

Will You Help Us Store Our Surplus Stock of Overcoats, Reefers and Boys' Suits?

When we move to our big new store we must have room for storing any winter goods, so we must ask you to help us out, and to show you our appreciation of your efforts we give you the following generous reductions on Men's Overcoats and Pea Jackets, also Boys' Overcoats, Reefers and Suits.

Men's Overcoats and Storm Reefers

Perhaps in all there are 200 Coats left, of all sizes and kinds. The lowest Coat among them is \$6.50, and up to \$15.00. To remove them all we say: **\$5.00 each and no reserve. Can you store one or two?**
Another lot of, say, fifty Coats, worth from \$15.00 to \$20.00, to be removed at **\$10.00 each.**
The balance of all \$25.00 to \$30.00 Coats to be removed at **\$15.00 each.**
Cheaper to store one than to buy next winter.

Boys' Overcoats and Reefers

Here again we ask your help if your boys need Coats of any kind.
One lot of 30 Coats, mostly Reefers, Naps and Friezes, sizes 22 to 26. Regular \$3.50 to \$5.00. To be removed at **\$1.98 each.**
All the rest of the Boys' Coats have been put into four groups, and with these prices attached, **\$3.98, \$4.98, \$5.98.**
To enumerate all the details would take too long, but the saving to you is from \$2.00 to \$5.00 on each Coat.

Boys' Suits

At no time in our history have we placed so much Boys' Suit value before you as just now. **Please bear in mind** that all of these Suits have the regular knickers—no bloomers among them—and some are not as modern in cut as they might be, but we have put a price on them that won't fail to appeal to you if your boys need good honest School Suits.
\$1.98 for Suits worth \$3.50 to \$5.00. Sizes 26 to 32.
\$2.98 for Suits worth from \$5.00 to \$6.50. Some big sizes among these—33 and 34.
\$3.98 for Suits worth \$6.50 to \$7.50.
\$4.98 for Suits worth \$8.50 to \$10.00.

We won't say there are all sizes in any one line, but all sizes of every line combined, and the bulk of the sizes are 32, 33 and 34, with a few 35 sizes.

Just a Few Words Our clothing is all reliable. We stand behind every garment—sale or no sale. If you're not satisfied, don't keep it; if you want your money back, just say so. We are going to have one of the finest all-clothing stores in Canada at the Corner of Yonge and Adelaide Streets, all the ground floor of the new ten story Lumsden Building, and as our storage space will be limited we must clear out a lot of goods in the next month, so

SUMMER MUSIC IN PARKS
TEN NUMBERS EACH NIGHT

Board of Control Makes That Stipulation in Voting Funds—Higher School Tax.

HAMILTON, Feb. 10.—(Special.)—The board of control this afternoon made provision in its grants for ten band concerts to be given next summer in the parks by the Royal 15th and 21st Regiment bands. It was stated that one band had given eight selections at each concert last year and the other ten. Both will be required to give ten selections. Other grants were made as follows: Toronto Hospital for Sick Children, \$10; Holy Sepulchre Cemetery, \$400; Canadian Service and Army Medical Corps, \$50 each; 13th and 91st Regiments, \$250 each; Poultry and Veterinary Firemen's Associations, \$50 each; Salvation Army Band, \$100. Consideration of grants for the Children's Aid Society, the Playgrounds Association and the Victorian Order of Nurses was deferred.

ments, \$250 each; Poultry and Veterinary Firemen's Associations, \$50 each; Salvation Army Band, \$100. Consideration of grants for the Children's Aid Society, the Playgrounds Association and the Victorian Order of Nurses was deferred.

The controllers thought the Playgrounds Association should apply to the parks board, but they expressed sympathy with the movement. The choice of the Children's Aid Society has made of a building for a children's shelter was not approved of, and several other buildings, including the Holland A. White House, on the side of the mountain, and a house adjoining the North End Park, were spoken of. The accounts of various committees were carefully inspected, but nothing irregular discovered.

Parents Demand Enquiry.
J. L. Council has written to the board of education demanding, on behalf of the parents of Annie Hulme, a shoro investigation into the facts connected with the alleged poisoning of their daughter in the domestic service class of the King Edward School. The board this evening appointed a special committee to make the investigation. Estimates calling for \$20,000 were adopted. The city will have to contribute \$23,774, which means that the school rate will have to be increased. The clause in the report of the building committee recommending that permission be refused to the Playgrounds Association to use the Hess-street school grounds was withdrawn, and will not be dealt with until the association makes application to the board for the use of the grounds.

Inspector Ballard presented his annual report, which showed that there were 396 pupils on the rolls of the public school, as compared to 3466 last year.

Traveler in Trouble.
At police court this morning Charles Blaza, traveler, was remanded on the charge of securing \$18 from D. Smith & Co. by false pretences.

It is rumored that a modern hotel will be erected on the corner of King William and James streets.

The street railway will start this year's program of reconstruction on York-street early in the spring. It expects nine new cars in operation by the end of June.

CONMEE'S "PULL"

Mr. Bristol Mentions It and Creates a Storm.

OTTAWA, Feb. 10.—James Conmee's bill to incorporate the Rainy River Radial Railway Company was talked out in the railway committee to-day.

R. G. Code, K.C., representing the Ontario Government, entered a protest against the Dominion assuming jurisdiction and Mr. Conmee replied that, as the railway would connect with the C. N. R., it was of a federal character. Edmund Bristol ventured the opinion that as Mr. Conmee was a Liberal, he would get whatever he wanted in spite of protests. Mr. Emmerson considered this insulting and the remark was withdrawn.

W. F. Maclean asked what was meant by "radial." Mr. Conmee replied that it meant a sort of a circle, but an examination of the map showed that the line was a purely straight line.

The bill incorporating the Ottawa, Montreal and Eastern Railway was passed without opposition. The capital stock is \$2,000,000 and the company proposes to build a line from Lake Megantic to Montserrat for \$240. Another work must be started within three and completed within seven years.

When the bill of the Western Canada (B.C.) Power Company, asking for a federal charter, came up, Mr. Emmerson, who wanted it referred to a sub-committee, was assisted by Lancaster and Conmee's Ralph Smith, who was originally opposed to the bill, stated that the promoters had consented to amendments which satisfied his objection, and the bill was reported.

MICHIGAN FISHERMEN PROTEST

Claim That New Treaty Will Be a Hardship.

DETROIT, Feb. 10.—A Washington dispatch says: Senator William Alden Smith has arranged a hearing for next Tuesday for representatives of the Saginaw Bay fishermen, who will appear before a sub-committee of the foreign relations committee to protest against features of the fisheries treaty with Canada, which works hardships on the fishermen in the bay waters.

Suicides on Anniversary of Parents' Death.
PHILADELPHIA, Feb. 10.—After calling her guardian on the telephone and telling him of her intentions, Frances Florsky, aged 22 years, committed suicide by shooting herself through the heart.

WISE INVESTORS

How Some People Make Money by Quick Turnovers.

Sometimes we hear of Toronto people being slow, yet a striking example to the reverse is seen daily at the auction sale of Ambrose Kent & Sons, Jewelers.

The other day a young man walked into their store and requested that a 17-jewel watch in a 14k gold-filled case be put up for bids. He secured his watch for \$10.50, then with the remark of "pretty easy," walked out. Some few hours later he returned and requested another such watch, which he secured at \$11.25. When paying for his second purchase, he explained that he had sold his first watch for \$16 and another friend had requested him to purchase one for him, and with a knowing smile said, "mighty easy way to earn \$10.25."

This little incident just goes to show the manner in which Ambrose Kent & Sons are in one sense practically giving their stock away in order to get rid of it to enable them to start building operations.

Another incident occurred on Tuesday, when a patron secured a diamond ring of odd design for \$200, which was about half its value, and immediately sold it without leaving the store to another gentleman for \$240. Another case is where a young lady requested an electric reading lamp be sold, but got chatting to a friend and the lamp, which retailed at \$32, was sold to a gentleman for \$8 without her noticing it, and she immediately asked the name of the purchaser, and offered him \$20 for his lamp, but he was wise and gently said "No."

These are opportunities which everyone may share alike when they visit Ambrose Kent & Sons' great clearance of stock by auction.

TWENTY YEARS' SERVICE

Prudential Insurance Company Honors Superintendent Birkett.

A complimentary banquet was tendered by the Prudential Insurance Company of America to George Birkett, superintendent of Toronto District No. 1. Mr. Birkett celebrated the twentieth anniversary of his connection with the company. The occasion was made auspicious by the attendance of a number of head office officials, who all spoke in felicitous terms of Mr. Birkett's record and standing with the company, having particular regard to the work accomplished in Toronto last year.

Another banquet will be held to-night to mark the first anniversary of the company's operations in Canada.

WANT IMPROVED DRAINAGE

Essex, Kent and Lambton Have a Scheme Which Will Cost \$300,000.

Application of the good roads grant idea to the improvement of drainage systems was the subject of a large deputation from Essex, Kent and Lambton, which waited on Hon. Dr. Reaume and Hon. W. J. Hanna yesterday morning. The deputation was introduced by John Auld, ex-M.L.A., P. H. Bowyer, M.L.A., was also present.

It was pointed out that the counties did not need the roads; they were good enough at present. They did need the drainage system. Great damage was done by floods. The farmers could not use the drains, as they clogged the small watercourses which ran every-where thru the country. Over \$2,000,000 had already been spent in various efforts to relieve the situation. It was suggested that these small streams be controlled at their sources, situated as they were, and that the drainage system be improved.

Fire at New Hamburg.

NEW HAMBURG, Feb. 10.—(Special.)—A fire broke out this afternoon in Miss L. A. Bab's millinery store. The building was frame, situated between two large brick buildings, and was entirely destroyed. The Bell Telephone Exchange, in the same building, was also destroyed. The William Tel Block was on fire several times, but was saved.

Of the \$50,000 needed for the memorial, \$2000 is still wanting. The premier and Hon. J. B. Lucas, who also was present at the interview, seemed favorably impressed. Offices in New Wing. E. J. Lennox, architect for the addition to the parliament buildings, had a conference with the cabinet yesterday morning as to the rearrangement of the offices in the new building. It was a proposal to raise the walls five feet, providing a commodious attic, which will allow of provision being made for about forty new offices in the wing. Col. Hendrie is anxious to have the matter settled at once to bar out extra on the bill. The stonecutters will be at work by the end of February. The brick used will come from Hamilton. Organs at Fifty Cents Per Week. The old firm of Heintzman & Co., Limited, 15-17 West King-street, Toronto, are clearing a stock of high-grade organs bearing the name of the best manufacturers, on payment of 50c per week. These organs are selling at from \$15.00 to \$75.00 each, and with the easy payments are within the reach of everyone. They are in first-class condition, having been carefully gone over before being put on sale. The reason for the very low price is that they have been taken in exchange for the firm's new pianos.

THIRTY-SEVEN LEFT OUT

Township Pupils Want Accommodation at Earlscourt School. A deputation from school section 13, York Township, consisting of ex-Treasurer Miller, Robinson and Carter, appeared before the management committee of the board of education yesterday with a request that 37 pupils of the district, 700 feet west of Dufferin-street to 200 feet east, which was not taken into the city in the recent annexation, be accommodated at Earlscourt School. The matter was referred to the board. Permission was given the women teachers to attend the domestic science classes as pupils. The request of A. F. Hare, principal of Tilbury School, was also taken up by the board as assistant principal at Kew Beach School, to commence duties from April 1, for an extension of time to the fall term, was refused. A letter was read from the Tilbury Board of Education stating that their assistant master had resigned, and if the principal left the progress of the school would be retarded.

WAS VERY SORRY--AFTERWARDS

In a town not fifty miles from here a lady went into a store and asked for a box of Zam-Buk. She was told that it would cost fifty cents, and that a larger box of another ointment could be bought cheaper. In a moment of weakness she took the cheaper box. When she had used it she still needed the Zam-Buk as badly as before, and bought a box. The Zam-Buk did what she needed, but as she had bought the useless ointment, too, she paid just as much again for the benefit she derived as if she had bought Zam-Buk in the first instance. Strange kind of economy, isn't it? She was sorry--afterwards. Zam-Buk has years of honest recommendation behind it. People have proved that it cures. Imitation food contains no nourishment, and imitations of Zam-Buk fall in the one essential feature--they never work. Zam-Buk cures. When you ask for Zam-Buk don't take anything else. The name is protected by law and is clearly shown on each package. It may be sold under other names, but the benefit derived amounts to a great deal more.

LADIES AS RIFLE SHOTS

Toronto Club Entries in Military League Indoor Competitions. OTTAWA, Feb. 10.—Two ladies' rifle clubs, one from Toronto, and one from Quebec, are entered in the Canadian Rifle League winter series in miniature and gallery rifle shooting. This is the first time that such clubs have been entered in a league series. Next summer a special series in rifle shooting on the regular range will be held in which ladies' clubs only will compete.

Will Cut Into Building Lots.

W. H. Jeffrey, of Montreal, has bought from E. R. Ramsey of this city a block of land on Eglington-avenue, adjoining North Yonge-street, for \$10,000. The land will be divided into lots and placed on the market in the spring. The deal was handled by F. C. Hunt & Co., East Adelaide-street.

THREW LIQUOR AWAY

Provincial Constable Murray has reported to the department a curious occurrence which happened while he was driving along the Charlton and Elk Lake road one night lately. He was approaching a double sleigh ahead when the occupants hurriedly threw out into the snow a large quantity of liquor. On examination to contain 12 cases of whiskey. The men whipped up and drove off. Constable Murray denies the story that 16 cases of liquor were stolen from him during the Elk Lake ride. The attempt was made by a party of four men. Five convictions for killing deer out of season are reported by Provincial Constable McCrear at North Bay.

Over-Eating Worse Than Starvation

Seven Deaths Arise From This Cause To One of Lack of Food. A Trial Package of Stuart's Dyspepsia Tablets Sent Free. An English medical observer claims that for one death by starvation there are seven from over-eating. His investigation is appalling and leads one to believe that among the Anglo-Saxons race over-eating is a national crime. This investigation proves over-eating to be the cause in ten cases out of twelve of dyspepsia, indigestion and stomach trouble. These diseases bring on decay and decline of the other organs, and death ensues because of an inability of the system to furnish proper nourishment to the dying and afflicted parts. When one over-eats one exhausts the gastric fluids, throws undigested food into the intestines, where it creates poison and germ life, and is finally absorbed in a putrid state or thrown from the system in a decaying form. Stuart's Dyspepsia Tablets will overcome the ill effects of glutinous and irregular eating. They will digest an abnormal amount of food and will not leave the stomach until everything has been digested. A single one-grain ingredient of these tablets will digest 2000 grains of food, and in this proportion is seen how even glutinous can be overcome, or at least its most harmful effects removed. Make up your mind to try Stuart's Dyspepsia Tablets for one week. Take a tablet after every meal and upon retiring at night. Every druggist carries them in stock; price 50 cents. If you have a druggist friend ask his opinion. Send us your name and address and we will send you a trial package free by mail. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

Her Daughter Took Very Sick As Result Of Catching Cold.

Mrs. Dennis Delaney, Friar's Head, N.S., writes: "At the close of the year 1907, our youngest daughter, five years old, took very sick as the result of catching a cold. She became very weak and could not move around at all. We consulted doctors and gave her various kinds of medicine but they did not seem to relieve her any. On the advice of a friend I procured a bottle of your valuable remedy, Dr. Wood's Norway Pine Syrup, and after using the first bottle noticeable improvement was the result and after using three bottles she was entirely cured. I can certify that it was through your strength and would advise every mother having young ones similarly afflicted to obtain your valuable remedy. For myself I would not be without a bottle in the house." Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the Norway pine tree combined with Wild Cherry bark and other pectoral remedies. It has stood the test for many years, and is now more generally used than ever. Price 25 cents at all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

POSED AS MINISTER'S SON OVERWORKED CART GAME

After Victimiting Three Cartage Companies, Arrested on His Fourth Try. Charged with a line of fraud which has been unworked in the city for some time, Robert McKewen, 43 years of age, and giving 119 Niagara-street as his address, was taken into custody when he walked into a nicely laid trap yesterday afternoon thru trying to follow a paying cart-foe.

On the fifth attempt, a man called up the Munsey Cartage Company on Parliament-street, and asked that a man be sent to the Don station. He said that it was the son of Rev. Mr. Ross speaking, and the man was a little short of money, and needed \$3 to pay the freight which he asked should be sent with the driver. This was done. McKewen met the driver, took the money and again on Wednesday, The Perfection Cartage Company were similarly duped for \$3 by the pretended son of Rev. Mr. Wilkinson. A sufrage deputation notified all the cartage companies with the result that when the same alleged son of the same divine asked Oliver Parker to send \$3 to the customs house yesterday, he refused. FRIDAY MORNING, FEB. 11, 1910.

TORONTO'S NEW HOSPITAL.

Now that the new hospital block is assuming something like realization, a good deal of hard thinking is being done in regard to the plan as a whole. The World has been in complete sympathy with the project from the first.

Since the inception of the scheme, however, the city has been expanding at a rate which some think may not be done as well as has not been contemplated by its promoters. The question is raised by the necessity for demanding further funds to carry out the plans.

We believe an entirely satisfactory answer can be given to this question. We believe that those who are in charge of the undertaking have calculated all the necessities of the case, and are prepared to show that the steps taken and to be taken are adequate.

In the plans shown, the buildings for the surgical and medical wards will be found at the east and west ends of the block. They are planned to provide 145 and 150 beds respectively. Another 100 beds, 50 in each building, can be provided by the addition of another storey to these buildings.

The present general hospital may be operated for years yet until the new hospital is opened, and afterwards until a more up-to-date institution takes its place somewhere in the farther east. Many people forget that Toronto had 208,000 people in 1901, and that now there are 400,000.

There is not and there will not be, when all the accommodation at present projected is ready for use, any more than the city requires. Nor is it the city alone that depends on hospital accommodation here. The whole province and surrounding territory is looking to Toronto as a great medical and surgical centre.

The cost of the site, buildings and equipment is placed at \$2,209,157, of which \$559,157 covers the location. There is in sight against this, \$1,500,000, including \$600,000 from the university, for which the hospital will supply clinical experience to the students; \$700,000 from private subscriptions, and \$200,000 from the city.

It is impossible to suppose that there will be one objection raised to this proposal. We commend it to the consideration of all concerned, and hope that those who have the opportunity to direct the flow of riches will not forget the stewardship they hold for the sick and the needy and the afflicted.

PROTECTING PUBLIC RIGHTS. The Ontario Hydro-Electric Power Commission did not get into action a

day too soon. Since its inauguration the corporations have redoubled their efforts to get hold of power privileges in every part of the country. The Dominion has discovered the virtue of the commission, and the national conservation commission is the result. It has its work cut out for it in taking care of the public interests at the Long Sault. The Ontario Government is now fully awake to the necessity of keeping guard over the power resources of the province, and has made such representations with respect to the St. Lawrence power as cannot be ignored.

The telegram still has a weight on its mind.

All the Jews are reported to be going back to Palestine. Cheer up! We still have York-street.

This is bargain day. In the old times before us people used to look forward to Sun'ay. We have changed our views.

Mayor Geary says he is going to have a 17-mill rate. There will be several rounds fought with the permanent officials before that will come off.

It is not a muzzle that is wanted for the dog, but a certificate of good temper. Let all the cross dogs be put in the chloroform box and there will be less talk of hydrophobia. We have some cross men around that would drive everybody to hydrophobia.

Charles Cocksbutt was one of the men to be relied upon in the city in all charitable and philanthropic matters. He will be missed, especially at the General Hospital and the Hospital for Sick Children. He was of the order of those who serve in the interest of all who suffer.

Political orthodoxy is like other orthodoxies. It does not admit of toleration. The Sixth Ward Conservative Executive intimates that if the other two western associations want to come in they can do so by disbanding and joining like other folks.

Homeopaths once had to fight for their lives as the osteopaths are now doing. Are the homeopaths helping

or hindering the bone-men in their efforts to get a chance at the public? The college that the osteopaths have projected ought to be a guarantee of at least as much intelligence in the practitioners it produces as any other college. If it does not make good there will be no fees.

With all the virtues that Dr. John Hoskin possessed he was never able to realize that the public expected to hear what was going on at the university thru the newspapers. In Byron E. Walker the university still have a chairman of the board of governors who will do much to create sympathy with the provincial centre of learning by keeping the public in touch with its affairs. It need be no hardship to have the press informed about the big think-worsh.

Mr. Austen Chamberlain's proposed tariff reform resolution will scarcely avail to impair the solidarity of the ministerial majority in the British House of Commons. Manoeuvres of the kind are too transparent to be efficacious, and as a rule defeat themselves. Having achieved their first object—the holding of the balance of power—and knowing that the grant of local self-government is dependent very much on the curtailment of the peers' veto power, the Nationalists are not in the least likely to prejudice their cause by assisting the opposition game. They will play their own hand.

These last attempts to capture vasty important water powers for the purposes of private profit are incidentally of service thru their educational effect on the public mind. They help to quicken popular interest in Canada's natural resources and enable their value to be better appreciated. In all the provinces indications are not lacking that legislatures, governments and representative bodies generally are prepared to take up far more advanced ground in the matter of public rights than was the case only a few years ago. Nothing could be of greater permanent advantage to the country.

C. P. R. Earnings. MONTREAL, Feb. 10.—(Special).—C. P. R. traffic, the week ending Feb. 7, 1910, was \$1,425,000; the same week last year \$1,135,000.

Peremptory list for court of appeal for Friday, 11th inst., at 11 a.m.: 1. Mackenzie v. Maple Mountain Mining Co. (To be continued.) 2. Rathbone v. Michael.

Master's Chambers.

Before Cartwright, K.C. Master. Re Solicitors—Davis (Kilmer & Co.) for client moved for delivery of bill of costs and taxation thereof. Currie (L. & L.) for solicitors. Motion enlarged until 11th inst. at 11 a.m.

General Construction Co. v. Notice—J. T. White, for plaintiff. Motion to set aside noting of pleadings as closed, for leave to defend and for particulars of claim. Judgment reserved.

Gamble v. Township of Vaughan—M. Grant, for defendants. Currie (Lennox & W.) for plaintiff. Motion for order for medical examination of plaintiff. Order made for examination by some doctor to be agreed upon. Costs in cause.

Cudaby Packing Co. v. Diamond Cleaning Co.—M. Macdonald, for plaintiff. Motion by plaintiff for a commission to take evidence of witnesses at Winnipeg. Order made.

Dwyer v. Kaufman—I. S. Fairly, for plaintiff. An ex parte motion by plaintiff for an order for defendants to file further claims. Order made.

Single Court.

Before Meredith, C.J. Bank of Toronto v. Sammons—F. Aylesworth, for plaintiff. Motion by plaintiff for leave to set down and for judgment. Leave to set down and motion enlarged to 11th inst. Notice of hearing to be given to defendant.

Re Taylor estate—J. A. Worrell, K.C., for applicant. David Smith, executor of will of Emma E. Taylor, by J. McLaughlin, K.C., for Caroline Henderson W. Proudfoot, for Annie Taylor. A. W. Bellantyne, for Louis Tasker and W. M. Davies, A. B. Armstrong, for Isabella Taylor. E. W. Wright, for Don Mills Methodist Church. Motion for construction of will under C.R. 808. Order: It is reasonably plain that contention of executor that legatee are not entitled to interest until funds on hand to pay it is not entitled to prevail. The bulk of the estate is to go to legatees, and what remains is to go to executor to pay his compensation. The right to interest arises on death of testator, but if there were not then funds on hand to pay it; payment was delayed until they were received. The question of executor's compensation is not ripe for decision. Costs of all parties out of estate.

Toronto Club v. Imperial Bank—M. L. Gordon, for plaintiff. H. S. White, for defendant. Petition for commitment of respondent. Devey v. Dewey—A. O'Her (Hamilton), for plaintiffs. A. M. Lewis (Hamilton), for defendant. Motion for further directions. Judgment for plaintiffs for \$600 and costs of action, this motion, and reference, except as to the issues, if any, on which they failed.

Debaugh v. Currie—J. S. Ross, for plaintiff. H. S. White, for defendant.

MRS. FELKER OFFERED HALF VALUE OF FARM Mr. Ross of Monck Sheds New Light on What Hydro Pays For Easements.

Hydro-electric power and the development of New Ontario had the call in the discussion on the budget debate, which was resumed in the legislature yesterday afternoon. In regard to the former question, J. A. Ross, the member for Monck, gave some pretty straight talk on the details of the Felker case, which aroused the wrath of W. Proudfoot (Centre Huron). The latter gentleman's fulminations drew forth a lively series of interjections from the premier and Hon. Adam Beck.

Mr. Ross of Monck Sheds New Light on What Hydro Pays For Easements. He renewed his plea of last session for the restoration of the old model school system. The present system, which compelled attendance at the larger centres, favored the richer classes at the expense of the poorer.

Apathetic Trading Prevails On the Local Mining Markets

Cobalt Issues Maintain at About Steady Prices With Only Narrow Fluctuations in Evidence.

World Office, Thursday Evening, Feb. 10.

There was no outstanding feature on the local mining exchanges to-day. Public interest was at no time large, and trading continued on a par with yesterday. Prices were confined to narrow fluctuations, and the main trend of the markets was steady, the some of the active issues were shaded at the close.

There were few material changes in quotations for the lower priced issues. Cobalt Lake was in some demand around the levels current yesterday, and eased fractionally at the close. Little Nipissing, Peterson Lake, Rochester, Timiskaming and some others changed hands at steady prices, but these issues were generally slightly easier during the afternoon session. Ottawa was firmer, closing at 10 3/8; the others were comparatively unchanged.

La Rose maintained between 4 1/8 and seven points above that quotation; Nipissing lost five points on the Toronto exchange, and closed at 39.90; Kerr Lake was quiet at yesterday's levels, losing five points at the close.

The market closed with apathetic trading everywhere apparent. The recovery on the larger exchanges has served to instill a better tendency among followers of the mining stocks, and from the way the market has been acting the past few days it is evident that with a little more activity in the speculative demands further recovery would be easily accomplished.

Furs Are Cheaper Today Than They Will Ever Be Again

The situation in the fur market to-day enables us to state that to purchase now means a saving of at least fifty per cent. Prices are steadily advancing and next year there will be a very large increase in the prices of to-day.

The fact that we have our semi-annual sale now on with the object of considerably reducing the stock in the showrooms, gives you a double advantage in purchasing from us.

All these garments are recommended as being exclusive in style and quality. Call and look the stock over.

meter tested as he thinks it registers more than 10 ought.

Mr. Black advised that another water main break on Friday night. Gas was again struck to-day at about the same depth as before. The combined pressure of the two wells is larger than the first, but the second spring has reduced the flow from the first one considerably.

Don't forget the high-class concert to be given in Eglington Presbyterian Church, to-morrow (Friday) night, at 8 o'clock. Every point to a delightful evening's entertainment, and the admission is only 25 cents.

French, Newtonbrook. Solo by Miss J. Glass, duets on violin and guitar by Miss B. Read and Master Duncan.

WESTON

Village is Not Included in Next Year's Extension.

WESTON, Feb. 10.—(Special).—Officials of the Consumers' Gas Company to some Weston citizens to-day denied absolutely the rumor that there would be any extensions of the existing gas mains towards the village this year.

"Only about 1500 feet of an advance will be made along the Weston road," said Mr. Hewitt, discussing the matter. "We have a big plan of extensions mapped out this year, but Weston doesn't figure in the program, except to the extent indicated. Bloomington is to have a trunk line laid to West Toronto by way of Ellis and Elizabeth-streets and Swansea will be long included in the illuminating centre."

YORK TOWNSHIP IS BIT.

Chief Justice Falconbridge yesterday handed out a judgment in which Thos. G. Watson, acting for his son, Edward, a minor, was awarded \$500 against the township for injuries sustained by the child. Mr. Watson was walking along Wheeler-avenue, carrying the boy in his arms, when he stumbled and fell over an obstruction in the sidewalk. The result was that the child's thigh was broken. The obstruction in the walk was caused by a resident encumbering the roadway while making some repairs, and it is said without getting the consent of the municipality. It is stated that a counter action against the owner of the property may be entered by the township.

WATCH WESTON GROW.

Winding for two miles along the eastern bank of the River Humber sixty feet above the river basin, and less than three miles from the city of Toronto is the picturesque village of Weston, with its six churches, a village public school and high school. This is the most beautiful of all the residential suburbs of the city.

At both ends of the village are excellent factory sites of from one to twenty acres, convenient sidings from the G.T.R. and C.P.R. easily obtainable. There are eighteen trains daily, in each railway to and from Toronto, timed to suit both business men and mechanics with monthly five-cent tickets to Union Station.

Streets and residences have electric light gas is being arranged for, and an excellent waterworks system is now being installed, thus affording all street railway gives a twenty minute service connecting to Keele-street with the Dundas cars, or a Bathurst and Davenport-road, Goulding & Hamilton, 106 Victoria-street, M. 2200, have a branch real estate office at 291 Main-street, Weston, and are selling building lots, any frontage, at from \$4.00 to \$15.00 per foot, residences, wood garages and fruit from \$900 to \$4500, also farms from \$70 per acre up, also several houses to rent.

Reports from the west indicate that very rapid progress is being made on the two big bridges of the Grand Trunk Pacific Railway on the McCord and at Wolf Creek. These bridges are only a few miles apart. When these are completed the way will be easy so far as bridge work is concerned until the builders reach the Fraser River crossing at Fort George on the western slope of the Rockies. The crossing of the Athabasca near the pass will be comparatively easy and it is the intention to put a temporary trestle over this river to carry the steel across.

HAS FRENCH EXPLORER REACHED SOUTH POLE?

Dr. Jean Chascot En Route to Civilization After Two Years in the Antarctic Wilderness.

BUENOS AYRES, Feb. 10.—The captain of the steamer Sud, which arrived at Punta Arenas to-day, reports that he spoke the Antarctic exploring steamer Pourquol Pas, anchored at Port Gallant, in the Strait of Magellan.

Dr. J. M. Chascot refused any information concerning the results of the French south polar expedition.

It is nearly two years since Dr. Jean Chascot left on his expedition. Early in May of last year word came from him to Paris, giving the news that he had discovered the continent of Deception Island, a small body of land on the south side of the South Shetland group, lying in latitude 63 south, on Christmas Day, 1908, and that he expected to return to the continent which would be the time of our last summer, on Alexander Land, which lies to the south of Graham Land, in latitude 70 south, and on the side of the world reached from the tip of South America.

Chascot is a rich French scientist. He went into the ice-locked country with everything that money could buy to help him find the pole. His ship, the Pourquol Pas ("why not?") a three-masted vessel, is the most perfectly appointed yet for the hunt for the pole. He had motor sleds of his own invention to carry his supplies.

There are not intelligent Eskimos in the Antarctic; no hardy dogs like the Eskimos have. There is little land that is not bleak and desolate. Walrus, narwhal, Polar bear and smaller game like elder duck, ptarmigan and hare, are scarce at the south pole.

In fact, explorers and that Peary's work in the north is like child's play beside some of the difficulties farthest south. As opposed to the leads of water, which baffle north polar travelers, there is the huge majestic ice barrier of the southernmost ocean. Sheer and sharp it rises out of the ocean 200 feet high, its walls as smooth and as level as glass.

Lieut. Shackleton found that after evading this ice wall by a wide detour his troubles had just begun.

AGRICULTURAL PROBLEM BIG ONE FOR ONTARIO

Men Are Leaving Farm For City Life—Fair Association Elects Officers.

In the past decade there has been a falling off amounting to 62,000 in the rural population of Ontario, according to figures furnished by Deputy Minister of Agriculture C. G. James, in an address to the Ontario Association of Fairs and Exhibitions yesterday. "The agricultural problem before this country," said that official, "is so big and so important that it needs the co-operation of all stock men and agricultural societies."

Mr. James also touched on the price of foods. "What we want is the maintenance of nice, even prices all the time," he said.

The delegation which sought the \$300,000 grant from the government on Wednesday were given a good humored chiding by the deputy minister who referred to the farmers of Denmark who built their own agricultural institutions unaided by any government grant.

The treasurer, A. MacFarlane, of Otterville, reported a balance on hand of \$285.65. The morning session concluded with an address from A. G. Albers, of the Ontario Association of Fairs and Exhibitions.

The following officers were unanimously elected: President, H. J. Gould; first vice-president, J. U. Simmonds, M.D.; second vice-president, John Farrell; treasurer, Alex. MacFarlane; secretary, J. Lockie Wilson.

The association decided to divide the province into twelve districts and elected one director from each, as follows: District No. 1, W. K. Farlinger, Morrisburg; No. 2, R. J. Bushell, Kingston; No. 3, C. W. Neville, Newburg; No. 4, Dr. A. Galloway, Woodville; No. 5, J. D. Orr, Mendonville; No. 6, J. Fry, Dunnville; No. 7, J. T. Murphy, Simcoe; No. 8, S. E. Brodie, Mount Brydges; No. 9, R. A. Harrington, Chatham.

Mr. E. J. Chamberlain, vice-president and general manager of the Grand Trunk Pacific, en route to the end of the steel, accompanied by Chief Engineer Kelliker and J. W. Stewart, contractor, told an Edmonton reporter that the Grand Trunk Pacific is sure to be completed to the Yellowhead Pass this year. The entire line from the McLeod River to Tete Jaune Cache is now under contract and is being built by Foley, Welsh and Stewart, who have done so much good work in Canada. During the coming summer it is expected that work will be in progress over the entire distance of 170 miles. The contractors, while not actually grading, are busy caching supplies, and will be in good shape to begin active operation the moment

SAVES FAMILY OF SEVEN FROM DEATH IN FLAMES

New York Farmer Makes Life Line of Bed Clothes at Early Morn Blaze.

POUGHKEEPSIE, N. Y., Feb. 10.—David Sheely, a farmer near Hopewell Junction, saved his entire family of seven from death by fire early this morning by making a life-line of the bed clothes.

Sheely was awakened by dense clouds of smoke and immediately awakened his wife and two children in his rooms on the second floor. He then rushed upstairs and routed out the other three members of the family, getting them all together in his room.

Gathering up all the bed sheets he could get hold of, he tied them together and threw one end out of the window. Every member then slid down the life-line to the ground in safety.

When Sheely, who was the last one to leave, slid down the line, the entire dwelling was in flames. The monetary loss was \$4000.

WON'T ROLL PEANUT.

Losers of Freak Election Bet Reneged—Big Crowd Disappointed.

A big crowd of grocers and travelers called at Vance & Co.'s warehouse, 81 Colborne-street, on Wednesday evening, to wait on Dave Hunter and ask him to perform his obligation, namely to Mr. Stevenson, salesman for 4 1/2 kilos, which was in the nature of a bet on the recent municipal elections. The losing party was to roll a peanut with a tooth pick from Bismark-avenue and Yonge-street to Bloor-street, to be executed two days after the elections.

Mr. Stevenson has been endeavoring ever since to get Mr. Hunter to do the work, but he invariably puts it off, so yesterday afternoon they came after him with a slight, but Dave declined to do any peanut rolling. Mr. Stevenson wishes it understood that until Mr. Hunter executes his promise there will be no rolling. A lot of people, together with photographers, were on the spot to witness the ordeal, and were naturally much incensed. A further reprieve of three days has been granted Mr. Hunter in which to arrange matters.

For Flood Sufferers.

Miss Mary Caven, treasurer of the Canadian McAll Association, acknowledged receipt of the following sums for the relief of sufferers by the Paris flood: Mrs. R. McAll, \$10; Mrs. L. H. O'Brien, \$1; Mrs. W. E. Rundle, \$5; Mrs. Charles Stark, \$5; Mrs. S. H. Black, \$5; the late Mrs. Lamb, \$10; Miss Paton, \$5; Miss Caven, \$1; Miss J. F. Caven, \$1; total, \$42.
