BUSINESS DIRECTORY OF CANADIAN TRADE REPRESENTATION ABROAD

April 1984

**For more information
or for extra copies of this *Directory***

please contact:

Cultural and Public Information Bureau (SCS)
Department of External Affairs
Ottawa, Ontario, Canada K1A 0G2

PLEASE NOTE:

Companies in Canada communicating with trade commissioners abroad by telex should include on every telex:

- Name of Company
- Address
- Telex Number (including regional code)
- Answerback

With the above information, replies coming through External's computerized system will be retransmitted by NOCAM without manual intervention.

This *Directory* lists all Canadian posts abroad with foreign trade and tourism responsibilities. The names of heads of posts have also been included, together with those of officers with immediate responsibility in the commercial, economic and tourism fields.

You should feel free to communicate directly with the commercial section at any mission. In addition, the head of post, as over-all manager of the mission, is ready to assist on matters you might prefer to bring to his attention. In such cases, you should get in touch directly.

Posts which do not have a resident trade officer are indicated with an asterisk and the location of the trade office for the area is given. Where appropriate, territorial cross-references are also provided.

While changes occur frequently, every effort has been made to keep the *Directory* as current as possible.

BUSINESS DIRECTORY OF CANADIAN TRADE REPRESENTATION ABROAD

LIBRARY DEPT. OF EXTERNAL AFFAIRS
MINISTÈRE DES AFFAIRES EXTÉRIEURES

October 1984

**For more information
or for extra copies of this *Directory*
please contact:**
Cultural and Public Information Bureau (SCS)
Department of External Affairs
Ottawa, Ontario
K1A 0G2

PLEASE NOTE:

Companies in Canada communicating with trade commissioners abroad by telex should include on every telex:

- name of company
- address
- telex number (including regional code)
- answerback

With the above information, replies coming through the External Affairs computerized system will be retransmitted by NOCAM without manual intervention.

This *Directory* lists all Canadian posts abroad with foreign trade and tourism responsibilities. The names of heads of posts have also been included, together with those of officers with immediate responsibility in the commercial, economic and tourism fields.

You should feel free to communicate directly with the commercial section at any mission. In addition, the head of post, as over-all manager of the mission, is ready to assist on matters you might prefer to bring to his attention. In such cases, you should get in touch directly.

Posts which do not have a resident trade officer are indicated with an asterisk and the location of the trade office for the area is given. Where appropriate, territorial cross-references are also provided.

While changes occur frequently, every effort has been made to keep the *Directory* as current as possible.

This *Directory* lists all Canadian posts abroad with foreign trade and tourism responsibilities. The names of heads of posts have also been included, together with those of officers with immediate responsibility in the commercial, economic and tourism fields.

You should feel free to communicate directly with the commercial section at any mission. In addition, the head of post, as over-all manager of the mission, is ready to assist on matters you might prefer to bring to his attention. In such cases, you should get in touch directly.

Posts which do not have a resident trade officer are indicated with an asterisk and the location of the trade office for the area is given. Where appropriate, territorial cross-references are also provided.

While changes occur frequently, every effort has been made to keep the *Directory* as current as possible.

PLEASE NOTE:

Companies in Canada communicating with trade commissioners abroad by telex should include on every telex:

- name of company;
- address;
- telex number (including regional code);
- answerback.

With the above information, replies coming through the External Affairs computerized system will be retransmitted by NOCAM without manual intervention.

This directory lists all Canadian missions abroad with foreign trade and tourism responsibilities. The names of heads of missions have also been included, together with those of officers with immediate responsibility in the commercial, economic and tourism fields.

You should feel free to communicate directly with the commercial section at any mission. In addition, the head of mission, as over-all manager of the mission is ready to assist on matters you might prefer to bring to his attention. In such cases, you should get in touch directly.

Missions which do not have a resident trade officer are indicated with an asterisk and the location of the trade office for the area is given. Where appropriate, territorial cross-references are also provided.

While changes occur frequently, every effort has been made to keep the directory as current as possible.

PLEASE NOTE:

Companies in Canada communicating with trade commissioners abroad by telex should include on every telex:

- name of company;
- address;
- telex number (including regional code);
- answerback.

With the above information, replies coming through the External Affairs computerized system will be retransmitted by NOCAM without manual intervention.

This *Directory* lists all Canadian posts abroad with foreign trade and tourism responsibilities. The names of heads of posts have also been included, together with those of officers with immediate responsibility in the commercial, economic and tourism fields.

You should feel free to communicate directly with the commercial section at any mission. In addition, the head of post, as over-all manager of the mission, is ready to assist on matters you might prefer to bring to his attention. In such cases, you should get in touch directly.

Posts which do not have a resident trade officer are indicated with an asterisk and the location of the trade office for the area is given. Where appropriate, territorial cross-references are also provided.

While changes occur frequently, every effort has been made to keep the *Directory* as current as possible.
