*The Seventh Annual General Meeting of the Shareholders of the Toronto and Nipissing Railway Company, held in their Rooms, Exchange Buildings, Wellington street, Toronto, on Tuesday, the Fourteenth day of September, 1875, at 12 o'clock noon, in terms of notice given as required by Charter.*

Present.—Messrs. W. Gooderham, Jr., A. T. Fulton, Henry Pellatt, James E. Ellis, Alderman John Ball, George Gooderham, Hugh Macdonald, James G. Worts, W. Copland, Edmund Wragge, Joseph Gould, John Leys, Joseph Gray,

It was moved by Mr. Henry Pellatt, seconded by Mr. James G. Worts, and carried, that Mr. W. Gooderham, Jr., be appointed Chairman of the Meeting.

Mr. Gooderham having taken the chair requested Mr. Gray, the Secretary, to read the Notice, calling this meeting, which was then read, as follows :

### TORONTO AND NIPISSING RAILWAY.

---

NOTICE is hereby given that the Annual General Meeting of the Shareholders of this Company will be held at their rooms, Exchange Buildings, on Wellington street, in the City of Toronto, on Tuesday, the 14th September, at 12 o'clock noon, for the purpose of receiving reports by the Directors with statement of Accounts for the past year; to elect Directors for the ensuing year, and to dispose of any other business that may be brought before the meeting.

By order.

JOSEPH GRAY,

Secretary and Treasurer.

Further read the Minutes of the last Annual General Meeting of the Shareholders of the Company, held on the 8th September, 1874, which were confirmed and signed by Chairman.

Also read, Report by the Directors to the Shareholders.

Report by the Chief Engineer.

The Financial Statement, and

Auditor's Report.

REPORT OF THE DIRECTORS  
OF THE  
TORONTO AND NIPISSING RAILWAY COMPANY,  
TO THE SHAREHOLDERS,  
FOR THE YEAR ENDING 30th JUNE. 1875.

---

The Directors beg to submit their Report for the year ending 30th June, 1875, with all statements of Income and Expenditure together with the Auditor's Report.

The Gross Receipts for the year amount to \$221,812.51, being an increase of 3,605.20 over last year's earnings.

The working expenses for the year amount to \$135,733.21, being \$14,459.61 or about 5½ per cent. increase on the Expenditures of last year, which is mainly attributable to the severity of the weather last winter, and the large outlay incurred in keeping the road open during the heavy snow storms of January, February and March.

The Directors beg to state that 300 tons of steel rails to replace iron rails, have been laid this year, and 100 tons of heavy iron rails have been used as renewals. We also feel much pleasure in stating that in the operation of the Road not a single accident of any kind has occurred during the year.

It will be seen by the Engineer's Report that the Roadway, Bridges and Buildings of the Railway are in good condition, and that the North Bay Bridge has been materially strengthened.

The Directors would further state that although the earnings of the Railway are not as large as was expected and desired, yet they feel gratified in being able to shew an increase over last year. The general depression in business of every kind, particularly in

Lumber and  
as well as of a

The Chairm  
that the year  
taking into acc  
during the year

Lumber and Timber, has materially affected the earnings of this as well as of all other Railways. This depression is materially increased on our Line, from the destruction by Fire of three saw mills and one shingle mill, all of which were tributary to the Road, and will no doubt be rebuilt on a revival of the Lumber business. The abundant harvest, which has just been secured, cannot fail to increase the freights throughout the entire line, and a Steamer being now under construction to run between Cobocok and Fenelon Falls, and another Boat is to be put on between Elliott's Falls and Minden so soon as the Government construct a Lock at Mocre's Falls, to connect the navigation, which will then only leave about 7 miles of additional Railway to bring Minden and the surrounding country in direct communication with Toronto, all of which must have a beneficial influence on the future prosperity of the Road.

The Chief Engineer having accepted the position of General Manager of the Toronto, Grey & Bruce Railway Company, tendered his resignation, which your Directors accepted; and they cannot part with Mr. Wragge without expressing their regret at the severance of a connection which has existed since the formation of the Company, and have great pleasure in testifying to the able and efficient manner in which the duties connected with the office of Chief Engineer has been conducted under his direction.

In conclusion the Directors have much pleasure in stating that the Officers and Employees of the Road have given them entire satisfaction by their constant attention to their respective duties.

Respectfully submitted.

W. GOODERHAM, JR.,

*President and Managing Director.*

The Chairman then moved the adoption of the Report, and Mr. James E. Ellis seconded the same.

The Chairman, in moving the adoption of the Report, regretted that the year's business had not been more satisfactory, but, taking into account the depressed state of the trade of the country during the year, he thought that the results of the year's opera-

tions would compare favorably with those of any other Railway in Canada. The great difficulty this Company had to contend with is the carrying of a large floating debt, which, at the present time, is very embarrassing, and, considering that the Government had granted a bonus of \$1,700 per mile to the Toronto, Grey and Bruce Railway Company, while this Company had only received \$1,300 per mile, the Directors feel that this Road has a strong claim upon the Government for further aid and ought to be placed on as good a footing as the Toronto, Grey and Bruce Railway, which would, to some extent, relieve the Road from its present financial embarrassments.

Mr. Worts complimented the Directors on the fact that the Road was maintained in first-rate order, and that no loss of life had occurred upon the Road during the year. The Bondholders were interested in seeing that the Road was kept in good order, and his firm, as large Bondholders, would rather see the Road maintained in first-class order, even if in order to do so it would be necessary for them to accept a deferring of the interest on their bonds. As shewing the interest his firm felt in the success of the Road they had on several occasions made large advances to the Company, without which the Road would not have been able to meet its obligations, and at the present time the Company owed his firm a large sum for such advances. He regretted the depressed state of trade but hoped, with the large crops now on hand and with the prospects of a revival of the lumber trade and business generally, that the Road would find plenty to do, and that is all that is required to make it satisfactory both to Bondholders and Stockholders.

The Report was carried unanimously.

It was moved by Mr. Henry Pellatt, seconded by Mr. Jas. G. Worts, and carried—

That the thanks of the Shareholders be given to the President, Directors and Officers of the Company for their services during the past year; and that each Director be paid the sum of \$5.00 for every Board meeting attended by him during the year from September 8th, 1874, to this date.

Moved by Mr. James G. Worts, seconded by Mr. A. T. Fulton,

Moved by Mr. A. T. Fulton, seconded by Mr. George Gooderham and carried—that Messrs. Wm. Doran and Simpson Hill be appointed Auditors for the current years.

Moved by Mr. Jas. E. Ellis, seconded by Mr. W. Copland—that Messrs. E. Wragge and J. Leys be appointed Scrutineers for the election of Directors during the ensuing year. That the poll shall be held as closed after it has been opened for five minutes without a vote being tendered or received. (Carried).

Mr. Gooderham having left the Chair, the election of Directors was then proceeded with.

The Scrutineers reported the result of the election of Directors for the ensuing year, which was found to be as follows:—

Messrs. W. Gooderham, Jr., Alex. T. Fulton, Wm. Copland, H. P. Dwight, W. S. Lee, Joseph Gould, George Gooderham, Jas. E. Ellis, Hugh Macdonald.

The General Meeting then adjourned.

At a subsequent meeting of the Directors Mr. W. Gooderham, Jr., was re-elected President, and Mr. A. T. Fulton, Vice-President of the Company for the ensuing year.

W GOODERHAM, JR.,  
*Chairman.*

JOSEPH GRAY,  
*Secretary.*

## ENGINEER'S REPORT.

TORONTO, 2nd September, 1874.

*To the President and Directors of the  
Toronto and Nipissing Railway.*

GENTLEMEN,—I have to report that the roadbed and structures have during the past year been maintained in good order. It has been found necessary to strengthen the large bridge over the North Bay of Balsam Lake, near Coboconk so as to enable it to carry the heaviest engines, and this it will now do in perfect safety, it having been in the first instance designed for the small engines.

During the past year 300 tons of steel and 100 tons of iron rails have been laid down on the Main Line, between Scarboro' Junction and Uxbridge, these are all of 56 lbs. weight, and the 40 lb. rails which they replace are all either laid in sidings, or are available for such a purpose, none of them being altogether worn out. A considerable number of new ties have been put into the Track this past year and the whole of it throughout is now in very good condition.

I have the honor to be,

Gentlemen,

Your obedient servant,

EDMUND WRAGGE,

*Chief Engineer.*

## AUDITOR'S REPORT.

*To the President and Directors of the  
Toronto and Nipissing Railway.*

GENTLEMEN,—We beg to report that after a careful examination of the Books and Accounts, together with Statements of income and expenditure of the Company for the year ending 30th June, 1875, we have found them correct.

Your obedient servants,

WM DORAN. }
