SCRUTINY OF BALLOTS REFUSED BY JUDGE

Setback to Cataract Program—Proceedings in City Council—A Day's Doings

HAMILTON, July 12.—(Special.)—The hope of the Kinrade jurors to get extra fees vanished this evening when the city council decided not to make them any special allowance, the government having declined to do anything for them. It was decided, provided a satisfactory agreement for one year could be obtained, to instruct John Montgomery, who is installing a pump for the mountain waterworks system, to put in a 50 horse-power motor suitable for using Cataract power. It was stipulated that this would not affect the city's case in the courts in any way, and that the power was not to be taken under the alleged contract with the Cataract power last July. Bylaws were passed providing for the raising by debentures of \$180,000 for the board of education and \$10,000 for making an addition to the present fever hospital at the city hospital. By passing a resolution, the council placed itself in a position to secure a new division of the lands on application to the Ontario Railway and Municipal Board if it decided that the division is advisable. Some 200 residents of the district lighted by natural gas boulevard lamps petitioned for the retention of the lamps, claiming that they gave better service than electric lights. G. Gimblett was appointed to the fire department as a second-class fireman.

LOSES LIFE IN VAIN EFFORT TO SAVE DROWNING GIRL

MONTREAL, July 12.—(Special.)—Edward Marchand, a bartender, and an English girl, Lillie Corias, who had only been in the country a short time, were drowned near the shore this afternoon on Lake St. Louis. The young woman fell out of the boat in about 12 feet of water and in trying to save her Marchand was also drowned.

POLICE TO INVESTIGATE A DEATH AT HAILEYBURY

COBALT, July 12.—The provincial police have been asked to enquire into the death of C. F. Kiesel of Englehart, who died in the Haileybury Hospital from the effects of an injury said to have been due to a kick or fall.

One Place Where It's Cool

On the shady deck of a C.P.R. Upper Lake steamer, enjoying the cool and invigorating lake breeze and the ever-changing panorama of lake and shore, an ideal hot-weather vacation may be spent. Only a few days are remaining for the round trip to Sault Ste. Marie or even Fort William, by the Canadian Pacific boats, which, by the way, are unequalled on the Great Lakes for size, speed and comfort, sail from Owen Sound on Mondays, Tuesdays, Wednesdays, Thursdays and Saturdays. The connecting express leaves Toronto at 1 p.m., each sailing day, and the rates are surprisingly moderate. Full information may be obtained at the C. P. R. City Ticket Office, corner King and Yonge-streets, where tickets are issued and accommodation is reserved.

MRS. ROY'S DEATH

Inquest May Throw Light on Story of Wife-Beating.

Coroner N. M. Crawford will open an inquest at 4 o'clock this afternoon into the death of Mrs. Elizabeth Roy, 50 Church-street, who died in St. Michael's Hospital yesterday noon. The body was removed to the morgue last night.

Before her death she declared to the hospital authorities that her injuries, a broken arm and a number of contusions, were the result of beatings at the hands of her husband. She admitted that she had been drinking heavily and she was in a poor physical condition.

The husband was questioned at headquarters as to the story told by his wife. He declared that she had fallen down stairs when she quarreled with him during a drinking bout following the sale of property which she had owned in Yonge-street. The man has been in court for beating his wife on other occasions.

Only Train Direct to Fort Erie Leaves Toronto 11:30 a.m. daily except Sunday, via Grand Trunk Railway Station, returning immediately after last race. Return fare from Toronto \$2.00. Secure tickets at Grand Trunk Ticket Office.

A pretty wedding took place at the Metropolitan Hotel when Miss Edna Priche was married to Mr. D. E. Davies, both of Toronto, by the Rev. Dr. Cleaver, M.A. The bride, who was given away by her cousin, Geo. Young, wore a handsome gown of duchesse satin, empire style, and bridal veil looped with apple blossoms, and carried a shower bouquet of bridal roses and lilies of the valley.

The bride was Miss Marie Strike of Desboro, who was dressed in the latest fashion and wore a white lace hat to match. She carried a bouquet of red roses and ferns. Geo. Batt acted as best man and after the ceremony the happy pair received their friends at their new home, 279 Rosvare-avenue.

The presents were numerous and handsome, consisting of silverware and useful household requisites.

Mrs. Vanderbilt's Generosity—and the Sequel.

A London despatch to the Times says that society circles in London are all agog over the story of an incident which occurred at a dinner recently given for King Edward, at which Mrs. Frederick W. Vanderbilt and Mrs. Geo. Keppel were among the guests.

Mrs. Vanderbilt was wearing on her corsage a big diamond ornament, which excited the special admiration of Mrs. Keppel.

"I am so glad you like it," murmured Mrs. Vanderbilt. "Won't you please accept it as a token of my appreciation of your good taste?"

She unfasted the ornament and handed it to Mrs. Keppel. The King was nearby and seemed astonished at such generosity.

Eventually Mrs. Keppel accepted the gift. The next day at another party Mrs. Keppel was wearing the ornament. "What a beautiful thing that is," said a friend, "where did you get it?"

"Oh," said Mrs. Keppel, "it was given to me by an impulsive American woman. I was dining at an American house and one of the American guests was wearing this. I told her how nice it was and she forced me to take it."

Mrs. Keppel is known as a favorite friend of his majesty.

Thinness a Cause for Divorce.

NEW YORK, July 12.—A Berlin despatch to The Times says that the present fashions in women's attire denounced by the Vatican organ, The Observer, Romano, are responsible for a remarkable divorce just granted by the courts of Silesia.

In the representation of the husband that his wife had become intolerably thin to accommodate her figure to modish dress, a decree of divorce has been awarded to a Silesian judge.

She rode horseback three hours each morning, played tennis two hours, took several daily walks lasting several hours and ate like a bird. Her habitual rosy complexion gradually changed to a pale, yellowish tint.

She dwindled away until her weight, she was five feet ten inches in height, was only 113 lbs.

The judge contended that his wife had deceived her husband, because he had bargained to marry a lady of natural ample proportions.

A popular idea used to prevail that all teas were pretty much alike, but "Santal" is proving a pleasant surprise to thousands of particular tea-drinkers. Sold by grocers everywhere.

CITY HALL CORRIDORS

Gossip of a Quiet Day—Street Car

It was a tranquil day at the city hall yesterday. A number of civic employees, including 28 per cent. of the street cleaning department staff, took part in the parade.

Mayor Oliver expects that a board of control will to-day receive a formal offer from the promoters of the iron foundry for Ashbridge's marsh.

The city's street railway receipts for June is \$55,373, comparing with \$45,807 for June, 1908, an increase of \$9,566.

The city's street railway receipts for June is \$55,373, comparing with \$45,807 for June, 1908, an increase of \$9,566.

Receipts at the city cattle market here were \$17 head against \$28 for the same period last year. Weight fees were respectively \$143.17 and \$97.06.

A party of civil engineers representing English universities will visit Toronto in September, and will be given a tour of the city.

The free bathing stations were liberally patronized last week. There were 1,834 boys who took cooling dips and 163 girls.

GUELPH, July 12.—(Special)—The water has been turned on from the new waterworks system here, and employees when they had occasion to take a drink in the heat of the day, soon noticed the vast improvement in the water.

Instead of the water being piped direct from the river, with little or no pretence at filtration, it is now brought down from a spring near Arkel about five miles from the city, in a two foot conduit, and after being stored in a big covered cement reservoir cost \$125,000. The water is the purest possible, and the pressure for fire protection purposes so good that the Canadian Fire Underwriters' Association have promised Guelph the lowest rate of fire insurance in the province when the paid firemen are appointed.

Irish Girl Shoots Negro Lover. NEW YORK, July 12.—Mary L. Lepin, a pretty Irish girl, 17 years old, walked up behind Jos. Thompson, a West Indian negro youth, in a downtown apartment house, where he ran the elevator, and shattered his spine with a bullet. Three other shots lodged in the negro's body. The girl said that she did it because Thompson had ceased to care for her.

ORANGE ORATORS ON EQUAL RIGHTS

Continued From Page 1.

threatened the principles of civil and religious equality. They were withdrawn when a protest was made, but it might be necessary to meet them again with more vigorous opposition at a future session.

Rev. E. C. Laker said that he had solicited votes for men now on the board of education who had disappointed them. Such men should be dealt with as the ballot.

Hon. Dr. Fyne was introduced and cheered as a cabinet minister who believed in the British flag in every school house.

Eagle Turns Orange. Past Grand Master Montgomery of the Royal Black Knights of the United States extended greetings. He said that there were 100,000 Orangemen in the United States, who would stand in defence of the Union Jack if assailed by any foreigner. The Union Jack had been displayed fraternally in New York and Philadelphia beside the Orange flag and the Star Spangled Banner. Twenty-five years ago these were rioting and bloodshed in the City of New York over the twelfth of July parade, but no longer as there was a quorum of loyal Orangemen in that city they would parade there.

Dr. S. Laker said that he was prepared to live and work in terms of friendly toleration with his Roman Catholic fellow-citizens, but he was not prepared to cater to them. The word in his mind was the word "tolerance" and he had gone forth that no man should be chairman who could not be dictated to by Roman Catholic authority. He would bow to no such dictation.

Hierarchy in the West. Controller Hooker warned the audience that the hierarchy would not aim to acquire the same status as the hierarchy in Quebec. The hierarchy was now endeavoring to force the political leaders of both sides to give separate schools in Manitoba, the threat made that the Roman Catholic members would prevent any extension of the boundaries of Manitoba unless separate schools were granted.

Controller Geary made a brief congratulatory address.

About the Parade. Under the scorching rays of the traditional perspiration-producing 12th of July sun, over 4000 stalwart sons of King William kept alive the memories of Derry, Aughrim, Enniskillen and the Boyne in one of the biggest Orange processions on record, followed by speakers and speeches at exhibition parks.

The parade was timed to start at 11 a.m. and it got away to the minute. Hardly had the clock in the Yonge street fire hall reached the third stroke of eleven when P. S. Goulding and his mounted men swung around the corner of Grosvenor-street into Yonge-street.

Police in Great Form. Great credit is due to the police for the way they handled the traffic. This was the first parade held under the new by-law and the result justifies the measure amply. There was no friction at any point along the route, the number of cars got stalled at the College and Carlton intersections. At Bathurst and Queen, the danger point where the clash occurred last year, things ran as smoothly as the clockwork of Sergeant Mulhall and Patrol Sergeant McArthur, with eight men, were in charge here.

At Queen and Spadina Inspector Dickson and ten men did the trick. Sergeant Barton of No. 7 did good work at Queen and Dundas with the crowds.

R. J. Fleming of the Railway Railway Co. expressed himself as quite satisfied with the new management which has taken over the control of the city streets.

City Hall in Line. Civic dignitaries not a few stepped along to the air of "Protestant Boys" and the "Red, White and Blue" of the L.O.L. 275 and Controller Reginald Geary's face shown where the banners of Cameron L.O.L. 413 waved. Controller J. J. Graham was more aristocratic and rode in a carriage belonging to Mount Joy L.O.L. 1212. Controller Dickson helped to swell the ranks of L.O.L. 87, T. R. Whitesides, M.L.A., and John Patterson, assistant city treasurer, marched with L.O.L. 146. Dr. Beattie, who walked with L.O.L. 791, Rev. Canon Dixon was among the stalwarts of No. 140. William Penny, the veteran marshal, rode in a brass pipe and life, helped the paraders to step along lively. All the old airs that have done service every 12th since the beginning of Orange processions were heard along the line of march. "The Maple Leaf" was heartily cheered by the crowds.

The largest banner in the parade was carried by Star of Bethlehem L.O.L. 2052.

Excelsior L.O.L. 2018 had a unique feature in a float of the "little red schoolhouse," with the motto, "One school and one flag."

Enniskillen L.O.L. 387 had five new orange and purple sashes. L.O.L. 453 sported red, white, and blue parasols.

An amusing incident occurred at the corner of Grosvenor and Yonge, when a motor trolley, laden with fair young girls, was kept back from joining the procession for about five minutes to the intense disgust of the paraders.

The lady Royal True Blues, in 25 carriages, led the van. They came the Orange Young Britons, 250 strong, and after five minutes of marching, they came to the end, which came exactly one hour after the head of the procession moved off.

Song of the Stalwarts. John Ross Robertson walked the distance for the 49th time. This is better than the 49th parallel. James Marshall, the faithful night watchman at the corner of St. Lawrence and Market, owing to his recent serious illness, was prevented from participating in the Orange parade for the first time in forty years, but he came out from Kingston to Toronto and removed from Kingston to Toronto.

Mr. Marshall was among the stalwarts of No. 4, for fifteen years, trustee and secretary and treasurer of

the board of trustees, master of No. 1 district for three years, county master of South Frontenac for four years, master of the Black Knights of Ireland and deputy grand master of the provincial grand lodge of Eastern Ontario, the Supreme Grand Lodge of Canada. He was instrumental in transferring the Orange Building in Kingston from a joint stock company to the Orange Society.

Before leaving Kingston in 1891, Mr. Marshall was presented with a handsome gold watch and chain by the Orangemen there.

A veteran Orangeman who comes from an Orange family is Geo. Burns, who rode in a carriage with L. O. L. 494. His father and uncles were all great Orangemen, being officers in the British army in India, and who on coming to Kingston had warrants sent out from Ireland and started lodge.

Mr. Burns became an Orangeman while

very young and has been connected with the order in many cities and towns both in the United States and Canada. His son Robert, a member of McKinley lodge, is at present in the old country, expecting to preside as imperial grand lodge of Eastern Ontario, the Supreme Grand Lodge of Canada, at the meeting of the triennial council of the world at the meetings now being held in Glasgow, Belfast and Liverpool. His son George, a member of Northern Star L.O.L. 778, accompanies him.

Verbal lodge led by the four pioneer brothers, Charles, John, Robert and William, was a star attraction with their great band. This was led by Joseph Thoroughgood and the big drum double action of George Price was the admiration of the parade. Fred Wilson had the first snare drum.

Twenty-nine autos left Detroit yesterday on the Glidden trophy 2665-mile reliability run of the American A. A. to Kansas City, via Chicago, Minneapolis and Denver.

N. TORONTO COUNCILLOR DISCUSSES BYLAWS. Plan as Outlined is Fair to All Parties—Big Day in Stouffville—Suburban News

NORTH TORONTO, July 12.—(Special)—Councillor Howe, discussing the vote to be taken on Saturday on the parallel roads, and the sewerage by-laws, said that his experience was that the by-laws were being opposed more by large holders of property than by the small holders, whose actual opposition was in eight, small holders being generally favorably inclined toward both the by-laws.

To Hamilton: A Trip Upon the Lake

When you've sweltered in the city, when you've roasted on the street, When you think you've gone the limit and you'll bake; Just remember that for fifty cents, a sure relief you'll meet, BY A QUIET, PLEASANT SAIL UPON THE LAKE.

You can start off in the morning and come back again at noon, You can leave at noon and not come back till night, But no matter what the hour you choose, or what the boat you take, There's A PLEASURE IN A TRIP UPON THE LAKE.

You've relatives in Hamilton, a mountain there as well, Parks and beach and cool spots galore; So with all attractions waiting you—if only for their sake, There's an extra joy—THIS TRIP UPON THE LAKE.

You can take your choice of three boats, sailing five times every day: The Turbinia (the fastest on the lake), The Macassa, the Modjeska, from dusk and heat away, ON THAT HALF-A-DOLLAR TRIP UPON THE LAKE.

TURBINIA: Foot of Bay Street MACASSA and MODJESKA: Foot of Yonge Street 50c Return EVERY DAY by Purchasing Ten-Trip Book, \$2.50; Children Half Price.

MUST BE SWORN CHOICE OF OATHS GIVEN. Common Law Requires Religious Element in Swearing, and Recognizes Many Forms.

Comparative religion is almost the last study one would expect to encounter in a report on legal offices, but Inspector Jas. W. Mallon has made a contribution to the science by including in the 26th annual Ontario report the oaths to be administered in courts of law to persons of various religious faiths.

Three of a Kind. Equally fast, equally comfortable and equally convenient are the Pacific Railway. At 9.00 a.m. each week day, a fine parlor car train leaves for Bala, followed at 11.35 a.m. daily by an express with cafe-parlor car and coaches.

Shooting the Rapids of the St. Lawrence is one of the entertaining features of the delightful water trip of the Richelieu & Ontario Navigation Co., including the 1900 Islander, Ontario, quaint historical Quebec, and the far-famed Sagenay River. The World's Last Great Speculative Opportunities ARE IN THE CANADIAN WEST

When Horace Greeley Uttered the Memorable Command "GO WEST, YOUNG MAN"

He gave to the world more than merely a new expression. He gave the world a phrase that lent tremendous support to the making of new homes for millions, and the shaping of new empires in the pathless wilds.

It was the spirit behind the great editor's sound advice that sent the wagon trains of the "forties" and "fifties" across the Missouri and to the trails of Oregon and California. It is the same advice that sent the flower of Ontario's manhood across the Red River, the

Saskatchewan, and, at last, to the Pacific coast of Canada.

Every man, it is said, who settles in the great Canadian west adds \$1000 to the values of western lands. If this is so, then land values in the west have increased within twelve months to the enormous total of \$200,000,000.

This increase would build another railroad to parallel the Grand Trunk Pacific.

That is the reason the towns of the Great West are budding into cities. One of these is

NORTH BATTLEFORD, SASK.

TRANSPORTATION
NORTH BATTLEFORD is on the Grand Trunk Pacific and Canadian Northern Railways, and is the chief divisional point between Winnipeg and Edmonton.

NORTH BATTLEFORD is the terminus of two new lines of railway—one to Athabaska Landing, and the other to Prince Albert and Fort Churchill, on the Hudson Bay.

NORTH BATTLEFORD has five and one-half miles of sidings, the Canadian Northern having already spent over \$150,000 in the construction of round-house, repair shops, pumping plant, coaling station, depot and offices.

It is the centre of a marvelous farming and cattle-raising country. Its municipal credit is unexcelled. The climate is moderate.

Money invested in North Battleford is better placed than if it rested in the vaults of the Bank of England, for

GOWGANDA ROAD Contracts Reputed and Deposits Are Lost.

After a delay of two weeks the acting minister of public works, Hon. Frank Cochrane, has awarded the contract for the grading and clearing of the new wagon road from Elk Lake to Gowganda to Blair and McLennan of Haldenbury.

There has been some confusion in placing this contract owing to the action of one tenderer, who was called upon and refused to perform the work, and two others when the department was unable to locate according to the instructions in the tenders. Under the circumstances Hon. Mr. Cochrane moved summarily and forfeited the three deposit cheques, which amount in all to about \$200. The price named in the contract for the grading is not given out.

SUSPECT FOUL PLAY. OTTAWA, July 12.—The body of Edouard De Courcy, a shoemaker, aged 55, who left his boarding-house at five o'clock this morning, was found floating in the Ottawa River some hours later.

From a large wound on the forehead it is suspected that he met with foul play, and an inquest will be held.

WELL AND TRULY CARED FOR New Grades, New Home, New Farms For Prisoners.

With the erection of the new central prison buildings a proper classification of the different prisoners sentenced will be made and the general work and behavior of the prisoner while under sentence will assist materially in his own advancement to what is known as a "trusty."

Under the further improvement of the parole system and indeterminate sentence it is hoped when the prisoners leave the institution he will not carry with him the stigma that in the past has always rested upon those who have been confined within prison walls.

Jail Farm For Toronto. Dr. R. W. Bruce Smith, inspector of prisons and asylums, proposes a farm to overcome the difficulty at Toronto jail. Yesterday he observed that in spite of the report of the commissioner appointed last year, no move has been made to provide more accommodation and removal to a large farm near the city seems to be the only rational solution of the problem. He adds in conclusion, "The attention of the city council has repeatedly been called to the absolute necessity for providing proper accommodation."

SATISFACTORY DECREASE IN BRITISH IMMIGRATION

Reported by W. R. Trotter After Visit to England for Trades Congress

W. R. Trotter, who has been representing the Trades and Labor Congress of Canada in Great Britain since last fall, is back in Toronto, feeling satisfied that his campaign in England against emigration to Canada has been fruitful. "The reports received from our agents all over Canada," he told The World, "are to the effect that labor conditions are improving, and that immigration has fallen off in a satisfactory manner. These reports are confirmed by the government statistics, which show that immigration of laborers and artisans from the old country has greatly decreased."

Whether Mr. Trotter returns to England and continues his addresses before British workmen, setting forth the undesirability of Canada as a field for labor will depend entirely on the feeling of the next labor congress, which is billed to meet in Quebec in September.

Mr. Trotter had some fault to find with the treatment accorded him by some sections of the British public and press. He was particularly bitter against The London Post, which he contended had falsified his statements regarding emigration to Canada, and had also refused publication of some of his letters pertaining to his anti-emigration campaign.

OPPOSE MACKENZIE'S PLAN

Electric Light Shareholders Would Rather Negotiate With the City

Of the 800 shareholders of the Toronto Electric Light Co., six or eight, who control \$1,000,000 of the stock met yesterday to consider the proposal of William Mackenzie to obtain control of the company and take over the stock at 155.

There are some who think that it would not be in the interest of the company or the city for this to take place, and a determined effort will be made to block the scheme. As Henry Pellatt's contract with the street railway company expires in four years, these shareholders think it advisable to deal with the city representatives, and thus prevent a monopoly being created which will enable Mr. Mackenzie to dictate his own terms to users of power and also sell it to his subsidiary concerns.

Mr. Mackenzie's offer is said to have been \$55 in cash and \$100 in bonds of some Mackenzie enterprises that are said to be worth their face value.

"CHINATOWN" IS VANISHING

New York Police Are Cleaning Out the District

NEW YORK, July 12.—Captain Galvin of the Elizabeth-street police station, who has Chinatown under his jurisdiction, took a census of the Chinese quarter last night. He found that more than one-half of the former densities of the quarter had sought new homes, leaving little more than one thousand Chinese living where three months ago nearly three thousand were crowded together. Of those remaining nearly every one is in arrears for his rent, some one month and some two months.

Up to the time that Captain Galvin was put in command of the precinct Chinatown averaged between five thousand and six thousand out-of-town Chinese visitors every Sunday. The police census showed yesterday less than one thousand such visitors. This showing, the police say, indicates that, with the strict enforcement of the law, Chinatown will have passed into history in another six months or a year.

Henry Simpson Wants to See. It is probable that some action will be taken by W. D. McPherson, K. C., M.L.A., counsel for the minority on the board of education, today with regard to getting out an injunction restraining Henry Simpson from taking his seat on the board. "I only wish they do try and prevent me from taking my seat," said Mr. Simpson to The World last night. "I don't believe they can stop me and I would like to see the matter tried. This board's solicitor has given the opinion that my election was in order and I propose to take my seat."

Fell Off the Car. "John J. Richardson died in St. Michael's Hospital on July 7 as the result of injuries sustained in an accident falling from King-street car 1160 on May 25" was the verdict given by Coroner W. Graham's jury at the inquest in the morgue held last night. James W. McLeod, motorman on the car, said there was no jerking or jolting of the car. William P. Bone, conductor, said Richardson had been drinking.

Big Twelfth at the Point. Yesterday was the banner Monday in the history of Hanlan's Point. This is no doubt accounted for by its having been "The Glorious Twelfth" and the big free attractions also had something to do with drawing the immense crowds, who sailed across the bay to this popular resort. Speedy gave his wonderful performance, diving 130 feet into a small tank, eight by ten, containing only three feet of water, and the Pivo Boises, the most sensational acrobats now before the public, also gave their thrilling exhibition. These performances began ten minutes after noon and evening absolutely free of charge.

A Tropical Suit for \$15

YOU know the Englishman spreads himself all over the face of the habitable earth. Climate doesn't deter him, for you find him on the Labrador and in Egypt, at the poles and on the equator. From Dr. Grenfell to Lieutenant Shackleton takes in the entire globe, practically, and you'll find Englishmen all the way.

Their business in Egypt and interior Africa, in India and in equatorial America, has put the English tailor very much in touch with the needs of a civilized man in the tropics, and one result has been the production of Tropical Worsteds.

This is a cloth that looks like the ordinary worsted, but is not nearly so heavy. It keeps its shape, but it's cool. It's not a flimsy material, but it is comfortable in the tropics and by the same token is a blessing during the Canadian summer.

We sell suits of tropical worsted, in the new patterns and styles, three pieces for \$15.00. As summer holiday suits, they'll take you anywhere—from Muskoka to Murray Bay, from Hanlan's Point to Atlantic City. Ready to wear, \$15.00.

BLAZERS, \$22.25. Men's Imported English Navy Blue Flannel Blazers, edges and pockets trimmed with white, pale blue, navy blue, and blue and white silk cord. Sizes 34 to 46, \$22.25.

Men's \$2.25 Pyjamas for \$1.39

150 Suits in the lot. A clearing line. American made and perfect fitting. French neck styles, trimmed with frogs. Cloths—Madras, vestings, fancy percales. Colors—Plain blue, tan, mauve and a splendid assortment of stripes and figures. Sizes 34 to 44. Regular values up to \$2.25 suit. Wednesday \$1.39.

Summer Hats for Men

SOFT Felt Hats, in the newest summer shapes, such as Alpine and Neglige, will be on sale in the Hat Department Wednesday at \$1.45, instead of \$2.00 and \$2.50, as you might have reason to expect. Tan, Brown, Olive and Pearl Grey. Linen Crash and White Duck Hats, soft, light and cool, for 25c.

1,000 White Neglige Shirts 69c

Made in the U.S.A. Small attached cuff. Fancy self patterns, in stripes, checks and figures. Fancy and pleated fronts. Sizes 14 to 17. Splendid value. Wednesday 69c.

Linens and Staples Department

UP-STAIRS and down there's a good deal of special interest in this department on Wednesday. Notice the Camp Blankets and the Dress Linens.

- (Second Floor, Yonge Street.) 840 yards Canadian Saxony Flannel, fine, firm, medium weight, absolutely free from dressing, plain pink and plain blue only, 22 inches wide. Sale price, per yard, Wednesday 5c.
- Fine Grass Bleached Satin Damask Table Cloths, beautiful weaves and finishes, "made in Ireland," handsome designs, with borders all around, 2 x 21-2 and 2x 3 yards; most of these are double damask; regular \$3.50, \$3.75 and \$4.90 each. Sale price Wednesday \$2.45 per yard.
- Full Grass Bleached Irish Dress Linens, every direct to department. Linens, every thread pure linen, some of the season's most popular fine lines; only about 320 yards in the lot, for dresses, skirts, blouses, etc., 36, 40 and 45 inches wide; regular 60c/65c per yard. Sale price Wednesday 45c.

FLYING DASH THRILLS THOUSANDS AT SCARBORO

The flying dash is certainly a thrilling one, and the thousands of spectators at Scarborough Beach grounds yesterday afternoon watched with bated breath this remarkable performance by Miss Genevieve Knowlton, the world's champion bicyclist.

Charles Dorrity concluded his announcement of the sensational cycle chutes act with these words: "Keep your eyes on Sadie." And the people kept their eyes on Sadie from the moment she appeared at the foot of the 75 foot ladder leading to the platform of the chute, until she had completed her stunt by turning a complete somersault in mid-air and landing in the tank of water 80 feet from the end of the chute.

Off like a flash she pedaled the 150 feet down the chute, jumped from her wheel, turned a complete somersault, and plunged headforemost into the water.

From the time she left the platform until she was standing dripping wet on the edge of the tank bowing gracefully in recognition of the applause of thousands, the watch in the hand of Official Timer Col. E. Coombe ticked just six seconds.

MONUMENT TO CALVIN

Geneva Celebrates Birth of the Great Reformer.

GENEVA, Switzerland, July 12.—An historic pageant, representing the growth of science and literature in the 15th and 16th centuries, brought to a close Geneva's ten-day celebration of the 400th anniversary of the birth of John Calvin. National and foreign representatives, united in according homage to the memory of the great thinker, writer and reformer, Geneva, where Calvin performed his great work, where in 1559 he founded the Academy of Geneva, and where in 1564, he died, devoted itself completely to these memorable tributes to Calvin. The chief feature was the laying of the corner stone of the reformation monument. The monument, which symbolizes the idea of Calvin in the reformation, will represent the salient and striking chapters of the reformation, with statues of the historical personages who were conspicuous in that movement, among whom were Calvin, Farel, De Sae, Coligny, William of Orange, and Frederick William of Brandenburg.

POPULAR SCIENCE LECTURES

Free Course, Arranged by University for the Public.

In connection with the summer session of the University of Toronto, the following course of lectures will be delivered in the large amphitheatre lecture room of the physics building, at 8:15 p.m., on the evenings indicated: July 16—"Malaria and Mosquitoes," Prof. Ramsay Wright. July 20—"Some Phases of Modern Educational Progress," Dr. George H. Locke. July 22—"Natural and Artificial Protection Against Infection," Prof. J. A. Amyot. July 27—"Some Recent Advances in Physics," Prof. G. B. S. Nicholson. These scientific lectures deal with matters of general interest, which will be treated in a popular manner. They are open to the public, and in former years have been largely attended. The total registration to date in the present summer session is 125. More interest is being shown by the public school teachers in the arts course for the B.A. degree.

HUDSON BAY CO. CHARGED

Province Will Insist on Close Supervision's Provisions.

Some years ago the Hudson Bay Co. was accused of charges of having other and better skins unlawfully in possession. Another charge has now been brought, and the attorney-general's department has taken up the case in the fisheries department against the company. An important test case will result when the trial comes on at North Bay. The company is charged with having the skins in its possession contrary to law. When the company was acquitted it was claimed that the skins had been brought into Ontario from Keewatin for shipment to England, but Edward Bayley, K.C., solicitor for the department, will fight any such contention this time.

MORE DAYLIGHT FOR CHATHAM

Manufacturers Agreeable to Turning the Clock Back an Hour.

CHATHAM, July 12.—(Special.)—"More daylight" movement is on foot in Chatham. The scheme is to set the clock back one hour in all manufacturing and business establishments to give the workmen one hour more of recreation in the evening. Nearly all the prominent manufacturers have let themselves go on record as in favor of the scheme for June, July, August and September. The city council is considering the advisability of putting a tax on laundries, as provided for by statute. Chatham has over 50 Chinese laundrymen, most of whom are wealthy.

PETROLEUM BUTTER NOW.

CHICAGO, July 12.—A special from Alton, Ill., to The Record-Herald says: The first roll of petroleum butter, the Standard Oil's latest product, is to be turned out at the Wood River refinery. The new product will be known as "Petrol Butter." It is said to be of the same consistency as lard butter, but is brown in color, lasts a good deal longer than real butter and does not become rancid.
