The Billiard Hall has all the ad-

vantages and good points, including the respective

features of the "Nonpareil" and "Exposition"

Tables. The "Nonpareil" is a happy combination

of all these celebrated tables, and its rapidity and

the former place in the estimation of all players

of Billiard and Pool Tables. The "Nonpareil" is

BIBLE HOLINESS.

The Doctrine Taught by the Believers in it.

The Work Done in the Past, and What is Being Done Now.

(Special to THE GLANCE.)

WOODSTOCK, August 28. The people who profess Bible Holiness in Carleton County and elsewhere throughout the Province just now attracting considerable attention. The first Convention of general meeting ever held by them in the Province commenced this morning at this place, and will continue eight or ten days. The question has been repeated time and again of late: "Who and what are these people?" "Are they a distinct set of Christians?" It can be said that the doctrine is a distinct doctrine, something new in this province; but many of the Methodists, Baptists and other denominations have long professed this doctrine throughout the New England States, especially at Boston and vicinity. It has scarcely been two years since Evangelist Hart returned from Massachusetts to his native county Carleton, preaching and teaching

The Doctrine of Holiness and Entire Consecration.

which he himself had accepted during his residence in the States. Being that many were willing to accept the new faith, he invited some other distinguished holiness divines to come over and help him in his new field of labor. They came, and during the winter of 1883-4, a great revival in religion swept over the whole county as the result of their labors. The consecration or second blessing (so called) was experienced by hosts of Christians of various denominations in Carleton, and since that time in many other parts of the province. It may be said of this new profession, as of most other Christian and moral reforms, that it was first embraced by the humbler classes of people and rejected and jeered at by the multitudes. Whether the doctrines of the people who profess this Bible Holiness are right or wrong, that is not to be judged in this article. They have been the constant subjects of scorn and derision by their fellow Christians and the outside world; wherever the doctrine is embraced by any of the members of a church, a division that church is created and two parties become continuous to be the rule. Either a member of the church welcomes the doctrine, or else he becomes

Strongly Opposed to It.

This appears to be the existing state of things wherever the doctrine has been preached. Many church members blame them for thinking themselves so holy and sanctified in their own conceit, and say if they did not think themselves such they could worship in union with other Christians. They hold also that this doctrine of sanctification is no new doctrine but has always been embraced by the spiritual churches throughout Christendom; but that it was never made a hobby of as a fundamental doctrine. The Holiness people are characterized too on every hand, as a deluded body, and they appear to glory in the fact that they are a peculiar people. Whatever may be the grounds taken to oppose them or whatever justification they may have to advance the doctrine, it appears to be eagerly sought after and rapidly gaining its way into the churches. In Woodstock, a Praying Band has been established for several months past, which holds regular evening and Sunday services, some times in the churches but often in the town hall. The Band is wholly made up of Bible Holiness followers, and contains within its ranks a large number not only of the humbler classes, but many who are usually classed in the higher walks of life. Their doctrine may be briefly analyzed as follows: In the first place

Regeneration

is understood by them to mean a supernatural change of the soul from a life of sin to righteousness and holiness. It cannot be obtained by culture or good works, nor by any Church rites or ceremonies, nor by any confirmation, or water baptism, nor by anything man can do; but it is an act of divine power by the Spirit, "putting the life of God into the soul. The term 'holiness,' they state means 'wholeness' soul health, soul ailments cured. In connection with holiness as commanded, they quote freely the following scriptures: Lev. xi. 44, 45; Lev. xix. 2; 1 Peter i. 15, 16. The scripture which reads 'sanctify yourselves therefore and be ye holy.'—Lev. xix. 7, is probably the basis of their doctrine of sanctification, which is understood by them to mean entire consecration on their part and entire purification on the Lord's part. "All that there shall be upon the bells of horses"

Holiness unto the Lord.

etc.—Zech. xiv. 20, 22. Not only do they command their followers to be holy in heart, and life, while in the Church, but in their business transactions as well. This state of holiness stone holiness, as well as money-raising agencies for the church.

They have been tauntingly called "perfect people." They contend that they are "perfect believers" in Christ; perfect in their submission to their trust, and their love, and say they are commanded to be such in Matt. v. 48; "Be ye therefore perfect, even as your Father which is in heaven is perfect," and in Heb. vi. 1. Their ideas of "heart purity" is a heart freed from all pride, deception, malice, jealousy and any feeling of resentment whatever. Foolish and trifling talk is as great a sin as any forbidden in the ten commandments. Love of money, love of praise, earthly ornaments, display, worldly greatness and the love of place, rank, station and human honor, are looked upon as paramount sins by the "perfect believers." Dr. Watson, who is at present attending the Convention at Woodstock, and who is a firm believer of the doctrine of holiness, speaks as follows concerning this subject of pardon and purity.

Pardon and Purity

he says, "are the two hemispheres of evangelical religion. Pardon and purity are the two wheels of the chariot of the New Testament salvation, while faith and love are the celestial steeds that draw this chariot along the King's highway to heaven. Pardon and purity are the two posts on which the gates of pearl swing back to admit us to the city of light. Pardon sweeps away from our soul all my responsible sin; purity sweeps from my soul all my irresponsible sin. Pardon covers the mighty subterranean empire of iniquity. Pardon puts into our hands a title deed to heaven; purity puts into our hands a moral fitness for heaven. Pardon and purity are the two wings on which perfect love can soar and sing its way to the high mountain of God."

The doctrine first took practical shape among the members of the Wesleyan church of the New England States more than twenty years ago. There had been an existing desire among the churches of that denomination for a more thorough consecration to the work assigned them, and a more complete holiness in their every day living. The desire continued to grow, and the doctrine spread widely among some of the other denominations as well as the Wesleyan. The people who professed the doctrine of Bible Holiness never attempted to sever their connection from their respective denominations, but continued to work and labor among the churches, advancing their doctrines as of paramount importance in all their pulpits and social services. An organization known as the

"Bible Holiness Association"

was formed in the New England States some 15 or 20 years ago, composed of members of various denominations whose object was principally to send out Evangelical laborers among the churches, and to promote a more thorough spiritual life and efficiency. Series of camp meetings are also held by these people to accomplish their object. In connection with this work the Rev. Mr. Inskip and the Rev. Wm. McDonald, within the last ten years, made a tour around the world preaching the doctrine of Bible Holiness. Evangelists have been sent to all parts of the United States, working expounding their doctrine have been published by scores, and many papers and periodicals are published at the present time as organs of their Associated Holiness work. The *Christian Witness* published in Boston and the *Divine Life and International Evangelist* published in New York are live papers to-day, issued in the interests of this doctrine. These papers as well as many others in the same line take the position that the Gospel ministry is a holy ministry, a ministry of holiness, for holiness, or it is nothing. If it falls short of this sacred character it is a sham and mockery. A church that ignores holiness forfeits its Christian claim and name, and resolves itself into a worldly association.

Ministers Expected.

There is naturally much interest felt here in the Convention and the attendance will be held in the very large hall. The first meeting will be held in the Skating Rink to-night, and three meetings a day will be held during each day for at least eight days. The meetings will be at 9.30 a. m., 2.30 and 7 p. m. The following gentlemen are expected to be the 3.10 train to-day: Rev. J. D. Pepper, of the *Christian Standard*; Dr. Levy, of Philadelphia; Dr. Watson, of Ocean Grove, N. J.; Rev. B. W. Gorham, of New York; Rev. J. T. Johnson, and others. Great preparations are being made to accommodate the large influx of visitors expected from the surrounding country districts. The visiting ministers will be assisted by Rev. Messrs. G. W. McDonald, Geo. Ballentin, Joseph Noble, B. Colpitts and others.

MIRAMICHI NOTES.

A Good Budget of General News. When the news reached the Miramichi, that Rev. John Boyd had been killed in Kent County, there was a general feeling of regret at the sad intelligence. Mr. Boyd was a well known and a successful day, was expected. Great preparations are being made to accommodate the large influx of visitors expected from the surrounding country districts. The visiting ministers will be assisted by Rev. Messrs. G. W. McDonald, Geo. Ballentin, Joseph Noble, B. Colpitts and others.

Acadian Exiles from Nova Scotia

made their first settlement a century ago, and their descendants are there in thousands to this day, although a large part of the population is made up of emigrants from Quebec. Edmundston is the terminus of the New Brunswick railway, the station being just outside the village on the east bank of the Madawaska. In the event of the railway being extended it will either go up the Madawaska Valley or continue up the St. John. The latter course will probably be found the easier and better event if Riviere du Loup being entered it will either go up the I. G. B. and it will certainly be the best of the Riviere Loup to be selected.

The Proposed establishment of the Messrs.

Murphy will be a most valuable addition to the industry of this little town. The Messrs. something of this sort to give it an impetus. In the event of the American market being opened free to lumber there would be no reason why Edmundston should not become a city of the future. The people may have a prosperous future all who have enjoyed their hospitality will most cordially desire.

Mr. Reid's New Horse.

Mr. J. H. Reid has returned from New York where he secured, from among a number of available animals, the stallion, Kearsarge, owned by Col. R. W. Leonard. The owner of Kearsarge has kept him for his private driving and for limited stock purposes. His record is a good one, and he is particularly valuable as carriage horse. Some of them are fast, but none have records, Kearsarge himself has no record; but can trot in the thirties. He is a well bred horse, his sire being Volanteur, and his dam Glen, the mother of Dexter. Kearsarge is there fore a half brother of this former king of the trotting turf, who he resembles somewhat, especially by his four white feet and white nose. He is a handsome rosewood bay, stands 15½ hands high and weighs about 1100 lbs. He is twenty years old and is valued at \$2,500.

An Unknown Person Found Stealing.

As Mr. Michael McCloskey was going out the brick kiln road last evening he noticed that the door of Mr. Murphy's slaughter house was open. He went over towards the building, and in doing so, a man made his escape out of the door and ran to the rear of the building of the bushes. McCloskey being anxious to find out who the individual was, immediately set after him, but a pistol shot fired from the woods caused him to retrace his steps. He closed the door and fastened it as best he could and coming to the city informed Mr. Murphy of the circumstances. Mr. Murphy says that the staple of the lock had been drawn and a whole carcass of mutton stolen. He hopes to ferret out the guilty party.

Gibson Tea Meeting.

The tea meeting given by the ladies of the Methodist Church, Gibson, while quite largely attended was marred by a disagreeable rain storm. Every preparation had been made for a pleasant and enjoyable time. The beautiful field of Mr. Macklin, chosen for the grounds, was handsomely decorated, and every pains was taken by the committee to make a pleasant occasion for the visitors. The excursion steamer from St. John arrived at about 2 o'clock in the afternoon, and with about 100 excursionists. They returned at 7 the same evening.

Off for Ottawa.

Messrs. J. D. Perkins and E. A. Smith left for Ottawa on Thursday last, and on Friday afternoon at 5 o'clock during a dense fog, struck on the river hedges, Grand Manan, and became a total loss. Besides the crew consisting of the Captain and four men—there were four passengers on board, viz: Mrs. Theal, Mrs. Parker of Boston and her two children. The crew and passengers suffered severely from the cold, being obliged to take shelter on a rock for 50 hours until the fog lifted. The "Alameda" was a schooner of 161 tons and owned by G. F. Baird and C. A. Palmer of St. John, J. A. & W. Vauvart of this city and Capt. Theal, the master.

Accident.

Mr. Estey Cliff was struck this morning by a piece of board which was hurled from the saw at Blair's factory, inflicting a deep gash in his arm.

EDMUNDSTON.

The New Enterprise of the Murchie's.

Something About the Pretty Little Shiretown of Madawaska.

Messrs. Murchie & Sons propose erecting a large saw mill at Edmundston, for the manufacture of lumber of various descriptions. This firm are the owners of the Temiscouche Seignior, a tract of land in the Province of Quebec, containing it is said, 250,000 acres. It is well wooded, and will furnish a supply for a large mill establishment for an indefinite period. The site of the proposed mill is on the Madawaska river a short distance above the bridge over that stream, and about a quarter of a mile from its confluence with the St. John. The Madawaska, which is the outlet of Lac Beauport, is a fine trout stream, and the Murchies intend to receive the waters of the Cascades, a large stream emptying into Temiscouche from the west, is a stream of singular beauty and famous for both the fishing it affords and as a route to other and better fishing grounds beyond. Just where the highway bridge crosses it, on the great road up the St. John, the Madawaska pours in

A Formidable Rival.

over a ledge. Blasting has removed many of the most prominent rocks here, still enough remain to make the name "Little Falls" not inapplicable. This name is often applied to the village of Edmundston, which is situated upon the point of land between the Madawaska and the St. John, and on the west bank of the first named stream. It would be difficult to find a place more beautifully located than the above town of Madawaska county. From nearly every point in the village, an extensive and attractive landscape is visible. Up the valley of the Madawaska the eyes rest upon rugged wooded hills enclosing the town, and the view of the St. John a bend in the river shuts out the distant landscape; but that near at hand is a very picturesque. It is down river that we must turn to get the finest outlook. About fifteen miles of the river valley lie before the observer, but only for about nine miles can the details of the landscape be discerned. At that distance away Mount Carmel.

Raines Is Still Front

on the American side of the river, while on the English side we see the lowlands about the mouth of Green River. St. Basil on the east, and St. Bruno on the west, with their long narrow farms reaching over the hill tops, the white cottages thickly dotting the road sides, the gleaming spires of the Chapels, the numerous islands in the river, make an enchanting picture, one that no artist could excel on the St. John valley, unless it be by the same landscape, looked at from the other end or from the Cross which crowns the hilltop of Lower St. John. Edmundston is a place of considerable importance and is the centre of a large trade. The merchants buy many of their goods in Montreal and Quebec and haul them over "the Portage" from Riviere du Loup, a distance of 19 miles. The people in the town, are, with a few exceptions, all French, and the inhabitants of the surrounding country are French nearly to a man. About five miles below Edmundston

Christ Church School Picnic.

The picnic under the auspices of Christ Church Sunday school, was postponed yesterday, owing to unfavorable weather. The steamer "Forest Queen" left her landing place this morning to convey the excursionists to their picnic grounds on McLaughlin's lake. The ferry boat was nearly swamped by the young folks, there being over 300 passengers altogether.

Boat at Fern Hill.

If nothing prevents, the bazaar at Fern Hill will draw a large crowd from the city. The steamer "Florenceville" has been chartered for the occasion and will carry passengers to the grounds at different hours during the day, and will return in the evening, leaving at 10 o'clock. The occasion promises to be a grand one in every respect.

Work on the River Commenced.

Capt. Duncan sent a party of men to work at Bear Island along the channel of the river on Tuesday morning last. He was in town on Tuesday night, and left Wednesday morning to join the workmen at Bear Island. He expects to be able to clear out the landing places and some parts of the channel during the next few weeks.

Good Words.

Of Mr. Rogers, the new Principal of the Model School, the *Sun's* Sussex correspondent writes: "Mr. Rogers, who was previously a student at the University of Toronto, is a man of high character and high attainments. He is a native of the West Indies, and will be followed by the best wishes of a large number of friends in Sussex, where he is well and favorably known."

Union Baptist Seminary.

Another meeting is being held to-day in St. John to consider the location of the Union Baptist Seminary. A number of gentlemen went down from this city to be in attendance. Final arrangements are expected to be arrived at to-day.

A Decision.

The Sussex correspondent of the *Sun* says: "The temperance party here are greatly disappointed at the decision given at the Supreme Court, Fredericton, on the 23rd inst. They consider a flourish and say the rum shops are closed."

What Decision?

Written by a Dog. Mr. Frank Elliot was badly bitten last Monday by a dog belonging to Mr. James Peppers. The bite is deep and severe enough to keep him from his regular work. The police have been notified concerning the vicious animal.

Douglas Picnic and Dance.

A picnic and public dance is announced to come off at Douglas on the grounds of Mr. A. Dayton on Wednesday, Sept. 3rd. Bryant's Band has been secured and will furnish the music for the occasion.

That Excursion to Maryville.

The proposed excursion by rail to Maryville, last Tuesday, did not come off, owing to some misunderstanding about the use of a N. B. Railway Company's locomotive, which had been promised by the local office.

A Good Drink.

The Chatham *World* says:—"Buttermilk with raspberry-juice, and a dash of grated cinnamon on the top is a delightful summer drink, that has been discovered by a restaurant keeper of Halifax."

Millville Extract Factory.

There are strong probabilities of the Shaw Bros. factory at Millville commencing work again next month. The factory at Grand Lake stream is already running regularly.

Bound for the States.

Miss Almida Goodspeed, Miss Bertha Brown and Miss Clara Edmonds left this morning for Amherst, Mass.

POLICE COURT.

WEDNESDAY. One man was arrested on Tuesday night for drunkenness, and left a deposit of \$5. This morning the deposit was forfeited.

The Queen on the information of James Roberts vs. Thomas B. Dunphy for violation of the C. T. A. was taken up. Two witnesses were examined on behalf of the prosecution, when the hearing was adjourned until Friday next to compel the attendance of the other witnesses subpoenaed. It transpired this morning that "Ginger" Turner, who was previously worked for Dunphy and who was sometimes also discharged, went to Inspector Roberts and informed on his employer, giving as a reason for doing so, that he wanted to "sell him."

The Queen vs. James Roberts vs. W. H. White, violation of C. T. Act. Defendant acknowledged the offense and was fined \$50. The P. M. stated that he would postpone judgment in the assault case of John Welsh vs. George Grace, and held the defendant to bail in the sum of \$80, himself \$40, and two sureties, Fred Quaterman and John Woodward in \$20 each.

The complaint of Paul Phillips vs. George Grace, was examined this morning in the case against George Grace, for assaulting a policeman while on the discharge of his duty. At one o'clock the Court adjourned until half-past one. The case of John J. McManus for the prosecutor; Mr. J. A. Vauvart for the defendant.

John G. Gunn vs. Richard Jones, a civil case wherein the plaintiff sought to recover \$22 the price of a suit of clothes, occupied the Court the balance of the day. The case was concluded, the P. M. reserving judgment until Tuesday next.

Thursdays.

Two witnesses, Paul Phillips and Henry Mackey, were examined this morning in the case against George Grace, for assaulting a policeman while on the discharge of his duty. At one o'clock the Court adjourned until half-past one. The case of John J. McManus for the prosecutor; Mr. J. A. Vauvart for the defendant.

St. John Excursionists.

About 300 excursionists on Tuesday came up "out of the darkness" and foggy regions of St. John, to share with Fredericton one of the most disagreeable wind and rain storms that it has been the lot of this city to experience during the summer months. Many one wished the St. John people a fine day, but the fates were contrary and their picnic at the grove was entirely spoiled. Two or three were seen sitting at the entrance of the Masonic Hall, at the entrance of the I. G. B. Band. A number of them drove in covered carriages about the city and others found their way to Maryville. They returned in the evening train.

Christ Church School Picnic.

The picnic under the auspices of Christ Church Sunday school, was postponed yesterday, owing to unfavorable weather. ROUGH ON RATS.

Biscuit, Lemonade and Poison for Two.

The Sad Death of a Young Artilleryman in Halifax.

Among the last draft of royal artillerymen from England, sent the Halifax Herald, was a young recruit named George Davis. He was 5 feet 9 inches high, well proportioned, a native of Somersetshire, and as fine a specimen of a respectable, well brought up English countryman as is to be found in the army. He was of quiet demeanor, didn't drink, was never in trouble, had never been before his officers, attended the Methodist church, and had all the qualifications for a first-class soldier. Some time ago he was stationed at Fort Clarence, on the other side of the harbor and was doing duty there. On the 19th he obtained a short leave of absence and did not return. Three days later Bombardier Dowling absented himself from duty, and is believed by the military officials that he has deserted. A year or eighteen months ago a family came from England named Young, and settled in Dartmouth. We would have been glad to hear of them, and named out of respect to the feelings of the mother and sisters. But justice to the public requires that the news should be published, and as all the facts must be brought out at the inquest, such information is obtainable may as well be given now as then. Mrs. Young has the reputation of being

A Respectable and Superior Woman.

She is employed in the Mount Hope asylum. Her daughters are engaged in service in Dartmouth. One girl, between eighteen and twenty, has been employed as domestic servant in the family of Mr. Doeg, manager of the Woodside refinery, since his residence in Dartmouth. She is rather a good looking smart, active, tidy girl and gave general satisfaction; although it is now said that she has for years been a source of trouble and anxiety to her mother. Some time ago she made the acquaintance of Gunner Davies. The story is to the effect that he married her secretly two weeks since. At any rate she left the family in which she was employed some days ago, and camped in a wood near by with her alleged husband. They appear to have been drinking together, and it is said that they determined to end their debauch and lives together. The girl obtained a package of "rough on rats." They were to eat it between them. Gunner Davies ate his share between two biscuits and drank it down with lemonade. These were obtained at the Sandy Cove bathing house. The girl threw away her share of the package. This took place at eight o'clock Sunday morning. Davies shortly afterwards became very sick. An alarm was given. Word was sent to Fort Clarence and the sergeant in charge and a posse of men hastened to the scene. The girl was lying on the beach near the Sandy Cove bathing establishment. A number of people were congregated there. The girl was playfully throwing pieces of wood and matches at

He was then brought over to the city and taken to the military hospital.
