

**NAPOLEON SEGUIN DENIES CHARGES**

Petition to Unseat Member of Quebec Legislature Is Adjourned.

Montreal, Oct. 2.—After a full day's session in the superior court yesterday, further hearing of the preliminary enquiry on the petition to unseat Napoleon Seguin as member for St. Mary's division in the Quebec legislature was adjourned until October 20. On next Wednesday the petitioner, A. Mathieu will be examined "on discovery."

**SEAPLANE ENGINE FAILS; STILL AT KINGSCLEAR**

Fredericton, N. B., Oct. 2.—The Fairey seaplane in which Col. Leckie of the Canadian Air Board, is making a flight from Montreal to Halifax to start the trans-continental flight from Halifax to Vancouver, was still moored in the St. John river at Kingsclear at noon today. When the weather cleared this morning they started to make ready for continuation of the flight, but all effort to get the engine in motion failed. The difficulty with the engine is said to be that it was out in the rain for several days.

**TAKE \$5,000,000 IN TWO DAYS**

Realty Taxes Pour Into Montreal Collectors — \$1,000,000 More Than Last Year.

Montreal, Oct. 2.—The flow of coin, bills and checks continued all day yesterday into the strong boxes of the corporation of Montreal, and when the final counting was completed, shortly before 7 p.m., it was announced that nearly three million dollars had been received during the day in payment of the realty taxes. The collections for 1920, according to a statement made by Assistant City Treasurer Collins at the close of the day, are close to a million dollars more than for the corresponding date last year.

**ABOUT HAT PRICES**

You will, unfortunately, pay more for your hat this fall than you did in 1919. But the manufacturer paid for the raw materials that went into that hat 700 per cent. more than in 1919. For the trimmings on the hat he paid 400 per cent. more. For the lining, if there is any, 500 per cent. more; leather 200 per cent. more; the more. The labor which determines more than anything else the value of the hat, cost over 100 per cent. more. All these things naturally are directly responsible for the increase you will have to pay over the 1919 product. But it costs no more to buy a Stetson or Knox hat, value considered, than a hat minus a maker's name. We feature Knos and Magee, 68 King street.

**ANOTHER FIRE AT PIER AT GALVESTON**

Galveston, Texas, Oct. 2.—A fire broke out in section A at the general alarm followed. Four steamships were endangered by the flames.

**SUGGEST ONE WEEKLY FOR ALL CANADA**

Presbyterian Board to Negotiate with Halifax Publication for Amalgamation — New Business Manager.

Toronto, Oct. 2.—Rev. D. M. Solandt of Winnipeg, was appointed by the Presbyterian General Board yesterday, to the position of business manager of Presbyterian publications, in succession to Rev. Dr. R. Douglas Fraser, who resigned last June.

The board decided not to appoint an editor of the new church weekly at the present time. With a view to having only one church weekly for the whole dominion, negotiations are to be entered into with the proprietors of the Presbyterian Witness, Halifax, with a view to its amalgamation with the Presbyterian and Westminster.

**MR. HANNA BIDS FOR SUPPORT FOR NATIONAL RAILWAY**

Sudbury, Ont., Oct. 2.—D. H. Hanna, president of the C. N. R., addressing the Canadian Club here yesterday, appealed to Canadians to support the national railways. There had been much destructive criticism, he said, but what he wished to see was constructive criticism.

**LOCOMOTIVES FROM CANADA TO ROUMANIA**

Montreal, Oct. 2.—The Knowlsey Hall now in port for the New Zealand Shipping Co., Ltd., is taking on a cargo of Canadian locomotives for the port of Constantza, on the Black Sea. These locomotives are to the order of the Rumanian government, whose railways, like most of those of the government, are in very much run-down state as regards rolling stock. The Knowlsey Hall will sail on Tuesday for the port of Constantza, the first departure of the season for the Black Sea.

**WHAT WILL THE FARMERS SAY?**

Woodstock Press: With the advent of the United Farmers, as a political party in this country, the organization of the old political parties has been shot.

**BIG SLICE OFF THE DEBT OF U.S. IN SEPTEMBER**

Washington, Oct. 2.—The gross debt of the United States was reduced by \$257,318,000 in September, according to figures made public today by the treasury department.

**SIDE LIGHTS ON ELECTION IN PROVINCE**

Bright Outlook For the Future. "We have before us a people many problems. The burdens of the war will be felt for many years to come and the only way to meet the emergency situation can be met by increasing our production and thereby our sales abroad. A government which continues development of water power, good roads, promoting colonization, safeguarding our Crown Lands and the revenue therefrom, aiding education, establishing technical schools, fostering agriculture, the expenditure of our income therefrom in the best interests of the people. With these things in view we will have before us that aim to carry on the government of the province on the principles of peace, justice and harmony. From speech by Premier Foster in the Legislature 1920.

MACNUTT — In loving memory of my brother, Pte. Manford W. MacNutt, 1st Canadian Contingent, No. 1 Field Ambulance, who was killed in action Oct. 1, 1916, at the Battle of the Somme.

**LOCAL NEWS**

UNDERWENT OPERATION. Many friends of Herbert Parlee will regret to learn that he underwent a serious operation in the hospital. His condition is said to be as well as can be expected.

**AUCTION OF AUTOS**

Auctioneer Webster sold new automobiles in Market square this morning, one a Ford touring car was knocked down at \$810, and a five passenger Maxway went for \$400. A Maritime Singer Six was withdrawn at \$400.

**GEO. STAFFORD SUSPENDED**

An official bulletin was published this morning by A. W. Cover, president of the Maritime branch of the Amateur Athletic Union of Canada, suspending George Stafford for playing with the St. George team in a recent game with St. Peter's. Stafford during the first of the season played with the Alerts in the city league and later went to Moncton where he pitched for the C. N. R. nine in the city league there.

**C. P. R. CASE**

H. Catlow, chief inspector of the C. P. R. investigation department of the New Brunswick district, returned home from Fredericton last night where he was attending the trial of George King, charged with wrongfully obtaining a C. P. R. pass and using it from Medford in Winnipeg and back. The case came before Magistrate Limerick and he pleaded guilty. He was remanded until Monday for sentence.

**CREW OF CONCRETE MIXER ON STRIKE**

Some of the members of the city concrete mixer crew who struck yesterday afternoon as a result of a dispute over the matter of having the amount of their taxes taken from their pay envelopes, returned to work this morning.

**SOME RETURNED TO WORK TODAY — ONE SIDE OF CITY ROAD COMPLETED.**

The Stephens crew on the other mixer completed its section of the foundation this afternoon and the mixer will be returned to City road, where the contractors expect to complete the work in about three weeks. The granite paving on the eastern side of the street has been completed and that side will open for traffic on Monday. The western side is completed from Garden street to Stanley, and work on this section will be continued on Monday. The laying of granite in the Prince William street track section started this morning.

**BELONGED HERE**

Robert Cochrane Died This Morning at Home in Devon

(Special to The Times). Fredericton, Oct. 2.—Robert Cochrane of Devon, died this morning at seventy-five. He is survived by his wife, one daughter, Mrs. Fred Armstrong of St. John and one son John Cochrane of Montreal. He was a native of West St. John and resided there until about 1884 when he enlisted in the infantry school corps here. For many years he held the rank of Hospital Sergeant. While living in Carleton he was associated with members of the Paris crew as helper in the training of it. Later he had been caretaker of the St. Mary's Rifle Range. He was prominent in the Orange order. It is probable the body will be taken to St. John on Monday.

**NEW PROFESSOR IS AT THE U. N. B.**

(Special to Times). Fredericton, N. B., Oct. 2.—Dr. Edward Elias, B. A., Harvard, M. A., Chicago, has been appointed to the chair of Modern Languages at the University of New Brunswick in succession to Dr. J. A. Spaulding. Dr. Elias has taken up his duties. He is strongly in favor of adding the study of Spanish to the curriculum on account of the growing interest in Spanish-American countries and the increasing trade with them. Prof. P. Colomb of Paris, France, originally appointed to succeed Dr. Spaulding, was unable to accept the appointment on account of illness.

**BODY OF CHILD FOUND**

The body of a child, presumably born, was found on Courtenay Bay beach about fifty feet from the sewer at the foot of Clarence street, about noon today. Police headquarters were notified and Sergeant Detective Power and Policeman Chisholm went down and took charge of the situation until Coroner Kenney arrived on the scene. The coroner viewed the little body and gave permission for burial, and this was attended to. There will be no inquest.

**Formal Naming of Candidates in Province**

(Continued from page 1.) Madawaska. Edmundson, N. B., Oct. 2.—J. E. Michaud, member of the last legislature and D. L. Daigle of St. Hilaire, the government ticket, were the only candidates nominated in Madawaska and were declared elected.

**U. N. B. STUDENTS TAKE UP THAT HAZING MATTER**

Fredericton, N. B., Oct. 2.—The student body of the University of New Brunswick at a general meeting have passed a resolution censuring the upper classmen who raided a church social this week and captured several freshmen, who were afterwards "hazened."

**CLUE IN MONTREAL POLICE MURDER**

Toronto Prisoner Said to Have Confessed Implicating Allen E. Coleman, Now in Prison.

Montreal, Oct. 2.—New light is claimed to be thrown on the murder of Policeman Chitcote of the Montreal police, who was shot and died in the early hours of June 18 last, by the statement of M. Mattek, clothes dealer of Laval avenue, who says he was the first to have given information about Allen E. Coleman now in the Okhali Prison, Victoria. He said his brother had been vindicated out of \$75 by Coleman in Victoria and had had him arrested through this arrest and subsequent conviction, Coleman's alleged connection with the murder of Constable Chitcote had been discovered. Coleman now wants to know if his brother is entitled to the reward of \$500 offered by the Montreal policemen's union. The point will not be settled until the arrival here of the prisoner.

**THE COAL STRIKE SITUATION IN ALBERTA TODAY**

Calgary, Oct. 2.—There were no further developments last night in the strike of the One Big Union miners in the Drumheller Valley. About 50 per cent of the men are out. The Crow's Nest miners are ordered out Monday and the strike may show a little strength then.

**REQUEST TO DROP INACTIVE BANK OFFICIALS**

Resignation of Former Governor McCall Follows Bank Commissioner's Recommendation.

Boston, Oct. 2.—The resignation of former Governor Samuel W. McCall as chairman of the board of directors of the Old South Trust Co. was announced yesterday. This action followed a request by Bank Commissioner Allen that the bank re-adjust its salary list to effect a saving of \$27,500, which he said was being paid to officials who were inactive or were receiving more than their duties and the bank's business warranted. Former Governor McCall's salary was \$8,000 a year.

**SPEECH OF SIR GEO. E. FOSTER IN FREDERICTON**

(Special to Times). Fredericton, N. B., Oct. 2.—Sir George E. Foster, who was the chief speaker on Friday night at the young people's night of the 75th anniversary celebration of the George street Baptist church, made direct reference to the international problems of the present day. He said that Canada cannot exist a nation and ignore the happenings in parts of the world geographically distant yet by virtue of modern inventions near at hand. Canadians therefore should be very careful in maintaining respect for their own institutions and conventions since Canada will send a delegation to the first meeting of the constituent assembly of the League of Nations which will convene in Geneva on December 15. Sir George will be one of the delegates.

**NEW PROPOSAL MADE RE WORLD FINANCE**

Brussels, Oct. 2.—Consideration of another world credit scheme occupied the international financial conference this morning. It was presented by Dr. Turnhouten, a delegate from Holland. His proposal was that the question of international credit be handed over to the league of nations, which would appoint a central committee on commercial credits.

**There are 628 students registered at Dalhousie University, Halifax—a record number.**

ONTARIO FRUIT TO MOTHERLAND. Hon. Manning W. Doherty Plans Visit to Old Country—Would Establish Four Big Storage Plants.

Hon. Manning W. Doherty, Ontario Minister of Agriculture, is planning to market Ontario fruit in Great Britain on a large scale. He will visit England and Scotland this fall if possible, for investigating the possibility of doing so, and to investigate immigration. Mr. Creelman, the Agent-General of the province in England, has already planned an itinerary for him to speak in the rural municipalities.

"If the scheme works out I propose to have refrigerators at London, Bristol, Cardiff and Hull. I will find out whether it would be better to lease stores at those ports, or if it would be worth while for the Ontario Government to build refrigerators. The Agent-General is busy investigating the possibilities now.

"There is a wonderful market for our fruit in England if we can get it over there. If the English consumer could get our fruit a little cheaper, and our producer could get a little more for it, we would produce more, and they would eat more of it."

PARIS MARKET FOR AUTOS GONE? Paris, Oct. 1.—The Paris market for automobiles has broken. The big factories are reduced to the mere fractions of their former output. When the war finished the thousands of persons who had waxed fat off war contracts rushed to buy cars. Prices shot skyward. Cars jumped ten times in price, if not value, almost overnight. Several big makers adopted the Ford idea and turned out cars at a tremendous rate. They were snapped up almost as quickly as they appeared. Then the French Government started auctioning off used United States cars. This broke the market for French cars slightly. Now it is gone.

A Snug, Comfortable Suit. When you slip into a suit of Watson's Spring Needle underwear, you feel "fitted" and comfortable. OUT OF THEIR OWN MOUTHS.

Suppose we forgot about the Foster government and consider for a little while the result would be if the opposition were restored to power. It is a very proper subject of consideration.

The people know what happened in 1917—and why it happened. The old government was defeated because great numbers of its own supporters could not endure the shame of its record.

Moreover, there was a debate in the legislature in 1918 and the following extract is from the official report:

Mr. Baxter—As far as the departure of the Murray government from office was concerned he could say that it went out with a clean sheet.

Some hon. members—Why would not there be laughter?

Mr. Baxter—It takes little to amuse some people. I repeat that the Murray government had a clean sheet.

Hon. Mr. Veniot—Can the hon. gentleman tell us how long the Murray government was in power?

Mr. Baxter—Not long, and it would be in power now if it had been judged upon its merits.

Thus, in the opinion of the present opposition leader the old government should never have been defeated.

It should still be in power. Its methods should still prevail. And he and his friends Murray, Smith, Landry, Jones and all the rest should now be elected and given charge of affairs to make another "clean sheet" like that of the period of the patriotic potato and other highly commendable exploits described in the reports of royal commissions.

Now what do the former supporters who helped to turn out the old regime say to all this? Were they wrong in 1917? Did they do a great injustice to a group of earnest patriots? Should they now atone for their error by restoring the old order of things?

That is what they are asked to do. That is the issue.

HON. FRED MAGEE.

In Hon. Fred Magee the members of the Foster government will have a man wise in counsel, and a source of strength to them in initiating and carrying out policies calculated to benefit the province.

Hon. Mr. Magee is the father of the vocational training act. In the legislative session of 1916-17 he made a very strong speech in the house, advocating provision for vocational training and urging the government to take action.

In September, 1917, the government appointed a committee, with Mr. Magee as chairman, to submit a report on the subject. This committee was non-partisan, and Dr. J. Roy Campbell consented to be a member.

Although the opposition has no ticket in Westmorland, Northumberland, Sunbury, Carleton and Madawaska counties, and only half a ticket in Kent and Charlotte, the Standard predicts the utter rout of the government and the formation of a new one by Hon. Mr. Baxter.

Detained to go the limit, the Standard also quotes the prediction of "opposition workers" that their candidates will "roll up one of the biggest votes ever recorded in this constituency."

The name of the finance minister of Poland is said to be Grabki. He would make an excellent adviser for the provincial opposition in New Brunswick at the present time.

St. John Conservatives admitted to Hon. Fred. Magee that the government would carry the city of St. John, and probably the province.

The suggestion that the only true friends of prohibition are the members of the opposition party is one of the jokes of the campaign.

Hon. P. J. Veniot—"The Foster government is certain of victory, and it is nonsense for the opposition to talk of overthrowing it."

The Standard says the new minister, Hon. Fred. Magee is "one of the soundest business men on the government side of the house."

Ex-Mayor Hayes describes the Foster government as conscientious, honest and business-like.

A CLEAR STATEMENT.

Hon. C. W. Robinson, in his address to the electors of Moncton, says:—

"The issues are plain and easily understood. On the one hand you are offered the opportunity of installing as the successors and co-partners of the old administration back of 1917 the record of whose mal-administration must still be fresh in your minds."

On the other hand you may put your seal of approval on the record and the policy of the Foster government and place upon them the responsibility of making even greater efforts in the future to keep our province in the fore front of the march of progress.

The policy of the opposition is negative and nebulous and their record is a matter of history. Our policy is positive, hopeful and energetic.

We stand for an independent audit of accounts and sound financials concerning of natural resources and health, improved standards of citizenship, utilization of our water powers, protection of our workers, improvement of transportation, the enforcement of law, the encouragement of agriculture and industrial development, better educational facilities, and attention to those things that make for the happiness, comfort and prosperity of all our citizens."

This is a terse and accurate statement of the issues to be decided by the electors of New Brunswick one week from today.

THE EVENING CLASSES.

The opening of the evening classes in King Edward and Albert schools on Monday evening is of special interest to working boys and to men who desire to improve their education.

There should be a large enrolment of students, and all the rest should now be elected and given charge of affairs to make another "clean sheet" like that of the period of the patriotic potato and other highly commendable exploits described in the reports of royal commissions.

Now what do the former supporters who helped to turn out the old regime say to all this? Were they wrong in 1917? Did they do a great injustice to a group of earnest patriots? Should they now atone for their error by restoring the old order of things?

That is what they are asked to do. That is the issue.

Not only parents of working boys but employers should encourage the boys to attend these classes. It was an inspiration last winter to go into the class rooms and see the earnest faces of the students, who were there making themselves more efficient and better qualified for intelligent citizenship.

These classes are free, as the very small deposit required at the beginning is returned at the end of the season. This year's enrolment should far surpass that of last year.

Those who need the time to attend these classes are few in number, and it is a pity that some of their leisure time than in attending these classes.

Although the opposition has no ticket in Westmorland, Northumberland, Sunbury, Carleton and Madawaska counties, and only half a ticket in Kent and Charlotte, the Standard predicts the utter rout of the government and the formation of a new one by Hon. Mr. Baxter.

Detained to go the limit, the Standard also quotes the prediction of "opposition workers" that their candidates will "roll up one of the biggest votes ever recorded in this constituency."

The name of the finance minister of Poland is said to be Grabki. He would make an excellent adviser for the provincial opposition in New Brunswick at the present time.

RUMORS OF WAR.

One day the Russians hunt their holes, pursued by fierce, triumphant Poles, the next the Poles are on the run, spurred on by Russian sword and gun. And, as I hope myself for gout, I wonder what it's all about.

CANADA—EAST AND WEST.

DOMINION HAPPENINGS OF OTHER DAYS.

CARTIER AT MONTREAL.

On October 2, 1885, Jacques Cartier, the intrepid French explorer, saw Mount Royal—now the site of the city of Montreal—for the first time.

SAY BRITISH GOVERNMENT IS RESPONSIBLE.

ARTHUR GRIFFITHS RECALCULATES IRELAND.

(Associated Press Despatch.) Dublin, Oct. 1.—Sensational charges that the government itself was responsible for reprisals in Ireland that a certain number of Sinn Fein leaders were marked for assassination were made by Arthur Griffiths, founder of the Sinn Fein organization, who said he was first on the list of intended victims.

HON. DR. ROBERTS' REPLY TO MR. POTTS.

An article published last evening by Hon. Dr. Roberts branding statements made by E. L. Potts as an absolute falsehood has resulted in the latter challenging Hon. Dr. Roberts to meet him on the steps of the Star Theatre next Tuesday evening.

"DREAM."

(Conrad Aiken, in the London Nation.) There is a fountain in a wood Where wavering lies a moon; It plays to the slowly falling leaves A melancholy tune.

The peach tree leans upon a wall, The peacock spreads his tail; The leaves fall silently.

These amid silken sounds and wine And music idly broken, The drowsy god observes his world Fall silently.

IN LIGHTER VEIN.

Wanted Revenge. Aunt Mary was very strict—too strict for Eric and his little sister. She certainly tried her best to amuse them, but one morning took the two to the zoo.

Not Likely. The vicar was somewhat distressed to find that Sally, since she had been walking out with a young man, had failed to put in an appearance at his Young People's Social Evenings.

Occasionally Interrupted. The minister had given a special address to his parishioners on the subject of domestic felicity, which had roused quite a lot of interest.

BIRTHDAY PARTY. Miss Mary Babb of West St. John entertained about thirty friends very pleasantly at a birthday party on Wednesday evening.

RETURNING HOME. About 257 sailors and petty officers from H. M. S. Constance arrived in St. John yesterday on the Digby boat under command of Lieutenant-Commander St. Alvine.

They were met at the dock by Mayor Schofield and R. E. Armstrong, Captain J. A. Milroy and Colonel E. T. Sturdee, representing the navy league.

The first meeting of the season of the Westfield Young People's Fellowship was held last evening at the home of Mrs. James Baxter, Westfield.

In honor of the late Mr. P. J. Veniot, an enjoyable evening was spent in music and games.

### ROUMANIAN QUEEN TO VISIT CANADA

Daughter of the Late Duke of Edinburgh — Mother Virtually Prisoner in Germany During War.

Queen Marie of Roumania will visit Canada next year. So announced Madame Pantani of Bucharest, a former Canadian, in her address on conditions in Roumania and eastern Europe, before the Hamilton Canadian Club. Queen Marie has recently been staying in Switzerland visiting her mother, the widowed Duchess of Edinburgh and of Saxe-Coburg and Gotha, who has been staying for nearly a year past at a hotel in the neighborhood of Zurich.

The dowager duchess is the only daughter of Czar Alexander II, who liberated the serfs. She married Alfred, Duke of Edinburgh, son of Queen Victoria, who, on the death of his father, succeeded to the throne as sovereign Duke of Saxe-Coburg and Gotha. The only son of the marriage was driven to suicide by the treatment which he received at Berlin while under the maternal care of Emperor William, for which the duchess has ever since entertained the most bitter resentment.

On the death of her husband, her nephew, the Duke of Albany, then at Elton, succeeded as Duke of Saxe-Coburg and Gotha. He eventually fell under the influence of the Kaiser, developed an antagonism toward his aunt, whom he treated abominably, identified himself entirely with the former Kaiser's sons, and during the war displayed a hatred toward the British people of the land of his birth, that even went beyond that of most of the native German soldiers and princes.

He took no steps to protect his aunt, the dowager duchess, when the war broke out. As a personal foe of the Kaiser, and as a Russian grand duchess by birth, she was, moreover, of her English relatives, the most unpopular of them all.

On one occasion, early in the war, she was mobbed by an anti-English, anti-Russian mob in the streets of Coburg without any effort being made either by the police or the troops to protect her. The windows of her palace were smashed and she was compelled to seek refuge in one of her suburban chateaux.

There she remained, to all intents and purposes a prisoner, deprived of all means of communication with her Russian and English relatives, until the overthrow of all the monarchies in Germany in November, 1918. Then her surveillance ceased. The so-called people's committee, in fact, invited her as "Frau Coburg" to continue to reside at Coburg, assuring her that she would be subjected

### RECENT WEDDINGS

Norton, N.B., Sept. 30—A very pretty home wedding took place Wednesday afternoon at the home of Mr. and Mrs. Robert Adams, Strathadam, Northumberland county, when their second daughter, Helen Leah, was united in marriage to Fred S. Sharp, of Millstream, Kings county. Rev. William Girwood performed the ceremony in the presence of a number of friends and relatives of the bride and groom. The house was very prettily decorated for the occasion with cut flowers and the bride entered the room on the arm of her father to the strains of Lohengrin's wedding march, rendered on the piano by Miss Millie Forsythe. The bride was prettily dressed in white satin and georgette with veil and orange blossoms and carried a large bouquet of roses. After the ceremony a reception was held at the home of the bride's sister, Mrs. James O'Neill. The bride who was a popular and very efficient school teacher received a large number of beautiful and costly presents including linen, cut glass, silverware and money. The groom served overseas in the American aviation corps.

Belleisle Station, N.B., Sept. 30—A marriage of more than usual interest was solemnized in the Methodist church, Belleisle Station (N.B.), on Wednesday, September 29, when Miss Elsie A. Hayes became the bride of Howard C. O'Neill. The ceremony was performed by the Rev. J. E. Shanklin, pastor of the church. The church which was beautifully decorated with cut-flowers, potted plants, rowan berries and autumn leaves was crowded to the doors. The bride entered the church on the arm of her uncle, George Hayes, to the strains of Lohengrin's wedding march. She was unattended and was gown in white satin and georgette with the conventional veil and orange blossoms and carried a beautiful bouquet. Mrs. J. E. Shanklin presided at the organ. The guests were James O'Neill and Fred O'Neill. After the ceremony a reception was held at the home of the bride's sister, Mrs. James O'Neill. The bride who was a popular and very efficient school teacher received a large number of beautiful and costly presents including linen, cut glass, silverware and money. The groom served overseas in the American aviation corps.

Sussex, Sept. 29—The home of Mr. and Mrs. Eleanora Hall, Penobscot, was the scene of an interesting event on Wednesday, September 22, when in the presence of many relatives and intimate friends Rev. C. J. Steeves united in marriage Miss Carrie Beatry, youngest daughter of Mr. and Mrs. Eleanora Hall, and William Henry Creighton, of Dutch Valley. The ceremony, which took place on the piazza, was a simple and beautifully arranged one, the piazza being decorated with autumn leaves, flowers and berries, the main entrance to the piazza was framed in a large arch with a white bell at the apex under which the couple many took place, while the guests filled the piazza and occupied the lawn in front. At 2 o'clock the bride entered the piazza on the arm of her father. She wore a tailored suit of reindeer serge, with hat to match and a mink tie, and carried a bouquet of white pinks and maiden hair fern. Her cousin, William Jackson, rendered the bridal chorus from Lohengrin at the beginning of the ceremony and as the bride party re-entered the house, played Mendelssohn's wedding march.

The marriage of Miss Jennie Margaret Sharp of Sussex and Thomas S. McAuley of Lower Millstream was solemnized on Wednesday afternoon at the home of the bride. The ceremony was performed by Rev. A. V. Morash, Mrs. Warren Myers of St. John played the wedding march. Mr. and Mrs. McAuley left for a short motor trip to Prince Edward Island and on their return will reside at Lower Millstream.

Miss Estella M. Henderson of White's Mountain was united in marriage with Ernest J. Walsh of Cornhill, Kings county, on Tuesday morning in St. Francis Xavier church, Sussex, by Rev. R. B. Fraser. After the ceremony Mr. and Mrs. Walsh left for a visit to St. Leonard's and VanBuren.

### MOTOR-CAR OWNERS PRAISE THE ROADS

Work of Minister of Public Works Commended at Meeting of Automobile Association—Organization is Flourishing.

The regular meeting of the New Brunswick Automobile Association was held last evening in the board of trade rooms. T. P. Regan presided. There was an interesting discussion along lines tending to advance the cause of the automobile and the welfare of the car owner. J. M. Robertson, secretary-treasurer, reported that the present membership was 800, much in advance of any former years and, in proportion to the number of car owners in this or the state of Maine. The good work of the minister of public works this season upon the roads was felt to be a matter of congratulation. In regard to a letter received concerning the endurance race from here to Halifax, it was not felt to be official, so no action was taken in the matter.

### A NEW TYPE OF DETECTIVE

A new type of detective, such is Clifford in "Partners of the Night," Leroy Scott's great criminal mystery drama presented by Samuel Goldwyn and Rex Beach at the Imperial Monday, Clifford is the type of officer who makes his mission to reform rather than prosecute his captives. In realizing his ideals he risks his life and reputation. A beautiful woman who was to marry him, proved to be a criminal and confronted him with the greatest problem of his life. You have never seen a detective story with such amazing surprises, such crashing climaxes, such heart-gripping romance as "Partners of the Night."

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, OCTOBER 2, 1920

SLUM VICAR'S IS  
A "TOUGH JOB"

What Befell His Cry for Help  
— Inside Glimpse of the  
Hardest of Old Country  
Life.

(By C. H. J. Snider.)  
London, Aug. 25.—At the risk of grievously transgressing upon our own excellent and very jealous guarded advertising columns one is forced to pass on these two "ads" which appeared in the Morning Post this week:

"Rev. E. Lewis, blood vicar of St. Stephen's, Newton row, Birmingham appeals to all readers (except the nervous and the hard-up) for help in his tough job.

"Dear Friends—I have been vicar of St. Stephen's, Newtown row, six months. It is a very tough job; as the bishop says, 'perhaps the most uphill parish in the diocese.' It is impossible for me to do it alone and unaided, so I appeal to you for help. I am sure you will when you know the hopeless position I am in.

"The parish is a huge slum of 12,000 people; the poorest of the poor, living up dark streets and in back-to-back houses. Scarcely twenty of them come to church. The church holds 600, but only six months ago the congregation numbered only twenty to thirty! More than half come from outside the parish.

"There is no choir, no organ, no vest, a broken-down heating apparatus, no magazine, no money.

"The music (?) is supplied by a very small antiquated instrument which is quite worn out. Its springs are broken, its wind-pipe is beyond repair. You'd smile (or shudder) if you heard it. It sounds as if it had chronic asthma! It's simply frightful. Gets on your nerves, you know.

"The school adjoining is in a fearful state. Every window smashed to bits; great holes in the floor, in which you could put your foot; drainage out of order. Now I believe the church will only be able to get at these people through social work. We must have entertainments, clubs, dances, but I can't do anything till the school is repaired. This alone will cost £2,000. Then it's got to be fitted with tables, chairs, cups and saucers, etc. Oh, that some wealthy man would come to our aid for the sake of the brotherhood of man!

"The work.—For six months I have been plodding on single-handed—taking all services (ours is a week-day as well as a Sunday religion), visiting the poor and sick, chatting to the men and women in the public houses (please don't be shocked), making our returns, signing papers, managing the parish, organizing, arranging, teaching, and doing the 100 and I other things which have to be done above all trying to bring the hopes and comforts of the Christian gospel to these 72,000 people. I go into the public houses because I believe if the people are to be brought up to the church, the church must go down to the people.

"It is very wearying and worrying, thought.

"There is no money.—Six months ago the collections averaged all day Sunday only 6c to 8c! Money is wanted for the school, for an organ, for the heating apparatus, for women workers, for social as well as religious work. I am only just an ordinary parish priest—and quite poor.

"Will you help me?  
"If you are hard-hearted you won't.  
"If you are hard-up you can't.  
"But if you are neither you can. Oh that you would!

"Oh that you with check books would send me a check.  
"Oh that you without would send me SOMETHING.  
"Please do.

"Yours with my back to the wall,  
"E. LEWIS BLOOD.  
"St. Stephen's Vicarage,  
"Newton row, Birmingham."

"A letter from the Bishop of Birmingham had endorsed the effort and vouched for its authenticity. But, alas, just read this, which the worthy vicar had to put in the paper at the same time.

"Dear Friends,—Will those of you who sent me donations between July 24 and Aug. 4, and have not received an acknowledgment, please let me know?  
"My late housekeeper has taken them. She tells the police she has burnt the checks. I expect she has ashed or burnt the postal orders, too, for she had only four in her possession when the police caught her.

"Please cancel your checks between the above dates and send me another, will you?  
"Yours sincerely,  
"E. LEWIS BLOOD.

SUBMARINE TANKS  
LAST WORD IN WAR

French General Foresees  
New Military Departure in  
Next War.

Paris, Oct. 2.—Submarine tanks which will be able to crawl along river and lake beds and suddenly appear in the midst of an enemy to open fire on him with powerful guns, is the threat of Gen. Estienne in connection with what may be expected in wars in the future.

According to Gen. Estienne, the French have already perfected such an amphibious monster, and if the Germans had not yielded before the Rhine was reached by the allied forces it was intended to gain the bridgeheads in this way.

The British are also understood to be working along similar lines, and therefore European strategists of the future will have an interesting problem before them if these two nations go to war and official communiques tell of conflicts beneath the channel.

The French public does not yet know whether to take Gen. Estienne's dream-like prophecy seriously, but militarists point out that this is only a natural evolution of the ancient war chariots and would fill a great want as well as eliminate the necessity of constructing positions whenever a retreating army blows up the bridge behind it.

French humorists are suggesting that it constitutes a new blow leveled at the League of Nations, which cannot be expected to police all the rivers of the world and prevent the sudden protruding of menacing prongs into a hypothetically peaceful world.

"USE The Want Ad Way"

AMUSEMENT FOR  
KARS ELECTORS

One Man Found Wandering  
About in the Political  
Wilderness

QUICK CHANGES OF  
POLITICAL FAITH

A Kings County Conservative  
Leader Who Presides at  
Opposition Conventions,  
Then Joins Farmers' Party  
and Later Keeps Opposition  
Candidate Company.

Hatfield Point, Oct. 1.—The political atmosphere in Kings county is apparently as changeable as the weather itself, has been of late.

The electors of Kars were somewhat surprised and amused yesterday afternoon when they saw John E. McAuley, who, it will be remembered, presided at the provincial opposition convention in St. John last week and who also presided at the county opposition convention at Hampton the following day, and who on the Monday following was a convert to the ranks of the United Farmers of New Brunswick, cheerfully driving with Geo. B. Jones and others along the beautiful highway through their parish, constructed by the Foster government.

Mr. Jones was, of course, electing for himself and his erstwhile leader, Hon. J. A. Murray, who is again his colleague, and in some way or other had apparently soothed the ruffled feelings of his Mill-

stream neighbor, Mr. McAuley, and induced him to keep him company upon his political pilgrimage into "what was once the stronghold of the member from Apohaqui.

The government candidates, Sterling Keith and Colonel O. W. Wetmore, also on an electing tour, met the above opposition party on their way to a public meeting at Bulah Corner. Their summing up of the situation is that the people in the parish of Kars have had rare experience since the Foster government came in power in the improvement of their highways and other public services and they were informed in many places that the electors were going to throw politics to one side and support the government that was helping them.

ELMORE M. BAILEY, aged ten years, son of F. G. Bailey, 203 City road, met with a painful accident on Wednesday by being hit with a large iron rim from a cart wheel which a boy was rolling on the sidewalk. It struck him in the face, cutting his upper lip. He was taken to the hospital where six stitches were required to close the wound.

Subject: "Unreality." Wednesday evening, meeting at 8 o'clock. Reading room open 3 to 5 p. m., daily, except Saturday.

CUT IN PRICE  
OF GAS PLANNED  
Oil Men in Convention Favor  
Early Move Toward Decline.

Denver, Colo., Oct. 2.—Plans for cutting the price of gasoline and the establishment of a national exchange for oil stocks were being discussed by delegates to the twelfth annual convention of the Independent Oil Men's Association, in session here.

Nothing definite along these lines has been brought forth, but sentiment favors both.

In connection with the convention a petroleum exposition was held. More than 100 exhibits were on display, representing every phase of the oil industry.

T. J. Gary of Little Rock, Ark., president of the association, told the 1,600 delegates that steps must be taken to conserve the oil supply. He said a shortage is a possibility, and that all members of the association should co-operate with the automobile manufacturers in their efforts to produce cars that will consume less fuel.

PRINCE OF WALES  
IN BERMUDA ON  
HIS WAY HOME  
(Canadian Press Despatch)

Hamilton, Bermuda, Oct. 2.—The Prince of Wales, homeward bound from Australia on the British battle cruiser Renown, arrived here today from Antigua, for a three days' visit. He was given an enthusiastic welcome.

MOST DANGEROUS WOMAN AT LIBERTY  
The most dangerous and subtle woman criminal of two continents was in his power. He stopped forward to place her under arrest. She turned—and he found himself staring "into the eyes of—the girl he was to marry! Cyclonic situations hurled with meteoric swiftness after each other in this breath-taking Enigma Authors' mystery picture, "Partners of the Night" written by the famous Leroy Scott and directed by Paul Scardon to be the feature extraordinary at the Imperial Monday.

ONLY ONCE IN A BLUE MOON!  
Once in a while—as when a blue moon's shining—we have the privilege of seeing a picture which is both true to life and literary in style, and the purpose of which is better than both. A picture that tells of things as they should be, and in a world where there is much that is distressing merely because it exists, there is little that is more joyous than the realization of such optimistic an imagination. That is the type of production Mary Pickford presents in her wonderful "Pollyanna" coming to St. John very soon.

SOLVE THESE RIDDLES

What is the difference between a 1920 dime and an 1899 cent?  
Answer: NICE NETS N

HERE are four riddles for boys and girls with wise heads. We told the artist to draw the pictures to represent the riddles, but he guessed the right answers—and put them in too! So we barred him from the contest and told him to keep it a secret. Luckily, he got the answers all jumbled up, so you won't be any the wiser. If you can unjumble the jumbled letters beneath each riddle picture and put them in their right order to spell the right words, you will have the right answers. It isn't an easy task. Good thinking, patience and perseverance may find you the answers. Try it!

What Others You Can Do  
Here are the names of only a few of the boys and girls to whom we have already awarded big prizes.  
Earl J. Beattie, Surf Lake, B.C., Cham-Harry Culver Racer, Value \$250.00

**THEY WERE TAKEN IN BY THE RUSSIAN AGENTS**

Communist Socialists and Communists Expecting to Find Russia a Socialist Utopia; Sadly Enlightened.

Associated Press Correspondence  
St. John, Sept. 14.—Revelations made by William Dittman concerning the fate of 70 families of German workers who migrated from Germany to Russia in the hope of finding a Socialist Utopia, have stirred up a heated debate in the Independent Socialist Party of which Dittman is leader. He is a member of the Reichstag. The city, the party's organ has been a battleground ever since Dittman returned from Russia where he was one of the four delegates sent by the Independent Socialists to the World's Communist Congress, the third international at Moscow. The issue fought in the columns of the Freiheit is whether German radicals, in view of Dittman's revelations, shall pool their interests with the Moscow regime. Dittman found the 70 families waiting in Petrograd transfer to some industrial section near Russia. The industrial workers were in Kolonna, near Moscow.

Dittman reported that the German immigrants were outspoken in their denunciation of the Russian immigration agents operating in Germany who had talked them into selling their homes and going to Russia. They strongly urged that steps be taken to head off any other German workers who might be on their way to Russia.

Most of the men, Dittman said, were penniless, and declared there was no other country so expensive to live in as the Russia of today. They were cut off from communication with the outside world and not permitted to send letters home, Dittman reported. They told him they were inhospitably received by the Russian "comrades" who branded them as intruders who had come to take the bread out of their mouths and they also came into conflict with their hosts over the conditions under which they were to work. The upshot was that the German rainbow chasers refused to work and demanded that they should be permitted to return to Germany.

"Conditions in Russia are altogether different from what they were represented to use in Germany," the emigrants told Dittman and the other members of the German delegation, comprising Crispin, Duenmij and Stocker. The latter two were ardent champions of a union between the Independent Socialist Party and the Soviets.

"We were promised a small factory which we were to operate ourselves," the men said. "We were assured of comfortable dwellings and told that there was plenty of food. None of these things are true."

As a result of their "mutiny" they declared, they were promptly stigmatized as counter revolutionaries by the local bolshevik commissar.

Dittman tried to comfort his dejected fellow countrymen after listening to their protests, by advising them to "live down their first sad impressions."

**SCHOOL PERMITS BREAK RECORD**

The total number of school permits issued for children entering the public schools of the city has reached the figure of 1,214, for the first time passing the 1,200 mark. This year's total is exactly twenty permits more than that of last year, 1,194. No more permits will be issued for grade I children. The only children who may be admitted to the schools from this date are those who have been in attendance at schools before, either in St. John or elsewhere. There is a slight anomaly in this connection which seems to have been beyond solution of the school authorities. Children more than six years of age are by law compelled to attend school but if they have not secured permits before the close of the first month they are not allowed to attend school that term because of the confusion that would arise if scholars might enter at later dates.

**NATIVE OF JOHNVILLE**

Miss Katherine Ryan of Stewart, B. C., is said to be a candidate for election to the British Columbia legislature. She is a native of Johnville, Carleton County, and has numerous relatives in New Brunswick. Miss Ryan has been in the Yukon or British Columbia for the past twenty-four years. In 1908 she had the distinction of being the first woman in the Klondike gold rush. Since that time Miss Ryan has been gold inspector being the old woman in the world to hold such an office.

Dittman admitted that he could readily understand "why a German is unable to eat this Russian bread which looks like pest," but he advised the emigrants to eat it themselves to resign themselves to the inevitable.

**I. CHESTER BROWN**  
32-36 KING SQUARE  
NEXT IMPERIAL THEATRE

**LATE HOURS FORM SERIOUS MENACE**

Medical Inspector Says School Children Are Undermining Their Health—Otherwise, Conditions Are Unusually Good.

At least twenty-five per cent. of the children in the city schools today are showing in a very marked degree the serious effects of too late bed hours. That is the report of Dr. Mabel Hanington, medical inspector of schools, who has just completed the general survey of all the children in the schools in the city for the purpose of excluding anything that should not be allowed in the schools. She believes the situation as regards late bed hours is one of such gravity that it can not be too earnestly considered. The effects of late hours are all too apparent and are noticed particularly among some of the younger children. It has been the inspector's endeavor to try and instill in the minds of the children the fact that by undermining their strength through late hours they are placing a very serious handicap on themselves. Added to the late hours there is another cause for the condition of the children. It is a fact that many of them are allowed to drink strong tea.

This, too, is evident to the experienced eye of the doctor. In other ways the preliminary survey has been a most gratifying one. She has visited each of the twenty-two schools and the 150 and more school rooms and has examined all of the pupils, more than 8,000, and has found that there were no sores which needed exclusion. There has been a marked improvement in the minor contagious element in the schools. Two children were excluded because of feverish conditions caused by colds and some few were excluded for scabies or itch.

**The Price**

**How Government Has Carried Out Its Promises**

**Rothesay Speaker Reviews What Foster Administration Has Done and Emphasizes Its Plans for Future—Largely Attended Meeting of Workers.**

Rothesay, Oct. 1.—At a largely attended committee meeting in the provincial government interests, held in the assembly hall of the Consolidated School...

**Ward Meetings**

**Electors Favorable to the Foster Government**

and supporting the following candidates:

- Hon. W. E. Foster
- Hon. W. F. Roberts
- R. T. Hayes
- W. E. Scully

requested to meet for ward organization, each evening, until further notice, as follows:

- Guys and Brooks Wards—Oddfellows Hall, West Side.
- Queens, Kings, Wellington and Dukes—Furlong Building, Charlotte street.
- Prince Ward—Moose Hall, Coburg street.
- Victoria Ward—Victoria Rink, City Road.
- Dufferin Ward—Young's Hall, Main street.
- Lansdowne Ward—Murray street Hall.
- Lorne and Stanley—Scott's Building, Main street, opposite Durham street.
- Sydney Ward—Jas. McCormick's residence, 71 Brittain street.

P. D. McAVITY, Chairman.

chosen as secretary. After some preliminary remarks, the chairman called upon E. S. Carter, who was present, to address the electors before the work of organization was begun.

Mr. Carter spoke for about three quarters of an hour, dealing with the record of the present government and its determination to have the approval of the electors before proceeding further with considerable expenditure in the hydro-electric development and further improvements in road construction.

- (1) To take the highways out of politics.
- (2) To have all accounts of roads and bridges published as soon as the work is done, so that the people might know who receives the money and what it is paid for.
- (3) To make better roads everywhere and to do so upon a thorough system and by an expenditure which will be taken care of by the receipts from automobile licenses.
- (4) To take the administration of the crown lands out of politics, and make the appointment of political scalars impossible.
- (5) To play fair with the small and big lumber operators and give every man a chance to live.
- (6) To enforce the prohibitory liquor law on the first of May, when the act comes in force, and to improve it if necessary.
- (7) To give every young man a vote as soon as he becomes twenty-one years of age and not have him wait sometimes for a year or two for the right to exercise his franchise.
- (8) To give fairer representation to the people, making constituencies smaller and thus enable men to take part in politics who will not now consider the canvassing of large counties.
- (9) To give the farmers of the province practical assistance to help them to produce, to assist them to get labor while the war is on, to give them transport over good roads and bridges and where bridges are not possible, as in the lower reaches of the St. John and Kennebecasis rivers, to make their ferry transportation free.
- (10) To give the working man a compensation act that will be as simple and effective as there is on any statute book and not be wasted upon the expense of securing the same.
- (11) To keep our revenues intact and enlarge them whenever it is possible without burdening the people, to administer them faithfully, prudently and with such economy that the expenditure shall be within the income.
- (12) To give the auditor-general increased powers of investigation and to place before the people every year a statement of provincial affairs that will be accepted as readily as the statements of banks to their shareholders are.
- (13) To deal with all the public services and with the development of the province in such a way and with such energy as will materially help the people.

**CLEAR YOUR COMPLEXION**

**WITH CUTICURA SOAP**

This fragrant super-creamy emollient for cleansing, purifying and beautifying the skin and complexion tends to promote and maintain skin purity, skin comfort and skin health if used for every-day toilet purposes. Largest selling complexion and skin soap in the world. Sold everywhere.

Cuticura Toilet Trio—Consisting of Cuticura Soap to cleanse and purify, Cuticura Ointment to soothe and heal, and Cuticura Talcum to powder and perfume. See each bottle throughout the Dominion. Canadian Depot: Lyman, Limited, 100 West, Montreal.

which now controlled the appointments of officers in a right connection as to their qualification; had given a square deal to every lumber operator whether small or big; had enforced the prohibitory law in such a manner as to meet with the approval of the great majority of the people as was evidenced by the vote in July; had given the opportunity to every young man and woman to get upon the voters' list as soon as he or she was twenty-one years of age; had given practical assistance to the farmers, both during the extra production campaign, while the war was on, and at all other times, particularly with reference to the distribution of seed grain; the encouragement of dairy and cheese industries and improvement of transportation opportunities over the roads. He referred emphatically to the pledge to free ferries across the Kennebecasis at Ferry's Point, Goudon Point and between Baywater and Millidgeville, the latter being free to the farmers of the Kingston peninsula on week days. He dealt somewhat extensively with the benefits of the Workmen's Compensation Act and enlarged upon the advantages of having an independent firm of auditors, such as Price, Waterhouse & Co. in addition to the auditor-general of the province.

All of the above paragraphs of the platform had been carried out with the exception of No. 8, which promised such a division of the constituencies as would make them smaller and enable men to take a part in politics who would not now consider the canvassing of large counties.

Before finishing his remarks, Mr. Carter dealt with the plans of the water power commission and the development of the water powers at Musquash, Lepreau and Shogomoc. He pointed out what wonderful wealth the province of New Brunswick possessed in all of the large water powers within her area, contrasting conditions at present existing in the provinces of Ontario and Quebec and many of the western provinces with what would be the condition in New Brunswick when the present government perfected and carried out its plans to develop our water powers and give further light, heat and power to the municipalities and other bodies as would distribute it to the people at a reasonable and much lower cost than at present.

**PRESBYTERIAN WOMEN MET IN CONVENTION**

Splendid accounts of the forty-fourth annual convention of the Presbyterian women's society of the Presbyterian church in Canada, eastern section, were brought to the city yesterday by the St. John delegates who had just returned after attending its sessions in Moncton. The year just concluded had been the most successful in the history of the organization and in every department an increase of interest and an increase of accomplishment were noted in the glowing reports presented. Mrs. George Ernest Forbes of Scotchburn, Pictou county (N.S.), the president, was in the chair and there was a very large delegation from all parts of the eastern section. The convention lasted for two days and during that time the Moncton hostesses provided most hospitable entertainment.

The treasurer, Mrs. J. T. Blackwood, reported that more than \$95,000 had been raised by the organization during the year and of this \$35,000 was raised as an extra peace offering.

accurate and impartial account of conditions in that country. His report was very largely instrumental in bringing about a more lenient rule on the part of Japan in Korea. He gave a graphic account of conditions in Korea. Another speaker of note was Rev. MacDermid of Halifax, who gave a full and most interesting account of the home mission work of the Presbyterian church in Canada.

The St. John delegation consisted of Mrs. John Thomson, Mrs. F. S. Dowling, Mrs. R. A. Jamieson, Mrs. D. R. Will-

et and Mrs. R. C. Cruikshank. The officers elected were as follows: President, Mrs. George Ernest Forbes, Scotchburn; presbyterial vice-presidents, Nova Scotia, Miss Carmichael; St. John, Mrs. John H. Thomson; Prince Edward Island, Mrs. B. Roger; Lunenburg, Mrs. Powers; Wallace, Mrs. D. B. Earle; Halifax, Mrs. G. Carson; Truro, Mrs. Harris Cullen; Sydney, Mrs. G. O. Forbes; Merrimack, Mrs. A. D. Archibald; Inverness, Mrs. J. W. McCann; treasurer, Mrs. Blackwood, Halifax; corresponding secretary, Miss Bessie Wallace, Halifax;

recording secretary, Miss Elizabeth Stewart, Halifax; foreign mission secretary, Mrs. Bruce, Campbellton; home missions, Mrs. L. A. Moore, New Glasgow; secretary, mission boxes, Miss Annie Bryn, Halifax; secretary of Young People's Missionary societies, Miss R. McCullough, Truro; secretary mission lands, Miss Millicent Chase, Kentville; secretary of international correspondence, Miss Annie Murray, New Glasgow; auditor, George Wood; editors of "The Message" Mrs. William McNabb and Mrs. R. C. Cruikshank.

**"Provincial Road Ends Here"**

This is the significant sign the traveller reads on entering more than one New Brunswick municipality. The sign might read in all truth "The Good Road Built By the Foster Government Ends Here." Good roads open up new vistas of enjoyment and fresh avenues of opportunity to all those living in rural communities. The growth and development of the province of New Brunswick has in the past been retarded more than anything else by the lack of any aggressive road building policy; not until the Foster government came into power and Hon. P. J. Veniot became minister of public works was there any serious effort made to put road building on a scientific basis and to carry out such comprehensive plan in a business-like way.

Gradually, step by step, the work goes on and, in good time, all the main and branch roads of the province will be properly built and cared for. The difference between the work done by the Foster government and the remnants of the work done by the Murray-Baxter government is the difference between Roads and No Roads.

Note the following figures:

In 1914, 1915 and 1916 Old Government Spent On All Roads	\$ 515,849.31
On Ordinary Bridges	490,548.37
	\$1,006,397.68
In 1918, 1919, 1920 Foster Government Spent On Ordinary Roads, Ordinary Revenue	\$ 657,679.77
On Ordinary Roads, From Auto Fund	700,000.00
On Main Trunk Roads	1,495,635.12
On Ordinary Bridges	799,608.55
	\$3,652,923.44

Or \$2,646,525.76 More on All Classes of Roads and Ordinary Bridges Than During the Last Three Years of Former Government.

These figures are convincing. To particularize; in Kings county for example the total expenditure of the old government on all roads and ordinary bridges amounted, during 1914-15-16, to \$74,517.78; the Foster government has spent \$256,088.37 on the same services during the last three years and the people are getting results. The money is going into the roads and bridges instead of into the hands of political favorites. In St. John county the Murray-Baxter road expenditure during 1914-15-16 was \$38,298 and a good proportion of this was for earth filling on the Marsh road which was absolutely wasted.

The Foster Government expenditure for the last three years on St. John county roads amounted to \$131,454, this not including the work on the St. John-Rothesay federally aided highway. All portions of roads now under course of construction are to be completed with permanent highways entering St. John from all directions.

The Foster Government means business with the highways as it means business with all other departments. The abandoned farm problem will pass if the settlers in remote districts have easy means of transportation to markets and to communication with the outside world. There are 1,344 "ready-made" farms, now unoccupied, offered for sale in New Brunswick. The Foster Government policy will populate these farms and keep the young men there.

William Hawker, the veteran druggist, of St. John, speaking recently at the Retail Merchants' Convention at St. Stephen, said: "It is heart-breaking to see the many fine farms which were hewn out of the forest with so much sweat of the brow and honest toil by our forebears now idle and abandoned with the houses falling into ruin. There must be something wrong with the governmental policy which permits such a thing."

The Foster Government does not intend to permit "such a thing" in future. Read what Premier Foster, in his manifesto says:

To continue our policy for the improvement of all the roads of the province, back roads as well as front, farmers' roads as well as those for the use of automobiles, giving an equal policy of fair play to everybody no matter where they live:

**TWO MASS MEETINGS FOR WOMEN MONDAY EVENING, OCT. 4**

Beginning at 8 O'Clock,  
St. Vincent's Auditorium, Cliff Street,  
And At  
Some Place in North End to Be Announced,  
For the Discussion of the Issues to Be Decided at the Provincial Election of October 9.  
Speakers at Both Meetings:  
HON. W. E. FOSTER, Premier of New Brunswick.  
HON. W. F. ROBERTS, Minister of Public Health.  
R. T. HAYES and W. E. SCULLY.  
The "GOOD GOVERNMENT" Candidates for the City of St. John  
MRS. E. Atherton Smith, Mrs. Richard J. Hooper and others.  
Women electors of both the City and North End cordially invited to attend meeting in their respective sections.  
S. W. McMACKIN,  
Convener of Women's Committee Supporting Local Government.

CRITICISM OF THE PRESS CENSORSHIP

Sir Edw. Cooke, in Book on Subject, Attempts Defence

Rule on the Publication of the Order of Battle - British Censorship Declared to Have Been Most Effective.

(Mail and Empire Toronto.) It will be admitted that anyone who undertakes to explain and defend the operations of the press censorship in the Great War is assuming a manly and noble task. Such an effort is now made in "The Press in War Time" by Sir Edward Cooke, K. B. E., and issued by the Macmillan Company. Sir Edward Cooke was the chief of the Press Bureau and had many qualifications for the post, a brilliant career in journalism being the most important of them. He died untimely after writing the little book which was intended to justify the censorship, and before it was published; and there can be little doubt that the strain and labor of the war contributed to his end at the age of sixty-two. The book is of important value, for it tells many things that were not generally known while the censorship was an operation, and which might have softened judgement upon it had they been made public. And this, we might note, constitutes a criticism of the censorship. These facts might have been published long ago. Why were they not?

A Good Defence. Moreover, we think that Sir Edward Cooke, while he makes out a good case for many of the restrictions placed upon the press, fails to give due weight to the advantages that might have accrued had there been fewer restrictions. It is true that some danger would have been run; but it seems equally clear that great advantages might have been obtained. He shows that so far as he was concerned, an effort was made to strain the regulations in favor of the publishers, and that there were few prosecutions. This was due to the fact, no doubt, that Sir Edward Cooke was a newspaper editor. Still the real authorities on the censorship were military and naval men, inclined to take the view that the job of conducting the war was primarily the business of the commander-in-chief of the army, and the Lords of the Admiralty, and that it was an act of grace on their part to take the public into their confidence.

An Objectionable Rule. The writer says that the rule of censorship about military dispositions which caused the most grumbling and discontent was that which had reference to what is called the Order of Battle, that is, the distribution of troops along the various fronts and the composition of brigades, divisions, corps and armies. We think also that Sir Edward Cooke has failed to justify the policy of suppression. The correspondents were not allowed to say that a certain division, a certain brigade or company had particularly distinguished itself. It was only permissible to refer to "North county troops" or "Midland troops," nothing more definite.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

Little Oscar had a head cold. He snuffled and sneezed and couldn't get rid of it. Mother at last remembered Mentholatum.

Mentholatum. She put some in his nostrils at night and rubbed the outside of his nose with it. Next day he breathed freely.

Cold all gone. Mentholatum heals gently and promptly—use it for cuts, burns, chapped hands, etc. Antiseptic as well as healing. Mentholatum is sold everywhere in 25c. and 50c. tins. The Mentholatum Co., Bridgeburg, Ont., Toronto, N.Y., London, Eng.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups and saves about 50% Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes. Get from any druggist 2 1/2 ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily 50%.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

It was frequently argued, and we think with great force, that it would have proved an admirable stimulus to local recruiting throughout the war to learn promptly, when some particularly brilliant feat of arms had been done what county or town or regiment deserved the glory. The Other Side. Sir Edward Cooke says that there is no information which a commander is more anxious to obtain from his enemy than that which relates to the precise disposition of the troops which are or may be opposed to him. We know something of the nightly explorations in No Man's Land, and the Indian-like forays that were carried out with a view of securing shoulder straps or some other clue which might identify the enemy. But surely we are not invited to believe that after an action, the Germans were in the dark as to whether they had been up against troops from Montreal or Toronto, or Birmingham or Belfast? The complaint against the censorship was not that it refused to give the enemy valuable information in advance, but that when the enemy had the information it was still kept from the people in England, and that the press was thus handicapped in its duty of maintaining the home front. Peevish Prophecia. Sir Edward Cooke has a laugh or two at the military critics who sometimes are so approaching movements. He notes that one of them bitterly complained on one occasion, because the very prophecy he had been forbidden to offer was justified by subsequent facts. He is able to quote (German) of high authority to the effect that the British censorship was by

Clear Baby's Skin With Cuticura Soap and Talcum

EASE YOUR SORE THROAT

Try a box of Vox. Bronchial Ailments, Hoarseness, Loss of Voice—quickly relieved with Vox—the new throat pastilles. VOX are certainly worth a trial. They are a quality product prepared with exceptional care. They are particularly effective in treating all throat and voice ailments. They will also assist in preventing many of those diseases such as influenza, which are contracted through the mouth and throat. The minute you feel your throat becoming sore, or your voice failing and getting hoarse, go to your druggist and try a box of Vox. These Vox pastilles, with their exceptionally pleasing taste, will give immediate relief. If he hasn't VOX in stock, do not be satisfied with something of doubtful properties. Write us direct, and we will see that you are supplied at once. Prepared by THE VOX CHEMICAL COMPANY, Reg'd, Montreal, Canada. Canadian Wholesale Distributors: THE ARTHUR SALES COMPANY, Toronto.

all means the most effective in history. On the other hand he sets out the fact that no other belligerent nation dealt so frankly with the general public. Taking these two statements together one would probably be justified in assuming that the British censorship was a triumph. Nevertheless, it could have been better, had it always applied with the imagination that one would be justified in expecting from a man like Sir Edward Cooke.

Not So Many Changes in the Hardware Market. ("Hardware and Metal" Sept. 25.) There are not so many price changes in hardware commodities as usual this week. Chain has been advanced in price and the increase in price includes steel coil chain and also steel and brass jack chain and cow ties, heel and trace chains, etc. Higher quotations are in effect on dry cell batteries and on ignition units. Cold shuts and repair links are advanced in price and some makes of tools, hammers, wrenches, etc., are also increased in price. A slight advance is recorded in black

to purchase in smaller quantities. Collections are said to be coming forward satisfactorily. FRENCH PLAYWRIGHTS FORM A SYNDICATE. Paris, Oct. 1.—French playwrights have formed a syndicate coupled after the labor syndicates, which is threatening to revolutionize theatrical production in France. The syndicate is trying to force the managers to produce one play by each member each season. If the play does not take more than two hours and a quarter the manager is to be bound to give a separate short play as a curtain-raiser. Managers would also be forbidden to produce several plays by the same author during a single season.

CROWN LIFE. Your Family and Your Business. The death of every man worth while means financial loss to "one dear to him and to the undertakings in which he is engaged. A Crown Life Policy is the ideal combination of protection and investment. Crown Life Insurance Co., Toronto. W. L. Wilson, Moncton, Manager for N. B.

What They Read in the Klondike

By Mrs. Helen Green Van Campen, Author "Behind the Scenes," etc. In The Morning Telegraph, New York

"Every one wishes to hear about what is going on in the wide world, and you will be interested to know what is our most popular publication in the Northland. It is THE LITERARY DIGEST. "I was out in the wild country looking over a mining prospect, and while on the move toward my destination, an old miner ran out from his shack and bid us stop. He said, 'Got a LITERARY DIGEST for me?' I talked with him and he said he wanted THE LITERARY DIGEST because it told him about what was going on in the world—everywhere. He got his news in condensed form and liked it that way. I have since investigated and have found that virtually everyone up here looks to THE LITERARY DIGEST to tell them things. Not everyone takes the publication of course, but when a man reads it he saves it and passes it on to a neighbor, who passes it along in the same fashion. "It is interesting to see one of the old timers sit down to read his LITERARY DIGEST. It is a serious matter with him; he does not merely skim through it; he reads it carefully, advertisements and all, like old man Jacklin did his Bible—'from kiver to kiver.' "Then he gives it to another old timer who also reads it from start to finish. Afterwards they light their pipes and engage in debate on the topics they have been reading about. "And I, even I, have got the habit, too. Please mail a LITERARY DIGEST to me every week if you can think to do it."

VERNMENT PARTY HAS FINE MEETING AT SHEDIAC

P. J. Veniot and Hon. Dr. Smith Tell What Government Has Done for the Farmers—Hon. Fred Magee, Reid McManus and Ferdinand Bourgeois Also Speak.

Shediac, N. B., Oct. 1.—"The Foster government is certain of victory and it is a pleasure for the opposition to talk 'em down'," said Hon. Mr. Veniot at the meeting in the interests of a government ticket. The Foster government, he added, had no quarrel with the United Farmers. Would the people accept J. B. M. Baxter as their Premier? Mr. Veniot said no one could imagine a case in which the Foster government had turned down a request of the farmers. The minister said that if he made big expenditures it was at the expense of automobile owners and the in-creased cost of automobiles showed the people ready to pay for improved roads. He was spending \$400,000 of public money on by-roads and to spend the same amount next year. Automobile owners were now up to the farmers to get good roads. Dr. Smith said the old government had not been collecting stampage

All Nash Models Are Now Equipped With Cord Tires

The ability of the big Nash organization to offer unusual values is again indicated by the adoption of cord tires as standard equipment on all Nash models, both open and closed.

This extra value is made possible only because of efficient factory methods and volume production, which result in unusually low manufacturing overhead.

Cord tires insure extra mileage, dependable service and added satisfaction and are in keeping with the high standard of every other detail embodied in the building of Nash Passenger Cars.

NASH MOTORS

THE OPPOSING FORCES STAND ON NOMINATION DAY

Opposition Without Tickets in Some Counties; Support Divided in Others; Mr. Hayes Pays Tribute to Foster Administration

Nomination day throughout the province for candidates in the election which will be held next Saturday, marks the beginning of what will undoubtedly be a strenuous week of campaigning and speech-making. The government organization is in fine shape. Madawaska county the Foster government candidates J. E. Michaud and J. D. Diggle have no opposition to date. In Diggle's kind and their election, it is expected, where Hon. J. F. Tweed, and John R. McCluskey are the hard-bearers for the government. In Westmorland county, where Magee, F. E. Bourgeois, F. L. Ezola and Reid McManus are the government candidates; in Sunbury county the government candidates are F. Mersereau and R. B. Smith and leters are A. A. Dysart, P. P. P. and A. J. Boudage. In Kings county there are two government candidates with the Foster party supporting Juggard of the Farmers' ticket. In Shelburne county the government ticket has two candidates with the option to the voters to support a returned farmer as a third man. Candidates are running in Westmorland, Kings, Queens, Northumberland, Sunbury, Carleton, York, Kent, and Charlotte, and labor camps are offering in Westmorland, Shelburne and Northumberland. Monday night mass meetings in Vincent's Auditorium, Cliff street, in the Palace Theatre, Main street, will be addressed by the government candidates in the city, Hon. W. E. Foster, Hon. W. F. Roberts, William E. Hayes, and Robert T. Hayes, as well as Mrs. E. Atherton Smith and Mrs. J. Hooper. Mrs. J. Hooper, whose name appeared on the list of members of the opposition committee, published in yesterday's Standard, spoke at St. Martins Thursday evening and again last night in support of the government ticket. Messrs. Bentley and Current, Albert T. Hayes, one of the government candidates from St. John in the election and during the war as mayor of the city, returned home yesterday afternoon after an extended trip to Montreal and other cities. Speaking to a Telegraph reporter last night he said that he regretted his inability to be present at a meeting in which he was nominated as one of the four government candidates in the city, for he was deeply conscious of the honor that had been bestowed upon him. He had but recently returned from a business trip that had occupied a great portion of his time since the announcement was made that there would be a municipal election. He had not been in a position to say much to the electors but he was proud to be associated with such a conscientious, honest and sane-like government as the Foster administration had proved to be in the 12 years in office. He had served the city as mayor during the most trying years of the war and during the period reconstruction up to last spring, and the future is to a great extent determined by the past, he would let his mind while at city hall speak for itself. He would give to the province the best that he had to give. His recent work had been done by the Foster administration during its three years in power, said Mr. Hayes, work

that made for better roads, more profitable farms, a more sober and more moral citizenship and a happier and healthier home life for the school children as well as the adults. Even in the short time of three years, with the handicaps left by an unbusiness-like administration to be overcome, work in the interests of public good and for the advancement of learning, for the improvement of living conditions in the cities and the rural districts, had been so well established and conducted by the Foster administration, without a trace of scandal or deserved censure, that to his mind no one with the interests of the people of the province at heart would prevent Hon. Mr. Foster and his colleagues from returning to Fredericton to continue their efforts.

HON. C. W. ROBINSON IS SWORN IN

Hon. Clifford W. Robinson, of Moncton, minister of lands and mines, came down from Moncton yesterday afternoon and was sworn in just before 6 p. m. by the lieutenant-governor. Premier Foster was present.

OUT IN FORCE FOR THE GOVERNMENT

The women electors favorable to the Foster government were summoned to a special meeting in their headquarters, 25 Charlotte street, yesterday afternoon and rallied in large numbers. Miss Tingey, who has been appointed general canvasser of the women's committee favorable to the Foster government, was in the chair and it was announced that Miss Pine had been appointed to be the canvasser for Sydney ward, a ward which had not previously been allotted. The canvassers were given instructions as to the different routes to be covered and the best means of reaching all of the women in the district allotted to them. The headquarters presented a very busy appearance. Excellent work was being accomplished and accomplished with alacrity.

LOCAL NEWS

MARRIAGES AND BIRTHS. Fourteen marriages and twelve births, thirteen boys and seven girls, were reported to the sub-deputy registrar of vital statistics here during the week.

RIVER QUERY. The secretary of the board of trade received a letter this morning from a firm in New York asking about connections up the St. John river during October.

IN THE HOSPITAL. James Gould, of 227 Brussels street, who was struck by a street car in Brussels street last night and injured about the head, was reported this afternoon from the general Practise Hospital to be slightly improved. John Lapierre is improving nicely.

DEATH OF BOY. The death of Joseph McMurray, four-year-old son of Mrs. James B. McMurray, took place yesterday at their home, 101 Lancaster Heights. He was a bright lad, a general favorite, and deep sympathy of a host of friends will go out to the bereaved parents.

NINE DEATHS. The following deaths and the causes of each were reported to the board of health during the week: Sphyllis, senility, inanition, gastritis, gastro enteritis, acute indigestion, suppression of urine, pulmonary tuberculosis and suppurative appendicitis, one each, a total of nine.

ONE SESSION SCHOOL DAYS. A correspondent writing to the Times-Star suggests that on days when the weather makes it necessary to have one session in the schools the fire alarm be rung ten consecutive times at 11.50 so that mothers may be apprised of the fact that their children will not be home at 12 o'clock.

ANNIVERSARY. About fifty friends of Mr. and Mrs. Read Flewelling, 218 Main street, assembled at their home on Wednesday evening to celebrate their thirtieth wedding anniversary. Many useful presents were received including an electric lamp which was presented by Rev. G. D. Hudson on behalf of those present.

IN THE MARKET. In the city market this morning prices were quoted as follows: Beef, 25c to 40c; veal, 25c to 30c; pork, 40c; ham and bacon, 45c; fowl, 45c; chicken, 60c; butter, 70c; eggs, 70c; potatoes, 60c; turnips, 45c; cabbages, 7c; beets, 7c; parsnips, 10c; celery, 10c; parsley, mint and radishes, 5c; a bunch; lettuce, 5c; cauliflower, 40c; cucumbers, 5c; squash, 4c; tomatoes, 15c; a peck; fresh green tomatoes, 45c; a peck; green peppers, 25c; onions, 8c; a pound; cranberries, 20c; a quart; corn, 25c; a dozen; red cabbage, 15c; cabbages, 8c; pickling cucumbers, 70c a peck, and apples, 50c a peck.

BURIED TODAY. The funeral of Mrs. Mary Campbell was held this afternoon at the residence of her daughter, 37 Horfield street. Service was conducted by Rev. Moonhead Legate and interment was in Fernhill.

The funeral of George Gaska was held this afternoon at the residence of his sister, 502 Main street, to Cedar Hill. Service was conducted by Rev. R. T. McKim.

The funeral of Joseph Kornowski was held this afternoon from Holy Trinity church to the cemetery. Service was conducted by Right Rev. J. J. Walsh, V. G., D. P.

The funeral of Miss Marion Elizabeth Coles was held this morning from her father's residence, 7 Olive street, West Side, to Fernhill. Service was conducted by the Brethren.

Y. M. C. A. OPENING. The official opening of all classes and general activities for the season will take place on Monday, Oct. 4. The following is the program for the day: Noon hour Business Men's Class, 12 p. m.; Beginners' Swimming Class (men), 12:30 p. m.; High School Boys' Gymnasium Class, 4 p. m.; Business Men's Gymnasium Class, 5:15 p. m.; Supper served in the building, 6:30 p. m.; Address by Charles W. Bishop, 7:15 p. m.; Seniors' Gymnasium Class, 8:15 p. m.; Board of Directors' Meeting, 8:30 p. m.

The bowling alleys, which have been repaired, are in splendid condition and will be reopened.

The reading, writing, billiard and social rooms all offer their attractions. The swimming pool, always a popular feature, is still drawing crowds of men and boys.

BUSY HALF YEAR IN PROBATE COURT

Registrar Says Record Number of Estates Dealt With—Improve Registry System.

The six months ended on Sept. 30 constituted the busiest period in the St. John probate court, so S. B. Bustin, the registrar, told a Times reporter yesterday.

While other stretches of time have exceeded the period just closed in the values of the estates probated, there have never before been so many estates passed through the court in six months.

The great increase in business has made it necessary to make improvements in the system of registry, Mr. Bustin said, and the government has authorized the installation of a loose leaf system, similar to that used in the county registry office. In this system, the entries can be made on a typewriter and the sheets placed in a binder from which they cannot be removed without damaging the sheet.

MICHAEL KELLY WITHDRAWS HIS CANDIDATURE. Michael Kelly requested the Times this morning to state that not having received as much support as he felt he was entitled to he had decided to withdraw from the political contest and his name would not be put in nomination. He desired, however, to express his sincere thanks to those, and he said they were many, who looked with favor upon his candidature.

WILL CONTINUE TO RESIDE HERE

R. H. Anderson Returns From England and Will at Once Take up New and Important Bank Duties.

R. H. Anderson, manager of the St. John branch of the Bank of Nova Scotia, has returned from England and immediately enters upon his duties as supervisor of the bank's branches in the maritime provinces and Newfoundland. This city will continue to be Mr. Anderson's place of residence and his official headquarters, but his duties will require his being away from time to time and in his new capacity he is shortly to visit some branches in districts east of here, including Cape Breton, going on from there along the south coast of Newfoundland and thence to St. John's.

Mr. Anderson was for nine years the bank's representative in that city and the expansion of the bank's business by the opening of branches at various other places on the island began under his management. The Bank of Nova Scotia now has ninety-eight branches in the maritime provinces and twenty-five in Newfoundland, and Mr. Anderson's appointment to his present important position is an indication of the regard in which he is held by the executive of the institution whose service he entered nearly forty years ago.

WILL START THE WORK ON MONDAY

Converting Congregational Church Building Into a Home for Pythian Knights.

The work of converting the Congregational church property, Union street, into quarters suitable to the use of the new quarters with annex and ante-rooms in connection. The main body of the building is to be re-ceilinged and cleared of its present seating and fittings. Removable seating will be used in the future and stairs built connecting the large floor with the kitchen and dining suite in the basement. The place will be re-lighted and various modern accessories installed. For auditorium and social purposes special conveniences will be afforded.

The lower section of the building will later be changed into splendid lodge quarters with annex and ante-rooms in connection. At present New Brunswick and Union lodges are meeting quarters in the Masonic building, Germain street, and for more than twenty years previously they were installed in the Wywoody building Germain street, recently taken over by Mr. R. A. Ltd. as a lunch room for their employees. The two lodges number more than 700 members and the new "Castle" looked forward to with much pleasurable anticipation by the Knights.

LIQUOR SELLING CHARGE IS MADE

In the police court this morning John Boesep was charged with selling liquor to fire and O'Dell who was before the court recently on a drunkenness charge. O'Dell said he went into the accused's shop in Pond street on Monday and Tuesday and on several occasions got in at twenty-five cents a drink. He said there were several people in the shop at the time and the accused had a bottle in his pocket. Inspector Journey told the men under the influence of liquor in the vicinity of the accused's shop and said some of them seemed to be going in frequently. The inspector said he went into the shop and found several men in there and also found a "square face" of gin in the accused's pocket. On that occasion the accused was arrested and brought to the central police station where he put up a deposit of \$50 for his appearance in court on Wednesday morning to answer a charge of having liquor in his possession other than in his private dwelling. The uniqueness of this trip lies in the fact that Mr. Boesep was put up for his appearance. E. S. Ritchie is acting for the defence.

Two men charged with drunkenness pleaded guilty and were fined \$8 each, or two months in jail.

HE LOST A LEG BUT GOES HUNTING

Everette Nicole, who recently opened up a returned soldiers' shoe hospital also shot shine parlor at 325 Brussels street, left last evening accompanied by his brother-in-law, William Morton, on a hunting trip for a few days. The uniqueness of this trip lies in the fact that Mr. Nicole is a thigh amputation case since Amiens, in 1918. However, when moose and deer are so invitingly plentiful an artificial leg must answer the purpose when one's own is missing.

PANTRY SALE

A successful pantry sale was held this morning in the Imperial Theatre lobby under the auspices of the Lady Roberts Chapter of the I. O. O. F. E. war memorial, which is to be in the form of a scholarship and is to be given by the order in Canada. The lobby was nicely decorated and the articles, which were of a tempting nature, were artistically arranged. Mrs. Roy Lewis was the convener and was ably assisted by Miss Helen Wilson, Miss Marjorie McIntyre, Miss Mary Armstrong, Miss Sophia Ferguson, Miss Mary Robertson and Miss Hortense Maher.

Will Live in Hampton

Amherst News: Mrs. H. B. Swetnam and children will leave on Saturday for St. John to join Mr. Swetnam, who has been in that city for some time. Mrs. Swetnam will be very greatly missed, for she has a wide circle of friends and has been the leader in many a social gathering. Their immediate home will be in Hampton.

Montreal Time

Montreal, Oct. 2.—At two o'clock tomorrow morning Montreal reverts to standard time.

OAK HALL

SCOVIL BROS., LIMITED 55-57-59 KING STREET. Closed Fridays at 6 p.m. Saturdays Till 10 p.m.

The Only Dining Suite I Have Ever Wanted

The above expression was used a few days ago in reference to the suite of dining furniture which you see now in our window. The speaker was a lady who, passing down Charlotte street, had her attention arrested by the window display. Of course you know how to interpret the lady's enthusiastic expression. For years perhaps she had entertained the idea of purchasing a new suite of dining furniture but was in no hurry, willing to let the old furniture serve until such time as she might find something so strikingly beautiful, out of the ordinary and so fittingly appropriate for her home that she could then make the purchase. And she found it in our store. These windows of ours are merely an index to what is shown in the building back of them. And there is also on the inside, beyond the complete stock of high grade home furnishings for every room, something that you cannot see in the windows but will immediately sense and feel the instant you enter our doors. It is a courteous cordial welcome, with genuine helpful assistance in solving your problems, minus any obligation whatever on your part to buy.

A. Ernest Everett THE HOUSE FURNISHER 91 Charlotte Street. Excellent line of Baby Carriages now showing.

Hat Specials for the Week-End FOR MAN, WOMAN AND GIRL

Hats hold the floor here for this week-end and Monday, at prices that will be at once the centre of attraction—and envy. Also there are three divisions, so all may be satisfied. SILK PLUSH so popular at this time and now that we are repeating the extra deep price reduction of a few days ago, those who failed to take advantage will have an opportunity now. Prices are \$12 and \$13—every day prices \$16.50 and \$21. MEN'S SOFT HATS at the flat price of \$5 at this reduction sale; and as the regular every day price is \$7 and the hats bear the Magee label backed by Magee there appears to be nothing more to say. GIRLS Excellent showing of the popular Velvet and Velour Hats for girls from 12 to 15 years of age. Colors—Green, Grey and Black. Regular daily prices are \$3 and \$5, you may have your choice at \$1.95—while they last.

UNITED STATES "ENFANT TERRIBLE" OF THE WORLD

Japanese Writer on Prospect of British and American Action in Far Eastern Policy.

(Associated Press Correspondent.) Tokyo, Sept. 1.—A belief prevailing in Japan that the United States and England may join hands in restraining Japan in her Far Eastern policy has been the basis of much comment in the press.

Japan's brilliant writer, Ichiro Tokutomi, the editor of the military organ, the Kokumin, wrote a special article on American-English relations in which he called the United States the "enfant terrible" of the world.

Mr. Tokutomi regards the prospect of co-operation between England and America with some anxiety. The world will be obliged to agree with what they agree, he observes, but he consoles himself with the thought that such co-operation is unlikely owing to American suspicions of England and lack of world knowledge.

After summing up his conclusions as to the position of England as arbiter of the world, Mr. Tokutomi says: "But there comes England's competitor, whom England at least in her heart of hearts fears as a formidable power. America may be called an exponent of the world's different races. But the mainstay of the American people is the Anglo-Saxons. England and America are brother nations with the Atlantic between them. The destiny of the world is now entrusted to these brother nations."

"If they should co-operate in the work of solving the problems of the world, however, unreasonable the results of such solution may be, the world will be obliged to agree," thinks Mr. Tokutomi. But he asks: "Is America willing to act the role of younger brother and follow England's lead? Americans want to be the first in everything. Will they be content to take the second place in the solution of world problems?" He doubts it, saying: "To think that America as a younger brother dutifully obeying orders in the solution of the world problems and will be the unique supporter of England is the observation of a blind man."

Mr. Tokutomi describes the American in this way: "In a word the American is a rustic person who does not know anything about the world. He enjoys globe trotting and Europe is his pleasure ground where he dumps his money. But on all occasions he carries his own country in his traveling bag. Consequently aside from satisfy-

"A cup of Cocoa" Good at any hour of the day Baker's Cocoa is especially good in the evening a short time before retiring. Its flavor is delicious, its aroma most attractive, and it is conducive to restful sleep without being in any sense of the word a narcotic. Absolutely pure and wholesome. Walter Baker & Co. Ltd. ESTABLISHED 1824. MONTREAL, CANADA. DORCHESTER, ENGLAND. BOOKLET OF CHOICE RECIPES SENT FREE.

ing his own desire for pleasure he does not enlighten himself very much by his observations of the world. In short, Mr. Tokutomi observes, the war has Americanized the world rather than influenced America. Mr. Wilson's advocacy of the democratization of the world was in his opinion an illustration of how the American tries to measure the world with the rule he applies to his own country. The American considers that it is his mission to force Americanism upon other nations.

LATEST IN HEADGEAR FOR MEN IS CORKER Paris, Oct. 2.—Here is the latest in headgear for men: A white silk and velvet hat shaped in Mexican style and trimmed with heliotrope ribbon. The experiment was launched at Etams by M. Peirce, fashion creator. He wore the hat himself. Mannikins paraded the grounds in the latest aviation costumes. The texture mainly was leather of the thinnest quality trimmed with collars and immense hems of ermine and sable.

WOULD GET ALONG WITHOUT CORONERS Municipal Finance Committee Urges That Work be Placed on Health Officers—Cases of Dependent Children.

The Finance Committee of the Municipal Council met yesterday afternoon in the county rooms, Prince William street. Those who attended were Mayor Schofield, who presided, Councillors Jones, Anderson, Golding, Frink, Thornton and Donovan.

Rev. George Scott and F. S. West were present on behalf of some dependent children for whom no homes could be found at present, owing to the crowded condition of the orphanages, and sentiment was expressed against putting dependent children of returned soldiers, or the orphans of soldiers, in the St. John Municipal Home. No action was taken in the matter but the Mayor undertook to make a presentation of the facts to the Salvation Army. Two bills were introduced at the July meeting of the Council, to set \$4000 for the Lancaster sewerage and to set \$40000 for the County Hospital balconies, were fixed at these amounts definitely, because the comptroller general objected to the expression "to set."

A bill in favor of H. A. Porter, as coroner, amounting to \$142.50, was ordered paid. A bill of Coroner Dr. H. E. Gilmore was held pending receipt of affidavit. A general discussion took place concerning the utility of coroners in general. It was recommended that the resolutions passed by the County Council in October, 1919, requesting the government to abolish the office of coroner and to place the work on the District Health Officer, were reaffirmed, and the government is to be requested to give effect to the Council's wishes.

Bills amounting to \$174 from stenographers for reporting coroners' inquests, were ordered paid with the provision that hereafter the accounts of stenographers shall be accompanied by a full and complete statement of each individual inquest, of every expense incurred, and if such statement is not supplied no coroners' bills will be paid.

It was recommended that no supplies shall be given or no work done for the goal or registry office unless on requisition by the sheriff, to be approved by the chairman of the county buildings committee.

A general discussion took place with reference to the renting of the court room for election purposes. Hereafter the sheriff will consult the chairman of the buildings committee before granting the court room for holding polls. Some bills were ordered paid, including one for ninety-five tons of hard coal for the jail, amounting to \$1678.86. The Lancaster police account was advanced a loan of \$1000 and loan to Lancaster and Inlandtown ferry was increased from \$5000 to \$6888, repayable in ten years with current interest, providing the city assume one-half the liability of the increased loan, having agreed with the Parish of Lancaster to pay one half the \$6900 loan.

At the request of the county secretary he was authorized to destroy \$20,000 worth of three and one-half per cent county bonds prepared in connection with the Lancaster sewerage, signed by the late Robert Connolly and never put on the market. These bonds were replaced by a four per cent issue. The former are to be destroyed in the presence of Warden Bullock, Mayor Schofield and the county secretary.

BROADENING WORK OF PLAYGROUNDS Two Will Have Skating Rinks This Winter—Tennis and Basketball Next Summer—Request For Soccer Field. The Playgrounds Association held its regular meeting in the Y. M. C. A. building last night when the president, W. K. Haley, was in the chair. Preparations were made for the opening of the Boys' Club and for the holding of the annual meeting early in November. Reports received last night were satisfactory. A delegation from the St. John Athletic Association, which has been formed recently were heard. The spokesmen, Messrs. Schurman and Frost, said that the association desired to promote athletic sports of every kind and to become the central organization for the city. What it particularly desired at this time was a field on which to play "soccer." The board expressed its desire to cooperate with the athletic association in securing a suitable field. David Ramsay and Mr. Barrett gave a report for the East End Improvement League. They said that the children's sports, which were to have been held on Lakar Day, had been postponed, and would be held on Thanksgiving Day, unless the weather were unfavorable. A favorable communication had been received from the city council regarding the erection of a stand-slope and the League was confident of having a good skating rink this winter. The proceeds from the recent fair would be used to purchase the most modern and up-to-date equipment for the League's grounds that could be obtained and there was sufficient skilled labor to be found among the members to put all the equipment up in good shape. It was intended that the children's playground should be extended much farther and it was hoped that next year basketball and lawn tennis would be added to the grounds' equipment. The East End League also announced that it had on hand a sum of money for the use of the Boys' Club. A. M. Belding reported for the South End League. The 100-yard dash course, which had been practically completed, had been a large undertaking and would in time be the finest course in the city. Races had been held on it the previous week. The children's sports, organized chiefly through the endeavors of Frank White, had been most successful. The League was planning to have a skating rink this winter and intended organizing for a season of still more satisfactory results. Mr. Haley, for the West End League,

reported that a committee had interviewed the city council asking that the car tracks be removed from the Queen square. Reports were given of the visit of C. J. Atkinson of the Federation of Boys' Clubs to St. John and of his inspection of the Boys' Club at the Victoria Rink. He had recommended that the large room be partitioned to give a place for a reading room and a place for small games and that the usage be taken down. The committee for the club, A. W. Covey, George A. Marzetta, Roy Handren, W. K. Haley, A. M. Belding and Captain A. J. Mulcahey were given authority, in consultation with Miss Heffer, to have made any alterations deemed advisable and to buy any needed equipment. It was decided that the club should be opened as soon as possible. A report was given of a meeting of representatives of the Playgrounds Association with the city commissioners for the purpose of asking that a wing of the new municipal building be set aside for a Central Boys' Club, looking to the time when boys' clubs might be formed in connection with each of the Improvement Leagues, each of which clubs could use the equipment in the central building. A letter from Mrs. J. H. Doody was read in which she thanked the association for sympathy in her late bereavement.

TOO HEAVY TO EARN LIVING BY LABOR Chatham, Sept. 29.—"Fatty" Hill, of this city, T. O'Neill, of London, and Fred Lack of St. Thomas, were fined in the Police Court for running games of chance at the Wheatley Fair. The two former paid \$50 and costs and the latter \$10. Hill said he was not getting a square deal from the authorities. He weighs more than 300 pounds and says he is too heavy for manual labor and that he was running the games in an honest attempt to earn a living.

**TRADE BALANCE CONTINUES TO BE AGAINST CANADA**

During August It Was \$39,000,000 in Favor of United States

Keeping Dollar Small—Movement of Wheat Crop May Make Conditions More Favorable to Dominion.

Ottawa, Oct. 2—No reason for expecting substantial improvement in exchange between Canada and the United States in the near future is held out by preliminary figures of the Dominion's trade in August. Canadians during last month bought in the United States to the extent of nearly eighty-six million

Detachment of Canada's famed Mount of Police, who entertained vast crowds at the Grand Stand performance at the Toronto Exhibition by smart drill work and musical rides.

dollars, as compared with sixty-two and a half millions in August, 1919. They exported to the United States goods to the value of forty-two and a half millions, as compared with \$40,250,000 in August, 1919. The balance against Canada in trade with the United States was thus thirty-nine million in August, 1920, as compared with twenty-two million in August, 1919. In spite of the adverse exchange rates, thus Canadians have materially increased their purchases in the United States and tended to aggravate the condition causing depreciation of the Canadian dollar

south of the international boundary line. In trade with Great Britain, Canada still enjoys a favorable balance. That balance, however, in August was only about eleven and a quarter million dollars, as compared with forty-four and three quarter millions in the same month last year. Canadian imports from Great Britain in August were valued at 21 1/2 million dollars, as compared with 7 1/2 millions in August, 1919, but Canadian exports to Britain were only \$30,745,689 last month, as compared with \$52,238,338 in August, 1919. Exchange rates greatly in favor of Can-

ada doubtless operated both to increase imports from Britain and to decrease exports.

During the month, Canadian total imports were valued at \$124,318,014, as compared with \$81,857,305 in August, 1919. Total exports amounted to \$112,000,000 approximately, as compared with \$116,000,000 in August, 1919. In earlier months of the present year, Canada on the whole enjoyed a favorable trade balance. The movement of the wheat crop will make itself felt in the present and succeeding months of the year. It will swell exports to Great Britain, and if any considerable quantity goes to the United States under the arrangement for reciprocal free trade in wheat and wheat products, between the two countries, it may serve to reduce Canada's adverse trade balance in the Republic and to improve exchange conditions.

**BROTHERHOOD OF SERVICE IN CANADA**

Lot of Downtrodden Should Be Ameliorated, Says Canon Scott.

Rev. Canon F. G. Scott gave an address to the Canadian Club in Toronto to a few days ago in which the importance of brotherhood and fellowship were emphasized. His audience was large and exceptionally sympathetic and appreciative.

Canon Scott gave the Canadian Club a vision of greater Canada, in which a noble brotherhood of service should be founded on individual integrity of character, and in which the lot of the weak and the down-trodden should be ameliorated by the compassionate kindness of the strong. In the grievous testings of the war, in which this country had sacrificed so freely of her best, the Canon said she had attained not only to the stature but also to the dignity and onerous responsibilities of a nation. Now that the war was ended, however, there was a danger that the lessons of fellowship and brotherhood which Canada had learned might be forgotten in the striving after material wealth.

Canadians should realize that they were trustees of the generations to come. Canon Scott pointed out, and that upon the wisdom or folly of their directions today must hang the ultimate fate of this young nation. Canada could never recede from the proud position which she had assumed as a member of the League of Nations and as a power in the councils of the world, he said.

"While Canada must not become a militant people," said Canon Scott, "she must assure herself that she is always strong enough to stand by the right and to defend the weak when need arises."

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was faintly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

**To Relieve Catarrh, Catarrhal Deafness and Head Noises**

**HELPING PRODUCERS.**

Vienna, Sept. 12—(A. P. Correspondence)—Crops to the value of 40,000,000 crowns were raised this summer on the small public land allotments within the municipal limits of Vienna.

**Don't blame you a bit: You may have waited and shivered \$10 off the price of a good overcoat; here's where you gain what you earned.**

He says: "I am on my way."  
She—"Tell Mr. Creary I sent you."

**George Creary  
The Semi-ready Store  
87 Charlotte Street**

I'm not going to wait a single solitary day longer—just going to send these warm early winter Overcoats out now like an avalanche.

Until Monday night you can go over all these genuine Semi-ready Overcoats and look for a generous cut in the price on each and every one. You can look in the pocket and see that I have made every coat shiver off from \$5 to \$9—the label tells the story.

This is not a sale of odd lots or broken sizes—for I have a full and complete range and sizes to fit every man of every physique type.

Moreover, I guarantee perfect fit and eminent satisfaction—a fair and open satisfaction that greet the fair customer's every doubt.

Fall Overcoats at \$22.50—  
Were \$26

Fall Overcoats at \$24.00—

**Oily skin and shiny nose**

*How to correct them*

Do you know that the oil in your skin is necessary to keep it smooth, velvety, supple? This oil is constantly being produced by the glands of the skin. When it is too abundant the result is an oily skin and a shiny nose. You can relieve this embarrassing condition by using the following treatment as frequently as is necessary.

With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice.

This treatment will make your skin firmer and drier the very first time you try it. Use it as often as your skin requires, nightly if necessary, and before long you will see a marked improvement.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

The Andrew Jergens Co., Cincinnati, New York and Perth, Ontario.

**Where plaster falls down Beaver Board Makes Good**

Where wall paper gets cracked and discolored, where plaster falls down Beaver Board invariably makes good. It completely covers up the unsightly walls and ceilings and provides a surface for decoration that will last as long as the building. You'll never need to replace Beaver Board.

Beside this "making good" quality, Beaver Boarding is a simple and easy operation. For a remodeling job Beaver Board is nailed directly over the old walls and ceilings. It comes in large, flawless panels which cover large spaces and produce an attractive paneled effect in every type of room. When painted and decorated it can be repeatedly washed with soap and water and is as permanent as your woodwork and floors.

Being made from the fibres of the white spruce it is in fact a true lumber product. The "Sealite" sizing process prevents warping and provides a perfect surface for decoration.

In our book, "Beaver Board and Its Uses," there are many helpful suggestions. It's free. Write for a copy to-day.

"KIDDIES" GOOD-BYE TO J. D. O'CONNELL

Huge Bonfires Blazed and the Assembly—Hundreds of Children Cheered Their "Fairy Prince" to the Echo.

TO LET

J. D. O'Connell's departure from Sussex on Monday evening on the first stage of the trip to his home in Canada, Cuba, was marked by a popular demonstration of a most enthusiastic character.

TO LET

A large bonfire blazed in front of the Depot House and the cheering, merry crowd of boys and girls dancing around it was a merry scene.

TO LET

Mr. O'Connell's next picnic will be held in Bangor, Maine, the latter part of this week.

TO LET

The boys and girls of today that now so admire him will soon be the men and women voters.

TO LET

Monday evening's splendid demonstration must have been very gratifying to the "kiddies" of Bangor inasmuch as it showed that his kindness had been appreciated.

TO LET

Mr. O'Connell's coming to Sussex is always an event of much interest. Everybody will be glad to welcome him again next summer.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, OCTOBER 2, 1920

# Your Railways and the Cost of Living

**B**EFORE the privy council at Ottawa protest against the new railway rates has been made on the grounds that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian Railways.

It was pointed out that the numerous middlemen who act as the distributors of goods would each add his percentage of profit to the freight rate, so that although the railways might only receive say 40 cents additional freight charge on a shipment the public would be forced, by the distributing middlemen, to pay many times that amount.

The managements of the various Canadian railways desire, through this, their association, to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States Railway rates—an increase similar to the increase in Canada—*has actually been followed by a decrease in the cost of living in that country.*

### **Futhermore,**

A great Canadian manufacturer recently made public—without any solicitation and without the previous knowledge of the railway managements—figures which proved that the retail selling price of a yard of plain white cloth in Winnipeg, after being hauled from Montreal to Toronto and Toronto to Winnipeg, would be increased only one-half a cent, *even after the wholesaler had added 20 percent. profit to the new freight rate and the retailers another 50 percent.*

He showed that these distributors, whether rightly or wrongly, added 15 cents to his mill-price of 16 cents per yard.

Yet the railways carried the raw cotton for this yard of goods from Texas to Montreal, and the finished goods from the mill to Toronto and Toronto to Winnipeg for one and one-half cents.

One and one-half cents as against fifteen cents.

We venture to believe that, whatever the explanation or the justification may be, the same serious addition to cost by the distributing trades will be found in relation to almost every article of common household use.

This is not to attack distributors. They may, themselves, be victims of a bad system or of an overcrowded trade. But it is to point out that if they add whatever percentage they, as a trade, find convenient, *on top* of the freight rates the railways cannot help either themselves or the public. The oppressive results of these practices should not be charged against the railway managements, nor cited as reasons for holding freight rates down merely because railway rates *can* be held down while other prices soar as the various trades find necessary.

**R**AILWAY charges always must be a serious item in determining cost of production, but the managements of your railways urge upon your attention this fact: That antiquated, overloaded and wasteful systems of distributing goods are much more properly a subject for public anxiety.

*Canada cannot prosper without prosperous railways. Canadian Railways cannot prosper unless Canada prospers.*

Beware of those who would restrict and even strangle the railways of Canada *simply because control exists there and is not so convenient in other departments of commercial activity.*

**HIGHER LEARNING  
A LOT HIGHER**

College Costs More Than Doubled Since 1910 — "Busting" Only Thing Not Taxed.

(N. Y. Evening Post.)  
The high cost of colleges has kept pace with the high cost of living. Average estimates in university catalogues for 1910 ran from \$350 to \$450 a year. Now Columbia, in a big city, says a year of higher learning is to be reckoned at about \$800; Michigan, in a small town, insists on "from \$750 to \$850"—and adds, quaintly, "even at this, the little things that make college life worth while are not included."  
Tuition and fees have gone up generally all over the country. And this says not a word of the ingenious taxes that have been devised by these modern university controllers: tax for coming late, for graduation, tax for reinstatement, tax for pretty near everything, except "busting." And in Cornell catalogues of not so long ago was added this pertinent suggestion: "Parents and guardians are earnestly cautioned against providing their sons with an excessive amount of pocket money."

**Costs Doubled Everywhere.**  
Two college dollars nowadays have hard work to hold up under the load that once used to bear with impudence.  
Even getting to and from college

**We Invite You**

To make careful comparisons with any other Teas on sale, as this will only strengthen your conversion to the use of

**"SALADA"**

And then---It's Always Good Alike.

is to cost more. Consider food. Gustatory authorities are agreed that not so many years ago the finest college eating places would serve three meals a day for \$4.50 a week. That approached the edge toward affluence, for more economic students could purchase meal tickets purchasable for twenty-one meals for the retiring sum of \$3.50. Today the most modest eating dive, or "dog", charges \$7.50—and unblushingly claims the distinction of "cut rates." Those that serve butter, or at least say they do, charge up to \$8.75.  
Rooms have joined in the uplift. At Michigan in 1916 a handsome one-room suite went for \$2.50 a week. It now gathers from 50 cents to \$1 a week more. So says the catalogue, but as a matter of fact the average at most colleges runs between \$3.50 and \$5.  
Books—Books have gone up scandalously, the second-hand book-shops charging now what the brand new libraries used to demand. Books now start with \$1 as to the lower limit and leave the upper to the imagination. And, as might be expected, there has been a corresponding advance in whatever else goes down on the family expense account as "books."  
Clubs and college organizations—institution fees and dues have gone up with the increase in numbers. And this means no bashful number in dollars and cents for jewelry to adorn collegiate chests.  
**Incidentals Have Soared.**  
The most surprising figures in the increased cost of getting an education are in the incidentals.  
In the olden days seats at the Happy Hour or the Bijou were 5 cents. The big shows got \$1.50 at the most. Nowadays, to rest of an afternoon in a moving picture palace costs 17 cents; 28 for the haughty ones who must sit downstairs in the evening.  
A cool beer used to cost 5 cents. A thirst now requires 17 cents for slaking, at least 22 if it is fastidious.  
College hair-cuts used to be no more than 20 cents. Now, it is hardly considered "collegiate" to get any change out of a bill deposited with the barber, though, true enough, this means fantastic assortment of treatments of which the actual hair-cut is the least noticeable.  
**Socks at \$4 a Pair.**  
"College Kut" clothes are a big item. Typical of the general increase is the modest garter, formerly displayed at 35 cents a pair, which cannot even get a place in the window now, though it requires 75 cents over the counter.  
Something neat but not gaudy in the way of all-wood suits back in the 1900's was ready to be taken home for \$29. Such a suit has double cuffs and brisk lines. Nowadays the figure quoted will just about buy patch pockets, pleats, and belt.  
Box-sole shoes, all of the style not so long ago, used to sell at \$4.75 at the most. But now it takes at least a score of bills attached to a charge account before a pair of figured ties are forthcoming. Wool is the only correct material for socks, those with a fair number of ribs running up to \$4, the holer ones going at a little over half the price.  
Ties are a luxury and by those who know will be brought from the little brothers collection at home.

EIGHTY-ONE PERSONS DROWN  
IN MARITIME PROVINCES IN  
SPRING AND SUMMER MONTHS

Twenty Perish While Bathing, Twenty-one Deaths Result From Canoeing Accidents and Five Are Suicides—Many Persons Saved From Drowning By Heroism of Others.

Eighty-one persons were drowned in the maritime provinces during the spring and summer months of this year up to last evening and at least six former provincialists lost their lives in the water in other places. The six do not include those who were lost at sea in various parts of the world as there is no record available here. Thirty persons were drowned in New Brunswick, forty-one in Nova Scotia and ten in Prince Edward Island. Twenty of those drowned perished while bathing, twenty-one while boating and canoeing, two gave their lives to save others, five persons were suicides, five lost their lives while fishing, two were drowned in wells and one case was homicide. Of the victims fifty-four were men, twenty-three children and four women. Of the five who were drowned out of the maritime provinces four were young men bathing and one, a workman, fell from a wharf. Numerous persons were saved from drowning by the heroism of others. Ray J. Smith, son of Alderman Smith of Woodstock, was awarded the Boy Scouts' medal for saving a young lad from drowning in the Meduxnekeag stream. At Maguadavic Lake, Harvey Station on August 10, Donald Glendinning and Ray Bassell, two boys, saved Marshall Robinson, who had fallen down twice. James Wilson, son of Rev. W. D. Wilson, and another lad saved a girl in the St. John river during the bathing season and two young ladies at Gagetown saved South Market wharf on a bicycle. Mrs. Oscar Baldwin and her niece, Helen Helen Baldwin, nearly lost their lives at St. George on August 10, in endeavoring to rescue Helen's sister, Marion, aged twelve, who sank while bathing and was drowned. Harry Steeves, uncle of Lester Rogers, aged eight, lost his life in Stoney Creek, Albert county, on July 8, an attempt to save them from a bicycle. On July 28 E. P. O'Toole made a plucky but unsuccessful effort to save a young man from drowning in the St. John river. August 11—Charles A. Forbes, aged 19, Gardner's Creek, St. John county, fell from a bridge. August 14—Joseph Briggs, Willow Grove, Other Lake, St. John county, dove from a boat. Both perished. Miss Lena Crowell of Halifax, while attempting to save William McEneaney, who had fallen from a boat, was drowned. On August 29 in Five Islands Lake, near Halifax, while going to the rescue of Rachael Hensworth, Kennedy Sullivan saved Miss Hensworth. William Murray of Halifax, saved two persons from drowning on two consecutive days. Two persons jumped from the carry near Borden and were drowned during the summer. Early in June the evidence indicating that it had been thrown into the water by its mother. Those who were drowned in the province were: April 16—Winslow Thomas, aged 22, of McNutt Mills, aged 22, fell in a stream from log drive. April 18—Ronald Egerton Seely, aged 28, drowned at Lower Norton, while canoeing. April 22—Henry Lantigne, Shippegan, aged 22, drowned in the river near Milltown. May 19—Morris Downing fell from North Wharf, St. John's.

THE DAILY MISERY OF  
ILL-HEALTH

Three Years of Suffering Quickly Relieved by FRUIT-ACTIVES

MR. GASPARD DUBORD, 189 Avenue Du Frontenac, Montreal. "For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured. At this time a friend advised me to try 'Fruit-actives' and I did so after taking two boxes of 'Fruit-actives'. I was greatly relieved, and gradually my nervous fruit medicine made me completely well. My digestion and general health are excellent all of which I owe to 'Fruit-actives'."

NO OPPOSITION  
CANDIDATES IN  
WESTMORLAND

At a meeting of the Westmorland opposition in Moncton last evening it was decided not to put forward a candidate in the field, but to leave the field between the United Farmers and labor. T. C. Ayrer was mentioned by the labor candidate for Moncton city.

LOCAL NEWS

A company of girl guides were organized yesterday in Witanstede school, Miss Zeta Laneroux, captain, of Trinity road, and Miss M. S. Cogan, vice, of St. John's. The girls were formed with the following leaders: Constance Watson, Marion Currier, Leonora Belyea and Viola McAvity. Another large attendance favored the Colton Currier fair in West St. John last night. Among the prize winners were: first door prize, \$10, L. Adams; second door prize, \$5, Mr. Ramon; color competition, F. Emmerston, a smoking set; air gun, C. Holmes, an umbrella; bowl among the tailors, E. Hogan, a set of candle sticks. Leaks in the water main in Brindley street near City road and in the main in Bishop's field, which connects with the Industrial School at Silver Falls, were repaired by workmen from the water and sewerage department yesterday in Marsh street, near the bridge. It will be repaired this morning. Struck by street car No. 69 at 6.45 p.m. last evening, in Brussels street, James Gould, fifty years of age, residing at 227 Brussels street, was injured about the head and severely shaken up. He was taken to the General Public Hospital in the ambulance where, at a late hour last evening, he was reported as doing well. The accident occurred at the corner of Brussels and Brunswick streets. Changes are announced in the mails to Prince Edward and Grand Manan islands. Hereafter the mails for Prince Edward will leave St. John on the 7.10 a.m. train only, due to the revision of the car ferry to the single trip schedule. The Grand Manan mails will leave St. John each Wednesday morning only on the steamer Grand Manan, which returns to a single trip a week service. At a meeting of the executive of the Navy League, held yesterday afternoon in the Board of Trade building, arrangements were made for the financial drive which will be conducted by the league in this city later in the month. E. L. Risling was appointed chairman of the committee on arrangements. The president of the league, R. E. Armstrong, was in the chair and several members of the Imperial Order, Daughters of the Empire, were present.

MARINE NOTES

The former German steamer Clara Hugo Stines that went aground on Thursday off Cape John, while proceeding from Campbellton to Pictou to complete her cargo of lumber, is in no immediate danger and prospects of salvaging her are good. The Atlantic Salvage Company of Halifax has been awarded the contract. The only sailings of importance yesterday were the French bark Dieppdale, for Queenstown for orders, and the Dutch steamer Magdeleine, for Brown Head for orders, cargo to be discharged in the United Kingdom.

IRRITABLE NERVES RESTORED  
AND HEALTH REGAINED  
IN A SIMPLE WAY

The man or woman who is rundown, not feeling up to the mark, perhaps irritable, nervous or sleepless, will find relief to learn about the wonderful results the newly discovered blood-food is giving to folks that use it. There is a wonderful power in this new blood-food, and every weak, pallid person can be quickly nourished back to health that uses as directed. After each meal, with a sip of water, you simply take two little chocolate-coated tablets, sold in all drug stores under the name of "FERRULOZINE". The effect is noticeable at once. You feel happier, brighter, more contented. That old-time feeling of weakness disappears—you forget your "nerves" or cross or trifling annoyances. There is a reason for this change and the reason consists of the fact that Ferrulozine contains blood-making materials you can get in no other way. Ferrulozine makes a new, single and simple new vitality. This ensures lots of nourishment and strength being supplied to every part of the body. No wonder the eyes brighten and the cheeks radiate color and happiness. With abundance of strength, a keen appetite, good digestion and plenty of sound sleep—all the result of Ferrulozine—you quickly feel as if life held new charms and pleasures.

KILLED BY BULL

Word was received yesterday of a terrible fatality at East Bedford (P. E. I.), one night recently when Samuel Dawson, one of the best known and most highly respected farmers of the community, was killed by a bull. Mr. Dawson went into the barn to water the bull. His little son and daughter, the only occupants of the home at the time, had gone to bed. Next morning Mr. Dawson's body was found in the barn by his little son who at once notified his uncle Colin McKay. The latter came and found that the body had been terribly bruised and there were cuts on the head and face. Mr. Dawson, who had carried a lantern had evidently unchained the animal which had been chained only a few weeks ago, led him to water when it turned upon him. McKay sent for Dr. Stewart and Coroner Pate, of O'Leary. The latter on hearing the facts considered an inquest was not necessary. Dawson, whose wife died four years ago, leaves ten children. It was announced yesterday afternoon in London that the British miners' strike, which had been scheduled for today has been postponed two weeks.

Rheumatism  
Neuritis, Sciatica, Neuralgia.

Templeton's Rheumatic Capsules Have brought good health to half-a-million sufferers.

A healthful, money-saving remedy, well known for fifteen years, prescribed by doctors, sold by druggists, \$1.00 a box. Ask our agents or write for a free trial package. Templeton, 142 King W., Toronto.

Candidates  
In the Field

HONOLULU WOMAN  
CURED OF LEPROSY

Remarkable Case of Mrs. Rosalie Blaisdell—Hardly a Trace After 25 Years of Suffering.

(Associated Press Correspondence.) Honolulu, Sept. 7.—Twenty-five years a leper, but now discharged by the physician of the United States Public Health Service in charge of the Kalili Leprosy investigation station here without an apparent trace of the disease in her body, in what is believed to be the first interview of its kind ever published. Today Mrs. Blaisdell is living at her home here, going in and out among her friends and taking up the threads of a busy life which were cut when the malady forced her "without the camp." Only one apparent ill effect of the disease remains in the occasional twitching of one eye. There the leprosy bacilli destroyed a nerve before the treatment took effect. Mrs. Blaisdell is a full-blooded Hawaiian, last of a long line of "Princesses of the flame" in the old Hawaiian temples of worship. Life in Leper Colony. Hope of recovery, even in a leper colony, was to be expected, but it was a revelation to learn from this woman that cheerfulness, laughter and joy of living were the rule, rather than the exception among the 100 odd patients at Kalili. "We had our afternoon teas, our amateur theatricals and, of course, in a community whose great majority were Hawaiians, our musicals. Thirty of the Kalili patients were released on parole some time before I came out, also on parole, and not one has been returned to the station on account of recurrence of the disease. Seventy-eight patients in all have been released on parole within the year." Chaulmoogra oil is extracted from the

Rheumatism  
A Remarkable Home Treatment  
Given by One Who Had It.

In the Spring of 1888 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, some of them 70 to 80 years old, and results were the same in my own case. I want every sufferer from any form of rheumatic trouble to try this marvelous remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, some of them 70 to 80 years old, and results were the same in my own case. I want every sufferer from any form of rheumatic trouble to try this marvelous remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, some of them 70 to 80 years old, and results were the same in my own case. I want every sufferer from any form of rheumatic trouble to try this marvelous remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I want every sufferer from any form of rheumatic trouble to try this marvelous remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, some of them 70 to 80 years old, and results were the same in my own case. I want every sufferer from any form of rheumatic trouble to try this marvelous remedy after remedy, and doctor after doctor, but such relief as I received was only temporary.
