CHAINED BY NECK TO TREE, MISSING YALE MAN FOUND STARVED TO DEATH

Williamsport, Pa., Oct. 24.—(United Press)—Henry H. McHenry, 31, a Yale graduate who disappeared from his home in Philadelphia more than two months ago, was found chained to a tree in a lonely mountain wilderness near here yesterday, dead of starvation. One end of a 15 foot chain was padlocked around his neck, the other end hooked to a huge tree. McHenry had gnawed a path around the tree which hunger slowly sapped his life. The clothing was found by three hunters in the thickest part of Green Mountain. From all appearances the man had been dead several weeks. The mystery is one of the most perplexing the state police have ever been confronted with. Two theories have been advanced—one, that McHenry was the victim of a murderous plot; and, second, that he took an unusual method to commit suicide.

THEY SHOULD VOTE OR STOP TALKING

Mrs. John D. Sherman's Advice to American Women for November 4.

Chicago, Oct. 24.—The 8,000,000 women in the General Federation of Women's Clubs were urged to vote in the November election by Mrs. John D. Sherman, their president, in a statement given out in this city. If any of them has a voting family apathetic or indifferent to good citizenship, they must arouse "him" to his civic responsibility, Mrs. Sherman asserts. Voting is a duty, not a job or politics. It also is the best possible demonstration of good citizenship.

"The woman who does not take the trouble to go to the polls on election day certainly should never raise her voice in protest over anything that goes wrong in Washington or her own state capital," said Mrs. Sherman. "By her vote she earns the right to an expression of opinion in national and state affairs."

Mrs. Sherman said that without question the American family controls the future of America, but she asked how much does the family care about that proposition when less than 50 per cent of the registered voters went to the polls at the last presidential election.

WORTH READING

St. John, N. B., Oct. 24, 1924.

To Telegraph Readers: To thinking people "price" has never been and never will become a more important consideration than good style, good quality and good service in your shoes. But just now there seems to be an inclination in St. John to use "price" as the "business banner" placing all else secondary. Frankly, we have shoes around \$5.00. We feel that our position is sufficiently strong to enable us to give better values at \$8 than any competitor (a statement which we shall be glad to back up by comparison). However, if one pays more than \$8 for shoes, one gets better shoes, better workmanship, better materials, smarter styles, and greater satisfaction. Our standards of living are higher now than they were even before the World War. We have been in the habit of buying the finer things of life add immeasurably to our happiness. This desire is the root of Canadian ambition. To it economists attribute much of our national prosperity and advancement. Of course one should not be extravagant. If one's income does not warrant spending more than \$8 for a pair of shoes, he (or she) should not spend more. Put some on your head and some in the bank; it's a good plan. In making your decision, however, remember that in the planer, more practical styles, there's economy in paying more than \$8 for shoes, because of the longer service they will give under average conditions. The best shoe economy for limited incomes is to avoid the extreme novelty styles that "go out" so fast, and also to consider the use you will give your shoes, when you buy them. Don't buy a light, fancy shoe if you're going to give it hard use. Have shoes for dress, and shoes for general service—each appropriate for the use they will get. Our \$8 shoes are good shoes. We believe we have the best to be had for \$8. But we do not believe in stating or implying in any way that no one should pay more than that. Unfortunately, advertising is sometimes MISUSED to benefit the merchant who forgets for the moment that his duty to his customers is his first duty. That is the reason for this frank letter—that you may remember to let your own common sense guide you in your shoe buying.

Yours very truly,
WATERBURY & RISING LIMITED

WRINKLES DISAPPEAR IN LESS THAN 15 MINUTES!

What if you could look in your mirror and see your wrinkles, crow's-feet, age-lines and frown-lines literally melt away while you looked? You would scarcely believe your own eyes. Yet it is within your power to witness such a "miracle" this very day. You need only mix a spoonful of powerful, lactated, with a spoonful of lemon juice, smooth this soothing creamy lotion over your face—and watch the hated lines and sage wrinkles like magic! See your face become years younger in appearance! Even quite old faces are very materially rejuvenated.

"Facer" is not a cosmetic, not a make-up—it is to be washed off entirely after it has done its work. It is decidedly beneficial to the complexion. It is difficult to believe so simple a thing can accomplish such marvelous results, in so few minutes, but the experiment is most convincing. An original package of "Facer" brings the cost down to about 5 cents a treatment.

MONCTON FIRE, LOSS \$20,000.
Moncton, Oct. 24.—Fire which broke out this morning in the plant of the Eastern Textile Company, Limited, Lewis street, caused a loss which is estimated at over \$20,000, partially covered by insurance. The rear portion of the building, where the fire apparently started, was burned almost to the ground. The structure is owned by Thomas Nowlan of Ductouche.

The Evening Times-Star

The Evening Times-Star, printed at 25-27 Centre-street, every evening...

ST. JOHN, N. B., OCTOBER 24, 1924

THE ONTARIO VOTE

Pyrrhus, after his victory over the Romans near the River Sicca, said to those sent to congratulate him: "One more such victory and Pyrrhus is undone."

The victory for the O. T. A., recorded by the voters of Ontario yesterday, is manifestly Pyrrhic. Another such victory and the Prohibitionists of Ontario are undone, and perhaps the Prohibitionists of Canada also; but these are campaigns; the war is unfinished.

But we must consider the facts as they are, and that which stands out is that the wave of opinion against prohibition—or rather against the conditions which have prevailed under prohibitory legislation, for as yet no province in Canada has really had prohibition—has swept over the country from the coast, through the prairie section, and has been halted at the borders of Ontario, but only temporarily.

Justice is not retributive; its scales are true. The accused bandit or murderer has the advantage of every safeguard in court. Rightly, our judges frown upon many of the technicalities and absurdities which are permitted to bedevil the administration of American criminal law.

It is worth noting, in discussing the Montreal executions, that since the recent crime waves in the United States, there are now but eight States of the American Union in which the death penalty is not in force.

A small circle of folk with the saving sense of humor contrive to get some amusement out of the American presidential race, heated as most of the population is by political controversy now that the candidates are in the home stretch.

Naturally the prophets in the presidential campaign, particularly toward its stormy close, are both numerous and vociferous, and, as is not unusual even in countries other than the Republic, their predictions are plentifully colored by their partisan affiliations.

were to be held in 1944 the prospects of their party, even in Texas, might be dark. Everywhere Mr. O'Ron goes the farmers are falling away from the Follette. Two weeks of intensive drive will give the Republicans all the 'doubtful' States, if no unforeseen contingencies occur.

The women have flocked to the Republican candidates gratifying numbers, says The Times—still quoting its imaginary Republican—"and it may be said confidently that virtually all the women who don't vote for either Davis or La Follette will vote for Coolidge. The only fear that on account of over-confidence—a feeling which the Republican managers are too wise to entertain—too many Republicans will absent themselves from the polls."

It is a grim business to hang four men at once, as Montreal did at dawn this morning; but their lives were forfeit, and thus the majesty of Canadian law is vindicated and notice is served upon the more desperate members of the underworld that in this country banditry and murder lead to the gallows.

Even in Canada, through lack of evidence, or at times through undue sentimentality on the part of jurors, some detected criminals do escape punishment; but in the matter of the more serious crimes our record is good by comparison with the United States, though it leaves much to be desired if compared with that of Great Britain.

IZZIE AND MOE HAD VERY LIVELY TIME

Had to Chop Down Three Doors, But Got the Boozie.

New York, Oct. 24—A new scheme to obtain evidence of violations of the Volstead act was uncovered Wednesday afternoon by Isay Einstein and Moe Smith, prohibition agents, when two men were released in \$500 bail each by United States Commissioner Boyle on a charge of selling liquor at 180 Greenwich street. The defendants are Robert Brown, alleged proprietor of the place, which Einstein said was known as "Peter's Restaurant," and Frank Wilson, a waiter.

"Several weeks ago," Einstein explained, "R. C. Merrick, divisional chief at prohibition headquarters, asked us to see what we could do about several places in the vicinity of the financial district suspected of being 'speakeasies.' This restaurant was one of them. We started for it right away. We tried to get in under disguises, but the fellow at the door winked and said: 'Take care, I know you.' We tried several other disguises, but each time the fellow only laughed at our disguises and wouldn't let us in.

Determined to get in.

"We said to ourselves, 'We'll get in there' and last Saturday we hung out in the neighborhood for hours, and that's what led to our getting the evidence. A man came out. He had a small package under his arm. I bumped against him. The package fell to the street. I said: 'Excuse me, I'll help you to pick it up.' He said: 'It's no use; it's gone.' He said it was whisky, so I picked up the bottom of this bottle, which contained a small amount of liquor, as evidence. When I tried to buy him another bottle, he said he got it inside. That was enough for us. We got a search warrant and descended on the place at noon today.

"There is a sort of room in the front, containing chairs and tables, you know, like a restaurant," continued Isay. "But as we stepped in from the street a large bell began to ring furiously in the back, behind a thick partition. We tried to go through, but we could not budge the door. We had to chop it down, and then two other doors, all of which were reinforced with steel sheet.

"But we worked on those doors and banged them down. When we got to the back room about fifty people, fellows who appeared to be clerks and business men out for lunch, were seated there. We found Brown in there and we also found a suitcase full of whisky and gin. We arrested Brown. As we were leaving with him through the front door Wilson came in. He had another suitcase. We looked inside the thing and found it also was filled with liquor. We arrested him too."

GIVEN QUILT TOP.

Gratifying reports of the tea held this week were received at the meeting of the Loyalist Temple, No. 18, Pythian Sisters, last night in Temple Hall, Main street. Mrs. Miles Saunders, M. E.C., presided and plans were made for a dance to be held the middle of next month. During the evening the Temple received as the gift from Mrs. Katherine Shepherd, a quilt top which Mrs. Shepherd had made herself, and which she wished the Temple to use for the benefit of its philanthropic work. She is 92 years of age and the oldest Pythian Sister in the Maritime Provinces, but the fitness and neatness of her needlework would be matter of pride for any skilled needleworker. It was decided that the members would quilt the top and dispose of it for the philanthropic work of the Order.

ACIDS IN STOMACH
CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.
Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, flatulency, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for thousands of people who enjoy their meals with no more fear of indigestion.

RICHARD HOOPER IS PRESIDENT

Eclectic Club Elects and Hears Lecture by Mrs. Ayscough.

The Eclectic Club enjoyed a rare treat last night in the address on Chinese literature which was given by Mrs. Francis Ayscough. The club met at the residence of Mrs. F. A. Stetson, Mount Pleasant, and there was an exceptionally large attendance. It was the annual meeting and officers were elected as follows: President, Richard Hooper, vice-presidents, Mrs. George F. Smith and Mrs. Ella Alward; secretary, Mrs. Heber Vroom; additional members of the executive, Mrs. M. W. Mackay, Mrs. James F. Robertson, Mrs. Cortland Robinson, Mrs. F. A. Stetson, F. B. Ellis and Mrs. Alfred Morrisey. Mrs. Vroom in her annual report referred to the fact that the club was observing its 64th anniversary and had the honor of being the oldest organization of its kind in the city. Mr. Hooper made a gracious speech in accepting office. Five new members were elected to fill the five vacancies, those elected being Rev. Dr. and Mrs. W. R. Hibbard, of Rothesay; Adrian Gilbert, Miss Mabel Gilbert and F. L. Short.

REV. W. SMALL GIVES ADDRESS ON CHINA

Rev. Walter Small delivered an interesting address last evening before the Young People's Association of Queen Square Methodist church on "Conditions in China." Mr. Small, who is enjoying a well-earned furlough after eight years in the mission field, explained the political and military situation in Western China. He said that the present civil war was merely a continuation of the fighting which has gone on ever since the establishment of the republic, but that the hostilities had now reached the coast and were receiving more prominence than formerly, as newspaper correspondents were able to learn more easily what was going on.
The speaker wore the robes of a mandarin and showed the audience several beautifully executed models of Chinese implements of utility and several miniature models of instruments used for the punishment of criminals.
Songs were given by Mrs. L. V. Lingley and William McGowan and a piano selection by Miss Evelyn Hanson, Clayton Teed, president of the association, was in the chair.

Wonderful Tea!

Users of KING COLE Orange Pekoe are frequently heard to remark: "It's really wonderful tea." This is not particularly in reference to its outstanding quality although that is necessarily included, but is due to the wonderful way it "spends." For KING COLE Orange Pekoe is a rich liquoring tea as well as a deliciously flavoured one. Skillful blending combines these two great tea qualities for your enjoyment.

GREATEST CRIME IN MODERN TIMES, DECLARES FENG

Christian General Thus Describes War in Northern China.

HE HOLDS PEKING Wu Pei Fu No Longer a War Lord—The Outlook is Brighter.

By RAY G. MARSHALL.

(United Press Staff Correspondent.) Peking, Oct. 24.—(3:50 p. m.)—The greatest crime in modern times was the intrigue that caused the present war in Northern China, Marshal Feng Yu Hsiang, famed Christian general, whose 10,000 fighting men, the best in China, hold the capital today, said in an interview with the United Press after his coup d'etat. "Leaders of China decided that war must end for all time, and that's why we have acted and seized the city. China has been made a shell which all men must now try to piece together and support. I believe public opinion will back us up in this. It was criminal of Wu Pei Fu to send half-clad, half-starved soldiers in no condition for warfare to fight against the Manchurians."

Reports from the war zone say that Wu Pei Fu's troops are practically surrounded. News of Feng's Peking coup apparently reached the fighting lines, but it was predicted that Wu's troops would throw down their arms when they heard of it. Wu Pei Fu has been advised secretly to leave the front and return to his native province of Shantung. The transition from a powerful war lord of Chi Li to an outcast was difficult for Wu to accomplish immediately, however.

When Feng sent a telegram this afternoon informing his former chief of what had happened, Wu said he doubted the authenticity of the telegram. Providing the telegram was genuine, he said he was willing to turn to Peking and discuss the situation. Wu has been in the north, trying to

MAY REST IN PEACE BUT IT COMES HIGH

It Costs \$1,000 to Transfer Body From Persia to Kerbela.

(By George Britt.) Beirut, Oct. 24.—The bones of pious Shia Moslems, whose relatives can afford to pay the price, are now transported part of the way by automobiles from Teheran, the Persian capital, to Kerbela in Mesopotamia, where every good Shia wishes his bones to rest. A local motor transport company recently extended its service between here and Baghdad as far as Teheran. The conveying of bodies of Persians from the capital to Baghdad for rail-way transport to Kerbela, about 60 miles from Baghdad, is a profitable side line in the company's business. Kerbela has been a place of pilgrimage of the Shia Moslems ever since the seventh century when a great tomb was erected to the martyred Sohan, son of the fourth Caliph, slain by a rival's soldiers. The town owes its existence to Hosian's shrine, for tens of thousands of pilgrims go there annually, many of them carrying the bones of their relatives to be buried in its sacred soil or bringing their sick and aged to die there.

High cost of burial in Kerbela is beginning to worry faithful Persians. In addition to paying the mullahs, who extract enormous fees for the burial, they have to bear the transportation cost of about \$1,000. The latter charge is said to be trifling compared with the fees exacted for a good burial site at Kerbela.

pur his troops on to defeat those of Chang Tso Lin, Manchurian war lord. Feng Yu Hsiang is in a conference. Japan is interested. Osaka, Japan, Oct. 24.—(By Motto Takata, writer for the United Press.)—The Japanese Cabinet decided today to send a battalion from Port Arthur to the North of China to protect Japanese residents, owing to the changed situation caused by the entry of Feng Yu Hsiang into Peking. Warships are also to be sent.

London, Oct. 24.—(Canadian Press.)—Reuter's Hong Kong correspondent reports that Feng Yu Hsiang, who is in control of Peking, will possibly replace Premier Tso Kun by former Premier Liang Chi Chai.

Peking, Oct. 24.—Feng Yu Hsiang, the Christian General, who returned from the front and seized Peking yesterday, has asked Premier Tso Kun to order a cessation of hostilities.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal. The following quotations from a recent work on teeth and health are worth remembering: "Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth. "The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay." The busy man—or woman—either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat. Sealed in its purity package, bringing all its original goodness and flavor to you. Get your Wrigley benefit today! Try Wrigley's after smoking The Flavor Lasts

THE GAME AND THE HUNTER

WHICH YOU ARE DEPENDS ON WHETHER YOU'RE IN CIVILIZATION OR IN THE JUNGLE. SAYS CHAMPION LION HUNTER—HE'S GOING BACK TO THE JUNGLE

(By George Britt.) New York, Oct. 24.—An African savage will direct you to your destination with more confidence than an American policeman or street car conductor.

Jungle noises, such as breaking of twigs or the chirping of birds which may mean close proximity to a lion, are less irritating to the nerves than a city's whirling dither. And eyes accustomed for 14 years to ebony bellies who wear only beads get a shock at the bare knees of a Broadway chorus girl. These thoughts on modern civilization are expressed by A. J. Klein of Nairobi, East Africa, hunter, photographer and explorer, who is back here at home for the first time since 1910. "I'm going back to Africa in January, and I shan't wait in Nairobi long then, but will strike into the jungle," says Klein to visitors in one of the taxidermy studios of the American Museum of Natural History. "You've got to get back here now and then. You get an overpowering desire to hear intelligent conversation from civilized people and to listen to good music. You want to see your family. "But the jungle has everything else. A white man there is lord of everything in sight. He can take time to think and develop his life as nature dictates. He is liberated from clocks and crowds and conventionalities. "The hunter lives with danger, but it is a stimulus, not a burden. If he meets a strange native and makes any inquiry, he receives a 'dio owana,' or 'yes, master.' "But things have changed here tremendously since I went to Africa. Life has speeded up. It seems to me Central Africa is now a more fair-like than ever, but it doesn't look like a fairing place for human beings. People jumping in and out of subways remind me of rabbits."

A. J. Klein and a lion he killed.

state taxidermist of New York and has been a member of the staff of the American Museum. He is 41 years old, short and wiry, with plenty of smooth black hair, brown eyes and a nervous manner. Big, phlegmatic men cannot withstand the jungle heat, fever and perils from savage men and beasts. "The closest share I ever had was not from wild beasts or natives but from a lion. The rest of my party went to water hole, while I waited for a food caravan. In following them, I got lost and water gave out and finally I fell down. The lion saw me and I followed its trail, they found me. They got the elephant, too."

Another Good Day in Community Sale. The merchants of St. John participating in the Community Sale were patting themselves on the back last night for two reasons: "First, that they had had the wisdom and foresight to join up with the rest and by co-operating put the community sale over big and second, that the weather man was co-operating with them in making it a success. They all recalled the autumn of last year, with its summer-like weather and the consequent disinclination of the people to buy their annual supply of heavier clothing and winter coats. They recalled reluctantly how they had to carry over part of their stock into the new year, which was a real headache."

ARRESTED M A N Y IN BRAZIL AFFAIR. A Seditious Movement Was Nipped in the Bud By The Government. Rio de Janeiro, Oct. 24.—(United Press.)—Widespread arrests have been made in connection with a seditious movement designed to overturn the established authorities, says an official statement. The plot had been so fully worked out that even Cabinet posts in the proposed regime had been distributed.

Pointed Out on the Waters of Volga. Fisheries Fail and Villagers There Face Starvation and Death. Astrakhan, Russia, Sept. 24.—(Associated Press.)—Life on the famous Volga river is slowly ebbing out. The great 2,800-mile yellow stream, once Russia's greatest maritime highway, no longer courses its winding way to the sound of fisherman's songs. The hundreds of villages which drew their life from the river are now cholera, typhoid, and other diseases are not only faced with a wheat famine this year, but their fishing business is dead.

Electric Chair Used to Punish School Teacher is Charged With Burning Pupils' Limbs This Way. Barnesville, Minn., Oct. 24.—H. T. Grubb, science teacher in the high school here, is at liberty under bond following arrest on a charge of using an "electric chair" to punish a pupil. This complaint was filed by Fred Tension, who declared that the instructor caused severe burns on the body of his 14-year-old son Earl "through high voltage applied to the chair" on Oct. 16.

JANTRISS SELLS \$5,000,000 REALTY

Also Rent Collector, Nurse to Neighbor's Children, Mother of Five.

New York, Oct. 24.—The judicious use of her leisure was the secret of her success, according to Mrs. Fannie Menschel, who has sold more than \$5,000,000 worth of real estate on the east side during the time she found to spare from her duties as jantriss, rent collector, nurse of children of the neighbors, mother of five children, stepmother of six and mainstay of an invalid husband. Last week Mrs. Menschel sold a property at 21 Norfolk street belonging to the Brusbeck estate to Herman Tok for \$200,000 and netted \$2,500 for herself in a short time before she had sold a property in Avenue A between Third and Fourth streets for \$325,000, earned a commission of \$4,200. These sales many other big operations in the last two years drew attention to her as one of the big real estate brokers on the east side, and former Alderman Louis Zeiler thought it was time to introduce a "she had no children" bill to get her name into the public eye. Mrs. Menschel is 44 years old and has many questions on how to get rich. Her family grew so fast that she could not support it even with her own income. She began to look for a way to get rich. She started in real estate twenty-five years ago, Mrs. Menschel said. Raising a competent right forearm in which a preponderant gift for real estate was deeply imbedded, she began to get rich. Mrs. Menschel is a native of Yiddish, which was translated as follows: "I was so terribly stung in my earliest transactions. Twenty-five years ago she sold a property for \$400,000 and netted \$50,000 for a commission. She was cheated a lot of times before she learned what she ought to get."

France Will Prosecute Institute Which Professes Ability to Do So. Paris, Oct. 24.—Legal proceedings against a medical institute which professes to cure cancer without surgery have been begun by Justin Godart, Minister of Labor and Health, with the view, if court action fails, to obtain new legislation for the protection of cancer victims. The Minister has long been interested in a possible cure for cancer, and in 1920 founded the Franco-American Anti-Cancer League. His determination to prosecute one of the many so-called institutes which guarantee to cure the disease without surgery arises from discussions at the recent international congress at Strasbourg at which demonstrations were introduced to show that surgery, combined with X-ray treatment, could cure cancer.

DECLARS ANGER SHORTENS LIFE. Dr. Cooper's Rules for Living More Than 100 Years. Chicago, Oct. 24.—People die of too much love, too much anger, too much will, according to Dr. Nellie Bingham Cooper, president of the American Compositians' Society in an address at a life extension conference here. "People can easily live to be more than 100 years old by following four simple rules," said Dr. Cooper. "1. Control your temperaments. If you are prone to too strong affections be warned. The alternate fear and excitement wear away life ten times the normal rate. Don't be angry. Don't get excited about anything. Be serene and look serene. "2. Don't overeat. Make a large proportion of your diet green vegetables. "3. Work. Don't be afraid of hard work, but avoid long hours and fatigue. "4. Charming Dress. A charming dress shades from vivid green skirt to a bodice of cloth of silver with exquisite shaded fringes."

Pointed Questions. In the foreign debt, Herriot will certainly have explanations to furnish about how Germany has been carrying out her obligations since the Dawes plan went into effect; what France is getting in exchange for the evacuation of the Ruhr; what is replacing the payments in kind which have been practically suppressed; what is the prospect of the 26 per cent. tax on imports from Germany; what are the results from France's viewpoint of the last assembly of the League of Nations; what is France's position in the negotiations for a commercial treaty with Germany, etc. It is probable that the Herriot Government will not encounter too much opposition in justifying the foreign policy, but will face a serious task when home affairs are brought up.

**MERRY EVENING AT
 'PHONE BUILDING**
 Mock Trial and Dance
 Given for Pleasure of
 Visitors.

One of the first female juries to be empaneled in St. John was on duty last evening in the assembly rooms of the New Brunswick Telephone Company, Ltd., when a mock trial was staged by members of the local staff. Moving pictures showing the use and abuse of the telephone were shown on a screen by N. F. Lambert, who operated the machine. The pictures were loaned by the courtesy of the Maritime Telegraph and Telephone Company of Halifax, N. S.

O. J. Fraser, general superintendent and F. J. Nisbet, exchange manager of the company, were actively employed in making everyone at home, the former acting as chairman of the programme, which was well carried through. Dancing was enjoyed after 10 o'clock, with delicious refreshments served at 11 o'clock.

The guests of the evening were the visiting delegates and the local staff of the company, who are participating in the convention of the New Brunswick Telephone Company, Ltd., here. With the 29 visitors and the local people, there were about 100 guests. Those responsible for the programme were C. A. Ken, A. W. Wilson, J. Ernest Till, Horace G. Black, Miss Rita Brittain and Miss Dolly Leggett. The dance committee was composed of G. M. McKel, J. L. Holman, Miss T. A. McKel, Miss M. Butler and Miss Mally Dunlop.

There were musical numbers by Miss Marlon Miles, the accused in the trial, her performance being a penalty imposed upon her for contempt of court. The others were penalized in the same manner, and the operators in the court were charmed with the treat accorded which in the knowledge of the eldest member had never been granted in a court before. J. Ernest Till, the plaintiff, whose affections had been trifled with by the pretty accused sang two love songs, Lawrence Rouch, who was co-respondent, was heard in saxophone solo, and Miss Pearl Wayne, elocutionist, gave a reading, brimful of funny bits on members of the company, from the general superintendent to the office boy.

Miss Kathleen Shaw, the stenographer who chewed gum, showed her talent in reading by her resume of the evidence before the court. Blair Sealey was clerk of the court; the counsel for the defence was N. Betz; A. W. Watson for the plaintiff; Miss Gladys Whelpley was clever as one of the witnesses. Miss Rita Brittain played accompaniment. The jury was complimented upon its attractive appearance. They decided in favor of Miss Miles. Harry Dakon was judge and made more noise than anyone in the court. The whole event showed the splendid talent of the staff of the company. Those who

featured in the trial, as well as the general assembly of young ladies were suitably and attractively gowned. Their power of entertainment was a revelation of the fraternal spirit prevailing between the staff and their employers.

MANY PEOPLE AT SUPPER.
 A fine crowd availed itself of the good weather to enjoy a supper at the Silver Falls schoolhouse last evening, when the ladies of the Methodist Church conducted a supper and sale for the benefit of the funds of the church. The candy booth was particularly pretty. Miss M. Jordan was in charge of the decorations and Mrs. F. Sandgrass had charge of the fancy work booth, the trimming being in red and white. There was a successful programme in the evening furnished by "The Benetown Chorus." Mrs. Hugh Miller, wife of the pastor of the church, was general convener and was assisted by Mrs. A. E. Josseline, Mrs. E. J. Young, Mrs. Samuel Armstrong, Mrs. LeBaron Jordan, Mrs. Fred Shillington and Mrs. Thomas Shillington.

PARKING PLACES FOR THE DOGGIES
 New Paris Fashion is for Big and Ugly Canines for Ladies.
 (United Press.)
 Paris, Oct. 24.—An ugly dog—preferably a lop-eared, dejected-looking hound—will be necessary for every woman who wishes to achieve real smartness and "chic" the coming season.

The edict has gone forth that the ultra-chic will this winter be preceded in her sojourn on the boulevards by a dog. But the sleek, handsome dogs of other years will not do. This year's fashion is homely dogs—Saint Bernards, hounds, spaniels, police dogs, sheep dogs—anything that is sufficiently fierce of face or ugly of figure to furnish a sharp contrast between the animal and his mistress.

And, as a consequence, the market price of "Poms" and the disdainful "Pekes" has slumped suddenly. The small dog is passe. Nobody wants one. And the price of the larger varieties has bounded accordingly.

The sudden increase in the size of fashionable dogs has created a serious problem for the smart tea-places and cafes on the boulevards frequented by the fashionable. A lady could park her "Pekes" on her lap or an adjoining chair. But a lop-eared hound tips over the

tables, gets tangled with the waiter's legs, and like as not picks a fight with the neighborhood hound.

Several of the cafes have solved the problem by setting aside a part of the hot-checking room as a parking-place for dogs.

Another attack launched by one of the Poincaré followers will change the Herriot administration with repudiating their electoral promises, one of which was to abolish the twenty per cent increase on all taxes that was voted by the previous Chamber to help balance the 1924 budget. The 1925 budget maintains all increases and adds a few others.

Probably Safe. Whether the 1925 budget will go through without changes it is too early to say, but it remains that Herriot has to be more and more careful in handling the Chamber, where a vote in which the socialists joining the opposition would mean his end. The chances are that, instead of acting that way, the socialists will keep on threatening the radical leader to overthrow him if he does not carry out their demands. They will gain more than a Socialist Cabinet taking his place, the Socialist party being still too weak to constitute a majority.

It is therefore likely that unless discussions become acute between Herriot and a number of his supporters, there will be no change of Government in the near future, but those subjects such as the religious question may reserve surprises. Aside from these new questions, there will be before the Senate, the bill for amnesty, including ex-Premier Caillaux, which was passed by the Chamber before the vacations, but not voted by the other house, owing to lack of time. And finally the old favorite theme "cost of living" will be brought up from various sides and for various reasons. This and the other routine will occupy both Chamber and Senate during many days and several night sessions, the months of November and December being surely too short to tackle one-fourth of the long order of the day that will be fixed this afternoon.

SIX MEMBERS ADVANCED.

Marlborough Lodge, Sons of England, held its regular meeting last night in Orange Hall with more than 30 members present and after regular business had been disposed of the second degree of the order was followed and six members were advanced to the new rank. During the pleasant evening songs, instrumental music and speeches were greatly enjoyed those taking part in the programme being W. F. L. Griffin, D.D., G. H. Lewis, A. Clayton, H. E. Thompson, L. Ploup, A. E. Tovey, T. Layland, F. Layland and S. B. Phillips. Plans were discussed for the open night to be held next Thursday evening when the lodge expects a "hall house." At 11 o'clock the meeting closed with all present joining hands to sing heartily God Save the King.

BUFFET SERVICE AN IMPROVEMENT

New Service on Trains Between St. John and Moncton Meets With Favor.

Since the change of time on C. N. R. lines effective Sept. 29th, provision has been made for a better buffet service on trains Nos. 19 and 20 between Moncton and St. John. No. 20 train, leaving St. John at 6:15 p.m., carries a buffet-parlor car as far as Moncton, and on this train excellent meals are served, the menu including such substantial items as steaks, chops, etc., cooked to order by a competent chef.

This improvement in the service is finding favor with many travelers. The same service is furnished on the buffet car leaving Moncton on train No. 19 at 10:35 a.m. and reaching St. John at 1:45 p.m.

A through sleeping car for Halifax is carried on train No. 20 except on Saturday evenings, and is transferred at Truro to No. 8 train from Sydney and carried to Halifax, arriving at 8:45 a.m.

A cafe-parlor car is operated from St. John to Moncton on train No. 14 leaving at 1:25 p.m., serving regular meals. This car operates from Moncton to St. John on train No. 48, leaving Moncton at 5:30 p.m.

Gives Comfort.

The newest tube frocks and straight skirts give the necessary width for walking by a flatty ironed plat in the back from the hem to just above the knee, which is almost invisible except when walking. This makes them comfortable as well as smart.

Award Against City—Saint George Case Ends, Judgment Reserved.

A verdict of \$900 damages was entered for the plaintiff as a result of the finding of the jury in the case of Donald vs. Moses and the city of St. John in the Circuit Court before Mr. Justice Crockett yesterday afternoon. The original amount claimed was \$1,000. Argument of counsel on points of law regarding the fixing of the liability, whether on the contractor or the city, occupied the proceedings during the latter part of the afternoon before court adjourned for the day. Belyea and Gilbert appeared for the plaintiff; Dr. J. B. M. Baxter, K. C., for the city, and H. A. Porter for the contractor. The case of Smith vs. the Bonny River Lumber Company is set for this morning.

5 Operations—15 years suffering with constipation—Kellogg's Bran restores health

Mr. Lansing's case is typical of thousands of others. He found permanent relief from constipation in Kellogg's Bran because it is ALL bran. Nothing but ALL bran can be 100 per cent effective. Read what he says:

Dear Sirs: I have been afflicted with constipation for the past 15 years, and during that time I have been in four different hospitals and submitted to five different operations that were the result of constipation. I was getting so bad that every meal I ate soured on my stomach. Two months ago I was advised to eat your Kellogg's Bran. I tried it, as I was trying everything I could hear of. From that day on I have never taken a physic. My stomach does not sour any more and my bowels move regularly morning and evening.

For permanent relief, eat Kellogg's Bran regularly. Two tablespoons daily—in chronic cases, with every meal. It is guaranteed to bring results, or your grocer will return your money.

You will like the delicious antacid favor of Kellogg's Bran—so different from ordinary bran, which are unpalatable. Eat Kellogg's Bran with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the recipes given on the package. Kellogg's Bran, cooked and krumbed, is served by leading hotels and clubs in individual packages. Made in Toronto, Canada. Sold by all grocers.

St. Stephen or Calais. The plaintiff claims that three agreements were entered into in connection with a business of trading in hides, wool, etc., that the partnership was dissolved by mutual agreement, and that he has never been able to get a statement. The defendant brought a counterclaim, stating that sums were charged up against the firm amounting to \$4,424.20. The main question in dispute is whether or not this amount should be charged against the firm.

Direct examination of the plaintiff was concluded yesterday afternoon, and court adjourned until today at noon. P. E. McLaughlin, of St. Stephen, is appearing for the plaintiff and has associated with him as counsel P. J. Hughes, K. C., of Fredericton. Dr. F. R. Taylor, K. C., is acting for the defendant.

DEFEATS ACADIA

Fredericton Outfit Scores 5
Tries to One for the
Visitors.

Running in three tries in the closing moments of the game, the University of New Brunswick rugby team drew that high in the western section of the intermediate section by defeating Acadia yesterday afternoon at Fredericton, N. B. Half time score was 0-0. The visitors, led by captain, Fred Fraser, scored the first try in the first period. Fraser converted two of the three tries.

Opening the second half, U. N. B. found deep play in Acadia grounds. The visitors held, however, and took advantage of several fumbles by U. N. B. backs. The minutes slipped by fast and it looked as though the game would end, 6 to 0, when Fraser managed to get the three-quarters moving and three tries were scored over in an incredibly short space of time.

She Walks in Water

Fair Hunter Dons "Balloon Boots" and Wades Out in Lake to Lure the Festive Quack-Quacks

Here's how fair ladies are hunting ducks in California this year. They don inflated air-tight boots, with skirt effect, and walk right out in the lake with a gun on their shoulder. The inflated trappings are sufficient in buoyancy to keep the body well high above water. This enables the ladies to negotiate fruitful hunting spots. It's rather rough on the quack-quacks but the dear girls say the excitement is too wonderful for words.

That First FALL COLD

NEVER forget this! It's the first cold snap catching us unawares, that finds the weak spot in throat and chest. Peps provides the best and handiest means of getting rid of Fall colds quickly and surely. Neglect adds to your troubles later, most possibly in the shape of a bad dose of bronchial catarrh that lingers through the winter months. Irritation is evidence that you need Peps. Dissolve one or two of these pleasant infection-killing tablets in the mouth right away. Breathe deeply into throat and lungs the powerful healing and germicidal Peps medicine given off in the form of fumes. These cut the phlegm, soothe and purify the tender air passages and destroy harmful germs that start trouble in throat and lungs.

PEPS For THROAT & CHEST

PEPS removes the cause of coughs, colds, sore throat, bronchitis, etc. By invigorating and fortifying the entire breathing system Peps gives valuable resistance against weather dangers.

Dr. Mella Declares that Germany Has the "Drinking Devil."

Bueckeburg, Germany, Oct. 24.—"Every nation has its special devil, and the German people has the drinking devil," said Dr. F. O. Mella, of Frankfurt, at a congress of the German League for Prohibition held here recently. Only the influence of true Christianity can save the German nation from this devil, in the opinion of Dr. Mella.

The detrimental effect of alcohol on the German people was illustrated by

figures given by Dr. Strecker, president of the league, who pointed out that three and a half billion marks are consumed annually in Germany by drinking. Altogether the damage done by alcohol to the people may be figured at six billion marks, according to Dr. Strecker who added: "Clever Americans knew what they could achieve by prohibition; sober and dry nations will be the future leaders of civilization."

George Michaels, one time Chancellor, referred to the connection of alcoholism with excesses, contending that the church could contribute greatly to the wiping out of alcoholism, which is mainly a matter of education. "The Protestant church of Germany has failed utterly so far, inasmuch as it did not make the alcohol question an issue of its own," said Herr von Wicht, a parson from Bielefeld. He added that new hopes in this direction might be harbored since the separation of church and state.

**MANY CLIPPINGS
ON BOBBED HAIR**

Tonsorial Scissors Keep Editorial Shears Busy Making Collection.

After the Prince of Wales had visited Long Island a clipping bureau announced that it had collected, all of the newspaper accounts of his activities. The clippings regarding the affable heir to the British throne numbered some 12,000 and made a book that weighed 825 pounds. This was the greatest amount of newspaper space given to a single man in such a short time.

After the world's series between the Senators and Giants the Western Union Telegram Company announced that some 2,700,000 words had been sent over its wires in Washington recording the four games played there. Both of these instances marked new records in their way, but volume alone does not present the only records of this sort. An editor who is interested in the follies of the day recently completed a survey of what he calls a frivolous subject.

His facilities for gathering clippings were limited, he covered only New York city, and he did not make any more than a casual collection. The subject he chose was "Bobbed Hair." He omitted editorial comment, and did not attempt to gather into his grasp every allusion, but applied the scissors only when the subject appeared in the headlines. One of the first clippings that he displayed was the recent one in which Cardinal Hayes said that Samson's loss of hair and strength was an example to the ladies. Going through the rest, he read the following:

"Bobbed Hair Nurses Barred at Hospital."
"Her Bob Draws Hunter's Fire."
"Bobbed Hair Booms German Shears Trade."
"Bobbed Locks Now Mean Future Beards, Says Expert."
"Japanese Besech the Gods Against Bobbed Hair Craze."
"Bobbed Girl Prize Beauty."
"Won't Shave Until Wives Let Their Hair Grow"—wherein men in Washington start split-hearled.
"Bobbed Hair Ban Not Applicable to City Nurses in New York."
"Bobbed Splinter, 94, Says Flapper Exalts Grandma."
"She Keeps It Bobbed Despite His Whiskers."
"1700 Years Old, Bobs Hair."
"Girl Sues for a Bad Bob"—she lost her job on account of it.
"Girl Bobs Hair; Barber Is Sued—in which the right of a child to have her hair cut without her parents' consent is put to test."
"Finds Bobbed Hair Common in Turkey."
"2000 Women Bob Hair Daily."
"Denied Bob on Earth, She's Shorn in Airship."
"Bobbers Barbers Urged."
"New Bobs Result in Flapper's Rash."
"Bobbed Hair Shows in Painting in 1850."
"Two Girls Bobbed at Templo in Mexican War on Bobbed Hair."
"Must Not Bob Hair Much—setting forth a rule for girl employes of the New Haven Gas Company."
"Bobbing Hurts Chevro." Trade—showing that Chinese exports of human hair have fallen off."

The collector found items of a solemn nature also, such as, "Ruined by Wife's Hair Bob," telling how a man got drunk because his wife had her hair cut. Another story told how a husband had struck his wife for bobbing her hair, and landed in court. "I wish to emphasize," said the collector in conclusion, "that I have only culled the clippings from New York papers and have not touched at all upon discussions on the editorial page or the woman's page or among letters to the editor. "And I have not mentioned the bob-haired bandit."

PARASITE MAY ACCOUNT FOR THE PRESENT SCARCITY OF PARTRIDGES

Dr. Wm. McIntosh Gives Interesting Views—Other Game Birds Might Thrive Here.

The Times-Star is indebted to Dr. William McIntosh, curator of the Natural History Museum, for some valuable and timely information and comment on the partridge situation, and also with respect to pheasants and the Hungarian partridge which, many think, might profitably be introduced into New Brunswick. Mr. McIntosh says on these questions: In the present scarcity of partridges (ruffed grouse) due to the attacks of ticks which are unusually plentiful on the birds this year? This question cannot be answered without a very careful study of the subject. They all ticks and all other parasitic animals are carriers of disease, is now well known, and that many species of ticks always cause serious injury to the animals they attack, has also been proved. In North America a number of different kinds of ticks are found on birds and animals. Among the most common are: The fowl tick, Argas minutus, which transmits spirochaetosis of fowls and other birds. The lone star tick is found all over eastern North America and is of economic importance because it attacks not only birds and mammals but also domestic animals and man. The common dog tick fortunately is rare in this country, attacks mammals, including man, malignant jaundice in dogs is transmitted by this species. One of the best known American ticks is the Rocky Mountain spotted fever tick, the carrier of the human fever tick, occurring in several of the Western States. The virulence of the disease varies in different localities, the death rate being from 5 to 7 per cent in Idaho, whereas, it is about 70 per cent in the Bitter Root valley of Montana. Wild animals are the carriers of the disease. African relapsing fever, which frequently causes death in human beings, is caused by ticks occurring on wild animals. In Australia dogs and cats frequently perish from tick paralysis or poisoning. After the ticks have been attached to a full grown dog, in two or three days the animal begins to look weary. Pigeons and birds are rarely found again alive. This tick will attack human beings. Tick paralysis is death in several of the British Columbia and the Western States. Dr. Temple of Oregon publishes a very full account of a number of cases. The ticks begin beginning with the legs. It ascends becoming complete in from three to five days, often ending in death. Texas cattle fever is a tick disease, as is also a serious skin disease in South America. The bite of ixodes ricinus causes a dangerous pustule which usually causes death in birds and animals. The tick diseases of the lower animals have hardly been studied at all, but it is well known that immense numbers of both animals and birds die from disease transmitted from one to another by blood sucking ticks. The periodical plague which decimates the rabbits (varying hare) of New Brunswick is a tick disease, and this is a rabbit tick. The rabbit tick appears to be a different species from that infecting the partridge. Mr. James Yrwood, a well known naturalist of St. Stephen, has suggested that the sudden disappearance of the passenger pigeon was due to some extent due to a tick disease. Very recent investigations show that these seemingly insignificant animals play a very important part in the scheme of nature. From the foregoing it may be seen that these disgusting parasites are probably capable of causing a very serious mortality among our partridges, and the scarcity of these game birds may be largely due to this cause.

HOME PRAYER MEETINGS HELD

Portland Methodist Church Meetings Prepare for Evangelists.

In connection with Evangelistic services to be held in Portland Methodist church next week by Dr. H. T. Crossley and T. H. Leonard the members of the congregation held several cottage prayer meetings last evening. They were held at the home of F. S. Thomas, Douglas avenue, with Mrs. R. A. Corbett as leader, at the home of Mrs. W. Bell, Adelaide street, with Mrs. James Ferguson as leader, at the home of Samuel Johnson, Camden street, with Wm. Atherton as leader, and at the home of James Bond, Millidge street, with Frank W. Merrill as leader. These meetings were all largely attended by the people of each district and a great deal of interest was manifested by the people of Portland church.

FORM 3 LEAGUES OF Y. M. C. I. BOWLERS

New Scheme is Employed to Stimulate Teams to Best Work.

An enthusiastic meeting of bowlers was held in the Y. M. C. I. last evening. For this season three leagues will be operated. These will be known as the Diamond, House and Inter-Society leagues.

The Diamond League will have four teams—the Owls, Sparrows, Falcons and Hawks. These teams will be required to maintain an average of 85 to hold their position, falling which they will revert to the House League. Officers for the latter league making this average will replace the Diamond League team which falls down in its average. This will keep the teams working hard for positions and fast bowling can be expected.

The Inter-Society League will be on the same basis as last season with teams from the A. O. H., St. Peter's, Y. M. C. I. and St. John's. Officers for the leagues were elected resulting in the selection of N. J. Cassidy, president; G. A. Comeau, vice-president, and M. M. Jarvis, secretary-treasurer.

The first gun will be fired on Monday night when those two old rivals, the Hawks and Sparrows, will roll.

TEAMS MUST PLAY "GRID" GAME OVER

Rothsary-St. John Football Dispute Decision is Announced Today.

The University of New Brunswick Amateur Athletic Association have notified President A. W. Covey of the Maritime Branch of the A. A. U. of C. that the instructions of the Maritime Branch of the A. A. U. of C. regarding the Rothsary-St. John football dispute have been considered and their ruling was that the game would have to be replayed in St. John not later than Saturday, Nov. 8.

The dispute arose over a game played in this city on October 11 when the local school team defeated the Rothsary boys, 6 to 3. At that game the Rothsary captain claimed that the St. John High School Athletic Club had infringed the instructions of the University of New Brunswick A. A. A. and of the Maritime Branch of the A. A. U. of C. in so far as the members of the football team failed to apply and obtain amateur cards and also refused to give an assurance that the players were within the age limit. President Covey has notified the High School boys that unless they have their registration attended to before tomorrow they will not be allowed to compete with Rothsary.

At present Fredericton has a strong hold on the championship of the Inter-scholastic League, but Rothsary is now in a position to vie for premier honors as a result of the decision of the U. N. B. Athletic Association declaring that the game they lost against the St. John team must be replayed. The winners of the league will be eligible to play off with the winners of the Westmorland section, which is composed of the Sackville High School, the Mount Allison Academy and the Moncton High school teams, for the provincial championship.

ADD 152 TO THE LIST OF VOTERS

The Board of Revisors for the City of St. John met last evening and added the names of 152 persons to the voters' list. The names of 18 who had made application were not considered as they already appeared on the list in some other ward. Next month the official list will be filed with the sheriff.

WAS MUCH ENJOYED. A Halloween supper arranged by the Ladies' Aid of Zion Methodist church and held last evening was an unqualified success. The attendance was very large and all seemed to enjoy themselves and many gave expression of their satisfaction. The slanks thanks of the ladies, the pastor and the official board are tendered to all who helped in any way.

Miller, slightly favored the arguments of the affirmative in their decision. An interesting meeting closed with "Taps."

INDIAN CAUGHT AND SENTENCED

Abraham Paul Taken Following Chase Incident in North End.

Abraham Paul, an Indian, was dealt with by Magistrate Henderson in the police court this morning when he was adjudged guilty of assaulting C. P. R. Police Constable Carr, while in the legal line of duty. He pleaded not guilty and consented to Magistrate Henderson trying the case. Constable Carr swore that on Saturday morning, Oct. 18, at 8:30 o'clock, while he was patrolling the C. P. R. yard he came upon the defendant who started to run away. He reached him under arrest and started for the North End police station. While going up Long Wharf Paul turned on him and struck him in the face. He broke away and was only recaptured near Moncton last night by Police Sergeant Dykeman of the local force. Investigator G. F. Costello of the C. P. R. and C. P. R. Constables W. J. Carr and G. C. Curran. As there were no witnesses to the affair this closed the case for the prosecution. The defendant was asked if he had anything to say and replied that he had not. He was adjudged guilty and sentenced to pay a fine of \$100 or go to jail for three months.

CRESCENTS WANT ONE MONTH CLAUSE

A. W. Covey Goes to Halifax for Conference and Annual.

A. W. Covey, president of the maritime branch of the A. A. U. of C., will leave this evening for Halifax to confer with A. C. Miller, first vice-president, on matters for the annual meeting of the branch to be held in Amherst on November 29. Mr. Miller has been sick and President Covey decided to visit him and talk over some business pending. While in Halifax he will attend the Herald and Mail 10-mile road race tomorrow. When asked if anything important would be discussed at the coming meeting, President Covey said that the Halifax Crescents proposed giving notice of motion on the annual meeting of the A. A. U. of C., asking that the five months' residence clause be rescinded and revert back to one month as heretofore. Officers will also be elected at the meeting.

As Hiram Sees It

"Have you had any of the new buckwheat ground yet?" The Times reporter asked of Mr. Hiram Hornbeam.

"Hanner," said the reporter, "has a hull bar'l under the pantry shelf."

"I trust," said the reporter, "that Mrs. Hornbeam's health is good."

"She never cooked better pancakes in her life," said Hiram.

"Would there be any fresh pork in the cellar?" queried the reporter.

"Yes, sir," said Hiram, "an' on the table, too."

"I have not been feeling well lately," observed the reporter.

"I'll bet a big apple I know what that means," said Hiram. "It's the fall fever. The's only one cure—pancakes an' pork. Jist you break away an' come out to The Settlement for a week an' you kin come back an' fight a doo with Mayor Potts—By Hen!"
