Auspicious Opening of Orange Fair in Queen's Rink Last Night

Hon. Robert Maxwell Formally Declared Fair Open in Eloquent Address—Speeches by Mayor Bullock and Dr. A. W. MacRae—Committees Complimented on Beautiful Appearance of Booths—First Night's Experience Augurs Well for Success of Show.

Under most auspicious circumstances the Orange fair was opened in Queen's rink last evening with a large attendance and there is every promise that the event will be an unequalled success. In the absence of Hon. Wm. Fungley, Hon. R. Maxwell officially declared the fair open and from that moment the merry making went with a swing and at the close at 10:30 o'clock a most successful evening was reported.

Hon. ROBERT MAXWELL.

The interior of the rink presented a beautiful appearance with a generous display of green bunting and incandescent lights. Five large booths representing the lodges in the city proper and the representatives vied with each other in giving the public a chance to spend their money and at the same time enjoy themselves while doing it. The band stand is in the centre of the floor and is tastefully draped in green. The speakers occupied the stand at the opening ceremony which took place at 8:30 o'clock. Music was furnished by the Carleton Cornet Band.

The Mayor's Address.
Mayor Bullock spoke of the progress made by the Orange Order and the forward steps in the last few years. The reason for the high standing of the order he said, was found in the commendable principles which were inculcated in the lodge members which were taught to be better citizens and the city and state owed much to the Orange men. Some of the greatest and noblest men had been members of the order. He congratulated the district and committees on the fine appearance of the rink and the taste shown in decorating the booth.

DR. A. W. MACRAE.

of the excellent arrangement of the booths and the beautiful effect of the decorations. The fair is a national affair and it is to be hoped that it will attract a large number of people in attendance. The city of St. John owed much to the Orange men and their patriotic and noble work. He wished the promoters of the fair the utmost success.

THE GRAND MASTER.

Dr. A. W. MacRae, introduced as grand master, said he was somewhat forcibly reminded of the last occasion, nearly a year since that he had spoken in the Queen's Rink. Though an honorable Minister of Public Works had been unable to come through rush of business he was sure that the fair had been opened just as auspiciously, as generally and as gracefully.

Soap That is Best for the Baby's Bath
Baby's skin is very sensitive to soap; some soaps
soothe and nourish, while others irritate and
It is of the utmost importance that you know what
soap to use, and to do this you must know what is the
soap.
So let us explain how we make *Infants' Delight*.
We first go for pure vegetable oil to France. There
you often double what we might pay. But the oil
is pure enough to use on your table.
Then we go more than 12,000 miles to the island
Ceylon for pure coconut oil. Both oils are carefu-
ly tested by chemists and doubly boiled.
Next they go through our own special milling
press and fall like flakes of snow into enormous
bins. Then they are crushed under a weight of 30 tons
press out the moisture.
Finally they pass through granite rollers and come
in miles of silky ribbons. Then they are dried
times and stamped into oval cakes that just fit the
baby's hand. Isn't it worth while to have soap like this for
your baby? Why risk using common soap when this
excellent kind costs no more than others?
This lovely soap leaves the baby's delicate skin
soft as velvet and as smooth as silk. Even the baby
knows the difference in this delightful soap—so we
call it *Infants' Delight*.
Baby will like the perfume too. It is so dainty
and fragrant—only the exquisite scent of the rose. If
this soap is pure enough for the baby's skin it surely
is best for your own. Try one cake—you owe it to
baby and yourself.

**SENSATION CREATED
AMONG JAPANESE**
Tokio, Oct. 11.—Copies of circulars
issued in North China by a body of
Chinese calling themselves the Pop-
ular Association of the Three Eastern
Provinces have been received in Jap-
an, after having been spread broad-
cast among Chinese of the lower clas-
ses. The circulars contain inflama-
tory statements against the Japanese.
They bear upon what is called the
weakness of poor China and "the in-
sulting aggression of Japan."
Assertions are made that Japan has
devastated the arable lands of North
China and has enslaved laborers along
the line of the Antung-Manchou Rail-
road, and that Japanese officials have
beaten the men, insulted the women
and terrorized the people. The circulars
point out that the weakness of
China in a military sense makes it
impossible for her to resist this treat-
ment except by a boycott, and call
upon the people of China generally to
refuse all dealings with the Japanese.
Students and persons who value free-
dom are called upon to propagate the
doctrines of the association. Falling
in this they are threatened with ven-
geance and even death.

Philadelphia, Oct. 11.—Miss Dorothy Campbell of North Berwick, Scotland, defeated Mrs. Ronald H. Barlow of Philadelphia, today three up and two down in the final round of the women's national golf championship over the course of the Merion Cricket Club at Haverford.

Both Players of Nerve. Miss Campbell has won all her matches in more or less easy fashion and when in tight places proved to be cool and did not lose her good judgment.

Before the championship match began the three players tied for low score in the qualifying round on the play off. They were Mrs. Caleb F. Fox, Philadelphia, Miss Margaret Curtis, Boston, and Miss Anita Phillips, Springfield, Mass.

The eighth was another half in 5 to bogey 4. Miss Campbell was twice in sand traps and Mrs. Barlow was twice in.

Miss Campbell won the eleventh in 5 to 7, approximately. She fubbed her second and got a bogey in the third but Mrs. Barlow was twice short, rot into the ravine and then tipped the cup. Match all square.

Miss Campbell won the thirteenth 4 to 5, against bogey 3, after Mrs. Barlow had driven in the ditch. Campbell 1 up.

Pittsburg Wins From Detroit Stubbornly Fought Game

Pirates Score Five Runs in First Inning, But Tigers Respond and Come Within An Ace of Tying the Score—Hans Wagner the Star of the Contest.

Detroit, Mich., Oct. 11.—Pittsburg defeated Detroit by the score of 8 to 6 here today in one of the most sensational and fiercely contested games ever played in a world's championship series.

While Crawford starred in the field, his work at the bat was feeble and he missed two excellent chances to swing the tide of victory towards his team.

The ground rules brought about a long conference between Umpires O'Loughlin and Johnstone and the members of the National Commission.

The first inning was a sad spectacle for the local enthusiasts and when it was over, hope of a Detroit victory was nearly dead.

Pittsburg scored another run in the second, when the pitcher, Leach, pitched to center, scoring D. Jones.

Detroit was practically helpless before Max Baer until the seventh, when a rally netted four runs. Delehanty opened the inning with a two bagger to center and Moriarty was safe when Miller fumbled his grounder.

At the quarterly meeting of Saint George's Society, which will be held this evening, among the business to be taken up is a report submitted by a committee appointed to consider the advisability of holding a banquet on the evening of the King's birthday, November 9. Barn and Contents Destroyed. Word comes from Whitehead, Kings county, of a serious conflagration on Saturday last in which a valuable barn with the entire contents owned by Mr. Joseph E. MacFarland, of Glenferrie, was totally destroyed. Mr. MacFarland's farm is one of the best properties in that section of the county and he had his summer crop stored in the building. The origin of the fire seems to have been a mystery. A considerable quantity of machinery stored in the barn is also said to have been destroyed. Much sympathy is expressed for Mr. MacFarland in his heavy loss.

Organ Recital in Centenary. The Organ Recital by Dr. Minor C. Baldwin in Centenary church this evening promises to be at least as brilliant as any ever held in the church. Dr. Baldwin tried the organ yesterday afternoon, and found it a very superior instrument, and those who heard him practice some of his programs numbers were delighted with the mastery of technique and power of interpretative sympathy he displayed. There can be no question of his ability and of his power to charm his hearers with the majestic, thrilling or tender productions of great masters.

SCOW LOADED WITH COAL WRECKED ON ROCKS IN FALLS

Caught By Current Collides With Passing Crib—is Piled On West Head—Attempt To Lighten Fails.

While the tug Serena E. was going through the falls yesterday morning, towing two scows loaded with coal, the swift current caught one of the scows and drew it in on West Head, where it piled on the rocks and now lies in a bad condition. An attempt to unload the scow last evening failed.

The accident happened about 11 o'clock. The tug passed under the suspension bridge in safety, but when opposite West Head experienced some difficulty owing to the very swift current caused by the high freshet tides. The current drew the scow nearer and nearer the rocks and finally swung her right over them.

As the tide was high the scow might have been saved had it not been for the tug Helix, which came along just then towing a loaded crib. The crib was also caught by the current and swung in, driving the scow on the rocks.

The Helix pulled the crib clear of the rocks, but not in time to prevent her hitting the scow which grounded. Seeing that nothing could be done, the tugboats proceeded on their way. As the tide fell the scow settled on the rocks where she now lies in a leaking condition. There is no danger of her sliding off as she is too heavily laden. Last evening the Serena E. took a crew of men up to the falls and tried to unload some of the coal into another scow but owing to the darkness they were unable to accomplish anything. Another attempt will be made this morning.

The scow was owned by the Ed. Partington Pulp and Paper Company. The coal which was consigned to them is insured. There is no insurance on the scow.

J. HARRY FINN UNDER ARREST ON FALSE PRETENSES CHARGE

Action Taken Yesterday At Request Of N. W. Mounted Police At Edmonton, Alta.—Mrs. Finn Expected Shortly.

Acting upon a letter received from G. Worsley, commanding the N. W. Mounted Police at Edmonton, Alta., the local police placed J. Harry Finn under arrest yesterday afternoon, on the charge of obtaining goods under false pretences. He is being held awaiting the arrival of an escort with a warrant to take him back to Edmonton.

Mr. Finn, who is a son of the late Mr. J. W. Finn, returned to St. John last December, intending, it is said, to go to England in a short time. The arrest was made yesterday afternoon by Deputy Jenkins and Detective Killen.

It is understood that Mr. Finn was considerably at a loss to account for his arrest but expressed the opinion that it must be in connection with a land deal in which he was interested. A large amount, probably \$15,000 or \$20,000 may be involved.

Mrs. Finn, mother of the prisoner, has left Edmonton and is expected to reach here on Saturday.

Quick Work. Mr. R. D. Campbell, the well known C. P. E. engineer left Fairville early yesterday morning in search of moose and at three o'clock in the afternoon returned with one of the finest specimens shot this season. Mr. Campbell secured the animal near Tracey Station.

Scovill, rector of St. Jude's church, West Side, and his bride, arrived in the city yesterday afternoon on the Quebec Express. Mr. and Mrs. Scovill reached Quebec Saturday, and spent Sunday in the ancient capital. They are at present staying with Mr. Charles Coster, 295 Lancaster Heights. Rev. Mr. Scovill will resume his pastoral duties next Sunday. This evening the congregation of St. Jude will hold a reception in their school room for the purpose of welcoming the rector and his wife. Some of the members of the Anglican Synod, at present meeting in the city, are expected to be present.

Rev. Mr. Hand Leaves Next Tuesday. Rev. J. E. Hand, who has been rector of St. James' church for the last four years, will leave next Tuesday to assume his new duties at Christ church, Lima, Ohio. Rev. Mr. Hand's successor has not yet been chosen. A committee consisting of Mr. S. S. deForest, Mr. George Bridges, the church warden and Mr. J. C. Coe, the vestry clerk, have been appointed to make a recommendation to the vestry, and, it is said, have several names in view. Arrangements are being made to temporarily fill the pulpit until Rev. Mr. Hand's successor is chosen. Rev. W. R. Hibbard, of Rothesay, will conduct the service on Sunday week.

D. A. R. Wharf Extension Needs Repairs. The Harbor Board will meet this afternoon to consider the question of buying timber to repair the D. A. R. wharf extension. A communication has been received from Mr. R. L. Ross, terminal agent of the I. C. R., calling attention to the weakness of the wharf beneath the track at that point which makes it unsafe for heavy engines and asking that the city make the necessary repairs. The board will also have to purchase timber to make repairs to the centre of Number 4 berth on the west side, which is showing signs of weakness.

BROKE INTO BAND ROOM AND HAD A HIGH OLD SPREE

Discovery Made In Canterbury Street Building Yesterday—Keg Of Ale And Other Refreshments Found.

The discovery was made yesterday that the building at No. 14 Canterbury street, owned by Mr. A. S. Jones of North End, and occupied by the 62nd band, and a number of other tenants, was broken into some time on Sunday. The front door was forced as well as the door leading into the band rooms and other damage was done. There is no clue to the miscreants.

The damage was discovered by Mr. C. M. Lingley who has a printing office in the building. Upon going to open up yesterday morning he found that the front door had been broken down, and upon further investigating found that other damage had been done. An empty ale keg together with a number of empty bottles and about four or five pounds of biscuit, which was found, leads to the belief that the parties who entered the building were a snappy on a spree. There was nothing stolen. Three chairs, which had been dragged out from an ante-room gives the impression that there were three in the party.

They Knew The Building. When seen by a Standard reporter last evening, Mr. Jones said he thought that it was the work of people well acquainted with the building and with the locality, otherwise they would not have dared to carry the keg of ale and other material for the spree into the building.

Capt. Peters, in command of the 62nd band, when interviewed, said he did not think any of the band members were the guilty parties. None of the band's property had been stolen, although there was apparently ample opportunity for it to have been taken.

The matter is now in the hands of the police who are making investigations.

TWELVE STEAMERS OF BATTLE LINE OUT OF COMMISSION

Fleet Laid Up In British And Foreign Ports Owing To The Depression In Trade—Their Present Location.

General depression in the freight carrying trade has resulted in hundreds of steamers being laid up in European and British ports. The ships of the Battle Line, which are largely owned in this city, are among those suffering from the prevailing low rates and the Leutra now in port is the only one of the fleet of thirteen steamers in commission. The remaining ships of the line have been laid up in British and foreign ports during the greater part of the past year.

Speaking to a Standard reporter a member of the firm of William Thomson and So., the managers, said they had hoped that many of the ships would have been placed in commission this fall but from the present outlook the shipping trade would have to increase considerably before such a course would be adopted.

The following table gives the location of the Battle Line fleet: Mantinea—At Liverpool, since Jan. 11, 1909.

- Chirones—At Manchester, since Jan. 2, 1909. Platea—At Rotterdam, since Oct. 17, 1908. Canoxa—At Hull, since Nov. 4, 1908. Tanagra—At Newry, since Sept. 14, 1908. Albura—At Hamburg, since Feb. 8, 1909. Trebia—At Harwich, since Nov. 25, 1908. Himera—At Hamburg, since Aug. 25, 1909.

FOUND HEAD OF TWO YEAR OLD MOOSE IN MILL STREET STORE

Game Warden Dean Laid Information Yesterday Against Peters and Rice For Having Animal Under Age.

Game Warden C. T. Dean yesterday laid information in the police court against Messrs Peters & Rice of Mill street, for having in their possession the head of a moose which was under three years, contrary to the game law. Mr. Dean has been making a round of the meat markets in the city in order to see that the law was being observed and yesterday on calling at the store in question came across the head, which upon examination proved to be that of a moose not more than two years of age. The game law provides that the antlers had but two prongs, while a three year old moose has three.

This is the first case of the kind to come up this season and will be heard in the police court this morning at 10 o'clock.

Hon. William Wedderburn, Judge of the county court for Kings and Albert, was 75 years old yesterday and was warmly congratulated on the anniversary by many of his friends.
