PLAYLET ATTRACTS 1,800 TO THEATRE

Children Get Health Advice in Imperial Theatre Entertainment Medium

Eighteen hundred boys and girls packed the Imperial Theatre this forenoon and enjoyed a unique playlet which purported to tell the advantages of milk as a food beverage for juveniles. There were moving picture stories impressive of the same idea, and for over an hour the youngsters were unspookily instructed in a matter of vital importance under the guise of entertainment.

The little show with the big crowd was under the auspices of the local Red Cross. Miss Frances Stetson and Miss H. G. Campbell, assisted by Miss LeBlanc, had general supervision. Mrs. Harold G. Taylor, of Queen street, tutored the children in the playlet, the Imperial Theatre staff, under the direction of Frank Fitzgerald, stage manager, and Wilmot Chase and George Egan, projectionists, assisted materially. The theatre was donated, and Mr. Golding was thanked for the generous act.

The Imperial was set in the atmosphere of a kitchen and the players performed utensils used for coffee, tea, soufflé, candy, etc., an old kitchen grandfater clock acting as judge of a clever argument that arose over the value of the respective food drinks. Those in the playlet were Violet Day, Ruth Lewis, Frederick Taylor, Harold John, Katherine Karle, Georgiana Earle, Jean, Souther, Beta Godwin, Elizabeth Souter, John Collins, Mildred Corbett, Winifred Lake, Marie Taylor, Audrey Mitchell, George Lake, Noble Coleman, Walter March, Margaret Earle, Roberta Jones, Ruth Ellis, and Helen Lewis.

Mrs. Taylor was highly complimented for the efficient manner in which she trained the children at short notice. The costuming was also a matter for congratulation.

ARGUMENT WILL BEGIN MONDAY

Tobique Salmon Club Superintendent Last Witness In Inglewood Case

Thos. F. Allen Speaks of Value From Fishing Rights Standpoint

Evidence in the arbitration proceedings between the Inglewood Pulp & Paper Company and the New Brunswick Electric Power Commission was concluded before Mr. Justice LeBlanc in the Equity Court room yesterday afternoon. Argument by counsel will begin on Monday afternoon at 2.30.

Thomas F. Allen, superintendent of the Tobique River Salmon Club, was on the stand most of the afternoon. He was called by the company to give evidence concerning the value of salmon fishing rights. Mr. Allen said that if the conditions on the Musquash were such as had been described in the proceedings the rights should be worth at least \$100,000.

The cross-examination of F. S. Clinch, who had been recalled at the morning session, was finished shortly after the noon recess. Mr. Allen was the next witness. He said that his club exercised protection over practically the whole of the Tobique River.

Much of his evidence was of a technical nature having to do with the habits of salmon. Apart from its value as evidence, his testimony was of great interest to those in court who were interested in fishing.

INCREASING DEMAND

The witness told of the increasing demand for salmon pools and fishing privileges and gave instances of high prices which had been paid for rights.

In one instance, he said, he had gone to bargain for fishing rights prepared to pay \$138,000, but had been outbid. The rights in question were now being held for \$200,000. The water he spoke of was on the MataPELLA River and was nine miles in length.

TAKE THREE OR FOUR YEARS

He placed the time necessary to re-establish the stream as a good salmon water at three or four years. If it were stocked with spawns or fry they would go out to sea and return as grise. On the representations made to him he

would not hesitate to advise expenditure of \$100,000 for the fishing rights.

Regarding obstructions, he said that salmon would follow the main stream to its headwaters, shunning the tributaries that fed it. The limit in height for fishways should be 12 feet. The rise should not be more than one foot in ten. To put a fishway in a 40-foot dam meant that the entrance should begin 200 feet downstream. If the entrance were so far down he thought the fish would ignore it, thinking that it was the mouth of a small tributary.

SPAWN WASTED

The fish would swim up to the dam and along it looking for an opening. When the spawning time came they would still be there and the spawn would be wasted as a means of restocking the stream.

SECOND APPEAL TO LEAGUE PRESENTED

Report of Greco-Turk Dispute Followed by Poland-Lithuania Protest

Canadian Press

GENEVA, Feb. 27.—Following closely by the action of Greece in appealing to the League of Nations to settle a boundary dispute between Greece and Turkey, a conflict in the Baltic suddenly loomed on the League horizon when Lithuania filed a vigorous protest against Poland, alleging that the recent Polish frontier action constituted a "new invasion of Lithuanian territory" by Polish troops.

Lithuania urgently demands intervention by the League to avoid bloodshed. Liberation of Lithuanian soil and the release of imprisoned Lithuanian militiamen are asked. Poland insists it was Lithuania that began the frontier disturbance by occupying a forest situated on Polish territory.

Both communications have been transmitted to the members of the council, and it is understood M. VITTORELLO, of Italy, who is acting as president of the council until Viscount Ishii of Japan takes over the chairmanship at the March session, will send messages to both governments urging direct negotiations to settle the controversy.

MONCTON POLICE SAY BEGGARS BUY LIQUOR

MONCTON, Feb. 26.—Peter Burke, who was given a six months' suspended sentence for theft about a week ago, was fined \$10 or two months for vagrancy here today.

Frederick Godsoe, charged with being, was remanded to jail in order that the prosecution might secure additional witnesses. Both Godsoe and Burke, it was alleged, had liquor in their possession when they were arrested.

Hanford Berry was sentenced to a \$10 fine or two months for vagrancy and George Mackay was sentenced \$10 or one month for begging.

The police report that vagrants and beggars are increasing in the city and vigorous measures may have to be taken with them. Most of the money received, the police say, goes for liquor.

VANCOUVER AND OUR PORTS

The people of Vancouver are losing an opportunity to advance the interests of their port. They are fortunate in having extensive terminal facilities, and their chief concern is to get more traffic.

A FALSE IMPRESSION

An English writer, Mr. Percy C. Hurd, appears to find in Canada a tendency to drift away from the Empire and toward the United States.

or states like Colorado, where there

is no censorship. They show us a

messy lot of contradictions and silly

absurdities in muzzling up films, aggra-

vating, useless annoyances, and fre-

quent petty politics and tyranny as

the result of their differences of

opinion.

It is not an easy thing always to

know how to overcome evil with good.

It is much easier for some parents,

teachers, and pastors, to leave the job

to a board of censors or some other

arbitrary restraint than to grapple

with the causes of evil, and therefore

they are likely to founder in their own

helplessness because they do not know

what is good and what is evil.

The result of governmental cen-

sorship would be to invite all of the

evils that come from any govern-

mental censorship to intolerance,

bigotry, fanaticism and tyranny, the

like of which this country has never

known, as bad as they are getting to be

now.

Far more children have been made

good by movies than bad.

The great trouble with some people

in this country is they do not under-

stand the causes of evil, and therefore

propose impossible remedies for the

suppression of evil, depending too much

on artificial restraint that comes from

without. This is creating a very indif-

ferent among parents, teachers and

preachers toward the important re-

straints that come from within.

We must know how wisely to teach

our children to be their own best

censors.

Poems That Live

RECOLLECTIONS OF THE ARABIAN NIGHTS.

When the breeze of a joyful dawn blew free In the silken sail of infancy.

The tide of time flowed back with me, The forward flowing tide of time;

And many a sheeny summer morn, Adown the Tigris I was borne.

By Bagdad's shrines of fretted gold, High-walled gardens green and old,

True Mussulman was I and sworn, For it was in the golden prime

Of good Haroun Alraschid.

Anlight my shallop, rustling through The low and blooming foliage, grove

The fragrant glistening deeps, and clove The citron shadows in the bier;

By garden porches on the brim, The costly doors flung open wide,

Gold glittering through lamp light dim, And brodered sofas on each side;

In sooth it was a goodly time, For it was in the golden prime

Of good Haroun Alraschid.

—Alfred Tennyson.

HOW MUCH POWER OUGHT YOU OR NEIGHBORS TO HAVE OVER YOU?

THE limits of the power which can be legitimately exercised by soci-

ety over the individual is a question that is coming more and more to the

fore.

It is not a new question. In a cer-

tain sense, it has divided mankind al-

most from the remotest ages.

But in olden times this contest was

between subjects, or some classes of

subjects and the rulers.

John Stuart Mill, in the Introduction older

than I did at 30."

CORRECT this sentence: "I'm 32,"

he declared, "and I don't feel a day

older than I did at 30."

RADIO OWNERS MAY FACE COURT

Officials, Seeking Interferences, Find Some Fans Lacking Licenses

Sets Confiscated in Halifax After Company There—License Fee is \$1

Radio enthusiasts in Saint John have been complaining of interruptions in the reception of programs due to the action of some fans who have perhaps more than anticipated, as a result several of them will probably appear in the local police court next week to answer a charge of having no license for their radio sets.

In view of the complaints from the district the government sent A. C. Caton, interference inspector, here to assist Inspector F. Horn, who looks after radio equipment on shipping calls here, in an effort to locate the sources of trouble and have as many eliminated as possible.

While carrying out this work the inspectors incidentally checked up several persons who had registered protests regarding the reception trouble and in some instances found that some persistent complainers were owners of radio sets who had not secured their licenses.

This discovery precipitated a campaign in which the inspectors were to have the assistance of an officer of the Royal Canadian Mounted Police. The list of persons having sets without a license for them has been growing rapidly it was said, and it is expected to be dealt with in the police court next week.

The inspector came here from Halifax where a campaign was conducted against violation of the radio license law, along with the other work. It was reported that in the city some radio sets were confiscated for failure to comply with the act. Fines were also imposed. The same thing occurred recently in Montreal.

The act dealing with the licensing of radio sets calls for the imposition of a fine not exceeding \$50 on summary conviction. The license fee for receiving sets is \$1 a year.

After that there was an election, And Will felt very sad at heart, The Progs were the only one, And Robert felt quite remorseful At the terrible wrong he had done. So bright and early after election morn, Robert was quite surprised to see Willie King's wrecked cabinet Tying apples on a lilac tree.

LESS BREAD EATEN BY LONDON PEOPLE

Two of Largest Flour Mills in British Capital Forced to Close Down

LONDON, Feb. 27—Two of the largest flour mills in London have been closed for short periods recently. The main cause of this closing down is that less bread is being eaten. Less bread was eaten in England last year than in any year since the war. What imports in 1924 amounted to 5,871,000 tons; in 1925 they were 4,887,000. Flour imports also decreased by over 100,000 tons.

These figures, says this week's issue of the "Millers," mean that bakers sold 736 million fewer loaves in 1925 than in the previous year, and that individual consumption was about sixteen quarters loaves less.

A reduction in the consumption of bread is generally regarded as a sign of increasing prosperity. The manager of one of the largest milling firms in London said to a "Daily Express" reporter yesterday that the public are buying other and more expensive foods.

COURT NEXT WEEK. This discovery precipitated a campaign in which the inspectors were to have the assistance of an officer of the Royal Canadian Mounted Police.

Why Modern Young Men Rebel at the Expensive Sport of Courting—Is the Youth of 25 in Love With the Rich Woman of 60?—Should a Wife Help Her Poor Relations?

OUR DEAR MISS DIX—Since the war there has been a marked decrease in marriages. We wonder, does the modern woman realize WHY? The following reasons are the opinions of a club of forty bachelors:

Today's courtship is unfair. Young men do not make fabulous salaries. A great many young women make as large, and even larger, salaries than the young men. Living is expensive, yet it is expected, and claimed as a right, that the young woman shall at all times be treating the young man as if he were a pauper. He is expected to support her, while the young woman can spend her money on clothes or save it.

By what inherent right the modern woman expects and can ethically permit a man to spend his money on her is more than we bachelors know.

Furthermore, is not the modern woman selfish and unfair not to reciprocate by inviting the modern man to dine at her home occasionally or by suggesting a quiet evening at her home once or twice a week?

The modern young man is getting tired of the independence and selfishness of the modern young woman. He is refusing to indulge in the expensive sport of courtship, when the whole burden is placed upon his shoulders. He is refusing to marry a type of woman who puts her home secondary to bright lights, entertainment and lavish dressing.

We therefore register with our complaint, but we beseech you not to suggest that the young man should find a different type of woman, for there "ain't no such animal."

THE MISOGYNISTS.

ANSWER:

I have frequently warned girls that they were making the high cost of living so pocket-wrecking that it left a young man nothing to which to marry. Also I have pointed out from time to time that in the old days, when a maiden entertained her beau at home, there were far more weddings than there are in these days, when the girl expects a young man to amuse her by taking her out to restaurants and dinner-dances and cabarets.

As my correspondent aptly points out, if a young man spends all of his money in giving a girl a good time he has none with which to buy wedding rings or set up a home. Furthermore, he figures out that if a sweetheart is such a costly indulgence, a wife will be a prohibitive luxury. Undoubtedly the young woman who when he calls meets the young man with her hat on and the query, "Where do we go?" kills the goose that lays the golden egg, because in demanding expensive entertainment she puts it out of the young man's power to marry, even if he wanted to. That is mistake number one.

Mistake number two is depriving herself of the suggestions that she would derive from a domestic background.

There is nothing that inclines a man's thoughts toward matrimony in a jazz dance hall, nothing that softens his heart to sentiment in a restaurant, where he is subconsciously figuring the price of the meal and wondering if he has money enough to pay for it. But it is far different when he is sitting quietly and comfortably in the girl's parlor or helping her to make coffee in her kitchen.

More good matches have been pulled off on the old-fashioned sofa by the radiator than ever were in all the high-priced places of amusement put together.

Of course, the idea that the man should pay all the score when he takes a girl out for a good time is a hangover from the days in which women were dependent and had no pocketbooks of their own. Now when the girl may have as good a salary as her beau, there is no reason why she should not pay her share of the bill. And if it is not feasible to go Dutch treat, the girl should at least even up by entertaining the young man in her home and staying at home sometimes instead of always requiring to be amused abroad.

But I most emphatically disagree with my correspondent that there are no girls who are willing to be friends companions to a man. There are plenty of them everywhere.

DOROTHY DIX.

DEAR MISS DIX—I am a young man 25 years old and have been keeping company with a lady who is past 60. She is very good to me, gives me money, buys clothes for me and has recently bought me a new car. But if she gets angry with me she takes me from me and everything else she can get that she has given me and doesn't return them until I smooth things over again.

ANDREW.

ANSWER:

Certainly not. All that you are in love with is her pocketbook, and you are playing a most contemptible role, wheedling money out of a silly old woman who is infatuated with you.

Break up and break off your relationship with her. Be a man, and not that most loathsome of all creatures, the poor, weak, male parasite who grafts a living from a woman.

You are young now. You can make anything you please of yourself. You can become one of the men whom other men honor and respect, but you will never do it hanging on to a rich woman's skirts.

Every man who knows you now sneers at you and despises you, and if your old woman gave you a million a minute and every car that was turned out of every automobile factory in the country, it wouldn't pay you for the thing you are becoming in your own eyes and every decent man's eyes.

DOROTHY DIX.

DEAR MISS DIX—Before I married I was a successful working woman earning a good salary. I was interested, happy and contented, because I had something to do and because I could help my family, who are very poor.

Now I am married and my husband refuses to let me work. We have no children. I am well and strong, yet for ten years I have done nothing but walk backward in a room like a caged animal. I am miserable, having nothing to do. But the real reason I want to go back to work is because my relatives are in destitute circumstances. They go cold and hungry, sick, without the money to buy medicines. When I go cold and hungry, sick, without the money to buy medicines, when I am hungry, when my husband gives me something especially fine to wear I hate it because they are ragged.

My husband will not give me a dollar to give to my people, yet he gives all the time to his. Isn't this unfair?

VERY UNHAPPY.

ANSWER:

It is most unfair and most cruel. If your husband will not give you the money to help your people who need it so badly, he should not object to your working and earning it yourself.

Strange that a man should think that when a woman marries she severs all the ties of blood and that she no longer aches with the sorrows of her own people! Strange that a man should think that a woman could be tender and loving and loyal to him and yet be hard and callous and disloyal to the mother who bore her, to the father who cherished her, to the brothers and sisters who grew up with her!

When a man marries a woman he monopolizes a woman's time. He keeps her from earning money with which she can do as she pleases, and in just common, ordinary honesty he owes it to her to give her some money that she can do with as she pleases.

Many men do not do this, however, and so they drive their wives to stealing from them and to making padded accounts at the stores where they have charge accounts.

And the woman whose husband forces her to deal dishonestly with him hates him for it.

He Has Kissed 40,000 Women

By ROY J. GIBBONS.

CROWN POINT, Ind., Feb. 27.—Here in this tiny county seat which has often been referred to as the Green of America lives a man who has kissed between 35,000 and 40,000 women.

And the remarkable thing about it all is that he lives to tell it.

However, there are kisses and kisses. And the kind that Howard H. Kemp bestows beyond the portals of his own home are strictly in line of duty.

In fact, they are official kisses. For kissing is part of Kemp's business as the "marryingest squire" on earth. It is said of him that he has tied the marital knot more times than any man alive.

THE FIRST KISS.

Since he became a justice of the peace 18 years ago Kemp has celebrated almost 40,000 weddings. And with every ceremony he has given to the blushing bride her first kiss. Let her be very careful not to receive one in turn.

"Although," says Kemp, "some newlyweds do get fussed and make mistakes which are not their faults or mine."

By his trade, profession or business of supplying benefit of clergy to love's young dream, Kemp has built a tidy business which knows no slack and an equally tidy fortune.

Figure it out for yourself. Multiply 40,000 weddings by the average fee, which seldom runs less than \$5 and frequently is raised to \$100 levels by a new and generous husband anxious to make an impression.

Kemp isn't so sure about other world problems. But he is positive that the institution of marriage will continue till the crack of doom.

"Brides are all the same," he says. "They were the same 18 years ago as they are now. All of them want attention. And the man who supplies it will live longer because he will be happier after the bridal corse has been laid out."

Kemp's average month seldom runs less than 800 weddings. And business is often so brisk that he has to call in assistants.

His office resembles a wedding assembly plant. There is a reception room, a wedding parlor and a place where Dan Cupid's records are kept. Piles of empty wedding ring boxes that the "marryingest squire" has collected fill several bins and the overflow is sufficient to heap 20 waste baskets to the brim.

MARRIED THE SHEIK.

He has married men who became millionaires, statesmen, professors, and once he married Rudolph Valentino,

Howard H. Kemp and a few of the baskets full of wedding ring boxes that he keeps as souvenirs.

on one of that actor's ventures into the wedded state.

To the women Kemp says: "Don't pester him. Treat him like his mother used to. And don't forget to feed him well."

To the men he gives this advice: "She'll like pretty hats, son. Buy them. Take her out at least once a week. Don't forget this day every year. Apologize to her though you're right or wrong. And never forget the daily kiss."

He is married himself and speaks from experience.

Putting after the ceremony is what keeps couples united and the divorce courts empty. So "by all means," he tells his clientele.

Is this your BIRTHDAY

FEBRUARY 27

Notwithstanding your restlessness, you are methodical in your habits; but you are inclined to be indolgent. You are fond of responsibility, and like to be a leader. You are devoted to your family, and receive a large measure of love in return. You have a desire to be first in everything, and learn to appreciate the good in others. Your birthstone is an amethyst, which means sincerity.

Your flower is a primrose.

Your lucky colors are light blue and yellow.

FEBRUARY 28—Your interest in religion is very remarkable, and you should do a great deal of good in the world. You are fond of travel and outdoor life. Learn to appreciate the kindness and love shown to you, and cultivate hope and courage.

Your birthstone is an amethyst, which means sincerity.

Your flower is a primrose.

Your lucky colors are light blue and yellow.

IN NEW YORK SEE SAWING UP and DOWN BROADWAY

A FEW years ago, when Greenwich Village was a character known to every village as Tiny Tim.

In those days the Village went in for queer attire, eccentric people and viewpoints that shocked the conservative mind. Tiny Tim appeared in a café selling candy.

It was, to all appearances, quite ordinary candy, but Tiny Tim attached mystical import. This many hued candy "matched the colors of the soul," and all that sort of apoplexy.

In those days the Village went in for queer attire, eccentric people and viewpoints that shocked the conservative mind. Tiny Tim appeared in a café selling candy.

No one had taken the trouble to notice that Hollywood had become the new Greenwich Village of America and that "arty" folks looked there by the train load. So "by all means," he tells his clientele.

Fashion Fancies

By Marie Belmont.

The frock above uses simple bows, knots of self material for fastening and trimming, and the effect is pleasingly feminine.

Heavy navy blue crepe is the material chosen, and a lighter touch is imparted by a strip of bright green satin, inserted down the front length.

Other frocks for Spring are shown with similar treatments, except that the bow-knots are of white linen piped in a bright color. A navy crepe roma frock chooses white linen piped with red, and has a tiny round collar to match.

TODAY'S RECIPES

Shrimp Salad—Drain shrimps, break into small pieces and mix with the same amount of celery cut into small pieces. Serve on a nest of lettuce, with mayonnaise.

Velvet Cream—One quart milk, one-half small box gelatine, three-quarters cup sugar, three eggs. Put the milk into a double boiler, add sugar at once and gelatine. When hot and well beaten yolks of eggs and cook until gelatine is dissolved and it looks like a thin custard (about 10 minutes). Put beans, hard (about 10 minutes). Take from the stove and add at once the beaten whites of the eggs and flavor with a teaspoon of vanilla. If needed for lunch, make the day before and serve with cream.

Baked Beans—Wash one pound of navy beans thoroughly and put to soak overnight. In the morning drain off the water in which they have been soaking and put on fresh in which a little baking soda has been dissolved. Pour this off when it comes to a boil and put on more and let the beans boil until the skins roll up, when you blow on the beans (about 10 minutes). Put beans, hard (about 10 minutes). Take from the stove and add at once the beaten whites of the eggs and flavor with a teaspoon of vanilla. If needed for lunch, make the day before and serve with cream.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

NICK TELLS A STORY

"And now," said Blue Whiskers to Nick, when he had finished wiping his eyes, "if you can tell me a story as funny as your sister's, I shall not only forgive everything, but I may be able to help you to find the blue cherry."

"Oh, then you do know where the blue cherry is?" cried Nick.

"Not exactly," Blue Whiskers, "but there are things in the by-laws and constitution that may lead to its discovery. Please commence."

Blue looked even more anxious than he had before and kept taking his notes back again.

But he needn't have worried, because Nick started right off to tell his story.

"Once upon a time there was a baby," he said, "that was very new."

"I know what you'd better do if you want him to grow fast," said the baby's mother. "We'll feed him on elephant milk."

"So they fed him on elephant milk and he gained and gained. In one week he had gained twenty pounds, in two weeks he had gained forty pounds, in three weeks he had gained sixty pounds."

"You'd think that by that time he'd be big enough, but he wasn't, for his mother kept right on feeding him elephant milk."

"I suppose you want to put him in a circus," said Blue Whiskers.

"That was just it," nodded Nick. "His mother wanted to put him in a circus when he was bigger."

"So she kept right on feeding him elephant milk and every week he kept on getting fatter. It wasn't long until he was PERFECTLY ENORMOUS!"

"I should say so," said Blue Whiskers. "Whose baby was it? Anyone I ever heard of?"

"I don't know," said Nick. "It was the elephant's baby."

At this not only Blue Whiskers, but Juke and the shaggy bear and all the laughter, that the crabs and lobsters and cold-fish in the moat put their claws and fins in their ears in alarm.

"My, my!" they remarked in wonder. "Something had happened to poor old Blue Whiskers into such a good humor. He is shouting at the top of his lungs."

Inside the palace Blue Whiskers was saying, "I haven't laughed so hard since the river ran uphill. So now I shall try to help you to find the blue cherry. Suppose the tree that bore the blue cherry was lost about a hundred years ago. Someone dug it up one dark night and ran off with it. In the morning there was nothing left but a hole in the ground."

"Did the tree have many blue cherries on it?" asked Nancy.

She said, "At least, Ten nice!"

DEAD ON HIS FEET.

They went riding after the party. And the night was very cold. He didn't attempt to keep her warm. For fear she'd think him bold. "Are you nice and warm?" The lad asked her twice. And with chattering teeth, She said, "At least, Ten nice!"

THE WORLD COURT

(New York Herald-Tribune.)

The world court offers no immediate cure of anything. It looks to a vast conception, the gradual development of a new reign of law in the world. For this end great preliminaries must first be prepared. The law itself must be gradually clarified and established by precedent and by codification. Here alone is the task of a generation and more. Step by step with this growth of law must be developed the ability to obey it in the hearts of the people of the world. Here is a task of many generations. To make the court itself fit to be thus respected is not less essential.

BABY'S OWN TABLETS ARE OF GREAT VALUE

To All Mothers Having Young Children in the Home.

No other medicine is of such aid to mothers of young children as is Baby's Own Tablets. The Tablets are the very best medicine a mother can give her little ones during the dreariest teaching time because they regulate the stomach and bowels and thus drive out constipation and indigestion; prevent colic and diarrhoea and break up colds and simple fevers.

Concerning Baby's Own Tablets, Mrs. J. A. Patterson, Scotch Village, N. S., says: "I have six children, and all the medicine they ever get is Baby's Own Tablets. I would use nothing else for them and can strongly recommend the Tablets to all other mothers."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BUILDING FUND IS INCREASING

Health Centre Directors Start Movement To Purchase Quarters Reports on Month's Work Show Much Activity—James MacMurray is Welcomed

THE Health Centre governors at their meeting last night decided to make an effort to raise a building fund to purchase the property at present occupied. Dr. G. A. B. Addy, president, was in the chair and the meeting was well attended. Reports of the month's work were most satisfactory.

BALANCE ON HAND Expenses in January totalled \$322.71 and receipts \$391.93, and the balance on hand was \$1,034.45. There was still \$227.74 due from the municipal grant for 1925, a check for \$270.96 having come to hand instead of \$500.

QUESTION OF TAG DAY Mrs. T. N. Vincent, convenor of the ways and means committee reported having written to the acting mayor to ask for a tag day in October, the request had not yet been granted as no exact date had been set. Mrs. Vincent

presented \$50 from the Saint John Women's Institute as the first contribution of an organization to the Health Centre building fund.

MONTH'S STATISTICS The administrative committee reported statistics for the month as follows: At 12 well baby clinics, 86 attended and the nurse made 877 home visits and 92 advisory visits. At 9 anti-tuberculosis clinics, 44 attended and the nurses made 477 visits. The patients of the 25 social hygiene clinics made 1,047 attendances and the nurses made 10 calls and examined 84 suspects. At 19 dental clinics, 127 attended and seven cases were referred to other care and the nurse made 25 calls. Nine children attended the for pre-school age clinics and the nurse made 21 calls. There were seven cases attending the pre-natal clinic in connection with the nurse made 91 home visits. There were 74 children at the 21 school clinics and the nurse made 86 visits. The total of home visits was 977 and at 94 clinics, 1,361 attended.

HOME COMMITTEE For the house committee Miss H. Dykeman reported that the lecture hall was being used practically every afternoon and evening for classes conducted by the Red Cross and by the Saint John Ambulance Association.

DR. HILTZ HEARD

Interesting Address on Sunday School Work in C. of E. Institute

Rev. Dr. R. A. Hiltz, general secretary of the Board of Religious Education of the Church of England in Canada, who was passing through Saint John on his way to King's College, Halifax, to give a course of lectures, addressed a special meeting of the Saint John deacons' Sunday school Teachers' Association last night in the Church of England Institute. J. N. Rogers, president, was in the chair. Dr. Hiltz heartily thanked the president for arranging the special meeting and congratulated the association on having established a teacher training course.

The subject of Dr. Hiltz's address was "Some present day phases of Sunday school work." He gave very many helpful suggestions with reference to the study of Sunday school lessons and Sunday school problems generally and dwelt particularly on the duties of teachers.

A hearty vote of thanks was extended to Dr. Hiltz on the motion of Thomas Dyer, seconded by Rev. H. A. Coady.

The Salmon's Wonderful Leap Salmon, when they get fat and strong, leave the sea for the rivers in which they were born. Often there are rocks and waterfalls in the river but the salmon, which is very powerful, leaps up the rocks. Sometimes, as we see here, a fish leaps over the rocks at a single bound. Everybody loves the great out-doors, the birds, the wild flowers, the trees—and wants to know about them. The whole wonderful world of nature, with its fascinating stories of wild life—animals that puzzle us; big fish of the sea and river; bees and wasps; things that creep and crawl; the winter sleep of animals. All are beautifully illustrated, and told in The Book of Knowledge Each story an adventure; each picture an impression unforgettable. Its joyous invitation rings out to the children, "Come on and let us see the world and explore its magic kingdoms!"—It is odd to think that the sponge we use in the bath was once alive and breathing oxygen like a fish, and that the chalk used on the blackboard at school was once a living insect. TRAVEL IN THOSE DAYS DIFFICULT

Archives Tell of Hardships of Pioneer N. B. Clergymen

Interesting Reference to Visits of Bishop Inglis—Tells of Church at Sussex Vale

The following sketch of the hardships endured by clergymen of the province in pioneer times is taken from the records of the late Ven. Archbishop Raymond in the office of the Dominion Archives, Princess street.

BY CANOE

"Rev. Frederick Dibble had to travel by canoe from Woodstock to Fredericton. The bishop frequently gathered up the clergy who lived on the River Saint John in his own boat as he came usually went to Fredericton to visit his son-in-law, the Rev. George Pidgeon, and his friends, Lieutenant-Governor Carleton, before he held the triennial visitation in Saint John.

BY WATER AND ICE

"When Frederick Dibble was ordained a deacon, in 1791, he peddled his canoe from Woodstock to Fredericton, proceeding thence (probably in a sloop) to Halifax in a sailing vessel, where he was admitted to deacon's orders by the bishop in St. Paul's Church on the 29th October. By the time he was returning up the river Saint John ice was forming and he reached his home at Woodstock on skates, having travelled some 500 miles and being nearly two months absent from his family.

known. Navigation along the route of the railway in Kings county was mainly in boats up the River Kennebecasis. In winter the ice formed a natural highway which was largely used in some parts of New Brunswick.

"Rev. John Beardsley was an excellent canoe-man and made many pioneer missionary trips to visit the scattered settlements along the River Saint John as far north as Woodstock.

"Bishop Inglis writes in 1809: 'New Brunswick is much intersected by water, so that there is no possibility of traveling in those parts where my business called me without water-carriage. Major-General Hunter, the worthy president and commander-in-chief of New Brunswick, kindly furnished me with his barge and seven men which accompanied me during my circuitous course through the province.'

"And it may be proper also to mention that I was indebted to Sir George Prevost and Sir John B. Warren for passage across the Bay of Fundy both in going and returning. From Saint John I proceeded to Sussex Vale, partly by land but chiefly by water. Here I had the pleasure to find a decent church almost finished and capable of holding upwards of 500 people. When I was last here there was no church and Mr. Arnold's house held all the people who attended divine service. Now the church could not contain the people who assembled on a week day at a confirmation. On the 27th July, 1809, 120 persons were confirmed. Mr. Arnold is a diligent and useful missionary and much esteemed by his parishioners.

"Bishop Inglis was conscious of the need of having younger men employed as missionaries. He speaks of one missionary as a 'quiet, ineffective man, who will neither do much good or much harm and is much distressed in his circumstances.' He strongly recommends another to the S. P. C. 'whose talents are respectable, his moral character exemplary, he is in the prime of vigor of life, being 35 years of age, circumstance of great moment in so extensive and laborious a diocese as this.'

ASKS LENIENCY FOR FELLOW PRISONER

Robber, Given 5 to 15 Years, Takes Full Blame For Breaks

BOSTON, Feb. 27.—Philip Sackovitz, when sentenced to the State Prison for a term of five to 15 years, pleaded with Judge Fodick for leniency for his companion in the breaks which have torn at the Brighton and Manhattan districts.

He declared that he was responsible for the connection of John J. McCarthy, who stood at his side in the dock, with the crimes charged against them; that McCarthy had been drinking heavily, was out of work and he had induced him to help him in the numerous breaks, which are said to have netted them between \$17,000 and \$18,000 worth of property. McCarthy was finally given from three to 15 years.

GETS ADDED TERM

Sackovitz was given an additional sentence of five to 15 years, but it is to be served concurrently with the other. This second sentence was on another count, to which he had also pleaded guilty.

ARRESTED AT SYDNEY

McCarthy was arrested at Sydney, N. S., after the police had traced him there last week through parcel post packages which he had caused to be sent there.

ELOPING TEACHERS OUSTED

EASTON, Pa., Feb. 27.—Mrs. J. Douglas Hamm and Mrs. Oliver J. Miller, York and were married last Saturday, having been dropped by the Bangor School Board. The young women had planned to begin housekeeping until June and had expected to finish the school term. But the school officials of Bangor do not find married women desirable as teachers and the newlyweds were dropped.

LONDON, Feb. 27.—Many duties fall to the lot of a mayor during his term of office, but probably few have turned steeplejack, as was the case with Alderman Gilbert Barford, the Mayor of Bedford, recently.

CONSTANT CURLING AND WAVING RUINS HAIR

Girls just must curl and wave their hair to appear their prettiest. But constant curling and waving burn and dry the lustre, vitality and very life from the hair.

"Dandarine" is a dependable tonic which restores vitality and strength to the hair, bringing back the youthful gleam, glint and vigor of youth. Falling hair stops and dandruff disappears. "Dandarine" is pleasant and easy to use.

BISSAILLON TELLS OF AUTO EPISODE

Says He Did Not Believe Car Captured in Montreal, Smuggled

OTTAWA, Feb. 27.—For about eight hours yesterday the special house committee on customs probed the question of cars seized by preventive officers. The committee sat morning, afternoon and into the night. It was the longest day of the whole investigation and had its dramatic moments when J. L. A. Bissillon, former chief preventive officer of the port of Montreal was called to the stand. It appeared prominently in the Stevens charges which led to the appointment of Mr. Bissillon as preventive officer.

Mr. Bissillon was particularly questioned on the seizure in the streets of Montreal the now famous sedan supposed to be owned by Morris Delage, of Holyoke, Mass. There were two men occupying the car when it was seized by Bissillon, one of them ran away—Bissillon had been told that the man who ran away was Delage. The identity of the man who remained he did not know. His car was seized because it was an American car reported for sale without being exported to customs. Mr. Bissillon did not believe it had been smuggled.

WOMAN ESCAPES DEATH BY TIGER

Wounded Animal Attempts to Reach Her—Husband's Bullets Save Her

CALCUTTA, Feb. 27.—A thrilling story of an English woman's escape from death by a tiger-shooting in the Terai with her husband is reported here. Mr. Smythies, of the Imperial Forest Service, and his wife were out shooting when Mrs. Smythies fired at a tiger from a machan and wounded the animal. Her husband was guarding the entrance to a strip of jungle from which the tiger had been beaten out and twice drove it back to her. Both his shots missed.

The tiger thereupon climbed the tree and attempted to get into the machan after Mrs. Smythies. She rammed her rifle down the throat of the beast and pressed the trigger, but the cartridge missed fire. As there was no time to reload, Mrs. Smythies attempted to get out of the machan, and in doing so was thrown, and fell to the ground.

Her husband had fired as the beast was climbing the tree, but though it was moving slowly and was hit again and again the beast got right up. Mr. Smythies' last shot was a desperate attempt indeed, and it was this last shot that brought the tiger down and finished it. The animal was a good specimen, measuring 9 feet 9 inches.

HEALTH YOU ADMIRE . .

Buoyant, vital, they banished their ills—found fresh joy in life—with one simple food

NOT a "cure-all," not a medicine in any sense—Fleischmann's Yeast is simply a remarkable fresh food.

The millions of tiny active yeast plants in every cake invigorate the whole system. They aid digestion—clear the skin—banish the poisons of constipation. Where cathartics give only temporary relief, yeast strengthens the intestinal muscles and makes them healthy and active. And day by day it releases new stores of energy.

Eat two or three cakes regularly every day before meals: on crackers—in fruit juices, water or milk—or just plain, nibbled from the cake. For constipation especially, dissolve one cake in hot water (not scalding) before breakfast and at bedtime. Buy several cakes at a time—they will keep fresh in a cool dry place for two or three days. All grocers have Fleischmann's Yeast. Start eating it today!

And let us send you a free copy of our latest booklet on Yeast for Health. Health Research Dept. L-724, The Fleischmann Co., 208 Simcoe St., Toronto, Ont., Canada.

Buffalo Railroad Man Finds Yeast Valuable For Clearing Skin

"SKIN ERUPTIONS had broken out all over my face and body. I went to a doctor to see what he could do for me. He told me to take Fleischmann's Yeast. I did so for about two months. It was like magic. Now I have a complexion as any one could wish. In addition Fleischmann's Yeast gave me a new lease on life. I was generally discouraged. I seemed to have no ambition and was thoroughly wretched. Now I am in the best of health. And there is not a minute of the day that I do not eat 'Yeast in the house.' Henry W. Eich, Buffalo, N. Y.

Graduate Nurse Recommends Fresh Yeast

"I AM A GRADUATE NURSE. Necessarily eating all sorts of food, I became very constipated. I would not take cathartics, knowing the dangers of their continued use. I tried Fleischmann's Yeast. In a very short time my constipation was gone. The nicest part of it all is not only the wonderful difference in the way I feel, but in what it really is. And now all my friends greet me with the remark, 'How well you look.' I have recommended Fleischmann's Yeast to many of my patients." Mrs. C. M. Bull, Columbus, Ohio

Dancer Praises Yeast for Health As Aid To Digestion

"DUE TO THE STRENUOUS DEMANDS that come upon a dancer makes me, I found myself very run-down. I was so very tired that I could not assimilate food. A friend suggested Fleischmann's Yeast, so I decided to try it. In three weeks my digestion had improved remarkably. In six weeks I was as good as new. Nowadays as soon as I start feeling overtaxed, I take three cakes of Yeast a day to straighten me out." Cecile D'Andree, Yorkers, N. Y.

Former Mayor of St. Louis Finds One Simple Food Beneficial as Tonic

"BEING SOMEWHAT FAGGED through close application to the many duties devolving upon the office of mayor, I decided to try Fleischmann's Yeast. Much to my gratification, I found the results most beneficial. It tones up my whole system. The great amount of Yeast consumed by the people of the United States indicates undoubtedly to my mind the wonderful medicinal properties in Fleischmann's product. It is no wonder that everywhere we meet enthusiasts about Fleischmann's Yeast." Henry W. Kiel, St. Louis, Mo.

FLEISCHMANN'S YEAST IS MADE IN CANADA

THIS FAMOUS FOOD tones up the entire system—helps digestion—clears the skin—banishes constipation. You will find many delicious ways of eating Fleischmann's Yeast for Health. Spread it on crackers—dissolve it in fruit juices, water, or milk—or eat it plain, nibbled from the cake. Eat it regularly, two or three cakes every day before meals. You can buy Fleischmann's Yeast at all grocers.

600 ESCAPE OHIO MINE BLAST

The main shaft of the Cleveland & Western Coal Company's mine at Powhatan, O., was wrecked, one man was killed and 22 were injured by a coal dust explosion—but 600 men in the mine escaped unhurt because rock dust had been sprinkled on the floor and walls. Photo shows the wrecked mine tipples at the top of the shaft.

MINING IN CANADA PROSPERED IN 1925

Metal Output Exceeded Previous Record; Gold Lead, Zinc Ahead

Steady progress was made in Canada's mineral industry in 1925 and metal mining experienced an activity which carried production above all previous records. The chief of the mining, metallurgical and chemical branch of the Dominion Bureau of Statistics in his report estimates the total value of Canada's mineral output in 1925 at \$228,440,000, an increase of \$18,857,000 over the total of \$209,583,408 for 1924, and more than the previous record of \$227,859,565 in 1920, attained when prices were about 35 per cent. higher than last year.

Among the metals the remarkable advances in the production of gold, lead and zinc were most outstanding; improvement in output marked the totals for nickel, copper and cobalt; silver showed little change; there was an increase in the tonnage of iron ore. Sales of asbestos increased about 35,000 tons to 260,000 tons, valued at \$8,700,000, an increase of \$1,990,000 above the preceding year.

This Studebaker Standard Six Sedan Now \$2315
Delivered in Saint John

—can be sold at its new low price because—it is built on the famous One-Profit basis
—will give thousands of extra miles because—Unit-Built construction fits every part to every other part

THE Studebaker Standard Six Sedans as well as the Big Six Sedans were reduced in price \$105 to \$155 on January 14th.

This is the third Studebaker price reduction since January 1, 1925. It is the result of economies incident to the production of 136,000 Studebakers in the past year, an increase of 23% over 1924.

Only by riding in it can you appreciate how far this Standard Six sedan excels cars priced hundreds of dollars higher.

After you have experienced the thrill of its smooth, effortless power—viewed the fine-car luxury of its interior and marveled at its remarkably low price—remember—this fine Sedan is possible at the price only because Studebaker has concentrated on the economical production of quality cars more than one hundred million dollars in net assets.

Studebaker's unique facilities
Few motor car "manufacturers" have foundries, forges, etc., to make their own engines—yet one-fifth of an automobile's cost is in the engine. Even fewer build their own bodies—yet one-third of a car's cost is in the body. Studebaker builds all its own bodies, all engines, all chassis, gear sets, springs, differentials, steering gears, brakes, axles, gray-iron castings and drop forgings. Only Ford

in the low-price field and Studebaker in the fine-car field have such complete manufacturing facilities.

One-Profit value
These facilities enable Studebaker to manufacture quality cars on a One-Profit basis—eliminating outside profits. The savings thus effected are passed on to Studebaker owners in the form of higher quality and lower prices.

Unit-Built construction
Studebaker facilities result, too, in cars designed, engineered and built as units. The hundreds of parts in a Studebaker function as a smooth-working unit, resulting in scores of thousands of miles of excess transportation, greater riding comfort and higher resale value.

Always kept up-to-date
Direct manufacturing control enables Studebaker to keep cars constantly up-to-date. We add improvements regardless of the calendar—we do not save them up for spectacular annual announcements which make cars artificially obsolete. Resale values are thus stabilized.

Rock bottom time-payment rates
Leading bankers, recognizing Studebaker stability, have made money available for financing Studebaker cars at low interest. They know Unit-Built cars, bought at One-Profit prices and protected from depreciation by being always kept up-to-date are exceptionally fine risks. Therefore, Studebaker is enabled to offer low time-payment rates.

Studebaker Standard Six Sedan

Hamilton, Ont.—I have taken Lydia E. Pinkham's Vegetable Compound and would not be without it now.

My Vegetable Compound, I did, and by the time I took two bottles I was beginning to get around again.

Do you feel broken down, nervous and weak sometimes? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time.

Freshen Up! Nicest Laxative, "Cascarets" 10c

Don't stay headachy, listless, constipated, sick! Take one or two "Cascarets" any time to mildly stimulate your liver and start your bowels.

Nothing else cleans, sweetens, and refreshes the entire system like pleasant, harmless candy-like "Cascarets."

BEING CONGRATULATED Many friends are congratulating Miss Sarah Tellez, of the General Public Hospital staff, who graduated from that institution yesterday at noon.

CROWD DISAPPOINTED A few hundred people gathered on Main street, near the corner of the Long Wharf, last night about 10:30 o'clock.

CARE OF YOUR HEALTH AN IMPORTANT DUTY

The Use of a Tonic to Keep the Blood Rich and Red and the Nerves Nourished is Strongly Recommended at this Season

Nature is always fighting to keep us well. Under normal conditions the forces of health within our bodies keep the disease germs in subjection.

Dr. Williams' Pink Pills urged me to take her advice, and I began taking them. It was not long before I began to find benefit from the use of the pills and in less than two months my health was restored.

Among the well known and esteemed residents of Henford, N.S., is Mrs. Amanda Woodworth. Some five years ago Mrs. Woodworth had the misfortune to lose her husband, and as a result of caring for him during his illness, and attending to farm duties, she became terribly run-down.

Health Fully Restored. Among the well known and esteemed residents of Henford, N.S., is Mrs. Amanda Woodworth.

Always Tired and Nervous. Miss Clara Fraser, Thessalon, Ont., has been brought back to her old strength through the timely use of Dr. Williams' Pink Pills.

Cares of Home and Children. The demands upon a mother's health are many and severe. Her own health trials and her children's

Is Your home your prison? YOU virtually make a prisoner of yourself in your home, when sickness and disease shackle you and restrict your activities.

Free yourself from the fetters that bind you. Gin Pills will quickly release you from pain and suffering and unlock the door leading to health and happiness.

If you are distressed by weak spells, blurred vision, loss of appetite, distracting headaches, or dull pains in the back, be warned. They all indicate congested or inflamed kidneys, frequently resulting in rheumatism, lumbago, and other serious ailments.

Gin Pills clear the kidneys, strengthen them, and exercise a soothing and healing effect upon these delicate organs. As soon as they are cleansed, the kidneys filter the blood stream and assist in the evacuation of all poisonous secretions. Constipation is relieved by the mild laxative action of Gin Pills.

For twenty-two years Gin Pills have been the never-failing remedy for all diseases of the bladder and kidneys. They are made of eight diuretic and antiseptic products, including the oil from the health-giving juniper berry. Let Gin Pills restore you to good health. At all druggists—50c a box.

RED PIMPLES ITCHED BADLY

Neck and Chest Broken Out. Cuticura Healed.

"My daughter's neck and chest were very badly broken out with red pimples that feasted and itched badly. She scratched and itched parts and caused the trouble to spread. At night she could not sleep and the breaking out caused discomfort."

I tried everything I could think of but nothing helped her. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more and after using one cake of Cuticura Soap and one box of Cuticura Ointment she was healed." (Signed) Mrs. R. B. Cross, 61 Seneca Parkway, Rochester, N. Y.

Use Cuticura to clear your skin. Sample each free by mail. Address: Canadian Branch, Cuticura, 225 West 12th St., Toronto, Ont. Cuticura Soap 25c. Cuticura Ointment 25c.

N. B. Historical Society Plan Public Unveiling In Summer Of Three Memorial Tablets

THE New Brunswick Historical Society at its meeting last night in the Natural History Society rooms made arrangements for a public unveiling early in the summer of the three memorial tablets recently erected in the city by the historic sites committee to commemorate Lady La'ou, the site of Fort Chamblais, and the site of the landing of the Loyalists.

It is expected Dr. Clarence Webster, of Shediac, will attend the unveiling. D. C. Clinch, president, was in the chair and there was a large attendance of members.

Two very interesting papers were read. Henry Wilnot read a paper on Dr. John Caleff, a Loyalist ancestor, and showed the curious engagement ring worn by his grandmother, Mehitabel Caleff. The ring has a moss agate surrounded by small rubies.

U. S. INTERESTS IN B. C. RAILWAY DEAL

VICTORIA, B. C., Feb. 27.—The Times publishes the following:—
"United States capital is behind a concrete proposal for the purchase of the Pacific Great Eastern Railway and the development of adjacent land grants, according to reports received in the city from apparently authoritative sources. It is understood that the interests which desire to get hold of the government owned line, will make their proposals known to Premier Oliver and his cabinet within a few days."
"Members of the government said they had not heard of this proposition, but were not surprised to hear that a move of this sort is on the way."
"The terms on which the New York capitalists would be willing to take over the P. G. E. have not been divulged here yet. It has been known for some weeks, however, that the government offer of huge land grants to interests which would own and operate the line, has attracted keen interest in Wall Street."

WEDDINGS

Thompson-Flewelling.
ST. STEPHEN, Feb. 26.—A wedding of much interest to St. Stephen friends was solemnized at Centennial, Carleton county, on Wednesday, Feb. 24, at 11 a.m., when Miss Jean Flewelling was united in marriage with John A. Thompson, of Providence, R. I., the marriage ceremony being performed by Rev. Joseph E. Flewelling, father of the bride. Miss Flewelling was given in marriage by her mother.
The bride, who carried a white kid prayer book, looked very charming in a handsome gown of lace, fitted with a white sash, skirt, collar, and

Weekly Text

Is any sick among you? Let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord.
And the prayer of faith shall save the sick, and the Lord shall raise him up; and if he committed sins, they shall be forgiven him.—James 5, 14-15.

PRICES MOVE HIGHER IN WALL ST. TODAY

Several Stocks Make Gains of Point or More After Break

Canadian Press

MONTREAL, Feb. 27.—Heavy trading in National Breweries and a break in the price of that issue featured the opening of the Montreal Stock exchange this morning. Breweries opened down 1 1/2 at 63, and by the end of the first half hour had eased to 61 1/2. With the exception of Brazilian Traction and Montreal Power, the balance of the market was quiet and the latter was off a point at 220.

IN WALL STREET.

NEW YORK, Feb. 27.—Strong buying support was in evidence at the opening of today's stock market and prices moved irregularly higher. The sharp break yesterday apparently had resulted in a number of margin calls, with the result that General Electric broke 3 points and several others yielded large fractions. Initial gains of a point or more, were recorded by Hudson Motors, Studebaker, New York Central and Radio Corporation. U. S. Steel common opened at 126, up 1 1/2.

Agricultural Body Chooses Its Officers

Canadian Press

REGINA, Sask., Feb. 27.—Officers for the year were elected by the Canadian Council of Agriculture last night. George Edwards, president of the Saskatchewan Grain Growers' Association, being made president in succession to W. A. Amos, of the United Farmers of Ontario. Mr. Edwards was vice-president last year.

A. J. M. Poole, of the United Farmers of Manitoba, was elected vice-president.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

Mae Edwards Players Opera House Monday

Popular Company Will Open With Dramatization "Worst Woman in Hollywood"

Coming direct from Halifax where they positively shattered all previous attendance records for every performance during their entire 10 weeks stay there. The popular Mae Edwards players will open their Saint John engagement Monday evening with "Her Sacrifice" a dramatization of Adelle St. John's wonderful "Cosmopolitan" story "The Worst Woman in Hollywood" a truly beautiful three act play with dramatic moments and heart throbs tempered with a brilliant comic vein.

The Halifax papers called the Mae Edwards show "the best in one dramatic show, musical show, and vaudeville show, so it doesn't matter what kind of entertainment you want you will get it at the Opera House Monday. The big jazz orchestra, which is the best ever, will certainly delight the music lovers and then the stage production with the big vaudeville program between acts will make a pip of a show that you will not soon forget.

Monday night's performance will start 8:15 sharp. The seats are reserved but the box office will be open all Monday afternoon to accommodate those who wish to avoid the crowd and get good seats.

Next Week at the IMPERIAL THEATRE

Booth Tarkington wrote a wonderfully fine story especially for Tom Meighan and labelled it "The Man Who Found Himself" with Virginia Valli as the heroine. Mr. Meighan will appear in this red-blooded drama of a redeemed man at the Imperial Monday and Tuesday. On Wednesday and Thursday, Lloyd Hughes, Corinne Griffith, Olive Brook and Rockcliffe Pelton, supported by Hedda Hopper and other favorite players, will present the tense English society drama "Debutante," made famous by Ethel Barrymore. This is a First National triumph. On Friday and Saturday the grandest, most varied and snuggest of all English sporting plays, "Sporting Life," will fill the bill by the Universal Corporation with Bert Lytell in the leading role. The incidental features during the week will include, besides the new red, cables, etc., a two-reel Harry Langdon comedy on Wednesday and Thursday and a superb new Pathe serial, "The Green Archer," to begin on Friday. During the week, in addition to orchestral overtures, the new Victor Orthophonic will give short recitals between shows.

\$5,000 DOG LEAPS TO DEATH.

NEW YORK, Feb. 26.—Fondness for his master caused Rory II, a pedigreed Irish setter valued at \$5,000, to jump seven stories to his death, after his owner had locked him alone in his apartment. The dog jumped from a window which he is believed to have raised himself, as his master appeared on the street.

In Parliament Monday

Canadian Press

OTTAWA, Feb. 27.—The debate on the address in the House of Commons will be resumed by George Black, Conservative, Yukon.

Yesterday there were four speakers: C. T. Macnutt, Conservative, Colchester; H. Harris, Conservative, Toronto-Scarborough; George Black, Conservative, Yukon, and W. A. Boys, Conservative whip. Mr. Boys announced the Conservative intention of keeping up the debate until Premier King takes his seat in the House.

ENDORSE WIGMORE

Meeting Supports Him For Commissioner—Was Asked to Be County Candidate

A meeting held last evening in Moose Hall in the interest of Commissioner Wigmore, head of the water and sewerage department, who is offering for re-election this spring, was well attended and enthusiastic in support of the commissioner. He reviewed in detail the workings of the department and what had been accomplished for bettering the city distribution.

The meeting adopted a resolution endorsing the candidature of Commissioner Wigmore and pledging support. M. E. Apter, M. L. A.-elect, was chairman. Among those who spoke were J. Herbert Crockett, C. S. Christie, J. Firth Brittain, Paul C. Quinn, Hugh Beck and Frank T. Lewis.

An effort was made by friends of Commissioner Wigmore to have him offer for the mayoralty, but he preferred to offer again as head of the water and sewerage department. His friends have also been urging him to offer as a candidate for the vacancy in the county caused by the death of Mayor Potts.

Annual Meeting And Banquet Here

The annual meeting of the shareholders of the Equitable Agency Company, Limited, which was held on Thursday, was followed by a banquet at the Admiral Beatty Hotel in the evening. After ample justice had been done an excellent menu, a musical entertainment was provided, among those taking part being the Baker quartette, composed of Dr. I. W. N. Baker, Dr. A. T. Baker, S. J. Holder and Douglas Mawhinney. Readings were given by Harold Chadwick. Piano selections and choruses also helped make up the program. Among those from outside attending were R. W. McLellan, a director, Fredericton; W. E. Russell and C. S. Amos, agents of the company, Newcastle, N. B.

English Is Chosen Official Language

LONDON, Feb. 27.—By 87 votes to 10 the States of Guernsey have just adopted English as the official language, concurrently with French.

Hitherto the optional use of English had been tolerated in debate. The privilege was extensively used by members of the States, most of whom would have had difficulty in following proceedings in French.

In support of the proposal it was recalled that some time ago a member exclaimed: "Cela fera pour breaker les vagues"—which curious mixture of patois French and English might be interpreted: "That will do to break the waves."

FOR INDIAN MISSION

At a meeting of the girls' branch of the W. A. of the Church of the Good Shepherd, met at the home of Miss Dorothy Armstrong, Fairville. Under the direction of their leader, Miss Olga Maguire, the members sewed for a bale to be sent to an Indian Mission in the West.

THEATRE

Next Week at the IMPERIAL THEATRE

Booth Tarkington wrote a wonderfully fine story especially for Tom Meighan and labelled it "The Man Who Found Himself" with Virginia Valli as the heroine. Mr. Meighan will appear in this red-blooded drama of a redeemed man at the Imperial Monday and Tuesday. On Wednesday and Thursday, Lloyd Hughes, Corinne Griffith, Olive Brook and Rockcliffe Pelton, supported by Hedda Hopper and other favorite players, will present the tense English society drama "Debutante," made famous by Ethel Barrymore. This is a First National triumph. On Friday and Saturday the grandest, most varied and snuggest of all English sporting plays, "Sporting Life," will fill the bill by the Universal Corporation with Bert Lytell in the leading role. The incidental features during the week will include, besides the new red, cables, etc., a two-reel Harry Langdon comedy on Wednesday and Thursday and a superb new Pathe serial, "The Green Archer," to begin on Friday. FINAL FOR NEW BRUNSWICK BASKETBALL TITLE HERE TUESDAY

Trojans Must Master Three Point Margin

Nearly All Provinces Are in the Dominion Playoffs

BASKETBALL throughout Canada will get a big push this spring through the play-offs for the Dominion title, both for men and girls, with the Maritimes, Quebec, Ontario, Manitoba, Saskatchewan, Alberta and British Columbia represented in the men's play-offs and all with the exception of Manitoba and Quebec in the girls' division.

J. Percy Page, of Edmonton, has been appointed to take full charge of play-offs in the western group, which includes Manitoba, Saskatchewan, Alberta and British Columbia.

In the east, Ontario and Quebec are in a more complicated position. Ontario with three group winners will have difficulty in obtaining a bye to the final on March 12, and will likely have to be granted an extension of time. Ottawa and Montreal will start their play-offs within two weeks.

Ladies' finals, originally scheduled for Easter week, will not be played until later, the west having agreed, through Mr. Page, to give the eastern group ample time to declare a winner. They should be ready in about a week after that time.

Edmonton Grade, ladies' champions of the world, will be the defending team in that group, and should experience keen competition. Rideau Aquatic Club, of Ottawa, men's titleholders, are again champions of the Ottawa district and are hopeful of successfully defending their honors.

Trojans Beaten Woodstock Seniors turned in a highly creditable performance last evening by giving the Trojan Seniors their first beating in many moons, 46 to 42. Many things conspired against the Trojans, including "Beet" Malcolm's inability to play and the slippery condition of the floor but Woodstock showed good form and their visit here next Tuesday night with the New Brunswick title stake is expected. The winner of Tuesday night's game will represent as it is understood Nova Scotia will default.

SLIPPING FLOOR. No less exciting, the play in second period was marred by a slipping nature which the playing floor assumed during the interval, a condition to which the lead his team was subjected under mild weather. In the scramble and sliding that ensued the Woodstock boys were the aggressors in making good the breaks and opportunities that the unfavorable playing conditions provided.

"Beet" Malcolm, who travelled with the Trojans with full intention to witness the game from the side line, when the lead his team was subjected to and sliding that ensued the Woodstock boys were the aggressors in making good the breaks and opportunities that the unfavorable playing conditions provided.

The members of each team turned in excellent games. Harry Estabrooks, referred to the satisfaction of both teams.

THE LINE-UP. The line-up was as follows: Woodstock. Forwards: McKimley, Moore, Chandler, Jones, McGibbon, Hayden. Centre: Plimpton. Defence: Hollis, Kerr, Hayden. Total: 45. Total: 42.

In a preliminary game to the feature contest, the Woodstock Sheiks defeated their local rivals, the Capitals, in a close and hard checking game which was replete with thrills and minor penalties. The score was 24 to 20 in favor of the Sheiks.

KENTVILLE MAKES RECORD SCORE, 20-4 Downs Chester Easily and Gets in Semi-finals For N. S. Title

KENTVILLE, N. S., Feb. 26.—Outclassing the Chester players, representatives of the South Shore League, in every department of the game, Kentville Valley League champions scored a 20 to 4 victory here tonight and clinched the right to meet the winner of the Truro-Crescent series for the Nova Scotia hockey championship and the honor of representing the province in the Maritime play-off.

Tonight's victory, coming on the heels of an 11 to 5 victory scored at Bridgewater Wednesday night, gave the locals the two-game series by a total score of 81 goals to 12.

TWO TEAMS. Two teams were played last evening in the semi-finals for the inter-collegiate hockey championship of the province, Fredericton and St. Stephen meeting at the border town and Bathurst and Dorchester on the North Shore. The score was 2-2 in each game.

Flowers' Margin In Beating Greb Very Slight, Newspapers Say

Along The Sport Trail

By JOHN J. DUNLOP

THE PLAY-OFF dates for the Allan Cup, emblematic of the amateur hockey championship of Canada, have been set for the east and as in the past, no effort has been made to include the Maritime Province winners. How long is the M. A. H. A. going to tolerate this? Hockey has developed wonderfully down here in the last few years and we unhesitatingly say that much of the credit for that development goes to the organization work perfected through the Maritime association. But it seems to us we are missing annually a golden chance to boost the game still better down here by failure to get on getting into the Allan Cup finals. It is not hard to imagine what kind of a boost it would be if a Maritime Province team would win the Canadian title and in view of the performances of the Truro Bearcats this year against two of the strongest teams ever banded together in that hot-bed of hockey—Boston—is it too much to say that the team that beat them would know it was no tea fight? We must look a little further on also at this matter. Hockey is on the Olympic list and the team that wins the Allan Cup in 1927 goes to Europe as Canada's representative in 1928. Would that not be a real honor for the Maritimes? We can easily furnish the Canadian Olympic representative in speed-skating. How about another Canadian representative in athletic material in the Maritime Provinces is second to none on this continent and it takes no Blackstone to know where we can find a better opportunity than creating a chance to go hotfoot after the Canadian title. In the face of the highly-organized development that has taken place in Ontario, you may say this is a pipe dream. Organization is a great word in sport. Inherent talent is a greater one.

A SEVENTEEN-YEAR-OLD BOY won the English billiard title the other day, having one break of 126. His name is Steples. No puns allowed.

JIMMY RING, the pitcher secured by the Giants from the Phillies, was lounging in the hotel lobby the other night down at Sarasota, Florida, when a stranger approached and engaged him in a conversation. "Great team the Giants have. But I hear they gave that old man Ring a try-out. What do they want him for?" The story goes that Jimmy got up and walked away. That's the kind of an incident that has happened to pretty nearly every well-known athlete. Just a few days ago in a local drug store, an old timer came in and the talk drifted to the world's skating meet. There happened to be a couple of the boys in the crowd who were as compared to what a rotten skater Charlie Gorman was as compared to the old timers. "Hub, he's snorted, in disgust, 'this guy you rate couldn't handle a candle to Hughey McCormick in his palmy days. He was flicky to win. Do you think so?' One of the boys said 'Sure, this guy Gorman is no good, I agree with you.' The old man turned to him and said 'Well, you're the first in this I've met that will agree with me. Why my name is Gorman.' That did not get the young man, 'why my name is Gorman.' That did not get the old man a bit. 'Well, you my l-a rotten skater but you are terrific anyhow,' he added. This actually happened in a South End store.

AN ATTACHMENT of \$800 against Babe Ruth's farm at Sudbury, Mass., has been granted to a man by the name of Joyce. If he should get another one, might be a chance to re-joyce, what.

FOR a day of eyebrow-lifters in the sporting world, today's news stands in a class by itself several weeks. Right off the bat, Tiger Flowers springs a sensation over Harry Greb and wins the world's middleweight crown, once sported by the late mighty Stanley Ketchel. Berg, the German boxer who started spelling his name last night. It is said that he took training very lightly, the program consisting of a hair cut and shampoo before each bout. Don't get away with this for several years but ran into it last night. The detailed accounts hardly bear out the decision but then the men on the ground should know their business. Then, the Trojans take their first licking of the year at Woodstock, which, however, won't bother them in their battle for the title as in the return game they should easily overcome that three-point lead. The Abbies, who certainly did not show championship form at each other's, but they tackle the fast-moving Amherst outfit on their home ice and settle their entry in the semi-finals for the Maritime title in one game, winning 7 to 2. The "Chick" Williams who scored four goals is the same fellow who borrowed from the Maples of Boston when they played the Granites here. The return game is next Tuesday at Charlottetown and the result is a foregone conclusion. Just at present it suspiciously looks like Truro vs. Charlottetown for the finals. Then, Pittsburgh turns around and sets the Maroons back two points in a great game at the Smoky City. Then Kentville piles up what is believed to be a record score in Maritime hockey circles, 20 to 4, against Chester. The parallel is not hard to follow. The biggest surprise of all was, however, when the wires failed to carry any details from Jack Dempsey, Harry Willis or Gene Tunney, that they would fight. We nearly died of the shock. The boys are falling down badly on us.

Ritola Breaks World Indoor Track Record

SYRACUSE, Feb. 26.—Wille Ritola, of the Finnish-American Athletic Club, clipped four-fifths of a second from the world's indoor track record for 3,000 metres when he defeated Clinton Loucky, of Syracuse University, in a feature race of the winter carnival here tonight. Ritola's time was 7 minutes, 44.1-6 seconds.

VARSIETY WON NEW YORK, Feb. 27.—The undefeated hockey sextette of University of Toronto, winners of the Canadian collegiate title, trounced the Green, of Dartmouth, under a 6 to 1 score in Madison Square Garden tonight in a match that was advertised as "for the international intercollegiate championship." The victory gave Toronto possession for a year of the Governor's Cup, a silver trophy, donated by "Al" Smith, chief executive of New York state, for the champion college hockey team of North America.

TO BOX MONDAY. Newport Johnny Brown, Chick Hayes' featherweight boxer, is scheduled to meet Johnny Harko, the Polish Flash, a return bout on March 1 at Portland. From here Brown will go to Providence to be in a clash with Lou Lambert on March 9. Chris Newton, Canadian Junior lightweight champion, and Newport Johnny are expected to clash over the 12-round distance here if present plans go through. A Johnny Drew-Brown bout for Worcester is in the making. It can be seen that this little fellow is in for a busy season in the ring.

MILLIGAN OUT? SCRANTON, Pa., Feb. 27.—Jack Kearns, manager of Mickey Walker, world's welterweight champion, in a telegram last night to local promoters, accepted the offer of \$80,000 for a championship bout in this city with Pete Latzo, of Taylor, Pa. The tentative date for the bout has been fixed for May 2.

SECOND PLACE UP TO CONTEST NEXT TUESDAY

Locals Pull Fat Out of Fire In Garrison Finish

SECOND place in the southern section of the Maritime Amateur Hockey Association goes up for decision next Tuesday night at Sussex, Saint John Comets and Sussex Colts battling to a 3-1 tie in the Arena last evening on soft ice. Team work was out of the question and the game consisted mostly of individual rushes and down the ice. The first period was scoreless and in the second period, both teams scored once. Entering the final period, Sussex ran up two goals within ten minutes of the end and the game seemed lost when the locals came to life in an electrifying manner and Jimmie Gilbert, who worked like a beaver all through the piece, batted in the puck in a mix-up, making it 3 to 2.

Temple Lane, who was conspicuous during the evening with his good work, worried one of the Sussex boys in the corner to pass on. Lane trapped the pass on the side and let drive from an extremely difficult angle. It found a resting place in the net and the score was tied amid a bedlam of noise. In the face-off, Saint John pressed hard and Kiley worked himself up the side and passed over. Lane, coming down the centre path, grabbed it and never gave Roach a chance but Referee Drummond called it offside and gave all the locals worked hard. Brad Gilbert, Jimmie Gilbert, Lane, Mountain, Kiley and McPhee turning in fine flashes of his oldtime play. McAvity and Duffy, worked out and showed up well. For Sussex, "Billy" Hay, Harold Radcliffe and Johnny Friars were outstanding. The veteran Friars made several nice rushes, showing flashes of his oldtime play. McPhee saved the game in the last two minutes when Hay went the length of the ice in the prettiest rush of the evening and shot from the edge of the circle, the goalie making a wonderful save.

THE LINEUP Saint John. Goal. Sussex. McPhee. Defence. Roach. B. Gilbert. Defence. Hay. Mountain. Defence. P. Radcliffe. Centre. Kiley. Wings. H. Radcliffe. Thompson. Substitutes. Brooks. Substitutes. Priars. J. Gilbert. Substitutes. Luta. McAvity. Substitutes. M. Radcliffe. J. H. Drummond refereed.

INTERMEDIATE GAME The Nationals clinched first place in their section of the Intermediate League by beating Canby 3 to 1 in a game played after the senior fixture.

Carroll and Rathburn starred for the winners and McAvity for the losers. Joe Noel refereed. The crucial game in a section of the Intermediate League was played next week, when the Trojans meet the R. C. N. V. R. A win for the Orange and Black will give them undisputed first place, while a loss will put them on even terms with the Navy.

FIGURE SKATING. TORONTO, Feb. 27.—Melville Rogers, of the Minto Skating Club, won the Minto Challenge Cup and the title "figure skating champion of Canada," by carrying off honors in the figure skater's single event at the figure skating competition here last night. Montgomery S. Wilson, of Toronto, was second. Miss Cecil Eustace Smith won the consolation cup and world's figure skating champion, Miss Constance Wilson, Toronto, coming second, and Mrs. G. O. Seord, of Ottawa, third.

CUP DRAW Canadian Press LONDON, Feb. 27.—The draw for the fourth round of the Scottish Football Association Cup is announced as follows: Morton vs. Glasgow Rangers. St. Mirren vs. Airdrieonians. Third Lanark vs. Aberdeen or St. Johnstone. Celtic vs. Dumbarton.

GO INTO LEAD. EDMONTON, Alta., Feb. 27.—Edmonton Eskimos defeated the Saskatoon Sheiks from the top of the Western Canada League, last night, when they battled Calgary to a 2-0 victory through a sea of slush.

STAN WON. ST. PAUL, Minn., Feb. 27.—Stanislav Zbysko, former heavyweight wrestling champion of the world, won two straight falls from Nikolai Kostoff, of Russia, here last night in 32 minutes and in 14 minutes.

RENAULT WON. TAMPA, Fla., Feb. 26.—Jack Remault, Canadian heavy weight champion, knocked out Jack Legue, of El Paso, Tex., in the fourth round of a 10-round bout at Benjamin Field Arena here tonight.

COUGARS WON. VICTORIA, B. C., Feb. 27.—Victoria Cougars administered a 4 to 1 defeat to Portland Rosebuds in their final meeting of the Western Hockey

Suzanne Will Not Play Until June

MONTE CARLO, Feb. 27.—A return match between Miss Suzanne Lenglen and Miss Helen Wills, so far as the Riviera is concerned, is doomed. Miss Wills must wait a few months for another chance to gain the world's tennis championship. Suzanne has definitely decided to lay aside her singles racquet until the French championship in June.

H. COTTON SCORED DECIDING MARKER

PITTSBURGH SURPRISE BY DEFEATING POWERFUL MAROONS, 1 TO 0

PITTSBURGH, Pa., Feb. 27.—Harold Cotton, lean Toronto youth, is the talk of Pittsburgh hockey fans today. He defeated the Montreal Maroons in last National Hockey League game last night, shooting the only goal of the contest, which ended in a 1 to 0 Pirate victory.

The Pirates are now within one point of third position occupied by the Boston Bruins, and a place in the title play-off. Boston holds the first place Ottawa Senators at the Canadian capital tonight.

Shattering the puck out of a scrimmage behind his own net, Cotton, who relieved Darragh at right wing, while the latter regained his breath in the second period, scored the Maroon team, drew Benedict out of his net and scored with a 15 foot drive.

After Cotton's exploit, the other scoring was negligible. Pirate defence was well nigh impenetrable, the Maroons played together as one unit. Each contributed bountifully to roughing and tripping tactics during the game.

THE ABBIES DEFEAT AMHERST, SCORE 7-2

AMHERST, Feb. 26.—Displaying a relentless attack in all three periods, the Abbies defeated Amherst in the first of the sectional title games 7 to 2. Soft ice prevented their full effectiveness and stunted their minor breaks of the game were indirect opposition to the scoring chances of the local sextette.

For two periods Amherst managed to hold the visitors to a close score and the Abbies appeared to be in the strain, but in the third frame they opened a renewed attack and landed three goals in the net. The Abbies, accounted for two Slattery and MacEachern netted two and Gordon one. Langille tallied for Amherst on an individual rush, but he was passed from Harrison. Amherst tossed away several direct scoring chances in the first two periods by erratic shooting.

The game was clean, five penalties being handed out by the referee, Lester Lowther.

THE LINE-UP. Charlottetown—Goal, Diamond; defence, Kelley, Williams; forwards, Gordon, MacEachern, Prowse; subs, Campbell, Cox. Amherst—Goal, Farrow; defence, Bartlett, Langille; forwards, Chisholm, the Webster; subs, Harrison, Atkinson.

Lamb Stars As Team Is Beaten

MONTREAL, Feb. 27.—For the second consecutive season Banque Canadienne Nationale are the champions of the Bankers' Hockey League. They captured the title last night at the Forum, when they defeated the Royal Bank of Canada team 5-0. There was a chance of a number of the games being played off if Royals had been able to down the league leaders, with the Bank of Montreal figuring with an outside chance. Montreal did its part by defeating the Canadian Bank of Commerce in a 1-0 victory. The Bank of Montreal had in vain after Canadian Nationale had swarmed over the Royal Bank sextette. Royals were out for a victory at all costs and they started in the game with a dash. Joe Lamb, the Sussex, N. B. player, was sent to the defence, with Herbie Campbell, so to certainly added to the Royals' pace, but their efforts were early set back when Brant banged in a goal on Jim Penny, after less than two minutes of play in the first period.

NEW LEAGUE. MONTREAL, Feb. 27.—The Van Dyke Brothers, sponsors of the move to have Buffalo represented by a team in National Hockey League next season, were in the city yesterday. They are former Grimsby residents, and are making a tour of the N. H. L. centres. They came up from New York yesterday morning, chiefly to look over the Forum here, having been informed that the local rink could offer them best ideas of what was wanted for an arena to centralize the hockey in Buffalo.

KAHN WON. DETROIT, Mich., Feb. 27.—Harry Kahn, of Milwaukee, won the decision over Sid Barabon, Detroit lightweight, in a ten round bout here last night.

CHAMPION IS WINNER. CHICAGO, Feb. 27.—Tod Morgan, Seattle, world's Junior lightweight champion, won a newspaper decision over Dan Davis, Chicago, in a ten round fight last night.

NEGRO GIVEN SIX ROUNDS OF HECTIC BATTLE

NEW YORK, Feb. 26.—Theodore (Tiger) Flowers, a negro from Atlanta, Georgia, 39 years old, and veteran of eight years of ring battles, today in middleweight championship of the world. The crown is his by virtue of a fifteen round victory on points over Harry Greb, of Pittsburgh, at the Garden last night, wherein the margin was not large, yet enough to convince the judges and referee. Without taking credit from Flowers' conquest, it must be admitted that Greb was not what he had been in previous defences of his title, for after four rounds, he fought his "windmill" attack and poised his right hand for a damaging blow. This blow never landed, and Flowers lashing out continually gained the verdict for aggressiveness and a willingness to fight throughout. Many critics argued that the decision should have been a draw, so close were lines drawn; that a championship should not change hands unless the challenger shows all around superiority. But the New York State Athletic Commission has ruled that the fight shall be decided by the number of rounds won and under this ruling the decision last night was made. Flowers in the opinion of newspapermen had at least six of the rounds while Greb could muster no more than five, and four were even.

New Champion To Box In Boston On April 2

Red Mason, manager of the former champion, said after the contest, that if Flowers had won, then he was the victor by the narrowest of margins. Flowers' manager, Walk Miller, said that his boxer would have shown to better advantage had not Greb locked arms about his opponent from the ninth round to the end. Maxey Rosenblum of the champion, Tiger Flowers will meet him at Boston, April 2.

Flowers probably has suffered more knockouts than any other champion the world has known. His road has been a hard one, and he has been pitted against the mightiest men of his weight. He went into the test with Greb anything but favored, because only last winter Jack Delaney, the light heavyweight from Bridgeport, Conn., knocked him out twice.

A detailed account of the final rounds follows:

PRELIMINARIES The preliminaries resulted as follows: Jimmy Filene, New York, featherweight, won a judges' verdict over Frankie Logan, (Midget Kilburn) Philadelphia, in a four round bout. Nick Colon, Altoona, won the decision over Joe Kaufman in a six rounder.

McAvity League. In the McAvity League on Imperial alleys last night, the King street team won all four points from the Brass Shop, total scores 1336 to 1248.

C. P. R. League. In the C. P. R. League rolled on Imperial alleys last night the Catering Department team walked away with four points from the Manifest team. Total scores were 1405 to 1263.

I. O. F. League. Lingley B team won all four points in the I. O. F. league last night by default because Log Cabin team did not make an appearance. The winners total score was 1240.

C. N. R. League. M. R. A. Ltd., captured all points from Christie Woodworking Company in the Clerical League last night. The total scores were 1245 to 1181.

I. O. F. Ladies. In the I. O. F. Ladies' League rolled on Imperial alleys last night the King street team won all four points from the Brass Shop, total scores 1336 to 1248.

Continued on following page

Harry Greb, who won the world's middleweight title in 1923 from Johnny Wilson, lost it last night to Tiger Flowers, negro boxer. Greb, according to newspapermen, was not in the best of shape.

**NEGRO GIVEN
 SIX ROUNDS OF
 HECTIC BATTLE**

Continued from preceding page.

TIGER LEAPS FEROCIOUSLY.
 Round 13—The Tiger leaped at the champion, but Greb clinched. With the ferocity of a jungle beast the Tiger leaped at his foe punching with both hands. Greb met this attack with flying fists and for a quarter of a minute they stood punching away at their unguarded points. They hauled and pulled with one hand free to punch at the head and body. The bell halted a fast skirmish.

BOTH TIRE, PACE SLACKENS.
 Round 14—Flowers swung to the ribs. Both appeared somewhat tired and the pace slackened. They clinched more often. Flowers appeared thoroughly on the defensive with Greb doing all the leading. Greb missed a right and the Tiger dropped one to his jaw at the bell.
 Round 15—They shook hands. Greb leaped, the Tiger slapped twice and they clinched. Flowers bounced a left off Greb's jaw and landed both hands to the body. Greb endeavored frantically to land squarely with his right, but Flowers was too shifty. They wrestled and pulled at each other and their leaping blows went wild. Flowers landed weakly to the body. Flowers landed a downward stab to the face just as the bell ended the fight.

**PALESTINE FOR THE
 JEWS IS SUBJECT**

A lecture given by C. Roberts, of the lecture staff of the International Bible Students, at their hall, 88 Charlotte street, drew a large audience. The subject was "Palestine for the Jews—Why?" He said the Jewish nation was a typical nation for a typical purpose, reviewing their life in Egypt, their deliverance, their law covenant, its purposes, wanderings in the wilderness, etc. Why Israel suffered—their long warfare, their Babylon captivity, their dispersion into all the kingdoms of the earth. He said the time of the gentiles rule has ended, as spoken of

by our Lord in Luke 21-24: "Jerusalem shall be trodden down until the times of the gentiles be fulfilled."
 The fact that the Jews were now rebuilding Palestine, he said, was the fulfillment of prophecy. The Abrahamic promise was elaborated to show that Abraham and his posterity must inherit the land. The 87th chapter of Ezekiel was used to prove the Jews (Israel) would return to their own land.

The speaker said: The Bible says that Christ was the first to rise from the dead and that the dead in "Christ rise first," and many of the people, in fact all who died before Christ's first advent, are still dead in Adam, not Christ. Their hopes in the resurrection of the dead were earthly. The holy men of old would be made princes in all the earth. He said the earth was not made in vain; it was made to be inhabited.

RESIGNS POST AT OPERA HOUSE

Alfred L. Gaudet, Manager, Goes With Film Company

Courteous Manager Will Say Farewell at Opera House on Next Saturday Night

Alfred L. Gaudet who for the last nine years has been in the employ of F. G. Spencer and his entertainment enterprises, is to sever his connection with that corporation in a week's time to take up a position with the Film Booking Offices of America, of which Percy L. Taylor, formerly of Saint John, is the Canadian general manager, located in Toronto.

Mr. Gaudet tendered his resignation to Mr. Spencer's offices a few days ago and will retire from the Opera House management next Saturday night. While the theatregoing public, always appreciative of Mr. Gaudet's courtesy and painstaking efforts in his behalf, will doubtless be sorry to have him removed from such a wide sphere of contact, all will unquestionably be pleased to know of his advancement into a more remunerative field.

CAREER IN THEATRICALS. After leaving his home in Moncton in 1917, Mr. Gaudet was on the road for a period managing the affairs of the Young-Adams Company. After that he represented the Famous Players-Lasky Corporation on the Maritime circuit. On taking up work for Mr. Spencer, he managed houses in Truro and Fredericton. Mr. Gaudet's first managerial position in Moncton was at the Unique Theatre but it has been the Opera House where an opportunity was given him to meet the public on a larger scale.

The resigning theatre manager is respected as one of the theatrical circles in Saint John where he has many friends. Mr. Gaudet ranks high in popularity for an inherent gentleness and sense of fair play. He is assured of a cordial welcome into the ranks of film men.

PAY \$200 OR SPEND HALF YEAR IN JAIL. Chas. L. Duplissie Faces Alternative After Police Visit to House

Charles L. Duplissie was fined \$200 with the alternative of spending six months in jail when he pleaded guilty today to a charge of allowing drunkenness in his house in Prince Edward street. Police Sergeant McEneaney said that last night about 11.45 he saw signs of a disturbance in the house. A man ran out shouting "Police, Murder!" and sergeant went into the house and said he found Duplissie and two other men there, all drunk. Bottles, tins and litter were lying about. He had found 100 tins, all empty but one.

Detective Biddecombe corroborated the sergeant's evidence. He said the police had been called to the house several times lately. His Honor said that such a man and such a house were a menace to the community, and he would therefore impose the maximum penalty, which was \$200 fine or six months in jail.

WIN PROMOTIONS. Ernest A. Job and Frederick L. Galbraith Advance in Insurance Work

Ernest A. Job, who has been assistant superintendent with the Prudential Life Insurance Co. here for years, has just been promoted to the position of manager of the new branch which the company is opening in Moncton, and he will leave for that city on Monday. Mr. Job has been very successful in his work during his 13 years on the staff here. He was a general favorite with the staff as well as having numerous warm friends throughout the city. His associates wished him every success at a farewell meeting in the company's office in King street this morning.

Frederick L. Galbraith of 74 King street has been notified of his promotion to become an assistant superintendent of the Prudential. This advancement comes to Mr. Galbraith, who is now an agent, as recognition for the good record he has made since his enrollment with the Prudential on April 7, 1919. He will be attached to the Saint John office.

As Hiram Sees It. "Well, sir," said Mr. Hiram Hornbeam to The Times-Star reporter, "it beats all how a fellow'll get puzzled about something when all the time it's as clear as daylight if he only had sense enough to see it. Now I can wonder for once why it was the likker inspectors an' the police couldn't never see nobody breakin' the prohibition law—an' it never come to me why it was till I was readin' a paper the other day where it told how many folks in New York had been made blind by hooch. That's it. When hooch he goes blind. We hain't never gone to get the law enforced till we perceived them fellers with goggles that kin be affected by hooch. We got to perfect 'em. It ain't fair to ask any man to run risks like that. Nether schools for the blind. Beats all what prohibition has been doin' to people's eyesight—Re Ha."

INCREASE LARGE. February Bank Clearings Are \$615,725 Over Those of Year Ago

The effect of the weekly gains in Saint John bank clearings has been set forth in a column in the clearings for February, announced today. The figures are \$10,598,288, compared with \$8,992,668 in February of last year, an increase of \$615,725. Halifax clearings this month were \$10,288,008. Moncton figures were \$2,885,743.

MISSIONARY MEETING. An interesting missionary meeting was held last evening by the Young People's Society of Portland in the church in the Y. M. A. hall. The missionary vice-president, Miss Gertrude Harper, presided. A collection was conducted a short song service. Prayers were offered by the pastor, Rev. H. A. Goodwin, and a solo was sung by Walter W. Merrill. The speaker of the evening was Rev. H. C. Rice, of Queen Square Methodist church, who gave a helpful missionary address. A vote of thanks was extended him.

CHARLOTTE ST. BUILDING AFIRE

Early Morning Blaze Affects Four Tenants of Building

Structure Owned By Corporation of Which F. G. Spencer is President

Another fire scar has been added to those defacing both corners of King and Charlotte streets by a blaze which caused loss in the ladies' garment store known as Vogue, Kominsky Brothers, proprietors, 101 Charlotte street, opposite the Admiral Beatty Hotel, in a building owned by one of F. G. Spencer's corporations and adjoining the Unique Theatre, and to other tenants.

Four tenants were more or less affected, & particularly Kominsky Brothers, who were said to have lost their complete stock of women's and misses' coats, dresses, costumes, etc., some of the supply being spring orders. There is a loss amounting to \$6,500 on this stock and the shop fixtures.

The next nearest loser by the 4 a.m. blaze is Jacob Margolian of the 4 a.m. Shoe store at 105 Charlotte street. The main store and stock were not burned and only slightly disturbed by the activities of fire workers, the rear of his place of business consisting of an office, and repair booth, was destroyed. The fire broke through the wall at this point of contact with the shop, with smoke and flames in the rear of the building, on the store floor at any rate, to cause ignition.

The third tenant, temporarily put out of business by the fire, is Robert J. Abernathy of 245 Union street, who conducts the Ideal Billiard Parlors on the second floor of the building, 103 Charlotte street. The damage here amounts to water damage, chiefly from hose dragged into the building over a fire escape at the rear window, which were broken out for fire-fighting purposes. Mr. Abernathy has several of billiard tables on this floor and one or two of them seem to have been affected.

SECOND BILLIARD HALL. In the basement Charles D. Marshall conducted another pool and billiard room and there was considerable seepage of water from the upstairs floor. Messrs. Marshall and Abernathy both carry small lines of insurance.

Kominsky Brothers, Charles D. Marshall and Jacob Margolian, three of the tenants suffering by the fire, could offer no definite idea as to how the blaze started. The rear of the Vogue garment shop was thoroughly burned. The sheathing interior of the store gives evidence of having been licked by the flames.

There was an electric iron in the fitting and alteration room, but it was on a safety switch, which the proprietors say eliminates risk. The proprietors of all four tenants are heated by two furnaces located in the cellar under the Vogue store and approached by a short stairway at the back of the Vogue shop.

The fire was discovered round about 4 a.m. by a passer-by and an alarm from No. 24 brought out the department. The Salvage Corps with its usual effective work with rubber covers, Gilmour Armstrong, representing the F. G. Spencer enterprises, said that the building in which the fire took place was included in the holdings of the Quebec Realty Company, Ltd., of which Mr. Spencer is president. The property is adequately covered by insurance.

TAKING MATTER UP WITH GOVERNMENT. Italian Consul General Writes Here About Liquor Case on Ship

D. W. Leddingham, local Italian consular agent, has received word from the Italian consul general at Montreal announcing that the latter was taking up with the B. C. Government the recent action of a prohibition inspector going on board the Italian steamship Berco recently, and securing from the cook a bottle of liquor. J. T. Knight of J. T. Knight and Co., agents for the steamer, said that he had taken the matter up with Premier Bester.

Cost of Snow Removal Reaches \$26,424. The city public works department had spent on snow removal, up to and including February 26, \$26,424.00 this year. This is a little more than half the amount appropriated by the commission for snow removal, street cleaning, watering the streets and sanding the sidewalks, for the entire year. On the streets in which street car tracks are laid there has been spent over \$17,000 on snow removal, and the city receives from the New Brunswick Power Company for this service \$13,500, showing a present deficit of \$3,500 on that account.

The money has been expended as follows: Streets east, \$14,162.22; north, \$8,834.10; west, \$3,727.84. The money spent on streets in which the street car tracks are laid is as follows: Streets east, \$9,119.20; north, \$5,938.09; west, \$1,386.01.
