POLICEMEN SORE.
There were no arrests in the city yesterday and consequently no business in the police court this morning. The officers are sore over the decision in the Irvine-Totten case and are by no means slow in expressing themselves. This feeling exists to a marked degree.

CHAMBERLAIN CONFIDENT.

Results of His Campaign Ensure Success.

Interest Growing In Great Britain—Liberal Leader Opposes Tax on People's Food.

LONDON, Oct. 8.—Mr. Chamberlain had as fervent a reception at Greenock last night from an audience numerically as great as he had at Glasgow the previous night. The character of the assemblage was very different, being mainly composed of workmen, and the very cleverly addressed his remarks especially to their interest. He incidentally referred to the loss of the sugar trade once a flourishing industry there, and he contended that in the case of all such failures of big industries, it was hopeless to expect workmen in the middle of life to become successful and to take kindly to utterly new employments, even if such could be found. This allusion to the sugar trade, which once roared in sympathy. He challenged the Cobden club to explain the prosperity of the protected countries. His campaign is being followed with the keenest interest by the whole press to the exclusion of all other topics. Even the cabinet crisis is quite forgotten in the excitement. His speeches are reported verbatim generally, with a careful synopsis in addition, enabling the readers to rapidly seize the points and arguments which are discussed and commented on from every standpoint. The courage he displays and the success he has already achieved at the two meetings embolden his followers in the press, who are already scenting victory, in spite of the damaging criticisms daily produced in opposing papers, which are compelled to recognize his ability, strength of character and resolute purpose as contrasted with the vacillation displayed in other quarters. According to authoritative accounts Mr. Chamberlain's attitude towards the Glasgow meeting as having made the assurance of success doubly sure, the result having exceeded his utmost anticipations.

LIBERAL LEADER PROTESTS.
LONDON, Oct. 8.—Sir Henry Campbell-Bannerman, the Liberal leader, in a statement on Mr. Chamberlain's policy, which is published this morning, says that he does not attach importance to the stories of "stagnant trade and tottering empire." Sir Henry writes: "We ought to hold fast to the traditional colonial policy of a friendly union combined with fiscal freedom. I believe that the existing land system is a greater drain upon the industry and well-being of the people than any consequences that can follow from operation of tariffs. Sir Robert Giffen tells us that house rents have doubled during the last twenty years. I would like to see steps to relieve this pressure instead of adding to it by taxing the people's food further. It is surprising that Mr. Chamberlain overlooks the fact that the existing war taxes on tea, sugar and coal ought already to have been removed now that peace is restored."

OFFICER TOTTEN APPEALS.
Will Carry the Case to County Court—Has Retained Counsel.

Officer Totten has appealed from the judgment given by Magistrate Ritchie in the police court yesterday in the Irvine case and will carry the matter to the county court. B. F. Raymond, of Hasen & Raymond, who is acting for Officer Totten, applied at court this morning for a copy of the proceedings and gave notice of appeal. The case will be heard before Judge Forbes at the next session of the county court.

FISH Famine.
The fish famine still continues and practically the only articles on the market are cod and haddock. During the earlier part of the dog fish season the fishermen on this side were not greatly troubled, but now the dogfish are worse here than elsewhere and the cause of much annoyance. In addition to this bait is scarce. The catches of small herring have been so poor that the sardine factories at Eastport and other coast points are using up all the herring they can get, without regard to size, and this tends to a certain extent to lessen the supply of bait. Then the weather has been poor and on the whole the fishermen are having pretty hard luck. Cod and haddock are plentiful at this season but they are not. There are barely enough for the local market. Prices remain the same at five cents per pound.

There are a very few mackerel coming in, and they are retelling at twenty-five cents each, small quantities of halibut at fifteen cents per pound, and fresh herring at twenty cents per dozen; but cod and haddock are practically the only kinds on the market.

FIREMAN DEAD.
Francis McAfee, the well-known house painter and for years a member of No. 2 Hose Company, died at an early hour this morning at his home, 6 Sydney street. For the past two or three years Mr. McAfee had been in ill-health. He leaves a widow, formerly Miss Kierstead, of Bellefleur; four daughters, Mrs. T. Maxwell and Misses Rachel, Esther and Ethel, and three sons, John, Stanley and Albert. He was a member of Court La Tour, I. O. F., and had a great many friends, who will regret to learn of his death.

TICKET AGENTS COMING.
The Canadian Ticket Agents' Association who are to meet at St. John on the 13th inst., leave Montreal tonight after a banquet on the Allan liner Tunisian. They will reach Halifax on Friday night and spend Saturday there. Sydney will contain the large party Monday and Tuesday. Wednesday they will reach St. John about noon, and that day will be spent in this city. After this run will be taken to Fredericton.

C. B. Foster, of the C. P. R., left last night for Montreal to join the party. J. W. McKenna is here now.

DOGS OF WAR HELD IN LEASH.

Russian and Japanese Fleets at Corea.

Russia Has 90 Vessels There and Thousands of Troops on Korean Border.

PARIS, Oct. 8.—Official information received here shows that a formidable Russian fleet, comprising ninety warships of all classes, has left Port Arthur and has arrived at Ma San Pho, south of Corea, where the Japanese fleet had already arrived. The Russian ships have anchored within the Ma San Pho harbor, alongside the Japanese ships. Several brigades of Russian troops have been moved forward to the Korean boundary and are now encamped on the border. Diplomatic negotiations are still proceeding at Tokio. These do not relate to the evacuation of Manchuria by the Russian troops, but to the future of Corea.

HORSE SHOW TRIUMPHANT.

In Every Way a Greater Success Than Was Hoped For—Closed Last Night.

St. John's first attempt at a horse show has been favored with a far greater measure of success than even its most enthusiastic promoters dared to anticipate. There has been nothing lacking to make it creditable in every respect, both socially and as an exhibition of horses it stands among the best ever held in Canada. Not only have many horsemen from outside added to the attractions by their entries, but in the city itself the keenest interest has been shown among every class of horse owners or drivers. The teamsters have gone into it in a whole-hearted way and the class of draught horses have been among the best, affording much pleasure to spectators and at the same time creating a friendly feeling of competition, the effects of which will last for some time. Driving horses have also been well to the front and those citizens who own animals with any claims to style and breeding have not been slow in coming forward. In point of attendance the show is all that could be desired. On every occasion the rink was crowded, last night's audience being the largest ever in the building. There was not even standing room, but the crushing was well managed and the arrangements were well made and well carried out, and scarcely any improvements could be suggested. Band music would undoubtedly have added to the pleasure of the show and the wish was expressed last evening by several that decent music had been provided.

DAVID WESTON INQUEST.

Unimportant Testimony Heard This Morning—Two Witnesses Examined—More Will Be Heard

The enquiry into the death of Etta Morrell, Fred Downey and Stephen Hood-Rowan, which occurred in the David Weston Hotel, at Brown's Plaza, at eleven o'clock today, Coroner Dr. Gilchrist presiding. John L. Carleton, K. C., represented the crown, Dr. E. K. C. and C. F. Hanington, of the Star Line Company, represented the defense. The first witness examined was R. E. Coupe. To Mr. Carleton, K. C., witness said that he was a passenger on the David Weston on Sept. 13. He boarded the boat at the Customs. There was hay on the steamer when the fire broke out. He was sitting aft on the port side of the saloon deck. He heard a shout from below that the hay was on fire. He did not notice where the life-belts were. It was not long before the smoke was pouring out of the saloon door. He and his son stood by the port rail until the vessel was ordered to turn the water on. The witness did not see the fire. He did not see the fire in the hay and had no idea of how it originated. Mr. Currier, K. C., witness said that the fire occurred about 2.30 p. m. He got off with his son on the second boat. He and his son, who was not very well, got off without any injury. The beaching of the vessel, he thought, was the best thing that could be done. The captain did everything possible to save life and property. As soon as the steamer was beached the flames were not so great. Witness thought it was a general custom for the river boats to carry hay. He had travelled on the river for about thirty years and had never thought there was any danger from the carrying of hay.

Joseph Thompson, the second witness this morning, said that he lived at Grand Bay. He was in the engine room when the fire broke out. The first he knew of the fire was a shout. "Fire! Fire! Fire!" He saw the fire running up through the boiler of the vessel. The boiler was so piled that there was little space for a companion way. He heard the engineer give the order to turn the water on. The boiler was not turned on. Witness did not see Etta Morrell or Stephen Hood-Rowan. Did see Fred Downey, who jumped and disappeared in the water about four feet out from the steamer. The enquiry was then adjourned at 12.15 until 1.30 o'clock.

ONE CREW WON'T RACE.

May Spoil the Four Oared Contest Tomorrow.

Action of Committee in Reducing the Purse is the Cause of the Trouble.

There seems to be a great difference of opinion between some of the local oarsmen and the carnival committee. The cause of the rupture is that the carnival committee decided to cut the size of the prizes for the four-oared professional crews and instead of having it \$500 for first and \$300 for second, decided to curtail it to \$200 for first and \$75 for second. The McCormick-Clark crew have stated that they will not row in the regatta unless the purse hung up is restored to the original amount. This is a serious hitch in the proceedings and may cause a dampness in the sport. Some of the carnival committee were seen by the Star and said that a meeting would in all probability be held this afternoon when there was not the least doubt that matters would be amicably adjusted.

Regarding the dissatisfaction existing between the Carleton amateurs and professionals, as to the use of the boat in the race tomorrow, the Neptune boating club claims to know nothing of the affair. It is one of those disagreements that generally crop up at each regatta.

The following rowing events are booked for tomorrow, starting at 12 m.
Four-oared race (professional)—Bellevue crew, Clarg-McCormick crew.
Four-oared race (amateur)—St. Joseph's, Halifax; Carleton A. A.; Neptune club.

Double scull (amateur)—Between two crews of the Neptune Rowing Club, for a cup, presented by Geo. A. McAvity. Single sculls (professional)—George Dalton, H. McCormick, Mark Lynch, Harry Vail, Ten Eyck, James Wray.

Single sculls (amateur)—H. Brennan, Halifax; W. Belys, Carleton; J. Ross, Carleton; J. McLaren, Carleton; J. O'Neill, champion of Halifax; J. Evans, B. Belys; S. Bennett, Timothy Burns.

In the afternoon the following yachts are entered for a race off the harbor: Gracie M., Phantom, Clytie, Winogene, Wabewawa, Robin Hood, Avis, Louvina and Canada.

Mark Lynch, Harry Vail, James A. Ten Eyck and James Wray, of the professional oarsmen have not as yet arrived in the city, but may come in tonight or tomorrow morning. If Mark Lynch and his crew are present, they will not be able to compete, as he uses the same shell as Lynch in his races.

There is a large number of Halifax oarsmen and their friends in the city attending the carnival. Chief among the number are: J. Dada Young, Chas. Robinson, T. Mulcahy, G. McGrath, J. Meagher, F. L. Sullivan, Thomas Martin, James Meagher, John Hamm, Mr. Burns, Mr. Bennett, Timothy Burns, Felix Quinn, Charles Brown and M. O. Leary.

NEARLY A SMASH.

The St. Joseph's crew, from Halifax, are energetic oarsmen and anxious to win, but they came very nearly being out of the race. Yesterday they went out for a spin on the harbor and were doing fine work, rowing at twenty-eight and going faster than horse show tickets. The tide was about dead low and around Reed's Point a stray log was leisurely floating towards some of the Lower Cove woodpiles.

The St. Joseph's men did not see it—their eyes being in the customary side of their heads—and had it not been for the marked whistling ability shown by A. C. Currie there would have been an accident. Mr. Currie whistled, far more loudly than might have been expected from one who makes no pretensions to this art, and the Halifax crew heard him just in time. They quickly backed water and stopped when the nose of the shell was within a very few feet of the log.

Mr. Currie's conduct in this matter was the subject of unfavorable comment by an ardent supporter of another crew, who wanted to know "Why in thunder he didn't let the bloomin' shell get smashed?"

THE SCRAP TONIGHT.

Men Weighed in at Noon Today—Both in Splendid Shape.

Littlejohn and McLeod, the boxers who are to meet tonight in a ten-round contest at the Queen's Hotel, were weighed in at Wm. Baxter's, Water street, at 12 o'clock today. Both boxers were under the stipulated weight, 138 lbs.

A big number of sports from Halifax and other outside points had gathered to make for the past few years, as he is practically a 140 to 145 lb. man. Each of the pugilists looked to be in perfect shape, both trained to the hour. McLeod is in perfect order at 138 lbs. and looks to be ready to put up the "go" of his life. Littlejohn, on the other hand, seemed like a race horse, and was ready to don the gloves at a minute's notice.

The contest tonight should be one of the speediest seen here for years; both are undefeated local men. Littlejohn has an international reputation, while McLeod has been heralded as a wonder by "Twinn" Sullivan and other boxers.

Jack Power, Capt. Bill Daly and Charley Keenan will referee Littlejohn, while Hasen Campbell, Bob Campbell and Charles Brown, of Halifax, will look after McLeod. Billy Keefe will referee.

TWO OFFICERS TURN PIRATE.

Daring Crime of Americans in Philippines.

Army Officers Steal Thousands Capture Steamer With Coal and Provisions and Get Away

MANILA, Oct. 8.—It is now stated that George Herman and C. J. Johnson, the constabulary officers stationed at Misamis Mindano, now fugitives from justice, not only took \$4,000 in cash from the safe but also turned most of the supplies into cash before their dramatic exit on the vessel they appropriated. They took the steamer Victoria of 35 tons register and got sufficient coal from the steamer Irene by threatening the captain at the point of a revolver to carry them to Balangao, a town on the north of the island. There they procured food and water before putting to sea again. They should have reached Sandagau, Borneo, today. A cable was sent to the governor of Borneo advising him of their departure and he at once despatched the coast guard steamer Ranger to look out for them. Herman, who was recently promoted to a captaincy, was formerly a non-commissioned officer in the 9th Infantry. He comes from Philadelphia. Johnson was formerly a non-commissioned officer in the 11th Infantry. He is a native of Moose, Pa.

The synod of the maritime provinces opened in the Zion church, Charlottetown, on Tuesday evening. Rev. T. Cumming, of St. John, N. B., preached the opening sermon. Rev. Dr. Grant was elected moderator.

A motion was passed endorsing a resolution of the Toronto synod that the criminal code be amended to prohibit betting on race tracks. On Wednesday Rev. Dr. Sedgwick submitted a statement from Pine Hill College showing a deficit of \$600. Principal Pollock has consented to remain head of the college for another year. Rev. Mr. McGill was elected to the chair of systematic theology.

It was resolved unanimously by the synod as follows: "The synod approves of strengthening Dalhousie College arts, and submits to the college board to consider the feasibility of adding a professor to that faculty, and to report to the next synod."

The synod accepted an invitation to meet in Prince street church, Pictou, next year.

The report on Sabbath schools was presented. The number of scholars is 12,748, the number of teachers 4,156; contributed, \$16,535.

ST. JOHN STAR.

ST. JOHN, N. B., OCTOBER 8, 1908.

CHAMBERLAIN'S POLICY.

There are many influences today which tend to the disintegration of the British Empire, with only one unifying force—sentiment—to oppose them.

When it is in good working order, sentiment is the strongest bond possible, but with only itself to feed upon its health is liable to waste and its temper to be subject to the unaccountable quivers of the sickly. To provide some stronger bond of union than this is the sole motive of Mr. Chamberlain's campaign for the prosecution of which he has surrendered one of the highest offices his country has to offer.

His idea is to add to the ties of sentiment one of mutual self interest. Heretofore his proposal has been rather vaguely understood as a scheme whereby the various sections of the Empire should be knit together by a tariff which should favor lands under the British flag at the expense of all others. In his speech in Glasgow Tuesday night Mr. Chamberlain definitely states his scheme which seems simple and practicable. He proposes to begin at home by putting a low duty, not to exceed two shillings a quarter, on foreign wheat, and flour, and a duty of about five per cent. on all foreign meat and dairy products, including bacon. Similar goods from the colonies are admitted free, as now. In case that, during the few years between the time this policy should go into force and the time that the colonies alone should be able to feed Britain, the price of these commodities in the English market should be slightly advanced by these duties, he proposes to take off three-quarters of the duty on tea, half the duty on sugar, and corresponding reductions on cocoa and coffee, so that under the new system the Englishman's breakfast would be even cheaper than it is now.

The loss to the exchequer, he estimates at two million, eight hundred thousand pounds, but that and more he proposed to find in the imposition of a duty on manufactured goods which, in addition to providing increased revenue, would give to British manufacturers needed protection.

There, in brief, is the beginning of Mr. Chamberlain's scheme—preference for the colonies over all other countries in British markets. To perfect the plan the colonies must act similarly, and there is no reason to believe that they will not. There certainly should be no trouble in Canada, which already allows Britain a nominal preference. Mr. Chamberlain's ideal is probably free trade within the Empire, and while this is impracticable at present, it is conceivably possible in the future. Canada now cannot afford to expose her growing manufactures to British competition, but with our increasing capacity as a manufacturing country, especially taking into consideration our incalculable wealth in water power, the power of the future, the time is not far distant when the tariff may be safely lowered or done away with in many lines. Then within a trade Empire with a tariff wall against all the rest of the world, conditions would shortly adjust themselves so that each country should produce just what it was most fitted for, and be dependent for other things on its sister states alone. An Empire like that, self-sustaining, indissolubly bound together and entirely independent of the rest of the world, is Mr. Chamberlain's dream.

THE MAN WHO DOES NOT VOTE.

Discussing the proposal now before parliament to disfranchise for six years any man who neglects to poll his vote, the Montreal Star says:

"The purpose of the provision is to punish the man who makes merchandise of his ballot, and refuses to poll it until he has been 'bought,' by taking his wages away from him for the next election; and also to spur up the indifferent citizen who thinks that there is nothing in the then pending contest worthy of his distinguished attention."

"If the action of the clause can be so limited as to hit only these two classes, there will not be much public mourning at the resultant narrowing of the franchise. The man who regards his vote as a purchasable commodity certainly should have it taken away from him. It is not just to other citizens that he should retain the power to kill their ballots with his insincere and mercenary vote."

"Then the indifferent man is a real danger to the community. It is not only that he can often be stampeded at the last moment into casting a mischievous ballot on a side-issue; but when he stays at home and toasts his pipe at the election day, he offers to the 'telegrapher' an easy chance to cast his vote for him. He is well known to the political 'healers,' and they feel perfectly safe in forging his ballot. If he does not intend to vote, it is certainly only fair to those who do that he should remove his name from the voters list; and if he is too lazy or unpatriotic to do this in the interests of a clean election—a thing which he usually professes to be profoundly interested—then surely the law is not overstepping its bounds in proposing to do it for him."

"The voter who is absent for good reasons should, however, have an opportunity to state them, and recover his right of franchise. This will be the difficult part of the law to frame. There will be a reluctance to leave to any party, board or official the right to say whether the reasons given by the defaulting voter are good ones. But it ought not to be beyond the ingenuity of parliament to devise some means of disarming the bribe-taker and the convicted victims of his indifference."

ST. JOHN, N. B., OCTOBER 8, 1908.

CHAMBERLAIN'S POLICY.

There are many influences today which tend to the disintegration of the British Empire, with only one unifying force—sentiment—to oppose them.

When it is in good working order, sentiment is the strongest bond possible, but with only itself to feed upon its health is liable to waste and its temper to be subject to the unaccountable quivers of the sickly. To provide some stronger bond of union than this is the sole motive of Mr. Chamberlain's campaign for the prosecution of which he has surrendered one of the highest offices his country has to offer.

His idea is to add to the ties of sentiment one of mutual self interest. Heretofore his proposal has been rather vaguely understood as a scheme whereby the various sections of the Empire should be knit together by a tariff which should favor lands under the British flag at the expense of all others. In his speech in Glasgow Tuesday night Mr. Chamberlain definitely states his scheme which seems simple and practicable. He proposes to begin at home by putting a low duty, not to exceed two shillings a quarter, on foreign wheat, and flour, and a duty of about five per cent. on all foreign meat and dairy products, including bacon. Similar goods from the colonies are admitted free, as now. In case that, during the few years between the time this policy should go into force and the time that the colonies alone should be able to feed Britain, the price of these commodities in the English market should be slightly advanced by these duties, he proposes to take off three-quarters of the duty on tea, half the duty on sugar, and corresponding reductions on cocoa and coffee, so that under the new system the Englishman's breakfast would be even cheaper than it is now.

The loss to the exchequer, he estimates at two million, eight hundred thousand pounds, but that and more he proposed to find in the imposition of a duty on manufactured goods which, in addition to providing increased revenue, would give to British manufacturers needed protection.

Good Clothing

Ready-to-Wear

We want to interest a lot more men and youths in the merits of our Clothing. They would find it more stylish, better and more economical than what they have been wearing. The garments fit well, the cloths are good, the linings very durable—in fact it comes very close to good custom made. The satisfaction received from the superior quality would be most gratifying to you. Price is not everything in a suit of clothes, the quality of Fit, Style and Wear is the important feature. Out of hundreds of garments sold in the last two years, only a few have proved unsatisfactory—and we stand ready to make anything wrong right.

Our \$8.50 suits are excellent value, as good as most at \$10; from \$12 to \$16 the values are unequalled—cut and tailored up-to-date.

In Overcoats the qualities at \$10, \$11, \$12 and \$13.50 are superior to any previous coats at the prices; for \$15 to \$18.50 we offer superb Top Coats—coats that any man might wear.

BASE BALL.

Boston Won, 11 to 2, Over Pittsburgh.

PITTSBURGH, Pa., Oct. 7.—A crowd that occupied every seat in the grand stand and bleachers and every available foot of standing room and then overflowed into the field three or four deep, turned out to witness the second game here of the championship series. Except for the high winds, it was an ideal day for base ball. Ground rules were adopted and three bases allowed on a ball going into the crowd. Young's pitching was too much for the Pittsburghs. He had the home players completely at his mercy, and it was only through an error by Parent in the eighth inning that prevented him scoring a shut out. On the other hand, Kennedy, for Pittsburgh, was hit hard in the sixth and seventh innings, although errors were responsible for most of the runs scored. Thompson relieved Kennedy at the beginning of the eighth and did well. Aside from Young's pitching, the batting of Dougherty and Collins were the only features. Attendance 12,523. The Score: R.H.E.

Pittsburgh.....000000020-3 6 4

Batteries—Phelps and Kennedy and Thompson; Criger and Young. Time, 2 hours. Umpires, Connolly and O'Day.

THE RING.

Tonight's Bout.

What should be a great boxing contest will take place tonight, when Dan. Littlejohn and Rev. McLeod meet in a ten-round bout for the Queen's title. The men are to box for a decision and are to weigh 135 lbs. The weighing is to take place at noon today at Wm. Baxter's, on Water street and Walker's wharf. There is much betting by friends of both boxers as to the result. Each man is in perfect shape, so a good fast bout may be expected. There will be preliminary bouts that will be worth going miles to see. Billy Keets will act as referee.

FOOTBALL.

An Exciting Contest.

A game of football was to have been played yesterday afternoon on the Shamrock grounds between Trinity and Rosethay; but owing to their lateness of its arrival the latter team was not able to be on the grounds. The High School filed in the breach, by getting together its players and opposing Trinity. The game was a hot one from start to finish and kept the spectators guessing, but neither side crossed their opponents' goal line and the score at the end of the second half stood 0-0.

MURHEAD-BUSBY.

The marriage took place last evening at St. Mary's Church, Rev. W. O. Raymond officiating, of Miss Elizabeth Rebecca, eldest daughter of Mrs. E. F. Busby and the late James Busby, to Alexander Mair Muirhead of Toronto, son of Joseph Muirhead of Halifax.

The bride was given in white brocade satin, with garniture of Spanish wreath of orange blossoms, and carried a shower bouquet of white roses. Miss Gertrude Emily Busby, sister of the bride, was bridesmaid. She was attired in pale blue silk crepe over tulle.

After the ceremony the wedding party returned to the home of the bride, where a wedding supper was partaken of, after which the young couple left on the 11.15 train for a wedding trip to Halifax.

The groom's gift to the bride consisted of a crown set with pearls. The bride's travelling suit was of royal blue cloth trimmed with satin.

Mr. and Mrs. Muirhead will reside at 155 Howland avenue, Toronto.

MCCORMICK IN GOOD SHAPE.

Confident that He and His Crew Will Make a Good Showing.

Hugh J. McCormick, the veteran skater and oarsman, arrived in the city yesterday with the other members of his four-oared crew. They brought with them a single and a four-oared shell, which will be kept at the Neptune boat house until after Friday.

Hugh looked in the best of condition, and he says he is in great shape. A stranger would take him to be a man between 25 and 35 years of age, instead of being near the fifty mark. In conversation with the Sun, Mr. McCormick said he would race in the singles as well as in the four-oared, and he had every confidence that these contests would fall to himself and his crew. "Some people," he said, "told me I was too old to take part in these races and should let younger men take my place, but I tell you I will give them my answer Friday, and show them what I can still do in spite of my age. I have been in athletics ever since I was 17 years old and have done more training and have been in more athletic contests than any other man in the country and have always kept myself in good condition, and so today I am fitter than many men ten years younger."

SUSSEX NEWS.

SUSSEX, Nov. 7.—The funeral of the late George DeForest took place on Tuesday from his home at Waterford, and the remains were interred in the Episcopal burial ground at Sussex Corner. Deceased was a much liked

young man and very popular. Over seventy teams followed at the funeral and five ministers attended. He was a member of the I. O. O. F. Lodge, and carried an insurance, which was made payable to his sister. He was to have been married on Thursday, October 1st, to a Miss Baird of Chipman.

Harvey Mitchell, dairy superintendent, was in Canaan woods hunting moose, and returned home Tuesday night with the spoils of his trip, a large bull moose, which had 15 prongs on his horns, which measured 62 inches across. He is sending the skin and head to Fredricton to be dressed and mounted. Mr. Mitchell says there are twelve American hunters in the Canaan woods. H. B. Price and Arthur Keith, from Sussex, are also in search of Canaan moose.

BRITISH COLUMBIA ELECTIONS.

MONTREAL, Oct. 7.—It now appears that Premier McBride will have a fair working majority when he meets the house next month. The latest returns are that he will carry Skeena and Similkameen, and that Wells will accept the speakership, while Davidson of Slocan will support the government.

This will give a majority of six in the house, and while it is not as large as desirable, it will be sufficient to enable him to give the province a business like government, which is the thing it most requires.

KINGSTON, Ont., Oct. 7.—Hon. W. S. Fielding will be honored with the degree of LL.D. at a special convention of Queen's University next week.

DYKEMAN'S

An Excellent Collection of Ladies' Fall and Winter Waists.

This store is becoming renowned for its great waist values. Within the last three months there has probably been twice as many waists sold out of this store than any other store in St. John. This is no doubt in consequence of the sterling qualities offered at such low prices. These new fall waists are from the same house that made the waists which we sold such an enormous quantity of just a short time ago. They are made from flannelette, new Paris waltzings, cashmere, canvas cloths, bars cloths, satin cloths and many other materials. Pretty styles of flannelette waists from \$2.00 to \$3.00. Pretty styles of wool waists from \$2.00 to \$4.50.

Flannelette Night Dresses.

Three very special prices will be placed on sale on Friday morning—50c., 75c. and \$1.00. These three lines come in stripes, plain plaids, blues, and white, are made in the latest ideas and of good materials.

YORK THEATRE ORCHESTRA.

When the Bandmann Co. open their
engagement in this city on Monday
evening next the new York Theatre
orchestra will make its first appear-
ance. This orchestra will in the future
be a distinctive feature of the
York, and will become an institution in
that theatre, as Harrison's is in the
Opera House. It is the intention to
gradually increase it numerically, but
for a start there will be seven instru-
ments. The orchestra is now practicing
and is under the leadership of Mr. Ver-
non Eville. The members are Mr.
Eville, piano; William Bowden, George
Taylor and Walker Pheasant, violins;
Fred Jones, clarinet; Arthur Burke,
cornet, and William Gilman, bass.

JAMES McNEILL DROPS DEAD.

Heart Disease Seized Him on Main
St. This Morning—No Inquest
Will Be Held.

James McNeill, a man in the prime
of life, and one who has hitherto en-
joyed comparatively excellent health,
fell dead this morning on Douglas
avenue, near the junction with Main
street. Mr. McNeill was employed for
quite a number of years as a driver for
George Belyea, but some time ago
gave up that work. Late in the evening
of yesterday he was on his way to the
place where he is employed on Douglas
avenue. While walking out from Main
street he was suddenly taken with heart
disease and fell on the pavement. A number of citi-
zens who were close at hand at the
time, ran to his aid and carried the
unconscious man to Dr. W. F. Roberts' office.
On reaching the office Mr. McNeill
was still breathing, but in spite of
all that could be done by Dr. Turn-
bull, he died within a few few min-
utes.

Coroner Berryman was at once sum-
moned and made an examination of the
particulars of Mr. McNeill's death. He
has practically decided that no inquest
will be necessary, as it is evident that
Mr. McNeill's death was due to heart
disease.

The body was removed to the dead
house and later to Mr. McNeill's home
on Erin street. Permission for burial
has been granted by Coroner Berry-
man.

Mr. McNeill was thirty-seven years
of age and leaves a wife and three
children living on Erin street.

KING-WILMOT.

The Carleton Baptist church was the
scene of a very pretty wedding yester-
day afternoon, when Miss Bertha Wil-
mot, daughter of the late John B. Wil-
mot, was united in marriage to James
W. King, of W. H. Thorne & Co's staff.
The ceremony was performed by Rev.
B. N. Nobles, assisted by Rev. G. O.
Gates and Rev. J. Harry King, brother
of the groom, and Miss Maude Chris-
topher, organist, played the Mendel-
sohn wedding march.

The bride was given away by
her brother, Archie Wilmot, wore a suit
of black broadcloth, with a white silk
waist and black hat trimmed with
ostrich feathers and a grey ostrich feath-
er box. She was unattended.

The bride received many beautiful
gifts, among them being silver tea
service from W. H. Thorne & Co.;
cabinet of pearl handled dinner knives
and forks from the employees of W. H.
Thorne & Co.; silver cake plate from
the choir of which Miss Wilmot was a
member; silver scallop dish from the
Carleton Baptist Sunday school; silver
cake plate from Miss Wilmot's Sunday
school class, and numerous other use-
ful and handsome articles.

Mr. and Mrs. King left at once on a
short trip to Boston and on their re-
turn will reside on Sydney street.

FREDERICTON NEWS.

Captain Lister, R. C. R., has left
Fredericton for Aldershot, England,
where he will take a special course in
signalling. On his return he will be
stationed at Ottawa as chief of the
signalling division of the Canadian
militia.

The case of Alexis Goodine, against
whom a true bill was found charging
him with stealing logs at Springhill,
will probably not be tried till January,
as some important witnesses are absent
in the woods.

At the crown land office yesterday
morning a three mile timber berth on
East Salbia, applied for by J. H. Barry,
was bid in by A. R. Slipp at \$50 per
mile. A three mile berth at the head
of Pleasant Brook, Gaspeaux River,
went to the Fred E. Gayre Lumber Co.
at an upset price of \$8 per mile.

The annual Stanley fair opened yester-
day with a good attendance.
It is announced that the secretary of
the Fredericton exhibition committee,
W. S. Hooper, has resigned.

UP TO DATE CLOTHING.

J. N. Harvey, the Union street cloth-
ier, has just returned from a trip to
New York, Providence and Boston.
While away he visited many of the
largest clothing establishments in Amer-
ica and got many new ideas and
points which he intends to adopt.
These, he thinks, will prove of great
benefit to his patrons as well as his
business.

Mr. Harvey is bound to keep thor-
oughly abreast of the times.
He has now one of the most attrac-
tive and up-to-date clothing stores in
the city.

HALIFAX OARSMEN ENTERTAIN- ED.

Last evening a social party and sup-
per was given at the Alexandra Cafe
in honor of the Halifax visitors at pre-
sent in our city. The party sat down
at about 10 o'clock to a banquet.

The entertainment had been de-
voted to the tempting viands, a splendid
programme was carried out as follows:
Song, Harry Doozy; song and dance,
Leo O'Hara; speech, Frank Hunter;
buck and wing waltz, Teddy Worden;
song, Capt. M. Miller, of Halifax fire
department; speech in honor of the
guests, Bart Murphy.

Among the visitors present were: Ed.
Walsh, Halifax; M. Gladney, Halifax;
J. Bally, Halifax; Capt. M. Miller, Hal-
ifax; Dr. Price, Moncton. Many of the
visiting Halifax oarsmen were present.
The company was a merry one. After
singing "For He's a Jolly Good Fel-
low" and rising to "God Save the
King," the company parted in the wee
small hours.

HUSTLE FOR YOUR CHAIRS!

The famous Handmann English
Comie Opera Company, will re-
open the new York Theatre on Monday
evening next, in the greatest musical
comedy of the present day, "The Coun-
try Girl," which has made a big hit
everywhere it has been produced. Dur-
ing their engagement in this city this
excellent company, under the personal
direction of its founder, Maurice E.
Handmann, will appear in a different
change of programme at every per-
formance. The freshest and old fa-
vorite, Harry Cole, is funnier than
ever, and the entire company are better
than ever. They have met with great en-
thusiasm everywhere they have ap-
peared since their arrival on Canadian
soil some fourteen weeks ago. Don't
fail to secure your seats for the grand
reopening of this beautiful theatre.
Plan now open. Seats can be booked
at Gray's.

HORSE SHOW JUDGES SCORED

Correspondent Charges Rank Un-
fairness as Well as Incompet-
ence—About the Blair Cup.

To the Editor of the Star:

St. John's first horse show is a
thing of the past, and, although it pro-
vided a most successful function social-
ly and financially, there is great disas-
tinction expressed as to the way the
horses were judged, and the man whose
horse did not win a ribbon, certainly
should think none the less of it.

As a matter of fact, the judging of
the horses was simply a farce, and
many of St. John's most prominent
horsemen are out with the assertion
that the judges were in no better po-
sition to say whether or not a horse was
sound when it left the ring than before
it went in. Horses that were hipped,
sprained and otherwise horribly blam-
ished were given ribbons over those
that were comparatively sound. This
was the case more especially in the
roadster classes, where soundness
should count about as much as class.

A sound, gentle, breezy, good
gaited road horse stood no show what-
ever in this class, with a horse that
showed more action—that is pawing
the air and covering very little ground,
while the good gaited class was get-
ting somewhere all the while.

It is an assured fact that the judges
did not do their duty, and after 10.30
o'clock last night, when all but one
class had been shown, there was a dif-
ference of opinion as to whether two
horses should get a prize, and one of
the committee told the judges "to go
ahead and do their duty fearlessly."

Another matter worthy of comment,
the fact that in the heavy harness
class for roadsters, on Tuesday night,
Mrs. Coster's "Chum" beat George Mc-
Avity's horse, while last night, under
the same conditions, Mr. McAvity's
horse beat "Chum" for the Blair cup.

There was a great deal of dissatis-
faction expressed about this and the spec-
tators were at a loss to know how it
could be—if the judges were warranted
in giving Mrs. Coster first over the Mc-
Avity horse on Tuesday, why wouldn't
their decision hold good the following
evening? There was lots of talk about
a "pull" and, as one horseman remark-
ed, "there will be a great deal of cold
tea drunk this winter and the matter
will be discussed on more than one oc-
casion."

If St. John intends to hold a horse
show annually, it would be well to sug-
gest that good, competent judges be
secured, who will do their duty. As
spectators stand now it would be hard
for any committee to secure entries
from St. John horsemen for a show to
be held in the near future.

HORSEMAN.

N. B. BRIDGES.

Large expenditures are about to be
made on the bridges throughout the
province by the department of public
works. Chief Commissioner Lallois
met in this city yesterday A. R. Wet-
more, the provincial engineer, and T.
Winstlow, the secretary of the de-
partment, and various matters of im-
provement were discussed.

The following bridges are to be erect-
ed or repaired:
Bridges at Beauséjour to be newly
erected. Dominion Bridge Co. of Mon-
treal, have the contract for the super-
structure, and Burpee and Simmons the
contract for the substructure. Estimated
cost about \$170,000.

The Swamp Meeting House bridge at
Springfield, Kings Co., is to be rebuilt.
Edward A. Northrup of Bellefleur has
the contract.

The steel bridge at Pettitcodiac is to
be repaired. Mall's Creek bridge at
Moncton is also to undergo repairs.
Another stone and steel bridge is to be
put up at Norton, Kings Co.

Northernland is to get a new stone
and steel bridge at Yorkville Cove.
The Bathurst Basin bridge is to be
extensively repaired. The improve-
ments will cost about \$75,000.

In Charlotte county the Lynton Brook,
Young's Lower Falls, Boacbee, Big
Pocologan, New River Mills, St. George
and Boacbee School House bridges are
all to be repaired.

The bridges in Victoria county have
not been inspected yet, but extensive
repairs to all that require them are
contemplated.

The Ennisville bridge in Queens Co.
is to be repaired. The Edmundston
bridge in Madawaska Co. will also be
repaired.

Bridges in Westmorland have been
looked over by the engineer at Bay-
side, in Bedford, Memramcook, Mur-
ray's Mill, Calabro's, Rolland, Har-
man, Abouzeay, and in Albert struc-
tures at Grave Yard, Hillsboro, Weldon,
Herring Cove (Alma), Germantown
Lake (Harvey), and Anderson's Hollow
(Alma), most of which will be put un-
der contract this fall to be repaired or
rebuilt next summer.

St. John has not been forgotten. Sur-
veyor General Dunn was before the
chief commissioner yesterday, and tal-
ked over the desirability of putting re-
pairs on bridges in this county. It was
agreed to repair the Loch Lomond
bridge and several others.

ACCIDENT ON THE I. C. R.

The Maritime express from Moncton
met with a mishap yesterday at
Pettitcodiac. The locomotive crashed
into several box cars on the siding.
The engineer, Theodore Wilkins, was
slightly bruised about the body, the
fireman, John Treddie, bruised his
head in jumping, and a brakeman, Arthur
French, was cut about the head. The
accident was due to a switch being
turned the wrong way, and an inquiry
will probably be instituted.

The accident was not without an
exhibition of pluck on the part of
Engineer Wilkins. As soon as his en-
gine took the wrong siding and he
knew that a collision was inevitable
he shouted to his fireman to jump, then
he applied the emergency brakes. He
stuck to his post and fearlessly with-
stood the shock of the impact. The
engine literally ploughed its way
through the cars, toppling them over
on their sides.

Messrs. Wilkins, Tweedie and French
were taken to the hotel near the sta-
tion and attended by Drs. Price and
Fleming.

The Rev. H. H. Roach, to whom a
call was extended by the Main Street
Baptist church last Tuesday, has not
yet replied, but is giving the call his
thoughtful consideration.

Miss Annie O'Neill, of St. George, is
visiting Miss O'Neill, Main street, St.
John.
