF FAKE NEWS.

Government Will Get After Sensational Correspondents.

OTTAWA, Nov. 16.—Grossly exaggerated reports of the weather conditions in Canada, which have been recently sent out to the American press from Winnipeg and Medicine Hat, the government will take action to punish the purveyors of such news.

The recent exaggerations made it appear that the weather conditions in the country were completely tied up and the transportation facilities utterly demoralized.

The act of promulgation which makes the sending of false and defamatory dispatches a criminal offence will probably be amended during the coming session, so that the purveyors of the country may be more easily reached and punished.

SHOOTS THE JUDGE.

Plaintiff Worsted in Will Case, Also Kills the Clerk.

LEIPSIG, Nov. 16.—A defeated litigant in the supreme civil tribunal of Leipzig to-day drew a revolver and opened fire on Herr Maenner, the presiding judge, and the court clerk. The clerk was shot dead and the judge was dangerously wounded.

The assassin, a man named Grosser, succeeded in firing ten shots before he was overpowered. Grosser was the plaintiff in a suit concerning the validity of a will, and the decision of Judge Maenner was in favor of the defence.

As soon as Grosser heard the ruling he drew a revolver and began firing.

TRANSFORMING STATION ON THE GARRISON COMMONS. The transforming station in connection with the power distribution plant will be erected on garrison commons. The building will be a handsome one.

Leutenant-Governor Gibson has declined, owing to other business, an invitation to witness the turning of the first sod for the new power line tomorrow.

THE CITIZEN AND FARMER THEIR MUTUAL INTEREST

C. C. James Gives an Instructive Address to the Members of the Canadian Club.

In the educational series of addresses which the executive of the Canadian Club has inaugurated, C. C. James, deputy minister of agriculture, yesterday spoke on "Agricultural Problems of Ontario."

Pointing out that it was at present the premier province, and that it was to the interest of all city dwellers to maintain it in that position, he noted that no country had ever become populous thru its mineral resources; the forest resources were indeterminate; manufacturing might be developed on a large scale but for the absence of coal, which water power might obviate; but the agricultural possibilities of Ontario were beyond the most sanguine calculations.

The city man should be interested in the farmers' work, because it is our greatest national industry. In the Province of Ontario there are 17,000 farms, with an investment of \$200,000,000, and an annual product of \$200,000,000.

Yet out of the total members elected to parliament recently only seven farmers were elected to represent that interest at Ottawa, and one of them was the member for South York (Laughlin). He was not saying this to disadvantage him, but to show that really only six farmers were returned, with 35 lawyers.

Ten per cent increase over the province meant \$20,000,000 a year. Was it possible to increase it by ten, or 20, or 30 per cent? If they could get the farmers of the country to a state of operation the best methods known, it would be a comparatively easy matter to double their output. (Applause.)

Mr. James dwelt upon the interdependence of city and farm and mentioned the growing trade and communication between the two. Purchase of farm implements, telephones, electric rural railways, free mail delivery, were elements working for the change, and it would soon be difficult to draw the line between town and country.

What might result from the introduction of cheap electric power in manufacturing lines, it was impossible to say. The farmer might even get welcome relief from the competition of the farmer was now buying and selling for cash and city business men were more than ever interested in him.

As controlling activity in the farm as a producer of surplus cash, the farmer also deserved the attention of city men. Banks are being opened to accommodate the farmer, and as a result bank deposits have largely increased.

The moral effect or influence which the farmer has upon the country was another important point to note. The source of danger to a country was in the congested districts of the country. The development of a strong, healthy, contented rural community would be one of the important assets in the future of the nation.

The farmer, in a comparatively easy thing to add \$100 a year to the income of a farmer. In any district around a rural town with 200 farms adjacent, it meant \$20,000 a year more to spend in it.

How Government Helps. The government has had agencies at work in the education and development of the farm. The head office looked after statistics, issued reports, did special work as represented agriculturists had been at work for 116 years, the longest established organizations outside the legislature. The stock branch directed cattle and poultry shows and looked after these interests. The farmers' institute work brought to the farmer the farmer's interest. The dairy branch, with 40 odd instructors in cheese factories and creameries, also went into the homes of the farmers to improve dairy conditions there.

The first branch had recently been active in the city and raised the standard of packing and marketing. The colonization bureau was occupied with bringing the right sort of immigrants to the farming communities and in supplying labor for the farmer. The Ontario Agricultural College at Guelph was well-known and the veterinary college was the latest addition to the government's work.

On these lines they were trying to touch the farmer on some point at least, if not in all, upon which he was interested.

Could they increase the number of farmers, or increase the capital invested, or increase the output? He asserted that the protection might be doubled.

A drainage department was in its infancy, having only been in existence ten years. A scheme for dealing with lands which were deteriorated and unfit for farming is being considered to buy back the lands from those who have sold out a miserable existence, and turn the lands back to the forest reserves.

Where Land is Being Lost. In the rear of the townships of many counties, where the pine had all been removed, and the people were tied down on the day belt, where there are 15 million acres, and the northern limit of which is the same parallel as Winnipeg. (Applause.)

If the improved seeds developed by the agricultural society were used by farmers all over the country, 25 per cent increase would be quite possible. In ten years the live stock trade had increased from \$70 to \$60 millions.

Mr. James suggested that if a prospectus were prepared of the farm industry of Ontario, showing the investment and present revenue, and estimating the possible increases, ten per cent on live stock, ten per cent in dairying, ten per cent in fruit, ten per cent in each department, doubling the revenue, it would attract attention.

"Put a prospectus of that sort beside the most glowing Cobalt prospectus ever seen, and which would you prefer?" (Applause.)

That more had not been done was partly because of the want of money. The government was giving all the assistance the revenue would permit. He could only hope the revenue would increase.

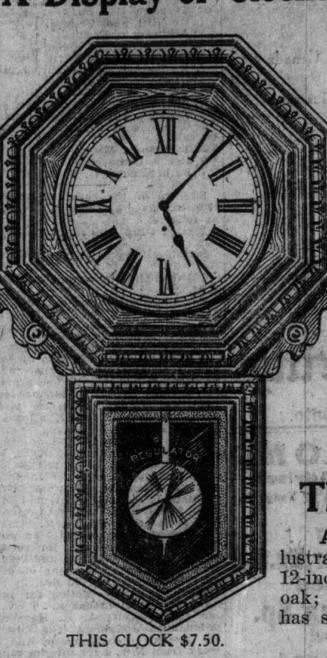

The Northwest had drained Ontario of its young men. Everywhere the farmer was crying out that he was crippled and could not get his work done. The labor problem was acute.

To stir the indifference. The indifferent farmer was a decided obstacle. The question was how to get his attention. The farmers' institutes had done a great deal, and the women's institutes were gradually inaugurating a revolution in the conditions of farm life.

The result of opening of branch offices in the country towns, with live young men, representing the government departments, has been most encouraging and if this new missionary movement could be started in 30 or 40 centres it would bring a solution of the problem to be met.

EATON'S DAILY STORE NEWS

A Display of Clocks for Office and Factory

THIS CLOCK \$7.50.

WE have a complete stock of Office Clocks of all kinds from the small 6-inch dial "octagon" to the large drop "octagon" with 12-inch dial; these clocks are made expressly for the office and factory—very little adornment to them—most reliable timekeepers with plain, easily read dials, and made to stand the usage a factory clock requires. Some factories and offices are much harder on clocks than others, owing to the vibration of the walls. Here is a clock made especially to overcome this:

A CLOCK WITH LEVER ESCAPEMENT can be hung on an engine room wall or anywhere where this is a continual vibration and it will keep correct time. One-day American movement in a highly polished oak case; 6-inch dial, price \$2.75; 8-inch dial, \$3.25; 8-inch strike 3.75

The Short Drop Octagon

A Special Value at \$5.75 resembles the one illustrated, genuine American eight-day movement; 12-inch dial and carved oak case in light or dark oak; clock stands about 24 in. high and has small visible pendulum; price only 5.75

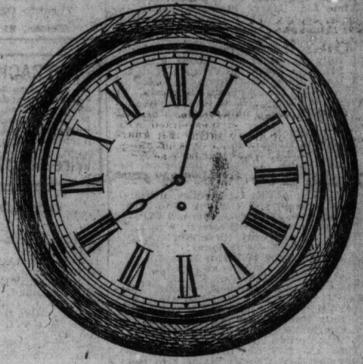

The Same Strike and Calendar \$6.75.

See the Long Drop Octagon Illustrated

We consider it exceptional value at the price. It has high-class American eight-day movement; case of oak, in light and mahogany finish, plain 12-inch dial and large visible pendulum. This clock is used in railroad stations and has been proved a perfect timekeeper. Price only 7.50 Other sizes, same make, prices \$6.00 and \$8.50.

The Round Clock Illustrated

Has eight-day movement and is an excellent timekeeper, light and weathered oak cases, large 12-inch plain white dial, invisible pendulum; a reliable, suitable clock for the office—takes up little room, quickly seen and excellent 5.00 value at this price

Inspect the German Clocks

Imported clocks with 8-day movement, a written guarantee goes with each clock; strikes the hour and half hour, case of dark oak and the door made up of small glass squares; about 12 inches wide and 30 inches long; and at the prices are exceptional value: 12.00 each

CATTLE MARKETS Cables Unchanged—Cattle and Hogs Steady at Buffalo. NEW YORK, Nov. 16.—Beef—Receipts, 452; steady, 1 1/2 to 2 1/2 lower, closing dull; bulls, steady, 1 1/2 to 1 3/4; cows, 1 1/2 to 1 3/4; hogs, 1 1/2 to 1 3/4; calves, 1 1/2 to 1 3/4; sheep, 1 1/2 to 1 3/4; lambs, 1 1/2 to 1 3/4; pigs, 1 1/2 to 1 3/4; hams, 1 1/2 to 1 3/4; shoulders, 1 1/2 to 1 3/4; ribs, 1 1/2 to 1 3/4; loins, 1 1/2 to 1 3/4; necks, 1 1/2 to 1 3/4; feet, 1 1/2 to 1 3/4; bones, 1 1/2 to 1 3/4; skins, 1 1/2 to 1 3/4; hides, 1 1/2 to 1 3/4; tallow, 1 1/2 to 1 3/4; lard, 1 1/2 to 1 3/4; oil, 1 1/2 to 1 3/4; sugar, 1 1/2 to 1 3/4; coffee, 1 1/2 to 1 3/4; tea, 1 1/2 to 1 3/4; spices, 1 1/2 to 1 3/4; fruits, 1 1/2 to 1 3/4; vegetables, 1 1/2 to 1 3/4; grains, 1 1/2 to 1 3/4; other, 1 1/2 to 1 3/4.

BRITISH CATTLE MARKETS LONDON, Nov. 16.—London cables for cattle are steady at 1 1/2 to 1 3/4 per lb. dressed weight; refrigerator beef is quoted at 1 1/2 to 1 3/4 per lb. GLASGOW, Nov. 16.—Edward Watson & Co. report 700 cattle on offer, with trade slightly better than last week but only for really prime quality. Quotations are: For top quality, 1 1/2 to 1 3/4; middling and inferior, 1 1/4 to 1 1/2; and cows, 1 1/4 to 1 1/2.

MONTREAL LIVE STOCK MONTREAL, Nov. 16.—(Special.)—At the Montreal Stock Yards West End Market the receipts of live stock for the week ending Nov. 14 were 2400 cattle, 2500 sheep and lambs, 2500 hogs and 400 calves. The offerings for live consumption this week consisted of 1300 cattle, 1500 sheep and lambs and 200 calves. There was no actual change in the condition of the market for cattle since this day week, prices being firmly maintained for good to choice stock on account of the continued limited supply coming forward and the good demand for the same local buyers.

CHICAGO LIVE STOCK CHICAGO, Nov. 16.—If the estimated figures given out by officials at the stock yards prove accurate, Chicago received more cattle to-day than on any other day in the history of the market. In addition to the receipts of 47,000 head of cattle, the receipts of live stock in the city of Chicago for the week ending Nov. 14 were 240,000 head of cattle, 250,000 sheep and lambs, 250,000 hogs and 400 calves. The offerings for live consumption this week consisted of 130,000 cattle, 150,000 sheep and lambs and 200,000 calves. There was no actual change in the condition of the market for cattle since this day week, prices being firmly maintained for good to choice stock on account of the continued limited supply coming forward and the good demand for the same local buyers.

UNDERTONE LESS STRONG FOR NEW YORK SECURITIES

Foreign Traders Are Sellers of American Stocks—Toronto Stocks Are Still Inactive. World Office, Monday Evening, Nov. 16. There was no addition to the volume of business at the Toronto Stock Exchange to-day, and prices ranged closely to what they were at the end of last week. The business both among traders and speculators continues to be exceedingly apathetic, without any immediate prospects of breaking out of this rut. The undertone to the market shows an improvement, and in certain directions prices were advanced with general orders. This was the case to-day with Twin City and Canadian General Electric. There was considerable realizing in Mackay and some of the other issues which have recently scored advances, and this easily takes care of the buying orders here in the market for these securities.

Among the utility stocks that have not received the attention of the dealers is Twin City Rapid Transit. The earnings of this company are continuously increasing. Since the first of January gross earnings have increased \$248,000, or nearly 5 per cent on Town Topics. On Wall Street, Charles Heald & Co. to R. R. Bondgard. Market opened lower under the influence of prices from London, but after the initial trades began to advance and remained strong until nearly the last hour, when a sharp reaction set in, and prices fell 1 1/2 to 2 points. Reading and the Harriman stocks were plainly the leaders, Reading touching 140 7/8 and Union Pacific 182. Stories of concealed equities in its coal lands were given out to account for the advance in Reading. Steel common reached 88, but with heavy selling and reacted a point. Chicago and Western issues were all strong on belief that the acquisition of the company by the Canadian Pacific would lead to higher values. The bond market was very attractive, and prices were advanced with general orders. This was the case to-day with Twin City and Canadian General Electric. There was considerable realizing in Mackay and some of the other issues which have recently scored advances, and this easily takes care of the buying orders here in the market for these securities.

Standard Oil declared dividend \$10 same as last. Joseph says: Sections, at least for the time being, will be limited to offering, the public takes the bit in its mouth. The cotton crop this year will be satisfactory, and prices will be good. Don't stand upon the order of buying St. Louis, Southwestern preferred. A firm feeling prevailed in the market for hams and prices show no change from a week ago. Supplies were fairly large, for which a serious demand was shown. Choice loins sold at 5 1/2 to 5 3/4, and fat at 4 1/2 to 4 3/4. Choice loins sold at 5 1/2 to 5 3/4, and fat at 4 1/2 to 4 3/4. Choice loins sold at 5 1/2 to 5 3/4, and fat at 4 1/2 to 4 3/4.

THE DOMINION BANK PAYS SPECIAL ATTENTION TO SAVINGS ACCOUNTS

USUAL PROCESS IN VOUE. World Office, Monday Evening, Nov. 16. A little quiet assistance was again added to the prices at the Toronto Exchange to-day, and no particular opposition was encountered. Definite plans appear to be under way to force quotations higher, but it is not the purpose of the inside interests to cater to speculative buying until the market has reached a higher level. The usual method of evening up prices without attracting attention is in process with the ultimate end of landing buyers at the ball. HERBERT H. BALL.

Among the utility stocks that have not received the attention of the dealers is Twin City Rapid Transit. The earnings of this company are continuously increasing. Since the first of January gross earnings have increased \$248,000, or nearly 5 per cent on Town Topics. On Wall Street, Charles Heald & Co. to R. R. Bondgard. Market opened lower under the influence of prices from London, but after the initial trades began to advance and remained strong until nearly the last hour, when a sharp reaction set in, and prices fell 1 1/2 to 2 points. Reading and the Harriman stocks were plainly the leaders, Reading touching 140 7/8 and Union Pacific 182. Stories of concealed equities in its coal lands were given out to account for the advance in Reading. Steel common reached 88, but with heavy selling and reacted a point. Chicago and Western issues were all strong on belief that the acquisition of the company by the Canadian Pacific would lead to higher values. The bond market was very attractive, and prices were advanced with general orders. This was the case to-day with Twin City and Canadian General Electric. There was considerable realizing in Mackay and some of the other issues which have recently scored advances, and this easily takes care of the buying orders here in the market for these securities.

COMPENSATION IS DUE FOR SHORT COAL WEIGHT

Railway Commission of Canada Supports Contention of the Retail Dealers.

Before the railway commission yesterday the Retail Coal Dealers' Association scored on the Canadian railway companies hauling coal into Ontario from the United States. For more than a year they have been endeavoring to secure a system of checking the weight of loaded cars and to receive compensation for shortages in weight, which according to past experience have amounted to from one to five tons per car.

Day's Doings in YORK COUNTY

BIG MEETING OF CITY BUSINESS MEN IS HELD

St. Lawrence Market Trouble is Well Aired—Want County—Council to Help.

"That the north part of St. Lawrence Market should be kept for market purposes, and in order to accomplish this it is resolved that we petition the city council, not to rent the market building for other than market purposes. These in brief were the two concrete resolutions unanimously adopted at a round table conference held in the board room of the meeting recently held at the Richmond-street Monday afternoon between representatives of the St. Lawrence business district and officers of the meeting presided over by President Higgins of R. M. Association presided, and among the business men present were R. C. Steele, John Rennie, George Crosby, Thomas Meredith, C. P. Godden, Henry Swan, D. Pike, Henry Russell, W. K. Murphy, Mr. Euerst, Mr. Doeray, H. R. Reynolds, C. C. Cummings and Mr. Innes."

Sydenham Thompson, secretary of the St. Lawrence district, read minutes of the meeting recently held in the York Township council offices, after which President Higgins declared the meeting open for suggestions. The members were not slow to avail themselves of the opportunity, and while among other topics discussed was the action of Property Commissioner Harris, which was mainly criticized, the gathering thrust was marked by a desire wholly to improve the conditions of the St. Lawrence Market in the interest of the public generally.

R. C. Steele reviewed in detail the history of the market for the past years, showing the great growth and subsequent decline. "For the latter," said Mr. Steele, "we may fairly hold the city responsible, due in the first place to the inadequate and imperfect plans for the new market, followed by the tearing down process, thru which three or four years were practically lost. The market was mainly criticized to reassert itself, when the city began renting it for other purposes, as horse, bicycle, automobile and flower shows."

"But the butchers in the upper part of the market, and the farmers in the lower half, the flower department in the arcade, and make the lower market into a wholesale fruit market, and you will see a great revival of business in the St. Lawrence district," said Mr. Swan, and this view was shared by all.

City Property Injured.

It was pointed out that the city owns an enormous block of land in the St. Lawrence district, and that the assessment is rapidly decreasing, causing a big loss in revenue to the city.

County Council, Too.

It was decided to enlist the support of the York County Council, and a request of a big delegation to the city council will be made at a time convenient to the county fathers who meet here on Monday, Nov. 23.

WEST TORONTO.

Mayor and Council Will Attend Hydro-Electric Function.

WEST TORONTO, Nov. 16.—Like a snowstorm in June the idea of annexation was introduced to-night when a council meeting to-night when a by-law was introduced to regulate the zoning principle in the West Toronto under its new conditions of city rank. There was a vein of pathos in the proposal, for the first time, the nominations on Dec. 22 and elections on January 1, as Toronto does, knowing that every two cities of prominence is only to be of a "raw-son" nature, before it is submerged as part of the great city adjoining.

The outward appearance of W. J. Sheppard's jewelry store at 46 West Dundas-street, will shortly be enhanced by a new electric sign.

West Toronto North Toronto East Toronto

his brother, C. J. Chubb, 49 May-street. Paralysis was the cause of his death. The funeral will take place tomorrow at 2.30 p.m. from 49 May-street to Humberval Cemetery.

Alexander Nelson of the Subway Hotel, who was recently sentenced to six months' labor for selling liquor without a license, was granted his release to-day, by Mr. Justice Riddell.

YORK TOWNSHIP COUNCIL.

Members Meet and Put Thru a Lot of Business.

COUNCIL CHAMBERS, Nov. 16.—At to-day's meeting of the York Township Council, George Henry presiding, with all the members of the council present, a good deal of routine business was put thru.

Chas. Stephens, secretary-treasurer S. S. No. 13 wants council to bear some of the expense of the concrete sidewalk in front of Dufferin-street school. The walk is four feet wide and 185 feet long.

John McDonald renewed his application for a bridge on Bathurst-street at the first ravine north of St. Clair-avenue. He is willing to bear part of the expense.

The York Radial, thru their solicitors, want the consent of the council closing up of Oak-street in Deer Park.

Robert Davies of the Don Valley Brick Works, thru his solicitor, protested against the filling up on Hay View-avenue by the Canadian Northern Railway.

Mr. Clarke wants a sidewalk on the north side of Albert-street from Christie-street west to Wychwood, a length of about 600 feet. Council will give a two-foot plank walk.

The municipal court petitioned the council to compel city peddlers to secure a license as the result of the inadequate and imperfect business tax. The matter belongs to the county council.

The Toronto General Electric Light Co. were granted leave to erect poles on Vaughan-road from St. Clair-avenue to the Weston side of Wychwood-street from Davenport-road to Eglinton-avenue; Dufferin-street from St. Clair-avenue to Eglinton-avenue; Wheeler-avenue from city limits to Kenilworth-avenue.

The council has been given to alter the plan, No. 1070, showing Gooch-avenue 66 feet in width, also the registration of plan of S. Div. of Plan 559 by Robins, Ltd.

The reeve and treasurer were authorized to execute the Ontario Bridge Company, completion of Milne's bridge, \$75,000; E. C. Lewis, balance on abatements, \$2,640; Clarke & Mends, balance on excavation, \$141,311. Total, \$217,441.

The agreement re Scarborough townline between York and Scarborough Townships was signed and a by-law to that effect passed. A by-law to issue debentures for the construction of concrete sidewalks on Bellair-avenue to the amount of \$2412 was passed.

At the local board of health meeting, Dr. Warren, the M.E.O., reported the cases of diphtheria, three of diphtheria and five of typhoid fever. On the recommendation of the M.E.O., the board has decided to issue a notice to the York Township Council to-day adjourned to Monday, Nov. 20 instead of Dec. 7, the regular day.

W. A. Clarke, the general clerk of the town, was in his accustomed place to-day after his annual hunting trip. Mr. Clarke's party, numbering nine, have not returned yet, and at one of the fine deer, the clerk himself getting two very fine specimens.

THISTLETON.

THISTLETON, Nov. 16.—The monthly meeting of the Women's Institute will be held on Wednesday, Nov. 18, at the home of Mrs. George Rowntree, Humbertford Mill, at 2.30 p.m. Miss Rowntree will give a paper on "Christmas Gifts," and Miss Atkinson on "Christmas Cake." All are invited.

NORWAY.

NORWAY, Nov. 16.—The Men's Club of St. John's Church, Norway, will give a grand concert on the evening of Wednesday, Nov. 18, at 8 o'clock, in the parish house, Woodbine-avenue. Splendid program.

EARLSCOURT.

EARLSCOURT, Nov. 16.—A congregational social will be held in St. David's Presbyterian Church at Earlscourt on Wednesday evening. A good program has been prepared.

DAVENPORT METHODISTS.

The annual harvest home entertainment given by the Ladies' Aid of the Davenport Methodist Church will be held this evening. The ladies have been working hard for some time now in an effort to make the evening a success, and they are all looking forward to a very enjoyable time.

FAT STOCK SHOW POSTPONED

Horse Show Will Be Held at Union Stock Yards Jan. 13-15.

The Union Stock Yard directors say that on account of the destruction of that portion of the yard which was heretofore used to hold the annual fat stock show, many of the regular exhibitors say they have not prepared exhibits for this year and in view of these circumstances they have decided to postpone the show for this year and turn all their energies on preparations of the new buildings for the great horse show that will be held at the yard in January, under the auspices of the Horse Breeders' Association. Special arrangements are being made, however, for the regular Xmas marks of high-class cattle on Dec. 14.

Brother of W. K. Loughheed. David Loughheed, who was killed on Sunday afternoon near Kingscourt Junction, was brother of W. K. Loughheed, M.A., of the Jarvis-street Collegiate Institute. Mr. Loughheed heard the news of his brother's death by wire yesterday and at once left for the west. Mr. Loughheed has been associated with the Jarvis-street staff for two years, coming to Toronto from the Normal College in Hamilton.

Chicago Excursion. For the great live stock show in Chicago at the end of the month the C.P.R. will sell return tickets from Toronto at \$16.90. Going dates are Nov. 29 to Dec. 4 inclusive, return limit Dec. 12. Splendid train service going and returning. Reduced rates from all Ontario stations. C.P.R. ticket agents will give full particulars.

CARS PILED 30 FEET HIGH.

Freight Wreck Near Woodstock—Crew's Lucky Escape.

WOODSTOCK, Nov. 16.—An eastbound freight train running down grade at 45 miles an hour, came to grief at Coble's Station on the G.T.R., last night. The engine of the train apparently broke a rail in passing, the every car after the engine left the track and piled up in a heap, some heavy cars being erected 20 feet in the air.

The van, containing the brakeman and conductor, turned over and rolled down the embankment.

The occupants crawled out of the windows unharmed.

MURDERER SUICIDE.

WINDSOR, Nov. 16.—(Special)—Timothy Linehan, who married Margaret Moynihan, a Windsor girl and murdered her in Detroit, committed suicide in Jackson, Mich., where he was serving a life sentence for his crime.

Too Much Dog. Alfred Teacher found the quality of mercy put him in a hole yesterday. He had accepted an unclaimed dog at the Union Station. He took her home and soon found that he owned a further supply of five brand new pups. He was charged with keeping an unlicensed dog yesterday, and the case was remanded till Wednesday.
