What His Lordship Bishop Casey Says on the Liquor Question.

DRUNKENNESS

There is still another, which, in various ways, differs from the rest, and which, therefore, at times demands fuller consideration. It is less innate, less inherent to our nature than the rest; it may, nevertheless be a fruitful mother to them all. Right on through history it has demanded the attention of moralists; just now it has all the world concerned, and no place more earnestly than our American continent. In the councils of the state as well as of the church it calls for deliberation as to the means of its suppression. Every one knows it,—for we speak of drunkenness. The states and provinces of the whole continent are grappling with the evil, and with gratifying success; the councils and synods of the universal church are deliberating to devise the most efficacious means of reforming and saving its unfortunate slave. What the Irish bishops, once assembled in synod at Maynooth, said of their children at home may be affirmed with equal truth, of many other nations, and not least perhaps, of our own country: "To drunkenness we may refer, as to the baneful cause, almost all the crime by which the country is degraded, and nearly all the poverty from which it suffers. Drunkenness has wrecked more homes once happy than ever fell beneath the crows in the worst days of convulsion; it has filled more graves and made more widows and orphans than did the famine; it has broken more hearts, blighted more homes and rent asunder family ties more ruthlessly than the enforced exile to which their misery has condemned emigrants."

Too often, it may be, we are so familiar with the scenes and effects of this vice that we do not reflect on their terrible reality. It is worth while to pause a little now, to bring the gravity of the matter home to us. The subject is not pleasant, but it demands consideration.

Man was created after the three Divine Persons of the Blessed Trinity had taken counsel together; "A little less than the angels," God created him. Look at the man passing through the grades of drunken revelry. With the first drink his thirst is slaked, nature is satisfied; with the second comes a joviality which for him is at least questionable; with the third comes a delight which is not free from passion; while with the fourth and the following drinks come drunkenness, madness and insanity. During the early stages the Christian is fast vanishing; vulgarity becomes wit, and obscenity, humor; drunken stupor soon overwhelms him; the man is gone, a worse than the brute lies in his place. What a spectacle to his fellowmen! What to the angels a little less than whom he was created! To the saints, the just made perfect in the land of the living! To Him who died to raise fallen humanity! The Son of God assumed human nature to redeem it, to raise it to the Divine; this man has degraded it below the nature of beasts. He has no intelligence left, his freedom of will is gone; there is no evidence that he has a soul; it is dead—more, buried in his miserable flesh. It was a pagan who wrote: "Drunkenness knocks down the man, and nails him to the sensual intermixtures of his body." And too often he has a wife, a family. What misery is theirs! Hunger, rage, cold—we stop. "Adam where art thou?" demanded the Lord God of the first guilty man after his fall. God knew where Adam was. It was the divine image effaced by sin, the life of grace destroyed that He sought. What would He say to the drunkard, as pictured lying before us? "Repent, and be baptized, every one of you, in the name of Jesus Christ, for the remission of sins, and ye shall receive the gift of the Holy Ghost. The promise is unto you, and to your children, and to all that are afar off, even as many as shall believe."

der an account of thy talents; thy intelligence, thy will, thy baptism! They are destroyed."

A FEARFUL SIN

No other sin makes a man so helpless before Heaven. However abandoned by grace, however sunk in crime or any other nature, a sinner has intelligence left by which he can turn to God in prayer, a will by which to repent of his folly. The drunkard has neither intelligence nor will left, by which to pray or repent. Is the picture exaggerated? No, there can be no exaggeration of such degradation. He is more obnoxious than the madman, more contemptible than the demagogue. These are objects of pity, for they are afflicted through perhaps no fault of their own; the drunkard deserves but scorn, for he has debased his very manhood. He has brought the curse of God upon his home, he has closed the gates of Heaven against himself. Are we too severe? Listen to St. Paul. Make no mistake, says the inspired apostle: "Neither fornicators, nor idolaters, nor thieves, nor drunkards, shall possess the Kingdom of Heaven."—1 Cor. VI, 8, 10. Here we have the drunkard classed with the worst of criminals—idolaters, adulterers, thieves—and the gates of Heaven, closed against him; and that by the Apostle of the Gentiles.

Let us see further what the Bible says about the drunkard, for the inspired Word can make no mistake. The wise man tells us that the woes of Heaven, that is, the curse of God, fall thick and fast upon him: "Who hath woe? Whose father hath woe? Who hath contentions? Who falls into pits? Who hath wounds, without cause? Who hath redness of eyes? Surely they that pass their time in wine, and study to drink up their cups."—Prov. XXIII, 29, 30. And Isaiah speaks to the same purpose: "Woe to you that rise up early in the morning to follow drunkenness, and to drink till the evening to be inflamed with wine. Woe to you that are mighty to drink wine, and are stout men at drunkenness. Woe to the crown of pride, to the drunkards of Ephraim. The crown of pride of the drunkards of Ephraim shall be trodden under foot."—Isaiah V, 11, 22; XXVIII, 1, 3.

No words of ours can add anything to such fearful denunciation of inspired penmen. Compared with other sins, it ranks with the worst; we may say that its enormity is increased by the fact that it may become the mother of any or all of them. Indeed, we can scarcely consider drunkenness alone, for it is always followed by an unholy brood of crimes. In itself, it is but the starting point on the way to perdition. In its wake, follow idleness, carelessness, evil company, profanity, debauchery, gambling, destruction of property, ruin of family, disease, death in abandonment and impenitence. These are a few of the many vices that follow in the drunkard's course. We are convinced of this truth, appalled at its narration. We wonder not that the Apostle of the Gentiles saw, in the light of inspiration, the gates of Heaven closed against him.

WARNING

"I have not gone that far," we are prepared to hear addressed to us on all sides. We answer: You have not come to such excesses, Heaven forbid it! You have not yet run the full course of the drunkard; but you have made a beginning; the habit of drink is growing; your haste to excuse it shows how insidiously it is growing. Any or all of these excesses are yawning before you. No drunkard ever wakes and keeps a promise. "I will go so far but no further," unless accident or death come to make his downward progress impossible.

That this pestilential vice is widespread around us we have but to open our eyes and look. Nearly any day on the streets, the eye and the ear may be sadly regaled by the sight and profanity of "one more unfortunate." The prison statistics and the penitentiary records throughout the Dominion

are afflicting testimonials to the ravages on the moral and social order of the commonwealth. The well-being of the individual, of the family, of the public, is at stake. It is everyone's duty to be interested. The evil, though still vigorous and bent on its destructive course, may yet be conquered, if we can secure the good will and hearty co-operation of the great multitude not yet reduced to miserable slavery.

A CALL TO ARMS

It is for this reason that we make the call to arms, as we would if some destructive epidemic were breaking out over the country. Such a passing visitation would not destroy as many as we know to be falling under the scourge of intemperance. We find an eminent statesman declaring, that this is an evil more to be feared than the three historic foes of humanity—war, famine and pestilence.

Nor are all those of the household of the faith, by any means, free from the meshes of this scourge,—to the scandal of those around us, and to the affliction of their Mother, the Church. There are some who call themselves Catholic—and are such only in name—who drag that hallowed name into the mire of iniquity, swelling the prison rolls by their drunken excesses. Their families suffer, their friends weep, the Church blushes; the malediction of Heaven awaits them.

This is no time to tone down truth until it becomes falsehood. Let us look the evil in the face. What is it that fills many homes with misery and wretchedness, that leaves the children hungry and ragged, that makes the streets resound with profanity and worse; that makes the prejudiced fling prison statistics at us, that makes the scornful point at us, and, awful to think, destroys immortal souls for which the Saviour died, sending them before their Judge with the brand of hell upon their brow,—what is it? It is the mad passion for the intoxicating cup.

Now, what are we to do? How lift the cloud that sadly envelopes so many souls for whom the Precious Blood was freely shed? There are many, thank God, who are free from the vice we deplore; but we are not therefore, without care for our less fortunate brothers. We must not say to God, as did wicked Cain, "Am I my brother's keeper?" Let us rather admit with St. Paul: "Yourselves have learned of God to love one another."—1. Thess. IV, 9. Again, therefore, we ask, what are we to do?

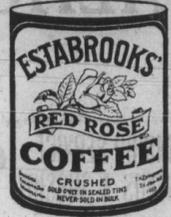

SHUN IT AS A PESTILENCE

Among the very first principles of religion we remember that we were strongly impressed with the necessity of avoiding the occasion of sin; and this principle is founded on the Word of God: "He that loveth danger shall perish in it."—Eccles. III, 27. This principle can be applied to no one with more truth and justice than to the man or woman who is conscious of weakness in regard to drink. For such a one, certain palces, persons or actions, that are perfectly harmless to others, are deadly sin. For a man with the drink craving there is absolutely no remedy, unless he shun as a pestilence the presence both of liquors and drinkers. World-wide experience illustrates the truth of what the Holy Ghost said about loving the danger; and such a man can no more enter a bar-room with safety, than he can place his neck on the rails before the onrushing train. He can no more take a drink with a friend without fear of drunkenness, than he can swallow a deadly poison without danger of death. The drink that may be without sin in another, is a real crime in him. As he hopes for salvation, he can only attain it by shunning as he would a rattlesnake, the places and the persons that are to him the occasions of temptation. We may declare with assurance that, no matter how safe one may consider himself, everyone is obliged to strict temperance even in the lawful use of stimulants, to avoid visiting bar-rooms without necessity, to shun the companionship of drinkers. In these is

The new Crushed Coffee as compared with Ground Coffee

Merely to look at it you will see how very different it is; Crushed Coffee being in small even grains, totally free of chaff or skin while ground coffee has the appearance of being flashed; large and small grains with chaff or skin mixed together.

Red Rose crushed Coffee, being free of the chaff, can be made as easily as Red Rose Tea. Settles clear and bright. No egg or anything required. Just look at our crushed Coffee and see how correctly we describe it.

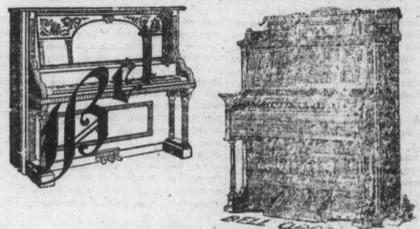

A good combination is Estabrooks' Coffee for breakfast and Red Rose Tea for other meals.

a real danger; and the Spirit of God, who never speaks without a purpose, has warned us: "He that loveth the danger shall perish in it."

GUILTY AS CAIN

Not less guilty before God, than the unfortunate himself, is the false friend or the bar-keeper who places temptation in his way. He who offers to treat one whom he knows to have a weakness for drink, or the dealer who sells to such a one, is as guilty before high heaven as Cain who killed his brother. Here we might well appeal to all Christians, never to put temptation in the way of a neighbor, by offering to treat him to intoxicating drinks. The vast armies swelling and increasing the ranks of drunkards throughout the world, are largely formed by sociability. Only the few, brave for drink by nature, and these would easily overcome the beginnings, were they not led on by experienced hands. Scarcely any ever learn alone to go to excess. The young see their elders drink, and are but too prone to imitation. In too many places, there is the public house every few paces, along the street. Thus temptations are multiplied for the young, the poor, the miserable, and the working man. Within the shops, everything is inviting to the wretched and the unfortunate—there is light, warmth, joviality, alcohol in various forms, that will throw a passing forgetfulness over their troubles; though this is but too often followed by the deadly consequences of drunkenness.

RESTRICTIONS FAVORED

So deplorable and so widespread, as we have seen, are these consequences in our country, that it is the duty of all to make efforts and sacrifices to this end,—that temptations may be lessened and that the weak and tempted may be helped and rescued. Hence, we look with favor and benediction on the efforts, whether made by church or state, to confine liquor stores to that number which is strictly necessary to the legitimate wants of the community; and to see that those who are granted licenses, observe the law regulating the traffic and the principles of Christian morality. Otherwise, the license itself becomes a crime and a cruelty; since it is used without charity or justice, and for the ruin and desolation of individuals and families. Such licenses, far from bringing profit to the municipality, gravely injure it; for they promote the sale of alcoholic liquors, whose abuse impoverishes the people and desolates their homes.

If not in itself a sin to sell wine or spirits, the business is dangerous to such an extent that only the great profits accruing can make men unmindful of their risk of perdition. The bar-keeper is constantly handing a real poison, and he must exercise great prudence as a truly conscientious man, to prevent that poison from bringing death to the bodies and damnation to the souls of his patrons. This is a fact that no one questions. Hence the greatness of the temptation to the man who is in haste to get rich, even though it cost the life and salvation of his clients. Nay, so scared may his conscience become, that he may even wish these to be more numerous and more prodigal, that he may make the more money.

SEARCHING QUESTIONS

Now—Some weighty, but perfectly non-personal questions—questions that can, only through double glasses, be constructed as objectionable by any honorable man.

Is there a liquor dealer worthy of general esteem, one perfectly respectable in all his relations, one who fears not the anger of God, or the reprobation of wives and mothers? Is there one who has properly obtained a license and conducts his business to meet a legitimate want of the public; who is himself perfectly sober; who does not adulterate his goods or sell them to any one likely to abuse them; who permits no disorder, as blasphemy or indecent language, in his store; who seeks not to evade the law; who incites no one to drink, least of all the young; who never sells to minors, in a word, who is obedient to the civil law and to the principles of Christian charity and justice? Such a man is a liquor dealer worthy of respect, and one who has no cause from his business to fear the judgment of God or the reproach of the public.

DAMNING THEMSELVES AND THEIR NEIGHBORS

But there are others. There are others, who do not follow these wise rules, or not according to these Christian principles. Sad experiences and distressing statistics, are the proofs. We leave it to you to form your own opinion of them. To themselves, we would say, it is worth while to examine your conscience in the light of eternity, so soon to open before you. What will your criminal profits avail you, as balanced against your debts to God offended, to individuals destroyed, families desolated, society outraged? Would you save your souls? Get out of a business, in which you are damning yourselves by damning your neighbors.

After Reading This Would Your Conscience Allow You to Vote for License?

UNION BLEND TEA the Tea that satisfies

YOU know the kind of tea you like—will you let Union Blend prove its own case? That's all I ask. Simply go to your grocery, order a pound packet—or a half pound if you prefer—and see for yourself if it doesn't make half as many cups again, as the kind you are using. Just count the cups. A tea at 40c, that goes half as far again as a 30c tea is economy, isn't it? Your own teacup can be the judge—I'll stand by the decision it makes. Try it.

40c
Union Blend one pound packets—the good packets only—contain enough tea for 40 cups. The 30c tea only contains enough for 20 cups. The 40c tea is worth the price, fully.

NA-DRU-CO

Reliability

When you buy clothes or groceries, meat or furniture, you can judge for yourself the quality of what you are getting.

When you buy Medicinal or Toilet Preparations you buy on faith. Tooth-paste may look good—have an agreeable flavor—whiten the teeth beautifully—yet eventually destroy them. A medicinal preparation may be pleasant to take or very much the opposite without giving you any clue as to whether it is a safe and effective remedy.

No one cares to risk experiments along these lines—everyone wants to know for a certainty that the medicinal and toilet preparations he buys have been compounded by expert chemists and are backed by responsible men.

The Law's Protection

The laws of every Province in Canada expressing the will of the people, protect you so far as doctors' prescriptions are concerned by demanding that these must be dispensed by physicians or duly qualified druggists.

NA-DRU-CO'S Protection

To protect you in the matter of household remedies and toilet articles we have brought out the NA-DRU-CO line of about 125 Medicinal and Toilet Preparations. Each of these preparations is compounded by our own expert chemists, and is guaranteed by one of the largest wholesale drug firms in the world, the National Drug and Chemical Co. of Canada, Limited.

The formulae from which these NA-DRU-CO preparations are made are the gems from the formula books of the 21 wholesale drug houses now united in the "National". Each formula has undergone years of study and practical tests and has demonstrated its superiority for the particular use for which it is intended.

The ingredients used in NA-DRU-CO preparations are the best and purest that we, the largest buyers of drugs in Canada, can procure. Nothing is left undone to make NA-DRU-CO preparations absolutely reliable.

The phenomenal demand for Na-Dru-Co Tooth Paste, for example, proves that people appreciate the scientifically compounded tooth paste which keeps the mouth and teeth in perfect condition.

Ask Your Physician or Druggist

To put this absolute reliability of the NA-DRU-CO line beyond doubt or question, we are prepared to furnish to your physician or druggist, on request, a complete list of the ingredients in any NA-DRU-CO preparation. Ask these men, who are men of standing in your community, and in whom you place implicit confidence, all about NA-DRU-CO remedies.

Moreover, if after trying any article bearing the NA-DRU-CO Trade Mark you are not entirely satisfied, return it to the druggist from whom you bought it and he will hand back your money.

If your druggist hasn't the particular NA-DRU-CO preparation you ask for in stock he can get it for you within two days from our nearest wholesale branch.

What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctor cannot endorse.

H. B. ANSLOW, EDITOR AND MANAGER

CAMPBELLTON, NEW BRUNSWICK FRIDAY, APRIL 15th, 1910

STAND UP FOR YOUR TOWN.

The calamity howler is out again with its usual long-drawn wail against the Town Council. There is nothing new, however, in its tale of woe. It has not even a good word to say about the four new members chosen, just merely that they have displayed some courage. The editor of that journal has tried for several years to elect a councillor, or at least have a hand in its choice, to suit his tastes, but so far he has failed. Every candidate he championed was either defeated at the polls or could not even secure nomination. And how could it be otherwise. No newspaper deserves, or has a right to expect any better treatment, than that which endures to injure the good name of the town in which it is published, as well as the reputation of worthy citizens who have devoted so much of their time and energy to the growth and development of our town, and that too, without the slightest remuneration, whatever. It certainly does require some degree of courage, as well as patriotic sentiment on the part of citizens to offer their services in the public interest and expect to receive in return a tirade of abuse from an irresponsible newspaper whose editor has not even paid his last year's taxes.

It is true our town council have made mistakes in the past, no have other town councils and all other classes of governing bodies in the world over, not even excepting his beloved chamberlain, Mr. Hazen and his government. So also have most of our private citizens in the management of their own affairs, and mistakes will continue to be made, not only by the town council and other legislative bodies but by private individuals. It certainly requires no great genius to look back and see the mistakes of the past, but what we should strive for is to look ahead and as far as possible avoid mistakes in the future. Instead of persistently abusing our public men, who legislate for us with our remuneration it would surely be more sensible, and would certainly be more effective, to advise with and encourage them.

In a future issue we may devote some space to the individual capacity of the several members of our Town Council, and leave it to our readers to compare the sum total with the general make up of the calamity howler.

I consider MINARD'S LINIMENT the BEST Liniment in use.

I got my foot jammed lately, and I rubbed it well with MINARD'S LINIMENT, and it was as well as ever the next day.

Weak and ailing women, there is at least one way to help. But with that way, two treatments, and be combined. One is food, the other is Dr. Shoop's Night Cure. Both are important, both essential. PAQUET GUARANTEED CLOTHES

A REVOLUTION IN METHODS OF MAKING AND SELLING MEN'S CLOTHES

PAQUET GUARANTEED CLOTHES represent the latest advance in Clothes Making. They are not "Ready Made" nor yet "Custom Made". They have the advantage of the old-fashioned "Ready Made" clothes, because they can be made to fit BEFORE they are made up. All Ready Made Clothes are made up and finished to suit the individual, and are not altered until after they are put on. When you buy the old-fashioned "Ready Made" clothes you may be quite sure that they will not fit YOU because no two men are exactly alike and once a suit or garment is finished it can be altered properly without being all ripped apart and recut. PAQUET GUARANTEED CLOTHES have the advantage of Custom Made Clothes because they can be made for HALF the price of Custom Made Clothes of equal quality and style. They are sold direct to YOU at Wholesale Prices, and are Guaranteed to be the best value in Canada today at from \$10.00 to \$14.25—worth \$15.50 to \$20.00.

YORK CENTRE

Quite an epidemic of la grippe is visiting Gaspe just now, there are very few houses that have not a case or two.

Some of our young people not long ago decided they would take a trip into the York Lumber Co's camp, so taking a married lady along with them as chaperon, they started. At first it was their intention to go only as far as No. 4 camp, but not finding the reception very cordial there, they decided to move on. They arrived at No. 3 camp after dinner was over, but the cook, Mr. P. McManaman, very kindly prepared dinner for them. Arter dinner, W. P. McChurly, stable boss, hitched one of the teams and drove the ladies up to see the logs on the river and up the log road to see the sawdust. As none of them had ever seen anything of the kind before, it was quite a sight. One place on the river being 10,000 pieces piled out in ten days. After arriving back at the camp, it was decided that as the weather looked rainy it was better to return home. On the way out, when coming to the log road of No. 4 camp, they turned down this road to York River which they crossed and came down South West side of the river, passing on the way some of the lumber hauled by P. O. T. camp, and Mr. Murdoch's buildings. On coming to the bridge they crossed once more to York side, arriving home about nine o'clock quite tired but all agreed that they had a very pleasant day, and speaking in great praise of the kindness shown them by the foreman Jackson Miller, the cook P. McManaman and the stable boss, W. P. McChurly. They were all very glad to see them at some future time they would be able to go again. Another thing that all parties were much pleased with, was the appearance of the horses in No. 3 Camp. They certainly are a credit to both owners, foreman and stable boss. And it was universally agreed that the horses in No. 3 Camp, Dugarvon and the old man made the soap.

The Gaspe Amateur Operatic and Dramatic Society had seen favorably Gaspe lately with a series of performances on Easter Monday, a minstrel show was held in the church hall, and a very interesting and interesting show was repeated in the South West Hall. In both places they had a crowded hall.

On April 12 the Ladies Guild of York Centre held a sale and tea in the South West Hall in aid of a hall to be built in York. It was a decided success, both socially and financially. On Wednesday, April 13th, Joseph Tuvo of York Centre was united in marriage to Miss Norah Melissa Madlin of the same place by Rev. D. Horner in St. Andrew's church. After the ceremony tea was served at the home of the bride's mother, to the immediate relatives of bride and groom.

How to buy an EDISON Phonograph

Do not buy an Edison Phonograph until you are convinced that you want one.

Hear it at the dealer's first.

Hear it play a number of pieces. Hear it play the kind of music that you like—music that you have heard, people sing and play—so that you can know how well it does it. Hear it play Ambersol as well as Standard Records.

You will decide that the Edison Phonograph is the best.

Then remember that it takes only a small amount of money to buy it. You can get a perfect Edison Phonograph at your own price, whether it is \$16.50 or any price up to \$162.50—one that will last a lifetime, that will give pleasure every day, that will help you to educate your family, that will entertain your friends, and that will while away many hours that might otherwise be misspent.

Horsemen Attention!

TRURO, N. S. BEAR RIVER, N. S.

Dear Sir: One of my horses had a bad cough and I made a complete cure with three bottles of Dr. J. Woodbury's Horse Liniment. The cough was of twelve months standing. In my large experience with horses, I consider this liniment to be the best made for all diseases of the horse, and I recommend it to my friends E. J. Anderson.

Dear Sirs: We do not hesitate in recommending your Dr. J. Woodbury's Horse Liniment. We have used it in the woods for coughs, colds, distemper and cuts, and would say that no lumberman should be without it.

Yours truly,

Suffered From Her Terrible Pains For Nine Months

For Backache, Lame or Weak Back—one of the commonest and most distressing symptoms of kidney inaction, there is no remedy equal to Doan's Kidney Pills for taking out the "stitches," "sticking" and twinges, limbering up the stiff back, and giving "perfect comfort."

A medicine that strengthens the kidneys so that they are enabled to excrete the poisonous urea acid from the blood and prevent the chief cause of "neuritis."

Mr. Donald A. Melrose, Broad Cove Bank, N.S., writes:—"I was troubled with my kidneys for nine months, and suffered with such terrible pains across the small of my back all the time that I could hardly get around. After taking two boxes of Doan's Kidney Pills I began to feel better, and by the time I had taken three, I was completely cured."

Price 40 cents per box, or 3 for \$1.25, all dealers or mailed direct on receipt of price by The L. M. L. Co., Limited, Toronto, Ont.

When ordering specify "Doan's."

How to get a pure white loaf

THE object of all expert bakers and cooks is to make a pure white loaf. And this object is attained by the use of

PURITY FLOUR

Purity is a hard-wheat flour of decidedly superior whiteness. It bakes into a pure white loaf. So, you see, to get the really beautiful white loaf you must use PURITY hard-wheat flour.

Spavin, Splint, Curb, Sweeney, Ringbone, Swelling or Lameness need not prevent your horses from working. Simply use Kendall's Spavin Cure.

It works while the horse works—takes away the pain—relieves swellings—makes legs and joints sound and strong—leaves no scars or white hairs because it does not blister.

Kendall's Spavin Cure

has been the horseman's standby for 40 years and is used all over the world.

Burns, Ont. Sept. 10th 1909. "I have used Kendall's Spavin Cure and it cures the Spavin Case."

Father Morrissey's No. 10 Strengthens Weak Lungs

The person whose air passages, from the nostrils to the innermost cells of the lungs, are lined with vigorous, healthy membrane, can pass unharmed through exposure to cold or wet, or even to the germs of consumption itself.

Under similar exposure one whose air passages are weak to fall a prey to some form of throat or lung trouble.

Every common cold neglected weakens your defenses at some point. A succession of them leaves you an easy victim for bronchitis, pneumonia or consumption.

Father Morrissey's No. 10 (Lung Tonic) protects you from this danger. It not only stops the cough and drives away the cold, but it repairs the damage done to the delicate membrane, making it as strong or stronger than ever to resist throat or lung diseases.

Being entirely free from opium, morphine or any harmful drug, Father Morrissey's No. 10 is perfectly safe for the youngest or the oldest.

Trial size 25c. Regular size 50c. At your dealer's.

One Barrel of Flour Instead of Two

YES, in the old way there was one kind of flour for bread and another for pastry.

Now, OGLVIE'S ROYAL HOUSEHOLD FLOUR is an all-around flour. It makes not only the very best bread but also the very best cakes, pies, biscuits, rolls, muffins, pop-overs, pancakes, dumplings, anything that you want to make or bake from flour.

"ROYAL HOUSEHOLD" saves money and trouble. Instead of having two barrels of flour in the house you can get along much better with one. And you can be certain that it is always uniform—will always come out right whether for Bread or Pastry.

ROYAL HOUSEHOLD is made from the finest grade of wheat in the world, Manitoba Red Fyfe wheat, and milled by the very finest machinery, in mills that are a model of cleanliness.

"ROYAL HOUSEHOLD" costs a trifle more by the barrel than ordinary flour but this trifle extra proves real economy when the loaves are counted. For "ROYAL HOUSEHOLD" goes farther than ordinary flour—farther in actual quantity of baked product.

Even if "ROYAL HOUSEHOLD" cost a great deal more than ordinary flour it would be well worth it for it is more nourishing.

You can't afford to buy "imperfect" flour at any price. You can't afford to skimp on health. And you do skimp on health when you buy flour just because it costs less than "ROYAL HOUSEHOLD".

The Foolishness of it

Spending hundreds of dollars in building a splendid home or barn and then deliberately allow it to suffer for want of
Martin-Senour Paint
 100% Pure, Preserves
 It feeds the hungry pores of the wood with pure linseed oil, and also makes the surface absolutely impervious to climatic changes.
 It seals wood from dampness, prevents rotting, and keeps the wood from cracking, blistering, and blowing. It keeps the wood from decaying and rotting. Good paint brings more than a hundred per cent. insurance against the ravages of time.
 The ingredients of a new paint are well known. In the main they are Carbonate of Lead, Oxide of Zinc, and Colors, well ground by specially adapted machinery, and blended with refined linseed oil and pure turpentine drier.
 A building owner who fails to recognize the great importance of selecting the right paint, will not only waste his money while he grows aged and decrepit, but his property will be ruined.

TEN YEARS' TEST OF ECZEMA CURE

During its ten years' test, oil of wintergreen as compounded in D. D. D. Prescription has thoroughly and absolutely proven its merits for skin disease.

Though on sale only a short time in Canada, it is rapidly duplicating here its remarkable success in the United States. Cure after cure, and the testimony of the world's leading skin specialists, show plainly that the way to cure the skin is through the skin; not, however, by means of a salve reaching only the outer skin, but with a penetrating liquid that gets in to the inner skin, killing the germs and soothing the healthy tissue.

D. D. D. does just this. It cures—and it relieves instantly. If you have never tried it write the D. D. D. Laboratories, Dept. C, D. 23 Jordan St. Toronto, for a free trial bottle.

Practically everything in and about the home can be made to look bright and new and clean with the right paint, varnish stain or enamel. The housewife and the householder can do much of this work with very little expense and a great deal of pleasure. There is, however, one important thing to remember—use a finish that is made expressly for the work you want to do. Do not buy a product that is made for a variety of uses or surfaces.

Sherwin-Williams Brighten Up Finishes are made for finishing tables, chairs, walls, floors, pipes, picture frames, shelving and hundreds of other articles and surfaces in and about the house. Each is a specialty—made for a particular purpose. Each contains the essential qualities that insure good results.

All you need to remember is "Brighten Up Finishes." Come in and we will be glad to give you the particular paint or varnish made expressly for the article of surface you wish to finish.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and I could not sleep. Doctors gave me up as they said my troubles were chronic. I was in despair and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and healthy as of old.

George J. Jody, Box 40, Marlton, N. J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaint, inflammation, irregularities, displacements, fibroid tumors, irregularities, periodic pains, backaches, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

DALHOUSIE

DALHOUSIE, N. B., April 14.—The topic of conversation in our town this week is the election of Mayor and Aldermen.

Mr. W. S. Montgomery having withdrawn from the field, he and his friends are very busy selecting candidates. In the meantime a citizen's ticket has been formed headed by Mr. Charles Stewart, candidate for office as Mayor.

Our town is undergoing a crisis, as capital seems to be tied up. There is no confidence in the future. Some of our best citizens are talking about leaving the place. The election of a careful, progressive and patriotic man to our council here would mean a new era for Dalhousie for which Nature has done so much.

There will be a very large meeting of citizens tonight in the Court House. Mr. Stewart has been seated for the occasion.

The object of the meeting is to bear the Temperance movement. Health is gradually undermined. Dalhousie and Av. Mr. Stackhouse of Campbellton in the absence of Mr. W. A. Trueman, Mr. Charles Stewart will occupy the place.

Words which have been received from Mr. P. Q. that the little steamer "Agencia" will be launched on the 23rd inst., to be on her regular route between Dalhousie and Quebec points during the first week in May.

Coun. Arsenau of Balmoral was in town today.

Mr. W. A. Trueman is in Fredericton this week.

Miss Greta Lamkie is visiting the Misses Mowat in Campbellton this week.

The little concert given by the young people in the Temperance Hall on Tuesday evening was a great success. The hall was crowded.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Campbellton People to Neglect

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in meretricious succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Booth's Kidney Pills, which have cured people in Montreal.

Mrs. J. N. Boudreau of 119 W. Meard St. Montreal, N. B. says:—

"For years I had been troubled with weakness and pain across the small of my back, at times being unable to get up from a chair without the support of both hands. Dull, bearing down pain had settled across the kidneys, extending around my sides and into my shoulders. Dull, dizzy headaches would cause me to be so restless that I could not sleep. I became languid and run down. A neighbor told me of Booth's Kidney Pills, so I procured a box. The one box of this remedy cured me entirely. My back strengthened, the headaches and dizzy spells ceased and I resumed my appetite. I am stronger and better than in years previous and am able to thoroughly enjoy my sleep and meals since using Booth's Kidney Pills."

CARD

Dalhousie, N. B., April 15th, 1910. To the Ratepayers of the Town of Dalhousie, N. B.

Ladies and Gentlemen:—

Having been presented with a largely signed and representative Petition asking me to offer myself as a Candidate for the Office of Mayor at the forthcoming election, I have consented to accept the honor.

My long residence in the town warrants me in the belief that I have a fair knowledge of the requirements and best interests of Dalhousie, in view of the heavy debt with which our town is already burdened the financial resources of the town are limited and consideration from any new Council elected. Therefore Economy will be my aim.

Dalhousie has now in its midst a large number of laboring men who are building homes for themselves, and, if elected, it will be my endeavor to secure for them and their families every possible advantage, by taking steps towards procuring for the town further industries. Nature has done a good deal for Dalhousie, and with the many advantages we possess, an united effort on the part of the people with the town rulers we should not only increase our population and importance, but draw to our town the confidence of capitalists.

If honored with your support, I will advocate the pressing by the Council of our claim for public improvements upon both Local and Federal Governments. The time has arrived for breaking away from narrow, petty questions, and in our town especially for the higher grade of general progress and prosperity.

Such is my programme. I leave the issue in your hands, and beg to subscribe myself,

Yours respectfully,
CHARLES STEWART

CARD

Dalhousie, N. B., April 8th, 1910 To the Electors of the Town of Dalhousie, N. B.

Ladies and Gentlemen:—

You will again be asked on the 19th of April to select your Aldermen for the next municipal year, and the undersigned, in order to offer services in that capacity, and respectfully solicit your suffrage.

Town affairs, at the present time especially require most careful handling and it would be our common aim and object while having a thoroughly efficient administration to so safeguard your interests as to produce a healthy flourishing financial position, and establish the town's credit on a sound basis.

If elected, we will concentrate all our efforts towards a reduction of taxes while, at the same time looking after the maintenance of our streets and sidewalks.

We see the necessity of pressing the advantages of Dalhousie as an industrial and shipping centre upon the attention of those seeking an outlet for capital, and if elected, we would work to the end of having all the public utilities we can secure from both local and federal governments. The time has passed for small party motives in our town and if selected by you we will try to give you a broad, enlightened and progressive administration.

It will be impossible for us to visit you from house to house. We address our appeal to everybody without distinction because our desire is to serve you faithfully and with earnestness.

Yours respectfully,
