### EDITH HALLOR, THE PERFECT WOMAN OF THE SCREEN

While it is conceded that Edith Hallor, starring in "Just Outside the Door," a Select Picture which comes to the Primrose Theatre next Monday and Tuesday, June 27th and 28th, is one of the most beautiful women appearing in public, very few people know that it was on account of her superb physical perfection that she first entered the ranks of the celebrities of the screen.

A few short years ago, Miss Hallor had just entered the theatrical profession via musical comedy. In a short time her talent and beauty had elevated her from the ranks of the ensemble to a small part. At that time a prominent and most ar-

## HOUSE STRUCK BY LIGHTENING

### Members of Family on Tower Road Had a Narrow Escape From Death

(Halifax Chronicle, June 19th)

One of the most severe storms that Halifax and vicinity has experienced in a number of years struck the city yesterday afternoon, commencing about 3.30 and lasting about two hours. Thunder and lightning accompanied the rain which fell in torrents, soon changing to hail. Some of the hail stones were the size of marbles, beating down the young crops and causing damage of the surrounding country. The hail storm was, however, local in its effect and it is not expected that the damage in the Annapolis Valley will be severe.

The house of William Chesney of 248 Tower Road was struck by lightning and although no one was hurt, Mrs. Chesney and her two children who were in the house at the time had a narrow escape. The lightning struck the chimney, coming down through the roof and breaking the water pipes, overturning tables and chairs and travelling all over the house. It also shook up the adjoining houses, and greatly alarmed the residents of that part of the city.

The breaking of the water pipes caused a great deal of inconvenience to the family, although they were not forced to vacate the premises.

The storm occurred at the time of the convocation of both the Halifax Ladies' College and St. Mary's College, the hall greatly disturbing the proceedings in both places.

Reports from the suburbs and surrounding country state that the storm was disastrous to the growing crops. In many cases the hail is reported to have shattered the glass of hot-houses and some dwelling houses.

The worst part of the storm was over by five o'clock, although the rain continued for some time after.

## FORMER ANNAPOLIS COUNTY GIRL SUCCESSFUL AS CONCERT ARTIST

(The Citizen, Ottawa)

Another Ottawa girl making great headway in the States as a concert artist is Miss Blanche Messinger, a former member of the Orpheus Glee Club and well known vocalist of this city. She has been pursuing her musical studies in New York during the past year and is meeting with splendid success. In the course of the past few months Miss Messinger's name has appeared on the program of a number of operatic concerts in New York city and she has had the distinct honor of singing with some of the most prominent members of the Metropolitan Opera. Musical critics in New York predict for Miss Messinger a most successful operatic career and regard her remarkable coloratura soprano as that of a second Galli-Curci.

(Miss Messinger is a daughter of Mr. H. W. Messinger, Ottawa, but formerly a teacher in Annapolis County.)

## NEW YORK GOLFS TO PLAY AT LINGAN

(Gloucester Gazette)

Arrangements will be made in a few days by the Lingan golf club for a game ten of the leading New York golfers and ten players from Gloucester Bay and Sydney.

Stuart McCrawley, president of the Lingan golf club, is in receipt of a communication from Hugh Gillis, a steel official at Newfoundland, stating that the ten New Yorkers are due at Ancient Colony in a few days for a fishing trip. The New Yorkers want a game here and Mr. McCrawley on behalf of the Lingan club has accepted the challenge.

The game will be played on the Lingan links on June 21st. The Lingan club are planning a gala day on the occasion of the meet.

Miss Alex Stirling, of Atlanta, United States woman champion, defeated Mrs. F. E. Dubois, of Baltusrol (N.J.) by three up and two to play.

## BOSTON PRINTERS' STRIKE IS ENDED

(Canadian Press Despatch)

Boston, June 15—Newspaper composers who walked out of office here Monday night and Tuesday morning, voted tonight to return to work under the same wage scale and working conditions that prevailed when they quit their employment.

The vote, which was taken by chapels, stood 214 to 168, in favor of returning.

Composers on morning newspapers, the publishers said, were returned tonight. They asserted that all the men would be at work by tomorrow afternoon.

Twelve page papers will be published in the morning, the publishers said, in place of the eight page editions which have appeared morning and afternoon since the walkout occurred.

## TRAIN FARES TO BE LOWER JULY 1st.

(St. John Telegraph)

Railway passenger fares in eastern Canada will be lower after July 1st next, by about ten per cent, according to word reaching here yesterday from Ottawa, where the railway commission authorized the reduction. The rates in the west are not affected.

This will mean a return to the fares prevailing prior to September 13th, 1920, when a 20 per cent. increase was granted to the railways. At that time the railway commission stated that the rates were to be reduced 10 per cent. in January and a further 10 per cent. on July 1st. Prior to January 1st the rates were four cents a mile, and after that reduction they were 3.75 cents a mile. Sleeping car rates are not affected.

## THE DOINGS OF THE METHODIST CONFERENCE

In this Province of Nova Scotia Berwick has become a familiar meeting-place for religious purposes. Sunday School Conventions, Missionary Conventions, Methodists at their annual Camp Meetings, and other departments of religious activities meeting here from time to time, have made the spot a place almost like old Zion "whither the tribes went up." So it has come to pass that much has been written about the beautiful location of Berwick, in the heart of the Annapolis Valley; about the surrounding pastoral beauty, and the suitability of the place for such religious purposes. But when one thinks of Berwick, this matter of pastoral beauty is a theme of which all may in turn expatiate, for it is infinite in variety, and as inexhaustible as Nature herself. Its long avenues of beautiful trees—the well-kept orchards—the clean, restful and inviting appearance of the homes, the surrounding hills enclosing the whole scene as though in strong protective arms excite in the mind and heart a feeling of restfulness. Surely the dwellers in Berwick may say: "The lines have fallen to us in pleasant places, and ours is a goodly heritage." Wesley Methodist Church, in which the Conference met stands about central in the village, a delightful and suitable place for worship. The church here was built sixty-four years ago and dedicated on January 31st, and anniversary services have been held in each of the last ten years. This occasion is made a great event each year. When the church was built the contract price was \$4,400, which was to be met in eleven monthly payments of \$400 each. These conditions were honorably met, and at that time there were only fourteen members of the church. This same group who founded the church sixty-four years ago also founded the Camp Meeting fourteen years later. So that this year the Camp Meeting at Berwick will be fifty years old, and so attain its jubilee. Let me, to their honor, make mention of the names of these men—Foster, Silver, Woodworth, Spicer, Buckley—for though they have passed to their reward, the fruit of their faith and labors remain. During its

## DID YOU EVER SEE A DEAL TREE?

Canadians whose country owes so much to wood, should pride themselves on knowing what the difference timber terms mean. Sometimes people speak of a certain article as made of deal. When they are asked what kind of tree deal is they are at a loss. As a matter of fact deal is not a kind of tree but a piece of wood. A board is one inch thick; a plank, two inches thick; and a deal, three inches thick. The word is not used in the lumber trade in the United States, and in Canada it is chiefly used in connection with the shipment of timber to Great Britain. It is shipped in this form because it is a convenient size for certain British woodworking industries. Since deals are chiefly made from spruce, balsam fir, pine and sometimes hemlock, a secondary use of the word in England is to indicate some kind of "soft" wood, or wood from a cone-bearing tree. In Canada, however, the word is not used in this sense and "deal" always means a piece of wood of a certain thickness.

## FATAL MOTOR CAR SMASH IN MAINE

East Millinocket, Me., June 15—Watson Wolton, thirty-nine years old, employed in the Great Northern mill here, was instantly killed when he lost control of the automobile he was driving. It left the road and smashed into a tree a short distance outside of this village. Wolton's skull was badly crushed and his shoulder and arms broken. With him was Joseph Savage, about thirty years old, who was so badly injured about the back that he was sent to the Eastern Maine General Hospital. Other occupants of the car were a woman and child. The woman's leg was injured. The child was unhurt.

## BOSTON MAN DIES ON FISHING TRIP

Newcastle, June 15—Richard Hutchinson died at the Miramichi Hospital this morning, aged forty-nine years. Mr. Hutchinson came from Boston last week by motor for a few days' fishing on the Miramichi. Becoming ill, he entered the hospital for treatment and as his condition became serious an operation was decided upon in the hope of saving his life but he died a few hours after it was performed.

The late Mr. Hutchinson was born at Douglastown, the son of the late Mr. and Mrs. Ernest Hutchinson. He leaves a wife and a son in Boston, and one sister, Mrs. Hugh Monchieff, at present in Douglastown.

## \$1,000 PUT UP FOR HIKE TO HALIFAX

### Group of Business Men Back Jack Behan's Challenge to Frank Dill and Charles Burkman

(Halifax Herald)

The acceptance of Jack Behan's challenge by Charlie Burkman and Frank Dill to hike from Montreal to Halifax makes one of the greatest athletic events ever staged in Canada a certainty.

The announcement yesterday that the challenge had been issued aroused a tremendous amount of interest in the Maritime Provinces, and many forecasts were made regarding the ability of the hikers and the order in which they will finish.

A group of Halifax business men, who have taken a great interest in the hikers ever since they left Halifax, have put up a fund of ONE THOUSAND DOLLARS, in order to create a greater interest in the great contest.

The prizes will be as follows:  
First Prize, \$500.  
Second Prize, \$300.  
Third Prize, \$200.

The hikers will leave Montreal at the same time and from the same place, the starting line to be decided later.

From Montreal, the hikers will start a "tree-for-all." It will not be a team race, so that the hikers will not be handicapped.

Each hiker will be free to set his own pace.

The hikers will only walk TEN HOURS a day. They will be checked each day and will resume at the same hour each day.

The other rules of the hike will be announced later.

It is probable that the hikers will leave Montreal the latter part of next week.

With the Behans and the Dills now in Vancouver, and with Burkman arriving there today, the men will be given an opportunity to rest for three days after Burkman arrives. They will then be brought to Montreal by train, and then, after a short rest, they will be started on the hike to Halifax.

A staff correspondent for The Halifax Herald will follow the hikers and telegraph daily stories of the progress the hikers are making.

## DEATH OF MAJOR H. E. HYDE HARRISON IN CHILI

Many of our readers will regret to learn that on Monday last a cable from Iquique, Chili, was received by Mr. C. S. Bothamley of "The Pines", announcing the death of his friend, Major H. E. Hyde Harrison. It will be remembered that he and Mr. Bothamley came to "The Pines" some eight years ago. Mr. Harrison, desiring a change after a considerable period of exacting engineering work in Chili. On the outbreak of the great war, however, he felt the call to place his professional experience and ability (he had seen service in the South African War) at the disposal of his country, and early returned to England to make the offer. This was readily accepted by the war office and he was given a commission in the Royal Engineers. With them he served with distinction during the war, retiring at the end with the rank of Major. After a brief rest in England he again went to Chili to undertake further engineering work. As he had been unable to come to Canada, Mr. Bothamley made him a visit during the winter of 1919-20 when he seemed to be enjoying unusually good health. Lately, however, the climate seemed to be troubling him, yet no such thing as his demise was looked for, consequently the word received on Monday was a great shock to many friends in Bridgetown and neighborhood. No details were given.

The MONITOR extends its sympathy to his well-nigh life long friend Mr. Bothamley, as also the members of his family, all of whom reside in England, excepting a brother, who is living in British Columbia.

## REFINED SUGAR BELOW 6 IN N. Y.

New York, June 15—Refined sugar went below the six cent level today, the first time in more than five years, when the Federal Sugar Refining Co. quoted fine granulated sugar at 5.75 a pound.

Many a man's popularity is due to the fact that he isn't aware of it.

## LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Owen Sound, Ont.—"I suffered for ten years with female organic trouble, neuralgia and indigestion, and was weak and had such bad pains I could hardly walk or stand up at times. When I would awake I would have to go and lie down. I could not sleep at night, and would wander around the house half the time. I tried everything but nothing did me any good, and the last doctor I had told me he never expected me to be on my feet again or able to do a day's work. One day one of your little books was left at my door and my husband said I should try a bottle of Lydia E. Pinkham's Vegetable Compound. Thank God I did, for it relieved me, and I am now well and strong. I think there is no remedy like the Vegetable Compound for anyone who has my troubles, and have recommended it to my neighbors. You can publish my letter for the benefit of those I can't reach."

Mrs. HENRY A. MITCHELL, 1767 7th Ave., East, Owen Sound, Ont.

**THE CLOSING AT EDGEHILL**

The Guild Banquet a Very Pleasant Affair—Miss Kaulbach Won Tennis Championship

Windsor, June 12.—The closing exercises at Edgehill commenced on Friday evening upon the arrival of the Guild girls and as a welcome the members of the senior elocution class gave a pleasing presentation of Yates' "Land of Hearts Desire." This was followed by "Sleeping Beauty," cleverly enacted by the girls. Refreshments were afterwards served by the senior girls.

The present visitors at Edgehill are, Mrs. John Gibson, Pittsburg; Miss Ross, St. John's Island; Miss Isabel Dodwell, Halifax; Miss Barker, St. John; Mrs. Rafuse, Bridgewater; Miss Mary Forbes, Toronto; Miss Ida Leslie, Halifax; Miss Pipes, Amherst; Miss Lowerison, Sackville; Miss McNeil, New Glasgow; Miss Francis Fairbanks, Oxford. Other former pupils in town are Miss Richardson, Fredericton; Miss Marjorie Pipes, Amherst; Miss Whitman, Annapolis; Miss Coll, St. John.

On Saturday afternoon the tennis tournament for the school championship was played off and won by Charlotte Kaulbach. The tennis between the Guild girls and the present girls was a splendidly contested exhibition and with Mrs. R. Christie and Miss Isabel Clift playing for the Guild they won out by score of 6-4, 6-4. The weather was ideal for all out door games, and Edgehill at this season is wonderfully attractive in its lovely green foliage and flowering shrubs and trees.

A very important and much enjoyed event was the Guild banquet on Saturday evening at which 129 guests were present. The toast list was a particularly interesting one and the menu reflected much credit upon those having it as their special charge.

Miss Evelyn Russell was toast mistress. The first toast "The King" was proposed by Miss Dodwell and in response "O Canada" was sung. The lady principal, Miss Roebling, was proposed by M. McNeil, and Miss Roebling was happy to respond. The toast proposed by Miss Kammer, "Old Girls," C. Coll "Leaving Girls," E. Lynch, H. Garlin, "Games," A. Henry, "M. Borden," "Kings," H. Clark, M. Boulden, "K. C. S.," M. Covert, E. Tapp, "Absent Friend," H. Richardson, F. Fairbanks, "U.S.A.," proposed by R. Wilson, responded to by Mrs. Gibson.

The reading of the class prophecy by E. Johnson occasioned lots of fun as the writer glanced into the future.

The following school song brought a very happy event to a close: "Alma Mater, rising from the dark pin hills, her frowning sentinels, like a castle stands a school, a home of sunny play and rule, it was there when we were young, all our sweet songs were sung. Alma Mater true, though years may pass we love but you."

Fling out our marching cry, fiddler on high. With hearts and souls as one we sing hurray for Edgehill, hurray for Edgehill. On dear home of youthful dreams, our memory fondly teems, with thoughts of happy hours, spent in thy chestnut bowers, and ever through life when clouds loom sorrows rife, Alma Mater, etc.

Miss Roebling is entertaining the staff and guild at tea this afternoon, and tomorrow evening the annual dance will be held for Guild girls and parents in town. The much needed rain of today has made everything look even more attractive for Kings College School closing tomorrow, and Edgehill's on Tuesday.

A prominent New York debutante recently ordered "four seats on the aisle" at the theatre. When her party arrived at the performance, they were surprised to find themselves arranged in a column instead of a row. Nothing daunted, the debutante turned to a bored, middle-aged man next to her. Surely he would not mind changing with her friend in front.

"I beg your pardon," she said politely.

"No reply. He must be deaf."

"I beg your pardon," she repeated, louder.

"Still no reply."

"I beg your pardon," she said, bumping his elbow.

He took out a pencil and wrote on his program: "That's my wife on the other side of me. Safety first."

The third grade was studying multiplication and some of the children were having trouble with the tables. One boy was having an especially hard time, so his folks were helping him at home. One night they were questioning him, and his sister said: "Birch, if you were to go down to the store to buy nine apples and the grocer told you they were seven cents apiece, what would you say?" Birth answered immediately: "I'd say, 'Nothing doin', I won't pay it.'"

**FELT LIKE AN IRON BAND AROUND HEAD**

Mrs. Osborne Says She Shudders When She Thinks How She Suffered

"For years," said Mrs. V. B. Osborne, of 718 Lancaster Ave., Lexington, Ky., "I have been in a run-down condition; nervous, weak and dizzy. I was actually so nervous that any sudden noise or excitement would produce a palpitation of my heart that frightened me. I absolutely could not climb stairs, for to attempt such would thoroughly exhaust me. I had nervous headaches and when they came on it seemed that an iron band was drawn tight around my head. I now shudder when I think of those headaches. My stomach was weak and I could not digest the lightest liquid food. Any food of a solid nature caused nausea and the sickening sensation remained for hours."

"My misery was almost unbearable. My sleep was never sound and I was worn out all the time. My condition was indeed a very deplorable one. I finally sought treatment in Cincinnati but nothing helped me one particle. I was on the verge of giving up in despair when a neighbor pleaded with me to try Tanlac. I obtained a bottle of the medicine and began its use."

"I began improving at once and soon felt my nervousness and dizziness disappearing. Then my headaches left me and I realized my strength had returned. My appetite and digestion improved and I am now so much better in every way. This Tanlac is a wonderful medicine and the only one that ever really helped me. I hope every poor woman who is suffering as I did will try it."

**Barbers and Music**

Barbers are now said to be introducing music during the time of their daily activities.

A large downtown shop in a prominent city in the United States has installed a phonograph. When they shave a man they put on a dreamy melody to lull him to sleep so that he keeps quiet. Haircuts are accompanied by jazz and this keeps the customer awake and ready to shift his head any way the barber requires. "The End of a Perfect Day" is a favorite during massage while for close shaves they give the victim Chopin's "Funeral March."

**No Place For Pat**

An Irishman visiting a friend in hospital began to take an interest in the other patients.

"What are you in here for?" he asked one.

"I've got tonsillitis, and I've got to have my tonsils cut out," was the answer.

"And you?" he asked another.

"I've got blood poisoning in my arm, and they're going to cut it off," was the reply.

"Heavens," said Pat in horror, "it ain't no place for me. I've got a cold in my head."

Schooners Wilfred D., from River Hebert; Jennie T., from Belliveau's Cove, and the Halifax tug Musquash, from Digby, arrived at St. John on Monday.

**WANDERERS DEFEAT MIDDLETON**

The Halifax Team Wins Easily By One Sided Score Of 14 To 4

Middleton, June 15.—Outfitting their opponents throughout, Wanderers of Halifax defeated the locals here today, fourteen runs to four. Handley's gilt edge pitching was a puzzle to the Middleton players and aided by costly errors of the home players and the timely hitting of his mates, he had an easy time. However, Middleton came back strong in the seventh inning and found the visiting twirler for four hits and four runs, but the big lead secured by the Wanderers in the early innings was too big for Middleton to cut down.

Although Wanderers hit hard with more bases and seemed to find Dodge's offerings soft, the local twirler was given raw support and the Middleton error column record was broken. Handley was effective with the bases occupied and his support was excellent. Middleton could not get to the Wanderer moundsman when hits meant runs. Long hits by Tompkins, Ahern, Beazley, Dalziel and Graves counted for runs in the first inning.

H. T. McKenzie, of Bridgetown, and W. A. Spurr, of Middleton, made impartial umpires. The batting orders were:

Wanderers—Phelan, third; O'Brien, s.s.; Thompkins, c.f.; and I.f.; Graves, second; Mullane, c.; Ahern, r.f.; Dalziel, l.f.; and c.f.; Handley, p.; Beazley, first.

Middleton—Harlow, third; Appleby, s.s.; P. Phinney, second; A. Fisher, first; Dodge, p. and r.f.; J. Reagh, c.f.; Goucher, l.f.; Howlby, c.f.; Fisher, r.f.; Reagh, r.f.

**A SPLENDID TONIC FOR WEAK PEOPLE**

**Dr. Williams' Pink Pills Act On the Blood and Nerves.**

Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often feeble and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up the blood and restore vitality to the run-down system. For growing girls who are thin and pale, for pale, tired women, and for old people who fall in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Gallie, Hansport, N.S., who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run down that I could hardly do my own work. I often suffered from headaches and I was very nervous. I then began the use of Dr. Williams' Pink Pills and I can truthfully say I have found them the best medicine I have ever taken. You may depend upon it I will advise other sufferers to take these pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, at 50 cents a box, or six boxes for \$2.50, from Dr. Williams' Medicine Co., Brockville, Ont.

**INDIAN HARBOR MEN HAD A CLOSE CALL**

Steamer Crashed Into Schooner Adamantine Off Sambro

Indian Harbor, June 12.—Thomas Covey, Herman Covey and Arthur Boutiller, who comprised the crew of the schooner Adamantine, had a close call on Thursday night last. They were fishing in the vicinity of the Sambro outer fishing grounds, when suddenly to their surprise they heard the blast of a steamer's horn. It was just about midnight and a dense fog, and in a very short time they saw her lights, which gave them warning that she was coming straight at them. At last she came so close that the situation became alarming. She struck the bow of their boat and smashed it in and also parted her hawser, which meant the loss of hawser and anchor, as well as a good trip of fish. After the steamer went by and they realized their hair breadth escape, they started in to trim their boat by the stern and to patch up the hole in order to reach land, which they did on Friday morning, and were quite shaken up over their thrilling experience.

"I don't like these photographs at all," he said. "I look like an ape."

The photographer favored him with a glance of lofty disdain.

"You should have thought of that before you had them taken," was the reply.

The man who makes only penny contributions is usually a cheerful giver.

**SAY C. G. M. M. LOSS IS NEARLY \$2,000,000.**

Reports received by the New York Journal of Commerce from Canada state that there are a considerable number of vessels laid up at Halifax and other ports. It is stated that a year's operation of forty-seven vessels varying from 2,800 to 8,300 tons by the Canadian Government merchant marine has resulted in the loss of nearly \$2,000,000. These losses, however, were not considered disastrous in view of the fact that the vessels were placed in operation at a time when the steamship business of the world was passing thru one of the most critical times in shipping history.

**KILLS 14-YEAR-OLD WIFE AND THEN HIMSELF**

Hamilton, Ont., June 15—Karnelo Secuk, killed his wife today and then ended his own life. Secuk recently returned from the West. The pair have been quarrelling ever since. Secuk fired three shots thru his wife's breast and then turned the weapon on himself, firing a bullet which pierced his heart.

A pathetic feature of the double tragedy is the fact that the woman was only fourteen years of age. She married Secuk just one year ago. Mrs. Secuk's mother, after hearing the first shot, ran into the bedroom where the slaying took place and saw the murderer turn the revolver on himself.

**KING'S DRIVE IS STARTED**

Windsor, June 13—The launching of the \$1,000,000 campaign for King's University, the oldest university in the Dominion of Canada, took place here this evening. A large gathering of citizens met at the park where the first meeting in this endeavor was held.

The Citizen's band was in attendance and provided special selections. A number of King's staunch supporters in this campaign made speeches including, W. H. Roach, town chairman of the campaign; President Boyd, of the University; Dr. J. W. Reid, M. P. P. for Hants and chairman for Hants County; and Rev. E. D. Spurr, general manager of the campaign.

The speakers appealed for the united support of all our citizens and looked forward with great expectations for success in their needful undertaking.

**VETERAN RAILWAY MAN IS INJURED**

Halifax, N. S., June 9—Daniel Hallisey, a veteran railway man and father of J. T. Hallisey, superintendent of the Truro-Halifax division of the C.N.R., is in Mader's Hospital here as the result of an accident yesterday at Beaver Bank. Mr. Hallisey fell from the station and was seriously shaken up, sustaining a fracture of the right arm.

Mr. Hallisey is eighty-eight years of age, and a native of Masroon, County Cork (Ireland). He took part in the construction of railways in the Maritime Provinces as a contractor. He was in St. John at the time of the fall of Sebastopol.

**TWELVE VILLAGES AND 54 HOUSES IN THE TOWN OF EL TRANSITO DESTROYED**

San Salvador, Republic of Salvador, June 9—A terrific storm in the region about San Miguel, one of the most conspicuous volcanoes of Salvador has just come to an end after creating much havoc.

A flood descending from the volcano destroyed 12 villages and 54 houses in the town of El Transito. In San Jerge the San Rafael "square" was transformed into a lake and houses and trees were carried great distances by the flood. All the crops in the district were destroyed, but no lives were lost.

**CARPENTIER IS FOOLING THEM**

French Challenger Is Not Letting The World Know What He Has Up His Sleeve

Manhasset, June 9—Folks hereabouts who would like to view Georges Carpentier going through his paces during his secret training sessions but can't, have expressed the opinion that the challenger is fooling the public. They believe he has more up his sleeve than he is willing to let the world in general know about and that his somewhat light-hearted attitude when boxing for newspapermen is but a ruse to conceal his real prowess.

There is no doubt that the prize fighter has a race track full of speed, for he occasionally seems to forget himself when the newspapermen are watching him and displays a few of the traits that have made him famous. During his secret sessions, however, it is known that Carpentier takes his work seriously. Just what he does, however, Manager Descamps said, is Georges' own business. Descamps has declared that the public will know the result of these private sessions in the ring when they see or read of Georges in action on July 2nd.

**TWO MORE HOME RUNS FOR RUTH**

New York, June 14—Repeating his performance of yesterday Babe Ruth rapped out two more home runs in today's game with the Tigers. He registered his first in the first inning and his second in the third, in both instances with one man on base.

New honors were added to Ruth's credit by batting Danks of Detroit for the two homers.

Besides making four runs in two successive contests, beating his own mark of three in two games, the Yankee slugger ran up a total of seven home runs in five consecutive games, a new major league record. In his past five official times at bat, Ruth has gratified the expectations of the spectators with four home runs. He is now sixteen days ahead of his 1920 record. Last year he crashed out his twenty-third and twenty-fourth homers on June 30.

Ruth's second homer today surpassed his record long distance hit of yesterday. The ball again dropped into the center field bleachers landing a few rows farther back than yesterday. The distance today was estimated at about 475 feet.

**STEAMER IS LAUNCHED AT MARGARETVILLE**

Middleton, June 8—A successful launching took place at Margaretville, and scores of people poured in from the surrounding country to witness the Ruby L. II leave the ways and plunge into the waters of the Bay of Fundy.

The completed steamer is 110 feet long, with a tonnage of about 200 tons. She was built by the A. J. Balcom Co., Ltd., of Margaretville,—the master builder being John McMurtry.

All of the equipment will be up to date, the machinery being the most modern and best obtainable, and lighted throughout with electric lights. The vessel will be used for the present in the Bay of Fundy coasting trade.

**WOULD NOT BE WITHOUT BABY'S OWN TABLETS**

Mrs. W. Beesley, Millie Roche, Ont. writes: "I have used Baby's Own Tablets for the past eight months and would not be without them. I used them for indigestion and teething and my baby is cutting his teeth without any trouble whatever. I can highly recommend the Tablets to other mothers." What Mrs. Beesley says, thousand of other mothers say. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion and making teething easy. They are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

**THE GLOW-WORMS' PARADE**

The other night, ('twas very dark) While going home from work, Just rounding Sampson's corner I was pulled up with a jerk. For coming thro' the hollow, Extending up the hill, Each with a light and gleaming bright, (They gave me quite a thrill).

They came along in ones and twos I thought they might be ghosts Hohobobins, or stray will-o'-wispes Cavorting round the posts. I thought of fairies, elfs and sprites, Of spirits and of spooks, And other things you read about In childrens' story books.

But soon my hair sank down once more, My thrill had been in vain 'Twas just the Sewing Circle folk Returning home again.

So then I thought, (if sometimes do), If only we had lights Commencing at the hollow bridge Out to the Hill at nights. Our women-folk would never need To do this glow-worm stunt And carry candle-lanterns, just To light the road in front. So please don't think I'm throwing bricks, 'Twould surely be a boon To light that passage thro' the styx On nights when there's no moon.

**ESPERANTO CAPTAIN AND CREW SET SAIL**

Gloucester, June 14—Captain Thomas M. Benham, skipper of the International Fishermen's race winner, Esperanto, which was wrecked at Sable Island, recently, sailed out of Gloucester again today at the helm of the schooner Aviator.

With him was Isalah Gosbee, cook of the Esperanto, and other members of the shipwrecked crew. The Aviator will complete her dorymen at Shelburne, where she will pick up others of the Esperanto crew, who went to their homes there.

In his command of the Aviator, Captain Benham had granted the wish expressed when he reported the loss of the Esperanto to her owners, a wish which as expressed after disaster had overtaken him, was hailed as typical of the dauntless spirit of Gloucester men.

**Nearly Caught**

A negro was brought before a Justice of the Peace. He was suspected of stealing. There were no witnesses, but appearances were against him. The following dialogue took place: "You've stolen no chickens?" "No, sah."

"Have you stolen any geese?" "No, sah."

"Any turkeys?" "No, sah."

The man was discharged. As he stepped out of the dock he stopped before the justice and said, with a broad grin, "For, de Lawd, squire, if you'd said ducks, you'd 'a' had me!"

**GIVES BLOOD TO SAVE FRIEND**

Heroic Action of Miss Beatrice Reid Is Commended By Hospital People.

(St. John Telegraph) Rivalling some of the stories told of soldiers in France is that related by J. King Kelley, acting chairman of the board of commissioners of the General Public Hospital, regarding the sacrifice of one of the nurses there to save the life of one of her fellow nurses.

One of the young ladies contracted typhoid and was in a very serious condition. Miss Beatrice Reid, another nurse, who was immune from the disease through successful typhus inoculation, volunteered to give some of her blood in an effort to relieve her suffering sister. Under the hands of Dr. H. L. Abramson, provincial pathologist and chief of laboratories at the hospital, the transfusion was made and Miss Reid had the pleasure of seeing her friend benefit by her sacrifice. About a quart of blood was taken from Miss Reid's veins and transferred into those of the other nurse. Much favorable comment of Miss Reid's action has been made by those connected with the hospital.

**BERWICK TO CELEBRATE PEACE DAY**

Feature of Event Will be the Laying of Corner Stone of Memorial Hospital.

(Berwick Register)

At a meeting of the Local Council of Women, held last Friday afternoon at the home of Mrs. Howard Patterson, plans were made for the celebration of Peace Day (July 19th). It is expected that one of the leading features in connection with the celebration this year will be the laying of the corner stone of Western Kings Memorial Hospital, for which ceremony an effort will be made to secure the presence of His Honor the Lieutenant Governor, or Sir Robert Borden.

For the last two years, or since the official signing of the peace treaty following the great war, the celebration of July 19th has been an annual event in Berwick—an occasion for festivities and sport, and graciously patronized. This year, with the need of financial support for the hospital so urgent, Berwick citizens, under the able direction of the Local Council of Women, will spare no effort to make the Peace Day Celebration bigger and more attractive than any previously held.

Your cup of Tea means much to you. It is more than an item in the daily fare. It is the one thing that "rounds off"—or spoils—an enjoyable repast. Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. **LOCAL DEATH ROLL**

EDWARD T. WADE  
 (Annapolis Spectator)

The death occurred at his home in Granville Ferry, about 7.30 p.m., last Friday, of a worthy resident of that place in the person of Edward E. Wade, a man whose passing away will be deplored more deeply by those who knew him best, one of those genial and charitable souls whom it is always a pleasure to meet, who have learned to smile through adversity and are able to teach others to be as self-reliant as themselves. The kindly philosophy dealt out by Wade at the bench in his shoe shop or in social conversation was not always of the type that agreed with his hearers, but was always so inoffensive that no sensible man failed to wish for a continuation of the argument. His cheerful smile and independent figure will be long remembered in the village and his family have the sincere sympathy of all who knew him. Deceased was a native of Granville, but in early life had worked in Geo. Y. Yates' shoe factory in Halifax, afterwards in Lynn, Mass., and afterwards in Digby before settling in his old home 26 years ago. He was 67 years of age and had been in poor health with heart trouble the past two or three years, but went rather suddenly at the last after being confined to the house only two weeks. He leaves a widow, formerly Miss A. Hawdink, of Clementsport; a son, James, at home, and a daughter, Miss Edna, teaching on the Kentp Shore in Hants County. The funeral took place on Sunday afternoon, with service by Rev. H. P. Patterson, and burial in the Mills cemetery.

**BURNED MORTGAGE OF FIRST BAPTIST CHURCH**

(Boston Globe, June 8th)  
 Mrs. Mary Marshall, 84 years, oldest member of the parish, lighted the candle that burned the mortgage of the First Baptist Church on Tremont and Adams Streets, Dorchester, last evening. While the mortgage note was burning the congregation arose from their seats and sang the "Doxology." This incident was the closing chapter of a campaign to wipe out a \$6000 indebtedness on the church, and the occasion was a joyous one for the pastor, Rev. Clyde W. Robbins, the parishioners and the campaign committee.

In addition to wiping out of the debt, the parishioners celebrated the 84th anniversary. It was organized June 7, 1837, with 20 members, seven men and 13 women, in Neponset. Services were conducted in a Neponset hall until August, 1838. A meeting house was then constructed, which was enlarged in 1843, and on Nov. 18, 1906, the corner stone of the present edifice was laid.  
 Rev. Arthur V. Dimock, who was pastor at that time, gave the historical address during the exercises last evening, and Rev. Clyde W. Robbins, present pastor, responded. Greetings were extended from Rev. J. W. Brigham, Dorchester Temple Baptist Church; Rev. O. I. Miller, Immanuel Baptist Church; Rev. A. Rideout, Blaney Memorial Baptist Church; Rev. Willard L. Pratt, Stoughton Street Baptist Church; Rev. F. C. Eaton, Mattapan Baptist Church, and Dr. W. E. Waterbury, of the Massachusetts Baptist Convention.  
 Rev. H. S. Campbell of the East Milton Baptist Church, gave the benediction, assisted by Rev. W. J. Rutledge, of South Boston, and Rev. W. V. Freda of the Clarendon Street Baptist Church. The choir rendered a special musical program under the direction of Miss Florence Robinson, assisted by Willis Hutchins, choir director, and Mrs. Charles Sharp, soloist.  
 Treasurer William B. Merritt presented the mortgage, D. J. Brown gave the reading, and C. B. Cossaboom gave a report as treasurer on how the money was raised and Mr. Fales and Mr. Burchstead held the paper while Mrs. Marshall lighted it.

**LOBSTER SEASON LIKELY A RECORD ONE**

Over Twenty-One Thousand Packages Shipped Through Yarmouth To American Markets This Year  
 Yarmouth, June 14—Shipments of lobsters by the Boston and Yarmouth steamers to the Boston and New York markets according to statistics given out today for the season just closed, exceed by many thousands of packages those of 1919 and 1920. For those years there were 15,516 and 14,713 respectively, as against 21,625 packages for 1921. For the months of May this year 5,198 packages were shipped which was 887 less than for the corresponding month of last year and 282 more than for May 1919. With 21,625 packages going to those markets by the steamers Prince George and Prince Arthur it will be seen that with the very large number of shipments purchased by smackmen on the grounds, the past season when all returns are in and made up, will prove to be possibly the heaviest fished period in the his-

**FARM NOTES**

DISEASES OF BEANS  
 (Experimental Farms Note)

Bean mosaic is one of the numerous hereditary and infectious plant diseases which have come into prominence during the last few years. It has caused considerable loss in the bean growing districts of Southern Ontario and has been noted in Manitoba, Quebec and the Maritime Provinces.  
 The leaves of infected plants show irregular mottled and crinkled or puckered areas. The raised or crinkled area is of a normal green and the yellow-green colour. At first only a small portion may be of the yellow-green colour this, however, gradually increases until the whole leaf and perhaps all the leaves on the plant assume the same shade and texture. Infected plants are usually small and readily crowded out or hidden by the more vigorous, healthy ones.  
 Under normal field conditions, the plants set few or no pods at all, and the pods produced are usually small. This naturally greatly reduces the yield, depending on the percentage of infected plants in the field. Diseased plants, however, are found producing normal or nearly normal yields. These plants may have been infected late during the growing season, but not invariably infected, and produce diseased plants. Such seed has a low germinating quality and frequently produces weak plants. Sufficient is known concerning the loss which may be caused by this disease to justify every grower in taking precautions to avoid and eliminate it.  
 It is carried in the seed from year to year and spreads from diseased to healthy plants under field conditions. Just how this transmission takes place is not known. However, it can be transferred by crushing diseased leaves and then rubbing the extracted juice on the leaves of healthy plants. It is possible that it may be spread by pickers, cultivating machinery or possibly by insects.

**CONTROL:**

In view of the fact that diseased plants produce seed carrying the virus, which in turn produces diseased plants, and that the disease spreads in the field under normal conditions, there are certain precautions which should be taken until more satisfactory methods have been discovered. The grower should obtain his seed from fields or stock which was not infected the previous season. If he does not know of a disease free field he should obtain it from exceptionally high yielding fields. Following this, he should go over his seed producing field repeatedly during the summer, removing all diseased or weak plants. He will also gain advantage by selecting his seed from healthy, vigorous, high-yielding plants.  
 Hand-selection of seed, seed treatments or spraying will not control the disease.

**There Was a Reason**

"Why do you turn out for every road hog that comes along?" said the missus, rather crossly. "The right of way is ours, isn't it?"  
 "Oh, undoubtedly," answered he, calmly. "As for our turning out, the reason is plainly suggested in this epitaph which appeared in a newspaper recently:  
 "Here lies the body of William Jay, Who died maintaining his right of way;  
 He was right, dead right, as he sped along,  
 But he's just as dead as if he's been wrong."

**SEAPOL ARRIVES AT ST. JOHNS, N. F.**

St. John's, Nfld., June 9—The United States freight steamer Charlot, which struck an iceberg about 200 miles off the Newfoundland coast last night, reported late tonight that the water had reached the fire room and asked the nearest steamer to stand by.  
 The British steamer Seapool which struck a berg early Tuesday 200 miles off the coast, arrived here tonight with word that when 90 miles east of this port she had picked up a message from the Charlot asking for assistance. The Seapool's master expressed the opinion that the steamer was probably sinking but that the crew would be rescued by ships in the vicinity. A dense fog and numerous icebergs off the coast make navigation very difficult, the captain added.  
 The Seapool arrived in fair trim with her cargo undamaged. She docked here for repairs to her stem, which was shattered below the water line.  
 A thing well begun is better than a thing overdone.

**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
