THE SPIRIT OF THE TIMES.

The annual meeting of the St. John Cricket and Athletic Club was held last evening with an attendance of nearly 200 members. A. A. Skinner occupied the chair, and after calling the meeting to order announced the election of officers.

The result of the ballot was the election of the following gentlemen:

A. O. Skinner, president; Geo. W. Jones, 1st vice-president; W. B. Carvell, 2nd vice-president; W. S. Barker, secretary; C. E. Macmillan, treasurer.

Managing committee—The above officers with J. T. Macintyre, H. H. Harvey, Duncan C. Robertson, H. A. McKeown and Thomas Bell.

Mr. W. Knowlton announced that the club devote the sum of \$25 to the laying down of an asphalt tennis court. He said that while liberal appropriations had been made for other branches of amusement, tennis had been somewhat neglected.

Mr. W. O. Purdy moved an amendment that the matter be left to the managing committee.

Mr. Jones moved an amendment to the amendment that if the funds of the club would warrant the expenditure, the managing committee be left to make any necessary arrangements as soon as the grounds are in a fit condition. The amendment was carried.

On motion of Mr. E. W. Paul, seconded by W. O. Purdy, \$100 was voted for the services of the secretary for the ensuing year.

Mr. Henderson pointed out that a number of members were not present, and he called attention to the fact that the track was not suitable for running at present. He called attention to the fact that the track was not suitable for running at present.

Mr. H. Hall explained that if the present track were made suitable for running it would cause to be suitable for bicycling. He proposed that a cinder track be laid down inside the bicycle track.

The president said that, so far, unfortunately, very few members of the club had taken an interest in running. The bicycle club had offered to bring in 20 new members, provided the first annual subscription should be devoted to laying a bicycle track. The management would, however, endeavor to provide every member with a bicycle. The expense would be provided at reasonable rates.

The meeting throughout the evening was very enthusiastic and the large number present shows what a hold the club is gaining on the young men of the city. It is indeed a popular institution.

A despatch from Pictou last night says: Craft of the Manhattan club, New York, and Carroll of Pictou, started their five mile race for a gold medal in the Pictou rink, this evening. The race was in a good condition and a large number of people from this and adjoining towns witnessed the race.

The men got away at 8:30 o'clock the New York man leading, Carroll, though suffering from a severe cold, followed him closely till within two laps of the finish when he passed him and won by a very brilliant race.

In the course of a conversation with a Herald reporter the other day, Wallace Ross speaking of Hamilton said: "I think it would be hard for me to get back to row Hamilton. You see, when a man falls out of racing, and his backers drop away from him, it is hard to find new backers. Still, I am in hopes of meeting Hamilton in some of the regattas this year, and if I do you will see or hear of an interesting race. I look for a lively season of boat racing here. You can take my tip that Sears, the champion of the world, will sail here very soon, and he will be accompanied by some of the best men in California who come east in a short time."

Somebody entered a house on Waterloo street, Wednesday afternoon and carried off a silver watch belonging to Cornelius Sheehan. Detective King immediately set out after the pilfering party, but yesterday morning he was disappointed as he was expected. No watch was found, however, but the man was arrested, and his watch was returned to his owner.

CAPITAL NOTES.

The Work of Parliament Yesterday.

Ottawa, March 8.—The following government bills relating to the administration of justice were today read a second time and passed: Respecting rules of court in relation to criminal matters. Respecting court practice in municipal affairs. To make further provision respecting inquiries concerning public matters. To permit the conditional release of first offenders in certain cases.

The debate on the budget was resumed by Mr. Armstrong. He took the opportunity to offer an explanation of the withdrawal of the commercial early last session, and subsequently dropped in silence. He was prompted to this by two reasons—first, that the commercial reciprocity resolution introduced by the party would serve the purpose, and the other that though individually he had a preference for commercial union rather than unrestricted reciprocity, he dropped his resolution because of a fear of offending a few of the weaker brethren. He did not allude to the fact that the United States because the farmers were a powerful element in the caucus, but because he thought that the farmers would receive large profits under commercial union, and that a permanent settlement of the question of reciprocity would be introduced on the line of such a resolution as that by which the farmers would be benefited.

Mr. Armstrong concluded at six o'clock. The House adjourned until Monday.

After recess the budget debate was resumed by Mr. Meeson, Hon. and Mr. Hallen. At midnight Mr. Ferguson introduced the Finance Bill, and the House adjourned until Monday.

After recess the budget debate was resumed by Mr. Meeson, Hon. and Mr. Hallen. At midnight Mr. Ferguson introduced the Finance Bill, and the House adjourned until Monday.
